HOUSE FLOOR APPROVED AMENDMENTS

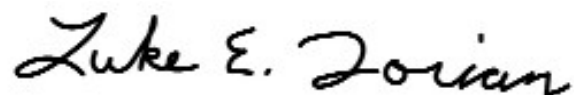

TO HOUSE BILL 30

INTRODUCTION

This document contains proposed amendments to House Bill 30, the 2024-2026 Appropriations Act. The amendments are presented in the following order: Part 1 - Operating Expenses; Part 2 - Capital Outlay; Part 3 - Miscellaneous; and Part 4 - General Provisions. For ease of review, each amendment is listed sequentially by item number. A brief explanation of the purpose of each amendment also is provided.

Increased or (decreased) appropriations are drawn to program totals which appear under columns labeled "Appropriations". Fund sources are designated in the amendments either as General Fund (GF) or Non-General Fund (NGF).

Approved changes are then entered at the appropriate sub-program level in the "Item Details" columns, when the bill is enrolled. Please contact our staff at (804) 698-1590 if you desire any information on these amendments.

Transportation; (iv) and three ex officio members, to include the Executive Director of the Northern Virginia Transportation Commission, an elected local government official serving on the Metro Board, and an elected government official serving on the Northern Virginia Transportation Authority. The joint subcommittee shall elect a chairman and vice-chairman from among its membership, who shall be members of the General Assembly.

3. In conducting its study, the subcommittee shall establish a technical working group consisting of the Northern Virginia Transportation Commission (NVTC), Potomac and Rappahannock Transportation Commission (PRTC), VRE, WMATA, and the Department of Rail and Public Transportation (DRPT) to further examine the ten revenue sources identified in NVTC's Metro Operating Funding and Reform Working Group and to propose up to five additional revenue sources that would contribute to a fund for new dedicated operating and/or capital funding for Northern Virginia transit agencies that leverages, and exists in addition to, current state and local funding commitments. The technical working group shall examine industry-wide cost-saving and cost-containment tools to ensure the long-term fiscal sustainability of transit operators.

4. To the extent feasible, the subcommittee shall incorporate in its study the technical work completed as part of NVTC's Metro Operating Funding and Reform Working Group effort and incorporate the WMATA Funding Accountability, and Reform Recommendations from NVTC's 2023 Annual Report on the Performance and Condition of WMATA.

5. Technical Assistance shall be provided to the subcommittee by the NVTC, PRTC, WMATA, VRE, and DRPT and all other transit agencies operating in these transportation districts. All agencies of the Commonwealth shall provide assistance to the subcommittee for this study, upon request.

6. The subcommittee shall submit to the Governor and General Assembly an interim report containing an executive summary of its activity and work no later than December 1, 2024, and a final report containing an executive summary of its activities and recommendations no later than August 1, 2025. The executive summaries and reports shall be submitted as provided in the procedures of the Division of Legislative Automated Systems for the processing of legislative documents and reports and shall be posted on the General Assembly's website."

Explanation:

(This amendment authorizes the establishment of a legislative Joint Subcommittee to study long-term, sustainable, dedicated funding and cost-containment controls and strategies to ensure the Washington Metropolitan Area Transit Authority (WMATA), Virginia Railway Express (VRE), and all Northern Virginia transit systems meet the growing needs of public transit in the region. This amendment is a placeholder until a fiscal impact statement for the bill is produced.)

Undergrounding costs shall only be eligible for reimbursement if the applicant can demonstrate that the broadband deployment will include a higher percentage of underground miles than contemplated in the approved application and undergrounding will result in less reimbursement than pole replacements and mid-span pole installations. The application process shall require applicants to submit the following information:

- i. The number, cost, and locations of pole replacements, mid-span pole installations, or undergrounding for which reimbursement is requested;
- ii. Documentation sufficient to establish that the pole replacements, mid-span pole installations, and undergrounding described in the application have been completed or will be completed within 120 days of receipt of funds;
- iii. Documentation sufficient to establish the costs for which reimbursement is requested;
- iv. Documentation from the approved fiscal year 2022 Virginia Telecommunications award for the project demonstrating project costs for utility pole replacements, mid-span pole installations, and undergrounding;
- v. Documentation demonstrating that requested funds supplement previously awarded funds for utility pole replacements, mid-span pole installations, and undergrounding;
- vi. For applications requesting reimbursement for undergrounding costs, documentation sufficient to demonstrate undergrounding is more cost-effective than performing pole replacements and mid-span installations.

