45	d. Students enrolled in an Individualized Student Alternative Education Program (ISAEP)				
46	pursuant to § 22.1-254 E shall be counted in the March 31 Average Daily Membership of the				
47	responsible school division. School divisions shall report these students separately in their				
48	March 31 reports of Average Daily Membership.				
49	2. "Standards of Quality" - Operations standards for grades kindergarten through 12 as				
50	prescribed by the Board of Education subject to revision by the General Assembly.				

ITEM 145.	Item Details(\$)		Appropriations(\$)	
	First Year FY2021	Second Year FY2022	First Year FY2021	Second Year FY2022
1	3.a. "Basic Operation Cost" - The cost per pupil, including provision for the number of			
2	instructional personnel required by the Standards of Quality for each school division with			
3	a minimum ratio of 51 professional personnel for each 1,000 pupils or proportionate			
4	number thereof, in March 31 ADM for the same fiscal year for which the costs are			
5	computed, and including provision for driver, gifted, occupational-vocational, and special			
6	education, library materials and other teaching materials, teacher sick leave, general			
7	administration, division superintendents' salaries, free textbooks (including those for free			
8	and reduced price lunch pupils), school nurses, operation and maintenance of school plant,			
9	transportation of pupils, instructional television, professional and staff improvement,			
10	remedial work, fixed charges and other costs in programs not funded by other state and/or			
11	federal aid.			
12	b. The state and local shares of funding resulting from the support cost calculation for			
13	school nurses shall be specifically identified as such and reported to school divisions			
14	annually. School divisions may spend these funds for licensed school nurse positions			
15	employed by the school division or for licensed nurses contracted by the local school			
16	division to provide school health services.			
17	4.a. "Composite Index of Local Ability-to-Pay" - An index figure computed for each			
18	locality. The composite index is the sum of 2/3 of the index of wealth per pupil in			
19	unadjusted March 31 ADM reported for the first seven (7) months of the 2017-2018			
20	school year and 1/3 of the index of wealth per capita (population estimates for 2017 as			
21	determined by the Weldon Cooper Center for Public Service of the University of Virginia)			
22	multiplied by the local nominal share of the costs of the Standards of Quality of 0.45 in			
23	each year. The indices of wealth are determined by combining the following constituent			
24	index elements with the indicated weighting: (1) true values of real estate and public			
25	service corporations as reported by the State Department of Taxation for the calendar year			
26	2017 - 50 percent; (2) adjusted gross income for the calendar year 2017 as reported by the			
27	State Department of Taxation - 40 percent; (3) the sales for the calendar year 2017 which			
28	are subject to the state general sales and use tax, as reported by the State Department of			
29	Taxation - 10 percent. Each constituent index element for a locality is its sum per March			
30	31 ADM, or per capita, expressed as a percentage of the state average per March 31 ADM,			
31	or per capita, for the same element. A locality whose composite index exceeds 0.8000			
32	shall be considered as having an index of 0.8000 for purposes of distributing all payments			
33	based on the composite index of local ability-to-pay. Each constituent index element for a			
34	locality used to determine the composite index of local ability-to-pay for the current			
35	biennium shall be the latest available data for the specified official base year provided to			
36	the Department of Education by the responsible source agencies no later than November			
37	15, 2019.			
38	b. For any locality whose total calendar year 2017 Virginia Adjusted Gross Income is			
39	comprised of at least 3 percent or more by nonresidents of Virginia, such nonresident			
40	income shall be excluded in computing the composite index of ability-to-pay. The			
41	Department of Education shall compute the composite index for such localities by using			
42	adjusted gross income data which exclude nonresident income, but shall not adjust the			
43	composite index of any other localities. The Department of Taxation shall furnish to the			
44	Department of Education such data as are necessary to implement this provision.			
45	c.1) Notwithstanding the funding provisions in § 22.1-25 D, Code of Virginia, additional			
46	state funding for future consolidations shall be as set forth in future Appropriation Acts.			
47	2) In the case of the consolidation of Bedford County and Bedford City school divisions,			
48	the fifteen year period for the application of a new composite shall apply beginning with			
49	the fiscal year that starts on July 1, 2013. The composite index established by the Board of			
50	Education shall equal the lowest composite index that was in effect prior to July 1, 2013,			
51	of any individual localities involved in such consolidation, and this index shall remain in			
52	effect for a period of fifteen years, unless a lower composite index is calculated for the			
53	combined division through the process for computing an index as set forth above.			
54	3) If the composite index of a consolidated school division is reduced during the course of			
55	the fifteen year period to a level that would entitle the school division to a lower interest			
56	rate for a Literary Fund loan than it received when the loan was originally released, the			
57	Board of Education shall reduce the interest rate of such loan for the remainder of the			

ITEM 145.	Item Details(\$)		Appropriations(\$)	
	First Year FY2021	Second Year FY2022	First Year FY2021	Second Year FY2022
1	period of the loan. Such reduction shall be based on the interest rate that would apply at the			
2	time of such adjustment. This rate shall remain in effect for the duration of the loan and shall			
3	apply only to those years remaining to be paid.			
4	d.1) When it is determined that a substantial error exists in a constituent index element, the			
5	Department of Education will make adjustments in funding for the current school year only in			
6	the division where the error occurred. The composite index of any other locality shall not be			
7	changed as a result of the adjustment. No adjustment during the biennium will be made as a			
8	result of updating of data used in a constituent index element.			
9	2.) A payment estimated at \$197,155 the first year and \$198,755 the second year from the			
10	general fund shall be disbursed to Montgomery County school division for a substantial error			
11	in the composite index of the locality for the 2020-2022 biennium. The composite index of			
12	any other locality shall not be changed as a result of the adjustment for Montgomery County.			
13	e. In the event that any school division consolidates two or more small schools, the division			
14	shall continue to receive Standards of Quality funding and provide for the required local			
15	expenditure for a period of five years as if the schools had not been consolidated. Small			
16	schools are defined as any elementary, middle, or high school with enrollment below 200, 300			
17	and 400 students, respectively.			
18	5. "Required Local Expenditure for the Standards of Quality" - The locality's share based on			
19	the composite index of local ability-to-pay of the cost required by all the Standards of Quality			
20	minus its estimated revenues from the state sales and use tax dedicated to public education			
21	and those sales tax revenues transferred to the general fund from the Public Education			
22	Standards of Quality/Local Real Estate Property Tax Relief Fund and appropriated in this			
23	Item, both of which are returned on the basis of the latest yearly estimate of school age			
24	population provided by the Weldon Cooper Center for Public Service, as specified in this			
25	Item, collected by the Department of Education and distributed to school divisions in the			
26	fiscal year in which the school year begins.			
27	6. "Required Local Match" - The locality's required share of program cost based on the			
28	composite index of local ability-to-pay for all Lottery and Incentive programs, where			
29	required, in which the school division has elected to participate in a fiscal year.			
30	7. "Planning District Eight" - The nine localities which comprise Planning District Eight are			
31	Arlington County, Fairfax County, Loudoun County, Prince William County, Alexandria			
32	City, Fairfax City, Falls Church City, Manassas City, and Manassas Park City.			
33	8. "State Share of the Standards of Quality" - The state share of the Standards of Quality			
34	(SOQ) shall be equal to the total funded SOQ cost for a school division less the school			
35	division's estimated revenues from the state sales and use tax dedicated to public education			
36	based on the latest yearly estimate of school age population provided by the Weldon Cooper			
37	Center for Public Service, adjusted for the state's share of the composite index of local ability			
38	to pay.			
39	9. Entitlements under this Item that use school-level or division-level Free Lunch eligibility			
40	percentages to determine the entitlement amounts are based on the most recent data available			
41	as of the biennial rebenchmarking calculations made for the current biennium. For schools			
42	that participate in the Community Eligibility Provision program, such entitlements are based			
43	on the most recent Free Lunch eligibility data available prior to that school's enrollment in the			
44	Community Eligibility Provision program.			
45	10. In the event that the general fund appropriations in this Item are not sufficient to meet the			
46	entitlements payable to school divisions pursuant to the provisions of this Item, the			
47	Department of Education is authorized to transfer any available general fund funds between			
48	these Items to address such insufficiencies. If the total general fund appropriations after such			
49	transfers remain insufficient to meet the entitlements of any program funded with general			
50	fund dollars, the Department of Education is authorized to prorate such shortfall			
51	proportionately across all of the school divisions participating in any program where such			
52	shortfall occurred.			
53	11. The Department of Education is directed to apply a cap on inflation rates in the same			
54	manner prescribed in § 51.1-166.B, Code of Virginia, when updating funding to school

1	divisions during the biennial rebenchmarking process.			
2	12. Notwithstanding any other provision in statute or in this Item, the Department of			
3	Education is directed to combine the end-of-year Average Daily Membership (ADM) for			
4	those school divisions who have partnered together as a fiscal agent division and a			
5	contractual division for the purposes of calculating prevailing costs included in the			
6	Standards of Quality (SOQ).			
7	13. Notwithstanding any other provision in statute or in this Item, the Department of			
8	Education is directed to include zeroes in the linear weighted average calculation of			
9	support non-personal costs for the purpose of calculating prevailing costs included in the			
10	Standards of Quality (SOQ).			
11	14. Notwithstanding any other provision in statute or in this Item, the Department of			
12	Education is directed to eliminate the corresponding and appropriate object code(s) related			
13	to reported travel expenditures included the linear weighted average non-personal cost			
14	calculations for the purpose of calculating prevailing costs included in the Standards of			
15	Quality (SOQ).			
16	15. Notwithstanding any other provision in statute or in this Item, the Department of			
17	Education is directed to eliminate the corresponding and appropriate object code(s) related			
18	to reported leases and rental and facility expenditures included the linear weighted average			
19	non-personal cost calculations for the purpose of calculating prevailing costs included in			
20	the Standards of Quality (SOQ).			
21	16. Notwithstanding any other provision in statute or in this Item, the Department of			
22	Education is directed to fund transportation costs using a 15 year replacement schedule,			
23	which is the national standard guideline, for school bus replacement schedule for the			
24	purpose of calculating funded transportation costs included in the Standards of Quality			
25	(SOQ).			
26	17. To provide additional flexibility, notwithstanding the provisions of § 22.1-79.1, Code			
27	of Virginia, any school division that was granted a waiver regarding the opening date of			
28	the school year for the 2011-2012 school year under the good cause requirements shall			
29	continue to be granted a waiver for the 2020-2021 school year and the 2021-2022 school			
30	year.			
31	18. In the first year, to provide temporary flexibility, notwithstanding any other provision			
32	in statute or in this item, school divisions may elect to increase the teacher to pupil staffing			
33	ratios in kindergarten through grade 7 and English classes for grades 6 through 12 by one			
34	additional student; the teacher to pupil staffing ratio requirements for Elementary			
35	Resource teachers, Prevention, Intervention and Remediation, Gifted and Talented, Career			
36	and Technical funded programs (other than on Career and Technical courses where school			
37	divisions will have to maintain a maximum class size based on federal Occupational			
38	Safety & Health Administration safety requirements) are waived; and the instructional and			
39	support technology positions, and librarian staffing ratios for new hires are waived.			
40	In the first year, school divisions shall report to the Board of Education the number and			
41	type of positions that were not filled in the previous school year and during the current			
42	school year through these flexibility provisions. The Board of Education shall include a			
43	compilation of such responses in its report on the conditions and needs of public education			
44	in the Commonwealth, that is required to be submitted to the Governor and General			
45	Assembly no later than December 1, as referenced in §§ 22.1-18 and 22.1-253.13:8 of the			
46	Code of Virginia.			
47	B. General Conditions			
48	1. The Standards of Quality cost in this Item related to fringe benefits shall be limited for			
49	instructional staff members to the employer's cost for a number not exceeding the number			
50	of instructional positions required by the Standards of Quality for each school division and			
51	for their salaries at the statewide prevailing salary levels as printed below.

8	benefit costs of 55 percent of the employer's cost distributed on the basis of the composite				
9	index.				
10	2) A locality whose composite index exceeds 0.8000 shall be considered as having an index				
11	of 0.8000 for purposes of distributing fringe benefit funds under this provision.				
12	3) The state payment to each school division for retirement, social security, and group life				
13	insurance costs for non-instructional personnel is included in and distributed through Basic				
14	Aid.

18	Aid.				
19	2. Each locality shall offer a school program for all its eligible pupils which is acceptable to				
20	the Department of Education as conforming to the Standards of Quality program

22	3. In the event the statewide number of pupils in March 31 ADM results in a state share of				
23	cost exceeding the general fund appropriation in this Item, the locality's state share of Basic				
24	Aid shall be reduced proportionately so that this general fund appropriation will not be				
25	exceeded. In addition, the required local share of Basic Aid shall also be reduced				
26	proportionately to the reduction in the state's share.				
27	4. The Department of Education shall make equitable adjustments in the computation of				
28	indices of wealth and in other state-funded accounts for localities affected by annexation,				
29	unless a court of competent jurisdiction makes such adjustments. However, only the indices of				
30	wealth and other state-funded accounts of localities party to the annexation will be adjusted.				
31	5. In the event that the actual revenues from the state sales and use tax dedicated to public				
32	education and those sales tax revenues transferred to the general fund from the Public				
33	Education Standards of Quality/Local Real Estate Property Tax Relief Fund and appropriated				
34	in this Item (both of which are returned on the basis of the latest yearly estimate of school age				
35	population provided by the Weldon Cooper Center for Public Service) for sales in the fiscal				
36	year in which the school year begins are different from the number estimated as the basis for				
37	this appropriation, the estimated state sales and use tax revenues shall not be adjusted.				
38	6. This appropriation shall be apportioned to the public schools with guidelines established by				
39	the Department of Education consistent with legislative intent as expressed in this act.				
40	7.a. Appropriations of state funds in this Item include the number of positions required by the

43	Occupational-Vocational Education Payments and Special Education Payments; a minimum				
44	of 6.0 professional instructional positions and aide positions (C 7 and C 8) for each 1,000				
45	pupils in March 31 ADM each year in support of the current Standards of Quality. Funding in				
46	support of one hour of additional instruction per day based on the percent of students eligible				
47	for the federal free lunch program with a pupil-teacher ratio range of 18:1 to 10:1, depending				
48	upon a school division's combined failure rate on the English and Math Standards of				
49	Learning, is included in Remedial Education Payments (C 9).				
50	b. No actions provided in this section signify any intent of the General Assembly to mandate				
51	an increase in the number of instructional personnel per 1,000 students above the numbers				
52	explicitly stated in the preceding paragraph.				

ITEM 145.	Item Details(\$)		Appropriations(\$)	
	First Year FY2021	Second Year FY2022	First Year FY2021	Second Year FY2022
1	c. Appropriations in this Item include programs supported in part by transfers to the			
2	general fund from the Public Education Standards of Quality/Local Real Estate Property			
3	Tax Relief Fund pursuant to Part 3 of this Act. These transfers combined together with			
4	other appropriations from the general fund in this Item funds the state's share of the			
5	following revisions to the Standards of Quality pursuant to Chapters 939 & 955 of the			
6	Acts of Assembly of 2004: five elementary resource teachers per 1,000 students; one			
7	support technology position per 1,000 students; one instructional technology position per			
8	1,000 students; and a full daily planning period for teachers at the middle and high school			
9	levels in order to relieve the financial pressure these education programs place on local			
10	real estate taxes.			
11	d. To provide flexibility, school divisions may use the state and local funds for			
12	instructional technology resource teachers required by the Standards of Quality to employ			
13	a data coordinator position, an instructional technology resource teacher position, or a data			
14	coordinator/instructional resource teacher blended position. The data coordinator position			
15	is intended to serve as a resource to principals and classroom teachers in the area of data			
16	analysis and interpretation for instructional and school improvement purposes, as well as			
17	for overall data management and administration of state assessments. School divisions			
18	using these SOQ funds in this manner shall only employ instructional personnel licensed			
19	by the Board of Education.			
20	e. To provide flexibility in the provision of reading intervention services, school divisions			
21	may use the state Early Reading Intervention initiative funding provided from the Lottery			
22	Proceeds Fund and the required local matching funds to employ reading specialists to			
23	provide the required reading intervention services. School divisions using the Early			
24	Reading Intervention Initiative funds in this manner shall only employ instructional			
25	personnel licensed by the Board of Education.			
26	f. To provide flexibility in the provision of mathematics intervention services, school			
27	divisions may use the state Standards of Learning Algebra Readiness initiative funding			
28	provided from the Lottery Proceeds Fund and the required local matching funds to employ			
29	mathematics teacher specialists to provide the required mathematics intervention services.			
30	School divisions using the Standards of Learning Algebra Readiness initiative funding in			
31	this manner shall only employ instructional personnel licensed by the Board of Education.			
32	g. Notwithstanding the provisions of subsection H of § 22.1-253.13:2, Code of Virginia,			
33	each school board shall employ the following full-time equivalent school counselor			
34	positions for any school that reports fall membership, according to the type of school and			
35	student enrollment: in elementary schools, one hour per day per 91 students, one full-time			
36	at 455 students, one hour per day additional time per 91 students or major fraction thereof;			
37	in middle schools, one period per 74 students, one full-time at 370 students, one additional			
38	period per 74 students or major fraction thereof; in high schools, one period per 65			
39	students, one full-time at 325 students, one additional period per 65 students or major			
40	fraction thereof.			
41	8.a.1) Pursuant to § 22.1-97, Code of Virginia, the Department of Education is required to			
42	make calculations at the start of the school year to ensure that school divisions have			
43	appropriated adequate funds to support their estimated required local expenditure for the			
44	corresponding state fiscal year. In an effort to reduce the administrative burden on school			
45	divisions resulting from state data collections, such as the one needed to make the			
46	aforementioned calculations, the requirements of § 22.1-97, Code of Virginia, pertaining			
47	to the adequacy of estimated required local expenditures, shall be satisfied by signed			
48	certification by each division superintendent at the beginning of each school year that			
49	sufficient local funds have been budgeted to meet all state required local effort and			
50	required local match amounts. This provision shall only apply to calculations required of			
51	the Department of Education related to estimated required local expenditures and shall not			
52	pertain to the calculations associated with actual required local expenditures after the close			
53	of the school year.			
54	2) The Department of Education shall also make calculations after the close of the school			
55	year to verify that the required local effort level, based on actual March 31 Average Daily			
56	Membership, was met. Pursuant to § 22.1-97, Code of Virginia, the Department of			
57	Education shall report annually, no later than the first day of the General Assembly

