Page 40, line 12, strike "\$28,354,089" and insert "\$35,040,950".

Explanation:

(This amendment provides additional general fund support of \$13.4 million in the second year for sheriffs. The funding is equally divided between two programs -- Financial Assistance for Local Law Enforcement and Financial Assistance for Local Court Services. The introduced budget developed by Governor Kaine reduced funding for the Local Law Enforcement and Local Court Services programs and offset the general fund reduction with a public safety fee based on a tax on insurance premiums. This public safety fee was rejected by the 2010 General Assembly. While additional general fund support was provided to offset nearly all reductions for the sheriffs, the Compensation Board did not discover that the public safety fund had been eliminated and built the public safety fund amounts in their prospective budgets for sheriffs.)

Item 67.20 #2h

Administration

Compensation Board

Language

Language:

Page 42, strike lines 9 through 21, and insert:

"I. The Compensation Board shall estimate biannually the number of additional law enforcement deputies which will be needed in accordance with § 15.2-1609.1, Code of Virginia, in any county without a police force or any city without a police force that was created by the consolidation of a city and a county subsequent to July 1, 2011, pursuant to the provisions of Chapter 35 (§ 15.2-3500 et seq.) of Title 15.2, Code of Virginia. Such estimate of the number of positions and related costs shall be included in the board's biennial budget request submission to the Governor and General Assembly. The allocation of such positions, established by the Governor and General Assembly in Item 67.90 of this act, shall be determined by the Compensation Board on an annual basis. The annual allocation of these positions to local sheriffs' offices in any county without a police force or any city without a police force that was created by the consolidation of a city and a county subsequent to July 1, 2011, pursuant to the provisions of Chapter 35 (§§ 15.2-3500 et seq.) of Title 15.2, Code of Virginia, shall be based upon the most recent final population estimate for the locality that is available to the Compensation Board at the time when the agency's annual budget request is completed. The source of such population estimates shall be the Weldon Cooper Center for Public Service of the University of Virginia or the United States Bureau of the Census. For the first year of the biennium, the Compensation Board shall allocate positions based upon the most recent provisional population estimates available at the time the agency's annual budget is completed."

Explanation:

(This amendment requires the Compensation Board to distribute the existing law enforcement deputies assigned to either Alleghany County or the City of Covington to remain assigned the area once those two jurisdictions are dissolved and re-established as the City of Alleghany Highlands. Without this language, law enforcement deputy positions might be given to another locality. The amendment does not required any additional funding, but ensures positions assigned to the Alleghany-Covington area remain in that area following their consolidation.)

Item 67.90 #1h

Administration

Compensation Board

Language

Language:

Page 55, strike lines 23 through 33, and insert:

L. In the event of the transition of a city to town status pursuant to the provisions of Chapter 41 (§ 15.2-4100 et seq.) of Title 15.2, Code of Virginia, or the consolidation of a city and a county into a single city pursuant to the provisions of Chapter 35 (§ 15.2-3500 et seq.) of Title 15.2, Code of Virginia, subsequent to July 1, 1999, the Compensation Board shall provide funding from Items 67.20, 67.50, 67.60, 67.70 and 67.80 of this act, consistent with the requirements of § 15.2-1302, Code of Virginia. Notwithstanding the provisions of paragraph E of this item, any positions in the constitutional offices of the former city or former county which are available for reallocation as a result of the transition or consolidation shall be first reallocated in accordance with Compensation Board staffing standards to the constitutional officers in the county in which the town is situated or to the consolidated city, without regard to the Compensation Board's priority of need ranking for reallocated positions. The salary and fringe benefit costs for these positions shall be deducted from any amounts due the county or the consolidated city, as provided in § 15.2-1302, Code of Virginia.

