23	Authority: §§ 53.1-83.1, 53.1-84 and 53.1-85, Code of Virginia.				
24	A. In the event the appropriation in this Item proves to be insufficient to fund all of its				
25	provisions, any amount remaining as of June 1, 2019, and June 1, 2020, may be reallocated				
26	among localities on a pro rata basis according to such deficiency.				
27	B. For the purposes of this Item, the following definitions shall be applicable:				
28	1. Effective sentence--a convicted offender's sentence as rendered by the court less any				
29	portion of the sentence suspended by the court.				
30	2. Local responsible inmate--(a) any person arrested on a state warrant and incarcerated in a

38	sentences for felonies, committed before January 1, 1995, is more than two years.				
39	C. The individual or entity responsible for operating any facility which receives funds from				
40	this Item may, if requested by the Department of Corrections, enter into an agreement with the				
41	department to accept the transfer of convicted felons, from other local facilities or from				
42	facilities operated by the Department of Corrections. In entering into any such agreements, or				
43	in effecting the transfer of offenders, the Department of Corrections shall consider the				
44	security requirements of transferred offenders and the capability of the local facility to				
45	maintain such offenders. For purposes of calculating the amount due each locality, all funds				
46	earned by the locality as a result of an agreement with the Department of Corrections shall be				
47	included as receipts from these appropriations.				
48	D. Out of this appropriation, an amount not to exceed \$377,010 the first year and \$377,010

1	incarceration program operated by, or under the authority of, the sheriff or jail board:				
2	1. For local responsible inmates--\$4 per inmate day, or, if the inmate is housed and				
3	maintained in a jail farm not under the control of the sheriff, the rate shall be \$18 per				
4	inmate day.				
5	2. For state responsible inmates--\$12 per inmate day.				
6	F. For the payment specified in paragraph E 1 of this Item for prisoners in alternative				
7	punishment or alternative to incarceration programs:				
8	1. Such payment is intended to be made for prisoners that would otherwise be housed in a				
9	local correctional facility. It is not intended for prisoners that would otherwise be				
10	sentenced to community service or placed on probation.				
11	2. No such payment shall be made unless the program has been approved by the				
12	Department of Corrections or the Department of Criminal Justice Services. Alternative				
13	punishment or alternative to incarceration programs, however, may include supervised				
14	work experience, treatment, and electronic monitoring programs.				
15	G.1. Except as provided for in paragraph G 2, and notwithstanding any other provisions of				
16	this Item, the Compensation Board shall provide payment to any locality with an average				
17	daily jail population of under ten in FY 1995 an inmate per diem rate of \$18 per day for				
18	local responsible inmates and \$12 per day for state responsible inmates held in these jails				
19	in lieu of personal service costs for corrections' officers.				
20	2. Any locality covered by the provisions of this paragraph shall be exempt from the				
21	provisions thereof provided that the locally elected sheriff, with the assistance of the				
22	Compensation Board, enters into good faith negotiations to house his prisoners in an				
23	existing local or regional jail. In establishing the per diem rate and capital contribution, if				
24	any, to be charged to such locality by a local or regional jail, the Compensation Board and				
25	the local sheriff or regional jail authority shall consider the operating support and capital				
26	contribution made by the Commonwealth, as required by §§ 15.2-1613 , 15.2-1615.1 , 53.1-				
27	80 , and 53.1-81 , Code of Virginia. The Compensation Board shall report periodically to				
28	the Chairmen of the House Appropriations and Senate Finance Committees on the				
29	progress of these negotiations and may withhold the exemption granted by this paragraph				
30	if, in the board's opinion, the local sheriff fails to negotiate in good faith.				
31	H.1. The Compensation Board shall recover the state-funded costs associated with housing				
32	federal inmates, District of Columbia inmates or contract inmates from other states. The				
33	Compensation Board shall determine, by individual jail, the amount to be recovered by the				
34	Commonwealth by multiplying the jail's current inmate days for this population by the				
35	proportion of the jail's per inmate day salary funds provided by the Commonwealth, as				
36	identified in the most recent Jail Cost Report prepared by the Compensation Board.				
37	Beginning July 1, 2009, the Compensation Board shall determine, by individual jail, the				
38	amount to be recovered by the Commonwealth by multiplying the jail's current inmate				
39	days for this population by the proportion of the jail's per inmate day operating costs				
40	provided by the Commonwealth, excluding payments otherwise provided for in this Item,				
41	as identified in the most recent Jail Cost Report prepared by the Compensation Board. If a				
42	jail is not included in the most recent Jail Cost Report, the Compensation Board shall use				
43	the statewide average of per inmate day salary funds provided by the Commonwealth.				
44	2. The Compensation Board shall deduct the amount to be recovered by the				
45	Commonwealth from the facility's next quarterly per diem payment for state-responsible				
46	and local-responsible inmates. Should the next quarterly per diem payment owed the				
47	locality not be sufficient against which to net the total quarterly recovery amount, the				
48	locality shall remit the remaining amount not recovered to the Compensation Board.				
49	3. Any local or regional jail which receives funding from the Compensation Board shall				
50	give priority to the housing of local-responsible, state-responsible, and state contract				
51	inmates, in that order, as provided in paragraph H 1.				
52	4. The Compensation Board shall not provide any inmate per diem payments to any local				
53	or regional jail which holds federal inmates in excess of the number of beds contracted for				
54	with the Department of Corrections, unless the Director, Department of Corrections,

1	certifies to the Chairman of the Compensation Board that a) such contract beds are not				
2	required; b) the facility has operational capacity built under contract with the federal				
3	government; c) the facility has received a grant from the federal government for a portion of				
4	the capital costs; or d) the facility has applied to the Department of Corrections for				
5	participation in the contract bed program with a sufficient number of beds to meet the				
6	Department of Corrections' need or ability to fund contract beds at that facility in any given				
7	fiscal year.				
8	5. The Compensation Board shall apply the cost recovery methodology set out in paragraph H				
9	1 of this Item to any jail which holds inmates from another state on a contractual basis.				
10	However, recovery in such circumstances shall not be made for inmates held pending				
11	extradition to other states or pending transfer to the Virginia Department of Corrections.				
12	6. The provisions of this paragraph shall not apply to any local or regional jail where the				
13	cumulative federal share of capital costs exceeds the Commonwealth's cumulative capital				
14	contribution.				
15	7. For a local or regional jail which operates bed space specifically built utilizing federal				
16	capital or grant funds for the housing of federal inmates and for which Compensation Board				
17	funding has never been authorized for staff for such bed space, the Compensation Board shall				
18	allow an exemption from the recovery provided in paragraph H.1. for a defined number of				
19	federal prisoners upon certification by the sheriff or superintendent that the federal				
20	government has paid for the construction of bed space in the facility or provided a grant for a				
21	portion of the capital cost. Such certification shall include specific funding amounts paid by				
22	the federal government, localities, and/or regional jail authorities, and the Commonwealth for				
23	the construction of bed space specifically built for the housing of federal inmates and for the				
24	construction of the jail facility in its entirety. The defined number of federal prisoners to be				
25	exempted from the recovery provided in paragraph H.1. shall be based upon the proportion of				
26	funding paid by the federal government and localities and/or regional jail authorities for the				
27	construction of bed space to house federal prisoners to the total funding paid by all sources,				
28	including the Commonwealth, for all construction costs for the jail facility in its entirety.				
29	8. Beginning March 1, 2013, federal inmates placed in the custody of a regional jail pursuant				
30	to a work release program operated by the federal Bureau of Prisons shall be exempt from the				
31	recovery of costs associated with housing federal inmates pursuant to paragraph H.1. of this				
32	item if such federal inmates have been assigned by the federal Bureau of Prisons to a home				
33	electronic monitoring program in place for such inmates by agreement with the jail on or				
34	before January 1, 2012 and are not housed in the jail facility. However, no such exemption				
35	shall apply to any federal inmate while they are housed in the regional jail facility.				
36	I. Any amounts in the program Financial Assistance for Confinement of Inmates in Local and				
37	Regional Facilities, may be transferred between Items 66 and 67, as needed, to cover any				
38	deficits incurred in the programs Financial Assistance for Sheriffs' Offices and Regional Jails				
39	and Financial Assistance for Confinement of Inmates in Local and Regional Facilities.				
40	J.1. The Compensation Board shall provide an annual report on the number and diagnoses of				
41	inmates with mental illnesses in local and regional jails, the treatment services provided, and				
42	expenditures on jail mental health programs. The report shall be prepared in cooperation with				
43	the Virginia Sheriffs Association, the Virginia Association of Regional Jails, the Virginia				
44	Association of Community Services Boards, and the Department of Behavioral Health and				
45	Developmental Services, and shall be coordinated with the data submissions required for the				
46	annual jail cost report. Copies of this report shall be provided by November 1 of each year to				
47	the Governor, Director, Department of Planning and Budget, and the Chairmen of the Senate				
48	Finance and House Appropriations Committees.				
49	2. Whenever a person is admitted to a local or regional correctional facility, the staff of the				
50	facility shall screen such person for mental illness using a scientifically validated instrument.				
51	The Commissioner of Behavioral Health and Developmental Services shall designate the				
52	instrument to be used for the screenings and such instrument shall be capable of being				
53	administered by an employee of the local or regional correctional facility, other than a health				
54	care provider, provided that such employee is trained in the administration of such instrument.				
55	K. Out of the amounts appropriated in this item, \$100,000 the first year and \$100,000 the				
56	second year from the general fund is provided for the purpose of reimbursing the County of

4	to demonstrated costs incurred by the County of Nottoway for confinement of these				
5	individuals, and shall not exceed the amounts provided in this paragraph for each fiscal				
6	year. Reimbursement of demonstrated costs in the first year may include expenses

7	pursuant to §§ 15.2-1627.1, 15.2-1628, 15.2-1629, 15.2-1630 or § 15.2-1631, Code of			
8	Virginia, shall receive salaries as if they served localities with populations between 35,000			
9	and 44,999.			
10	3. Whenever an attorney for the Commonwealth is such for a county and city together, or for			
11	two or more cities, the aggregate population of such political subdivisions shall be the			
12	population for the purpose of arriving at the salary of such attorney for the Commonwealth			
13	under the provisions of this paragraph and such attorney for the Commonwealth shall receive			
14	as additional compensation the sum of one thousand dollars.			
15	B. No expenditure shall be made out of this Item for the employment of investigators, clerk-			
16	investigators or other investigative personnel in the office of an attorney for the			
17	Commonwealth.			
18	C. Consistent with the provisions of § 19.2-349, Code of Virginia, attorneys for the			
19	Commonwealth may, in addition to the options otherwise provided by law, employ			
20	individuals to assist in collection of outstanding fines, costs, forfeitures, penalties, and			
21	restitution. Notwithstanding any other provision of law, beginning on the date upon which the			
22	order or judgment is entered, the costs associated with employing such individuals may be			
23	paid from the proceeds of the amounts collected provided that the cost is apportioned on a pro			
24	rata basis according to the amount collected which is due the state and that which is due the			
25	locality. The attorneys for the Commonwealth shall account for the amounts collected and			
26	apportion costs associated with the collections consistent with procedures issued by the			
27	Auditor of Public Accounts.			
28	D. The provisions of this act notwithstanding, no Commonwealth's attorney, public defender			
29	or employee of a public defender, shall be paid or receive reimbursement for the state portion			
30	of a salary in excess of the salary paid to judges of the circuit court. Nothing in this paragraph			
31	shall be construed to limit the ability of localities to supplement the salaries of locally elected			
32	constitutional officers or their employees.			
33	E. The Statewide Juvenile Justice project positions, as established under the provisions of			
34	Item 74 E, of Chapter 912, 1996 Acts of Assembly, and Chapter 924, 1997 Acts of Assembly,			
35	are continued under the provisions of this act. The Commonwealth's attorneys receiving such			
36	positions shall annually certify to the Compensation Board that the positions are used			
37	primarily, if not exclusively, for the prosecution of delinquency and domestic relations felony			
38	cases, as defined by Chapters 912 and 924. In the event the positions are not primarily or			
39	exclusively used for the prosecution of delinquency and domestic relations felony cases, the			
40	Compensation Board shall reallocate such positions by using the allocation provisions as			
41	provided for the board in Item 74 E of Chapters 912 and 924.			
42	F. The Compensation Board shall monitor the Department of Taxation program regarding the			
43	collection of unpaid fines and court costs by private debt collection firms contracted by			
44	Commonwealth's attorneys and shall include, in its annual report to the General Assembly on			
45	the collection of court-ordered fines and fees for clerks of the courts and Commonwealth's			
46	attorneys, the amount of unpaid fines and costs collected by this program.			
47	G. Out of this appropriation, \$389,165 the first year and \$389,165 the second year from the			
48	general fund is designated for the Compensation Board to fund five additional positions in

50	criminal activities. The board shall ensure that these positions work across jurisdictional lines,			
51	serving the Northern Virginia area (counties of Fairfax, Loudoun, Prince William, and			
52	Arlington and the cities of Falls Church, Alexandria, Manassas, Manassas Park and Fairfax).			
53	H. In accordance with the provisions of § 19.2-349, Code of Virginia, attorneys for the

1	agencies, or other state or local agencies, to assist in collection of delinquent fines, costs,				
2	forfeitures, penalties, and restitution. If the attorney for the Commonwealth employs				
3	individuals, the costs associated with employing such individuals may be paid from the				
4	proceeds of the amounts collected provided that the cost is apportioned on a pro rata basis				
5	according to the amount collected which is due the state and that which is due the locality.				
6	If the attorney for the Commonwealth does not undertake collection, the attorney for the				
7	Commonwealth shall, as soon as practicable, take steps to ensure that any agreement or				
8	contract with an individual, attorney or agency complies with the terms of the current				
9	Master Guidelines Governing Collection of Unpaid Delinquent Court-Ordered Fines and				
10	Costs Pursuant to Virginia Code § 19.2-349 promulgated by the Office of the Attorney				
11	General, the Executive Secretary of the Supreme Court, the Department of Taxation, and				
12	the Compensation Board ("the Master Guidelines"). Notwithstanding any other provision				
13	of law, the delinquent amounts owed shall be increased by seventeen (17) percent to help				
14	offset the costs associated with employing such individuals or contracting with such				
15	agencies or individuals. If such increase would exceed the contracted collection agent's				
16	fee, then the delinquent amount owed shall be increased by the percentage or amount of				
17	the collection agent's fee. Effective July 1, 2015, as provided in § 19.2-349, Code of				
18	Virginia, treasurers not being compensated on a contingency basis as of January 1, 2015				
19	shall be prohibited from being compensated on a contingency basis but shall instead be				
20	compensated for administrative costs pursuant to § 58.1-3958, Code of Virginia.				
21	Treasurers currently collecting a contingency fee shall be eligible to contract on a				
22	contingency fee basis. Effective July 1, 2015, any treasurer collecting a contingency fee				
23	shall retain only the expenses of collection, and the excess collection shall be divided				
24	between the state and the locality in the same manner as if the collection had been done by				
25	the attorney for the Commonwealth. The attorneys for the Commonwealth shall account				
26	for the amounts collected and the fees and costs associated with the collections consistent				
27	with procedures issued by the Auditor of Public Accounts.				
28	I. Notwithstanding the provisions of Article 7, Chapter 4, Title 38, Code of Virginia,				
29	beginning July 1, 2018, \$600,000 each year from the Insurance Fraud Fund is included in				
30	this appropriation to fund multi-jurisdictional Assistant Commonwealth's Attorney				
31	positions that shall be dedicated to prosecuting insurance fraud and related criminal				
32	activities. The Department of State Police shall identify those jurisdictions most affected				
33	by insurance fraud based upon data provided by the Virginia State Police Insurance Fraud				
34	Program. The Virginia State Police Insurance Fraud Program shall ensure that these				
35	positions work across jurisdictional lines, serving jurisdictions identified as most in need				
36	of these resources as supported by data. These funds shall remain unallocated until the				
37	Compensation Board and Virginia State Police notify the Director of the Department of				
38	Planning and Budget of the joint agreements reached with the Commonwealth's Attorneys				
39	of the jurisdictions receiving the additional Assistant Commonwealth's Attorney positions				
40	and the jurisdictions to be served by these positions. The Commonwealth's Attorneys				
41	receiving such positions shall annually certify to the Compensation Board that these				
42	positions are used primarily, if not exclusively, for the prosecution of insurance fraud and				
43	related criminal activities.				
44	<i>J. The appropriations in this item includes \$1,471,228 the second year from the general</i>				
45	<i>fund to fund approximately twenty percent of the unfunded positions needed based on the</i>				
46	<i>fiscal year 2019 staffing standards calculation.</i>				
47	<i>K. Any locality in the Commonwealth that employs the use of body worn cameras for its</i>

50	<i>by the Compensation Board for an entry-level Commonwealth's Attorney, at a rate of one</i>				
51	<i>Assistant Commonwealth's Attorney for up to 75 body worn cameras employed for use by</i>				
52	<i>local law enforcement officers, and one Assistant Commonwealth's Attorney for every 75</i>				
53	<i>body worn cameras employed for use by local law enforcement officers, thereafter.</i>				
54	<i>However, with the consent of the Commonwealth's Attorney, a locality may provide their</i>				
55	<i>Commonwealth's Attorney's office with additional funding, using a different formula than</i>				
56	<i>stated above, as needed to accommodate the additional workload resulting from the</i>				
57	<i>requirement to review, redact and present footage from body worn cameras. If, as of July</i>				
58	<i>1, 2019, a locality is providing additional funding to the Commonwealth's Attorney's office</i>

3	body to fix the compensation of the clerk on a salary basis, such clerk shall receive such				
4	salary as shall be allowed by the governing body. Such salary shall not be fixed at an				
5	amount less than the amount that would be allowed the clerk under paragraphs A 1

32	equal to 100 percent of each locality's share of the insurance premium paid by the				
33	Compensation Board on behalf of the constitutional officers, directors of finance, and regional				
34	jails. From sheriffs and regional jails, the Compensation Board shall deduct an additional

1	H. a. Out of this appropriation, \$1,350,000 the first year and \$1,350,000 the second year				
2	from the general fund is provided through the Department of Education to the University				
3	of Virginia to continue statewide implementation of the Virginia Kindergarten Readiness				
4	Program conducted in the fall, and to develop and implement a post-assessment upon the				
5	conclusion of the kindergarten year.				
6	b. The Department of Education shall coordinate with the University of Virginia's Center				
7	for Advanced Study of Teaching and Learning to ensure that all school divisions shall be				
8	required to have their kindergarten students assessed during the school year using the				
9	multi-dimensional kindergarten readiness assessment model no later than by the end of the				
10	school year 2019-2020, and annually thereafter. All school divisions shall be required to				
11	have their kindergarten students assessed with such model.				
12	c. Further, out of this appropriation, \$100,000 the first year and \$100,000 the second year

16	practices and student learning. Such teacher focused professional development and				
17	training shall be prioritized for the school divisions that would most benefit from state				
18	assistance in order to provide more time for classroom instruction and student learning.				
19	d. The Department and the University of Virginia's Center for Advanced Study of				
20	Teaching and Learning shall use the results of the multi-dimensional Virginia

31	The findings of the workgroup shall be provided by October 15, 2018, to the Joint				
32	Subcommittee on the Virginia Preschool Initiative, and shall articulate the potential for				
33	existing but underutilized appropriations including, but not limited to, unused Virginia				
34	Preschool Initiative funds and TANF, and other funds to support administrative costs that				
35	would assist with more fully drawing down federal CACFP funds. The purpose of the				
36	Integrated Early Childhood Fund shall be to more feasibly implement the cohesive and

11	5-21 and (2) students for whom English is a second language who entered school for the first				
12	time after reaching their twelfth birthday, and who have not reached twenty-two years of age				
13	on or before August 1 of the school year, for the first seven (7) months (or equivalent period)				
14	of the school year through March 31 in which state funds are distributed from this				
15	appropriation. Preschool and postgraduate students shall not be included in March 31 ADM.				
16	a. School divisions shall take a count of September 30 fall membership and report this				
17	information to the Department of Education no later than October 15 of each year.				
18	b. Except as otherwise provided herein, by statute, or by precedent, all appropriations to the				
19	Department of Education shall be calculated using March 31 ADM unadjusted for half-day				
20	kindergarten programs, estimated at 1,252,433.60 1,245,570.50 the first year and				
21	1,257,772.90 1,248,165.55 the second year. March 31 ADM for half-day kindergarten shall be

28	the funded fall membership and March 31 ADM of the responsible school division. Each				
29	course shall be counted as 0.25, up to a cap of 0.5 of a student.				
30	d. Students enrolled in an Individualized Student Alternative Education Program (ISAEF)

34	2. "Standards of Quality" - Operations standards for grades kindergarten through 12 as				
35	prescribed by the Board of Education subject to revision by the General Assembly.				
36	3.a. "Basic Operation Cost" - The cost per pupil, including provision for the number of				
37	instructional personnel required by the Standards of Quality for each school division with a				
38	minimum ratio of 51 professional personnel for each 1,000 pupils or proportionate number

51	4.a. "Composite Index of Local Ability-to-Pay" - An index figure computed for each locality.				

ITEM 136.		Item Details(\$)		Appropriations(\$)	
		First Year FY2019	Second Year FY2020	First Year FY2019	Second Year FY2020
1	The composite index is the sum of 2/3 of the index of wealth per pupil in unadjusted March 31 ADM reported for the first seven (7) months of the 2015-2016 school year and 1/3 of the index of wealth per capita (population estimates for 2015 as determined by the Weldon Cooper Center for Public Service of the University of Virginia) multiplied by the local nominal share of the costs of the Standards of Quality of 0.45 in each year. The indices of wealth are determined by combining the following constituent index elements with the indicated weighting: (1) true values of real estate and public service corporations as reported by the State Department of Taxation for the calendar year 2015 - 50 percent; (2) adjusted gross income for the calendar year 2015 as reported by the State Department of Taxation - 40 percent; (3) the sales for the calendar year 2015 which are subject to the state general sales and use tax, as reported by the State Department of Taxation - 10 percent. Each constituent index element for a locality is its sum per March 31 ADM, or per capita, expressed as a percentage of the state average per March 31 ADM, or per capita, for the same element. A locality whose composite index exceeds 0.8000 shall be considered as having an index of 0.8000 for purposes of distributing all payments based on the composite index of local ability-to-pay. Each constituent index element for a locality used to determine the composite index of local ability-to-pay for the current biennium shall be the latest available data for the specified official base year provided to the Department of Education by the responsible source agencies no later than November 15, 2017.

For any locality whose total calendar year 2015 Virginia Adjusted Gross Income is comprised of at least 3 percent or more by nonresidents of Virginia, such nonresident income shall be excluded in computing the composite index of ability-to-pay. The Department of Education shall compute the composite index for such localities by using adjusted gross income data which exclude nonresident income, but shall not adjust the composite index of any other localities. The Department of Taxation shall furnish to the Department of Education such data as are necessary to implement this provision.

28	c.1) Notwithstanding the funding provisions in § 22.1-25 D, Code of Virginia, additional state funding for future consolidations shall be as set forth in future Appropriation Acts.

30	2) In the case of the consolidation of Clifton Forge and Alleghany County school divisions, the fifteen year period for the application of a new composite index shall apply beginning with the fiscal year that starts on July 1, 2004. The composite index established by the Board of Education shall equal the lowest composite index that was in effect prior to July 1, 2004, of any individual localities involved in such consolidation, and this index shall remain in effect for a period of fifteen years, unless a lower composite index is calculated for the combined division through the process for computing an index as set forth above.

Such reduction shall be based on the interest rate that would apply at the time of such adjustment. This rate shall remain in effect for the duration of the loan and shall apply only to those years remaining to be paid.

No adjustment during the biennium will be made as a result of updating of data used in a constituent index element.

3	schools are defined as any elementary, middle, or high school with enrollment below 200, 300				
4	and 400 students, respectively.				
5	5. "Required Local Expenditure for the Standards of Quality" - The locality's share based on				
6	the composite index of local ability-to-pay of the cost required by all the Standards of Quality				
7	minus its estimated revenues from the state sales and use tax dedicated to public education				
8	and those sales tax revenues transferred to the general fund from the Public Education				
9	Standards of Quality/Local Real Estate Property Tax Relief Fund and appropriated in this

11	population provided by the Weldon Cooper Center for Public Service, as specified in this				
12	Item, collected by the Department of Education and distributed to school divisions in the				
13	fiscal year in which the school year begins.				
14	6. "Required Local Match" - The locality's required share of program cost based on the				
15	composite index of local ability-to-pay for all Lottery and Incentive programs, where				
16	required, in which the school division has elected to participate in a fiscal year.				
17	7. "Planning District Eight" - The nine localities which comprise Planning District Eight are				
18	Arlington County, Fairfax County, Loudoun County, Prince William County, Alexandria				
19	City, Fairfax City, Falls Church City, Manassas City, and Manassas Park City.				
20	8. "State Share of the Standards of Quality" - The state share of the Standards of Quality				
21	(SOQ) shall be equal to the total funded SOQ cost for a school division less the school				
22	division's estimated revenues from the state sales and use tax dedicated to public education				
23	based on the latest yearly estimate of school age population provided by the Weldon Cooper				
24	Center for Public Service, adjusted for the state's share of the composite index of local ability				
25	to pay.				
26	9. Entitlements under this Item that use school-level or division-level Free Lunch eligibility				
27	percentages to determine the entitlement amounts are based on the most recent data available				
28	as of the biennial rebenchmarking calculations made for the current biennium. For schools				
29	that participate in the Community Eligibility Provision program, such entitlements are based				
30	on the most recent Free Lunch eligibility data available prior to that school's enrollment in the				
31	Community Eligibility Provision program.				
32	10. In the event that the general fund appropriations in this Item are not sufficient to meet the				
33	entitlements payable to school divisions pursuant to the provisions of this Item, the				
34	Department of Education is authorized to transfer any available general fund funds between				
35	these Items to address such insufficiencies. If the total general fund appropriations after such				
36	transfers remain insufficient to meet the entitlements of any program funded with general				
37	fund dollars, the Department of Education is authorized to prorate such shortfall				
38	proportionately across all of the school divisions participating in any program where such				
39	shortfall occurred. In addition, the Department of Education is authorized each year to				
40	temporarily suspend textbook payments made to school divisions from Lottery funds to				
41	ensure that any shortfall in Lottery revenue can be accounted for in the remaining textbook				
42	payments to be made for the year.				
43	11. The Department of Education is directed to apply a cap on inflation rates in the same				
44	manner prescribed in § 51.1-166.B, Code of Virginia, when updating funding to school				
45	divisions during the biennial rebenchmarking process.				
46	12. Notwithstanding any other provision in statute or in this Item, the Department of				
47	Education is directed to combine the end-of-year Average Daily Membership (ADM) for				
48	those school divisions who have partnered together as a fiscal agent division and a contractual				
49	division for the purposes of calculating prevailing costs included in the Standards of Quality				
50	(SOQ).				
51	13. Notwithstanding any other provision in statute or in this Item, the Department of				
52	Education is directed to include zeroes in the linear weighted average calculation of support

25	librarians and guidance counselors staffing ratios for new hires are waived.				
26	18. To provide additional flexibility, notwithstanding the provisions of § 22.1-79.1, Code				
27	of Virginia, any school division that was granted a waiver regarding the opening date of				
28	the school year for the 2011-2012 school year under the good cause requirements shall				
29	continue to be granted a waiver for the 2018-2019 school year and the 2019-2020 school				
30	year.				
31	B. General Conditions				
32	1. The Standards of Quality cost in this Item related to fringe benefits shall be limited for				
33	instructional staff members to the employer's cost for a number not exceeding the number				
34	of instructional positions required by the Standards of Quality for each school division and				
35	for their salaries at the statewide prevailing salary levels as printed below.

46	composite index.				
47	2) A locality whose composite index exceeds 0.8000 shall be considered as having an				
48	index of 0.8000 for purposes of distributing fringe benefit funds under this provision.				
49	3) The state payment to each school division for retirement, social security, and group life

2	c. Payments for health insurance fringe benefits are included in and distributed through Basic				
3	Aid.				
4	2. Each locality shall offer a school program for all its eligible pupils which is acceptable to				
5	the Department of Education as conforming to the Standards of Quality program				
6	requirements.				
7	3. In the event the statewide number of pupils in March 31 ADM results in a state share of				
8	cost exceeding the general fund appropriation in this Item, the locality's state share of Basic				
9	Aid shall be reduced proportionately so that this general fund appropriation will not be				
10	exceeded. In addition, the required local share of Basic Aid shall also be reduced				
11	proportionately to the reduction in the state's share.				
12	4. The Department of Education shall make equitable adjustments in the computation of				
13	indices of wealth and in other state-funded accounts for localities affected by annexation,				
14	unless a court of competent jurisdiction makes such adjustments. However, only the indices of				
15	wealth and other state-funded accounts of localities party to the annexation will be adjusted.				
16	5. In the event that the actual revenues from the state sales and use tax dedicated to public				
17	education and those sales tax revenues transferred to the general fund from the Public				
18	Education Standards of Quality/Local Real Estate Property Tax Relief Fund and appropriated				
19	in this Item (both of which are returned on the basis of the latest yearly estimate of school age				
20	population provided by the Weldon Cooper Center for Public Service) for sales in the fiscal				
21	year in which the school year begins are different from the number estimated as the basis for				
22	this appropriation, the estimated state sales and use tax revenues shall not be adjusted.				
23	6. This appropriation shall be apportioned to the public schools with guidelines established by				
24	the Department of Education consistent with legislative intent as expressed in this act.				
25	7.a. Appropriations of state funds in this Item include the number of positions required by the				
26	Standards of Quality. This Item includes a minimum of 51 professional instructional positions				
27	and aide positions (C 5); Education of the Gifted, 1.0 professional instructional position (C 6);				
28	Occupational-Vocational Education Payments and Special Education Payments; a minimum				
29	of 6.0 professional instructional positions and aide positions (C 7 and C 8) for each 1,000				
30	pupils in March 31 ADM each year in support of the current Standards of Quality. Funding in				
31	support of one hour of additional instruction per day based on the percent of students eligible				
32	for the federal free lunch program with a pupil-teacher ratio range of 18:1 to 10:1, depending				
33	upon a school division's combined failure rate on the English and Math Standards of				
34	Learning, is included in Remedial Education Payments (C 9).				
35	b. No actions provided in this section signify any intent of the General Assembly to mandate				
36	an increase in the number of instructional personnel per 1,000 students above the numbers				
37	explicitly stated in the preceding paragraph.				
38	c. Appropriations in this Item include programs supported in part by transfers to the general				
39	fund from the Public Education Standards of Quality/Local Real Estate Property Tax Relief				
40	Fund pursuant to Part 3 of this Act. These transfers combined together with other				
41	appropriations from the general fund in this Item funds the state's share of the following				
42	revisions to the Standards of Quality pursuant to Chapters 939 & 955 of the Acts of Assembly				
43	of 2004: five elementary resource teachers per 1,000 students; one support technology				
44	position per 1,000 students; one instructional technology position per 1,000 students; and a				
45	full daily planning period for teachers at the middle and high school levels in order to relieve				
46	the financial pressure these education programs place on local real estate taxes.				
47	d. To provide flexibility, school divisions may use the state and local funds for instructional				
48	technology resource teachers required by the Standards of Quality to employ a data				
49	coordinator position, an instructional technology resource teacher position, or a data				
50	coordinator/instructional resource teacher blended position. The data coordinator position is				
51	intended to serve as a resource to principals and classroom teachers in the area of data				
52	analysis and interpretation for instructional and school improvement purposes, as well as for				
53	overall data management and administration of state assessments. School divisions using				
54	these SOQ funds in this manner shall only employ instructional personnel licensed by the

2	e. To provide flexibility in the provision of reading intervention services, school divisions				
3	may use the state Early Reading Intervention initiative funding provided from the Lottery				
4	Proceeds Fund and the required local matching funds to employ reading specialists to				
5	provide the required reading intervention services. School divisions using the Early				
6	Reading Intervention Initiative funds in this manner shall only employ instructional				
7	personnel licensed by the Board of Education.				
8	f. To provide flexibility in the provision of mathematics intervention services, school				
9	divisions may use the state Standards of Learning Algebra Readiness initiative funding				
10	provided from the Lottery Proceeds Fund and the required local matching funds to employ				
11	mathematics teacher specialists to provide the required mathematics intervention services.				
12	School divisions using the Standards of Learning Algebra Readiness initiative funding in				
13	this manner shall only employ instructional personnel licensed by the Board of Education.				
14	<i>g. Notwithstanding the provisions of subsection H of § 22.1-253.13:2 of the Code of</i>				
15	<i>Virginia, as amended by the 2019 Session of the General Assembly, to the contrary, each</i>				
16	<i>school board shall employ the following full-time equivalent school counselor positions</i>				
17	<i>for any school that reports fall membership, according to the type of school and student</i>				
18	<i>enrollment: effective with the 2019-2020 school year, in elementary schools, one hour per</i>

24	8.a.1) Pursuant to § 22.1-97, Code of Virginia, the Department of Education is required to				
25	make calculations at the start of the school year to ensure that school divisions have				
26	appropriated adequate funds to support their estimated required local expenditure for the				
27	corresponding state fiscal year. In an effort to reduce the administrative burden on school				
28	divisions resulting from state data collections, such as the one needed to make the				
29	mentioned calculations, the requirements of § 22.1-97, Code of Virginia, pertaining				
30	to the adequacy of estimated required local expenditures, shall be satisfied by signed				
31	certification by each division superintendent at the beginning of each school year that				
32	sufficient local funds have been budgeted to meet all state required local effort and				
33	required local match amounts. This provision shall only apply to calculations required of				
34	the Department of Education related to estimated required local expenditures and shall not				
35	pertain to the calculations associated with actual required local expenditures after the close				
36	of the school year.				
37	2) The Department of Education shall also make calculations after the close of the school				
38	year to verify that the required local effort level, based on actual March 31 Average Daily				
39	Membership, was met. Pursuant to § 22.1-97, Code of Virginia, the Department of				
40	Education shall report annually, no later than the first day of the General Assembly				
41	session, to the House Committees on Education and Appropriations and the Senate				
42	Committees on Finance and Education and Health, the results of such calculations made				
43	after the close of the school year and the degree to which each school division has met,				
44	failed to meet, or surpassed its required local expenditure. The Department of Education				
45	shall specify the calculations to determine if a school division has expended its required				
46	local expenditure for the Standards of Quality. This calculation may include but is not				
47	limited to the following calculations:				
48	b. The total expenditures for operation, defined as total expenditures less all capital				
49	outlays, expenditures for debt service, facilities, non-regular day school programs (such as				
50	adult education, preschool, and non-local education programs), and any transfers to				
51	regional programs will be calculated.				
52	c. The following state funds will be deducted from the amount calculated in paragraph a.				
53	above: revenues from the state sales and use tax (returned on the basis of the latest yearly				
54	estimate of school age population provided by the Weldon Cooper Center for Public				
55	Service, as specified in this Item) for sales in the fiscal year in which the school year				
56	begins; total receipts from state funds (except state funds for non-regular day school				
57	programs and state funds used for capital or debt service purposes); and the state share of

1	any balances carried forward from the previous fiscal year. Any qualifying state funds that				
2	remain unspent at the end of the fiscal year will be added to the amount calculated in				
3	paragraph a. above.				
4	d. Federal funds, and any federal funds carried forward from the previous fiscal year, will also				
5	be deducted from the amount calculated in paragraph a. above. Any federal funds that remain				
6	unspent at the end of the fiscal year and any capital expenditures paid from federal funds will				
7	be added to the amount calculated in paragraph a. above.				
8	e. Tuition receipts, receipts from payments from other cities or counties, and fund transfers				
9	will also be deducted from the amount calculated in paragraph a, then				
10	f. The final amount calculated as described above must be equal to or greater than the required				
11	local expenditure defined in paragraph A. 5.				
12	g. The Department of Education shall collect the data necessary to perform the calculations of				
13	required local expenditure as required by this section.				
14	h. A locality whose expenditure in fact exceeds the required amount from local funds may not				
15	reduce its expenditures unless it first complies with all of the Standards of Quality.				
16	9.a. Any required local matching funds which a locality, as of the end of a school year, has				
17	not expended, pursuant to this Item, for the Standards of Quality shall be paid by the locality				
18	into the general fund of the state treasury. Such payments shall be made not later than the end				
19	of the school year following that in which the under expenditure occurs.				
20	b. Whenever the Department of Education has recovered funds as defined in the preceding				
21	paragraph a., the Secretary of Education is authorized to repay to the locality affected by that				
22	action, seventy-five percent (75%) of those funds upon his determination that:				
23	1) The local school board agrees to include the funds in its June 30 ending balance for the				
24	year following that in which the under expenditure occurs;				
25	2) The local governing body agrees to reappropriate the funds as a supplemental appropriation				
26	to the approved budget for the second year following that in which the under expenditure				
27	occurs, in an appropriate category as requested by the local school board, for the direct benefit				
28	of the students;				
29	3) The local school board agrees to expend these funds, over and above the funds required to				
30	meet the required local expenditure for the second year following that in which the under				
31	expenditure occurs, for a special project, the details of which must be furnished to the				
32	Department of Education for review and approval;				
33	4) The local school board agrees to submit quarterly reports to the Department of Education				
34	on the use of funds provided through this project award; and				
35	5) The local governing body and the local school board agree that the project award will be				
36	cancelled and the funds withdrawn if the above conditions have not been met as of June 30 of				
37	the second year following that in which the under expenditure occurs.				
38	c. There is hereby appropriated, for the purposes of the foregoing repayment, a sum sufficient,				
39	not to exceed 75 percent of the funds deposited in the general fund pursuant to the preceding				
40	paragraph a.				
41	10. The Department of Education shall specify the manner for collecting the required				
42	information and the method for determining if a school division has expended the local funds				
43	required to support the actual local match based on all Lottery and Incentive programs in				
44	which the school division has elected to participate. Unless specifically stated otherwise in				
45	this Item, school divisions electing to participate in any Lottery or Incentive program that				
46	requires a local funding match in order to receive state funding, shall certify to the				
47	Department of Education its intent to participate in each program by July 1 each fiscal year in				
48	a manner prescribed by the Department of Education. As part of this certification process,				
49	each division superintendent must also certify that adequate local funds have been				
50	appropriated, above the required local effort for the Standards of Quality, to support the				
51	projected required local match based on the Lottery and Incentive programs in which the

1	school division has elected to participate. State funding for such program(s) shall not be				
2	made until such time that the school division can certify that sufficient local funding has				
3	been appropriated to meet required local match. The Department of Education shall make				
4	calculations after the close of the fiscal year to verify that the required local match was				
5	met based on the state funds that were received.				
6	11. Any sum of local matching funds for Lottery and Incentive program which a locality				
7	has not expended as of the end of a fiscal year in support of the required local match				
8	pursuant to this Item shall be paid by the locality into the general fund of the state treasury				
9	unless the carryover of those unspent funds is specifically permitted by other provisions of				
10	this act. Such payments shall be made no later than the end of the school year following				
11	that in which the under expenditure occurred.				
12	12. The Superintendent of Public Instruction shall provide a report annually, no later than				
13	the first day of the General Assembly session, on the status of teacher salaries, by local				
14	school division, to the Governor and the Chairmen of the Senate Finance and House				
15	Appropriations Committees. In addition to information on average salaries by school				
16	division and statewide comparisons with other states, the report shall also include				
17	information on starting salaries by school division and average teacher salaries by school.				
18	13. All state and local matching funds required by the programs in this Item shall be				
19	appropriated to the budget of the local school board.				
20	14. By November 15 of each year, the Department of Planning and Budget, in cooperation				
21	with the Department of Education, shall prepare and submit a preliminary forecast of				
22	Standards of Quality expenditures, based upon the most current data available, to the				
23	Chairmen of the House Appropriations and Senate Finance Committees. In odd-numbered				
24	years, the forecast for the current and subsequent two fiscal years shall be provided. In				
25	even-numbered years, the forecast for the current and subsequent fiscal year shall be				
26	provided. The forecast shall detail the projected March 31 Average Daily Membership and				
27	the resulting impact on the education budget.				
28	15. School divisions may choose to use state payments provided for Standards of Quality				
29	Prevention, Intervention, and Remediation in both years as a block grant for remediation				
30	purposes, without restrictions or reporting requirements, other than reporting necessary as				
31	a basis for determining funding for the program.				
32	16. Except as otherwise provided in this act, the Superintendent of Public Instruction shall				
33	provide guidelines for the distribution and expenditure of general fund appropriations and				
34	such additional federal, private and other funds as may be made available to aid in the				
35	establishment and maintenance of the public schools.				
36	17. At the Department of Education's option, fees for audio-visual services may be				
37	deducted from state Basic Aid payments for individual local school divisions.				
38	18. For distributions not otherwise specified, the Department of Education, at its option,				
39	may use prior year data to calculate actual disbursements to individual localities.				
40	19. Payments for accounts related to the Standards of Quality made to localities for public				
41	education from the general fund, as provided herein, shall be payable in twenty-four semi-				
42	monthly installments at the middle and end of each month.				
43	20. Notwithstanding § 58.1-638 D., Code of Virginia, and other language in this Item, the				
44	Department of Education shall, for purposes of calculating the state and local shares of the				
45	Standards of Quality, apportion state sales and use tax dedicated to public education and				
46	those sales tax revenues transferred to the general fund from the Public Education				
47	Standards of Quality/ Local Real Estate Property Tax Relief Fund in the first year based				
48	on the July 1, 2016, estimate of school age population provided by the Weldon Cooper				
49	Center for Public Service and, in the second year, based on the July 1, 2017, estimate of				
50	school age population provided by the Weldon Cooper Center for Public Service.				
51	Notwithstanding § 58.1-638 D., Code of Virginia, and other language in this Item, the				
52	State Comptroller shall distribute the state sales and use tax revenues dedicated to public				
53	education and those sales tax revenues transferred to the general fund from the Public

4	21. The school divisions within the Tobacco Region, as defined by the Tobacco				
5	Indemnification and Community Revitalization Commission, shall jointly explore ways to				
6	maximize their collective expenditure reimbursement totals for all eligible E-Rate funding.				
7	22. This Item includes appropriations totaling an estimated \$592,533,186 \$632,398,647 the				
8	first year and \$598,393,186 \$628,830,501 the second year from the revenues deposited to the				
9	Lottery Proceeds Fund. These amounts are appropriated for distribution to counties, cities,				
10	and towns to support public education programs pursuant to Article X, Section 7-A				
11	Constitution of Virginia. Any county, city, or town which accepts a distribution from this fund				
12	shall provide its portion of the cost of maintaining an educational program meeting the				
13	Standards of Quality pursuant to Section 2 of Article VIII of the Constitution without the use				
14	of distributions from the fund.				
15	23. For reporting purposes, the Department of Education shall include Lottery Proceeds Funds				
16	as state funds.				
17	24.a. Any locality that has met its required local effort for the Standards of Quality accounts				
18	for FY 2019 and that has met its required local match for incentive or Lottery-funded				
19	programs in which the locality elected to participate in FY 2019 may carry over into FY 2020				
20	any remaining state Direct Aid to Public Education fund balances available to help minimize				
21	any FY 2020 revenue adjustments that may occur in state funding to that locality. Localities				
22	electing to carry forward such unspent state funds must appropriate the funds to the school				
23	division for expenditure in FY 2020.				
24	b. Any locality that has met its required local effort for the Standards of Quality accounts for				
25	FY 2020 and that has met its required local match for incentive or Lottery-funded programs in				
26	which the locality elected to participate in FY 2020 may carry over into FY 2021 any				
27	remaining state Direct Aid to Public Education fund balances available to help minimize any				
28	FY 2021 revenue adjustments that may occur in state funding to that locality. Localities				
29	electing to carry forward such unspent state funds must appropriate the funds to the school				
30	division for expenditure in FY 2021.				
31	25. Localities are encouraged to allow school boards to carry over any unspent local				
32	allocations into the next fiscal year. Localities are also encouraged to provide increased				
33	flexibility to school boards by appropriating state and local funds for public education in a				
34	lump sum.				
35	26. The Department of Education shall include in the annual School Performance Report Card				
36	for school divisions the percentage of each division's annual operating budget allocated to				
37	instructional costs. For this report, the Department of Education shall establish a methodology				
38	for allocating each school division's expenditures to instructional and non-instructional costs				
39	in a manner that is consistent with the funding of the Standards of Quality as approved by the				
40	General Assembly.				
41	27. It is the intent of the General Assembly that all school divisions annually provide their				
42	employees, upon request, with a user-friendly statement of total compensation, including				
43	contract duration if less than 12 months.				
44	28. The Department of Education, in collaboration with the Virginia Community College				
45	System, will ensure that the same policies regarding the cost for dual enrollment courses held				
46	at a community college, are consistently applied to public school students and home-schooled				
47	students alike. These policies will clearly address the school division contributions and any				
48	student charges for dual enrollment courses, and will ensure that public school students and				
49	home-school students are treated in the same manner.				
50	C. Apportionment				
51	1. Subject to the conditions stated in this paragraph and in paragraph B of this Item, each				
52	locality shall receive sums as listed above within this program for the basic operation cost and				
53	payments in addition to that cost. The apportionment herein directed shall be inclusive of, and				
54	without further payment by reason of, state funds for library and other teaching materials.