1	session, to the House Committees on Education and Appropriations and the Senate			
2	Committees on Finance and Education and Health, the results of such calculations made after			
3	the close of the school year and the degree to which each school division has met, failed to			
4	meet, or surpassed its required local expenditure. The Department of Education shall specify			
5	the calculations to determine if a school division has expended its required local expenditure			
6	for the Standards of Quality. This calculation may include but is not limited to the following			
7	calculations:			
8	b. The total expenditures for operation, defined as total expenditures less all capital outlays,			
9	expenditures for debt service, facilities, non-regular day school programs (such as adult			
10	education, preschool, and non-local education programs), and any transfers to regional			
11	programs will be calculated.			
12	c. The following state funds will be deducted from the amount calculated in paragraph a.			
13	above: revenues from the state sales and use tax (returned on the basis of the latest yearly			
14	estimate of school age population provided by the Weldon Cooper Center for Public Service,			
15	as specified in this Item) for sales in the fiscal year in which the school year begins; total			
16	receipts from state funds (except state funds for non-regular day school programs and state			
17	funds used for capital or debt service purposes); and the state share of any balances carried			
18	forward from the previous fiscal year. Any qualifying state funds that remain unspent at the			
19	end of the fiscal year will be added to the amount calculated in paragraph a. above.			
20	d. Federal funds, and any federal funds carried forward from the previous fiscal year, will also			
21	be deducted from the amount calculated in paragraph a. above. Any federal funds that remain			
22	unspent at the end of the fiscal year and any capital expenditures paid from federal funds will			
23	be added to the amount calculated in paragraph a. above.			
24	e. Tuition receipts, receipts from payments from other cities or counties, and fund transfers			
25	will also be deducted from the amount calculated in paragraph a, then			
26	f. The final amount calculated as described above must be equal to or greater than the required			
27	local expenditure defined in paragraph A. 5.			
28	g. The Department of Education shall collect the data necessary to perform the calculations of			
29	required local expenditure as required by this section.			
30	h. A locality whose expenditure in fact exceeds the required amount from local funds may not			
31	reduce its expenditures unless it first complies with all of the Standards of Quality.			
32	9.a. Any required local matching funds which a locality, as of the end of a school year, has			
33	not expended, pursuant to this Item, for the Standards of Quality shall be paid by the locality			
34	into the general fund of the state treasury. Such payments shall be made not later than the end			
35	of the school year following that in which the under expenditure occurs.			
36	b. Whenever the Department of Education has recovered funds as defined in the preceding			
37	paragraph a., the Secretary of Education is authorized to repay to the locality affected by that			
38	action, seventy-five percent (75%) of those funds upon his determination that:			
39	1) The local school board agrees to include the funds in its June 30 ending balance for the			
40	year following that in which the under expenditure occurs;			
41	2) The local governing body agrees to reappropriate the funds as a supplemental appropriation			
42	to the approved budget for the second year following that in which the under expenditure			
43	occurs, in an appropriate category as requested by the local school board, for the direct benefit			
44	of the students;			
45	3) The local school board agrees to expend these funds, over and above the funds required to			
46	meet the required local expenditure for the second year following that in which the under			
47	expenditure occurs, for a special project, the details of which must be furnished to the			
48	Department of Education for review and approval;			
49	4) The local school board agrees to submit quarterly reports to the Department of Education			
50	on the use of funds provided through this project award; and			
51	5) The local governing body and the local school board agree that the project award will be

2	30 of the second year following that in which the under expenditure occurs.			
3	c. There is hereby appropriated, for the purposes of the foregoing repayment, a sum			
4	sufficient, not to exceed 75 percent of the funds deposited in the general fund pursuant to			
5	the preceding paragraph a.			
6	10. The Department of Education shall specify the manner for collecting the required			
7	information and the method for determining if a school division has expended the local			
8	funds required to support the actual local match based on all Lottery and Incentive			
9	programs in which the school division has elected to participate. Unless specifically stated			
10	otherwise in this Item, school divisions electing to participate in any Lottery or Incentive			
11	program that requires a local funding match in order to receive state funding, shall certify			
12	to the Department of Education its intent to participate in each program by July 1 each

14	certification process, each division superintendent must also certify that adequate local			
15	funds have been appropriated, above the required local effort for the Standards of Quality,			
16	to support the projected required local match based on the Lottery and Incentive programs			
17	in which the school division has elected to participate. State funding for such program(s)			
18	shall not be made until such time that the school division can certify that sufficient local			
19	funding has been appropriated to meet required local match. The Department of Education			
20	shall make calculations after the close of the fiscal year to verify that the required local			
21	match was met based on the state funds that were received.			
22	11. Any sum of local matching funds for Lottery and Incentive program which a locality			
23	has not expended as of the end of a fiscal year in support of the required local match			
24	pursuant to this Item shall be paid by the locality into the general fund of the state treasury			
25	unless the carryover of those unspent funds is specifically permitted by other provisions of			
26	this act. Such payments shall be made no later than the end of the school year following			
27	that in which the under expenditure occurred.			
28	12. The Superintendent of Public Instruction shall provide a report annually, no later than			
29	the first day of the General Assembly session, on the status of teacher salaries, by local			
30	school division, to the Governor and the Chairmen of the Senate Finance and House			
31	Appropriations Committees. In addition to information on average salaries by school			
32	division and statewide comparisons with other states, the report shall also include			
33	information on starting salaries by school division and average teacher salaries by school.			
34	13. All state and local matching funds required by the programs in this Item shall be			
35	appropriated to the budget of the local school board.			
36	14. By November 15 of each year, the Department of Planning and Budget, in cooperation			
37	with the Department of Education, shall prepare and submit a preliminary forecast of			
38	Standards of Quality expenditures, based upon the most current data available, to the			
39	Chairmen of the House Appropriations and Senate Finance Committees. In odd-numbered			
40	years, the forecast for the current and subsequent two fiscal years shall be provided. In			
41	even-numbered years, the forecast for the current and subsequent fiscal year shall be			
42	provided. The forecast shall detail the projected March 31 Average Daily Membership and			
43	the resulting impact on the education budget.			
44	15. School divisions may choose to use state payments provided for Standards of Quality			
45	Prevention, Intervention, and Remediation in both years as a block grant for remediation			
46	purposes, without restrictions or reporting requirements, other than reporting necessary as			
47	a basis for determining funding for the program.			
48	16. Except as otherwise provided in this act, the Superintendent of Public Instruction shall			
49	provide guidelines for the distribution and expenditure of general fund appropriations and			
50	such additional federal, private and other funds as may be made available to aid in the			
51	establishment and maintenance of the public schools.			
52	17. At the Department of Education's option, fees for audio-visual services may be			
53	deducted from state Basic Aid payments for individual local school divisions.

2	19. Payments for accounts related to the Standards of Quality made to localities for public			
3	education from the general fund, as provided herein, shall be payable in twenty-four semi-			
4	monthly installments at the middle and end of each month.			
5	20. Notwithstanding § 58.1-638 D., Code of Virginia, and other language in this Item, the			
6	Department of Education shall, for purposes of calculating the state and local shares of the			
7	Standards of Quality, apportion state sales and use tax dedicated to public education and those			
8	sales tax revenues transferred to the general fund from the Public Education Standards of			
9	Quality/ Local Real Estate Property Tax Relief Fund in the first year based on the July 1,			
10	2018, estimate of school age population provided by the Weldon Cooper Center for Public			
11	Service and, in the second year, based on the July 1, 2019, estimate of school age population			
12	provided by the Weldon Cooper Center for Public Service.			
13	Notwithstanding § 58.1-638 D., Code of Virginia, and other language in this Item, the State			
14	Comptroller shall distribute the state sales and use tax revenues dedicated to public education

17	the July 1, 2018, estimate of school age population provided by the Weldon Cooper Center for			
18	Public Service and, in the second year, based on the July 1, 2019, estimate of school age			
19	population provided by the Weldon Cooper Center for Public Service.			
20	21. The school divisions within the Tobacco Region, as defined by the Tobacco			
21	Indemnification and Community Revitalization Commission, shall jointly explore ways to			
22	maximize their collective expenditure reimbursement totals for all eligible E-Rate funding.			
23	22. This Item includes appropriations totaling an estimated \$657,959,397 the first year and			
24	\$666,104,670 the second year from the revenues deposited to the Lottery Proceeds Fund.			
25	These amounts are appropriated for distribution to counties, cities, and towns to support			
26	public education programs pursuant to Article X, Section 7-A Constitution of Virginia. Any			
27	county, city, or town which accepts a distribution from this fund shall provide its portion of			
28	the cost of maintaining an educational program meeting the Standards of Quality pursuant to			
29	Section 2 of Article VIII of the Constitution without the use of distributions from the fund.			
30	23. For reporting purposes, the Department of Education shall include Lottery Proceeds Funds			
31	as state funds.			
32	24.a. Any locality that has met its required local effort for the Standards of Quality accounts			
33	for FY 2021 and that has met its required local match for incentive or Lottery-funded			
34	programs in which the locality elected to participate in FY 2021 may carry over into FY 2022			
35	any remaining state Direct Aid to Public Education fund balances available to help minimize			
36	any FY 2022 revenue adjustments that may occur in state funding to that locality. Localities			
37	electing to carry forward such unspent state funds must appropriate the funds to the school			
38	division for expenditure in FY 2022.			
39	b. Any locality that has met its required local effort for the Standards of Quality accounts for			
40	FY 2022 and that has met its required local match for incentive or Lottery-funded programs in			
41	which the locality elected to participate in FY 2022 may carry over into FY 2023 any			
42	remaining state Direct Aid to Public Education fund balances available to help minimize any			
43	FY 2023 revenue adjustments that may occur in state funding to that locality. Localities			
44	electing to carry forward such unspent state funds must appropriate the funds to the school			
45	division for expenditure in FY 2023.			
46	25. Localities are encouraged to allow school boards to carry over any unspent local			
47	allocations into the next fiscal year. Localities are also encouraged to provide increased			
48	flexibility to school boards by appropriating state and local funds for public education in a			
49	lump sum.			
50	26. The Department of Education shall include in the annual School Performance Report Card			
51	for school divisions the percentage of each division's annual operating budget allocated to			
52	instructional costs. For this report, the Department of Education shall establish a methodology			
53	for allocating each school division's expenditures to instructional and non-instructional costs			
54	in a manner that is consistent with the funding of the Standards of Quality as approved by the

2	27. It is the intent of the General Assembly that all school divisions annually provide their				
3	employees, upon request, with a user-friendly statement of total compensation, including				
4	contract duration if less than 12 months.				
5	28. The Department of Education, in collaboration with the Virginia Community College				
6	System, will ensure that the same policies regarding the cost for dual enrollment courses				
7	held at a community college, are consistently applied to public school students and home-				
8	schooled students alike. These policies will clearly address the school division				
9	contributions and any student charges for dual enrollment courses, and will ensure that				
10	public school students and home-school students are treated in the same manner.				
11	29. Each school division shall report each year to the Department of Education the				
12	individual uses for the prior year of the following funds prescribed by this item: (i)				
13	Prevention, Intervention, and Remediation, (ii) At-Risk Add-On, and (iii) Early Reading				
14	Intervention. The Department shall prescribe the format and timeline required for the				
15	reporting of such information, which shall include, permitted categories of spending,				
16	personnel, both state and local contributions, and to the extent possible, the individual				
17	schools which these funds were expended. The Department shall compile and submit this

21	1. Subject to the conditions stated in this paragraph and in paragraph B of this Item, each				
22	locality shall receive sums as listed above within this program for the basic operation cost				
23	and payments in addition to that cost. The apportionment herein directed shall be inclusive				
24	of, and without further payment by reason of, state funds for library and other teaching				
25	materials.				
26	2. School Employee Retirement Contributions				
27	a. This Item provides funds to each local school board for the state share of the employer's				
28	retirement cost incurred by it, on behalf of instructional and support personnel, for				
29	subsequent transfer to the retirement allowance account as provided by Title 51.1, Chapter				
30	1, Code of Virginia.				
31	b. Notwithstanding § 51.1-1401, Code of Virginia, the Commonwealth shall provide				
32	payments for only the state share of the Standards of Quality fringe benefit cost of the				
33	retiree health care credit. This Item includes payments in both years based on the state				
34	share of fringe benefit costs of 55 percent of the employer's cost on funded Standards of				
35	Quality instructional and support positions, distributed based on the composite index of				
36	the local ability-to-pay.				
37	3. School Employee Social Security Contributions				
38	a. This Item provides funds to each local school board for the state share of the employer's				
39	Social Security cost incurred by it, on behalf of the instructional personnel for subsequent

41	b. Appropriations for contributions in paragraphs 2 and 3 above include payments from				
42	funds derived from the principal of the Literary Fund in accordance with Article VIII,				
43	Section 8, of the Constitution of Virginia. The amounts set aside from the Literary Fund

45	second year.				
46	4. School Employee Insurance Contributions				
47	This Item provides funds to each local school board for the state share of the employer's				
48	Group Life Insurance cost incurred by it on behalf of instructional personnel who				
49	participate in group insurance under the provisions of Title 51.1, Chapter 5, Code of				
50	Virginia.

ITEM 145.	Item Details(\$)		Appropriations(\$)	
	First Year FY2021	Second Year FY2022	First Year FY2021	Second Year FY2022
1	a.1) A state share of the Basic Operation Cost, which cost per pupil in March 31 ADM is			
2	established individually for each local school division based on the number of instructional			
3	personnel required by the Standards of Quality and the statewide prevailing salary levels			
4	(adjusted in Planning District Eight for the cost of competing) as well as recognized support			
5	costs calculated on a prevailing basis for an estimated March 31 ADM.			
6	2) This appropriation includes funding to recognize the common labor market in the			
7	Washington-Baltimore-Northern Virginia, DC-MD-VA-WV Combined Statistical Area.			
8	Standards of Quality salary payments for instructional and support positions in school			
9	divisions of the localities set out below have been adjusted for the equivalent portion of the			
10	Cost of Competing Adjustment (COCA) rates that are paid to local school divisions in			
11	Planning District Eight. For the counties of Stafford, Fauquier, Spotsylvania, Clarke, Warren,			
12	Frederick, and Culpeper and the Cities of Fredericksburg and Winchester, the SOQ payments			
13	for instructional and support positions have been increased by 25 percent each year of the			
14	COCA rates paid to school divisions in Planning District Eight.			
15	The support COCA rate is 16.0 percent.			
16	b. The state share for a locality shall be equal to the Basic Operation Cost for that locality less			
17	the locality's estimated revenues from the state sales and use tax (returned on the basis of the			
18	latest yearly estimate of school age population provided by the Weldon Cooper Center for			
19	Public Service, as specified in this Item), in the fiscal year in which the school year begins			
20	and less the required local expenditure.			
21	c. For the purpose of this paragraph, the Department of Taxation's fiscal year sales and use tax			
22	estimates are as cited in this Item.			
23	d. 1) In accordance with the provisions of § 37.2-713, Code of Virginia, the Department of

25	institutions within the Department of Behavioral Health and Developmental Services from the			
26	locality's Basic Aid payments.			
27	2) The amounts deducted from Basic Aid for the education of intellectually disabled persons			
28	shall be transferred to the Department of Behavioral Health and Developmental Services in			
29	support of the cost of educating such persons; the amount deducted from Basic Aid for the			
30	education of emotionally disturbed persons shall be used to cover extraordinary expenses			
31	incurred in the education of such persons. The Department of Education shall establish			
32	guidelines to implement these provisions and shall provide for the periodic transfer of sums			
33	due from each local school division to the Department of Behavioral Health and			
34	Developmental Services and for Special Education categorical payments. The amount of the			
35	actual transfers will be based on data accumulated during the prior school year.			
36	e. 1) The apportionment to localities of all driver education revenues received during the			
37	school year shall be made as an undesignated component of the state share of Basic Aid in			
38	accordance with the provisions of this Item. Only school divisions complying with the			
39	standardized program established by the Board of Education shall be entitled to participate in			
40	the distribution of state funds appropriated for driver education. The Department of Education			
41	will deduct a designated amount per pupil from a school division's Basic Aid payment when			
42	the school division is not in compliance with § 22.1-205 C, Code of Virginia. Such amount			
43	will be computed by dividing the current appropriation for the Driver Education Fund by			
44	actual March 31 ADM.			
45	2) Local school boards may charge a per pupil fee for behind-the-wheel driver education			
46	provided, however, that the fee charged plus the per pupil basic aid reimbursement for driver			
47	education shall not exceed the actual average per pupil cost. Such fees shall not be cause for a			
48	pro rata reduction in Basic Aid payments to school divisions.			
49	f. Textbooks			
50	1) The appropriation in this Item includes \$75,370,476 the first year and \$75,647,111 the			
51	second year from the general fund as the state's share of the cost of textbooks based on a per			
52	pupil amount of \$107.47 the first year and \$107.47 the second year. A school division shall			
53	appropriate these funds for textbooks or any other public education instructional expenditure			
54	by the school division. The state's distributions for textbooks shall be based on adjusted

6	textbooks or other electronic media resources integral to the curriculum and classroom			
7	instruction and the technical equipment required to read and access the electronic			
8	textbooks and electronic curriculum materials.			
9	4) Any funds provided to school divisions for textbook costs that are unexpended as of			
10	June 30, 2021, or June 30, 2022, shall be carried on the books of the locality to be			
11	appropriated to the school division the following year to be used for same purpose. School			
12	divisions are permitted to carry forward any remaining balance of textbook funds until the			
13	funds are expensed for a qualifying purpose.			
14	g. The one-cent state sales and use tax earmarked for education and the sales tax revenues			
15	transferred to the general fund from the Public Education Standards of Quality/Local Real			
16	Estate Property Tax Relief Fund and appropriated in this Item which are distributed to			
17	localities on the basis of the latest yearly estimate of school age population provided by			
18	the Weldon Cooper Center for Public Service as specified in this Item shall be reflected in			
19	each locality's annual budget for educational purposes as a separate revenue source for the			
20	current fiscal year.			
21	h. The appropriation for the Standards of Quality for Public Education (SOQ) includes			
22	amounts estimated at \$426,900,000 the first year and \$433,700,000 the second year from			
23	the amounts transferred to the general fund from the Public Education Standards of			
24	Quality/Local Real Estate Property Tax Relief Fund pursuant to Part 3 of this act which			
25	are derived from the 0.375 cent increase in the state sales and use tax levied pursuant to §			
26	58.1-638, Code of Virginia. These additional funds are provided to local school divisions			
27	and local governments in order to relieve the financial pressure education programs place			
28	on local real estate taxes.			
29	i. From the total amounts in paragraph h. above, an amount estimated at \$284,600,000 the			
30	first year and \$289,200,000 the second year (approximately 1/4 cent of sales and use tax)			
31	is appropriated to support a portion of the cost of the state's share of the following			
32	revisions to the Standards of Quality pursuant to Chapters 939 & 955 of the Acts of			
33	Assembly of 2004: five elementary resource teachers per 1,000 students; one support and			
34	one instructional technology position per 1,000 students; a full daily planning period for			
35	teachers at the middle and high school levels in order to relieve the pressure on local real			
36	estate taxes and shall be taken into account by the governing body of the county, city, or			
37	town in setting real estate tax rates.			
38	j. From the total amounts in paragraph h. above, an amount estimated at \$142,300,000 the			
39	first year and \$144,600,000 the second year (approximately 1/8 cent of sales and use tax)			
40	is appropriated in this Item to distribute the remainder of the revenues collected and			
41	deposited into the Public Education Standards of Quality/Local Real Estate Property Tax			
42	Relief Fund on the basis of the latest yearly estimate of school age population provided by			
43	the Weldon Cooper Center for Public Service as specified in this Item.			
44	k. For the purposes of funding certain support positions in Basic Aid, a funding ratio			
45	methodology is used based upon the prevailing ratio of actual support positions, consistent			
46	with those recognized for SOQ funding, to actual instructional positions, consistent with			
47	those recognized for SOQ funding, as established in Chapter 781, 2009 Acts of Assembly.			
48	For the purposes of making the required spending adjustments, the appropriation and			
49	distribution of Basic Aid shall reflect this methodology. Local school divisions shall have			
50	the discretion as to where the adjustment may be made, consistent with the Standards of			
51	Quality funded in this Act.			
52	6. Education of the Gifted Payments

