1. One Circuit Court judgeship in the Second Circuit, which is expected to become vacant as of December 31, 2014, and which is expected to be filled effective July 1, 2015.
2. One General District Court judgeship in the Thirteenth District, which is expected to become vacant as of July 31, 2014, and which will no longer be authorized as of that date, pursuant to Senate Bill 443.
3. One Juvenile and Domestic Relations District Court judgeship in the Thirteenth District, which is expected to become vacant as of December 31, 2014, and which

will no longer be authorized as of that date, pursuant to Senate Bill 443.

4. One newly authorized General District Court judgeship in the Eleventh District, which is not expected to be filled until July 1, 2015.

D. With the exceptions as noted in paragraph C. above, the provisions of Senate Bill 443 and House Bill 606, as adopted by the 2014 General Assembly, shall govern the appointment of judges to the Circuit and District Courts of the Commonwealth.

Explanation:

(This amendment specifies the 401 judgeships for which funding is included in this act as of July 1, 2014, out of the 429 judgeships authorized by Senate Bill 443 and House Bill 606, as adopted by the 2014 General Assembly, for the Circuit, General District, and Juvenile and Domestic Relations District Courts. The total of 401 judgeships includes 155 Circuit Court judges, 121 General District Court judges, and 125 Juvenile and Domestic Relations District Court judgeships funded as of July 1, 2014. During fiscal year 2015, certain retirements and the election of one new judgeship, as specified in this item, will result in a net reduction in the total number of judgeships funded to 399 as of July 1, 2015. These adjustments result in unexpended balances estimated at \$750,000 the first year and \$750,000 the second year, which will be transferred to the general fund on or before June 30 of each year. This amendment also transfers to the general fund additional unexpended balances estimated at \$300,000 each year from the Indigent Defense Commission.)

"I. In accordance with the provisions of § 19.2-349, Code of Virginia, attorneys for the Commonwealth may employ individuals, or contract with private attorneys, private collection agencies, or other state or local agencies, to assist in collection of delinquent fines, costs, forfeitures, penalties, and restitution. If the attorney for the Commonwealth employs individuals, the costs associated with employing such individuals may be paid from the proceeds of the amounts collected provided that the cost is apportioned on a pro rata basis according to the amount collected which is due the state and that which is due the locality. If the attorney for the Commonwealth does not undertake collection, the attorney for the Commonwealth shall, as soon as practicable, take steps to ensure that any agreement or contract with an individual, attorney or agency complies with the terms of the current *Master Guidelines Governing Collection of Unpaid Delinquent Court-Ordered Fines and Costs Pursuant to Virginia Code § 19.2-34 9* promulgated by the Office of the Attorney General, the Executive Secretary of the Supreme Court, the Department of Taxation, and the Compensation Board ("the Master Guidelines"). Notwithstanding any other provision of law, the delinquent amounts owed shall be increased by seventeen (17) percent to help offset the costs associated with employing such individuals or contracting with such agencies or individuals. If such increase would exceed the contracted collection agent's fee, then the delinquent amount owed shall be increased by the percentage or amount of the collection agent's fee. Collection fees shall be paid on a contingency basis, except for the administrative cost imposed by a treasurer or local governing body pursuant to § 58.1-3958, Code of Virginia. The attorneys for the Commonwealth shall account for the amounts collected and the fees and costs associated with the collections consistent with procedures issued by the Auditor of Public Accounts."

Explanation:

(This amendment adjusts the language implementing the collection of delinquent fines, costs, forfeitures, penalties, and restitution, by the Commonwealth's Attorneys. The revised language provides for a consistent collection fee of 17 percent across all localities, eliminates the higher 25 percent collection fee for delinquent accounts over six months, and ensures that contracting is updated to comply with the 2013 legislative policy changes intended by the original language amendment in Item 72.J.

in Chapter 806, Acts of Assembly 2013.)

Page 53, line 41, strike "109,425" and "109,425" and insert "233,203" and "233,203".

Explanation:

(This amendment provides \$123,778 each year from the general fund to support the participation of currently eligible Assistant Commonwealth's Attorneys in the career development program. The budget as introduced included \$109,425 each year, which is about 23.5 percent of the total amount required to fully fund 43 assistant attorneys that have already met the criteria to participate in the program but are not currently funded. This amendment provides about 50 percent of the needed funding to align the salaries of these assistant attorneys with others in their offices who also meet the criteria but are already funded for program participation. This represents the next step in the implementation of the career development program.)

The Department of Human Resources Management shall develop an actuarial analysis of expected premiums and costs of the state employee health plan to include those school divisions that have certified to DHRM a desire to participate in the state employee health plan. School boards who elect to opt into the state employee health plan must adopt a resolution stating their desire to

participate in the state employee health plan beginning in either the fiscal year 2016 or fiscal year 2017 plan year. A copy of that resolution must be provided to the Department of Human Resource Management no later than July 1, 2014. In addition, each local school division that elects to participate shall provide required rating information as specified by the Department of Human Resource Management's actuary by July 1, 2014. Due to existing contracts in place and to assist in transition, some local school divisions may have a short first plan year.

2. The Department of Human Resource Management shall develop guidelines and procedures for including the employees of local school divisions in the state employee health plan. If a local school board elects to participate in the state employee health plan, (i) such participation shall continue for three consecutive plan years; (ii) after such three-year period, the local school board shall be required to make an irrevocable election whether to continue participation in the state employee health plan; (iii) the total cost of such participation shall be borne by the local school board and the employees of the school division; and (iv) the school division shall not be allowed to offer any health benefit plans other than those offered to state employees.

3. School divisions shall be responsible for establishing the employer and employee share of the total state health insurance plan costs paid to the Commonwealth. In addition, school divisions electing to opt out of the state health insurance plan after at least three consecutive years in the plan shall be responsible for all remaining costs associated with their participation in the plan, including those incurred but not yet received as of June 30th of the fiscal year they exit the state plan.

4. The Director, Department of Planning and Budget, shall administratively increase nongeneral fund appropriations as required to implement the enrollment of school divisions electing to participate in the state health insurance plan.

5. The Department of Human Resource Management shall provide a copy of the actuary's analysis to the Governor and the Chairmen of the House Appropriations and Senate Finance Committees no later than January 1, 2015."

Explanation:

(This amendment strikes reference to the Virginia Wine Board and instead lists the appropriate special fund for which general fund appropriation for the board is to be deposited. The introduced language incorrectly directs that general fund appropriation be set aside for the Wine Board rather than for deposit to the special fund utilized by the Wine Board, the Virginia Wine Promotion Fund. Explanation:

(This amendment provides support with the Western Virginia Public Education Consortium (WVPEC) to partner with 20 school divisions in southwestern Virginia. In addition, WVPEC collaborates with Virginia Tech and Radford University to provide workshops for school administrators and aspiring superintendents as well as professional development for school personnel and students. The WVPEC was codified in 2000, § 22.1-354.1, and its governing board consists of 34 members that include the superintendents from participating school divisions 11 members of the House of Delegates and four members of the Senate.)

As a result, program reserves were depleted in FY 2014, leaving the program's financial future in doubt. This amendment will support existing programs, including Abingdon, Charlottesville, Chesapeake, Franklin, Henrico, Norfolk, Richmond, Roanoke, Shenandoah, Tazewell, Williamsburg, and others; support continued expansion identified in a 2009 SCHEV study to be funded under the now eliminated federal college access challenge grant, such as Page, Shenandoah, Fredericksburg,

Explanation:

(This amendment 1) funds Virginia Preschool Initiative for At-Risk Four-Year-Olds (VPI) slots at the greater of the values in the budget as introduced or FY 2014 actual slots used, 2) increases in the second year the per pupil amount by almost \$100, and 3) directs the Department of Education to update Head Start count data used in the formula for the VPI, and 4) continues to allow expansion grants if any balances remain, per existing language. To determine the number of slots funded per locality, the number of four-year-olds served in Head Start is subtracted from the estimated number of at-risk four-year-olds by locality. Currently, the initial Head Start count data is not updated during the biennium. For example, for the 2014-16 biennium, the Head Start count would be based on the 2012-13 school year. Given the federal reductions to Head Start during the 2013-14 school year, updating the data for FY 2016 would likely provide some slots back to school divisions that lost funding due to sequestration a year sooner. Preliminary information from the Department of Social Services indicates the Head Start count may have been reduced by about 1,000 children in the 2013-14 school year.)