5	Virginia.				
6	b. Notwithstanding § 51.1-1401, Code of Virginia, the Commonwealth shall provide				
7	payments for only the state share of the Standards of Quality fringe benefit cost of the				
8	retiree health care credit. This Item includes payments in both years based on the state				
9	share of fringe benefit costs of 55 percent of the employer's cost on funded Standards of				
10	Quality instructional positions, distributed based on the composite index of the local				
11	ability-to-pay.				
12	3. School Employee Social Security Contributions				
13	a. This Item provides funds to each local school board for the state share of the employer's

16	b. Appropriations for contributions in paragraphs 2 and 3 above include payments from				
17	funds derived from the principal of the Literary Fund in accordance with Article VIII,				
18	Section 8, of the Constitution of Virginia. The amounts set aside from the Literary Fund

20	\$136,349,570 the second year.				
21	4. School Employee Insurance Contributions				
22	This Item provides funds to each local school board for the state share of the employer's				
23	Group Life Insurance cost incurred by it on behalf of instructional personnel who				
24	participate in group insurance under the provisions of Title 51.1, Chapter 5, Code of				
25	Virginia.				
26	5. Basic Aid Payments				
27	a.1) A state share of the Basic Operation Cost, which cost per pupil in March 31 ADM is				
28	established individually for each local school division based on the number of				
29	instructional personnel required by the Standards of Quality and the statewide prevailing				
30	salary levels (adjusted in Planning District Eight for the cost of competing) as well as				
31	recognized support costs calculated on a prevailing basis for an estimated March 31 ADM.				
32	2) This appropriation includes funding to recognize the common labor market in the				
33	Washington-Baltimore-Northern Virginia, DC-MD-VA-WV Combined Statistical Area.				
34	Standards of Quality salary payments for instructional and support positions in school				
35	divisions of the localities set out below have been adjusted for the equivalent portion of				
36	the Cost of Competing Adjustment (COCA) rates that are paid to local school divisions in				
37	Planning District Eight. For the counties of Stafford, Fauquier, Spotsylvania, Clarke,				
38	Warren, Frederick, and Culpeper and the Cities of Fredericksburg and Winchester, the				
39	SOQ payments for instructional and support positions have been increased by 25 percent				
40	each year of the COCA rates paid to school divisions in Planning District Eight.				
41	The support COCA rate is 10.6 percent.				
42	b. The state share for a locality shall be equal to the Basic Operation Cost for that locality				
43	less the locality's estimated revenues from the state sales and use tax (returned on the basis				
44	of the latest yearly estimate of school age population provided by the Weldon Cooper

4	support of the cost of educating such persons; the amount deducted from Basic Aid for the				
5	education of emotionally disturbed persons shall be used to cover extraordinary expenses				
6	incurred in the education of such persons. The Department of Education shall establish

9	Developmental Services and for Special Education categorical payments. The amount of the				
10	actual transfers will be based on data accumulated during the prior school year.				
11	e. 1) The apportionment to localities of all driver education revenues received during the				
12	school year shall be made as an undesignated component of the state share of Basic Aid in				
13	accordance with the provisions of this Item. Only school divisions complying with the				
14	standardized program established by the Board of Education shall be entitled to participate in				
15	the distribution of state funds appropriated for driver education. The Department of Education				
16	will deduct a designated amount per pupil from a school division's Basic Aid payment when				
17	the school division is not in compliance with § 22.1-205 C, Code of Virginia. Such amount				
18	will be computed by dividing the current appropriation for the Driver Education Fund by				
19	actual March 31 ADM.				
20	2) Local school boards may charge a per pupil fee for behind-the-wheel driver education				
21	provided, however, that the fee charged plus the per pupil basic aid reimbursement for driver				
22	education shall not exceed the actual average per pupil cost. Such fees shall not be cause for a				
23	pro rata reduction in Basic Aid payments to school divisions.				
24	f. Textbooks				
25	1) The appropriation in this Item includes \$70,307,670 \$70,008,927 the first year and				
26	\$70,478,652 \$70,023,715 the second year from the general fund as the state's share of the cost				
27	of textbooks based on a per pupil amount of \$100.69 the first year and \$100.69 the second				
28	year. A school division shall appropriate these funds for textbooks or any other public				
29	education instructional expenditure by the school division. The state's distributions for				
30	textbooks shall be based on adjusted March 31 ADM. These funds shall be matched by the				
31	local government, based on the composite index of local ability-to-pay.				
32	2) School divisions shall provide free textbooks to all students.				
33	3) School divisions may use a portion of this funding to purchase Standards of Learning				
34	instructional materials. School divisions may also use these funds to purchase electronic				
35	textbooks or other electronic media resources integral to the curriculum and classroom				
36	instruction and the technical equipment required to read and access the electronic textbooks				
37	and electronic curriculum materials.				
38	4) Any funds provided to school divisions for textbook costs that are unexpended as of June				
39	30, 2019, or June 30, 2020, shall be carried on the books of the locality to be appropriated to				
40	the school division the following year to be used for same purpose. School divisions are				
41	permitted to carry forward any remaining balance of textbook funds until the funds are				
42	expended for a qualifying purpose.				
43	g. The one-cent state sales and use tax earmarked for education and the sales tax revenues				
44	transferred to the general fund from the Public Education Standards of Quality/Local Real				
45	Estate Property Tax Relief Fund and appropriated in this Item which are distributed to				
46	localities on the basis of the latest yearly estimate of school age population provided by the				
47	Weldon Cooper Center for Public Service as specified in this Item shall be reflected in each				
48	locality's annual budget for educational purposes as a separate revenue source for the current				
49	fiscal year.				
50	h. The appropriation for the Standards of Quality for Public Education (SOQ) includes				
51	amounts estimated at \$386,700,000 \$389,900,000 the first year and \$395,200,000				
52	\$409,300,000 the second year from the amounts transferred to the general fund from the

8	Chapters 939 & 955 of the Acts of Assembly of 2004: five elementary resource teachers				
9	per 1,000 students; one support and one instructional technology position per 1,000				
10	students; a full daily planning period for teachers at the middle and high school levels in				
11	order to relieve the pressure on local real estate taxes and shall be taken into account by				
12	the governing body of the county, city, or town in setting real estate tax rates.				
13	j. From the total amounts in paragraph h. above, an amount estimated at \$128,900,000				
14	\$130,000,000 the first year and \$131,700,000 \$136,400,000 the second year				
15	(approximately 1/8 cent of sales and use tax) is appropriated in this Item to distribute the				
16	remainder of the revenues collected and deposited into the Public Education Standards of				
17	Quality/Local Real Estate Property Tax Relief Fund on the basis of the latest yearly				
18	estimate of school age population provided by the Weldon Cooper Center for Public				
19	Service as specified in this Item.				
20	k. For the purposes of funding certain support positions in Basic Aid, a funding ratio				
21	methodology is used based upon the prevailing ratio of actual support positions, consistent				
22	with those recognized for SOQ funding, to actual instructional positions, consistent with				
23	those recognized for SOQ funding, as established in Chapter 781, 2009 Acts of Assembly.				
24	For the purposes of making the required spending adjustments, the appropriation and				
25	distribution of Basic Aid shall reflect this methodology. Local school divisions shall have				
26	the discretion as to where the adjustment may be made, consistent with the Standards of				
27	Quality funded in this Act.				
28	6. Education of the Gifted Payments				
29	a. An additional payment shall be disbursed by the Department of Education to local				
30	school divisions to support the state share of one full-time equivalent instructional position				
31	per 1,000 students in adjusted March 31 ADM.				
32	b. Local school divisions are required to spend, as part of the required local expenditure				
33	for the Standards of Quality the established per pupil cost for gifted education (state and				
34	local share) on approved programs for the gifted.				
35	7. Occupational-Vocational Education Payments				
36	a. An additional payment shall be disbursed by the Department of Education to the local				
37	school divisions to support the state share of the number of Vocational Education				
38	instructors required by the Standards of Quality. These funds shall be disbursed on the				
39	same basis as the payment is calculated.				
40	b. An amount estimated at \$120,281,318 the first year and \$120,376,109 \$120,355,978 the				
41	second year from the general fund included in Basic Aid Payments relates to vocational				
42	education programs in support of the Standards of Quality.				
43	8. Special Education Payments				
44	a. An additional payment shall be disbursed by the Department of Education to the local				
45	school divisions to support the state share of the number of Special Education instructors				
46	required by the Standards of Quality. These funds shall be disbursed on the same basis as				
47	the payment is calculated.				
48	b. Out of the amounts for special education payments, general fund support is provided to				
49	fund the caseload standards for speech pathologists at 68 students for each year of the

1	a. An additional payment estimated at \$113,078,853 <i>\$112,645,717</i> the first year and				
2	\$112,984,901 <i>\$112,320,130</i> the second year from the general fund shall be disbursed by the				
3	Department of Education to support the Board of Education's Standards of Quality				
4	Prevention, Intervention, and Remediation program adopted in June 2003.				
5	b. The payment shall be calculated based on one hour of additional instruction per day for				
6	identified students, using the three year average percent of students eligible for the federal				
7	Free Lunch program as a proxy for students needing such services. Fall membership shall be				
8	multiplied by the three year average division-level Free Lunch eligibility percentage to				
9	determine the estimated number of students eligible for services. Pupil-teacher ratios shall be				
10	applied to the estimated number of eligible students to determine the number of instructional				
11	positions needed for each school division. The pupil-teacher ratio applied for each school				
12	division shall range from 10:1 for those divisions with the most severe combined three year				
13	average failure rates for English and math Standards of Learning test scores to 18:1 for those				
14	divisions with the lowest combined three year average failure rates for English and math				
15	Standards of Learning test scores.				
16	c. Funding shall be matched by the local government based on the composite index of local				
17	ability-to-pay.				
18	d. To provide flexibility in the instruction of English Language Learners who have limited				
19	English proficiency and who are at risk of not meeting state accountability standards, school				
20	divisions may use state and local funds from the SOQ Prevention, Intervention, and				
21	Remediation account to employ additional English Language Learner teachers to provide				
22	instruction to identified limited English proficiency students. Using these funds in this manner				
23	is intended to supplement the instructional services provided through the SOQ staffing				
24	standard of 17 instructional positions per 1,000 limited English proficiency students. School				
25	divisions using the SOQ Prevention, Intervention, and Remediation funds in this manner shall				
26	only employ instructional personnel licensed by the Board of Education.				
27	e. An additional state payment estimated at \$100,250,775 <i>\$10,468,261</i> the first year and				
28	\$107,079,544 <i>\$34,468,409</i> the second year from the general fund <i>and \$100,114,539 the first</i>				
29	<i>year and \$86,482,069 the second year from the Lottery Proceeds Fund</i> shall be disbursed				
30	based on the estimated number of federal Free Lunch participants, in support of programs for				
31	students who are educationally at risk. The additional payment shall be based on the state				
32	share of:				
33	1) A minimum 1.0 percent Add-On, as a percent of the per pupil basic aid cost, for each child				
34	who qualifies for the federal Free Lunch Program; and				
35	2) An addition to the Add-On, based on the concentration of children qualifying for the				
36	federal Free Lunch Program. Based on its percentage of Free Lunch participants, each school				
37	division will receive a total between 1.0 and 13.0 <i>14.5</i> percent in the first year and between				
38	1.0 and 14.0 <i>16.0</i> percent in the second year in additional basic aid per Free Lunch				
39	participant. These funds shall be matched by the local government, based on the composite				
40	index of local ability-to-pay.				
41	3a) Local school divisions are required to spend the established At-Risk Add-On payment				
42	(state and local share) on approved programs for students who are educationally at risk.				
43	b) To receive these funds, each school division shall certify to the Department of Education				
44	that the state and local share of the At-Risk Add-On payment will be used to support				
45	approved programs for students who are educationally at risk. These programs may include:				
46	teacher recruitment programs and incentives, Dropout Prevention, community and school-				
47	based truancy officer programs, Advancement Via Individual Determination (AVID), Project				
48	Discovery, Reading Recovery, programs for students who speak English as a Second				
49	Language, hiring additional school guidance counselors, <i>testing coordinators, and licensed</i>				
50	<i>behavior analysts</i> , or programs related to increasing the success of disadvantaged students in				
51	completing a high school degree and providing opportunities to encourage further education				
52	and training. Further, each school division shall report each year by August 1 to the				
53	Department the individual uses of these funds. The Department shall compile the responses				
54	and provide them to the Chairmen of House Appropriations and Senate Finance Committees

1	4) If the Board of Education has required a local school board to submit a corrective				
2	action plan pursuant to § 22.1-253.13:3, Code of Virginia, either for the school division				
3	pursuant to a division level review, or for any schools within its division that have been				
4	designated as not meeting the standards as approved by the Board of Education, the				
5	Superintendent of Public Instruction shall determine and report to the Board of Education				
6	whether each such local school board has met its obligation to develop and submit such				
7	corrective action plan(s) and is making adequate and timely progress in implementing the				
8	plan(s). Additionally, if an academic <i>or other</i> review process undertaken pursuant to §				
9	22.1-253.13:3, Code of Virginia, has identified actions for a local school board to				
10	implement, the Superintendent of Public Instruction shall determine and report to the				
11	Board of Education whether the local school board has implemented required actions. If				
12	the Superintendent certifies that a local school board has failed or refused to meet any of				
13	those obligations <i>as referenced in a memorandum of understanding between the local</i>				
14	<i>school board and the Board of Education</i> , the Board of Education shall withhold payment				
15	of some or all At-Risk Add-On funds otherwise allocated to the affected division pursuant				
16	to this allocation for the pending fiscal year. In determining the amount of At-Risk Add-				
17	On funds to be withheld, the Board of Education shall take into consideration the extent to				
18	which such funds have already been expended or contractually obligated. The local school				
19	board shall be given an opportunity to correct its failure and, if successful in a timely				
20	manner, may have some or all of its At-Risk Add-On funds restored at the Board of				
21	Education's discretion.				
22	f. Regional Alternative Education Programs				
23	1) An additional state payment of \$8,779,013 \$8,767,652 the first year and \$9,211,142				
24	\$9,434,794 the second year from the Lottery Proceeds Fund shall be disbursed for				
25	Regional Alternative Education programs. Such programs shall be for the purpose of				
26	educating certain expelled students and, as appropriate, students who have received				
27	suspensions from public schools and students returned to the community from the				
28	Department of Juvenile Justice.				
29	2) Each regional program shall have a small student/staff ratio. Such staff shall include,				
30	but not be limited to education, mental health, health, and law enforcement professionals,				
31	who will collaborate to provide for the academic, psychological, and social needs of the				
32	students. Each program shall be designed to ensure that students make the transition back				
33	into the "mainstream" within their local school division.				
34	3) a) Regional alternative education programs are funded through this Item based on the				
35	state's share of the incremental per pupil cost for providing such programs. This				
36	incremental per pupil payment shall be adjusted for the composite index of local ability-				
37	to-pay of the school division that counts such students attending such program in its				
38	March 31 Average Daily Membership. It is the intent of the General Assembly that this				
39	incremental per pupil amount be in addition to the basic aid per pupil funding provided to				
40	the affected school division for such students. Therefore, local school divisions are				
41	encouraged to provide the appropriate portion of the basic aid per pupil funding to the				
42	regional programs for students attending these programs, adjusted for costs incurred by the				
43	school division for transportation, administration, and any portion of the school day or				
44	school year that the student does not attend such program.				
45	b) In the event a school division does not use all of the student slots it is allocated under				
46	this program, the unused slots may be reallocated or transferred to another school division.				
47	1. A school division must request from the Department of Education the availability and				
48	possible use of any unused student slots. If any unused slots are available and if the				
49	requesting school division chooses to utilize any of the unused slots, the requesting school				
50	division shall only receive the state's share of tuition for the unused slot that was allocated				
51	in this Item for the originally designated school division.				
52	2. However, no requesting school division shall receive more tuition funding from the				
53	state for any requested unused slot than what would have been the calculated amount for				
54	the requesting school division had the unused slot been allocated to the requesting school				
55	division in the original budget. Furthermore, the requesting school division shall pay for				
56	any remaining tuition payment necessary for using a previously unused slot.

3	local ability-to-pay.				
4	4) Out of this appropriation, \$432,317 <i>\$673,213</i> the second year from the Lottery Proceeds				
5	Fund is provided for a compensation supplement payment equal to 3.0 percent of base pay on				
6	July 1, 2019, <i>and for a compensation supplement payment of up to 2.0 percent of base pay on</i>

9	g. Remedial Summer School				
10	1) This appropriation includes \$24,940,359 <i>\$24,658,157</i> the first year and \$25,542,931				
11	<i>\$24,976,867</i> the second year from the general fund for the state's share of Remedial Summer				
12	School Programs. These funds are available to school divisions for the operation of programs				
13	designed to remediate students who are required to attend such programs during a summer				
14	school session or during an intersession in the case of year-round schools. These funds may				
15	be used in conjunction with other sources of state funding for remediation or intervention.				
16	School divisions shall have maximum flexibility with respect to the use of these funds and the				
17	types of remediation programs offered; however, in exercising this flexibility, students				
18	attending these programs shall not be charged tuition and no high school credit may be				
19	awarded to students who participate in this program.				
20	2) For school divisions charging students tuition for summer high school credit courses,				
21	consideration shall be given to students from households with extenuating financial				
22	circumstances who are repeating a class in order to graduate.				
23	3) From the amounts provided for Remedial Summer School, there is hereby appropriated				
24	\$550,000 the first year and \$550,000 the second year from the general fund to support pilot				
25	public-private partnerships between local school divisions and the Greater Richmond and				
26	Central Virginia affiliates of the Virginia Alliance of YMCAs to expand student participation				
27	opportunities in existing summer Power Scholars Academies in such partnered school				
28	divisions. The Virginia Alliance of YMCAs shall prepare and submit an evaluation report for				
29	such pilot partnerships between the school divisions and the Greater Richmond and Central				
30	Virginia YMCA affiliates to the Chairmen of House Appropriations and Senate Finance				
31	Committees no later than October 31, 2018.				
32	10. K-3 Primary Class Size Reduction Payments				
33	a. An additional payment estimated at \$130,593,583 <i>\$125,175,585</i> the first year and				
34	\$130,388,333 <i>\$128,005,970</i> the second year from the Lottery Proceeds Fund shall be				
35	disbursed by the Department of Education as an incentive for reducing class sizes in the				
36	primary grades.				
37	b. The Department of Education shall calculate the payment based on the incremental cost of				
38	providing the lower class sizes based on the lower of the division average per pupil cost of all				
39	divisions or the actual division per pupil cost.				
40	c. Localities are required to provide a match for these funds based on the composite index of				
41	local ability-to-pay.				
42	d. By October 15 of each year school divisions must provide data to the Department of				
43	Education that each participating school has a September 30 pupil/teacher ratio in grades K

14	11. Literary Fund Subsidy Program Payments				
15	a. The Department of Education and the Virginia Public School Authority (VPSA) shall provide a program of funding for school construction and renovation through the Literary Fund and through VPSA bond sales. The program shall be used to provide funds, through Literary Fund loans and subsidies, and through VPSA bond sales, to fund a portion of the projects on the First or Second Literary Fund Waiting List, or other critical projects which may receive priority placement on the First or Second Literary Fund Waiting List by the Department of Education. Interest rate subsidies will provide school divisions with the present value difference in debt service between a Literary Fund loan and a borrowing through the VPSA. To qualify for an interest rate subsidy, the school division's project must be eligible for a Literary Fund loan and shall be subject to the same restrictions. The VPSA shall work with the Department of Education in selecting those projects to be funded through the interest rate subsidy/bond financing program, so as to ensure the maximum leverage of Literary Fund moneys and a minimum impact on the VPSA Bond Pool.

d.e. The chairman of the Board of Commissioners of the VPSA shall, on or before November 1 of each year, make and deliver to the Governor and the Secretary of Finance a certificate setting forth his estimate of total debt service during each fiscal year of the biennium on bonds of the VPSA issued and projected to be issued during such biennium pursuant to the bond resolution referred to in paragraph a above. The Governor's budget submission each year shall include provisions for the payment of debt service pursuant to paragraph 1) above.

c. It is the intent of the General Assembly to authorize sufficient Literary Fund revenues to pay debt service on the Virginia Public School Authority bonds or notes authorized for education technology grant programs. In developing the proposed 2020-2022, 2022-2024, and 2024-2026 biennial budgets for public education, the Department of Education shall include a recommendation to the Governor to authorize sufficient Literary Fund revenues to make debt service payments for these programs in fiscal years 2021, 2022, 2023, 2024, 2025, and 2026.

d. 1) An education technology grant program shall be conducted through the Virginia Public School Authority, through the issuance of equipment notes in an amount estimated at ~~\$58,835,200~~ \$57,017,700 in fiscal year 2019 and ~~\$60,331,600~~ \$58,612,800 in fiscal year 2020. Proceeds of the notes will be used to establish a computer-based instructional and testing system for the Standards of Learning (SOL) and to develop the capability for high speed Internet connectivity at high schools followed by middle schools followed by elementary schools. School divisions shall use these funds first to develop and maintain the capability to support the administration of online SOL testing for all students with the exception of students with a documented need for a paper SOL test.

2) Grant funds from the issuance of ~~\$58,835,200~~ \$57,017,700 in fiscal year 2019 and ~~\$60,331,600~~ \$58,612,800 in fiscal year 2020 in equipment notes are based on a grant of \$26,000 per school and \$50,000 per school division. For purposes of this grant program, eligible schools shall include schools that are subject to state accreditation and reporting membership in grades K through 12 as of September 30, ~~2016~~ 2018, for the fiscal year ~~2017~~ 2019 issuance, and September 30, ~~2017~~ 2019, for the fiscal year ~~2018~~ 2020 issuance, as well as regional vocational centers, special education centers, alternative education centers, regular school year Governor's Schools, CodeRVA Regional High School, and the School for the

1	Deaf and the Blind. Schools that serve only pre-kindergarten students shall not be eligible				
2	for this grant.				
3	3. a.) Supplemental grants shall be allocated to eligible divisions to support schools that				
4	are not fully accredited in accordance with this paragraph. Schools that include a ninth				
5	grade that administer SOL tests in Spring 2018 and that are not fully accredited for the				
6	second consecutive year, based on school accreditation ratings in effect for fiscal year				
7	2018 and fiscal year 2019 will qualify to participate in the Virginia e-Learning Backpack				
8	Initiative in fiscal year 2019 and receive: (1) a supplemental grant of \$400 per student				
9	reported in ninth grade fall membership in a qualifying school for the purchase of a laptop				
10	or tablet for that student and (2) a supplemental grant of \$2,400 per qualifying school to				
11	purchase two content creation packages for teachers. Schools eligible to receive this				
12	supplemental grant in fiscal year 2019 shall continue to receive the grant for the number of				
13	subsequent years equaling the number of grades 9 through 12 in the qualifying school up				
14	to a maximum of four years. Schools that administer SOL tests in Spring 2019 and that are				
15	not fully accredited for the second consecutive year based on school accreditation ratings				
16	in effect for fiscal year 2019 and fiscal year 2020 will qualify to participate in the				
17	initiative in fiscal year 2020. Schools eligible for the supplemental grants in previous				
18	fiscal years shall continue to be eligible for the remaining years of their grant award.				
19	Schools eligible to receive this supplemental grant in fiscal year 2020 shall continue to				
20	receive the grant for the number of subsequent years equaling the number of grades 9				
21	through 12 in the qualifying school up to a maximum of four years. Grants awarded to				
22	qualifying schools that do not have grades 10, 11, or 12 may transition with the students to				
23	the primary receiving school for all years subsequent to grade 9. Schools are eligible to				
24	receive these grants for a period of up to four years beginning in fiscal year 2014 and shall				
25	not be eligible to receive a separate award in the future once the original award period has				
26	concluded. Schools that are fully accredited or that are new schools with conditional				
27	accreditation in their first year shall not be eligible to receive this supplemental grant.				
28	b.) Supplemental grants allocated to school divisions for participation in the Virginia e-				
29	Learning Backpack Initiative prior to fiscal year 2017 shall be used in eligible schools for				
30	(1) the purchase of a laptop or tablet for a student reported in ninth grade fall membership,				
31	and (2) the purchase of two content creation packages for teachers per grant. The amounts				
32	for such grants shall remain unchanged.				
33	4) Required local match:				
34	a) Localities are required to provide a match for these funds equal to 20 percent of the				
35	grant amount, including the supplemental grants provided pursuant to paragraph g. 5). At				
36	least 25 percent of the local match, including the match for supplemental grants, shall be				
37	used for teacher training in the use of instructional technology, with the remainder spent				
38	on other required uses. The Superintendent of Public Instruction is authorized to reduce				
39	the required local match for school divisions with a composite index of local ability-to-pay				
40	below 0.2000. The Virginia School for the Deaf and the Blind is exempt from the match				
41	requirement.				
42	b) School divisions that administer 100 percent of SOL tests online in all elementary,				
43	middle, and high schools may use up to 75 percent of their required local match to				
44	purchase targeted technology-based interventions. Such interventions may include the				
45	necessary technology and software to support online learning, technology-based content				
46	systems, content management systems, technology equipment systems, information and				
47	data management systems, and other appropriate technologies that support the individual				
48	needs of learners. School divisions that receive supplemental grants pursuant to paragraph				
49	g.5) above shall use the funds in qualifying schools to purchase laptops and tablets for				
50	ninth grade students reported in fall membership and content creation packages for				
51	teachers.				
52	5) The goal of the education technology grant program is to improve the instructional,				
53	remedial, and testing capabilities of the Standards of Learning for local school divisions				
54	and to increase the number of schools achieving full accreditation.				
55	6) Funds shall be used in the following manner:				
56	a) Each division shall use funds to reach a goal, in each high school, of: (1) a 5-to-1

1	student to computer ratio; (2) an Internet-ready local area network (LAN) capability; and (3)				
2	high speed access to the Internet. School connectivity (computers, LANs and network access)				
3	shall include sufficient download/upload capability to ensure that each student will have				
4	adequate access to Internet-based instructional, remedial and assessment programs.				
5	b) When each high school in a division meets the goals established in paragraph a) above, the				
6	remaining funds shall be used to develop similar capability in first the middle schools and				
7	then the elementary schools.				
8	c) For purposes of establishing or enhancing a computer-based instructional program				
9	supporting the Standards of Learning pursuant to paragraph g. 1) above, these grant funds				
10	may be used to purchase handheld multifunctional computing devices that support a broad				
11	range of applications and that are controlled by operating systems providing full multimedia				
12	support and mobile Internet connectivity. School divisions that elect to use these grant funds				
13	to purchase such qualifying handheld devices must continue to meet the on-line testing				
14	requirements stated in paragraph g. 1) above.				
15	d) School divisions shall be eligible to receive supplemental grants pursuant to paragraph g.5)				
16	above. These supplemental grants shall be used in qualifying schools for the purchase of				
17	laptops and tablets for ninth grade students reported in fall membership and content creation				
18	packages for teachers. Participating school divisions will be required to select a core set of				
19	electronic textbooks, applications and online services for productivity, learning management,				
20	collaboration, practice, and assessment to be included on all devices. In addition, participating				
21	school divisions will assume recurring costs for electronic textbook purchases and				
22	maintenance.				
23	e) Pursuant to § 15.2-1302, Code of Virginia, and in the event that two or more school				
24	divisions became one school division, whether by consolidation of only the school divisions				
25	or by consolidation of the local governments, such resulting division shall be provided				
26	funding through this program on the basis of having the same number of school divisions as				
27	existed prior to September 30, 2000.				
28	7) Local school divisions shall maximize the use of available federal funds, including E-Rate				
29	Funds, and to the extent possible, use such funds to supplement the program and meet the				
30	goals of this program.				
31	e. The Department of Education shall maintain criteria to determine if high schools, middle				
32	schools, or elementary schools have the capacity to meet the goals of this initiative. The				
33	Department of Education shall be responsible for the project management of this program.				
34	f. 1) In the event that, on any scheduled payment date of bonds or notes of the Virginia Public				
35	School Authority (VPSA) issued for the purpose described in § 22.1-166.2, Code of Virginia,				
36	and not benefiting from the provisions of either § 22.1-168 (iii), (iv) and (v), Code of				
37	Virginia, or § 22.1-168.1, Code of Virginia, the available moneys in the Literary Fund are less				
38	than the amounts authorized for debt service due on such bonds or notes of the VPSA on such				
39	date, there is hereby appropriated to the VPSA from the general fund a sum equal to such				
40	deficiency.				
41	2) The Chairman of the Board of Commissioners of the VPSA shall, on or before November 1				
42	of each year, make and deliver to the Governor and the Secretary of Finance a certificate				
43	setting forth his estimate of total debt service during each fiscal year of the biennium on				
44	bonds and notes of the VPSA issued and projected to be issued during such biennium				
45	pursuant to the resolution referred to in paragraph 1) above. The Governor's budget				
46	submission each year shall include provisions for the payment of debt service pursuant to				
47	paragraph 1) above.				
48	g. Unobligated proceeds of the notes, including investment income derived from the proceeds				
49	of the notes may be used to pay interest on, or to decrease principal of the notes or to fund a				
50	portion of such other educational technology grants as authorized by the General Assembly.				
51	h. 1) For the purposes of § 56-232, Code of Virginia, "Contracts of Telephone Companies				
52	with State Government" and for the purposes of § 56-234 "Contracts for Service Rendered by				
53	a Telephone Company for the State Government" shall be deemed to include communications				
54	lines into public schools which are used for educational technology. The rate structure for

2	Information Officer of the Virginia Information Technologies Agency. Further, the				
3	Superintendent and Director are authorized to encourage the development of "by-pass"				
4	infrastructure in localities where it fails to obtain competitive prices or prices consistent				
5	with the best rates obtained in other parts of the state.				
6	2) The State Corporation Commission, in its consideration of the discount for services				
7	provided to elementary schools, secondary schools, and libraries and the universal service				
8	funding mechanisms as provided under § 254 of the Telecommunications Act of 1996, is				
9	hereby encouraged to make the discounts for intrastate services provided to elementary				
10	schools, secondary schools, and libraries for educational purposes as large as is prudently				
11	possible and to fund such discounts through the universal fund as provided in § 254 of the				
12	Telecommunications Act of 1996. The commission shall proceed as expeditiously as				
13	possible in implementing these discounts and the funding mechanism for intrastate				
14	services, consistent with the rules of the Federal Communications Commission aimed at				
15	the preservation and advancement of universal service.				
16	13. Security Equipment Payments				
17	1) A security equipment grant program shall be conducted through the Virginia Public				
18	School Authority, through the issuance of equipment notes in an amount estimated at up to				
19	\$6,000,000 in fiscal year 2019 and \$6,000,000 \$12,000,000 in fiscal year 2020 in				
20	conjunction with the Virginia Public School Authority technology notes program				
21	authorized in C.12. of this Item. Proceeds of the notes will be used to help offset the				
22	related costs associated with the purchase of appropriate security equipment that will				
23	improve and help ensure the safety of students attending public schools in Virginia.				
24	2) The Department of Education shall authorize estimated amounts as indicated in Table 1				
25	from the Literary Fund to provide debt service payments for the security equipment grant				
26	programs conducted through the Virginia Public School Authority in the referenced years.

41	3) It is the intent of the General Assembly to authorize sufficient Literary Fund revenues				
42	to pay debt service on the Virginia Public School Authority bonds or notes authorized for				
43	this program. In developing the proposed 2020-2022, 2022-2024, and 2024-2026 biennial				
44	budgets for public education, the Department of Education shall include a				
45	recommendation to the Governor to authorize sufficient Literary Fund revenues to make				
46	debt service payments for these programs in fiscal years 2021, 2022, 2023, 2024, 2025,

5	Governor's budget submission each year shall include provisions for the payment of debt				
6	service pursuant to paragraph 1) above.				
7	6) Grant award funds from the issuance of up to \$6,000,000 in fiscal year 2019 and				
8	\$6,000,000 \$12,000,000 in fiscal year 2020 in equipment notes shall be distributed to eligible				
9	school divisions. The grant awards will be based on a competitive grant basis of up to				
10	\$100,000 \$250,000 per school division. School divisions will be permitted to apply annually				
11	for grant funding. For purposes of this program, eligible schools shall include schools that are				
12	subject to state accreditation and reporting membership in grades K through 12 as of				
13	September 30, 2018, for the fiscal year 2019 issuance, and September 30, 2019, for the fiscal				
14	year 2020 issuance, as well as regional vocational centers, special education centers,				
15	alternative education centers, regular school year Governor's Schools, and the Virginia School				
16	for the Deaf and the Blind.				
17	7) School divisions would submit their application to Department of Education by August 1				
18	of each year based on the criteria developed by the Department of Education in collaboration				
19	with the Department of Criminal Justice Services who will provide requested technical				
20	support. Furthermore, the Department of Education will have the authority to make such grant				
21	awards to such school divisions.				
22	8) It is also the intent of the General Assembly that, <i>beginning with fiscal year 2020</i> , the total				
23	amount of the grant awards shall not exceed \$30,000,000 \$60,000,000 over any ongoing				
24	revolving five year period.				
25	9) Required local match:				
26	a) Localities are required to provide a match for these funds equal to 25 percent of the grant				
27	amount. The Superintendent of Public Instruction is authorized to reduce the required local				
28	match for school divisions with a composite index of local ability-to-pay below 0.2000. The				
29	Virginia School for the Deaf and the Blind is exempt from the match requirement.				
30	b) Pursuant to § 15.2-1302, Code of Virginia, and in the event that two or more school				
31	divisions became one school division, whether by consolidation of only the school divisions				
32	or by consolidation of the local governments, such resulting division shall be provided				
33	funding through this program on the basis of having the same number of school divisions as				
34	existed prior to September 30, 2000.				
35	c) Local school divisions shall maximize the use of available federal funds, including E-Rate				
36	Funds, and to the extent possible, use such funds to supplement the program and meet the				
37	goals of this program.				
38	14. Virginia Preschool Initiative Payments				
39	a.1) It is the intent of the General Assembly that a payment estimated at				
40	\$72,286,230 \$70,049,572 the first year and \$72,297,411 \$72,351,058 the second year from the				
41	Lottery Proceeds Fund shall be disbursed by the Department of Education to schools and				
42	community-based organizations to provide quality preschool programs for at-risk four-year-				
43	olds who are residents of Virginia and unserved by Head Start program funding and for at-risk				
44	five-year-olds who are not eligible to attend kindergarten. In no event shall distributions from				
45	the Lottery Proceeds Fund be made directly to community-based or private providers.				
46	2) These state funds and required local matching funds shall be used to provide programs for				
47	at-risk four-year-old children, which include quality preschool education, health services,				
48	social services, parental involvement and transportation. It shall be the policy of the				
49	Commonwealth that state funds and required local matching funds for the Virginia Preschool				
50	Initiative not be used for capital outlay. Programs must provide full-day or half-day and, at				
51	least, school-year services.				
52	3) The Department of Education shall establish academic standards that are in accordance				
53	with appropriate preparation for students to be ready to successfully enter kindergarten. These				
54	standards shall be established in such a manner as to be measurable for student achievement

1	and success. Students shall be required to be evaluated in the fall and in the spring by each				
2	participating school division and the school divisions must certify that the Virginia				
3	Preschool Initiative program follows the established standards in order to receive the				
4	funding for quality preschool education and criteria for the service components. Such				
5	standards shall align with the Virginia Standards of Learning for Kindergarten.				
6	4) a) Grants shall be distributed based on an allocation formula providing the state share of				
7	a \$6,326 grant for 100 percent of the unserved at-risk four-year-olds in each locality for a				
8	full-day program. The number of unserved at-risk four-year-olds in each locality shall be				
9	based on the projected number of kindergarten students, updated once each biennium for				
10	the Governor's introduced biennial budget. Half-day programs shall operate for a				
11	minimum of three hours of classroom instructional time per day, excluding breaks for				
12	lunch or recess , and grants to half-day programs shall be funded based on the state share				
13	of \$3,163 per unserved at-risk four-year-old in each locality. Full-day programs shall				
14	operate for a minimum of five and one-half instructional hours, excluding breaks for				
15	meals and recess . <i>Virginia Preschool Initiative programs may include unstructured</i>				
16	<i>recreational time that is intended to develop teamwork, social skills, and overall physical</i>				
17	<i>fitness in any calculation of total instructional time, provided that such unstructured</i>				
18	<i>recreational time does not exceed 15 percent of total instructional time or teaching hours.</i>				
19	No additional state funding is provided for programs operating greater than three hours per				
20	day but less than five and one-half hours per day. In determining the state and local shares				
21	of funding, the composite index of local ability-to-pay is capped at 0.5000.				
22	b) For new programs in the first year of implementation only, programs operating less				
23	than a full school year shall receive state funds on a fractional basis determined by the				
24	pro-rata portion of a school year program provided. In determining the prorated state				
25	funds to be received, a school year shall be 180 days or 990 teaching hours.				
26	b.1) Any locality which desires to participate in this grant program must submit a proposal				
27	through its chief administrator (county administrator or city manager) by May 15 of each				
28	year. The chief administrator, in conjunction with the school superintendent, shall identify				
29	a lead agency for this program within the locality. The lead agency shall be responsible for				
30	developing a local plan for the delivery of quality preschool services to at-risk children				
31	which demonstrates the coordination of resources and the combination of funding streams				
32	in an effort to serve the greatest number of at-risk four-year-old children.				
33	2) The proposal must demonstrate coordination with all parties necessary for the				
34	successful delivery of comprehensive services, including the schools, child care providers,				
35	local social services agency, Head Start, local health department, and other groups				
36	identified by the lead agency.				
37	3) A local match, based on the composite index of local ability-to-pay, shall be required.				
38	For purposes of meeting the local match, localities may use local expenditures for existing				
39	qualifying programs, however, at least seventy-five percent of the local match will be cash				
40	and no more than twenty-five percent will be in-kind. In-kind contributions are defined as				
41	cash outlays that are made by the locality that benefit the program but are not directly				
42	charged to the program. The value of fixed assets cannot be considered as an in-kind				
43	contribution. Philanthropic or other private funds may be contributed to the locality to be				
44	appropriated in their local budget and then utilized as local match. Localities shall also				
45	continue to pursue and coordinate other funding sources, including child care subsidies.				
46	Funds received through this program must be used to supplement, not supplant, any funds				
47	currently provided for programs within the locality. However, in the event a locality is				
48	unable to continue the previous level of support to programs for at-risk four-year-olds				
49	from Title I of the federal Elementary and Secondary Education Act (ESEA), the state and				
50	local funds provided in this grants program may be used to continue services to these Title				
51	I students. Such inability may occur due to adjustments to the allocation formula in the				
52	reauthorization of ESEA as the Every Student Succeeds Act of 2015, or due to a				
53	percentage reduction in a locality's Title I allocation in a particular year. Any locality so				
54	affected shall provide written evidence to the Superintendent of Public Instruction and				
55	request his approval to continue the services to Title I students.				
56	c. Local plans must provide clear methods of service coordination for the purpose of				
57	reducing the per child cost for the service, increasing the number of at-risk children served

7	comprehensive services within a setting which currently provides quality preschool education.			
8	3) "Expansion of Service" - methods for using grant funds to purchase slots within existing			
9	programs, such as Head Start, which provide comprehensive services to at-risk four-year-old			
10	children.			
11	d.1) Local plans must indicate the number of at-risk four-year-old children to be served, and			
12	the eligibility criteria for participation in this program shall be consistent with the economic			
13	and educational risk factors stated in the 2015-2016 programs guidelines that are specific to:			
14	(i) family income at or below 200 percent of federal poverty guidelines, (ii) homelessness,			
15	(iii) student's parents or guardians are school dropouts, or (iv) family income is above 200			
16	percent but at or below 350 percent of federal poverty guidelines in the case of students with			
17	special needs or disabilities. Up to 15 percent of a division's slots may be filled based on			
18	locally established eligibility criteria so as to meet the unique needs of at-risk children in the			
19	community.			
20	2) The Department of Education is directed to compile from each school division the			
21	aggregated information as to the number of enrolled students whose families are (i) at or			
22	below 130 percent of poverty, (ii) above 130 percent but at or below 200 percent of poverty,			
23	(iii) above 200 percent but at or below 350 percent of poverty, and (iv) above 350 percent of			
24	poverty. The Department shall report this information annually, after the application and fall			
25	participation reports are submitted to the Department from the school divisions, to the			
26	Chairmen of House Appropriations and Senate Finance Committees. In addition, the			
27	Department will post and maintain the summary information by division on the Department's			
28	website in keeping with current student privacy policies.			
29	e.1) The Department of Education shall provide technical assistance for the administration of			
30	this grant program to provide assistance to localities in developing a comprehensive,			
31	coordinated, quality preschool program for serving at-risk four-year-old children.			
32	2) The Department shall provide interested localities with information on models for service			
33	delivery, methods of coordinating funding streams, such as funds to match federal IV-A child			
34	care dollars, to maximize funding without supplanting existing sources of funding for the			
35	provision of services to at-risk four-year-old children. A priority for technical assistance in the			
36	design of programs shall be given to localities where the majority of the at-risk four-year-old			
37	population is currently unserved.			
38	f. The Department of Education shall include in the program's application package specific			
39	information regarding the potential availability of funding for supplemental grants that may			
40	be used for one-time expenses, other than capital, related to start-up or expansion of			
41	programs, with priority given to proposals for expanding the use of partnerships with either			
42	nonprofit or for-profit providers. Furthermore, the Department is mandated to communicate to			
43	all eligible school divisions the remaining available balances in the program's adopted budget,			
44	after the fall participation reports have been submitted and finalized for such grants.			
45	g. Beginning in school year 2019-2020, one-time waiting list slots may, subject to available			
46	funds, be provided to school divisions that have utilized 100 percent of their calculated slots			
47	in the previous school year and had a waiting list for unserved eligible children as certified by			
48	such school divisions on the October Virginia Preschool Initiative Fall Verification Report			
49	submitted to the Department of Education in the previous school year. Further, eligible school			
50	divisions that may request and receive a one-time allocation of such slots in the subsequent			
51	school year, shall offer such slots to at-risk four-year old children that (i) family income at or			
52	below 200 percent of federal poverty guidelines, (ii) family income is above 200 percent but			
53	at or below 350 percent of federal poverty guidelines in the case of students with special			
54	needs or disabilities, (iii) homelessness, or (iv) student's parents or guardians are school			
55	dropouts. The amount of funding available to provide any waiting list slots to eligible school

1	divisions shall be determined by the previous fiscal year year-end balance of the				
2	allocations in paragraph C. 14. a. 1) of this item. Further, the Department of Education				
3	shall ensure that supplemental grants for one-time expenses, other than capital, related to				
4	start-up or expansion of Virginia Preschool Initiative program in paragraph C. 14. f. of this				
5	item, are awarded and allocated first from any year-end <i>available</i> balances in the				
6	<i>program's adopted budget, after the fall participation reports have been submitted and</i>				
7	<i>finalized</i> before any remaining balances are considered for waiting list slots. <i>Any such</i>				
8	<i>remaining balances not awarded and allocated in the current fiscal year for start-up or</i>				
9	<i>expansion grants shall be carried forward to the next fiscal year to support waiting list</i>				
10	<i>slots.</i> Available funding shall be provided only to eligible school divisions that report				
11	using 100 percent of the upcoming school year slot allocation in the May 15 grant				
12	proposal and report using 100 percent of the school year slot allocation on the October 1				
13	Virginia Preschool Initiative Fall Verification Report submitted to the Department of				
14	Education for the school year that waiting list slots are provided. If a school division's				
15	October 1 Virginia Preschool Initiative Fall Verification Report submitted to the				
16	Department of Education does not certify that 100 percent of the school year calculated				
17	slot allocation is used, then the Department of Education shall withdraw enough of the				
18	granted waiting list slots and associated funding provided such that the net difference				
19	between the withdrawn waiting list slots make up the percentage deficient from the school				
20	year calculated slot allocation not used. The Department of Education shall submit a				
21	comprehensive report, detailing, but not limited to, the number of calculated slots and				
22	funding allocated to each school division, the number of calculated slots filled by each				
23	school division, supplemental grants requested and awarded by each school division, the				
24	number of waiting list slots requested by each school division, the number of waiting list				
25	slots offered to each school division, the number of waiting list slots filled by each school				
26	division and the funding allocated for the filled waiting list slots by each school division,				
27	to the Chairmen of House Appropriations and Senate Finance Committees no later than				
28	November 15 <i>December 31, 2019, and annually thereafter.</i>				
29	h. Out of the appropriation in this Item, \$2,304,088 <i>\$304,088</i> the first year and \$2,306,100				
30	<i>\$306,100</i> the second year from the general fund is allocated for the Department of				
31	Education to provide grants of no more than \$30,000 each for local school divisions that				
32	have applied for such funds for the sole purpose of providing financial incentives to				
33	provisionally licensed teachers teaching students enrolled in the Virginia Preschool				
34	Initiative and who are actively engaged in coursework and professional development,				
35	toward achieving the required degree and license that satisfy the licensure requirements				
36	reflected in § 22.1-299, Code of Virginia. School divisions must submit applications to the				
37	Department of Education by December 1 of each year. Priority for awarding grants shall				
38	be given to hard-to-staff schools and schools with the highest number of provisionally				
39	licensed teachers teaching students enrolled in the Virginia Preschool Initiative. The				
40	Department of Education shall develop the application process to be provided to school				
41	divisions that have provisionally licensed teachers employed and are teaching students				
42	enrolled in the Virginia Preschool Initiative. <i>Any funds not awarded from this grant</i>				
43	<i>program in fiscal year 2019 may be awarded for supplemental grants for one-time</i>				
44	<i>expenses, other than capital, related to start-up or expansion of Virginia Preschool</i>

