**Explanation:**

(This amendment clarifies that out-of-pocket medical expenditures that count toward Medicaid eligibility for nursing facility services or that Medicaid recipients contribute toward their cost of care in a nursing facility are recognized as the highest amount paid by either Medicare or Medicaid for reimbursement of those services. Currently, Medicaid eligible nursing facility residents may keep \$30 of their monthly income as a personal needs allowance, for miscellaneous personal expenses. The rest of their income is paid to the nursing facility towards the cost of their care. When nursing facility residents have expenses for medical services which are not covered by Medicaid, they are allowed to use additional amounts of their income to cover those expenses. The introduced budget allows the Department to recognize these expenses as the amount that Medicaid would have paid for the services instead of the gross charge for these services.)

The Department of Medical Assistance Services shall have authority to enact emergency regulations under § 2.2-4011 of the Administrative Process Act to effect this provision, if needed."

**Explanation:**

(This amendment implements the funding for the Protecting Access to Healthcare (PATH) program contained in Item 323.10 by transferring the funding to this item along with the general fund appropriation for the Indigent Health Care Trust Fund in order to restore a portion of the total funds reduced in the introduced budget to nursing facilities, inpatient hospitals, managed care health plans, pharmacies, and durable medical equipment providers. Nursing facilities would receive full restoration

of the inflation adjustment on direct and indirect care rates in fiscal year 2004. The restoration of funds to inpatient hospitals would correct reductions in the introduced budget, related to the rebasing of hospital rates in FY 2003. Health plans would receive a portion of the funds reduced in the introduced budget. Pharmacies would have dispensing fees reduced from \$4.25 to \$3.75 per prescription instead of \$3.25 per prescription proposed in the introduced budget. Durable medical equipment providers would also receive a portion of the funds reduced in the introduced budget. A companion amendment in Item 326 clarifies that once the general funds used to match hospital contributions for the Indigent Health Care Trust Fund are transferred, the trust fund program will be suspended.)

**Explanation:**

(This amendment requires that a preferred drug list be designed so that patients have prompt access to therapies, and that patients, doctors and pharmacies thoroughly understand how the system works. For patients with complex or sensitive medication regimes, switching therapies could result in costly complications that could erase pharmacy cost savings. The OIG findings and any recommendations for improving patient care shall be submitted annually to the Commissioner and the Secretary of Health and Human Resources."

**Explanation:**

(This amendment clarifies language in the introduced budget regarding the

reinvestment of facility funds into community mental health, mental retardation and substance abuse services. Language is added to ensure adequate funding is available in the future from the Commonwealth to continue support for these community-based services. Language requires the Commissioner of Mental Health, Mental Retardation and Substance Abuse Services to provide information to the Governor and the General Assembly on the cost of these services and to evaluate the results. Renovate Bell Tower	\$ 300,000
Renovate Washington Monument	<u>\$ 210,000</u>
GRAND TOTAL	<u>\$ 125,052,000</u>

B. The Virginia Public Building Authority is also authorized to exercise any and all powers granted to it by law in connection therewith, including the power to finance the cost thereof by the issuance of revenue bonds not to exceed the principal amount set forth plus amounts needed to fund issuance costs, reserve funds, original issue discount, interest prior to or during improvement and for up to one year after

completion of the improvement, and other financing expenses.

C.1. Notwithstanding the foregoing, the Virginia Public Building Authority shall not take any action in regard to the acquisition of fixtures and furnishings for the Capitol Building, renovation of the Finance Building, and renovation of the Washington Building projects included in paragraph A, including the issuance of bonds, except as provided in this section.

2. The Governor shall prepare and release a plan to the chairmen of the Senate Finance Committee and House Appropriations Committee on or before December 1, 2003, providing alternatives to the issuance of bonds for completing the renovations included in paragraph A. for the Finance Building and Washington Building projects. Such alternatives shall include detailed information on the feasibility of entering into public-private partnerships for completing such renovations, including, but not limited to, entering into a comprehensive agreement with a private entity for the completion of such renovations pursuant to The Public-Private Education Facilities and Infrastructure Act of 2002 (§ 56-575.1 et seq. of the Code of Virginia). In addition, the plan shall identify the proposed tenants of each of the Finance and Washington Buildings, respectively, who will be occupying office space in such buildings immediately after completion of such renovations. The Governor's plan shall also provide alternatives to the issuance of bonds for the acquisition of fixtures and furnishings for the Capitol Building project included in paragraph A, which may include plans to finance the acquisition of such fixtures and furnishings through private donations or other means of fundraising. In no case shall any action be taken in regard to the acquisition of fixtures and furnishings for the Capitol Building, renovation of the Finance Building, and renovation of the Washington Building projects included in paragraph A prior to December 31, 2003.

3. The Department of General Services shall provide written notice to the Virginia Public Building Authority no later than March 31, 2004, identifying the renovations, and the expected costs thereof, for the renovations included in paragraph A for the Finance Building and Washington Building projects that will be undertaken and completed by entities other than the Authority (in accordance with the Governor's plan provided herein), including, but not limited to, renovations to be completed pursuant to a comprehensive agreement with a private entity under the provisions of The Public-Private Education Facilities and Infrastructure Act of 2002. Upon receipt of such notice, the Virginia Public Building Authority shall undertake and complete, and may issue bonds to finance, the costs of all other renovations for the Finance Building and Washington Building projects included in paragraph A.

4. The Department of General Services shall provide written notice to the Virginia Public Building Authority no later than March 31, 2005, identifying the fixtures and

furnishings, and the expected costs thereof, included in paragraph A for the fixtures and furnishings for the Capitol Building project that will be acquired using funds from private donations or other means of fundraising, in accordance with the Governor's plan. Upon receipt of such notice, the Virginia Public Building Authority shall undertake to acquire, and may issue bonds for purposes thereof, all other fixtures and furnishings for the fixtures and furnishings for the Capitol Building project included in paragraph A.

D. Any funds raised from private donations or other fundraising for purposes of acquiring fixtures and furnishings for the Capitol Building project may be used for such purposes by the Department of General Services after December 31, 2003."

**Explanation:**

(This amendment appropriates up to \$125,052,000 for the renovation of historic structures within Capitol Square. The Virginia Public Building Authority is authorized to issue bonds to cover the cost of these projects provided; however, that the Department of General Services shall first attempt to: 1) address the renovation of the Washington Building and the Old Finance Building through a public-private partnership, and 2) provide private funds for the fixtures and furnishings required for renovation of the capitol.)
