4. The Joint Subcommittee may seek support from the staff of the Senate Finance and House Appropriations Committees, the public institutions of higher education, or other higher education or state agency representatives, as requested by the Joint Subcommittee. At its discretion, the Joint Subcommittee may contract for consulting services.

5. The Joint Subcommittee is hereby continued to provide direction and oversight of higher education funding policies. The Joint Subcommittee shall review and articulate policies and funding methodologies on: (a) the appropriate share of educational and general costs that should be borne by students; (b) student financial aid; (c) undergraduate medical education funding; (d) the mix of full-time and part-time faculty; (e) the mix of in-state and out-of-state students as it relates to tuition policy; and (f) the viability of statewide articulation agreements between four-year and two-year public institutions.

VITA shall make a written determination of the nature and scope of the protection to be afforded by it under this subdivision. Once a written determination is made by VITA, the records afforded protection under this subdivision shall continue to be protected from disclosure when in the possession of VITA or JLARC.

B. Out of the amounts provided for in this Item, no expenditures shall be made to provide security devices such as magnetometers in standard use in major metropolitan airports. Personnel expenditures for operation of such equipment incidental to the duties of courtroom and courthouse security deputies may be authorized, provided that no additional expenditures for personnel shall be approved for the principal purpose of operating these devices.

C. Notwithstanding the provisions of § 53.1-120, or any other section of the Code of Virginia, unless a judge provides the sheriff with a written order stating that a substantial security risk exists in a particular case, no courtroom security deputies may be ordered for civil cases, not more than one deputy may be ordered for criminal cases in a district court, and not more than two deputies may be ordered for criminal cases in a circuit court. In complying with such orders for additional security, the sheriff may consider other deputies present in the courtroom as part of his security force.

D. Should the scheduled opening date of any facility be delayed for which funds are available in this Item, the Director, Department of Planning and Budget, may allot such funds as the Compensation Board may request to allow the employment of staff for training purposes not more than 45 days prior to the rescheduled opening date for the facility.

E. Consistent with the provisions of paragraph B of Item 75, the board shall allocate the additional jail deputies provided in this appropriation using a ratio of one jail deputy for every 3.0 beds of operational capacity. Operational capacity shall be determined by the Department of Corrections. No additional deputy sheriffs shall be provided from this appropriation to a local jail in which the present staffing exceeds this ratio unless the jail is overcrowded. Overcrowding for these purposes shall be defined as when the average annual daily population exceeds the operational capacity. In those jails experiencing overcrowding, the board may allocate one additional jail deputy for every five average annual daily prisoners above operational capacity. Should overcrowding be reduced or eliminated in any jail, the Compensation Board shall reallocate positions previously assigned due to overcrowding to other jails in the Commonwealth that are experiencing overcrowding.

F. Two-thirds of the salaries set by the Compensation Board of medical, treatment, and inmate classification positions approved by the Compensation Board for local correctional facilities shall be paid out of this appropriation.

G.1. Subject to appropriations by the General Assembly for this purpose, the Compensation Board shall provide for a master deputy pay grade to those sheriffs' offices which had certified, on or before January 1, 1997, having a career development plan for deputy sheriffs that meet the minimum criteria set forth by the Compensation Board for such plans. The Compensation Board shall allow for additional grade 9 positions, at a level not to exceed one grade 9 master deputy per every five Compensation Board grade 7 and 8 deputy positions in each sheriff's office.

2. Each sheriff who desires to participate in the Master Deputy Program who had not certified a career development plan on or before January 1, 1997, may elect to participate by certifying to the Compensation Board that the career development plan in effect in his office meets the minimum criteria for such plans as set by the Compensation Board. Such election shall be made by July 1 for an effective date of participation the following July 1.

3. Subject to appropriations by the General Assembly for this purpose, funding shall be provided by the Compensation Board for participation in the Master Deputy Program to sheriffs' offices electing participation after January 1, 1997, according to the date of receipt by the Compensation Board of the election by the sheriff.

~~4. State support for the Master Deputy Program shall be provided only for any individual who was participating in the program prior to January 1, 2010.~~

H. The Compensation Board shall estimate biannually the number of additional law enforcement deputies which will be needed in accordance with § 15.2-1609.1, Code of Virginia. Such estimate of the number of positions and related costs shall be included in the board's

biennial budget request submission to the Governor and General Assembly. The allocation of such positions, established by the Governor and General Assembly in Item 75 of this act, shall be determined by the Compensation Board on an annual basis. The annual allocation of these positions to local sheriffs' offices shall be based upon the most recent final population estimate for the locality that is available to the Compensation Board at the time when the agency's annual budget request is completed. The source of such population estimates shall be the Weldon Cooper Center for Public Service of the University of Virginia or the United States Bureau of the Census. For the first year of the biennium, the Compensation Board shall allocate positions based upon the most recent provisional population estimates available at the time the agency's annual budget is completed.

I. Any amount in the program Financial Assistance for Sheriffs' Offices and Regional Jails may be transferred between Items 68 and 69, as needed, to cover any deficits incurred in the programs Financial Assistance for Confinement of Inmates in Local and Regional Facilities, and Financial Assistance for Sheriffs' Offices and Regional Jails.

J.1. Subject to appropriations by the General Assembly for this purpose, the Compensation Board shall provide for a Sheriffs' Career Development Program.

2. Following receipt of a sheriff's certification that the minimum requirements of the Sheriffs' Career Development Program have been met, and provided that such certification is submitted by sheriffs as part of their annual budget request to the Compensation Board, the board shall increase the annual salary shown in paragraph A of this Item by the percentage shown below for a twelve-month period effective the following July 1:

a. 9.3 percent increase for all sheriffs who certify their compliance with the established minimum criteria for the Sheriffs' Career Development Program where such criteria includes that a sheriff has achieved certification by the Weldon Cooper Center for Public Service of the University of Virginia, ~~and/or~~, where such criteria include that a sheriff's office seeking accreditation has been assessed and will be considered for accreditation by the accrediting body no later than March 1, and have achieved accreditation by March 1 from the Virginia Law Enforcement Professional Standards Commission, or the Commission on Accreditation of Law Enforcement agencies, or the American Correctional Association, or,

b. For sheriffs that have not achieved one of the above accreditations:

1. 3.1 percent for all sheriffs who certify their compliance with the established minimum criteria for the Sheriffs' Career Development Program; and

2. 3.1 percent additional increase for sheriffs who certify their compliance with the established minimum criteria for the Sheriffs' Career Development Program and operate a jail; and

3. 3.1 percent additional increase for all sheriffs who certify their compliance with the established minimum criteria for the Sheriffs' Career Development Program and provide primary law enforcement services in the county.

~~4. State support for the Sheriffs' Career Development Program shall be provided only for any individual who was participating in the program prior to January 1, 2010.~~

5. Other constitutional officers' associations may request the General Assembly to include certification by the Weldon Cooper Center for Public Service to the requirements for participation in their respective career development programs.

K. Notwithstanding the provisions of Article 7, Chapter 15, Title 56, Code of Virginia, \$8,000,000 the first year and \$8,000,000 the second year from the Wireless E-911 Fund is included in this appropriation for local law enforcement dispatchers to offset dispatch center operations and related costs.

L. Notwithstanding the provisions of §§ 53.1-131 through 53.1-131.3, Code of Virginia, local and regional jails may charge inmates participating in inmate work programs a reasonable daily amount, not to exceed the actual daily cost, to operate the program.

M. Included in this appropriation is \$1,004,500 the first year and \$1,004,500 the second year from the general fund for the Compensation Board to contract for services to be provided by

Authority: §§ 53.1-83.1, 53.1-84 and 53.1-85, Code of Virginia.

A. In the event the appropriation in this Item proves to be insufficient to fund all of its provisions, any amount remaining as of June 1, 2013, and June 1, 2014, may be reallocated among localities on a pro rata basis according to such deficiency.

B. For the purposes of this Item, the following definitions shall be applicable:

1. Effective sentence—a convicted offender’s sentence as rendered by the court less any portion of the sentence suspended by the court.
2. Local responsible inmate—(a) any person arrested on a state warrant and incarcerated in a local correctional facility, as defined by § 53.1-1, Code of Virginia, prior to trial; (b) any person convicted of a misdemeanor offense and sentenced to a term in a local correctional facility; or (c) any person convicted of a felony offense and given an effective sentence of (i) twelve months or less or (ii) less than one year.
3. State responsible inmate—any person convicted of one or more felony offenses and (a) the sum of consecutive effective sentences for felonies, committed on or after January 1, 1995, is (i) more than 12 months or (ii) one year or more, or (b) the sum of consecutive effective sentences for felonies, committed before January 1, 1995, is more than two years.

C. The individual or entity responsible for operating any facility which receives funds from this Item may, if requested by the Department of Corrections, enter into an agreement with the department to accept the transfer of convicted felons, from other local facilities or from facilities operated by the Department of Corrections. In entering into any such agreements, or in effecting the transfer of offenders, the Department of Corrections shall consider the security requirements of transferred offenders and the capability of the local facility to maintain such offenders. For purposes of calculating the amount due each locality, all funds earned by the locality as a result of an agreement with the Department of Corrections shall be included as receipts from these appropriations.

D. Out of this appropriation, an amount not to exceed \$377,010 the first year and \$377,010 the second year from the general fund, is designated to be held in reserve for unbudgeted medical expenses incurred by local correctional facilities in the care of state responsible felons.

E. The following amounts shall be paid out of this appropriation to compensate localities for the cost of maintaining prisoners in local correctional facilities, as defined by § 53.1-1, Code of Virginia, or if the prisoner is not housed in a local correctional facility, in an alternative to incarceration program operated by, or under the authority of, the sheriff or jail board:

ITEM 69.	Item Details(\$)		Appropriations(\$)	
	First Year FY2013	Second Year FY2014	First Year FY2013	Second Year FY2014
1.	For local responsible inmates—\$4 per inmate day, or, if the inmate is housed and maintained in a jail farm not under the control of the sheriff, the rate shall be \$18 per inmate day.			
2.	For state responsible inmates—\$12 per inmate day.			
F.	For the payment specified in paragraph E 1 of this Item for prisoners in alternative punishment or alternative to incarceration programs:			
1.	Such payment is intended to be made for prisoners that would otherwise be housed in a local correctional facility. It is not intended for prisoners that would otherwise be sentenced to community service or placed on probation.			
2.	No such payment shall be made unless the program has been approved by the Department of Corrections or the Department of Criminal Justice Services. Alternative punishment or alternative to incarceration programs, however, may include supervised work experience, treatment, and electronic monitoring programs.			
G.1.	Except as provided for in paragraph G 2, and notwithstanding any other provisions of this Item, the Compensation Board shall provide payment to any locality with an average daily jail population of under ten in FY 1995 an inmate per diem rate of \$22 per day for local responsible inmates and \$28 per day for state responsible inmates held in these jails in lieu of personal service costs for corrections' officers.			
2.	Any locality covered by the provisions of this paragraph shall be exempt from the provisions thereof provided that the locally elected sheriff, with the assistance of the Compensation Board, enters into good faith negotiations to house his prisoners in an existing local or regional jail. In establishing the per diem rate and capital contribution, if any, to be charged to such locality by a local or regional jail, the Compensation Board and the local sheriff or regional jail authority shall consider the operating support and capital contribution made by the Commonwealth, as required by §§ 15.2-1613, 15.2-1615.1, 53.1-80, and 53.1-81, Code of Virginia. The Compensation Board shall report periodically to the Chairmen of the House Appropriations and Senate Finance Committees on the progress of these negotiations and may withhold the exemption granted by this paragraph if, in the board's opinion, the local sheriff fails to negotiate in good faith.			
H.1.	The Compensation Board shall recover the state-funded costs associated with housing federal inmates, District of Columbia inmates or contract inmates from other states. The Compensation Board shall determine, by individual jail, the amount to be recovered by the Commonwealth by multiplying the jail's current inmate days for this population by the proportion of the jail's per inmate day salary funds provided by the Commonwealth, as identified in the most recent Jail Cost Report prepared by the Compensation Board. Beginning July 1, 2009, the Compensation Board shall determine, by individual jail, the amount to be recovered by the Commonwealth by multiplying the jail's current inmate days for this population by the proportion of the jail's per inmate day operating costs provided by the Commonwealth, excluding payments otherwise provided for in this Item, as identified in the most recent Jail Cost Report prepared by the Compensation Board. If a jail is not included in the most recent Jail Cost Report, the Compensation Board shall use the statewide average of per inmate day salary funds provided by the Commonwealth.			
2.	The Compensation Board shall deduct the amount to be recovered by the Commonwealth from the facility's next quarterly per diem payment for state-responsible and local-responsible inmates. Should the next quarterly per diem payment owed the locality not be sufficient against which to net the total quarterly recovery amount, the locality shall remit the remaining amount not recovered to the Compensation Board.			
3.	Any local or regional jail which receives funding from the Compensation Board shall give priority to the housing of local-responsible, state-responsible, and state contract inmates, in that order, as provided in paragraph H 1.			
4.	The Compensation Board shall not provide any inmate per diem payments to any local or regional jail which holds federal inmates in excess of the number of beds contracted for with the Department of Corrections, unless the Director, Department of Corrections, certifies to the Chairman of the Compensation Board that a) such contract beds are not required; b) the facility

has operational capacity built under contract with the federal government; c) the facility has received a grant from the federal government for a portion of the capital costs; or d) the facility has applied to the Department of Corrections for participation in the contract bed program with a sufficient number of beds to meet the Department of Corrections' need or ability to fund contract beds at that facility in any given fiscal year.

5. The Compensation Board shall apply the cost recovery methodology set out in paragraph H 1 of this Item to any jail which holds inmates from another state on a contractual basis. However, recovery in such circumstances shall not be made for inmates held pending extradition to other states or pending transfer to the Virginia Department of Corrections.

6. The provisions of this paragraph shall not apply to any local or regional jail where the cumulative federal share of capital costs exceeds the Commonwealth's cumulative capital contribution.

7. For a local or regional jail which operates bed space specifically built utilizing federal capital or grant funds for the housing of federal inmates and for which Compensation Board funding has never been authorized for staff for such bed space, the Compensation Board shall allow an exemption from the recovery provided in paragraph H.1. for a defined number of federal prisoners upon certification by the sheriff or superintendent that the federal government has paid for the construction of bed space in the facility or provided a grant for a portion of the capital cost. Such certification shall include specific funding amounts paid by the federal government, localities, and/or regional jail authorities, and the Commonwealth for the construction of bed space specifically built for the housing of federal inmates and for the construction of the jail facility in its entirety. The defined number of federal prisoners to be exempted from the recovery provided in paragraph H.1. shall be based upon the proportion of funding paid by the federal government and localities and/or regional jail authorities for the construction of bed space to house federal prisoners to the total funding paid by all sources, including the Commonwealth, for all construction costs for the jail facility in its entirety.

8. Beginning March 1, 2013, federal inmates placed in the custody of a regional jail pursuant to a work release program operated by the federal Bureau of Prisons shall be exempt from the recovery of costs associated with housing federal inmates pursuant to paragraph H.1. of this item if such federal inmates have been assigned by the federal Bureau of Prisons to a home electronic monitoring program in place for such inmates by agreement with the jail on or before January 1, 2012 and are not housed in the jail facility. However, no such exemption shall apply to any federal inmate while they are housed in the regional jail facility.

I. Any amounts in the program Financial Assistance for Confinement of Inmates in Local and Regional Facilities, may be transferred between Items 68 and 69, as needed, to cover any deficits incurred in the programs Financial Assistance for Sheriffs' Offices and Regional Jails and Financial Assistance for Confinement of Inmates in Local and Regional Facilities.

J. Projected growth in per diem payments for the support of prisoners in local and regional jails shall be based on actual inmate population counts up through the first quarter of the affected fiscal year.

K. The Compensation Board shall provide an annual report on the number and diagnoses of inmates with mental illnesses in local and regional jails, the treatment services provided, and expenditures on jail mental health programs. The report shall be prepared in cooperation with the Virginia Sheriffs Association, the Virginia Association of Regional Jails, the Virginia Association of Community Services Boards, and the Department of Behavioral Health and Developmental Services, and shall be coordinated with the data submissions required for the annual jail cost report. Copies of this report shall be provided by November 1 of each year to the Governor, Director, Department of Planning and Budget, and the Chairmen of the Senate Finance and House Appropriations Committees.

L. The Compensation Board shall work with local and regional jails to determine the number of local-responsible offenders hospitalized off-site, the costs for such hospitalization, and the numbers of such hospitalized local-responsible offenders who are either 65 years of age or older, blind, disabled, or pregnant in order to determine the population of local-responsible offenders who may be eligible for enrollment in Medicaid. The Departments of Medical Assistance Services and Social Services shall provide any assistance necessary to the Compensation Board in determining the eligibility of those local-responsible offenders for

The Compensation Board, with any necessary assistance from the Departments of Medical Assistance Services and Social Services, shall provide a report on the number of local-responsible offenders who could be enrolled in Medicaid to the Chairmen of the House Appropriations and Senate Finance Committees by November 1, 2013.

Authority: Title 2.2, Chapter 2, Article 3; § 2.2-201, Code of Virginia.

A. It is the intent of the General Assembly that state programs providing financial, technical, or training assistance to local governments for economic development projects or directly to businesses seeking to relocate or expand operations in Virginia should not be used to help a company relocate or expand its operations in one or more Virginia communities when the same company is simultaneously closing facilities in other Virginia communities. It is the responsibility of the Secretary of Commerce and Trade to enforce this policy and to inform the Chairmen of the Senate Finance and House Appropriations Committees in writing of the justification to override this policy for any exception.

B. The Secretary shall report to the Chairmen of the Senate Finance and the House Appropriations and Finance Committees by October 30 of each year, on the use and efficacy of state incentives in creating investments and jobs in Virginia in the prior fiscal year. The two-part report shall identify, by planning districts, the following items using the most recent data available: (1) the number of companies receiving business incentives; (2) the dollar amounts received by each company for each incentive; (3) the number of jobs to be created; (4) the average salary; and (5) the amount of investment agreed upon by the state and the company as a condition for receiving the incentives. For the purposes of this report, the incentives to be reviewed in the study are those state incentives included in the Virginia Economic Development Partnership publication, "Virginia Guide to Business Incentives" as well as business incentive programs authorized and funded by the General Assembly. The first part of the study shall not identify by name the companies participating in the state's incentive programs. In the second part of the report, organized by planning district, the Secretary shall include the actual number of jobs created, average salary, and level of investments made by each company awarded incentives in the prior fiscal year; if not prohibited by state law or by memorandum of agreement or understanding between the Commonwealth and the company, the names of the companies awarded incentives shall be included. In addition, the report shall also identify the specific actions taken by the state as part of its business incentive program to create private investments and jobs in rural areas of the state and the success of these actions.

C. The Secretary shall convene a working group which shall include the Director of the Virginia Economic Development Partnership, the Director of the Department of Business Assistance, local economic development representatives, and representatives from Virginia's business community to determine whether the Virginia Jobs Investment Program Funds are best managed within the Department of Business Assistance or within the Virginia Economic Development Partnership or whether the separate sub-funds would be more effectively utilized by the two separate agencies whose missions focus on different sectors of the Commonwealth's business community. The Secretary shall report to the Chairmen of the House Appropriations and Senate Finance Committees by October 30, 2013 on the findings of this examination, including any proposals to shift funds among the two entities, and any administrative impediments to such a proposal. Such report shall also contain an accounting of how the funding has been distributed for the last four fiscal years by region, industry sector, size of company, size of grant and agency through which the incentive request was generated.

D. The Secretary of Commerce and Trade is directed to report to the Chairmen of the House Appropriations and Senate Finance Committees by October 15, 2013 on the progress of the consolidation of the Department of Business Assistance and the Department of Minority Business Enterprise. It is the intent of the General Assembly that the consolidation be effectuated in a manner that ensures that the core responsibilities of each agency are retained and full and adequate attention is given to the activities currently undertaken by both the Department of Minority Business Enterprise and the Department of Business Assistance.

1. "March 31 Average Daily Membership," or "March 31 ADM" - The responsible school division's average daily membership for grades K-12 including (1) handicapped students ages 5-21 and (2) students for whom English is a second language who entered school for the first time after reaching their twelfth birthday, and who have not reached twenty-two years of age on or before August 1 of the school year, for the first seven (7) months (or equivalent period) of the school year through March 31 in which state funds are distributed from this appropriation. Preschool and postgraduate students shall not be included in March 31 ADM.

a. School divisions shall take a count of September 30 fall membership and report this information to the Department of Education no later than October 15 of each year.

b. Except as otherwise provided herein, by statute, or by precedent, all appropriations to the Department of Education shall be calculated using March 31 ADM unadjusted for half-day kindergarten programs, estimated at ~~1,222,669.04~~ 1,221,485.85 the first year and ~~1,229,799.85~~ 1,228,510.35 the second year.

c. March 31 ADM adjusted for half-day kindergarten at 85 percent of March 31 ADM, is estimated at ~~1,221,935.84~~ 1,220,774.28 the first year and ~~1,229,039.40~~ 1,227,769.61 the second year.

d. Students who are either (i) enrolled in a nonpublic school or (ii) receiving home instruction pursuant to § 22.1-254.1 and who are enrolled in a public school on less than a full-time basis in any mathematics, science, English, history, social science, vocational education, health education or physical education, fine arts or foreign language course, or receiving special education services required by a student's individualized education plan, shall be counted in the funded fall membership and March 31 ADM of the responsible school division. Each course shall be counted as 0.25, up to a cap of 0.5 of a student.

e. Students enrolled in an Individualized Student Alternative Education Program (ISAEP) pursuant to § 22.1-254 D shall be counted in the March 31 Average Daily Membership of the responsible school division. School divisions shall report these students separately in their March 31 reports of Average Daily Membership.

2. "Standards of Quality" - Operations standards for grades kindergarten through 12 as prescribed by the Board of Education subject to revision by the General Assembly.

3.a. "Basic Operation Cost" - The cost per pupil, including provision for the number of instructional personnel required by the Standards of Quality for each school division with a minimum ratio of 51 professional personnel for each 1,000 pupils or proportionate number thereof, in March 31 ADM for the same fiscal year for which the costs are computed, and including provision for driver, gifted, occupational-vocational, and special education, library materials and other teaching materials, teacher sick leave, general administration, division

superintendents' salaries, free textbooks (including those for free and reduced price lunch pupils), school nurses, operation and maintenance of school plant, transportation of pupils, instructional television, professional and staff improvement, remedial work, fixed charges and other costs in programs not funded by other state and/or federal aid.

b. The state and local shares of funding resulting from the support cost calculation for school nurses shall be specifically identified as such and reported to school divisions annually. School divisions shall ~~shall~~ *may* spend these funds for licensed school nurse positions employed by the school division or for licensed nurses contracted by the local school division to provide school health services.

4.a. "Composite Index of Local Ability-to-Pay" - An index figure computed for each locality. The composite index is the sum of 2/3 of the index of wealth per pupil in unadjusted March 31 ADM reported for the first seven (7) months of the 2009-2010 school year and 1/3 of the index of wealth per capita (population estimates for 2009 as determined by the Weldon Cooper Center for Public Service of the University of Virginia) multiplied by the local nominal share of the costs of the Standards of Quality of 0.45 in each year. The indices of wealth are determined by combining the following constituent index elements with the indicated weighting: (1) true values of real estate and public service corporations as reported by the State Department of Taxation for the calendar year 2009 - 50 percent; (2) adjusted gross income for the calendar year 2009 as reported by the State Department of Taxation - 40 percent; (3) the sales for the calendar year 2009 which are subject to the state general sales and use tax, as reported by the State Department of Taxation - 10 percent. Each constituent index element for a locality is its sum per March 31 ADM, or per capita, expressed as a percentage of the state average per March 31 ADM, or per capita, for the same element. A locality whose composite index exceeds 0.8000 shall be considered as having an index of 0.8000 for purposes of distributing all payments based on the composite index of local ability-to-pay. Each constituent index element for a locality used to determine the composite index of local ability-to-pay for the current biennium shall be the latest available data for the specified official base year provided to the Department of Education by the responsible source agencies no later than November 15, 2011.

b. For any locality whose total calendar year 2009 Virginia Adjusted Gross Income is comprised of at least 3 percent or more by nonresidents of Virginia, such nonresident income shall be excluded in computing the composite index of ability-to-pay. The Department of Education shall compute the composite index for such localities by using adjusted gross income data which exclude nonresident income, but shall not adjust the composite index of any other localities. The Department of Taxation shall furnish to the Department of Education such data as are necessary to implement this provision.

c.1) In the event that two or more school divisions become one school division, whether by consolidation of only the school divisions or by consolidation of the local governments, which shall include the transition of a city to town status, all state payments from this item adjusted by the composite index of local ability to pay to such resulting division or interest rates on approved Literary Fund loans shall be made on the basis of a composite index established by the Board of Education, which shall equal the ~~lowest composite index~~ *no lower than the lowest nor higher than the highest composite index* of any of the individual school divisions involved in such consolidation. In addition, the local share of state payments adjusted by the composite index shall also be based on the same ~~lowest~~ composite index of any of the individual school divisions involved in such consolidation. This index shall remain in effect for a period of ~~fifteen years~~ *no less than five nor more than fifteen years*, unless a lower composite index is calculated for the combined division through the process for computing an index figure as set forth above. The Governor shall approve the composite index determined by the Board of Education prior to disbursement of funds under such index. The department shall report to the Chairmen of the House Appropriations and Senate Finance Committees the composite indices approved by the Governor and the board in the event this provision is implemented.

2) In the case of the consolidation of Clifton Forge and Alleghany County school divisions, the fifteen year period for the application of a new composite index ~~pursuant to paragraph e.1) above~~ shall apply beginning with the fiscal year that starts on July 1, 2004. *Notwithstanding the provisions of paragraph c.1) the composite index established by the Board of Education shall equal the lowest composite index that was in effect prior to July 1, 2004, of any individual localities involved in such consolidation, and this index shall remain in effect for a period of fifteen years, unless a lower composite index is calculated for the combined division*

through the process for computing an index as set forth above.

3) Pursuant to paragraph c.1) above, if the composite index of a consolidated school division is reduced during the course of the fifteen year period to a level that would entitle the school division to a lower interest rate for a Literary Fund loan than it received when the loan was originally released, the Board of Education shall reduce the interest rate of such loan for the remainder of the period of the loan. Such reduction shall be based on the interest rate that would apply at the time of such adjustment. This rate shall remain in effect for the duration of the loan and shall apply only to those years remaining to be paid.