3. Within thirty days of receipt of a completed application, the department shall reimburse applicants for: (i) no more than \$30,000 per mile for pole replacements and mid-span poles installed or seventy-five percent of the total amount incurred or paid by the applicant for eligible pole replacement and/or mid-span installation costs, or (ii) no more than \$30,000 per mile for undergrounding costs. Out of this appropriation, \$2,200,000 the first year and \$2,200,000 the second year from the general fund is provided to (i) develop and disseminate high-quality professional development to support the implementation of instructional practices to support the provision of specially designed instruction in inclusive settings, and (ii) to establish eight regional special education family support centers.

2. For the purpose of this item, these terms shall have the following meaning:

"Instructional practices to support specially designed instruction in inclusive settings" means structured instructional practices, including sequential, systematic, explicit, and cumulative teaching, that (i) are based on reliable, trustworthy, and valid evidence; (ii) provide access to grade-level content in core or general instruction, supplemental instruction, intervention services, and intensive intervention services; (iii) are developed based on reliable data collection and progress monitoring from both valid and reliable assessments and tracking of progress toward individual goals and objectives; (iv) are able to be differentiated in order to meet the individual needs of students; and (v) align with student need based on special education eligibility, present level of performance, and related goals and objectives.

"Specially designed instruction" means instruction for which the content, methodology, or delivery is adapted, as appropriate to the needs of an eligible child, to (i) address the unique needs of the child that result from the child's disability and (ii) ensure that the child has access to the general curriculum so that the child can meet the educational standards that apply to all children within the jurisdiction of the local educational agency.

3. a. That during the first year, the Department of Education shall develop high-quality professional development to support the implementation of instructional practices to support the provision of specially designed instruction in inclusive settings.

Floor Approved Amendments to House Bill 30, as Introduced

b. Pursuant to a schedule established by the Superintendent of Public Instruction, each local school board shall provide high-quality professional development in instructional practices to support specially designed instruction in inclusive settings for each teacher with a provisional general education license or an endorsement in early/primary education preschool through grade three, elementary education preschool through grade six, and secondary education grades six through 12; each principal with an endorsement in administration and supervision preschool through grade 12; each teacher's aide or other paraprofessional; and any teacher with a provisional special education license for whom the school board determines there is a need for such professional development.

4. The Parent Training and Information Center in the Commonwealth designated pursuant to 20 U.S.C. § 1471(e) shall establish special education family support centers in eight distinct regions of the Commonwealth that shall each (i) be staffed by a regional special education family liaison employed by such center, (ii) develop and implement outreach and support to parents of children with disabilities in its region; and (iii) track and report to the State Parent Ombudsman for Special Education data on questions and concerns raised by parents.

5. The Department shall provide technical assistance, including special education coaching, to local school divisions to provide professional development in special education and related services and in instructional practices to support specially designed instruction in inclusive settings. The Department shall provide resources to local school divisions to ensure that each division is able to provide professional development to the teachers, principals, teacher's aides, and other paraprofessionals no cost to such individuals."

Explanation:

Sufficient funds are appropriated in this act to finance, on a statewide basis, the state share of up to an additional 3 3/8 percent salary increase effective July 1, 2025, to school divisions that certify to the Department of Education that an equivalent increase will be provided to instructional and support personnel the second year. The state share of funding provided to a school division in support of this compensation supplement shall be prorated for school divisions that provide less than an additional average 2.0 percent salary increase the second year; however, to access these funds, a school division must provide at least an average 2.0 percent salary increase the first year and at least an additional average 2.0 percent salary increase the second year.

