Page 2, line 27, strike "\$37,450,449,121" and insert "\$37,452,549,121".

Page 2, line 27, strike "\$81,181,715,180" and insert "\$81,183,815,180".

Explanation:

(This amendment increases the general fund revenue by \$2.1 million in the second year resulting from the additional circuit court clerks' excess fees retained by the Commonwealth. Under the proposed budget bill, the Commonwealth would retain two-thirds of the excess fees collected by the circuit court clerks instead of one-third. As a result of this increase in the state's retention, the state's share of the cost of fringe benefits for circuit court clerks will increase. The amount of additional revenue from excess fees included in the introduced budget was net of this increased fringe benefit cost. It should have been the total amount which this amendment accomplishes. A companion amendment to Item 74 for the Compensation Board provides an equal amount in appropriation to cover the additional fringe benefit costs.)

Page 2, line 27, strike "\$81,181,715,180" and insert "\$81,172,645,180".

Explanation:

(This amendment adjusts general fund revenue estimates to reflect newly enacted federal legislation. President Bush signed the Worker, Retiree, and Employer Recovery Act of 2008 into law on December 23, 2008. The provisions of the legislation are all related to required distributions and contributions to retirement plans and accounts. This amendment is necessary because the legislation will impact Virginia revenues.)

Supreme Court

Language

Language:

Page 21, after line 38, insert:

"D. It is the intention of the General Assembly that retiring or resigning district court judges shall be reimbursed for their annual and sick leave balances in a manner consistent with the policies and practices in place as of July 1, 2008."

Explanation:

(This amendment mandates that the Judicial Department continue the policy of reimbursing district court judges their leave balances at the time they retire or resign. The Supreme Courts budget reduction plan included in the introduced budget assumes savings of \$147,250 the first year and \$294,500 the second year from this proposal. It is assumed that these savings can be replaced through other savings actions within the Judicial Department. Additional savings of approximately \$500,000 maybe realized by extending the hiring delay for vacant positions from 90 to 120 days.)

When Virginia receives a waiver from the United States Department of Education from NCLB or when the General Assembly, the Governor concurring, withdraws from NCLB , the available federal funds previously allocated to fund NCLB in Virginia and with the U.S. Department of Education's approval, shall be directed to the following initiatives: a) provide the necessary funding to school divisions that would raise teacher's salaries to the national average; school divisions will not be required to provide any local matching funds; b) with any remaining fund balances, an amount up to or equal to \$50 million will be provided for the expressed purpose of offering Tuition Assistance Grants (TAGs) to Virginia accredited private schools on behalf of those parents who apply for such grants from the Department of Education, the amount of the tuition assistance grants (TAGs) will be determined by the revenues available and the total number of parents applying to for such grant up to a maximum amount of \$5,000 annually per child. Eligible children shall be from households with annual income below 250 percent of the federal free and reduced lunch program requirements for school aged children; c) that \$8 million will be used as additional funding to reimburse school divisions for meals served to students eligible for free and reduced lunch; d) all remaining fund balances shall be directed to the Literary Fund for the sole purpose of providing school construction loans."

"11. In recognition of Albemarle County and the City of Charlottesville being in an active annexation and revenue sharing agreement that requires a revenue transfer from Albemarle to Charlottesville, with a maximum transfer amount capped at ten percent of the applicable real estate tax base year for Albemarle, Albemarle shall have an equal percentage amount excluded from the local true property value total amount used in calculating Albemarle's composite index for the 2008-2010 biennium. For the purposes of the composite index updates for the 2008-2010 biennium, Albemarle's true property value shall be reduced by ten percent from \$15,464,818,659 to \$13,918,336,793."