Explanation:

(This amendment provides that when Alleghany County and the City of Covington are dissolved and the Constitutional officer positions reallocated by the Compensation Board, that this reallocation will not be based on the agency's priority ranking but be reallocated to the consolidated city as they usually are when a city transitions to town status. Without this language, certain positions needed by the clerk of circuit court for the City of Alleghany Highlands might be given to another locality based on the priority of need calculation. The amendment does not required any additional funding, but ensures positions assigned to the Alleghany-Covington area remain in that area following their consolidation.)

Page 101, after line 12, insert:

"C. Out of this appropriation, \$50,300,000 the second year from general fund is provided to support grant allocations for the purposes of supporting the expansion of online SOL testing at the elementary level."

Explanation:

(This amendment provides \$50.3 million the second year from the general fund to provide grant allocations for the support of SOL online testing. Additional technology support personnel as well as hardware and infrastructure will be required to successfully expand online testing to all elementary schools and to continue successful online testing at the middle and high schools. Estimated statewide costs total \$27.5 million for hardware and \$22.8 million for staffing.)

Page 126, after line 37, insert:

"f. Furthermore, a locality may make a one-time election to reprogram any portion of its eligible fiscal year 2012 Virginia Preschool Initiative funds toward reducing the number of existing half-day kindergarten classes, as of September 30, 2010, and converting the targeted half-day kindergarten classes to full-day kindergarten classes during the 2011-2012 school year.

A school division's eligible fiscal year 2012 Virginia Preschool Initiative funds which may be reprogrammed toward providing full-day kindergarten classes shall be determined by the Department of Education and shall be limited to a school division's fiscal year 2011 Virginia Preschool Initiative final payment amount as provided for in House Bill 1500/Senate Bill 800 as introduced in the 2011 General Assembly Session.

In order to receive these funds for this purpose, school divisions must certify to the Department of Education no later than October 1, 2011, that the reprogrammed funds will be used specifically for the expressed purpose of expanding the number of full-day kindergarten classes and reducing the number of half-day kindergarten classes. These funds may not be used for any other school purpose.

Localities receiving these payments are required to match these funds based on the composite index of local ability-to-pay."

"F. Virginia Cooperative Extension shall not implement the Virginia Cooperative Extension Restructuring Plan dated October 2010 as currently proposed. Virginia Cooperative Extension shall report and seek approval of a revised restructuring plan from House Appropriations Committee, the House Agriculture, Chesapeake and Natural Resources Committee, the Senate Finance Committee, and the Senate Agriculture, Conservation and Natural Resources Committee with a revised interim plan due by November 1, 2011. The revised plan will strengthen Extension's historic mission of local delivery of pertinent agricultural research, education and youth leadership development. Virginia Cooperative Extension shall establish criteria for determination of need for any staffing recommendation which may include the number of farmers, diversity of farmers and agricultural products, agricultural sales volume, and number of youth served. After development of this revised restructuring plan, Virginia Cooperative Extension must personally consult with and document input received from agricultural industry stakeholders, 4-H volunteer leaders, and local governments representing all geographic regions of the Commonwealth. This plan shall also present the cost to implement such plan. Virginia Cooperative Extension may present a plan with several policy options and staffing levels for consideration including but not limited to each county / city having one agricultural agent and one 4-H agent. No more than 5% of the total FTE charged to federal or state Virginia Cooperative Extension funds shall be on campus administrative personnel.

The department shall seek approval of coverage under this new state plan option for individuals with income up to 200 percent of the federal poverty level. For the purposes of this section, family planning services shall not cover payment for abortion services and no funds shall be used to perform, assist, encourage or make direct referrals for abortions. The department shall have authority to implement necessary changes upon federal approval and prior to the completion of any regulatory process undertaken in order to effect such change.

ZZZZ. Effective July 1, 2011, the Department of Medical Assistance Services (DMAS) shall have the authority to amend the State Plan for Medical Assistance to enroll and reimburse freestanding birthing centers. Provider qualifications for enrollment shall be determined by DMAS. Reimbursement shall be based on the Enhanced Ambulatory Patient Group methodology applied in a manner similar to the reimbursement methodology for Ambulatory Surgery Centers. The department shall have authority to implement necessary changes upon federal approval and prior to the completion of any regulatory process undertaken in order to effect such change."