54	school divisions to support the state share of one full-time equivalent instructional position

1	per 1,000 students in adjusted March 31 ADM.				
2	b. Local school divisions are required to spend, as part of the required local expenditure for				
3	the Standards of Quality the established per pupil cost for gifted education (state and local				
4	share) on approved programs for the gifted.				
5	7. Occupational-Vocational Education Payments				
6	a. An additional payment shall be disbursed by the Department of Education to the local				
7	school divisions to support the state share of the number of Vocational Education instructors				
8	required by the Standards of Quality. These funds shall be disbursed on the same basis as the				
9	payment is calculated.				
10	b. An amount estimated at \$129,097,464 the first year and \$129,160,173 the second year from				
11	the general fund included in Basic Aid Payments relates to vocational education programs in				
12	support of the Standards of Quality.				
13	8. Special Education Payments				
14	a. An additional payment shall be disbursed by the Department of Education to the local				
15	school divisions to support the state share of the number of Special Education instructors				
16	required by the Standards of Quality. These funds shall be disbursed on the same basis as the				
17	payment is calculated.				
18	b. Out of the amounts for special education payments, general fund support is provided to				
19	fund the caseload standards for speech pathologists at 68 students for each year of the				
20	biennium.				
21	9. Remedial Education Payments				
22	a. An additional payment estimated at \$121,073,126 the first year and \$121,259,822 the				
23	second year from the general fund shall be disbursed by the Department of Education to				
24	support the Board of Education's Standards of Quality Prevention, Intervention, and				
25	Remediation program adopted in June 2003.				
26	b. The payment shall be calculated based on one hour of additional instruction per day for				
27	identified students, using the three year average percent of students eligible for the federal				
28	Free Lunch program as a proxy for students needing such services. Fall membership shall be				
29	multiplied by the three year average division-level Free Lunch eligibility percentage to				
30	determine the estimated number of students eligible for services. Pupil-teacher ratios shall be				
31	applied to the estimated number of eligible students to determine the number of instructional				
32	positions needed for each school division. The pupil-teacher ratio applied for each school				
33	division shall range from 10:1 for those divisions with the most severe combined three year				
34	average failure rates for English and math Standards of Learning test scores to 18:1 for those				
35	divisions with the lowest combined three year average failure rates for English and math				
36	Standards of Learning test scores.				
37	c. Funding shall be matched by the local government based on the composite index of local

41	divisions may use state and local funds from the SOQ Prevention, Intervention, and				
42	Remediation account to employ additional English Language Learner teachers to provide				
43	instruction to identified limited English proficiency students. Using these funds in this manner				
44	is intended to supplement the instructional services provided through the staffing standard of				
45	20 instructional positions per 1,000 limited English proficiency students. School divisions				
46	using the SOQ Prevention, Intervention, and Remediation funds in this manner shall only				
47	employ instructional personnel licensed by the Board of Education.

1	payment shall be based on the state share of:			
2	1) A minimum 1.0 percent Add-On, as a percent of the per pupil basic aid cost, for each			
3	child who qualifies for the federal Free Lunch Program; and			
4	2) An addition to the Add-On, based on the concentration of children qualifying for the			
5	federal Free Lunch Program. Based on its percentage of Free Lunch participants, each			
6	school division will receive a total between 1.0 and 23.0 percent in the first year and			
7	between 1.0 and 26.0 percent in the second year in additional basic aid per Free Lunch			
8	participant. These funds shall be matched by the local government, based on the			
9	composite index of local ability-to-pay.

11	(state and local share) on approved programs for students who are educationally at risk.			
12	b) To receive these funds, each school division shall certify to the Department of			
13	Education that the state and local share of the At-Risk Add-On payment will be used to			
14	support approved programs for students who are educationally at risk. These programs			
15	may include: teacher recruitment programs and incentives, Dropout Prevention,			
16	community and school-based truancy officer programs, Advancement Via Individual			
17	Determination (AVID), Project Discovery, Reading Recovery, programs for students who			
18	speak English as a Second Language, hiring additional school guidance counselors, testing			
19	coordinators, and licensed behavior analysts, or programs related to increasing the success			
20	of disadvantaged students in completing a high school degree and providing opportunities			
21	to encourage further education and training. Further, in the first year only each school			
22	division shall report by August 1 to the Department the individual uses of these funds. The			
23	Department shall compile the responses and provide them to the Chairmen of House			
24	Appropriations and Senate Finance Committees no later than the first day of each Regular			
25	General Assembly Session.			
26	4) If the Board of Education has required a local school board to submit a corrective			
27	action plan pursuant to § 22.1-253.13:3, Code of Virginia, either for the school division			
28	pursuant to a division level review, or for any schools within its division that have been			
29	designated as not meeting the standards as approved by the Board of Education, the			
30	Superintendent of Public Instruction shall determine and report to the Board of Education			
31	whether each such local school board has met its obligation to develop and submit such			
32	corrective action plan(s) and is making adequate and timely progress in implementing the			
33	plan(s). Additionally, if an academic or other review process undertaken pursuant to §			
34	22.1-253.13:3, Code of Virginia, has identified actions for a local school board to			
35	implement, the Superintendent of Public Instruction shall determine and report to the			
36	Board of Education whether the local school board has implemented required actions. If			
37	the Superintendent certifies that a local school board has failed or refused to meet any of			
38	those obligations as referenced in a memorandum of understanding between the local			
39	school board and the Board of Education, the Board of Education shall withhold payment			
40	of some or all At-Risk Add-On funds otherwise allocated to the affected division pursuant			
41	to this allocation for the pending fiscal year. In determining the amount of At-Risk Add-			
42	On funds to be withheld, the Board of Education shall take into consideration the extent to			
43	which such funds have already been expended or contractually obligated. The local school			
44	board shall be given an opportunity to correct its failure and, if successful in a timely			
45	manner, may have some or all of its At-Risk Add-On funds restored at the Board of			
46	Education's discretion.			
47	f. Regional Alternative Education Programs			
48	1) An additional state payment of \$9,526,559 the first year and \$9,834,814 the second			
49	year from the Lottery Proceeds Fund shall be disbursed for Regional Alternative			
50	Education programs. Such programs shall be for the purpose of educating certain expelled			
51	students and, as appropriate, students who have received suspensions from public schools			
52	and students returned to the community from the Department of Juvenile Justice.			
53	2) Each regional program shall have a small student/staff ratio. Such staff shall include,			
54	but not be limited to education, mental health, health, and law enforcement professionals,			
55	who will collaborate to provide for the academic, psychological, and social needs of the			
56	students. Each program shall be designed to ensure that students make the transition back

1	into the "mainstream" within their local school division.				
2	3) a) Regional alternative education programs are funded through this Item based on the				
3	state's share of the incremental per pupil cost for providing such programs. This incremental				
4	per pupil payment shall be adjusted for the composite index of local ability-to-pay of the				
5	school division that counts such students attending such program in its March 31 Average				
6	Daily Membership. It is the intent of the General Assembly that this incremental per pupil				
7	amount be in addition to the basic aid per pupil funding provided to the affected school				
8	division for such students. Therefore, local school divisions are encouraged to provide the				
9	appropriate portion of the basic aid per pupil funding to the regional programs for students				
10	attending these programs, adjusted for costs incurred by the school division for transportation,				
11	administration, and any portion of the school day or school year that the student does not				
12	attend such program.				
13	b) In the event a school division does not use all of the student slots it is allocated under this				
14	program, the unused slots may be reallocated or transferred to another school division.				
15	1. A school division must request from the Department of Education the availability and				
16	possible use of any unused student slots. If any unused slots are available and if the requesting				
17	school division chooses to utilize any of the unused slots, the requesting school division shall				
18	only receive the state's share of tuition for the unused slot that was allocated in this Item for				
19	the originally designated school division.				
20	2. However, no requesting school division shall receive more tuition funding from the state				
21	for any requested unused slot than what would have been the calculated amount for the				
22	requesting school division had the unused slot been allocated to the requesting school division				
23	in the original budget. Furthermore, the requesting school division shall pay for any remaining				
24	tuition payment necessary for using a previously unused slot.				
25	3. The Department of Education shall provide assistance for the state share of the incremental				
26	cost of Regional Alternative Education program operations based on the composite index of				
27	local ability-to-pay.				
28	4) Out of the appropriation included in paragraph C.38. of this item, \$304,117 the first year				
29	and \$612,979 the second year from the Lottery Proceeds Fund are provided for a				
30	compensation supplement payment equal to 2.0 percent of base pay on July 1, 2020, and for a				
31	compensation supplement payment equal to 2.0 percent of base pay on July 1, 2021, for				
32	Regional Alternative Education Program instructional and support positions, as referenced in				
33	paragraph C. 38. of this item.				
34	5) The Department of Education shall develop a plan to determine and biennially				
35	rebenchmark the allocation of existing regional alternative education program slots to				
36	participating school divisions. In developing a plan, the Department shall (i) identify a				
37	mechanism to calculate slot distribution based on the number of students in a participating				
38	division requiring regional alternative education, (ii) identify needs to implement such a plan,				
39	including reporting from local school divisions, (iii) identify any legislative and				
40	Appropriation Act amendments necessary for implementation, and (iv) plan for the full				
41	implementation to rebenchmark the slot allocation of regional alternative education programs.				
42	The Department shall report the recommendation to the Secretary of Education, and the				
43	Chairs of the House Appropriations and Senate Finance and Appropriations Committees by				
44	August 1, 2021.				
45	g. Remedial Summer School				
46	1) This appropriation includes \$22,625,279 the first year and \$22,584,988 the second year				
47	from the general fund for the state's share of Remedial Summer School Programs. These				
48	funds are available to school divisions for the operation of programs designed to remediate				
49	students who are required to attend such programs during a summer school session or during				
50	an intersession in the case of year-round schools. These funds may be used in conjunction				
51	with other sources of state funding for remediation or intervention. School divisions shall				
52	have maximum flexibility with respect to the use of these funds and the types of remediation				
53	programs offered; however, in exercising this flexibility, students attending these programs				
54	shall not be charged tuition and no high school credit may be awarded to students who				
55	participate in this program.

1	2) For school divisions charging students tuition for summer high school credit courses,			
2	consideration shall be given to students from households with extenuating financial			
3	circumstances who are repeating a class in order to graduate.			
4	10. K-3 Primary Class Size Reduction Payments			
5	a. An additional payment estimated at \$141,698,697 the first year and \$141,828,973 the			
6	second year from the Lottery Proceeds Fund shall be disbursed by the Department of			
7	Education as an incentive for reducing class sizes in the primary grades.			
8	b. The Department of Education shall calculate the payment based on the incremental cost			
9	of providing the lower class sizes based on the lower of the division average per pupil cost			
10	of all divisions or the actual division per pupil cost.			
11	c. Localities are required to provide a match for these funds based on the composite index			
12	of local ability-to-pay.			
13	d. By October 15 of each year school divisions must provide data to the Department of			
14	Education that each participating school has a September 30 pupil/teacher ratio in grades			
15	K through 3 that meet the following criteria:			
16	Qualifying School Percentage of	Grades K-3	Maximum Individual	
17	Students Approved			
18	Eligible for Free Lunch, Three-Year	School Ratio	K-3 Class Size	
19	Average			
20	30% but less than 45%	19 to 1	24	
21	45% but less than 55%	18 to 1	23	
22	55% but less than 65%	17 to 1	22	
23	65% but less than 70%	16 to 1	21	
24	70% but less than 75%	15 to 1	20	
25	75% or more	14 to 1	19	
26	e. School divisions may elect to have eligible schools participate at a higher ratio, or only			
27	in a portion of grades kindergarten through three, with a commensurate reduction of state			
28	and required local funds, if local conditions do not permit participation at the established			
29	ratio and/or maximum individual class size. In the event that a school division requires			
30	additional actions to ensure participation at the established ratio and/or maximum			
31	individual class size, such actions must be completed by December 1 of the impacted			
32	school year. Special education teachers and instructional aides shall not be counted			
33	towards meeting these required pupil/teacher ratios in grades kindergarten through three.			
34	f. The Superintendent of Public Instruction may grant waivers to school divisions for the			
35	class size requirement in eligible schools that have only one class in an affected grade			
36	level in the school.			
37	11. Literary Fund Subsidy Program Payments			
38	a. The Department of Education and the Virginia Public School Authority (VPSA) shall			
39	provide a program of funding for school construction and renovation through the Literary			
40	Fund and through VPSA bond sales. The program shall be used to provide funds, through			
41	Literary Fund loans and subsidies, and through VPSA bond sales, to fund a portion of the			
42	projects on the First or Second Literary Fund Waiting List, or other critical projects which			
43	may receive priority placement on the First or Second Literary Fund Waiting List by the			
44	Department of Education. Interest rate subsidies will provide school divisions with the			
45	present value difference in debt service between a Literary Fund loan and a borrowing			
46	through the VPSA. To qualify for an interest rate subsidy, the school division's project			
47	must be eligible for a Literary Fund loan and shall be subject to the same restrictions. The			
48	VPSA shall work with the Department of Education in selecting those projects to be			
49	funded through the interest rate subsidy/bond financing program, so as to ensure the			
50	maximum leverage of Literary Fund moneys and a minimum impact on the VPSA Bond			
51	Pool.			
52	b. The Department of Education may offer Literary Fund loans from the uncommitted

4 c. 1) In the event that on any scheduled payment date of bonds of the Virginia Public School
 5 Authority (VPSA) authorized under the provisions of a bond resolution adopted subsequent to
 6 June 30, 1997, issued subsequent to June 30, 1997, and not benefiting from the provisions of
 7 either § 22.1-168 (iii), (iv), and (v), Code of Virginia, or § 22.1-168.1, Code of Virginia, the
 8 sum of (i) the payments on general obligation school bonds of cities, counties, and towns
 9 (localities) paid to the VPSA and (ii) the proceeds derived from the application of the
 10 provisions of § 15.2-2659, Code of Virginia, to such bonds of localities, is less than the debt
 11 service due on such bonds of the VPSA on such date, there is hereby appropriated to the
 12 VPSA, first, from available moneys of the Literary Fund and, second, from the general fund a
 13 sum equal to such deficiency.

14 2) The Commonwealth shall be subrogated to the VPSA to the extent of any such
 15 appropriation paid to the VPSA and shall be entitled to enforce the VPSA's remedies with
 16 respect to the defaulting locality and to full recovery of the amount of such deficiency,
 17 together with interest at the rate of the defaulting locality's bonds.

18 d. The chairman of the Board of Commissioners of the VPSA shall, on or before November 1
 19 of each year, make and deliver to the Governor and the Secretary of Finance a certificate
 20 setting forth his estimate of total debt service during each fiscal year of the biennium on
 21 bonds of the VPSA issued and projected to be issued during such biennium pursuant to the
 22 bond resolution referred to in paragraph a above. The Governor's budget submission each year
 23 shall include provisions for the payment of debt service pursuant to paragraph 1) above.

24 12. Educational Technology Payments

25 a. Any unobligated amounts transferred to the educational technology fund shall be disbursed
 26 on a pro rata basis to localities. The additional funds shall be used for technology needs
 27 identified in the division's technology plan approved by the Department of Education.

28 b. The Department of Education shall authorize estimated amounts as indicated in Table 1
 29 from the Literary Fund to provide debt service payments for the education technology grant
 30 program conducted through the Virginia Public School Authority in the referenced years.

39 c. It is the intent of the General Assembly to authorize sufficient Literary Fund revenues to
 40 pay debt service on the Virginia Public School Authority bonds or notes authorized for
 41 education technology grant programs. In developing the proposed 2022-2024, 2024-2026, and
 42 2026-2028 biennial budgets for public education, the Department of Education shall include a
 43 recommendation to the Governor to authorize sufficient Literary Fund revenues to make debt
 44 service payments for these programs in fiscal years 2023, 2024, 2025, 2026, and 2027.

45 d. 1) An education technology grant program shall be conducted through the Virginia Public
 46 School Authority, through the issuance of equipment notes in an amount estimated at
 47 \$57,533,200 in fiscal year 2021 and \$57,832,400 in fiscal year 2022. Proceeds of the notes
 48 will be used to establish a computer-based instructional and testing system for the Standards
 49 of Learning (SOL) and to develop the capability for high speed Internet connectivity at high
 50 schools followed by middle schools followed by elementary schools. School divisions shall
 51 use these funds first to develop and maintain the capability to support the administration of
 52 online SOL testing for all students with the exception of students with a documented need for
 53 a paper SOL test.