Explanation:

(This amendment saves a net of \$123,711 the second year from the general fund by adjusting the composite index funding formula methodology for Albemarle County. The proposed methodology change incorporates the annexation and revenue sharing agreement that currently require revenues to be transferred from Albemarle to Charlottesville. The agreement, approved by voter referendum in 1982, resulted in Albemarle transferring a calculated amount to Charlottesville each year that is based on a composite of both localities' population, tax rates, and real estate values. In exchange of the payment, the City of Charlottesville agreed not to annex any additional land from the Albemarle County. This amendment provides a state revenue increase to Albemarle equal to \$2.9 million the second year from the general fund by adjusting the composite index funding formula methodology of Albemarle County. The remaining 135 school divisions collectively will have their state revenues reduced by \$3.0 million the second year. During fiscal year 2008, both Albemarle and Charlottesville received \$2.5 million each from "599 Funding".)

This treasury loan shall be repaid from the proceeds collected from the offsets of federal income taxes collected on behalf of localities by the Department of Taxation."

Explanation:

(This amendment provides for the provision of a treasury loan to the Department of Taxation to modify its computer systems so that the agency may begin the collection of delinquent local taxes from offsets of federal income tax refunds. This treasury loan is to be extended only upon adoption of federal legislation permitting the use of federal income tax refund offsets for satisfying outstanding local taxes.)

Page 324, line 55, strike "222,714,872" and insert "219,564,872".

Explanation:

(This amendment restores \$8.3 million to the general fund and \$3.9 million in matching federal funds and adds language in the Department of Medical Assistance Services for Medicaid reimbursement for care provided to residents of the Southeastern Virginia Training Center. The introduced budget had reduced Medicaid funding to reflect the closure of SEVTC, and diverted \$4.1 million to transfer 120 residents to community care and transfer 55 residents to other training centers. A companion amendment in the Department of Mental Health, Mental Retardation and Substance Abuse Services restores budget language for SEVTC to provide for its continued operation.)

| Health And Human Resources | FY 08-09 | FY 09-10 | |

Page 324, line 2, strike "\$5,933,087,351" and insert "\$5,944,787,351".

Page 339, line 7, strike "2010" and insert "2009".

Explanation:

(This amendment provides \$5.9 million from the general fund and an equal amount of federal Medicaid matching funds the second year to remove the fiscal year 2010 component of a two-year reduction in the inflation rate provided to nursing facilities implemented on July 1, 2008. This reduction was intended to cap the nursing facility Medicaid inflation update to no more than two percent. For ease of administration, language implementing the inflation cap required the Department of Medical Assistance Services to reduce direct and indirect care payment rates by 1.329 percent below the normally calculated rates. The state fiscal year 2010 component of this reduction (\$11.7 million in total funds) is inconsistent with the language contained in the introduced budget which eliminates the entire inflation update for nursing facilities and effectively represents a double cut to Medicaid payments for nursing facilities.)

Page 343, line 19, strike "TTT" and insert "SSS".

Page 343, line 36, strike "UUU" and insert "TTT".

Explanation:

(This amendment restores \$9.2 million the second year from the general fund and \$9.2 million in federal matching Medicaid funds and eliminates language which would have changed the method of calculating the cost effectiveness of Medicaid home and community-based waiver services. The introduced budget proposes an individual cost basis for waivers in which an individual's cost under the waiver cannot exceed the average cost of institutional care. Currently, the waivers operate on an aggregate cost basis in which the cost for an individual can exceed the average

cost of institutional care as long as the average cost of a waiver for all individuals in that waiver, in aggregate, does not exceed the average institutional cost. Implementation of an individual cap on waiver services places individuals with significant disabilities at risk of unnecessary and unwanted institutionalization, at a time when the Commonwealth's stated goal is to strengthen Virginia's community-based system of support.)

Language:

Page 324, line 2, strike "\$5,933,087,351" and insert "\$5,934,116,351".

Explanation:

(This amendment provides a \$514,500 from the general fund and a like amount of federal Medicaid matching funds in the second year to increase the reimbursement rate for adult day health care during the last quarter of the 2008-10 biennium. Adult day health care is much less expensive than alternative care in a nursing facility for which these clients qualify. Providers of adult day health care report a gap of \$18.13 per client on average between actual costs and Medicaid reimbursement, which must be made up through contributions from individuals, churches, corporations, and foundations. This amendment will increase the statewide rate paid for Medicaid adult day health care services from \$50.61/day to about \$60.00/day in Northern Virginia and from \$46.11/day to about \$56.00/day in the rest of the state. With the increase, providers will continue to need to leverage private dollars to meet projected costs.)

