Authority: Title 30, Chapter 2.2, Code of Virginia.

A. Out of this appropriation shall be paid the annual salary of the Director, Division of Legislative Services, \$157,374 from July 1, 2016, to June 24, 2017 and \$157,374 from June 25, 2017, to June 30, 2018.

B. Notwithstanding the salary set out in paragraph A. of this item, the Committee on Joint Rules may establish a salary range for the Director, Division of Legislative Services.

C. The Division of Legislative Services shall continue to provide administrative support to include payroll processing, accounting, and travel expense processing at no charge to the Chesapeake Bay Commission, the Joint Commission on Health Care, the Virginia Commission on Youth, and the Virginia State Crime Commission.

D. Out of this appropriation, \$250,000 the first year from the general fund is provided to support the work of the Senate Joint Resolution 47 (2014) Joint Subcommittee to Study Mental Health Services in the Commonwealth in the 21st Century. The funding may be used to contract for expertise and assistance in its work to evaluate the community-based system of service delivery or other related topics as required by the work of the Joint Subcommittee. Any contractor hired shall evaluate the current system along with alternative delivery systems to provide the necessary information and assistance to the subcommittee in determining the most appropriate delivery system, or modifications to the current delivery system, that ensures access, quality, consistency, and accountability. Any remaining balance at year-end shall be carried forward to the subsequent fiscal year.

E. Included in this item is \$247,840 in the first year *and \$310,000 in the second year from dedicated special revenue to implement the recommendations of the Chesapeake Bay Restoration Fund Advisory Committee.*

Explanation:

(This amendment appropriates the fiscal year 2018 dedicated special revenue generated from sales of the "Friends of the Chesapeake Bay" license plate to the Chesapeake Bay Restoration Fund for the recommendations of the Chesapeake Bay Restoration Fund Advisory Committee, and appropriates the estimated amount for fiscal year 2018. Because the Division of Legislative Services was not set out in House Bill 5001 as introduced, this minor change requires including all language contained in this item in Chapter 836 to be included in the amendment.)

Explanation:

(This amendment captures \$136,425 in savings to the general fund and a like amount of matching federal Medicaid funds in fiscal year 2018 in Medicaid Disproportionate Share Hospital (DSH) payments because an out of state hospital has chosen not to participate in the program. Language is added to clarify that these amounts will not be reallocated to other DSH-eligible hospitals in fiscal year 2018. "4.a. No later than 45 days upon the passage of this act, the Department of Medical Assistance Services shall have the authority to (1) amend the State Plan for Medical Assistance under Title XIX of the Social Security Act, and any waivers thereof, to implement coverage for newly eligible individuals pursuant to 42 U.S.C. § 1396d(y)(1)[2010] of the Patient Protection and Affordable Care Act and (2) begin the process of implementing a § 1115 demonstration project to transform the Medicaid program for newly eligible individuals pursuant to the provisions of 4.a.(1) and eligible individuals enrolled in the existing Medicaid program. No later than 180 days from the passage of this act, DMAS shall submit the § 1115 demonstration application to CMS for approval. If the State Plan amendment is affirmatively approved by CMS prior to the submission of the waiver, Medicaid coverage for newly eligible individuals may be implemented. If the State Plan amendment becomes effective without affirmative action by CMS, coverage may begin upon submission of the completed § 1115 demonstration application, per CMS notification, but no later than January 1, 2019. If the demonstration waiver cannot be completed by 180 days, despite a good faith effort to complete the application, the department may request an extension from the Chairmen of the House Appropriations and Senate Finance Committee. The department shall provide updates on the progress of the State Plan amendments and waiver applications to the Chairmen of the House Appropriations and Senate Finance Committees, or their designees, upon request, and provide for participation in discussions with CMS staff. The department shall respond to all requests for information from CMS on the State Plan amendments and waiver applications in a timely manner.

b. At least 10 days prior to the submission of the application for the waiver of Title XIX of the Social Security Act, the department shall notify the Chairmen of the House Appropriations and Senate Finance Committees of such pending application and provide a copy of the application. If the department receives an official letter from either Chairman raising an objection about the waiver during the 10-day period, the department shall make all reasonable attempts to address the objection and modify the waiver(s). If the department receives no objection, then the application may be submitted. Any waiver specifically authorized elsewhere in this item is not subject to this provision. Waiver renewals are not subject to the provisions of this paragraph.

