"N. The Virginia Department of Economic Partnership shall assess options for the integration of state programs under the federal Workforce Innovation and Opportunity Act Title I and Title III under one state entity and provide recommendations to the General Assembly no later than November 1, 2022. In conducting this assessment, VEDP shall consider the recommendations of the Virginia Board of Workforce Development and recommend programs to improve the overall efficacy of the Commonwealth in meeting the workforce needs of Virginia businesses. The Secretary of Labor, and the Virginia Board of Workforce Development shall provide such technical and policy assistance as may be required to conduct the assessment."

**Explanation:**

(This amendment directs the Virginia Economic Development Partnership to develop recommendations for the integration of the state programs under the federal Workforce Innovation and Opportunity Act Title I and Title III under one state entity in response to the Virginia Board of Workforce Development's December 2020 recommendation to integrate the programs in order to improve the efficacy of the Commonwealth in meeting the workforce needs of Virginia businesses.)

3. Effective July 1, 2022, the department shall eliminate the application of a “Medicaid allowable” limit in determining the Medicaid liability for dually eligible individuals' patient payment responsibility for services received under Medicare Part A. The department shall apply this to fee-for-service and also require Medicaid managed care plans to adopt this payment policy.

4. The department shall have the authority to implement these reimbursement changes prior to the completion of any regulatory process to effect such changes. **Explanation:**

(This amendment adds language to specify that the non-metric based portion of the Value Based Purchasing (VBP) program funding be provided as a Medicaid payment add-on to the rate instead of a lump-sum payment. Under the federally required structure of a VBP program, paying the non-metric based portion under VBP would delay payment until December for the relevant two years of non-metric based payments. This will create a significant cash flow issue for five months beginning July 1, 2022 when rates would fully revert to having no add-on despite significant ongoing expenses. By excluding the non-metric based amount from federal approval of the VBP program and instead paying that portion as a Medicaid payment add-on to the rate (like the current \$15 per day), the delay would be avoided with an immediate add-on of \$7.50 per day (down from \$15 per day) for dates of service beginning July 1, 2022. In addition to the cash flow issue due to the timing of the lump-sum approach, delaying the non-metric based portion until December is contrary to the purpose of the funding, which was intended to help facilities get ready (improve) to meet the metrics. As a lump sum, payment in December would occur after the measurement period because the first year of the program has already ended.)

Such public entities must enter into an Interagency Agreement with the department for this purpose. The department shall have the authority to implement these reimbursement changes effective July 1, 2022 and consistent with the effective date in the State Plan amendment or the managed care contracts approved by the Centers for Medicare and Medicaid Services (CMS) and prior to completion of any regulatory process in order to effect such changes. No payment shall be made without approval from CMS. Notwithstanding the provisions in § 3-5.15, the non-federal share for the supplemental payments authorized in this paragraph for expenditures associated with expansion shall be funded by amounts authorized in this paragraph. The following managed care directed payments or supplemental payments are authorized:

i. Physician fee-for-service (FFS) supplemental payments through a state plan amendment and physician managed care directed payments through managed care contracts up to the Average Commercial Rate for practice plans that are a component of the participating hospitals or health system.

ii. Nursing home FFS supplemental payments through a state plan amendment up to the Upper Payment Limit and nursing home managed care directed payments through managed care contracts up to the Average Commercial Rate for nursing homes that are a component of the participating hospitals or health systems.

iii. which specifically requires that group homes larger than six beds will not be able to enter the Virginia Home and Community Based System program. This provision took effect on March 31, 2021. While the goal is to decrease the size of community settings, and the tiered rate structure is designed to facilitate that goal, the workforce crisis is forcing program closures. The restriction forces individuals away from familiar staff and housemates. Medicaid cannot reimburse for services for any individual in a new setting greater than six beds. due to this limitation.)