Page 341, strike lines 1 through 18 and insert:

“III.1. The Department of Medical Assistance Services shall seek federal approval for the necessary changes to the 1915(c) home and community-based waiver, known as the Elderly or Disabled with Consumer Direction (EDCD) program, to cap the enrollment at 15,250 slots for a 12-month period from July 1, 2009 until June 30, 2010.

2. By May 31, 2009, and on an ongoing basis, the department shall review EDCD waiver participants and take steps to terminate waiver enrollment for any enrollee who has not actually utilized waiver services during the previous thirty days, without good cause. After consultation with stakeholder groups and other interested parties regarding policies related to a waiting list, the department shall develop, implement and maintain a statewide waiting list. Criteria for the waiting list shall include the following provisions: (i) current and potential enrollees in the Virginia Acute and Long Term Care Integration and Money Follows the Person programs and eligible persons leaving acute, institutional or rehabilitative care settings are a priority and will automatically receive a slot; (ii) eligible persons without caregivers will be given priority placement on the waiting list; and (iii) all other eligible individuals will be enrolled in the EDCD waiver as slots are available on a first-come-first-served basis statewide. The department shall have the authority to implement this change effective July 1, 2009, and prior to the completion of any regulatory process undertaken in order to effect such change. The department shall have emergency regulatory authority to implement this change.”

Explanation:

(This amendment modifies language in the introduced budget which caps enrollment in the Medicaid Elderly or Disabled with Consumer Direction (EDCD) waiver program beginning July 1, 2009. Language is changed to clarify that the cap is in effect only until June 30, 2010 and is not expected to be permanent. Language also requires the department to purge the EDCD rolls of individuals who are not actually receiving services unless they have a good cause for not receiving services such as the inability to secure service providers. The language includes provisions

related to the development and management of the waiting list, which would be designed with input from stakeholders and interested parties, the priority of certain individuals to receive a slot, and the management of a statewide waiting list.)

Health And Human Resources

Department Of Medical Assistance
Services

Language

Language:

Page 343, after line 50, insert:

"VVV. The Department of Medical Assistance Services, in cooperation with personal care providers, consumers and families, shall review the current requirements that personal care procured through agency providers be provided by individuals who meet minimum qualifications as a certified nursing assistant (CNA). As part of the review, the department shall examine the feasibility of having case managers certify whether a consumer requires this minimum level of nursing care or can be supported by an individual employed by an agency provider that is not a CNA, but who can provide support with activities of daily living such as transferring, bathing, dressing, and eating in order to safely maintain the consumer in the community. The department shall report the results of this review to the Joint Commission on Health Care by September 1, 2009."

Explanation:

(This amendment requires the department to review current staffing requirements for agency directed personal care to determine whether these requirements can be relaxed for individuals who need support with activities of daily living but who do not need basic nursing care.)

Health And Human Resources

Department Of Medical Assistance
Services

Language

Language:

Page 347, after line 48, insert:

"I. Any unbudgeted amount of general fund savings which may result from the increase in the federal matching assistance percentage (FMAP) of the Medicaid expenditures shall be used to restore funding specifically identified as budget reduction strategies in the 2009 Executive Budget Document and which appear in House Document No. 1 in Item 306 (Medicaid Program Services) or Item 316 in the Department of Mental Health, Mental Retardation and Substance Abuse Services (Grants to Localities).

Priority should be given to those items which limit access to services by reducing provider rates, delaying payment, eliminating home- and community-based services waiver slots or capping enrollment, converting the actual cost of waiver services comparison which is required for 1915 (c) waivers to an individual cost rather than an average cost of waiver participants."