Explanation:

(This amendment authorizes the Department of Medical Assistance Services (DMAS) to move family planning services under the "Plan First" program (which covers men and women not eligible for full-Medicaid coverage) from a waiver to the State Plan for Medical Assistance. The federal Patient Protection and Affordable Care Act (P.L. 111-148) adds these optional services to Medicaid and will no longer allow Virginia to operate Plan First as a demonstration waiver. Therefore, DMAS must make any family planning services eligible under the state plan if they are to be continued. In addition, the same federal law requires states to reimburse freestanding birthing centers under Medicaid. It is anticipated that these new federal requirements will have a negligible impact on Medicaid expenditures.)

The Department of Medical Assistance Services shall seek federal approval for necessary changes to the DD applications to add the additional slots."

Explanation:

(This amendment provides funding to add 270 new waiver slots for individuals with developmental disabilities (DD) to reduce the current waiting list of 1,080 individuals by 25 percent. No new DD waiver slots have been added since 2007. The introduced budget included funding to add 275 new Intellectual Disability Waiver slots in addition to the 250 already approved in Chapter 874 of the 2010 Virginia Acts of Assembly.)

Page 268, after line 55, insert:

"YYYY. The Department of Medical Assistance Services shall develop a methodology for home- and community-based utilization and review audits in collaboration with the provider groups that participate in the service delivery of home- and community-based care including waiver programs by June 30, 2011. The methodology shall include the following: (i) any given audit shall cover no more than a six continuous month period unless evidence of fraud or abuse warrants an expanded audit period which shall then be documented for cause; (ii) a sampling of providers regardless of the size, number of claims, location, or amount of annual Medicaid revenue; (iii) reviews of individual providers shall be a random sample of no more than five percent of Medicaid records; (iv) provisions that providers found in substantial compliance which is defined as conforming with regulations at least 80 percent of the time will not be subject to a retraction; (v) Medicaid records that demonstrate substantial compliance in documentation shall be considered compliant with regulation; (vi) additional documentation from a supervisor that provides a plan of corrective action prior to the audit or provides legitimate reasons for difference between the care plan and services provided shall be considered compliant and will not be subject to retractions for noncompliance with regulations; (vii) retractions shall only be assessed when the provider is not in substantial compliance any such retraction shall be only for the unit(s) which were deemed not in compliance. If during the utilization and review audit there is found to be suspected fraud, abuse or neglect it shall be reported to the appropriate agency."

Explanation:

(This amendment requires the Department of Medical Assistance Services to develop a methodology for home- and community-based utilization and review audits in collaboration with provider groups. A recent JLARC interim report on Fraud and Error in Virginia's Medicaid Program found while reviewing these audits that an entire claim can be denied if records are erroneous, even if reasonable service was provided. Further the report stated the Department's claims review process may need to be improved. This budget language requires that in cases where clerical errors are the cause of retraction and not evidence of fraud and abuse, that these retractions

Request to Amend House Bill 1500, as Introduced

shall only be assessed when the provider or medical record is not in substantial compliance with regulations and that such retraction be only for the unit(s) deemed not in compliance.)

"e. In fulfillment of this item, the department, in conjunction with the Department of Behavioral Health and Developmental Services and the Community Services Boards, and in consultation with appropriate stakeholders, shall develop a blueprint for the development and implementation of a care coordination model(s) for individuals in need of behavioral health services not currently provided through managed care. The overall goal of the project will be to curb Medicaid expenditure growth in the long run without compromising access to behavioral health services for vulnerable populations.

