Explanation:

(This amendment reflects increased General Fund revenue of \$102.0 million per year from reinstatement of the estate tax as proposed in a companion amendment included in Section 4. The tax would be reimposed for deceased residents whose gross estates exceed \$5.0 million, unless the majority of the assets of the total estate are an interest in a closely held business or working farm. The estimated \$102.0 million per year would be used to fund specified community-based Health and Human Resources programs.)

Explanation:

(This amendment fulfills the Commonwealth's economic development commitment to a company that selected Virginia for the location of the nation's first barely ethanol production facility. This \$170 million investment, which is the largest alternative energy project in Virginia, will produce 65 million gallons per year of alternative fuel and is on schedule to be completed in June 2010. The Commonwealth marketed funding from the Virginia Biofuel Production Fund as an economic development incentive to locate in the City of Hopewell. Funding for this commitment was not included in the introduced budget. Explanation:

(This amendment provides \$100,000 NGF in FY 2011 from the TANF block grant for start-up costs for a Rental Assistance Pilot Project (RAPP) that will continue into FY 2012. The RAPP would be created under the Department of Housing and Community Development through its existing Homeless Intervention Program sites, minimizing administrative costs and ensuring that funds go directly to families and individuals in need. The purpose of the pilot project is to prevent families from going into emergency shelters for housing and to assist families who are unable to leave shelters due to the difference between their income and market rent rates. Funds from RAPP would temporarily field the gap between family income and the cost of housing. Working families would be responsible to contribute 30 percent (the national average housing affordability figure) of their income toward their rent. It is estimated that 700 families could be served during the first year of the pilot project. The project would include the requirement for biannual reports from the participating localities in order to evaluate the effectiveness of the program, as well as a final report to the Governor and the housing commission on the effectiveness of the pilot project. The American Recovery and Reinvestment Act (ARRA) TANF Emergency Contingency Fund (ECF) provides for 80 percent federal reimbursement of increased costs for basic assistance, non-recurrent short-term payments, and subsidized employment (over FY 2007 or FY 2008). Data from the Department of Social Services demonstrate increased costs in the eligible categories during FY 2009 and FY 2010, which qualifies Virginia for additional reimbursements, as described above. The Department of Social Services is directed to request such reimbursement from the ARRA TANF ECF, and to utilize \$1,000,000 of these reimbursed funds to support a two year Rental Assistance Program.)

Explanation:

(This amendment provides \$140,000 GF and \$280,000 NGF from federal Medicaid matching funds each year to expand coverage under FAMIS to children who are legal immigrants that have resided in the United States less than five years. Under current law, uninsured children who reside in the United States legally must wait five years prior to enrolling in FAMIS. The five-year wait interferes with access to necessary health care services and takes advantage of the 65 percent federal match.)

Explanation:

(This amendment provides \$898,275 GF and \$1.1 million NGF the first year and \$1.1 million GF and \$1.1 million NGF from federal Medicaid matching funds the second year to provide coverage to pregnant women who are legal immigrants and who are otherwise eligible for Medicaid. Federal reauthorization of the Children's Health Insurance Program allows states to offer Medicaid coverage for this population. Medicaid already covers the labor and delivery costs for this population as an emergency service which can be expensive, especially if there are complications due to the lack of prenatal care. This coverage may result in the avoidance of these additional Medicaid costs. This is a recommendation of the Joint Commission on Health Care.)

Explanation:

(This amendment assumes Medicaid savings by making changes to the preferred drug list program. This amendment removes exclusions for medications used in the treatment of serious mental illnesses, brain disorders, cancer or HIV-related conditions. Under current law, prescription drugs used in the treatment of these illnesses are exempt from the preferred drug list program. This amendment applies the same principles for receiving prescription drugs under Medicaid's preferred drug list to non-Medicaid recipients by requiring that a generic drug be dispensed for a brand-name equivalent if it is chemically the same.)

Explanation:

(This amendment reduces \$2.1 million GF each year that was proposed in the introduced budget to provide inpatient mental health services for children who do not have other insurance to pay for needed treatment. Language is also added to continue developing a plan to operate child and adolescent treatment beds at state mental health facilities. Absent compelling reasons to the contrary, the Virginia Parole Board shall grant a petition for geriatric release filed in accordance with Section 53.1-40.01, and shall grant discretionary parole to any inmate eligible therefore, with respect to any inmate who is terminally ill or permanently and totally disabled.