1	2) Grant funds from the issuance of \$57,533,200 in fiscal year 2021 and \$57,832,400 in				
2	fiscal year 2022 in equipment notes are based on a grant of \$26,000 per school and				
3	\$50,000 per school division. For purposes of this grant program, eligible schools shall				
4	include schools that are subject to state accreditation and reporting membership in grades				
5	K through 12 as of September 30, 2020, for the fiscal year 2021 issuance, and September				
6	30, 2021, for the fiscal year 2022 issuance, as well as regional vocational centers, special				
7	education centers, alternative education centers, regular school year Governor's Schools,				
8	CodeRVA Regional High School, and the School for the Deaf and the Blind. Schools that				
9	serve only pre-kindergarten students shall not be eligible for this grant.				
10	3. a.) Supplemental grants shall be allocated to eligible divisions to support schools that				
11	are not fully accredited in accordance with this paragraph. Schools that include a ninth				
12	grade that administer SOL tests in Spring 2020 and that are not fully accredited for the				
13	second consecutive year, based on school accreditation ratings in effect for fiscal year				
14	2020 and fiscal year 2021 will qualify to participate in the Virginia e-Learning Backpack				
15	Initiative in fiscal year 2021 and receive: (1) a supplemental grant of \$400 per student				
16	reported in ninth grade fall membership in a qualifying school for the purchase of a laptop				
17	or tablet for that student and (2) a supplemental grant of \$2,400 per qualifying school to				
18	purchase two content creation packages for teachers. Schools eligible to receive this				
19	supplemental grant in fiscal year 2021 shall continue to receive the grant for the number of				
20	subsequent years equaling the number of grades 9 through 12 in the qualifying school up				
21	to a maximum of four years. Schools that administer SOL tests in Spring 2021 and that are				
22	not fully accredited for the second consecutive year based on school accreditation ratings				
23	in effect for fiscal year 2021 and fiscal year 2022 will qualify to participate in the				
24	initiative in fiscal year 2022. Schools eligible for the supplemental grants in previous				
25	fiscal years shall continue to be eligible for the remaining years of their grant award.				
26	Schools eligible to receive this supplemental grant in fiscal year 2022 shall continue to				
27	receive the grant for the number of subsequent years equaling the number of grades 9				
28	through 12 in the qualifying school up to a maximum of four years. Grants awarded to				
29	qualifying schools that do not have grades 10, 11, or 12 may transition with the students to				
30	the primary receiving school for all years subsequent to grade 9. Schools are eligible to				
31	receive these grants for a period of up to four years beginning in fiscal year 2014 and shall				
32	not be eligible to receive a separate award in the future once the original award period has				
33	concluded. Schools that are fully accredited or that are new schools with conditional				
34	accreditation in their first year shall not be eligible to receive this supplemental grant.				
35	b.) Supplemental grants allocated to school divisions for participation in the Virginia e-				
36	Learning Backpack Initiative prior to fiscal year 2017 shall be used in eligible schools for				
37	(1) the purchase of a laptop or tablet for a student reported in ninth grade fall membership,				
38	and (2) the purchase of two content creation packages for teachers per grant. The amounts				
39	for such grants shall remain unchanged.				
40	4) Required local match:				
41	a) Localities are required to provide a match for these funds equal to 20 percent of the				
42	grant amount, including the supplemental grants provided pursuant to paragraph g. 5). At				
43	least 25 percent of the local match, including the match for supplemental grants, shall be				
44	used for teacher training in the use of instructional technology, with the remainder spent				
45	on other required uses. The Superintendent of Public Instruction is authorized to reduce				
46	the required local match for school divisions with a composite index of local ability-to-pay				
47	below 0.2000. The Virginia School for the Deaf and the Blind is exempt from the match				
48	requirement.				
49	b) School divisions that administer 100 percent of SOL tests online in all elementary,				
50	middle, and high schools may use up to 75 percent of their required local match to				
51	purchase targeted technology-based interventions. Such interventions may include the				
52	necessary technology and software to support online learning, technology-based content				
53	systems, content management systems, technology equipment systems, information and				
54	data management systems, and other appropriate technologies that support the individual				
55	needs of learners. School divisions that receive supplemental grants pursuant to paragraph				
56	g.5) above shall use the funds in qualifying schools to purchase laptops and tablets for				
57	ninth grade students reported in fall membership and content creation packages for				
58	teachers.

1	5) The goal of the education technology grant program is to improve the instructional,				
2	remedial, and testing capabilities of the Standards of Learning for local school divisions and				
3	to increase the number of schools achieving full accreditation.				
4	6) Funds shall be used in the following manner:				
5	a) Each division shall use funds to reach a goal, in each high school, of: (1) a 5-to-1 student to				
6	computer ratio; (2) an Internet-ready local area network (LAN) capability; and (3) high speed				
7	access to the Internet. School connectivity (computers, LANs and network access) shall				
8	include sufficient download/upload capability to ensure that each student will have adequate				
9	access to Internet-based instructional, remedial and assessment programs.				
10	b) When each high school in a division meets the goals established in paragraph a) above, the				
11	remaining funds shall be used to develop similar capability in first the middle schools and				
12	then the elementary schools.				
13	c) For purposes of establishing or enhancing a computer-based instructional program				
14	supporting the Standards of Learning pursuant to paragraph g. 1) above, these grant funds				
15	may be used to purchase handheld multifunctional computing devices that support a broad				
16	range of applications and that are controlled by operating systems providing full multimedia				
17	support and mobile Internet connectivity. School divisions that elect to use these grant funds				
18	to purchase such qualifying handheld devices must continue to meet the on-line testing				
19	requirements stated in paragraph g. 1) above.				
20	d) School divisions shall be eligible to receive supplemental grants pursuant to paragraph g.5)				
21	above. These supplemental grants shall be used in qualifying schools for the purchase of				
22	laptops and tablets for ninth grade students reported in fall membership and content creation				
23	packages for teachers. Participating school divisions will be required to select a core set of				
24	electronic textbooks, applications and online services for productivity, learning management,				
25	collaboration, practice, and assessment to be included on all devices. In addition, participating				
26	school divisions will assume recurring costs for electronic textbook purchases and				
27	maintenance.				
28	e) Pursuant to § 15.2-1302, Code of Virginia, and in the event that two or more school				
29	divisions became one school division, whether by consolidation of only the school divisions				
30	or by consolidation of the local governments, such resulting division shall be provided				
31	funding through this program on the basis of having the same number of school divisions as				
32	existed prior to September 30, 2000.				
33	7) Local school divisions shall maximize the use of available federal funds, including E-Rate				
34	Funds, and to the extent possible, use such funds to supplement the program and meet the				
35	goals of this program.				
36	e. The Department of Education shall maintain criteria to determine if high schools, middle				
37	schools, or elementary schools have the capacity to meet the goals of this initiative. The				
38	Department of Education shall be responsible for the project management of this program.				
39	f. 1) In the event that, on any scheduled payment date of bonds or notes of the Virginia Public				
40	School Authority (VPSA) issued for the purpose described in § 22.1-166.2, Code of Virginia,				
41	and not benefiting from the provisions of either § 22.1-168 (iii), (iv) and (v), Code of				
42	Virginia, or § 22.1-168.1, Code of Virginia, the available moneys in the Literary Fund are less				
43	than the amounts authorized for debt service due on such bonds or notes of the VPSA on such				
44	date, there is hereby appropriated to the VPSA from the general fund a sum equal to such				
45	deficiency.				
46	2) The Chairman of the Board of Commissioners of the VPSA shall, on or before November 1				
47	of each year, make and deliver to the Governor and the Secretary of Finance a certificate				
48	setting forth his estimate of total debt service during each fiscal year of the biennium on				
49	bonds and notes of the VPSA issued and projected to be issued during such biennium				
50	pursuant to the resolution referred to in paragraph 1) above. The Governor's budget				
51	submission each year shall include provisions for the payment of debt service pursuant to				
52	paragraph 1) above.

 5 with State Government" and for the purposes of § 56-234 "Contracts for Service Rendered
 6 by a Telephone Company for the State Government" shall be deemed to include
 7 communications lines into public schools which are used for educational technology. The
 8 rate structure for such lines shall be negotiated by the Superintendent of Public Instruction
 9 and the Chief Information Officer of the Virginia Information Technologies Agency.
 10 Further, the Superintendent and Director are authorized to encourage the development of
 11 "by-pass" infrastructure in localities where it fails to obtain competitive prices or prices
 12 consistent with the best rates obtained in other parts of the state.

13 2) The State Corporation Commission, in its consideration of the discount for services
 14 provided to elementary schools, secondary schools, and libraries and the universal service
 15 funding mechanisms as provided under § 254 of the Telecommunications Act of 1996, is
 16 hereby encouraged to make the discounts for intrastate services provided to elementary
 17 schools, secondary schools, and libraries for educational purposes as large as is prudently
 18 possible and to fund such discounts through the universal fund as provided in § 254 of the
 19 Telecommunications Act of 1996. The commission shall proceed as expeditiously as
 20 possible in implementing these discounts and the funding mechanism for intrastate
 21 services, consistent with the rules of the Federal Communications Commission aimed at
 22 the preservation and advancement of universal service.

23 13. Security Equipment Payments

24 1) A security equipment grant program shall be conducted through the Virginia Public
 25 School Authority, through the issuance of equipment notes in an amount estimated at up to
 26 \$12,000,000 in fiscal year 2021 and \$12,000,000 in fiscal year 2022 in conjunction with
 27 the Virginia Public School Authority technology notes program authorized in C.12. of this
 28 Item. Proceeds of the notes will be used to help offset the related costs associated with the
 29 purchase of appropriate security equipment that will improve and help ensure the safety of
 30 students attending public schools in Virginia.

31 2) The Department of Education shall authorize estimated amounts as indicated in Table 1
 32 from the Literary Fund to provide debt service payments for the security equipment grant
 33 programs conducted through the Virginia Public School Authority in the referenced years.

42 3) It is the intent of the General Assembly to authorize sufficient Literary Fund revenues
 43 to pay debt service on the Virginia Public School Authority bonds or notes authorized for
 44 this program. In developing the proposed 2022-2024, 2024-2026, and 2026-2028 biennial
 45 budgets for public education, the Department of Education shall include a
 46 recommendation to the Governor to authorize sufficient Literary Fund revenues to make
 47 debt service payments for these programs in fiscal years 2023, 2024, 2025, 2026, and
 48 2027.

49 4) In the event that, on any scheduled payment date of bonds or notes of the Virginia
 50 Public School Authority issued for the purpose described in § 22.1-166.2, Code of
 51 Virginia, and not benefiting from the provisions of either § 22.1-168 (iii), (iv) and (v),
 52 Code of Virginia, or § 22.1-168.1, Code of Virginia, the available moneys in the Literary
 53 Fund are less than the amounts authorized for debt service due on such bonds or notes on
 54 such date, there is hereby appropriated to the Virginia Public School Authority from the

1	general fund a sum equal to such deficiency.				
2	5) The Chairman of the Board of Commissioners of the Virginia Public School Authority				
3	shall, on or before November 1 of each year, deliver to the Governor and the Secretary of				
4	Finance a certificate setting forth his estimate of total debt service during each fiscal year of				
5	the biennium on bonds and notes issued and projected to be issued during such biennium. The				
6	Governor's budget submission each year shall include provisions for the payment of debt				
7	service pursuant to paragraph 1) above.				
8	6) Grant award funds from the issuance of up to \$12,000,000 in fiscal year 2021 and				
9	\$12,000,000 in fiscal year 2022 in equipment notes shall be distributed to eligible school				
10	divisions. The grant awards will be based on a competitive grant basis of up to \$250,000 per				
11	school division. School divisions will be permitted to apply annually for grant funding. For				
12	purposes of this program, eligible schools shall include schools that are subject to state				
13	accreditation and reporting membership in grades K through 12 as of September 30, 2020, for				
14	the fiscal year 2021 issuance, and September 30, 2021, for the fiscal year 2022 issuance, as				
15	well as regional vocational centers, special education centers, alternative education centers,				
16	regular school year Governor's Schools, and the Virginia School for the Deaf and the Blind.				
17	7) School divisions would submit their application to Department of Education by August 1				
18	of each year based on the criteria developed by the Department of Education in collaboration				
19	with the Department of Criminal Justice Services who will provide requested technical				
20	support. Furthermore, the Department of Education will have the authority to make such grant				
21	awards to such school divisions.				
22	8) It is also the intent of the General Assembly that, beginning with fiscal year 2020, the total				
23	amount of the grant awards shall not exceed \$60,000,000 over any ongoing revolving five				
24	year period.				
25	9) Required local match:				
26	a) Localities are required to provide a match for these funds equal to 25 percent of the grant				
27	amount. The Superintendent of Public Instruction is authorized to reduce the required local				
28	match for school divisions with a composite index of local ability-to-pay below 0.2000. The				
29	Virginia School for the Deaf and the Blind is exempt from the match requirement.				
30	b) Pursuant to § 15.2-1302, Code of Virginia, and in the event that two or more school				
31	divisions became one school division, whether by consolidation of only the school divisions				
32	or by consolidation of the local governments, such resulting division shall be provided				
33	funding through this program on the basis of having the same number of school divisions as				
34	existed prior to September 30, 2000.				
35	c) Local school divisions shall maximize the use of available federal funds, including E-Rate				
36	Funds, and to the extent possible, use such funds to supplement the program and meet the				
37	goals of this program.				
38	14. Virginia Preschool Initiative Payments				
39	a.1) It is the intent of the General Assembly that a payment estimated at \$97,139,047				
40	\$80,539,047 the first year and \$107,086,043 the second year from the general fund <i>and</i>				
41	<i>\$16,600,000 the first year from federal funds</i> shall be disbursed by the Department of				
42	Education to schools and community-based organizations to provide quality preschool				
43	programs for at-risk four-year-olds who are residents of Virginia and unserved by Head Start				
44	program funding and for at-risk five-year-olds who are not eligible to attend kindergarten.				
45	2) These state funds and required local matching funds shall be used to provide programs for				
46	at-risk four-year-old children, which include quality preschool education, health services,				
47	social services, parental involvement and transportation. It shall be the policy of the				
48	Commonwealth that state funds and required local matching funds for the Virginia Preschool				
49	Initiative not be used for capital outlay, not be used to supplant any Head Start federal funds				
50	provided for local early education programs, and not be used until the local Head Start grantee				
51	certifies that all local Head Start slots are filled. Programs must provide full-day or half-day				
52	and, at least, school-year services.				
53	3) The Department of Education shall establish academic standards that are in accordance				

ITEM 145.	Item Details(\$)		Appropriations(\$)	
	First Year FY2021	Second Year FY2022	First Year FY2021	Second Year FY2022
1	with appropriate preparation for students to be ready to successfully enter kindergarten.			
2	These standards shall be established in such a manner as to be measurable for student			
3	achievement and success. Students shall be required to be evaluated in the fall and in the			
4	spring by each participating school division and the school divisions must certify that the			
5	Virginia Preschool Initiative program follows the established standards in order to receive			
6	the funding for quality preschool education and criteria for the service components. Such			
7	standards shall align with the Virginia Standards of Learning for Kindergarten.			
8	4) a) Grants shall be distributed based on an allocation formula providing the state share of			
9	a \$6,959 per pupil grant in the first year and a \$7,655 per pupil grant in the second year for			
10	100 percent of the unserved at-risk four-year-olds in each locality for a full-day program.			
11	The number of unserved at-risk four-year-olds in each locality shall be based on the			
12	projected number of kindergarten students, updated once each biennium for the			
13	Governor's introduced biennial budget. Grants to half-day programs shall be funded based			
14	on the state share of \$3,480 in the first year and \$3,828 in the second year per unserved at-			
15	risk four-year-old in each locality.			
16	b) Out of this appropriation, \$2,837,266 the first year and \$6,117,049 the second year			
17	from the general fund is provided to serve at-risk three-year-olds who are residents of			
18	Virginia and unserved by Head Start funding on a pilot basis using criteria as determined			
19	by the Department of Education. Localities may apply to participate in the pilot by May			
20	15 each year and shall be selected on a competitive basis. Pilot providers shall be required			
21	to: (i) demonstrate broad stakeholder support, (ii) track outcomes for participating			
22	children, (iii) demonstrate how they will maximize federal and state funds to preserve			
23	existing birth to five slots, including certifying that all local Head Start slots are filled, (iv)			
24	support inclusive practices of children with identified special needs, and (v) collaborate			
25	among the school division, local department of social services, programs accepting child			
26	care subsidy payments, and providers for Head Start, private child care, and early			
27	childhood special education and early intervention programs. In addition, localities shall			
28	be selected using other criteria that include prioritizing: (i) communities with limited child			
29	care options; (ii) programs serving children in private, mixed-delivery settings; or (iii)			
30	communities that demonstrate full support of public and private providers. Grants shall be			
31	distributed based on an allocation formula providing the state share of a \$6,959 per pupil			
32	grant in the first year, and a \$7,655 per pupil grant in the second year. Grants to half-day			
33	programs shall be funded based on the state share of \$3,480 in the first year, and \$3,828 in			
	the second year.			
34	c) Full-day programs shall operate for a minimum of five and one-half instructional hours,			
35	excluding breaks for meals, and half-day programs shall operate for a minimum of three			
36	hours of classroom instructional time per day, excluding breaks for lunch. Virginia			
37	Preschool Initiative programs may include unstructured recreational time that is intended			
38	to develop teamwork, social skills, and overall physical fitness in any calculation of total			
39	instructional time, provided that such unstructured recreational time does not exceed 15			
40	percent of total instructional time or teaching hours. No additional state funding is			
41	provided for programs operating greater than three hours per day but less than five and			
42	one-half hours per day. In determining the state and local shares of funding, the composite			
43	index of local ability-to-pay is capped at 0.5000.			
44	d) For new programs in the first year of implementation only, programs operating less			
45	than a full school year shall receive state funds on a fractional basis determined by the			
46	pro-rata portion of a school year program provided. In determining the prorated state			
47	funds to be received, a school year shall be 180 days or 990 teaching hours.			
48	b.1) Any locality that desires to participate in this grant program must submit a proposal			
49	through its chief administrator (county administrator or city manager) by May 15 of each			
50	year. The chief administrator, in conjunction with the school superintendent, shall identify			
51	a lead agency for this program within the locality. The lead agency shall be responsible for			
52	developing a local plan for the delivery of quality preschool services to at-risk children,			
53	which demonstrates the coordination of resources and the combination of funding streams			
54	in an effort to serve the greatest number of at-risk four-year-old children. Starting in fiscal			
55	year 2021, localities may apply for additional funds to serve at-risk three-year-old children			
56	on a pilot basis.			