Explanation:

(This amendment adds language directing that any unbudgeted federal Medicaid relief received as an increase in the federal match rate for Medicaid be used to restore cuts contained in the introduced budget and described in the 2009 Executive Budget Document in the Department of Medicaid Assistance Services related to the the provision of Medicaid services or Medicaid provider reimbursements, or cuts in funding for Community Services Boards and community based services in the Department of Mental Health, Mental Retardation and Substance Abuse Services.)

Health And Human Resources

Department Of Medical Assistance
Services

Language

Language:

Page 346, line 20, strike "The forecast shall include".
Page 346, strike lines 21 through 27.

Explanation:

(This amendment deletes language contained in the introduced budget which changes existing policy to include inflationary changes, rebasing or other cost adjustments required by law or regulation in the forecast of Medicaid utilization and enrollment. Under Virginia law, certain Medicaid providers, including nursing facilities and hospitals are entitled to yearly inflation adjustments. The policy change in the introduced budget prevents transparency in budgeting and ignores the legal obligation of the Commonwealth.)

"DD.1. Out of this appropriation, \$250,000 the second year is provided to the Health Planning Region (HPR) 5 fiscal agent to plan, develop and implement transitional mental health services to qualified individuals discharged from the Eastern State Hospital.

2. The Department of Mental Health, Mental Retardation and Substance Abuse Services shall lease the existing buildings and associated grounds corresponding to Buildings 24 and 25 at Eastern State Hospital to the Community Services Boards of HPR 5 for the purpose of providing transitional mental health services to those qualified individuals discharged from the Eastern State Hospital. The Colonial Services Board will act as the lead agency and fiscal agent for the region for purposes of this project. The property shall be leased to the Colonial Services Board on behalf of the region for a total charge of \$1.00 per year for a period of 25 years. In the event that the region is unable to develop sufficient services or supports to operate regional programs in Buildings 24 and 25 by June 30, 2010, the Department shall continue to operate state hospital services from those properties until such time as a workable and funded program is in place to transition care of Eastern State Hospital residents to community-based settings.

3. The Department shall support the region in the development of programs and services on the leased property, including physical plant renovation and maintenance, supportive services such as food service, etc., implementation of financial strategies for support of program services and infrastructure, and in gaining cooperation from other state agencies as needed.

4. The HPR 5 Community Services Boards shall involve local and regional partners, including local governments, in the planning and development of these programs and services."

Explanation:

(This amendment adds language requiring the Department of Mental Health, Mental Retardation and Substance Abuse Services to lease two buildings at Eastern State Hospital to Community Services Boards in Health Planning Region 5 to develop and operate transitional mental health services to individuals discharged from Eastern State Hospital. The amendment provides \$250,000 from the general fund to assist the CSBs in the HPR 5 in planning and implementing the services. The Department is required to provide supportive capital and operating services for the programs and services.)

Page 355, line 36, after delete "2009" and insert:

"2010 under the following conditions: (i) all individuals residing in the facility have been assessed and service plans have been completed, (ii) community case managers have been assigned and appropriate community facilities and services have been identified in Health Planning District 5 (Hampton Roads) to serve individuals to be discharged into community placements, and (iii) community facilities have an adequate workforce to meet the needs of individuals to be discharged from the facility."

Page 355, line 50, after "team", insert:

"The planning team shall give priority to developing an infrastructure of community facilities to be located throughout Hampton Roads. Consideration shall be given to developing community facilities in the most cost effective and efficient manner by assessing state-owned and locality-owned property and buildings for potential reuse and/or conversion, including the property formerly occupied by the Hampton School for the Deaf and Blind, and potential clustering of housing to achieve economies of scale."

Page 355, line 53, strike "2009" and insert "2010".

Page 355, line 58, strike "April 1, 2009" and insert "September 1, 2009".

Page 355, line 60, strike "September 1, 2009" and insert "June 30, 2010".

