General Assembly of Virginia

Language

Language:

Page 12, after line 13, insert:

"T.1. The Chairmen of the House Appropriations and Senate Finance Committees shall each appoint four members from their respective committees to a Joint Subcommittee to respond to federal health care changes, provide ongoing oversight of the Medicaid and children's health insurance programs and oversight of Health and Human Resources agency data, information, operations and activities to ensure continuity during the transition between administrations. The members of the Joint Subcommittee shall elect a chairman and vice chairman annually.

2. The Joint Subcommittee shall monitor, evaluate and respond to federal legislation that repeals, amends or replaces the Affordable Care Act (ACA), Medicaid (Title XIX of the Social Security Act), or the Children's Health Insurance Program (Title XXI of the Social Security Act). The joint subcommittee shall recommend actions to be taken by the General Assembly to address the impact of any such federal legislation that would impact health care coverage now available to Virginians. Furthermore, the subcommittee shall evaluate federal changes for opportunities to improve Virginia's Medicaid and other health insurance programs.

3. The Joint Subcommittee shall provide ongoing oversight of initiatives and operations of the Virginia Medicaid and children's health insurance programs. The joint subcommittee will examine progress made in implementing changes to: (i) Medicaid managed care programs, including managed long-term supports and services (the Commonwealth Coordinated Care Plus program) and changes to the Medallion program; (ii) Medicaid waiver programs including the Medicaid waivers serving individuals with developmental disabilities; (iii) changes to the Medicaid Enterprise System; and (iv) initiatives and programmatic changes designed to increase efficiency and effectiveness, as well as to prevent fraud and abuse.

4. The Joint Subcommittee may request and examine programmatic data from agencies with the Health and Human Resources Secretariat to assist in ensuring continuity during the transition between administrations. Such programmatic data may include statutory and regulatory authority, descriptive program information, performance and outcome measures, success in achieving program outcomes, funding levels and processes to ensure efficient and

effective use of resources across the Secretariat.

5. The Joint Subcommittee may seek support and technical assistance from staff of the House Appropriations and Senate Finance Committees, the staff of the Joint Legislative Audit and Review Commission, and the staff of the Department of Medical Assistance Services. Other state agency staff shall provide support upon request."

Explanation:

(This amendment adds language creating a joint subcommittee of the House Appropriations and Senate Finance Committees to respond to federal health care changes, provide oversight of the Medicaid and children's health insurance programs, and provide oversight of Health and Human Resources agency operations during transitions between administrations.)

The Virginia State Police Insurance Fraud Program shall ensure that these positions work across jurisdictional lines, serving jurisdictions identified as most in need of these resources as supported by data. These funds shall remain unallocated until the Compensation Board and Virginia State Police notify the Director of the Department of Planning and Budget of the joint agreements reached with Commonwealth's Attorneys of the jurisdictions receiving the additional Assistant Commonwealth's Attorney positions and the jurisdictions to be served by these positions. The Commonwealth's Attorneys receiving such positions shall annually certify to the Compensation Board that positions are used primarily, if not exclusively, for the prosecution of insurance fraud related criminal activities."

Floor Approved Request to House Bill 1500, as Introduced

Explanation:

(This amendment provides \$400,000 each year, beginning July 1, 2017, from the Virginia State Police Insurance Fraud Fund to fund two (2) multi-jurisdictional Assistant Commonwealth's Attorney positions that will be dedicated to prosecuting insurance fraud related criminal activities.)

"I.1. Out of this appropriation, \$380,000 the second year from the general fund is provided to the Department of Education for the first year estimated start-up costs incurred while developing necessary policies, processes and procedures for the administration of Parental Choice Education Savings Account program as defined in House Bill 1605. The Department is further directed to identify a portion of the state's share of the per pupil amount of Standards of Quality funding from a resident school division of an eligible kindergarten through grade twelve student for whose parent has applied and been approved for a Parental Choice Education Savings Account, as permitted and predicated on the passage of House Bill 1605. The Department will distribute such identified information to each appropriate school division.