4) *In the case of the consolidation of Bedford County and Bedford City school divisions, the fifteen year period for the application of a new composite shall apply beginning with the fiscal year that starts on July 1, 2013. Notwithstanding the provisions of paragraph c.1) the composite index established by the Board of Education shall equal the lowest composite index that was in effect prior to July 1, 2013, of any individual localities involved in such consolidation, and this index shall remain in effect for a period of fifteen years, unless a lower composite index is calculated for the combined division through the process for computing an index as set forth above.*

5) *Bedford County Public Schools shall undergo a School Efficiency Review pursuant to Item 271, 4.a. Such review shall include division administration; human resources; finance; purchasing; educational service delivery costs, including school size; special education; facilities; transportation; technology management; and food service.*

6) *JLARC is hereby directed, with assistance from the Commission on Local Government, to analyze and make recommendations going forward regarding the most effective balance between the costs of incentives for government and school consolidations with the expected resulting savings and operational benefits, and how best to structure such state incentives to achieve both clarity for localities as well as justification that incentives are adequate, but not more than necessary. JLARC shall complete its study and submit a final report no later than October 1, 2014.*

d. When it is determined that a substantial error exists in a constituent index element, the Department of Education will make adjustments in funding for the current school year only in the division where the error occurred. The composite index of any other locality shall not be changed as a result of the adjustment. No adjustment during the biennium will be made as a result of updating of data used in a constituent index element.

e. In the event that any school division consolidates two or more small schools, the division shall continue to receive Standards of Quality funding and provide for the required local expenditure for a period of five years as if the schools had not been consolidated. Small schools are defined as any elementary, middle, or high school with enrollment below 200, 300 and 400 students, respectively.

5. "Required Local Expenditure for the Standards of Quality" - The locality's share based on the composite index of local ability-to-pay of the cost required by all the Standards of Quality minus its estimated revenues from the state sales and use tax dedicated to public education and those sales tax revenues transferred to the general fund from the Public Education Standards of Quality/Local Real Estate Property Tax Relief Fund and appropriated in this Item, both of which are returned on the basis of the latest yearly estimate of school age population provided by the Weldon Cooper Center for Public Service, as specified in this Item, collected by the Department of Education and distributed to school divisions in the fiscal year in which the school year begins.

6. "Required Local Match" - The locality's required share of program cost based on the composite index of local ability-to-pay for all Lottery and Incentive programs, where required, in which the school division has elected to participate in a fiscal year.

7. "Planning District Eight" - The nine localities which comprise Planning District Eight are Arlington County, Fairfax County, Loudoun County, Prince William County, Alexandria City, Fairfax City, Falls Church City, Manassas City, and Manassas Park City.

8. "State Share of the Standards of Quality" - The state share of the Standards of Quality (SOQ) shall be equal to the total funded SOQ cost for a school division less the school

	First Year FY2013	Second Year FY2014	First Year FY2013	Second Year FY2014

division's estimated revenues from the state sales and use tax dedicated to public education based on the latest yearly estimate of school age population provided by the Weldon Cooper Center for Public Service, adjusted for the state's share of the composite index of local ability to pay.

9. In the event that the general fund appropriations in this item are not sufficient to meet the entitlements payable to school divisions pursuant to the provisions of this Item, the Department of Education is authorized to transfer any available general fund funds between these Items to address such insufficiencies. If the total general fund appropriations after such transfers remain insufficient to meet the entitlements of any program funded with general fund dollars, the Department of Education is authorized to prorate such shortfall proportionately across all of the school divisions participating in any program where such shortfall occurred. In addition, the Department of Education is authorized each year to temporarily suspend textbook payments made to school divisions from Lottery funds to ensure that any shortfall in Lottery revenue can be accounted for in the remaining textbook payments to be made for the year.

10. The Department of Education is directed to apply a cap on inflation rates in the same manner prescribed in § 51.1-166.B, Code of Virginia, when updating funding to school divisions during the biennial rebenchmarking process.

11. Notwithstanding any other provision in statute or in this Item, the Department of Education is directed to combine the end-of-year Average Daily Membership (ADM) for those school divisions who have partnered together as a fiscal agent division and a contractual division for the purposes of calculating prevailing costs included in the Standards of Quality (SOQ).

12. Notwithstanding any other provision in statute or in this Item, the Department of Education is directed to include zeros in the linear weighted average calculation of support non-personal costs for the purpose of calculating prevailing costs included in the Standards of Quality (SOQ).

13. Notwithstanding any other provision in statute or in this Item, the Department of Education is directed to eliminate the corresponding and appropriate object code(s) related to reported travel expenditures included the linear weighted average non-personal cost calculations for the purpose of calculating prevailing costs included in the Standards of Quality (SOQ).

14. Notwithstanding any other provision in statute or in this Item, the Department of Education is directed to eliminate the corresponding and appropriate object code(s) related to reported leases and rental and facility expenditures included the linear weighted average non-personal cost calculations for the purpose of calculating prevailing costs included in the Standards of Quality (SOQ).

15. Notwithstanding any other provision in statute or in this Item, the Department of Education is directed to fund transportation costs using a 15 year replacement schedule, which is the national standard guideline, for school bus replacement schedule for the purpose of calculating funded transportation costs included in the Standards of Quality (SOQ).

16. To provide temporary flexibility, notwithstanding any other provision in statute or in this Item, school divisions may elect to increase the teacher to pupil staffing ratios in kindergarten through grade 7 and English classes for grades 6 through twelve by one additional student; the teacher to pupil staffing ratio requirements for Elementary Resource teachers, Prevention, Intervention and Remediation, English as a Second Language, Gifted and Talented, Career and Technical funded programs (other than on Career and Technical courses where school divisions will have to maintain a maximum class size based on federal Occupational Safety & Health Administration safety requirements) are waived; and the instructional and support technology positions, librarians and guidance counselors staffing ratios for new hires are waived.

17. To provide additional flexibility, notwithstanding the provisions of § 22.1-79.1 of the Code of Virginia, any school division that was granted a waiver regarding the opening date of the school year for the 2011-12 school year under the good cause requirements shall continue to be granted a waiver for the 2012-13 school year *and the 2013-2014 school year*.

2. Each locality shall offer a school program for all its eligible pupils which is acceptable to the Department of Education as conforming to the Standards of Quality program requirements.

3. In the event the statewide number of pupils in March 31 ADM results in a state share of cost exceeding the general fund appropriation in this Item, the locality's state share of Basic Aid shall be reduced proportionately so that this general fund appropriation will not be exceeded. In addition, the required local share of Basic Aid shall also be reduced proportionately to the reduction in the state's share.

4. The Department of Education shall make equitable adjustments in the computation of indices of wealth and in other state-funded accounts for localities affected by annexation, unless a court of competent jurisdiction makes such adjustments. However, only the indices of wealth and other state-funded accounts of localities party to the annexation will be adjusted.

d. To provide flexibility, school divisions may use the state and local funds for instructional technology resource teachers required by the Standards of Quality to employ a data coordinator position, an instructional technology resource teacher position, or a data coordinator/instructional resource teacher blended position. The data coordinator position is intended to serve as a resource to principals and classroom teachers in the area of data analysis and interpretation for instructional and school improvement purposes, as well as for overall data management and administration of state assessments. Such payments shall be made not later than the end of the school year following that in which the under expenditure occurs.

b. Whenever the Department of Education has recovered funds as defined in the preceding paragraph a, the Secretary of Education is authorized to repay to the locality affected by that action, seventy-five percent (75%) of those funds upon his determination that:

1) The local school board agrees to include the funds in its June 30 ending balance for the year following that in which the under expenditure occurs;

3) The local school board agrees to expend these funds, over and above the funds required to meet the required local expenditure for the second year following that in which the under expenditure occurs, for a special project, the details of which must be furnished to the Department of Education for review and approval;

4) The local school board agrees to submit quarterly reports to the Department of Education on the use of funds provided through this project award; and

5) The local governing body and the local school board agree that the project award will be cancelled and the funds withdrawn if the above conditions have not been met as of June 30 of the second year following that in which the under expenditure occurs.

c. There is hereby appropriated, for the purposes of the foregoing repayment, a sum sufficient, not to exceed 75 percent of the funds deposited in the general fund pursuant to the preceding paragraph a.

10. The Department of Education shall specify the manner for collecting the required information and the method for determining if a school division has ~~appropriated and~~ expended the local funds required to support the actual local match based on all Lottery and Incentive

The Department of Education shall ~~also~~ make calculations after the close of the fiscal year to verify that the required local match was met based on the state funds that were received.

11. Any sum of local matching funds for Lottery and Incentive program which a locality has not expended as of the end of a fiscal year in support of the required local match pursuant to this Item shall be paid by the locality into the general fund of the state treasury unless the carryover of those unspent funds is specifically permitted by other provisions of this act. Such payments shall be made no later than the end of the school year following that in which the under expenditure occurred.

12. The Superintendent of Public Instruction shall provide a report annually, no later than the first day of the General Assembly session, on the status of teacher salaries, by local school division, to the Governor and the Chairmen of the Senate Finance and House Appropriations Committees. In addition to information on average salaries by school division and statewide comparisons with other states, the report shall also include information on starting salaries by school division and average teacher salaries by school.

13. All state and local matching funds required by the programs in this Item shall be appropriated to the budget of the local school board.

14. 23. For reporting purposes, the Department of Education shall include Lottery Proceeds Funds as state funds.

24.a. Any locality that has met its required local effort for the Standards of Quality accounts for FY 2013 and that has met its required local match for incentive or Lottery-funded programs in which the locality elected to participate in FY 2013 may carry over into fiscal year 2014 any remaining state Direct Aid to Public Education fund balances available to help minimize any FY 2014 revenue adjustments that may occur in state funding to that locality. Localities electing to carry forward such unspent state funds must appropriate the funds to the school division for expenditure in FY 2014.

b. Any locality that has met its required local effort for the Standards of Quality accounts for FY 2014 and that has met its required local match for incentive or Lottery-funded programs in which the locality elected to participate in FY 2014 may carry over into FY 2015 any remaining state Direct Aid to Public Education fund balances available to help minimize any FY 2015 revenue adjustments that may occur in state funding to that locality. Localities electing to carry forward such unspent state funds must appropriate the funds to the school division for expenditure in FY 2015.

25. Localities are encouraged to allow school boards to carry over any unspent local allocations into the next fiscal year. Localities are also encouraged to provide increased flexibility to school boards by appropriating state and local funds for public education in a lump sum.

26. The Department of Education shall include in the annual School Performance Report Card for school divisions the percentage of each division's annual operating budget allocated to instructional costs. For this report, the Department of Education shall establish a methodology for allocating each school division's expenditures to instructional and non-instructional costs in a manner that is consistent with the funding of the Standards of Quality as approved by the General Assembly. Further, at the discretion of the Superintendent of Public Instruction, the Department of Education may also report on other methods of measuring instructional spending such as those used by the U.S. Census Bureau and the U.S. Department of Education.

5. Basic Aid Payments

a.1) A state share of the Basic Operation Cost, which cost per pupil in March 31 ADM is established individually for each local school division based on the number of instructional personnel required by the Standards of Quality and the statewide prevailing salary levels (adjusted in Planning District Eight for the cost of competing) as well as recognized support costs calculated on a prevailing basis for an estimated March 31 ADM (adjusted for half-day kindergarten programs).

2) This appropriation includes funding to recognize the common labor market in the Washington-Baltimore-Northern Virginia, DC-MD-VA-WV Combined Statistical Area. Standards of Quality salary payments for instructional positions in school divisions of the localities set out below have been adjusted for the equivalent portion of the Cost of Competing Adjustment (COCA) rates that are paid to local school divisions in Planning District 8. 3) This appropriation includes funding for the Standards of Quality salary payments for support positions in school divisions of the localities set out below and have been adjusted for the equivalent portion of the Cost of Competing Adjustment (COCA) rates that are paid to the local school divisions in Planning District 8 for SOQ Basic Aid support positions, which is 22.70 percent in the first year ~~and 9.83 percent in the second year~~ and 6.98 percent in the second year. For the counties of Stafford, Fauquier, Spotsylvania, Clarke, Warren, Frederick, and Culpeper and the Cities of Fredericksburg and Winchester, the SOQ payments have been increased each year by 25 percent of the COCA rates paid to school divisions in Planning District 8.

b. The state share for a locality shall be equal to the Basic Operation Cost for that locality less the locality's estimated revenues from the state sales and use tax (returned on the basis of the latest yearly estimate of school age population provided by the Weldon Cooper Center for Public Service, as specified in this Item), in the fiscal year in which the school year begins and less the required local expenditure.

2) The amounts deducted from Basic Aid for the education of intellectually disabled persons shall be transferred to the Department of Behavioral Health and Developmental Services in support of the cost of educating such persons; the amount deducted from Basic Aid for the education of emotionally disturbed persons shall be used to cover extraordinary expenses incurred in the education of such persons. The Department of Education shall establish guidelines to implement these provisions and shall provide for the periodic transfer of sums due from each local school division to the Department of Behavioral Health and Developmental Services and for Special Education categorical payments. The amount of the actual transfers will be based on data accumulated during the prior school year.

e. 1) The apportionment to localities of all driver education revenues received during the school year shall be made as an undesignated component of the state share of Basic Aid in accordance with the provisions of this Item. Only school divisions complying with the standardized program established by the Board of Education shall be entitled to participate in the distribution of state funds appropriated for driver education. The Department of Education will deduct a designated amount per pupil from a school division's Basic Aid payment when the school division is not in compliance with § 22.1-205 C, Code of Virginia. Such amount will be computed by dividing the current appropriation for the Driver Education Fund by actual March 31 ADM.

2) Local school boards may charge a per pupil fee for behind-the-wheel driver education provided, however, that the fee charged plus the per pupil basic aid reimbursement for driver education shall not exceed the actual average per pupil cost. Such fees shall not be cause for a pro rata reduction in Basic Aid payments to school divisions.

f. Textbooks

1) The appropriation in this Item includes ~~\$46,533,525 the first year and \$50,186,324 \$45,846,044~~ the second year from the general fund and ~~\$14,843,835 \$61,262,666~~ the first year and ~~\$11,430,515 \$15,709,881~~ the second year from the Lottery Proceeds Fund as the state's share of the cost of textbooks based on a per pupil amount of \$89.73 the first year and \$89.73 the second year. The state's share of textbooks will be fund split between the general fund and Lottery Proceeds Fund. A school division shall appropriate these funds for textbooks or any other public education instructional expenditure by the school division. instructional materials. School divisions may also use these funds to purchase electronic textbooks or other electronic media resources integral to the curriculum and classroom instruction and the technical equipment required to read and access the electronic textbooks and electronic curriculum materials.

4) Any funds provided to school divisions for textbook costs that are unexpended as of June 30, 2013, or June 30, 2014, shall be carried on the books of the locality to be appropriated to the school division the following year to be used for same purpose. School divisions are permitted to carry forward any remaining balance of textbook funds until the funds are expended for a qualifying purpose.

g. The one-cent state sales and use tax earmarked for education and the sales tax revenues transferred to the general fund from the Public Education Standards of Quality/Local Real Estate Property Tax Relief Fund and appropriated in this Item which are distributed to localities on the basis of the latest yearly estimate of school age population provided by the Weldon Cooper Center for Public Service as specified in this Item shall be reflected in each locality's annual budget for educational purposes as a separate revenue source for the current fiscal year.

h. The appropriation for the Standards of Quality for Public Education (SOQ) includes amounts estimated at ~~\$226,100,000~~ \$222,800,000 the first year and ~~\$233,900,000~~ \$230,400,000 the second year from the amounts transferred to the general fund from the Public Education Standards of Quality/Local Real Estate Property Tax Relief Fund pursuant to Part 3 of this act which are derived from the 1/4 cent increase in the state sales and use tax levied pursuant to Chapter 3, 2004 Special Session I. These additional funds are provided to local school divisions and local governments in order to relieve the financial pressure education programs place on local real estate taxes.

i. From the total amounts in paragraph h. above, an amount estimated at ~~\$108,900,000~~ \$105,300,000 the first year and ~~\$112,700,000~~ \$108,300,000 the second year (approximately 1/8 cent of sales and use tax) is appropriated to support a portion of the cost of the state's share of the following revisions to the Standards of Quality pursuant to Chapters 939 & 955 of the Acts of Assembly of 2004: five elementary resource teachers per 1,000 students; one support and one instructional technology position per 1,000 students; a full daily planning period for teachers at the middle and high school levels in order to relieve the pressure on local real estate taxes and shall be taken into account by the governing body of the county, city, or town in setting real estate tax rates.

j. From the total amounts in paragraph h. above, an amount estimated at ~~\$117,200,000~~ \$117,500,000 the first year and ~~\$121,200,000~~ \$122,100,000 the second year (approximately 1/8 cent of sales and use tax) is appropriated in this Item to distribute the remainder of the revenues collected and deposited into the Public Education Standards of Quality/Local Real Estate Property Tax Relief Fund on the basis of the latest yearly estimate of school age population provided by the Weldon Cooper Center for Public Service as specified in this Item.

k. For the purposes of funding certain support positions in Basic Aid a funding ratio methodology is used based upon the prevailing ratio of support positions to SOQ funded instructional positions as established in Chapter 781, 2009 Acts of Assembly. For the purposes of making the required spending adjustments, the appropriation and distribution of Basic Aid shall reflect this methodology. Local school divisions shall have the discretion as to where the adjustment may be made, consistent with the Standards of Quality funded in this Act.

6. Education of the Gifted Payments

a. An additional payment shall be disbursed by the Department of Education to local school divisions to support the state share of one full-time equivalent instructional position per 1,000 students in adjusted March 31 ADM.

b. Local school divisions are required to spend, as part of the required local expenditure for the Standards of Quality the established per pupil cost for gifted education (state and local share) on approved programs for the gifted.

7. Occupational-Vocational Education Payments

a. An additional payment shall be disbursed by the Department of Education to the local school

divisions to support the state share of the number of Vocational Education instructors required by the Standards of Quality. These funds shall be disbursed on the same basis as the payment is calculated.

b. An amount estimated at \$107,592,002 the first year and \$107,779,695 the second year from the general fund included in Basic Aid Payments relates to vocational education programs in support of the Standards of Quality.

8. Special Education Payments

a. An additional payment shall be disbursed by the Department of Education to the local school divisions to support the state share of the number of Special Education instructors required by the Standards of Quality. These funds shall be disbursed on the same basis as the payment is calculated.

b. Out of the amounts for special education payments, general fund support is provided to fund the caseload standards for speech pathologists at 68 students for each year of the biennium.

9. Remedial Education Payments

a. An additional payment estimated at ~~\$85,231,165~~ \$85,106,596 the first year and ~~\$85,348,642~~ \$85,280,308 the second year from the general fund shall be disbursed by the Department of Education to support the Board of Education's Standards of Quality Prevention, Intervention, and Remediation program adopted in June 2003.

b. The payment shall be calculated based on one hour of additional instruction per day for identified students, using the three year average percent of students eligible for the federal Free Lunch program as a proxy for students needing such services. Fall membership shall be multiplied by the three year average division-level Free Lunch eligibility percentage to determine the estimated number of students eligible for services. Pupil-teacher ratios shall be applied to the estimated number of eligible students to determine the number of instructional positions needed for each school division. The pupil-teacher ratio applied for each school division shall range from 10:1 for those divisions with the most severe combined three year average failure rates for English and math Standards of Learning test scores to 18:1 for those divisions with the lowest combined three year average failure rates for English and math Standards of Learning test scores.

c. Funding shall be matched by the local government based on the composite index of local ability-to-pay.

d. To provide flexibility in the instruction of English Language Learners who have limited English proficiency and who are at risk of not meeting state accountability standards, school divisions may use state and local funds from the SOQ Prevention, Intervention, and Remediation account to employ additional English Language Learner teachers to provide instruction to identified limited English proficiency students. Using these funds in this manner is intended to supplement the instructional services provided through the SOQ staffing standard of 17 instructional positions per 1,000 limited English proficiency students. School divisions using the SOQ Prevention, Intervention, and Remediation funds in this manner shall only employ instructional personnel licensed by the Board of Education.

e. An additional state payment estimated at ~~\$78,811,642~~ \$78,734,853 the first year and ~~\$78,656,877~~ \$78,626,984 the second year from the Lottery Proceeds Fund shall be disbursed based on the estimated number of federal Free Lunch participants, in support of programs for students who are educationally at risk. The additional payment shall be based on the state share of:

1) A minimum one percent add-on, as a percent of the per pupil basic aid cost, for each child who qualifies for the federal Free Lunch Program; and

2) An addition to the add-on, based on the concentration of children qualifying for the federal Free Lunch Program. Based on its percentage of Free Lunch participants, each school division will receive between 1 and 12 percent in additional basic aid per Free Lunch participant. These funds shall be matched by the local government, based on the composite index of local ability-to-pay.

3a) Local school divisions are required to spend the established at-risk payment (state and local share) on approved programs for students who are educationally at risk.				
b) To receive these funds, each school division shall certify to the Department of Education that the state and local share of the at-risk payment will be used to support approved programs for students who are educationally at risk. These programs may include: Dropout Prevention, community and school-based truancy officer programs, Advancement Via Individual Determination (AVID), Project Discovery, Reading Recovery, programs for students who speak English as a second language, or programs related to increasing the success of disadvantaged students in completing a high school degree and providing opportunities to encourage further education and training. Further, any new funds a school division receives in excess of the amounts received in FY 2008 may be used first to provide data coordinators or to purchase similar services for schools that have not met Adequate Yearly Progress (AYP) under the federal No Child Left Behind Act or are not fully accredited under the Standards of Accreditation. The data coordinator position is intended to provide schools with needed support in the area of data analysis and interpretation for instructional purposes, as well as overall data management and the administration of state assessments. The position would primarily focus on data related to instruction and school improvement, including: student assessment, student attendance, student/teacher engagement, behavior referrals, suspensions, retention, and graduation rates.				
f. Regional Alternative Education Programs				
1) An additional state payment of \$7,812,845 \$7,802,104 the first year and \$7,805,134 \$8,061,000 the second year from the Lottery Proceeds Fund shall be disbursed for Regional Alternative Education programs. Such programs shall be for the purpose of educating certain expelled students and, as appropriate, students who have received suspensions from public schools and students returned to the community from the Department of Juvenile Justice.				
2) Each regional program shall have a small student/staff ratio. Such staff shall include, but not be limited to education, mental health, health, and law enforcement professionals, who will collaborate to provide for the academic, psychological, and social needs of the students. Each program shall be designed to ensure that students make the transition back into the "mainstream" within their local school division.				
3) a) Regional alternative education programs are funded through this Item based on the state's share of the incremental per pupil cost for providing such programs. This incremental per pupil payment shall be adjusted for the composite index of local ability-to-pay of the school division that counts such students attending such program in its March 31 Average Daily Membership. It is the intent of the General Assembly that this incremental per pupil amount be in addition to the basic aid per pupil funding provided to the affected school division for such students. Therefore, local school divisions are encouraged to provide the appropriate portion of the basic aid per pupil funding to the regional programs for students attending these programs, adjusted for costs incurred by the school division for transportation, administration, and any portion of the school day or school year that the student does not attend such program.				
b) In the event a school division does not use all of the student slots it is allocated under this program, the unused slots may be reallocated or transferred to another school division.				
1. A school division must request from the Department of Education the availability and possible use of any unused student slots. If any unused slots are available and if the requesting school division chooses to utilize any of the unused slots, the requesting school division shall only receive the state's share of tuition for the unused slot that was allocated in this Item for the originally designated school division.				
2. However, no requesting school division shall receive more tuition funding from the state for any requested unused slot than what would have been the calculated amount for the requesting school division had the unused slot been allocated to the requesting school division in the original budget. Furthermore, the requesting school division shall pay for any remaining tuition payment necessary for using a previously unused slot.				
3. The Department of Education shall provide assistance for the state share of the incremental cost of Regional Alternative Education program operations based on the composite index of local ability-to-pay.

g. Remedial Summer School

1) This appropriation includes ~~\$22,343,995~~ \$15,329,431 the first year and ~~\$23,148,237~~ \$23,435,017 the second year from the general fund and \$6,433,605 the first year from the Lottery Proceeds Fund for the state's share of Remedial Summer School Programs. These funds are available to school divisions for the operation of programs designed to remediate students who are required to attend such programs during a summer school session or during an intersession in the case of year-round schools. These funds may be used in conjunction with other sources of state funding for remediation or intervention. School divisions shall have maximum flexibility with respect to the use of these funds and the types of remediation programs offered; however, in exercising this flexibility, students attending these programs shall not be charged tuition and no high school credit may be awarded to students who participate in this program.

2) For school divisions charging students tuition for summer high school credit courses, consideration shall be given to students from households with extenuating financial circumstances who are repeating a class in order to graduate.

10. K-3 Primary Class Size Reduction Payments

a. An additional payment estimated at ~~\$105,054,875~~ \$102,671,654 the first year and ~~\$105,175,012~~ \$106,431,479 the second year from the Lottery Proceeds Fund shall be disbursed by the Department of Education as an incentive for reducing class sizes in the primary grades.

b. The Department of Education shall calculate the payment based on the incremental cost of providing the lower class sizes based on the lower of the division average per pupil cost of all divisions or the actual division per pupil cost.

c. Localities are required to provide a match for these funds based on the composite index of local ability-to-pay.

d. By October 15 of each year school divisions must provide data to the Department of Education that each participating school has a September 30 pupil/teacher ratio in grades K through 3 that meet the following criteria:

**Qualifying School Percentage of Students
Approved**

Eligible for Free Lunch	Grades K-3 School Ratio	Maximum Individual K-3 Class Size
30% but less than 45%	19 to 1	24
45% but less than 55%	18 to 1	23
55% but less than 65%	17 to 1	22
65% but less than 70%	16 to 1	21
70% but less than 75%	15 to 1	20
75% or more	14 to 1	19

e. School divisions may elect to have eligible schools participate at a higher ratio, or only in a portion of grades kindergarten through three, with a commensurate reduction of state and required local funds, if local conditions do not permit participation at the established ratio and/or maximum individual class size. *In the event that a school division requires additional actions to ensure participation at the established ratio and/or maximum individual class size, such actions must be completed by December 1 of the impacted school year.* Special education teachers and instructional aides shall not be counted towards meeting these required pupil/teacher ratios in grades kindergarten through three.

f. The Superintendent of Public Instruction may grant waivers to school divisions for the class size requirement in eligible schools that have only one class in an affected grade level in the school.

g. It is the intent of the General Assembly that for the first and second year only, school divisions may have the flexibility to be considered to meet the requirements of this program if the ratio for each school is no more than three students higher than those otherwise required for this program.

11. Literary Fund Subsidy Program Payments

a. The Board of Education and the Virginia Public School Authority (VPSA) shall provide a program of funding for school construction and renovation through the Literary Fund and through VPSA bond sales. The program shall be used to provide funds, through Literary Fund loans and subsidies, and through VPSA bond sales, to fund a portion of the projects on the First or Second Literary Fund Waiting List, or other critical projects which may receive priority placement on the First or Second Literary Fund Waiting List by the Board of Education.