Explanation:

(This amendment delays the closure of Southeastern Virginia Training Center until the end of fiscal year 2010 on the condition that individuals residing in the facility have been assessed and plans of care have been developed for them, and adequate and appropriate facilities, services and workforce are in place to meet the needs of the residents to be discharged into the community. Language is also added to ensure that priority is given to developing a community infrastructure that is located throughout the Hampton Roads region and that it is developed in a cost effective manner. Finally, deadlines for an initial and final report on the plan and discharge of the facility residents have been modified to reflect a delayed closure date for the facility.)

Explanation:

(This amendment provides additional funding of \$2.7 million from the general fund in the first year to cover the projected shortfall of acute, inpatient services funded through the Local Inpatient Purchase of Services (LIPOS) in each of the seven mental health partnership regions. Funding covers the cost of diverting consumers who are indigent from state hospitals to acute inpatient services in private hospitals. These funds are rigorously managed by regional clinical utilization and authorization teams who work with willing private hospitals who have agree to use the regional protocol for utilization and authorization. In fiscal year 2009, LIPOS funding will divert more than 3,784 consumers from state hospital admissions to shorter lengths of stay in communities.)

Explanation:

(This amendment adds \$250,000 the second year from the general fund to supplement funding from the federal Community Mental Health Services Block Grant for the Older Adults Facilities Mental Health Support Program (RAFT) which began in 2007 as a part of the state mental health hospital discharge and diversion program. Since its inception, costs of care have increased in assisted living. Without this additional funding, only 13 of the 20 geriatric individuals originally projected to be served through assisted living will receive assistance. The program has successfully moved six individuals into local assisted living facilities and nursing homes to date with the placement of the remaining clients (20 in nursing homes plus 13 in assisted living) to be achieved by the end of fiscal year 2009. The program is saving institutional costs and promoting quality care for older adults with mental illness in the least restrictive environment.)

Page 370, line 47, strike "\$96,757,816" and insert "\$101,769,996".

Explanation:

(This amendment provides \$80,460 the first year and \$5,012,180 the second year to address the waiting list for vocational rehabilitation services. The Department of Rehabilitative Services (DRS) vocational rehabilitation program has been under an order of selection since July 2004. The federal Rehabilitation Act mandates an order of selection or "waiting list" when there are insufficient funds to serve all eligible individuals seeking services. Individuals are placed in one of four categories ranging from the least disabled to the most significantly disabled (MSD) with priority given to serving those most significantly disabled first. Due to insufficient funds, DRS was forced to close the last remaining service category (MSD) on November 15, 2008 and will not be accepting any new individuals for service until next fiscal year. This amendment provides funding to re-open the MSD service category this fiscal year and keep it open in fiscal year 2010.)

“L. Out of this appropriation, \$850,000 the second year from the general fund is provided to the Virginia Assistive Technology Network to provide reused assistive technology devices to Virginians with disabilities who are uninsured or underinsured.”

Explanation:

(This amendment adds \$850,000 the second year from the general fund to provide reused assistive devices to Virginians with disabilities to improve independence, productive living and quality of life. In fiscal year 2008, 2,645 Virginians who were uninsured or whose insurance would not provide access to needed medical equipment received reused assistive technology devices and durable medical equipment. These devices would normally be discarded or abandoned. The Virginia Assistive Technology Network program is currently federally funded but this funding ends October 2009 and the program will cease without additional state funding.)

"P. Out of the amounts for this item, \$2,400,000 in the second year from the Temporary Assistance to Needy Families block grant shall be provided to the Department of Housing and Community Development to implement a pilot project for a rental assistance program."

Explanation:

(This amendment provides \$2.4 million in the second year from the federal TANF block grant for a rental assistance pilot project that would be created under the Department of Housing and Community Development through its existing Homeless Intervention Program sites, minimizing administrative costs and ensuring that funds go directly to families and individuals in need. The purpose of the pilot project is to temporarily fill the gap between family income and the cost of housing for very low income working families, with priority given to families leaving welfare for work and working families and individuals unable to leave shelters due to the difference between their housing budget and area rents. It is estimated that 375 families could be served in the first year of the pilot project. The project would include the requirement for biannual reports from the participating localities in order to evaluate the effectiveness of the program, as well as a final report to the Governor and the Housing Commission on the effectiveness of the pilot project.)