48	i. Out of the appropriation in this Item, \$300,000 the first year and \$700,000 the second				
49	year from the general fund is provided through the Department of Education to the				
50	University of Virginia's Center for Advanced Study of Teaching and Learning to ensure				
51	that all Virginia Preschool Initiative classroom programs teachers receive appropriate				
52	individualized professional development training from professional development				
53	specialists to support quality teacher-child interactions and effective research-based				
54	curriculum implementation. Funding and professional development assistance shall be				
55	prioritized for teachers with Classroom Assessment Scoring System (CLASS) observation				
56	scores that did not meet the statewide minimum acceptable threshold standard established				
57	by University of Virginia's Center for Advanced Study of Teaching and Learning and the				
58	Department of Education. The University of Virginia's Center for Advanced Study of

2	j. Out of the appropriation in this Item, \$75,000 the first year from the general fund is				
3	provided such that, beginning July 1, 2018, the Department of Education shall develop a plan				
4	to ensure that high quality instruction is provided in the Virginia Preschool Initiative				
5	program's individual preschool classrooms. The plan shall detail how the Department will (i)				
6	monitor and assess the quality of teacher-child interactions within each preschool classroom				
7	at least once every two years, (ii) ensure the use of evidence-based curricula is implemented				
8	in each preschool classroom and take necessary corrective action if evidence-based				
9	curriculum is not used or effective by the following school year, and, (iii) facilitate and				
10	provide individualized professional development for Virginia Preschool Initiative classroom				
11	teachers to ensure the necessary teaching skills are aligned for the pedagogy of high quality				
12	preschool classroom experiences and (iv) provide informative and complete information				
13	about how Virginia Preschool Initiative funding, from all sources, supports quality preschool				
14	experiences for children enrolled in the local public school divisions in Virginia. The plan				
15	shall also include details on the number of staff, tasks and duties, and possible funding needed				
16	to carry out these responsibilities. The Department shall submit its complete detailed plan to				
17	the Chairmen of House Appropriations and Senate Finance Committees by November 1,				
18	2018.				
19	k. Out of the appropriation in this Item, \$350,000 the first year and \$350,000 the second year				
20	from the general fund is provided through the Department of Education to the University of				
21	Virginia to ensure that all Virginia Preschool Initiative classroom programs have the quality				
22	of their teacher-child interactions assessed through a rigorous and research-based classroom				
23	observational instrument at least once every two years using the CLASS observational				
24	instrument for such assessment. All classrooms shall be observed no later than June 30, 2020.				
25	The University of Virginia, with input from the Department of Education and the use of its				
26	detailed plan for such assessments, shall establish a statewide minimum acceptable threshold				
27	for the quality of teacher-child interactions for Virginia Preschool Initiative classroom				
28	programs, and classrooms that are assessed below the threshold will receive additional				
29	technical assistance from the Department of Education and the University of Virginia. The				
30	threshold should be established with the assistance of University of Virginia's Center for				
31	Advanced Study of Teaching and Learning, using a rigorous and research-based classroom				
32	observational instrument. The threshold shall be established no later than the beginning of the				
33	2018-2019 school year and the classroom assessments shall begin no later than spring 2019.				
34	The University of Virginia's Center for Advanced Study of Teaching and Learning shall				
35	submit a progress report on such classroom observations to the Chairmen of House				
36	Appropriations and Senate Finance Committees no later than June 30, 2019, and annually				
37	thereafter.				
38	15. Early Reading Intervention Payments				
39	a. An additional payment of \$22,599,681 \$23,578,891 the first year and \$22,651,560				
40	\$23,571,284 the second year from the Lottery Proceeds Fund shall be disbursed by the				
41	Department of Education to local school divisions for the purposes of providing early reading				
42	intervention services to students in grades kindergarten through 3 who demonstrate				
43	deficiencies based on their individual performance on diagnostic tests which have been				
44	approved by the Department of Education. The Department of Education shall review the				
45	tests of any local school board which requests authority to use a test other than the state-				
46	provided test to ensure that such local test uses criteria for the early diagnosis of reading				
47	deficiencies which are similar to those criteria used in the state-provided test. The Department				
48	of Education shall make the state-provided diagnostic test used in this program available to				
49	local school divisions. School divisions shall report the results of the diagnostic tests to the				
50	Department of Education on an annual basis at a time to be determined by the Superintendent				
51	of Public Instruction.				
52	b. These payments shall be based on the state's share of the cost of providing two and one-half				
53	hours of additional instruction each week for an estimated number of students in each school				
54	division at a student to teacher ratio of five to one. The estimated number of students in each				
55	school division in each year shall be determined by multiplying the projected number of				
56	students reported in each school division's fall membership in grades kindergarten, 1, 2, and 3				
57	by the percent of students who are determined to need services based on diagnostic tests				
58	administered in the previous year in that school division and adjusted in the following

8	Education that an intervention program will be offered to such students and that each				
9	student who receives an intervention will be assessed again at the end of that school year.				
10	At the beginning of the school year, local school divisions shall partner with the parents of				
11	those third grade students in the division who demonstrate reading deficiencies, discussing				
12	with them a developed plan for remediation and retesting. Such intervention programs, at				
13	the discretion of the local school division, may include, but not be limited to, the use of:				
14	special reading teachers; trained aides; full-time early literacy tutors; volunteer tutors				
15	under the supervision of a certified teacher; computer-based reading tutorial programs;				
16	aides to instruct in-class groups while the teacher provides direct instruction to the				
17	students who need extra assistance; or extended instructional time in the school day or				
18	year for these students. Localities receiving these payments are required to match these				
19	funds based on the composite index of local ability-to-pay.				
20	d. In the event that a school division does not use the diagnostic test provided by the				
21	Department of Education in the year that serves as the basis for updating the funding				
22	formula for this program but has used it in past years, the Department of Education shall				
23	use the most recent data available for the division for the state-provided diagnostic test.				
24	e. The results of all reading diagnostic tests and reading remediation shall be discussed				
25	with the student and the student's parent prior to the student being promoted to grade four.				
26	f. Funds appropriated for Standards of Quality Prevention, Intervention, and Remediation,				
27	Remedial Summer School, or At-Risk Add-On may also be used to meet the requirements				
28	of this program.				
29	16. Standards of Learning Algebra Readiness Payments				
30	a. An additional payment of \$13,003,937 \$13,099,389 the first year and \$13,020,964				
31	\$13,061,697 the second year from the Lottery Proceeds Fund shall be disbursed by the				
32	Department of Education to local school divisions for the purposes of providing math				
33	intervention services to students in grades 6, 7, 8 and 9 who are at-risk of failing the				
34	Algebra I end-of-course test, as demonstrated by their individual performance on				
35	diagnostic tests which have been approved by the Department of Education. These				
36	amounts reflect \$200,000 the first year and \$200,000 the second year apportioned to each				
37	school division to account for the cost of the diagnostic test. The Department of Education				
38	shall review the tests to ensure that such local test uses state-provided criteria for				
39	diagnosis of math deficiencies which are similar to those criteria used in the state-provided				
40	test. The Department of Education shall make the state-provided diagnostic test used in				
41	this program available to local school divisions. School divisions shall report the results of				
42	the diagnostic tests to the Department of Education on an annual basis at a time to be				
43	determined by the Superintendent of Public Instruction.				
44	b. These payments shall be based on the state's share of the cost of providing two and one-				
45	half hours of additional instruction each week for an estimated number of students in each				
46	school division at a student to teacher ratio of ten to one. The estimate number of students				
47	in each school division shall be determined by multiplying the projected number of				
48	students reported in each school division's fall membership by the percent of students that				
49	qualify for the federal Free Lunch Program.				
50	c. These payments are available to any school division that certifies to the Department of				
51	Education that an intervention program will be offered to such students and that each				
52	student who receives an intervention will be assessed again at the end of that school year.				
53	Localities receiving these payments are required to match these funds based on the

15	jurisdictional lines, as provided by subsections A and B of § 22.1-101.1, Code of Virginia. To				
16	the extent these funds are not adequate to cover the full costs specified therein, the				
17	Department is authorized to expend unobligated balances in this Item for this support.				
18	26. Sales Tax Payments				
19	a. This is a sum-sufficient appropriation for distribution to counties, cities and towns a portion				
20	of net revenue from the state sales and use tax, in support of the Standards of Quality (Title

37	28. Governor's School Payments				
38	a. Out of the amounts for Governor's School Payments, the Department of Education shall

1	Acts of Assembly, and Chapter 665, 2015 Acts of Assembly.				
2	c. For the Summer Governor's Schools and Foreign Language Academies programs, the				
3	Superintendent of Public Instruction is authorized to adjust the tuition rates, types of				
4	programs offered, length of programs, and the number of students enrolled in order to				
5	maintain costs within the available state and local funds for these programs.				
6	d. It shall be the policy of the Commonwealth that state general fund appropriations not be				
7	used for capital outlay, structural improvements, renovations, or fixed equipment costs				
8	associated with initiation of existing or proposed Governor's schools. State general fund				
9	appropriations may be used for the purchase of instructional equipment for such schools,				
10	subject to certification by the Superintendent of Public Instruction that at least an equal				
11	amount of funds has been committed by participating school divisions to such purchases.				
12	e. The Board of Education shall not take any action that would increase the state's share of				
13	costs associated with the Governor's Schools as set forth in this Item. This provision shall				
14	not prohibit the Department of Education from submitting requests for the increased costs				
15	of existing programs resulting from updates to student enrollment for school divisions				
16	currently participating in existing programs or for school divisions that begin participation				
17	in existing programs.				
18	f.1) Regular school year Governor's Schools are funded through this Item based on the				
19	state's share of the incremental per pupil cost for providing such programs for each student				
20	attending a Governor's School up to a cap of 1,800 students per Governor's School in the				
21	first year and a cap of 1,800 students per Governor's School in the second year. This				
22	incremental per pupil payment shall be adjusted for the composite index of the school				
23	division that counts such students attending an academic year Governor's School in their				
24	March 31 Average Daily Membership. It is the intent of the General Assembly that this				
25	incremental per pupil amount be in addition to the basic aid per pupil funding provided to				
26	the affected school division for such students. Therefore, local school divisions are				
27	encouraged to provide the appropriate portion of the basic aid per pupil funding to the				
28	Governor's Schools for students attending these programs, adjusted for costs incurred by				
29	the school division for transportation, administration, and any portion of the day that the				
30	student does not attend a Governor's School.				
31	2) Students attending a revolving Academic Year Governor's School program for only one				
32	semester shall be counted as 0.50 of a full-time equivalent student and will be funded for				
33	only fifty percent of the full-year funded per pupil amount. Funding for students attending				
34	a revolving Academic Year program will be adjusted based upon actual September 30th				
35	and January 30th enrollment each fiscal year. For purposes of this Item, revolving				
36	programs shall mean Academic Year Governor's School programs that admit students on a				
37	semester basis.				
38	3) Students attending a continuous, non-revolving Academic Year Governor's School				
39	program shall be counted as a full-time equivalent student and will be funded for the full-				
40	year funded per pupil amount. Funding for students attending a continuous, non-revolving				
41	Academic Year Governor's School program will be adjusted based upon actual September				
42	30th student enrollment each fiscal year. For purposes of this Item, continuous, non-				
43	revolving programs shall mean Academic Year Governor's School programs that only				
44	admit students at the beginning of the school year. Fairfax County Public Schools shall not				
45	reduce local per pupil funding for the Thomas Jefferson Governor's School below the				
46	amounts appropriated for the 2003-2004 school year.				
47	g. All regional Governor's Schools are encouraged to provide full-day grades 9 through 12				
48	programs.				
49	h. Out of the appropriation included in paragraph C. 39. of this Item, \$568,499				
50	\$866,870 the second year from the general fund is provided in the Academic Year				
51	Governor's School funding allocation to increase the per pupil amount the second year as				
52	an add-on for a compensation supplement payment equal to 3.0 percent of base pay on				
53	July 1, 2019, <i>and for a compensation supplement payment of up to 2.0 percent of base pay</i>

36	32. Career Switcher/Alternative Licensure Payments

1	T. The Virginia Community College System (VCCS) shall evaluate and submit a report on a strategy and funding for enhancing the rate at which community college students progress through the system's academic programs and attain degrees or other credentials. The evaluation should focus on enhancing institutions' academic advising services. The report should describe a plan for ensuring that each institution can provide proactive, individualized, mandatory advising for students who demonstrate the potential to benefit from such advising and who are at the highest risk of not earning a credential or transferring to a four-year higher education institution. The report should also describe the criteria that the system will use to identify high-risk students who should receive intensive, mandatory advising; describe the circumstances that will prompt mandatory academic advising meetings; estimate the total number of students who would be eligible; estimate the total cost of equipping each college to provide such advising; and identify the potential sources of funding for implementing the plan. The report should describe how the existing College Success Coach Initiative program could be expanded to achieve these purposes. The report should also describe the resources that would be necessary to require students to attend new-student orientation before enrolling in courses and to complete the student development course during their first semester, and such requirements should at least apply to students who are seeking a degree or credential and who have been identified by VCCS as being at-risk of non-completion. The report should be provided to the Secretary of Education and the Chairman of the House Appropriations and Senate Finance Committees by September 1, 2018.

9	six-year forecast of the adult offender population presently incarcerated in the Department of			
10	Corrections and approaching release who meet the criteria set forth in Chapter 863 and			
11	Chapter 914 of the 2006 Acts of Assembly, and who may be eligible for evaluation as

13	As part of the forecast, the secretary shall report on: (i) the number of Commitment Review			
14	Committee (CRC) evaluations to be completed; (ii) the number of eligible inmates

31	forecasting the SVP population.			
32	B. The Secretary of Health and Human Resources shall create a trauma-informed care

34	within the Health and Human Resources Secretariat. The workgroup shall include			
35	representatives from the Departments of Social Services, Behavioral Health and			
36	Developmental Services, Medical Assistance Services, and Health, as well as stakeholders,

1	Senate Finance Committees, and other agencies as deemed appropriate by the respective				
2	Secretaries. The purpose of the workgroup shall be to evaluate common business				
3	requirements for electronic health records to ensure consistency and interoperability with				
4	other partner state and local agencies and public and private health care entities to the				
5	extent allowed by federal and state law and regulations. The goal of the workgroup is to				
6	develop an integrated EHR which may be shared as appropriate with other partner state				
7	and local agencies and public and private health care entities. The workgroup shall				
8	evaluate the DBHDS statement of work developed for its EHR system and the DBHDS				
9	platform for potential adaption and/or use by state agencies in order to develop an				
10	integrated statewide EHR.				
11	2. The workgroup may consider and evaluate other EHR systems that may be more				
12	appropriate to meet specific agency needs and evaluate the cost-effectiveness of pursuing a				
13	separate EHR system as compared to a statewide integrated EHR. However, the				
14	workgroup shall ensure that standards are developed to ensure that EHRs can be shared as				
15	appropriate with public and private partner agencies and health care entities.				
16	3. The workgroup shall also develop an implementation timeline, cost estimates, and				
17	assess other issues that may need to be addressed in order to implement an integrated				
18	statewide EHR system. The timeline and cost estimates shall be used by the respective				
19	agencies to coordinate implementation. The workgroup shall report on its activities and				
20	any recommendations to the Joint Subcommittee on Health and Human Resources				
21	Oversight by October 15, 2018.				
22	4. The workgroup shall produce a robust analysis of the costs and benefits of using the				
23	platform provided through Contract Number VA-121107-SMU managed by the Virginia				
24	Information Technologies Agency on behalf of the Commonwealth of Virginia in				
25	developing and implementing electronic health records for use by the Virginia				
26	Department of Health. The analysis shall consider the need for a separate domain from				
27	any other procured through the Contract. The workgroup shall report on the findings of				
28	the analysis and any recommendations to the Joint Subcommittee on Health and Human				
29	Resources Oversight by November 1, 2019.				
30	D. The Secretary of Health and Human Resources shall convene a work group to examine				
31	recent trends in the individual insurance market and state options for stabilizing that				
32	market. The examination shall include, but not be limited to, a review of association and				
33	catastrophic health plans as well as innovative solutions that reduce individual insurance				
34	premiums and out-of-pocket costs while preserving access to comprehensive health				
35	insurance. The examination shall also consider the resources necessary to fund any				
36	proposed options. The work group shall include the Commissioner of Insurance or his				
37	designee, the Virginia Association of Health Plans, chambers of commerce, and other				
38	relevant stakeholders at the discretion of the Secretary. The Secretary shall report his				
39	findings and recommendations to the Governor and the Chairmen of the House				
40	Appropriations and Senate Finance Committees by November 1, 2018.				
41	E.1. The Secretary of Health and Human Resources is authorized to develop and apply for				
42	a state innovation waiver under Section 1332 of the federal Patient Protection and				
43	Affordable Care Act (42 U.S.C. 18052) to implement innovative solutions to help stabilize				
44	the individual insurance market by reducing individual insurance premiums and out-of-				
45	pocket costs while preserving access to health insurance. Such solutions may include the				
46	implementation of a state reinsurance program or high risk pool, or market stabilization				
47	program payments, among others.				
48	2. The State Corporation Commission Bureau of Insurance shall provide technical				
49	assistance to the Secretary of Health and Human Resources as requested.				
50	3. The Secretary shall report on the waiver plan to the House and Senate Committees on				
51	Labor and Commerce and the House Appropriations and Senate Finance Committees prior				
52	to the submission of the waiver application. Such report shall include an analysis of the				
53	costs and assumptions used to implement the waiver and any mechanism proposed to fund				
54	the non-federal share of costs. Implementation of the waiver shall be subject to				
55	appropriation of the non-federal share of costs by the General Assembly and approval by				
56	the United States Secretary of Health and Human Services.

44	Department of Medical Assistance Services to assist Community Policy and Management

8	any given drug shall be considered only after it is determined to be safe and clinically				
9	effective.

24	addition, a qualifying facility must have at least 90 percent Medicaid utilization and a case				
25	mix index of 1.15 or higher in fiscal year 2014. The department shall have the authority to				
26	implement this reimbursement methodology change for rates on or after July 1, 2017, and				
27	prior to completion of any regulatory process in order to effect such change.				
28	3. Effective July 1, 2017 through June 30, 2020, the Department of Medical Assistance				
29	Services shall amend the State Plan for Medical Assistance to pay nursing facilities				
30	located in the former Danville Metropolitan Statistical Area (MSA) the operating rates				
31	calculated for the Other MSA peer group. For purposes of calculating rates under the				
32	rebasings effective July 1, 2017, the department shall use the peer groups based on the				
33	existing regulations. For future rebasings, the department shall permanently move these				
34	facilities to the Other MSA peer group. The department shall have the authority to				
35	implement this reimbursement change effective July 1, 2017 and prior to completion of				
36	any regulatory process undertaken in order to effect such change.				
37	NN. The Department of Medical Assistance Services shall amend its State Plan under				
38	Title XIX of the Social Security Act to implement reasonable restrictions on the amount of

40	residents. Such limitations shall include: (i) that routine exams and x-rays, and dental				
41	cleaning shall be limited to twice yearly; (ii) full mouth x-rays shall be limited to once				
42	every three years; and (iii) deductions for extractions and fillings shall be permitted only if				
43	medically necessary as determined by the department.				
44	OO. Notwithstanding §32.1-325, et seq. and §32.1-351, et seq. of the Code of Virginia,				
45	and effective upon the availability of subsidized private health insurance offered through a				
46	Health Benefits Exchange in Virginia as articulated through the federal Patient Protection				
47	and Affordable Care Act (PPACA), the Department of Medical Assistance Services shall				
48	eliminate, to the extent not prohibited under federal law, Medicaid Plan First and FAMIS				
49	Moms program offerings to populations eligible for and enrolled in said subsidized				
50	coverage in order to remove disincentives for subsidized private healthcare coverage				
51	through publicly-offered alternatives. To ensure, to the extent feasible, a smooth transition				
52	from public coverage, DMAS shall endeavor to phase out such coverage for existing				
53	enrollees once subsidized private insurance is available through a Health Benefits				
54	Exchange in Virginia. The department shall implement any necessary changes upon				
55	federal approval and prior to the completion of any regulatory process undertaken in order				
56	to effect such change.				
57	PP. The Department of Medical Assistance Services shall have authority to amend the

4	eligibility determination and case management standards and practices, including the				
5	Modified Adjusted Gross Income (MAGI) methodology. The department shall have authority

8	QQ. Effective July 1, 2013, the Department of Medical Assistance Services shall establish a				
9	Medicaid Physician and Managed Care Liaison Committee including, but not limited to,				
10	representatives from the following organizations: the Virginia Academy of Family				
11	Physicians; the American Academy of Pediatricians – Virginia Chapter; the Virginia College				
12	of Emergency Physicians; the American College of Obstetrics and Gynecology – Virginia				
13	Section; Virginia Chapter, American College of Radiology; the Psychiatric Society of				
14	Virginia; the Virginia Medical Group Management Association; and the Medical Society of				
15	Virginia. The committee shall also include representatives from each of the department's				
16	contracted managed care organizations and a representative from the Virginia Association of				
17	Health Plans. The committee will work with the department to investigate the implementation				
18	of quality, cost-effective health care initiatives, to identify means to increase provider				
19	participation in the Medicaid program, to remove administrative obstacles to quality, cost-				
20	effective patient care, and to address other matters as raised by the department or members of				
21	the committee. The Committee shall establish an Emergency Department Care Coordination				
22	work group comprised of representatives from the Committee, including the Virginia College				
23	of Emergency Physicians, the Medical Society of Virginia, the Virginia Hospital and				
24	Healthcare Association, the Virginia Academy of Family Physicians and the Virginia				
25	Association of Health Plans to review the following issues: (i) how to improve coordination				
26	of care across provider types of Medicaid "super utilizers"; (ii) the impact of primary care

28	systems; and (iii) methods for formalizing a statewide emergency department collaboration to				
29	improve care and treatment of Medicaid recipients and increase cost efficiency in the				
30	Medicaid program, including recognized best practices for emergency departments. The				
31	committee shall meet semi-annually, or more frequently if requested by the department or				
32	members of the committee. The department, in cooperation with the committee, shall report				
33	on the committee's activities annually to the Board of Medical Assistance Services and to the				
34	Chairmen of the House Appropriations and Senate Finance Committees and the Department				
35	of Planning and Budget no later than October 1 each year.				
36	RR. The Department of Medical Assistance Services shall realign the billable activities paid				
37	for individual supported employment provided under the Medicaid home- and community-				
38	-based waivers to be consistent with job development and job placement services provided				
39	through employment services organizations that are reimbursed by the Department for Aging				
40	and Rehabilitative Services. The department shall have the authority to implement this				
41	reimbursement change effective July 1, 2013, and prior to the completion of any regulatory				
42	process undertaken in order to effect such change.				
43	SS.1. The Department of Medical Assistance Services shall seek federal authority through any				
44	necessary waiver(s) and/or State Plan authorization under Titles XIX and XXI of the Social				
45	Security Act to implement a comprehensive value-driven, market-based reform of the				
46	Virginia Medicaid/FAMIS programs.				
47	2. The department is authorized to contract with qualified health plans to offer recipients a				
48	Medicaid benefit package adhering to these principles. Any coordination of non-traditional				
49	behavioral health services covered under contract with qualified health plans or through other				
50	means shall adhere to the principles outlined in paragraph EE.a. This reformed service				
51	delivery model shall be mandatory, to the extent allowed under the relevant authority granted				
52	by the federal government and shall, at a minimum, include (i) limited high-performing				
53	provider networks and medical/health homes; (ii) financial incentives for high quality				
54	outcomes and alternative payment methods; (iii) improvements to encounter data submission,				
55	reporting, and oversight; (iv) standardization of administrative and other processes for				
56	providers; and (v) support of the health information exchange.				
57	3. The Department of Medical Assistance Services shall seek reforms to include all remaining

2	department shall begin designing the process and obtaining federal authority to transition				
3	all remaining Medicaid beneficiaries into a coordinated delivery system. DMAS shall				
4	promulgate regulations to implement these provisions to be effective within 280 days of				
5	its enactment. The department may implement any changes necessary to implement these				
6	provisions prior to the promulgation of regulations undertaken in order to effect such				
7	changes.				
8	4.a. Notwithstanding § 30-347, Code of Virginia, or any other provision of law, no later				
9	than 45 days upon the passage of House Bill 5001, the Department of Medical Assistance				
10	Services shall have the authority to (1) amend the State Plan for Medical Assistance under				
11	Title XIX of the Social Security Act, and any waivers thereof, to implement coverage for				
12	newly eligible individuals pursuant to 42 U.S.C. § 1396d(y)(1)[2010] of the Patient				
13	Protection and Affordable Care Act and (2) begin the process of implementing a § 1115				
14	demonstration project to transform the Medicaid program for newly eligible individuals				
15	pursuant to the provisions of 4.a.(1) and eligible individuals enrolled in the existing				
16	Medicaid program. No later than 150 days from the passage of House Bill 5001, DMAS				
17	shall submit the § 1115 demonstration waiver application to CMS for approval. If the				
18	State Plan amendments are affirmatively approved by CMS prior to the submission of the				
19	waiver, Medicaid coverage for newly eligible individuals may be implemented. If the				
20	State Plan amendment becomes effective without affirmative action by CMS, coverage				
21	may begin upon submission of the completed § 1115 demonstration waiver application,				
22	per CMS notification, but no later than January 1, 2019. If the demonstration waiver				
23	cannot be completed by 150 days, despite a good faith effort to complete the application,				
24	the department may request an extension from the Chairmen of the House Appropriations				
25	and Senate Finance Committees. The department shall provide updates on the progress of				
26	the State Plan amendments and demonstration waiver applications to the Chairmen of the				
27	House Appropriations and Senate Finance Committees, or their designees, upon request,				
28	and provide for participation in discussions with CMS staff. The department shall respond				
29	to all requests for information from CMS on the State Plan amendments and				
30	demonstration waiver applications in a timely manner.				
31	b. At least 10 days prior to the submission of the application for the waiver of Title XIX of				
32	the Social Security Act, the department shall notify the Chairmen of the House				
33	Appropriations and Senate Finance Committees of such pending application and provide a				
34	copy of the application. If the department receives an official letter from either Chairman				
35	raising an objection about the waiver during the 10-day period, the department shall make				
36	all reasonable attempts to address the objection and modify the waiver(s). If the				
37	department receives no objection, then the application may be submitted. Any waiver				
38	specifically authorized elsewhere in this item is not subject to this provision. Waiver				
39	renewals are not subject to the provisions of this paragraph.				
40	c. The Department of Medical Assistance Services shall include provisions to make				
41	referrals to job training, education and job placement assistance for all unemployed, able-				
42	bodied adult enrollees as allowed under current federal law or regulations through the				
43	State Plan amendments, contracts, or other policy changes. DMAS shall also include				
44	provisions to foster personal responsibility and prepare newly eligible enrollees for				
45	participation in commercial health insurance plans to include use of private health plans,				
46	premium support for employer-sponsored insurance, health and wellness accounts,				
47	appropriate utilization of hospital emergency room services, healthy behavior incentives,				
48	and enhanced fraud prevention efforts, among others through the State Plan amendments,				
49	contracts, or other policy changes.				
50	d. The demonstration project shall be designed to empower individuals to improve their				
51	health and well-being and gain employer sponsored coverage or other commercial health				
52	insurance coverage, while simultaneously ensuring the program's long-term fiscal				
53	sustainability. The demonstration project shall include the following elements in the				
54	design:				
55	(i) two pathways for eligible individuals with incomes between 100 percent and 138				
56	percent of the federal poverty level, including income disregards, to obtain health care				
57	coverage: enrollment in an existing Medicaid managed care plan, or premium assistance				
58	for the purchase of employer-sponsored health insurance coverage if cost effective. The

1	plans will provide a comprehensive benefit package consistent with private market plans,				
2	compliant with all mandated essential health benefits, and inclusive of current Medicaid				
3	covered mental health and addiction recovery and treatment services. The demonstration shall				
4	include (1) the development of a health and wellness account for eligible individuals,				
5	comprised of participant contributions and state funds to be used to fund the health insurance				
6	premiums and to ensure funds are available for the enrollee to cover out-of-pocket expenses				
7	for the deductible, with the ability to roll over the funds from the account into succeeding				
8	years if not fully used. The monthly premium amount for the enrollee shall be set on a sliding				
9	scale based on monthly income, not to exceed two percent of monthly income, nor be less				
10	than \$1 per month; (2) provisions for demonstration coverage to begin on the first day of the				
11	month following receipt of the premium payment or enrollment due to treatment of an acute				
12	illness; (3) provisions for institution of a grace period for premium payment, followed by a

14	participant does not maintain continuous coverage; and (4) provisions to recover premium				
15	payments owed to the Commonwealth through debt set-off collections;				
16	(ii) provisions to enroll newly eligible individuals with incomes between 0 and 100 percent of				
17	the federal poverty level, including income disregards, in existing Medicaid managed care				
18	plans with existing Medicaid benefits or in employer-sponsored health insurance plans, if cost				
19	effective. Such newly eligible enrollees shall be subject to existing Medicaid cost sharing				
20	provisions;				
21	(iii) cost-sharing for eligible enrollees with incomes between 100 percent and 138 percent of				
22	the federal poverty level, including income disregards, designed to promote healthy behaviors				
23	such as the avoidance of tobacco use, and to encourage personal responsibility and				
24	accountability related to the utilization of health care services such as the appropriate use of				
25	emergency room services. However, such individuals who also meet the exemptions listed in				
26	(iv) shall not be subject to premium and copayment requirements more stringent than existing				
27	Medicaid law or regulations. Enrollees who comply with provisions of the demonstration				
28	program, including healthy behavior provisions, may receive a decrease in their monthly				
29	premiums and copayments, not to exceed 50 percent.				
30	(iv) the establishment of the Training, Education, Employment and Opportunity Program				
31	(TEEOP) for every able-bodied, working-age adult enrolled in the Medicaid program to				
32	enable enrollees to increase their health and well-being through community engagement				
33	leading to self-sufficiency. The TEEOP program shall not apply to: (1) children under the age				
34	of 18 or individuals under the age of 19 who are participating in secondary education; (2)				
35	individuals age 65 years and older; (3) individuals who qualify for medical assistance services				
36	due to blindness or disability, including individuals who receive services pursuant to a § 1915				
37	waiver; (4) individuals residing in institutions; (5) individuals determined to be medically				
38	frail; (6) individuals diagnosed with serious mental illness; (7) pregnant and postpartum				
39	women; (8) former foster children under the age of 26; (9) individuals who are the primary				
40	caregiver for a dependent, including a dependent child or adult dependent with a disability;				
41	and (10) individuals who already meet the work requirements of the TANF or SNAP				
42	programs. The TEEOP shall comply with guidance from CMS regarding such programs and				
43	may include other exemptions that may be necessary to achieve the TEEOP's goals of				
44	community engagement and improved health outcomes that are approved by CMS.				
45	The TEEOP shall include provisions for gradually escalating participation in training,				
46	education, employment and community engagement opportunities through the program as				
47	follows:				
48	a. beginning three months after enrollment, at least 20 hours per month;				
49	b. beginning six months after enrollment, at least 40 hours per month;				
50	c. beginning nine months after enrollment, at least 60 hours per month; and				
51	d. beginning 12 months after enrollment, at least 80 hours per month;				
52	The TEEOP shall also include provisions for satisfaction of the requirement for participation				
53	in training, education, employment and community engagement opportunities through				
54	participation in job skills training; job search activities in conformity with Virginia				
55	Employment and Commission guidelines; education related to employment; general

2	Development (GED) certification examination or community college courses leading to				
3	industry certifications or a STEM-H related degree or credential; vocational education and				
4	training; subsidized or unsubsidized employment; community work experience programs,				
5	community service or public service, excluding political activities, that can reasonably				
6	improve work readiness; or caregiving services for a non-dependent relative or other				
7	person with a chronic, disabling health condition. The department may waive the				
8	requirement for participation in employment in areas of the Commonwealth with				
9	unemployment rates equal to or greater than 150 percent of the statewide average;				
10	however, requirements related to training, education and other community engagement				
11	opportunities shall not be waived in any area of the Commonwealth.				
12	The TEEOP shall work with Virginia Workforce Centers or One-Stops to provide services				
13	to Medicaid enrollees. Such services shall include career services for program enrollees,				
14	services to link enrollees with industry certification and credentialing programs, including				
15	the New Economy Workforce Credential Grant Program, and individualized case				
16	management services.				
17	The TEEOP shall, to the extent allowed under federal law, utilize federal and state funding				
18	available through the Centers for Medicare and Medicaid Services, Temporary Assistance				
19	for Needy Families program, the Supplemental Nutrition Assistance Program, the				
20	Workforce Innovation and Opportunity Act, and other state and federal workforce				
21	development programs to support program enrollees.				
22	Unless exempt, enrollees shall be ineligible to receive Medicaid benefits if, during any				
23	three months of the 12-month period beginning on the first day of enrollment, they fail to				
24	meet the TEEOP requirements and they will not be permitted to re-enroll until the end of				
25	such 12-month period, unless the failure to comply or report compliance was the result of				
26	a catastrophic event or circumstances beyond the beneficiary's control. However, enrollees				
27	shall be eligible to re-enroll in the program within such 12-month period upon				
28	demonstration of compliance with the TEEOP requirements.				
29	(v) monitoring and oversight of the use of health care services to ensure appropriate				
30	utilization;				
31	(vi) The Department of Medical Assistance Services shall develop a supportive				
32	employment and housing benefit targeted to high risk Medicaid beneficiaries with mental				
33	illness, substance use disorder, or other complex, chronic conditions who need intensive,				
34	ongoing support to obtain and maintain employment and stable housing.				
35	e. The State Plan amendment and the demonstration waiver program shall include (i)				
36	systems for determining eligibility for participation in the program, (ii) provisions for				
37	disenrollment if federal funding is reduced or terminated, and (iii) provisions for				
38	monitoring, evaluating, and assessing the effectiveness of the waiver program in				
39	improving the health and wellness of program participants and furthering the objectives of				
40	the Medicaid program.				
41	f. The department shall have the authority to promulgate emergency regulations to				
42	implement these changes within 280 days or less from the enactment date of House Bill				
43	5001. The department shall have the authority to implement these changes prior to the				
44	completion of any regulatory process undertake in order to effect such changes.				
45	5. In the event that the increased federal medical assistance percentages for newly eligible				
46	individuals included in 42 U.S.C. § 1396d(y)(1)[2010] of the PPACA are modified				
47	through federal law or regulation from the methodology in effect on January 1, 2014,				
48	resulting in a reduction in federal medical assistance as determined by the department in				
49	consultation with the Department of Planning and Budget, the Department of Medical				
50	Assistance Services shall disenroll and eliminate coverage for individuals who obtained				
51	coverage through 42 U.S.C. § 1396d(y)(1) [2010] of the PPACA. The disenrollment				
52	process shall include written notification to affected Medicaid beneficiaries, Medicaid				
53	managed care plans, and other providers that coverage will cease as soon as allowable				
54	under federal law following the date the department is notified of a reduction in Federal				
55	Medical Assistance Percentage.

1	TT. Effective July 1, 2014, the Department of Medical Assistance Services shall replace the				
2	AP-DRG grouper with the APR-DRG grouper for hospital inpatient reimbursement. The				
3	department shall develop budget neutral case rates and Virginia-specific weights for the APR-				
4	DRG grouper based on the FY 2011 base year. The department shall phase in the APR-DRG				
5	weights by blending in 50 percent of the full APR-DRG weights with 50 percent of FY 2014				
6	AP-DRG weights in the first year and 75 percent of the full APR-DRG weights with 25				
7	percent of the FY 2014 AP-DRG weights in the second year for each APR-DRG group and				
8	severity. FY 2014 AP-DRG weights shall be calculated as a weighted average FY 2014 AP-				
9	DRG weight for all claims in the base year that group to each APR-DRG group and severity.				
10	Full APR-DRG weights shall be used in the third year and succeeding years for each APR-				
11	DRG group and severity. The department shall have the authority to implement these				
12	reimbursement changes effective July 1, 2014, and prior to completion of any regulatory				
13	process in order to effect such changes.				
14	UU.1. Effective July 1, 2014, the Department of Medical Assistance Services shall replace the				
15	current Disproportionate Share Hospital (DSH) methodology with the following				
16	methodology:				
17	a) DSH eligible hospitals must have a total Medicaid Inpatient Utilization Rate equal to 14				
18	percent or higher in the base year using Medicaid days eligible for Medicare DSH or a Low				
19	Income Utilization Rate in excess of 25 percent and meet other federal requirements.				
20	Eligibility for out of state cost reporting hospitals shall be based on total Medicaid utilization				
21	or on total Medicaid NICU utilization equal to 14 percent or higher.				
22	b) Each hospital's DSH payment shall be equal to the DSH per diem multiplied by each				
23	hospital's eligible DSH days in a base year. Days reported in provider fiscal years in state FY				
24	2011 will be the base year for FY 2015 prospective DSH payments. DSH will be recalculated				
25	annually with an updated base year. DSH payments are subject to applicable federal limits.				
26	c) Eligible DSH days are the sum of all Medicaid inpatient acute, psychiatric and				
27	rehabilitation days above 14 percent for each DSH hospital subject to special rules for out of				
28	state cost reporting hospitals. Eligible DSH days for out of state cost reporting hospitals shall				
29	be the higher of the number of eligible days based on the calculation in the first sentence				
30	times Virginia Medicaid utilization (Virginia Medicaid days as a percent of total Medicaid				
31	days) or the Medicaid NICU days above 14 percent times Virginia NICU Medicaid utilization				
32	(Virginia NICU Medicaid days as a percent of total NICU Medicaid days). Eligible DSH days				
33	for out of state cost reporting hospitals who qualify for DSH but who have less than 12				
34	percent Virginia Medicaid utilization shall be 50 percent of the days that would have				
35	otherwise been eligible DSH days.				
36	d) Additional eligible DSH days are days that exceed 28 percent Medicaid utilization for				
37	Virginia Type Two hospitals (excluding Children's Hospital of the Kings Daughters).				
38	e) The DSH per diem shall be calculated in the following manner:				
39	a. The DSH per diem for Type Two hospitals is calculated by dividing the total Type Two				
40	DSH allocation by the sum of eligible DSH days for all Type Two DSH hospitals. For				
41	purposes of DSH, Type Two hospitals do not include Children's Hospital of the Kings				
42	Daughters (CHKD) or any hospital whose reimbursement exceeds its federal uncompensated				
43	care cost limit. The Type Two Hospital DSH allocation shall equal the amount of DSH paid to				
44	Type Two hospitals in state FY 2014 increased annually by the percent change in the federal				
45	allotment, including any reductions as a result of the Affordable Care Act, adjusted for the				
46	state fiscal year.				
47	b. The DSH per diem for State Inpatient Psychiatric Hospitals is calculated by dividing the				
48	total State Inpatient Psychiatric Hospital DSH allocation by the sum of eligible DSH days.				
49	The State Inpatient Psychiatric Hospital DSH allocation shall equal the amount of DSH paid				
50	in state FY 2013 increased annually by the percent change in the federal allotment, including				
51	any reductions as a result of the Affordable Care Act, adjusted for the state fiscal year.				
52	c. The DSH per diem for CHKD shall be three times the DSH per diem for Type Two				
53	hospitals.

2	2. Each year, the department shall determine how much Type Two DSH has been reduced				
3	as a result of the Affordable Care Act and adjust the percent of cost reimbursed for				
4	outpatient hospital reimbursement.				
5	3. The department shall convene the Hospital Payment Policy Advisory Council at least				
6	once a year to consider additional changes to the DSH methodology.				
7	4. The department shall have the authority to implement these reimbursement changes				
8	effective July 1, 2014, and prior to completion of any regulatory process in order to effect				
9	such changes.				
10	VV. The Department of Medical Assistance Services shall have authority to amend the				
11	State Plans for Medical Assistance under Titles XIX and XXI of the Social Security Act,				
12	and any waivers thereof, to implement requirements of the federal Patient Protection and				
13	Affordable Care Act (PPACA), P.L. 111-148, as it pertains to implementation of Medicaid				
14	and CHIP eligibility determination and case management standards and practices,				
15	including the Modified Adjusted Gross Income (MAGI) methodology and,				
16	notwithstanding the requirements of Code of Virginia §2.2-4000, et seq., the process for

18	have authority to implement such standards and practices upon federal approval and prior				
19	to the completion of any regulatory process undertaken in order to effect such changes.				
20	WW.1. Notwithstanding § 32.1-330 of the Code of Virginia, the Department of Medical				
21	Assistance Services shall improve the preadmission screening process for individuals who				
22	will be eligible for long-term care services, as defined in the state plan for medical				
23	assistance. The community-based screening team shall consist of a licensed health care				
24	professional and a social worker who are employees or contractors of the Department of				
25	Health or the local department of social services, or other assessors contracted by the				
26	department. The department shall not contract with any entity for whom there exists a				
27	conflict of interest. For community-based screening for children, the screening shall be				
28	performed by an individual or entity with whom the department has entered into a contract				
29	for the performance of such screenings.				
30	2. The department shall track and monitor all requests for screenings and report on those				
31	screenings that have not been completed within 30 days of an individual's request for				
32	screening. The screening teams and contracted entities shall use the reimbursement and				
33	tracking mechanisms established by the department.

38	payment each nursing home is entitled to and to represent that each has the authority to				
39	transfer funds to DMAS and that the funds used will comply with federal law for use as the

9	Assembly that there is hereby established an annual Medicaid state spending target for each				
10	fiscal year. The Joint Subcommittee for Health and Human Resources Oversight shall				
11	establish the annual target by September 15 of each year for the following two fiscal years.				
12	The target shall take into account the following: a 10-year rolling average of Medicaid				
13	expenditures by eligibility category and utilization of services, a 20-year rolling average of				
14	general fund revenue growth, and for policy decisions adopted by General Assembly during				
15	the previous Session which impact Medicaid spending.