ITEM 145.		Item Details(\$)		Appropriations(\$)	
		First Year FY2021	Second Year FY2022	First Year FY2021	Second Year FY2022
1	2) The proposal must demonstrate coordination with all parties necessary for the successful				
2	delivery of comprehensive services, including the schools, child care providers, local social				
3	services agency, Head Start, local health department, and other groups identified by the lead				
4	agency. The proposal must identify which entities were consulted and how the locality will				
5	ensure that federal funds are preserved and maximized including demonstrating compliance				
6	with Title I of the federal Elementary and Secondary Education Act to ensure that a Local				
7	Educational Agency receiving Title I funding coordinates with Head Start programs and other				
8	early learning programs receiving federal funds by developing Memorandums of				
9	Understanding with such agencies to coordinate services. The proposal must also demonstrate				
10	a plan for supporting inclusive practices for children with identified special needs.				
11	3) A local match, based on the composite index of local ability-to-pay, shall be required. For				
12	purposes of meeting the local match, localities may use local expenditures for existing				
13	qualifying programs, however, at least fifty percent of the local match will be cash and no				
14	more than fifty percent will be in-kind. In-kind contributions are defined as cash outlays that				
15	are made by the locality that benefit the program but are not directly charged to the program.				
16	The value of fixed assets cannot be considered as an in-kind contribution. Philanthropic or				
17	other private funds may be contributed to the locality to be appropriated in their local budget				
18	and then utilized as local match. Localities shall also continue to pursue and coordinate other				
19	funding sources, including child care subsidies. Funds received through this program must be				
20	used to supplement, not supplant, any funds currently provided for programs within the				
21	locality. However, in the event a locality is unable to continue the previous level of support to				
22	programs for at-risk four-year-olds from Title I of the federal Elementary and Secondary				
23	Education Act (ESEA), the state and local funds provided in this grants program may be used				
24	to continue services to these Title I students. Such inability may occur due to adjustments to				
25	the allocation formula in the reauthorization of ESEA as the Every Student Succeeds Act of				
26	2015, or due to a percentage reduction in a locality's Title I allocation in a particular year. Any				
27	locality so affected shall provide written evidence to the Superintendent of Public Instruction				
28	and request his approval to continue the services to Title I students.				
29	c. Local plans must provide clear methods of service coordination for the purpose of reducing				
30	the per child cost for the service, increasing the number of at-risk children served and/or				
31	extending services for the entire year. Examples of these include:				
32	1) "Wraparound Services" -- methods for combining funds such as child care subsidy dollars				
33	administered by local social service agencies with dollars for quality preschool education				
34	programs.				
35	2) "Wrap-out Services" - methods for using grant funds to purchase quality preschool services				
36	to at-risk four-year-old children through an existing child care setting by purchasing				
37	comprehensive services within a setting which currently provides quality preschool education.				
38	3) "Expansion of Service" - methods for using grant funds to purchase slots within existing				
39	programs, such as Head Start, which provides comprehensive services to at-risk three- and				
40	four-year-old children.				
41	d. Local plans must indicate the number of at-risk four-year-old children to be served, and the				
42	eligibility criteria for participation in this program shall be consistent with the economic and				
43	educational risk factors stated in the 2015-2016 programs guidelines that are specific to: (i)				
44	family income at or below 200 percent of federal poverty guidelines, (ii) homelessness, (iii)				
45	student's parents or guardians are school dropouts, or (iv) family income is above 200 percent				
46	but at or below 350 percent of federal poverty guidelines in the case of students with special				
47	needs or disabilities. Up to 15 percent of a division's slots may be filled based on locally				
48	established eligibility criteria so as to meet the unique needs of at-risk children in the				
49	community. If applicable, local plans must also indicate the number of at-risk three-year-old				
50	children to be served using the same eligibility criteria listed above. Localities that can				
51	demonstrate that more than 15 percent of slots are needed to meet the needs of at-risk children				
52	in their community may apply for a waiver from the Superintendent of Public Instruction to				
53	use a larger percentage of their slots. Localities must demonstrate that increasing eligibility				
54	will enable the maximization of federal funds and will not have a negative impact on access				
55	for other individuals currently being served.				
56	e.1) The Department of Education shall provide technical assistance for the administration of				
57	this grant program to provide assistance to localities in developing a comprehensive,

1	coordinated, quality preschool program that prepares all participants for kindergarten.			
2	2) The Department shall provide interested localities with information on models for			
3	service delivery, methods of coordinating funding streams, such as funds to match federal			
4	IV-A child care dollars, to maximize funding without supplanting existing sources of			
5	funding for the provision of services to at-risk three- and four-year-old children. A priority			
6	for technical assistance in the design of programs shall be given to localities where the			
7	majority of the at-risk three- and four-year-old population is currently unserved.			
8	f. The Department of Education shall include in the program's application package specific			
9	information regarding the potential availability of funding for supplemental grants that			
10	may be used for one-time expenses, other than capital, related to start-up or expansion of			
11	programs, with priority given to proposals for expanding the use of partnerships with			
12	either nonprofit or for-profit providers. Furthermore, the Department is mandated to			
13	communicate to all eligible school divisions the remaining available balances in the			
14	program's adopted budget, after the fall participation reports have been submitted and			
15	finalized for such grants.			
16	g. Out of this appropriation, \$3,982,079 the first year and \$3,285,258 the second year from			
17	the general fund is provided to support Virginia Preschool Initiative slots to serve children			
18	on wait lists. In each year, unused grants distributed as provided in paragraph C.14.a.4. of			
19	this Item shall be redistributed based on guidelines established by the Department of			
20	Education subject to the appropriation available for this purpose. Such guidelines shall			
21	provide the criteria used to redistribute grants and provide for the notification of grants			
22	redistribution to programs no later than July 1 of each year. The Department shall conduct			
23	this process annually, and the redistribution shall not affect the allocation formula for the			
24	subsequent year.			
25	h.1) Out of this appropriation, \$5,020,000 the first year and \$5,005,000 the second year			
26	from the general fund is provided to support an add-on grant per child for approximately			
27	2,000 children to incentivize mixed-delivery of services through private providers. These			
28	add-on grants are intended to provide funds to minimize the difference between the			
29	amount of the per-pupil grant allocation and the per-pupil cost to serve a child in a			
30	community-based or private provider setting. Recipients of the add-on grants will be			
31	encouraged to support classrooms that support inclusive practices of children with special			
32	needs. Localities shall indicate in their plans submitted pursuant to C.14.b.1 of this Item			
33	how many of their Virginia Preschool Initiative slots will be provided in community-based			
34	or private provider settings to receive the add-on grant.			
35	2) The amount of these add-on grants shall vary by region in fiscal year 2021 and provide			
36	a grant of: (i) \$3,500 per child for divisions in Planning District 8, (ii) \$2,500 per child for			
37	divisions in Planning District 15, Planning District 23, and for the counties of Stafford,			
38	Fauquier, Spotsylvania, Clarke, Warren, Frederick, and Culpeper and the Cities of			
39	Fredericksburg and Winchester, and (iii) \$1,500 per child in any other division.			
40	3) The Department of Education shall develop a plan to determine the magnitude of the			
41	gap between regional prevailing child care market rates and the Virginia Preschool			
42	Initiative per pupil amount. The Department shall establish a schedule designating the			
43	amount of the add-on grants for each school division for fiscal year 2022. The amount of			
44	the add-on grant plus the Virginia Preschool Initiative per pupil amount shall not exceed			
45	prevailing child care market rates in a particular region. The Department shall report on			
46	the established schedule to the Chairs of the House Appropriations and Senate Finance			
47	and Appropriations Committees by December 1, 2020.			
48	i. The Department of Education shall develop a plan to determine, recognize, and			
49	biennially rebenchmark the per-student funding amount of the Virginia Preschool			
50	Initiative, similar to the current formula supporting public K-12 education in Virginia. In			
51	developing such plan, the Department shall (i) identify needs to implement such plan,			
52	including reporting from local school divisions, (ii) include relevant stakeholders,			
53	including school division finance staff and local Virginia Preschool Initiative			
54	administrators, (iii) identify any legislative or Appropriation Act amendments necessary			
55	for implementation, and (iv) plan for full implementation to benchmark the per-student			
56	funding amount of the Virginia Preschool Initiative.

1	j. Out of this appropriation, \$6,419,996 the first year and \$7,062,088 the second year from the			
2	general fund is provided to support increased Virginia Preschool Initiative teacher to student			
3	ratios and class sizes, as follows:			
4	1) Any classroom that exceeds benchmarks set by the Board of Education shall be staffed as			
5	follows: (i) one teacher shall be provided for any class of ten students or less; (ii) if the			
6	enrollment in any class exceeds ten students but does not exceed 20, a full-time teacher's aide			
7	shall be assigned to the class; and (iii) the maximum class size shall be 20 students.			
8	2) All other classrooms shall be staffed as follows: (i) one teacher shall be employed for any			
9	class of nine students or less; (ii) if the enrollment in any class exceeds nine students but does			
10	not exceed 18, a full-time teacher's aide shall be assigned to the class; and (iii) the maximum			
11	class size shall be 18 students.			
12	k. Out of this appropriation, \$306,100 the first year and \$306,100 the second year from the			
13	general fund is allocated for the Department of Education to provide grants of no more than			
14	\$30,000 each for local school divisions that have applied for such funds for the sole purpose			
15	of providing financial incentives to provisionally licensed teachers teaching students enrolled			
16	in the Virginia Preschool Initiative and who are actively engaged in coursework and			
17	professional development, toward achieving the required degree and license that satisfy the			
18	licensure requirements reflected in § 22.1-299, Code of Virginia. School divisions must			
19	submit applications to the Department of Education by December 1 of each year. Priority for			
20	awarding grants shall be given to hard-to-staff schools and schools with the highest number of			
21	provisionally licensed teachers teaching students enrolled in the Virginia Preschool Initiative.			
22	The Department of Education shall develop the application process to be provided to school			
23	divisions that have provisionally licensed teachers employed and are teaching students			
24	enrolled in the Virginia Preschool Initiative.			
25	1. 1.) The Department of Education shall collect information from local programs and from			
26	pilot providers participating in the Virginia Early Childhood Foundation's pilot Mixed-			
27	Delivery Preschool Initiative established in Item 144 as needed to compile a comprehensive			
28	report on the usage of state funds detailing, but not limited to the number of calculated slots			
29	and funding allocated to each local program or pilot provider, and the number of such slots			
30	that have been filled.			
31	2.) Such comprehensive report shall be aggregated in a manner to identify: (i) funding and the			
32	number of slots used to serve a student in a public school and non-public school setting, (ii)			
33	the number of three-year olds served, (iii) waitlist slots requested, offered, and provided, (iv)			
34	the number of students served whose families are at or below 130 percent poverty, above 130			
35	percent but at or below 200 percent of poverty, above 200 percent but at or below 350 percent			
36	of poverty, and above 350 percent of poverty.			
37	3.) Such comprehensive report shall include details regarding any supplemental grants			
38	awarded pursuant to paragraph f.			
39	4.) The Department shall submit such comprehensive report to the Chairs of the House			
40	Appropriations and Senate Finance and Appropriations Committees no later than December			
41	31 each year.			
42	5.) The Department shall develop a plan for comprehensive public reporting on early			
43	childhood expenditures, outcomes, and program quality to replace this reporting requirement.			
44	Such plan shall consider the components included in this reporting requirement, and include			
45	all publicly-funded providers as defined in House Bill 1012 and Senate Bill 578. The plan			
46	shall identify any fiscal, legislative, or regulatory barriers to implementing such public			
47	reporting, and shall consider integration with the Department's School Quality Profiles. Such			
48	plan shall be submitted to the Chairs of the House Appropriations and Senate Finance and			
49	Appropriations Committees by December 1, 2020.			
50	m. Out of this appropriation, \$2,042,044 the first year and \$2,246,277 the second year from			
51	the general fund is provided to support approximately an additional 609 Virginia Preschool			
52	Initiative slots that were previously filled under the Virginia Preschool Initiative Plus (VPI			
53	Plus). These slots are intended to hold harmless eight school divisions that participated in VPI			
54	Plus during the 2019-2020 school year, by allocating the same number of slots to those eight			
55	school divisions.

1	n. Out of this appropriation, \$4,432,189 the first year and \$4,875,473 the second year from			
2	the general fund is provided as flexible funding available to supplement any of the other			
3	initiatives provided in section C.14 of this item.			
4	15. Early Reading Intervention Payments			
5	a. An additional payment of \$28,874,557 the first year and \$28,952,264 the second year			
6	from the Lottery Proceeds Fund shall be disbursed by the Department of Education to			
7	local school divisions for the purposes of providing early reading intervention services to			
8	students in grades kindergarten through 3 who demonstrate deficiencies based on their			
9	individual performance on diagnostic tests which have been approved by the Department			
10	of Education. The Department of Education shall review the tests of any local school			
11	board which requests authority to use a test other than the state-provided test to ensure that			
12	such local test uses criteria for the early diagnosis of reading deficiencies which are			
13	similar to those criteria used in the state-provided test. The Department of Education shall			
14	make the state-provided diagnostic test used in this program available to local school			
15	divisions. School divisions shall report the results of the diagnostic tests to the Department			
16	of Education on an annual basis at a time to be determined by the Superintendent of Public			
17	Instruction.			
18	b. These payments shall be based on the state's share of the cost of providing two and one-			
19	half hours of additional instruction each week for an estimated number of students in each			
20	school division at a student to teacher ratio of five to one. The estimated number of			
21	students in each school division in each year shall be determined by multiplying the			
22	projected number of students reported in each school division's fall membership in grades			
23	kindergarten, 1, 2, and 3 by the percent of students who are determined to need services			
24	based on diagnostic tests administered in the previous year in that school division and			
25	adjusted in the following manner:			
26		Year 1	Year 2	
27	Kindergarten	100%	100%	
28	Grade 1	100%	100%	
29	Grade 2	100%	100%	
30	Grade 3	100%	100%	
31	c. These payments are available to any school division that certifies to the Department of			
32	Education that an intervention program will be offered to such students and that each			
33	student who receives an intervention will be assessed again at the end of that school year.			
34	At the beginning of the school year, local school divisions shall partner with the parents of			
35	those third grade students in the division who demonstrate reading deficiencies, discussing			
36	with them a developed plan for remediation and retesting. Such intervention programs, at			
37	the discretion of the local school division, may include, but not be limited to, the use of:			
38	special reading teachers; trained aides; full-time early literacy tutors; volunteer tutors			
39	under the supervision of a certified teacher; computer-based reading tutorial programs;			
40	aides to instruct in-class groups while the teacher provides direct instruction to the			
41	students who need extra assistance; or extended instructional time in the school day or			
42	year for these students. Localities receiving these payments are required to match these			
43	funds based on the composite index of local ability-to-pay.			
44	d. In the event that a school division does not use the diagnostic test provided by the			
45	Department of Education in the year that serves as the basis for updating the funding			
46	formula for this program but has used it in past years, the Department of Education shall

	First Year FY2021	Second Year FY2022	First Year FY2021	Second Year FY2022
1	a. An additional payment of \$15,194,903 the first year and \$15,239,492 the second year from			
2	the Lottery Proceeds Fund shall be disbursed by the Department of Education to local school

4	and 9 who are at-risk of failing the Algebra I end-of-course test, as demonstrated by their			
5	individual performance on diagnostic tests which have been approved by the Department of			
6	Education. These amounts reflect \$200,000 the first year and \$200,000 the second year			
7	apportioned to each school division to account for the cost of the diagnostic test. The			
8	Department of Education shall review the tests to ensure that such local test uses state-			
9	provided criteria for diagnosis of math deficiencies which are similar to those criteria used in			
10	the state-provided test. The Department of Education shall make the state-provided diagnostic			
11	test used in this program available to local school divisions. School divisions shall report the			
12	results of the diagnostic tests to the Department of Education on an annual basis at a time to			
13	be determined by the Superintendent of Public Instruction.

15	hours of additional instruction each week for an estimated number of students in each school			
16	division at a student to teacher ratio of ten to one. The estimate number of students in each			
17	school division shall be determined by multiplying the projected number of students reported			
18	in each school division's fall membership by the percent of students that qualify for the			
19	federal Free Lunch Program.			
20	c. These payments are available to any school division that certifies to the Department of			
21	Education that an intervention program will be offered to such students and that each student			
22	who receives an intervention will be assessed again at the end of that school year. Localities			
23	receiving these payments are required to match these funds based on the composite index of			
24	local ability-to-pay.			
25	17. School Construction Grants Program Escrow			
26	Notwithstanding the requirements of § 22.1-175.5 , Code of Virginia, school divisions are			
27	permitted to withdraw funds from local escrow accounts established pursuant to § 22.1-175.5			
28	to pay for recurring operational expenses incurred by the school division. Localities are not

33	the state share of 20 professional instructional positions per 1,000 students for whom English			
34	is a second language. Local school divisions shall provide a local match based on the			
35	composite index of local ability-to-pay.

40	subject to implementation by the Superintendent of Public Instruction, an amount estimated at			
41	\$101,152,929 the first year and \$101,152,929 the second year from the Lottery Proceeds Fund			
42	for the purpose of the state's share of the tuition rates for approved public Special Education			
43	Regional Tuition school programs. Notwithstanding any contrary provision of law, the state's			
44	share of the tuition rates shall be based on the composite index of local ability-to-pay.			
45	c. Out of the amounts for Financial Assistance for Categorical Programs, \$36,591,267 the first			
46	year and \$37,546,662 the second year from the general fund is appropriated to permit the			
47	Department of Education to enter into agreements with selected local school boards for the			
48	provision of educational services to children residing in certain hospitals, clinics, and			
49	detention homes by employees of the local school boards. The portion of these funds provided			
50	for educational services to children residing in local or regional detention homes shall only be			
51	determined on the basis of children detained in such facilities through a court order issued by

53	administrative personnel under such agreements will be the responsibility of the local school			
54	board in accordance with procedures as prescribed by the local school board. State payments

6	20. Vocational Education Instruction Payments			
7	a. It is the intention of the General Assembly that the Department of Education explore

13	the funding distributed on the basis of student enrollment in secondary vocational-			
14	technical courses. State funds received for secondary vocational-technical equipment must			
15	be used to supplement, not supplant, any funds currently provided for secondary			
16	vocational-technical equipment within the locality. Local school divisions are not required			
17	to provide a local match in order to receive these state funds.			
18	c.1) This appropriation includes an additional \$2,000,000 the first year and \$2,000,000 the

		First Year FY2021	Second Year FY2022	First Year FY2021	Second Year FY2022
1	a. An additional state payment is provided from the Lottery Proceeds Fund for the prior year's				
2	local operations costs, as determined by the Department of Education, for each pupil of school				
3	age as defined in § 22.1-1, Code of Virginia, not a resident of the school division providing				
4	his education (a) who has been placed in foster care or other custodial care within the				
5	geographical boundaries of such school division by a Virginia agency, whether state or local,				
6	which is authorized under the laws of this Commonwealth to place children; (b) who has been				
7	placed in an orphanage or children's home which exercises legal guardianship rights; or (c)				
8	who is a resident of Virginia and has been placed, not solely for school purposes, in a child-

10	b. This appropriation provides \$10,667,347 the first year and \$11,528,816 the second year				
11	from the Lottery Proceeds Fund to support children attending public school who have been				
12	placed in foster care or other such custodial care across jurisdictional lines, as provided by				
13	subsections A and B of § 22.1-101.1, Code of Virginia. To the extent these funds are not				
14	adequate to cover the full costs specified therein, the Department is authorized to expend				
15	unobligated balances in this Item for this support.				
16	25. Sales Tax Payments				
17	a. This is a sum-sufficient appropriation for distribution to counties, cities and towns a portion				
18	of net revenue from the state sales and use tax, in support of the Standards of Quality (Title				
19	22.1, Chapter 13.2, Code of Virginia) (See the Attorney General's opinion of August 3, 1982).				
20	b. Certification of payments and distribution of this appropriation shall be made by the State				
21	Comptroller.				
22	c. The distribution of state sales tax funds shall be made in equal bimonthly payments at the				
23	middle and end of each month.				
24	d. Included in this appropriation are the accelerated sales tax revenues attributable to §58.1-				
25	638 B., D., and F.1., Code of Virginia, and collected pursuant to §3-5.06 of this act.				
26	26. Adult Literacy Payments				
27	a. Appropriations in this Item include \$125,000 the first year and \$125,000 the second year				
28	from the general fund for the ongoing literacy programs conducted by Mountain Empire				
29	Community College.				
30	b. Out of this appropriation, the Department of Education shall provide \$100,000 the first year				
31	and \$100,000 the second year from the general fund for the Virginia Literacy Foundation				
32	grants to support programs for adult literacy including those delivered by community-based				
33	organizations and school divisions providing services for adults with 0-9th grade reading				
34	skills.				
35	27. Governor's School Payments				
36	a. Out of the amounts for Governor's School Payments, the Department of Education shall				
37	provide assistance for the state share of the incremental cost of regular school year Governor's				
38	Schools based on each participating locality's composite index of local ability-to-pay.				
39	Participating school divisions must certify that no tuition is assessed to students for				
40	participation in this program.				
41	b.1) Out of the amounts for Governor's School Payments, the Department of Education shall				
42	provide assistance for the state share of the incremental cost of summer residential Governor's				
43	Schools and Foreign Language Academies to be based on the greater of the state's share of the				
44	composite index of local ability-to-pay or 50 percent. Participating school divisions must				
45	certify that no tuition is assessed to students for participation in this program if they are