Interest rate subsidies will provide school divisions with the present value difference in debt service between a Literary Fund loan and a borrowing through the VPSA. To qualify for an interest rate subsidy, the school division's project must be eligible for a Literary Fund loan and shall be subject to the same restrictions. The VPSA shall work with the Board of Education in selecting those projects to be funded through the interest rate subsidy/bond financing program, so as to ensure the maximum leverage of Literary Fund moneys and a minimum impact on the VPSA Bond Pool.

b. The Board of Education may offer Literary Fund loans from the uncommitted balances of the Literary Fund after meeting the obligations of the interest rate subsidy sales and the amounts set aside from the Literary Fund for Debt Service Payments for Education Technology in this Item.

c. 1) In the event that on any scheduled payment date of bonds of the Virginia Public School Authority (VPSA) authorized under the provisions of a bond resolution adopted subsequent to June 30, 1997, issued subsequent to June 30, 1997, and not benefiting from the provisions of either § 22.1-168 (iii), (iv), and (v), Code of Virginia, or § 22.1-168.1, Code of Virginia, the sum of (i) the payments on general obligation school bonds of cities, counties, and towns (localities) paid to the VPSA and (ii) the proceeds derived from the application of the provisions of § 15.2-2659, Code of Virginia, to such bonds of localities, is less than the debt service due on such bonds of the VPSA on such date, there is hereby appropriated to the VPSA, first, from available moneys of the Literary Fund and, second, from the general fund a sum equal to such deficiency.

2) The Commonwealth shall be subrogated to the VPSA to the extent of any such appropriation paid to the VPSA and shall be entitled to enforce the VPSA's remedies with respect to the defaulting locality and to full recovery of the amount of such deficiency, together with interest at the rate of the defaulting locality's bonds.

d. The chairman of the Board of Commissioners of the VPSA shall, on or before November 1 of each year, make and deliver to the Governor and the Secretary of Finance a certificate setting forth his estimate of total debt service during each fiscal year of the biennium on bonds of the VPSA issued and projected to be issued during such biennium pursuant to the bond resolution referred to in paragraph a above. The Governor's budget submission each year shall include provisions for the payment of debt service pursuant to paragraph 1) above.

12. Educational Technology Payments

fully accredited in accordance with this paragraph. Schools that administer SOL tests in Spring 2012 and that are not fully accredited based on school accreditation ratings in effect for FY 2013 will qualify for a supplemental grant of \$26,000 per school in fiscal years 2013, 2014, year 2013, and 2015.— Schools that administer SOL tests in Spring 2013 and that are not fully accredited based on school accreditation ratings in effect for FY 2014 will qualify for a supplemental grant of \$26,000 per school in fiscal years 2014, 2015, and 2016.— Schools eligible to receive these three-year supplemental grants shall only receive them one time. Schools that are fully accredited or that are new schools with conditional accreditation in their first year shall not be eligible to receive this supplemental grant. Schools that qualify for three-year supplemental grants that close prior to completion of the three-year grant period shall no longer receive supplemental grant funding. Schools that administer SOL tests in Spring 2013 and that are not fully accredited based on school accreditation ratings in effect for FY 2014 will qualify to participate in the Virginia e-Learning Backpack Initiative in FY 2014 and receive: (1) a supplemental grant of \$400 per student reported in ninth grade fall membership in a qualifying school for the purchase of a tablet computer device for that student and (2) a supplemental grant of \$2,400 per qualifying school to purchase two content creation packages for teachers. Schools eligible to receive this supplemental grant in FY 2014 shall continue to receive the grant for the number of subsequent years equaling the number of grades 9 through 12 in the qualifying school up to a maximum of four years. Schools eligible to receive these grants for a period of up to four years beginning in FY 2014 shall not be eligible to receive a separate award in the future once the original award period has concluded. Schools that are fully accredited or that are new schools with conditional accreditation in their first year shall not be eligible to receive this supplemental grant.

6) Required local match:

a) Localities are required to provide a match for these funds equal to 20 percent of the grant amount, including the supplemental grants provided pursuant to paragraph g. 5). At least 25 percent of the local match shall be used for teacher training in the use of instructional technology. The Superintendent of Public Instruction is authorized to reduce the required local match for school divisions with a composite index of local ability-to-pay below 0.2000. The Virginia School for the Deaf and the Blind is exempt from the match requirement.

b) School divisions that administer 100 percent of SOL tests online in all elementary, middle, and high schools may use up to 75 percent of their required local match to purchase targeted technology-based interventions. Such interventions may include the necessary technology and software to support online learning, technology-based content systems, content management systems, technology equipment systems, information and data management systems, and other appropriate technologies that support the individual needs of learners. School divisions that receive supplemental grants in the first year of \$26,000 per school pursuant to paragraph g. 5) and where 100 percent of SOL tests are administered online in the schools receiving the supplemental grants shall give first priority to purchasing these technology-based interventions as well as teacher training in the use of the interventions from their required local match. School divisions that receive supplemental grants in the second year pursuant to paragraph g.5) above shall use the funds in qualifying schools to purchase tablet computer devices for ninth grade students reported in fall membership and content creation packages for teachers.

7) The goal of the education technology grant program is to improve the instructional, remedial, and testing capabilities of the Standards of Learning for local school divisions and to increase the number of schools achieving full accreditation.

8) Funds shall be used in the following manner:

a) Each division shall use funds to reach a goal, in each high school, of: (1) a 5-to-1 student to computer ratio; (2) an Internet-ready local area network (LAN) capability; and (3) high speed access to the Internet. School connectivity (computers, LANs and network access) shall include sufficient download/upload capability to ensure that each student will have adequate access to Internet-based instructional, remedial and assessment programs.

b) When each high school in a division meets the goals established in paragraph a) above, the remaining funds shall be used to develop similar capability in first the middle schools and then the elementary schools.

c) For purposes of establishing or enhancing a computer-based instructional program supporting

the Standards of Learning pursuant to paragraph g. 1) above, these grant funds may be used to purchase handheld multifunctional computing devices that support a broad range of applications and that are controlled by operating systems providing full multimedia support and mobile Internet connectivity. School divisions that elect to use these grant funds to purchase such qualifying handheld devices must continue to meet the on-line testing requirements stated in paragraph g. 1) above.

d) School divisions shall be eligible to apply for and receive supplemental grants of \$26,000 per qualifying school *in the first year* pursuant to paragraph g. 5). These supplemental grants shall be used first for the purpose of developing and maintaining capacity to support 100 percent online SOL testing of all students in qualifying schools and helping the schools achieve full accreditation with the assistance of targeted technology-based interventions. Any purchase of technology-based interventions as described in paragraph g. 6) b) with supplemental grant funds must be qualifying expenses under the technology notes program. Eligibility for these funds requires divisions to submit an application and plan that includes goals, objectives, strategies, and a timeline for implementation. Division plans will be reviewed and approved by the Superintendent of Public Instruction prior to disbursement of the supplemental grant funds.

e) School divisions shall be eligible to receive supplemental grants in the second year pursuant to paragraph g.5) above. These supplemental grants shall be used in qualifying schools for the purchase of tablet computer devices for ninth grade students reported in fall membership and content creation packages for teachers. Participating school divisions will be required to select a core set of electronic textbooks, applications and online services for productivity, learning management, collaboration, practice, and assessment to be included on all devices. In addition, participating school divisions will assume recurring costs for electronic textbook purchases and maintenance.

e) f) Pursuant to § 15.2-1302, Code of Virginia, and in the event that two or more school divisions became one school division, whether by consolidation of only the school divisions or by consolidation of the local governments, such resulting division shall be provided funding through this program on the basis of having the same number of school divisions as existed prior to September 30, 2000.

9) Local school divisions shall maximize the use of available federal funds, including E-Rate Funds, and to the extent possible, use such funds to supplement the program and meet the goals of this program.

h. The Department of Education shall maintain criteria to determine if high schools, middle schools, or elementary schools have the capacity to meet the goals of this initiative. The Department of Education shall be responsible for the project management of this program.

i.1) In the event that, on any scheduled payment date of bonds or notes of the Virginia Public School Authority (VPSA) issued for the purpose described in § 22.1-166.2, Code of Virginia, and not benefiting from the provisions of either § 22.1-168 (iii), (iv) and (v), Code of Virginia, or § 22.1-168.1, Code of Virginia, the available moneys in the Literary Fund are less than the amounts authorized for debt service due on such bonds or notes of the VPSA on such date, there is hereby appropriated to the VPSA from the general fund a sum equal to such deficiency.

2) The Chairman of the Board of Commissioners of the VPSA shall, on or before November 1 of each year, make and deliver to the Governor and the Secretary of Finance a certificate setting forth his estimate of total debt service during each fiscal year of the biennium on bonds and notes of the VPSA issued and projected to be issued during such biennium pursuant to the resolution referred to in paragraph 1) above. The Governor's budget submission each year shall include provisions for the payment of debt service pursuant to paragraph 1) above.

j. Unspent proceeds of the notes, including investment income derived from the proceeds of the notes may be used to pay interest on, or to decrease principal of the notes.

k.1) For the purposes of § 56-232, Code of Virginia, "Contracts of Telephone Companies with State Government" and for the purposes of § 56-234 "Contracts for Service Rendered by a Telephone Company for the State Government" shall be deemed to include communications lines into public schools which are used for educational technology. The rate structure for such lines shall be negotiated by the Superintendent of Public Instruction and the Chief Information

Officer of the Virginia Information Technologies Agency. Further, the Superintendent and Director are authorized to encourage the development of "by-pass" infrastructure in localities where it fails to obtain competitive prices or prices consistent with the best rates obtained in other parts of the state.

2) The State Corporation Commission, in its consideration of the discount for services provided to elementary schools, secondary schools, and libraries and the universal service funding mechanisms as provided under § 254 of the Telecommunications Act of 1996, is hereby encouraged to make the discounts for intrastate services provided to elementary schools, secondary schools, and libraries for educational purposes as large as is prudently possible and to fund such discounts through the universal fund as provided in § 254 of the Telecommunications Act of 1996. The commission shall proceed as expeditiously as possible in implementing these discounts and the funding mechanism for intrastate services, consistent with the rules of the Federal Communications Commission aimed at the preservation and advancement of universal service.

13. Security Equipment Payments

1) A security equipment grant program shall be conducted through the Virginia Public School Authority, through the issuance of equipment notes in an amount estimated at up to \$6,000,000 in fiscal year 2013 and \$6,000,000 in fiscal year 2014 in conjunction with the Virginia Public School Authority technology notes program authorized in 139.C.12. above. Proceeds of the notes will be used to help offset the related costs associated with the purchase of appropriate security equipment that will improve and help ensure the safety of students attending public schools in Virginia.

2) The Board of Education shall authorize amounts estimated at \$1,300,000 the second year from the Literary Fund to provide debt service payments for the security equipment grant program conducted through the Virginia Public School Authority in fiscal year 2013.

3) It is the intent of the General Assembly to authorize sufficient Literary Fund revenues to pay debt service on the Virginia Public School Authority bonds or notes authorized for this program. In developing the proposed 2014-16, 2016-2018, and 2018-2020 biennial budgets for public education, the Board of Education shall include a recommendation to the Governor to authorize sufficient Literary Fund revenues to make debt service payments for these programs in fiscal years 2015, 2016, 2017, 2018, and 2019.

4) In the event that, on any scheduled payment date of bonds or notes of the Virginia Public School Authority issued for the purpose described in § 22.1-166.2, Code of Virginia, and not benefiting from the provisions of either § 22.1-168 (iii), (iv) and (v), Code of Virginia, or § 22.1-168.1, Code of Virginia, the available moneys in the Literary Fund are less than the amounts authorized for debt service due on such bonds or notes on such date, there is hereby appropriated to the Virginia Public School Authority from the general fund a sum equal to such deficiency.

5) The Chairman of the Board of Commissioners of the Virginia Public School Authority shall, on or before November 1 of each year, deliver to the Governor and the Secretary of Finance a certificate setting forth his estimate of total debt service during each fiscal year of the biennium on bonds and notes issued and projected to be issued during such biennium. The Governor's budget submission each year shall include provisions for the payment of debt service pursuant to paragraph 1) above.

6) Grant award funds from the issuance of up to \$6,000,000 in fiscal year 2013 and \$6,000,000 in fiscal year 2014 in equipment notes shall be distributed to eligible school divisions. The grant awards will be based on a competitive grant basis of up to \$100,000 per school division. School divisions will be permitted to apply annually for grant funding. For purposes of this program, eligible schools shall include schools that are subject to state accreditation and reporting membership in grades K through 12 as of September 30, 2012, for the fiscal year 2013 issuance, and September 30, 2013, for the fiscal year 2014 issuance, as well as regional vocational centers, special education centers, alternative education centers, regular school year Governor's Schools, and the Virginia School for the Deaf and the Blind.

7) School divisions would submit their application to Department of Education by August 1 of each year based on the criteria developed by the Department of Education in collaboration

with the Department of Criminal Justice Services who will provide requested technical support. Furthermore, the Department of Education will have the authority to make such grant awards to such school divisions.

8) It is also the intent of the General Assembly that the total amount of the grant awards shall not exceed \$30,000,000 over any ongoing revolving five year period.

9) Required local match:

a) Localities are required to provide a match for these funds equal to 25 percent of the grant amount. The Superintendent of Public Instruction is authorized to reduce the required local match for school divisions with a composite index of local ability-to-pay below 0.2000. The Virginia School for the Deaf and the Blind is exempt from the match requirement.

b) Pursuant to § 15.2-1302, Code of Virginia, and in the event that two or more school divisions became one school division, whether by consolidation of only the school divisions or by consolidation of the local governments, such resulting division shall be provided funding through this program on the basis of having the same number of school divisions as existed prior to September 30, 2012.

c) Local school divisions shall maximize the use of available federal funds, including E-Rate Funds, and to the extent possible, use such funds to supplement the program and meet the goals of this program.

~~13.~~ 14. Virginia Preschool Initiative Payments

a.1) It is the intent of the General Assembly that a payment estimated at ~~\$68,169,246~~ \$64,953,097 the first year and ~~\$68,509,739~~ \$68,569,714 the second year from the Lottery Proceeds Fund shall be disbursed by the Department of Education to schools and community-based organizations to provide quality preschool programs for at-risk four-year-olds unserved by Head Start program funding. In no event shall distributions from the Lottery Proceeds Fund be made directly to community-based or private providers.

2) These state funds and required local matching funds shall be used to provide programs for at-risk four-year-old children, which include quality preschool education, health services, social services, parental involvement and transportation. It shall be the policy of the Commonwealth that state funds and required local matching funds for the Virginia Preschool Initiative not be used for capital outlay. Programs must provide full-day or half-day and, at least, school-year services.

3) The Department of Education, in cooperation with the Council on Child Day Care and Early Childhood Programs, shall establish academic standards that are in accordance with appropriate preparation for students to be ready to successfully enter kindergarten. These standards shall be established in such a manner as to be measurable for student achievement and success. Students shall be required to be evaluated in the fall and in the spring by each participating school division and the school divisions must certify that the Virginia Preschool Initiative program follows the established standards in order to receive the funding for quality preschool education and criteria for the service components. Such guidelines shall be consistent with the findings of the November 1993 study by the Board of Education, the Department of Education, and the Council on Child Day Care and Early Childhood Programs.

4)a) Grants shall be distributed based on an allocation formula providing the state share of a \$6,000 grant for 100 percent of the unserved at-risk four-year-olds in each locality for a full-day program. The number of unserved at-risk four-year-olds in each locality shall be based on the projected number of kindergarten students, updated once each biennium for the Governor's introduced biennial budget. For FY 2013 and FY 2014 only, the number of slots funded in each school division shall be the higher of the calculated slots based on projected kindergarten enrollments or the lesser of either the calculated slots using projections of four-year-olds from the Virginia Employment Commission or the actual number of slots utilized in FY 2012. Programs operating half-day shall receive state funds based on a fractional basis determined by the pro-rata portion of a full-day, school year program provided. Half-day programs shall operate for a minimum of three hours of classroom instructional time per day, excluding breaks for lunch or recess, and grants to half-day programs shall be funded based on the state share of \$3,000 per unserved at-risk four-year-old in each locality. Full-day

ITEM 139.	Item Details(\$)		Appropriations(\$)	
	First Year FY2013	Second Year FY2014	First Year FY2013	Second Year FY2014

programs shall operate for a minimum of five and one-half instructional hours, excluding breaks for meals and recess. No additional state funding is provided for programs operating greater than three hours per day but less than five and one-half hours per day. In determining the state and local shares of funding, the composite index of local ability-to-pay is capped at 0.5000.

b) For new programs in the first year of implementation only, programs operating less than a full school year shall receive state funds on a fractional basis determined by the pro-rata portion of a school year program provided. In determining the prorated state funds to be received, a school year shall be 180 days.

b.1) Any locality which desires to participate in this grant program must submit a proposal through its chief administrator (county administrator or city manager) by ~~May~~ June 15 of each year. The chief administrator, in conjunction with the school superintendent, shall identify a lead agency for this program within the locality. The lead agency shall be responsible for developing a local plan for the delivery of quality preschool services to at-risk children which demonstrates the coordination of resources and the combination of funding streams in an effort to serve the greatest number of at-risk four-year-old children.

2) The proposal must demonstrate coordination with all parties necessary for the successful delivery of comprehensive services, including the schools, child care providers, local social services agency, Head Start, local health department, and other groups identified by the lead agency.

3) A local match, based on the composite index of local ability-to-pay, shall be required. For purposes of meeting the local match, localities may use local expenditures for existing qualifying programs, however, at least seventy-five percent of the local match will be cash and no more than twenty-five percent will be in-kind. In-kind contributions are defined as cash outlays that are made by the locality that benefit the program but are not directly charged to the program. The value of fixed assets cannot be considered as an in-kind contribution. Localities shall also continue to pursue and coordinate other funding sources, including child care subsidies. Funds received through this program must be used to supplement, not supplant, any funds currently provided for programs within the locality. However, in the event a locality is prohibited from continuing the previous level of support to programs for at-risk four-year-olds from Title I of the federal Elementary and Secondary Education Act (ESEA), the state and local funds provided in this grants program may be used to continue services to these Title I students. Such prohibition may occur due to amendments to the allocation formula in the reauthorization of ESEA as the No Child Left Behind Act of 2001 or due to a percentage reduction in a locality's Title I allocation in 2001-2002 or 2002-2003. Any locality so affected shall provide written evidence to the Superintendent of Public Instruction and request his approval to continue the services to Title I students.

c. Local plans must provide clear methods of service coordination for the purpose of reducing the per child cost for the service, increasing the number of at-risk children served and/or extending services for the entire year. Examples of these include:

1) "Wraparound Services" — methods for combining funds such as child care subsidy dollars administered by local social service agencies with dollars for quality preschool education programs.

2) "Wrap-out Services" - methods for using grant funds to purchase quality preschool services to at-risk four-year-old children through an existing child care setting by purchasing comprehensive services within a setting which currently provides quality preschool education.

3) "Expansion of Service" - methods for using grant funds to purchase slots within existing programs, such as Head Start, which provide comprehensive services to at-risk four-year-old children.

Local plans must indicate the number of at-risk four-year-old children to be served, and the criteria by which they will be determined to be at risk.

d.1) The Department of Education and the Council on Child Day Care and Early Childhood Programs shall provide technical assistance for the administration of this grant program to provide assistance to localities in developing a comprehensive, coordinated, quality preschool

ITEM 139.	Item Details(\$)		Appropriations(\$)	
	First Year FY2013	Second Year FY2014	First Year FY2013	Second Year FY2014

program for serving at-risk four-year-old children.

2) A pre-application session shall be provided by the Department and the Council on Child Day Care and Early Childhood Programs prior to the proposal deadline. The Department shall provide interested localities with information on models for service delivery, methods of coordinating funding streams, such as funds to match federal IV-A child care dollars, to maximize funding without supplanting existing sources of funding for the provision of services to at-risk four-year-old children. A priority for technical assistance in the design of programs shall be given to localities where the majority of the at-risk four-year-old population is currently unserved.

e. The Department of Education is authorized to expend unobligated balances in this program's adopted budget allocations for grants to qualifying school divisions for one-time expenses, other than capital, related to start-up or expansion of programs.

44. 15. Early Reading Intervention Payments

a. An additional payment of ~~\$18,309,597~~ \$15,332,606 the first year and ~~\$18,379,414~~ \$14,972,241 the second year from the Lottery Proceeds Fund shall be disbursed by the Department of Education to local school divisions for the purposes of providing early reading intervention services to students in grades kindergarten through 3 who demonstrate deficiencies based on their individual performance on diagnostic tests which have been approved by the Department of Education. The Department of Education shall review the tests of any local school board which requests authority to use a test other than the state-provided test to ensure that such local test uses criteria for the early diagnosis of reading deficiencies which are similar to those criteria used in the state-provided test. The Department of Education shall make the state-provided diagnostic test used in this program available to local school divisions. School divisions shall report the results of the diagnostic tests to the Department of Education on an annual basis at a time to be determined by the Superintendent of Public Instruction.

b. These payments shall be based on the state's share of the cost of providing two and one-half hours of additional instruction each week for an estimated number of students in each school division at a student to teacher ratio of five to one. The estimated number of students in each school division in each year shall be determined by multiplying the projected number of students reported in each school division's fall membership in grades kindergarten, 1, 2, and 3 by the percent of students who are determined to need services based on diagnostic tests administered in the previous year in that school division and adjusted in the following manner:

	Year 1	Year 2
Kindergarten	100%	100%
Grade 1	100%	100%
Grade 2	100%	100%
Grade 3	100%	100%

c. These payments are available to any school division that certifies to the Department of Education that an intervention program will be offered to such students and that each student who receives an intervention will be assessed again at the end of that school year. At the beginning of the school year, local school divisions shall partner with the parents of those third grade students in the division who demonstrate reading deficiencies, discussing with them a developed plan for remediation and retesting. Such intervention programs, at the discretion of the local school division, may include, but not be limited to, the use of: special reading teachers; trained aides; volunteer tutors under the supervision of a certified teacher; computer-based reading tutorial programs; aides to instruct in-class groups while the teacher provides direct instruction to the students who need extra assistance; or extended instructional time in the school day or year for these students. Localities receiving these payments are required to match these funds based on the composite index of local ability-to-pay.

d. In the event that a school division does not use the diagnostic test provided by the Department of Education in the year that serves as the basis for updating the funding formula for this program but has used it in past years, the Department of Education shall use the most recent data available for the division for the state-provided diagnostic test.

e. The results of all reading diagnostic tests and reading remediation shall be discussed with the student and the student's parent prior to the student being promoted to grade four.

f. Funds appropriated for Standards of Quality Prevention, Intervention, and Remediation, Remedial Summer School, or At-Risk Add-On may also be used to meet the requirements of this program.

~~15-~~ 16. Standards of Learning Algebra Readiness Payments

a. An additional payment of ~~\$11,261,046~~ *\$11,173,155* the first year and ~~\$11,278,855~~ *\$11,352,196* the second year from the Lottery Proceeds Fund shall be disbursed by the Department of Education to local school divisions for the purposes of providing math intervention services to students in grades 6, 7, 8 and 9 who are at-risk of failing the Algebra I end-of-course test, as demonstrated by their individual performance on diagnostic tests which have been approved by the Department of Education. The Department of Education shall review the tests to ensure that such local test uses state-provided criteria for diagnosis of math deficiencies which are similar to those criteria used in the state-provided test. The Department of Education shall make the state-provided diagnostic test used in this program available to local school divisions. School divisions shall report the results of the diagnostic tests to the Department of Education on an annual basis at a time to be determined by the Superintendent of Public Instruction.

b. These efforts may include, but are not limited to, reducing the per meal price paid by students, reducing competitive food sales in order to improve the quality of nutritional offerings in schools, increasing access to the school breakfast program, or providing programs to increase parent and student knowledge of good nutritional practices. Funded SOQ instructional positions shall include the teacher, guidance counselor, librarian, instructional aide, principal, and assistant principal positions funded through the SOQ staffing standards for each school division in the biennium.

2) It is the intent of the General Assembly that the instructional and support position salaries be improved in school divisions throughout the state by at least 2.0 percent in the second year. Sufficient funds are appropriated in this act to finance, on a statewide basis, the state share of a 2.0 percent salary increase for funded SOQ instructional and support positions, effective August 1, 2013, to school divisions which certify to the Department of Education, by June 15, 2013, that salary increases of a minimum of 2.0 percent have been provided in the second year by January 1, 2014, to instructional and support personnel. In certifying that the salary increases have been provided, school divisions may not include any salary increases that were provided in the second year solely to offset the cost of required member contributions to the Virginia Retirement System under § 51.1-144, Code of Virginia.

3) It is the intent of the General Assembly that all school divisions annually provide their employees, upon request, with a user-friendly statement of total compensation, including contract duration if less than 12 months.

b. The state funds for which the division is eligible to receive shall be matched by the local government, based on the composite index of local ability-to-pay, which shall be calculated using an effective date of January 1, 2014, as the basis for the local match requirement for both funded SOQ instructional and support positions.

c. This funding is not intended as a mandate to increase salaries.

d. This appropriation is contingent on passage of House Bill 2151/ Senate Bill 1223, which passed the 2013 Session of the General Assembly.

e. The Governor is hereby authorized to allocate a sum of up to \$70,164,391 from this appropriation to the extent necessary to offset any downward revisions of the general fund revenue estimate prepared for fiscal years 2013 and 2014 after the enactment by the General Assembly of the 2012 Appropriation Act. If the general fund revenue estimates prepared subsequent to the 2012 General Assembly Session do not result in downward revisions and, if within five days of the preliminary close of the fiscal year ending on June 30, 2013, the Comptroller's analysis does not determine that a revenue re-forecast is required pursuant to § 2.2-1503.3, Code of Virginia, then such appropriation shall be used in the manner stated in paragraphs C.36.a.1) and 2), C.36.b.1) and 2), C.36.c., and C.36.d.1) and 2) and 3) above.