2.a.) School divisions that have eligible students participating in the Parental Choice Education Saving Account program shall be responsible for making appropriate quarterly warrants to a financial institution that are based on the DOE identified state funds where such savings accounts have been established by the parents of the participating students and are maintained and managed.

b.) In addition, these school divisions shall be responsible for receiving the expense reports and invoices from parents of the eligible students participating in the Parental Choice Education Saving Account program to determine, on the basis of policies and procedures established by the Department, the appropriateness of such expenses, as defined in House Bill 1605, along with submitted receipts prior to making a subsequent quarterly warrant into the proper savings account or renewing a written agreement for another year."

Explanation:

(This amendment provides \$380,000 the second year from the general fund to the Department of Education for the first year estimated start-up costs for 2 professional and 1 clerical full-time positions in DOE that would be needed to administer this program. In addition to the personnel, a portion of the funds, \$50,000, would be for one-time startup costs for technology and consultants to write program policies/procedures/contract for the savings accounts. In total, the first year cost would be \$380,000 and the ongoing cost would be \$330,000. Under the proposed legislation's provision where 10% of the state SOQ per pupil funding is remitted by the divisions to DOE for administrative costs for qualified students whose family income is greater than 300% of the poverty guidelines (which equals \$72,900 for a family of four), about 780 of these students would have to participate in the program for DOE to obtain the needed funds to cover the \$330,000 in on-going staffing costs, more students to cover the \$380,000 first year costs. Without this minimum level of student participation, there would not be sufficient operating funds transferred from the resident school divisions to administer the DOE portion of the Parental Choice Education Savings account. It is not known at this time how much it will cost school divisions to handle their required responsibilities as directed by the legislation.)

The risk of the achievement gap over the summer is reduced when students have a safe environment, breakfast, lunch, and meaningful instruction over the months where there are not as many educational opportunities available. In 2015, the Newport News Public Schools System had an unexpected surplus and chose to invest in starting a pilot SPARKS program for students residing in the southeast community of Newport News. That area had been riddled with gang activity, high numbers of youth violent crimes, and large concentrated pockets of poverty. The SPARKS program, in conjunction with a summer employment program, was attributed to helping reduce juvenile arrest by 27% in 2015. In 2016, the program was expanded from 2,000 students in one area of the city to 6,000 students from multiple areas of the city that have high numbers of youth in high crime and impoverished areas.)

"3) From the amounts provided for Remedial Summer School, there is hereby appropriated \$300,000 the second year from the general fund to support pilot public-private partnerships between local school divisions and the Greater Richmond and Central Virginia affiliates of the Virginia Alliance of YMCAs to expand student participation opportunities in existing summer Power Scholars Academies in such partnered school divisions. The Virginia Alliance of YMCAs shall prepare and submit an evaluation report for such pilot partnerships between the school divisions and the Greater Richmond and Central Virginia YMCA affiliates to Chairmen of House Appropriations and Senate Finance Committees no later than October 31, 2018."

Explanation:

(This amendment provides \$300,000 the second year from the Remedial Summer School assistance program funding to support a pilot public-private partnership between school divisions and the Virginia Alliance of YMCAs. The funding will enable Richmond City, Amherst and Lynchburg schools to enhance summer school learning and retention by expanding their programs with the YMCA. The Greater Richmond YMCA partnered with Richmond City during 2016 and served 87 students in the summer Power Scholars Academy, resulting in an averaged gain of two months in reading skills and one month gain in math comprehension for these students. In addition, the YMCA Central Virginia partnership with Lynchburg and Amherst school divisions had 71 students participate in the summer Power Scholars Academy who demonstrated an average of three-month gains in reading and two-month gains in math.)

"C.1. Out of this appropriation, \$370,000 from the general fund and \$3,330,000 from nongeneral federal HITECH funds the second year shall be provided to implement the provisions of House Bill 2209 which establishes the Emergency Department Care Coordination Program. The Department of Medical Assistance Services, in cooperation with the Department of Health, shall apply for federal HITECH matching funds and seek any additional eligible federal matching funds supporting provider electronic health record implementation and integration in order to implement the program.

2. The Department of Health shall contract or amend an existing contract with a non-profit entity as necessary in order to implement the program. The contractor may utilize an existing governance, legal and trust framework in order to fulfill the requirements of House Bill 2209 and to expedite the implementation of the program.

3. Pursuant to House Bill 2209, the Emergency Department Care Coordination Advisory Council (ED Council) shall: (i) specify the necessary functionalities of the system to meet the needs of all key stakeholders; (ii) develop and oversee a competitive selection process for a vendor or vendors that will provide a single, statewide technology solution to fulfill the required functionalities and advance the goals of the initiative; and (iii) oversee the implementation of successful information technologies, with implementation no later than December 31, 2017.