c. The Department of Medical Assistance Services shall include provisions to make referrals to job training, education and job placement assistance for all unemployed, able-bodied adult enrollees as allowed under current federal law or regulations through the State Plan amendments, contracts, or other policy changes. DMAS shall also include provisions to foster personal responsibility and prepare newly eligible enrollees for participation in commercial health insurance plans to include use of private health plans, premium support for employer-sponsored insurance, health savings accounts, appropriate utilization of hospital emergency room services, healthy behavior incentives, and enhanced fraud prevention efforts, among others through the State Plan amendments, contracts, or other policy changes.

d. The demonstration project shall be designed to empower individuals to improve their health and well-being and gain employer sponsored coverage or other commercial health insurance

Floor Approved Requests to House Bill 5001, as Introduced

coverage, while simultaneously ensuring the program's long-term fiscal sustainability. The demonstration project shall include the following elements in the design:

(i) two pathways for eligible individuals with incomes between 100 percent and 138 percent of the federal poverty level, including income disregards, to obtain health care coverage: premium assistance for the purchase of a health insurance plan, or premium assistance for the purchase of employer-sponsored health insurance coverage if cost effective. The premium assistance program shall assist participants in purchasing a comprehensive benefit package consistent with private market plans, compliant with all mandated essential health benefits, and inclusive of current Medicaid covered mental health and addiction recovery and treatment services. The premium assistance program shall include (1) the development of a deductible account for eligible individuals participating in the premium assistance programs, comprised of participant contributions and state funds to be used to fund the health insurance premiums and to ensure funds are available for the enrollee to cover the initial year of medical expenses for the deductible, with the ability to roll over the funds from the account into succeeding years if not fully used. The monthly premium amount for the enrollee shall be set on a sliding scale based on monthly income, not to exceed two percent of monthly income, nor be less than \$1 per month; (2) provisions for coverage to begin on the first day of receipt of the premium payment or enrollment due to treatment of an acute illness; (3) provisions for instituting a grace period followed by a waiting period prior to re-enrollment if the premium is not paid by the participant or if the participant does not maintain continuous coverage; and (4) provisions to recover premiums payments owed to the Commonwealth through debt set-off collections;

(ii) provisions to enroll newly eligible individuals with incomes between 0 and 100 percent of the federal poverty level, including income disregards, in existing Medicaid managed care plans with existing Medicaid benefits or in employer-sponsored health insurance plans, if cost effective. Such newly eligible enrollees shall be subject to existing Medicaid cost sharing provisions;

(iii) cost-sharing for eligible enrollees with incomes between 100 percent and 138 percent of the federal poverty level, including income disregards, designed to promote healthy behaviors such as the avoidance of tobacco use, and to encourage personal responsibility and accountability related to the utilization of health care services such as the appropriate use of emergency room services. However, such individuals who also meet the exemptions listed in (iv) shall not be subject to cost sharing requirements more stringent than existing Medicaid law or regulations. Enrollees who comply with provisions of the Medicaid program, including healthy behavior provisions, may receive a decrease in their monthly premiums and copayments, not to exceed 50 percent.

(iv) the establishment of the Training, Education, Employment and Opportunity Program (TEEOP) for every able-bodied, working-age adult enrolled in the Medicaid program to enable enrollees to increase their health and well-being through community engagement leading to self-sufficiency. The requirement for participation in the TEEOP program shall not apply to: (1) children under the age of 18 or individuals under the age of 19 who are participating in secondary education; (2) individuals age 55 years and older; (3) individuals who qualify for

Floor Approved Requests to House Bill 5001, as Introduced

medical assistance services due to blindness or disability, including individuals who receive services pursuant to a § 1915 waiver; (4) individuals residing in institutions; (5) individuals determined to be medically frail; (6) individuals diagnosed with serious mental illness; (7) pregnant and postpartum women; (8) former foster children under the age of 26; and (9) individuals who are the primary caregiver for a dependent, including a dependent child or adult dependent with a disability.

The TEEOP shall include requirements for gradually escalating participation in training, education, employment and community engagement opportunities through the program as follows:

- a. beginning three months after enrollment, at least 20 hours per month;
- b. beginning six months after enrollment, at least 40 hours per month;
- c. beginning nine months after enrollment, at least 60 hours per month; and
- d. beginning 12 months after enrollment, at least 80 hours per month.

