Any locality in the Commonwealth that employs the use of body worn cameras for its law enforcement officers shall be required to establish and fund one full-time equivalent entry-level Assistant Commonwealth's Attorney, at a salary no less than that established by the Compensation Board for an entry-level Commonwealth's Attorney, at a rate of one Assistant Commonwealth's Attorney for up to 75 body worn cameras employed for use by local law enforcement officers, and one Assistant Commonwealth's Attorney for every 75 body worn cameras employed for use by local law enforcement officers, thereafter. However, with the consent of the Commonwealth's Attorney, a locality may provide their Commonwealth's Attorney's office with additional funding, using a different formula than stated above, as needed to accommodate the additional workload resulting from the requirement to review, redact and present footage from body worn cameras. If, as of July 1, 2019, a locality is providing additional funding to the Commonwealth's Attorney's office specifically to address the staffing and workload impact of the implementation of body worn cameras on that office, that additional funding shall be credited to the formula used in that locality. Any agreed upon funding formula

between the impacted Commonwealth's Attorney and the locality employing body worn cameras shall be filed with the Compensation Board by July 1, 2019 and shall remain in effect, unless modified by the agreement of both parties until June 30th of the following year. During this timeframe, each Commonwealth's Attorney's office in a locality that employs body worn cameras, in conjunction with the law enforcement agency using body worn cameras, shall report to the Compensation Board the following information on a quarterly basis, in a format prescribed by the Board:

- a. The number of hours of body worn camera video footage received from their law enforcement agencies. The number of hours should additionally be broken down into corresponding categories of felonies, misdemeanors and traffic offenses. Any recorded event that results in charges for two or more of the above categories shall be reported in the most serious category;
- b. The number of hours spent in the course of redacting videos; and
- c. Any other data determined relevant and necessary by the Compensation Board for this analysis.

3. Should a Commonwealth's Attorney's office in a locality that employs body worn cameras fail to report to the Compensation Board the information above for two consecutive quarters, that locality may discontinue for the following fiscal year that additional funding to the Commonwealth's Attorney's office that is specifically to address the staffing and workload impact of the implementation of body worn cameras on that office.

"D. The Secretary of Finance shall convene a working group of stakeholders, to include but not be limited to, the Virginia Municipal League, Virginia Association of Counties, Virginia Manufacturers Association and the Virginia Economic Developers Association, to prepare a proposal by October 1, 2019, that allows for Virginia to eliminate the first five years of machinery and tools taxation for all new equipment put into service after January 1, 2020, and reimburse local governments on a pro-rata basis for all foregone revenues, not to exceed \$50 million annually statewide. The proposal shall include recommendations for multiple sources of revenue to pay for the proposal. The revenue sources shall include: (1) dynamic growth in individual income tax, sales tax and corporate income tax revenue from manufacturing growth; (2) sales tax revenue derived from internet sales taxes collected after July 1, 2019, that are associated with legislation to bring Virginia into compliance with the "Wayfair" Supreme Court Case. Further, the plan shall include, for those localities not currently assessing the machinery and tools tax, an option for reducing business personal property taxes by \$1 million per year and receiving reimbursement from sales tax revenue derived from internet sales taxes collected after July 1, 2019, that are associated with legislation to bring Virginia into compliance with the "Wayfair" Supreme Court Case.

The Secretary of Commerce and Trade, the Virginia Economic Development Partnership, and the Virginia Department of Taxation shall provide technical assistance to the working group, specifically contributing the following: (1) assessment of the economic benefit to local governments and the Commonwealth of Virginia for the growth in manufacturing machinery and tools investment; (2) assessment of the best method of disposition of revenues from state general fund revenues to local governments, specifically the method established by § 58.1-662, Code of Virginia; (3) assessment of the economic impact on local governments for the loss of machinery and tools tax revenue for the first five years; and (4) assessment of how many states currently tax a manufacturer's machinery and tools and compare the rates for competitiveness, specifically against the states of North Carolina, South Carolina, Georgia, Florida, Mississippi,

Alabama, Arkansas, Tennessee, Kentucky and West Virginia."

Explanation:

(This amendment directs the Secretary of Finance to convene a working group of interested parties for the purpose of presenting a legislative plan and budget by the 2020 General Assembly Session that would allow Virginia to require all localities to assess a "zero" rate on a manufacturer's machinery and tools for the first five years the equipment is put into service. The funds to reimburse local governments would be provided by the state using new sales and use tax revenues derived from requiring remote sellers to collect sales tax. Funds would be distributed to localities following a reimbursement method similar to the method used for the Communications Sales and Use Tax Trust Fund.)