**Explanation:**

(This amendment provides \$700,000 each year from the general fund to defray the costs of a mandate for health insurance coverage of medically-necessary formula and enteral nutrition products. House Bill 840 and Senate Bill 605 of the 2020 General Assembly Session required health insurance coverage of medically necessary formula and enteral nutrition products for covered individuals requiring treatment for an inherited metabolic disorder. At the time, the State Corporation Commission and Bureau of Insurance interpreted the mandate to be an extension of an existing mandate as opposed to a new one, thus not requiring the state to defray costs under federal rules. Recent updates from the federal Centers for Medicare and Medicaid Services suggest that the state may now be required to defray costs in the range of \$350,000 to \$700,000 per year. Health plans are already providing this coverage, and if costs are not defrayed for the 2023 plan year the Bureau of Insurance will prohibit the plans from continuing the coverage of these medically-necessary formulas. Senate Bill 449 in the 2022 Session will modify the Code to permit the mandate to remain in effect, and this budget amendment is necessary to meet the federal requirement of defraying the costs.)

**Reimbursement Plan Nursing Home Residents with Behavioral Health Needs**

Page 340, after line 10, insert:"PPPP. The Department of Medical Assistance Services shall develop a plan for increased reimbursement to nursing homes serving members with significant behavioral health needs. The rate increase will apply to members in the Medicaid fee-for-service and CCC plus programs. In developing the plan, the department shall consider input from the Department of Behavioral Health and Developmental Services. The plan shall include specific inclusion criteria for a member to be eligible for increased reimbursement, the amount of the increased reimbursement depending on the member's diagnoses, an implementation timeline, and the potential fiscal impact for increased reimbursement. The department shall submit the plan by November 1, 2022 to the Joint Commission on Health Care, as well as the Chairs of the House Appropriations and Senate Finance and Appropriations Committees."

**Explanation:**

(This amendment directs the Department of Medical Assistance Services to develop a plan for increased reimbursement to nursing homes serving members with significant behavioral health needs. Research indicates that nursing homes are caring for a steady increase in residents with behavioral health needs. Residents with behavioral health needs require more attention and staff time but nursing homes are not always properly equipped to meet those needs. Behavioral health needs are captured as part of the Minimum Data Set which is used to assess resident

acuity, but the behavioral health needs are not fully accounted for in the current Medicaid reimbursement methodology. Developing a supplemental nursing home reimbursement rate for residents with specific behavioral health needs could help nursing homes increase capacity and improve staffing and quality of care for these residents. This is a recommendation from the Joint Commission on Health Care.)

**Explanation:**

(This amendment directs the Department of Behavioral Health and Developmental to restructure the Commonwealth Center for Children and Adolescents (CCCA) by developing private hospital and community capacity to address the mental health needs of children. CCCA has a physical capacity of 48 state beds for children and adolescents. In September of 2020 due to a COVID-19 outbreak, there was a significant reduction in staff due to resignations such that

*Request to Amend SB 30, as Introduced*

only a limited number of beds could be safely staffed. For the past two years, the CCCA census has never achieved even half of its physical capacity, is currently at 10 children and has been as low as seven children. In addition, CCCA was found to not be certified to bill Medicaid as a hospital because it is not accredited, therefore only using state general fund dollars to sustain. Despite two years of recruiting, CCCA has not been able to hire sufficient staff. Less than 15 states in the country operate a state mental health hospital for children, and nearly 98 percent of Virginia's children are insured, making a state hospital unnecessary to receive care. There is a 42 bed hospital for children at VCU (VTCC) and CHKD is planning to open a 60 bed hospital for children in 2022 that can be used as alternatives to state placement. Further investments in CCCA divert from the community mental health build out for children that is desperately needed to bring the Commonwealth to the top tier of mental health and support children's mental health.)

This office currently receives no funding from the Compensation Board, instead it retains all fees that otherwise would be remitted to the Commonwealth to fund its operations. It is expected that there will be an increase in state general fund revenues due to an increase in the state's share of circuit court clerk fine/fee revenue remitted to the state that is currently retained by the City of Roanoke, which would partially offset this cost.)

residents in those facilities, and the payment amounts. The plan shall also include an implementation timeline and the fiscal impact to implement the payments. DMAS shall submit the plan by November 1, 2022 to the Chairs of the House Appropriations and Senate Finance and Appropriations Committees, and the Joint Commission on Health Care."

**Explanation:**

(This amendment adds language to require the Department of Medical Assistance Services to develop a plan to provide a higher level of Medicaid payments to nursing homes that service a higher number of Medicaid members in their facilities. A recent report by the Joint Commission on Health Care found that nursing homes in Virginia with a higher proportion of Medicaid residents have lower staffing levels, lower health inspection ratings, and lower quality ratings. This is a recommendation of the Joint Commission on Health Care.)