Explanation:

(In order to benefit from the operational efficiencies that can allow more resources to support improved student achievement levels and in lieu of transferring certain Petersburg City Schools to the Opportunity Educational Institution, this amendment provides funding in support of transitional incentive costs of a School Services Agreement (SSA) and Tuition Contract to be negotiated between Petersburg and Chesterfield. Upon signature of a Memorandum of Understanding by the two local governments and two school divisions towards development of a more detailed on-going Agreement that would be implemented no later than the 2014-15 school year, the parties may jointly apply for transitional incentive costs which may be based on part of the difference in per pupil spending between the two school divisions. The parameters of the Agreement may include components included in the long-standing Fairfax County and City SSA, under which Fairfax County Public Schools manages and operates the schools, hires and pays staff and develops curriculum, while the City School Board and Superintendent are responsible for the management of the contract and the city-owned buildings. For FY 2012, total operating spending from all sources for Chesterfield Schools was \$8,755 per pupil (with FY 2012 enrollment of 58,432 students), compared with \$10,655 per pupil in Petersburg (4,104 students), which includes on-going federal School Improvement Grant allocations to raise achievement in persistently lowest achieving schools.)

1. Out of this appropriation, \$20,113,131 the first year and \$80,777,492 the second year from the general fund is included for the state share of a payment equivalent to a 2.0 percent salary increase, effective April 1, 2015, for funded SOQ instructional and support positions.

2. Sufficient funds are appropriated to finance, on a statewide basis, the state share of a 2.0 percent salary increase for funded SOQ instructional and support positions, effective April 1, 2015, to school divisions which certify to the Department of Education that the state share of funding received by the locality as provided in this paragraph will be expended prior to June 30, 2015, solely for providing salary increases to instructional and support positions in the first year. For purposes of receiving the state share of funding, school divisions may provide salary increases less than 2.0 percent as long as the funds expended by the school division implementing the salary increase provided in the first year is greater than or equal to the value of the state share of funding received by the locality. In certifying that the salary increases have been provided, school divisions may not include any salary increases that were provided in the first or second year solely to offset the cost of required member contributions to the Virginia Retirement System under § 51.1-144, Code of Virginia.

3. Local governments are encouraged but not required to provide a local match based

on the composite index of local ability-to-pay. School divisions may, at their option, elect to defer the salary increase until July 1, 2015. School divisions electing to defer the salary increase until July 1, 2015, shall certify such election by October 1, 2014, and shall not receive the state share of funding in the first year.

4. This funding is not intended as a mandate to increase salaries."

Explanation:

(This amendment provides funding equivalent to the state's share of a 2.0 percent salary incentive increase for funded SOQ instructional and support positions. The amendment also directs the Department of Education to collect teacher turnover rates by school division in the annual teacher salary survey data collection and discontinues the requirement to collect average salary data at the school level.)

"C. The Secretary of Health and Human Resources, in consultation with the Secretary of Education and the State Council of Higher Education in Virginia (SCHEV) and other public and private partners, shall evaluate state best practices for maximizing retention of its health professional school program graduates in post-graduate clinical training programs and practice settings. As part of this initiative, the Secretary of Health and Human Resources, in cooperation with SCHEV, shall: 1) collect information from all Virginia accredited medical, nursing and allied health professional schools on the current retention rate of its graduates; 2) ask each school, together with its partners, to develop programs for making retention a priority; and 3) establish and track improvement targets. The Secretary of HHR shall report his findings and recommendations to the Chairmen of the House Appropriations and Senate Finance Committees no later than October 15, 2014."

Explanation:

(This language amendment requires the Secretary of Health and Human Resources to evaluate best practices to ensure that the retention of its health professional school graduates is a priority, help sustain current health system investments in health professional clinical training and provide incentives for the expansion of accredited clinical training opportunities in Virginia. The amendment requires the Secretary of Health and Human Resources, in consultation with the State Council of Higher Education in Virginia (SCHEV) and Secretary of Education and other public and private partners, to evaluate state best practices for maximizing retention of its health professional school program graduates in post-graduate clinical training programs and practice settings.)

Explanation:

(This language amendment requires the Secretary of Health and Human Resources, in consultation with the Office of the Governor, to create the Alliance of

Stakeholders to Transform the Health Care System work group. The goal of the group is to improve access to quality, affordable healthcare through public or private programs, including a robust safety net in order to reduce the overall trajectory of increasing costs in healthcare. The work group will be headed by the Secretary of Health and Human Resources but include stakeholders from policymakers, state agency heads, employers, providers and consumers. The work group will consider strategies to (i) define and collect data to create a profile of health care in Virginia, (ii) establish statewide baselines and goals for healthcare spending, quality, and other measures as appropriate, (iii) use existing health care spending programs to accelerate the trend toward coordinated, risk-based care, (iv) encourage consumer selection of high-value care based on cost and quality data, and promote market competition, (v) reform health care regulations to promote system efficiency, and (vi) promote better population health and personal responsibility in health care.)

Explanation:

(This amendment reduces \$1.4 million GF the second year, reflecting a revised estimate of the number of foster care children that will gain eligibility for coverage through the federal Fostering Connections Act and therefore transfer from CSA to the Title IV-E foster care program funded through the Department of Social Services. The introduced budget includes an initiative to expand access to foster care and adoption subsidies for youth who currently age out at 18. The initial estimate of \$2.9 million in GF savings assumed that 51 percent of foster care children funded through CSA would transfer to DSS. The revised estimate assumes 75 percent of foster care children will be transferred, consistent with findings from national consultants who have examined implementation of this issue in other states.)

Explanation:

(This language amendment requires that the two-year pilot program included in Senate Bill 153 to transfer youth from approved private school special educational programs to a public school special educational program established in Planning District 16 be implemented at no additional cost to the Commonwealth. employment level at the end of the previous contract period, but may not be less than that level. The center is also prohibited from filling vacant positions, unless employment at the center drops below 75 positions. The department may issue a new request for proposal that allows for a reduction in required staffing by 50 percent in the event that no bids are received for the new contract."

Explanation:

(This amendment restores \$5.0 million NGF each year and language from the previous year's budget that required any request for proposal issued for basic relay services to require minimum employment levels. Proposed budget language allows the department to rebid the contract at a lower employment level in the event that no bids are received for the contract. There is hereby appropriated sum-sufficient nongeneral funds for the Department of Medical Assistance Services (DMAS) to pay the state share of supplemental payments for qualifying private hospital partners of Type One hospitals (consisting of state-owned teaching hospitals) as provided in the State Plan for Medical Assistance Services. Qualifying private hospitals shall consist of any hospital currently enrolled as a Virginia Medicaid provider and owned or operated by a private entity in which a Type One hospital has a non-majority interest. The supplemental payments shall be based upon the reimbursement methodology established for such payments in Attachments 4.19-A and 4.19-B of the State Plan for Medical Assistance Services. DMAS shall enter into a transfer agreement with any Type One hospital whose private hospital partner qualifies for such supplemental payments, under which the

Type One hospital shall provide the state share in order to match federal Medicaid funds for the supplemental payments to the private hospital partner. The department shall have the authority to implement this reimbursement change effective upon passage of this act for all payment periods approved in the State Plan, and prior to the completion of any regulatory process undertaken in order to effect such change.