Page 315, line 7, strike "\$14,974,837,166" and insert "\$14,897,037,166".

Explanation:

(This amendment reduces \$38.9 million from the general fund and a like amount of federal matching funds in the second year to reflect the impact of the federal suspension of a tax on health insurers for calendar year 2019. The continuing resolution (H.R. 195) passed by Congress in January 2018 suspended the tax. The tax on health insurers was created in the Affordable Care Act and the net impact is that the cost of the tax is passed-through to Medicaid managed care companies, which is the reason the tax impacts the state budget.)

The department shall have the authority to modify the State Plan for Medical Assistance and to implement the changes in the DSH methodology effective July 1, 2019 and prior to the completion of the regulatory process. The department shall report on the details of the methodology, and the potential impact on allocations to hospitals, to the Chairmen of the House Appropriations and Senate Finance Committees by June 1, 2019."

Explanation:

(This amendment directs the Department of Medical Assistance Services to develop a new methodology for the allocation of Disproportionate Share Hospital (DSH) payments to increase reimbursement to hospitals that are serving more temporary detention orders and likewise to reduce reimbursement to hospitals whose utilization of such TDO services declines. Explanation:

(This amendment provides \$87,500 from the general fund and \$262,500 from federal Medicaid matching funds to support the All Payer Claims Database (APCD). Senate Bill 1216 would make participation in the APCD mandatory. This amendment allows the Department of Medical Assistance Services (DMAS) to access enhanced federal funding to support its use of the APCD. Medicaid can use enhanced federal funding at a 75 percent federal matching rate to support the maintenance and operations of the APCD. At least seven other states (Oregon, Florida, New York, Colorado, Rhode Island, Utah and New Hampshire) currently pay for a portion of the maintenance and operations of their APCD using Medicaid enhanced federal funding. Furthermore, the Centers for Medicare and Medicaid Services (CMS) has confirmed that this type of funding can be available to Virginia's APCD if DMAS submits and CMS approves an Operational Advanced Planning Document (O-APD) for the project and payments. This amount is proportional to the volume of APCD claims that are associated with Virginia Medicaid members.)

The Department of Medical Assistance Services shall require the managed care organizations to report encounter data impacting Community Services Boards on a monthly basis, with the data submitted no later than 20 days after the end of each month in order to determine the revenue impact to fulfill the intent of this paragraph."

Explanation:

(This amendment modifies language in the introduced budget which allows the Department of Behavioral Health and Developmental Services to provide funding from special fund balances at the end of the fiscal year to CSBs in circumstances where a CSB's additional FY 2019 Medicaid reimbursements do not reach at least 90 percent of the general fund reductions assumed in Chapter 2 for FY 2020. The amendment requires the department to report to the Secretary of Finance and the Chairmen of the House Appropriations and Senate Finance Committees on how the expected general fund savings compare to actual Medicaid payments for FY 2019 so that the expected general fund savings in FY 2020 may be adjusted in amendments to the biennial budget during the 2020 Session of the General Assembly, if necessary.)

A. For purposes of this article, Virginia taxable income for a taxable year means the federal taxable income and any other income taxable to the corporation under federal law for such year of a corporation adjusted as provided in subsections B, C, D, and E.

For a regulated investment company and a real estate investment trust, such term means the "investment company taxable income" and "real estate investment trust taxable income," respectively, to which shall be added in each case any amount of capital gains and any other income taxable to the corporation under federal law which shall be further adjusted as provided in subsections B, C, D, and E.

B. There shall be added to the extent excluded from federal taxable income:

1. Interest, less related expenses to the extent not deducted in determining federal taxable income, on obligations of any state other than Virginia, or of a political subdivision of any such other state unless created by compact or agreement to which the Commonwealth is a party;
2. Interest or dividends, less related expenses to the extent not deducted in determining federal taxable income, on obligations or securities of any authority, commission or instrumentality of the United States, which the laws of the United States exempt from federal income tax but not from state income taxes;
3. [Repealed.]
4. The amount of any net income taxes and other taxes, including franchise and excise taxes, which are based on, measured by, or computed with reference to net income, imposed by the Commonwealth or any other taxing jurisdiction, to the extent deducted in determining federal taxable income;
5. Unrelated business taxable income as defined by § 512 of the Internal Revenue Code;
6. [Repealed.]
7. The amount required to be included in income for the purpose of computing the partial tax on an accumulation distribution pursuant to § 667 of the Internal Revenue Code;
8. a. For taxable years beginning on and after January 1, 2004, the amount of any intangible expenses and costs directly or indirectly paid, accrued, or incurred to, or in connection directly or indirectly with one or more direct or indirect transactions with one or more related members to the extent such expenses and costs were deductible or deducted in computing federal taxable

income for Virginia purposes. This addition shall not be required for any portion of the intangible expenses and costs if one of the following applies:

- (1) The corresponding item of income received by the related member is subject to a tax based on or measured by net income or capital imposed by Virginia, another state, or a foreign government that has entered into a comprehensive tax treaty with the United States government;
- (2) The related member derives at least one-third of its gross revenues from the licensing of intangible property to parties who are not related members, and the transaction giving rise to the expenses and costs between the corporation and the related member was made at rates and terms comparable to the rates and terms of agreements that the related member has entered into with parties who are not related members for the licensing of intangible property; or
- (3) The corporation can establish to the satisfaction of the Tax Commissioner that the intangible expenses and costs meet both of the following: (i) the related member during the same taxable year directly or indirectly paid, accrued or incurred such portion to a person who is not a related member, and (ii) the transaction giving rise to the intangible expenses and costs between the corporation and the related member did not have as a principal purpose the avoidance of any portion of the tax due under this chapter.

b. A corporation required to add to its federal taxable income intangible expenses and costs pursuant to subdivision a may petition the Tax Commissioner, after filing the related income tax return for the taxable year and remitting to the Tax Commissioner all taxes, penalties, and interest due under this article for such taxable year including tax upon any amount of intangible expenses and costs required to be added to federal taxable income pursuant to subdivision a, to consider evidence relating to the transaction or transactions between the corporation and a related member or members that resulted in the corporation's taxable income being increased, as required under subdivision a, for such intangible expenses and costs.

If the corporation can demonstrate to the Tax Commissioner's sole satisfaction, by clear and convincing evidence, that the transaction or transactions between the corporation and a related member or members resulting in such increase in taxable income pursuant to subdivision a had a valid business purpose other than the avoidance or reduction of the tax due under this chapter, the Tax Commissioner shall permit the corporation to file an amended return. For purposes of such amended return, the requirements of subdivision a shall not apply to any transaction for which the Tax Commissioner is satisfied (and has identified) that the transaction had a valid business purpose other than the avoidance or reduction of the tax due under this chapter. Such amended return shall be filed by the corporation within one year of the written permission granted by the Tax Commissioner and any refund of the tax imposed under this article shall include interest at a rate equal to the rate of interest established under § 58.1-15 and such interest shall accrue as provided under § 58.1-1833. However, upon the filing of such amended return, any related member of the corporation that subtracted from taxable income amounts received pursuant to subdivision C 21 shall be subject to the tax imposed under this article on that portion of such amounts for which the corporation has filed an amended return pursuant to this subdivision. In addition, for such transactions identified by the Tax Commissioner herein by which he has been satisfied by clear and convincing evidence, the Tax Commissioner may permit the corporation in filing income tax returns for subsequent taxable years to deduct the related intangible expenses and costs without making the adjustment under subdivision a.

The Tax Commissioner may charge a fee for all direct and indirect costs relating to the review of any petition pursuant to this subdivision, to include costs necessary to secure outside experts in evaluating the petition. The Tax Commissioner may condition the review of any petition pursuant to this subdivision upon payment of such fee.

No suit for the purpose of contesting any action of the Tax Commissioner under this subdivision shall be maintained in any court of this Commonwealth.

c. Nothing in subdivision B 8 shall be construed to limit or negate the Department's authority under § 58.1-446;

9. a. For taxable years beginning on and after January 1, 2004, the amount of any interest expenses and costs directly or indirectly paid, accrued, or incurred to, or in connection directly or indirectly with one or more direct or indirect transactions with one or more related members to the extent such expenses and costs were deductible or deducted in computing federal taxable income for Virginia purposes. This addition shall not be required for any portion of the interest expenses and costs, if:

(1) The related member has substantial business operations relating to interest-generating activities, in which the related member pays expenses for at least five full-time employees who maintain, manage, defend or are otherwise responsible for operations or administration relating to the interest-generating activities; and

(2) The interest expenses and costs are not directly or indirectly for, related to or in connection with the direct or indirect acquisition, maintenance, management, sale, exchange, or disposition of intangible property; and

(3) The transaction giving rise to the expenses and costs between the corporation and the related member has a valid business purpose other than the avoidance or reduction of taxation and payments between the parties are made at arm's length rates and terms; and

(4) One of the following applies:

(i) The corresponding item of income received by the related member is subject to a tax based on or measured by net income or capital imposed by Virginia, another state, or a foreign government that has entered into a comprehensive tax treaty with the United States government;

(ii) Payments arise pursuant to a pre-existing contract entered into when the parties were not related members provided the payments continue to be made at arm's length rates and terms;

(iii) The related member engages in transactions with parties other than related members that generate revenue in excess of \$2 million annually; or

(iv) The transaction giving rise to the interest payments between the corporation and a related member was done at arm's length rates and terms and meets any of the following: (a) the related member uses funds that are borrowed from a party other than a related member or that are paid, incurred or passed-through to a person who is not a related member; (b) the debt is part of a regular and systematic funds management or portfolio investment activity conducted by the related member, whereby the funds of two or more related members are aggregated for the purpose of achieving economies of scale, the internal financing of the active business operations of members, or the benefit of centralized management of funds; (c) financing the expansion of the business operations; or (d) restructuring the debt of related members, or the pass-through of acquisition-related indebtedness to related members.

b. A corporation required to add to its federal taxable income interest expenses and costs

pursuant to subdivision a may petition the Tax Commissioner, after filing the related income tax return for the taxable year and remitting to the Tax Commissioner all taxes, penalties, and interest due under this article for such taxable year including tax upon any amount of interest expenses and costs required to be added to federal taxable income pursuant to subdivision a, to consider evidence relating to the transaction or transactions between the corporation and a related member or members that resulted in the corporation's taxable income being increased, as required under subdivision a, for such interest expenses and costs.

If the corporation can demonstrate to the Tax Commissioner's sole satisfaction, by clear and convincing evidence, that the transaction or transactions between the corporation and a related member or members resulting in such increase in taxable income pursuant to subdivision a had a valid business purpose other than the avoidance or reduction of the tax due under this chapter and that the related payments between the parties were made at arm's length rates and terms, the Tax Commissioner shall permit the corporation to file an amended return. For purposes of such amended return, the requirements of subdivision a shall not apply to any transaction for which the Tax Commissioner is satisfied (and has identified) that the transaction had a valid business purpose other than the avoidance or reduction of the tax due under this chapter and that the related payments between the parties were made at arm's length rates and terms. Such amended return shall be filed by the corporation within one year of the written permission granted by the Tax Commissioner and any refund of the tax imposed under this article shall include interest at a rate equal to the rate of interest established under § 58.1-15 and such interest shall accrue as provided under § 58.1-1833. However, upon the filing of such amended return, any related member of the corporation that subtracted from taxable income amounts received pursuant to subdivision C 21 shall be subject to the tax imposed under this article on that portion of such amounts for which the corporation has filed an amended return pursuant to this subdivision. Upon the prosecution of a person for violation of this section, ownership or occupancy of the premises or vehicle upon or in which marijuana was found shall not create a presumption that such person either knowingly or intentionally possessed such marijuana.

Any person who violates this section is guilty of a misdemeanor and shall be ~~confined in jail not more than 30 days and~~ fined not more than \$500, ~~either or both~~; any person, upon a second or subsequent conviction of a violation of this section, is guilty of a Class 1 misdemeanor. *A charge of a violation of this section that has been expunged under subdivision A 4 of § 19.2-392.2 shall be deemed a conviction for purposes of prosecuting a person for a second or subsequent violation of this section.*

B. §18.2-251. Persons charged with first offense may be placed on probation; conditions; substance abuse screening, assessment treatment and education programs or services; drug tests; costs and fees; violations; discharge.

Whenever any person who has not previously been convicted of any offense under this article or under any statute of the United States or of any state relating to narcotic drugs, marijuana, or stimulant, depressant, or hallucinogenic drugs, or has not previously had a proceeding against him for violation of such an offense dismissed as provided in this section *or expunged under subdivision A 4 of § 19.2-392.2*, pleads guilty to or enters a plea of not guilty to possession of a controlled substance under § 18.2-250 or to possession of marijuana under § 18.2-250.1, the court, upon such plea if the facts found by the court would justify a finding of guilt, without entering a judgment of guilt and with the consent of the accused, may defer further proceedings and place him on probation upon terms and conditions. *Prior to deferring the proceedings under this section and at the time that the case is heard, the attorney for the Commonwealth or law-enforcement officer shall provide to the court, and the court shall review, the criminal history record and any records maintained by the Department of State Police pursuant to § 19.2-387.3 to ensure that the person is eligible for such deferral. The program or services may be located in the judicial district in which the charge is brought or in any other judicial district as the court may provide. The services shall be provided by (i) a program licensed by the Department of Behavioral Health and Developmental Services, by a similar program which is made available through the Department of Corrections, (ii) a local

community-based probation services agency established pursuant to § **9.1-174**, or (iii) an ASAP program certified by the Commission on VASAP.