3) Payments in the second year to any school division shall be based on providing the funds needed to continue the first year increase actually provided by the division plus the increase provided by the division in the second year.

b. Out of this appropriation, \$949,146 the first year and \$1,955,313 the second year from the general fund is provided for the state share of the salary increases stated in paragraph a. above for Academic Year Governor's Schools, and \$617,946 the first year and \$1,255,326 the second year from the Lottery Proceeds fund is provided for the state share of these salary increases for Regional Alternative Education Programs.

c. It is the intent that the average instructional and support position salaries are increased in local school divisions throughout the state by at least 3 3/8 percent the first year, at least an additional 3 3/8 percent the second year, resulting in a combined increase of at least 6.86 percent during the biennium.

d. The state funds that the school division is eligible to receive shall be matched by the local government based on the composite index of local ability-to-pay. This local match shall be calculated for funded SOQ instructional and support positions using an effective date of July 1, 2024, the first year and July 1, 2025, the second year. The Department is authorized to adjust funding and slots among programs to address demand as provided by law.

B. Child Care Subsidy Program

1. Family copayment rates for the 2024-2026 biennium shall not exceed those that were in effect at the beginning of fiscal year 2024.
2. Parental work and job search requirements for the 2024-2026 biennium shall not exceed those that were in effect at the beginning of fiscal year 2024.
3. Each locality shall have mechanisms in place to address circumstances when family demand exceeds the Department's local-level annual targets.

C. Mixed Delivery Grant Program

1. Providers in the program may collect copayments from participating families. Such copayments shall be based on the same schedule provided for the Child Care Subsidy Program.
2. Parental work and job search requirements shall be the same as required for the Child Care

Subsidy Program.

D. Virginia Preschool Initiative

1. Grants shall be distributed based on an allocation formula providing the state share of funding to serve 100 percent of the unserved at-risk four-year olds in each locality. These grants shall be based on \$9,968 per pupil for full day programs and \$4,984 per pupil for half day programs. For Planning District Eight localities, these per pupil amounts shall be increased by 7.35 percent, and for the counties of Stafford, Fauquier, Spotsylvania, Clarke, Warren, Frederick, and Culpeper and the Cities of Fredericksburg and Winchester, these per pupil amounts shall be increased by 1.84 percent.

E. VPI Expansion.

ECCE funds may be used to support Virginia Preschool Initiative Expansion efforts, including (i) serving three-year olds, (ii) addressing waitlists, (iii) community provider add-on grants, and (iv) and adjusting VPI classroom ratios where Board-established benchmarks are exceeded.

F. Employee Child Care Assistance Pilot Program

Out of this appropriation, \$2,000,000 the first year and \$2,000,000 the second year from the general fund is provided for the Employee Child Care Assistance Pilot Program, pursuant to the passage of House Bill 1216. The maximum state contribution shall not exceed 25.0 percent of the total cost of each child care slot. The minimum employer contribution per child care slot shall be at least the state contribution per child care slot.

G. Notwithstanding 8VAC-20-780, or any other requirement in state law or regulation, the Superintendent of Public Instruction shall have the authority to alter staff-to-child ratios and group sizes for licensed child day centers and child day centers that participate in the Child Care Subsidy Program or Mixed Delivery Grant Program by increasing the number of children per staff by (1) one child for groups of children from birth to the age of eligibility to attend public school, and (2) two children for groups of children from the age of eligibility to attend public school through 12 years. Child day centers that take advantage of this flexibility must notify families in writing of the temporary increase in ratios and group size. This authority and any resultant waiver of state law or regulation shall expire June 30, 2026. The Superintendent of Public Instruction shall ensure that any action taken under this provision is permissible under federal requirements.

H. The Early Childhood Care and Education Commission shall review and recommend updates to the current copayment schedule, parental work requirements, and attendance expectations applicable to the Child Care Subsidy Program and Mixed Delivery Grant Program. In its review, the Commission shall consider: (i) leveraging state general funds to minimize the fiscal cliff as family income increases beyond program eligibility, (ii) use of reasonable family copayments to minimize the need for additional general funds. No later than December 1, 2024, the Commission shall submit its recommendations to the to the Governor and the Chairmen of the House Committee on Appropriations, the Senate Committee on Finance and Appropriations, the House Committee on Commerce and Energy, the Senate Committee on Commerce and

Labor, the House Committee on Education, and the Senate Committee on Education and Health."