3. The Department of Medical Assistance Services shall promulgate regulations to make supplemental payments to Medicaid physician providers with a medical school located in Eastern Virginia that is a political subdivision of the Commonwealth. The amount of the supplemental payment shall be based on the difference between the average commercial rate approved by the Centers for Medicare and Medicaid Services (CMS) and the payments otherwise made to physicians. Funding for the state share for the Medicaid payments are authorized in Item 243. The department shall have the authority to implement these reimbursement changes consistent with the effective date in the State Plan amendment approved by CMS and prior to completion of any regulatory process in order to effect such changes.

4. The Department of Medical Assistance Services shall have the authority to amend the State Plan for Medical Assistance to establish a supplemental payment for physicians who are members of a practice plan affiliated with a city-owned, long stay hospital. The supplemental payment for each physician shall be based on the difference between the upper payment limit approved by CMS and the reimbursement otherwise payable to physicians from all other existing payments made under the State Plan effective July 1, 2014. There is hereby appropriated sum-sufficient funds for the Department of Medical Assistance Services to pay the state share of supplemental payments for qualifying physicians. However, the department shall not submit the State Plan amendment until it has contracted with all eligible hospitals to transfer funds to the department for use as the state share. As part of the contract, the hospital must represent that it has the authority to make these transfers and that the funds used will comply with federal law for use as the state share. If the hospital is unable to comply with the contract, the department shall have the authority to repeal the supplemental payments. The department shall have the authority to implement the reimbursement change effective upon approval of the State Plan amendment by CMS and prior to the completion of any regulatory process undertaken in order to effect such change.

5. The Department of Medical Assistance Services (DMAS) shall have the authority to amend the State Plan for Medical Assistance Services (State Plan) to implement a supplemental Medicaid payment for local government-owned nursing homes. The

total supplemental Medicaid payment for local government-owned nursing homes shall be based on the difference between the Upper Payment Limit of 42 CFR §447.272 as approved by CMS and all other Medicaid payments subject to such limit made to such nursing homes. There is hereby appropriated sum-sufficient funds for DMAS to pay the state share of the supplemental Medicaid payment hereunder. However, DMAS shall not submit such State Plan amendment to CMS until it has entered into an intergovernmental agreement with eligible local government-owned nursing homes which requires them to transfer funds to DMAS for use as the state share for the supplemental Medicaid payment each is entitled to and to represent that each has the authority to transfer funds to DMAS and that the funds used will comply with federal law for use as the state share for the supplemental Medicaid payment. If a local government-owned nursing home is unable to comply with the intergovernmental agreement, DMAS shall have the authority to modify the State Plan. The department shall have the authority to implement the reimbursement change effective upon approval of the State Plan amendment by CMS and prior to the completion of any regulatory process undertaken in order to effect such change.

6. Approval of all the supplemental Medicaid payments included in paragraph EEEE. of this item are contingent upon final approval of a program to allow individuals to purchase health care coverage as contemplated under the fourth enactment clause of this Act."

Explanation:

(This amendment reduces \$1.4 million GF each year from the introduced budget to provide supplemental physician payments to Children's Hospital of the King's Daughters. Funding instead will be used to offset the cost of restoring inflation for all Virginia hospitals that was reduced by \$36 million GF in the budget as introduced. The amendment also provides DMAS with the authority to make supplemental payments to three hospitals and five government-owned nursing homes in order to generate additional federal Medicaid funding for these entities. The amendment provides DMAS with the authority to make supplemental payments to Culpeper Hospital with state funds currently appropriated to UVA Medical Center. Also, the amendment provides DMAS with the authority to make supplemental payments to physicians of Eastern Virginia Medical School (EVMS) with state funds provided by EVMS. In addition, the amendment provides DMAS with the authority to establish a supplemental payment for physicians who are members of a practice plan affiliated with a city-owned, long stay hospital (Lake Taylor Transition Care Hospital). Further, the amendment adds language authorizing DMAS to make Medicaid supplemental payments for qualifying local government-owned nursing homes. The state's share of the supplemental payments will be provided by the local

government-owned nursing homes. Finally, language is added making the approval of Medicaid supplemental payments in this item contingent upon final approval of a program to allow individuals to purchase health care coverage as contemplated under the fourth enactment clause of this Act.)

The 2013 Medicaid Forecast included an inflation adjustment of 2.5 percent each year for Medicaid-funded inpatient hospital services but the introduced budget removed funding for the inflation adjustment in the first year. (This amendment provides \$1.7 million the first year and \$2.1 million the second year from the general fund and \$1.8 million the first year and \$2.3 million the second year from federal matching funds to expand access to dental care for pregnant women over the age of 21. Access to dental care is expected to reduce costs associated with Medicaid-covered newborns as women with gum disease have been found to be seven times more likely to have a pre-term or low birth-weight baby. The introduced budget over-funded the number of community-based ID and DD waiver slots required under the settlement agreement by 225 ID and 10 DD waiver slots in FY 2015. The settlement agreement dictates that the number of slots created in excess of the "requirement shall be counted towards the slots required to be created in the subsequent fiscal year." In FY 2014, more than 350 ID and 55 DD waivers were created above the settlement agreement's requirement, therefore fewer slots are required in FY 2015. "KKK. The Department of Medical Assistance Services shall amend the State Plan for Medical Assistance to convert the current cost-based payment methodology for nursing facility operating rates in 12 VAC 30-90-41 to a price-based methodology effective July 1, 2014. The new price-based payment methodology shall be implemented in a budget neutral manner.

1. The department shall calculate prospective operating rates for direct and indirect costs in the following manner:

a. The department shall calculate the cost per day in the base year for direct and indirect operating costs for each nursing facility. The department shall use existing definitions of direct and indirect costs.

b. The initial base year for calculating the cost per day is cost reports ending in calendar year 2011. The department shall rebase prices in fiscal year 2018 and every three years thereafter using the most recent reliable calendar year cost-settled cost reports for freestanding nursing facilities that have been completed as of September 1.

c. Each nursing facility's direct cost per day shall be neutralized by dividing the direct cost per day by the raw Medicaid facility case mix that corresponds to the base year by facility.

d. Costs per day shall be inflated to the midpoint of the fiscal year rate period using the moving average Virginia Nursing Home inflation index for the 4th quarter of each year (the midpoint of the fiscal year). Costs in the 2011 base year shall be inflated from the midpoint of the cost report year to the midpoint of fiscal year 2012 by pro-rating fiscal year 2012 inflation and annual inflation after that. Annual inflation adjustments shall be based on the last available report prior to the beginning of the fiscal year and corrected for any revisions to prior year inflation.

e. Prices will be established for the following peer groups using a combination of Medicare wage regions and Medicaid rural and bed size modifications based on similar costs.

- 1) Direct Peer groups
 - Northern Virginia MSA

- Other MSAs
 - Northern Rural
 - Southern Rural
- 2) Indirect Peer Groups
- Northern Virginia MSA
 - Rest of State – Greater than 60 Beds
 - Other MSAs
 - Northern Rural
 - Southern Rural
 - Rest of State – 60 Beds or Less

f. The price for each peer group shall be based on the following adjustment factors:

- 1) Direct - 105 percent of the peer group day-weighted median neutralized and inflated cost per day for freestanding nursing facilities.
- 2) Indirect - 100.7 percent of the peer group day-weighted median inflated cost per day for freestanding nursing facilities.

g. Facilities with costs projected to the rate year below 95 percent of the price shall have an adjusted price equal to the price minus the difference between their cost and 95 percent of the unadjusted price. Adjusted prices will be established at each rebasing. New facilities after the base year shall not have an adjusted price until the next rebasing. The “spending floor” limits the potential gain of low cost facilities, thereby making it possible to implement higher adjustment factors for other facilities at less cost.

h. Individual claim payment for direct costs shall be based on each resident’s Resource Utilization Group (RUG) during the service period times the facility direct price (similar to Medicare).

i. Resource Utilization Group (RUG) is a resident classification system that groups nursing facility residents according to resource utilization and assigns weights related to the resource utilization for each classification. The department shall use RUGS to determine facility case mix for cost neutralization in determining the direct costs used in setting the price and for

adjusting the claim payments for residents. The department may elect to transition from the RUG-III 34 Medicaid grouper to the RUG-IV 48 grouper in the following manner.