The court shall require the person entering such program under the provisions of this section to pay all or part of the costs of the program, including the costs of the screening, assessment, testing, and treatment, based upon the accused's ability to pay unless the person is determined by the court to be indigent.

As a condition of probation, the court shall require the accused (a) to successfully complete treatment or education program or services, (b) to remain drug and alcohol free during the period of probation and submit to such tests during that period as may be necessary and appropriate to determine if the accused is drug and alcohol free, (c) to make reasonable efforts to secure and maintain employment, and (d) to comply with a plan of at least 100 hours of community service for a felony and up to 24 hours of community service for a misdemeanor. In addition to any community service required by the court pursuant to clause (d), if the court does not suspend or revoke the accused's license as a term or condition of probation for a violation of § **18.2-250.1**, the court shall require the accused to comply with a plan of 50 hours of community service. Such testing shall be conducted by personnel of the supervising probation agency or personnel of any program or agency approved by the supervising probation agency. The court shall, unless done at arrest, order the accused to report to the original arresting law-enforcement agency to submit to fingerprinting.

Upon violation of a term or condition, the court may enter an adjudication of guilt and proceed as otherwise provided. Upon fulfillment of the terms and conditions, the court shall discharge the person and dismiss the proceedings against him. Discharge and dismissal under this section shall be without adjudication of guilt and is a conviction only for the purposes of applying this section in subsequent proceedings.

Notwithstanding any other provision of this section, whenever a court places an individual on probation upon terms and conditions pursuant to this section, such action shall be treated as a conviction for purposes of §§ **18.2-259.1**, **22.1-315**, and **46.2-390.1**, and the driver's license forfeiture provisions of those sections shall be imposed. However, if the court places an individual on probation upon terms and conditions for a violation of § **18.2-250.1**, such action shall not be treated as a conviction for purposes of § **18.2-259.1** or **46.2-390.1**, provided that a court (1) may suspend or revoke an individual's driver's license as a term or condition of probation and (2) shall suspend or revoke an individual's driver's license as a term or condition of probation for a period of six months if the violation of § **18.2-250.1** was committed while such person was in operation of a motor vehicle. B. If any person whose name or other identification has been used without his consent or authorization by another person who has been charged or arrested using such name or identification, he may file a petition with the court disposing of the charge for relief pursuant to this section. Such person shall not be required to pay any fees for the filing of a petition under this subsection. A petition filed under this subsection shall include one complete set of the petitioner's fingerprints obtained from a law-enforcement agency.

C. The petition with a copy of the warrant or indictment if reasonably available shall be filed in the circuit court of the county or city in which the case was disposed of by acquittal or being otherwise dismissed and shall contain, except where not reasonably available, the date of arrest and the name of the arresting agency. Where this information is not reasonably available, the petition shall state the reason for such unavailability. The petition shall further state the specific criminal charge to be expunged, the date of final disposition of the charge as set forth in the petition, the petitioner's date of birth, and the full name used by the petitioner at the time of arrest.

D. A copy of the petition shall be served on the attorney for the Commonwealth of the city or county in which the petition is filed. If the attorney for the Commonwealth of the county or city in which the petition is filed (i) gives written notice to the court pursuant to subsection D that he does not object to the petition and (ii) when the charge to be expunged is a felony, stipulates in such written notice that the continued existence and possible dissemination of information relating to the arrest of the petitioner causes or may cause circumstances which constitute a manifest injustice to the petitioner, the court may enter an order of expungement without conducting a hearing.

G. The Commonwealth shall be made party defendant to the proceeding. Any party aggrieved by the decision of the court may appeal, as provided by law in civil cases.

Such order shall contain a statement that the dismissal and expungement are ordered pursuant to this subsection and shall be accompanied by the complete set of the petitioner's fingerprints filed with his petition. Upon the entry of such order, it shall be treated as provided in subsection K.

B. Upon a verified petition filed by the attorney for the Commonwealth alleging that the record is needed by a law-enforcement agency for purposes of employment application as an employee of a law-enforcement agency or for a pending criminal investigation and that the investigation will be jeopardized or that life or property will be endangered without immediate access to the record, the court may enter an ex parte order, without notice to the person, permitting such access. An ex parte order may permit a review of the record, but may not permit a copy to be made of it.