1	Superintendent of Public Instruction is authorized to adjust the tuition rates, types of			
2	programs offered, length of programs, and the number of students enrolled in order to			
3	maintain costs within the available state and local funds for these programs.			
4	d. It shall be the policy of the Commonwealth that state general fund appropriations not be			
5	used for capital outlay, structural improvements, renovations, or fixed equipment costs			
6	associated with initiation of existing or proposed Governor's schools. State general fund			
7	appropriations may be used for the purchase of instructional equipment for such schools,			
8	subject to certification by the Superintendent of Public Instruction that at least an equal			
9	amount of funds has been committed by participating school divisions to such purchases.			
10	e. The Board of Education shall not take any action that would increase the state's share of			
11	costs associated with the Governor's Schools as set forth in this Item. This provision shall			
12	not prohibit the Department of Education from submitting requests for the increased costs			
13	of existing programs resulting from updates to student enrollment for school divisions			
14	currently participating in existing programs or for school divisions that begin participation			
15	in existing programs.			
16	f.1) Regular school year Governor's Schools are funded through this Item based on the			
17	state's share of the incremental per pupil cost for providing such programs for each student			
18	attending a Governor's School up to a cap of 1,800 students per Governor's School in the			
19	first year and a cap of 1,800 students per Governor's School in the second year. This			
20	incremental per pupil payment shall be adjusted for the composite index of the school			
21	division that counts such students attending an academic year Governor's School in their			
22	March 31 Average Daily Membership. It is the intent of the General Assembly that this			
23	incremental per pupil amount be in addition to the basic aid per pupil funding provided to			
24	the affected school division for such students. Therefore, local school divisions are			
25	encouraged to provide the appropriate portion of the basic aid per pupil funding to the			
26	Governor's Schools for students attending these programs, adjusted for costs incurred by			
27	the school division for transportation, administration, and any portion of the day that the			
28	student does not attend a Governor's School.			
29	2) Students attending a revolving Academic Year Governor's School program for only one			
30	semester shall be counted as 0.50 of a full-time equivalent student and will be funded for			
31	only fifty percent of the full-year funded per pupil amount. Funding for students attending			
32	a revolving Academic Year program will be adjusted based upon actual September 30th			
33	and January 30th enrollment each fiscal year. For purposes of this Item, revolving			
34	programs shall mean Academic Year Governor's School programs that admit students on a			
35	semester basis.			
36	3) Students attending a continuous, non-revolving Academic Year Governor's School			
37	program shall be counted as a full-time equivalent student and will be funded for the full-			
38	year funded per pupil amount. Funding for students attending a continuous, non-revolving			
39	Academic Year Governor's School program will be adjusted based upon actual September			
40	30th student enrollment each fiscal year. For purposes of this Item, continuous, non-			
41	revolving programs shall mean Academic Year Governor's School programs that only			
42	admit students at the beginning of the school year. Fairfax County Public Schools shall not			
43	reduce local per pupil funding for the Thomas Jefferson Governor's School below the			
44	amounts appropriated for the 2003-2004 school year.			
45	g. All regional Governor's Schools are encouraged to provide full-day grades 9 through 12			
46	programs.			
47	h. Out of the appropriation included in paragraph C. 38. of this item, \$408,502 the first			
48	year and \$834,740 the second year from the general fund is provided in the Academic			
49	Year Governor's School funding allocation to increase the per pupil amount the second			
50	year as an add-on for a compensation supplement payment equal to 2.0 percent of base			
51	pay on July 1, 2020, and for a compensation supplement payment equal to 2.0 percent of			
52	base pay on July 1, 2021, for Academic Year Governor's School instructional and support			
53	positions.			
54	i. Each Academic Year Governor's School shall set diversity goals for its student body and			
55	faculty, and develop a plan to meet said goals in collaboration with community partners at			
56	public meetings. Each school shall submit a report to the Governor by October 1 of each

	First Year FY2021	Second Year FY2022	First Year FY2021	Second Year FY2022
1	year on its goals and status of implementing its plan. The report shall include, but not be			
2	limited to the following: utilization of universal screenings in feeder divisions; admission			
3	processes in place or under consideration that promote access for historically underserved			
4	students; and outreach and communication efforts deployed to recruit historically underserved			
5	students. The report shall include the racial/ethnic make-up and socioeconomic diversity of its			
6	students, faculty, and applicants.			
7	28. School Nutrition Payments			
8	It is provided that, subject to implementation by the Superintendent of Public Instruction, no			
9	disbursement shall be made out of the appropriation for school nutrition to any locality in			
10	which the schools permit the sale of competitive foods in food service facilities or areas			
11	during the time of service of food funded pursuant to this Item.			
12	29. School Breakfast Payments			
13	a. Out of this appropriation, \$7,238,768 the first year and \$7,920,136 the second year from the			
14	Lottery Proceeds Fund is included to continue a state funded incentive program to maximize			
15	federal school nutrition revenues and increase student participation in the school breakfast			
16	program. These funds are available to any school division as a reimbursement for breakfast			
17	meals served that are in excess of the baseline established by the Department of Education.			
18	The per meal reimbursement shall be \$0.22; however, the department is authorized, but not			
19	required to reduce this amount proportionately in the event that the actual number of meals to			
20	be reimbursed exceeds the number on which this appropriation is based so that this			
21	appropriation is not exceeded.			
22	b. In order to receive these funds, school divisions must certify that these funds will be used to			
23	supplement existing funds provided by the local governing body and that local funds derived			
24	from sources that are not generated by the school nutrition programs have not been reduced or			
25	eliminated. The funds shall be used to improve student participation in the school breakfast			
26	program. These efforts may include, but are not limited to, reducing the per meal price paid			
27	by students, reducing competitive food sales in order to improve the quality of nutritional			
28	offerings in schools, increasing access to the school breakfast program, or providing programs			
29	to increase parent and student knowledge of good nutritional practices. In no event shall these			
30	funds be used to reduce local tax revenues below the level appropriated to school nutrition			
31	programs in the prior year. Further, these funds must be provided to the school nutrition			
32	programs and may not be used for any other school purpose.			
33	c.1) Out of this appropriation, \$1,074,000 the first year and \$1,074,000 the second year from			
34	the general fund is provided to fund an After-the-Bell Model breakfast program available on a			
35	voluntary basis to elementary, middle, and high schools where student eligibility for free or			
36	reduced lunch exceeds 45.0 percent for the participating eligible school, and to provide			
37	additional reimbursement for eligible meals served in the current traditional school breakfast			
38	program at all grade levels in any participating school. The Department of Education is			
39	directed to ensure that only eligible schools receive reimbursement funding for participating			
40	in the After-the-Bell school breakfast model. The schools participating in the program shall			
41	evaluate the educational impact of the models implemented that provide school breakfasts to			
42	students after the first bell of the school day, based on the guidelines developed by the			
43	Department of Education and submit the required report to the Department of Education no			
44	later than August 31 each year.			
45	2) The Department of Education shall communicate, through Superintendent's Memo, to			
46	school divisions the types of breakfast serving models and the criteria that will meet the			
47	requirements for this State reimbursement, which may include, but are not limited to,			
48	breakfast in the classroom, grab and go breakfast, or a breakfast after first period. School			
49	divisions may determine the breakfast serving model that best applies to its students, so long			
50	as it occurs after the instructional day has begun. The Department of Education shall monthly			
51	transfer to each school division a reimbursement rate of \$0.05 per breakfast meal that meets			
52	either of the established criteria in elementary schools and a reimbursement rate of \$0.10 per			
53	breakfast meal that meets either of the established criteria in middle or high schools.			
54	3) No later than July 1 each year, the Department of Education shall provide for a breakfast			
55	program application process for school divisions with eligible schools, including guidelines			
56	regarding specified required data to be compiled from the prior school year or years and for

1	the upcoming school year program. The number of approved applications shall be based			
2	on the estimated number of sites that can be accommodated within the approved funding			
3	level. The Department of Education shall set criteria for establishing priority should the			
4	number of applications from eligible schools exceed the approved funding level. The			
5	reporting requirements must include: chronic absenteeism rates, student attendance and			
6	tardy arrivals, office discipline referrals, student achievement measures, teachers' and			
7	administrators' responses to the impact of the program on student hunger, student			
8	attentiveness, and overall classroom learning environment before and after			
9	implementation, and the financial impact on the division's school food program. Funded			
10	schools that do not provide data by August 31 are subject to exclusion from funding in the			
11	following year. The Department of Education shall collect and compile the results of the			
12	breakfast program and shall submit the report to the Governor and the Chairmen of the			
13	House Appropriations and Senate Finance Committees no later than November 1			
14	following each school year.			
15	30. Clinical Faculty and Mentor Teacher Program Payments			
16	This appropriation includes \$1,000,000 the first year and \$1,000,000 the second year from			
17	the Lottery Proceeds Fund to be paid to local school divisions for statewide Mentor			
18	Teacher Programs to assist pre-service teachers and beginning teachers to make a			
19	successful transition into full-time teaching. This appropriation also includes \$318,750 the			
20	first year and \$318,750 the second year from the general fund for Clinical Faculty			
21	programs to assist pre-service teachers and beginning teachers to make a successful			
22	transition into full-time teaching. Such programs shall include elements which are			
23	consistent with the following:			
24	a. An application process for localities and school/higher education partnerships that wish			
25	to participate in the programs;			
26	b. For Clinical Faculty programs only, provisions for a local funding or institutional			
27	commitment of 50 percent, to match state grants of 50 percent;			
28	c. Program plans which include a description of the criteria for selection of clinical faculty			
29	and mentor teachers, training, support, and compensation for clinical faculty and mentor			
30	teachers, collaboration between the school division and institutions of higher education,			
31	the clinical faculty and mentor teacher assignment process, and a process for evaluation of			
32	the programs;			
33	d. The Department of Education shall allow flexibility to local school divisions and higher			
34	education institutions regarding compensation for clinical faculty and mentor teachers			
35	consistent with these elements of the programs; and			
36	e. It is the intent of the General Assembly that no preference between pre-service or			
37	beginning teacher programs be construed by the language in this Item. School divisions			
38	operating beginning teacher mentor programs shall receive equal consideration for			
39	funding.			
40	31. Career Switcher/Alternative Licensure Payments			
41	Appropriations in this Item include \$279,983 the first year and \$279,983 the second year			
42	from the general fund to provide grants to school divisions that employ mentor teachers			
43	for new teachers entering the profession through the alternative route to licensure as			
44	prescribed by the Board of Education.			
45	32. Virginia Workplace Readiness Skills Assessment

1	school divisions for the purpose of providing a reading specialist for schools with a third			
2	grade that rank lowest statewide on the reading Standards of Learning (SOL) assessments.			
3	Funding for a reading specialist during the 2020-2022 biennium shall be based on the results			
4	of the Spring 2019 reading SOL assessments. Such schools shall be eligible to receive the			
5	state share of funding for both years of the biennium. Following certification from a school			
6	division that it will not participate in the program, the Department is authorized to identify			
7	additional eligible schools based upon the list of schools that rank lowest on the Spring 2019			
8	SOL reading assessment.			
9	b. These payments shall be based on the state's share of the cost of providing one reading			
10	specialist per qualifying school.			
11	c. These payments are available to any school division with a qualifying school that (1)

15	Education for the administration of third grade SOL assessments in science or history and			
16	social science or both for the purpose of creating additional instructional time for reading			
17	specialists to work with students reading below grade level to improve reading achievement.			
18	d. These payments also are available to any school division with a qualifying school that			
19	certifies to the Department of Education that the division is supporting tuition for collegiate			
20	programs and instruction for currently employed instructional school personnel to earn the			
21	credentials necessary to meet licensure requirements to be endorsed as a reading specialist.			
22	e. School divisions receiving these payments are required to match these funds based on the

24	f. Within the fiscal year, any funds not awarded from this program may be awarded to eligible			
25	schools under the Math/Reading Instructional Specialist Initiative.			
26	34. Math/Reading Instructional Specialist Initiative

33	2019 SOL assessments. Such schools shall be eligible to receive the state share of funding for			
34	both years of the biennium. If, following certification from a school division that it will not			
35	participate in the program, the Department is authorized to identify additional eligible schools			
36	based upon the list of schools that rank lowest on the Spring 2019 SOL math or reading			
37	assessment.			
38	b. These payments are available to any school division with a qualifying school that certifies			
39	to the Department of Education that the division has (1) hired a math or reading instructional			
40	specialist, or (2) is supporting tuition for collegiate programs and instruction for currently			
41	employed instructional school personnel to earn the credentials necessary to meet licensure			
42	requirements to be endorsed as a math specialist or a reading specialist. Localities receiving			
43	these payments are required to match these funds based on the composite index of local			
44	ability-to-pay.			
45	c. The Department of Education is authorized to utilize available funding appropriated to the			
46	Early Reading Specialist Initiative contained in this Item to pay for instructional specialists at			
47	additional eligible schools, or to support tuition for collegiate programs and instruction for			
48	currently employed instructional school personnel at additional eligible schools to earn the			
49	credentials necessary to meet licensure requirements to be endorsed as an instructional			
50	specialist.			
51	d. Within the fiscal year, any funds not awarded from this program may be awarded to			
52	eligible schools under the Early Reading Specialists Initiative.

17	collected each year. Beginning in the second year, these funds shall be matched by the			
18	local government, based on the composite index of local ability-to-pay. Further, in order			
19	to receive this funding, the locality in which the school division is located shall			
20	appropriate these funds solely for educational purposes and shall not use such funds to			
21	reduce total local operating expenditures for public education below the amount expended			
22	by the locality for such purposes in the year upon which the 2018-20 biennial Standards of			
23	Quality expenditure data were based; provided however that no locality shall be required			
24	to maintain a per-pupil expenditure which is greater than the per pupil amount expended			
25	by the locality for such purposes in the year upon which the 2018-20 biennial Standards of			
26	Quality expenditure data were based. The Department of Education is authorized each			
27	year to temporarily suspend Infrastructure and Operations Per Pupil Allocation payments			
28	made to school divisions from Lottery funds to ensure that any shortfall in Lottery revenue			
29	can be accounted for in the remaining Infrastructure and Operations Per Pupil Allocation			
30	payments to be made for the year.			
31	b. From the amounts listed above, funds are provided to ensure that small school divisions			
32	receive an Infrastructure and Operations payment of at least \$200,000 each year.			
33	Beginning in the second year, divisions receiving additional funds for a payment of at

35	distributed in paragraph C.36.a.			
36	c. Of the amounts listed above, no more than 70 percent the first year and no more than 60

38	year and at least 40 percent the second year shall be spent on nonrecurring expenditures by			
39	the relevant school divisions. Nonrecurring costs shall include school construction,			
40	additions, infrastructure, site acquisition, renovations, school buses, technology, and other			
41	expenditures related to modernizing classroom equipment, and debt service payments on			
42	school projects completed during the last 10 years.			
43	d. Any lottery funds provided to school divisions from this item that are unexpended as of			
44	June 30, 2021, and June 30, 2022, shall be carried on the books of the locality to be			
45	appropriated to the school division in the following year.

28	of the specialty drug program and publish the same on the department's website.				
29	3. In the event that the Department of Medical Assistance Services contracts with a vendor,				
30	the department shall establish the fee paid to any such contractor based on the reasonable cost

2	program contractor based on the denial or administrative delay of medically appropriate			
3	prescription drug therapy, or on the decreased use of a particular drug or class of drugs, or			
4	a reduction in the proportion of beneficiaries who receive prescription drug therapy under			
5	the Medicaid program. Bonuses cannot be based on the percentage of cost savings			
6	generated under the benefit management of services.			
7	U. The Department of Medical Assistance Services, in cooperation with the Department of			
8	Social Services' Division of Child Support Enforcement (DSCE), shall identify and report			
9	third party coverage where a medical support order has required a custodial or			
10	noncustodial parent to enroll a child in a health insurance plan. The Department of			
11	Medical Assistance Services shall also report to the DCSE third party information that has			
12	been identified through their third party identification processes for children handled by			
13	DCSE.			
14	V.1. Notwithstanding the provisions of § 32.1-325.1:1, Code of Virginia, upon identifying			
15	that an overpayment for medical assistance services has been made to a provider, the			
16	Director, Department of Medical Assistance Services shall notify the provider of the			
17	amount of the overpayment. Such notification of overpayment shall be issued within the			
18	earlier of (i) four years after payment of the claim or other payment request, or (ii) four

21	of the final complete cost report as defined in the Department of Medical Assistance			
22	Services' regulations subsequent to sale of the facility or termination of the provider.			
23	2. Notwithstanding the provisions of § 32.1-325.1, Code of Virginia, the director shall			
24	issue an informal fact-finding conference decision concerning provider reimbursement in			
25	accordance with the State Plan for Medical Assistance, the provisions of § 2.2-4019, Code			
26	of Virginia, and applicable federal law. The informal fact-finding conference decision			
27	shall be issued within 180 days of the receipt of the appeal request, except as provided			
28	herein. If the agency does not render an informal fact-finding conference decision within			
29	180 days of the receipt of the appeal request or, in the case of a joint agreement to stay the			
30	appeal decision as detailed below, within the time remaining after the stay expires and the			
31	appeal timeframes resume, the decision is deemed to be in favor of the provider. An			
32	appeal of the director's informal fact-finding conference decision concerning provider			
33	reimbursement shall be heard in accordance with § 2.2-4020 of the Administrative Process			
34	Act (§ 2.2-4020 et seq.) and the State Plan for Medical Assistance provided for in § 32.1-			
35	325, Code of Virginia. The Department of Medical Assistance Services and the provider			
36	may jointly agree to stay the deadline for the informal appeal decision or for the formal			
37	appeal recommended decision of the Hearing Officer for a period of up to sixty (60) days			
38	to facilitate settlement discussions. If the parties reach a resolution as reflected by a			
39	written settlement agreement within the sixty-day period, then the stay shall be extended			
40	for such additional time as may be necessary for review and approval of the settlement			
41	agreement in accordance § 2.2-514 of the Code of Virginia. Once a final agency case			
42	decision has been made, the director shall undertake full recovery of such overpayment			
43	whether or not the provider disputes, in whole or in part, the informal fact-finding			
44	conference decision or the final agency case decision. Interest charges on the unpaid			
45	balance of any overpayment shall accrue pursuant to § 32.1-313, Code of Virginia, from			
46	the date the Director's agency case decision becomes final.