2. Compelling reasons may include reliance on any evidence-based risk assessment tool developed by the Virginia Criminal Sentencing Commission for consideration of candidates for parole or geriatric release that is consistent with best practices.

3. Any decision to deny geriatric release or discretionary parole in the foregoing cases shall be accompanied by fact-specific individualized reasons for such denial, which balances any material post-sentencing factors against the nature and circumstances of the offense. Nothing in this provision is intended to deprive any other inmate of the right established in Title 53.1 to fair and meaningful consideration for parole and geriatric release.

4. For purposes of this provision, "permanently and totally disabled" means unable to engage in any substantial gainful activity by reason of any medically determinable physical impairment or deformity that can be expected to result in death or can be expected to last for the duration of such person's life, and "terminally ill" means having an illness or sickness where the medical prognosis is the person's death within six months or less. The burden of demonstrating that an inmate is permanently and totally disabled or terminally ill shall be on the inmate and may not be satisfied without competent medical evidence."

Explanation:

(This amendment establishes a standard by which the Parole Board is required to grant petitions for geriatric release and petitions for discretionary parole in cases involving the terminal illness or permanent and total disability of a geriatric inmate, regardless of whether or not the inmate has reached the current required age standards. This amendment would continue to permit the Board to deny parole where there are good reasons for doing so.)

The revenue generated by this additional fee shall be deposited to the general fund for use in supporting efforts to prevent internet crimes against children."

Explanation:

(This amendment provides for the creation of an additional \$10 fee on all persons convicted of felonies and criminal misdemeanors separate from those fees included in the Code of Virginia. The additional fee is projected to produce slightly more than \$1.8 million. This additional revenue will be deposited into the general fund for use in supporting efforts to protect children from internet predators and will be directed to the Northern Virginia Internet Crimes Against Children task force operated by the Virginia State Police, the Southern Virginia Internet Crimes Against Children task force operated by the Bedford County Sheriff's Office, the Department of Criminal Justice Services, and the Department of Social Services. § 58.1-901. Definitions.

As used in this chapter, unless the context clearly shows otherwise, the term or phrase:

"Decedent" means a deceased person.

"Federal credit" means the maximum amount of the credit for state death taxes allowable by § 2011 of the United States Internal Revenue Code of 1954, as amended or renumbered, or successor provision, in respect to a decedent's taxable estate. The term "maximum amount" shall be construed as to take full advantage of such credit as the laws of the United States may allow. For deaths occurring on or after July 1, 2009, in no event (including for purposes of the computations under § 58.1-901.1) shall such maximum amount be less than the federal credit allowable by § 2011 of the Internal Revenue Code as it existed on January 1, 1978.

"Gross estate" means "gross estate" as defined in § 2031 of the United States Internal Revenue Code of 1954, as amended or renumbered, or the successor provision of the laws of the United States.

"Interest in a closely held business" means an "interest in a closely held business" as defined in § 6166 of the United States Internal Revenue Code of 1986, as amended or renumbered, or the

successor provision of the laws of the United States.

"Nonresident" means a decedent who was domiciled outside of the Commonwealth of Virginia at his death.

"Personal representative" means the personal representative of the estate of the decedent, appointed, qualified and acting within the Commonwealth, or, if there is no personal representative appointed, qualified and acting within the Commonwealth, then any person in actual or constructive possession of the Virginia gross estate of the decedent.

"Resident" means a decedent who was domiciled in the Commonwealth of Virginia at his death.

"State" means any state, territory or possession of the United States and the District of Columbia.

"Taxable estate" means "taxable estate" as defined in § 2051 of the United States Internal Revenue Code of 1954, as amended or renumbered, or the successor provision of the laws of the United States.

"Value" means "value" as finally determined for federal estate tax purposes under the laws of the United States relating to federal estate taxes.

"Working farm" means an interest in a closely held business that operates as an active trade or business for agricultural purposes.

Any reference in this chapter to the laws of the United States relating to federal estate and gift taxes means the provisions of the Internal Revenue Code of 1954, and amendments thereto, and other provisions of the laws of the United States relating to federal estate and gift taxes, as the same may be or become effective at any time or from time to time.

§ 58.1-901.1. Date of death for decedents dying on or after January 1, 2010.

