**Explanation:**

(This amendment creates a "sum sufficient" appropriation for the Supreme Court of Virginia's Courts Technology Fund. This special non-reverting fund is to be administered by the Supreme Court of Virginia to update, maintain and support the telecommunications and technology systems of the judicial system. The revenue for the fund is derived from a portions of the sums collected pursuant to §§ 16.1-69.48:2, 17.1-275, 17.1-328, and 17.1-418, Code of Virginia as specified in each section.)

Page 29, line 6, strike "\$6,120,000" and insert "\$8,802,747".

**Explanation:**

(This amendment requests general funds to increase the salaries and provide retirement benefits for staff at the Legal Services Corporation of Virginia (LSCV). The funding would enable the LSCV to increase its starting salary for attorneys from \$35,000 to \$48,000, the same starting salary offered for public defender's offices, and to provide a similar percentage increase to current staff. The estimated cost of the salary adjustment is \$1,863,807 general fund each year of the biennium. In addition, the amendment requests funding of \$818,940 in general funds each year to provide a six percent employer contribution for a privately managed retirement fund. The LSCV is now preparing to contract with a privately managed retirement fund to provide a 403(b) plan for legal aid employees.)

Page 42, line 39, strike "\$428,128,258" and insert "\$436,764,165".

**Explanation:**

(This amendment provides funding for 244 additional deputy sheriffs and regional jail officers to provide one additional correctional officer in a jail for every five inmates being housed above its operational capacity. The amendment targets the 13 local and regional jails that are the most severely overcrowded, meaning facilities having inmate populations greater than 100 percent more than their rated capacity for each of the last six months. A companion amendment provides the positions necessary for this funding.)

"7. The provisions of paragraph H.1. shall not apply to any inmate populations housed in local or regional jails pursuant to an agreement entered into after July 1, 2008, with U.S. Immigration and Customs Enforcement for the housing of inmates identified by U.S. Immigration and Customs Enforcement as illegally present in the United States, or otherwise removable, and identified in the Local Inmate Data System as (a) born in another country, (b) a citizen of another country, or (c) for whom this information is unknown."

**Explanation:**

(This amendment permits local and regional jails that enter into an agreement with U.S. Immigration and Customs Enforcement after July 1, 2008, to recover the full amount of any reimbursements they may receive from the federal government for housing inmates who are illegally present in the United States or are otherwise removable. The amendment is designed to provide an incentive to these local and regional jails to allow U.S. Immigration and Customs Enforcement to use any available bed space not taken up by local and state-responsible prisoners.)

Page 64, line 28, strike "Statewide Automated Victim Notification (SAVIN)" and insert "SAVIN".

**Explanation:**

(This amendment provides language and funding for the ongoing implementation, support, and maintenance of the SAVIN victim notification system in all of Virginia's local and regional jails, thereby providing potentially lifesaving information and notification to victims of crimes regarding the status of their offenders' continued incarceration, escape, or pending release. During the past biennium, the Virginia Sheriffs' Association secured \$1.75 million in grants to implement the interface installation, training, and program coordination with Virginia's local and regional jail facilities. These implementation, training, and program coordination activities were provided by the Virginia Center for Policing Innovation. The amendment supports the continued maintenance between SAVIN and local and regional jails as well as linking SAVIN to Virginia's sex offender registry.)

Page 61, line 3, strike the first "725" and insert "727".

Page 61, line 3, strike the second "725" and insert "727".

**Explanation:**

(This amendment provides the additional positions in the Compensation Board's position count for sheriffs and medical positions necessary to support an additional 25 regional jail officers, three cooks, and two medical staff positions at the Northwestern Regional Jail. These positions were reported as necessary new positions in a 2007 staffing study conducted by the Department of Corrections. Funding for the positions is contained in a companion amendment.)

---

**Administration**

Compensation Board

Language

**Language:**

Page 64, after line 38, insert:

"T. The Compensation Board, in conjunction with the Office of the Secretary of Public Safety, the Department of Corrections, and the Department of Criminal Justice Services, shall report on the feasibility and resource requirements to review the operational capacity and staffing needs of each local and regional jail facility in the Commonwealth. The report shall include requirements to complete such a review within a two-year period, to develop a standard for the establishment of operational capacity based upon facility design standards, and to establish a baseline staffing standard for each facility and a standard to accommodate growth in inmate populations in excess of established capacities. The report shall be provided to the Governor and the Chairmen of the House Appropriations and Senate Finance Committees by October 1, 2008."

**Explanation:**

(This amendment provides language for the development of a plan to review and assess all local and regional jail facilities in terms of appropriate inmate operating capacity and appropriate staffing levels for operation under capacity and under overcrowding conditions.)

Page 81, line 35, strike "\$4,865,303" and insert "\$5,065,303".

**Explanation:**

(This amendment provides \$200,000 each year from the general fund to support a robust program to test poultry for avian influenza (AI). Poultry is Virginia's largest agricultural sector, employing more than 10,000 persons and contributing more than \$800 million annually to the Commonwealth's economy. AI is a serious threat to Virginia's poultry industry. In 2002, the Shenandoah Valley experience an outbreak of AI which cost more than \$100.0 million to control and eradicate. Since that time, the poultry industry has worked closely with state and federal animal health officials to create the Virginia Poultry Disease Task Force (VPDTF) and develop both prevention and rapid response plans. An essential part of prevention is early detection through an effective system of surveillance. The VPDTF is in the process of expanding AI testing to enhance capabilities for early detection and requires funding to implement use of a more preventative testing strategy that detects avian influenza earlier.)

"I. Out of this appropriation, \$100,000 the first year and \$100,000 the second year from the general fund is included to support the Virginia Natural Resources Leadership Institute and its fellowship program."

**Explanation:**

(This amendment provides \$100,000 each year from the general fund to support the Virginia Natural Resources Leadership Institute. These funds will be used to provide fellowships to allow underserved populations to attend VNRLI to study ways to address challenging environmental issues in Virginia. Funding would be provided to the Department of Forestry as pass-through scholarships. The VNRLI is a partnership between the Department of Forestry, Virginia Tech's Cooperative Extension, and the University of Virginia's Institute for Environmental Negotiation. Private matching funds would support costs of program fees, guest speakers, faculty time and travel and attendee grants.)

"P. Included in this item is \$400,000 the first year from the general fund for the Commonwealth Regional Council for regional economic development efforts."

**Explanation:**

(This amendment provides \$400,000 in the first year from the general fund to the Commonwealth Regional Council. Approximately \$100,000 of this amount will be used to conduct a campus development planning program for the establishment of a new branch campus of Southside Virginia Community College at Pickett Park in Nottoway County to better serve residents of the region.)

"K.1. This appropriation includes \$500,000 the first year and \$1,000,000 the second year from the general fund to provide funding to the Math, Science, and Career and Technical Education Grant Program and Fund, pursuant to the passage of legislation establishing this Program Fund. The Program shall be administered by the Board of Education, and the Board may establish guidelines to provide for the implementation of the Program, including but not limited to (i) an application process, (ii) criteria for the award of grants, and (iii) a listing of qualified degree programs to be eligible under the Program.

2. The Program shall provide competitive grants to teachers to attend a public institution of higher education in Virginia in order to obtain a master's degree. Under this Program, grants shall be awarded to, or on behalf of, currently licensed secondary school mathematics, science, or career and technical education teachers. Grants shall be disbursed to an eligible teacher, or on the teacher's behalf, to the institution to which the teacher has been admitted for the academic year. Grants awarded pursuant to this section shall be renewable for one year."

**Explanation:**

(This amendment is self-explanatory. This amendment is a companion to House Bill 654.)

|--|-----------------|-----------------|----|
| Direct Aid To Public Education                   | \$5,000,000     | \$5,000,000     | GF |

**Language:**

Page 115, line 57, strike "\$6,399,847,793" and insert "\$6,404,847,793".