38. Strategic Compensation Grants Initiative

ITEM 139.	Item Details(\$)		Appropriations(\$)	
	First Year FY2013	Second Year FY2014	First Year FY2013	Second Year FY2014

a. Out of this appropriation, \$7,500,000 the second year from the general fund is provided to support implementation of the Strategic Compensation Grants (SCG) Initiative. This program will award competitive grants to school divisions for the design and implementation of compensation systems for teachers that provide incentives that are tailored to each participating school division's strategic goals and objectives. School divisions may expend up to five percent of the awarded grant funds for the design and implementation of compensation systems or for the administration of the program.

b. Any locality which desires to apply for this grant program must submit a proposal to the Department of Education by July 15, 2013. The proposal must designate the groups or types of teachers targeted for incentives in the compensation system. Incentives may focus on all teachers where quantitative student achievement data are available or specific groups of teachers within a division or school. These proposals may include, but are not limited to, the following incentives: 1) rewarding teachers who help students make significant academic progress; 2) rewarding teachers who seek opportunities to assist in the leadership needs of the school division, such as serving as instructional coaches or professional developers; 3) providing pay incentives for effective teachers with needed expertise who are willing to transfer to hard-to-staff or low-performing schools; 4) providing incentives for team performance in schools that achieve student learning goals; or 5) rewarding effective teachers who are assigned to teach critical shortage areas, such as mathematics and special education.

c. In order to be eligible to receive a strategic compensation grant, a school division's proposal must meet the following criteria: 1) stakeholder involvement in the development and implementation of the strategic compensation model at the school division; 2) teachers in the initiative must be evaluated using an effective evaluation system with quality measure systems, consistent with the Board of Education's evaluation standards and criteria, including a weight of 40 percent on student academic progress for the summative evaluation; 3) a significant component of the model for awarding incentives must include measureable and appropriate achievement goals for student academic progress; and 4) professional development must be an integral component of the model, including how a teacher will be supported to develop a school culture of teaching and learning, to improve instruction, and to increase student achievement. The Department of Education may also consider the geographic distribution of school divisions and the percentage of students attending hard-to-staff schools in making the competitive grant awards.

d. In order to be eligible to receive an award from the incentive program administered by the local school division and supported by the state SCG initiative, a teacher must meet the following eligibility criteria as well as other requirements established by the school division to receive incentives: 1) the teacher must be licensed to teach in Virginia and endorsed in the subject or grade level of the assignment; 2) in the case of federal core areas, the teacher must be highly qualified; 3) the teacher must be employed under a teacher contract (substitute teachers, hourly employees, or teacher aides are not eligible for an award); 4) the teacher must be employed by the local school board and provide or support direct instruction; and 5) the teacher receiving the award must be rated as successful, which shall be defined as "proficient or above" in performance evaluation ratings.

e. Any incentive for teachers included in a compensation system developed and implemented by a local school division must meet the following criteria: 1) designate incentive payments as a range or tiers for target groups, such as differentiating between the teacher of record or teachers in support positions; 2) have a maximum payment to a teacher of \$5,000 per year; 3) prorate payments for teachers who have taught for less than a full school year; and 4) performance evaluations for participating teachers must be completed in a timeline that provides sufficient time to distribute incentive funds to teachers and submit reimbursement requests to the Department of Education no later than June 1, 2014.

39. Reading Specialists Initiative

a. An additional payment of \$1,430,868 the second year from the general fund shall be disbursed by the Department of Education to qualifying local school divisions for the purpose of providing a reading specialist for any school with a third grade that has a school-wide pass rate of less than 75 percent on the reading Standards of Learning (SOL) assessments.

b. These payments shall be based on the state's share of the cost of providing one reading specialist per qualifying school based on the 2011-2012 SOL pass rates for reading.

Authority: §§ 16.1-233 through 16.1-238, 16.1-274, 16.1-322.1 and 66-14, Code of Virginia.

A. From July 1, 2012 to June 30, 2014, the Board of Juvenile Justice shall not approve or commit additional funds for the state share of the cost of construction, enlargement or renovation of local or regional detention centers, group homes or related facilities. The board may grant exceptions only to address emergency maintenance projects needed to resolve immediate life safety issues. For such emergency projects, approval by both the Board of Juvenile Justice and the Secretary of Public Safety is required. Any emergency projects must also comply with Board of Juvenile Justice standards.

B. Each emergency resolution adopted by the Board of Juvenile Justice approving reimbursement of the state share of the cost of construction, maintenance, or operation of local or regional detention centers, group homes, or related facilities or programs shall include a statement noting that such approval is subject to the availability of funds and approval by the General Assembly at its next regular session.

C. The Department of Juvenile Justice shall reimburse localities, pursuant to § 66-15, Code of Virginia, at the rate of \$50 per day for housing juveniles who have been committed to the department, for each day after the department has received a valid commitment order and other pertinent information as required by § 16.1-287, Code of Virginia.

D. Notwithstanding the provisions of §16.1-322.1 of the Code of Virginia, the department shall apportion to localities the amounts appropriated in this Item.

E.1. The appropriation for Financial Assistance for Community Based Alternative Treatment Services includes \$10,379,926 the first year and \$10,379,926 the second year from the general fund for the implementation of the financial assistance provisions of the Juvenile Community Crime Control Act (VJCCCA), §§ 16.1-309.2 through 16.1-309.10, Code of Virginia.

Notwithstanding § 16.1-309.6, Code of Virginia, localities participating in this program and contributing through their local match an amount of local funds which is greater than they receive from the Commonwealth under this program are authorized, but not required, to provide a contribution greater than the state general fund contribution. In no case shall their local match be less than their state share.

2. Notwithstanding the provisions of §§ 16.1-309.2 through 16.1-309.10, Code of Virginia, the Board of Juvenile Justice shall establish guidelines for use in determining the types of programs for which VJCCCA funding may be expended. The department shall establish a format to receive biennial or annual requests for funding from localities, based on these guidelines. For each program requested, the plan shall document the need for the program, goals, and measurable objectives, and a budget for the proposed expenditure of these funds and any other resources to be committed by localities.

3.a. Notwithstanding the provisions of § 16.1-309.7 B, Code of Virginia, unobligated VJCCCA funds must be returned to the department by each grantee locality no later than October 1 of the fiscal year following the fiscal year in which they were received, or a similar amount may be withheld from the current fiscal year's periodic payments designated by the department for that locality. The Director, Department of Planning and Budget, may increase the general fund appropriation for this Item up to the amount of unobligated VJCCCA funds returned to the Department of Juvenile Justice.

b. All such unobligated and reappropriated balances shall be used by the department for the purpose of awarding short-term supplementary grants to localities, for programs and services

which have been demonstrated to improve outcomes, including reduced recidivism, of juvenile offenders. Such programs and services must augment and support current VJCCCA-funded programs within each affected locality. The grantee locality shall submit an outcomes report to the department, in accord with a written memorandum of agreement which shall accompany the supplementary grant award. This provision shall apply to funds obligated to and in the possession of the department and its grant recipients. The entity which returns unobligated funds under this provision shall not have a presumptive entitlement to a supplementary grant.

c. The Department of Juvenile Justice, with the assistance of the Department of Correctional Education, the Department of Corrections, the Virginia Council on Juvenile Detention, juvenile court service unit directors, juvenile and domestic relations district court judges, and juvenile justice advocacy groups, shall provide a report on the types of programs supported by the Juvenile Community Crime Control Act and whether the youth participating in such programs are statistically less likely to be arrested, adjudicated or convicted, or incarcerated for either misdemeanors or crimes that would otherwise be considered felonies if committed by an adult.

F. The department shall consolidate the annual reporting requirements in §§ 2.2-222 and 66-13 and in Chapters 755 and 914 of the 1996 Acts of the General Assembly concerning juvenile offender demographics. The consolidated annual report shall address the progress of Virginia Juvenile Community Crime Control Act programs including the requirements in Article 12.1 of Chapter 11 of Title 16.1 (§ 16.1-309.2 et seq.) relating to the number of juveniles served, the average cost for residential and nonresidential services, the number of employees, and descriptions of the contracts entered into by localities. Notwithstanding any other provisions of the Code of Virginia, the consolidated report shall be submitted to the Governor, the General Assembly, the Chairmen of the House Appropriations and Senate Finance Committees, the Secretary of Public Safety, and the Department of Planning and Budget by the first day of the regular General Assembly session.

G. The Department of Juvenile Justice shall review current practices in the post-dispositional detention program and consider potential options for expansion of the program, including incentives for increased participation by local and regional juvenile detention facilities and increased use of detention beds for holding state-responsible juvenile offenders as an alternative to the use of state facilities. Copies of the review, including any suggested legislation, shall be provided to the Secretary of Public Safety and the Chairmen of the Senate Finance and House Appropriations Committees by September 1, 2013.

The VEC needs to modernize the Unemployment Insurance Benefits and Tax (UIBT) system. The current system is based on VEC priorities identified in the mid-1980s. Since that time, the statutory environment and the business processes have changed. The current UIBT system is difficult to upgrade and costly to maintain when compared to systems that are available in today's market. As a result of these concerns, VEC has identified two goals for the Unemployment Insurance Modernization Project: Replace the existing UIBT applications using a foundation of new technology and improved design methods to improve flexibility and maintainability.

The Commonwealth of Virginia has established the goal that for each type of data there will be a single source system of record. In addition, the Commonwealth Chief Information Officer (CIO) has mandated that the Roadway Network System (RNS) migrate to and use the enterprise road centerlines (E-RCL) maintained by the Virginia Geographic Information Network (VGIN). This project supports achievement of both goals by addressing two main business problems: 1) the existence of multiple sources of road centerline (RCL) data, and 2) the duplication of effort required to maintain these multiple data sets.

The CSS Redesign focuses on the fragmented processing of DMV's three major business areas: driver, vehicle, and motor carrier. The purpose of the redesign is to transform these fragmented fifteen year old systems into one modernized system that is responsive to the ever-changing needs relating to internal security, homeland security, legislative mandates, and customer relationship management. DMV has a unique opportunity to revolutionize the agency's approach to fulfilling its mission, carrying out core functions, and delivering service. DMV intends to fully integrate processing while incorporating and leveraging the full functionality and benefits of proposed technology solutions as well as the technology already in place.

The purpose of the HIT/MITA Program is to align the Commonwealth with Federal direction relative to the American Recovery and Reinvestment Act (ARRA) and the Patient Protection and Affordable Care Act of 2010 (PPACA). These acts present significant funding opportunities to improve the quality and value of American healthcare. PPACA mandates Medicaid expansion in 2014, which is predicted to increase Virginia's Medicaid membership by 35-45%. Leveraging the Federal funding opportunities to offset the impact of expansion is an important investment in Virginia's future. The Federal funding available under ARRA and PPACA provide opportunities to achieve the following outcomes for Virginia; Build on current health reform efforts; Modernize information technology infrastructure as an enabler for future business transformation; Provide a technical environment where standards-based interoperability is possible between new and legacy systems; Provide web based self-directed service options for human services; Reduce the need for large administrative and operational staff for Federal and State programs; Reduce overall long-term technology costs for Federal and State programs; and Provide an enterprise technology environment that is accessible on a pay-for-use basis by Federal, State, and local governments as well as non-government organizations, community based-services, and commercial interests as allowed by policy.

The project also includes planning for implementation of the system, including installation and deployment of the software at Virginia State Police (VSP), and training services for VSP and the local agencies.</p>

The Statewide Agencies Radio System (STARS) Program needs an asset management and tracking system to provide up to date inventory information and historical tracking of radio and tower assets and equipment. Motorola, under the terms of the STARS contract, provides an inventory system for VSP's STARS equipment. This inventory system does not provide timely information on the STARS assets and inventory. Nor does it provide historical tracking of assets. In addition, once 60,000 items are in the inventory, Motorola's charges for the system will greatly increase. Currently, VSP has over 40,000 items in inventory.

state transportation agency, nor any construction manager acting on behalf of the state agency shall, in its bid specifications, project agreements, or other controlling documents, provide an incentive in their scoring favoring entities entering into project labor agreements.

2. These provisions shall not apply to any public-private agreement for any construction or infrastructure project in which the private body, as a condition of its investment or partnership with the state agency, requires that the private body have the right to control its labor relations policy and perform all work associated with such investment or partnership in compliance with all collective bargaining agreements to which the private party is a signatory and is thus legally bound with its own employees and the employees of its contractors and subcontractors in any manner permitted by the National Labor Relations Act, 29 U.S.C. § 151 et seq. or the Railway Labor Act, 45 U.S.C. § 151 et seq.; prohibit an employer or any other person covered by the National Labor Relations Act or the Railway Labor Act, 45 U.S.C. § 151 et seq.; from entering into agreements or engaging in any other activity protected by law; or be interpreted to interfere with the labor relations of persons covered by the National Labor Relations Act or the Railway Labor Act.

The Governor may waive this requirement for one or more specific recommendations that have not been implemented by notifying the Chairmen of the House Appropriations and Senate Finance Committees of his reason for granting the waiver or waivers.

O. 1. The Secretary of Transportation and the Virginia Department of Transportation are hereby directed to initiate an evaluation of whether it would be in the best interest of the Commonwealth to enter into an agreement to purchase the Dulles Greenway, a privately owned toll road extending approximately 14 miles from Washington Dulles International Airport to the Town of Leesburg and connecting the same, as well as any commuter vehicle parking facility used primarily by Dulles Greenway commuters or Dulles Toll Road commuters; or any buildings, structures, parking areas, appurtenances, or other property needed to operate such facility with such parking facility located within one mile of any part of the Dulles Greenway. The intent of such a potential purchase would be to ensure that toll rates remain at reasonable levels and to encourage the implementation of distance tolling.

2. In undertaking this evaluation the Secretary shall solicit the input of the Director, Department of General Services and the Department of Treasury to evaluate appropriate financing structures. In evaluating the feasibility of such a plan, it must be shown that any potential purchase price would not exceed fair market value, and that the existing toll rates therefrom could be reasonably expected to pay (i) in full and when payable the debt service on any bonds or obligations issued to acquire and, if necessary, improve or upgrade the Dulles Greenway; (ii) the ongoing costs of operating and maintaining the Dulles Greenway; (iii) the costs of purchasing and installing electronic tolling equipment or other equipment for the Dulles Greenway if such equipment is determined necessary; (iv) ongoing necessary administrative costs relating to the Dulles Greenway. In addition, the tolls for the use of the Dulles Greenway must be reasonably expected to result in a debt service coverage ratio of at least 1.25 for any debt of other obligations proposed to support the purchase of the facility.

3. The Secretary shall submit the findings of his assessment to the Chairmen of the House Appropriations and Senate Finance Committees by October 1, 2013 for their review and comment.

4. Nothing in the language contained in this item shall be construed as authority to enter into a purchase agreement without notification to the General Assembly of the full details of any proposed purchase agreement no later than 45 days prior to the proposed completion of any proposed purchase agreement. If the recommendation is to proceed with the purchase of such facility, the report to the House Appropriations and Senate Finance Committee Chairmen shall be accompanied by a certification from the Governor that the proposed purchase price could be supported by 9(c) revenue bonds of the Commonwealth.

A. It is the intent of the General Assembly that the Department of Aviation match federal funds for Airport Assistance to the maximum extent possible. In furtherance of this maximization, the Commonwealth Transportation Board may request funding from the Commonwealth Airport Fund for surface transportation projects that provide airport access. The Aviation Board shall consider such requests and provide funding as it so approves. However, the legislative intent expressed herein shall not be construed to prohibit the Virginia Aviation Board from allocating funds for promotional activities in the event that federal matching funds are unavailable.

The department is authorized to expend up to \$400,000 of Aviation Special Funds in each year to support a partnership between industry, academia, and Virginia Small Aircraft Transportation System. The project shall target research efforts to promote safety and greater access for rural airports.				
C. The department is authorized to pay to the Civil Air Patrol from Aviation Special Funds \$100,000 the first year and \$100,000 the second year. The provisions of § 2.2-1505, Code of Virginia, and § 4-5.05 of this act shall not apply to the Civil Air Patrol.

A. The Commissioner, Department of Motor Vehicles, is authorized to establish, where feasible and cost efficient, contracts with private/public partnerships with commercial operations, to

provide for simplification and streamlining of service to citizens through electronic means. Provided, however, that such commercial operations shall not be entitled to compensation as established under § 46.2-205, Code of Virginia, but rather at rates limited to those established by the commissioner.

B. The Department of Motor Vehicles shall work to increase the use of alternative service delivery methods. As part of its effort to shift customers to internet usage where applicable, the department shall not charge its customers for the use of credit cards for internet or other types of transactions. To mitigate the impact of the federal Real ID Act of 2005 on customer service centers, the Department of Motor Vehicles shall promulgate policies to direct vehicle registration renewal transactions to more efficient delivery channels pursuant to the provisions of § 46.2-214.2, Code of Virginia. In addition, notwithstanding the provisions § 46.2-342, Code of Virginia, and in accordance with the newly released regulations governing the Real ID Act of 2005, the department may issue driver's licenses and identification cards with photographs in color or black and white.

C. In order to provide citizens of the Commonwealth greater access to the Department of Motor Vehicles, the agency is authorized to enter into an agreement with any local constitutional officer or combination of officers to act as a license agent for the department, with the consent of the chief administrative officer of the constitutional officer's county or city, and to negotiate a separate compensation schedule for such office other than the schedule set out in § 46.2-205, Code of Virginia. Notwithstanding any other provision of law, any compensation due to a constitutional officer serving as a license agent shall be remitted by the department to the officer's county or city on a monthly basis, and not less than 80 percent of the sums so remitted shall be appropriated by such county or city to the office of the constitutional officer to compensate such officer for the additional work involved with processing transactions for the department. Funds appropriated to the constitutional office for such work shall not be used to supplant existing local funding for such office, nor to reduce the local share of the Compensation Board-approved budget for such office below the level established pursuant to general law.

D. The base compensation for DMV Select Agents shall be set at 4.5 percent of gross collections for the first \$500,000 and 5.0 percent of all gross collections in excess of \$500,000 made by the entity during each fiscal year. The commissioner shall supply the agents with all necessary agency forms to provide services to the public, and shall cause to be paid all freight and postage, but shall not be responsible for any extra clerk hire or other business-related expenses or business equipment expenses occasioned by their duties.

E. Out of the amounts identified in this Item, \$297,052 the first year and \$297,052 the second year from the Commonwealth Transportation Fund shall be paid to the Washington Metropolitan Area Transit Commission.

F. 1. Notwithstanding any other provision of law, the department shall assess a minimum fee of \$10 for all replacement and supplemental titles. The revenue generated from this fee shall be set aside to meet the expenses of the department.

2. Notwithstanding any other provision of law, the department shall assess a \$10 late fee on all registration renewal transactions that occur after the expiration date. The late fee shall not apply to those exceptions granted under § 46.2-221.4, Code of Virginia. In assessing the late renewal fee the department shall provide a ten day grace period for transactions conducted by mail to allow for administrative processing. This grace period shall not apply to registration renewals for vehicles registered under the International Registration Plan. The revenue generated from this fee shall be set aside to meet the expenses of the department.

3. Notwithstanding any other provision of law, the department shall establish a \$20 minimum fee for original driver's licenses and replacements. The revenue generated from this fee shall be set aside to meet the expenses of the department.

G. The Department of Motor Vehicles is hereby granted approval to renew or extend existing capital leases due to expire during the current biennium for existing customer service centers.

H. Out of the amounts in this item, \$200,000 the first year is hereby authorized to be utilized for a pilot project with the University of Virginia to evaluate virtual reality driving simulators as a tool for assessment of driving competency.

A.1. Except as provided in Item 440, the Commonwealth Transportation Board shall allocate all monies in the Commonwealth Mass Transit Fund, as provided in § 58.1-638, Code of Virginia. The total appropriation for the Commonwealth Mass Transit Fund is \$152,552,684 the first year and ~~\$157,073,990~~ \$160,361,138 the second year from the Transportation Trust Fund. From these funds, the following estimated allocations shall be made:

a. \$114,087,563 the first year and ~~\$117,334,290~~ \$123,546,936 the second year to statewide ~~Formula Operating~~ Assistance as provided in § 58.1-638, Code of Virginia. ~~The allocation of Formula Assistance to each recipient shall be limited to the recipient's maximum eligibility as defined in § 58.1-638, Code of Virginia. When the initial allocation to a recipient is greater than the recipient's eligibility to receive Formula Assistance, the Commonwealth Transportation Board may transfer the surplus funds to the statewide Capital Assistance program for distribution under that program.~~ The Commonwealth Transportation Board may hold harmless from a reduction in state formula assistance any transit system that maintains service levels from the previous year.

b. \$31,128,865 the first year and ~~\$32,233,194~~ \$33,315,285 the second year from the Commonwealth Mass Transit Fund to statewide Capital Assistance.

c. Notwithstanding the provisions of paragraph A.1.a and A.1.b. of this Item, prior to the annual adoption of the Six-Year Improvement Program, the Commonwealth Transportation Board may allocate funding from the Commonwealth Mass Transit Fund to implement the transit and transportation demand management improvements identified for the I-95 corridor. Such costs shall include only direct transit capital and operating costs as well as transportation demand management activities. Costs associated with additional park and ride lots required to be funded by the Commonwealth under the provisions of the Comprehensive Agreement for the Interstate 95 High Occupancy Toll Lanes project shall be borne by the Department of Transportation as set out in Item 446 of this act.

2. Included in this Item is \$1,500,000 the first year and \$1,500,000 the second year from the Commonwealth Mass Transit Trust Fund. These allocations are designated for "paratransit" capital projects and enhanced transportation services for the elderly and disabled.

3. From the amounts appropriated in this Item from the Commonwealth Mass Transit Fund, \$1,867,731 the first year and ~~\$1,933,994~~ \$1,998,917 the second year is the estimated allocation to statewide Special Programs as provided in § 58.1-638, Code of Virginia.

4. Not included in this appropriation is an amount estimated at \$26,243,763 the first year and \$26,728,838 the second year allocated to transit agencies from federal sources for the Surface Transportation Program (STP) and the Minimum Guarantee program.

B. The Commonwealth Transportation Board shall operate a program entitled the Transportation Efficiency Improvement Fund (TEIF). The purpose of the TEIF program is to reduce traffic congestion by supporting transportation demand management programs and projects designed to reduce the movement of passengers and freight on Virginia's highway system. Using transportation revenues generally available to the Board, funds shall be apportioned as determined by the Board to designated transportation projects in addition to funds allocated pursuant to § 33.1-23.1, Code of Virginia. Total TEIF program funding shall not exceed \$4,000,000 the first year and \$4,000,000 the second year.

C. Funds from a stable and reliable source, as required in Public Law 96-184, as amended, are to be provided to Metro from payments authorized and allocated in this program and pursuant to §§ 58.1-1720 and 58.1-2295, Code of Virginia. Notwithstanding any other provision of law, funds allocated to Metro under this program may be disbursed by the Department of Rail and Public Transportation directly to Metro or to any other transportation entity that has an agreement to provide funding to Metro as deemed appropriate by the Department. In appointing the Virginia members of the board of directors of the Washington Metropolitan Area Transit Authority (WMATA), the Northern Virginia Transportation Commission shall

include the Secretary of Transportation or his designee as a principal member on the WMATA board of directors.

D. Funds appropriated to the Department of Rail and Public Transportation and allocated to the Northern Virginia Transportation Commission to be allocated to its member jurisdictions are held in trust by the commission for those jurisdictions until released by specific authorization from the governing bodies of the jurisdictions for the purpose for which funds were appropriated.

E. All Commonwealth Mass Transit Funds appropriated for Financial Assistance for Public Transportation shall be used only for public transportation purposes as defined by the Federal Transit Administration or outlined in § 58.1-638 A.4., subparagraphs b. through g., or in § 58.1-638 A.5., Code of Virginia.

F. From the amounts provided for experimental transit in the Public Transportation Program, there is hereby provided \$200,000 in the first year *and \$200,000 the second year* for the planning and development of a Hampton Roads Fast Ferry demonstration project in coordination with Hampton Roads Transit. In developing this plan, the Department shall assess the potential for designating a high speed ferry corridor within the Hampton Roads region with intermodal service to properties under the control of the Commonwealth as well as current transit properties operated by Hampton Roads Transit including, but not limited to, the Norfolk passenger light rail service.

G. It is the intent of the General Assembly that no transit ~~formula~~ *operating* assistance funding be used to support any new transit system or route at a level higher than such project would be eligible for under the allocation formula set out in § 58.1-638 A 4. e., Code of Virginia, beyond the first two years of its operation.

H. From such funds appropriated for public transportation purposes in this item, there is hereby allocated \$68,000 in the first year for the continued operation of GRTC Express services between Chesterfield Town Centre in Chesterfield County and downtown Richmond, and \$200,000 in the first year for the continued operation of GRTC Express services between Hull Street Road in Chesterfield County and downtown Richmond. Receipt of this funding is contingent upon the commitment of local matching funding of not less than a like amount. It is the intent of the General Assembly that any future commitment of state funding shall be provided only through the transit operating formula.

I. From such funds appropriated for public transportation purposes, there is hereby allocated \$2,000,000 in the second year to conduct a transit study along the US Route 1 corridor in Fairfax County that (i) addresses current and projected future traffic deficiencies with a viable long-term transit solution for the corridor, (ii) transforms the area into transit-oriented and transit-supportive mixed use development near stations and stops, (iii) identifies a locally preferred alternative (LPA) that produces the greatest number of new transit riders taking into account cost and impact, and (iv) supports the social and economic renewal of the corridor through public transportation investment, and develop recommendations for a financial plan to implement the LPA.

B. The Commonwealth Transportation Board shall operate the Rail Industrial Access Program in accordance with §33.1-221.1:1, Code of Virginia. The board may allocate funds pursuant to §33.1-23.1, Code of Virginia, to the fund for construction of industrial access railroad tracks.

C. Because of the overwhelming need for the development of a balanced transportation system in the Commonwealth, upon approval by the Commonwealth Transportation Board and notwithstanding the provisions of § 33.1-221.1:1.1, Code of Virginia, the 30 percent match requirement for the Rail Enhancement Fund is hereby waived exclusively for funding allocated from such fund for improvements for the Richmond/Hampton Roads Passenger Rail Project between Richmond and Norfolk in the 2012-2014 biennium.

D. Notwithstanding any other provision of law, in implementing the provisions of the Intercity Passenger Rail Operating and Capital Fund created pursuant to § 33.1-221.1:1.3, Code of Virginia, the Commonwealth Transportation Board may allocate such funds as it deems necessary from the Rail Enhancement Fund, created pursuant to § 33.1-221.1:1.1, Code of Virginia. Such funding shall not exceed \$6,700,000 the first year and \$19,400,000 the second year, unless additional funding shall be required in either year for capital improvements between Petersburg and Richmond in conjunction with the acquisition of slots two and three for regional passenger rail service initiating in Norfolk. Such request shall be made only if the Director notifies the Commonwealth Transportation Board of any verifiable action by any federal entity or agency, or any other state, to secure from CSX the slots Virginia would require for this service.

E. Included in the amounts for Passenger and Freight Rail Financial Assistance, \$150,000 in the first year is provided for the continued operation of transit connector service from the Roanoke Valley to the Kemper Street Station in Lynchburg as part of the daily intercity passenger rail service. Receipt of this funding is contingent upon the Greater Roanoke Transit Service establishing AMTRAK reservation capabilities for the daily service. It is the intent of the General Assembly that no additional funding in excess of normal transit formula distribution as awarded by the Department shall be appropriated in support of this service in any future years.

F.1. The director, Department of Rail and Public Transportation, with the approval of CSX Transportation, shall initiate infrastructure improvement projects which promote safety or reduce the average dwell times of hazardous material shipments subject to regulation under Title 49 CFR Part 174 et seq. within rail yards, depots, sidings, and other intermediate terminals or facilities and properties located in the City of Fredericksburg to not longer than 24 hours. These improvements may include, but are not limited to, those that (i) increase capacity at existing storage facilities terminating near Fredericksburg; (ii) increase the physical distance between commodity storage areas and residential communities; and (iii) transfer intermediate storage of commodities to locations closer to terminus of the shipment.