The TEEOP shall also include provisions for satisfaction of the requirement for participation in training, education, employment and community engagement opportunities through participation in job skills training; job search activities; education related to employment; general education, including participation in a program of preparation for the General Education Development (GED) certification examination or community college courses leading to industry certifications or a STEM-H related degree or credential; vocational education and training; subsidized or unsubsidized employment; community work experience; community service or public service; or caregiving services for a non-dependent relative or other person with a chronic, disabling health condition. The department may waive the requirement for participation in employment in areas of the Commonwealth with unemployment rates equal to or greater than 150 percent of the statewide average; however, requirements related to training, education and other community engagement opportunities shall not be waived in any area of the Commonwealth.

The TEEOP shall work with Virginia Workforce Centers or One-Stops to provide services to Medicaid enrollees. Such services shall include career services for program enrollees, services to link enrollees with industry certification and credentialing programs, including the New Economy Workforce Credential Grant Program, and individualized case management services.

The TEEOP shall, to the extent allowed under federal law, utilize federal and state funding available through the Temporary Assistance for Needy Families program, the Supplemental Nutrition Assistance Program, the Workforce Innovation and Opportunity Act, and other state and federal workforce development programs to support program enrollees.

Unless exempt, enrollees shall be ineligible to receive Medicaid benefits if, during any three months of the plan year, they fail to meet the TEEOP requirements and will not be permitted to re-enroll until the following plan year, unless the failure to comply or report compliance was the result of a catastrophic event or circumstances beyond the beneficiary's control.

(v) monitoring and oversight of the use of health care services to ensure appropriate utilization;

Floor Approved Requests to House Bill 5001, as Introduced

e. The State Plan amendment and the waiver program shall include (i) systems for determining eligibility for participation in the program, (ii) provisions for disenrollment if federal funding is reduced or terminated, and (iii) provisions for monitoring, evaluating, and assessing the effectiveness of the waiver program in improving the health and wellness of program participants and furthering the objectives of the Medicaid program.

f. The department shall have the authority to promulgate emergency regulations to implement these changes within 280 days or less from the enactment date of this act."

Explanation:

(This amendment adds language to provide authority for the Department of Medical Assistance Services to seek approval from the Centers for Medicare and Medicaid (CMS) to enhance Medicaid coverage to certain low income individuals pursuant to the federal Patient Protection and Affordable Care Act (ACA) within 45 days of the effectiveness of this act. Language requires DMAS to seek federal approval for a State Plan amendment, while simultaneously seeking approval for a Medicaid waiver to promote efficiency, accountability, personal responsibility, and competitive, value-based purchasing of health care to provide a model of health coverage for participants that is fiscally sustainable and cost effective. Language requires the Department of Medical Assistance Services to transform the Medicaid program for newly eligible individuals pursuant to the federal Patient Protection and Affordability Act (ACA) and the existing Medicaid program.

Language requires that DMAS submit the § 1115 demonstration application to CMS for approval no later than 180 days from the passage of this act. If the State Plan amendments are affirmatively approved by CMS prior to the submission of the waiver, Medicaid coverage for newly eligible individuals may be implemented; however, if the State Plan amendment becomes effective without affirmative action by CMS, coverage may begin upon submission of the completed § 1115 demonstration application, but no later than January 1, 2019. If the demonstration waiver cannot be completed by 180 days, despite a good faith effort to complete the application, the department may request an extension from the Chairmen of the House Appropriations and Senate Finance Committees. Language requires DMAS to provide updates on the progress of the State Plan amendments and waiver applications to the Chairmen of the House Appropriations and Senate Finance Committees upon request and provide for participation in discussions with CMS staff. The department is required to respond to questions from the federal Centers for Medicare and Medicaid on the proposed state plan amendments and waiver application in a timely manner. Further, the agency is required to notify and submit a copy of the waiver application at least 10 days prior to federal submission to the Chairmen of the House Appropriations and Senate Finance Committees. If an objection to the waiver application is made by either Chairman, the department shall make all reasonable attempts to address the objection(s) and modify the waiver.

Language requires DMAS to include several provisions through the State Plan amendments, contracts or policy changes such as, referrals to job training, education and job placement assistance for all unemployed, able-bodied adult enrollees. In addition, DMAS is required to

Floor Approved Requests to House Bill 5001, as Introduced

include provisions to foster personal responsibility and prepare enrollees for participation in commercial health insurance plans to include use of private health plans, premium support for employer-sponsored insurance, health savings accounts, appropriate utilization of hospital emergency room services, healthy behavior incentives, and enhanced fraud prevention efforts.