4	implement this amendment within 280 days or less from the enactment of this Act.			
5	Y. The Department of Medical Assistance Services shall delay the last quarterly payment of			
6	certain quarterly amounts paid to hospitals, from the end of each state fiscal year to the first			
7	quarter of the following year. Quarterly payments that shall be delayed from each June to			
8	each July shall be Disproportionate Share Hospital payments, Indirect Medical Education			
9	payments, and Direct Medical Education payments. The department shall have the authority			
10	to implement this reimbursement change effective upon passage of this Act, and prior to the			
11	completion of any regulatory process undertaken in order to effect such change.			
12	Z. The Department of Medical Assistance Services shall make the monthly capitation			
13	payment to managed care organizations for the member months of each month in the first			
14	week of the subsequent month. The department shall have the authority to implement this			
15	reimbursement schedule change effective upon passage of this Act, and prior to the			
16	completion of any regulatory process undertaken in order to effect such change.			
17	AA. In every June the remittance that would normally be paid to providers on the last			
18	remittance date of the state fiscal year shall be delayed one week longer than is normally the			
19	practice. This change shall apply to the remittances of Medicaid and FAMIS providers. This			
20	change does not apply to providers who are paid a per-month capitation payment. The			
21	department shall have the authority to implement this reimbursement change effective upon			
22	passage of this Act, and prior to the completion of any regulatory process undertaken in order

30	residential treatment facilities using the provider's audited cost per day from the facility's cost			
31	report for provider fiscal years ending in state fiscal year 2018. New Virginia-based			
32	residential psychiatric facilities must submit proforma cost report data, which will be used to			
33	set the initial per diem rate for up to two years. After this period, the department shall			
34	establish a per diem rate based on an audited cost report for a 12-month period within the first			
35	two years of operation. Virginia-based residential psychiatric facilities that do not submit cost			
36	reports shall be paid at 75 percent of the established rate ceiling. If necessary to enroll out-of-			
37	state providers for network adequacy, the department shall negotiate rates. If there is			
38	sufficient utilization, the department may require out-of-state providers to submit a cost report			
39	to establish a per diem rate. In-state and out-of-state provider per diem rates shall be subject to			
40	a ceiling based on the statewide weighted average cost per day from fiscal year 2018 cost			
41	reports. The department shall have the authority to implement these changes effective July 1,			
42	2020 and prior to the completion of any regulatory process undertaken in order to effect such			
43	change.			
44	DD. The Department of Medical Assistance Services shall work with the Department of			
45	Behavioral Health and Developmental Services in consultation with the Virginia Association

49	standards, such as the use of evidence-based practices.			
50	EE. The Department of Medical Assistance Services shall seek federal authority through the			
51	necessary waiver(s) and/or State Plan authorization under Titles XIX and XXI of the Social

53	and services under programs administered by the department. The expansion of care			
54	coordination shall be based on the principles of shared financial risk such as shared savings,			
55	performance benchmarks or risk and improving the value of care delivered by measuring			
56	outcomes, enhancing quality, and monitoring expenditures. The department shall engage

2	include specific requirements for data collection to ensure the ability to monitor			
3	utilization, quality of care, outcomes, costs, and cost savings. The department shall report			
4	by November 1 of each year to the Governor and the Chairmen of the House			
5	Appropriations and Senate Finance Committees detailing implementation progress

13	Developmental Services, in collaboration with the Community Services Boards and in			
14	consultation with appropriate stakeholders, shall develop a blueprint for the development			
15	and implementation of a care coordination model for individuals in need of behavioral			
16	health services not currently provided through a managed care organization. The overall			
17	goal of the project is to improve the value of behavioral health services purchased by the			
18	Commonwealth of Virginia without compromising access to behavioral health services for			
19	vulnerable populations. Targeted case management services will continue to be the			
20	responsibility of the Community Services Boards. The blueprint shall: (i) describe the			
21	steps for development and implementation of the program model(s) including funding,			
22	populations served, services provided, timeframe for program implementation, and			
23	education of clients and providers; (ii) set the criteria for medical necessity for community			
24	mental health rehabilitation services; and (iii) include the following principles:			
25	1. Improves value so that there is better access to care while improving equity.			
26	2. Engages consumers as informed and responsible partners from enrollment to care

38	9. Accounts for local circumstances and reflects familiarity with the community where			
39	services are provided.			
40	10. Develops service capacity and a payment system that reduces the need for involuntary			
41	commitments and prevents default (or diversion) to state hospitals.			
42	11. Reduces and improves the interface of vulnerable populations with local law			
43	enforcement, courts, jails, and detention centers.			
44	12. Supports the responsibilities defined in the Code of Virginia relating to Community			
45	Services Boards and Behavioral Health Authorities.			
46	13. Promotes availability of access to vital supports such as housing and supported			
47	employment.			
48	14. Achieves cost savings through decreasing avoidable episodes of care and			
49	hospitalizations, strengthening the discharge planning process, improving adherence to			
50	medication regimens, and utilizing community alternatives to hospitalizations and			
51	institutionalization.

41	b) Each hospital's DSH payment shall be equal to the DSH per diem multiplied by each				
42	hospital's eligible DSH days in a base year. Days reported in provider fiscal years in state				
43	FY 2011 will be the base year for FY 2015 prospective DSH payments. DSH will be				
44	recalculated annually with an updated base year. DSH payments are subject to applicable				
45	federal limits.				
46	c) Eligible DSH days are the sum of all Medicaid inpatient acute, psychiatric and				
47	rehabilitation days above 14 percent for each DSH hospital subject to special rules for out

1	d) Additional eligible DSH days are days that exceed 28 percent Medicaid utilization for			
2	Virginia Type Two hospitals (excluding Children's Hospital of the Kings Daughters).			
3	e) The DSH per diem shall be calculated in the following manner:			
4	a. The DSH per diem for Type Two hospitals is calculated by dividing the total Type Two

12	b. The DSH per diem for State Inpatient Psychiatric Hospitals is calculated by dividing the

14	The State Inpatient Psychiatric Hospital DSH allocation shall equal the amount of DSH paid

19	d. The DSH per diem for Type One hospitals shall be 17 times the DSH per diem for Type			
20	Two hospitals.			
21	2. Each year, the department shall determine how much Type Two DSH has been reduced as

23	hospital reimbursement.			
24	3. The department shall convene the Hospital Payment Policy Advisory Council at least once			
25	a year to consider additional changes to the DSH methodology.			
26	4. The department shall have the authority to implement these reimbursement changes			
27	effective July 1, 2014, and prior to completion of any regulatory process in order to effect			
28	such changes.			
29	SS. The Department of Medical Assistance Services shall have authority to amend the State

4	UU.1.a. There is hereby appropriated sum-sufficient nongeneral funds for the Department				
5	of Medical Assistance Services (DMAS) to pay the state share of supplemental payments				
6	for qualifying private hospital partners of Type One hospitals (consisting of state-owned				
7	teaching hospitals) as provided in the State Plan for Medical Assistance Services.				
8	Qualifying private hospitals shall consist of any hospital currently enrolled as a Virginia				
9	Medicaid provider and owned or operated by a private entity in which a Type One hospital				
10	has a non-majority interest. The supplemental payments shall be based upon the				
11	reimbursement methodology established for such payments in Attachments 4.19-A and				
12	4.19-B of the State Plan for Medical Assistance Services. DMAS shall enter into a transfer				
13	agreement with any Type One hospital whose private hospital partner qualifies for such				
14	supplemental payments, under which the Type One hospital shall provide the state share				
15	in order to match federal Medicaid funds for the supplemental payments to the private				
16	hospital partner. The department shall have the authority to implement these				
17	reimbursement changes consistent with the effective date in the State Plan amendment				
18	approved by the Centers for Medicare and Medicaid Services (CMS) and prior to				
19	completion of any regulatory process in order to effect such changes.				
20	b. The department shall adjust capitation payments to Medicaid managed care				
21	organizations for the purpose of securing access to Medicaid hospital services for the				
22	qualifying private hospital partners of Type One hospitals (consisting of state-owned

24	organizations to incorporate these supplemental capitation payments and provider				
25	payment requirements. DMAS shall enter into a transfer agreement with any Type One				
26	hospital whose private hospital partner qualifies for such supplemental payments, under				
27	which the Type One hospital shall provide the state share in order to match federal				
28	Medicaid funds for the supplemental payments to the private hospital partner. The				
29	department shall have the authority to implement these reimbursement changes consistent				
30	with the effective date approved by the Centers for Medicare and Medicaid Services				
31	(CMS). No payment shall be made without approval from CMS.				
32	2.a. The Department of Medical Assistance Services shall promulgate regulations to make				
33	supplemental payments to Medicaid physician providers with a medical school located in				
34	Eastern Virginia that is a political subdivision of the Commonwealth. The amount of the				
35	supplemental payment shall be based on the difference between the average commercial				
36	rate approved by CMS and the payments otherwise made to physicians. The department				
37	shall have the authority to implement these reimbursement changes consistent with the				
38	effective date in the State Plan amendment approved by CMS and prior to completion of				
39	any regulatory process in order to effect such changes.				
40	b. The department shall increase payments to Medicaid managed care organizations for				
41	the purpose of securing access to Medicaid physician services in Eastern Virginia, through				
42	higher rates to physicians affiliated with a medical school located in Eastern Virginia that				
43	is a political subdivision of the Commonwealth subject to applicable limits. The				
44	department shall revise its contracts with managed care organizations to incorporate these				
45	supplemental capitation payments, and provider payment requirements, subject to				
46	approval by CMS. No payment shall be made without approval from CMS.				
47	c. Funding for the state share for these Medicaid payments is authorized in Item 254.				
48	3.a. The Department of Medical Assistance Services (DMAS) shall have the authority to

52	based on the difference between the Upper Payment Limit of 42 CFR §447.272 as				
53	approved by CMS and all other Medicaid payments subject to such limit made to such				
54	nursing homes. There is hereby appropriated sum-sufficient funds for DMAS to pay the				
55	state share of the supplemental Medicaid payment hereunder. However, DMAS shall not				
56	submit such State Plan amendment to CMS until it has entered into an intergovernmental				
57	agreement with eligible local government-owned nursing homes or the local government

6	intergovernmental agreement, DMAS shall have the authority to modify the State Plan. The			
7	department shall have the authority to implement the reimbursement change consistent with			
8	the effective date in the State Plan amendment approved by CMS and prior to the completion

12	schedule pursuant to 42 C.F.R. § 438.6(c)(1)(iii) for local government-owned nursing homes			
13	participating in Commonwealth Coordinated Care Plus (CCC Plus) at the same level as and in

18	payments as authorized herein; and (iii) prohibit CCC Plus contracted health plans from in			
19	any way limiting Medicaid recipients from electing to receive nursing home services from			
20	local government-owned nursing homes. The department may include in CCC Plus Medicaid			
21	recipients who elect to receive nursing home services in local government-owned nursing			
22	homes in the future when it has secured federal CMS approval to use a minimum fee schedule			
23	as described above.			
24	4. The Department of Medical Assistance Services shall have the authority to amend the State			
25	Plan for Medical Assistance Services to implement a supplemental payment for clinic services			
26	furnished by the Virginia Department of Health (VDH) effective July 1, 2015. The total

28	Centers for Medicare and Medicaid Services and all other Medicaid payments. VDH may			
29	transfer general fund to the department from funds already appropriated to VDH to cover the			
30	non-federal share of the Medicaid payments. The department shall have the authority to			
31	implement the reimbursement change effective July 1, 2015, and prior to the completion of			
32	any regulatory process undertaken in order to effect such changes.			
33	5. The Department of Medical Assistance Services shall amend the State Plan for Medical			
34	Assistance to increase the supplemental physician payments for physicians employed at a

44	supplemental Medicaid payments to the primary teaching hospitals affiliated with a Liaison			
45	Committee on Medical Education (LCME) accredited medical school located in Planning

47	medical school located in Planning District 5 that has a partnership with a public university.			
48	The amount of the supplemental payment shall be based on the reimbursement methodology			
49	established for such payments in Attachments 4.19-A and 4.19-B of the State Plan for			
50	Medical Assistance and/or the department's contracts with managed care organizations. The

5	4. The Department of Medical Assistance Services shall, prior to the submission of any			
6	state plan amendment or waivers to implement paragraphs CCC.1., CCC.2., and CCC.3.,			
7	submit a plan detailing the changes in provider rates, new services added, other

23	the managed care regulations to specify that all contracts with health plans in a Medicaid			
24	managed care delivery model, including long-term services and supports, require			
25	reimbursement to nursing facility and specialized care services at no less than the			
26	Medicaid established per diem rate for Medicaid covered days, using the department's			
27	methodologies, unless the managed care organization and the nursing facility or			
28	specialized care services provider mutually agree to an alternative payment. The			
29	department shall have authority to implement this provision prior to the completion of any			
30	regulatory process in order to effect such change.			
31	GGG.1. The Department of Medical Assistance Services shall monitor the capacity			
32	available under the Upper Payment Limit (UPL) for all hospital supplemental payments			
33	and adjust payments accordingly when the UPL cap is reached. The department shall			
34	make an adjustment to stay under the UPL cap by reducing or eliminating as necessary			
35	supplemental payments to hospitals based on when the first supplemental payments were			
36	actually made so that the newest supplemental payments to hospitals would be impacted			
37	first and so on.			
38	2. The Department of Medical Assistance Services shall have the authority to implement			
39	reimbursement changes deemed necessary to meet the requirements of this paragraph prior			
40	to the completion of any regulatory process in order to effect such changes.			
41	HHH.1. By October 1, 2019, the Department of Medical Assistance Services shall require			
42	consumer-directed aides providing personal care, respite care and companion services in			
43	the Medicaid Commonwealth Coordinated Care (CCC) Plus Waiver and Developmental			
44	Disability waiver programs and the Early and Periodic Screening Diagnosis and Treatment			
45	(EPSDT) program to utilize an Electronic Visit Verification (EVV) system. Nothing in			
46	this paragraph shall apply to live-in caretakers, who shall be exempt from the EVV			
47	requirements beginning January 1, 2021. The department is authorized to contract with a

52	agencies meet all federal requirements and are capable of providing the necessary data the			
53	department may require.			
54	3. Nothing stated above shall apply to respite services provided by a DBHDS licensed			
55	provider in a DBHDS licensed program site such as a group home, sponsored residential

2	respite, as allowed by the Centers for Medicare and Medicaid.				
3	4. The department shall ensure that implementation of electronic visit verification complies				
4	with all requirements of the federal Centers of Medicare and Medicaid Services. The				
5	department shall have authority to implement these provisions prior to the completion of any				
6	regulatory process in order to effect such changes.				
7	III.1. Effective July 1, 2017, the Department of Medical Assistance Services shall amend the				
8	State Plan for Medical Assistance to increase the formula for indirect medical education				
9	(IME) for freestanding children's hospitals with greater than 50 percent Medicaid utilization				
10	in 2009 as a substitute for DSH payments. The formula for these hospitals for indirect medical				
11	education for inpatient hospital services provided to Medicaid patients but reimbursed by				
12	capitated managed care providers shall be identical to the formula for Type One hospitals.				
13	The IME payments shall continue to be limited such that total payments to freestanding				
14	children's hospitals with greater than 50 percent Medicaid utilization do not exceed the federal				
15	uncompensated care cost limit to which disproportionate share hospital payments are				
16	subject, excluding third party reimbursement for Medicaid eligible patients. The department				
17	shall have the authority to implement these changes effective July 1, 2017, and prior to				
18	completion of any regulatory action to effect such changes.				
19	2. The Department of Medical Assistance Services (DMAS) shall have the authority to create				
20	additional hospital supplemental payments for freestanding children's hospitals with greater				
21	than 50 percent Medicaid utilization in 2009 to replace payments that have been reduced due				
22	to the federal regulation on the definition of uncompensated care costs effective June 2, 2017.				
23	These new payments shall equal what would have been paid to the freestanding children's				
24	hospitals under the current disproportionate share hospital (DSH) formula without regard to				
25	the uncompensated care cost limit. These additional hospital supplemental payments shall				
26	take precedence over supplemental payments for private acute care hospitals. If the federal				
27	regulation is voided, DMAS shall continue DSH payments to the impacted hospitals and				
28	adjust the additional hospital supplemental payments authorized in this paragraph				
29	accordingly. The department shall have the authority to implement these changes prior to				
30	completion of any regulatory process undertaken in order to effectuate such change.				
31	JJJ. For the period beginning September 1, 2016 until 180 days after publication and				
32	distribution of the Developmental Disabilities Waivers provider manual by the Department of				
33	Medical Assistance Services (DMAS), retraction of payment from Developmental Disabilities				
34	Waivers providers following an audit by DMAS or one of its contractors is only permitted				
35	when the audit points identified are supported by the Code of Virginia, regulations, DMAS				
36	general providers manuals, or DMAS Medicaid Memos in effect during the date of services				
37	being audited.				
38	KKK. The Department of Medical Assistance Services shall submit a report annually on all				
39	supplemental payments made to hospitals through the Medicaid program. This report shall				
40	include information for each hospital and by type of supplemental payment (Disproportionate				
41	Share Hospital, Graduate Medical Education, Indirect Medical Education, Upper Payment				
42	Limit program, and others). The report shall include total Medicaid payments from all sources				
43	and calculate the percent of overall payments that are supplemental payments. Furthermore, it				
44	shall include a description of each type of supplemental payment and the methodology used to				
45	calculate the payments. Each report shall reflect the data for the prior three fiscal years and				
46	shall be submitted to the Chairmen of the House Appropriations and Senate Finance				
47	Committees by September 1 each year.				
48	LLL. Effective July 1, 2018, the Department of Medical Assistance Services shall amend the				
49	State Plan for Medical Assistance to make the following changes. The department shall: (i)				
50	eliminate eligibility for Disproportionate Share Hospital (DSH) payments for Children's				
51	National Medical Center (CNMC); (ii) increase the annual indirect medical education (IME)				
52	payments for CNMC by the amount of DSH the hospital was eligible for in fiscal year 2018;				
53	and (iii) reduce the Type 2 DSH allocation by this same amount. The department shall have				
54	the authority to implement these changes effective July 1, 2018, and prior to completion of				
55	any regulatory action to effect such change.				
56	MMM.1. The Department of Medical Assistance Services shall work with stakeholders to				
57	review and adjust medical necessity criteria for Medicaid-funded nursing services including