The blueprint shall: (i) describe the steps for development and implementation of the program model(s) including funding, populations served, services provided, time frame for program implementation, and education of clients and providers; and (ii) shall include the following principles:

1. Improves value so that there is better access to care while improving equity,
2. Engages consumers as informed and responsible partners from enrollment to care delivery,
3. Provides consumer protections with respect to choice of providers and service plans,
4. Improves satisfaction among providers and provides technical assistance and incentives for quality improvement,
5. Improves satisfaction among consumers and involves consumers in governance and planning proposals and decisions,
6. Improves quality, recipient safety, health outcomes, and efficiency,
7. Develops direct linkages between acute and behavioral services in order to make it easier for consumers to obtain timely access to care and assure appropriate management of services for fragile individuals,
8. Builds upon current best practices in the delivery of behavioral health services,
9. Accounts for local circumstances and reflects familiarity with the community where services are provided,
10. Develops steps to avoid involuntary treatment and prevent default to state

Request to Amend House Bill 1500, as Introduced

hospitals,

11. Reduces and improves the interface of vulnerable populations with local law enforcement, courts, jails, and detention centers,

12. Supports the responsibilities defined in the Code of Virginia as relating to Community Services Boards and Behavioral Health Authorities which includes but is not limited to: emergency services, pre-admission screening for involuntary detention, crisis stabilization, mandatory outpatient treatment, discharge planning for discharge from state facilities, and monitoring of individuals adjudicated as NGRI upon release to the community,

13. Assures that department and the Department of Behavioral Health and Developmental Services (DBHDS) jointly shall set criteria for medical necessity for community mental health rehabilitation services,

14. Promotes availability of access to vital supports such as housing and supported employment funded through state and local funds,

15. Achieves cost savings through decreasing avoidable episodes of care and hospitalizations, improving adherence to medication regimens, and utilizing community alternatives to hospitalizations and institutionalization,

16. Simplifies the administration of acute psychiatric, community behavioral health services and primary care services for any coordinating entity, providers, and consumers,

17. While the State clearly needs to articulate desired outcomes and performance measures in the contract, the organization needs the flexibility to offer the full continuum of necessary services so that the consumer gets the right service, in the right setting at the right time,

18. Requires standardized data collection, outcome measures, and reports to track costs, utilization of services, and outcomes, and

19. Provides actionable data and feedback to providers.

f. The department may seek the necessary waiver(s) and/or State Plan authorization under Titles XIX and XXI of the Social Security Act to develop and implement a care coordination model for individuals in need of behavioral health services, with the exception of Mental Health Targeted Case management, not currently provided through managed care to be effective July 1, 2012. The department may consider innovative approaches such as provider sponsored managed care models as proven successful in states such as Kansas and Colorado. The model(s) shall build upon current local strengths, utilize existing data, maintain access to the publicly-funded community system and increase access, quality, positive health outcomes and consumer satisfaction. This model may be applied to individuals on a mandatory basis. The department shall have authority to promulgate emergency regulations to implement this amendment within 280 days or less from the enactment date of this

Request to Amend House Bill 1500, as Introduced

act.

Page 267, strike lines 30 through 35.

Explanation:

(This amendment modifies language included in the proposed budget related to the development and implementation of care coordination services for individuals in need of behavioral health services that are not receiving them through managed care organizations. The proposed replacement language requires the development of a blueprint in consultation with the Department of Behavioral Health and Developmental Services, the Virginia Association of Community Services Boards and other stakeholders. The blueprint shall include details on funding, populations served, services provided, time frame for program implementation, and education of clients and providers. In addition, the blueprint requires the inclusion of 19 principles for care coordination. The proposed language builds upon approaches that have been successful in moderating costs while assuring access and seamlessness of community mental health rehabilitation services and exploring their adaptations in Virginia. Also, it ensures that the models developed and implemented do not result in more expensive and less appropriate placements. Language that would implement care coordination for individuals receiving services in the Mental Retardation/Intellectual Disabilities (MR/ID) waiver is also eliminated in order to develop a plan for implementation.)