2. Out of the funds available for Rail Industrial Access pursuant to § 33.1-221.1:1, Code of Virginia, up to \$450,000 in the first year and up to \$450,000 in the second year is hereby authorized for associated infrastructure improvements which may be constructed in any location in Virginia so long as their use results in increased safety in Fredericksburg or reduced average dwell times of hazardous materials currently staged in Fredericksburg. Such funds may be awarded to CSX Transportation or other entities or political subdivisions identified by the Department as having responsibility for implementing the associated infrastructure improvement. In the allocation of funds for this project by the Commonwealth Transportation Board, the requirements of § 33.1-22.1:1, Code of Virginia, with the exception of § 33.1-22.1:1 F., are waived.

G. Of the funds appropriated pursuant to Chapters 1019 and 1044 of the 2000 Acts of Assembly for passenger rail capacity improvements in the I-95 passenger rail corridor between Richmond and the District of Columbia, the Director of the Department of Rail and Public Transportation is authorized to utilize any remaining funds along the described corridor for the development of intercity passenger rail enhancements to include rail improvements and passenger station facilities.

H. Notwithstanding any other provision of law, in implementing the provisions of the Intercity Passenger Rail Operating and Capital Fund created pursuant to § 33.1-221.1:1.3, Code of Virginia, the Commonwealth Transportation Board may allocate such funds as dedicated pursuant to § 58.1-638.3.A.2., Code of Virginia.

A. Transfers to or from this Item may be made to decrease or supplement general fund appropriations to state agencies for:

1. Adjustments to base rates of pay;
2. Adjustments to rates of pay for budgeted overtime of salaried employees;
3. Salary changes for positions with salaries listed elsewhere in this act;
4. Salary changes for locally elected constitutional officers and their employees;
5. Employer costs of employee benefit programs when required by salary-based pay adjustments;
6. Salary changes for local employees supported by the Commonwealth, other than those funded through appropriations to the Department of Education; and
7. Adjustments to the cost of employee benefits to include but not limited to health insurance premiums and retirement and related contribution rates.

B. Transfers from this Item may be made when appropriations to the state agencies concerned are insufficient for the purposes stated in paragraph A of this Item, as determined by the Department of Planning and Budget, and subject to guidelines prescribed by the department. Further, the Department of Planning and Budget may transfer appropriations within this Item from the second year of the biennium to the first year, when necessary to accomplish the purposes stated in paragraph A of this Item.

C. Except as provided for elsewhere in this Item, agencies supported in whole or in part by nongeneral fund sources, shall pay the proportionate share of changes in salaries and benefits as required by this Item, subject to the rules and regulations prescribed by the appointing or governing authority of such agencies. Nongeneral fund revenues and balances required for this purpose are hereby appropriated.

D. The Governor is hereby authorized to transfer funds from agency appropriations to the accounts of participating state employees in such amounts as may be necessary to match the contributions of the qualified participating employees, consistent with the requirements of the Code of Virginia governing the deferred compensation cash match program. Such transfers shall be made consistent with the following:

1. The maximum cash match provided to eligible employees shall not be less than \$20.00 per pay period, or \$40.00 per month, in each year of the biennium. The Governor may direct the agencies of the Commonwealth to utilize funds contained within their existing appropriations to meet these requirements.
2. The Governor may direct agencies supported in whole or in part with nongeneral funds to utilize existing agency appropriations to meet these requirements. Such nongeneral revenues and balances are hereby appropriated for this purpose, subject to the provisions of § 4-2.01 b of this act. The use of such nongeneral funds shall be consistent with any existing conditions and

restrictions otherwise placed upon such nongeneral funds.

3. ~~Employees who are otherwise eligible but whose 403 (b) provider does not participate in the cash match program by establishing a 401 (a) account are ineligible to receive a cash match.~~

4. The procurement of services related to the implementation of this program shall be governed by standards set forth in § 51.1-124.30 C, Code of Virginia, and shall not be subject to the provisions of Chapter 7 (§ 11-35 et seq.), Title 11, Code of Virginia.

E. The Secretary of Administration, in conjunction with the Secretary of Finance, may establish a program that allows for the sharing of cost savings from improved productivity, efficiency, and performance with agencies and employees. Such gain sharing programs require a management philosophy of open communication encouraging employee participation; a system which seeks, evaluates and implements employee input on increasing productivity; and a formula for measuring productivity gains and sharing these gains between employees and the agency. The Department of Human Resource Management, in conjunction with the Department of Planning and Budget, shall develop specific gain sharing program guidelines for use by agencies. The Department of Human Resource Management shall provide to the Governor, the Chairmen of the House Appropriations and Senate Finance Committees an annual report no later than October 1 of each year detailing identified savings and their usage.

F.1. Out of the appropriation for this Item, amounts estimated at \$44,172,400 the first year and ~~\$56,126,860~~ \$113,886,416 the second year from the general fund shall be transferred to state agencies and institutions of higher education to support the general fund portion of costs associated with changes in the employer's share of premiums paid for the Commonwealth's health benefit plans.

2. Out of the amounts included in subparagraph 1, \$526,849 the first year and ~~\$526,849~~ \$981,409 the second year from the general fund shall be transferred to the University of Virginia to cover the state share of the increases in employer premiums for state employees participating in the University of Virginia's health care plan.

3. Notwithstanding any contrary provision of law, the health benefit plans for state employees resulting from the additional funding in this Item shall allow for a portion of employee medical premiums to be charged to employees.

4. The Department of Human Resource Management shall explore options within the health insurance plan for state employees to promote value-based health choices aimed at creating greater employee satisfaction with lower overall health care costs. It is the General Assembly's intent that any savings associated with this employee health care initiative be retained and used towards funding state employee salary or fringe benefit cost increases.

5. Notwithstanding any other provision of law, it shall be the sole responsibility and authority of the Department of Human Resource Management to establish and enforce employer contribution rates for any health insurance plan established pursuant to §2.2-2818, Code of Virginia.

6. The Department of Human Resource Management is prohibited from establishing a retail maintenance network for maintenance drugs that includes penalties for non-use of the retail maintenance network. As an alternative, the Department shall include in the upcoming request for proposal a requirement that the successful bidder provide, upon request of the Department, all claims-related financial and utilization information relating to the provision of benefits and all other financial and utilization information relating to benefits to covered individuals. This information shall include information on the nature, type, and amount of all other revenue received in aggregate from pharmaceutical manufacturers or labelers for programs relating to benefits to covered individuals of the State Employee Health Plan.

G.1. Contribution rates paid to the Virginia Retirement System for the retirement benefits of public school teachers, state employees, state police officers, state judges, and state law enforcement officers eligible for the Virginia Law Officers Retirement System shall be based on a valuation of retirement assets and liabilities that are consistent with the provisions of Senate Bill 498 and House Bill 1130.

2. Retirement contribution rates for the first year and the second year, excluding the five

percent employee portion, shall be: 11.66 percent for public school teachers, 8.76 percent for state employees, 24.74 percent for state police officers, 14.80 percent for the Virginia Law Officers Retirement System, and 45.44 percent for the Judicial Retirement System. These rates include both the regular contribution rate and the rate calculated by the Virginia Retirement System actuary for the 10-year payback of the retirement contribution payments deferred for the 2010-12 biennium. *From such general fund revenues as are collected for fiscal year 2013 in excess of the First Year Official Revenue Estimate contained in this Act, the first \$100.0 million, or portion thereof, that is not required to meet (i) a Constitutionally-mandated deposit to the Revenue Stabilization Fund, (ii) the Water Quality Improvement Fund, Part A deposit, or (iii) the Item 469 J.1., deposit to the Federal Action Contingency Trust Fund shall be reserved by the Comptroller in the Restricted Fund Balance for payment to the Virginia Retirement System (VRS) prior to June 30, 2014. The VRS shall allocate any payments to the retirement system plans proportionate to each plan's, excluding political subdivision plans, unfunded liability estimated as of June 30, 2012. Said payment to VRS shall constitute a prepayment of the general fund 2014-16 biennial installment of the ten-year payback of retirement contributions deferred for the 2010-12 biennium, thereby reducing the general fund contribution rate in the 2014-16 biennium.*

3. Payments to the Virginia Retirement System shall be made no later than the tenth day following the close of each month of the fiscal year.

4. Out of the general fund appropriation for this Item is included \$42,161,373 the first year and \$43,994,437 the second year to support the general fund portion of the net costs resulting from changes in employer contributions for state employee retirement as provided for in this paragraph.

5. The funding necessary to support the cost of reimbursements to Constitutional Officers for retirement contributions are appropriated elsewhere in this act under the Compensation Board.

6. The funding necessary to support the cost of the employer retirement contribution rate for public school teachers is appropriated elsewhere in this act under Direct Aid to Public Education.

H.1. Except as authorized in Paragraph H.2. of this Item, rates paid to the VRS on behalf of employees of participating (i) counties, (ii) cities, (iii) towns, (iv) local public school divisions (only to the extent that the employer contribution rate is not otherwise specified in this act), and (v) other political subdivisions shall be based on the higher of: a) the contribution rate in effect for FY 2012, or b) seventy percent of the results of the June 30, 2011 actuarial valuation of assets and liabilities as approved by the Virginia Retirement System Board of Trustees for the 2012-14 biennium, eighty percent of the results of the June 30, 2013 actuarial valuation of assets and liabilities as approved by the Virginia Retirement System Board of Trustees for the 2014-16 biennium, ninety percent of the results of the June 30, 2015 actuarial valuation of assets and liabilities as approved by the Virginia Retirement System Board of Trustees for the 2016-18 biennium, one-hundred percent of the results of the June 30, 2017 actuarial valuation of assets and liabilities as approved by the Virginia Retirement System Board of Trustees for the 2018-20 biennium.

2. Rates paid to the VRS on behalf of employees of participating (i) counties, (ii) cities, (iii) towns, (iv) local public school divisions (only to the extent that the employer contribution rate is not otherwise specified in this act), and (v) other political subdivisions may, at each participating employers option, be based on the employer contribution rates certified by the Virginia Retirement System (VRS) Board of Trustees pursuant to § 51.1-145(I), Code of Virginia.

3. Every participating employer must certify to the board of the Virginia Retirement System by resolution adopted by its local governing body that it: has reviewed and understands the information provided by the Virginia Retirement System outlining the potential future fiscal implications of electing or not electing to utilize the employer contribution rates certified by the Virginia Retirement System (VRS) Board of Trustees, as provided for in paragraph H.2.

4. Prior to electing to utilize the employer contribution rates certified by the Virginia Retirement System (VRS) Board of Trustees, as authorized in paragraph H.2, local public school divisions must receive the concurrence of the local governing body. Such concurrence must be documented by a resolution of the governing body.

5. The board of the Virginia Retirement System shall provide all employers participating in the Virginia Retirement System with a summary of the implications inherent in the use of the employer contribution rates certified by the Virginia Retirement System (VRS) Board of Trustees set out in paragraph H.2, and the alternate employer contribution rates set out in paragraph H.1				
I. The Virginia Retirement System Board of Trustees shall account for the employer retirement contribution payments deferred for the 2010-2012 biennium based on limiting employer retirement contributions to the Virginia Retirement System to the actuarial normal cost. In setting the employer retirement contribution rates for subsequent biennia, the board shall calculate a separate, supplemental employer contribution rate that will amortize such deferred payments over a period of ten years using the board's assumed long-term rate of return. The Governor shall include funds to support payment of such board-approved, supplemental employer contribution rates in the budget submitted to the General Assembly.				
J.1. Contribution rates paid to the Virginia Retirement System for other employee benefits to include the public employee group life insurance program, the Virginia Sickness and Disability Program, the state employee retiree health insurance credit, and the public school teacher retiree health insurance credit, shall be based on a valuation of assets and liabilities that assume an investment return of eight percent and an amortization period of 30 years.				
2. Contribution rates paid on behalf of public employees for other programs administered by the Virginia Retirement System in the first year and the second year shall be: 1.19 percent for the state employee group life insurance program, 0.48 percent for the employer share of the public school teacher group life insurance program, 0.47 percent for the Virginia Sickness and Disability Program, 1.00 percent for the state employee retiree health insurance credit, and 1.11 percent for the public school teacher retiree health insurance credit.				
3. The funding necessary to support the cost of reimbursements to Constitutional Officers for public employee group life insurance contributions is appropriated elsewhere in this act under the Compensation Board.				
4. The funding necessary to support the cost of the employer public school teacher group life insurance and retiree health insurance credit rates is appropriated elsewhere in this act under Direct Aid to Public Education.				
K. Notwithstanding the provisions of § 2.2-3205(A), Code of Virginia, the terminating agency shall not be required to pay the Virginia Retirement System the costs of enhanced retirement benefits provided for in § 2.2-3204(A), Code of Virginia. Instead for employees who are involuntarily separated from employment with the Commonwealth if the Director of the Department of Planning and Budget certifies that such action results from 1. budget reductions enacted in the Appropriation Act, 2. budget reductions executed in response to the withholding of appropriations by the Governor pursuant to §4-1.02 of the Act, 3. reorganization or reform actions taken by state agencies to increase efficiency of operations or improve service delivery provided such actions have been previously approved by the Governor, or 4. downsizing actions taken by state agencies as the result of the loss of federal or other grants, private donations, or other nongeneral fund revenue, and if the Director of the Department of Human Resource Management certifies that the action comports with personnel policy. Under these conditions, the entire cost of such benefits for involuntarily separated employees shall be factored into the employer contribution rates paid to the Virginia Retirement System.				
L. The purpose of this paragraph is to provide a transitional severance benefit, under the conditions specified, to eligible city, county, school division or other political subdivision employees who are involuntarily separated from employment with their employer.				
I.a. "Involuntary separation" includes, but is not limited to, terminations and layoffs from employment with the employer, or being placed on leave without pay-layoff or equivalent status, due to budget reductions, employer reorganizations, workforce downsizings, or other causes not related to the job performance or misconduct of the employee, but shall not include voluntary resignations. As used in this paragraph, a "terminated employee" shall mean an employee who is involuntarily separated from employment with his employer.				
b. The governing authority of a city, county, school division or other political subdivision electing to cover its employees under the provisions of this paragraph shall adopt a resolution,

as prescribed by the Board of Trustees of the Virginia Retirement System, to that effect. An election by a school division shall be evidenced by a resolution approved by the Board of such school division and its local governing authority.

2.a. Any (i) "eligible employee" as defined in § 51.1-132, (ii) "teacher" as defined in § 51.1-124.3, and (iii) any "local officer" as defined in § 51.1-124.3 except for the treasurer, commissioner of the revenue, attorney for the Commonwealth, clerk of a circuit court, or sheriff of any county or city, and (a) for whom reemployment with his employer is not possible because there is no available position for which the employee is qualified or the position offered to the employee requires relocation or a reduction in salary and (b) whose involuntary separation was due to causes other than job performance or misconduct, shall be eligible, under the conditions specified, for the transitional severance benefit conferred by this paragraph. The date of involuntary separation shall mean the date an employee was terminated from employment or placed on leave without pay-layoff or equivalent status.

b. Eligibility shall commence on the date of involuntary separation.

3.a. On his date of involuntary separation, an eligible employee with (i) two years' service or less to the employer shall be entitled to receive a transitional severance benefit equivalent to four weeks of salary; (ii) three years through and including nine years of consecutive service to the employer shall be entitled to receive a transitional severance benefit equivalent to four weeks of salary plus one additional week of salary for every year of service over two years; (iii) ten years through and including fourteen years of consecutive service to the employer shall be entitled to receive a transitional severance benefit equivalent to twelve weeks of salary plus two additional weeks of salary for every year of service over nine years; or (iv) fifteen years or more of consecutive service to the employer shall be entitled to receive a transitional severance benefit equivalent to two weeks of salary for every year of service, not to exceed thirty-six weeks of salary.

b. Transitional severance benefits shall be computed by the terminating employer's payroll department. Partial years of service shall be rounded up to the next highest year of service.

c. Transitional severance benefits shall be paid by the employer in the same manner as normal salary. In accordance with § 60.2-229, transitional severance benefits shall be allocated to the date of involuntary separation. The right of any employee who receives a transitional severance benefit to also receive unemployment compensation pursuant to § 60.2-100 et seq. shall not be denied, abridged, or modified in any way due to receipt of the transitional severance benefit; however, any employee who is entitled to unemployment compensation shall have his transitional severance benefit reduced by the amount of such unemployment compensation. Any offset to a terminated employee's transitional severance benefit due to reductions for unemployment compensation shall be paid in one lump sum at the time the last transitional severance benefit payment is made.

d. For twelve months after the employee's date of involuntary separation, the employee shall continue to be covered under the (i) health insurance plan administered by the employer for its employees, if he participated in such plan prior to his date of involuntary separation, and (ii) group life insurance plan administered by the Virginia Retirement System pursuant to Chapter 5 (§ 51.1-500 et seq.) of Title 51.1, or such other group life insurance plan as may be administered by the employer. During such twelve months, the terminating employer shall continue to pay its share of the terminated employee's premiums. Upon expiration of such twelve month period, the terminated employee shall be eligible to purchase continuing health insurance coverage under COBRA.

e. Transitional severance benefit payments shall cease if a terminated employee is reemployed or hired in an individual capacity as an independent contractor or consultant by the employer during the time he is receiving such payments.

f. All transitional severance benefits payable pursuant to this section shall be subject to applicable federal laws and regulations.

4.a. In lieu of the transitional severance benefit provided in subparagraph 3 of this paragraph, any otherwise eligible employee who, on the date of involuntary separation, is also (i) a vested member of the Virginia Retirement System, including a member eligible for the benefits described in subsection B of § 51.1-138, and (ii) at least fifty years of age, may elect to have

the employer purchase on his behalf years to be credited to either his age or creditable service or a combination of age and creditable service, except that any years of credit purchased on behalf of a member of the Virginia Retirement System, including a member eligible for the benefits described in subsection B of § 51.1-138, who is eligible for unreduced retirement shall be added to his creditable service and not his age. The cost of each year of age or creditable service purchased by the employer shall be equal to fifteen percent of the employee's present annual compensation. The number of years of age or creditable service to be purchased by the employer shall be equal to the quotient obtained by dividing (i) the cash value of the benefits to which the employee would be entitled under subparagraphs 3.a. and 3.d. of this paragraph by (ii) the cost of each year of age or creditable service. Partial years shall be rounded up to the next highest year. Deferred retirement under the provisions of subsection C of §§ 51.1-153 and 51.1-205, and disability retirement under the provisions of § 51.1-156 et seq., shall not be available under this paragraph.

b. In lieu of the (i) transitional severance benefit provided in subparagraph 3 of this paragraph and (ii) the retirement program provided in this subsection, any employee who is otherwise eligible may take immediate retirement pursuant to §§ 51.1-155.1 or 51.1-155.2.

c. The retirement allowance for any employee electing to retire under this paragraph who, by adding years to his age, is between ages fifty-five and sixty-five, shall be reduced on the actuarial basis provided in subdivision A. 2. of § 51.1-155.

d. The retirement program provided in this subparagraph shall be otherwise governed by policies and procedures developed by the Virginia Retirement System.

e. Costs associated with the provisions of this subparagraph shall be factored into the employer contribution rates paid to the Virginia Retirement System.

M.1. All classified employees of the Executive Branch and other full-time employees of the Commonwealth, except elected officials, who were employed on April 1, 2012, and remain employed until at least November 24, 2012, shall receive a one-time bonus payment equal to three percent of base pay on December 1, 2012, contingent upon additional general fund resources equaling or exceeding \$77,200,000 from the combination of actual general fund revenue collections for fiscal year 2012 exceeding the official fiscal year 2012 revenue estimate contained in the first enactment of the 2010-12 appropriations act, as amended by the 2012 session of the General Assembly, and by any discretionary unspent general fund appropriations recommended by the Governor for reversion at the end of fiscal year 2012. In the event that the total of all funds provided for in this paragraph are insufficient to fully fund the general fund cost of the three percent one-time bonus payment, such bonus payment shall be prorated to a percent of base pay for the general fund payroll that equates to the amount of total general fund resources provided.

a. Employees in the Executive Department subject to the Virginia Personnel Act shall receive the bonus payment authorized in this paragraph only if they have attained an equivalent rating of at least "Meets Expectations" on their performance evaluation and have no active written notices under the Standards of conduct for the preceding review period.

2. For purposes of paying the general fund share of the December 1, 2012, one-time bonus, after meeting all Constitutionally-required deposits to the Revenue Stabilization Fund, the State Comptroller shall reserve \$77,200,000 in the Restricted Fund Balance on the balance sheet for the general fund attributable to fiscal year 2012 general fund revenue collections in excess of the official revenue estimate and discretionary general fund balances recommended for reversion by the Governor, prior to designating amounts for the Committed Fund Balance.

3. The Director of the Department of Planning and Budget shall administratively increase nongeneral fund appropriations as required to implement the one-time bonus payment.

N. Any supplemental salary payment to a state employee or class of state employees by a local governing body shall be governed by a written agreement between the agency head of the employee or class of employees receiving the supplement and the chief executive officer of the local governing body. Such agreement shall also be reviewed and approved by the Director of the State Department of Human Resource Management. At a minimum, the agreement shall specify the percent of state salary or fixed amount of the supplement, the resultant total salary of the employee or class of employees, the frequency and method of payment to the agency of

the supplement, and whether or not such supplement shall be included in the employee's state benefit calculations. A copy of the agreement shall be made available annually to all employees receiving the supplement. The receipt of a local salary supplement shall not subject employees to any personnel or payroll rules and practices other than those promulgated by the State Department of Human Resource Management.

O. The Governor is hereby authorized to allocate a sum of up to ~~\$54,667,823~~ \$60,992,733 from this appropriation to the extent necessary to offset any downward revisions of the general fund revenue estimate prepared for fiscal years 2013 and 2014 after the enactment by the General Assembly of the 2012 Appropriation Act. If the general fund revenue estimates prepared subsequent to the 2012 General Assembly Session do not result in downward revisions and, if within 5 days of the preliminary close of the fiscal year ending on June 30, 2013, the Comptroller's analysis does not determine that a revenue re-forecast is required pursuant to § 2.2-1503.3, Code of Virginia, then such appropriation shall be used only for employee compensation purposes as stated in paragraphs P, Q and R below.

A. The purpose of this item is to capture savings in state aid to local government programs in a manner that provides localities flexibility in how such savings are implemented. This reversion ~~is~~ was necessary as a result of the continued slowing of the Virginia economy. *It is eliminated in the second year.*

B. Within 30 days after enactment of this act, the Director, Department of Planning and Budget, shall provide the chief operating officer of each city and county in the Commonwealth a list of certain state aid to local government programs along with an estimate of the general fund amount for each program that each county and city could expect to receive from the state during each year of the biennium. The total amount listed for these programs will serve as the

ITEM 472.	Item Details(\$)		Appropriations(\$)	
	First Year FY2013	Second Year FY2014	First Year FY2013	Second Year FY2014

basis for calculating the savings apportioned to each city and county for this Item. The savings apportionment will be equal to the percentage of the aggregate general fund amount for all of these state aid programs in each city and county totaling \$50,000,000 the first year ~~and \$45,000,000 the second year.~~

C. Each city and county in the Commonwealth shall have flexibility in determining how it will implement the savings apportioned to it. Each city or county can choose to (1) take the total savings out of one program included on the list provided by the Department of Planning and Budget, (2) reduce multiple state aid programs on a proportional basis or by a specified percentage reduction, or (3) reimburse the Commonwealth in aggregate for their share of the savings, thereby keeping the state aid programs at an unreduced level. Each locality may also use number 3 above in combination with 1 or 2. The governing body of each city or county shall make its selection and certify its choice to the Director, Department of Planning and Budget, by August 30, 2012; ~~for the first year reduction and by August 30, 2013, for the second year reduction.~~ Within 10 days of receipt, the Director, Department of Planning and Budget, shall review such certification for accuracy to ascertain that the required savings apportioned to the city or county are obtainable using the selection(s) submitted on the certification. Unless the Director, Department of Planning and Budget, finds a certification to include savings that are not obtainable or sustainable, the certification shall be approved and implemented without further delay. In the event that a city or county has not submitted or obtained an approved certification by October 1, 2012; ~~for the first year reduction or October 1, 2013, for the second year reduction,~~ the Director, Department of Planning and Budget, is hereby authorized to withhold an amount equivalent to the savings apportioned to the affected city or county from the aid to local government programs that the Director determines are most discretionary and represent general purpose aid to the local government in question before he begins to withhold any funds from categorical grants serving a particular functional area or public service. The Director, Department of Planning and Budget, shall notify the affected locality of his decision in this regard and such decision shall remain in force unless it is superseded by the subsequent approval of a certification for the affected city or county after October 1, 2012, but before November 15, 2012; ~~for the first year reduction and after October 1, 2013, but before November 15, 2013, for the second year reduction.~~ No such certifications shall be approved after November 14, 2012; ~~for the first year reduction and November 14, 2013, for the second year reduction.~~

D. The savings in state aid to local government programs identified by each city or county on their approved certification (or by the Director, Department of Planning and Budget, in absence of an approved certification) shall be transferred from the other Items where such amounts are appropriated in this act to offset the reversion amount listed in this Item. Payments from local governments electing to use option (3) above in paragraph C shall be deposited to a suspense account which shall be administered pursuant to § 3-1.03 of this act.

PART 2: CAPITAL PROJECT EXPENSES

§ 2-0. GENERAL CONDITIONS

A.1. The General Assembly hereby authorizes the capital projects listed in this act. The amounts hereinafter set forth are appropriated to the state agencies named for the indicated capital projects. Amounts so appropriated and amounts reappropriated pursuant to paragraph G of this section shall be available for expenditure during the current biennium, subject to the conditions controlling the expenditures of capital project funds as provided by law. Reappropriated amounts, unless otherwise stated, are limited to the unexpended appropriation balances at the close of the previous biennium, as shown by the records of the Department of Accounts.

2. The Director, Department of Planning and Budget, may transfer appropriations listed in Part 2 of this act from the second year to the first year in accordance with § 4-1.03 a 5 of this act.

B. The five-digit number following the title of a project is the code identification number assigned for the life of the project.

C. Except as herein otherwise expressly provided, appropriations or reappropriations for structures may be used for the purchase of equipment to be used in the structures for which the funds are provided, subject to guidelines prescribed by the Governor.

D. Notwithstanding any other provisions of law, appropriations for capital projects shall be subject to the following:

1. Appropriations or reappropriations of funds made pursuant to this act for planning of capital projects shall not constitute implied approval of construction funds in a future biennium. Funds, other than the reappropriations referred to above, for the preparation of capital project proposals must come from the affected agency's existing resources.