33	<i>Social Services, may consider and review proofs of concept from vendors for a pilot program</i>				
34	<i>to improve screening services for income and assets as part of the Medicaid eligibility</i>				
35	<i>determination process for both initial applications and renewals. Any such pilot program may</i>				
36	<i>include innovative methods to increase automation of various financial accounts to improve</i>				
37	<i>the verification process for eligibility. The pilot may also include methods to monitor</i>				
38	<i>compliance with the provisions of the Training, Education, Employment, and Opportunity</i>				
39	<i>Program pursuant to a § 1115 Demonstration Waiver. Any proofs of concept submitted by a</i>				
40	<i>vendor shall include cost estimates of such a pilot program. If the Department of Medical</i>				
41	<i>Assistance Services determines that a proof of concept by a vendor may significantly improve</i>

43	<i>Appropriations and Senate Finance Committees with details and cost estimates of a potential</i>				
44	<i>pilot program.</i>				
45	<i>Y. The Director, Department of Planning and Budget, shall unallot \$4,611,953 from the</i>

48	<i>Z. The Department of Medical Assistance Services, in collaboration with the Department of</i>				
49	<i>Social Services, shall provide data by the first day of each month, to each managed care</i>				
50	<i>organization, that includes the renewal dates for each member enrolled in their plan that will</i>

42	July 1, 2020. However, payments for prescribed drugs and dispensing fees shall be				
43	aligned to the model that provides the most beneficial financial solution to the				
44	Commonwealth. Upon approval of the 2020 General Assembly the department is				
45	authorized to contract with a pharmacy benefit manager, provided that the contract				
46	requires transparency in dispensing fees paid, cost control and containment measures,

2	A. The funds appropriated in this Item shall be distributed to localities with qualifying				
3	police departments, as defined in §§ 9.1-165 through 9.1-172, Code of Virginia (HB 599),				
4	except that, in accordance with the requirements of § 15.2-1302, Code of Virginia, such				
5	funds shall also be distributed to a city without a qualifying police force that was created				
6	by the consolidation of a city and a county subsequent to July 1, 2011, pursuant to the				
7	provisions of § 15.2-3500 et seq. of the Code of Virginia. Notwithstanding the provisions				
8	of §§ 9.1-165 through 9.1-172, Code of Virginia, the total amount to be distributed to				
9	localities shall be \$184,548,683 the first year and \$191,746,081 the second year. The				
10	amount to be distributed to such a city created by consolidation shall equal the sum				
11	distributed to the city during the year prior to the effective date of the consolidation, net of				
12	any additional funds allocated by the Compensation Board to the sheriff of the				
13	consolidated city as a result of such consolidation, as adjusted in proportion to the increase				
14	or decrease in the total amount distributed to all localities during the applicable year.				
15	Notwithstanding the provisions of § 9.1-165, Code of Virginia, the amount to be				
16	distributed to each locality in each year shall be proportionate to the amount distributed to

21	financial assistance under Title 9.1, Chapter 1, Article 8, Code of Virginia (House Bill				
22	599).				
23	C.1. It is the intent of the General Assembly that state funding provided to localities				
24	operating police departments be used to fund local public safety services. Funds provided				
25	in this item shall not be used to supplant the funding provided by localities for public				
26	safety services.				
27	2. To ensure that state funding provided to localities operating police departments does not				
28	supplant local funding for public safety services, all localities shall annually certify to the				
29	Department of Criminal Justice Services the amount of funding provided by the locality to				
30	support public safety services and that the funding provided in this item was used to				
31	supplement that local funding. This certification shall be provided in such manner and on				
32	such date as determined by the department. The department shall provide this information

38	that crime data reported by the locality to the Department of State Police in accordance				
39	with § 52-28, Code of Virginia, is missing, incomplete or incorrect. Upon subsequent				
40	notification by the superintendent that the data is accurate, the director shall make				
41	reimbursement of withheld funding due the locality when such corrections are made				
42	within the same fiscal year that funds have been withheld.				
43	E. The Director of the Department of Criminal Justice Services is authorized to withhold				
44	reimbursements due to a locality under Title 9.1, Chapter 1, Article 8, Code of Virginia,				
45	upon notification from the Superintendent of State Police that there is reason to believe the

48	law enforcement agency is compliant with the requirements of § 9.1-903, Code of

2	no case shall their local match be less than their state share.				
3	2. Notwithstanding the provisions of §§ 16.1-309.2 through 16.1-309.10, Code of Virginia,				
4	the Board of Juvenile Justice shall establish guidelines for use in determining the types of				
5	programs for which VJCCCA funding may be expended. The department shall establish a				
6	format to receive biennial or annual requests for funding from localities, based on these				
7	guidelines. For each program requested, the plan shall document the need for the program,				
8	goals, and measurable objectives, and a budget for the proposed expenditure of these funds

12	October 1 of the fiscal year following the fiscal year in which they were received, or a similar				
13	amount may be withheld from the current fiscal year's periodic payments designated by the				
14	department for that locality. The Director, Department of Planning and Budget, may increase				
15	the general fund appropriation for this Item up to the amount of unobligated VJCCCA funds				
16	returned to the Department of Juvenile Justice.				
17	b. All such unobligated and reappropriated balances shall be used by the department for the				
18	purpose of awarding short-term supplementary grants to localities, for programs and services				
19	which have been demonstrated to improve outcomes, including reduced recidivism, of				
20	juvenile offenders. Such programs and services must augment and support current VJCCCA-				
21	funded programs within each affected locality. The grantee locality shall submit an outcomes				
22	report to the department, in accord with a written memorandum of agreement which shall				
23	accompany the supplementary grant award. This provision shall apply to funds obligated to

28	the Virginia Council on Juvenile Detention, juvenile court service unit directors, juvenile and				
29	domestic relations district court judges, and juvenile justice advocacy groups, shall provide a

33	otherwise be considered felonies if committed by an adult.				
34	F. The department shall consolidate the annual reporting requirements in §§ 2.2-222 and 66-				
35	13 and in Chapters 755 and 914 of the 1996 Acts of the General Assembly concerning				
36	juvenile offender demographics. The consolidated annual report shall address the progress of				
37	Virginia Juvenile Community Crime Control Act programs including the requirements in				
38	Article 12.1 of Chapter 11 of Title 16.1 (§ 16.1-309.2 et seq.) relating to the number of				
39	juveniles served, the average cost for residential and nonresidential services, the number of				
40	employees, and descriptions of the contracts entered into by localities. Notwithstanding any

5	Code of Virginia.				
6	A. The Department of Juvenile Justice shall retain all funds paid for the support of				
7	children committed to the department to be used for the security, care, and treatment of				
8	said children.				
9	B.1. The Director, Department of Juvenile Justice, (the "Department") shall develop a				
10	transformation plan to provide more effective and efficient services for juveniles, using				
11	data-based decision-making, that improves outcomes and safely reduces the number of				
12	juveniles housed in state-operated juvenile correctional centers, consistent with public				
13	safety. To accomplish these objectives, the Department will provide, when appropriate,				
14	alternative placements and services for juveniles committed to the Department that offer				
15	treatment, supervision and programs that meet the levels of risk and need, as identified by				
16	the Department's risk and needs assessment instruments, for each juvenile placed in such				
17	placements or programs. Prior to implementation, the plan shall be approved by the				
18	Secretary of Public Safety and Homeland Security.				
19	2. The Department shall reallocate any savings from the reduced cost of operating state				
20	juvenile correctional centers to support the goals of the transformation plan including, but				
21	not limited to: (a) increasing the number of male and female local placement options, and				
22	post-dispositional treatment programs and services; (b) ensuring that appropriate				
23	placements and treatment programs are available across all regions of the Commonwealth;				
24	and (c) providing appropriate levels of educational, career readiness, rehabilitative, and				
25	mental health services for these juveniles in state, regional, or local programs and				
26	facilities, including but not limited to, community placement programs, independent living				
27	programs, and group homes. The goals of such transformation services shall be to reduce				
28	the risks for reoffending for juveniles supervised or committed to the Department and to				
29	improve and promote the skills and resiliencies necessary for the juveniles to lead				
30	successful lives in their communities.				
31	3. No later than November 1 of each year, the Department of Juvenile Justice shall provide				
32	a report to the Governor, the Chairmen of the House Appropriations and Senate Finance				
33	Committees, the Secretary of Public Safety and Homeland Security and the Director,				
34	Department of Planning and Budget, assessing the impact and results of the transformation				
35	plan and its related actions. The report shall include, but is not limited to, assessing				
36	juvenile offender recidivism rates, fiscal and operational impact on detention homes;				
37	changes (if any) in commitment orders by the courts; and use of the savings redirected as a				
38	result of transformation, including the amount expended for contracted programs and				
39	treatment services, including the number of juveniles receiving each specific service. The				
40	report should also include the average length of stay for juveniles in each placement				
41	option.				
42	4. The Director, Department of Planning and Budget, is authorized to transfer				
43	appropriations between items and programs within the Department of Juvenile Justice to				
44	reallocate any savings achieved through transformation to accomplish the goals of				
45	transformation.				
46	5. If the Department of Juvenile Justice deems it necessary, due to facility population				
47	decline, efficient use of resources, and the need to further reduce recidivism, to close a				
48	state juvenile correctional center, the Department shall (i) work cooperatively with the				
49	affected localities to minimize the effect of the closure on those communities and their				
50	residents, and (ii) implement a general closure plan, preferably not less than 12 months				
51	from announcement of the closure, to create opportunities to place affected state				
52	employees in existing departmental vacancies, assist affected employees with placement				
53	in other state agencies, create training opportunities for affected employees to increase				
54	their qualifications for additional positions, and safely reduce the population of the facility				
55	facing closure, consistent with public safety.

14	prior to its availability for new development, acquisition, and construction.			
15	2. It is in the interest of the Commonwealth to have an efficient and cost-effective

40	required match for federal highway funds to ensure their appropriate and timely obligation

42	the efforts addressed in B.1. By June 1 of each year, the secretary, as Chairman of the Board,

12	set out in § 46.2-205, Code of Virginia. Notwithstanding any other provision of law, any				
13	compensation due to a constitutional officer serving as a license agent shall be remitted by the				
14	department to the officer's county or city on a monthly basis, and not less than 80 percent of				
15	the sums so remitted shall be appropriated by such county or city to the office of the				
16	constitutional officer to compensate such officer for the additional work involved with				
17	processing transactions for the department. Funds appropriated to the constitutional office for				
18	such work shall not be used to supplant existing local funding for such office, nor to reduce				
19	the local share of the Compensation Board-approved budget for such office below the level				
20	established pursuant to general law.				
21	D. The base compensation for DMV Select Agents shall be set at 4.5 percent of gross				
22	collections for the first \$500,000 and 5.0 percent of all gross collections in excess of \$500,000				
23	made by the entity during each fiscal year on such state taxes and fees in place as a matter of				
24	law. The commissioner shall supply the agents with all necessary agency forms to provide				
25	services to the public, and shall cause to be paid all freight and postage, but shall not be				
26	responsible for any extra clerk hire or other business-related expenses or business equipment				
27	expenses occasioned by their duties.				
28	E. Out of the amounts identified in this Item, an amount estimated at \$332,789,350,801				
29	the first year and \$332,789,350,801 the second year from the Commonwealth Transportation Fund				
30	shall be paid to the Washington Metropolitan Area Transit Commission.				
31	F.1. Notwithstanding any other provision of law, the department shall assess a minimum fee				
32	of \$15 for all titles. The revenue generated from this fee shall be set aside to meet the				
33	expenses of the department.				
34	2. Notwithstanding any other provision of law, the department shall assess a \$10 late fee on				
35	all registration renewal transactions that occur after the expiration date. The late fee shall not				
36	apply to those exceptions granted under § 46.2-221.4, Code of Virginia. In assessing the late				
37	renewal fee the department shall provide a ten day grace period for transactions conducted by				
38	mail to allow for administrative processing. This grace period shall not apply to registration				
39	renewals for vehicles registered under the International Registration Plan. The revenue				
40	generated from this fee shall be set aside to meet the expenses of the department.				
41	3. Notwithstanding any other provision of law, the department shall establish a \$20 minimum				
42	fee for original driver's licenses and replacements. The revenue generated from this fee shall				
43	be set aside to meet the expenses of the department.				
44	G. The Department of Motor Vehicles is hereby granted approval to renew or extend existing				
45	capital leases due to expire during the current biennium for existing customer service centers.				
46	H. The Department of Motor Vehicles is hereby appropriated revenues from the additional				
47	sales tax on fuel in certain transportation districts to recover the direct cost of administration				
48	incurred by the department in implementing and collecting this tax as provided by § 58.1-				
49	2295, Code of Virginia.				
50	I. The Commissioner of the Department of Motor Vehicles, in consultation with the				
51	Commissioner of Highways, shall take such steps as may be necessary to expand access to the				
52	E-ZPass program through its customer service channels using such locations and methods as				
53	are practicable.				
54	J. The Department of Motor Vehicles is hereby granted approval to distribute the transactional

2	funds passed through the department to the benefiting agency. This paragraph shall not				
3	pertain to Direct Aid to Public Education.				
4	K. The Department of Motor Vehicles is hereby granted approval to distribute a portion of				
5	its indirect cost allocation charge to another state agency when the charge is related to				
6	revenue collected and transferred by the department to the state agency. Such transfers				
7	shall be based on the agency's proportionate share of the department's total transactions in				
8	the immediately preceding fiscal year. The Department shall annually submit to the				
9	Department of Planning and Budget a summary of the transfer amounts and the				
10	transaction volumes used to allocate the internal cost amounts.				
11	L. Notwithstanding § 46.2-688, Code of Virginia, the Department of Motor Vehicles shall				
12	not be required to refund a proration of the total cost of a motor vehicle registration when				
13	less than six months remain in the registration period. Any resulting savings shall be				
14	retained and used to meet the expenses of the Department.				
15	M. Notwithstanding § 46.2-342, Code of Virginia, the Department of Motor Vehicles shall				
16	not be required to include organ donation brochures with every driver's license renewal				
17	notice or application mailed to licensed drivers.				
18	N. The Commissioner shall only refuse to issue or renew any vehicle registration pursuant				
19	to subsection L of § 46.2-819.3:1 of an operator or owner of a vehicle who has no prior				
20	resolution, whether that resolution is by settlement or conviction, for offenses under §				
21	46.2-819.3:1 if, in addition to the conditions set forth in subsection L of § 46.2-819.3:1 for				
22	such refusal, the toll operator has offered the individual a settlement of no more than				
23	\$2,200.				
24	O.1. Pursuant to § 3-2.03 of this act, a line of credit up to \$10,500,000 is provided to the				
25	Department of Motor Vehicles as a temporary cash flow advance. The Department shall				
26	transfer such related funds to its special fund. Funds received from the line of credit shall				
27	be used to support operational costs related to the implementation and issuance of REAL				
28	ID compliant credentials. The Department is authorized to impose a \$10 surcharge on all				
29	first issuances of REAL ID compliant credentials that are acceptable for federal purposes.				
30	The surcharge shall be used to reimburse the line of credit. The request for the line of				
31	credit shall be prepared in the formats as approved by the Secretary of Finance and				
32	Secretary of Transportation.				
33	2. At least 10 days prior to any draw downs from this line of credit, the Secretaries of				
34	Finance and Transportation shall report to the Chairmen of the House Appropriations and				
35	Senate Finance Committees the following: (i) the amount of any proposed draw down, (ii)				
36	the incremental and cumulative costs associated with system modifications and				
37	equipment, (iii) the incremental and cumulative number of full-time equivalent positions				
38	and part-time positions filled to support the implementation of the federal REAL ID Act,				
39	and (iv) the intended usage of any new draw downs. Subsequent to October 1, 2018, the				
40	department shall report on a quarterly basis to the Chairmen of the House Appropriations				
41	and Senate Finance Committees on the number of REAL ID compliant credentials that				
42	have been issued and any changes in average wait times at DMV offices that have resulted				
43	from the increased workload. The first report shall be submitted by January 1, 2019 for the				
44	period October 1, 2018 through December 31, 2018, and additional reports shall be				
45	submitted every three months thereafter.				
46	P. The Commissioner of the Department of Motor Vehicles, in consultation with				
47	applicable stakeholder groups, shall report on the feasibility and advisability of				
48	outsourcing driver license road tests for adults. Such report shall be submitted to the

10	d. Notwithstanding the provisions of paragraph A.1.a, A.1.b, and A.1.c of this item, prior to				
11	the annual adoption of the Six-Year Improvement Program, the Commonwealth				
12	Transportation Board may allocate funding from the Commonwealth Mass Transit Fund to				
13	implement the transit and transportation demand management improvements identified for the

17	Agreement for the Interstate 95 High Occupancy Toll Lanes project shall be borne by the				
18	Department of Transportation as set out in Item 450 of this act.				
19	2. Included in this item is \$1,500,000 the first year and \$1,500,000 the second year from the				
20	Commonwealth Mass Transit Trust Fund. These allocations are designated for “paratransit”

29	b. From the amounts provided for Special Programs, the Commonwealth Transportation				
30	Board shall operate a program entitled the Transportation Efficiency Improvement Fund				
31	(TEIF). The purpose of the TEIF program is to reduce traffic congestion by supporting				
32	transportation demand management programs and projects designed to reduce the movement

34	5. The amount allocated for public transportation purposes according to Item 433 B. 5. is an				
35	amount estimated at \$25,583,000 the first year and \$25,583,000 the second year from federal

37	B. Funds from a stable and reliable source, as required in Public Law 96-184, as amended, are				
38	to be provided to Metro from payments authorized and allocated in this program and pursuant				
39	to §§ 58.1-1720 and 58.1-2295, Code of Virginia. Notwithstanding any other provision of

		First Year FY2019	Second Year FY2020	First Year FY2019	Second Year FY2020
1	E. The Director, Department of Planning and Budget, is hereby authorized, upon request				
2	by the Secretary of Transportation, to transfer an amount not to exceed \$6,214,575 in the				
3	first year and \$6,214,575 in the second year from the amounts appropriated in Item 450 of				
4	this act to the Department of Rail and Public Transportation. Such transfers shall be				
5	considered loans, and are intended to hold harmless transit agencies that operate in the				
6	Commonwealth that receive urbanized transit funds pursuant to 49 U.S.C 5307 whose				
7	funds have been withheld by the Federal Transit Administration until the certification of				
8	the Metro Safety Commission by the Federal Transit Administration. The Department				
9	may disburse, subject to appropriate repayment terms, such funds to affected transit				
10	agencies in an amount not to exceed the funds withheld by the Federal Transit				
11	Administration. To the extent repayment is not made as required by the agreement				
12	between the Department and an affected transit agency, the Department is directed to				
13	withhold the payment amount due from funds provided to such transit agency pursuant to				
14	§58.1-638 A. 4. b. 1. of the Code of Virginia in order to return such amounts to the				
15	Department of Transportation. However, no funds from such loan shall be disbursed to				
16	any transit agency until such agency has expended all funds available for their use from				
17	federal fiscal year 2016. The specific terms and structure of any loan shall be approved by				
18	the Secretary of Transportation, upon consultation with the Chairmen of the House				
19	Appropriations and Senate Finance Committees, or their designees.				
20	F.1. The Department of Rail and Public Transportation, in conjunction with the				
21	Department of Treasury and the Department of General Services shall investigate options				
22	to develop a program for the financing of statewide transit capital needs using the Master				
23	Equipment Leasing Program currently operated through the Department of the Treasury as				
24	a model to facilitate group purchases of mass transit equipment. The goal of the program				
25	would be twofold: (i) to achieve cost savings through bulk purchases and (ii) to establish a				
26	revolving fund to meet transit capital replacement needs that does not rely on the use of				
27	longer-term debt for items with a limited life cycle.				
28	2. As part of this effort, the department shall convene a work group that includes				
29	representatives from the Northern Virginia, Rappahannock and Potomac, and Hampton				
30	Roads Transportation District Commissions, at least one transit property that is not a				
31	member of a Transportation District Commission, the Virginia Municipal League and the				
32	Virginia Association of Counties. The work group shall utilize the Report of the Transit				
33	Capital Revenue Advisory Board findings relating to state of good repair needs to develop				
34	and estimate of the amount of transit capital funding needed annually and shall also				
35	identify potential sources within the Transportation Trust Fund that could be used to				
36	provide lease payments for the program.				
37	3. The Director of the Department of Rail and Public Transportation shall submit a report				
38	on the proposed program, including legal requirements, terms, rates and operational				
39	structure to the Governor, the Chairman of the House Appropriations Committee and the				
40	Senate Finance Committee by November 1, 2018.				
41	<i>G. The Commonwealth Transportation Board may allocate supplemental operating funds</i>				
42	<i>in fiscal year 2020 to any transit provider that receives funds to support operating costs</i>				
43	<i>pursuant to § 33.2-1526.1 C. 1., and that is negatively impacted by a loss of operating</i>				
44	<i>funds as a direct result of the performance-based allocation process set forth in Chapter</i>				
45	<i>854 of the Acts of Assembly of 2018. The maximum amount of supplemental operating</i>				
46	<i>funds available pursuant to this authorization shall not exceed \$3,000,000 from the</i>				
47	<i>nongeneral fund amounts available to the department.</i>

1	A. 1. Except as provided in Item 447, the Commonwealth Transportation Board shall operate				
2	the Shortline Railway Preservation and Development program in accordance with § 33.2-				
3	1602, Code of Virginia. As determined by the board, funds apportioned pursuant to § 33.2-				
4	1530, Code of Virginia, shall be appropriated to the Shortline Railway Preservation and				
5	Development Program. Total funding appropriated to the Shortline Railway Preservation and				
6	Development Program from this source shall not exceed \$4,000,000 the first year and				
7	\$4,000,000 the second year.				
8	2. The board may allocate up to 20 percent of the annual revenue of the Rail Enhancement				
9	Fund established through § 33.2-1601, Code of Virginia, to the Shortline Railway				
10	Preservation and Development Fund. Should funds established in § 33.2-1601, Code of				
11	Virginia, be allocated for the purposes outlined in § 33.2-1602, Code of Virginia, the Director				
12	of the Department of Rail and Public Transportation shall administer and expend the funds				
13	subject to the approval of the board and according to the authority outlined in § 33.2-1602; the				
14	requirements of § 33.2-1601 shall not apply.				
15	B. The Commonwealth Transportation Board shall operate the Rail Industrial Access Program				
16	in accordance with § 33.2-1600, Code of Virginia. The board may allocate funds pursuant to §

21	Public Transportation is authorized to utilize any remaining funds along the described				
22	corridor for the development of intercity passenger rail enhancements to include rail				
23	improvements and passenger station facilities.				
24	D. Because of the overwhelming need for the delivery of services provided by the investment				
25	in a balanced transportation system in the Commonwealth, and in an effort to deliver intercity				
26	passenger trains utilizing the Commonwealth's investments and to increase passenger train				
27	frequencies to Norfolk and Roanoke, notwithstanding the provisions of § 33.2-1601 and §				
28	33.2-1603, Code of Virginia, the Commonwealth Transportation Board may only make

30	Carolina, provided the Six-Year Improvement Plan adopted pursuant to § 33.2-214, Code of				
31	Virginia includes sufficient funding to complete projects underway to deliver train capacity				
32	improvements and provides the funding for service for additional passenger rail frequency to				
33	Norfolk and an extension of passenger rail to Roanoke. Any Rail Enhancement Funds utilized				
34	for the purposes of the service delivery outlined in this paragraph shall be administered

Upon certification by the State Council of Higher Education of Virginia that all available performance benchmarks have been successfully achieved by the individual institutions of higher education, the Director, Department of Planning and Budget, shall transfer the appropriation in this Item for such estimated interest earnings to the general fund appropriation of each institution's Educational and General program.				
	D. This Item also includes \$3,171,439 \$2,657,622 in the first year and \$3,171,439 \$2,657,622 the second year from the general fund for the payment to individual institutions of higher education of a pro rata amount of the rebate paid to the State Commonwealth on credit card purchases not exceeding \$5,000 during the previous fiscal year. The State Comptroller shall determine the amount owed to each certified institution, net of any payments due to the federal government, using a methodology that equates a pro rata share based upon the total transactions of \$5,000 or less made by the institution using the state-approved credit card in comparison to all transactions of \$5,000 or less using said approved credit card. By October 15, or as soon thereafter as deemed appropriate, following the year of certification, the Comptroller shall reimburse each institution its estimated pro rata share.				
	E. Once actual financial data from the year of certification are available, the State Comptroller and the Director, Department of Planning and Budget, shall compare the actual data with estimates used to determine the distribution of the interest earnings, nongeneral fund Educational and General revenues, and the pro rata amounts to the certified institutions of higher education. In those cases where variances exist, the Governor shall include in his next introduced budget bill recommended appropriations to make whatever adjustments to each institution's distributed amount to ensure that each institution's incentive payments are accurate based on actual financial data.

16	administrator to the Commonwealth as well as an explanation for any difference. The				
17	department shall report to the Governor and the Chairmen of the House Appropriations and				
18	Senate Finance Committees on its implementation of this item by October 1, 2018.

PART 2: CAPITAL PROJECT EXPENSES

§ 2-0. GENERAL CONDITIONS

A.1. The General Assembly hereby authorizes the capital projects listed in this act. The amounts hereinafter set forth are appropriated to the state agencies named for the indicated capital projects. Amounts so appropriated and amounts reappropriated pursuant to paragraph G of this section shall be available for expenditure during the current biennium, subject to the conditions controlling the expenditures of capital project funds as provided by law. Reappropriated amounts, unless otherwise stated, are limited to the unexpended appropriation balances at the close of the previous biennium, as shown by the records of the Department of Accounts.

2. The Director, Department of Planning and Budget, may transfer appropriations listed in Part 2 of this act from the second year to the first year in accordance with § 4-1.03 a 5 of this act.

B. The five-digit number following the title of a project is the code identification number assigned for the life of the project.

C. Except as herein otherwise expressly provided, appropriations or reappropriations for structures may be used for the purchase of equipment to be used in the structures for which the funds are provided, subject to guidelines prescribed by the Governor.

D. Notwithstanding any other provisions of law, appropriations for capital projects shall be subject to the following:

1. Appropriations or reappropriations of funds made pursuant to this act for planning of capital projects shall not constitute implied approval of construction funds in a future biennium. Funds, other than the reappropriations referred to above, for the preparation of capital project proposals must come from the affected agency's existing resources.

2. No capital project for which appropriations for planning are contained in this act, nor any project for which appropriations for planning have been previously approved, shall be considered for construction funds until preliminary plans and cost estimates are reviewed by the Department of General Services. The purpose of this review is to avoid unnecessary expenditures for each project, in the interest of assuring the overall cost of the project is reasonable in relation to the purpose intended, regardless of discrete design choices.

E.1. Expenditures from Items in this act identified as "Maintenance Reserve" are to be made only for the maintenance of property, plant, and equipment as defined in § 4-4.01c of this act to the extent that funds included in the appropriation to the agency for this purpose in Part 1 of this act are insufficient.

2. Agencies and institutions of higher education can expend up to \$2,000,000 for a single repair or project, and up to \$4,000,000 for a roof replacement project, through the maintenance reserve appropriation. Such expenditures shall be subject to rules and regulations prescribed by the Governor. To the extent an agency or institution of higher education has identified a potential project that exceeds this threshold, the Director, Department of Planning and Budget, can provide exemptions to the threshold as long as the project still meets the definition of a maintenance reserve project as defined by the Department of Planning and Budget.

3. Only facilities supported wholly or in part by the general fund shall utilize general fund maintenance reserve appropriations. Facilities supported entirely by nongeneral funds shall accomplish maintenance through the use of nongeneral funds.

F. Conditions Applicable to Bond Projects

1. The capital projects listed in §§ 2-52 and 2-53 for the indicated agencies and institutions of higher education are hereby authorized and sums from the sources and in the amount indicated are hereby appropriated and reappropriated. The issuance of bonds in a principal amount plus amounts needed to fund issuance costs, reserve funds, and other financing expenses, including capitalized interest for any project listed in §§ ~~2-53~~ 2-52 and ~~2-54~~ 2-53 is hereby authorized.

2. The issuance of bonds for any project listed in § 2-52 is to be separately authorized pursuant to Article X, Section 9 (c), Constitution of Virginia.

3. The issuance of bonds for any project listed in §§ 2-52 or 2-53 shall be authorized pursuant to § ~~23.1-1106~~, Code of Virginia.

4. In the event that the cost of any capital project listed in §§ 2-52 and 2-53 shall exceed the amount appropriated therefore, the Director, Department of Planning and Budget, is hereby authorized, upon request of the affected institution, to approve an increase in appropriation authority of not more than ten percent of the amount designated in §§ 2-52 and 2-53 for such project, from any available nongeneral fund revenues, provided that such increase shall not constitute an increase in debt issuance authorization for such capital project. Furthermore, the Director, Department of Planning and Budget, is hereby authorized to approve the expenditure of all interest earnings derived from the investment of bond proceeds in addition to the amount designated in §§ 2-52 and 2-53 for such capital project.

1	5. The interest on bonds to be issued for these projects may be subject to inclusion in gross income for federal income tax purposes.				
2	6. Inclusion of a project in this act does not imply a commitment of state funds for temporary construction financing. In the absence of				
3	such commitment, the institution may be responsible for securing short-term financing and covering the costs from other sources of				
4	funds.				
5	7. In the event that the Treasury Board determines not to finance all or any portion of any project listed in § 2-52 of this act with the				
6	issuance of bonds pursuant to Article X, Section 9 (c), Constitution of Virginia, and notwithstanding any provision of law to the				
7	contrary, this act shall constitute the approval of the General Assembly to finance all or such portion of such project under the				
8	authorization of § 2-53 of this act.				
9	8. The General Assembly further declares and directs that, notwithstanding any other provision of law to the contrary, 50 percent of the

13	instruments, in such form approved by the Offices of the City Attorney and of the				
14	Commonwealth Office of the Attorney General, whereby the City, without charge to the

16	agreeable across, over, under and above the referenced right-of-way of North 9th Street				
17	and East Broad Street, (a) the perpetual and irrevocable right, privilege and easement to				
18	construct, install, use, operate, inspect, maintain, repair, replace, rebuild, improve, alter				
19	and remove (i) any construction or installation contracted for by DGS either as part of the

28	easements, upon terms approved by the Mayor of Richmond and the Governor (pursuant				
29	to § 2.2-1149, Code of Virginia); approval by Richmond City Council shall not be				
30	required.				
31	2. The City, without expending City funds, shall cooperate with DGS (i) to support the				
32	referenced construction project work to be performed at North 9th Street; to relocate any				
33	utilities located in the agreed upon easement area; if necessary; and (ii) to coordinate any

50	Street prior to the execution of a deed of easement or other proper instruments, if deemed				
51	necessary by DGS to avoid delay in the implementation of the construction project work				
52	or safety and security enhancements.				
53	B. 1. Pursuant to projects authorized and funded in paragraph E.1 of Item C-39.40 of				
54	Chapter 1 of the Acts of Assembly of 2014, operations of the Virginia General Assembly

56	following streets 9th to the west, 10th to the east, Bank to the north, and Main to the south				
57	in the City of Richmond. This temporary move has resulted in the Commonwealth's				
58	legislative activities to be concentrated in an area requiring traffic and pedestrian				
59	operational safety and security enhancements. As such, and pursuant to the responsibilities

2: The Department of Medical Assistance Services (DMAS) shall calculate each hospital's "coverage assessment" annually by multiplying the "coverage assessment percentage" times "net patient service revenue" as defined below:

3: The "coverage assessment percentage" shall be calculated as (i) 1.08 times the non-federal share of the "full cost of expanded Medicaid coverage" for newly eligible individuals under the Patient Protection and Affordable Care Act (42 U.S.C. § 1396d(y)(1)[2010]) divided by (ii) the total "net patient service revenue" for hospitals subject to the assessment. In the first year, quarterly amounts for the remainder of the state fiscal year shall equal one-third of the coverage assessment. The payments are due not later than the first day of each quarter. In the first year, the first coverage assessment payment shall be due on or after October 1, 2018. Hospitals that fail to make the coverage assessment payments within 30 days of the due date shall incur a five percent penalty. Any unpaid coverage assessment or penalty will be considered a debt to the Commonwealth and DMAS is authorized to recover it as such:

8: DMAS shall submit a report due September 1 of each year to the Director, Department of Planning and Budget and Chairmen of the House Appropriations and Senate Finance Committees. The report shall include, for the most recently completed fiscal year, the revenue collected from the coverage assessment; expenditures for purposes authorized by this Item; and the year-end coverage assessment balance in the Health Care Coverage Assessment Fund:

Private acute care hospitals operating in Virginia shall pay a coverage assessment beginning on or after October 1, 2018. For the purposes of this coverage assessment, the definition of private acute care hospitals shall exclude public hospitals, freestanding psychiatric and rehabilitation hospitals, children's hospitals, long stay hospitals, long-term acute care hospitals and critical access hospitals.

B.1. The coverage assessment shall be used only to cover the non-federal share of the "full cost of expanded Medicaid coverage" for newly eligible individuals pursuant to 42 U.S.C. § 1396d(y)(1)[2010] of the Patient Protection and Affordable Care Act, including the administrative costs of collecting the coverage assessment and implementing and operating the coverage for newly eligible adults which includes the costs of administering the provisions of the Section 1115 waiver.

b. The "full cost of expanded Medicaid coverage" shall be updated: 1) on November 1 of each year based on the official Medicaid forecast and latest administrative cost estimates developed by DMAS; 2) no more than 30 days after the enactment of this Act to reflect policy changes adopted by the latest session of the General Assembly; and 3) on March 1 of any year in which DMAS estimates that the most recent non-federal share of the "full cost of expanded Medicaid coverage" times 1.08 will be insufficient to

1 pay all expenses in 2.a. for that year.

2 c. This Act estimates the non-federal share of the cost of Medicaid expansion to be \$86,103,345 the first year and \$293,192,716
3 the second year. However, these amounts shall not be construed as a limitation on collections or override the provisions of this
4 item that allow for periodic updates of the full cost of coverage.

5 C. 1. The Department of Medical Assistance Services (DMAS) shall calculate each hospital's "coverage assessment amount" by
6 multiplying the "coverage assessment percentage" times "net patient service revenue" as defined below.

7 2. The "coverage assessment percentage" shall be calculated as (i) 1.08 times the non-federal share of the "full cost of
8 expanded Medicaid coverage" divided by (ii) the total "net patient service revenue" for hospitals subject to the assessment.

9 3. Each hospital's "net patient service revenue" equals the amount reported in the most recent Virginia Health Information
10 (VHI) "Hospital Detail Report." In FY 2019, net patient service revenue shall be prorated by the portion of the year subject to
11 the tax. Hospitals shall certify that the net patient service revenue is hospital revenue and this amount shall be the assessment
12 basis for the following fiscal year.

13 D.1. DMAS shall, at a minimum, update the "coverage assessment amount" to be effective on January 1, of each year. DMAS
14 is further authorized to update the "coverage assessment amount" on a quarterly basis to ensure amounts are sufficient to
15 cover the full cost of expanded Medicaid coverage based on the latest estimate. Hospitals shall be given no less than 30 days'
16 notice prior to a change in its coverage assessment amount and be provided with associated calculations. Prior to any change
17 to the coverage assessment amount, DMAS shall perform and incorporate a reconciliation of the Health Care Coverage
18 Assessment Fund. Any estimated excess or shortfall of revenue since the previous reconciliation shall be deducted from or
19 added to the "full cost of expanded Medicaid coverage" for the updated coverage assessment amount.

20 2. DMAS shall be responsible for collecting the coverage assessment amount. Hospitals subject to the coverage assessment
21 shall make quarterly payments due no later than July 1, October 1, January 1 and April 1 of each state fiscal year. In FY 2019,
22 quarterly amounts for the remainder of the state fiscal year shall equal one-third of the coverage assessment. In the first year,
23 the first coverage assessment payment shall be due on or after October 1, 2018.

24 3. Hospitals that fail to make the coverage assessment payments within 30 days of the due date shall incur a five percent
25 penalty that shall be deposited in the Virginia Health Care Fund. Any unpaid coverage assessment or penalty will be
26 considered a debt to the Commonwealth and DMAS is authorized to recover it as such.

27 E. DMAS shall submit a report due September 1 of each year to the Director, Department of Planning and Budget and
28 Chairmen of the House Appropriations and Senate Finance Committees, and the Virginia Hospital and Healthcare Association.
29 The report shall include, for the most recently completed fiscal year, the revenue collected from the coverage assessment,
30 expenditures for purposes authorized by this Item, and the year-end coverage assessment balance in the Health Care Coverage
31 Assessment Fund. The report shall also include a complete and itemized listing of all administrative costs included in the
32 coverage assessment.

33 F. All revenue from the coverage assessment excluding penalties, shall be deposited into the Health Care Coverage Assessment
34 Fund. Proceeds from the coverage assessment, excluding penalties, shall not be used for any other purpose than to cover the
35 non-federal share of the full cost of expanded Medicaid coverage.

36 G. Any provision of this Item is contingent upon approval by the Centers for Medicare and Medicaid Services if necessary.

37 H. The Hospital Payment Policy Advisory Council shall meet to consider the implementation and provisions of the Provider
38 Coverage and Payment Rate Assessments in order to consider and make recommendations to ensure the collection and use of
39 such funds are appropriate and consistent with the intent of the General Assembly. Specifically, the Council shall consider the
40 level of detail and format necessary to develop the report pursuant to paragraph E. The Council shall recommend a format and
41 associated level of detail, to be included in the report to the Joint Subcommittee for Health and Human Resources Oversight.
42 The Joint Subcommittee shall approve the final format and associated level of detail of the report to be submitted by the
43 Department of Medical Assistance Services.

44 § 3-5.16 PROVIDER PAYMENT RATE ASSESSMENT

45 A. The Department of Medical Assistance Services (DMAS) is hereby authorized to levy a payment rate assessment upon
46 private acute care hospitals operating in Virginia in accordance with this item. Private acute care hospitals operating in Virginia
47 shall pay a payment rate assessment beginning on or after October 1, 2018 when all necessary state plan amendments are
48 approved by the Centers for Medicare and Medicaid Services (CMS). For purposes of this assessment, the definition of private
49 acute care hospitals shall exclude public hospitals, freestanding psychiatric and rehabilitation hospitals, children's hospitals,
50 long stay hospitals, long-term acute care hospitals and critical access hospitals.

51 B.1. Proceeds from the payment rate assessment shall be disbursed to fund an increase in inpatient and outpatient payment rates
52 paid to private acute care hospitals operating in Virginia up to the "upper payment limit" and to fill the "managed care
53 organization hospital payment gap" for care provided to recipients of medical assistance services.

2: DMAS shall calculate each hospital's payment rate assessment annually by multiplying the "payment rate assessment percentage" times "net patient service revenue". Each hospital's "net patient service revenue" equals the amount reported in the most recent Virginia Health Information (VHI) "Hospital Detail Report" as of December 15 of each year. The "payment rate assessment percentage" for hospitals shall be calculated as (i) 1.00 times the non-federal share of funding the "upper payment limit gap" and the "managed care organization hospital payment gap" divided by (ii) the total "net patient service revenue" for hospitals subject to the assessment. Prior to calculating the payment rate assessment percentage, DMAS shall estimate the cost of the upper payment limit gap and the managed care organization hospital payment gap. Any estimated excess or shortfall of revenue from the previous year shall be deducted from or added to the calculation of the provider rate costs. By 14 days after the Appropriation Act for the upcoming fiscal year is signed, DMAS shall report the estimated payment rate assessment by hospital and all assessment percentage calculations for the upcoming fiscal year to the Director, Department of Planning and Budget, and Chairmen of the House Appropriations and Senate Finance Committees.

3: The "upper payment limit" means the limit on payment for inpatient services for recipients of medical assistance established in accordance with 42 C.F.R. § 447.272 and outpatient services for recipients of medical assistance pursuant to 42 C.F.R. § 447.321 for private hospitals. DMAS shall complete a calculation of the "upper payment limit" for each state fiscal year with a detailed analysis of how it was determined. The "upper payment limit payment gap" means the difference between the amount of the private hospital upper payment limit and the amount otherwise paid pursuant to the state plan for inpatient and outpatient services. The "managed care organization hospital payment gap" means the difference between the amount included in the capitation rates for inpatient and outpatient services based on historical paid claims and the amount that would be included when the projected hospital services furnished by private acute care hospitals operating in Virginia are priced according to the existing State Plan methodology but using 100% for the adjustment factors (including the capital reimbursement percentage) and full inflation subject to CMS approval under 42 C.F.R. section 438.6(c). As part of the development of the managed care capitation rates, the Department shall calculate a "Medicaid managed care organization (MCO) supplemental hospital capitation payment adjustment". This is a distinct additional amount added to Medicaid MCO capitation rates to fund supplemental payments under this section to private acute care hospitals operating in Virginia for services to Medicaid recipients.

4: DMAS shall contractually direct Medicaid MCOs to disburse supplemental hospital capitation payment funds consistent with this section and 42 C.F.R. § 438.6(c); that ensure that all such funds are disbursed to private acute care hospitals operating in Virginia. In addition, DMAS shall contractually prohibit MCOs from making reductions to or supplanting hospital payments otherwise paid by MCOs.

5: DMAS shall make available monthly a report of the additional capitation payments that are made to each MCO pursuant to this subsection. Further, DMAS shall consider recommendations of the Medicaid Hospital Payment Policy and Advisory Council in designing and implementing the specific elements of the payment rate assessment and private acute care hospital supplemental payment program authorized by this item.

C: DMAS shall be responsible for collecting the payment rate assessment. Hospitals subject to the assessment shall make quarterly payments to the department equal to 25 percent of the annual "assessment" amount. In the first year, quarterly amounts for the remainder of the state fiscal year shall equal the hospital's total payment rate assessment for the fiscal year divided by the number of quarters in the remainder of the fiscal year after the effective date of the payment rates. The assessment are due not later than the first day of each quarter. In the first year, the first assessment payment shall be due on or after October 1, 2018. Hospitals that fail to make the assessment payments within 30 days of the due date shall incur a five percent penalty. Any unpaid assessment or penalty will be considered a debt to the Commonwealth and DMAS is authorized to recover it as such.

D: DMAS shall submit a report due September 1 of each year to the Director, Department of Planning and Budget and Chairmen of the House Appropriations and Senate Finance Committees. The report shall include, for the most recently completed fiscal year, the revenue collected from the payment rate assessment; expenditures for purposes authorized by this item; and the year-end assessment balance in the Health Care Provider Payment Rate Assessment Fund.

E: All revenue from the payment rate assessment shall be deposited into the Health Care Provider Payment Rate Assessment Fund; a special non-reverting fund in the state treasury. Proceeds from the payment rate assessment, including penalties, shall not be used for any other purpose than to fund (i) an increase in inpatient and outpatient payment rates paid to private acute care hospitals operating in Virginia up to the private hospital "upper payment limit" and "managed care organization hospital payment gap" for care provided to recipients of medical assistance services; and (ii) the administrative costs of collecting the assessment and of implementing and operating the associated payment rate actions.

F: Any provision of this Section is contingent upon approval by the Centers for Medicare and Medicaid Services if necessary.

A. The Department of Medical Assistance Services (DMAS) is hereby authorized to levy a payment rate assessment upon private acute care hospitals operating in Virginia in accordance with this item. Private acute care hospitals operating in Virginia shall pay a payment rate assessment beginning on or after October 1, 2018 when all necessary state plan amendments are approved by the Centers for Medicare and Medicaid Services (CMS). For purposes of this assessment, the definition of private acute care hospitals shall exclude public hospitals, freestanding psychiatric and rehabilitation hospitals, children's hospitals, long stay hospitals, long-term acute care hospitals and critical access hospitals.

B. Proceeds from the payment rate assessment shall be used to i) fund an increase in inpatient and outpatient payment rates paid to private acute care hospitals operating in Virginia up to the "upper payment limit gap" and ii) fill the "managed care organization hospital payment gap" for care provided to recipients of medical assistance services. Payments made under the provisions of this item shall be referred to as "private acute care hospital enhanced payments".

C.1. The Department of Medical Assistance Services (DMAS) shall calculate each hospital's "payment rate assessment amount" by multiplying the "payment rate assessment percentage" times "net patient service revenue" as defined below.

2. The "payment rate assessment percentage" for hospitals shall be calculated as (i) 1.08 times the non-federal share of funding the "private acute care hospitals enhanced payments" divided by (ii) the total "net patient service revenue" for hospital subject to the assessment.

3. Each hospital's "net patient service revenue" equals the amount reported in the most recent Virginia Health Information (VHI) "Hospital Detail Report." In FY 2019, net patient service revenue shall be prorated by the portion of the year subject to the tax. Hospitals shall certify that the net patient service revenue is hospital revenue and this amount shall be the assessment basis for the following fiscal year.

D. DMAS is authorized to update the payment rate assessment amount on a quarterly basis to ensure amounts are sufficient to cover the full cost of the private acute care hospital enhanced payments based on the latest estimate. Hospitals shall be given no less than 30 days prior notice of the new assessment amount and be provided with calculations. Prior to any change to the payment rate assessment amount, DMAS shall perform and incorporate a reconciliation of the Health Care Provider Payment Rate Assessment Fund. Any estimated excess or shortfall of revenue since the previous reconciliation shall be deducted from or added to the calculation of the private acute care hospital enhanced payments.

E.1. The "upper payment limit" means the limit on payment for inpatient services for recipients of medical assistance established in accordance with 42 C.F.R. § 447.272 and outpatient services for recipients of medical assistance pursuant to 42 C.F.R. § 447.321 for private hospitals. DMAS shall complete a calculation of the "upper payment limit" for each state fiscal year with a detailed analysis of how it was determined. The "upper payment limit payment gap" means the difference between the amount of the private hospital upper payment limit and the amount otherwise paid pursuant to the state plan for inpatient and outpatient services. The "managed care organization hospital payment gap" means the difference between the amount included in the capitation rates for inpatient and outpatient services based on historical paid claims and the amount that would be included when the projected hospital services furnished by private acute care hospitals operating in Virginia are priced according to the existing State Plan methodology but using 100% for the adjustment factors (including the capital reimbursement percentage) and full inflation subject to CMS approval under 42 C.F.R. section 438.6(c). As part of the development of the managed care capitation rates, the DMAS shall calculate a "Medicaid managed care organization (MCO) supplemental hospital capitation payment adjustment". This is a distinct additional amount shall be added to Medicaid MCO capitation rates to fund supplemental payments under this section to private acute care hospitals operating in Virginia for services to Medicaid recipients.