Explanation:

(This amendment establishes a new item for Early Childhood Care and Education, consolidating appropriations for the Child Care Subsidy Program, Mixed Delivery Program, and Virginia Preschool Initiative, and provides support for these programs through the Early Childhood Care and Education Fund established in House Bill 419. Most of the language previously governing these programs is codified in House Bill 1375 and not included in this new item. The table below outlines the location of these early childhood programs in the introduced bill and provides an additional \$8.9 million the first year and \$40.9 million the second year from the general fund and \$25.0 the first year in nongeneral funds beyond the amounts proposed in the introduced budget.

As a condition of this appropriation, \$12,000,000 the first year and \$17,000,000 the second year from the general fund is designated for the Innovative Internship Fund and Program, § 23.1-903.4, Code of Virginia. The funding is designed to expand paid or credit-bearing student internship and other work-based learning opportunities (internships) in collaboration with Virginia employers. In furtherance of the goal of providing all postsecondary students in Virginia with one or more paid internships during their undergraduate course of study, funding shall be used for: (a) institutional grants to enhance engagement with employers related to internship placement and to assist students in securing and successfully completing internships; (b) matching grants to small and midsize Virginia-based employers to enable increased paid internship participation by small and midsize businesses and nonprofit organizations; (c) promotional expenditures to encourage expansion of internship programs and participation by business and nonprofit organizations in Virginia and to increase recruitment and retention of students; and (d) administrative and other expenditures to accomplish the purposes of the Innovative Internship Fund and Program and this paragraph.

2. Institutional grants shall be awarded to support initiatives that are expected to produce significant increases in student participation in paid and credit-bearing internship programs. Institutions shall be eligible for grants upon demonstrating (a) that it is a bona fide priority of the institution and its senior academic and administrative leadership to expand internship participation by students, to incorporate internships in curricula, and to report completion of internships and courses that include internships on student transcripts, and (b) that the institution has put forward an achievable plan to advance such priority, including the allocation of resources and assignment of dedicated personnel to facilitate placement of students in internships and to engage with employers directly or through intermediaries for the purpose of developing internship opportunities. In determining the amount of grant awards, the Council shall consider the number of undergraduate students enrolled at the institution, the number of students at the institution who participate in internships, and the numerical and percentage increase in internship participation expected to result from the initiative. In addition, the Council shall increase grant awards based upon the following factors: (i) an institution's emphasis on internships that are part of pathways to full-time employment with Virginia-based employers; (ii) the institutional initiative's alignment with specific state or regional programs or partnerships related to economic growth and diversification or workforce development in

Floor Approved Amendments to House Bill 30, as Introduced

Virginia; (iii) an institution's strength of commitment as reflected in its reallocation of institutional funds or solicitation of philanthropic support or business partnerships to support the initiative. This funding is intended to be recurring for institutions that demonstrate substantial yearly progress in achieving the objectives of the initiative as measured by the number of internships successfully completed by students.

3. Matching grants to small and midsize Virginia-based employers that provide paid internships shall be awarded by the Council according to criteria established by the Council in consultation with the Virginia Department of Workforce Development and Advancement, Virginia Economic Development Partnership, and the Virginia Talent and Opportunity Partnership. Such criteria shall include: (a) limitation of eligibility to for-profit businesses and nonprofit organizations, excluding institutions of higher education, with physical operations and facilities in Virginia and 150 or fewer Virginia-based employees; (b) certification of employer eligibility by the Council following a training program of reasonable duration and agreement by the employer to reasonable mentoring and reporting obligations; (c) limitation of grant awards to reimbursement, not to exceed \$7,500 per internship, for a maximum of one-half of wages, including FICA, and workplace subsidies, including transportation, housing, and other internship-related expenses, paid to or for the benefit of a student participating in a qualifying internship; (d) definition of a qualifying internship as a paid work-based learning experience of a duration, not to exceed twelve months, sufficient to allow the student to gain significant valuable work experience that is provided to a student currently enrolled in, or having received a degree or credential within the preceding twelve months from, a public or private institution of higher education operating in Virginia; (e) limitation of qualifying internships to a number not to exceed four internships annually per eligible employer. Funding may also be used to support staffing agency services related to intern recruitment for employers with 250 or fewer Virginia-based employees that are otherwise eligible for matching grants under this paragraph, provided that no employer shall be required to receive staffing agency services as a condition to eligibility for matching grants.