2. No capital project for which appropriations for planning are contained in this act, nor any project for which appropriations for planning have been previously approved, shall be considered for construction funds until preliminary plans and cost estimates are reviewed by the Department of General Services. The purpose of this review is to avoid unnecessary expenditures for each project, in the interest of assuring the overall cost of the project is reasonable in relation to the purpose intended, regardless of discrete design choices.

E.1. Expenditures from Items in this act identified as "Maintenance Reserve" are to be made only for the maintenance of property, plant, and equipment as defined in §4-4.01c of this act to the extent that funds included in the appropriation to the agency for this purpose in Part 1 of this act are insufficient.

2. Agencies and institutions of higher education can expend up to \$1,000,000 for a single repair or project through the maintenance reserve appropriation without a separate appropriation. Such expenditures shall be subject to rules and regulations prescribed by the Governor. To the extent an agency or institution of higher education has identified a potential project that exceeds this threshold or state agency has identified a potential project that exceeds the threshold prescribed in the rules or regulations, the Director, Department of Planning and Budget, can provide exemptions to the threshold as long as the project still meets the definition of a maintenance reserve project as defined by the Department of Planning and Budget.

3. Only facilities supported wholly or in part by the general fund shall utilize general fund maintenance reserve appropriations. Facilities supported entirely by nongeneral funds shall accomplish maintenance through the use of nongeneral funds.

F. Conditions Applicable to Bond Projects

1. The General Assembly hereby authorizes the capital projects listed in §§ 2-24 and 2-25 for the indicated agencies and institutions of higher education and hereby appropriates and reappropriates therefore sums from the sources and in the amount indicated. The issuance of bonds in a principal amount plus amounts needed to fund issuance costs, reserve funds, and other financing expenses, including capitalized interest for any project listed in §§ 2-24 and

Item Details(\$)		Appropriations(\$)

2-25 is hereby authorized.

2. The issuance of bonds for any project listed in § 2-24 is to be separately authorized pursuant to Article X, Section 9 (c), Constitution of Virginia.

3. The issuance of bonds for any project listed in Item C-40 or C-41 shall be authorized pursuant to § 23-19, Code of Virginia.

4. In the event that the cost of any capital project listed in §§ 2-23, 2-24 and 2-25 shall exceed the amount appropriated therefore, the Director, Department of Planning and Budget, is hereby authorized, upon request of the affected institution, to approve an increase in appropriation authority of not more than ten percent of the amount designated in §§ 2-23, 2-24 and 2-25 for such project, from any available nongeneral fund revenues, provided that such increase shall not constitute an increase in debt issuance authorization for such capital project. Furthermore, the Director, Department of Planning and Budget, is hereby authorized to approve the expenditure of all interest earnings derived from the investment of bond proceeds in addition to the amount designated in §§ 2-23, 2-24 and 2-25 for such capital project.

5. The interest on bonds to be issued for these projects may be subject to inclusion in gross income for federal income tax purposes.

6. Inclusion of a project in this act does not imply a commitment of state funds for temporary construction financing. In the absence of such commitment, the institution may be responsible for securing short-term financing and covering the costs from other sources of funds.

7. In the event that the Treasury Board determines not to finance all or any portion of any project listed in Item C-40 of § 2-24 of this act with the issuance of bonds pursuant to Article X, Section 9 (c), Constitution of Virginia, and notwithstanding any provision of law to the contrary, this act shall constitute the approval of the General Assembly to finance all or such portion of such project under the authorization of § 2-25 of this act.

8. The General Assembly further declares and directs that, notwithstanding any other provision of law to the contrary, 50 percent of the proceeds from the sale of surplus real property pursuant to § 2.2-1147 et seq., Code of Virginia, which pertain to the general fund, and which were under the control of an institution of higher education prior to the sale, shall be deposited in a special fund set up on the books of the State Comptroller, which shall be known as the Higher Education Capital Projects Fund. Such sums shall be held in reserve, and may be used, upon appropriation, to pay debt service on bonds for the 21st Century College Program as authorized in Item C-7.10 of Chapter 924 of the Acts of Assembly of 1997.

G. Upon certification by the Director, Department of Planning and Budget, there is hereby reappropriated the appropriations unexpended at the close of the previous biennium for all authorized capital projects which meet any of the following conditions:

1. Construction is in progress.
2. Equipment purchases have been authorized by the Governor but not received.
3. Plans and specifications have been authorized by the Governor but not completed.
4. Obligations were outstanding at the end of the previous biennium.

H. The Department of Planning and Budget is hereby authorized to administratively appropriate any nongeneral fund component of any capital project authorized in Chapters 859/827 (2002), Chapters 884/854 (2002), or Chapters 887/855 (2002).

A. The Auditor of Public Accounts shall annually calculate the amount of total fines and fees collected by the District Courts. The Auditor of Public Accounts will determine those localities in which total local fines and fee collections exceed 50 percent of the total collections. Using the Auditor of Public Accounts' calculation for fiscal year 2011, the State Comptroller shall deduct half of the amount in excess of 50 percent from any current payment of local fines and fees before remitting to the localities their remaining collections. When the State Comptroller has recovered in total, the half of the amount exceeding 50 percent, he shall pay all local collections monthly directly to the locality's treasury. *The State Comptroller shall promptly and without delay transmit any and all non-withheld local fees and fines to the locality's treasury not later than sixty (60) days after these fines and fees were deposited and recorded in the state treasury by the District Courts. Furthermore, the State Comptroller and the Executive Secretary of the Supreme Court shall work with the District Courts and the localities to develop a process to provide the localities a complete accounting of when these fees were collected.* The State Comptroller shall deposit the withheld funds in the Literary Fund, as they become available.

B. The Auditor of Public Accounts shall provide the State Comptroller the annual calculation by May 1 of each year for future withholdings. The State Comptroller will act as a fiscal agent, holding the amounts of local fine and fee collections in an agency fund.

C.1. The Office of the State Inspector General shall contract for an independent evaluation of the type of court fines and fees currently collected by Virginia state and local governments and the effect of the implementation of the provisions of paragraphs A and B of this section on such collections. This evaluation shall also determine among other things: 1) the magnitude of the court fines and fees collected by each source; 2) the distribution or uses of such fines and fees by each type; 3) factors influencing the determination of the application of specific court fines and fees and the ability within the current system to substitute or switch one such court fine or fee for another; 4) the impact of the flexibility in application of such court fines or fees, as determined previously in number 3, on deposits to the Literacy Fund over time; and 5) recommendations for improving the present system to better account for the individual types of court fines and fees collected and to align such collections with the assigned or statutory responsibilities of Virginia state and local governments, taking into account the constitutional requirements governing the deposit of court fines into the Literary Fund for public school purposes.

2. All agencies within the Legislative, Judicial, and Executive Departments, as well as local government offices, shall assist the Office of the State Inspector General and its contractor in providing information and data necessary to complete this evaluation. The Office of the Inspector General shall provide an interim report on the findings of this evaluation to the Governor and the Chairmen of the House Appropriations and Senate Finance Committees by December 1, 2012. There is hereby transferred from the general fund an amount not to exceed \$200,000 in the first year to a special fund to be established in the Office of the State Inspector General to conduct this independent evaluation.

PART 4: GENERAL PROVISIONS

- a. Each appropriating act of the General Assembly shall be subject to the following provisions and conditions, unless specifically exempt elsewhere in this act.
- b. All appropriations contained in this act, or in any other appropriating act of the General Assembly, are declared to be maximum appropriations and conditional on receipt of revenue.
- c. The Governor, as chief budget officer of the state, shall ensure that the provisions and conditions as set forth in this section are strictly observed.
- d. Public higher education institutions are not subject to the provisions of § 2.2-4800, Code of Virginia, or the provisions of the Department of Accounts' Commonwealth Accounting Policies and Procedures manual (CAPP) topic 20505 with regard to students who are veterans of the United States armed services and National Guard and are in receipt of federal educational benefits under the G.I. Bill. Public higher education shall establish internal procedures for the continued enrollment of such students to include resolution of outstanding accounts receivable.

§ 4-1.00 APPROPRIATIONS

§ 4-1.01 PREREQUISITES FOR PAYMENT

- a. The State Comptroller shall not pay any money out of the state treasury except pursuant to appropriations in this act or in any other act of the General Assembly making an appropriation during the current biennium.
- b. Moneys shall be spent solely for the purposes for which they were appropriated by the General Assembly, except as specifically provided otherwise by § 4-1.03 Appropriation Transfers, § 4-4.01 Capital Projects, or § 4-5.01 a. Settlement of Claims with Individuals. Should the Governor find that moneys are not being spent in accordance with provisions of the act appropriating them, he shall restrain the State Comptroller from making further disbursements, in whole or in part, from said appropriations. Further, should the Auditor of Public Accounts determine that a state or other agency is not spending moneys in accordance with provisions of the act appropriating them, he shall so advise the Governor or other governing authority, the State Comptroller, the Chairman of the Joint Legislative Audit and Review Commission, and Chairmen of the Senate Finance and House Appropriations Committees.
- c. Exclusive of revenues paid into the general fund of the state treasury, all revenues earned or collected by an agency, and contained in an appropriation item to the agency shall be expended first during the fiscal year, prior to the expenditure of any general fund appropriation within that appropriation item, unless prohibited by statute or by the terms and conditions of any gift, grant or donation.

§ 4-1.02 WITHHOLDING OF SPENDING AUTHORITY

- a. For purposes of this subsection, withholding of spending authority is defined as any action pursuant to a budget reduction plan approved by the Governor to address a declared shortfall in budgeted revenue that impedes or limits the ability to spend appropriated moneys, regardless of the mechanism used to effect such withholding.
 - b.1. Changed Expenditure Factors: The Governor is authorized to reduce spending authority, by withholding allotments of appropriations, when expenditure factors, such as enrollments or population in institutions, are smaller than the estimates upon which the appropriation was based. Moneys generated from the withholding action shall not be reallocated for any other purpose, provided the withholding of allotments of appropriations under this provision shall not occur until at least 15 days after the Governor has transmitted a statement of changed factors and intent to withhold moneys to the Chairmen of the House Appropriations and Senate Finance Committees.
 - 2. Moneys shall not be withheld on the basis of reorganization plans or program evaluations until such plans or evaluations have been specifically presented in writing to the General Assembly at its next regularly scheduled session.
- c. Increased Nongeneral Fund Revenue:
 - 1. General fund appropriations to any state agency for operating expenses are supplemental to nongeneral fund revenues collected by the agency. To the extent that nongeneral fund revenues collected in a fiscal year exceed the estimate on which the operating budget was based, the Governor is authorized to withhold general fund spending authority, by withholding allotments of appropriations, in an equivalent amount. However, this limitation shall not apply to (a) restricted excess tuition and fees for educational and general programs in the institutions of higher education, as defined in § 4-2.01 c of this act; (b) appropriations to institutions of higher education designated for fellowships, scholarships and loans; (c) gifts or grants which

are made to any state agency for the direct costs of a stipulated project; (d) appropriations to institutions for the mentally ill or intellectually disabled payable from the Behavioral Health and Developmental Services Revenue Fund; and (e) general fund appropriations for highway construction and mass transit. Moneys unallotted under this provision shall not be reallocated for any other purpose.

2. To the degree that new or additional grant funds become available to supplement general fund appropriations for a program, following enactment of an appropriation act, the Governor is authorized to withhold general fund spending authority, by withholding allotments of appropriations, in an amount equivalent to that provided from grant funds, unless such action is prohibited by the original provider of the grant funds. The withholding action shall not include general fund appropriations, which are required to match grant funds. Moneys unallotted under this provision shall not be reallocated for any other purpose.

d. Reduced General Fund Resources:

1. The term "general fund resources" as applied in this subsection includes revenues collected and paid into the general fund of the state treasury during the current biennium, transfers to the general fund of the state treasury during the current biennium, and all unexpended balances brought forward from the previous biennium.

2. In the event that general fund resources are estimated by the Governor to be insufficient to pay in full all general fund appropriations authorized by the General Assembly, the Governor shall, subject to the qualifications herein contained, withhold general fund spending authority, by withholding allotments of appropriations, to prevent any expenditure in excess of the estimated general fund resources available.

3. In making this determination, the Governor shall take into account actual general fund revenue collections for the current fiscal year and the results of a formal written re-estimate of general fund revenues for the current and next biennium, prepared within the previous 90 days, in accordance with the process specified in § 2.2-1503, Code of Virginia. Said re-estimate of general fund revenues shall be communicated to the Chairmen of the Senate Finance, House Appropriations and House Finance Committees, prior to taking action to reduce general fund allotments of appropriations on account of reduced resources.

4.a) In addition to monthly reports on the status of revenue collections relative to the current fiscal year's estimate, the Governor shall provide a written quarterly assessment of the current economic outlook for the remainder of the fiscal year to the Chairmen of the House Appropriations, House Finance, and Senate Finance Committees.

b) Within five business days after the preliminary close of the state accounts at the end of the fiscal year, the State Comptroller shall provide the Governor with the actual total of (1) individual income taxes, (2) corporate income taxes, and (3) sales taxes for the just-completed fiscal year, with a comparison of such actual totals with the total of such taxes in the official budget estimate for that fiscal year. If that comparison indicates that the total of (1) individual income taxes, (2) corporate income taxes, and (3) sales taxes, as shown on the preliminary close, was one percent or more below the amount of such taxes in the official budget estimate for the just-completed fiscal year, the Governor shall prepare a written re-estimate of general fund revenues for the current biennium and the next biennium in accordance with § 2.2-1503, Code of Virginia, to be reported to the Chairmen of the Senate Finance, House Finance and House Appropriations Committees, not later than September 1 following the close of the fiscal year.

5.a) The Governor shall take no action to withhold allotments until a written plan detailing specific reduction actions approved by the Governor, identified by program and appropriation item, has been presented to the Chairmen of the House Appropriations and Senate Finance Committees. Subsequent modifications to the approved reduction plan also must be submitted to the Chairmen of the House Appropriations and Senate Finance Committees, prior to withholding allotments of appropriations.

b) In addition to the budget reduction plan approved by the Governor, all budget reduction proposals submitted by state agencies to the Governor or the Governor's staff, including but not limited to the Department of Planning and Budget, the Governor's Cabinet secretaries, or the Chief of Staff, whether submitted electronically or otherwise, shall be forwarded to the Chairmen of the House Appropriations and Senate Finance Committees concurrently with that budget reduction plan.

6. In effecting the reduction of expenditures, the Governor shall not withhold allotments of appropriations for:

a) More than 15 percent cumulatively of the annual general fund appropriation contained in this act for operating expenses of any one state or nonstate agency or institution designated in this act by title, and the exact amount withheld, by state or nonstate agency or institution, shall be reported within five calendar days to the Chairmen of the Senate Finance and House Appropriations Committees. State agencies providing funds directly to grantees named in this act shall not apportion a larger cut to the grantee than the proportional cut apportioned to the agency. Without regard to § 4-5.05 b.4. of this act, the remaining appropriation to the grantee which is not subject to the cut, equal to at least 85 percent of the annual appropriation, shall be made by July 31, or in two equal installments, one payable by July 31 and the other payable by December 31, if the remaining appropriation is less than or equal to \$500,000, except in cases where the normal conditions of the grant dictate a different payment schedule.

b) The payment of principal and interest on the bonded debt or other bonded obligations of the Commonwealth, its agencies and its authorities, or for payment of a legally authorized deficit.

c) The payments for care of graves of Confederate dead.

d) The employer contributions, and employer-paid member contributions, to the Social Security System, Virginia Retirement System, Judicial Retirement System, State Police Officers Retirement System, Virginia Law Officers Retirement System, Optional Retirement Plan for College and University Faculty, Optional Retirement Plan for Political Appointees, Optional Retirement Plan for Superintendents, the Volunteer Service Award Program, the Virginia Retirement System's group life insurance, sickness and disability, and retiree health care credit programs for state employees, state-supported local employees and teachers. If the Virginia Retirement System Board of Trustees approves a contribution rate for a fiscal year that is lower than the rate on which the appropriation was based, or if the United States government approves a Social Security rate that is lower than that in effect for the current budget, the Governor may withhold excess contributions. However, employer and employee paid rates or contributions for health insurance and matching deferred compensation for state employees, state-supported local employees and teachers may not be increased or decreased beyond the amounts approved by the General Assembly. Payments for the employee benefit programs listed in this paragraph may not be delayed beyond the customary billing cycles that have been established by law or policy by the governing board.

e) The payments in fulfillment of any contract awarded for the design, construction and furnishing of any state building.

f) The salary of any state officer for whom the Constitution of Virginia prohibits a change in salary.

g) The salary of any officer or employee in the Executive Department by more than two percent (irrespective of the fund source for payment of salaries and wages); however, the percentage of reduction shall be uniformly applied to all employees within the Executive Department.

h) The appropriation supported by the State Bar Fund, as authorized by § 54.1-3913, Code of Virginia, unless the supporting revenues for such appropriation are estimated to be insufficient to pay the appropriation.

7. The Governor is authorized to withhold specific allotments of appropriations by a uniform percentage, a graduated reduction or on an individual basis, or apply a combination of these actions, in effecting the authorized reduction of expenditures, up to the maximum of 15 percent, as prescribed in subdivision 6a of this subsection.

8. Each nongeneral fund appropriation shall be payable in full only to the extent the nongeneral fund revenues from which the appropriation is payable are estimated to be sufficient. The Governor is authorized to reduce allotments of nongeneral fund appropriations by the amount necessary to ensure that expenditures do not exceed the supporting revenues for such appropriations; however, the Governor shall take no action to reduce allotments of appropriations for major nongeneral fund sources on account of reduced revenues until such time as a formal written re-estimate of revenues for the current and next biennium, prepared in accordance with the process specified in § 2.2-1503, Code of Virginia, has been reported to the Chairmen of the Senate Finance, House Finance, and House Appropriations Committees. For purposes of this subsection, major nongeneral fund sources are defined as Highway Maintenance and Operating Fund and Transportation Trust Fund.

9. Notwithstanding any contrary provisions of law, the Governor is authorized to transfer to the general fund on June 30 of each year of the biennium, or within 20 days from that date, any available unexpended balances in other funds in the state treasury, subject to the following:

a) The Governor shall declare in writing to the Chairmen of the Senate Finance and House Appropriations Committees that a fiscal emergency exists which warrants the transfer of nongeneral funds to the general fund and reports the exact amount of such transfer within five calendar days of the transfer;

b) No such transfer may be made from retirement or other trust accounts, the State Bar Fund as authorized by § 54.1-3913, Code of Virginia, debt service funds, or federal funds; and

c) The Governor shall include for informative purposes, in the first biennial budget he submits subsequent to the transfer, the amount transferred from each account or fund and recommendations for restoring such amounts.

10. The Director, Department of Planning and Budget, shall report spending authority withheld under the provisions of this subsection to the Chairmen of the Senate Finance and House Appropriations Committees within five calendar days of the action to withhold. Said report shall include the amount withheld by agency and appropriation item.

11. If action to withhold allotments of appropriation under this provision is inadequate to eliminate the imbalance between projected general fund resources and appropriations, the Speaker of the House of Delegates and the President pro tempore of the Senate shall be advised in writing by the Governor, so that they may consider requesting a special session of the General Assembly.

f) to address unanticipated business or industrial development opportunities which will benefit the state's economy, provided that any such appropriations be used in a manner consistent with the purposes of the program as originally appropriated.

6. An appropriation transfer shall not occur except through properly executed appropriation transfer documents designed specifically for that purpose, and all transactions effecting appropriation transfers shall be entered in the state's computerized budgeting and accounting systems.

§ 4-1.05 REVERSION OF APPROPRIATIONS AND REAPPROPRIATIONS

a. GENERAL FUND OPERATING EXPENSE:

1.a) General fund appropriations which remain unexpended on (i) the last day of the previous biennium or (ii) the last day of the first year of the current biennium, shall be reappropriated and allotted for expenditure where required by the Code of Virginia, where necessary for the payment of preexisting obligations for the purchase of goods or services, or where desirable, in the determination of the Governor, to address any of the six conditions listed in § 4-1.03 c.5 of this act or to provide financial incentives to reduce spending to effect current or future cost savings. With the exception of the unexpended general fund appropriations of agencies in the Legislative Department, the Judicial Department, the Independent Agencies, or institutions of higher education, all other such unexpended general fund appropriations unexpended on the last day of the previous biennium or the last day of the first year of the current biennium shall revert to the general fund.

4. The general fund resources available for appropriation in the first enactment of this act include the reversion of certain unexpended balances in operating appropriations as of June 30 of the prior fiscal year, which were otherwise required to be

reappropriated by language in the Appropriation Act.

5. Upon request, the Director, Department of Planning and Budget, shall provide a report to the Chairmen of the House Appropriations and Senate Finance Committees showing the amount reverted for each agency and the total amount of such reversions.

b. NONGENERAL FUND OPERATING EXPENSE:

Based on analysis by the State Comptroller, when any nongeneral fund has had no increases or decreases in fund balances for a period of 24 months, the State Comptroller shall promptly transfer and pay the balance into the fund balance of the general fund. If it is subsequently determined that an appropriate need warrants repayment of all or a portion of the amount transferred, the Director, Department of Planning and Budget shall include repayment in the next budget bill submitted to the General Assembly. This provision does not apply to funds held in trust by the Commonwealth.

c. CAPITAL PROJECTS:

1. Upon certification by the Director, Department of Planning and Budget, the State Comptroller is hereby authorized to revert to the fund balance of the general fund any portion of the unexpended general fund cash balance and corresponding appropriation or reappropriation for a capital project when the Director determines that such portion is not needed for completion of the project. The State Comptroller may similarly return to the appropriate fund source any part of the unexpended nongeneral fund cash balance and reduce any appropriation or reappropriation which the Director determines is not needed to complete the project.

2. The unexpended general fund cash balance and corresponding appropriation or reappropriation for capital projects shall revert to and become part of the fund balance of the general fund during the current biennium as of the date the Director, Department of Planning and Budget, certifies to the State Comptroller that the project has been completed in accordance with the intent of the appropriation or reappropriation and there are no known unpaid obligations related to the project. The State Comptroller shall return the unexpended nongeneral fund cash balance, if there be any, for such completed project to the source from which said nongeneral funds were obtained. Likewise, he shall revert an equivalent portion of the appropriation or reappropriation of said nongeneral funds.

3. The Director, Department of Planning and Budget, may direct the restoration of any portion of the reverted amount if he shall subsequently verify an unpaid obligation or requirement for completion of the project. In the case of a capital project for which an unexpended cash balance was returned and appropriation or reappropriation was reverted in the prior biennium, he may likewise restore any portion of such amount under the same conditions.

§ 4-1.06 LIMITED ADJUSTMENTS OF APPROPRIATIONS

a. LIMITED CONTINUATION OF APPROPRIATIONS.

Notwithstanding any contrary provision of law, any unexpended balances on the books of the State Comptroller as of the last day of the previous biennium shall be continued in force for such period, not exceeding 10 days from such date, as may be necessary in order to permit payment of any claims, demands or liabilities incurred prior to such date and unpaid at the close of business on such date, and shown by audit in the Department of Accounts to be a just and legal charge, for values received as of the last day of the previous biennium, against such unexpended balances.

b. LIMITATIONS ON CASH DISBURSEMENTS.

Notwithstanding any contrary provision of law, the State Comptroller may begin preparing the accounts of the Commonwealth for each subsequent fiscal year on or about 10 days before the start of such fiscal year. The books will be open only to enter budgetary transactions and transactions that will not require the receipt or disbursement of funds until after June 30. Should an emergency arise, or in years in which July 1 falls on a weekend requiring the processing of transactions on or before June 30, the State Comptroller may, with notification to the Auditor of Public Accounts, authorize the disbursement of funds drawn against appropriations of the subsequent fiscal year, not to exceed the sum of three million dollars (\$3,000,000) from the general fund. This provision does not apply to debt service payments on bonds of the Commonwealth which shall be made in accordance with bond documents, trust indentures, and/or escrow agreements.

§ 4-1.07 ALLOTMENTS

Except when otherwise directed by the Governor within the limits prescribed in §§ 4-1.02 Withholding of Spending Authority, 4-1.03 Appropriation Transfers, and 4-1.04 Appropriation Increases of this act, the Director, Department of Planning and Budget, shall prepare and act upon the allotment of appropriations required by this act, and by § 2.2-1819, Code of Virginia, and the authorizations for rates of pay required by this act. Such allotments and authorizations shall have the same effect as if the personal signature of the Governor were subscribed thereto. This section shall not be construed to prohibit an appeal by the head of any state agency to the Governor for reconsideration of any action taken by the Director, Department of Planning and Budget, under this section.

§ 4-2.00 REVENUES

§ 4-2.01 NONGENERAL FUND REVENUES

a. SOLICITATION AND ACCEPTANCE OF DONATIONS, GIFTS, GRANTS, AND CONTRACTS:

1. No state agency shall solicit or accept any donation, gift, grant, or contract without the written approval of the Governor except under written guidelines issued by the Governor which provide for the solicitation and acceptance of nongeneral funds, except that donations or gifts to the Virginia War Memorial Foundation that are small in size and number and valued at less than \$5,000, such as library items or small display items, may be approved by the Executive Director of the Virginia War Memorial in consultation with the Secretary of Veterans Affairs and Homeland Security. All other gifts and donations to the Virginia War Memorial Foundation must receive written approval from the Secretary of Veterans Affairs and Homeland Security.

2. The Governor may issue policies in writing for procedures which allow state agencies to solicit and accept nonmonetary donations, gifts, grants, or contracts except that donations, gifts and grants of real property shall be subject to § 4-4.00 of this act and § 2.2-1149, Code of Virginia. This provision shall apply to donations, gifts and grants of real property to endowment funds of institutions of higher education, when such endowment funds are held by the institution in its own name and not by a separately incorporated foundation or corporation.

3. The preceding subdivisions shall not apply to property and equipment acquired and used by a state agency or institution through a lease purchase agreement and subsequently donated to the state agency or institution during or at the expiration of the lease purchase agreement, provided that the lessor is the Virginia College Building Authority.

4. The use of endowment funds for property, plant or equipment for state-owned facilities is subject to §§ 4-2.03 Indirect Costs, 4-4.01 Capital Projects-General and 4-5.03 Services and Clients of this act.

b. HIGHER EDUCATION TUITION AND FEES

1. Except as provided in Chapters 933 and 943 of the 2006 Acts of Assembly, all nongeneral fund collections by public institutions of higher education, including collections from the sale of dairy and farm products, shall be deposited in the state treasury in accordance with § 2.2-1802, Code of Virginia, and expended by the institutions of higher education in accordance with the appropriations and provisions of this act, provided, however, that this requirement shall not apply to private gifts, endowment funds, or income derived from endowments and gifts.

