112 Fund Sources: General (\$30,000,000) (\$30,000,000)

113 Authority: Discretionary Inclusion.

114 A. To accomplish savings estimated at \$30,000,000 the first year and \$30,000,000 the second year,
 115 the Department of Planning and Budget is hereby authorized to transfer to this Item from the general
 116 fund appropriation for state aid to local government programs or receive reimbursement payments in a
 117 manner that provides localities flexibility in how such savings are implemented.

118 B. The Director of the Department of Planning and Budget shall provide the chief operating officer
 119 of each city and county in the Commonwealth a list of certain state aid to local government programs
 120 along with an estimate of the general fund amount for each program that each county and city could
 121 expect to receive from the state during each year of the biennium. The total amount listed for these
 122 programs will serve as the basis for calculating the savings apportioned to each city and county for this
 123 Item. The pro rata savings apportionment will be equal to the percentage of the aggregate general fund
 124 amount for all of these state aid programs in each city and county, with such savings totaling
 125 \$30,000,000 the first year and \$30,000,000 the second year.

126 C. Each city and county in the Commonwealth shall have flexibility in determining how it will
 127 implement the savings apportioned to it. Each city and county can choose to (i) take the total savings
 128 out of one program included on the list provided by the Department of Planning and Budget, (ii) reduce
 129 multiple state aid programs on a proportional basis or by a specified percentage reduction, or (iii)
 130 reimburse the Commonwealth in aggregate for its share of the savings, thereby keeping the state aid
 131 programs at an unreduced level. Each locality may also use option (iii) in combination with option (i)
 132 or (ii). The governing body of each city and county shall make its selection and certify its choice to the
 133 Director, Department of Planning and Budget, within 30 days of receipt of the savings amount
 134 apportioned to it from the Department of Planning and Budget. Within 10 days of receipt, the Director
 135 of the Department of Planning and Budget shall review such certification for accuracy to ascertain that
 136 the required savings amount apportioned to the city or county is obtainable using the selected option(s)
 137 submitted on the certification. Unless the Director of the Department of Planning and Budget finds a
 138 certification to include savings that are not obtainable or sustainable, the certification shall be approved
 139 and implemented without further delay. In the event that a city or county has not submitted or obtained
 140 an approved certification by January 1, 2015, the Director of the Department of Planning and Budget is
 141 hereby authorized to withhold an amount equivalent to the savings amount apportioned to the affected
 142 city or county from the aid to local government programs that the Director determines are most
 143 discretionary and represent general purpose aid to the local government in question before he begins to
 144 withhold any funds from categorical grants serving a particular functional area or public service.

145 D. The savings in state aid to local government programs identified by each city or county on its
 146 approved certification (or by the Director of the Department of Planning and Budget in absence of an
 147 approved certification) shall be transferred from the other items where such amounts are appropriated
 148 in this act to offset the reversion amount listed in this Item. Payments from local governments electing
 149 to use option (iii) in Paragraph C. shall be deposited to a suspense account which shall be administered
 150 pursuant to § 3-1.03 Part 3.

 196 provided that such actions do not conflict with the provisions of § 4-1.02 of this act.

197 C. Any nongeneral fund appropriation change or changes in the appropriation of agency authorized
 198 positions required to implement the savings enumerated in this Item are hereby authorized.