Explanation:

(This amendment restores \$522,104 from the general fund and \$522,104 from federal Medicaid matching funds for Medicaid reimbursement for long-stay rehabilitation hospitals which was reduced in Chapter 874 of the 2010 Virginia Acts of Assembly. Lake Taylor hospital in Norfolk is included in this category of hospitals in Virginia. Loss of this funding may require the hospital to curtail services to clients or close its doors to new patients.)

"YYYY. The Department of Medical Assistance Services shall amend the State Plan for Medical Assistance to include coverage of qualified aliens, as defined in § USC 1641, who arrived in the United States on or after August 22, 1996 and have lived in the United States for five years. The Department shall have the authority to promulgate emergency regulations to implement this change effective July 1, 2011."

Explanation:

(This amendment provides \$9.2 million from the general fund and \$9.2 million from federal Medicaid matching funds to provide coverage to legal immigrants who have lived in the United States for five years. Most legal immigrants are barred from receiving Medicaid for the first five years they are legally present in the United States. This amendment would exercise a federal option to enroll legal immigrants in Medicaid after the 5-year bar without applying additional restrictions. Virginia is currently one of nine states that restrict a legal immigrant's eligibility for Medicaid, even after the 5-year bar, requiring the equivalent of 10 years of employment or a connection to the military in order to be eligible for Medicaid. Because Medicaid already covers expensive emergency services for this population, it would be more cost effective to offer preventive Medicaid services to avoid health emergencies. This coverage would secure at least 50 percent in federal matching Medicaid funds and offset some state-only indigent health care costs now provided by health departments, other clinics, hospitals, and Community Services Boards.)

Page 282, line 41, strike "\$90,251,955" and insert "\$90,443,955".

Explanation:

(This amendment provides \$128,000 the first year and \$192,000 the second year from the general fund to the Long-term Employment Support Services (LTESS) program to restore reductions contained in the introduced budget for this program. Combined with reductions made in Chapter 874 of the 2010 Virginia Acts of Assembly, these reductions represent a cumulative loss in funding of 21 percent and the loss of 500 jobs for people with disabilities. This program provides critical employment support services for working Virginians with disabilities who are served through community-based Employment Service Organizations.)

Language:

Page 291, line 5, strike "\$37,702,004" and insert "\$39,702,004".

Explanation:

(This amendment restores funding for adult chore and companion services and other purchased adult protective services that was reduced in Chapter 874 of the 2010 Virginia Acts of Assembly. The extended increase in Federal Medical Assistance Percentage (FMAP) under the federal American Recovery and Reinvestment Act (P.L. 1115) restores 75 percent of the reduction in fiscal year 2011. However, these programs will experience a reduction of \$2.0 million from the general fund in fiscal year 2012. Without these additional funds Adult Protective Services (APS) can investigate complaints but has no funds to provide services. Chore and companion services are used to provide protective services at home to prevent or address abuse, neglect or exploitation, and keep elderly and disabled individuals in their homes. Previous cuts have coincided with significant increases in APS reports (17,140 last year, nearly a 10 percent increase over the previous year). Without home-based services, elderly and disabled individuals will be forced into institutional care at a much higher cost to the Commonwealth. Other purchased services are for emergency protective services including services to meet emergency needs for victims who have to escape dangerous situations.)

Page 305, line 27, after "year", insert "and \$311,777 the second year".

Explanation:

(This amendment provides special funds in the second year from the sale of "Friend of the Chesapeake" license plates for the provision of grants to local elementary, middle, and high schools, soil and water conservation districts, localities, colleges, and non-profit environmental organizations. In total, the Chesapeake Bay Restoration Fund Advisory Committee has recommended the provision of 58 grants for these various organizations, ranging in value from \$1,651 to \$14,000.)