Page 115, line 57, strike "\$6,599,719,818" and insert "\$6,604,719,818".

Page 150, after line 43, insert:

"d. This appropriation includes \$5,000,000 the first year and \$5,000,000 the second year from the general fund to provide five \$1,000,000 grants each year to innovative public school programs, which will be identified by the Department of Education, at secondary schools (grades 6-12) that address the needs of at-risk students through academic programs that stress high academics and career and technical education.

Such innovative, comprehensive, full-day schools must demonstrate a working partnership with at least one Virginia college or university, including community colleges, and at least one private sector business partner. The school must provide matching private funds. Beginning in fiscal year 2009, the incentive-based At-Risk Add-on initiative's percentage of 12 percent will be adjusted to create an equal amount of savings of \$5,000,000 each year and redirected to fund this initiative."

**Explanation:**

(This amendment contains two actions. First, it provides \$5,000,000 the first year and \$5,000,000 the second year from the general fund to provide five \$1,000,000 grants each year to innovative public school programs, which will be identified by the Department of Education, at secondary schools (grades 6-12) that address the needs of at-risk students through academic programs that stress high academics and career and technical education. Second, it decreases the incentive-based At-Risk Add-On percentage of 12 percent and redirects the funding to these grants.)

Page 156, line 5, strike "34." and insert "35."  
Page 156, line 12, strike "35." and insert "36."

**Explanation:**

(This amendment provides \$7,746,685 the first year and \$6,120,180 the second year from the general fund to the selected counties of Northampton, Westmoreland, Lancaster, Middlesex, Nelson, Mathews, Clarke, Rappahannock, Madison, Accomack, Northumberland, and the Town of Colonial Beach.

This amendment provides for "hold harmless" payments to the school divisions that experienced the largest increases in Composite Index of Local Ability-to-Pay from the 2006-08 biennium to the 2008-10 biennium. The increases for these school divisions ranged from 0.0501 in the case of Accomack to 0.1563 in the case of Northampton. These payments, when added to the estimated Direct Aid to Public Education funding in the introduced budget for fiscal year 2009 and fiscal year 2010, will bring total state education funding for the school division up to the level of funding estimated for the school division for fiscal year 2008, under Chapter 847, Acts of Assembly of 2007.)

Page 115, line 57, strike "\$6,599,719,818" and insert "\$6,599,596,107".

Page 119, after line 47, insert:

"c. In recognition of Albemarle County and the City of Charlottesville being in an active annexation and revenue sharing agreement that requires a revenue transfer from Albemarle to Charlottesville, with a maximum transfer amount capped at ten percent of the applicable real estate tax base year for Albemarle, Albemarle shall have an equal percentage amount excluded from the local true property value total amount used in calculating Albemarle's composite index for the 2008-2010 biennium. For the purposes of the composite index updates for the 2008-2010 biennium, Albemarle's true property value shall be reduced by ten percent from \$15,464,818,659 to \$13,918,336,793."

Page 119, line 48, strike "c.1)" and insert "d.1)".

Page 120, line 27, strike "d." and insert "e."

Page 120, line 36, strike "e." and insert "f."

**Explanation:**

(This amendment saves a net of \$71,742 the first year and a net of \$123,711 the second year from the general fund by adjusting the composite index funding formula methodology. The proposed methodology change incorporates the annexation and revenue sharing agreement that require revenues to be transferred from Albemarle to Charlottesville. The agreement, approved by voter referendum in 1982, resulted in Albemarle transferring a calculated amount to Charlottesville each year that is based on a composite of both localities' population, tax rates, and real estate values. This amendment provides a state revenue increase to Albemarle equal to \$2.8 million the first year and \$2.9 million the second year. The remaining school divisions collectively will have their state revenues reduced by \$2.9 million the first year and by \$3.0 million the second year.)

Page 156, line 5, strike "34." and insert "35."  
Page 156, line 12, strike "35." and insert "36."

**Explanation:**

(This amendment provides \$7,746,685 the first year and \$6,120,180 the second year from the general fund to the selected counties of Northampton, Westmoreland, Lancaster, Middlesex, Nelson, Mathews, Clarke, Rappahannock, Madison, Accomack, Northumberland, and the Town of Colonial Beach.

This amendment provides for "hold harmless" payments to the school divisions that experienced the largest increases in Composite Index of Local Ability-to-Pay from the 2006-08 biennium to the 2008-10 biennium. The increases for these school divisions ranged from 0.0501 in the case of Accomack to 0.1563 in the case of Northampton. These payments, when added to the estimated Direct Aid to Public Education funding in the introduced budget for fiscal year 2009 and fiscal year 2010, will bring total state education funding for the school division up to the level of funding estimated for the school division for fiscal year 2008, under Chapter 847, Acts of Assembly of 2007.)

Page 120, after line 43, insert:

"f. The Department of Education shall modify the current Standards of Quality (SOQ) funding formula and calculation of composite index of local ability-to-pay, and modify the formula that determines each locality's ability to pay for its share of providing an educational program meeting the prescribed SOQ to (i) incorporate tax values and population estimates for the fiscal year ending one year prior to the fiscal biennium in which the distribution takes place; (ii) provide for a population density adjustment in certain localities; and (iii) incorporate median, rather than average, adjusted gross income. This measure reflects certain recommendations included in the Joint Legislative Audit and Review Commission (JLARC) Review on Elementary and Secondary School Funding (February 2002)."

**Explanation:**

(This amendment saves \$183.4 million the first year and \$192.0 million the second year in the general fund by modifying the calculation to the composite index formula based on guidelines and recommendations outlined in the JLARC study from 2002. The resulting action from this amendment and accompanying legislation would decrease the state funding from 95 school divisions by \$620.2 million and increase the state funding to 41 school divisions and increase their state funding by \$244.0 million. This amendment is a companion to House Bill 1048.)

"K. 1. The State Council of Higher Education, in consultation with the Healthcare Workforce Task Force described herein, shall develop and recommend criteria for awarding additional state funds via a competitive grant process to innovative regional public-private sector partnerships that seek to maximize the number of newly licensed nurses and increase the supply of graduate nursing faculty. The Healthcare Workforce Task Force will develop criteria for the grant award process, identify aggressive attainment goals, establish mechanisms to monitor results and recommend program scope for the Council and policy makers to consider. The Task Force will be co-chaired by the Secretaries of Education and Health and Human Resources and will also include two members of the Senate appointed by the President pro tempore and three members of the House of Delegates appointed by the Speaker of the House. In addition to these seven policy makers, the Task Force will include six individuals appointed by the co-chairs with experience and knowledge of nursing and other allied health professional supply, training and practice issues as follows: two higher education leaders, two business leaders and two hospital or health system executives. The criteria developed by the Task Force for reviewing potential grant applications will reward a) regions that demonstrate partnerships between education institutions and healthcare employers for addressing the registered nursing shortage; b) applicants that document past, current and new matching private funds applied toward registered nurse education (to leverage potential public funds); c) innovative and cost-effective plans that expand the output of registered nurses (e.g., standardized curricula, improved retention rates and improved pass rates on licensure exams); and d) partnerships that demonstrate a desire and capability to be held accountable for results. The Council and Healthcare Workforce Task Force shall submit a report on the healthcare workforce competitive grant program scope, criteria and structure to the Governor and the Chairmen of the House Appropriations and Senate Finance Committees by May 1, 2007.

2. Out of this appropriation \$750,000 each year from the general fund shall be

provided to Northern Virginia Community College to support public-private sector partnerships in order to maximize the number of newly licensed nurses and increase the supply of nursing faculty.

3. Out of this appropriation \$750,000 each year from the general fund shall be provided to the University of Virginia to support public-private sector partnerships in order to maximize the number of newly licensed nurses and increase the supply of nursing faculty."