2. a) The Boards of Visitors or other governing bodies of institutions of higher education may set tuition and fee charges at levels they deem to be appropriate for all resident student groups based on, but not limited to, competitive market rates, provided that the total revenue generated by the collection of tuition and fees from all students is within the nongeneral fund appropriation for educational and general programs provided in this act.

b) The Boards of Visitors or other governing bodies of institutions of higher education may set tuition and fee charges at levels they deem to be appropriate for all nonresident student groups based on, but not limited to, competitive market rates, provided that: i) the tuition and mandatory educational and general fee rates for nonresident undergraduate and graduate students cover at least 100 percent of the average cost of their education, as calculated through base adequacy guidelines adopted, and periodically amended, by the Joint Subcommittee Studying Higher Education Funding Policies, and ii) the total revenue generated by the collection of tuition and fees from all students is within the nongeneral fund appropriation for educational and general programs provided in this act.

c) For institutions charging nonresident students less than 100 percent of the cost of education, the State Council of Higher Education for Virginia may authorize a phased approach to meeting this requirement, when in its judgment, it would result in annual tuition and fee increases for nonresident students that would discourage their enrollment.

d) The Boards of Visitors or other governing bodies of institutions of higher education shall not increase the current proportion of nonresident undergraduate students if the institution's nonresident undergraduate enrollment exceeds 25 percent. Norfolk State University, Virginia Military Institute, Virginia State University, and two-year public institutions are exempt from this restriction.

3. a) In setting the nongeneral fund appropriation for educational and general programs at the institutions of higher education, the General Assembly shall take into consideration the appropriate student share of costs associated with providing full funding of the base adequacy guidelines referenced in subparagraph 2. b), raising average salaries for teaching and research faculty to the 60th percentile of peer institutions, and other priorities set forth in this act.

b) In determining the appropriate state share of educational costs for resident students, the General Assembly shall seek to cover at least 67 percent of educational costs associated with providing full funding of the base adequacy guidelines referenced in subparagraph 2. b), raising average salaries for teaching and research faculty to the 60th percentile of peer institutions, and other priorities set forth in this act.

4. a) Each institution and the State Council of Higher Education for Virginia shall monitor tuition, fees, and other charges, as well as the mix of resident and nonresident students, to ensure that the primary mission of providing educational opportunities to citizens of Virginia is served, while recognizing the material contributions provided by the presence of nonresident students. The State Council of Higher Education for Virginia shall also develop and enforce uniform guidelines for reporting student enrollments and the domiciliary status of students.

b) The State Council of Higher Education for Virginia shall report to the Governor and the Chairmen of the House Appropriations and Senate Finance Committees no later than August 1 of each year the annual change in total charges for tuition and all required fees approved and allotted by the Board of Visitors. As it deems appropriate, the State Council of Higher Education for Virginia shall provide comparative national, peer, and market data with respect to charges assessed students for tuition and required fees at institutions outside of the Commonwealth.

c) Institutions of higher education are hereby authorized to make the technology service fee authorized in Chapter 1042, 2003 Acts of Assembly, part of ongoing tuition revenue. Such revenues shall continue to be used to supplement technology resources at the institutions of higher education.

d) Except as provided in Chapters 933 and 943 of the 2006 Acts of Assembly, each institution shall work with the State Council of Higher Education for Virginia and the Virginia College Savings Plan to determine appropriate tuition and fee estimates for tuition savings plans.

5. a) It is the intent of the General Assembly that each institution's combined general and nongeneral fund appropriation within its educational and general program closely approximate the anticipated annual budget each fiscal year.

b) In coordination with the institutions, the State Council of Higher Education for Virginia shall report no later than August 1 of each year on the estimated amount of revenue each institution expects to collect from tuition and mandatory educational and general fees during the fiscal year.

c) This report shall serve as the foundation for any administrative increase in nongeneral fund appropriations within the institutions' educational and general programs that is approved by the Director, Department of Planning and Budget, pursuant to the authority provided in § 4-1.04 of this act.

d) Each institution must notify the Director, State Council of Higher Education for Virginia, prior to requesting an administrative increase to the nongeneral fund appropriation for tuition and fee revenue within its educational and general program. Within 30 days of receiving such notification, the Director of the State Council of Higher Education for Virginia shall review and provide comment, as necessary, to the Director, Department of Planning and Budget. The Director, Department of Planning and Budget, shall evaluate the institution's request along with any comments received from the Director, State Council of Higher Education for Virginia, prior to taking action on the requested administrative increase.

e) In consultation with the Director, Department of Planning and Budget, the Director, State Council of Higher Education for Virginia, shall include a summary of all requested and approved administrative increases to nongeneral fund appropriations for tuition and fee revenue within the educational and general programs of the institutions of higher education as part of the annual nongeneral fund revenue report.

f) In consultation with the Department of Planning and Budget and the State Council of Higher Education for Virginia, the Governor shall reconcile actual nongeneral fund expenditures with nongeneral fund appropriations included in the act and recommend technical adjustments, as he deems appropriate, in submitting his budget amendments prior to the next General Assembly session.

6. Nonresident graduate students employed by an institution as teaching assistants, research assistants, or graduate assistants and paid at an annual contract rate of \$4,000 or more may be considered resident students for the purposes of charging tuition and fees.

7. The fund source "Higher Education Operating" within educational and general programs for institutions of higher education includes tuition and fee revenues from nonresident students to pay their proportionate share of the amortized cost of the construction of buildings approved by the Commonwealth of Virginia Educational Institutions Bond Act of 1992 and the Commonwealth of Virginia Educational Facilities Bond Act of 2002.

8. a) Except as provided in Chapters 933 and 943 of the 2006 Acts of Assembly, mandatory fees for purposes other than educational and general programs shall not be increased for Virginia undergraduates beyond five percent annually, excluding requirements for wage, salary, and fringe benefit increases, authorized by the General Assembly. Fee increases required to carry out actions that respond to mandates of federal agencies are also exempt from this provision, provided that a report on the purposes of the amount of the fee increase is submitted to the Chairmen of the House Appropriations and Senate Finance Committees by the institution of higher education at least 30 days prior to the effective date of the fee increase.

b) This restriction shall not apply in the following instances: fee increases directly related to capital projects authorized by the General Assembly; fee increases to support student health services; and other fee increases specifically authorized by the General Assembly.

c) Due to the small mandatory non-educational and general program fees currently assessed students in the Virginia Community College System, increases in any one year of no more than \$15 shall be allowed on a cost-justified case-by-case basis, subject to approval by the State Board for Community Colleges.

9. Any institution of higher education granting new tuition waivers to resident or nonresident students not authorized by the Code of Virginia must absorb the cost of any discretionary waivers.

10. Tuition and fee revenues from nonresident students taking courses through Virginia institutions from the Southern Regional Education Board's Southern Regional Electronic Campus must exceed all direct and indirect costs of providing instruction to those students. Tuition and fee rates to meet this requirement shall be established by the Board of Visitors of the institution.

c. HIGHER EDUCATION PLANNED EXCESS REVENUES:

An institution of higher education, except for those public institutions governed by Chapters 933 and 943 of the 2006 Acts of Assembly, may generate and retain tuition and fee revenues in excess of those provided in § 4-2.01 b Higher Education Tuition and Fees, subject to the following:

1. Such revenues are identified by language in the appropriations in this act to any such institution.
2. The use of such moneys is fully documented by the institution to the Governor prior to each fiscal year and prior to allotment.
3. The moneys are supplemental to, and not a part of, ongoing expenditure levels for educational and general programs used as the basis for funding in subsequent biennia.
4. The receipt and expenditure of these moneys shall be recorded as restricted funds on the books of the Department of Accounts and shall not revert to the surplus of the general fund at the end of the biennium.
5. Tuition and fee revenues generated by the institution other than as provided herein shall be subject to the provisions of § 4-1.04 a.3 Gifts, Grants, and Other Nongeneral Funds of this act.

§ 4-3.01 DEFICITS

a. GENERAL:

1. Except as provided in this section no state agency shall incur a deficit. No state agency receiving general fund appropriations under the provisions of this act shall obligate or expend moneys in excess of its general fund appropriations, nor shall it obligate or expend moneys in excess of nongeneral fund revenues that are collected and appropriated.
2. The Governor is authorized to approve deficit funding for a state agency under the following conditions:

- a) an unanticipated federal or judicial mandate has been imposed,
- b) insufficient moneys are available in the first year of the biennium for start-up of General Assembly-approved action, or
- c) delay pending action by the General Assembly at its next legislative session will result in the curtailment of services required by statute or those required by federal mandate or will produce a threat to life, safety, health or property.
- d) Such approval by the Governor shall be in writing under the conditions described in § 4-3.02 a Authorized Deficit Loans of this act and shall be promptly communicated to the Chairmen of the House Appropriations and Senate Finance Committees within five calendar days of deficit approval.

3. Deficits shall not be authorized for capital projects.

4. The Department of Transportation may obligate funds in excess of the current biennium appropriation for projects of a capital nature not covered by § 4-4.00 Capital Projects, of this act provided such projects a) are delineated in the Virginia Transportation Six-Year Improvement Program, as approved by the Commonwealth Transportation Board; and b) have sufficient cash allocated to each such project to cover projected costs in each year of the Program; and provided that c) sufficient revenues are projected to meet all cash obligations for such projects as well as all other commitments and appropriations approved by the General Assembly in the biennial budget.

b. **UNAUTHORIZED DEFICITS:** If any agency contravenes any of the prohibitions stated above, thereby incurring an unauthorized deficit, the Governor is hereby directed to withhold approval of such excess obligation or expenditure. Further, there shall be no reimbursement of said excess, nor shall there be any liability or obligation upon the state to make any appropriation hereafter to meet such unauthorized deficit. Further, those members of the governing board of any such agency who shall have voted therefor, or its head if there be no governing board, making any such excess obligation or expenditure shall be personally liable for the full amount of such unauthorized deficit and, at the discretion of the Governor, shall be deemed guilty of neglect of official duty and be subject to removal therefor. Further, the State Comptroller is hereby directed to make public any such unauthorized deficit, and the Director, Department of Planning and Budget, is hereby directed to set out such unauthorized deficits in the next biennium budget. In addition, the Governor is directed to bring this provision of this act to the attention of the members of the governing board of each state agency, or its head if there be no governing board, within two weeks of the date that this act becomes effective. The governing board or the agency head shall execute and return to the Governor a signed acknowledgment of such notification.

c. **TOTAL AUTHORIZED DEFICITS:** The amount which the Governor may authorize, under the provisions of this section during the current biennium, to be expended from loans repayable out of the general fund of the state treasury, for all state agencies, or other agencies combined, in excess of general fund appropriations for the current biennium, shall not exceed one and one-half percent (1 1/2%) of the revenues collected and paid into the general fund of the state treasury as defined in § 4-2.02 b. of this act during the last year of the previous biennium and the first year of the current biennium.

d. The Governor shall report any such authorized and unauthorized deficits to the Chairmen of the House Appropriations and Senate Finance Committees within five calendar days of deficit approval. If the Governor approves the plan and authorizes a state agency to incur a deficit under the provisions of this section, the amount authorized shall be obtained by the agency by borrowing the authorized amount on such terms and from such sources as may be approved by the Governor. At the close of business on the last day of the current biennium, any unexpended balance of such loan shall be applied toward repayment of the loan, unless such action is contrary to the conditions of the loan approval. The Director, Department of Planning and Budget, shall set forth in the next biennial budget all such loans which require an appropriation for repayment. A copy of the approved plan to eliminate the deficit shall be transmitted to the Chairmen of the House Appropriations and the Senate Finance Committees within five calendar days of approval.

4. Anticipation loans for capital projects shall be in amounts not greater than the sum identified by the agency as required to meet the projected expenditures for the project within the current biennium.

5. To ensure that such loans are repaid as soon as practical and economical, the Department of Planning and Budget shall monitor the construction and expenditure schedules of all approved capital projects that will be paid for with proceeds from authorized debt and have anticipation loans.

6. *Unless otherwise prohibited by federal or state law, The State Treasurer shall charge current market interest rates on anticipation loans made for operating purposes and capital projects subject to the following:*

a) Anticipation loans for capital projects for which debt service will be paid with general fund appropriations shall be exempt from interest payments on borrowed balances.

b) Interest payments on anticipation loans for nongeneral fund capital projects *or nongeneral fund operating expenses* shall be made from appropriated nongeneral fund revenues. Such interest shall not be paid with the funds from the anticipation loan or from the proceeds of authorized debt without the approval of the State Treasurer.

c) REPORTING: All outstanding loans shall be reported by the Governor to the Chairmen of the House Appropriations and Senate Finance Committees by August 15 of each year. The report shall include a status of the repayment schedule for each loan.

3. Anticipation loans for operating expenses shall be in amounts not greater than the sum identified by the agency as the minimum amount required to meet projected expenditures. The term of any anticipation loans granted for operating expenses shall not exceed 12 months.

4. Before an anticipation loan is provided for a capital project authorized under § 4-4.01 m, the agency shall develop a plan for repayment of such loan and approval of the Director of the Department of Planning and Budget shall be obtained for all such plans and reported to the Chairman of the House Appropriations and Senate Finance Committees.

5. Anticipation loans for capital projects authorized under § 4-4.01 m shall be in amounts not greater than the sum identified by the agency as required to meet the projected expenditures for the project within the current biennium. Such loans shall be repaid only from nongeneral fund revenues associated with the project.

6. The State Treasurer shall charge current market interest rates on anticipation loans made for capital projects authorized under § 4-4.01 m. Interest payments on anticipation loans for nongeneral fund capital projects authorized under § 4-4.01 m shall be made from appropriated nongeneral fund revenues. Such interest shall not be paid with the funds from the anticipation loan without the approval of the Director of the Department of Planning and Budget.

a) **REPORTING:** All outstanding loans shall be reported by the Governor to the Chairmen of the House Appropriations and Senate Finance Committees by August 15 of each year. The report shall include a status of the repayment schedule for each loan.

§ 4-3.03 CAPITAL LEASES

2. For any project for which costs will exceed \$5,000,000 and which is financed through a capital lease transaction, the Treasury Board shall approve the financing terms and structure of such capital lease in addition to such other reviews and approvals as may be required by law. § 4-4.00 CAPITAL PROJECTS

§ 4-4.01 GENERAL

a. Definition:

1. When used in this section, "capital project" or "project" means acquisition of property and new construction and improvements related to state-owned property, plant or equipment (including plans therefor), as the terms "acquisition", "new construction", and "improvements" are defined in the instructions for the preparation of the Executive Budget. "Capital project" or "project" shall also mean any improvements to property leased for use by a state agency, and not owned by the state, when such improvements are financed by public funds, except as hereinafter provided in subdivisions 3 and 4 of this subsection.

2. The provisions of this section are applicable equally to acquisition of property and plant by purchase, gift, or any other means, including the acquisition of property through a lease/purchase contract, regardless of the method of financing or the source of funds. Acquisition of property by lease shall be subject to § 4-3.03 of this act.

3. The provisions of this section shall not apply to property or equipment acquired by lease or improvements to leased property and equipment when the improvements are provided by the lessor pursuant to the terms of the lease and upon expiration of the lease remain the property of the lessor.

4. The provisions of this section shall not apply to property leased by state agencies for the purposes described in §§ 2.2-1151 C and 33.1-93, Code of Virginia.

b. Notwithstanding any other provisions of law, requests for appropriations for capital projects shall be subject to the following:

1. The agency shall submit a capital project proposal for all requested capital projects. Such proposals shall be submitted to the Director, Department of Planning and Budget, for review and approval in accordance with guidelines prescribed by the director. Projects shall be developed to meet agency functional and space requirements within a cost range comparable to similar public and private sector projects.

2. The first priority of any agency or institution in requesting capital outlay appropriations shall be maintenance reserve funds.

3. Except for institutions of higher education governed by Chapters 933 and 943 of the 2006 Acts of Assembly, financings for capital projects shall comply, where applicable, with the Treasury Board Guidelines issued pursuant to § 2.2-2416, Code of Virginia, and any subsequent amendments thereto.

4. As part of any request for appropriations for an armory, the Department of Military Affairs shall obtain a written commitment from the host locality to share in the operating expense of the armory.

c. Each agency head shall provide to the Director, Department of Planning and Budget, a plan for the use of the maintenance reserve appropriation of the agency in Part 2 of this act prior to the allotment of funds. The plan shall give first priority to the repair or replacement of roof on buildings under control of the agency. The agency head shall certify in the agency's annual update to its maintenance reserve plan that to the best of his or her knowledge, all necessary roof repairs have been accomplished, are in the process of being accomplished, or the necessary funds for accomplishing the work have been requested before the agency requests funds for other improvements or new construction projects. Such roof repairs and replacements shall be in accord with the technical requirements of the Commonwealth's Construction and Professional Services Manual.

d. The Department of Planning and Budget shall review its approach to capital outlay planning and budgeting from time to time and report any proposed change to the Chairmen of the House Appropriations and Senate Finance Committees prior to its implementation. Such report shall include an analysis of the impact of the suggested change on affected agencies and institutions.

e. Nothing in §§ 2-0 and 4-4.00 of this act shall be deemed to override the provisions of §§ 2.2-1132 and 62.1-132.6, Code of Virginia, amended by Chapter 488, 1997 Acts of Assembly, relating to Virginia Port Authority capital projects and procurement activities.

f. It is the intent of the General Assembly that the Department of Conservation and Recreation shall be authorized to initiate and accept by gift or purchase with nongeneral fund dollars any lands for State Park or Natural Area purposes which may become available, and that are not specifically appropriated by the General Assembly, when such acquisitions are made in accordance with the provisions of this section and other applicable provisions of state law including approval by the Governor.

g. Legislative Approval: It is the intent of the General Assembly that, with the exceptions noted in this paragraph and paragraph m, all capital projects to be undertaken by agencies of the Commonwealth, including institutions of higher education shall be pursuant to approvals by the General Assembly ~~at its regular sessions in even-numbered years. The as provided in the Six-Year Capital Outlay Plan established pursuant to § 2.2-1515, et seq., Code of Virginia. Otherwise, the consideration of capital projects in odd-numbered years shall be limited to:~~

1. Supplementing projects which have been bid and determined to have insufficient funding to be placed under contract, and

2. Projects declared by the Governor or the General Assembly to be of an emergency nature, which may avoid an increase in cost or otherwise result in a measurable benefit to the state, and/or which are required for the continued use of existing facilities.

This paragraph does not prohibit the initiation of projects authorized by § 4-4.01 m hereof, or projects included under the central appropriations for capital project expenses in this act.

h. Preliminary Requirements: In regard to each capital project for which appropriation or reappropriation is made pursuant to this act, or which is hereafter considered by the Governor for inclusion in the Executive Budget, or which is offered as a gift or is considered for purchase, the Governor is hereby required: (1) to determine the urgency of its need, as compared with the need for other capital projects as herein authorized, or hereafter considered; (2) to determine whether the proposed plans and specifications for each capital project are suitable and adequate, and whether they involve expenditures which are excessive for the purposes intended; (3) to determine whether labor, materials, and other requirements, if any, needed for the acquisition or construction of such project can and will be obtained at reasonable cost; and (4) to determine whether or not the project conforms to a site or master plan approved by the agency head or board of visitors of an institution of higher education for a program approved by the General Assembly.

i. Initiation Generally:

1. No architectural or engineering planning for, or construction of, or purchase of any capital project shall be commenced or revised without the prior written approval of the Governor.

2. The requirements of § 10.1-1190, Code of Virginia, shall be met prior to the release of funds for a major state project, provided, however, that the Governor is authorized to release from any appropriation for a major state project made pursuant to this act such sum or sums as may be necessary to pay for the preparation of the environmental impact report required by § 10.1-1188, Code of Virginia.

3. The Governor, at his discretion, may release from any capital project appropriation or reappropriation made pursuant to this act such sum (or sums) as may be necessary to pay for the preparation of plans and specifications by architects and engineers, provided that the estimated cost of the construction covered by such drawings and specifications does not exceed the appropriation therefor; provided, further, however, that the architectural and engineering fees paid on completion of the preliminary design for any such project may be based on such estimated costs as may be approved by the Governor in writing, where it is shown to the satisfaction of the Governor that higher costs of labor or material, or both, or other unforeseen conditions, have made the appropriation inadequate for the completion of the project for which the appropriation was made, and where in the judgment of the Governor such changed conditions justify the payment of architectural or engineering fees based on costs exceeding the appropriation.

4. Architectural or engineering contracts shall not be awarded in perpetuity for capital projects at any state institution, agency or activity.

j. Capital Projects Financed with Bonds: Capital projects proposed to be financed with (i) 9 (c) general obligation bonds or (ii) 9(d) obligations where debt service is expected to be paid from project revenues or revenues of the agency or institution, shall be reviewed as follows:

1. By August 15 of each year, requests for inclusion in the Executive Budget of capital projects to be financed with 9(c) general obligation bonds shall be submitted to the State Treasurer for evaluation of financial feasibility. Submission shall be in accordance with the instructions prescribed by the State Treasurer. The State Treasurer shall distribute copies of financial feasibility studies to the Director, Department of Planning and Budget, the Secretary for the submitting agency or institution, the Chairmen of the House Appropriations and Senate Finance Committees, and the Director, State Council of Higher Education for Virginia if the project is requested by an institution of higher education.

2. By August 15 of each year, institutions shall also prepare and submit copies of financial feasibility studies to the State Council of Higher Education for Virginia for 9(d) obligations where debt service is expected to be paid from project revenues or revenues of the institution. The State Council of Higher Education shall identify the impact of all projects requested by the institutions of higher education, and as described in § 4-4.01 j.1. of this act, on the current and projected cost to students in institutions of higher education and the impact of the project on the institution's need for student financial assistance. The State Council of Higher Education for Virginia shall report such information to the Secretary of Finance and the Chairmen of the House Appropriations and Senate Finance Committees no later than October 1 of each year.

3. Prior to the issuance of debt for 9(c) general obligation projects, when more than one year has elapsed since the review of financial feasibility specified in § 4-4.01 j 1 above, an updated feasibility study shall be prepared by the agency and reviewed by the State Treasurer prior to requesting the Governor's Opinion of Financial Feasibility required under Article X, Section 9 (c), of the Constitution of Virginia.

k. Transfers to supplement capital projects from nongeneral funds may be made under the conditions set forth in §§ 4-1.03 a, 4-1.04 a.3, and 4-4.01 m of this act.

l.1.Change in Size and Scope: Unless otherwise provided by law, the scope of any capital project may not be increased or decreased by more than five percent in size beyond the plans and justification which were the basis for the appropriation or reappropriation in this act or for the Governor's authorization pursuant to § 4-4.01 m of this act. However, this prohibition is not applicable to changes in size and scope required because of circumstances determined by the Governor to be an emergency, or requirements imposed by the federal government when such capital project is for armories or other defense-related installations and is funded in whole or in part by federal funds, or minor increases or decreases in square footage determined by the Director, Department of General Services to be reasonable and appropriate based on a written justification submitted by the agency stating the reason for the increase, with the provision that such increase will not increase the cost of the project beyond the amount appropriated; or decreases in scope to offset unbudgeted costs when such costs are determined by the Director, Department of Planning and Budget, to be reasonable based on a written justification submitted by the agency specifying the amount and nature of the unbudgeted costs and the types of actions that will be taken to decrease the scope of the project. The written justification shall also include a certification, signed by the agency head, that the resulting project will be consistent with the original programmatic intent of the appropriations.

2. If space planning, energy conservation, and environmental standards guides for any type of construction have been approved by the Governor or the General Assembly, the Governor shall require capital projects to conform to such planning guides.

m. Projects Not Included In This Act:

1. Authorization by Governor:

a) The Governor may authorize initiation of, planning for, construction of or acquisition of a nongeneral fund capital project

not specifically included in this act or provided for a program approved by the General Assembly through appropriations, under one or more of the following conditions:

- 1) The project is required to meet an emergency situation.
- 2) The project is to be operated as an auxiliary enterprise or sponsored program in an institution of higher education and will be fully funded by revenues of auxiliary enterprises or sponsored programs.
- 3) The project is to be operated as an educational and general program in an institution of higher education and will be fully funded by nongeneral fund revenues of educational and general programs or from private gifts and indirect cost recoveries.
- 4) The project consists of plant or property which has become available or has been received as a gift.
- 5) The project has been recommended for funding by the Tobacco Indemnification and Community Revitalization Commission or the Virginia Tobacco Settlement Foundation.

b) The foregoing conditions are subject to the following criteria:

- 1) Funds are available within the appropriations made by this act (including those subject to §§ 4-1.03 a, 4-1.04 a.3, and 4-2.03) without adverse effect on other projects or programs, or from unappropriated nongeneral fund revenues or balances.
- 2) In the Governor's opinion such action may avoid an increase in cost or otherwise result in a measurable benefit to the state.
- 3) The authorization includes a detailed description of the project, the project need, the total project cost, the estimated operating costs, and the fund sources for the project and its operating costs.
- 4) The Chairmen of the House Appropriations and Senate Finance Committees shall be notified by the Governor prior to the authorization of any capital project under the provisions of this subsection.
- 5) Permanent funding for any project initiated under this section shall only be from nongeneral fund sources.

2. Authorization by Director, Department of Planning and Budget:

a) The Director, Department of Planning and Budget, may authorize initiation of a capital project not included in this act, if the General Assembly has enacted legislation to fund the project from bonds of the Virginia Public Building Authority, Virginia College Building Authority, or from reserves created by refunding of bonds issued by those Authorities.

3. Delegated authorization by Boards of Visitors, Public Institutions of Higher Education:

a) In accordance with § 4-5.06 of this act, the board of visitors of any public institution of higher education that: i) has met the eligibility criteria set forth in Chapters 933 and 945 of the 2005 Acts of Assembly for additional operational and administrative autonomy, including having entered into a memorandum of understanding with the Secretary of Administration for delegated authority of nongeneral fund capital outlay projects, and ii) has received a sum sufficient nongeneral fund appropriation for emergency projects as set out in Part 2: Capital Project Expenses of this act, may authorize the initiation of any capital project that is not specifically set forth in this act provided that the project meets at least one of the conditions and criteria identified in § 4-4.01 m 1 of this act.

b) At least 30 days prior to the initiation of a project under this provision, the board of visitors must notify the Governor and Chairmen of the House Appropriations and Senate Finance Committees and must provide a life-cycle budget analysis of the project. Such analysis shall be in a form to be prescribed by the Auditor of Public Accounts.

c) The Commonwealth of Virginia shall have no general fund obligation for the construction, operation, insurance, routine maintenance, or long-term maintenance of any project authorized by the board of visitors of a public institution of higher education in accordance with this provision.

n. Acquisition, maintenance, and operation of buildings and nonbuilding facilities in colleges and universities shall be subject to the following policies:

1. The anticipated program use of the building or nonbuilding facility should determine the funding source for expenditures for acquisition, construction, maintenance, operation, and repairs.
2. Expenditures for land acquisition, site preparation beyond five feet from a building, and the construction of additional outdoor lighting, sidewalks, outdoor athletic and recreational facilities, and parking lots in the Virginia Community College System shall be made only from appropriated federal funds, Trust and Agency funds, including local government allocations or appropriations, or the proceeds of indebtedness authorized by the General Assembly.
3. The general policy of the Commonwealth shall be that parking services are to be operated as an auxiliary enterprise by all

colleges and universities. Institutions should develop sufficient reserves for ongoing maintenance and replacement of parking facilities.