Language:

Page 310, after line 15, insert:

"3. Out of the amounts for this appropriation, the Department of Environmental Quality shall use an amount not to exceed \$3,000,000 from the Water Quality Improvement Fund to conduct the James River chlorophyll study pursuant to the approved Virginia Chesapeake Bay TMDL Phase I Watershed Implementation Plan. This amount shall be used solely for contractual support for (a) water quality monitoring and analysis in an amount not to exceed \$1,000,000 and (b) computer modeling in an amount not to exceed \$2,000,000. No portion of this funding may be used for administrative costs of the department."

Explanation:

(This amendment requires the Department of Environmental Quality to spend up to \$3.0 million of the total \$3.6 million share of the Water Quality Improvement Fund deposit allocated to point sources for the performance of a study of the chlorophyll standard imposed for the James River by the U.S. Environmental Protection Agency (EPA). The U.S. EPA's chlorophyll standard increased the level of nutrient reductions that must be achieved along the James River. Virginia's Watershed Implementation Plan caveats its response to additional measures to reduce nutrient pollution in the James River by a need to further study this chlorophyll standard. Public wastewater treatment plants along the river could be required to achieve additional nutrient reductions as a result of the U.S. EPA's imposition of this chlorophyll standard.)

This amount shall be paid into the Corrections Special Reserve Fund, established in accordance with § 30-19.1:4, Code of Virginia."

Explanation:

(This amendment refines the list of substances involved in the manufacture of methamphetamine. Possession of two or more of these substances, coupled with the intent to manufacture methamphetamine, is punishable as a Class 6 felony with a statutory penalty range of one to five years imprisonment. The proposal adds ammonium nitrate, lithium hydroxide, and lithium salts to the list of prohibited substances; it also substitutes "iodine" for the phrase "iodine crystals or tincture of iodine" and "phosphorus" for "red phosphorus." These changes are intended to capture substances used in new methods of manufacturing methamphetamine and to expand the list to include byproducts of manufacture.)

Item 386 #1h

Public Safety

Department Of Criminal Justice
Services

Language

Language:

Page 331, strike lines 33 through 38, and insert:

"A. The funds appropriated in this item shall be distributed to localities with qualifying police departments, as defined in §§ 9.1-165 through 9.1-172, Code of Virginia (House Bill 599), except that, in accordance with the requirements of § 15.2-1302, Code of Virginia, such funds shall also be distributed to a city without a qualifying police force that was created by the consolidation of a city and a county subsequent to July 1, 2011, pursuant to the provisions of Chapter 35 (§ 15.2-3500 et seq.) of Title 15.2, Code of Virginia. Notwithstanding the provisions of §§ 9.1-165 through 9.1-172, Code of Virginia, the total amount to be distributed to localities shall be \$178,686,119 the first year and \$160,012,837 the second year. The amount to be distributed to each locality in each year shall be proportionate to the amount distributed in fiscal year 2010. The amount to be distributed to such a city created by consolidation shall equal the sum distributed to the city during the year prior to the effective date of the consolidation, as adjusted in proportion to the increase or decrease in the total amount distributed to all localities during the applicable year."

Explanation:

(This amendment would limit the distribution of House Bill 599 funds to a city without a police force that was created by consolidation after July 1, 2011. In addition, it would make it easier for the Department of Criminal Justice Services to calculate the appropriate sum to be distributed. The normal calculation is based on such factors as population, crime rate, and social service case load, which will be difficult to compile for the area of the former City of Covington, because that area will be part of the much larger City of Alleghany Highlands. Instead, the amendment would direct the department to adjust the distribution up or down by the same proportion as changes made to the total amount appropriated by the General Assembly to all localities.)

Page 387, after line 22, insert:

"J. From the amounts provided in this item, \$7,000,000 in the first year and \$10,000,000 in the second year from funds available in this item shall be provided for the following highway improvements related to the BRAC-133 project at the Mark Center in Alexandria, Virginia.