**Explanation:**

(This amendment requests the restoration of funding for the Healthcare Workforce Task Force initiative eliminated in the introduced budget.)

"B.1. It is the intent of the General Assembly that the Unique Military Activities appropriation for the Virginia Military Institute be distributed among cadets of the Virginia Corps of Cadets at Mary Baldwin College as defined in a plan based on such contract and approved by the Secretary of Education.

2. Out of this appropriation, \$199,660 is designated for Mary Baldwin College the first year and \$199,660 for Mary Baldwin College the second year from the general fund for cadets of the Virginia Corps of Cadets. No allotment will be made until Mary Baldwin College certifies the number of cadets to the Secretary of Education. Funding will be transferred from this appropriation to Mary Baldwin College. Any funds remaining after the transfer will revert to the general fund."

**Explanation:**

(This amendment restores unique military activities funding to the Virginia Women's Institute for Leadership at Mary Baldwin College under the Unique Military Activities program at Virginia Military Institute. This is a companion amendment to Item 149 #7h which removes the funds.)

Page 261, line 27, strike "\$8,461,404" and insert "\$9,168,562".

**Explanation:**

(This amendment adds \$707,158 each year from the general fund and 10 full-time equivalent positions to provide 24-hour coverage, seven days a week, in the Office of the Chief Medical Examiner. Several district offices will fail to pass national accreditation without these additional staff. The additional positions will ensure full accreditation to the Office by the National Association of Medical Examiners. Failure to be accredited results in delays in investigating deaths, providing instruction on case and death scene management to law enforcement personnel, and resolving cases. In addition, lack of sufficient staff makes it difficult to recruit and retain forensic pathologists; work in an accredited office is necessary to maintain their Forensic Pathology Board certification.)

Page 261, line 50, strike "\$50,394,722" and insert "\$50,644,722".

Page 262, after line 46, insert:

"F. Out of this appropriation, \$250,000 the first year and \$250,000 the second year from the general fund shall be provided for two to four HIV prevention programs targeted at people under 25 years of age. The Department of Health shall make the funding for the programs available in two health districts in which the annualized HIV incidence rate exceeds the state's incidence rate of 6.1/100,000. The Department shall use an internally competitive process to select the health districts and encourage local public-private partnerships in the awarding of the funding for the prevention programs."

**Explanation:**

(This amendment provides funding and language to develop two to four HIV prevention programs targeted at people under 25 years of age. Rates of HIV infection among young people is not declining and Virginia is among the top states in rates of HIV transmission. Other sources of funding for community-based HIV prevention focus on testing and treatment. This funding would be focused on those areas of the state with higher annual rates of HIV transmission than the overall state rate, primarily the City of Richmond and the Hampton Roads and Tidewater regions.)

---

**Health And Human Resources**

Department Of Health

Language

**Language:**

Page 263, strike lines 9 through 14 and insert:

"1. Special funds amounting to one-half of the Certificate of Public Need (40608) application fees, which shall be distributed quarterly, plus any remaining funds from Certificate of Public Need application fees in excess of those required to operate the Certificate of Public Need Program."

**Explanation:**

(This amendment substitutes language contained in the introduced budget which directs the Department of Health to provide regional health planning agencies with a portion of excess Certificate of Public Need (COPN) fees, after retaining balances in the fund equal to one month's operational costs in case of revenue shortfalls. The new language proposed in this amendment would direct the Department of Health to provide regional health planning agencies one-half of the COPN fees quarterly plus any remaining funds in excess of those needed to operate the program.)

Page 263, line 48, strike "\$120,058,739" and insert "\$120,308,739".

**Explanation:**

(This amendment provides an additional \$250,000 each year from the general fund to fully fund the health insurance premium assistance costs for the Children with Special Health Care Needs Bleeding Disorders Program. The program works with a national nonprofit organization to transition uninsured and Medicaid eligible patients with hemophilia and other inherited bleeding disorders whose household income is below 200 percent of the federal poverty level into private health insurance programs through premium assistance. Since 1996, the program has transitioned 133 individuals with hemophilia into private health insurance, saving the Commonwealth more than \$22.8 million. Funding will be used to increase the number of qualified children with hemophilia who would receive health insurance premium assistance. Without this additional funding, more than half of the patients enrolled in this program are at risk of losing their health insurance coverage. The average yearly cost of a health insurance premium is \$6,525 per person, whereas the average yearly cost of medication used to treat hemophilia is \$98,143 per person.)

Page 264, after line 53, insert:

"G. Out of this appropriation, \$75,000 the first year and \$75,000 the second year from the general fund shall be provided to develop and implement a state plan to raise public awareness of Chronic Obstructive Pulmonary Disease (COPD), including symptoms and risk factors, with the goal of improving the diagnosis and care of COPD patients."

**Explanation:**

(This amendment adds \$75,000 each year from the general fund and language to develop a Chronic Obstructive Pulmonary Disease (COPD) state plan. This is a recommendation from Virginia COPD Summit held in November 2007. Chronic Obstructive Pulmonary Disease is the fourth leading cause of death in the United States and it is estimated that 332,616 Virginians are living with this disease. The annual cost of COPD in the United States was \$37.2 billion in 2004. COPD is one of the most significant preventable public health problem, primarily because the vast majority of those affected by this disease are smokers.)

Page 264, line 54, strike "\$246,772,690" and insert "\$246,920,290".

**Explanation:**

(This amendment provides additional funding to the Henry County/Martinsville Health Department for increased lease costs of new space. The current facility has critical health and safety needs and is one of the top priorities for facility relocation or replacement. The current facility was built in 1964 and has significant structural damage to the building as the result of roof leaks and the HVAC system needs to be completely replaced. The current lease expires in June 2008.)

Page 275, line 39, strike "200" and insert "185".

**Explanation:**

(This amendment reduces general fund amounts contained in the introduced budget in each year for an expansion of the FAMIS MOMS program, which provides medical coverage to low-income pregnant women who meet the financial eligibility requirements. The introduced budget proposes expanding eligibility from 185 to 200 percent of the federal poverty level beginning July 1, 2008. This amendment would keep eligibility at 185 percent of the federal poverty level, consistent with actions by the 2007 General Assembly which increased eligibility beginning July 1, 2007, from 166 percent to 185 percent of the federal poverty level. This amendment defers expansion of this program, given current fiscal uncertainties.)

Page 276, line 1, strike "\$5,818,036,403" and insert "\$5,821,241,903".

**Explanation:**

(This amendment adds funds to serve an additional 300 persons in the Medicaid Individual and Family Developmental Disabilities Support waiver. The DD waiver has a waiting list of approximately 650 people with developmental disabilities. Individuals have been on the DD waiver waiting list since 2003. In 2006, the average cost per person served with the DD waiver was \$21,370.)

---

**Health And Human Resources**

Department Of Medical Assistance  
Services

Language

**Language:**

Page 289, after line 18, insert:

"RR. The Department of Medical Assistance Services (DMAS) shall develop a plan to amend the State Plan for Medical Assistance or submit a research and demonstration project waiver pursuant to Section 1115 of Title XIX of the Social Security Act, as amended, to implement a system of monetary incentives for Medicaid recipients to make healthy decisions and to engage in self-management of their healthcare, and the deposit of incentive funds in enhanced benefits accounts to be accessed by enrollees to purchase healthcare services or items that are not covered under Virginia Medicaid and which will assist enrollees in being personally responsible for their own healthcare. The plan shall include the development of necessary changes in funding, law or regulations for the implementation of the changes. The plan is to be submitted to the Governor, the Secretary of Health and Human Resources, the Joint Commission on Health Care, and the Chairmen of the House Appropriations and Senate Finance Committees by October 30, 2008, for consideration in the development of amendments to the 2008-10 Appropriations Act."