2. DMAS shall contractually direct Medicaid MCOs to disburse supplemental hospital capitation payment funds consistent with this section and 42 C.F.R. § 438.6(c), to ensure that all such funds are disbursed to private acute care hospitals operating in Virginia. In addition, DMAS shall contractually prohibit MCOs from making reductions to or supplanting hospital payments otherwise paid by MCOs.

3. DMAS shall make available quarterly a report of the additional capitation payments that are made to each MCO pursuant to this item. Further, DMAS shall consider recommendations of the Medicaid Hospital Payment Policy and Advisory Council in designing and implementing the specific elements of the payment rate assessment and private acute care hospital supplemental payment program authorized by this item.

F.1. DMAS shall be responsible for collecting the payment rate assessment amount. Hospitals subject to the payment rate assessment shall make quarterly payments due no later than July 1, October 1, January 1 and April 1 of each state fiscal year. In FY 2019, the first payment rate assessment payment shall be due on or after October 1, 2018.

2. Hospitals that fail to make the payment rate assessment payments within 30 days of the due date shall incur a five percent penalty that shall be deposited in the Virginia Health Care Fund. Any unpaid payment assessment or penalty will be considered a debt to the Commonwealth and DMAS is authorized to recover it as such.

G. DMAS shall submit a report due September 1 of each year to the Director, Department of Planning and Budget and Chairmen of the House Appropriations and Senate Finance Committees. The report shall include, for the most recently completed fiscal year, the revenue collected from the payment rate assessment, expenditures for purposes authorized by this item, and the year-end assessment balance in the Health Care Provider Payment Rate Assessment Fund.

H. All revenue from the payment rate assessment shall be deposited into the Health Care Provider Payment Rate Assessment Fund, a special non-reverting fund in the state treasury. Proceeds from the payment rate assessment, excluding penalties, shall not be used for any other purpose than to fund (i) an increase in inpatient and outpatient payment rates paid to private acute care hospitals operating in Virginia up to the private hospital "upper payment limit" and "managed care organization hospital

payment gap" for care provided to recipients of medical assistance services, and (ii) the administrative costs of collecting the assessment and of implementing and operating the associated payment rate actions.

J. Any provision of this Section is contingent upon approval by the Centers for Medicare and Medicaid Services if necessary.

a. Each appropriating act of the General Assembly shall be subject to the following provisions and conditions, unless specifically exempt elsewhere in this act.

b. All appropriations contained in this act, or in any other appropriating act of the General Assembly, are declared to be maximum appropriations and conditional on receipt of revenue.

c. The Governor, as chief budget officer of the state, shall ensure that the provisions and conditions as set forth in this section are strictly observed.

d. Public higher education institutions are not subject to the provisions of § 2.2-4800, Code of Virginia, or the provisions of the Department of Accounts' Commonwealth Accounting Policies and Procedures manual (CAPP) topic 20505 with regard to students who are veterans of the United States armed services and National Guard and are in receipt of federal educational benefits under the G.I. Bill. Public higher education shall establish internal procedures for the continued enrollment of such students to include resolution of outstanding accounts receivable.

e. The provisions of the Virginia Public Procurement Act (§ 2.2-4300 et seq. of the Code of Virginia) shall not apply to grants made in support of the 2019 Commemoration to non-profit entities organized under § 501 (c)(3) of the Internal Revenue Code.

§ 4-1.00 APPROPRIATIONS

§ 4-1.01 PREREQUISITES FOR PAYMENT

a. The State Comptroller shall not pay any money out of the state treasury except pursuant to appropriations in this act or in any other act of the General Assembly making an appropriation during the current biennium.

b. Moneys shall be spent solely for the purposes for which they were appropriated by the General Assembly, except as specifically provided otherwise by § 4-1.03 Appropriation Transfers, § 4-4.01 Capital Projects, or § 4-5.01 a. Settlement of Claims with Individuals. Should the Governor find that moneys are not being spent in accordance with provisions of the act appropriating them, he shall restrain the State Comptroller from making further disbursements, in whole or in part, from said appropriations. Further, should the Auditor of Public Accounts determine that a state or other agency is not spending moneys in accordance with provisions of the act appropriating them, he shall so advise the Governor or other governing authority, the State Comptroller, the Chairman of the Joint Legislative Audit and Review Commission, and Chairmen of the Senate Finance and House Appropriations Committees.

c. Exclusive of revenues paid into the general fund of the state treasury, all revenues earned or collected by an agency, and contained in an appropriation item to the agency shall be expended first during the fiscal year, prior to the expenditure of any general fund appropriation within that appropriation item, unless prohibited by statute or by the terms and conditions of any gift, grant or donation.

§ 4-1.02 WITHHOLDING OF SPENDING AUTHORITY

a. For purposes of this subsection, withholding of spending authority is defined as any action pursuant to a budget reduction plan approved by the Governor to address a declared shortfall in budgeted revenue that impedes or limits the ability to spend appropriated moneys, regardless of the mechanism used to effect such withholding.

b.1. Changed Expenditure Factors: The Governor is authorized to reduce spending authority, by withholding allotments of

appropriations, when expenditure factors, such as enrollments or population in institutions, are smaller than the estimates upon which the appropriation was based. Moneys generated from the withholding action shall not be reallocated for any other purpose, provided the withholding of allotments of appropriations under this provision shall not occur until at least 15 days after the Governor has transmitted a statement of changed factors and intent to withhold moneys to the Chairmen of the House Appropriations and Senate Finance Committees.

2. Moneys shall not be withheld on the basis of reorganization plans or program evaluations until such plans or evaluations have been specifically presented in writing to the General Assembly at its next regularly scheduled session.

c. Increased Nongeneral Fund Revenue:

1. General fund appropriations to any state agency for operating expenses are supplemental to nongeneral fund revenues collected by the agency. To the extent that nongeneral fund revenues collected in a fiscal year exceed the estimate on which the operating budget was based, the Governor is authorized to withhold general fund spending authority, by withholding allotments of appropriations, in an equivalent amount. However, this limitation shall not apply to (a) restricted excess tuition and fees for educational and general programs in the institutions of higher education, as defined in § 4-2.01 c of this act; (b) appropriations to institutions of higher education designated for fellowships, scholarships and loans; (c) gifts or grants which are made to any state agency for the direct costs of a stipulated project; (d) appropriations to institutions for the mentally ill or intellectually disabled payable from the Behavioral Health and Developmental Services Revenue Fund; and (e) general fund appropriations for highway construction and mass transit. Moneys unallotted under this provision shall not be reallocated for any other purpose.

2. To the degree that new or additional grant funds become available to supplement general fund appropriations for a program, following enactment of an appropriation act, the Governor is authorized to withhold general fund spending authority, by withholding allotments of appropriations, in an amount equivalent to that provided from grant funds, unless such action is prohibited by the original provider of the grant funds. The withholding action shall not include general fund appropriations, which are required to match grant funds. Moneys unallotted under this provision shall not be reallocated for any other purpose.

d. Reduced General Fund Resources:

1. The term "general fund resources" as applied in this subsection includes revenues collected and paid into the general fund of the state treasury during the current biennium, transfers to the general fund of the state treasury during the current biennium, and all unexpended balances brought forward from the previous biennium.

2. In the event that general fund resources are estimated by the Governor to be insufficient to pay in full all general fund appropriations authorized by the General Assembly, the Governor shall, subject to the qualifications herein contained, withhold general fund spending authority, by withholding allotments of appropriations, to prevent any expenditure in excess of the estimated general fund resources available.

3. In making this determination, the Governor shall take into account actual general fund revenue collections for the current fiscal year and the results of a formal written re-estimate of general fund revenues for the current and next biennium, prepared within the previous 90 days, in accordance with the process specified in § 2.2-1503, Code of Virginia. Said re-estimate of general fund revenues shall be communicated to the Chairmen of the Senate Finance, House Appropriations and House Finance Committees, prior to taking action to reduce general fund allotments of appropriations on account of reduced resources.

4.a) In addition to monthly reports on the status of revenue collections relative to the current fiscal year's estimate, the Governor shall provide a written quarterly assessment of the current economic outlook for the remainder of the fiscal year to the Chairmen of the House Appropriations, House Finance, and Senate Finance Committees.

b) Within five business days after the preliminary close of the state accounts at the end of the fiscal year, the State Comptroller shall provide the Governor with the actual total of (1) individual income taxes, (2) corporate income taxes, and (3) sales taxes for the just-completed fiscal year, with a comparison of such actual totals with the total of such taxes in the official budget estimate for that fiscal year. If that comparison indicates that the total of (1) individual income taxes, (2) corporate income taxes, and (3) sales taxes, as shown on the preliminary close, was one percent or more below the amount of such taxes in the official budget estimate for the just-completed fiscal year, the Governor shall prepare a written re-estimate of general fund revenues for the current biennium and the next biennium in accordance with § 2.2-1503, Code of Virginia, to be reported to the Chairmen of the Senate Finance, House Finance and House Appropriations Committees, not later than September 1 following the close of the fiscal year.

5.a) The Governor shall take no action to withhold allotments until a written plan detailing specific reduction actions approved by the Governor, identified by program and appropriation item, has been presented to the Chairmen of the House Appropriations and Senate Finance Committees. Subsequent modifications to the approved reduction plan also must be submitted to the Chairmen of the House Appropriations and Senate Finance Committees, prior to withholding allotments of appropriations.

b) In addition to the budget reduction plan approved by the Governor, all budget reduction proposals submitted by state

agencies to the Governor or the Governor's staff, including but not limited to the Department of Planning and Budget, the Governor's Cabinet secretaries, or the Chief of Staff, whether submitted electronically or otherwise, shall be made available via electronic means to the Chairmen of the House Appropriations and Senate Finance Committees concurrently with that budget reduction plan.

6. In effecting the reduction of expenditures, the Governor shall not withhold allotments of appropriations for:

a) More than 15 percent cumulatively of the annual general fund appropriation contained in this act for operating expenses of any one state or nonstate agency or institution designated in this act by title, and the exact amount withheld, by state or nonstate agency or institution, shall be reported within five calendar days to the Chairmen of the Senate Finance and House Appropriations Committees. State agencies providing funds directly to grantees named in this act shall not apportion a larger cut to the grantee than the proportional cut apportioned to the agency. Without regard to § 4-5.05 b.4. of this act, the remaining appropriation to the grantee which is not subject to the cut, equal to at least 85 percent of the annual appropriation, shall be made by July 31, or in two equal installments, one payable by July 31 and the other payable by December 31, if the remaining appropriation is less than or equal to \$500,000, except in cases where the normal conditions of the grant dictate a different payment schedule.

b) The payment of principal and interest on the bonded debt or other bonded obligations of the Commonwealth, its agencies and its authorities, or for payment of a legally authorized deficit.

c) The payments for care of graves of Confederate and historical African American dead.

d) The employer contributions, and employer-paid member contributions, to the Social Security System, Virginia Retirement System, Judicial Retirement System, State Police Officers Retirement System, Virginia Law Officers Retirement System, Optional Retirement Plan for College and University Faculty, Optional Retirement Plan for Political Appointees, Optional Retirement Plan for Superintendents, the Volunteer Service Award Program, the Virginia Retirement System's group life insurance, sickness and disability, and retiree health care credit programs for state employees, state-supported local employees and teachers. If the Virginia Retirement System Board of Trustees approves a contribution rate for a fiscal year that is lower than the rate on which the appropriation was based, or if the United States government approves a Social Security rate that is lower than that in effect for the current budget, the Governor may withhold excess contributions. However, employer and employee paid rates or contributions for health insurance and matching deferred compensation for state employees, state-supported local employees and teachers may not be increased or decreased beyond the amounts approved by the General Assembly. Payments for the employee benefit programs listed in this paragraph may not be delayed beyond the customary billing cycles that have been established by law or policy by the governing board.

e) The payments in fulfillment of any contract awarded for the design, construction and furnishing of any state building.

f) The salary of any state officer for whom the Constitution of Virginia prohibits a change in salary.

g) The salary of any officer or employee in the Executive Department by more than two percent (irrespective of the fund source for payment of salaries and wages); however, the percentage of reduction shall be uniformly applied to all employees within the Executive Department.

h) The appropriation supported by the State Bar Fund, as authorized by § 54.1-3913, Code of Virginia, unless the supporting revenues for such appropriation are estimated to be insufficient to pay the appropriation.

7. The Governor is authorized to withhold specific allotments of appropriations by a uniform percentage, a graduated reduction or on an individual basis, or apply a combination of these actions, in effecting the authorized reduction of expenditures, up to the maximum of 15 percent, as prescribed in subdivision 6a of this subsection.

8. Each nongeneral fund appropriation shall be payable in full only to the extent the nongeneral fund revenues from which the appropriation is payable are estimated to be sufficient. The Governor is authorized to reduce allotments of nongeneral fund appropriations by the amount necessary to ensure that expenditures do not exceed the supporting revenues for such appropriations; however, the Governor shall take no action to reduce allotments of appropriations for major nongeneral fund sources on account of reduced revenues until such time as a formal written re-estimate of revenues for the current and next biennium, prepared in accordance with the process specified in § 2.2-1503, Code of Virginia, has been reported to the Chairmen of the Senate Finance, House Finance, and House Appropriations Committees. For purposes of this subsection, major nongeneral fund sources are defined as Highway Maintenance and Operating Fund and Transportation Trust Fund.

9. Notwithstanding any contrary provisions of law, the Governor is authorized to transfer to the general fund on June 30 of each year of the biennium, or within 20 days from that date, any available unexpended balances in other funds in the state treasury, subject to the following:

a) The Governor shall declare in writing to the Chairmen of the Senate Finance and House Appropriations Committees that a fiscal emergency exists which warrants the transfer of nongeneral funds to the general fund and reports the exact amount of such transfer within five calendar days of the transfer;

b) No such transfer may be made from retirement or other trust accounts, the State Bar Fund as authorized by § 54.1-3913, Code of Virginia, debt service funds, or federal funds; and

c) The Governor shall include for informative purposes, in the first biennial budget he submits subsequent to the transfer, the amount transferred from each account or fund and recommendations for restoring such amounts.

10. The Director, Department of Planning and Budget, shall make available via electronic means a report of spending authority withheld under the provisions of this subsection to the Chairmen of the Senate Finance and House Appropriations Committees within five calendar days of the action to withhold. Said report shall include the amount withheld by agency and appropriation item.

11. If action to withhold allotments of appropriation under this provision is inadequate to eliminate the imbalance between projected general fund resources and appropriations, the Speaker of the House of Delegates and the President pro tempore of the Senate shall be advised in writing by the Governor, so that they may consider requesting a special session of the General Assembly.

§ 4-1.03 APPROPRIATION TRANSFERS

GENERAL

a. During any fiscal year, the Director, Department of Planning and Budget, may transfer appropriation authority from one state or other agency to another, to effect the following:

7) to administer a program for another agency or to effect budgeted program purposes approved by the General Assembly, pursuant to a signed agreement between the respective agencies.

b. During any fiscal year, the Director, Department of Planning and Budget, may transfer appropriation authority within an agency to effect proper accounting between fund sources and to effect program purposes approved by the General Assembly, unless specifically provided otherwise in this act or as specified in the Code of Virginia. However, appropriation authority for local aid programs and aid to individuals, with the exception of student financial aid, shall not be transferred elsewhere without advance notice to the Chairmen of the House Appropriations and Senate Finance Committees. Further, any transfers between capital projects shall be made only to realize efficiencies or provide for cost overruns unrelated to changes in size or scope.

c.1. In addition to authority granted elsewhere in this act, the Director, Department of Planning and Budget, may transfer operating appropriations authority among sub-agencies within the Judicial System, the Department of Corrections, and the Department of Behavioral Health and Developmental Services to effect changes in operating expense requirements which may occur during the biennium.

2. The Director, Department of Planning and Budget, may transfer appropriations from the Department of Behavioral Health and Developmental Services to the Department of Medical Assistance Services, consisting of the general fund amounts required to match federal funds for reimbursement of services provided by its institutions and Community Services Boards.

3. The Director, Department of Planning and Budget, may transfer appropriations from the Office of Comprehensive Services to the Department of Medical Assistance Services, consisting of the general fund amounts required to match federal funds for reimbursement of services provided to eligible children.

4. The Director, Department of Planning and Budget, may transfer an appropriation or portion thereof within a state or other agency, or from one such agency to another, to support changes in agency organization, program or responsibility enacted by the General Assembly to be effective during the current biennium.

5. The Director, Department of Planning and Budget, may transfer appropriations from the second year to the first year, with said transfer to be reported in writing to the Chairmen of the Senate Finance and House Appropriations Committees within five calendar days of the transfer, when the expenditure of such funds is required to:

a) address a threat to life, safety, health or property, or

b) provide for unbudgeted cost increases for statutorily required services or federally mandated services, in order to continue those services at the present level, or

c) provide for payment of overtime salaries and wages, when the obligations for payment of such overtime were incurred during a situation deemed threatening to life, safety, health, or property, or

d) provide for payments to the beneficiaries of certain public safety officers killed in the line of duty, as authorized in Title 2.2, Chapter 4, Code of Virginia and for payments to the beneficiaries of certain members of the National Guard and United States military reserves killed in action in any armed conflict on or after October 7, 2001, as authorized in § 44-93.1 B., Code of Virginia, or

e) continue a program at the present level of service or at an increased level of service when required to address unanticipated increases in workload such as enrollment, caseload or like factors, or unanticipated costs, or

f) to address unanticipated business or industrial development opportunities which will benefit the state's economy, provided that any such appropriations be used in a manner consistent with the purposes of the program as originally appropriated.

6. An appropriation transfer shall not occur except through properly executed appropriation transfer documents designed specifically for that purpose, and all transactions effecting appropriation transfers shall be entered in the state's computerized budgeting and accounting systems.

7. The Director, Department of Planning and Budget, may transfer from any other agency, appropriations to supplement any project of the Virginia Public Building Authority authorized by the General Assembly and approved by the Governor. Such capital project shall be transferred to the state agency designated as the managing agency for the Virginia Public Building Authority.

8. In the event of the transition of a city to town status pursuant to the provisions of Chapter 41 of Title 15.2 of the Code of Virginia (§ 15.2-4100 et seq.) or the consolidation of a city and a county into a single city pursuant to the provisions of Chapter 35 of Title 15.2, Code of Virginia (§ 15.2-3500 et seq.) subsequent to July 1, 1999, the provisions of § 15.2-1302 shall govern distributions from state agencies to the county in which the town is situated or to the consolidated city, and the Director, Department of Planning and Budget, is authorized to transfer appropriations or portions thereof within a state agency, or from one such agency to another, if necessary to fulfill the requirements of § 15.2-1302.

§ 4-1.04 APPROPRIATION INCREASES

a. UNAPPROPRIATED NONGENERAL FUNDS:

1. Sale of Surplus Materials:

The Director, Department of Planning and Budget, is hereby authorized to increase the appropriations to any state agency by the amount of credit resulting from the sale of surplus materials under the provisions of § 2.2-1125, Code of Virginia.

2. Insurance Recovery:

The Director, Department of Planning and Budget, shall increase the appropriation authority for any state agency by the amount of the proceeds of an insurance policy or from the State Insurance Reserve Trust Fund, for expenditures as far as may be necessary, to pay for the repair or replacement of lost, damaged or destroyed property, plant or equipment.

3. Gifts, Grants and Other Nongeneral Funds:

a) Subject to § 4-1.02 c, Increased Nongeneral Fund Revenue, and the conditions stated in this section, the Director, Department of Planning and Budget, is hereby authorized to increase the appropriations to any state agency by the amount of the proceeds of donations, gifts, grants or other nongeneral funds paid into the state treasury in excess of such appropriations during a fiscal year. Such appropriations shall be increased only when the expenditure of moneys is authorized elsewhere in this act or is required to:

1) address a threat to life, safety, health or property or

2) provide for unbudgeted increases in costs for services required by statute or services mandated by the federal government, in order to continue those services at the present level or implement compensation adjustments approved by the General Assembly, or

3) provide for payment of overtime salaries and wages, when the obligations for payment of such overtime were incurred during a situation deemed threatening to life, safety, health, or property, or

4) continue a program at the present level of service or at an increased level of service when required to address unanticipated increases in noncredit instruction at institutions of higher education or business and industrial development opportunities which will benefit the state's economy, or

5) participate in a federal or sponsored program provided that the provisions of § 4-5.03 shall also apply to increases in appropriations for additional gifts, grants, and other nongeneral fund revenue which require a general fund match as a condition of

1 their acceptance; or

2 6) realize cost savings in excess of the additional funds provided, or

3 7) permit a state agency or institution to use a donation, gift or grant for the purpose intended by the donor, or

4 8) provide for cost overruns on capital projects and for capital projects authorized under § 4-4.01 m of this act, or

5 9) address caseload or workload changes in programs approved by the General Assembly.

6 b) The above conditions shall not apply to donations and gifts to the endowment funds of institutions of higher education.

7 c) Each state agency and institution shall ensure that its budget estimates include a reasonable estimate of receipts from
8 donations, gifts or other nongeneral fund revenue. The Department of Planning and Budget shall review such estimates and
9 verify their accuracy, as part of the budget planning and review process.

10 d) No obligation or expenditure shall be made from such funds until a revised operating budget request is approved by the
11 Director, Department of Planning and Budget. Expenditures from any gift, grant or donation shall be in accordance with the
12 purpose for which it was made; however, expenditures for property, plant or equipment, irrespective of fund source, are subject
13 to the provisions of §§ 4-2.03 Indirect Costs, 4-4.01 Capital Projects General, and 4-5.03 b Services and Clients-New Services,
14 of this act.

15 e) Nothing in this section shall exempt agencies from complying with § 4-2.01 a Solicitation and Acceptance of Donations,
16 Gifts, Grants, and Contracts of this act.

17 4. Any nongeneral fund cash balance recorded on the books of the Department of Accounts as unexpended on the last day of
18 the fiscal year may be appropriated for use in the succeeding fiscal year with the prior written approval of the Director,
19 Department of Planning and Budget, unless the General Assembly shall have specifically provided otherwise. Revenues
20 deposited to the Virginia Health Care Fund shall be used only as the state share of Medicaid, unless the General Assembly
21 specifically authorizes an alternate use. With regard to the appropriation of other nongeneral fund cash balances, the Director
22 shall make a listing of such transactions available to the public via electronic means no less than ten business days following
23 the approval of the appropriation of any such balance.

24 5. Reporting:

25 The Director, Department of Planning and Budget, shall make available via electronic means a report on increases in
26 unappropriated nongeneral funds in accordance with § 4-8.00, Reporting Requirements, or as modified by specific provisions in
27 this subsection.

28 b. AGRIBUSINESS EQUIPMENT FOR THE DEPARTMENT OF CORRECTIONS

29 The Director of the Department of Planning and Budget may increase the Department of Corrections appropriation for the
30 purchase of agribusiness equipment or the repair or construction of agribusiness facilities by an amount equal to fifty percent of
31 any annual amounts in excess of fiscal year 1992 deposits to the general fund from agribusiness operations. It is the intent of
32 the General Assembly that appropriation increases for the purposes specified shall not be used to reduce the general fund
33 appropriations for the Department of Corrections.

34 § 4-1.05 REVERSION OF APPROPRIATIONS AND REAPPROPRIATIONS

35 a. GENERAL FUND OPERATING EXPENSE:

36 1.a) General fund appropriations which remain unexpended on (i) the last day of the previous biennium or (ii) the last day of
37 the first year of the current biennium, shall be reappropriated and allotted for expenditure where required by the Code of
38 Virginia, where necessary for the payment of preexisting obligations for the purchase of goods or services, or where desirable,
39 in the determination of the Governor, to address any of the six conditions listed in § 4-1.03 c.5 of this act or to provide financial
40 incentives to reduce spending to effect current or future cost savings. With the exception of the unexpended general fund
41 appropriations of agencies in the Legislative Department, the Judicial Department, the Independent Agencies, or institutions of
42 higher education, all other such unexpended general fund appropriations unexpended on the last day of the previous biennium
43 or the last day of the first year of the current biennium shall revert to the general fund.

44 b) General fund appropriations for agencies in the Legislative Department, the Judicial Department, and the Independent
45 Agencies shall be reappropriated, except as may be specifically provided otherwise by the General Assembly. General fund
46 appropriations shall also be reappropriated for institutions of higher education, subject to § 23.1-1002, Code of Virginia.

47 c) To improve the stability in institutional planning and predictability for students and families to prepare for the cost of higher
48 education, public higher education institutions are encouraged to employ the financial management strategy of establishing an
49 institutional reserve fund supported by any unexpended education and general appropriations of the institution at the end of the
50 fiscal year. The establishment of such a fund is designed to foster more long-term planning, promote efficient resource

utilization and reduce the need for substantial year-to-year increases in tuition, thereby increasing affordability for Virginians. Independent of the provisions of § 23.1-1001, institutions are authorized to carry over education and general unexpended balances to establish and maintain a reserve fund in an amount not to exceed three percent of their general fund appropriation for educational and general programs in the most recently-completed fiscal year. Any use of the reserve fund shall be approved by the Board of Visitors of the affected institution, and the institution shall immediately report the details of the approved plan for use of the reserve fund to the Governor, the Secretary of Education, the Secretary of Finance and the Chairmen of the House Appropriations and Senate Finance Committees. Any reserve fund shall be subject to the provisions of § 23.1-1303.B.11.

2. a. The Governor shall report within five calendar days after completing the reappropriation process to the Chairmen of the Senate Finance and House Appropriations Committees on the reappropriated amounts for each state agency in the Executive Department. He shall provide a preliminary report of reappropriation actions on or before November 1 and a final report on or before December 20 to the Chairmen of the House Appropriations and Senate Finance Committees.

b. The Director, Department of Planning and Budget, may transfer reappropriated amounts within an agency to cover nonrecurring costs.

3. Pursuant to subsection E of § 2.2-1125, Code of Virginia, the determination of compliance by an agency or institution with management standards prescribed by the Governor shall be made by the Secretary of Finance and the Secretary having jurisdiction over the agency or institution, acting jointly.

4. The general fund resources available for appropriation in the first enactment of this act include the reversion of certain unexpended balances in operating appropriations as of June 30 of the prior fiscal year, which were otherwise required to be reappropriated by language in the Appropriation Act.

5. Upon request, the Director, Department of Planning and Budget, shall provide a report to the Chairmen of the House Appropriations and Senate Finance Committees showing the amount reverted for each agency and the total amount of such reversions.

b. NONGENERAL FUND OPERATING EXPENSE:

Based on analysis by the State Comptroller, when any nongeneral fund has had no increases or decreases in fund balances for a period of 24 months, the State Comptroller shall promptly transfer and pay the balance into the fund balance of the general fund. If it is subsequently determined that an appropriate need warrants repayment of all or a portion of the amount transferred, the Director, Department of Planning and Budget shall include repayment in the next budget bill submitted to the General Assembly. This provision does not apply to funds held in trust by the Commonwealth.

c. CAPITAL PROJECTS:

1. Upon certification by the Director, Department of Planning and Budget, the State Comptroller is hereby authorized to revert to the fund balance of the general fund any portion of the unexpended general fund cash balance and corresponding appropriation or reappropriation for a capital project when the Director determines that such portion is not needed for completion of the project. The State Comptroller may similarly return to the appropriate fund source any part of the unexpended nongeneral fund cash balance and reduce any appropriation or reappropriation which the Director determines is not needed to complete the project.

2. The unexpended general fund cash balance and corresponding appropriation or reappropriation for capital projects shall revert to and become part of the fund balance of the general fund during the current biennium as of the date the Director, Department of Planning and Budget, certifies to the State Comptroller that the project has been completed in accordance with the intent of the appropriation or reappropriation and there are no known unpaid obligations related to the project. The State Comptroller shall return the unexpended nongeneral fund cash balance, if there be any, for such completed project to the source from which said nongeneral funds were obtained. Likewise, he shall revert an equivalent portion of the appropriation or reappropriation of said nongeneral funds.

3. The Director, Department of Planning and Budget, may direct the restoration of any portion of the reverted amount if he shall subsequently verify an unpaid obligation or requirement for completion of the project. In the case of a capital project for which an unexpended cash balance was returned and appropriation or reappropriation was reverted in the prior biennium, he may likewise restore any portion of such amount under the same conditions.

§ 4-1.06 LIMITED ADJUSTMENTS OF APPROPRIATIONS

a. LIMITED CONTINUATION OF APPROPRIATIONS.

Notwithstanding any contrary provision of law, any unexpended balances on the books of the State Comptroller as of the last day of the previous biennium shall be continued in force for such period, not exceeding 10 days from such date, as may be necessary in order to permit payment of any claims, demands or liabilities incurred prior to such date and unpaid at the close of business on such date, and shown by audit in the Department of Accounts to be a just and legal charge, for values received as of the last day of the previous biennium, against such unexpended balances.

b. LIMITATIONS ON CASH DISBURSEMENTS.

Notwithstanding any contrary provision of law, the State Comptroller may begin preparing the accounts of the Commonwealth for each subsequent fiscal year on or about 10 days before the start of such fiscal year. The books will be open only to enter budgetary transactions and transactions that will not require the receipt or disbursement of funds until after June 30. Should an emergency arise, or in years in which July 1 falls on a weekend requiring the processing of transactions on or before June 30, the State Comptroller may, with notification to the Auditor of Public Accounts, authorize the disbursement of funds drawn against appropriations of the subsequent fiscal year, not to exceed the sum of three million dollars (\$3,000,000) from the general fund. This provision does not apply to debt service payments on bonds of the Commonwealth which shall be made in accordance with bond documents, trust indentures, and/or escrow agreements.

§ 4-1.07 ALLOTMENTS

Except when otherwise directed by the Governor within the limits prescribed in §§ 4-1.02 Withholding of Spending Authority, 4-1.03 Appropriation Transfers, and 4-1.04 Appropriation Increases of this act, the Director, Department of Planning and Budget, shall prepare and act upon the allotment of appropriations required by this act, and by § 2.2-1819, Code of Virginia, and the authorizations for rates of pay required by this act. Such allotments and authorizations shall have the same effect as if the personal signature of the Governor were subscribed thereto. This section shall not be construed to prohibit an appeal by the head of any state agency to the Governor for reconsideration of any action taken by the Director, Department of Planning and Budget, under this section.

§ 4-2.00 REVENUES

§ 4-2.01 NONGENERAL FUND REVENUES

a. SOLICITATION AND ACCEPTANCE OF DONATIONS, GIFTS, GRANTS, AND CONTRACTS:

1. No state agency shall solicit or accept any donation, gift, grant, or contract without the written approval of the Governor except under written guidelines issued by the Governor which provide for the solicitation and acceptance of nongeneral funds, except that donations or gifts to the Virginia War Memorial Foundation that are small in size and number and valued at less than \$5,000, such as library items or small display items, may be approved by the Executive Director of the Virginia War Memorial in consultation with the Secretary of Veterans Affairs and Homeland Security. All other gifts and donations to the Virginia War Memorial Foundation must receive written approval from the Secretary of Veterans Affairs and Homeland Security.

2. The Governor may issue policies in writing for procedures which allow state agencies to solicit and accept nonmonetary donations, gifts, grants, or contracts except that donations, gifts and grants of real property shall be subject to § 4-4.00 of this act and § 2.2-1149, Code of Virginia. This provision shall apply to donations, gifts and grants of real property to endowment funds of institutions of higher education, when such endowment funds are held by the institution in its own name and not by a separately incorporated foundation or corporation.

3. The preceding subdivisions shall not apply to property and equipment acquired and used by a state agency or institution through a lease purchase agreement and subsequently donated to the state agency or institution during or at the expiration of the lease purchase agreement, provided that the lessor is the Virginia College Building Authority.

4. The use of endowment funds for property, plant or equipment for state-owned facilities is subject to §§ 4-2.03 Indirect Costs, 4-4.01 Capital Projects-General and 4-5.03 Services and Clients of this act.

b. HIGHER EDUCATION TUITION AND FEES

1. Except as provided in Chapters 933 and 943 of the 2006 Acts of Assembly, Chapters 594 and 616 of the 2008 Acts of Assembly, and Chapters 675 and 685 of the 2009 Acts of Assembly, all nongeneral fund collections by public institutions of higher education, including collections from the sale of dairy and farm products, shall be deposited in the state treasury in accordance with § 2.2-1802, Code of Virginia, and expended by the institutions of higher education in accordance with the appropriations and provisions of this act, provided, however, that this requirement shall not apply to private gifts, endowment funds, or income derived from endowments and gifts.

2. a) The Boards of Visitors or other governing bodies of institutions of higher education may set tuition and fee charges at levels they deem to be appropriate for all resident student groups based on, but not limited to, competitive market rates, provided that the total revenue generated by the collection of tuition and fees from all students is within the nongeneral fund appropriation for educational and general programs provided in this act.

b) The Boards of Visitors or other governing bodies of institutions of higher education may set tuition and fee charges at levels they deem to be appropriate for all nonresident student groups based on, but not limited to, competitive market rates, provided that: i) the tuition and mandatory educational and general fee rates for nonresident undergraduate and graduate students cover at least 100 percent of the average cost of their education, as calculated through base adequacy guidelines adopted, and periodically amended, by the Joint Subcommittee Studying Higher Education Funding Policies, and ii) the total revenue generated by the collection of tuition and fees from all students is within the nongeneral fund appropriation for educational and

1 general programs provided in this act.

2 c) For institutions charging nonresident students less than 100 percent of the cost of education, the State Council of Higher
3 Education for Virginia may authorize a phased approach to meeting this requirement, when in its judgment, it would result in annual
4 tuition and fee increases for nonresident students that would discourage their enrollment.

5 d) The Boards of Visitors or other governing bodies of institutions of higher education shall not increase the current proportion of
6 nonresident undergraduate students if the institution's nonresident undergraduate enrollment exceeds 25 percent. Norfolk State
7 University, Virginia Military Institute, Virginia State University, and two-year public institutions are exempt from this restriction.

8 3. a) In setting the nongeneral fund appropriation for educational and general programs at the institutions of higher education, the
9 General Assembly shall take into consideration the appropriate student share of costs associated with providing full funding of the
10 base adequacy guidelines referenced in subparagraph 2. b), raising average salaries for teaching and research faculty to the 60th
11 percentile of peer institutions, and other priorities set forth in this act.

12 b) In determining the appropriate state share of educational costs for resident students, the General Assembly shall seek to cover at
13 least 67 percent of educational costs associated with providing full funding of the base adequacy guidelines referenced in
14 subparagraph 2. b), raising average salaries for teaching and research faculty to the 60th percentile of peer institutions, and other
15 priorities set forth in this act.

16 4. a) Each institution and the State Council of Higher Education for Virginia shall monitor tuition, fees, and other charges, as well as
17 the mix of resident and nonresident students, to ensure that the primary mission of providing educational opportunities to citizens of
18 Virginia is served, while recognizing the material contributions provided by the presence of nonresident students. The State Council
19 of Higher Education for Virginia shall also develop and enforce uniform guidelines for reporting student enrollments and the
20 domiciliary status of students.

21 b) The State Council of Higher Education for Virginia shall report to the Governor and the Chairmen of the House Appropriations
22 and Senate Finance Committees no later than August 1 of each year the annual change in total charges for tuition and all required
23 fees approved and allotted by the Board of Visitors. As it deems appropriate, the State Council of Higher Education for Virginia
24 shall provide comparative national, peer, and market data with respect to charges assessed students for tuition and required fees at
25 institutions outside of the Commonwealth.

26 c) Institutions of higher education are hereby authorized to make the technology service fee authorized in Chapter 1042, 2003 Acts
27 of Assembly, part of ongoing tuition revenue. Such revenues shall continue to be used to supplement technology resources at the
28 institutions of higher education.

29 d) Except as provided in Chapters 933 and 943 of the 2006 Acts of Assembly, Chapters 594 and 616 of the 2008 Acts of Assembly,
30 and Chapters 675 and 685 of the 2009 Acts of Assembly, each institution shall work with the State Council of Higher Education for
31 Virginia and the Virginia College Savings Plan to determine appropriate tuition and fee estimates for tuition savings plans.

32 5. It is the intent of the General Assembly that each institution's combined general and nongeneral fund appropriation within its
33 educational and general program closely approximate the anticipated annual budget each fiscal year.

34 6. Nonresident graduate students employed by an institution as teaching assistants, research assistants, or graduate assistants and
35 paid at an annual contract rate of \$4,000 or more may be considered resident students for the purposes of charging tuition and fees.

36 7. The fund source "Higher Education Operating" within educational and general programs for institutions of higher education
37 includes tuition and fee revenues from nonresident students to pay their proportionate share of the amortized cost of the construction
38 of buildings approved by the Commonwealth of Virginia Educational Institutions Bond Act of 1992 and the Commonwealth of
39 Virginia Educational Facilities Bond Act of 2002.

40 8. a) 1) Except as provided in Chapters 933 and 943 of the 2006 Acts of Assembly, Chapters 594 and 616 of the 2008 Acts of
41 Assembly, and Chapters 675 and 685 of the 2009 Acts of Assembly, mandatory fees for purposes other than educational and general
42 programs shall not be increased for Virginia undergraduates beyond three percent annually, excluding requirements for wage, salary,
43 and fringe benefit increases, authorized by the General Assembly. Fee increases required to carry out actions that respond to
44 mandates of federal agencies are also exempt from this provision, provided that a report on the purposes of the amount of the fee
45 increase is submitted to the Chairmen of the House Appropriations and Senate Finance Committees by the institution of higher
46 education at least 30 days prior to the effective date of the fee increase.

47 2) *The University of Mary Washington is hereby authorized to undertake a review of its tuition and fee structure for the purpose of*
48 *more closely aligning auxiliary fees, including room, board, and the comprehensive fee, with auxiliary expenditure budgets.*
49 *Adjustments to mandatory fees in auxiliary programs may exceed three percent subject to annual approval by the University's Board*
50 *of Visitors to the extent required to effect budgetary alignment of revenues and expenditures. This exemption will be limited to the*
51 *period beginning in fiscal year 2019-20 and extending through the end of fiscal year 2023-24.*

52 b) This restriction shall not apply in the following instances: fee increases directly related to capital projects authorized by the
53 General Assembly; fee increases to support student health services; and other fee increases specifically authorized by the General

Assembly.

c) Due to the small mandatory non-educational and general program fees currently assessed students in the Virginia Community College System, increases in any one year of no more than \$15 shall be allowed on a cost-justified case-by-case basis, subject to approval by the State Board for Community Colleges.

9. Any institution of higher education granting new tuition waivers to resident or nonresident students not authorized by the Code of Virginia must absorb the cost of any discretionary waivers.

10. Tuition and fee revenues from nonresident students taking courses through Virginia institutions from the Southern Regional Education Board's Southern Regional Electronic Campus must exceed all direct and indirect costs of providing instruction to those students. Tuition and fee rates to meet this requirement shall be established by the Board of Visitors of the institution.

c. HIGHER EDUCATION PLANNED EXCESS REVENUES:

An institution of higher education, except for those public institutions governed by Chapters 933 and 943 of the 2006 Acts of Assembly, Chapters 594 and 616 of the 2008 Acts of Assembly, and Chapters 675 and 685 of the 2009 Acts of Assembly, may generate and retain tuition and fee revenues in excess of those provided in § 4-2.01 b Higher Education Tuition and Fees, subject to the following:

1. Such revenues are identified by language in the appropriations in this act to any such institution.

2. The use of such moneys is fully documented by the institution to the Governor prior to each fiscal year and prior to allotment.

3. The moneys are supplemental to, and not a part of, ongoing expenditure levels for educational and general programs used as the basis for funding in subsequent biennia.

4. The receipt and expenditure of these moneys shall be recorded as restricted funds on the books of the Department of Accounts and shall not revert to the surplus of the general fund at the end of the biennium.

5. Tuition and fee revenues generated by the institution other than as provided herein shall be subject to the provisions of § 4-1.04 a.3 Gifts, Grants, and Other Nongeneral Funds of this act.

§ 4-2.02 GENERAL FUND REVENUE

a. STATE AGENCY PAYMENTS INTO GENERAL FUND:

1. Except as provided in § 4-2.02 a.2., all moneys, fees, taxes, charges and revenues received at any time by the following agencies from the sources indicated shall be paid immediately into the general fund of the state treasury:

a) Marine Resources Commission, from all sources, except:

1) Revenues payable to the Public Oyster Rocks Replenishment Fund established by § 28.2-542, Code of Virginia.

2) Revenue payable to the Virginia Marine Products Fund established by § 3.2-2705, Code of Virginia.

3) Revenue payable to the Virginia Saltwater Recreational Fishing Development Fund established by § 28.2-302.3, Code of Virginia.

4) Revenue payable to the Marine Fishing Improvement Fund established by § 28.2-208, Code of Virginia.

The recommended nongeneral fund appropriations shall reflect the indirect costs in the program incurring the costs.

2. If actual agency indirect cost recoveries exceed the nongeneral fund amount appropriated in this act, the Director, Department of Planning and Budget, is authorized to increase the nongeneral fund appropriation to the agency by the amount of such excess indirect cost recovery. Such increase shall be made in the program incurring the costs.

No state agency receiving general fund appropriations under the provisions of this act shall obligate or expend moneys in excess of its general fund appropriations, nor shall it obligate or expend moneys in excess of nongeneral fund revenues that are collected and appropriated.

2. The Governor is authorized to approve deficit funding for a state agency under the following conditions:

a) an unanticipated federal or judicial mandate has been imposed,

b) insufficient moneys are available in the first year of the biennium for start-up of General Assembly-approved action, or

c) delay pending action by the General Assembly at its next legislative session will result in the curtailment of services required by statute or those required by federal mandate or will produce a threat to life, safety, health or property.

d) Such approval by the Governor shall be in writing under the conditions described in § 4-3.02 a Authorized Deficit Loans of this act and shall be promptly communicated to the Chairmen of the House Appropriations and Senate Finance Committees within five calendar days of deficit approval.

3. Deficits shall not be authorized for capital projects.

4. The Department of Transportation may obligate funds in excess of the current biennium appropriation for projects of a capital nature not covered by § 4-4.00 Capital Projects, of this act provided such projects a) are delineated in the Virginia Transportation Six-Year Improvement Program, as approved by the Commonwealth Transportation Board; and b) have sufficient cash allocated to each such project to cover projected costs in each year of the Program; and provided that c) sufficient revenues are projected to meet all cash obligations for such projects as well as all other commitments and appropriations approved by the General Assembly in the biennial budget.

b. UNAUTHORIZED DEFICITS: If any agency contravenes any of the prohibitions stated above, thereby incurring an unauthorized deficit, the Governor is hereby directed to withhold approval of such excess obligation or expenditure. Further, there shall be no reimbursement of said excess, nor shall there be any liability or obligation upon the state to make any appropriation hereafter to meet such unauthorized deficit. Further, those members of the governing board of any such agency who shall have voted therefor, or its head if there be no governing board, making any such excess obligation or expenditure shall be personally liable for the full amount of such unauthorized deficit and, at the discretion of the Governor, shall be deemed guilty of neglect of official duty and be subject to removal therefor. Further, the State Comptroller is hereby directed to make public any such unauthorized deficit, and the Director, Department of Planning and Budget, is hereby directed to set out such unauthorized deficits in the next biennium budget. In addition, the Governor is directed to bring this provision of this act to the attention of the members of the governing board of each state agency, or its head if there be no governing board, within two weeks of the date that this act becomes effective. The governing board or the agency head shall execute and return to the Governor a signed acknowledgment of such notification.

c. If the Governor approves the plan and authorizes a state agency to incur a deficit under the provisions of this section, the amount authorized shall be obtained by the agency by borrowing the authorized amount on such terms and from such sources as may be approved by the Governor. At the close of business on the last day of the current biennium, any unexpended balance of such loan shall be applied toward repayment of the loan, unless such action is contrary to the conditions of the loan approval. The Director, Department of Planning and Budget, shall set forth in the next biennial budget all such loans which require an appropriation for repayment. A copy of the approved plan to eliminate the deficit shall be transmitted to the Chairmen of the House Appropriations and the Senate Finance Committees within five calendar days of approval.

§ 4-4.00 CAPITAL PROJECTS

§ 4-4.01 GENERAL

a. Definition:

1. Unless defined otherwise, when used in this section, "capital project" or "project" means acquisition of property and new construction and improvements related to state-owned property, plant or equipment (including plans therefor), as the terms "acquisition", "new construction", and "improvements" are defined in the instructions for the preparation of the Executive Budget. "Capital project" or "project" shall also mean any improvements to property leased for use by a state agency, and not owned by the state, when such improvements are financed by public funds, except as hereinafter provided in subdivisions 3 and 4 of this subsection.

2. The provisions of this section are applicable equally to acquisition of property and plant by purchase, gift, or any other means, including the acquisition of property through a lease/purchase contract, regardless of the method of financing or the source of funds. Acquisition of property by lease shall be subject to § 4-3.03 of this act.