4. In fiscal year 2018, all hospitals operating emergency departments in the Commonwealth and all Medicaid managed care contracted health plans shall participate in the program. All hospitals operating emergency departments in the Commonwealth, all Medicaid contracted

managed care health plans, the State Employee Health Plan, all Medicare plans operating in the Commonwealth, and all commercial plans operating in the Commonwealth, excluding ERISA plans, shall participate in the program in fiscal year 2019. The Department, in coordination with the Department of Medical Assistance Services, shall determine the amount of federal funds available to support program operations in fiscal year 2019, and in cooperation with the ED Council, recommend a funding structure for program operations by October 15, 2017 that apportions program costs across the Commonwealth, participating hospitals, and participating health plans in fiscal year 2019 and annually thereafter.

5. The Department, in coordination with the ED Council, shall report annually beginning November 1, 2017 to the Secretary of Health and Human Resources, the Chairmen of the House Appropriations Committee and Senate Finance Committee on progress, including, but not limited to: (i) the participation rate of hospitals and health systems, physicians and subscribing health plans; (ii) strategies for sustaining the program and methods to continue to improve care coordination; and (iii) the impact on health care utilization and quality goals such as reducing the frequency of visits by high-volume Emergency Department utilizers and avoiding duplication of prescriptions, imaging, testing or other health care services."

Explanation:

(This amendment adds \$370,000 from the general fund and \$3.3 million from federal HITECH funds and language to implement the provisions of House Bill 2209 which establishes an emergency department care coordination program. Language directs the development and implementation of a single, statewide technology solution that connects all the emergency departments in the Commonwealth to enable real time communication and collaboration between physicians, providers and other clinical or care management personnel for patients receiving services in hospital emergency departments for the purpose of improving the quality of patient care services, and lowering costs. Language also sets out specific responsibilities of the Emergency Department Care Coordination Advisory Council (ED Council) which is created in the legislation.

The program is phased in with participation by hospital emergency departments and Medicaid managed care organizations in fiscal year 2018 and would expand to include all health plans operating in Virginia, excluding ERISA plans in fiscal year 2019. Language directs the Department of Health, with cooperation of the Department of Medical Assistance Services and the ED Council, to develop a funding structure for program operations in fiscal year 2019 that apportions program costs across the Commonwealth, participating hospitals, and participating health plans.

Pursuant to House Bill 2209, implementation of this initiative is contingent upon the receipt of HITECH matching funds, and neither the Department nor its contractor will be obligated to implement the Program without HITECH matching funds.)

Explanation:

(This amendment adds language related to supplemental Medicaid payments for local government-owned nursing homes. Currently five local -government owned nursing homes provide Department of Medical Assistance Services (DMAS) with funding to draw down matching federal funds for reimbursement for services provided to Medicaid recipients. A portion of the matching federal funds are retained by DMAS as Certified Public Expenditure Revenues. New federal regulations prevent Medicaid from making supplemental payments to these facilities when the Department of Medical Assistance Services (DMAS) implements its managed long-term care services and supports program (CCC Plus) on July 1, 2017. This language would allow DMAS to exempt residents admitted to these facilities from the CCC Plus program, similar to how DMAS treats Virginia's veteran nursing facilities. Explanation:

(This amendment adds \$3.3 million from the general fund and \$3.3 million from matching federal Medicaid funds to increase payments for nursing homes effective July 1, 2017. Language changes the price percentages for direct and indirect care. The change will help mitigate the effect of rebasing nursing facility rates utilizing base year costs that reflect multiple years of artificially constrained payments due to budgetary constraints. By increasing the price percentages as designated, the Commonwealth will promote a more equitable reimbursement policy to ensure long-term availability of nursing facility services for Medicaid recipients for whom such care is appropriate.)

"R.1. The Department of Medical Assistance Services (DMAS) shall make improvements to the rate-setting process to ensure managed care capitation rates are not higher than necessary. The DMAS shall work with its actuary to identify potential inefficiencies in the Medallion program and adjust capitation rates for expected efficiencies, effective no later than fiscal year 2019. DMAS and its actuary should phase in this adjustment over time based on the portion of identified inefficiencies that managed care organizations can reasonably reduce each year.