**Explanation:**

(This amendment directs the Department of Medical Assistance Services to develop a plan to implement a program through Medicaid which would incentivize Medicaid recipients to make healthy decisions which positively impact their health. Language is added to allow for the development of either State Plan amendments or a waiver program to implement the program. Such incentives should assist the Medicaid program in avoiding future health care costs. Wellness programs are estimated to return approximately \$3 to \$8 for every dollar invested in the program.)

Department Of Medical Assistance  
Services

Language

**Language:**

Page 288, line 32, after "to", strike "count all life estates" and insert:

"exempt one life estate in home property that served as the individual's principal residence for a period of at least one year. All other life estates, which are not otherwise exempt, may be counted".

Page 288, line 36, after "services.", strike "Life estates held in".

Page 288, strike lines 37 through 40.

Page 288, line 41, strike "care facility." and insert:

"This provision shall apply only to life estates created after the effective date of agency regulations implementing this provision."

**Explanation:**

(This amendment modifies language in the introduced budget which would count all life estates as a resource for Medicaid eligibility purposes, which was designed to end abusive practices taken by some to shelter significant wealth in order to establish Medicaid eligibility. The proposed changes above would allow individuals to have one life estate in the home that served as their principal residence for at least one year, thereby allowing the Commonwealth to target abusive practices, but not harm low-income individuals who have taken reasonable steps to protect very limited family assets. The language also clarifies that only new life estates are subject to the change in policy.)

Page 289, after line 18, insert:

"RR. The Department of Medical Assistance Services shall implement presumptive eligibility procedures to expedite enrollment and delivery of prenatal care services to pregnant women. The department shall have the authority to promulgate emergency regulations to implement this amendment within 280 days or less from the enactment of this act."

**Explanation:**

(This amendment adds language authorizing the use of presumptive eligibility procedures for prenatal services to pregnant Medicaid applicants who are awaiting enrollment in the Medicaid program. Pregnant Medicaid applicants who are American citizens are now experiencing lengthy delays in enrollment when they must secure an original birth certificate, especially out-of-state birth certificates which can take several months to receive. Since early prenatal care is considered critical to ensuring healthy birth outcomes, presumptive eligibility would allow these individuals to receive prenatal services while the enrollment process is pending. Presumptive eligibility for pregnant women is authorized by federal law.)

The Department of Medical Assistance Service shall realign the rates paid for individual supported employment provided under the Medicaid home- and community-based waivers to the same level paid by the Department of Rehabilitative Services to employment services organizations. The Department shall implement this change effective July 1, 2008."

**Explanation:**

(This amendment provides an additional \$1,500,000 each year from the general fund and \$1,500,000 each year from matching federal Medicaid funds to increase reimbursement for individual supported employment services provided by home- and community-based Medicaid waiver service providers. This increase will adjust the rates so they are consistent with supported employment rates currently established by the Department of Rehabilitative Services for services provided to disabled individuals who are not eligible for Medicaid-reimbursed services. This change would increase access to supported employment services and diminish the need for other Medicaid-funded waiver services. The fiscal impact of this change, if any, is expected to be minimal due to the offset in costs of more expensive waiver services for these individuals.)

Page 290, line 43, after "year", insert:

"and \$500,000 from the general fund the second year".

**Explanation:**

(This amendment adds \$500,000 each year from the general fund to the Uninsured Medical Catastrophe Fund. The introduced budget provides \$150,000 in the first year from the general fund to be used for this purpose. Together, an additional \$650,000 will be provided to the fund the first year and \$500,000 will be provided in the second year.)

Page 293, line 49, strike "\$46,363,110" and insert "\$47,672,042".

**Explanation:**

(This amendment provides \$1.0 million the first year and \$1.3 million the second year from the general fund each year to increase the number of direct service associates (DSAs) in the Department of Mental Health, Mental Retardation and Substance Abuse Services who are eligible to participate in the DSA Career Pathway program. The program rewards DSAs with salary base adjustments after the worker completes certain employment and training with the goal of improving client care and decreasing turnover and vacancies in state mental health and mental retardation facilities. Funding was added in the 2006-08 biennium to begin implementation of this career path program, which was estimated to serve about 200 DSAs during its initial implementation. However, funding in the base budget for the agency is insufficient to serve an additional 73 DSAs who are currently eligible to participate in the program or additional DSAs who may qualify to participate over the next two years. The Department of Mental Health, Mental Retardation and Substance Abuse Services employs more than 3,800 DSAs who provide direct care to individuals with mental illness and mental retardation in its facilities. A study by the Department has indicated that turnover of direct service workers is more than double the statewide average of 11.1 percent, leading to excessive overtime costs for the Department to cover vacancies.)

Page 305, after line 46, insert:

"NN. Out of this appropriation, \$2,719,337 the first year and \$2,896,241 the second year from the general fund shall be provided to establish a pilot program of comprehensive services for treating mentally ill offenders in the City of Richmond. This pilot program shall include a diversion program for mentally ill offenders who would otherwise be detained in jail, a jail-based psychiatric treatment team for mentally ill offenders detained in jail, and a program of after-care services for inmates released from jail."

**Explanation:**

(This amendment provides funding for a comprehensive community-based pilot program to address the issue of Richmond City jail inmates with serious mental health problems, estimated at almost 25 percent of the inmates. Many of these individuals could be safely diverted from jail to treatment programs in the community. Most of these individuals do not receive any mental health services while confined nor do they receive after-care services following their release. As a result, a large number of inmates create behavioral problems while in jail and are frequently re-arrested following release as a result of their untreated psychiatric conditions. The program will consist of three components: 1) a jail diversion program, 2) a jail-based psychiatric treatment team, and 3) a jail after-care services program.)

Grants To Localities

\$250,000

\$250,000 GF

**Language:**

Page 299, line 40, strike "\$309,436,879" and insert "\$309,686,879".

Page 299, line 40, strike "\$316,936,879" and insert "\$317,186,879".

**Explanation:**

(This amendment provides \$250,000 GF each year to develop two to four HIV prevention programs targeted at communities where an unusually high use of crystal methamphetamine (meth) is documented, because its use promotes at-risk behaviors that put the user at risk of contracting HIV. These programs would be expected to enhance Virginia HIV prevention programs already in place. The Virginia Department of Health has documented that Virginians test positive for HIV at a rate of three new cases per day.)

Page 314, line 52, strike "\$285,521,715" and insert "\$298,209,715".

Page 319, after line 27, insert:

"F. As a condition of this appropriation, effective July 1, 2008, the Department of Social Services shall provide a 15 percent increase in cash assistance payments in the Temporary Assistance to Needy Families (TANF) program. Thereafter, the Commissioner shall establish a reasonable, automatic adjustment for inflation by increasing TANF cash assistance each July 1 by an amount equal to the increase in the Consumer Price Index-All Urban Consumers (less medical care) during the most recent state fiscal year for which data are available from the U.S. Bureau of Labor Statistics."

**Explanation:**

(This amendment provides federal Temporary Assistance to Needy Families (TANF) funds for a cost-of-living increase in TANF cash assistance payments beginning July 1, 2008. The typical payment for a parent with two children would be increased from \$320 to \$368 per month. Language is also added to require an annual cost-of-living adjustment effective July 1 of each year. TANF payments have been increased only two times since 1974. Currently a family of three receives benefit payments that are less than one-fourth of the federal poverty income level. TANF funding is available for this purpose since the TANF caseload has dropped by half since 1995, while the federal funding has remained constant.)

Page 314, line 52, strike "\$285,521,715" and insert "\$285,871,715".

**Explanation:**

(This amendment adds funding in each year to support the fiscal impact of House Bill 3 which creates a day care registry. The bill allows child care providers to voluntarily register with the Registry and to authorize the Registry to run criminal background checks and checks to determine whether applicants are the subject of founded complaints of child abuse or neglect and to make the results of such searches available to the public. It further requires local departments to report founded complaints to the Department of Social Services and the Department to update the Registry upon receipt of such reports.)