3. The provisions of this section shall not apply to property or equipment acquired by lease or improvements to leased property and equipment when the improvements are provided by the lessor pursuant to the terms of the lease and upon expiration of the lease remain the property of the lessor.

4. The provisions of this section shall not apply to property leased by state agencies for the purposes described in §§ 2.2-1151 C and 33.2-1010, Code of Virginia.

b. Notwithstanding any other provisions of law, requests for appropriations for capital projects shall be subject to the following:

1. The agency shall submit a capital project proposal for all requested capital projects. Such proposals shall be submitted to the Director, Department of Planning and Budget, for review and approval in accordance with guidelines prescribed by the director. Projects shall be developed to meet agency functional and space requirements within a cost range comparable to similar public and private sector projects.

2. Except for institutions of higher education governed by Chapters 933 and 943 of the 2006 Acts of Assembly, Chapters 594 and 616 of the 2008 Acts of Assembly and Chapters 675 and 685 of the 2009 Acts of Assembly, financings for capital projects shall comply, where applicable, with the Treasury Board Guidelines issued pursuant to § 2.2-2416, Code of Virginia, and any subsequent amendments thereto.

3. As part of any request for appropriations for an armory, the Department of Military Affairs shall obtain a written commitment from the host locality to share in the operating expense of the armory.

c. Each agency head shall provide annually to the Director, Department of Planning and Budget, a report on the use of the maintenance reserve appropriation of the agency in Part 2 of this act. In the use of its maintenance reserve appropriation, an agency shall give first priority to the repair or replacement of roof on buildings under control of the agency. The agency head shall certify in the agency's annual maintenance reserve report that to the best of his or her knowledge, all necessary roof repairs have been accomplished or are in the process of being accomplished. Such roof repairs and replacements shall be in accord with the technical requirements of the Commonwealth's Construction and Professional Services Manual.

d. The Department of Planning and Budget shall review its approach to capital outlay planning and budgeting from time to time and make available via electronic means a report of any proposed change to the Chairmen of the House Appropriations and Senate Finance Committees and the public prior to its implementation. Such report shall include an analysis of the impact of the suggested change on affected agencies and institutions.

e. Nothing in §§ 2-0 and 4-4.00 of this act shall be deemed to override the provisions of §§ 2.2-1132 and 62.1-132.6, Code of Virginia, amended by Chapter 488, 1997 Acts of Assembly, relating to Virginia Port Authority capital projects and procurement activities.

f. Legislative Approval: It is the intent of the General Assembly that, with the exceptions noted in this paragraph and paragraph m, all capital projects to be undertaken by agencies of the Commonwealth, including institutions of higher education, shall be pursuant to approvals by the General Assembly as provided in the Six-Year Capital Outlay Plan established pursuant to § 2.2-1515, et seq., Code of Virginia. Otherwise, the consideration of capital projects shall be limited to:

1. Supplementing projects which have been bid and determined to have insufficient funding to be placed under contract, and

2. Projects declared by the Governor or the General Assembly to be of an emergency nature, which may avoid an increase in cost or otherwise result in a measurable benefit to the state, and/or which are required for the continued use of existing facilities.

3. This paragraph does not prohibit the initiation of projects authorized by § 4-4.01 m hereof, or projects included under the central appropriations for capital project expenses in this act.

g. Preliminary Requirements: In regard to each capital project for which appropriation or reappropriation is made pursuant to this act, or which is hereafter considered by the Governor for inclusion in the Executive Budget, or which is offered as a gift or is considered for purchase, the Governor is hereby required: (1) to determine the urgency of its need, as compared with the need for other capital projects as herein authorized, or hereafter considered; (2) to determine whether the proposed plans and specifications for each capital project are suitable and adequate, and whether they involve expenditures which are excessive for the purposes intended; (3) to determine whether labor, materials, and other requirements, if any, needed for the acquisition or construction of such project can and will be obtained at reasonable cost; and (4) to determine whether or not the project conforms to a site or master plan approved by the agency head or board of visitors of an institution of higher education for a program approved by the General Assembly.

h. Initiation Generally:

1. No architectural or engineering planning for, or construction of, or purchase of any capital project shall be commenced or revised without the prior written approval of the Governor or his designee.

2. The requirements of § 10.1-1190, Code of Virginia, shall be met prior to the release of funds for a major state project, provided, however, that the Governor or his designee is authorized to release from any appropriation for a major state project made pursuant to this act such sum or sums as may be necessary to pay for the preparation of the environmental impact report required by § 10.1-1188, Code of Virginia.

3. The Governor, at his discretion, or his designee may release from any capital project appropriation or reappropriation made pursuant to this act such sum (or sums) as may be necessary to pay for the preparation of plans and specifications by architects and engineers, provided that the estimated cost of the construction covered by such drawings and specifications does not exceed the appropriation therefor; provided, further, however, that the architectural and engineering fees paid on completion of the preliminary design for any such project may be based on such estimated costs as may be approved by the Governor in writing, where it is shown to the satisfaction of the Governor that higher costs of labor or material, or both, or other unforeseen conditions, have made the appropriation inadequate for the completion of the project for which the appropriation was made, and where in the judgment of the Governor such changed conditions justify the payment of architectural or engineering fees based on costs exceeding the appropriation.

4. Architectural or engineering contracts shall not be awarded in perpetuity for capital projects at any state institution, agency or activity.

i. Capital Projects Financed with Bonds: Capital projects proposed to be financed with (i) 9 (c) general obligation bonds or (ii) 9(d) obligations where debt service is expected to be paid from project revenues or revenues of the agency or institution, shall be reviewed as follows:

1. By August 15 of each year, requests for inclusion in the Executive Budget of capital projects to be financed with 9(c) general obligation bonds shall be submitted to the State Treasurer for evaluation of financial feasibility. Submission shall be in accordance with the instructions prescribed by the State Treasurer. The State Treasurer shall distribute copies of financial feasibility studies to the Director, Department of Planning and Budget, the Secretary for the submitting agency or institution, the Chairmen of the House Appropriations and Senate Finance Committees, and the Director, State Council of Higher Education for Virginia, if the project is requested by an institution of higher education.

2. By August 15 of each year, institutions shall also prepare and submit copies of financial feasibility studies to the State Council of Higher Education for Virginia for 9(d) obligations where debt service is expected to be paid from project revenues or revenues of the institution. The State Council of Higher Education for Virginia shall identify the impact of all projects requested by the institutions of higher education, and as described in § 4-4.01 j.1. of this act, on the current and projected cost to students in institutions of higher education and the impact of the project on the institution's need for student financial assistance. The State Council of Higher Education for Virginia shall report such information to the Secretary of Finance and the Chairmen of the House Appropriations and Senate Finance Committees no later than October 1 of each year.

3. Prior to the issuance of debt for 9(c) general obligation projects, when more than one year has elapsed since the review of financial feasibility specified in § 4-4.01 j 1 above, an updated feasibility study shall be prepared by the agency and reviewed by the State Treasurer prior to requesting the Governor's Opinion of Financial Feasibility required under Article X, Section 9 (c), of the Constitution of Virginia.

j. Transfers to supplement capital projects from nongeneral funds may be made under the conditions set forth in §§ 4-1.03 a, 4-1.04 a.3, and 4-4.01 m of this act.

k.1. Change in Size and Scope: Unless otherwise provided by law, the scope, which is the function or intended use, of any capital project may not be substantively changed, nor its size increased or decreased by more than five percent in size beyond the plans and justification which were the basis for the appropriation or reappropriation in this act or for the Governor's authorization pursuant to § 4-4.01 m of this act. However, this prohibition is not applicable to changes in size and scope required because of circumstances determined by the Governor to be an emergency, or requirements imposed by the federal government when such capital project is for armories or other defense-related installations and is funded in whole or in part by federal funds. Furthermore, this prohibition shall not apply to minor increases, beyond five percent, in square footage determined by the Director, Department of General Services, to be reasonable and appropriate based on a written justification submitted by the agency stating the reason for the increase, with the provision that such increase will not increase the cost of the project beyond the amount appropriated; nor to decreases in size beyond five percent to offset unbudgeted costs when such costs are determined by the Director, Department of Planning and Budget, to be reasonable based on a written justification submitted by the agency specifying the amount and nature of the unbudgeted costs and the types of actions that will be taken to decrease the size of the project. The written justification shall also include a certification, signed by the agency head, that the resulting project will be consistent with the original programmatic intent of the appropriations.

2. If space planning, energy conservation, and environmental standards guides for any type of construction have been approved by the Governor or the General Assembly, the Governor shall require capital projects to conform to such planning guides.

l. Projects Not Included In This Act:

1. Authorization by Governor:

a) The Governor may authorize initiation of, planning for, construction of or acquisition of a nongeneral fund capital project not specifically included in this act or provided for a program approved by the General Assembly through appropriations, under one or more of the following conditions:

1) The project is required to meet an emergency situation.

2) The project is to be operated as an auxiliary enterprise or sponsored program in an institution of higher education and will be fully funded by revenues of auxiliary enterprises or sponsored programs.

3) The project is to be operated as an educational and general program in an institution of higher education and will be fully funded by nongeneral fund revenues of educational and general programs or from private gifts and indirect cost recoveries.

4) The project consists of plant or property which has become available or has been received as a gift.

5) The project has been recommended for funding by the Tobacco Indemnification and Community Revitalization Commission or the Virginia Tobacco Settlement Foundation.

b) The foregoing conditions are subject to the following criteria:

1) Funds are available within the appropriations made by this act (including those subject to §§ 4-1.03 a, 4-1.04 a.3, and 4-2.03) without adverse effect on other projects or programs, or from unappropriated nongeneral fund revenues or balances.

2) In the Governor's opinion such action may avoid an increase in cost or otherwise result in a measurable benefit to the state.

3) The authorization includes a detailed description of the project, the project need, the total project cost, the estimated operating costs, and the fund sources for the project and its operating costs.

4) The Chairmen of the House Appropriations and Senate Finance Committees shall be notified by the Governor prior to the authorization of any capital project under the provisions of this subsection.

5) Permanent funding for any project initiated under this section shall only be from nongeneral fund sources.

2. Authorization by Director, Department of Planning and Budget:

a) The Director, Department of Planning and Budget, may authorize initiation of a capital project not included in this act, if the General Assembly has enacted legislation to fund the project from bonds of the Virginia Public Building Authority, Virginia College Building Authority, or from reserves created by refunding of bonds issued by those Authorities.

3. Delegated authorization by Boards of Visitors, Public Institutions of Higher Education:

a) In accordance with § 4-5.06 of this act, the board of visitors of any public institution of higher education that: i) has met the eligibility criteria set forth in Chapters 933 and 945 of the 2005 Acts of Assembly for additional operational and administrative autonomy, including having entered into a memorandum of understanding with the Secretary of Administration for delegated authority of nongeneral fund capital outlay projects, and ii) has received a sum sufficient nongeneral fund appropriation for emergency projects as set out in Part 2: Capital Project Expenses of this act, may authorize the initiation of any capital project that is not specifically set forth in this act provided that the project meets at least one of the conditions and criteria identified in § 4-4.01 m 1 of this act.

b) At least 30 days prior to the initiation of a project under this provision, the board of visitors must notify the Governor and Chairmen of the House Appropriations and Senate Finance Committees and must provide a life-cycle budget analysis of the project. Such analysis shall be in a form to be prescribed by the Auditor of Public Accounts.

c) The Commonwealth of Virginia shall have no general fund obligation for the construction, operation, insurance, routine maintenance, or long-term maintenance of any project authorized by the board of visitors of a public institution of higher education in accordance with this provision.

m. Acquisition, maintenance, and operation of buildings and nonbuilding facilities in colleges and universities shall be subject to the following policies:

1. The anticipated program use of the building or nonbuilding facility should determine the funding source for expenditures for acquisition, construction, maintenance, operation, and repairs.

2. Expenditures for land acquisition, site preparation beyond five feet from a building, and the construction of additional outdoor lighting, sidewalks, outdoor athletic and recreational facilities, and parking lots in the Virginia Community College System shall be made only from appropriated federal funds, Trust and Agency funds, including local government allocations or appropriations, or the proceeds of indebtedness authorized by the General Assembly.

3. The general policy of the Commonwealth shall be that parking services are to be operated as an auxiliary enterprise by all

colleges and universities. Institutions should develop sufficient reserves for ongoing maintenance and replacement of parking facilities.

4. Except as provided in paragraph 2 above, expenditures for maintenance, replacement, and repair of outdoor lighting, sidewalks, and other infrastructure facilities may be made from any appropriated funds.

5. Expenditures for operations, maintenance, and repair of athletic, recreational, and public service facilities, both indoor and outdoor, should be from nongeneral funds. However, this condition shall not apply to any indoor recreational facility existing on a community college campus as of July 1, 1988.

6.a.1. At institutions of higher education that have met the eligibility criteria for additional operational and administrative authority as set forth in Chapters 933 and 945 of the 2005 Acts of Assembly or Chapters 824 and 829 of the 2008 Acts of Assembly, any repair, renovation, or new construction project costing up to \$3,000,000 shall be exempt from the capital outlay review and approval process. For purposes of this paragraph, projects shall not include any subset of a series of projects, which in combination would exceed the \$3,000,000 maximum.

2. All state agencies and institutions of higher education shall be exempt from the capital review and approval process for repair, renovation, or new construction projects costing up to \$3,000,000.

b. Blanket authorizations funded entirely by nongeneral funds may be used for 1) renovation and infrastructure projects costing up to \$3,000,000 and 2) the planning of nongeneral fund new construction and renovation projects through bidding, with bid award made after receipt of a construction authorization. The Director, Department of Planning and Budget, may provide exemptions to the threshold.

7. It is the policy of the Commonwealth that the institutions of higher education shall treat the maintenance of their facilities as a priority for the allocation of resources. No appropriations shall be transferred from the "Operation and Maintenance of Plant" subprogram except for closely and definitely related purposes, as approved by the Director, Department of Planning and Budget, or his designee. A report providing the rationale for each approved transfer shall be made to the Chairmen of the House Appropriations and Senate Finance Committees.

n. Legislative Intent and Reporting: Appropriations for capital projects shall be deemed to have been made for purposes which require their expenditure, or being placed under contract for expenditure, during the current biennium. Agencies to which such appropriations are made in this act or any other act are required to report progress as specified by the Governor. If, in the opinion of the Governor, these reports do not indicate satisfactory progress, he is authorized to take such actions as in his judgment may be necessary to meet legislative intent as herein defined. Reporting on the progress of capital projects shall be in accordance with § 4-8.00, Reporting Requirements.

o. No expenditure from a general fund appropriation in this act shall be made to expand or enhance a capital outlay project beyond that anticipated when the project was initially approved by the General Assembly except to comply with requirements imposed by the federal government when such capital project is for armories or other defense-related installations and is funded in whole or in part by federal funds. General fund appropriations in excess of those necessary to complete the project shall not be reallocated to expand or enhance the project, or be reallocated to a different project. The prohibitions in this subsection shall not apply to transfers from projects for which reappropriations have been authorized.

p. Local or private funds to be used for the acquisition, construction or improvement of capital projects for state agency use as owner or lessee shall be deposited into the state treasury for appropriation prior to their expenditure for such projects.

q. State-owned Registered Historic Landmarks: To guarantee that the historical and/or architectural integrity of any state-owned properties listed on the Virginia Landmarks Register and the knowledge to be gained from archaeological sites will not be adversely affected because of inappropriate changes, the heads of those agencies in charge of such properties are directed to submit all plans for significant alterations, remodeling, redecoration, restoration or repairs that may basically alter the appearance of the structure, landscaping, or demolition to the Department of Historic Resources. Such plans shall be reviewed within thirty days and the comments of that department shall be submitted to the Governor through the Department of General Services for use in making a final determination.

r.1. The Governor may authorize the conveyance of any interest in property or improvements thereon held by the Commonwealth to the educational or real estate foundation of any institution of higher education where he finds that such property was acquired with local or private funds or by gift or grant to or for the use of the institution, and not with funds appropriated to the institution by the General Assembly. Any approved conveyance shall be exempt from § 2.2-1156, Code of Virginia, and any other statute concerning conveyance, transfer or sale of state property. If the foundation conveys any interest in the property or any improvements thereon, such conveyance shall likewise be exempt from compliance with any statute concerning disposition of state property. Any income or proceeds from the conveyance of any interest in the property shall be deemed to be local or private funds and may be used by the foundation for any foundation purpose.

2. This section shall not apply to public institutions of higher education governed by Chapters 933 and 943 of the 2006 Acts of Assembly, Chapters 594 and 616 of the 2008 Acts of Assembly, Chapters 824 and 829 of the 2008 Acts of Assembly, and Chapters

675 and 685 of the 2009 Acts of Assembly.

s.1. Facility Lease Agreements Involving Institutions of Higher Education: In the case of any lease agreement involving state-owned property controlled by an institution of higher education, where the lease has been entered into consistent with the provisions of § 2.2-1155, Code of Virginia, the Governor may amend, adjust or waive any project review and reporting procedures of Executive agencies as may reasonably be required to promote the property improvement goals for which the lease agreement was developed.

2. This section shall not apply to public institutions of higher education governed by Chapters 933 and 943 of the 2006 Acts of Assembly, Chapters 594 and 616 of the 2008 Acts of Assembly, Chapters 824 and 829 of the 2008 Acts of Assembly, and Chapters 675 and 685 of the 2009 Acts of Assembly.

t. Energy-efficiency Projects: Improvements to state-owned properties for the purpose of energy-efficiency shall be treated as follows:

1. Such improvements shall be considered an operating expense, provided that:

a) the scope of the project meets or exceeds the applicable energy-efficiency standards set forth in the American Society of Heating, Refrigerating, and Air Conditioning Engineers (ASHRAE), the Illuminating Engineering Society (IES) standard 90.1-1989 and is limited to measures listed in guidelines issued by the Department of General Services;

b) the project is financed consistent with the provisions of § 2.2-2417, Code of Virginia, which requires Treasury Board approval and is executed through a nonprofessional services contract with a vendor approved by the Department of General Services;

c) the scope of work has been reviewed and recommended by the Department of Mines, Minerals and Energy;

d) the total cost does not exceed \$3,000,000; and

e) if the total cost exceeds \$3,000,000, but does not exceed \$7,000,000, the energy savings from the project offset the total cost of the project, including debt service and interest payments.

2. If (a) the total cost of the improvement exceeds \$7,000,000 or (b) the total cost exceeds \$3,000,000, but does not exceed \$7,000,000, and the energy savings from the project do not fully offset the total cost of the project, including debt services and interest payments, the improvement shall be considered a capital expense regardless of the type of improvement and the following conditions must be met:

a) the scope of the project meets or exceeds the applicable energy-efficiency standards set forth in the American Society of Heating, Refrigerating, and Air Conditioning Engineers (ASHRAE), the Illuminating Engineering Society (IES) standard 90.1-1989 and is limited to measures listed in guidelines issued by the Department of General Services;

b) the project is financed consistent with the provisions of § 2.2-2417, Code of Virginia, which requires Treasury Board approval and is executed through a nonprofessional services contract with a vendor approved by the Department of General Services;

c) the scope of work has been reviewed and recommended by the Department of Mines, Minerals and Energy;

d) the project has been reviewed by the Department of Planning and Budget; and

e) the project has been approved by the Governor.

3. If the total project exceeds \$250,000, the agency director will submit written notification to the Director, Department of Planning and Budget, verifying that the project meets all of the conditions in subparagraph 1 above.

The provisions of §§ 2.0 and 4-4.01 of this act and the provisions of § 2.2-1132, Code of Virginia, shall not apply to energy conservation projects that qualify as capital expenses.

4. As used in this paragraph, "improvement" does not include (a) constructing, enlarging, altering, repairing or demolishing a building or structure, (b) changing the use of a building either within the same use group or to a different use group when the new use requires greater degrees of structural strength, fire protection, exit facilities or sanitary provisions, or (c) removing or disturbing any asbestos-containing materials during demolition, alteration, renovation of or additions to building or structures. If the projected scope of an energy-efficiency project includes any of these elements, it shall be subject to the capital outlay process as set out in this section.

5. The Director, Department of Planning and Budget, shall notify the Chairmen of the House Appropriations and Senate Finance Committees upon the initiation of any energy-efficiency projects under the provisions of this paragraph.

u. No expenditures shall be authorized for the purchase of fee simple title to any real property to be used for a correctional

facility or for the actual construction of a correctional facility provided for in this act, or by reference hereto, that involves acquisition or new construction of youth or adult correctional facilities on real property which was not owned by the Commonwealth on January 1, 1995, until the governing body of the county, city or town wherein the project is to be located has adopted a resolution supporting the location of such project within the boundaries of the affected jurisdiction. The foregoing does not prohibit expenditures for site studies, real estate options, correctional facility design and related expenditures.

v. Except for institutions of higher education governed by Chapters 933 and 943 of the 2006 Acts of Assembly, Chapters 594 and 616 of the 2008 Acts of Assembly, and Chapters 675 and 685 of the 2009 Acts of Assembly, any alternative financing agreement entered into between a state agency or institution of higher education and a private entity or affiliated foundation must be reviewed and approved by the Treasury Board.

w. Prior to requesting authorization for new dormitory capital projects, institutions of higher education shall conduct a cost study to determine whether an alternative financing arrangement or public-private transaction would provide a more effective option for the construction of the proposed facility. This study shall be submitted to the Department of Planning and Budget as part of the budget development process and shall be evaluated by the Governor prior to submitting his proposed budget.

x. Construction or improvement projects of the Department of Military Affairs are not exempt from the capital outlay review process when the state procurement process is utilized, except for those projects with both an estimated cost of \$3,000,000 or less and are 100 percent federally reimbursed. The Department of Military Affairs shall submit by July 30 of each year to the Department of Planning and Budget a list of such projects that were funded pursuant to this exemption in the previous fiscal year and any projects that would be eligible for such funding in future fiscal years.

§ 4-4.02 PLANNING AND BUDGETING

a. It shall be the intent of the General Assembly to make biennial appropriations for a capital improvements program sufficient to address the program needs of the Commonwealth. The capital improvements program shall include maintenance and deferred maintenance of the Commonwealth's existing facilities, and of the facility requirements necessary to deliver the programs of state agencies and institutions.

b. In effecting these policies, the Governor shall establish a capital budget plan to address the renewal and replacement of the Commonwealth's physical plant, using such guidelines as recommended by industry or government to maintain the Commonwealth's investment in its property and plant.

§ 4-5.00 SPECIAL CONDITIONS AND RESTRICTIONS ON EXPENDITURES

§ 4-5.01 TRANSACTIONS WITH INDIVIDUALS

a. **SETTLEMENT OF CLAIMS:** Whenever a dispute, claim or controversy involving the interest of the Commonwealth is settled pursuant to § 2.2-514, Code of Virginia, payment may be made out of any appropriations, designated by the Governor, to the state agency(ies) which is (are) party to the settlement.

b. **STUDENT FINANCIAL ASSISTANCE FOR HIGHER EDUCATION:**

1. General:

a) The appropriations made in this act to state institutions of higher education within the Items for student financial assistance may be expended for any one, all, or any combination of the following purposes: grants to undergraduate students enrolled at least one-half time in a degree, certificate, industry-based certification and related programs that do not qualify for other sources of student financial assistance or diploma program; grants to full-time graduate students; graduate assistantships; grants to students enrolled full-time in a dual or concurrent undergraduate and graduate program. The institutions may also use these appropriations for the purpose of supporting work study programs. The institution is required to transfer to educational and general appropriations all funds used for work study or to pay graduate assistantships. Institutions may also contribute to federal or private student grant aid programs requiring matching funds by the institution, except for programs requiring work. The State Council of Higher Education for Virginia shall annually review each institution's plan for the expenditures of its general fund appropriation for undergraduate student financial assistance prior to the start of the fall term to determine program compliance. The institution's plan shall include the institution's assumptions and calculations for determining the cost of attendance, student financial need, and student remaining need as well as an award schedule or description of how funds are awarded. For the purposes of the proposed plan, each community college shall be considered independently. No limitations shall be placed on the awarding of nongeneral fund appropriations made in this act to state institutions of higher education within the Items for student financial assistance other than those found previously in this paragraph and as follows: (i) funds derived from in-state student tuition will not subsidize out-of-state students, (ii) students receiving these funds must be making satisfactory academic progress, (iii) awards made to students should be based primarily on financial need, and (iv) institutions should make larger grant and scholarship awards to students taking the number of credit hours necessary to complete a degree in a timely manner.

b) All awards made to undergraduate students from such Items shall be for Virginia students only and such awards shall offset all, or portions of, the costs of tuition and required fees, and, in the case of students qualifying under subdivision b 2 c)1) hereof, the cost of

books. All undergraduate financial aid award amounts funded by this appropriation shall be proportionate to the remaining need of individual students, with students with higher levels of remaining need receiving grants before other students. No criteria other than the need of the student shall be used to determine the award amount. Because of the low cost of attendance and recognizing that federal grants provide a much higher portion of cost than at other institutions, a modified approach and minimum award amount for the neediest VGAP student should be implemented for community college and Richard Bland College students based on remaining need and the combination of federal and grant state aid. Student financial need shall be determined by a need-analysis system approved by the Council.

c)1) All need-based awards made to graduate students shall be determined by the use of a need-analysis system approved by the Council.

2) As part of the six-year financial plans required in the provisions of Chapters 933 and 945 of the 2005 Acts of Assembly, each institution of higher education shall report the extent to which tuition and fee revenues are used to support graduate student aid and graduate compensation and how the use of these funds impacts planned increases in student tuition and fees.

d) A student who receives a grant under such Items and who, during a semester, withdraws from the institution which made the award must surrender the unearned portion. The institution shall calculate the unearned portion of the award based on the percentage used for federal Return to Title IV program purposes.

e) An award made under such Items to assist a student in attending an institution's summer session shall be prorated according to the size of comparable awards made in that institution's regular session.

f) The provisions of this act under the heading "Student Financial Assistance for Higher Education" shall not apply to (1) the soil scientist scholarships authorized under § 23.1-615, Code of Virginia and (2) need-based financial aid programs for industry-based certification and related programs that do not qualify for other sources of student financial assistance, which will be subject to guidelines developed by the State Council of Higher Education for Virginia.

g) Unless noted elsewhere in this act, general fund awards shall be named "Commonwealth" grants.

h) Unless otherwise provided by statute, undergraduate awards shall not be made to students seeking a second or additional baccalaureate degree until the financial aid needs of first-degree seeking students are fully met.

2. Grants To Undergraduate Students:

a) Each institution which makes undergraduate grants paid from its appropriation for student financial assistance shall expend such sums as approved for that purpose by the Council.

b) A student receiving an award must be duly admitted and enrolled in a degree, certificate or diploma program at the institution making the award, and shall be making satisfactory academic progress as defined by the institution for the purposes of eligibility under Title IV of the federal Higher Education Act, as amended.

c)1) It is the intent of the General Assembly that students eligible under the Virginia Guaranteed Assistance Program (VGAP) authorized in Title 23.1, Chapter 4.4:2, Code of Virginia, shall receive grants before all other students at the same institution with equivalent remaining need from the appropriations for undergraduate student financial assistance found in Part 1 of this act (service area 1081000 - Scholarships). In each instance, VGAP eligible students shall receive awards greater than other students with equivalent remaining need.

2) The amount of each VGAP grant shall vary according to each student's remaining need and the total of tuition, all required fees and the cost of books at the institution the student will attend upon acceptance for admission. The actual amount of the VGAP award will be determined by the proportionate award schedule adopted by each institution; however, those students with the greatest financial need shall be guaranteed an award at least equal to tuition.

3) It is the intent of the General Assembly that the Virginia Guaranteed Assistance Program serve as an incentive to financially needy students now attending elementary and secondary school in Virginia to raise their expectations and their academic performance and to consider higher education an achievable objective in their futures.

4) Students may not receive a VGAP and a Commonwealth grant in the same semester.

3. Grants To Graduate Students:

a) An individual award may be based on financial need but may, in addition to or instead of, be based on other criteria determined by the institution making the award. The amount of an award shall be determined by the institution making the award; however, the Council shall annually be notified as to the maximum size of a graduate award that is paid from funds in the appropriation.

b) A student receiving a graduate award paid from the appropriation must be duly admitted into a graduate degree program at the institution making the award.

c) Not more than 50 percent of the funds designated by an institution as graduate grants from the appropriation, and approved as such by the Council, shall be awarded to persons not eligible to be classified as Virginia domiciliary resident students except in cases where the persons meet the criteria outlined in § 4-2.01b.6.

4. Matching Funds: Any institution of higher education may, with the approval of the Council, use funds from its appropriation for fellowships and scholarships to provide the institutional contribution to any student financial aid program established by the federal government or private sources which requires the matching of the contribution by institutional funds, except for programs requiring work.

5. Discontinued Loan Program:

a) If any federal student loan program for which the institutional contribution was appropriated by the General Assembly is discontinued, the institutional share of the discontinued loan program shall be repaid to the fund from which the institutional share was derived unless other arrangements for the use of the funds are recommended by the Council and approved by the Department of Planning and Budget. Should the institution be permitted to retain the federal contributions to the program, the funds shall be used according to arrangements authorized by the Council and approved by the Department of Planning and Budget.

b)1) An institution of higher education may discontinue its student loan fund established pursuant to Title 23.1, Chapter 4.01, Code of Virginia. The full amount of cash in such discontinued loan fund shall be paid into the state treasury into a nonrevertible nongeneral fund account. Prior to such payment, the State Comptroller shall verify its accuracy, including the fact that the cash held by the institution in the loan fund will be fully depleted by such payment. The loan fund shall not be reestablished thereafter for that institution.

2) The cash so paid into the state treasury shall be used only for grants to undergraduate and graduate students in the Higher Education Student Financial Assistance program according to arrangements authorized by the Council and approved by the Department of Planning and Budget.

3) Payments on principal and interest of any promissory notes held by the discontinued loan fund shall continue to be received by the institution, which shall deposit such payments in the state treasury to the nonrevertible nongeneral fund account specified in subdivision (1) preceding, to be used for grants as specified in subdivision (2) preceding.

6. Reporting: The Council shall collect student-specific information for undergraduate students as is necessary for the operation of the Student Financial Assistance Program. The Council shall maintain regulations governing the operation of the Student Financial Assistance Program based on the provisions outlined in this section, the Code of Virginia, and State Council policy.

C. PAYMENTS TO CITIZEN MEMBERS OF NONLEGISLATIVE BODIES:

Notwithstanding any other provision of law, executive branch agencies shall not pay compensation to citizen members of boards, commissions, authorities, councils, or other bodies from any fund for the performance of such members' duties in the work of the board, commission, authority, council, or other body.

d. VIRGINIA BIRTH-RELATED NEUROLOGICAL INJURY COMPENSATION PROGRAM

1. Notwithstanding any other provision of law, the Virginia Birth-Related Neurological Injury Compensation Program is authorized to require each admitted claimant's parent or legal guardian to purchase private health insurance (the "primary payer") to provide coverage for the actual medically necessary and reasonable expenses as described in Virginia Code § 38.2-5009(A)(1) that were, or are, incurred as a result of the admitted claimant's birth-related neurological injury and for the admitted claimant's benefit. Provided, however, that the Program shall reimburse, upon receipt of proof of payment, solely the portion of the premiums that is attributable to the admitted claimant's post-admission coverage from the effective date of this provision forward and paid for by the admitted claimant's parent or legal guardian.

2. The State Corporation Commission shall develop a report containing options and recommendations for improving the actuarial soundness of financing for the Virginia Birth-Related Neurological Injury Compensation Program. The report shall be presented to the Governor and Chairmen of the House Appropriations and Senate Finance Committees no later than November 1, 2017.

§ 4-5.02 THIRD PARTY TRANSACTIONS

a. EMPLOYMENT OF ATTORNEYS:

1.a) All attorneys authorized by this act to be employed by any state agency and all attorneys compensated out of any moneys appropriated in this session of the General Assembly shall be appointed by the Attorney General and be in all respects subject to the provisions of Title 2.2, Chapter 5, Code of Virginia, to the extent not to conflict with Title 12.1, Chapter 4, Code of Virginia; provided, however, that if the Governor certifies the need for independent legal counsel for any Executive Department agency, such agency shall be free to act independently of the Office of the Attorney General in regard to selection, and provided, further, that compensation of such independent legal counsel shall be paid from the moneys appropriated to such Executive Department agency or from the moneys appropriated to the Office of the Attorney General.

b) For purposes of this act, "attorney" shall be defined as an employee or contractor who represents an agency before a court, board or agency of the Commonwealth of Virginia or political subdivision thereof. This term shall not include members of the bar employed by an agency who perform in a capacity that does not require a license to practice law, including but not limited to, instructing, managing, supervising or performing normal or customary duties of that agency.

2. This section does not apply to attorneys employed by state agencies in the Legislative Department, Judicial Department or Independent Agencies.

3. Reporting on employment of attorneys shall be in accordance with § 4-8.00, Reporting Requirements.

4. Notwithstanding § 2.2-510.1 of the Code of Virginia and any other conflicting provision of law, the Virginia Retirement System may enter into agreements to seek i) recovery of investment losses in foreign jurisdictions, and ii) legal advice related to its investments. Any such agreements shall be reported to the Office of the Attorney General as soon as practicable.

b. STUDIES AND CONSULTATIVE SERVICES REQUIRED BY GENERAL ASSEMBLY: No expenditure for payments on third party nongovernmental contracts for studies or consultative services shall be made out of any appropriation to the General Assembly or to any study group created by the General Assembly, nor shall any such expenditure for third party nongovernmental contracts be made by any Executive Department agency in response to a legislative request for a study, without the prior approval of two of the following persons: the Chairman of the House Appropriations Committee; the Chairman of the Senate Finance Committee; the Speaker of the House of Delegates; the President pro tempore of the Senate. All such expenditures shall be made only in accordance with the terms of a written contract approved as to form by the Attorney General.

c. USE OF CONSULTING SERVICES: All state agencies and institutions of higher education shall make a determination of "return on investment" as part of the criteria for awarding contracts for consulting services.

d. DEBT COLLECTION SERVICES:

1. Notwithstanding any provision of the Code of Virginia or this act to the contrary, the Virginia Commonwealth University Health System Authority shall have the option to participate in the Office of the Attorney General's debt collection process. Should the Authority choose not to participate, the Authority shall have the authority to collect its accounts receivable by engaging private collection agents and attorneys to pursue collection actions, and to independently compromise, settle, and discharge accounts receivable claims.

2. Notwithstanding any provision of the Code of Virginia or this act to the contrary, the University of Virginia Medical Center shall have the authority to collect its accounts receivable by engaging private collection agents and attorneys to pursue collection actions, and to independently compromise, settle, and discharge accounts receivable claims, provided that the University of Virginia demonstrates to the Secretary of Finance that debt collection by an agent other than the Office of the Attorney General is anticipated to be more cost effective. Nothing in this paragraph is intended to limit the ability of the University of Virginia Medical Center from voluntarily contracting with the Office of the Attorney General's Division of Debt Collection in cases where the Center would benefit from the expertise of legal counsel and collection services offered by the Office of the Attorney General.

3. Notwithstanding any provision of the Code of Virginia or this act to the contrary, the Department of Taxation shall be exempt from participating in the debt collection process of the Office of the Attorney General.

§ 4-5.03 SERVICES AND CLIENTS

a. CHANGED COST FACTORS:

1. No state agency, or its governing body, shall alter factors (e.g., qualification level for receipt of payment or service) which may increase the number of eligible recipients for its authorized services or payments, or alter factors which may increase the unit cost of benefit payments within its authorized services, unless the General Assembly has made an appropriation for the cost of such change.

2. Notwithstanding any other provision of law, the Department of Planning and Budget, with assistance from agencies that operate internal service funds as requested, shall establish policies and procedures for annually reviewing and approving internal service fund overhead surcharge rates and working capital reserves.

3. By September 1 each year, state agencies that operate an internal service fund, pursuant to §§ 2.2-803, 2.2-1101, and 2.2-2013, Code of Virginia, that have an impact on agency expenditures, shall submit a report to the Department of Planning and Budget and the Joint Legislative Audit and Review Commission to include all information as required by the Department of Planning and Budget to conduct a thorough review of overhead surcharge rates, revenues, expenditures, full-time positions, and working capital reserves for each internal service fund. The report shall include any proposed modifications in rates to be charged by internal service funds for review and approval by the Department of Planning and Budget. In its review, the Department of Planning and Budget shall determine whether the requested rate modifications are consistent with budget assumptions. The format by which agencies submit the operating plan for each internal service fund shall be determined by the

Department of Planning and Budget with assistance from agencies that operate internal service funds as requested.

4. State agencies that operate internal service funds may not change a billable overhead surcharge rate to another state agency unless the resulting change is provided in the final General Assembly enacted budget.

5. State agencies that operate more than one internal service fund shall comply with the review and approval requirements detailed in this Item for each internal service fund.

6. As determined by the Director, Department of Planning and Budget, state agencies that operate select programs where an agency provides a service to and bills other agencies shall be subject to the annual review of the agency's internal service funds consistent with the provisions of this Item, unless such payment for services is pursuant to a memorandum of understanding authorized by § 4-1.03 a. 7 of this act.

7. The Governor is authorized to change internal service fund overhead surcharge rates, including the creation of new rates, beyond the rates enacted in the budget in the event of an emergency or to implement actions approved by the General Assembly, upon prior notice to the Chairmen of the House Appropriations and Senate Finance Committees. Such prior notice shall be no less than five days prior to enactment of a revised or new rate and shall include the basis of the rate change and the impact on state agencies.

8. Notwithstanding any other provision of law, the Commonwealth's statewide electronic procurement system and program known as eVA shall have all rates and working capital reserves reviewed and approved by the Department of Planning and Budget consistent with the provisions of this Item.

9. State agencies that are partially or fully funded with nongeneral funds and are billed for services provided by another state agency shall pay the nongeneral fund cost for the service from the agency's applicable nongeneral fund revenue source consistent with an appropriation proration of such expenses.

b. NEW SERVICES:

1. No state agency shall begin any new service that will call for future additional property, plant or equipment or that will require an increase in subsequent general or nongeneral fund operating expenses without first obtaining the authorization of the General Assembly.

2. Pursuant to the policies and procedures of the State Council of Higher Education regarding approval of academic programs and the concomitant enrollment, no state institution of higher education shall operate any academic program with funds in this act unless approved by the Council and included in the Executive Budget, or approved by the General Assembly. The Council may grant exemptions to this policy in exceptional circumstances.

3. a) The General Assembly is supportive of the increasing commitment by both Virginia Tech and the Carilion Clinic to the success of the programs at the Virginia Tech/Carilion School of Medicine and the Virginia Tech/Carilion Research Institute, and encourages these two institutions to pursue further developments in their partnership. Therefore, notwithstanding § 4-5.03 c. of the Appropriation Act, if through the efforts of these institutions to further strengthen the partnership, Virginia Tech acquires the Virginia Tech Carilion School of Medicine during the current biennium, the General Assembly approves the creation and establishment of the Virginia Tech/Carilion School of Medicine within the institution notwithstanding § 23.1-203 Code of Virginia. No additional funds are required to implement establishment of the Virginia Tech/Carilion School of Medicine within the institution.

b) Virginia Tech Carilion School of Medicine is hereby authorized to transfer funds to the Department of Medical Assistance Services to fully fund the state share for Medicaid supplemental payments to the teaching hospital affiliated with the Virginia Tech Carilion School of Medicine. These Medicaid supplemental fee-for-service and/or capitation payments to managed care organizations are for the purpose of securing access to Medicaid hospital services in Western Virginia. The funds to be transferred must comply with 42 CFR 433.51.

4. Reporting on all new services shall be in accordance with § 4-8.00, Reporting Requirements.

c. OFF-CAMPUS SITES OF INSTITUTIONS OF HIGHER EDUCATION:

No moneys appropriated by this act shall be used for off-campus sites unless as provided for in this section.

1. A public college or university seeking to create, establish, or operate an off-campus instructional site, funded directly or indirectly from the general fund or with revenue from tuition and mandatory educational and general fees generated from credit course offerings, shall first refer the matter to the State Council of Higher Education for Virginia for its consideration and approval. The State Council of Higher Education for Virginia may provide institutions with conditional approval to operate the site for up to one year, after which time the college or university must receive approval from the Governor and General Assembly, through legislation or appropriation, to continue operating the site.

2. For the colleges of the Virginia Community College System, the State Board for Community Colleges shall be responsible for approving off-campus locations. Sites governed by this requirement are those at any locations not contiguous to the main campus of the institution, including locations outside Virginia.

3. a) The provisions herein shall not apply to credit offerings on the site of a public or private entity if the offerings are supported entirely with private, local, or federal funds or revenue from tuition and mandatory educational and general fees generated entirely by course offerings at the site.

b) Offerings at previously approved off-campus locations shall also not be subject to these provisions.

c) Further, the provisions herein do not govern the establishment and operations of campus sites with a primary function of carrying out grant and contract research where direct and indirect costs from such research are covered through external funding sources. Such locations may offer limited graduate education as appropriate to support the research mission of the site.

d) Nothing herein shall prohibit an institution from offering non-credit continuing education programs at sites away from the main campus of a college or university.

4. The State Council of Higher Education shall establish guidelines to implement this provision.

d. PERFORMANCE MEASUREMENT

1. In accordance with § 2.2-1501, Code of Virginia, the Department of Planning and Budget shall develop a programmatic budget and accounting structure for all new programs and activities to ensure that it provides the appropriate financial and performance measures to determine if programs achieve desired results and outcomes. The Department of Accounts shall provide assistance as requested by the Department of Planning and Budget. The Department of Planning and Budget shall provide this information each year when the Governor submits the budget in accordance with § 2.2-1509, Code of Virginia, to the Chairmen of the House Appropriations, House Finance, and Senate Finance Committees.

2.a) Within thirty days of the enactment of this act, the Director, Department of Planning and Budget, shall make available via electronic means to the Chairmen of the House Appropriations and Senate Finance Committees and the public a list of the new initiatives for which appropriations are provided in this act.

b) Not later than ninety days after the end of the first year of the biennium, the Director, Department of Planning and Budget, shall make available via electronic means a report on the performance of each new initiative contained in the list, to be submitted to the Chairmen of the House Appropriations and Senate Finance Committees and the public. The report shall compare the actual results, including expenditures, of the initiative with the anticipated results and the appropriation for the initiative. This information shall be used to determine whether the initiative should be extended beyond the beginning period. In the preparation of this report, all state agencies shall provide assistance as requested by the Department of Planning and Budget.

§ 4-5.04 GOODS AND SERVICES

a. STUDENT ATTENDANCE AT INSTITUTIONS OF HIGHER EDUCATION:

1. Public Information Encouraged: Each public institution of higher education is expected and encouraged to provide prospective students with accurate and objective information about its programs and services. The institution may use public funds under the control of the institution's Board of Visitors for the development, preparation and dissemination of factual information about the following subjects: academic programs; special programs for minorities; dates, times and procedures for registration; dates and times of course offerings; admission requirements; financial aid; tuition and fee schedules; and other information normally distributed through the college catalog. This information may be presented in any and all media, such as newspapers, magazines, television or radio where the information may be in the form of news, public service announcements or advertisements. Other forms of acceptable presentation would include brochures, pamphlets, posters, notices, bulletins, official catalogs, flyers available at public places and formal or informal meetings with prospective students.

2. Excessive Promotion Prohibited: Each public institution of higher education is prohibited from using public funds under the control of the institution's Board of Visitors for the development, preparation, dissemination or presentation of any material intended or designed to induce students to attend by exaggerating or extolling the institution's virtues, faculty, students, facilities or programs through the use of hyperbole. Artwork and photographs which exaggerate or extol rather than supplement or complement permissible information are prohibited. Mass mailings are generally prohibited; however, either mass mailings or newspaper inserts, but not both, may be used if other methods of distributing permissible information are not economically feasible in the institution's local service area.

3. Remedial Education: Senior institutions of higher education shall make arrangements with community colleges for the remediation of students accepted for admission by the senior institutions.