4. Except as provided in paragraph 2 above, expenditures for maintenance, replacement, and repair of outdoor lighting, sidewalks, and other infrastructure facilities may be made from any appropriated funds.

5. Expenditures for operations, maintenance, and repair of athletic, recreational, and public service facilities, both indoor and outdoor, should be from nongeneral funds. However, this condition shall not apply to any indoor recreational facility existing on a community college campus as of July 1, 1988.

6.a.1. At institutions of higher education that have met the eligibility criteria for additional operational and administrative authority as set forth in Chapters 933 and 945 of the 2005 Acts of Assembly or Chapters 824 and 829 of the 2008 Acts of Assembly, any repair, renovation, or new construction project costing up to \$2,000,000 shall be exempt from the capital outlay review and approval process. For purposes of this paragraph, projects shall not include any subset of a series of projects, which in combination would exceed the \$2,000,000 maximum.

2. All institutions of higher education shall be exempt from the capital review and approval process for repair, renovation, or new construction projects costing up to \$2,000,000.

b. Blanket authorizations funded entirely by nongeneral funds may be used for 1) renovation and infrastructure projects costing up to \$2,000,000 and 2) the planning of nongeneral fund new construction and renovation projects through bidding, with bid award made after receipt of a construction authorization. The Director, Department of Planning and Budget, may provide exemptions to the threshold.

7. It is the policy of the Commonwealth that the institutions of higher education shall treat the maintenance of their facilities as a priority for the allocation of resources. No appropriations shall be transferred from the "Operation and Maintenance of Plant" subprogram except for closely and definitely related purposes, as approved by the Director, Department of Planning and Budget, or his designee. A report providing the rationale for each approved transfer shall be made to the Chairmen of the House Appropriations and Senate Finance Committees.

o. Legislative Intent and Reporting: Appropriations for capital projects shall be deemed to have been made for purposes which require their expenditure, or being placed under contract for expenditure, during the current biennium. Agencies to which such appropriations are made in this act or any other act are required to report progress as specified by the Governor. If, in the opinion of the Governor, these reports do not indicate satisfactory progress, he is authorized to take such actions as in his judgment may be necessary to meet legislative intent as herein defined. Reporting on the progress of capital projects shall be in accordance with § 4-8.00, Reporting Requirements.

p. No expenditure from a general fund appropriation in this act shall be made to expand or enhance a capital outlay project beyond that anticipated when the project was initially approved by the General Assembly except to comply with requirements imposed by the federal government when such capital project is for armories or other defense-related installations and is funded in whole or in part by federal funds. General fund appropriations in excess of those necessary to complete the project shall not be reallocated to expand or enhance the project, or be reallocated to a different project. The prohibitions in this subsection shall not apply to transfers from projects for which reappropriations have been authorized.

q. Local or private funds to be used for the acquisition, construction or improvement of capital projects for state agency use as owner or lessee shall be deposited into the state treasury for appropriation prior to their expenditure for such projects.

r. State-owned Registered Historic Landmarks: To guarantee that the historical and/or architectural integrity of any state-owned properties listed on the Virginia Landmarks Register and the knowledge to be gained from archaeological sites will not be adversely affected because of inappropriate changes, the heads of those agencies in charge of such properties are directed to submit all plans for significant alterations, remodeling, redecoration, restoration or repairs that may basically alter the appearance of the structure, landscaping, or demolition to the Department of Historic Resources. Such plans shall be reviewed within thirty days and the comments of that department shall be submitted to the Governor through the Department of General Services for use in making a final determination.

s.1. The Governor may authorize the conveyance of any interest in property or improvements thereon held by the Commonwealth to the educational or real estate foundation of any institution of higher education where he finds that such property was acquired with local or private funds or by gift or grant to or for the use of the institution, and not with funds appropriated to the institution by the General Assembly. Any approved conveyance shall be exempt from § 2.2-1156, Code of Virginia, and any other statute concerning conveyance, transfer or sale of state property. If the foundation conveys any interest in the property or any improvements thereon, such conveyance shall likewise be exempt from compliance with any statute concerning disposition of state property. Any income or proceeds from the conveyance of any interest in the property shall be deemed to be local or private funds and may be used by the foundation for any foundation purpose.

2. This section shall not apply to public institutions of higher education governed by Chapters 933 and 943 of the 2006 Acts of Assembly or Chapters 824 and 829 of the 2008 Acts of Assembly.

t.1. Facility Lease Agreements Involving Institutions of Higher Education: In the case of any lease agreement involving state-owned property controlled by an institution of higher education, where the lease has been entered into consistent with the provisions of § 2.2-1155, Code of Virginia, the Governor may amend, adjust or waive any project review and reporting procedures of Executive agencies as may reasonably be required to promote the property improvement goals for which the lease agreement was developed.

2. This section shall not apply to public institutions of higher education governed by Chapters 933 and 943 of the 2006 Acts of Assembly or Chapters 824 and 829 of the 2008 Acts of Assembly.

u. Energy-efficiency Projects: Improvements to state-owned properties for the purpose of energy-efficiency shall be considered an operating expense, provided that:

1. The scope of the project meets or exceeds the applicable energy-efficiency standards set forth in the American Society of Heating, Refrigerating, and Air Conditioning Engineers (ASHRAE), the Illuminating Engineering Society (IES) standard 90.1-1989 and is limited to measures listed in guidelines issued by the Department of General Services.

2. The project is financed consistent with the provisions of § 2.2-2417, Code of Virginia, which requires Treasury Board approval and is executed through a nonprofessional services contract with a vendor approved by the ~~Division of Purchases and Supply~~ of the Department of General Services.

3. The scope of work has been reviewed and recommended by the Department of Mines, Minerals and Energy.

4. However, if the project scope entails: (a) constructing, enlarging, altering, repairing or demolishing a building or structure, (b) changing the use of a building either within the same use group or to a different use group when the new use requires greater degrees of structural strength, fire protection, exit facilities or sanitary provisions, or (c) removing or disturbing any asbestos-containing materials during demolition, alteration, renovation of or additions to building or structures, the project shall be subject to the capital outlay process as outlined in this section.

5. The total project cost does not exceed \$3,000,000. If the total project cost exceeds \$3,000,000, the project shall be subject to the capital budgeting process. However, energy performance projects underway before July 1, 2005, shall continue to be treated as operating expenses. Notwithstanding the above, if energy savings from a performance project offset the debt service, interest payments, and the cost of the project, the project shall not be subject to the capital budgeting process and the total project cost shall not exceed \$7,000,000.

6. If the total project exceeds \$250,000, the agency director will submit written notification to the Director, Department of Planning and Budget, verifying that the project meets all of the above conditions. The director shall notify, in turn, the Chairmen of the House Appropriations and Senate Finance Committees that such projects have been initiated.

v. No expenditures shall be authorized for the purchase of fee simple title to any real property to be used for a correctional facility or for the actual construction of a correctional facility provided for in this act, or by reference hereto, that involves acquisition or new construction of youth or adult correctional facilities on real property which was not owned by the Commonwealth on January 1, 1995, until the governing body of the county, city or town wherein the project is to be located has adopted a resolution supporting the location of such project within the boundaries of the affected jurisdiction. The foregoing does not prohibit expenditures for site studies, real estate options, correctional facility design and related expenditures.

w. Except for institutions of higher education governed by Chapters 933 and 943 of the 2006 Acts of Assembly, any alternative financing agreement entered into between a state agency or institution of higher education and a private entity or affiliated foundation must be reviewed and approved by the Treasury Board.

x. Prior to requesting authorization for new dormitory capital projects, institutions of higher education shall conduct a cost study to determine whether an alternative financing arrangement or public-private transaction would provide a more effective option for the construction of the proposed facility. This study shall be submitted to the Department of Planning and Budget as part of the budget development process and shall be evaluated by the Governor prior to submitting his proposed budget.

y. Any new construction project developed by or for the Chippokes Plantation Farm Foundation, with an estimated cost of \$750,000 or less, shall be exempt from the capital outlay review and approval process.

z. Construction or improvement projects of the Department of Military Affairs are not exempt from the capital outlay review process when the state procurement process is utilized, except for those projects with both an estimated cost of \$1,000,000 or less and are 100 percent federally reimbursed.

§ 4-4.02 PLANNING AND BUDGETING

a. It shall be the intent of the General Assembly to make biennial appropriations for a capital improvements program sufficient to address the program needs of the Commonwealth. The capital improvements program shall include maintenance and deferred maintenance of the Commonwealth's existing facilities, and of the facility requirements necessary to deliver the

programs of state agencies and institutions.

b. In effecting these policies, the Governor shall establish a capital budget plan to address the renewal and replacement of the Commonwealth's physical plant, using such guidelines as recommended by industry or government to maintain the Commonwealth's investment in its property and plant.

§ 4-5.00 SPECIAL CONDITIONS AND RESTRICTIONS ON EXPENDITURES

§ 4-5.01 TRANSACTIONS WITH INDIVIDUALS

a. SETTLEMENT OF CLAIMS: Whenever a dispute, claim or controversy involving the interest of the Commonwealth is settled pursuant to § 2.2-514, Code of Virginia, payment may be made out of any appropriations, designated by the Governor, to the state agency(ies) which is (are) party to the settlement.

b. STUDENT FINANCIAL ASSISTANCE FOR HIGHER EDUCATION:

1. General:

a) The appropriations made in this act to state institutions of higher education within the Items for student financial assistance may be expended for any one, all, or any combination of the following purposes: grants to undergraduate students enrolled at least one-half time in a degree, certificate or diploma program; grants to full-time graduate students; grants to students enrolled full-time in a dual or concurrent undergraduate and graduate program; ~~institutional contributions~~ *The institutions may also use these appropriations for the purpose of supporting work study programs. Institutions may also contribute to federal or private student grant aid programs requiring matching funds by the institution, except for programs requiring work.* The State Council of Higher Education for Virginia shall annually review each institution's plan for the expenditures of its appropriation for undergraduate student financial assistance prior to the start of the fall term to determine program compliance. The institution's plan shall include the institution's assumptions and calculations for determining the cost of attendance, student financial need, and student remaining need as well as an award schedule or description of how funds are awarded. For the purposes of the proposed plan, each community college shall be considered independently.

b) All awards made to undergraduate students from such Items shall be for Virginia students only and such awards shall offset all, or portions of, the costs of tuition and required fees, and, in the case of students qualifying under subdivision b 2 c)1) hereof, the cost of books. All undergraduate financial aid award amounts funded by this appropriation shall be proportionate to the remaining need of individual students, with students with higher levels of remaining need receiving grants before other students. No criteria other than the need of the student shall be used to determine the award amount other than as specified in Item 206 J of this act. Because of the low cost of attendance and recognizing that federal grants provide a much higher portion of cost than at other institutions, a modified approach and minimum award amount for the neediest VGAP student should be implemented for community college and Richard Bland College students based on remaining need and the combination of federal and grant state aid. Student financial need shall be determined by a need-analysis system approved by the Council.

c)1) All need-based awards made to graduate students shall be determined by the use of a need-analysis system approved by the Council.

2) As part of the six-year financial plans required in the provisions of Chapters 933 and 945 of the 2005 Acts of Assembly, each institution of higher education shall report the extent to which tuition and fee revenues are used to support graduate student aid and graduate compensation and how the use of these funds impacts planned increases in student tuition and fees.

d) A student who receives a grant under such Items and who, during a semester, withdraws from the institution which made the award must surrender the unearned portion. The institution shall calculate the unearned portion of the award based on the percentage used for federal Return to Title IV program purposes.

e) An award made under such Items to assist a student in attending an institution's summer session shall be prorated according to the size of comparable awards made in that institution's regular session.

f) The provisions of this act under the heading "Student Financial Assistance for Higher Education" shall not apply to the soil scientist scholarships authorized under § 23-38.3, Code of Virginia.

g) Unless noted elsewhere in this act, awards shall be named "Commonwealth" grants.

h) Unless otherwise provided by statute, undergraduate awards shall not be made to students seeking a second or additional baccalaureate degree until the financial aid needs of first-degree seeking students are fully met.

2. Grants To Undergraduate Students:

a) Each institution which makes undergraduate grants paid from its appropriation for student financial assistance shall expend such sums as approved for that purpose by the Council.

b) A student receiving an award must be duly admitted and enrolled in a degree, certificate or diploma program at the institution making the award, and shall be making satisfactory academic progress as defined by the institution for the purposes of eligibility under Title IV of the federal Higher Education Act, as amended.

c)1) It is the intent of the General Assembly that students eligible under the Virginia Guaranteed Assistance Program (VGAP) authorized in Title 23, Chapter 4.4:2, Code of Virginia, shall receive grants before all other students at the same institution with equivalent remaining need from the appropriations for undergraduate student financial assistance found in Part 1 of this act (service area 1081000 - Scholarships). In each instance, VGAP eligible students shall receive awards greater than other students with equivalent remaining need.

2) The amount of each VGAP grant shall vary according to each student's remaining need and the total of tuition, all required fees and the cost of books at the institution the student will attend upon acceptance for admission. The actual amount of the VGAP award will be determined by the proportionate award schedule adopted by each institution; however, those students with the greatest financial need shall be guaranteed an award at least equal to tuition.

5. Discontinued Loan Program:

a) If any federal student loan program for which the institutional contribution was appropriated by the General Assembly is discontinued, the institutional share of the discontinued loan program shall be repaid to the fund from which the institutional share was derived unless other arrangements for the use of the funds are recommended by the Council and approved by the Department of Planning and Budget. These transfers are limited to actions needed to adjust for overfunding or underfunding the program appropriations affected by the altered billing systems.

4. It is the intent of the General Assembly that information technology (IT) systems, products, data, and service costs, including geographic information systems (GIS), be contained through the shared use of existing or planned equipment, data, or services which may be available or soon made available for use by state agencies, institutions, authorities, and other public bodies. State agencies, institutions, and authorities shall cooperate with the Virginia Information Technologies Agency in identifying the development and operational requirements for proposed IT and GIS systems, products, data, and services, including the proposed use, functionality, capacity and the total cost of acquisition, operation and maintenance.

The Director of the Department of General Services shall compare the cost of vehicles acquired by institutions of higher education to like vehicles under the state contract. If the comparison demonstrates for a given institution that the cost to the Commonwealth is greater for like vehicles than would be the case based on a contract of statewide applicability, the Governor or his designee may suspend the exemption granted to the institution pursuant to this subparagraph c.

3. The Director, Department of General Services, is hereby authorized to transfer surplus motor vehicles among the state agencies, and determine the value of such surplus equipment for the purpose of maintaining the financial accounts of the state agencies affected by such transfers.

2. The first 15,000 miles of use during each fiscal year of personal automobiles in the discharge of official duties within the continental limits of the United States shall be reimbursed at an amount equal to the most recent business standard mileage rate as established by the Internal Revenue Service for employees or self-employed individuals to use in computing their income tax deductible costs for operating passenger vehicles owned or leased by them for business purposes, or in the instance of a state employee, at the lesser of (a) the IRS rate or (b) the lowest combined capital and operational trip pool rate charged by the Department of General Services, Office of Fleet Management Services (OFMS), posted on the OFMS website at time of travel, for the use of a compact state-owned vehicle. For such use in excess of 15,000 miles in each fiscal year, the reimbursement shall be at a rate of 13.0 cents per mile, unless a state-owned vehicle is not available; then the rate shall be the IRS rate;

6. This section shall not apply to members and employees of public school boards.

f. **SMALL PURCHASE CHARGE CARD, ELECTRONIC DATA INTERCHANGE, DIRECT DEPOSIT, AND PAYLINE OPT OUT:** The State Comptroller is hereby authorized to charge state agencies a fee of \$5 per check or earnings notice when, in his judgment, agencies have failed to comply with the Commonwealth's electronic commerce initiatives to reduce unnecessary administrative costs for the printing and mailing of state checks and earning notices. The fee shall be collected by the Department of Accounts through accounting entries.

g. **PURCHASES OF APPLIANCES AND EQUIPMENT:** State agencies and institutions shall purchase Energy Star rated appliances and equipment in all cases where such appliances and equipment are available.

h. **ELECTRONIC PAYMENTS:** Any recipient of payments from the State Treasury who receives six or more payments per year issued by the State Treasurer shall receive such payments electronically. 1. The Chief Information Officer and the State Comptroller shall develop statewide requirements for the use of cellular telephones and other telecommunication devices by in-scope Executive Department agencies, addressing the assignment, evaluation of need, safeguarding, monitoring, and usage of these telecommunication devices. The requirements shall include an acceptable use agreement template clearly defining an employee's responsibility when they receive and use a telecommunication device. Statewide requirements shall require some form of identification on a device in case it is lost or stolen and procedures to wipe the device clean of all sensitive information when it is no longer in use.

2. In-scope Executive Department agencies providing employees with telecommunication devices shall develop agency-specific policies, incorporating the guidance provided in § 4-5.04 k. 1. of this act and shall maintain a cost justification for the assignment or a public health, welfare and safety need.

3. The Chief Information Officer shall determine the optimal number of telecommunication vendors and plans necessary to meet the needs of in-scope Executive Department agency personnel. The Chief Information Officer shall regularly procure these services and provide statewide contracts for use by all such agencies. These contracts shall require the vendors to provide detailed usage information in a useable electronic format to enable the in-scope agencies to properly monitor usage to make informed purchasing decisions and minimize costs.

4. The Chief Information Officer shall examine the feasibility of providing tools for in-scope Executive Department agencies to analyze usage and cost data to assist in determining the most cost effective plan combinations for the entity as a whole and individual users.

1. ALTERNATIVE PROCUREMENT: If any payment is declared unconstitutional for any reason or if the Attorney General finds in a formal, written, legal opinion that a payment is unconstitutional, in circumstances where a good or service can constitutionally be the subject of a purchase, the administering agency of such payment is authorized to use the affected appropriation to procure, by means of the Commonwealth's Procurement Act, goods and services, which are similar to those sought by such payment in order to accomplish the original legislative intent.

§ 4-5.05 NONSTATE AGENCIES, INTERSTATE COMPACTS AND ORGANIZATIONAL MEMBERSHIPS

b) The agency must be open to the public or otherwise engaged in activity of public interest, with expenditures having actually been incurred for its operation.

3. No allotment of appropriations shall be made to a nonstate agency until such agency has certified to the Secretary of Finance that cash or in-kind contributions are on hand and available to match equally all or any part of an appropriation which may be provided by the General Assembly, unless the organization is specifically exempted from this requirement by language in this act. Such matching funds shall not have been previously used to meet the match requirement in any prior appropriation act.

4. Operating appropriations for nonstate agencies equal to or in excess of \$150,000 shall be disbursed to nonstate agencies in twelve or fewer equal monthly installments depending on when the first payment is made within the fiscal year. Operating appropriations for nonstate agencies of less than \$150,000 shall be disbursed in one payment once the nonstate agency has successfully met applicable match and application requirements.

5. The provisions of § 2.2-4343 A 14, Code of Virginia shall apply to any expenditure of state appropriations by a nonstate agency.

c.1. Each interstate compact commission and each organization in which the Commonwealth of Virginia or a state agency thereof holds membership, and the dues for which are provided in this act or any other appropriating act, shall submit its biennial budget request to the state agency under which such commission or organization is listed in this act. The state agency shall include the request of such commission or organization within its own request, but identified separately. Requests by the commission or organization for disbursements from appropriations shall be submitted to the designated state agency.

2. Each state agency shall submit by November 1 each year, a report to the Director, Department of Planning and Budget, listing the name and purpose for organizational memberships held by that agency with annual dues of \$5,000 or more. The institutions of higher education shall be exempt from this reporting requirement.

§ 4-5.06 DELEGATION OF AUTHORITY

b. The nongeneral fund capital outlay decentralization programs initiated pursuant to § 4-5.08b of Chapter 912, 1996 Acts of Assembly as continued in subsequent appropriation acts are hereby made permanent. Decentralization programs for which institutions have executed memoranda of understanding with the Secretary of Administration pursuant to the provisions of § 4-5.08b of Chapter 912, 1996 Acts of Assembly shall no longer be considered pilot projects, and shall remain in effect until revoked.

c. Institutions wishing to participate in a nongeneral fund capital outlay decentralization program for the first time shall submit a letter of interest to the appropriate Cabinet Secretary. Within 90 calendar days of the receipt of the institution's request to participate, the responsible Cabinet Secretary shall determine whether the institution meets the eligibility criteria and, if appropriate, establish a decentralization program at the institution. The Cabinet Secretary shall report to the Governor and Chairmen of the Senate Finance and House Appropriations Committees by December 1 of each year all institutions that have applied for inclusion in a decentralization program and whether the institutions have been granted authority to participate in the decentralization program.

d. The provisions identified in § 4-5.08 f and § 4-5.08 h of Chapter 1042 of the Acts of Assembly of 2003 pertaining to pilot programs for selected capital outlay projects and memoranda of understanding in institutions of higher education are hereby continued. Notwithstanding these provisions, those projects shall be insured through the state's risk management liability program.

e. If during an independent audit conducted by the Auditor of Public Accounts, the audit discloses that an institution is not performing within the terms of the memoranda of understanding or their addenda, the Auditor shall report this information to the Governor, the responsible Cabinet Secretary, and the Chairmen of the Senate Finance and House Appropriations Committees.

f. Institutions that have executed memoranda of understanding with the Secretary of Administration for nongeneral fund capital outlay decentralization programs are hereby granted a waiver from the provisions of § 2.2-4301, Competitive Negotiation, subdivision 3a, Code of Virginia, regarding the not to exceed amount of \$100,000 for a single project, the not to exceed sum of \$500,000 for all projects performed, and the option to renew for two additional one-year terms.

g. Notwithstanding any contrary provision of law or this act, delegations of authority in this act to the Governor shall apply only to agencies and personnel within the Executive Department, unless specifically stated otherwise.

h. This section shall not apply to public institutions of higher education governed by Chapters 933 and 943 of the 2006 Acts of Assembly.

The appropriation shall be in accordance with the terms and conditions set forth in a memorandum of understanding between a qualified manufacturer and the Commonwealth. These terms and conditions shall supplement the provisions of the Semiconductor Manufacturing Performance Grant Program, the Semiconductor Memory or Logic Wafer Manufacturing Performance Grant Program, and the Semiconductor Memory or Logic Wafer Manufacturing Performance Grant Program II, as applicable, and shall include but not be limited to the numbers and types of semiconductor wafers that are produced; the level of investment directly related to the building and equipment for manufacturing of wafers or activities ancillary to or supportive of such manufacturer within the eligible locality; and the direct employment related to these programs. To that end, the Secretary of Commerce and Trade shall certify in writing to the Governor and to the Chairmen of the House Appropriations and Senate Finance Committees the extent to which a qualified manufacturer met the terms and conditions. The appropriation shall be made in full or in proportion to a qualified manufacturer's fulfillment of the memorandum of understanding.

b. The Governor shall consult with the House Appropriations and Senate Finance Committees before amending any existing memorandum of understanding. These Committees shall have the opportunity to review any changes prior to their execution by the Commonwealth.

Each agency shall maintain records as to the calculation of meal charges and revenues collected. Except where appropriations for operation of the food service are from nongeneral funds, all revenues received from such charges shall be paid directly and promptly into the general fund. In exceptional circumstances, which shall be documented as being in the best interest of the Commonwealth by the agency requesting an exception, the Director, Department of General Services may waive the requirement for collection of fees.

2. All revenues received from housing fees shall be promptly deposited in the state treasury. For housing for which operating expenses or rent are financed by general fund appropriations, such revenues shall be deposited to the credit of the general fund. In such cases, the individual employee parking fee shall not be less than that paid by employees parking in Department of General Services parking facilities at the Seat of Government. The Director, Department of General Services may amend or waive the fee requirement for good cause. e. Prior to implementing any Executive Department hiring freeze, the Governor shall consider the needs of the Commonwealth in regards to the safe and efficient operation of state facilities and performance of essential services to include the exemption of certain positions assigned to agencies and institutions that provide services pertaining to public safety and public health from such hiring freezes.

f.1. Full-time, part-time, wage or contractual state employees assigned to the Governor's Cabinet Secretaries from agencies and institutions under their control for the purpose of carrying out temporary assignments or projects may not be so assigned for a period exceeding 180 days in any calendar year. The permanent transfer of positions from an agency or institution to the Offices of the Secretaries, or the temporary assignment of agency or institutional employees to the Offices of the Secretaries for periods exceeding 180 days in any calendar year regardless of the separate or discrete nature of the projects, is prohibited without the prior approval of the General Assembly.

2. Not more than three positions in total, as described in subsection 1 hereof, may be assigned at any time to the Office of any Cabinet Secretary, unless specifically approved in writing by the Governor. § 4-9.02 ASSESSMENT OF INSTITUTIONAL PERFORMANCE

Consistent with § 23-9.6:1.01, Code of Virginia, the following education-related and financial and administrative management measures shall be the basis on which the State Council of Higher Education shall annually assess and certify institutional performance. Such certification shall be completed and forwarded in writing to the Governor and the General Assembly no later than ~~June 1 of each year~~ *October 1 of each even-numbered year*. Institutional performance on measures set forth in paragraph D of this section shall be evaluated year-to-date by the Secretaries of Finance, Administration, and Technology as appropriate, and communicated to the State Council of Higher Education before ~~June 1 of each year~~ *October 1 of each even-numbered year*. Financial benefits provided to each institution in accordance with § 2.2-5005 will be evaluated in light of that institution's performance.

~~In general, institutions are expected to achieve their agreed upon targets and standards on all performance measures in order to be certified by SCHEV. However, the State Council, in working with each institution, shall establish a threshold of permitted variance from targets for each education-related measure, as appropriate. The Council shall review and, if in agreement, approve institutional targets and thresholds.~~

In general, institutions are expected to achieve all performance measures in order to be certified by SCHEV, but it is understood that there can be circumstances beyond an institution's control that may prevent achieving one or more performance measures. The Council shall consider, in consultation with each institution, such factors in its review: (1) institutions meeting all performance measures will be certified by the Council and recommended to receive the financial benefits, (2) institutions that do not meet all performance measures will be evaluated by the Council and the Council may take one or more of the following actions: (a) request the institution provide a remediation plan and recommend that the Governor withhold release of financial benefits until Council review of the remediation plan or (b) recommend that the Governor withhold all or part of financial benefits.

Further, the State Council shall have broad authority to certify institutions as having met the standards on education-related measures. The State Council shall likewise have the authority to exempt institutions from certification on education-related measures that the State Council deems unrelated to an institution's mission or unnecessary given the institution's level of performance.

The State Council may develop, adopt, and publish standards for granting exemptions and ongoing modifications to the certification process.