"F. Out of this appropriation, the State Board of Social Services shall implement the revised classification and compensation structure for local department of social services staff to ensure that staff are correctly classified according to their job duties and compensated at levels more closely aligned with market rates in order to recruit and maintain an adequately trained workforce."

**Explanation:**

(This amendment provides \$1.6 million in each year from the general fund and a like amount each year from nongeneral funds for the State Board of Social Services to implement the Classification and Compensation Structure for local department of social services' staff, adopted in June, 2007. Currently, local departments of social services do not have sufficient funding to implement the revised classification and compensation structure. Local departments currently operate using an antiquated Classification and Compensation Structure that has not been updated since 1984. The new classification and compensation structure is designed to recruit and retain a qualified workforce and reduce turnover rates in jobs that provide essential services such as foster care and protective services.)

**Explanation:**

(This amendment provides \$80 million the first year and \$100 million the second year from general fund, representing 10 percent of the net revenue generated by one percent of the sales and use tax up to a maximum of \$100 million. The amendment supports the Agricultural Best Management Practices Cost Share program, which provides matching grants to farm owners for various conservation projects. The farm owners, in turn, are usually responsible for between 25 to 50 percent of the various best management practices' implementation costs.)

"2. Out of the amounts appropriated for Financial Assistance to Soil and Water Conservation Districts, \$386,500 the first year and \$386,500 the second year from the general fund is provided to restore funding for Virginia's soil and water conservation districts to the levels approved by the 2007 Session of the General Assembly."

**Explanation:**

(This amendment provides \$386,500 each year from the general fund to restore the Governor's October 2007 reductions to the level of support provided to Virginia's 47 soil and water conservation districts. This funding is used to support the districts' staffing, equipment, travel, rent, and utilities expenses. Soil and water conservation districts are the primary means through which Virginia's non-point source pollution control strategies are promoted within the farming community.)

"2. Included in the amounts appropriated for Dam Inventory, Evaluation, and Classification and Flood Plain Management is \$1,500,000 the first year from the general fund to provide for the mapping of dam breach inundation zones for the 104 dams owned by soil and water conservation districts."

**Explanation:**

(This amendment provides \$1.5 million the first year from the general fund to map dam breach inundation zones for the dams owned by the soil and water conservation districts. This mapping will be required for the soil and wataer conservation districts to comply with proposed changes to Virginia's Impounding Structure Regulations and will assist with determining any potential hazard risks. Mapping will also provide local governments with an additional tool to use in zoning and comprehensive planning.)

**Explanation:**

(This amendment includes \$5.0 million the first year from the general fund to provide funding for the rehabilitation of the Stoney Creek Reservoir Dam owned by the City of Bedford. Due to revisions to the Virginia Impounding Structure Regulations and residential development downstream from the dam, the Stoney Creek Reservoir Dam, which is the city's and much of the surrounding area's primary source of drinking water, must be upgraded. This upgrade, given the size of the City of Bedford, could have a significant impact on the rates the city charges its residential, commercial, and industrial customers.)

Page 347, after line 35, insert:

"Out of the amounts appropriated for Coastal Lands and Bottomlands Management, \$250,000 the first year from the general fund is designated for Virginia's share of a U.S. Army Corps of Engineers project to identify shallow rivers and streams along the western shore of the Chesapeake Bay in the vicinity of Mathews County that may require dredging and to develop a plan for the use of dredge spoils. The U.S. Army Corps of Engineers will subsequently use federal funds to complete the actual dredging of the identified rivers and streams."

**Explanation:**

(This amendment provides funding for initiating dredging activities by the U.S. Army Corps of Engineers along the western shore of the Chesapeake Bay near Mathews County and their development of a plan for the use of dredge spoil to protect eroding shorelines along the Middle Peninsula and the New Point Comfort Lighthouse. There are a number of shallow rivers in the vicinity of Mathews County that only the smallest of boats may access. The U.S. Corps of Engineers would use state funds to identify needed projects and develop a plan for the use of any dredge spoil. The U.S. Army Corps of Engineers would then use more than \$1.0 million in federal funds to actually perform the dredging. The benefits of this initiative are threefold: (1) the use of the dredge spoil along the Middle Peninsula shoreline would protect property and public safety; (2) the dredge material could protect the New Point Comfort Lighthouse from destruction caused by erosion of the island on which it sits, and (3) once dredge spoil plans have been developed, the U.S. Army Corps of Engineers would need no further funding to accomodate future dredging needs.)

**Explanation:**

(This amendment provides \$500,000 each year from the general fund to support the training recommendations of the Virginia State Crime Commission Illegal Immigration Task Force. These recommendations include: bridging the language barrier between law enforcement and immigrant communities on laws, regulations, and safety; building relationships between law enforcement and immigrant communities; and training jail and prison personnel on the detection and processing of illegal immigrants entering Virginia's criminal justice system. The Virginia Center for Policing Innovation would use this funding to deliver no-cost training to law enforcement and community members on these topics.)

Page 363, after line 24, insert:

"B. Included in the amounts appropriated for Law Enforcement Training and Education Assistance, \$125,000 and one position the first year and \$125,000 the second year from the general fund is provided to coordinate the development of non-biased law-enforcement policy development, law-enforcement training on non-biased policing techniques, and to provide technical assistance to law-enforcement agencies and others regarding bias-based policing. In addition, the Department is to establish a Non-Biased Policing Advisory Committee, including representatives from law-enforcement, other criminal justice professionals, minority representatives, and other citizens."

**Explanation:**

(This amendment provides additional funding to the Department of Criminal Justice Services to reduce the incidence of bias-based policing through policy development, training, technical assistance, and the formation of a Non-Biased Policing Advisory Committee.)

This office is to be responsible for developing training standards for participating law enforcement agencies, offering program training, and distributing program-related equipment to participating law enforcement agencies."

**Explanation:**

(This amendment provides \$160,000 each year from the general fund to establish a Statewide Office for Project Lifesaver, which would develop statewide standards for training, offer training, and distribute equipment across the Commonwealth. Project Lifesaver, which was originally initiated by the City of Chesapeake's sheriff, uses personalized transmitters to locate persons suffering from Alzheimer's and related disorders and autistic Downs Syndrome children. Since its inception, Project Lifesaver has expanded throughout Virginia and the mid-Atlantic region.)

- Page 366, line 10, strike the second "\$100,000" and insert "\$358,000".

**Explanation:**

(This amendment provides additional funding for the Chesterfield County Community Corrections "Dual Treatment Track" program. The Dual Treatment Track program is a pre-trial diversion program for non-violent defendants that suffer from both mental illness and substance abuse addiction. Using an "evidence-based" approach, the program provides the diverted individuals with clinical evaluation, intensive drug and alcohol testing, and frequent counseling and medical intervention. Essentially, the program is a "one-stop shop" where participants receive mental health, case management, substance abuse, and criminal justice supervision under one roof from a collaborative, multi-agency staff. The program now serves between 30 and 35 daily participants.)

(This amendment provides language expressing legislative intent that the Governor restore funding for the HB 599 program. Funding for local police departments may become more important as economic conditions possibly lead to an increase in the commission of crimes. The Department of State Police recognizes the effective strength of a locality's police force as a factor affecting the rate of crimes committed in a community.)

"C. Notwithstanding the provisions of §§ 56-484.13 and 56-484.17, Code of Virginia, the State Coordinator of Emergency Management shall serve as chairman of the Wireless E-911 Services Board and shall be the official who shall approve requests for expenditures and disbursements from the Wireless E-911 Fund."

**Explanation:**

(This amendment would eliminate a potential conflict between the budget bill and the Code by explicitly giving the State Coordinator of Emergency Management the administrative responsibility for the Wireless E-911 Fund. Current statutory law stipulates that the Chief Information Officer of the Commonwealth is responsible for administering the Fund. The budget bill as introduced transfers the appropriation for the Wireless E-911 Fund revenues to the Department of Emergency Management in order to more closely align this emergency-related fund with emergency operations. The amendment, therefore, ensures that the agency with the appropriation for the Fund revenues has clear administrative responsibility over the Fund.)