- 1) The department shall neutralize direct costs per day in the base year using the most current RUG grouper applicable to the base year.
 - 2) The department shall utilize RUG-III 34 groups and weights in fiscal year 2015 for claim payments.
 - 3) Beginning in fiscal year 2016, the department may elect to implement RUG-IV 48 Medicaid groups and weights for claim payments.
 - 4) RUG-IV 48 weights used for claim payments will be normalized to RUG-III 34 weights as long as base year costs are neutralized by the RUG-III 34 group. In that the weights are not the same under RUG IV as under RUG III, normalization will insure that total payments in direct using the RUGs IV 48 weights will be the same as total payments in direct using the RUGs-III 34 grouper.
- j. The department shall transition to the price-based methodology over a period of four years, blending the price-based rate described here with the cost-based rate based on current law with the following adjustments. The facility cost-based operating rates shall be the direct and indirect rates for fiscal year 2015 based on facility case mix neutral rates modeled after the law that would have been in effect in fiscal year 2015 absent this amendment and using base year data from calendar year 2011 inflated to the rate year. Based on a four-year transition, the rate will be based on the following blend:
- 1) Fiscal year 2015 - 25 percent of the price-based rate and 75 percent of the cost-based rate.
 - 2) Fiscal year 2016 - 50 percent of the price-based rate and 50 percent of the cost-based rate.
 - 3) Fiscal year 2017 - 75 percent of the price-based rate and 25 percent of the cost-based rate.
 - 4) Fiscal year 2018 - 100 percent of the price-based (fully implemented).

During the first transition year for the period July 1, 2014 through October 31, 2014, DMAS shall case-mix adjust each direct cost component of the rates using the average facility case mix from the two most recent finalized quarters (September and December 2013) instead of adjusting this component claim by claim.

Cost-based rates to be used in the transition for facilities without cost data in the base year but placed in service prior to July 1, 2013 shall be determined based on the most recently settled cost data. If there is no settled cost report at the beginning of a fiscal year, then 100 percent of the price-based rate shall be used for that fiscal year. Facilities placed in service after June 30, 2013 shall be paid 100 percent of the price-based rate.

2. Prospective capital rates shall be calculated in the following manner.
 - a. Fair rental value per diem rates for the fiscal year shall be calculated for all freestanding nursing facilities based on the prior calendar year information aged to the fiscal year and using RS Means factors and rental rates corresponding to the fiscal year. There will be no separate calculation for beds subject to and not subject to transition.
 - b. The department shall develop a procedure for mid-year fair rental value per diem rate changes for nursing facilities that put into service a major renovation or new beds. A major renovation shall be defined as an increase in capital of \$3,000 per bed. The nursing facility shall submit complete pro forma documentation at least 60 days prior to the effective date and the new rate shall be effective at the beginning of the month following the end of the 60 days. The provider shall submit final documentation within 60 days of the new rate effective date and the department shall review final documentation and modify the rate if necessary effective 90 days after the implementation of the new rate. No mid-year rate changes shall be made for an effective date after April 30 of the fiscal year.
 - c. The rental rate shall be 8.75 percent in fiscal year 2015, 8.5 percent in fiscal year 2016, 8.25 percent in fiscal year 2017 and 8.0 percent in fiscal year 2018 and future years.
 - d. These FRV changes shall also apply to specialized care facilities.
 - e. The capital per diem rate for hospital-based nursing facilities shall be the last settled capital per diem.

3. Prospective Nurse Aide Training and Competency Evaluation Programs (NATCEP) rates shall be the Medicaid per diem rate in the base year inflated to the rate year based on inflation used in the operating rate calculations.
4. A prospective rate for criminal records checks shall be the per diem rate in the base year.
5. The department shall have the authority to implement these payment changes effective July 1, 2014 and prior to completion of any regulatory process in order to effect such changes."

Explanation:

(This budget-neutral language amendment requires the Department of Medical Assistance Services to implement a fully prospective, price-based payment methodology for nursing facility services to be phased in over four years beginning July 1, 2014. The new methodology, which grew out of budget language adopted by the 2013 General Assembly, is designed to facilitate the transition of individuals receiving nursing home services to managed care under the dual eligible demonstration project, which is designed to improve coordination of care and potentially reduce costs.)

Explanation:

(This amendment replaces language included in the introduced budget that requires the Department of Medical Assistance Services to amend the State Plan for Medical Assistance to make a budget neutral change to the Mental Health Support Services rate from an hourly unit to a quarter hour unit and instead prohibits DMAS from modifying the unit of service or rate of reimbursement for Mental Health Skill-Building Services (MHSS) prior to review by the 2015 General Assembly. 3. The Department of Medical Assistance Services, in cooperation with the Department of Behavioral Health and Developmental Services, shall establish an advisory group including, at a minimum, representatives from the Virginia Association of Health Plans, the Virginia Association of Community Services Boards, the ARC of Virginia, as well as other affected parties, to develop a model of care for these new waiver recipients. The Department, in cooperation with the Department of Behavioral Health and Developmental Services, shall report on plans to implement paragraph DDD. 2. to the Chairmen of the House Appropriations and

Senate Finance Committees by November 1, 2014."

Explanation:

(This amendment provides \$17.1 million GF and \$17.1 million NGF the second year for 500 new intellectual disability (ID) waiver slots effective July 1, 2015. Funding is contingent upon final approval of Marketplace Virginia which will result in general fund savings that can be used to increase the number of ID waiver slots to serve individuals on the urgent care waiting list. Funding is also contingent upon the development of a coordinated care model for these new waiver recipients.)

not limited to Intellectual Disability Home and Community Based Waiver services or appropriate community housing, for the purpose of transitioning individuals with intellectual disability from state training centers to community-based care."

Explanation:

(This amendment requires the department to allocate no less than \$5.8 million during the biennium from the net proceeds of the sale of land at Southside Virginia Training Center and Southeastern Virginia Training that will be deposited to the DBHDS Trust Fund. Funding shall be used to ensure that sufficient capacity exists to transition individuals with intellectual disabilities from the state's ID training centers into the community. (This amendment requires the Department of Behavioral Health and Developmental Services to set goals for supported living outcomes for the next five fiscal years. Currently, nine percent of individuals with intellectual and developmental disability (ID/DD) who receive Medicaid waiver services outside the family home are living in integrated, independent housing. Virginia's utilization rate for independent living is low compared to other states. Explanation:

(This amendment provides \$1.8 million the first year and \$3.6 million the second year from the general fund to add 12 new therapeutic assessment or "drop-off" centers during the biennium. This amendment doubles the number of therapeutic assessment centers that will be added during the biennium, when combined with the additional 12 centers included in the introduced budget. Budget language is modified to reflect that 24 additional drop-off centers will be added during the biennium. Therapeutic assessment centers provide a location where law enforcement officers executing an emergency custody order can transfer custody of an individual in acute mental health crisis where the individual can be evaluated for possible detention and treatment. Permanent Supportive Housing (PSH) reduces and prevents homelessness among adults with SMI and, by ensuring stable affordable housing with intensive supportive services, significantly reduces high-cost emergency and institutional care. Housing assistance budgets will be based on HUD Fair Market Rental Rates after accounting for participants' contributions and ICT services will be provided by a mobile, self-contained interdisciplinary team of at least five full-time equivalent clinical staff for individuals

(This amendment adds \$336,320 the first year and \$336,893 the second year from the general fund to hire security personnel and provide funding for the monthly VITA charge associated with a DS3 line at the Commonwealth Center for Children and Adolescents (CCCA). Western State Hospital (WSH) and the CCCA have shared a campus and numerous support and ancillary services including security and telecommunications and network services. WSH has a new facility which opened October 2013. However, the new campus is no longer located adjacent to the CCCA and is several miles away. Although many shared services will be maintained, CCCA will incur additional operating costs as a result of Western State's move, as some services can no longer be shared due to the increased distance, such as the DS3 connection to the Commonwealth of Virginia network. In addition, the security staff at WSH will no longer be located close enough for appropriate emergency response.)