4. Compliance: The president or chancellor of each institution of higher education is responsible for the institution's compliance with this subsection.

b. INFORMATION TECHNOLOGY FACILITIES AND SERVICES:

1.a) The Virginia Information Technologies Agency shall procure information technology and telecommunications goods and

services of every description for its own benefit or on behalf of other state agencies and institutions, or authorize other state agencies or institutions to undertake such procurements on their own.

b) Except for research projects, research initiatives, or instructional programs at public institutions of higher education, or any non-major information technology project request from the Virginia Community College System, Longwood University, or from an institution of higher education which is a member of the Virginia Association of State Colleges and University Purchasing Professionals (VASCUPP) as of July 1, 2003, or any procurement of information technology and telecommunications goods and services by public institutions of higher education governed by some combination of Chapters 933 and 945 of the 2005 Acts of Assembly, Chapters 933 and 943 of the 2006 Acts of Assembly, Chapters 594 and 616 of the 2008 Acts of Assembly, Chapters 824 and 829 of the 2008 Acts of Assembly, and Chapters 675 and 685 of the 2009 Acts of Assembly, requests for authorization from state agencies and institutions to procure information technology and telecommunications goods and services on their own behalf shall be made in writing to the Chief Information Officer or his designee. Members of VASCUPP as of July 1, 2003, are hereby recognized as: The College of William and Mary, George Mason University, James Madison University, Old Dominion University, Radford University, Virginia Commonwealth University, Virginia Military Institute, Virginia Polytechnic Institute and State University, and the University of Virginia.

c) The Chief Information Officer or his designee may grant the authorization upon a written determination that the request conforms to the statewide information technology plan and the individual information technology plan of the requesting agency or institution.

d) Any procurement authorized by the Chief Information Officer or his designee for information technology and telecommunications goods and services, including geographic information systems, shall be issued by the requesting state agency or institution in accordance with the regulations, policies, procedures, standards, and guidelines of the Virginia Information Technologies Agency.

e) Nothing in this subsection shall prevent public institutions of higher education or the Virginia Community College System from using the services of Network Virginia.

f) To ensure that the Commonwealth's research universities maintain a competitive position with access to the national optical research network infrastructure including the National LambdaRail and Internet2, the Network Virginia Contract Administrator is hereby authorized to renegotiate the term of the existing contracts. Additionally, the contract administrator is authorized to competitively negotiate additional agreements in accordance with the Code of Virginia and all applicable regulations, as required, to establish and maintain research network infrastructure.

2. If the billing rates and associated systems for computer, telecommunications and systems development services to state agencies are altered, the Director, Department of Planning and Budget, may transfer appropriations from the general fund between programs affected. These transfers are limited to actions needed to adjust for overfunding or underfunding the program appropriations affected by the altered billing systems.

3. The provisions of this subsection shall not in any way affect the duties and responsibilities of the State Comptroller under the provisions of § 2.2-803, Code of Virginia.

4. It is the intent of the General Assembly that information technology (IT) systems, products, data, and service costs, including geographic information systems (GIS), be contained through the shared use of existing or planned equipment, data, or services which may be available or soon made available for use by state agencies, institutions, authorities, and other public bodies. State agencies, institutions, and authorities shall cooperate with the Virginia Information Technologies Agency in identifying the development and operational requirements for proposed IT and GIS systems, products, data, and services, including the proposed use, functionality, capacity and the total cost of acquisition, operation and maintenance.

5. This section shall not apply to public institutions of higher education governed by some combination of Chapters 933 and 945 of the 2005 Acts of Assembly, Chapters 933 and 943 of the 2006 Acts of Assembly or Chapters 594 and 616 of the 2008 Acts of Assembly, Chapters 824 and 829 of the 2008 Acts of Assembly and Chapters 675 and 685 of the 2009 Acts of Assembly, or to the Virginia Alcoholic Beverage Control Authority.

6. Notwithstanding any other provision of law, state agencies that do not receive computer services from the Virginia Information Technologies Agency may develop their own policies and procedures governing the sale of surplus computers and laptops to their employees or officials. Any proceeds from the sale of surplus computers or laptops shall be deposited into the appropriate fund or funds used to purchase the equipment.

c. MOTOR VEHICLES AND AIRCRAFT:

1. No motor vehicles shall be purchased or leased with public funds by the state or any officer or employee on behalf of the state without the prior written approval of the Director, Department of General Services.

2. The institutions of higher education and the Alcoholic Beverage Control Authority shall be exempt from this provision but shall be required to report their entire inventory of purchased and leased vehicles including the cost of such to the Director of the Department of General Services by June 30 of each year. The Director of the Department of General Services shall compare the cost of vehicles acquired by institutions of higher education and the Authority to like vehicles under the state contract. If the comparison

demonstrates for a given institution or the Authority that the cost to the Commonwealth is greater for like vehicles than would be the case based on a contract of statewide applicability, the Governor or his designee may suspend the exemption granted to the institution or the Authority pursuant to this subparagraph c.

3. The Director, Department of General Services, is hereby authorized to transfer surplus motor vehicles among the state agencies, and determine the value of such surplus equipment for the purpose of maintaining the financial accounts of the state agencies affected by such transfers.

d. MOTION PICTURE, TELEVISION AND RADIO SERVICES PRODUCTION: Except for public institutions of higher education governed by Chapters 933 and 943 of the 2006 Acts of Assembly, no state Executive Department agency or the Virginia Lottery Department shall expend any public funds for the production of motion picture films or of programs for television transmission, or for the operation of television or radio transmission facilities, without the prior written approval of the Governor or as otherwise provided in this act, except for educational television programs produced for elementary-secondary education by authority of the Virginia Information Technologies Agency. The Joint Subcommittee on Rules is authorized to provide the approval of such expenditures for legislative agencies. For judicial agencies and independent agencies, other than the Virginia Lottery Department, prior approval action rests with the supervisory bodies of these entities. With respect to television programs which are so approved and other programs which are otherwise authorized or are not produced for television transmission, state agencies may enter into contracts without competitive sealed bidding, or competitive negotiation, for program production and transmission services which are performed by public telecommunications entities, as defined in § 2.2-2006, Code of Virginia.

e. TRAVEL: Reimbursement for the cost of travel on official business of the state government is authorized to be paid pursuant to law and regulations issued by the State Comptroller to implement such law. Notwithstanding any contrary provisions of law:

1. For the use of personal automobiles in the discharge of official duties outside the continental limits of the United States, the State Comptroller may authorize an allowance not exceeding the actual cost of operation of such automobiles;

2. The first 15,000 miles of use during each fiscal year of personal automobiles in the discharge of official duties within the continental limits of the United States shall be reimbursed at an amount equal to the most recent business standard mileage rate as established by the Internal Revenue Service for employees or self-employed individuals to use in computing their income tax deductible costs for operating passenger vehicles owned or leased by them for business purposes, or in the instance of a state employee, at the lesser of (a) the IRS rate or (b) the lowest combined capital and operational trip pool rate charged by the Department of General Services, Office of Fleet Management Services (OFMS), posted on the OFMS website at time of travel, for the use of a compact state-owned vehicle. If the head of the state agency concerned certifies that a state-owned vehicle was not available, or if, according to regulations issued by the State Comptroller, the use of a personal automobile in lieu of a state-owned automobile is considered to be an advantage to the state, the reimbursement shall be at the rate of the IRS rate. For such use in excess of 15,000 miles in each fiscal year, the reimbursement shall be at a rate of 13.0 cents per mile, unless a state-owned vehicle is not available; then the rate shall be the IRS rate;

3. The State Comptroller may authorize exemptions to restrictions upon use of common carrier accommodations;

4. The State Comptroller may authorize reimbursement by per diem in lieu of actual costs of meals and any other expense category deemed necessary for the efficient and effective operation of state government;

5. State employees traveling on official business of state government shall be reimbursed for their travel costs using the same bank account authorized by the employee in which their net pay is direct deposited; and

6. This section shall not apply to members and employees of public school boards.

f. SMALL PURCHASE CHARGE CARD, ELECTRONIC DATA INTERCHANGE, DIRECT DEPOSIT, AND PAYLINE OPT OUT: The State Comptroller is hereby authorized to charge state agencies a fee of \$5 per check or earnings notice when, in his judgment, agencies have failed to comply with the Commonwealth's electronic commerce initiatives to reduce unnecessary administrative costs for the printing and mailing of state checks and earning notices. The fee shall be collected by the Department of Accounts through accounting entries.

g. PURCHASES OF APPLIANCES AND EQUIPMENT: State agencies and institutions shall purchase Energy Star rated appliances and equipment in all cases where such appliances and equipment are available.

h. ELECTRONIC PAYMENTS: Any recipient of payments from the State Treasury who receives six or more payments per year issued by the State Treasurer shall receive such payments electronically. The State Treasurer shall decide the appropriate method of electronic payment and, through his warrant issuance authority, the State Comptroller shall enforce the provisions of this section. The State Comptroller is authorized to grant administrative relief to this requirement when circumstances justify non-electronic payment.

i. LOCAL AND NON-STATE SAVINGS AND EFFICIENCIES: It is the intent of the General Assembly that State agencies shall encourage and assist local governments, school divisions, and other non-state governmental entities in their efforts to

achieve cost savings and efficiencies in the provision of mandated functions and services including but not limited to finance, procurement, social services programs, and facilities management.

j. TELECOMMUNICATION SERVICES AND DEVICES:

1. The Chief Information Officer and the State Comptroller shall develop statewide requirements for the use of cellular telephones and other telecommunication devices by in-scope Executive Department agencies, addressing the assignment, evaluation of need, safeguarding, monitoring, and usage of these telecommunication devices. The requirements shall include an acceptable use agreement template clearly defining an employee's responsibility when they receive and use a telecommunication device. Statewide requirements shall require some form of identification on a device in case it is lost or stolen and procedures to wipe the device clean of all sensitive information when it is no longer in use.

2. In-scope Executive Department agencies providing employees with telecommunication devices shall develop agency-specific policies, incorporating the guidance provided in § 4-5.04 k. 1. of this act and shall maintain a cost justification for the assignment or a public health, welfare and safety need.

3. The Chief Information Officer shall determine the optimal number of telecommunication vendors and plans necessary to meet the needs of in-scope Executive Department agency personnel. The Chief Information Officer shall regularly procure these services and provide statewide contracts for use by all such agencies. These contracts shall require the vendors to provide detailed usage information in a useable electronic format to enable the in-scope agencies to properly monitor usage to make informed purchasing decisions and minimize costs.

4. The Chief Information Officer shall examine the feasibility of providing tools for in-scope Executive Department agencies to analyze usage and cost data to assist in determining the most cost effective plan combinations for the entity as a whole and individual users.

k. ALTERNATIVE PROCUREMENT: If any payment is declared unconstitutional for any reason or if the Attorney General finds in a formal, written, legal opinion that a payment is unconstitutional, in circumstances where a good or service can constitutionally be the subject of a purchase, the administering agency of such payment is authorized to use the affected appropriation to procure, by means of the Commonwealth's Procurement Act, goods and services, which are similar to those sought by such payment in order to accomplish the original legislative intent.

l. MEDICAL SERVICES: No expenditures from general or nongeneral fund sources may be made out of any appropriation by the General Assembly for providing abortion services, except otherwise as required by federal law or state statute.

m. BODY-WORN CAMERAS: No expenditures from general or nongeneral fund sources may be made by any state agency or authority for the purchase or implementation of body-worn cameras or body-worn camera systems.

b) The agency must be open to the public or otherwise engaged in activity of public interest, with expenditures having actually been incurred for its operation.

3. No allotment of appropriations shall be made to a nonstate agency until such agency has certified to the Secretary of Finance that cash or in-kind contributions are on hand and available to match equally all or any part of an appropriation which may be provided by the General Assembly, unless the organization is specifically exempted from this requirement by language in this act. Such matching funds shall not have been previously used to meet the match requirement in any prior appropriation act.

4. Operating appropriations for nonstate agencies equal to or in excess of \$150,000 shall be disbursed to nonstate agencies in twelve or fewer equal monthly installments depending on when the first payment is made within the fiscal year. Operating appropriations for nonstate agencies of less than \$150,000 shall be disbursed in one payment once the nonstate agency has successfully met applicable match and application requirements.

5. The provisions of § 2.2-4343 A 14, Code of Virginia shall apply to any expenditure of state appropriations by a nonstate agency.

c.1. Each interstate compact commission and each organization in which the Commonwealth of Virginia or a state agency thereof holds membership, and the dues for which are provided in this act or any other appropriating act, shall submit its biennial budget request to the state agency under which such commission or organization is listed in this act. The state agency shall include the

request of such commission or organization within its own request, but identified separately. Requests by the commission or organization for disbursements from appropriations shall be submitted to the designated state agency.

2. Each state agency shall submit by November 1 each year, a report to the Director, Department of Planning and Budget, listing the name and purpose for organizational memberships held by that agency with annual dues of \$5,000 or more. The institutions of higher education shall be exempt from this reporting requirement.

§ 4-5.06 DELEGATION OF AUTHORITY

c. Institutions wishing to participate in a nongeneral fund capital outlay decentralization program for the first time shall submit a letter of interest to the appropriate Cabinet Secretary. Within 90 calendar days of the receipt of the institution's request to participate, the responsible Cabinet Secretary shall determine whether the institution meets the eligibility criteria and, if appropriate, establish a decentralization program at the institution. The Cabinet Secretary shall report to the Governor and Chairmen of the Senate Finance and House Appropriations Committees by December 1 of each year all institutions that have applied for inclusion in a decentralization program and whether the institutions have been granted authority to participate in the decentralization program.

Notwithstanding these provisions, those projects shall be insured through the state's risk management liability program.

e. If during an independent audit conducted by the Auditor of Public Accounts, the audit discloses that an institution is not performing within the terms of the memoranda of understanding or their addenda, the Auditor shall report this information to the Governor, the responsible Cabinet Secretary, and the Chairmen of the Senate Finance and House Appropriations Committees.

f. Institutions that have executed memoranda of understanding with the Secretary of Administration for nongeneral fund capital outlay decentralization programs are hereby granted a waiver from the provisions of § 2.2-4301, Competitive Negotiation, subdivision 3a, Code of Virginia, regarding the not to exceed amount of \$100,000 for a single project, the not to exceed sum of \$500,000 for all projects performed, and the option to renew for two additional one-year terms.

4. Notwithstanding § 4-6.01.c.2.b)1) of this Act, the Board of Commissioners of the Virginia Port Authority may supplement the salary of its Executive Director, with the prior approval of the Governor. The Board should be guided by criteria which provide a reasonable limit on the total additional income of the Executive Director. 7 e. 1. Salaries for newly employed or promoted employees shall be established consistent with the compensation and classification
8 plans established by the Governor.

9 2. The State Comptroller is hereby authorized to require payment of wages or salaries to state employees by direct deposit or by
10 credit to a prepaid debit card or card account from which the employee is able to withdraw or transfer funds.

11 f. The provisions of this section, requiring prior written approval of the Governor relative to compensation, shall apply also to any
12 system of incentive award payments which may be adopted and implemented by the Governor. The cost of implementing any such
13 system shall be paid from any funds appropriated to the affected agencies.

14 g. No lump sum appropriation for personal service shall be regarded as advisory or suggestive of individual salary rates or of salary
15 schedules to be fixed under law by the Governor payable from the lump sum appropriation.

16 h. Subject to approval by the Governor of a plan for a statewide employee meritorious service awards program, as provided for in §
17 [2.2-1201](#), Code of Virginia, the costs for such awards shall be paid from any operating funds appropriated to the affected agencies.

18 i. The General Assembly hereby affirms and ratifies the Governor's existing authority and the established practice of this body to
19 provide for pay differentials or to supplement base rates of pay for employees in specific job classifications in particular geographic
20 and/or functional areas where, in the Governor's discretion, they are needed for the purpose of maintaining salaries which enable the
21 Commonwealth to maintain a competitive position in the relevant labor market.

22 j.1. If at any time the Administrator of the Commonwealth's Attorneys' Services Council serves on the faculty of a state-supported
23 institution of higher education, the faculty appointment must be approved by the Council. Such institution shall pay one-half of the
24 salary listed in § 4-6.01 c 6 of this act. Further, such institution may provide compensation in addition to that listed in § 4-6.01 c 6;
25 provided, however, that such additional compensation must be approved by the Council.

26 2. If the Administrator ceases to be a member of the faculty of a state-supported institution of higher education, the total salary listed
27 in § 4-6.01 c 6 shall be paid from the Council's appropriation.

28 k.1.a. Except as otherwise provided for in this subdivision, any increases in the salary band assignment of any job role contained in
29 the compensation and classification plans approved by the Governor shall be effective beginning with the first pay period, defined as
30 the pay period from June 25 through July 9, of the fiscal year if: (1) the agency certifies to the Secretary of Finance that funds are
31 available within the agency's appropriation to cover the cost of the increase for the remainder of the current biennium and presents a
32 plan for covering the costs next biennium and the Secretary concurs, or (2) such funds are appropriated by the General Assembly. If
33 at any time the Secretary of Administration shall certify that such change in the salary band assignment for a job role is of an
34 emergency nature and the Secretary of Finance shall certify that funds are available to cover the cost of the increase for the
35 remainder of the biennium within the agency's appropriation, such change in compensation may be effective on a date agreed upon
36 by these two Secretaries. The Secretary of Administration shall provide a monthly report of all such emergency changes in
37 accordance with § 4-8.00, Reporting Requirements.

38 b. Notwithstanding any other provision of law, state employees will be paid on the first workday of July for the work period June 10
39 to June 24 in any calendar year in which July 1 falls on a weekend.

40 2. Salary adjustments for any employee through a promotion, role change, exceptional recruitment and retention incentive options,
41 or in-range adjustment shall occur only if: a) the agency has sufficient funds within its appropriation to cover the cost of the salary
42 adjustment for the remainder of the current biennium or b) such funds are appropriated by the General Assembly.

43 3. No changes in salary band assignments affecting classified employees of more than one agency shall become effective unless the
44 Secretary of Finance certifies that sufficient funds are available to provide such increase or plan to all affected employees supported
45 from the general fund.

46 1. Full-time employees of the Commonwealth, including faculty members of state institutions of higher education, who are appointed
47 to a state-level board, council, commission or similar collegial body shall not receive any such compensation for their services as
48 members or chairmen except for reimbursement of reasonable and necessary expenses. The foregoing provision shall likewise apply
49 to the Compensation Board, pursuant to § [15.2-1636.5](#), Code of Virginia.

m.1. Notwithstanding any other provision of law, the board of visitors or other governing body of any public institution of higher education is authorized to establish age and service eligibility criteria for faculty participating in voluntary early retirement incentive plans for their respective institutions pursuant to § 23.1-1302 B and the cash payment offered under such compensation plans pursuant to § 23.1-1302 D, Code of Virginia. Notwithstanding the limitations in § 23.1-1302 D, the total cost in any fiscal year for any such compensation plan, shall be set forth by the governing body in the compensation plan for approval by the Governor and review for legal sufficiency by the Office of the Attorney General.

2. Notwithstanding any other provision of law, employees holding full-time, academic-year classified positions at public institutions of higher education shall be considered "state employees" as defined in § 51.1-124.3, Code of Virginia, and shall be considered for medical/hospitalization, retirement service credit, and other benefits on the same basis as those individuals appointed to full-time, 12-month classified positions.

n. Notwithstanding the Department of Human Resource Management Policies and Procedures, payment to employees with five or more years of continuous service who either terminate or retire from service shall be paid in one sum for twenty-five percent of their sick leave balance, provided, however, that the total amount paid for sick leave shall not exceed \$5,000 and the remaining seventy-five percent of their sick leave shall lapse. This provision shall not apply to employees who are covered by the Virginia Sickness and Disability Program as defined in § 51.1-1100, Code of Virginia. Such employees shall not be paid for their sick leave balances. However, they will be paid, if eligible as described above, for any disability leave credits they have at separation or retirement or may convert disability credits to service credit under the Virginia Retirement System pursuant to § 51.1-1103 (F), Code of Virginia.

o. It is the intent of the General Assembly that calculation of the faculty salary benchmark goal for the Virginia Community College System shall be done in a manner consistent with that used for four-year institutions, taking into consideration the number of faculty at each of the community colleges. In addition, calculation of the salary target shall reflect an eight percent salary differential in a manner consistent with other public four-year institutions and for faculty at Northern Virginia Community College.

p. Any public institution of higher education that has met the eligibility criteria set out in Chapters 933 and 945 of the 2005 Acts of Assembly may supplement annual salaries for classified employees from private gifts, endowment funds, or income from endowments and gifts, subject to policies approved by the board of visitors. The Commonwealth shall have no general fund obligations for the continuation of such salary supplements.

q. The Governor, or any other appropriate Board or Public Body, is authorized to adjust the salaries of employees specified in this item, and other items in the Act, to reflect the compensation adjustments authorized in this Act.

r. Any public institution of higher education shall not provide general fund monies above \$100,000 for any individual athletic coaching salaries after July 1, 2013. Athletic coaching salaries with general fund monies above this amount shall be phased-down over a five-year period at 20 percent per year until reaching the cap of \$100,000.

§ 4-6.02 EMPLOYEE TRAINING AND STUDY

Subject to uniform rules and regulations established by the Governor, the head of any state agency may authorize, from any funds appropriated to such department, institution or other agency in this act or subsequently made available for the purpose, compensation or expenses or both compensation and expenses for employees pursuing approved training courses or academic studies for the purpose of becoming better equipped for their employment in the state service. The rules and regulations shall include reasonable provision for the return of any employee receiving such benefits for a reasonable period of duty, or for reimbursement to the state for expenditures incurred on behalf of the employee should he not return to state service.

§ 4-6.03 EMPLOYEE BENEFITS

a. Any medical/hospitalization benefit program provided for state employees shall include the following provision: any state employee, as defined in § 2.2-2818, Code of Virginia, shall have the option to accept or reject coverage.

b. Except as provided for sworn personnel of the Department of State Police, no payment of, or reimbursement for, the employer paid contribution to the State Police Officers' Retirement System, or any system offering like benefits, shall be made by the Compensation Board of the Commonwealth at a rate greater than the employer rate established for the general classified workforce of the Commonwealth covered under the Virginia Retirement System. Any cost for benefits exceeding such general rate shall be borne by the employee or, in the case of a political subdivision, by the employer.

c. Each agency may, within the funds appropriated by this act, implement a transit and ridesharing incentive program for its employees. With such programs, agencies may reimburse employees for all or a portion of the costs incurred from using public transit, car pools, or van pools. The Secretary of Transportation shall develop guidelines for the implementation of such programs and any agency program must be developed in accordance with such guidelines. The guidelines shall be in accordance with the federal National Energy Policy Act of 1992 (P.L. 102-486), and no program shall provide an incentive that exceeds the actual costs incurred by the employee.

d. Any hospital that serves as the primary medical facility for state employees may be allowed to participate in the State Employee Health Insurance Program pursuant to § 2.2-2818, Code of Virginia, provided that (1) such hospital is not a participating provider in the network, contracted by the Department of Human Resource Management, that serves state employees and (2) such hospital enters into a written agreement with the Department of Human Resource Management as to the rates of reimbursement. The department shall accept the lowest rates offered by the hospital from among the rates charged by the hospital to (1) its largest purchaser of care, (2) any state or federal public program, or (3) any special rate developed by the hospital for the state employee health benefits program which is lower than either of the rates above. If the department and the hospital cannot come to an agreement, the department shall reimburse the hospital at the rates contained in its final offer to the hospital until the dispute is resolved. Any dispute shall be resolved through arbitration or through the procedures established by the Administrative Process Act, as the hospital may decide, without impairment of any residual right to judicial review.

e. Any classified employee of the Commonwealth and any person similarly employed in the legislative, judicial and independent agencies who (i) is compensated on a salaried basis and (ii) works at least twenty hours per week shall be considered a full-time employee for the purposes of participation in the Virginia Retirement System's group life insurance and retirement programs. Any part-time magistrate hired prior to July 1, 1999, shall have the option of participating in the programs under this provision.

f.1. Any member of the Virginia Retirement System who is retired under the provisions of § 51.1-155.1, Code of Virginia who: 1) returns to work in a position that is covered by the provisions of § 51.1-155.1, Code of Virginia after a break of not less than four years, 2) receives no other compensation for service to a public employer than that provided for the position covered by § 51.1-155.1, Code of Virginia during such period of reemployment, 3) retires within one year of commencing such period of reemployment, and 4) retires directly from service at the end of such period of reemployment may either:

a) Revert to the previous retirement benefit received under the provisions of § 51.1-155.1, Code of Virginia, including any annual cost of living adjustments granted thereon. This benefit may be adjusted upward to reflect the effect of such additional months of service and compensation received during the period of reemployment, or

b) Retire under the provisions of Title 51.1 in effect at the termination of his or her period of reemployment, including any purchase of service that may be eligible for purchase under the provisions of § 51.1-142.2, Code of Virginia.

2. The Virginia Retirement System shall establish procedures for verification by the employer of eligibility for the benefits provided for in this paragraph.

g. Notwithstanding any other provision of law, no agency head compensated by funds appropriated in this act may be a member of the Virginia Law Officers' Retirement System created under Title 51.1, Chapter 2.1, Code of Virginia. The provisions of this paragraph are effective on July 1, 2002, and shall not apply to the Chief of the Capitol Police.

h. Full-time employees appointed by the Governor who, except for meeting the minimum service requirements, would be eligible for the provisions of § 51.1-155.1, Code of Virginia, may, upon termination of service, use any severance allowance payment to purchase service to meet, but not exceed, the minimum service requirements of § 51.1-155.1, Code of Virginia. Such service purchase shall be at the rate of 15 percent of the employee's final creditable compensation or average final compensation, whichever is greater, and shall be completed within 90 days of separation of service.

i. When calculating the retirement benefits payable under the Virginia Retirement System (VRS), the State Police Officers' Retirement System (SPORS), the Virginia Law-enforcement Officers' Retirement System (VaLORS), or the Judicial Retirement System (JRS) to any employee of the Commonwealth or its political subdivisions who is called to active duty with the armed forces of the United States, including the United States Coast Guard, the Virginia Retirement System shall:

1) utilize the pre-deployment salary, or the actual salary paid by the Commonwealth or the political subdivision, whichever is higher, when calculating average compensation, and

2) include those months after September 1, 2001 during which the employee was serving on active duty with the armed forces of the United States in the calculation of creditable service.

j. The provisions in § 51.1-144, Code of Virginia, that require a member to contribute five percent of his creditable compensation for each pay period for which he receives compensation on a salary reduction basis, shall not apply to any (i) "state employee," as defined in § 51.1-124.3, Code of Virginia, who is an elected official, or (ii) member of the Judicial Retirement System under Chapter 3 of Title 51.1 (§ 51.1-300 et seq.), who is not a "person who becomes a member on or after July 1, 2010," as defined in § 51.1-124.3, Code of Virginia.

k. Notwithstanding the provisions of subsection G of § 51.1-156, any employee of a school division who completed a period of 24 months of leave of absence without pay during October 2013 and who had previously submitted an application for disability retirement to VRS in 2011 may submit an application for disability retirement under the provisions of § 51.1-156. Such application shall be received by the Virginia Retirement System no later than October 1, 2014. This provision shall not be construed to grant relief in any case for which a court of competent jurisdiction has already rendered a decision, as contemplated by Article II, Section 14 of the Constitution of Virginia.

§ 4-6.04 CHARGES

a. FOOD SERVICES: Except as exempted by the prior written approval of the Director, Department of Human Resource Management, and the provisions of § 2.2-3605, Code of Virginia, state employees shall be charged for meals served in state facilities. Charges for meals will be determined by the agency. Such charges shall be not less than the value of raw food and the cost of direct labor and utilities incidental to preparation and service. Each agency shall maintain records as to the calculation of meal charges and revenues collected. Except where appropriations for operation of the food service are from nongeneral funds, all revenues received from such charges shall be paid directly and promptly into the general fund. The provisions of this paragraph shall not apply to on-duty employees assigned to correctional facilities operated by the Departments of Corrections and Juvenile Justice.

b. HOUSING SERVICES:

1. Each agency will collect a fee from state employees who occupy state-owned or leased housing, subject to guidelines provided by the Director, Department of General Services. Each agency head is responsible for establishing a fee for state-owned or leased housing and for documenting in writing why the rate established was selected. In exceptional circumstances, which shall be documented as being in the best interest of the Commonwealth by the agency requesting an exception, the Director, Department of General Services may waive the requirement for collection of fees.

2. All revenues received from housing fees shall be promptly deposited in the state treasury. For housing for which operating expenses or rent are financed by general fund appropriations, such revenues shall be deposited to the credit of the general fund. For housing for which operating expenses or rent are financed by nongeneral fund appropriations, such revenues shall be deposited to the credit of the nongeneral fund. Agencies which provide housing for which operating expenses or rent are financed from both general fund and nongeneral fund appropriations shall allocate such revenues, when deposited in the state treasury, to the appropriate fund sources in the same proportion as the appropriations. However, without exception, any portion of a housing fee attributable to depreciation for housing which was constructed with general fund appropriations shall be paid into the general fund.

c. PARKING SERVICES:

1. State-owned parking facilities

Agencies with parking space for employees in state-owned facilities shall, when required by the Director, Department of General Services, charge employees for such space on a basis approved by the Governor. All revenues received from such charges shall be paid directly and promptly into a special fund in the state treasury to be used, as determined by the Governor, for payment of costs for the provision of vehicle parking spaces. Interest shall be added to the fund as earned. -

2. Leased parking facilities in metropolitan Richmond area

Agencies occupying private sector leased or rental space in the metropolitan Richmond area, not including institutions of higher education, shall be required to charge a fee to employees for vehicle parking spaces that are assigned to them or are otherwise available either incidental to the lease or rental agreement or pursuant to a separate lease agreement for private parking space. In such cases, the individual employee parking fee shall not be less than that paid by employees parking in Department of General Services parking facilities at the Seat of Government. The Director, Department of General Services may amend or waive the fee requirement for good cause. Revenues derived from employees paying for parking spaces in leased facilities will be retained by the leasing agency to be used to offset the cost of the lease to which it pertains. Any lease for private parking space must be approved by the Director, Department of General Services.

3. The assignment of Lot P1A of the Department of General Services, Capitol Area Site Plan, to include parking spaces 1 through 37, but excluding spaces 34 and 36, which shall be reserved for the Department of General Services, and the surrounding surfaces around those spaces shall be under the control of the Committee on Joint Rules and administered by the Clerk of the House and the Clerk of the Senate. Any employee permanently assigned to any of these spaces shall be subject to the provisions of paragraph 1 of this item.

4. The assignment of 300 parking spaces in the Department of General Services parking facility to be built at the corner of 9th and Broad Streets in the City of Richmond, shall be under the control of the Committee on Joint Rules and administered by the Clerk of the House and the Clerk of the Senate. Such parking spaces shall be subject to the provisions of paragraph 1 of this item.

§ 4-6.05 SELECTION OF APPLICANTS FOR CLASSIFIED POSITIONS

It is the responsibility of state agency heads to ensure that all provisions outlined in Title 2.2, Chapter 29, Code of Virginia (the Virginia Personnel Act), and executive orders that govern the practice of selecting applicants for classified positions are strictly observed. The Governor's Secretaries shall ensure this provision is faithfully enforced.

§ 4-6.06 POSITIONS GOVERNED BY CHAPTERS 933 AND 943 OF THE 2006 ACTS OF ASSEMBLY

Except as provided in subsection A of § 23.1-1020 of the Code of Virginia, § 4-6.00 shall not apply to public institutions of higher education governed by Chapters 933 and 943 of the 2006 Acts of Assembly, Chapters 594 and 616 of the 2008 Acts of Assembly and Chapters 675 and 685 of the 2009 Acts of Assembly, with regard to their participating covered employees, as that term is defined in those two chapters, except to the extent a specific appropriation or language in this act addresses such an employee.

§ 4-7.00 STATEWIDE PLANS

§ 4-7.01 MANPOWER CONTROL PROGRAM

a.1. The term Position Level is defined as the number of full-time equivalent (FTE) salaried employees assigned to an agency in this act. Except as provided in § 4-7.01 b, the Position Level number stipulated in an agency's appropriation is the upper limit for agency employment which cannot be exceeded during the fiscal year without approval from the Director, Department of Planning and Budget for Executive Department agencies, approval from the Joint Committee on Rules for Legislative Department agencies or approval from the appropriate governing authority for the independent agencies.

2. Any approval granted under this subsection shall be reported in writing to the Chairmen of the House Appropriations Committee and the Senate Finance Committee, the Governor and the Directors of the Department of Planning and Budget and Department of Human Resource Management within ten days of such approval. Approvals for executive department agencies shall be based on threats to life, safety, health, or property, or compliance with judicial orders or federal mandates, to support federal grants or private donations, to administer a program for another agency or to address an immediate increase in workload or responsibility or when to delay approval of increased positions would result in a curtailment of services prior to the next legislative session. Any such position level increases pursuant to this provision may not be approved for more than one year.

b. The Position Levels stipulated for the individual agencies within the Department of Behavioral Health and Developmental Services and the Department of Corrections are for reference only and are subject to changes by the applicable Department, provided that such changes do not result in exceeding the Position Level for that department.

c.1. The Governor shall implement such policies and procedures as are necessary to ensure that the number of employees in the Executive Department, excluding institutions of higher education and the State Council of Higher Education, may be further restricted to the number required for efficient operation of those programs approved by the General Assembly. Such policies and procedures shall include periodic review and analysis of the staffing requirements of all Executive Department agencies by the Department of Planning and Budget with the object of eliminating through attrition positions not necessary for the efficient operation of programs.

2. The institutions of higher education and the State Council of Higher Education are hereby authorized to fill all positions authorized in this act. This provision shall be waived only upon the Governor's official declaration that a fiscal emergency exists requiring a change in the official estimate of general fund revenues available for appropriation.

d.1. Position Levels are for reference only and are not binding on agencies in the legislative department, independent agencies, the Executive Offices other than the offices of the Governor's Secretaries, and the judicial department.

2. Positions assigned to programs supported by internal service funds are for reference only and may fluctuate depending upon workload and funding availability.

3. Positions assigned to sponsored programs, auxiliary enterprises, continuing education, and teaching hospitals in the institutions of higher education are for reference only and may fluctuate depending upon workload and funding availability. Positions assigned to Item Detail 43012, State Health Services Technical Support and Administration, at Virginia Commonwealth University are for reference only and may fluctuate depending upon workload and funding availability.

4. Positions assigned to educational and general programs in the institutions of higher education are for reference only and may fluctuate depending upon workload and funding availability. However, total general fund positions filled by an institution of higher education may not exceed 105 percent of the general fund positions appropriated without prior approval from the Director, Department of Planning and Budget.

5. Positions assigned to Item Details 47001, Job Placement Services; 47002, Unemployment Insurance Services; 47003, Workforce Development Services; and 53402, Economic Information Services, at the Virginia Employment Commission are for reference only and may fluctuate depending upon workload and funding availability. Unless otherwise required by the funding source, after enactment of this act, any new positions hired using this provision shall not be subject to transitional severance benefit provisions of the Workforce Transition Act of 1995, Title 2.2, Chapter 32, Code of Virginia.

e. Prior to implementing any Executive Department hiring freeze, the Governor shall consider the needs of the Commonwealth in regards to the safe and efficient operation of state facilities and performance of essential services to include the exemption of certain positions assigned to agencies and institutions that provide services pertaining to public safety and public health from such hiring freezes.

f.1. Full-time, part-time, wage or contractual state employees assigned to the Governor's Cabinet Secretaries from agencies and institutions under their control for the purpose of carrying out temporary assignments or projects may not be so assigned for a period

exceeding 180 days in any calendar year. The permanent transfer of positions from an agency or institution to the Offices of the Secretaries, or the temporary assignment of agency or institutional employees to the Offices of the Secretaries for periods exceeding 180 days in any calendar year regardless of the separate or discrete nature of the projects, is prohibited without the prior approval of the General Assembly.

2. Not more than three positions in total, as described in subsection 1 hereof, may be assigned at any time to the Office of any Cabinet Secretary, unless specifically approved in writing by the Governor. The Governor shall notify the Chairmen of the House Appropriations and Senate Finance Committees in the case of any such approvals.

g. All state employees, including those in the legislative, judicial, and executive branches and the independent agencies of the Commonwealth, who are not eligible for benefits under a health care plan established and administered by the Department of Human Resource Management (DHRM) pursuant to Va. Code § 2.2-2818, or by an agency administering its own health care plan, may not work more than 29 hours per week on average over a twelve month period. Adjunct faculty at institutions of higher education may not work more than 29 hours per week on average over a twelve month period, including classroom or other instructional time plus additional hours determined by the institution as necessary to perform the adjunct faculty's duties. DHRM shall provide relevant program requirements to agencies and employees, including, but not limited to, information on wage, variable and seasonal employees. All state agencies/employers in all branches of government shall provide information requested by DHRM concerning hours worked by employees as needed to comply with the Affordable Care Act (the "Act") and this provision. State agencies/employers are accountable for compliance with this provision, and are responsible for any costs associated with maintaining compliance with it and for any costs or penalties associated with any violations of the Act or regulations thereunder and any such costs shall be borne by the agency from existing appropriations. The provisions of this paragraph shall not apply to employees of state teaching hospitals that have their own health insurance plan; however, the state teaching hospitals are accountable for compliance with, and are responsible for any costs associated with maintaining compliance with the Act and for any costs or penalties associated with any violations of the Act or regulations thereunder and any such costs shall be borne by the agency from existing appropriations. Subject to approval of the Governor, DHRM shall modify this provision consistent with any updates or changes to federal law and regulations.

Any state agency that is required to return federal grant funding as a result of not fulfilling the specifications of a grant, shall, as soon as practicable but no later than November 1st, report to the Chairmen of the Senate Finance and House Appropriations Committees of such forfeiting of federal grant funding.

§ 4-8.03 LOCAL GOVERNMENTS

a.1. The Auditor of Public Accounts shall establish a workgroup to develop criteria for a preliminary determination that a local government may be in fiscal distress. Such criteria shall be based upon information regularly collected by the Commonwealth or otherwise regularly made public by the local government. This information includes expenditure reports submitted to the Auditor, budget information posted on local government websites, and reports prepared by the Commission on Local Government on revenue fiscal stress. Information provided by the Virginia Retirement System, the Virginia Resources Authority, the Virginia Public Building Authority, and other state and regional authorities concerning late or missed debt service payments shall be shared with the Auditor. Fiscal distress as used in this context shall mean a situation whereby the provision and sustainability of public services is threatened by various administrative and financial shortcomings including but not limited to cash flow issues; inability to pay expenses; revenue shortfalls; deficit spending; structurally imbalanced budgets; billing and revenue collection inadequacies and discrepancies; debt overload; failure to meet obligations to authorities, school divisions, or political subdivisions of the Commonwealth; and/or lack of trained and qualified staff to process administrative and financial transactions. Fiscal distress may be caused by factors internal to the unit of government or external to the unit of government and in various degrees such conditions may or may not be controllable by management, or the local governing body, or its constitutional officers.

2. Based upon the criteria established by the workgroup and using information identified above, the Auditor of Public Accounts shall establish a prioritized early warning system. Under the prioritized early warning system, the Auditor of Public Accounts shall establish a regular process whereby it reviews data on at least an annual basis to make a preliminary determination that a local government is in fiscal distress.

3. For local governments where the Auditor of Public Accounts has made a preliminary determination of fiscal distress based upon the early warning system criteria, the Auditor of Public Accounts shall notify the local governing body of its preliminary determination that it may meet the criteria for fiscal distress. Based upon the request of the local governing body or chief executive officer, the Auditor of Public Accounts may conduct a review and request documents and data from the local government. Such review shall consider factors including, but not limited to, budget processes, debt, borrowing, expenses and payables, revenues and receivables, and other areas including staffing, and the identification of external variables contributing to a locality's financial position, and if so, the scope of the issues involved. Any local governing body that receives requests for information from the Auditor of Public Accounts pursuant to such preliminary determination based on the above described threshold levels shall acknowledge receipt of such a request and shall ensure that a response is provided within the time frames specified by the Auditor of Public Accounts. After such review, if the Auditor of Public Accounts is of the opinion that state assistance, oversight, or targeted intervention is needed, either to further assess, help stabilize, or remediate the situation, the Auditor shall notify the Governor and the Chairmen of the House Appropriations and Senate Finance Committees, and the governing body of the local government in writing outlining specific issues or actions that need to be addressed by state intervention.

4. The notification issued by the Auditor of Public Accounts pursuant to paragraph 3 above shall satisfy the notification requirement necessary to effectuate the provisions of this act in paragraph b.3 below.

b.1. The Director of the Department of Planning and Budget shall identify any amounts remaining unexpended from general fund appropriations in this Act as of June 30 of each year, which constitute state aid to local governments. The Director shall provide a listing of such amounts designated by item number and by program on or before August 15 of each year, to the Governor and the Chairmen of the House Appropriations Committee and the Senate Finance Committee.

2. From such unexpended balances identified by the Director of the Department of Planning and Budget, the Governor may reappropriate up to \$750,000 from amounts which would otherwise revert to the balance of the general fund and transfer such amounts as necessary to establish a component of fund balance which may be used for the purpose of providing technical assistance and intervention actions for local governments deemed to be fiscally distressed and in need of intervention to address such distress. Any such reappropriation approved by the Governor, shall be separately identified in the commitments specified on the balance sheet and financial statements of the State Comptroller for the close of each fiscal year, to the extent that such reserve is not used or added to by future appropriation actions.

3. Prior to any expenditure of the reappropriated reserve, the Governor and the Chairmen of the House Appropriations Committee and the Senate Finance Committee must receive a notification from the Auditor of Public Accounts that a specific locality is in need of intervention because of a worsening financial situation. The Auditor of Public Accounts may issue such a notification upon receipt of audited financial statement or other information that indicates the existence of fiscal distress. But, no such notification shall be made until appropriate follow up and correspondence ascertains that, in the opinion of the Auditor of Public Accounts, such fiscal distress indeed exists. Such notification may also be issued by the Auditor of Public Accounts if written concerns raised about fiscal distress are not adequately addressed by the locality in question.

4. Once the Governor has received a notification from the Auditor of Public Accounts indicating fiscal distress in a specific local government, the Governor shall consult with the Chairmen of the House Appropriations Committee and the Senate Finance Committee about a plan for state intervention prior to any expenditure of funds from the cash reserve. Any plan approved by the

Governor for intervention should, at a minimum, specify the purpose of such intervention, the estimated duration of the intervention, and the anticipated resources (dollars and personnel) directed toward such effort. The staffing necessary to carry out the intervention plan may be assembled from either public agencies or private entities or both and, notwithstanding any other provisions of law, the Governor may use an expedited method of procurement to secure such staffing when, in his judgment, the need for intervention is of an emergency nature such that action must be taken in a timely manner to avoid or address unacceptable financial risks to the Commonwealth.

5. The governing body and the elected constitutional officers of a locality subject to an intervention plan approved by the Governor shall assist all state appointed staff conducting the intervention regardless of whether such staff are from public agencies or private entities. Intervention staff shall provide periodic reports in writing to the Governor and the Chairmen of the House Appropriations Committee and the Senate Finance Committee outlining the scope of issues discovered and any recommendations made to remediate such issues, and the progress that is made on such recommendations or other remediation efforts. These periodic reports shall specifically address the degree of cooperation the intervention team is receiving from locally elected officials, including constitutional officers, city, county, or town managers and other local personnel in regards to their intervention work.

6. The Department of General Services is hereby encouraged to develop a master contract of qualified private sector turnaround specialists with expertise in local government intervention that the Governor can use to procure intervention services in an expeditious manner when he determines that state intervention is warranted in situations of local fiscal distress.

§ 4-9.00 HIGHER EDUCATION RESTRUCTURING

§ 4-9.01 ASSESSMENT OF INSTITUTIONAL PERFORMANCE

Consistent with § 23.1-206, Code of Virginia, the following education-related and financial and administrative management measures shall be the basis on which the State Council of Higher Education shall annually assess and certify institutional performance. Such certification shall be completed and forwarded in writing to the Governor and the General Assembly no later than October 1 of each even-numbered year. Institutional performance on measures set forth in paragraph D of this section shall be evaluated year-to-date by the Secretaries of Finance, Administration, and Technology as appropriate, and communicated to the State Council of Higher Education before October 1 of each even-numbered year. Financial benefits provided to each institution in accordance with § 23.1-1002 will be evaluated in light of that institution's performance.

In general, institutions are expected to achieve all performance measures in order to be certified by SCHEV, but it is understood that there can be circumstances beyond an institution's control that may prevent achieving one or more performance measures. The Council shall consider, in consultation with each institution, such factors in its review: (1) institutions meeting all performance measures will be certified by the Council and recommended to receive the financial benefits, (2) institutions that do not meet all performance measures will be evaluated by the Council and the Council may take one or more of the following actions: (a) request the institution provide a remediation plan and recommend that the Governor withhold release of financial benefits until Council review of the remediation plan or (b) recommend that the Governor withhold all or part of financial benefits.

Further, the State Council shall have broad authority to certify institutions as having met the standards on education-related measures. The State Council shall likewise have the authority to exempt institutions from certification on education-related measures that the State Council deems unrelated to an institution's mission or unnecessary given the institution's level of performance.

The State Council may develop, adopt, and publish standards for granting exemptions and ongoing modifications to the certification process.

b) Notwithstanding § 2.2-3800 of the Code of Virginia, the Virginia Department of Education, State Council of Higher Education for Virginia, Virginia Community College System, and the Virginia Employment Commission may collect, use, share, and maintain de-identified student data to improve student and program performance including those for career readiness.