The department shall use these funds to support sexual assault and domestic violence applicants of the Victims Services Grant Program."

**Explanation:**

(This amendment provides \$6.0 million the first year and \$3.0 million the second year in American Rescue Plan Act (ARPA) funds over the biennium to go to sexual assault and domestic violence agencies for services for victims of sexual assault and domestic violence. These agencies received approximately \$7.0 million in ARPA funds during the 2021 Special Session II to provide stop-gap funding as a result of a significant reduction in federal funding. These newly requested ARPA funds will allow services to continue until the federal funding is expected to be restored.)

The Department of Medical Assistance Services shall allow Medicaid agency-directed personal care and respite services to conduct telephonic supervisory visits by a licensed nurse (either a registered nurse or a licensed practical nurse (LPN)). A registered nurse must conduct the supervisory visit at least every 90 calendar days with the LPN making any other supervisory visits during that time. The department's forms shall be used to document the interaction during these phone calls and shall meet the standards already established by the department to include verbal consent, authorization, and confirmation of participation."

**Explanation:**

(This amendment directs the Department of Medical Assistance Services to continue to allow, beyond the COVID-19 emergency, Medicaid agency-directed personal care and respite services to conduct telephonic supervisory visits by a licensed nurse. The department's forms would be used to document the interaction during these phone calls and to meet the standards already established by the department to include verbal consent, authorization, and confirmation of participation.)

Starting in 2024, DMAS shall tie inflation adjustments for each fiscal year for both inpatient and outpatient hospital services to the average of the most recent four quarters as published by Global Insight (or its successor). The department shall have the authority to implement these changes effective July 1, 2022 and prior to the completion of any regulatory process to effect such change."

**Explanation:**

(This amendment adds \$31.6 million from the general fund and \$81.5 million NGF each year to provide an updated inflation adjustment for inpatient and outpatient hospital services in fiscal year 2023 based on calendar year 2021 data and using a different methodology for fiscal year 2024. The agency currently provides inflationary adjustments to inpatient and outpatient hospital services on an annual basis averaging published inflation rates by Global Insight over the previous four years. The current estimate for inflation in 2023 is 2.5 percent. This amendment would direct DMAS to apply 7.04 percent inflation adjustment in 2023 based on CPI-U to account for the unprecedented workforce pressures placed on Virginia hospitals during the pandemic and rapid growth in supply costs, such as personal protective equipment. In 2024, the agency would utilize the most recent four quarters rather than four years to more accurately reflect current economic conditions.)

No payment shall be made without approval from CMS. Notwithstanding the provisions in § 3-5.15, the non-federal share for the supplemental payments authorized in this paragraph for expenditures associated with expansion shall be funded by amounts authorized in this paragraph. The following managed care directed payments or supplemental payments are authorized:

i. Physician FFS supplemental payments through a state plan amendment and physician managed care directed payments through managed care contracts up to the Average Commercial Rate for practice plans that are a component of the participating hospitals or health system.

ii. Nursing home FFS supplemental payments through a state plan amendment up to the Upper Payment Limit and nursing home managed care directed payments through managed care contracts up to the Average Commercial Rate for nursing homes that are a component of the participating hospitals or health systems.

iii. Increased indirect medical education (IME) payments for MCO services through a state plan amendment using a formula similar to that used for Type One hospitals, provided that such additional IME payments are incremental to and do not negatively affect the private acute care managed care directed payments authorized in § 3-5.16. As authorized in 42 CFR § 438.60, CMS approval for these additional IME payments will be sought via a state plan amendment and such payments for MCO services will be made directly by the agency to qualifying providers.

b. Administration (SSA) for 2022. Annually thereafter, DARS shall provide a COLA to ESOs based on the annual SSA CPI. The Department for Aging and Rehabilitative Services receives annual increases from the federal Rehabilitative Services Administration but has only provided a 1.6 percent COLA to ESOs out of its federal allocation since 2016. A lack of an annual inflationary adjustment prevents ESOs from recruiting/retaining qualified employment specialist staff and expanding employment services to individuals with disabilities.)