CILs provide peer monitoring, independent living skills training, information and referral services, and advocacy. Explanation:

(This technical amendment moves an appropriation between services areas within a program and will have no impact on agency operations or services. The Department of Social Services (DSS) currently expends all local DSS appropriations from a single service area (46010), thereby creating a single pool for local dollars. The introduced budget attempted to consolidate all appropriation from the two separate service areas (46003 and 46006) into the new one so that the Appropriation Act would reflect agency operations. However, a portion of the local funding (\$21.6 million) left in service area (46003) was not moved into the single pool (46010). This technical change is necessary so the budget is transparent and the total support for eligibility operations is not understated.)

"2. Notwithstanding the provisions of §§ 9.1-165 through 9.1-172, Code of Virginia, the total amount to be distributed to localities shall be \$179,481,763 the first year and \$186,661,034 the second year. The total amount to be distributed in each year shall be divided into two parts. The first part shall be equal to the amount distributed in the base year of fiscal year 2014, which is \$172,412,837, and from this amount each participating jurisdiction shall receive the same amount which it received in the base year of fiscal year 2014. The second part shall be equal to the amounts in the appropriation for each year which are in excess of the fiscal year 2014 base amount, or \$7,068,926 the first year and \$14,248,197 the second year. These additional

amounts above the base shall be distributed according to the statutory formula as set forth in § 9.1-165, Code of Virginia."

Explanation:

(This amendment provides language to clarify the distribution of state aid to localities with police departments (the 599 program, which was established pursuant to House Bill 599 of 1979). It is the intent of the General Assembly that no participating locality receive less funding in fiscal years 2015 and 2016 than it received in fiscal year 2014, but that all new funds, above the fiscal year 2014 base year appropriation, be distributed according to the formula as set forth in statute.)

In order to maximize the Department's cash management flexibility, balances from the Commonwealth of Virginia Transportation Capital Projects Revenue Bonds authorized pursuant to Item 459 H., Chapter 879 of the 2008 Acts of Assembly, in an amount totaling \$31,070,647 shall be transferred from the Transportation Partnership Opportunity Fund to the Transportation Trust Fund and, notwithstanding the provisions of Item 449.10, Chapter 847 of the 2007 Acts of Assembly, shall be made available to advance projects eligible for federal grant programs.

2. An offsetting transfer of \$31,070,647 of the amounts in the Transportation Trust Fund pursuant to § 33.1-23.03:1 shall be made to the Transportation Partnership Opportunity Fund, and notwithstanding the limitations contained in § 33.1-221.1:8 E, Code of Virginia, the Governor shall provide sufficient grants from this amount to advance the planning, acquisition and construction of the following projects: (i) capital construction needs for a unmanned aircraft system (UAS) test range on Wallops Island in support of activities designated in Virginia by the Federal Aviation Administration; (ii) the completion of a Draft Environmental Impact Statement to review a reasonable range of corridor and transit technology alternatives to provide for the extension of Hampton Roads Transit fixed guideway transit service to Naval Station Norfolk as well as future fixed guideway connectivity to other cities in Hampton Roads including, a transit study in the cities of Hampton and Newport News for (a) corridor planning to identify potential areas for high capacity, fixed

guideway transit connectivity, (b) defining areas of high commercial and residential growth and density as well as areas limited by increasing roadway congestion, and (c) evaluation of options that will define transit needs and possible alignment and technology solutions on the Peninsula with consideration given to future transit connectivity options to other cities in the Hampton Roads region; (iii) funding appropriate to finalize the transit study along the U.S. Route 1 corridor in Fairfax County that (a) addresses current and projected future traffic deficiencies with a viable long-term transit solution for the corridor, (b) transforms the area into transit-oriented and transit-supportive mixed use development near stations and stops, (c) initiates the environmental study to develop the documentation that will be required to comply with the National Environmental Protection Act (NEPA), (d) conduct conceptual design and engineering for the locally preferred alternative (LPA), (e) refines the capital and operating costs for the LPA based on the conceptual design and engineering, (f) refines the cash flow model and funding analysis based on updated capital and operating costs, and (g) submit an application into the Federal Transit Administration's New Starts project development process; (iv) the identification of current and future core capacity gaps in Virginia Railway Express services; and (v) additional costs incurred in the completion of intersection improvements at Route 617 and Route 522. Notwithstanding the limitation contained in § 33.1-221.1:8 E. Code of Virginia, the Governor shall provide sufficient grants and loans from this amount to advance planning, acquisition, and construction of the projects listed above. Any funding remaining after the completion of the projects outlined above shall be returned to the Transportation Partnership Opportunity Fund in accordance with § 33.1-221.1:8 Code of Virginia."

3.a. Employees in the Executive Department subject to the Virginia Personnel Act shall receive the salary increase authorized in this paragraph only if they have attained an equivalent rating of at least "contributor" on their most recent performance evaluation and had no written notices under the standards of conduct

issued during the preceding review period.

b. Salary increases authorized in this paragraph for employees in the Judicial and Legislative Departments, employees of Independent agencies, and employees of the Executive Department not subject to the Virginia Personnel Act shall be consistent with the provisions of this paragraph, as determined by the appointing or governing authority. However, notwithstanding anything herein to the contrary, the governing authorities of those state institutions of higher education with employees not subject to the Virginia Personnel Act may implement salary increases for such employees that may vary based on performance and other employment-related factors. The appointing or governing authorities shall certify to the Department of Human Resource Management that employees receiving the salary adjustment are performing at levels at least comparable to the eligible employees set out in paragraph O.2.

4. The base rates of pay, and related employee benefits, for wage employees may be increased by up to two percent no earlier than March 25, 2015. The cost of such increases for wage employees shall be borne by existing funds appropriated to each agency.

5.a. The Department of Human Resource Management shall increase the minimum and maximum salary for each pay band within the Commonwealth's Classified Compensation Plan by two percent on March 25, 2015. No salary increase shall be granted to any employee as a result of this action. The department shall develop policies and procedures to be used in instances where employees fall below the entry level for a job classification due to poor performance. Movement through the revised pay band shall be based on employee performance.

b. The two percent increase to the minimum and maximum salary for each band within the Classified Compensation Plan shall be in addition to any other adjustments to such pay bands authorized in this item.

6. Transfers from this item shall be used to effect this increase and related increases in employee benefits for all state supported local employees. Employees eligible shall include:

B. The Auditor of Public Accounts shall provide written notice to each locality of the amount of its fines reversion as defined in A. above and shall provide a copy of the notice to the State Comptroller.

C. Each locality receiving notice that it has a fines reversion as defined in A. above shall submit a payment to the State Comptroller for the entire amount of the reversion by August 1 for deposit into the Literary Fund."

Explanation:

(This amendment adjusts the provision included in the 2012 appropriation act concerning the reversion of one-half of the amount of revenues collected by localities based on local ordinances, which was in excess of 50 percent of the total collections from fines and fees. The 2012 appropriation act included language directing the Office of the State Inspector General to review this procedure. This revised language is based on the findings and recommendations in the Inspector

General's report, which was released in May 2013. This revised language now restricts the consideration of revenues to be addressed by the Auditor of Public Accounts for this purpose to fines and forfeitures, thereby excluding Sheriffs' and certain other fees from the calculation. In addition, the percentage threshold, above which one half of the excess revenues are to be returned for deposit into the Literary Fund, is increased from 50 to 65 percent. Finally, the process for reverting the funds has been simplified. A companion amendment to Item 37 in this act provides for the Executive Secretary of the Supreme Court to ensure the deposits of these funds for the Commonwealth by the courts.)