4. The Council, with and through the Virginia Talent and Opportunity Partnership, and in consultation with the Virginia Department of Workforce Development and Advancement, Virginia Economic Development Partnership, the Virginia Growth and Opportunity Board, public and private institutions of higher education, and business and nonprofit organization stakeholders, shall develop and execute a promotional plan to raise awareness and foster expanded internship programs and participation by business and nonprofit organizations in Virginia using a combination of public and private resources. The plan shall highlight the Commonwealth's goal to provide paid internship opportunities to all postsecondary students and shall provide for public recognition of employers based on their level of participation in internship programs. The plan shall include continued development of regional collaboratives among employers, educational organizations, and other regional stakeholders for the purpose of expanding internships in alignment with regional growth and diversification strategies and state and regional economic and workforce development initiatives. The plan also shall address the objective of encouraging secondary students in Virginia and outside Virginia to attend Virginia-based institutions of higher education and remain in the Commonwealth after completion

Floor Approved Amendments to House Bill 30, as Introduced

through paid internships and pathways to full-time Virginia-based employment.

5. In administering the program authorized in this paragraph, the Council shall (i) engage stakeholders from business and industry, secondary and higher education, economic development, and state agencies and entities that are successfully engaging employers or successfully operating internship programs; (ii) explore strategies in Virginia and elsewhere on successful institutional, regional, statewide or sector-based internship programs; (iii) gather data on current institutional internship practices, scale, and outcomes; (iv) develop internship readiness educational resources, delivery methods, certification procedures, and outreach and awareness activities for employer partners, students, and institutional career development personnel; (v) pursue shared services or other efficiency initiatives, including technological solutions; and (vi) create a process to prioritize industry sectors and track key measures of performance in collaboration with the Virginia Office of Education Economics."

Explanation:

(This amendment redirects a portion of the funding contained in the introduced budget which would have expanded the Behavioral Health Loan Repayment Program to serve eligible behavioral health professionals who are school-based. Together with actions contained in Chapter 1, 2023 Special Session I, the program will have \$4.8 million more for loan repayments over the fiscal year 2023 appropriation. The amendment redirects \$250,000 each year from the general fund to expand the program to include mental health professionals as defined in § 54.1-2400.1 who do not already qualify for the program. In addition, the amendment adds child and adolescent psychiatry Fellows to the list of Tier 1 providers eligible for the program, and adds academic medical centers as a preferred practice site. Child and adolescent psychiatry Fellows are licensed psychiatrists in other states, but it general takes six months or more to become licensed in Virginia. This change will help in efforts to recruit these practitioners to Virginia, with the goal of retaining them in Virginia's behavioral healthcare workforce. Page 379, line 43, strike "6" and insert "7".

Explanation:

(This amendment provides \$775,000 each year from the general fund for workforce retention to ensure quality accessible services for people living with brain injury. State contracted brain injury providers report high attrition and difficulty filling open positions because of non-competitive salaries and benefits. Delivery of programs and services suffer and client needs can go unmet. This funding will support currently existing state contracted brain injury service providers.)