1. Widen the northbound I-395 off-ramp from two to three lanes and provide two through lanes and one right turn lane. Restripe the rotary to provide dual lefts for the northbound to westbound movements and eastbound to northbound movements. Restripe the westbound approach at the I-395 southbound off-ramp intersection to provide two through lanes and one left turn lane.

2. Widen the Seminary Road westbound approach and gore area from the rotary back to the Mark Center Drive intersection from one to two lanes and provide a dedicated right-turn lane into Southern Towers. Restripe the westbound Seminary Road flyover to allow one through lane on Seminary Road and one left-turn lane into Mark Center Drive. Provide a physical separation between the two lanes from the rotary and the left-turn lane at Mark Center Drive.

3. Widen westbound Seminary road to provide a deceleration lane and widen northbound Beauregard Street to provide an acceleration lane for the westbound-to-northbound right-turn lane.

4. Widen the eastbound Seminary Road approach to Mark Center Drive to allow three through lanes.

5. Widen northbound Beauregard Street between Mark Center Drive and Seminary Road to provide a dedicated right-turn lane at the northbound approach to Seminary Road after the direct connect ramp from northbound Beauregard Street to eastbound Seminary Road. Reconfigure the intersection to allow the three-to-two through-lane drop at the new dedicated left-turn lanes. The new dedicated right-turn lane will be signed for Seminary Road eastbound to allow eastbound Seminary Road traffic to avoid the weave condition between the direct-connect ramp exit and Mark Center Drive.

6. Widen eastbound Seminary Road and the southbound I-395 on-ramp by one lane from Mark Center Drive to the ramp meter signal to provide a continuous two-lane ramp from Seminary Road to the ramp meter. Restripe the southbound ramp

Request to Amend House Bill 1500, as Introduced

connection from the rotary to provide a merge into the two-lane ramp from eastbound Seminary Road."

Explanation:

(This amendment directs the Department of Transportation to allocate \$7.0 million in the first year and \$10.0 million in the second year from available highway funds to undertake six projects required to mitigate the impacts related to the BRAC-133 project at Mark Center in Alexandria.)

Chief Patron: Albo

Item 453 #2h

Transportation	FY 10-11	FY 11-12	
Department Of Transportation	\$0	\$23,653,080	NGF

Language:

Page 387, line 24, strike "\$1,389,693,873" and insert "\$1,413,346,953".

Page 388, after line 15, insert:

"G. Included in the amount for this item is \$23,653,080 from nongeneral funds resulting from legislation adopted by the 2011 Session of the General Assembly dedicating one-third of all revenues generated from the insurance license tax to highway maintenance, which will be phased in over three years, beginning in the final six months of fiscal year 2012."

Explanation:

(This amendment provides for the appropriation of \$23.6 million in additional revenues for highway maintenance that would derive from a three-year phase-in whereby an additional one-third of insurance license tax proceeds would be dedicated to transportation, in this case to highway maintenance. Because the legislation would be effective January 1, 2012, revenues would be deposited only in the final six months of the fiscal year. When fully implemented, this would provide an additional \$143.4 million each year for highway maintenance based on the fiscal year 2012 forecast.)

Request to Amend House Bill 1500, as Introduced

"Southeast Fairfax Development Corporation \$0 \$15,000".

Explanation:

(This amendment provides \$15,000 the second year from the general fund for the Southeast Fairfax Development Corporation (SFDC) in Northern Virginia. The requested funding would be used to improve linkages between economic development initiatives and historic tourism for the historic Route 1 Richmond Highway Corridor from the Beltway to Ft. Belvoir. This area is home to a rich array of historic sites and cultural resources, perhaps the most significant cluster in Northern Virginia including Mt Vernon, Woodlawn Estate and Gristmill Distillery, Gunston Hall, the U.S. Army Museum, and the U.S. Marine's Museum. This amendment would allow SFDC to focus a marketing program for residents and visitors. The area is in need of revitalization, and indeed has the potential to thrive once the BRAC movements to Ft. Belvoir are in place. The SFDC has been charged with putting in place the conditions to foster economic development and revitalization, namely, identifying parcels suitable for development and redevelopment, attracting and retaining businesses, marketing the corridor, and improving the image of this critical 7-mile connection between Ft. Belvoir and Alexandria City.)