Whenever the Attorney General reasonably expects that there will be money or any real, tangible, or intangible property ("money or property"), or both, other than criminal fines (which would go to the Literary Fund) or attorney's fees (i) due or available to the Commonwealth as a result of any civil or criminal dispute or (ii) available to the Commonwealth or to any state or local governmental entity in the Commonwealth from any federal entity pursuant to an asset forfeiture equitable sharing agreement or other legal action, including a compromise, settlement, or agreement in a multistate action in which the Attorney General has participated on behalf of the Commonwealth or an agency of the Commonwealth, he shall forthwith notify all members of the Committee of the pertinent facts, and may convene a meeting of the Committee, but shall convene a meeting of the Committee at the request of

any member.

2. For a compromise, settlement, or agreement under subdivision 1(i) above, the Attorney General shall prepare and recommend to the Committee a proposed Distribution Plan (the "Plan") regarding the distribution and use of money or property, or both, to be received by the Commonwealth as a result of any such compromise, settlement, or agreement. The Committee may propose the same or a modified Plan to the General Assembly for the distribution or use, or both, of such money or property, or both.

3. For a compromise, settlement, or agreement under subdivision 1(ii) above, if the distribution or use, or both, of any money or property, or both, to be received by the Commonwealth is determined by a court order, federal law, or by a federal entity pursuant to federal law (such as a federal asset forfeiture sharing agreement), the Attorney General shall prepare and provide to the Committee a proposed Plan for the distribution and use of any such money or property, or both, that is consistent with such court order, federal law, or regulations or policies of such federal agency. If the permissible purpose(s) for the distribution or use, or both, of such money or property, or both, is described in general terms (for example, it must be used for "law enforcement purposes" or for "consumer education"), the Committee may propose a modified Plan with a more particular distribution or use, or both, that falls within such general permissible purpose(s). If a federal entity must approve the final Plan for such distribution or use, or both, and does not approve the Plan submitted to it by the Attorney General, he shall so inform the Committee, and the Plan may be revised if deemed appropriate and resubmitted to the federal entity for approval. If the federal entity approves the original Plan or a revised Plan, the Attorney General shall so inform the Committee, and the Committee shall recommend to the General Assembly distribution or use, or both, of such money or property, or both, that is consistent with the Plan approved by the federal entity.

4. The Attorney General shall not enter into any compromise, settlement, or agreement for the distribution of money or property, or both, to be received by the Commonwealth under subdivision 1(i) or 1(ii) unless the compromise, settlement, or agreement provides that such money or property, or both, is to be deposited into the state treasury. No such distribution shall occur without a specific appropriation by the General Assembly that is consistent with the permissible purpose(s) set forth in the court order or federal law or by the federal entity. If a federal entity must approve the final Plan for such distribution or use, or both, and the General Assembly's appropriation in an appropriation act differs from the Plan approved by the federal entity, the appropriation shall be submitted to the federal entity for approval. The distribution of any money or property, or

both, shall be done in a manner as prescribed by the State Comptroller in order to ensure proper accounting on the books of the Commonwealth.

5. The provisions of subdivisions 1) through 4) shall not apply to any negotiation, compromise, settlement, or agreement involving money or property, or both (a) where the distribution and use of such money or property, or both, is governed specifically by this act or by other law of the Commonwealth, (b) in which the total value of such moneys or property does not exceed \$250,000, or (c) in which the entire amount of the settlement is for services provided, or for property sold or provided, under a contract with a governmental entity. "Governmental entity" shall include, without limitation, public institutions of higher education. The General Assembly hereby appropriates a sum sufficient amount for any settlement or agreement authorized solely by virtue of this subdivision 5. a. The designation in this act of an officer or agency head to perform a specified duty shall not be deemed to supersede the authority of the Governor to delegate powers under the provisions of § 2.2-104 , Code of Virginia.

b. The nongeneral fund capital outlay decentralization programs initiated pursuant to §

4-5.08b of Chapter 912, 1996 Acts of Assembly as continued in subsequent appropriation acts are hereby made permanent. Decentralization programs for which institutions have executed memoranda of understanding with the Secretary of Administration pursuant to the provisions of § 4-5.08b of Chapter 912, 1996 Acts of Assembly shall no longer be considered pilot projects, and shall remain in effect until revoked.

c. Institutions wishing to participate in a nongeneral fund capital outlay decentralization program for the first time shall submit a letter of interest to the appropriate Cabinet Secretary. Within 90 calendar days of the receipt of the institution's request to participate, the responsible Cabinet Secretary shall determine whether the institution meets the eligibility criteria and, if appropriate, establish a decentralization program at the institution. The Cabinet Secretary shall report to the Governor and Chairmen of the Senate Finance and House Appropriations Committees by December 1 of each year all institutions that have applied for inclusion in a decentralization program and whether the institutions have been granted authority to participate in the decentralization program.

d. The provisions identified in § 4-5.08 f and § 4-5.08 h of Chapter 1042 of the Acts of Assembly of 2003 pertaining to pilot programs for selected capital outlay projects and memoranda of understanding in institutions of higher education are hereby continued. Notwithstanding these provisions, those projects shall be insured through the state's risk management liability program.

e. If during an independent audit conducted by the Auditor of Public Accounts, the audit discloses that an institution is not performing within the terms of the memoranda of understanding or their addenda, the Auditor shall report this information to the Governor, the responsible Cabinet Secretary, and the Chairmen of the Senate Finance and House Appropriations Committees.

f. Institutions that have executed memoranda of understanding with the Secretary of Administration for nongeneral fund capital outlay decentralization programs are hereby granted a waiver from the provisions of § 2.2-4301, Competitive Negotiation, subdivision 3a, Code of Virginia, regarding the not to exceed amount of \$100,000 for a single project, the not to exceed sum of \$500,000 for all projects performed, and the option to renew for two additional one-year terms.

g. Notwithstanding any contrary provision of law or this act, delegations of authority in this act to the Governor shall apply only to agencies and personnel within the Executive Department, unless specifically stated otherwise.

h. This section shall not apply to public institutions of higher education governed by Chapters 933 and 943 of the 2006 Acts of Assembly."

"3. That § 30-347 of the Code of Virginia is amended and reenacted as follows:

§ 30-347. Medicaid Innovation and Reform Commission; membership; terms; compensation and expenses; definition.

A. The Medicaid Innovation and Reform Commission (the Commission) is established as a commission in the legislative branch of state government. The purpose of the Commission shall be to review, ~~recommend and approve and monitor such~~ innovation and reform proposals affecting the implementation of Title XIX and Title XXI of the Social Security Act, ~~including eligibility and financing for proposals set out in Item 307 of this~~ as set forth in the general appropriation act. Specifically, the Commission shall review and monitor (i) the development of such reform proposals; (ii) progress in obtaining federal approval for such reforms such as benefit design, service delivery, payment reform, and quality and cost containment outcomes; and (iii) implementation of such reform measures.

B. The Commission shall consist of 12 members as follows: the chair of the House Committee on Appropriations, or his designee, and four members of the House Committee on Appropriations appointed by the chair and the chair of the Senate Finance Committee, or his designee, and four members of the Senate Finance Committee appointed by the chair. In addition, the Secretaries of Finance and

Health and Human Resources shall serve as ex officio, nonvoting members of the Commission.

C. Members shall serve terms coincident with their terms of office. Vacancies for unexpired terms shall be filled in the same manner as the original appointments. Members may be reappointed for successive terms.