*Request to Amend SB 30, as Introduced*

**Explanation:**

(This amendment adds \$2.6 million from the general fund and \$3.3 million from federal Medicaid matching funds each year and language to create a new peer group with criteria only met by The Virginia Home, a unique nursing facility that cares for individuals suffering from quadriplegia, traumatic brain injury, multiple sclerosis, paraplegia, or cerebral palsy, over 90 percent of whom are Medicaid recipients. The population it serves maintain higher RUG scores and require significantly more staffing. Because of the patient population, The Virginia Home must operate private rooms and have more equipment such as mechanical lifts, electric chairs, etc. for its residents. This would allow it to receive higher Medicaid reimbursement for its Medicaid population.)

(This amendment increases the transfer of general fund revenues to the Waterway Maintenance Fund by \$3.5 million in FY 2023 and \$6.0 million in FY 2024 to increase the availability of funds to support shallow-draft dredging projects and to support local municipal dredging to ensure Virginia's waterways remain safe and navigable to support the continued sustainability and growth of Virginia's seafood and the commercial waterman who contribute to the economies of coastal Virginia. In the first two years of the grant program, more than \$50 million for dredging design, implementation and funding have been identified compared to the existing programmatic funding level of \$1.5 million annually. A companion amendment to Part 3 increases the authorized transfer.)

"L.1. Out of this appropriation, \$10,000,000 the first year and \$26,000,000 the second year from the general fund is designated for the Innovative Internship Fund and Program, § 23.1-903.4, Code of Virginia. The funding is designated to expand paid or credit-bearing student internship and other work-based learning opportunities in collaboration with Virginia employers so that over time every Virginia undergraduate student who wants such an opportunity may access it without extending time to completion of undergraduate study. The Program comprises institutional grants and a collaborative public-private statewide initiative to facilitate the readiness of students, employers, and institutions of higher education to participate in internship and other work-based learning opportunities and to increase participation in such opportunities by smaller employers and by students with limited resources who traditionally have participated at lower rates."

Page 187, after line 38, insert:

"4. To scale up internships and work-based learning opportunities statewide, regionally, and by industry sector or cluster, the Council may take actions to facilitate increased participation in such opportunities by smaller employers and by students with limited resources including, but not limited to: (i) procuring staffing assistance to serve as a clearinghouse for matching students to internships at smaller employers; (ii) providing institutional grants for pilot programs to transform the use of Federal Work-Study resources to support and expand student access to internships and other work-based learning opportunities; (iii) determining the mechanism to be used to award stipends to qualifying students conditioned upon a Virginia-based employer providing matching compensation and supporting specified learning activities and outcomes. The Council shall allocate up to \$3,000,000 the first year and up to \$9,000,000 the second year for such stipends. The Council shall, in consultation with institutional and business partners, develop guidelines governing eligibility for such stipends and corresponding employer participation, and shall place particular emphasis on expanding internships and other work-based learning opportunities that align with talent pathway development initiatives undertaken pursuant to Item 115."

**Explanation:**

(This amendment provides \$1.8 million each year from the general fund for Families Forward Virginia to conduct randomized controlled trials, which is required for the Children's Health Investment Program (CHIP) home-visiting programs to receive the designation of an evidence-based model. This will allow CHIP programs in the Commonwealth to diversify their funding sources and be eligible for more federal funding. It will also offer state agencies another evidence-based model, founded and managed in Virginia, to support their achievement of state goals for family self-sufficiency and maternal and child health.)

Page 338, line 9, strike "subject to." and insert "hospital's Medicaid costs."

Page 338, strike lines 11 through 14.

**Explanation:**

(This amendment adds funding and language directing the Department of Medical Assistance Services to adjust the formula used to calculate indirect medical education (IME) reimbursement for managed care discharges at Children's Hospital of the King's Daughters (CHKD). This change would restore CHKD's case mix index (CMI) factor to the fiscal year (FY) 2019 level, which had been reduced unexpectedly in FY 2020 without regard to other critical factors. The change is intended to stabilize CHKD's IME funding levels so the hospital is not subject to dramatic fluctuations in future Medicaid payments that occur with rebasing and changes in federal policy and would be consistent with historic levels of state support. The IME payments are matched by the federal government on a 50/50 basis. Using FY 2019 as a more typical year for CHKD (pre-COVID), the general fund impact would be an estimated \$11.0 million, with a nongeneral fund impact of \$11.0 million over the biennium.)