"2. Out of the amounts appropriated for Financial Assistance for Juvenile Confinement in Local Facilities, \$213,770 the first year from the general fund is provided to complete payment of the Commonwealth's share of the construction costs associated with the expansion and renovation of the Highlands Juvenile Detention Center."

**Explanation:**

(This amendment provides additional fund to complete payment of the Commonwealth's share of the costs of the expansion and renovation of the Highlands Juvenile Detention Center, which was originally constructed in 1974. The expansion added 10 beds to the facility and the renovation was required to meet Department of Juvenile Justice standards. Section 16.1-309.5, Code of Virginia, requires the Commonwealth to reimburse localities for half of the construction costs associated with juvenile detention center construction and renovation projects. The Commonwealth has already made payment for \$776,750 based on the initial costs submitted for the project. The amount included in the amendment is the remainder based on final construction costs and were approved by the Board of Juvenile Justice.)

**Explanation:**

(This amendment provides \$6.9 million each year from the general fund to compensate those State Police troopers who serve in non-FLSA exempt positions for their hours worked in excess of 43 hours in any seven day period. Currently, the Department of State Police provides these employees with compensatory leave in exchange for any overtime they work. This compensatory leave is capped at 96 hours, after which these troopers must receive overtime pay. Consequently, the department manages troopers' compensatory leave to minimize overtime pay. This results in additional overtime being worked by other officers.)

Out of the amounts appropriated for drug enforcement, \$100,000 the first year and \$100,000 the second year is provided to develop a pharmaceutical disposal program to ensure the safe, effective, and proper disposal of unused pharmaceuticals in cooperation with the Virginia Board of Pharmacy and pursuant to the enactment of House Bill 86 by the 2008 Session of the General Assembly."

**Explanation:**

(This amendment provides \$100,000 each year from the general fund for the creation of a pharmaceutical disposal program pursuant to the enactment of House Bill 86 by the 2008 Session of the General Assembly. The bill requires the Department of State Police and Virginia Board of Pharmacy to develop a single collection location for the return of unused pharmaceuticals that would be under the control of the Department of State Police. Unused pharmaceuticals would be disposed of by the Department of State Police in a manner determined by the Board of Pharmacy in compliance with state and federal law and environmental regulations.)

"B. Out of the amounts appropriated for Administrative and Support Services, \$2,125,819 the first year and \$2,125,819 the second year is included to provide full-time, sworn officers of the Department of State Police with a variable housing allowance that is based upon the geographic location and pay grade of the officer pursuant to the enactment of House Bill 846 by the 2008 Session of the General Assembly."

**Explanation:**

(This amendment includes additional funding to the Department of State Police in order to provide the department's full-time, sworn officers a variable housing allowance should the 2008 Session of the General Assembly enact House Bill 846. Although the variable housing allowance will be paid to full-time, sworn officers pursuant to regulations developed by the Department of State Police, two factors the department must consider when developing those regulations is the geographic location and pay grade of the officer. The funding included in this amendment provides for the phasing in of this new benefit at 10 percent of House Bill 864's total costs for fiscal year 2009 and fiscal year 2010.)

Page 382, after line 27, insert:

"C. Out of the amounts appropriated for Case Management Services for Veterans Benefits, \$2,939,911 the first year and \$2,939,911 the second year is provided for the creation of a program, to be developed in cooperation with the Department of Mental Health, Mental Retardation, and Substance Abuse Services and the Department of Rehabilitative Services, to monitor and coordinate mental health and rehabilitative services for Virginia's veterans, members of the Virginia National Guard, and Virginia residents in the Armed Forces Reserves, pursuant to the enactment of House Bill 475 by the 2008 Session of the General Assembly. This program is to facilitate support for covered individuals to provide these individuals receive timely assessments and treatment for stress-related injuries and brain disorders caused by service in combat areas."

**Explanation:**

(This amendment provides \$2.9 million each year from the general fund to establish a program pursuant to enactment of House Bill 475 that in concert with the Department of Mental Health, Mental Retardation, and Substance Abuse Services and the Department of Rehabilitative Services will monitor and coordinate mental health and rehabilitative services for Virginia's veterans, Virginia National Guard members, and Virginia residents in the Armed Forces Reserves. This program will ensure these individuals receive timely assessment and treatment for stress-related injuries and brain disorders resulting from service in combat areas. The bill also directs the Commissioner of the Department of Veterans Services to actively pursue federal funds for this program and the Veterans Services Foundation is to make this program its top priority for fund-raising activities. The DVS Commissioner is to ensure maximization of federal and private funds to support this program.)

Page 382, after line 41, insert:

"B. Out of the amounts appropriated for State Veterans Cemetery Management and Operations, \$161,000 the first year and \$145,000 the second year from the general fund is provided for the installation of vault liners at the Albert G. Horton, Jr., Memorial Cemetery and Virginia Veterans Cemetery for use in veteran burials at no charge to the deceased veteran's family."

**Explanation:**

(This amendment provides funding for the installation of vault liners for use in veteran burials at no charge to the deceased veteran's family. Currently, families of deceased veterans buried at either the Albert G. Horton, Jr., Memorial Cemetery or the Virginia Veterans Cemetery pay between \$800 and \$1,000 for the purchase and installation of these vault liners. The amendment provides funding for the Department of Veterans Services to purchase these vault liners at about \$250 per liner and install them for veterans' families at no cost. The amendment also contains funding for both a hydraulic vault cart and part-time staff person at the Virginia Veterans Cemetery, which is located in Amelia, to permit installation of the liners. The Horton Cemetery in Suffolk already has the equipment and sufficient staffing to install the vault liners. Beyond 2010, it is hoped that the federal funds will allow for the purchase and installation of these vault liners and no additional funding from the Commonwealth will be necessary.)

| Fund Sources:  |            |            |
| Dedicated Special Revenue  | 49,818,979 | 48,113,801 |

Authority: Title 2.2, Chapter 20.1, and Title 56, Chapter 15, Code of Virginia.

A.1. Out of the amounts for Emergency Communication Systems Development Services, \$1,000,000 the first year and \$1,000,000 the second year from dedicated special revenue shall be used for development and deployment of improvements to the statewide E-911 network.

2. These funds shall remain unallotted until their expenditure has been approved by the Wireless E-911 Services Board.

B. Notwithstanding the provisions of Article 7, Chapter 15, Title 56, Code of Virginia, \$1,750,000 the first year and \$1,750,000 the second year from Financial Assistance to Localities for Enhanced Emergency Communications dedicated special revenue shall be used to support the efforts of the Virginia Geographic Information

Network, or its counterpart, for providing the development and use of spatial data to support E-911 wireless activities in partnership with Enhanced Emergency Communications Services. Funding is to be earmarked for major updates of the VBMP and digital road centerline files. "

**Explanation:**

(This amendment eliminates a proposed transfer of the Enhanced E-911 program from VITA to the Department of Emergency Management as contained in the introduced budget. Information provided as part of the introduced budget reports that efficiencies will result from reassigning the E-911 program to an agency responsible for emergency management. However, the program as currently constituted is recognized as among the best E-911 programs in the nation. Further, VITA was in the process of modernizing Virginia's E-911 program prior to this proposed transfer. Much of the equipment for E-911 service is becoming outdated. The funding for modernization remains within VITA.)

Page 386, line 39, strike "\$2,987,057" and insert "\$5,017,472".

Page 387, strike lines 11 through 23.