2.The Department of Medical Assistance Services and its actuary should adjust Medallion capitation rates to account for a portion of expected savings for initiatives required by the state.

3.The Department of Medical Assistance Services and its actuary shall monitor Medallion medical spending for related-party arrangements and adjust historical medical spending when necessary to ensure that capitation rates do not cover spending above market value."

Explanation:

(This amendment adds \$482,500 from the general fund and a like amount of matching federal Medicaid funds, two positions and language to implement recommendations from a recent review of the Virginia Medicaid Program by the Joint Legislative Audit and Review Commission to improve cost efficiency in the Medicaid program by improving Medicaid's rate-setting process to ensure capitation rates are not higher than necessary.)

Page 347, line 48, strike "\$34,555,789" and insert "\$34,444,789".

Explanation:

(This amendment transfers \$111,000 from the general fund the second year in remaining 2-1-1 Information and Referral funding to the Department of Social Services' administrative budget in Item 341. Most of the funding for the 2-1-1 contract was previously moved to the administrative services budget, but this funding was inadvertently not transferred. This action aligns funding in the organization where the expenditures actually occur. A companion amendment in Item 341 adds the funding for this contract.)

"Pursuant to projects authorized and funded in paragraph E.1 of Items C-39.40 of Chapter 1 of the Acts of Assembly of 2014, operations of the Virginia General Assembly will temporarily move and operate from the Pocahontas Building bounded by the following streets 9th to the west, 10th to the east, Bank to the north, and Main to the south in the City of Richmond. This temporary move will result in the Commonwealth's legislative activities to be concentrated in an area requiring traffic and pedestrian operational security enhancements. As such, and pursuant to the responsibilities of the Department of General Services (§ 2.2-1129) and the Virginia Capitol Police (§ 30-34.2:1), Bank Street from 9th to 14th Street in the City of Richmond shall be controlled by the Department of General Services and the Virginia Capitol Police while the Virginia General Assembly is located in the Pocahontas Building. Vehicular travel limitations and pedestrian management needs on and along Bank Street shall be determined jointly by the Department of General Services and the Virginia Capitol Police during that time. The Department of General Services and the Virginia Capitol Police will coordinate its Bank Street decisions with the City of Richmond.

The projects stated in the Chapter referenced above also include new permanent facilities for state government operations. Design precedence for permanent facilities will accommodate the operational needs of state government resources identified to occupy and conduct state business within the funded projects."

§ 4-8.03 LOCAL GOVERNMENTS

a. The Auditor of Public Accounts shall establish a workgroup to develop a proposed system of financial and other indicators, from readily available data, to serve as an early warning mechanism to signal the presence of possible local fiscal distress within local governments in Virginia. Fiscal distress as used in this context is meant to describe a situation whereby the provision and sustainability of public services is threatened by various administrative and financial shortcomings including but not limited to cash flow issues, inability to pay expenses, revenue shortfalls, deficit spending, structurally imbalanced budgets, billing and revenue collection inadequacies and discrepancies, debt overload, and/or lack of trained and qualified staff to process administrative and financial transactions. Fiscal distress may be caused by factors internal to the unit of government or external to the unit of government and in various degrees such conditions may be controllable by management or uncontrollable by management.

1. For localities that fall within preliminary threshold levels of fiscal distress, as recommended by the workgroup created pursuant to paragraph a. above, the Auditor of Public Accounts shall notify the head of the local governing body and the chief administrator of the locality and request additional information to further ascertain if there is cause for state concern, based on such factors as budget processes, debt, borrowing, expenses and payables, revenues and receivables, and other areas, and, if so, the scope of the issues involved. After such follow up, if the Auditor of Public Accounts is of the opinion that state assistance, oversight, or targeted intervention is needed, either to further assess, help stabilize, or remediate the situation, the Auditor shall notify the Governor and the Chairmen of the House Appropriations Committee and the Senate Finance Committee in writing outlining specific issues or actions that need to be addressed by state intervention.

2. The notification issued by the Auditor of Public Accounts pursuant to paragraph 1. above shall satisfy the notification requirement necessary to effectuate the provisions of this act in paragraph b.3 below.