Health to establish, execute, and administer the Opioid Overdose Reversal Agent Program ("Program"), a manufacturing program for a quality, lowest sustainable cost, opioid overdose reversal agent. The Virginia Department of Health shall coordinate the Program with the Virginia Opioid Abatement Authority. Key objectives of the program shall be: i) providing a long-term, sustainable supply of opioid overdose reversal agent to help combat Virginia's opioid epidemic; ii) providing pricing stability and increase access for this critical life-saving medication; and, iii) leveraging, when possible, existing federal and state investments building the advanced pharmaceutical development and manufacturing CAMPUS in Petersburg.

b) The Program shall contract with the private sector to lead an end-to-end opioid overdose reversal agent nasal spray development program to provide a new FDA-approved generic version resulting in a lower cost product to help drive down state and locality budgets for opioid overdose reversal agent and improve access, quality, and availability through a domestic supply. Funding provided to the contracting entity may be used for: i) investment in research and development activities supporting an opioid overdose reversal agent API, formulation development, manufacturing process qualification and validation, and regulatory approval; and ii) capital expenditures, including custom machinery for assembly of the drug/device combination product and semi-automated packaging. All intellectual property developed by the program would be owned by the private entity and all capital expenditures, including custom equipment, would be owned by the Authority or partner agency."

Explanation:

(This amendment provides nongeneral fund appropriation in each year to designate uses of monies deposited to the Commonwealth Opioid Abatement and Remediation Fund (the Fund). These monies, resulting from settlements, judgements, verdicts, and other court orders relating to consumer protection claims regarding the manufacturing, marketing, distribution, or sale of opioids are to be used for opioid abatement and remediation. Specifically, this portion of settlement monies represent those directed for state appropriation and not subject to allocation by the Opioid Abatement Authority. This amendment also directs the Authority to provide as an addendum to its requisite annual executive summary, an accounting of all activity related to monies deposited, appropriated, and expended from the Fund.)

Floor Approved Amendments to House Bill 30, as Introduced

"D. The provisions set-out in paragraph B. of Item C-78, Chapter 1, 2023 Acts of Assembly, Special Session I, are hereby continued in their entirety.

E. The Director, Department of Planning and Budget, shall transfer to this item the remaining balance of Virginia Public Building Authority bond proceed authorization from project 995-18495, originally authorized in Item C-72 of Chapter 1289, 2020 Acts of Assembly and subsequently amended in Chapter 552, 2021 Acts of Assembly, Special Session I."

Explanation:

(This amendment provides \$6.3 million the first year from the general fund, and reduces nongeneral fund bond proceeds by \$19.6 million, largely due to a redirection of excess bond proceeds from a previous project to this item. This amendment also modifies the list of qualified state agency projects for which construction authorization is provided.)

"A. Project 156-18541, originally authorized in Item C-72 of Chapter 2, 2022 Acts of Assembly, Special Session I, is hereby rescinded."

Explanation:

(This amendment reduces nongeneral fund bond proceeds by \$50.0 million in the first year and rescinds the project for which the bonds were proposed as a supplement. A companion amendment redirects the project funding allocation to the 2024 Public Educational Institution Capital Account to support other priority projects.)

A.1. Out of this appropriation, \$200,000,000 the first year from nongeneral fund bond proceeds and \$200,000,000 the second year from the general fund is authorized for transfer to the Department of Environmental Quality to make matching grants for Water Quality Improvement Fund eligible wastewater projects for Chesapeake Bay nutrient reductions authorized under Code of Virginia §§ [10.1-1186.01.F.](#), [10.1-2131.C.](#), and 62.1- 44.19:14.G.1.

2. The Virginia Public Building Authority pursuant to § [2.2-2260](#) et seq., Code of Virginia, is hereby authorized to issue bonds in a principal amount not to exceed \$200,000,000 the first year plus amounts needed to fund issuance costs, reserve funds, original issue discount, interest prior to and during the acquisition or construction and for one year after completion thereof, and other financing expenses, in accordance with § [2.2-2263](#), Code of Virginia, to be provided to the Department of Environmental Quality to make matching grants for Water Quality Improvement Fund eligible wastewater projects for Chesapeake Bay nutrient reduction authorized under Code of Virginia §§ [10.1-1186.01.F.](#), [10.1-2131.C.](#), and 62.1- 44.19:14.G.1.

3. Debt service on the bonds issued under the authorization in this item shall be provided from appropriations to the Treasury Board."