D. The members of the Commission shall elect a chairman and vice chairman annually. A majority of the voting members of the Commission shall constitute a quorum. The meetings of the Commission shall be held at the call of the chairman or whenever the majority of the members so request. The Commission shall meet bimonthly beginning in June 2013, or as soon as possible thereafter.

~~2. An affirmative vote by three of the five members of the Commission from the House of Delegates and three of the five members of the Commission from the Senate shall be required to endorse any reform proposal to amend the State Plan for Medical Assistance under Title XIX of the Social Security Act, and any waivers thereof, to implement coverage for newly eligible individuals pursuant to 42 U.S.C. § 1396d(y)(1)[2010] of the Patient Protection and Affordable Care Act.~~

E. Legislative members of the Commission shall receive such compensation as provided in § 30-19.12, and nonlegislative members shall receive such compensation as provided in § 2.2-2813.

4. That the Secretary of Health and Human Resources shall develop and implement a program to allow individuals described in 42 U.S.C. § 1396a(a)(10)(A)(i)(VIII) to purchase health care coverage through a private insurance network, which shall be designed to promote efficiency, accountability, personal responsibility, and competitive, value-based purchasing of health care and ensure a model of health coverage for participants that is fiscally sustainable and cost effective. Such program shall include: (i) requirements for a health benefit package based on the Anthem KeyCare 30 Plan; (ii) requirements to include traditional and community-based behavioral health services; (iii) systems for determining eligibility for participation in the program; (iv) provisions for payment of premium assistance for participants; (v) requirements for cost-sharing of up to 5 percent of total household income for health care expenses, as appropriate; (vi) requirements for personal responsibility and accountability related to the delivery of health care such as appropriate use of health care services to avoid overutilization of emergency care and to promote healthy behaviors; (vii) provisions for participation in work search activities for

participants not currently employed, receiving unemployment compensation benefits, enrolled as full-time students, or caring for dependent family members under 12 months of age or disabled family members of any age; (viii) provisions for monitoring and oversight of the use of health care services to ensure appropriate utilization; (ix) establishment of a Health Reform and Innovation Fund to consist of projected general fund savings, identified in consultation with the Secretary of Finance, that are attributable to coverage for program participants related to behavioral health services, inmate health care and indigent care and used to provide grants of up to \$3.5 million annually to reduce the rate of growth of health care spending; (x) establishment of a Taxpayer Recovery Fund to consist of taxes and other payments paid by residents of the Commonwealth to the federal government and recovered by the Commonwealth and used to support the program; and (xi) a provision for termination of the program if revenues received by the Taxpayer Recovery Fund are less than the commitments set forth in 42 C.F.R. § 433.10(c)(6). The Secretary shall seek all federal approvals necessary to implement the provisions of this enactment clause.

5. That the Secretary of Health and Human Resources shall apply for available federal funding for the purpose of establishing and operating marketplace Virginia to include but not be limited to eligibility, enrollment, consumer assistance, plan management and financial management.

6. That the second enactment of Chapter 679 of the Acts of Assembly of 2013 is repealed."

Explanation:

(This amendment adds four enactment clauses to the appropriation act.

Enactment clause 3 removes the requirement that the Medicaid Innovation and Reform Commission (MIRC) recommend and approve Medicaid reform proposals and deletes a requirement that the Commission must approve by an affirmative vote an expansion of Medicaid to newly eligible individuals.

Enactment clause 4 requires the Secretary of Health and Human Resources to develop and implement a program to allow low-income uninsured Virginians to purchase health care coverage through a private insurance network. The program must include: (i) requirements for a health benefit package based on the Anthem KeyCare 30 Plan; (ii) requirements to include traditional and community-based behavioral health services; (iii) systems for determining eligibility for participation in the program; (iv) provisions for payment of premium assistance for participants; (v) requirements for cost-sharing of up to 5 percent of total

household income for health care expenses, as appropriate; (vi) requirements for personal responsibility and accountability related to the delivery of health care such as appropriate use of health care services to avoid overutilization of emergency care and to promote healthy behaviors; (vii) provisions for participation in work search activities for participants not currently employed, receiving unemployment compensation benefits, enrolled as full-time students, or caring for dependent family members under 12 months of age or disabled family members of any age; (viii) provisions for monitoring and oversight of the use of health care services to ensure appropriate utilization; (ix) establishment of a Health Reform and Innovation Fund to consist of projected general fund savings, identified in consultation with the Secretary of Finance, attributable to coverage for program participants related to behavioral health services, inmate health care and indigent care and used to provide grants of up to \$3.5 million annually to reduce the rate of growth of health care spending; (x) establishment of a Taxpayer Recovery Fund to consist of taxes and other payments paid by residents of the Commonwealth to the federal government and recovered by the Commonwealth and used to support the program; and (xi) a provision for termination of the program if revenues received by the Taxpayer Recovery Fund are less than the commitments set forth in 42 C.F.R. § 433.10(c)(6). The Secretary shall seek all federal approvals necessary to implement the provisions of this enactment clause.

Enactment clause 5 requires the Secretary of Health and Human Resources to apply for available federal funding for the purpose of establishing and operating marketplace Virginia to include but not be limited to eligibility, enrollment, consumer assistance, plan management and financial management.

Enactment clause 6 repeals the second enactment of Chapter 679 of the Acts of Assembly of 2013 related to the creation of a health benefit exchange.)

3. That the Code of Virginia is amended and re-enacted by adding a new Section 46.2-689.10, relating to annual motor vehicle registration fees for diesel-powered passenger vehicles, and amending and re-enacting Section 58.1-2259 as follows:

"46.2-689.10. Refund for Certain Diesel Passenger Vehicles.

The Department of Motor Vehicles shall discount by \$20.00 per year the fees provided in §§ 46.2-694 and 46.2-697, Code of Virginia, for any person registering or renewing the registration of any vehicle (i) that is designed to be powered by diesel fuel, (ii) that is either a passenger car, a pickup or panel truck, or a truck, as those terms are defined in § 46.2-100, Code of Virginia, and (iii) that, if it is a truck, has a gross vehicle weight rating of 10,000 pounds or less. The Department shall provide such discounted fees to vehicle registrants and shall not provide any refunds under subsection E of § 58.1-2259, Code of Virginia, to persons purchasing diesel fuel. Each discount provided by the Department shall be deducted from those portions of the registration fees that are to be deposited to the Highway Maintenance and Operating Fund.

§ 58.1-2259. Fuel uses eligible for refund of taxes paid for motor fuels.

A. A refund of the tax paid for the purchase of fuel in quantities of five gallons or more at any time shall be granted in accordance with the provisions of § 58.1-2261 to any person who establishes to the satisfaction of the Commissioner that such person has paid the tax levied pursuant to this chapter upon any fuel:

1. Sold and delivered to a governmental entity for its exclusive use;
2. Used by a governmental entity, provided persons operating under contract with a governmental entity shall not be eligible for such refund;
3. Sold and delivered to an organization described in subdivision 2 of § 58.1-2226 or subdivision 2 of § 58.1-2250 for its exclusive use in the operation of an aircraft;
4. Used by an organization described in subdivision 2 of § 58.1-2226 or subdivision 2 of § 58.1-2250 for its exclusive use in the operation of an aircraft, provided persons operating under contract with such an organization shall not be eligible for such refund;
5. Purchased by a licensed exporter and subsequently transported and delivered by such licensed exporter to another state for sales or use outside the boundaries of the Commonwealth if the tax applicable in the destination state has been paid, provided a refund shall not be granted pursuant to this section on any fuel which is transported and delivered outside of the Commonwealth in the fuel supply tank of a highway vehicle or

an aircraft;

6. Used by any person performing transportation under contract or lease with any transportation district for use in a highway vehicle controlled by a transportation district created under the Transportation District Act of 1964 (§ 15.2-4500 et seq.) and used in providing transit service by the transportation district by contract or lease, provided the refund shall be paid to the person performing such transportation;