The demonstration waiver requires the development of a premium assistance program for individuals between 100% and 138% of the federal poverty level to obtain health insurance coverage through a private health insurance plan or through employer-sponsored coverage. It provides for a robust benefit package which includes mental health services and addiction recovery and treatment services. The premium assistance program would include the development of a deductible account for eligible individuals comprised of individual contributions and state funding, monthly individual contributions based on a sliding scale not to exceed two percent of monthly income, provisions for the date coverage begins, provisions for a grace period followed by a waiting period prior to enrollment if the premium is not paid or continuous coverage is not maintained, and provisions to recover premium payments owed through debt set-off collections. Individuals with incomes between 0 and 100% of the federal poverty level would be enrolled in Medicaid private managed care plans with existing Medicaid benefits, subject to existing Medicaid cost sharing requirements.

The waiver also requires cost sharing to encourage personal responsibility for individuals with incomes between 100% and 138% of the federal poverty level. However, individuals meeting one of nine exemptions to the Medicaid Training, Education, Employment, and Opportunity Program (TEEOP) would not be subject to cost sharing requirements more stringent than existing Medicaid law or regulations. Enrollees who comply with provisions of the Medicaid program, including healthy behaviors may receive a decrease in their monthly premiums and copayments, not to exceed 50 percent.

Language requires the waiver to include requirements that engage individuals enrolled in Medicaid in the TEEOP to enable them to increase their health and well-being through community engagement leading to self-sufficiency. Individuals meeting certain exemptions would not be subject to the TEEOP requirements; however, individuals who do not meet the TEEOP requirements three months out of the plan year would be disenrolled from the program and will not be permitted to re-enroll until the following plan year, unless the failure to comply or report compliance was the result of a catastrophic event or circumstances beyond the beneficiary's control. Language is also added to require both the State Plan amendments and waiver application to include systems for determining eligibility for participation in the program, provisions for disenrollment if federal funding is reduced or terminated and an evaluation component for the project. Finally, language is added to authorize the agency to implement the provisions of the language prior to the completion of the regulatory process.)

Out of the general fund amounts included in this item, \$176,688 the second year shall be transferred to the Department of Taxation to enable the Department to hire 12 additional audit staff during fiscal year 2018. The Department shall be authorized to administratively increase their maximum employment level as needed for this initiative."

Explanation:

(This amendment provides \$176,688 from the general fund in fiscal year 2018 to allow the Department of Taxation to hire 12 additional audit staff beginning in fiscal year 2018. The introduced budget assumed additional revenues from hiring 8 new audit staff beginning in fiscal year 2019. An amendment in House Bill 5002 authorizes an additional 4 staff and assumes additional revenues from the 4 additional staff. This amendments authorizes the hiring of the 12 new staff during fiscal year 2018 to maximize the revenue collections in fiscal year 2019.)

Page 234, line 28, insert:

C. DMAS shall be responsible for collecting the assessment. Hospitals subject to the assessment shall make quarterly payments to the department equal to 25 percent of the annual "assessment" amount. In the first year of the assessment payment, quarterly amounts for the remainder of the state fiscal year shall equal one-third of the assessment. The payments are due not later than the first day of each quarter. In the first year, the first assessment payment shall be due by October 1, 2018. Hospitals that fail to make the assessment payments within 30 days of the due date shall incur a five percent penalty. Any unpaid assessment or penalty will be considered a debt to the Commonwealth and DMAS is authorized to recover it as such.

D. DMAS shall submit a report due September 1 of each year to the Director, Department of Planning and Budget and Chairmen of the House Appropriations and Senate Finance Committees. The report shall include, for the most recently completed fiscal year, the revenue collected from the assessment, expenditures for purposes authorized by this item, and the year-end assessment balance in the Virginia Health Care Fund.

E. All revenue from the assessment including penalties shall be deposited into the Virginia Health Care Fund. DMAS shall account for any revenue associated with the provider assessment separately within the Fund. Proceeds from the assessment, including penalties, shall not be used for any other purpose than to cover the full cost of enhanced Medicaid coverage for newly eligible individuals, pursuant to 42 U.S.S. § 1396d(y)(1)[2010] of the federal Patient Protection and Affordable Care Act.

F. Any provision of this item is contingent upon approval by the Centers for Medicare and Medicaid Services if necessary."

Explanation:

(This amendment adds paragraphs C, D and E related to the Medicaid provider assessment language included in House Bill 5001, as introduced, to mirror language contained in House Bill 5002, as introduced. In addition, it modifies language in the introduced budget to clarify that the provider assessment is intended to pay for the full cost of the non-federal share of enhanced Medicaid coverage for newly eligible individuals pursuant to the federal Affordable Care Act. Language further clarifies that the proceeds from the assessment, including penalties cannot be used for any other purpose.)