For deaths occurring on or after January 1, 2010, solely for purposes of computing the tax due under this article or Article 4 (§ 58.1-931 et seq.) of this chapter, and regardless of whether or not the laws of the United States require that a federal estate tax return be filed, the personal representative shall compute the federal estate tax as if the decedent had died on January 1, 2009.

§ 58.1-902. Tax on transfer of taxable estate of residents; amounts; credit; property of resident defined.

A. 1. A tax in the amount of the federal credit is imposed on the transfer of the taxable estate of every resident, subject, where applicable, to the credit provided for in subsection B.

2. For deaths occurring on or after July 1, 2009, a tax in the amount of the federal credit is imposed on the transfer of the taxable estate of every resident whose gross estate exceeds \$5 million, subject, where applicable, to the credit provided for in subsection B. However, no tax shall be imposed on a gross estate if the majority of the assets of the total estate are an interest in a closely held business or working farm.

B. If the real and tangible personal property of a resident is located outside of the Commonwealth and is subject to a death tax imposed by another state for which a credit is allowed under § 2011 of the Internal Revenue Code of 1954, as amended or renumbered, or the successor provision of the laws of the United States relating to federal estate taxes, the amount of tax due under this section shall be credited with the lesser of:

1. The amount of the death tax paid the other state and credited against the federal estate tax; or
2. An amount computed by multiplying the federal credit by a fraction, the numerator of which is the value of that part of the gross estate over which another state or states have jurisdiction to the same extent to which Virginia would exert jurisdiction under this chapter with respect to the

residents of such other state or states and the denominator of which is the value of the decedent's gross estate.

C. Property of a resident includes:

1. Real property situated in the Commonwealth of Virginia;
2. Tangible personal property having an actual situs in the Commonwealth of Virginia; and
3. Intangible personal property owned by the resident regardless of where it is located.

§ 58.1-905. Filing returns; payment of tax due thereon.

A. 1. The personal representative of every estate subject to the tax imposed by this chapter who is required by the laws of the United States to file a federal estate tax return shall file with the Department, on or before the date the federal estate tax return is required to be filed: (i) a return for the tax due under this chapter; and (ii) a copy of the federal estate tax return.

2. If the personal representative of any estate subject to the tax imposed by this chapter is not required by the laws of the United States to file a federal estate tax return, then the personal representative shall file with the Department a return for the tax due under this chapter within the 180 days immediately following the death of the decedent.

B. 1. If the personal representative has obtained an extension of time for filing the federal estate tax return or paying the federal estate tax or any portion thereof, the filing required by subsection A subdivision A 1 or payment required by subsection C shall be similarly extended until the end of the time period granted in the federal extension. Upon obtaining an extension of time for filing the federal estate tax return, or paying the federal estate tax or any portion thereof, the personal representative shall provide the Department with a true copy of the instrument providing for this extension.

2. For personal representatives described under subdivision A 2, the Department may grant an

extension of time for filing the state estate tax return or remitting to the Department the tax due pursuant to this chapter, or any portion of the tax due. The Department shall establish procedures and conditions for an extension.

C. The tax due under this chapter shall be paid by the personal representative to the Department not later than the date specified under subsection A or B. If such tax is paid pursuant to subsection B, interest, at a rate equal to the rate of interest established pursuant to § 58.1-15, shall be added for the period between the date when such tax would have been due had no extension been granted and the date of full payment.

D. Notwithstanding any other provision of this section, the extensions provided to individual taxpayers under subdivisions 1 and 2 of subsections F and G of § 58.1-344 shall be applicable in the same manner to the tax imposed by this chapter.

§ 58.1-912. Deposit of funds.

All moneys collected pursuant to this chapter shall be paid into the general fund of the state treasury and shall be used, as provided in the general appropriation act, for funding community-based programs of area agencies on aging, increasing Medicaid reimbursement rates for hospitals or nursing homes that serve indigent seniors, and funding the cost of existing or additional waivers from the United States Department of Health and Human Services to authorize the Commonwealth to cover certain health care services and delivery systems for senior citizens, as may be permitted by Title XIX of the Social Security Act.

Explanation:

(This amendment effectively reinstates the Virginia estate tax for residents whose gross estates exceed \$5.0 million, unless the majority of the assets of the total estate are an interest in a closely held business or working farm. The estimated \$102.0 million per year would be used to fund specified

community-based Health and Human Resources programs.)