“For those jurisdictions that, when applying such criteria, achieve a high priority ranking for increased state reimbursement, yet initiate local funding actions to address critical space needs or to consolidate human services, they shall nevertheless retain their rankings on the prioritized list of projects for increased state reimbursement for renovating existing space, relocating or constructing new space.”

Explanation:

(This amendment adds language related to the assessment of funding requests for space needs among local departments of social services by the state Department of Social Services. Due to the lack of or reduced funding for state reimbursements and the critical needs for delivery of social services, some localities with high priority rankings for greater reimbursement to improve local office space have been forced to make critical renovations, acquire new space or to consolidate human services buildings. Doing so has penalized these jurisdictions because once they have made space improvements, they lose priority for increased state reimbursement for the increased cost of their local space. This amendment assures that these localities retain their rankings for obtaining additional state reimbursement if it becomes available.)

Public Safety

Department Of Corrections

Language

Language:

Page 429, after line 14, insert:

"H. In order to equitably reimburse local governments for the costs of managing local and regional jail projects, the Board of Corrections shall amend Standard 2.9.K.3.e of the Standards for Planning, Design, Construction, and Reimbursement of Local Correctional Facilities to provide for the reimbursement of the state share of the salaries and fringe benefit costs of local government employees whose sole responsibility is the oversight or management of capital construction projects by June 30, 2010. Such costs shall be reimbursable in the same manner as other eligible costs authorized by the Board of Corrections for such local or regional jail project. The amended language shall be retroactive to all local and regional jail projects that were completed on or after July 1, 2008."

Explanation:

(This amendment requires the Board of Corrections to adopt regulatory changes requiring the Commonwealth to pay for portions of local government employee salaries and fringe benefits if those employees jobs involve oversight or management of capital outlay projects. The portion of these local employee salary and fringe benefits would equal the percentage reimbursement associated with the local or regional jail project. The language further states that this required regulatory change is to be retroactive to jail projects constructed since July 1, 2008.)

| Virginia Information Technologies Agency | \$0 | \$163,145 | GF |

Language:

Page 473, line 8, strike "\$510,731" and insert "\$347,586".

Explanation:

(This amendment reverses a general fund reduction to VITA associated with a proposed consolidation of VITA and the Virginia Enterprise Applications Program (VEAP) Office, an action that a companion amendment seeks to eliminate. House Bill 1600, as introduced by the Governor, makes the VEAP director, as Deputy Chief Information Officer (CIO), responsible to the Governor for many IT governance activities while functioning as a manager within VITA. Productivity enhancements and efficiencies might result from such a merger; however, as proposed the authority and accountability of the Governor, the Information Technology Investment Board, the Secretary of Technology, the CIO and Deputy CIO are ill defined and potentially contradictory. Nor are there consolidation savings prompting the immediate adoption of a combined VITA/VEAP model. As JLARC is currently evaluating VITA – and considering VEAP’s future as well – the Commission’s findings and recommendations later this year are expected to yield a more well-thought-out approach to further IT consolidation, if that is an effective solution.)

Page 540, after line 37, insert:

"Epilepsy Foundation of Virginia \$0 \$100,000".

Explanation:

(This amendment provides \$100,000 the second year from the general fund to the Epilepsy Foundation of Virginia. The Epilepsy Foundation of Virginia operates programs to (i) educate and provide individuals with epilepsy with information on how to handle and manage the disorder, (ii) educate the public about the disorder and what should and should not be done if an individual has a seizure, (iii) provide one time emergency medication assistance, (iv) promote medication compliance, (v) train employers in worker accommodations, (vi) provide education for school children, and (vii) prevent epilepsy from traumatic brain injury. Because the medical costs of epilepsy are extremely high, it is cost effective to assist individuals with the disorder in learning how to avoid costly hospitalization with proper management of the disorder. It is estimated that added funding of \$100,000 per year over a three-year period would achieve savings of \$15.4 million in economic costs per year.)