A. Out of this appropriation, \$7,500,000 the first year and \$7,500,000 the second year from the general fund is designated for the Advanced Manufacturing Talent Investment Program and Fund. These funds shall be allocated in accordance with the provisions related to legislation considered in the 2022 Session and shall be used to support the efforts of qualified institutions to increase, by fiscal year 2043, the number of new eligible credentials by at least 25,000 more than were awarded in 2022. New eligible credential shall mean a noncredit workforce development credential awarded by a qualified institution in a high demand advanced manufacturing field as identified by the Board of Workforce Development. Funds may be used to support admissions and advising programs designed to convey labor market information to students to guide decisions to enroll in eligible credential programs and academic programs and to fund facility construction, renovation and enhancement, and equipment purchases related to the initiative to increase the number of eligible credentials awarded.

**Explanation:**

(This amendment provides \$7.5 million GF in each year of the biennium to fund the Advanced Manufacturing Talent Investment Fund, as outlined in House Bill 565.)

**§ 2.2-100. Salaries of Governor and other officers; administrative assistants.**

A. The Governor and all officers of the Commonwealth shall receive annually for their services such salaries as are fixed by law.

B. The Governor may employ the necessary administrative assistants, including a chief of staff, and fix their salaries within the limitation of funds appropriated for executive control of the Commonwealth. Any chief of staff appointed by the Governor shall be confirmed by a majority of the members in each house of the General Assembly. *No chief of staff appointed by the Governor shall be a member of the immediate family of any Secretary appointed by the Governor if such chief of staff is serving in his appointed capacity at the same time that such immediate family member is serving in his appointed capacity.*

C. The Governor may employ the staff required to perform necessary services in the operation of the Executive Mansion.

D. *For purposes of this section, "immediate family" has the same meaning as set forth in § 2.2-3101.*

**§ 2.2-200. Appointment of Governor's Secretaries; general powers; severance.**

A. The Governor's Secretaries shall be appointed by the Governor, subject to confirmation by the General Assembly if in session when the appointment is made, and if not in session, then at its next succeeding session. B. Each Secretary shall be subject to direction and supervision by the Governor. *Before entering upon the discharge of duties, each Secretary shall take an oath to faithfully execute the duties of the office.* Except as provided in Article 4 (§ 2.2-208 et seq.), the agencies assigned to each Secretary shall:

1. Exercise their respective powers and duties in accordance with the general policy established by the Governor or by the Secretary acting on behalf of the Governor;
2. Provide such assistance to the Governor or the Secretary as may be required; and
3. Forward all reports to the Governor through the Secretary.

C. Unless the Governor expressly reserves such power to himself and except as provided in Article 4 (§ 2.2-208 et seq.), each Secretary may:

1. Resolve administrative, jurisdictional, operational, program, or policy conflicts between agencies or 46 officials assigned;
2. Direct the formulation of a comprehensive program budget for the functional area identified in § 2.2-1508 encompassing the services of agencies assigned for consideration by the Governor;
3. Hold agency heads accountable for their administrative, fiscal and program actions in the conduct of the respective powers and duties of the agencies;
4. Direct the development of goals, objectives, policies and plans that are necessary to the effective and efficient operation of government;
5. Sign documents on behalf of the Governor that originate with agencies assigned to the Secretary; and 6. Employ such personnel and to contract for such consulting services as may be required to perform the powers and duties conferred upon the Secretary by law or executive order.

D. Severance benefits provided to any departing Secretary shall be publicly announced by the Governor prior to such departure.

E. As used in this chapter, "Governor's Secretaries" means the Secretary of Administration, the Secretary of Agriculture and Forestry, the Secretary of Commerce and Trade, the Secretary of Education, the Secretary of Finance, the Secretary of Health and Human Resources, the Secretary of Labor, the Secretary of Natural and Historic Resources, the Secretary of Public Safety and Homeland Security, the Secretary of Transportation, and the Secretary of Veterans and Defense Affairs."