**Explanation:**

(This amendment eliminates the proposed transfer of information technology procurement functions from VITA to the Department of General Services as contained in the Governor's introduced budget. While the description provided by the administration for this transfer states that it will allow for the consolidation of common business practices, it could actually increase the time required to approve projects and procurements due to the need for the Department of General Services to now integrate procurements into the project, approval, and security oversight requirements for information technology projects. The transfer may also interfere with the contractual responsibility the Commonwealth has to use Northrop Grumman as state government's primary infrastructure services provider.)

**Technology**

Virginia Information Technologies  
Agency

Language

**Language:**

Page 388, strike lines 52 through 58.

Page 389, strike lines 1 through 9.

**Explanation:**

(This amendment eliminates the absorption of ongoing reduction included in the Governor's introduced budget of \$1.3 million for VITA. In the current fiscal year, VITA reduced its administrative costs by \$1.3 million as a one-time action to provide rebates to state agencies and assist them with their budget reduction needs. The expectation contained in the Governor's introduced budget is that VITA can and will offer similar rebates to those employed in the current year even though those rebates were tendered as a good faith effort to contribute to state budget cost-cutting efforts above and beyond VITA's 5 percent budget reduction. The Governor's introduced budget would essentially require VITA to overcharge state agencies in order to rebate the required savings.)

"F. Included in this item is \$2,000,000 the first year from the general fund for Hampton Roads Transit for the purchase of four hybrid-electric shuttle buses to operate in Newport News, Portsmouth, Norfolk and Virginia Beach."

**Explanation:**

(This amendment provides \$2.0 million in the first year from the general fund for the Transportation District of Hampton Roads to expand its Universal Shuttle Program with the purchase of four hybrid shuttle buses to be used throughout the region. This amendment builds on last year's appropriation that established the program with \$6.1 million to replace the Norfolk Electric Transit buses and HRT's efforts to replace the trolley fleet at the Virginia Beach Oceanfront. These four shuttles will be used to replace vehicles that have exceeded their useful lifespan, as defined by the Federal Transit Administration, and bolster the shuttle services operating in Newport News, Portsmouth, Norfolk and Virginia Beach. The hybrid-electric shuttles reduce harmful emissions and bring significant energy savings to the Hampton Roads Transit bus fleet.)

**Explanation:**

(This amendment provides \$5.0 million each year from the general fund to Hampton Roads Transit (HRT) for the final design and construction of a new southside operating facility. HRT currently operates and maintains its southside fleet of 175 buses from a 110-year old former trolley car facility, which is woefully inadequate and in serious disrepair. Administrative functions and vanpool maintenance are located nearby in what was originally built as a car dealership in the 1950s. Both facilities are plagued by significant inefficiencies, structural problems and rapidly rising heating/cooling costs. The new facility would be a PPEA project that would combine a new operating facility with a mixed-use development. This project would help to continue the City of Norfolk's efforts to revitalize downtown Norfolk and the surrounding area.)

**Explanation:**

(This amendment provides \$2.0 million from the general fund each year for the expansion of a commuter parking lot at Route 234 and I-95 in Dumfries. Prince William County is home to Virginia's largest commuter lot, located at Horner Road and I-95. It was constructed only recently and yet is at over 110 percent capacity on a daily basis. Increasingly, commuters from Stafford, Fredericksburg and points south are driving to Prince William and taking advantage of the ride-share and public transportation programs in place. That, combined with high residential growth, has led to a major shortage in commuter parking on the eastern side of Prince William, which is becoming a disincentive for these commuting options. At Route 234 and I-95 in Dumfries is located an existing yet small VDOT commuter lot. It too fills up beyond capacity on a daily basis, but where this lot is located, VDOT owns an additional five acres of land, ready and able to be developed into an expanded commuter parking. This amendment provides funding for the construction of this expanded lot on the five additional acres of land.)

"Further, use of the funds should be limited to projects with unfunded construction elements in the urban six-year improvement program for projects that have the right-of-way procured and the engineering substantially completed. If balances available in the local partnership fund are insufficient to meet requests from eligible local governments, the Commonwealth Transportation Board shall allocate up to \$20,000,000 from other available funds to supplement the program."

**Explanation:**

(This amendment seeks to engage additional local governments in the administration of highway construction projects. Utilizing balances available from monies appropriated for the program by the 2005 General Assembly, and supplemented by other available VDOT nongeneral funds, this amendment directs the Commonwealth Transportation Board to solicit additional projects ready to go to construction for participation in the local partnership program.)

"F. Included in the amounts for Financial Assistance for City Road Maintenance is \$1,500,000 in the first year and \$1,500,000 in the second year from the general fund which shall be allocated to the City of Chesapeake as a supplement to its city street maintenance funding. These amounts are provided to reflect the extraordinary costs of operating and maintaining moveable bridges in that jurisdiction."

**Explanation:**

(This amendment provides an additional \$1.5 million each year from the general fund in city street payments to the City of Chesapeake to reflect the extraordinary costs of maintaining moveable bridges. Chesapeake maintains over 90 bridges within its boundaries and is the only locality that operates and maintains moveable bridges.)

### **Language:**

Page 419, line 37, strike "Commonwealth's Allocation" and insert:

"annual payment amount received by the Commonwealth".

Page 419, after line 44, insert:

"2. Notwithstanding any other provision of law, the State Comptroller shall deposit 100 percent of the Commonwealth's allocation of the Strategic Contribution Fund payment pursuant to the Master Settlement Agreement with tobacco product manufacturers to the Virginia Tobacco Settlement Fund. There is hereby appropriated a sum sufficient estimated at \$8,730,000 the first year and \$9,657,000 the second year from available balances in the Fund for the purposes set forth in § 32.1-361, Code of Virginia."

Page 419, line 45, strike "2" and insert "3".

Page 419, line 53, strike "Q" and insert "P.2".

### **Explanation:**

(This amendment adds language directing the use of a new stream of payments the Commonwealth is expected to receive pursuant to the Master Settlement Agreement with tobacco product manufacturers. The Master Settlement Agreement requires that a Strategic Contribution Fund payment be made to states beginning in 2008 and continuing through 2017. These Strategic Contribution Fund payments are intended to reflect the level of the contribution each state made toward final resolution of their lawsuit against the tobacco companies. Virginia's payments are estimated to be approximately \$8.7 to \$9.7 million annually. Language is added which directs that 100 percent of the Strategic Contribution Fund payments to Virginia be provided to the Virginia Tobacco Settlement Fund for purposes set out in the Code of Virginia including financing efforts to restrict the use of tobacco products by minors through educational and awareness programs on the health effects of tobacco use and enforcement of laws restricting the distribution of tobacco products to minors. A technical change is made referencing the correct paragraph in Part 3 which directs the transfer of funds from the Tobacco Settlement Fund to the Office of the Attorney general for expenses related to the enforcement of the MSA agreement.)

"Norfolk Botanical Garden                      250,000                      0".

**Explanation:**

(This amendment provides \$250,000 the first year from the general fund to Norfolk Botanical Garden (NBG). As part of Norfolk Botanical Garden's 70th anniversary celebration, NBG is embarking on an exciting new project to totally change the appearance of the entrance experience to the garden. It will be a change from the current entrance "look," that represents the Garden's history as a city park, to one that more accurately reflects the Garden's 155 acres of horticultural and landscape beauty. The project is divided into three phases, or segments, based on the physical distance between Azalea Garden Road and the toll booth. The three phases of the Garden Gateway Beautification Project are 1) the Azalea Garden Road Gateway Entrance, 2) the Causeway, and 3) the Toll Booth Area. The total cost of the Garden Gateway Beautification Project is \$1.5 million.)

|----------------------|---------|-----------|
| "Virginia War Museum | 250,000 | 250,000". |
|----------------------|---------|-----------|

**Explanation:**

(This amendment provides \$250,000 the first year and \$250,000 the second year from the general fund to the Virginia War Museum, which is located in the City of Newport News. The Virginia War Museum is an official war memorial museum of the Commonwealth of Virginia, and it is the oldest museum within the City of Newport News. It greatly needs to expand its interpretation of America's most recent conflicts - including Panama, Desert Storm and Afghanistan - as global threats to American security have witnessed a transformation in the role of the military. The museum must interpret the military's changing role as well as honor those who have defended our freedom throughout the world. To do this, the museum requests funding for capital improvements to expand its front entrance area and add more space for exhibits.)