§ 4-9.02 LEVEL II AUTHORITY

a. Notwithstanding the provisions of § 5 of Chapter 824 and 829 of the 2008 Acts of Assembly, institutions of higher education that have met the eligibility criteria for additional operational and administrative authority set forth in Chapters 824 and 829 of the 2008 Acts of Assembly shall be allowed to enter into separate negotiations for additional operational authority for a third and separate functional area listed in Chapter 824 and 829 of the 2008 Acts of Assembly, provided they have:

1. successfully completed at least three years of effectiveness and efficiencies operating under such additional authority granted by an original memorandum of understanding;

2. successfully renewed an additional memoranda of understanding for a five year term for each of the original two areas.

The institutions shall meet all criteria and follow policies for negotiating and establishing a memorandum of understanding with the Commonwealth of Virginia as provided in § 2.0 (Information Technology), § 3.0 (Procurement), and § 4.0 (Capital Outlay) of Chapter 824 and 829 of the 2008 Acts of Assembly.

b. As part of the memorandum of understanding, each institution shall be required to adopt at least one new education-related measure for the new area of operational authority. Each education-related measure and its respective target shall be developed in consultation with the Secretary of Finance, Secretary of Education, the appropriate Cabinet Secretary, and the State Council of Higher Education for Virginia. Each education-related measure and its respective target must be approved by the State Council of Higher Education for Virginia.

c. 1. As part of a five-year pilot program, George Mason University and James Madison University are authorized, for a period of five years, to exercise additional financial and administrative authority as set out in each of the three functional areas of information technology, procurement and capital projects as set forth and subject to all the conditions in §§ 2.0, 3.0 and 4.0 of the second enactment of Chapter 824 and 829 of the Acts of Assembly of 2008 except that (i) any effective dates contained in Chapter 824 and 829 of the Acts of Assembly of 2008 are superseded by the provisions of this item, and (ii) the institution is not required to have a signed memorandum of understanding with the Secretary of Administration regarding participation in the nongeneral fund decentralization program as provided in subsection C of § 2.2-1132 in order to be eligible for the additional capital project authority.

2. In addition, each institution shall exercise additional financial and administrative authority over financial operations as follows:

a). BOARD OF VISITORS ACCOUNTABILITY AND DELEGATION OF AUTHORITY.

The Board of Visitors of the University shall at all times be fully and ultimately accountable for the proper fulfillment of the duties and responsibilities set forth in, and for the appropriate implementation of, this Policy. Consistent with this full and ultimate accountability, however, the Board may, pursuant to its legally permissible procedures, specifically delegate either herein or by

separate Board resolution the duties and responsibilities set forth in this Policy to a person or persons within the University, who, while continuing to be fully accountable for such duties and responsibilities, may further delegate the implementation of those duties and responsibilities pursuant to the University's usual delegation policies and procedures.

b) FINANCIAL MANAGEMENT AND REPORTING SYSTEM.

The President, acting through the Executive Vice President, Chief Operating Officer, or Chief Financial Officer, shall continue to be authorized by the Board to maintain existing and implement new policies governing the management of University financial resources. These policies shall continue to (i) ensure compliance with Generally Accepted Accounting Principles, (ii) ensure consistency with the current accounting principles employed by the Commonwealth, including the use of fund accounting principles, with regard to the establishment of the underlying accounting records of the University and the allocation and utilization of resources within the accounting system, including the relevant guidance provided by the State Council of Higher Education for Virginia chart of accounts with regard to the allocation and proper use of funds from specific types of fund sources, (iii) provide adequate risk management and internal controls to protect and safeguard all financial resources, including moneys transferred to the University pursuant to a general fund appropriation, and ensure compliance with the requirements of the Appropriation Act.

The financial management system shall continue to include a financial reporting system to satisfy both the requirements for inclusion into the Commonwealth's Comprehensive Annual Financial Report, as specified in the related State Comptroller's Directives, and the University's separately audited financial statements. To ensure observance of limitations and restrictions placed on the use of the resources available to the University, the accounting and bookkeeping system of the University shall continue to be maintained in accordance with the principles prescribed for governmental organizations by the Governmental Accounting Standards Board.

In addition, the financial management system shall continue to provide financial reporting for the President, acting through the Executive Vice President, Chief Operating Officer, or Chief Financial Officer, and the Board of Visitors to enable them to provide adequate oversight of the financial operations of the University.

c) FINANCIAL MANAGEMENT POLICIES.

The President, acting through the Executive Vice President, Chief Operating Officer, or Chief Financial Officer, shall create and implement any and all financial management policies necessary to establish a financial management system with adequate risk management and internal control processes and procedures for the effective protection and management of all University financial resources. Such policies will not address the underlying accounting principles and policies employed by the Commonwealth and the University, but rather will focus on the internal operations of the University's financial management. These policies shall include, but need not be limited to, the development of a tailored set of finance and accounting practices that seek to support the University's specific business and administrative operating environment in order to improve the efficiency and effectiveness of its business and administrative functions. In general, the system of independent financial management policies shall be guided by the general principles contained in the Commonwealth's Accounting Policies and Procedures such as establishing strong risk management and internal accounting controls to ensure University financial resources are properly safeguarded and that appropriate stewardship of public funds is obtained through management's oversight of the effective and efficient use of such funds in the performance of University programs.

The University shall continue to follow the Commonwealth's accounting policies until such time as specific alternate policies can be developed, approved and implemented. Such alternate policies shall include applicable accountability measures and shall be submitted to the State Comptroller for review and comment before they are implemented by the University.

d) FINANCIAL RESOURCE RETENTION AND MANAGEMENT.

The Board of Visitors shall retain the authority to establish tuition, fee, room, board, and other charges, with appropriate commitment provided to need-based grant aid for middle- and lower-income undergraduate Virginians. Except as provided otherwise in the Appropriation Act, it is the intent of the Commonwealth and the University that the University shall be exempt from the revenue restrictions in the general provisions of the Appropriation Act related to non-general funds. In addition, unless prohibited by the Appropriation Act, it is the intent of the Commonwealth and the University that the University shall be entitled to retain non-general fund savings generated from changes in Commonwealth rates and charges, including but not limited to health, life, and disability insurance rates, retirement contribution rates, telecommunications charges, and utility rates, rather than reverting such savings back to the Commonwealth. This financial resource policy assists the University by providing the framework for retaining and managing non-general funds, for the receipt of general funds, and for the use and stewardship of all these funds.

The President, acting through the Executive Vice President, Chief Operating Officer, or Chief Financial Officer, shall continue to provide oversight of the University's cash management system which is the framework for the retention of non-general funds. The Internal Audit Department of the University shall periodically audit the University's cash management system in accordance with appropriate risk assessment models and make reports to the Audit and Compliance Committee of the Board of Visitors. Additional oversight shall continue to be provided through the annual audit and assessment of internal controls performed by the Auditor of Public Accounts. For the receipt of general and non-general funds, the University shall conform to

the Security for Public Deposits Act, Chapter 44 (§ 2.2-4400 et seq.) of Title 2.2 of the Code of Virginia as it currently exists and from time to time may be amended.

e) ACCOUNTS RECEIVABLE MANAGEMENT AND COLLECTION.

The President, through the Executive Vice President, Chief Operating Officer, or Chief Financial Officer, shall continue to be authorized to create and implement any and all Accounts Receivable Management and Collection policies as part of a system for the management of University financial resources. The policies shall be guided by the requirements of the Virginia Debt Collection Act, Chapter 48 (§ 2.2-4800 et seq.) of the Code of Virginia, such that the University shall take all appropriate and cost effective actions to aggressively collect accounts receivable in a timely manner.

These shall include, but not be limited to, establishing the criteria for granting credit to University customers; establishing the nature and timing of collection procedures within the above general principles; and the independent authority to select and contract with collection agencies and, after consultation with the Office of the Attorney General, private attorneys as needed to perform any and all collection activities for all University accounts receivable such as reporting delinquent accounts to credit bureaus, obtaining judgments, garnishments, and liens against such debtors, and other actions. In accordance with sound collection activities, the University shall continue to utilize the Commonwealth's Debt Set-Off Collection Programs, shall develop procedures acceptable to the Tax Commissioner and the State Comptroller to implement such Programs, and shall provide a quarterly summary report of receivables to the Department of Accounts in accordance with the reporting procedures established pursuant to the Virginia Debt Collection Act.

f) DISBURSEMENT MANAGEMENT.

The President, acting through the Executive Vice President, Chief Operating Officer, or Chief Financial Officer, shall continue to be authorized to create and implement any and all disbursement policies as part of a system for the management of University financial resources. The disbursement management policies shall continue to define the appropriate and reasonable uses of all funds, from whatever source derived, in the execution of the University's operations. These policies also shall continue to address the timing of appropriate and reasonable disbursements consistent with the Prompt Payment Act, and the appropriateness of certain goods or services relative to the University's mission, including travel-related disbursements. Further, the University's disbursement policy shall continue to provide for the mechanisms by which payments are made including the use of charge cards, warrants, and electronic payments.

These disbursement policies shall authorize the President, acting through the Executive Vice President, Chief Operating Officer, or Chief Financial Officer, to independently select, engage, and contract for such consultants, accountants, and financial experts, and other such providers of expert advice and consultation, and, after consultation with the Office of the Attorney General, private attorneys, as may be necessary or desirable in his or her discretion. The policies also shall continue to include the ability to locally manage and administer the Commonwealth's credit card and cost recovery programs related to disbursements, subject to any restrictions contained in the Commonwealth's contracts governing those programs, provided that the University shall submit the credit card and cost recovery aspects of its financial and operations policies to the State Comptroller for review and comment prior to implementing those aspects of those policies. The disbursement policies shall ensure that adequate risk management and internal control procedures shall be maintained over previously decentralized processes for public records, payroll, and non-payroll disbursements. The University shall continue to provide summary quarterly prompt payment reports to the Department of Accounts in accordance with the reporting procedures established pursuant to the Prompt Payment Act.

The University's disbursement policies shall be guided by the principles of the Commonwealth's policies as included in the Commonwealth's Accounting Policy and Procedures Manual. The University shall continue to follow the Commonwealth's disbursement policies until such time as specific alternative policies can be developed, approved and implemented. Such alternate policies shall be submitted to the State Comptroller for review and comment prior to their implementation by the University.

3. The Auditor of Public Accounts or his legally authorized representatives shall audit annually the accounts of each institution and shall distribute copies of each annual audit to the Governor and to the Chairmen of the House Committee on Appropriations and the Senate Committee on Finance. Pursuant to § 30-133, the Auditor of Public Accounts and his legally authorized representatives shall examine annually the accounts and books of each such institution, but the institution shall not be deemed to be a state or governmental agency, advisory agency, public body, or agency or instrumentality for purposes of Chapter 14 (§ 30-130 et seq.) of Title 30 except for those provisions in such chapter that relate to requirements for financial recordkeeping and bookkeeping. Each such institution shall be subject to periodic external review by the Joint Legislative and Audit Review Commission and such other reviews and audits as shall be required by law.

d. Subject to review of its Shared Services Center by the Department of General Services, and approval to proceed with decentralized procurement of authority by the Department of General Services, the Virginia Community College System (VCCS) is authorized, for a period of five years, to exercise additional financial and administrative authority as set out in each of the three functional areas of information technology, procurement and capital projects as set forth and subject to all the conditions in §§ 2.0, 3.0 and 4.0 of the second enactment of Chapter 824 and 829 of the Acts of Assembly of 2008 except that (i) any effective dates contained in Chapter 824 and 829 of the Acts of Assembly of 2008 are superseded by the provisions of this item. The State Board for Community Colleges may request any subsequent delegation of procurement authority after consultation with and positive recommendation by the Department of General Services.

e. Notwithstanding the small purchase thresholds set forth in the Rules Governing Procurement for institutions of higher education that have operational authority in the area of procurement, the small purchases thresholds shall be the same thresholds set forth in the Virginia Public Procurement Act (§ 2.2-4300 et seq). Where small purchase thresholds in the Rules Governing Procurement for such institutions exceed those in 2.2-4300 et seq, the Rules Governing Procurement shall be the authorized procurement threshold.

§ 4-9.03 LEVEL III AUTHORITY

a. The Management Agreements negotiated by the institutions contained in Chapters 675 and 685 of the 2009 Acts of Assembly shall continue in effect unless the Governor, the General Assembly, or the institutions determine that the Management Agreements need to be renegotiated or revised.

b. Pursuant to § 23.1-1005, Code of Virginia, the Governor recommends approval for James Madison University to operate as a Level III institution under the management agreement as approved by its board of visitors on November 9, 2018.

c. Notwithstanding the small purchase thresholds set forth in the Rules Governing Procurement the small purchases thresholds for Level III institutions shall be the small purchase thresholds set forth in the Virginia Public Procurement Act (§ 2.2-4300 et seq). Where small purchase thresholds under Rules Governing Procurement for Level III institutions exceed those in 2.2-4300 et seq, the Rules Governing Procurement shall be the authorized procurement threshold.

§ 4-9.04 IMPLEMENT JLARC RECOMMENDATIONS

a. The Boards of Visitors at each Virginia public four-year higher education institution, to the extent practicable, shall:

1. require their institutions to clearly list the amount of the athletic fee on their website's tuition and fees information page. The page should include a link to the State Council of Higher Education for Virginia's tuition and fee information. The boards should consider requiring institutions to list the major components of all mandatory fees, including the portion attributable to athletics, on a separate page attached to student invoices;

2. assess the feasibility and impact of raising additional revenue through campus recreation and fitness enterprises to reduce reliance on mandatory student fees. The assessments should address the feasibility and impact of raising additional revenue through charging for specialized programs and services, expanding membership, and/or charging all users of recreation facilities;

3. direct staff to perform a comprehensive review of the institution's organizational structure, including an analysis of spans of control and a review of staff activities and workload, and identify opportunities to streamline the organizational structure. Boards should further direct staff to implement the recommendations of the review to streamline their organizational structures where possible;

4. require periodic reports on average and median spans of control and the number of supervisors with six or fewer direct reports;

5. direct staff to revise human resource policies to eliminate unnecessary supervisory positions by developing standards that establish and promote broader spans of control. The new policies and standards should (i) set an overall target span of control for the institution, (ii) set a minimum number of direct reports per supervisor, with guidelines for exceptions, (iii) define the circumstances that necessitate the use of a supervisory position, (iv) prohibit the establishment of supervisory positions for the purpose of recruiting or retaining employees, and (v) establish a periodic review of departments where spans of control are unusually narrow; and,

6. direct institution staff to set and enforce policies to maximize standardization of purchases of commonly procured goods, including use of institution-wide contracts;

7. consider directing institution staff to provide an annual report on all institutional purchases, including small purchases, that are exceptions to the institutional policies for standardizing purchases;

8. participate in national faculty teaching load assessments by discipline and faculty type.

b. The State Council on Higher Education for Virginia, to the extent practicable, shall:

1. convene a working group of institution financial officers, with input from the Department of Accounts, the Department of Planning and Budget, and the Auditor of Public Accounts, to create a standard way of calculating and publishing mandatory non-E&G fees, including for intercollegiate athletics;

2. update the state's Chart of Accounts for higher education in order to improve comparability and transparency of mandatory non-E&G fees, with input from the Department of Accounts, the Department of Planning and Budget, the Auditor of Public Accounts, and institutional staff. This process should be coordinated with the standardization of tuition and fee reporting;

3. convene a working group of institutional staff to develop instructional and research space guidelines that adequately measure current use of space and plans for future use of space at Virginia's public higher education institutions;

4. coordinate a committee of institutional representatives, such as the previously authorized Learning Technology Advisory Committee. In addition to the objectives set out in the Appropriation Act for the Learning Technology Advisory Committee, the committee should identify instructional technology initiatives and best practices for directly or indirectly lowering institutions' instructional expenditures per student while maintaining or enhancing student learning;

5. include factors such as discipline, faculty rank, cost of living, and regional comparisons in developing faculty salary goals;

6. identify instructional technology best practices that directly or indirectly lower student cost while maintaining or enhancing learning.

c. Notwithstanding the provisions of § 23.1-1304, the State Council of Higher Education for Virginia shall annually train boards of visitors members on the types of information members should request from institutions to inform decision making, such as performance measures, benchmarking data, the impact of financial decisions on student costs, and past and projected cost trends. Boards of Visitors members serving on finance and facilities subcommittees should, at a minimum, participate in the training within their first year of membership on the subcommittee. SCHEV should obtain assistance in developing or delivering the training from relevant agencies such as the Department of General Services and past or present finance officers at Virginia's public four-year institutions, as appropriate.

d. The Department of Planning and Budget shall revise the formula used to make allocation recommendations for the state's maintenance reserve funding to account for higher maintenance needs resulting from poor facility condition, aging of facilities, and differences in facility use. Beginning with fiscal year 2016, the Department of Planning and Budget shall submit these recommendations to the Governor and General Assembly no later than November 1 of each year.

e. The Six-Year Capital Outlay Plan Advisory Committee, the Department of Planning and Budget, and others as appropriate shall use the results of the prioritization process established by the State Council of Higher Education for Virginia in determining which capital projects should receive funding.

f. Beginning with fiscal year 2016, the Auditor of Public Accounts shall include in its audit plan for each public institution of higher education a review of progress in implementing the JLARC recommendations contained in paragraph § 4-9.04 a.

§ 4-11.00 STATEMENT OF FINANCIAL CONDITION

Each agency head handling any state funds shall, at least once each year, upon request of the Auditor of Public Accounts, make a detailed statement, under oath, of the financial condition of his office as of the date of such call, to the Auditor of Public Accounts, and upon such forms as shall be prescribed by the Auditor of Public Accounts.

§ 4-12.00 SEVERABILITY

If any part, section, subsection, paragraph, sentence, clause, phrase, or item of this act or the application thereof to any person or circumstance is for any reason declared unconstitutional, such decisions shall not affect the validity of the remaining portions of this act which shall remain in force as if such act had been passed with the unconstitutional part, section, subsection, paragraph, sentence, clause, phrase, item or such application thereof eliminated; and the General Assembly hereby declares that it would have passed this act if such unconstitutional part, section, subsection, paragraph, sentence, clause, phrase, or item had not been included herein, or if such application had not been made.

§ 4-14.00 EFFECTIVE DATE

This act is effective ~~on July 1, 2018~~ on its passage as provided in § 1-214, Code of Virginia..

10 board member cannot fulfill his term because his term on the appointing body has ended shall be filled for the unexpired term in the
11 same manner as the member being replaced was appointed within 60 days of the vacancy. The initial appointments to a four-year term
12 will be as follows: the Secretary, or his designee, for a term of four years; the second principal member for a term of three years; one

28 day.

29 Any entity that provides compensation to a WMATA board member for his service on the WMATA board shall be required to submit
30 on July 1 of each year to the Secretary the amount of that compensation. Such letter will remain on file with the Secretary's office and
31 be available for public review.

- 1 § 58.1-605. (Contingent expiration date) To what extent and under what conditions cities and counties may levy local sales taxes;
2 collection thereof by Commonwealth and return of revenue to each city or county entitled thereto.
- 3 A. No county, city or town shall impose any local general sales or use tax or any local general retail sales or use tax except as
4 authorized by this section.
- 5 B. The council of any city and the governing body of any county may levy a general retail sales tax at the rate of one percent to provide
6 revenue for the general fund of such city or county. Such tax shall be added to the rate of the state sales tax imposed by §§ 58.1-603
7 and 58.1-604 and shall be subject to all the provisions of this chapter and the rules and regulations published with respect thereto. No
8 discount under § 58.1-622 shall be allowed on a local sales tax.
- 9 C. 1. The council of any city and the governing body of any county desiring to impose a local sales tax under this section may do so by
10 the adoption of an ordinance stating its purpose and referring to this section, and providing that such ordinance shall be effective on the
11 first day of a month at least 60 days after its adoption. A certified copy of such ordinance shall be forwarded to the Tax Commissioner
12 so that it will be received within five days after its adoption.

14 *days' notice. Any change in the rate of any local sales and use tax shall only become effective on the first day of a calendar quarter.*
15 *Failure to provide notice pursuant to this section shall require the Commonwealth and the locality to apply the preceding effective rate*
16 *until 30 days after notification is provided.*
- 17 D. Any local sales tax levied under this section shall be administered and collected by the Tax Commissioner in the same manner and
18 subject to the same penalties as provided for the state sales tax.
- 19 E. All local sales tax moneys collected by the Tax Commissioner under this section shall be paid into the state treasury to the credit of a
20 special fund which is hereby created on the Comptroller's books under the name "Collections of Local Sales Taxes." Such local sales
21 tax moneys shall be credited to the account of each particular city or county levying a local sales tax under this section. The basis of
22 such credit shall be the city or county in which the sales were made as shown by the records of the Department and certified by it
23 monthly to the Comptroller, namely, the city or county of location of each place of business of every dealer paying the tax to the
24 Commonwealth without regard to the city or county of possible use by the purchasers. If a dealer has any place of business located in
25 more than one political subdivision by reason of the boundary line or lines passing through such place of business, the amount of sales
26 tax paid by such a dealer with respect to such place of business shall be treated for the purposes of this section as follows: one-half shall
27 be assignable to each political subdivision where two are involved, one-third where three are involved, and one-fourth where four are
28 involved.
- 29 F. As soon as practicable after the local sales tax moneys have been paid into the state treasury in any month for the preceding month,
30 the Comptroller shall draw his warrant on the Treasurer of Virginia in the proper amount in favor of each city or county entitled to the
31 monthly return of its local sales tax moneys, and such payments shall be charged to the account of each such city or county under the
32 special fund created by this section. If errors are made in any such payment, or adjustments are otherwise necessary, whether
33 attributable to refunds to taxpayers, or to some other fact, the errors shall be corrected and adjustments made in the payments for the
34 next two months as follows: one-half of the total adjustment shall be included in the payments for the next two months. In addition, the
35 payment shall include a refund of amounts erroneously not paid to the city or county and not previously refunded during the three years
36 preceding the discovery of the error. A correction and adjustment in payments described in this subsection due to the misallocation of
37 funds by the dealer shall be made within three years of the date of the payment error.
- 38 G. Such payments to counties are subject to the qualification that in any county wherein is situated any incorporated town constituting a
39 special school district and operated as a separate school district under a town school board of three members appointed by the town
40 council, the county treasurer shall pay into the town treasury for general governmental purposes the proper proportionate amount
41 received by him in the ratio that the school age population of such town bears to the school age population of the entire county. If the
42 school age population of any town constituting a separate school district is increased by the annexation of territory since the last
43 estimate of school age population provided by the Weldon Cooper Center for Public Service, such increase shall, for the purposes of
44 this section, be added to the school age population of such town as shown by the last such estimate and a proper reduction made in the
45 school age population of the county or counties from which the annexed territory was acquired.
- 46 H. One-half of such payments to counties are subject to the further qualification, other than as set out in subsection G^{above}, that in any
47 county wherein is situated any incorporated town not constituting a separate special school district which has complied with its charter
48 provisions providing for the election of its council and mayor for a period of at least four years immediately prior to the adoption of the
49 sales tax ordinance, the county treasurer shall pay into the town treasury of each such town for general governmental purposes the
50 proper proportionate amount received by him in the ratio that the school age population of each such town bears to the school age
51 population of the entire county, based on the latest estimate provided by the Weldon Cooper Center for Public Service. The preceding
52 requirement pertaining to the time interval between compliance with election provisions and adoption of the sales tax ordinance shall
53 not apply to a tier-city. If the school age population of any such town not constituting a separate special school district is increased by
54 the annexation of territory or otherwise since the last estimate of school age population provided by the Weldon Cooper Center for
55 Public Service, such increase shall, for the purposes of this section, be added to the school age population of such town as shown by the
56 last such estimate and a proper reduction made in the school age population of the county or counties from which the annexed territory
57 was acquired.

I. Notwithstanding the provisions of subsection H, the board of supervisors of a county may, in its discretion, appropriate funds to any incorporated town not constituting a separate school district within such county which has not complied with the provisions of its charter relating to the elections of its council and mayor, an amount not to exceed the amount it would have received from the tax imposed by this chapter if such election had been held.

J. It is further provided that if any incorporated town which would otherwise be eligible to receive funds from the county treasurer under subsection G or H of this section be located in a county which does not levy a general retail sales tax under the provisions of this law, such town may levy a general retail sales tax at the rate of one percent to provide revenue for the general fund of the town, subject to all the provisions of this section generally applicable to cities and counties. Any tax levied under the authority of this subsection shall in no case continue to be levied on or after the effective date of a county ordinance imposing a general retail sales tax in the county within which such town is located.

32 F. In addition to the jurisdictional standards contained in subsections C and D, nothing contained ~~herein~~ *in this chapter* other

45 ~~meanings of subsections (b) and (c) of § 267 or § 707(b)(1) of the Internal Revenue Code of 1986 shall be aggregated.~~

46 § 58.1-612.1. Tax collectible from marketplace facilitators; "marketplace facilitator" defined.

47 A. As used in this chapter:

48 "Marketplace facilitator" means a person that contracts with a marketplace seller to facilitate, for consideration and regardless of
49 whether such consideration is deducted as fees from transactions, the sale of such marketplace seller's products through a physical or
50 electronic marketplace operated by such person. "Marketplace facilitator" does not include a payment processor business appointed by
51 a merchant to handle payment transactions from various channels, such as credit cards and debit cards, and whose sole activity with
52 respect to marketplace sales is to handle transactions between two parties. "Marketplace facilitator" does not include a platform or
53 forum that exclusively provides internet advertising services, including any advertisements that may list products for sale, so long as

such platform or forum does not also engage directly or indirectly through one or more commonly controlled persons, as defined in subsection D of § 58.1-612, in the activities described in subsection C.

"Marketplace seller" means a person that is not a commonly controlled person, as defined in subsection D of § 58.1-612, to a marketplace facilitator and that makes sales through any physical or electronic marketplace operated by such marketplace facilitator, even if such seller would not have been required to collect and remit sales and use tax had the sale not been made through such marketplace.

B. The tax levied under this chapter shall be collectible from all persons that are marketplace facilitators that have sufficient contact with Virginia to require registration under subsection C.

C. A marketplace facilitator shall be deemed to have sufficient activity within the Commonwealth to require registration under § 58.1-613 if it meets at least one requirement in each of subdivisions 1, 2, and 3:

1. It engages, either directly or indirectly, through a commonly controlled person as defined in subsection D of § 58.1-612 in any of the following activities:

a. Transmitting or communicating an offer or acceptance between a purchaser and a marketplace seller;

b. Owning or operating the infrastructure, whether electronic or physical, or technology that brings purchasers and marketplace sellers together; or

c. Providing a virtual currency that purchasers are allowed or required to use to purchase products from the marketplace seller;

2. It engages in any of the following activities with respect to a marketplace seller's products:

a. Payment processing;

b. Fulfillment or storage;

c. Listing products for sale;

d. Setting prices;

e. Branding sales as those of the marketplace facilitator; or

f. Providing customer service or accepting or assisting with returns or exchanges; and

3. It establishes economic nexus through either of the following activities:

a. Facilitating sales in Virginia that, in the aggregate, generate more than \$100,000 in gross revenue, or other minimum amount as may be required by federal law, for such marketplace facilitator. A marketplace facilitator may exceed this threshold based on sales for either the previous or current calendar year. In determining the amount of a marketplace facilitator's gross revenues, the sales made by all commonly controlled persons, as defined in subsection D of § 58.1-612, shall be aggregated; or

b. Facilitating 200 or more separate retail sale transactions, or other minimum amount as may be required by federal law, in the Commonwealth in the previous or current calendar year. In determining the total number of retail sales transactions attributable to a marketplace facilitator, the sales made by all commonly controlled persons, as defined in subsection D of § 58.1-612, shall be aggregated.

D. 1. A marketplace facilitator shall be considered a dealer for purposes of this chapter and shall collect the tax imposed by this chapter on all transactions that it facilitates through its marketplace.

2. No marketplace seller shall collect sales and use tax on a transaction made through a marketplace facilitator's marketplace.

3. Notwithstanding the provisions of subdivisions 1 and 2, the Department shall allow for a waiver from the requirements of subdivisions 1 and 2 if a marketplace facilitator demonstrates, to the satisfaction of the Commissioner, that either (i) all of its marketplace sellers already are registered dealers under § 58.1-613 or (ii) the marketplace seller has sufficient nexus to require registration under § 58.1-613 and that collection of the tax by the marketplace facilitator for such marketplace seller would create an undue burden or hardship for either party. If such waiver is granted, the tax levied under this chapter shall be collectible from the marketplace seller. The Department shall develop guidelines that establish (a) the criteria for obtaining a waiver pursuant to this section, (b) the process and procedure for a marketplace facilitator to apply for a waiver, and (c) the process for providing notice to an affected marketplace facilitator and marketplace seller of a waiver obtained pursuant to this subdivision.

E. A marketplace facilitator shall be relieved from liability, including penalties and interest, for the incorrect collection or remittance of sales and use tax on transactions it facilitates or for which it is the seller if the error is due to reasonable reliance on (i) an invalid exemption certificate provided by the marketplace seller or the purchaser; (ii) incorrect or insufficient information provided by the Commonwealth; or (iii) incorrect or insufficient information provided by the marketplace seller or

1 purchaser regarding the tax classification or proper sourcing of an item or transaction, provided that the marketplace facilitator can
 2 demonstrate it made a reasonable effort to obtain accurate information from the marketplace seller or purchaser. The relief from
 3 liability afforded to the marketplace facilitator pursuant to this subsection shall not exceed the total amount of tax due from the
 4 marketplace facilitator on the incorrect transaction independent of any penalties or interest that would have otherwise applied. Any
 5 deficiency resulting from incorrect information provided by the marketplace seller or as the result of an audit shall be the liability of
 6 the marketplace seller.

7 F. A marketplace facilitator is the sole entity subject to audit by the Department for sales and use tax collection for all transactions
 8 facilitated by the marketplace facilitator unless (i) the marketplace facilitator can demonstrate that its failure to collect the proper tax
 9 was due to incorrect information provided by the marketplace seller or (ii) the marketplace seller is subject to a waiver granted
 10 pursuant to subdivision D 3.

11 G. If a marketplace facilitator lacks physical presence in the Commonwealth and has both facilitated and made direct sales into the
 12 Commonwealth, both types of sales shall be considered in determining whether it has established economic nexus.

13 H. When a marketplace seller that is not otherwise required to register for the collection of the tax under any of the provisions
 14 contained in subdivisions C 1 through 9 of § 58.1-612 makes both direct sales and sales on a marketplace facilitator's marketplace,
 15 only the marketplace seller's direct sales shall be considered in determining whether the marketplace seller is required to register for
 16 the collection of the tax under subdivision C 10 or 11 of § 58.1-612.

17 I. No class action shall be brought against a marketplace facilitator in any court of the Commonwealth on behalf of customers arising
 18 from or in any way related to an overpayment of sales and use tax collected on sales facilitated by the marketplace facilitator,
 19 regardless of whether such claim is characterized as a tax refund claim. Nothing in this subsection shall affect a customer's right to
 20 seek a refund on an individual basis.

21 § 58.1-615. (Contingent expiration date) Returns by dealers.

22 A. Every dealer required to collect or pay the sales or use tax shall, on or before the twentieth day of the month following the month in
 23 which the tax shall become effective, transmit to the Tax Commissioner a return showing the gross sales, gross proceeds, or cost price,
 24 as the case may be, arising from all transactions taxable under this chapter during the preceding calendar month, and thereafter a like
 25 return shall be prepared and transmitted to the Tax Commissioner by every dealer on or before the twentieth day of each month, for the
 26 preceding calendar month. In the case of dealers regularly keeping books and accounts on the basis of an annual period which varies 52
 27 to 53 weeks, the Tax Commissioner may make rules and regulations for reporting consistent with such accounting period.

28 Notwithstanding any other provision of this chapter, a dealer may be required by the Tax Commissioner to file sales or use tax returns
 29 on an accounting period less frequent than monthly when, in the opinion of the Tax Commissioner, the administration of the taxes
 30 imposed by this chapter would be enhanced. If a dealer is required to file other than monthly, each such return shall be due on or before
 31 the twentieth day of the month following the close of the period. Each such return shall contain all information required for monthly
 32 returns.

33 A sales or use tax return shall be filed by each registered dealer even though the dealer is not liable to remit to the Tax Commissioner
 34 any tax for the period covered by the return.

35 The Tax Commissioner shall not require that more than one sales and use tax return per month be filed with the Department by any
 36 remote seller or any software provider on behalf of such remote seller.

37 B. [Expired.]

38 C. Any return required to be filed with the Tax Commissioner under this section shall be deemed to have been filed with the Tax
 39 Commissioner on the date that such return is delivered by the dealer to the commissioner of the revenue or the treasurer for the locality
 40 in which the dealer is located and receipt is acknowledged by the commissioner of the revenue or treasurer. The commissioner of the
 41 revenue or the treasurer shall stamp such date on the return, and shall mail the return to the Tax Commissioner no later than the
 42 following business day. The commissioner of the revenue or the treasurer may collect from the dealer the cost of postage for such
 43 mailing.

44 D. Every dealer ~~who~~ that elects to file a consolidated sales tax return for any taxable period and ~~who~~ that is required to remit payment
 45 by electronic funds transfer pursuant to subsection B of § 58.1-202.1 beginning on and after July 1, 2010, shall file ~~his~~ its monthly
 46 return using an electronic medium prescribed by the Tax Commissioner. A waiver of this requirement may be granted if the Tax
 47 Commissioner determines that it creates an unreasonable burden on the dealer.

48 § 58.1-625. (Effective until July 1, 2022) Collection of tax.

49 A. The tax levied by this chapter shall be paid by the dealer, but the dealer shall separately state the amount of the tax and add such tax
 50 to the sales price or charge. Thereafter, such tax shall be a debt from the purchaser, consumer, or lessee to the dealer until paid and shall
 51 be recoverable at law in the same manner as other debts. No action at law or suit in equity under this chapter may be maintained in this
 52 Commonwealth by any dealer ~~who~~ that is not registered under § 58.1-613 or is delinquent in the payment of the taxes imposed under
 53 this chapter.

B. Notwithstanding any exemption from taxes which any dealer now or hereafter may enjoy under the Constitution or laws of this or any other state, or of the United States, such dealer shall collect such tax from the purchaser, consumer, or lessee and shall pay the same over to the Tax Commissioner as herein provided.

C. Any dealer collecting the sales or use tax on transactions exempt or not taxable under this chapter shall transmit to the Tax Commissioner such erroneously or illegally collected tax unless or until ~~he~~ it can affirmatively show that the tax has since been refunded to the purchaser or credited to ~~his~~ its account.

D. 1. Any dealer ~~who~~ that neglects, fails, or refuses to collect such tax upon every taxable sale, distribution, lease, or storage of tangible personal property made by ~~him~~ it, ~~his~~ its agents, or employees shall be liable for and pay the tax ~~himself~~ itself, and such dealer shall not thereafter be entitled to sue for or recover in this Commonwealth any part of the purchase price or rental from the purchaser until such tax is paid. Moreover, any dealer ~~who~~ that neglects, fails, or refuses to pay or collect the tax herein provided, either by ~~himself~~ itself or through ~~his~~ its agents or employees, ~~shall be~~ is guilty of a Class 1 misdemeanor.

2. *Notwithstanding subdivision 1, any remote seller or marketplace facilitator that has collected an incorrect amount of sales and use tax shall be relieved from liability for such amount, including any penalty or interest, if the error is a result of the remote seller's or marketplace facilitator's reasonable reliance on information provided by the Commonwealth.*

E. (Contingent effective date) Notwithstanding subsection D, any remote seller, single provider, or consolidated provider who has collected an incorrect amount of sales or use tax shall be relieved from liability for such additional amount, including any penalty or interest, if collection of the improper amount is a result of the remote seller, single provider, or consolidated provider's reasonable reliance upon information provided by the Commonwealth, including, but not limited to, any information obtained from software provided by the Department of Taxation pursuant to subsection B of § 58.1-601.

~~F~~: All sums collected by a dealer as required by this chapter shall be deemed to be held in trust for the Commonwealth.

F. Notwithstanding the foregoing provisions of this section, any dealer is authorized during the period of time set forth in §§ 58.1-611.2 and 58.1-611.3 or subdivision 18 of § 58.1-609.1 not to collect the tax levied by this chapter or levied under the authority granted in §§ 58.1-605 and 58.1-606 from the purchaser, and to absorb such tax ~~himself~~ itself. A dealer electing to absorb such taxes shall be liable for payment of such taxes to the Tax Commissioner in the same manner as ~~he~~ it is for tax collected from a purchaser pursuant to this section.

§58.1-625. (Effective July 1, 2022) Collection of tax.

A. The tax levied by this chapter shall be paid by the dealer, but the dealer shall separately state the amount of the tax and add such tax to the sales price or charge. Thereafter, such tax shall be a debt from the purchaser, consumer, or lessee to the dealer until paid and shall be recoverable at law in the same manner as other debts. No action at law or suit in equity under this chapter may be maintained in this Commonwealth by any dealer ~~who~~ that is not registered under § 58.1-613 or is delinquent in the payment of the taxes imposed under this chapter.

B. Notwithstanding any exemption from taxes which any dealer now or hereafter may enjoy under the Constitution or laws of this or any other state, or of the United States, such dealer shall collect such tax from the purchaser, consumer, or lessee and shall pay the same over to the Tax Commissioner as herein provided.

C. Any dealer collecting the sales or use tax on transactions exempt or not taxable under this chapter shall transmit to the Tax Commissioner such erroneously or illegally collected tax unless or until ~~he~~ it can affirmatively show that the tax has since been refunded to the purchaser or credited to ~~his~~ its account.

D. 1. Any dealer ~~who~~ that neglects, fails, or refuses to collect such tax upon every taxable sale, distribution, lease, or storage of tangible personal property made by ~~him~~ it, ~~his~~ its agents, or employees shall be liable for and pay the tax ~~himself~~ itself, and such dealer shall not thereafter be entitled to sue for or recover in this Commonwealth any part of the purchase price or rental from the purchaser until such tax is paid. Moreover, any dealer ~~who~~ that neglects, fails, or refuses to pay or collect the tax herein provided, either by ~~himself~~ itself or through ~~his~~ its agents or employees, ~~shall be~~ is guilty of a Class 1 misdemeanor.

2. *Notwithstanding subdivision 1, any remote seller or marketplace facilitator that has collected an incorrect amount of sales and use tax shall be relieved from liability for such amount, including any penalty or interest, if the error is a result of the remote seller's or marketplace facilitator's reasonable reliance on information provided by the Commonwealth.*

E. (Contingent effective date = see Editor's note) Notwithstanding subsection D, any remote seller, single provider, or consolidated provider who has collected an incorrect amount of sales or use tax shall be relieved from liability for such additional amount, including any penalty or interest, if collection of the improper amount is a result of the remote seller, single provider, or consolidated provider's reasonable reliance upon information provided by the Commonwealth, including, but not limited to, any information obtained from software provided by the Department of Taxation pursuant to subsection B of § 58.1-601.

~~F~~: All sums collected by a dealer as required by this chapter shall be deemed to be held in trust for the Commonwealth.

1 F. Notwithstanding the foregoing provisions of this section, any dealer is authorized during the period of time set forth in § 58.1-611.2
 2 not to collect the tax levied by this chapter or levied under the authority granted in §§ 58.1-605 and 58.1-606 from the purchaser, and to
 3 absorb such tax ~~himself~~ *itself*. A dealer electing to absorb such taxes shall be liable for payment of such taxes to the Tax Commissioner
 4 in the same manner as ~~he~~ *it* is for tax collected from a purchaser pursuant to this section.

5 § 58.1-635. (Contingent expiration date) Failure to file return; fraudulent return; civil penalties.

6 A. When any dealer fails to make any return and pay the full amount of the tax required by this chapter, there shall be imposed, in
 7 addition to other penalties provided herein, a specific penalty to be added to the tax in the amount of six percent if the failure is for not
 8 more than one month, with an additional six percent for each additional month, or fraction thereof, during which the failure continues,
 9 not to exceed ~~thirty~~ 30 percent in the aggregate. In no case, however, shall the penalty be less than ~~ten dollars~~ \$10 and such minimum
 10 penalty shall apply whether or not any tax is due for the period for which such return was required. If such failure is due to providential
 11 or other good cause shown to the satisfaction of the Tax Commissioner, such return with or without remittance may be accepted
 12 exclusive of penalties. In the case of a false or fraudulent return where willful intent exists to defraud the Commonwealth of any tax
 13 due under this chapter, or in the case of a willful failure to file a return with the intent to defraud the Commonwealth of any such tax, a
 14 specific penalty of ~~fifty~~ 50 percent of the amount of the proper tax shall be assessed. All penalties and interest imposed by this chapter
 15 shall be payable by the dealer and collectible by the Tax Commissioner in the same manner as if they were a part of the tax imposed.

16 B. It shall be prima facie evidence of intent to defraud the Commonwealth of any tax due under this chapter when any dealer
 17 reports ~~his~~ *its* gross sales, gross proceeds or cost price, as the case may be, at ~~fifty~~ 50 percent or less of the actual amount.

18 C. Interest at a rate determined in accordance with § 58.1-15, shall accrue on the tax until the same is paid, or until an assessment is
 19 made, pursuant to § 58.1-15, after which interest shall accrue as provided therein.

20 D. Notwithstanding any other provision of this section, any remote seller or marketplace facilitator that has collected an incorrect
 21 amount of sales and use tax shall be relieved from liability for such amount, including any penalty or interest, if the error is a result of
 22 the remote seller's or marketplace facilitator's reasonable reliance on information provided by the Commonwealth.

23 8. That the provisions of Chapter 766 of the Acts of Assembly of 2013 amending §§ 58.1-601, 58.1-602, 58.1-605, 58.1-606, 58.1-
 24 612, 58.1-615, and 58.1-635, as they may become effective, of the Code of Virginia are repealed.

25 9. That the fourth enactment of Chapter 766 of the Acts of Assembly of 2013 is amended and reenacted as follows:

26 4. That Article 22 (§§ 58.1-540 through 58.1-549) of Chapter 3 of Title 58.1 of the Code of Virginia, §§ ~~58.1-609-13~~, 58.1-2289, as
 27 it may become effective, 58.1-2290, and 58.1-2701, as it may become effective, of the Code of Virginia and the second enactment
 28 of Chapter 822 of the Acts of Assembly of 2009, as amended by Chapter 535 of the Acts of Assembly of 2012, are repealed.

29 10. That the seventh and fifteenth enactments of Chapter 766 of the Acts of Assembly of 2013 and the twelfth enactment of Chapter
 30 684 of the Acts of Assembly of 2015, as amended by Chapters 854 and 856 of the Acts of Assembly of 2018, are repealed.

31 11. That nothing in this act shall be construed to appropriate or transfer any transportation revenues for nontransportation
 32 purposes pursuant to the twenty-second enactment of Chapter 896 of the Acts of Assembly of 2007 or the fourteenth enactment of
 33 Chapter 766 of the Acts of Assembly of 2013.

34 12. That the provisions of this act requiring remote sales and use tax collection by remote sellers and marketplace facilitators shall
 35 not apply to any retail sales transactions occurring before July 1, 2019; however, transactions occurring before July 1, 2019, may
 36 be included in the calculation of gross revenue or retail transactions pursuant to the provisions of subdivisions C 10 and 11 of §
 37 58.1-612 of the Code of Virginia, as amended by this act. Notwithstanding the sixth enactment clause of House Bill 1722, 2019 Acts
 38 of Assembly, and the sixth enactment clause of Senate Bill 1083, 2019 Acts of Assembly, the Department of Taxation is not
 39 permitted to temporarily suspend or delay the collection or reporting requirements, or both, of a marketplace facilitator.

40 13. That the Department of Taxation shall develop guidelines implementing the provisions of the seventh and twelfth enactment
 41 clauses of this act, including guidelines implementing the provisions of subsection D of § 58.1-612.1 of the Code of Virginia, as
 42 created by this act, creating a waiver. Such guidelines shall be exempt from the provisions of the Administrative Process Act (§ 2.2-
 43 4000 et seq. of the Code of Virginia).

44 14. That should any portion of this act be held unconstitutional by a court of competent jurisdiction, the remaining portions of this
 45 act shall remain in effect.

46 15. That the provisions of the seventh enactment of this Act shall apply beginning July 1, 2019.

47 16. That § 58.1-638.2 of the Code of Virginia is repealed.

48 17. That the provisions of the first, second and ~~fourth~~ fifth enactments of this act shall expire at midnight on June 30, 2020. The
 49 provisions of the ~~second and third~~, fourth, sixth, seventh, eighth, ninth, tenth, eleventh, twelfth, thirteenth, fourteenth, fifteenth,
 50 and sixteenth enactments shall have no expiration date.