Floor Approved Request to House Bill 1500, as Introduced

b. The Director of the Department of Planning and Budget shall identify any amounts remaining unexpended from general fund appropriations in this act as of June 30, 2017, which constitute state aid to local governments. The Director shall provide a listing of such amounts designated by item number and by program on or before August 15, 2017, to the Governor and the Chairmen of the House Appropriations Committee and the Senate Finance Committee.

1. From such unexpended balances identified by the Director of the Department of Planning and Budget, the Governor may reappropriate up to \$500,000 from amounts which would otherwise revert to the balance of the general fund to establish a component of fund balance which may be used for the purpose of providing technical assistance and intervention actions for local governments deemed to be fiscally distressed and in need of intervention to address such distress. Any such reappropriation approved by the Governor, shall be separately identified in the commitments specified on the balance sheet and financial statements of the State Comptroller for the close of fiscal year 2017 and thereafter, to the extent that such reserve is not used or added to by future appropriation actions.

2. Prior to any expenditure of the reappropriated reserve, the Governor and the Chairmen of the House Appropriations Committee and the Senate Finance Committee must receive a notification from the Auditor of Public Accounts that a specific locality is in need of intervention because of a worsening financial situation. The Auditor of Public Accounts may issue such a notification upon receipt of audited financial or other information that indicates the existence of fiscal distress. But, no such notification shall be made until appropriate follow up and correspondence ascertains that, in the opinion of the Auditor of Public Accounts, such fiscal distress indeed exists. Such notification may also be issued by the Auditor of Public Accounts if written concerns raised about fiscal distress are not adequately addressed by the locality in question.

3. Once the Governor has received a notification from the Auditor of Public Accounts indicating fiscal distress in a specific local government, the Governor shall consult with the Chairmen of the House Appropriations Committee and the Senate Finance Committee about a plan for state intervention prior to any expenditure of funds from the cash reserve. Any plan approved by the Governor for intervention should, at a minimum, specify the purpose of such intervention, the estimated duration of the intervention, and the anticipated resources (dollars and personnel) directed toward such effort. The staffing necessary to carry out the intervention plan may be assembled from either public agencies or private entities or both and the Governor may use an expedited method of procurement (sole source) to secure such staffing when, in his judgment, the need for intervention is of an emergency nature such that action must be taken in a timely manner to avoid or address unacceptable financial risks to the Commonwealth.

4. The governing body and the elected Constitutional Officers of a locality subject to an intervention plan approved by the Governor shall assist all state appointed staff conducting the intervention regardless of whether such staff are from public agencies or private entities. Intervention staff shall provide periodic reports in writing to the Governor and the Chairmen of the House Appropriations Committee and the Senate Finance Committee outlining the scope of issues discovered and any progress to remediate such issues. These periodic reports

Floor Approved Request to House Bill 1500, as Introduced

shall specifically address the degree of cooperation the intervention team is receiving from locally elected officials, including constitutional officers, city, county, or town managers and other local personnel in regards to their intervention work.

5. The Department of General Services is hereby encouraged to develop a master contract of qualified private sector turnaround specialists that the Governor can use to procure intervention services in an expeditious manner when he determines that state intervention is warranted in situations of local fiscal distress."

Explanation:

(This amendment establishes a system to monitor potential fiscal distress among local governments and provides a mechanism for potential state and private sector assistance, including funding resources, to be coordinated by the legislative and executive branches and managed by the Office of the Governor.)

2. Any amounts that normally would be committed or assigned pursuant to GASB standards.

3. Any amounts that must be committed for deposit to the Water Quality Fund from excess general fund revenue collections pursuant to § 10.1-2128 A., Code of Virginia.

4. Any other amounts that are required to be committed or assigned pursuant to any other items or provisions of this act, which would include mandatory carryforwards, unexpended balances in capital projects, and balances required to be carried forward for fiscal year 2018.

C. The amount that remains after deduction of the amounts listed above from the surplus revenues on June 30, 2017, shall be further reduced by fifty percent.

D. The Comptroller shall then reflect the remaining fifty percent as a commitment on the preliminary balance sheet entitled Revenue Cash Reserve to be held solely for the purposes of mitigating any loss of general fund revenues in fiscal year 2018 from the official forecast contained in this act.

E. The Comptroller may draw against the balances of the Revenue Cash Reserve for an amount equal to any shortfall in general fund revenue collections from the official forecast contained in this act for fiscal year 2018."