**Language:**

Page 443, line 4, strike "\$0" and insert "\$911,911".

Page 444, after line 34, insert:

"Pentagon Memorial Fund                      911,911                      0".

**Explanation:**

(This amendment provides \$911,911 the first year from the general fund to the Pentagon Memorial Fund. On September 11, 2001, terrorists crashed Flight 77 into the Pentagon, killing the 59 passengers on board the aircraft and 125 military and civilian personnel who were working inside the Pentagon. Shortly after the attack, the United States Congress authorized the Secretary of Defense to create a permanent memorial on the grounds of the Pentagon.

The Pentagon Memorial park will consist of 184 memorial units, each of which will be dedicated to an individual victim by its unique placement within the collective field. The field will be organized as a timeline of the victims' ages, spanning from the youngest, three-year-old Dana Falkenberg, to the oldest, 71-year-old John D. Yamnicky. Each memorial unit will be located on its respective age line — thin metal strips that cross the memorial park. This ordering will develop a powerful understanding of the broad range of the lives lost, from the youngest child to the oldest adult.

The memorial units representing the 59 lives lost on Flight 77 will face so that when reading the name of the victim to whom that unit is dedicated, the visitor to the memorial park faces the sky. When standing at a memorial unit dedicated to a victim who was inside the Pentagon, the visitor will see the victim's name and the Pentagon in the same view. The simple but elegant memorial units will be at once a glowing light pool, a cantilevered bench and a place for permanent inscription of each victim's name. The interplay between the leaves of surrounding maple trees, light, bark, footpath gravel, grasses, water and the senses will provide an experience in the park that is touching and moving, one that creates a place of peace and remembrance, and allows for individual interpretation by each visitor. The Pentagon Memorial, therefore, serves a much greater purpose than just remembering

the 184 people who were killed that day. This memorial will provide a place for future generations to remember and reflect on September 11, and its significance for us and our nation. This memorial will be a place of solace where visitors can renew their faith in, and commitment to the values that we all share.

The Pentagon Memorial Fund, Inc., was incorporated in May 2003 as a non-profit 501(c)(3) organization to raise the private funds necessary to design, build and maintain the Pentagon Memorial. Washington Headquarters Service (WHS) holds overall responsibility for the project, with Pentagon Renovation & Construction Program Office (PENREN/C) serving as the construction agent. Real Estate and Facilities (RE&F) will serve as the project manager to secure, manage and account for funding as the project progresses. Centex-Lee LLC was awarded the design-build contract to complete the Pentagon Memorial.)

(This amendment provides \$72,500 the first year from the general fund to the Virginia Highlands Small Business Incubator, Inc. The funds will help purchase a 24/7 back-up power generator at the Stone Mill Business & Technology park. The generator would allow the facility to become a continuity of operations location for locally based state agencies during a major power outage or emergency situation.)

**Explanation:**

(This amendment provides \$500,000 the first year from the general fund for the Violence Prevention Research Project. The requested funds would be used for a research project to investigate teen violence and homicides in eastern Newport News, Virginia. More people were killed in Newport News in 2007 than any year since 2001. The proliferation of gangs and drugs in the area continues to be an area of concern, and funds are needed for survey data collections, supplies, equipment, instruments and travel to continue the research in the area. The Moton Community House serves as the primary site for data collection and the intent is to develop a youth violence prevention and apprentice program to curb the violence that continues to pervade the area.)

ECONOMIC DEVELOPMENT FOR VIRGINIANS WITH  
DISABILITIES RETAIL SALES & USE TAX CREDIT

Language

**Language:**

Page 495, after line 8, insert:

"§ 3-5.07 ECONOMIC DEVELOPMENT FOR VIRGINIANS WITH DISABILITIES  
SALES & USE TAX CREDIT

A. The Commissioner of the Department of Rehabilitative Services, in consultation with the Commissioner of Taxation, shall implement and administer the rules of a retail sales & use tax credit program to provide job creation for people with disabilities or with barriers to self-sufficiency.

B. The Commissioner shall adopt procedures to administer the Economic Development for Virginians with Disabilities Retail Sales and Use Tax Credit Program to carry out the purposes of the Program. The procedures shall include (i) application procedures, (ii) procedures for adequate public notice of available assistance, (iii) selection criteria that the Commissioner shall consider in approving applications from qualified organizations, and (iv) provisions and certifications to ensure that funds available to the applicant by avoiding the sales taxes are spent and accounted for appropriately.

C. Definitions as used in this section:

"Nonprofit organization" means an organization that has qualified for exemption from income taxation under § 501 (c) (3) of the Internal Revenue Service Code.

"People with barriers to self-sufficiency" means people who have either (i) limited or no work experience, (ii) a low level of education and training, (iii) physical or mental disabilities, or (iv) lack of workplace skills.

"People with disabilities" means people who have a physical, sensory or intellectual impairment as defined in § 51.5-3, Code of Virginia.

"Qualified organization" means a nonprofit organization that has applied to the Commissioner and has been certified pursuant to paragraph E below.

D. Economic development for Virginians with Disabilities Retail Sales and Use Tax Credit is established in an amount of up to \$1,000,000 annually.

E. Certification of a nonprofit organization.

The Commissioner shall certify as qualified organizations those nonprofit organizations that:

1. Spend at least 75 percent of their gross revenues on program services, including directly employing, or training for employment, people with disabilities or people with barriers to self sufficiency, and
2. Have as a significant source of revenue the sale of donated goods or goods produced by employees of the nonprofit organization."

**Explanation:**

(This amendment establishes a new retail sales and use tax credit program for persons with disabilities or barriers to self-sufficiency.)

---

**General Provisions**

Operating Policies

Language

**Language:**

Page 496, after line 9, insert:

"d. No funding in this budget, or matching funds related to funding included in this budget, may be provided for human stem cell research from stem cells obtained from human embryos; however, research conducted using stem cells other than embryonic stem cells may be funded.

e. No funding in this budget, or matching funds related to funding included in this budget, may be provided for research on cells or tissues derived from induced abortions on humans."

**Explanation:**

(This amendment would prohibit state funding of embryonic stem cell research itself, but it would also permit entities that conduct such research (without using state money) to receive state funding. Entities that receive funding for embryonic stem cell research from federal and private sources may also receive state dollars for purposes other than embryonic stem research. State funding of research on aborted fetuses would be prohibited.)

Page 521, after line 16, insert:

"i. MEDICAL SERVICES: No expenditures from general, special or other nongeneral fund sources may be made out of any appropriation by the General Assembly for providing abortion services, except as otherwise required by federal statute. However, nothing herein shall prevent a physician from providing medical assistance to preserve the life of a pregnant woman provided that every possible measure shall be taken to preserve the life of the unborn child of the pregnant woman."

**Explanation:**

(This amendment is self-explanatory.)

Language

**Language:**

Page 528, after line 21, insert:

"Executive Director, Department of Fire Programs   \$86,994   \$86,994   \$89,604".

Page 529, strike lines 7 through 10.

**Explanation:**

(This amendment moves the Executive Director of the Department of Fire Programs from a Level V agency head to a Level III agency head. Due to legislation adopted by the General Assembly during its 2007 Session, the Office of the State Fire Marshall was transferred from the Department of Housing and Community Development to the Department of Fire Programs, which increased the agency's staffing by 31 positions and made it responsible for the administration and promulgation of state fire prevention codes. The revenue impact reflects the increase in the executive director's salary.)