Explanation:

(This amendment authorizes \$200.0 million the first year in bond proceeds and \$200.0 million the second year from the general fund for expenses related to wastewater projects for Chesapeake Bay nutrient reduction. The bonds authorized in the first year, to be issued by the Virginia Public Building Authority (VPBA), would be repaid by future appropriations made to fund debt service payments.)

Explanation:

(This amendment transfers \$7.5 million from Economic Development Incentive Payments, which were previously appropriated by the General Assembly for the extension of a cruise ship port-of-call location in Yorktown. These funds were provided to incentivize and support the docking of Princess Cruises Lines in Yorktown, VA. The company has decided to dock in Norfolk, Virginia for the 2024 season.)

Explanation:

(This amendment extends until July 1, 2025 the sales tax exemption provided for certain drilling equipment used in the extraction and processing of natural gas and oil. The extension has no revenue impact as the official revenue forecast assumes the continuation of the tax exemption.)

Explanation:

(This amendment provides flexible tuition authority in an effort to increase Virginia's talent pipeline. In order to attract out-of-state students into Virginia, the language would allow schools the ability to charge less than 100 percent of the average cost of education to out-of-state students but not less than the in-state cost.)

a) The student requesting the waiver shall establish domicile as provided in § 23.1-502 and the State Council of Higher Education for Virginia (SCHEV) domicile guidelines.

b) The student requesting the waiver shall complete the Free Application for Federal Student Aid (FAFSA) or equivalent state financial aid application.

c) Eligibility for waivers under this section is limited undergraduate students and a total of four academic years. The academic years for which waivers are awarded need not be in succession.

d) Waivers under this section shall not exceed in-state undergraduate tuition, mandatory Education & General Program (E & G) fees and mandatory non-E & G fees. Mandatory non-E & G fees are charged to all students regardless of degree program or as defined by SCHEV. Mandatory non-E & G fees do not include room and board.

e) 1) Waivers under this section shall be discounted by the ratio (Ratio) of the sum of in-state undergraduate tuition, mandatory Education & General Program (E & G) fees and mandatory non-E & G fees (as defined in d) over the sum of in-state undergraduate tuition, mandatory Education & General Program (E & G) fees and mandatory non-E & G fees (as defined in d), room & board charges or allowances, and book allowance less any stipend received under § 23.1-608.1.

2) The Ratio shall be applied to (a) all gift aid except for state aid or federal aid under 38 USC Part III and (b) expected family contribution (EFC) or its equivalent under FAFSA Simplification as determined by SCHEV.

3) The waiver amount shall be reduced by the amount derived under e) 2).

f) Any state gift aid received under § 23.1, Chapter 6, federal financial assistance received under 38 USC Part III or any other financial aid that is restricted to tuition and fees shall reduce the required waiver amount dollar-for-dollar.

g) All current and future waiver awards are subject to the provisions of this section."

4. a. All reports and studies required shall be submitted for posting to the Reports to the General Assembly website no later than the due date specified. At the end of each quarter, the Director of Planning and Budget shall calculate the number of days each required report or study from the Executive Branch was not submitted on time for posting to the General Assembly website using information provided by the Division of Legislative Automated Systems. Based on this calculation, the Director of Planning and Budget shall unallot \$50 per day for each such late submitted report or study from either the Office of the Governor or appropriate Cabinet Secretary Office.

b. The Office of the Governor shall work with each agency to identify legislative reporting or study requirements that should be considered for elimination, consolidation, or fulfillment through alternative means. The Governor shall submit proposed actions related to these reporting or study requirements to the Speaker of the House of Delegates and the Chair of the Senate Rules Committee no later than December 1, 2024 for consideration during the 2025 Regular Session."

Explanation:

(This amendment establishes a process to ensure that legislatively mandated reports and studies are submitted on time. In addition, the amendment directs the Governor to recommend to the General Assembly mandated reports and studies for elimination, consolidation or alternate means of fulfillment. Finally, the amendment eliminates proposed language that would have permitted the Governor to postpone or defer legislatively directed reports or studies.)