7. Used by any private, nonprofit agency on aging, designated by the Department for Aging and Rehabilitative Services, providing transportation services to citizens in highway vehicles owned, operated or under contract with such agency;

8. Used in operating or propelling highway vehicles owned by a nonprofit organization that provides specialized transportation to various locations for elderly or disabled individuals to secure essential services and to participate in community life according to the individual's interest and abilities;

9. Used in operating or propelling buses owned and operated by a county or the school board thereof while being used to transport children to and from public school or from school to and from educational or athletic activities;

10. Used by buses owned or solely used by a private, nonprofit, nonreligious school while being used to transport children to and from such school or from such school to and from educational or athletic activities;

11. Used by any county or city school board or any private, nonprofit, nonreligious school contracting with a private carrier to transport children to and from public schools or any private, nonprofit, nonreligious school, provided the tax shall be refunded to the private carrier performing such transportation;

12. Used in operating or propelling the equipment of volunteer firefighting companies and of volunteer rescue squads within the Commonwealth used actually and necessarily for firefighting and rescue purposes;

13. Used in operating or propelling motor equipment belonging to counties, cities and towns, if actually used in public activities;

14. Used for a purpose other than in operating or propelling highway vehicles, watercraft or aircraft;

15. Used off-highway in self-propelled equipment manufactured for a specific off-road purpose, which is used on a job site and the movement of which on any highway is incidental to the purpose for which it was designed and manufactured;

16. Proven to be lost by accident, including the accidental mixing of (i) dyed diesel fuel with tax-paid motor fuel, (ii) gasoline with diesel fuel, or (iii) undyed diesel fuel with dyed kerosene, but excluding fuel lost through personal negligence or theft;

17. Used in operating or propelling vehicles used solely for racing other vehicles on a racetrack;

18. Used in operating or propelling unlicensed highway vehicles and other unlicensed equipment used exclusively for agricultural or horticultural purposes on lands owned or leased by the owner or lessee of such vehicles and not operated on or over any highway for any purpose other than to move it in the manner and for the purpose mentioned. The amount of refund shall be equal to the amount of the taxes paid less one-half cent per gallon on such fuel so used which shall be paid by the Commissioner into the state treasury to the credit of the Virginia Agricultural Foundation Fund;

19. Used in operating or propelling commercial watercraft. The amount of refund shall be equal to the amount of the taxes paid less one and one-half cents per gallon on such fuel so used which shall be paid by the Commissioner into the state treasury to be credited as provided in subsection D of § 58.1-2289. If any applicant so requests, the Commissioner shall pay into the state treasury, to the credit of the Game Protection Fund, the entire tax paid by such applicant for the purposes specified in subsection D of § 58.1-2289. If any applicant who is an operator of commercial watercraft so requests, the Commissioner shall pay into the state treasury, to the credit of the Marine Fishing Improvement Fund, the entire tax paid by such applicant for the purposes specified in § 28.2-208;

20. Used in operating stationary engines, or pumping or mixing equipment on a highway vehicle if the fuel used to operate such equipment is stored in an auxiliary tank separate from the fuel tank used to propel the highway vehicle, and the highway vehicle is mechanically incapable of self-propulsion while fuel is being used from the auxiliary tank; or

21. Used in operating or propelling recreational and pleasure watercraft.

B. 1. Any person purchasing fuel for consumption in a solid waste compacting or ready-mix concrete highway vehicle, or a bulk feed delivery truck, where the vehicle's equipment is mechanically or hydraulically driven by an internal combustion engine that propels the vehicle, is entitled to a refund in an amount equal to 35 percent of the tax paid on such fuel. For purposes of this section, a "bulk feed delivery truck" means bulk animal feed delivery trucks utilizing power take-off (PTO) driven auger or air feed discharge systems for off-road deliveries of animal feed.

2. Any person purchasing fuel for consumption in a vehicle designed or permanently adapted solely and exclusively for bulk spreading or spraying of agricultural liming materials, chemicals, or fertilizer, where the vehicle's equipment is mechanically or hydraulically driven by an internal combustion engine that propels the vehicle, is entitled to a refund in an amount equal to 55 percent of the tax paid on such fuel.

C. Any person purchasing any fuel on which tax imposed pursuant to this chapter has been paid may apply for a refund of the tax if such fuel was consumed by a highway vehicle used in operating an urban or suburban bus line or a taxicab service. This refund also applies to a common carrier of passengers which has been issued a certificate pursuant to § 46.2-2075 or 46.2-2099.4 providing regular route service over the highways of the Commonwealth. No refund shall be granted unless the majority of the passengers using such bus line, taxicab service or common carrier of passengers do so for travel of a distance of not more than 40 miles, one way, in a single day between their place of abode and their place of employment, shopping areas or schools.

If the applicant for a refund is a taxicab service, he shall hold a valid permit from the Department to engage in the business of a taxicab service. No applicant shall be denied a refund by reason of the fee arrangement between the holder of the permit and the driver or drivers, if all other conditions of this section have been met.

Under no circumstances shall a refund be granted more than once for the same fuel. The amount of refund under this subsection shall be equal to the amount of the taxes paid, except refunds granted on the tax paid on fuel used by a taxicab service shall be in an amount equal to the tax paid less \$0.01 per gallon on the fuel used.

Any refunds made under this subsection shall be deducted from the urban highway funds allocated to the highway construction district, pursuant to Article 1.1 (§ 33.1-23.01 et seq.) of Chapter 1 of Title 33.1, in which the recipient has its principal place of business.

Except as otherwise provided in this chapter, all provisions of law applicable to the refund of fuel taxes by the Commissioner generally shall apply to the refunds authorized by this subsection. Any county having withdrawn its roads from the secondary system of state highways under provisions of § 11 Chapter 415 of the Acts of 1932 shall receive its proportionate share of such special funds as is now provided by law with respect to other fuel tax receipts.

D. Any person purchasing fuel for consumption in a vehicle designed or permanently adapted solely and exclusively for bulk spreading or spraying of agricultural liming materials, chemicals, or fertilizer, where the vehicle's equipment is mechanically or hydraulically driven by an internal combustion engine that propels the vehicle, is entitled to a refund in an amount equal to 55 percent of the tax paid on such fuel.

~~E. Any person purchasing diesel fuel used in operating or propelling a passenger car, a pickup or panel truck, or a truck having a gross vehicle weight rating of 10,000 pounds or less is entitled to a refund of a portion of the taxes paid in an amount equal to the difference between the rate of tax on diesel fuel and the rate of tax on gasoline and gasohol pursuant to § 58.1-2217. For purposes of this subsection, "passenger car," "pickup or panel truck," and "truck" shall have the meaning given in § 46.2-100. Notwithstanding any other provision of law, diesel fuel used in a vehicle upon which the fuels tax has been refunded pursuant to this subsection shall be exempt from the tax imposed under Chapter 6 (§ 58.1-600 et seq.).~~

F. Refunds resulting from any fuel shipments diverted from Virginia shall be based on the amount of tax paid for the fuel less discounts allowed by § 58.1-2233.

G. Any person who is required to be licensed under this chapter and is applying for a refund shall not be eligible for such refund if the applicant was not licensed at the time the refundable transaction was conducted. "

Explanation:

(This amendment modifies provisions of House Bill 2313 as adopted by the 2013 General Assembly relating to the provision of a refund on gasoline taxes paid by diesel powered passenger vehicles of 10,000 or fewer pounds. As adopted, HB 2313 provides a mechanism whereby owners of diesel passenger vehicles may apply for and receive a refund for the portion of motor fuel taxes they are charged that is in excess of

the amount paid by gasoline powered passenger vehicles. This process has proven to be cumbersome. As an alternative, this language would reduce the annual vehicle registration fee paid by owners of these diesel passenger vehicles in an amount proportional to the motor fuel tax paid by the driver of an average diesel passenger vehicle. The reduction totals \$20.00 per year per vehicle.)