“The Director, Department of Planning and Budget is authorized to transfer up to \$7,200,000 from the Blanket Property Acquisition Project authorized in Chapter 1, 2008 Acts of the Assembly, Special Session 1 to supplement this item. With this transfer, the total cost of the project is \$23,025,000.”

Page 548, strike lines 14 through 17.

Explanation:

(This amendment authorizes the Department of General Services to use funds from the Blanket Property Acquisition Project in Chapter 1, 2008 Acts of the Assembly, Special Session I, to supplement construction of the 1,000 vehicle parking deck. The new parking structure will provide the needed parking capacity for state employees housed in the Main Street Centre and other state-owned and occupied buildings in the vicinity. This additional state owned parking is the most cost effective strategy to address the expected state employee parking needs over the long-term and is an essential component of the Department of General Services' (DGS) goal of providing cost effective parking in the Richmond Central Business District close to state owned and occupied buildings.)

"1. Subject to the provisions of this act, the General Assembly authorizes the University of Mary Washington to enter into a written agreement or agreements with the University of Mary Washington Real Estate Foundation (UMWREF) to support student housing projects and/or operational-related facilities through alternative financing agreements including public-private partnerships.

2. The University of Mary Washington is further authorized to enter into written agreements with UMWREF to support such student housing facilities; the support may include agreements to (i) include the student housing facilities in the University's students housing inventory; (ii) manage the operation and maintenance of the facilities, including collection of rental fees if those students occupied University-owned housing; (iii) assign students to the facilities in preference to other University-owned facilities; (iv) seek to obtain police power over the student housing as provided by law; and (v) otherwise support the students housing facilities consistent with law, provided that the University's obligation under any documents or other instruments constituting or securing bonds or other indebtedness of the University or the Commonwealth of Virginia.

3. The General Assembly further authorizes the University of Mary Washington to enter into a written agreement with a public or private entity to design, construct, and finance a facility or facilities to provide additional student housing and/or operational-related facilities. The facility or facilities may or may not be located on property owned by the Commonwealth. The University of Mary Washington is also authorized to enter into a written agreement with the public or private entity to lease all or a portion of the facilities. The State Treasurer is authorized to make Treasury loans to provide interim financing for planning, construction and other costs of any of the projects. Revenues bonds issued by or for UMWREF will provide construction and/or permanent financing.

4. The University of Mary Washington is further authorized to convey parcels of land to the UMWREF, which will develop the land for the purpose of establishing

residential housing for students and/or faculty and staff, office, retail, and other commercial land uses in accordance with the University's approved Master Plan."

"C-93.10.

1. Virginia State University is authorized to enter into a long-term lease or other written agreements with the Virginia State University Real Estate Foundation (VSUREF) for the development, design, construction, and financing of the new Campus Dining Facility. The University currently has one dining facility, Jones Dining Hall. Due to the predicted steady increase in student enrollment, construction of a new dining facility is required to meet the dining needs of the students, faculty, staff, and campus visitors. To provide a logical balance in distance from the present Jones Dining Hall, the new Campus Dining Facility will be located in the proximity of the Student Village and the proposed Campus Gateway Housing Complex. VSUREF will develop this dining facility to be an integral part of and in support of the Virginia State University dining system needs.

2. Virginia State University, with approval from the Governor, is further authorized to enter into written agreements with a public or private entity to support such a dining facility. The support may include agreements to (i) manage the operation and maintenance of the facility, including collection of dining fees and (ii) otherwise support the dining facility consistent with law, provided that the University shall not be required to take any action that would constitute a breach of the University's obligations under any documents or other instruments constituting or securing bonds or other indebtedness of the University or the Commonwealth of Virginia.