Item 3-1.01 #4h

Transfers

Interfund Transfers

Language

Language:

Page 458, strike lines 2 through 4 and insert:

"Y. On or before June 30, 2011, the State Comptroller shall transfer \$9,055,000 to the general fund from the Trauma Center Fund contained in the Department of Health's Financial Assistance for Non Profit Emergency Medical Services Organizations and Localities Program (40203). Beginning July 1, 2011, the State Comptroller shall transfer quarterly one-half of the revenue received pursuant to § 8.2-270.01, of the Code of Virginia and consistent with the provisions of § 3-6.03 of this Act, to the general fund in an amount not to exceed \$9,055,000 from the Trauma Center Fund contained in the Department of Health's Financial Assistance for Non Profit Emergency Medical Services Organizations and Localities Program (40203)."

Explanation:

(This amendment eliminates current language providing for a transfer of \$9,055,000 each year to the general fund from the Trauma Center Fund, which is comprised of revenue generated by driver's license reinstatement fees. Instead, language is proposed which would allow for the fiscal year 2011 transfer and modify transfers made in fiscal year 2012 to split the revenue equally between the general fund and the trauma fund capping the general fund amount at \$9,055,000.)

Page 497, after line 21, insert:

"k. TELECOMMUNICATION SERVICES AND DEVICES:

1. The Chief Information Officer and the State Comptroller shall develop statewide requirements over cellular telephones and other telecommunication devices, which should address the assignment, evaluation of need, safeguarding, monitoring, and usage of telecommunication devices. The requirements shall include an acceptable use agreement template that clearly defines an employee's responsibility when they receive and use a telecommunication device. Statewide requirements shall require some form of identification on a device in case it is lost or stolen and procedures to wipe the device clean of all sensitive information when it is no longer in use.

2. Institutions of Higher Education to be exempt from this requirement must develop requirements, which address all of the issues set forth in § 4-5.04 k 1.

3. Agencies that provide employees with telecommunication devices shall develop agency specific policies, which incorporate the guidance provided in § 4-5.04 k 1 and shall maintain a cost justification for the assignment or a public health, welfare and safety need.

4. The Chief Information Officer shall determine the optimal number of telecommunication vendors and plans that are necessary to meet the needs of agency personnel. The Chief Information Officer shall regularly procure these services and provide statewide contracts for use by all agencies. These contracts shall require the vendors provide detailed usage information in a useable electronic format to enable the agencies to properly monitor usage to make informed purchasing decisions and minimize costs. Institutions of higher education shall ensure that their procurements and contracts provide that vendors provide detailed usage information in a useable electronic format to enable the proper monitoring of usage to make informed purchasing decisions and minimize costs.

5. The Chief Information Officer and institutions of higher education shall provide tools to analyze usage and cost data to assist in determining the most cost effective plan combinations for the entity as a whole and individual users."

Request to Amend House Bill 1500, as Introduced

Explanation:

(This amendment requires the Chief Information Officer and State Comptroller to develop state-wide requirements for the issuance of cell phones and other telecommunications devices by state agencies to employees, requires state agencies to develop agency-specific policies governing these devices and to maintain cost justifications for the assignment of such devices to their employees, and requires the Chief Information Officer to determine how many telecommunication vendors should be used, the types of plans that should be offered to meet state agency needs, and to establish a requirement that billings from telecommunication providers be provided in a useable electronic format so that the Commonwealth and state agencies can make decisions to minimize their costs. Colleges and universities exempt from state control are to develop such policies for themselves. This language is a response to the Auditor of Public Accounts audit of telecommunication device usage in the Commonwealth.)