3. Virginia State University is authorized to enter into a long-term lease or other written agreements with the Virginia State University Real Estate Foundation (VSUREF) for the development, design, construction, and financing of the Campus Gateway Housing Complex, which is approved as part of the Virginia State University Housing Master Plan Phase I, with a size modification. Current housing needs have forced Virginia State University to a) expand upon the initial size and scope of the Campus Gateway Housing Complex and b) reduce the construction time frame of the new residential housing facility. The Campus Gateway Housing Complex will be constructed on the northeast approach to campus and will provide an aesthetic enhancement to the most widely used campus entrance. The Campus

Gateway Housing Complex, with the increase in size, will be a 500-bed housing complex that will provide suite-style living quarters for Virginia State University students. VSUREF will develop this housing complex to be an integral part of the Virginia State University housing system, in support of the University's housing needs.

4. Virginia State University, with approval from the Governor, is further authorized to enter into written agreements with a public or private entity to support such a housing complex. The support may include agreements to (i) manage the operation and maintenance of the facility, including collection of rental fees and (ii) otherwise support the housing complex consistent with law, provided that the University shall not be required to take any action that would constitute a breach of the University's obligations under any documents or other instruments constituting or securing bonds or other indebtedness of the University or the Commonwealth of Virginia.sw"

Working Capital Funds and Lines of Credit

Lines of Credit

Language

Language:

Page 614, after line 3, insert:

“f. The State Comptroller, in conjunction with the Director, Department of Historic Resources, is authorized to provide a line of credit in the amount of \$18,000,000 to Center in the Square, located in Roanoke, for use in the historic rehabilitation of the historic warehouse in which the Center in the Square and its beneficiary organizations are located. This line of credit shall be extended for the rehabilitation of the facility only to the extent that the Center in the Square has received commitments for the transfer of federal, state, and New Market tax credits and any credit extended to Center in the Square shall be repaid with interest.”

Explanation:

(This amendment extends a line of credit to the Center in the Square, located in Roanoke. Center in the Square is a complex of cultural organizations housed in a historic 1914 feed and seed warehouse. Center in the Square is in the process of a historic rehabilitation of this warehouse, which is eligible for federal, state, and New Market tax credits. The language specifies that the line of credit will only be extended to the Center in the Square to the extent the center has received commitments from outside investors for its tax credits. Any extension of the line of credit must be repaid with interest.)

Adjustments and Modifications to Tax Collections

Disposition of Excess Fees Collected by Clerks of the Circuit Courts Language

Language:

Page 620, strike lines 37 through 40.

Explanation:

(This amendment deletes language included in the introduced budget to modify the distribution of excess fees collected by the Clerks of Circuit Courts. The language included in the introduced budget increased the Commonwealth's share of these funds from 1/3 to 2/3s. The budget assumed \$6.0 million in additional revenues in the second year as a result of the proposed change.)

Adjustments and Modifications to Tax Collections

Disposition of Excess Fees Collected by Clerks of the Circuit Courts Language

Language:

Page 620, line 39, strike "two-thirds and insert "one-half".

Explanation:

(This amendment amends language included in the introduced budget to modify the distribution of excess fees collected by the Clerks of Circuit Courts. The language included in the introduced budget increased the Commonwealth's share of these funds from 1/3 to 2/3s. This amendment sets the state share at 50 percent. This proposal would decrease the net revenue increase from \$6.0 million to \$3.0 million in the second year.)

Adjustments and Modifications to Tax Collections

Disposition of Excess Fees Collected by Clerks of the Circuit Courts Language

Language:

Page 620, strike lines 37 through 40.

Explanation:

(This amendment deletes language included in the introduced budget to modify the distribution of excess fees collected by the Clerks of Circuit Courts. The language included in the introduced budget increased the Commonwealth's share of these funds from 1/3 to 2/3s. The budget assumed \$6.0 million in additional revenues in the second year as a result of the proposed change. A companion amendment within Item 475.20 assumes a \$6.0 million decrease in aid to localities replace the loss in revenue from this amendment.)