2	medical necessity criteria to reflect advances in medical treatment, new technologies, and			
3	use of integrated care models including behavioral supports. The department shall have			
4	the authority to amend the necessary waiver(s) and the State Plan under Titles XIX and			
5	XXI of the Social Security Act to include changes to services covered, provider			
6	qualifications, medical necessity criteria, and rates and rate methodologies for private duty			
7	nursing. The adjustments to these services shall meet the needs of members and maintain			
8	budget neutrality by not requiring any additional expenditure of general fund beyond the			
9	current projected appropriation for such nursing services.			
10	2. The department shall have authority to implement these changes to be effective July 1,			
11	2019. The department shall also have authority to promulgate any emergency regulations			
12	required to implement these necessary changes within 280 days or less from the enactment			
13	dated of this act. The department shall submit a report and estimates of any projected cost			
14	savings to the Chairmen of the House Appropriations and Senate Finance Committees 30			
15	days prior to implementation of such changes.			
16	NNN. Effective July 1, 2019, the department shall amend the State Plan for Medical			
17	Assistance to clarify payment rules for new nursing homes or renovations that qualify for			
18	mid-year rate adjustments, to include the following:			
19	1. For any facility whose Fair Rental Value report has less than 12 months of experience,			
20	the department shall develop an occupancy schedule that represents average statewide			
21	occupancy by month of operation for use in calculating the per diem rate in lieu of a			
22	minimum occupancy requirement or actual occupancy.			
23	2. Any new beds or renovations placed in service between the reporting year and the rate			
24	year shall be treated as a mid-year rate adjustment. No new rate will be made after April			
25	30. Rate updates that fall between May 1 and June 30 shall be effective July 1 of the same			
26	year.			
27	3. The department shall annualize real estate taxes, property taxes and property insurance			
28	costs that do not represent a full year's cost.			
29	4. Costs shall be based on currently available documentation at the time but are subject to			
30	audit. The department may use any reasonable method to estimate costs for which there is			
31	inadequate documentation. Any adjustments based on subsequent documentation or audit			
32	for a current rate year shall be applied beginning with the next rate year.			
33	5. The department shall have 15 days from the date of the provider's submission to			
34	determine if the filing is complete for purposes of setting a rate for a new or renovated			
35	facility. The facility shall have 15 days from the date the filing is deemed incomplete to			
36	submit the required information. The deadline for setting the rate shall be extended for 30			
37	days after the filing is deemed complete.			
38	6. Providers may propose a phased renovation subject to approval by the department. The			
39	phased renovation may include reductions to available beds. Any modifications to the			
40	proposed renovation are also subject to approval by the department.			
41	7. The department shall have the authority to implement these reimbursement changes			
42	effective July 1, 2019 and prior to the completion of any regulatory process undertaken in			
43	order to effect such change.			
44	OOO. The Department of Medical Assistance Services shall amend the State Plan for			
45	Medical Assistance and any relevant waivers thereof to modify reimbursement for			
46	Hospice services provided to patients residing in facilities to include at least 100 percent			
47	of the relevant Medicaid facility rate for that individual, a component commonly referred			
48	to as "room and board." To the extent allowed under federal law and regulation, the			
49	Department shall further amend the State plan and/or relevant waivers thereof to pay this			
50	"room and board" rate in effect with no discount applied to the facility directly, thus			
51	eliminating the Hospice from its role in passing-through this facility payment to the			
52	facility. To the extent federal approval of this direct payment component is dependent on			
53	whether it is in the State Plan or in relevant waivers, the Department shall implement the			
54	direct payment where federal approval is achieved. The department shall have authority to

18	losses for the next five years, including but not limited to optimizing federal matching dollars			
19	in accordance with federal law.

37	providers. The department shall have the authority to implement these reimbursement changes			
38	prior to the completion of the regulatory process.			
39	UUU. Effective July 1, 2019, the Department of Medical Assistance Services shall amend the

41	and to increase practitioner rates for psychiatric services by 21 percent to reflect the			
42	equivalent of 100 percent of the 2018 Medicare rates. All practitioners who bill these services

20	within 30 days of discharge, excluding planned readmissions, obstetrical readmissions,				
21	admissions to critical access hospitals, or in any case where the patient was originally				
22	discharged against medical advice. If the patient is readmitted to the same hospital for a

24	percent of the normal rate, except that a readmission within five days of discharge shall be				
25	considered a continuation of the same stay and shall not be treated as a new case. Similar

38	coverage, clinical criteria for coverage across the fee-for-service and managed care programs,				
39	risk sharing arrangements, and reimbursement methodologies including kick-payments or				
40	other pass-through arrangements that are consistent with the utilization and cost of the drug or

42	timeline for providing coverage from the date of FDA approval of the drug or technology.				
43	The workgroup shall report on issues and recommendations to the Joint Subcommittee for				
44	Health and Human Resources Oversight by September 1, 2020, including any budgetary or

18	capitation rates to account for the nursing facility rate increase and reflect the duration of			
19	the Governor's emergency. Should the nursing facility rate increase necessitate state			
20	spending in excess of those funds appropriated in this Item; then, notwithstanding the			
21	provisions of §4-3.02 of this Act, the Secretary of Finance may authorize an interest-free			
22	treasury loan for DMAS to offset the cost of the required nursing facility rate increase.			
23	The department shall have the authority to file all necessary regulatory authorities without			
24	delay, make any necessary contract changes, and implement these reimbursement changes			
25	without regard to existing regulations. The specified rate increase in this paragraph applies

6	Authority: Title 2.2, Chapter 2, Article 10, § 2.2-201, and Titles 33, 46, and 58, Code of			
7	Virginia.			
8	A. The transportation policy goals enumerated in this act shall be implemented by the			
9	Secretary of Transportation, including the secretary acting as Chairman of the Commonwealth			
10	Transportation Board.			
11	1. The maintenance of existing transportation assets to ensure the safety of the public shall be			
12	the first priority in budgeting, allocation, and spending. The highway share of the			
13	Transportation Trust Fund shall be used for highway maintenance and operation purposes			
14	prior to its availability for new development, acquisition, and construction.			
15	2. It is in the interest of the Commonwealth to have an efficient and cost-effective			
16	transportation system that promotes economic development and all modes of transportation,			
17	intermodal connectivity, environmental quality, accessibility for people and freight, and			
18	transportation safety. The planning, development, construction, and operations of Virginia's			
19	transportation facilities will reflect this goal.			
20	3. To the greatest extent possible, the appropriation of transportation revenues shall reflect			
21	planned spending of such revenues by agency and by program.			
22	B. The maximization of all federal transportation funds available to the Commonwealth shall			
23	be paramount in the budgetary, spending, and allocation processes.			
24	1. Notwithstanding any provision of law to the contrary, the secretary and all agencies within			
25	the transportation secretariat are hereby authorized to take all actions necessary to ensure that			
26	federal transportation funds are allocated and utilized for the maximum benefit of the			
27	Commonwealth, whether such actions or funds or both are authorized under P.L. 114-94 of			
28	the 114th Congress, or any successor or related federal transportation legislation, or			
29	regulation, rule, or guidance issued by the U.S. Department of Transportation or any federal			
30	agency. The secretary and agencies within the transportation secretariat shall utilize, to the			
31	maximum extent practicable, the flexibility provided in federal law, regulation, rule, or			
32	guidance to use federal funds in a manner consistent with the Code of Virginia. However,			
33	neither the secretary nor an agency in the transportation secretariat may materially delay a			
34	project selected pursuant to § 33.2-214.1, Code of Virginia, under the authority in this			
35	paragraph.			
36	2. The secretary shall ensure that the allocation of transportation funds apportioned and for			
37	which obligation authority is expected to be available under federal law shall be in accordance			
38	with such laws and in support of the transportation policy goals enumerated in section A. of			
39	this Item. Furthermore, the secretary is authorized to take all actions necessary to allocate the			
40	required match for federal highway funds to ensure their appropriate and timely obligation			
41	and expenditure within the fiscal constraints of state transportation revenues and in support of			
42	the efforts addressed in B.1. By June 1 of each year, the secretary, as Chairman of the Board,			
43	shall report to the Governor and General Assembly on the allocation of such federal			
44	transportation funds and the actions taken to provide the required match.			
45	3. The board shall only make allocations providing the required match for federal Regional

27	remaining amount of such allocations, apportionments, or obligations shall be set aside to			
28	the extent possible under law for use in that regional area.			
29	9. Appropriations in this act related to federal revenues outlined in this section may be

36	Program pursuant to §33.2-371. In any year such bond proceeds are allocated to one or			
37	both of the programs, the secretary shall take all necessary action to ensure that each			
38	program is provided with the same overall amount of monies though the mix of bond			
39	proceeds, state revenues, and federal revenues provided to each program may vary as			
40	deemed appropriate by the secretary.

4	electronic means. Provided, however, that such commercial operations shall not be			
5	entitled to compensation as established under § 46.2-205, Code of Virginia, but rather at

7	B. The Department of Motor Vehicles shall work to increase the use of alternative service			
8	delivery methods, which may include offering discounts on certain transactions conducted			
9	online, as determined by the department. As part of its effort to shift customers to internet			
10	usage where applicable, the department shall not charge its customers for the use of credit			
11	cards for internet or other types of transactions; however, this restriction shall not apply			
12	with respect to any credit or debit card transactions the department conducts on behalf of			
13	another agency, provided (i) the other agency is authorized to charge customers for the use			
14	of credit or debit cards and (ii) the merchant's fees and other transaction costs imposed by			
15	the card issuer are charged to the department.			
16	C. In order to provide citizens of the Commonwealth greater access to the Department of			
17	Motor Vehicles, the agency is authorized to enter into an agreement with any local

19	department, with the consent of the chief administrative officer of the constitutional			
20	officer's county or city, and to negotiate a separate compensation schedule for such office			
21	other than the schedule set out in § 46.2-205, Code of Virginia. Notwithstanding any other			
22	provision of law, any compensation due to a constitutional officer serving as a license			
23	agent shall be remitted by the department to the officer's county or city on a monthly basis,			
24	and not less than 80 percent of the sums so remitted shall be appropriated by such county

30	law.			
31	D. The base compensation for DMV Select Agents shall be set at 4.5 percent of gross

38 proceeds of such 9(a)(2) Notes, excluding amounts needed to fund issuance costs, reserve funds, and other financing
39 expenses, shall be used exclusively for the purpose of providing funds, together with any other available funds, to help
40 manage the cash flow impact of actual or potential reductions of tax and other revenues or increases in expenses related to
41 or resulting from the COVID-19 pandemic, and including the payment of operating expenses incurred or to be incurred in
42 anticipation of the collection of taxes and revenues by the Commonwealth.

43 b. In addition, in anticipation of the collection of taxes and revenues of the Commonwealth, and its counties, cities and
44 towns, for fiscal years 2021 and 2022, the Treasury Board is hereby authorized, by and with the consent of the Governor,
45 to sell and issue, pursuant to Article X, Section 9 (d) of the Constitution of Virginia, as the case may be, at one time or from
46 time to time, tax and revenue anticipation notes of the Commonwealth ("9(d) Notes" and together with the 9(a)(2) Notes
47 authorized in the foregoing paragraph, "Notes"), including 9(d) Notes issued as commercial paper. The proceeds of such
48 9(d) Notes, excluding amounts needed to fund issuance costs, reserve funds, and other financing expenses, shall be used
49 exclusively for the purpose of providing funds, together with any other available funds, to help manage the cash flow
50 impact of actual or potential reductions of tax and other revenues or increases in expenses related to or resulting from the
51 COVID-19 pandemic, and including the payment of operating expenses incurred or to be incurred in anticipation of the
52 collection of taxes and revenues by the Commonwealth and its counties, cities and towns, and to purchase or acquire
53 similar notes issued by, or otherwise to assist, cities, counties and towns of the Commonwealth for such purpose. The

- 1 Governor is authorized to select the counties, cities and towns to participate in the undertakings authorized hereunder and
2 direct the distribution of 9(d) Note proceeds to the particular counties, cities and town, and shall, after consultation with all
3 interested parties, develop a guidance document governing eligibility and priority criteria.
- 4 c. The Treasury Board is authorized to issue Notes hereunder in an aggregate principal amount not exceeding \$500,000,000 for
5 the benefit of the Commonwealth and in an aggregate principal amount not exceeding \$250,000,000 for the benefit of counties,
6 cities and towns, plus in either case amounts needed to fund issuance costs, reserve funds, capitalized interest, and other
7 financing expenses.
- 8 d. 9(a)(2) Notes shall mature at such time or times within twelve months from their date or dates, and 9(d) Notes shall mature
9 at such time or times not exceeding two years from their date or dates.
- 10 e. The full faith and credit of the Commonwealth shall be pledged to any 9(a)(2) Notes issued under the provisions of this Item.
11 9(d) Notes issued under the provisions of this item shall not be deemed to constitute a debt of the Commonwealth of Virginia or
12 a pledge of the full faith and credit of the Commonwealth, but such obligations shall be payable solely, subject to appropriation
13 by the General Assembly, from amounts appropriated from time to time by the General Assembly and from amounts paid by
14 counties, cities and towns that issue bonds, notes or obligations with respect to this Item. There is hereby appropriated a sum
15 sufficient to the Treasury Board for the purpose of paying the debt service on the Notes.
- 16 f. The Virginia Resources Authority is authorized to purchase and acquire through proceeds of 9(d) Notes bonds, notes or
17 obligations of counties, cities and towns of the Commonwealth issued for the purposes authorized hereunder and establish the
18 interest rates and repayment terms of such bonds, notes or obligations in accordance with a memorandum of agreement with
19 the Treasury Board and the Authority shall recover its reasonable costs and expenses for doing so from the proceeds of such
20 Notes and for its role in the administration and management of such proceeds.
- 21 g. Each county, city, and town is hereby authorized to issue bonds, notes or obligations for the purposes set forth in paragraph
22 (b) above. The authority of any county, city, and town to contract and to issue bonds, notes or obligations pursuant to such
23 authorization is in addition to any existing authority to contract and issue bonds, notes or obligations, anything in the laws of
24 the Commonwealth, including any local charter, to the contrary notwithstanding. The provisions of Virginia Code § 15.2-2659
25 and § 62.1-216.1 shall apply, mutatis mutandis, with respect to any bond, note or obligation issued by a county, city or town
26 hereunder.
- 27 h. The proceeds, including any premium, of the Notes shall be deposited in a special account in the state treasury and, together
28 with the investment income thereon, shall be disbursed by the State Treasurer from time to time for paying all or any part of
29 the expenses or undertakings as set forth in paragraphs (a) and (b) above. The Notes shall be dated and may be made
30 redeemable before their maturity or maturities at such price or prices or within such price parameters, all as may be
31 determined by the Treasury Board, by and with the consent of the Governor, and shall be in such form, shall bear interest at
32 such rate or rates, either at fixed rates or at rates established by formula or other method, and may contain such other
33 provisions, all as determined by the Treasury Board or, when authorized by the Treasury Board, the State Treasurer. The
34 principal of and premium, if any, and the interest on Notes shall be payable in lawful money of the United States of America.
35 Notes may be certificated or uncertificated as determined by the Treasury Board. The Treasury Board may contract for
36 services of such registrars, transfer agents, or other authenticating agents as it deems appropriate to maintain a record of the
37 persons entitled to the Notes. Notes issued in certificated form may be issued under a system of book entry for recording the
38 ownership and transfer of ownership of rights to receive payments on the Notes. The Treasury Board shall fix the authorized
39 denomination or denominations of the Notes and the place or places of payment of certificated Notes, which may be at the
40 Office of the State Treasurer or at any bank or trust company within or without the Commonwealth. The Treasury Board may
41 sell Notes in such manner, by competitive bidding, negotiated sale, or private placement with private lenders or governmental
42 agencies, and for such price or within such price parameters as it may determine, by and with the consent of the Governor, to
43 be in the best interest of the Commonwealth. In the discretion of the Treasury Board, Notes may be issued at one time or from
44 time to time. Certificated Notes shall be signed on behalf of the Commonwealth by the Governor and by the State Treasurer, or
45 shall bear their facsimile signatures, and shall bear the lesser seal of the Commonwealth or a facsimile thereof. If the Notes bear
46 the facsimile signature of the State Treasurer, they shall be signed by such administrative assistant as the State Treasurer shall
47 determine or by such registrar or paying agent as may be designated to sign them by the Treasury Board. If any officer whose
48 signature or facsimile signature appears on any Notes ceases to be such officer before delivery, such signature or facsimile
49 signature shall nevertheless be valid and sufficient for all purposes the same as if such officer had remained in office until such
50 delivery, and any Note may bear the facsimile signature of, or may be signed by, such persons as at the actual time of execution
51 are the proper officers to sign such Note, although at the date of such Note, such persons may not have been such officers.
- 52 i. The Treasury Board is authorized to create debt service and sinking funds for the payments of the principal of, premium, if
53 any, and interest on the Notes and other funds or reserves desirable or required by any purchaser. Pending the application of
54 the proceeds of the Notes to the purpose for which they have been authorized and the application of funds set aside for the
55 purpose to the payment of Notes, they may be invested by the State Treasurer in securities that are legal investments under the
56 laws of the Commonwealth for public funds and sinking funds, as the case may be. Whenever the State Treasurer receives
57 interest from the investment of the proceeds of Notes, such interest shall become a part of the principal of the Notes and shall
58 be used in the same manner as required for principal of the Notes.

1 7. a. Notwithstanding any other provision of law, upon the declaration by the Governor of a state of emergency pursuant to §
 2 44-146.17 of the Code of Virginia in response to a communicable disease of public health threat as defined in §44-146.16 of
 3 the Code of Virginia, electric companies, natural gas suppliers, and water service providers (“utilities”) are prohibited from
 4 disconnecting service for non-payment of bills or fees until at least 60 days after such declared state of emergency ends. The
 5 following provisions shall apply:

6 1.) The utilities shall notify all customers of this extension of the utility disconnection moratorium and the COVID Relief
 7 Repayment Plan (Repayment Plan); and

8 2.) The customer must provide documentation to the utilities that they have experienced a financial hardship resulting directly
 9 or indirectly from the public health emergency or the customer must provide documentation to the utilities that they have
 10 experienced a hardship to pay during the public health emergency; and

11 3.) The utilities and customers shall agree in writing to engage in a Repayment Plan.

12 b. No more than 60 days after the enactment of this Act, electric companies, natural gas suppliers, and water service providers
 13 (“utilities”) must offer customers the right to enter into a Repayment Plan for past due accounts. The following provisions
 14 shall apply:

15 1.) The Repayment Plan shall not require down payments, fees, or penalties;

16 2.) The Repayment Plan shall amortize the repayment over at least 12 months;

17 3.) The utilities shall not apply eligibility criteria, such as installment plan history, and customers shall be able to enroll in the

 20 Relief Repayment Plan.

21 8. a. No landlord shall terminate a tenancy, or take any action to obtain possession of a dwelling unit, for any reason other
 22 than those constituting a criminal or willful act posing a threat to health or safety pursuant to subsection C of § 55.1-1245 of

 24 and application process for the COVID-19 Housing Payment Plan (Payment Plan);

25 b. Within 60 days upon enactment of this Act, landlords must offer tenants the right to enter into a Payment Plan for past due

 28 months, or if less than 12 months remains on the lease agreement, that amortize the principal equally over the remainder of
 29 the lease agreement;

30 2.) The tenant must provide documentation to the landlord that they have experienced a financial hardship resulting directly or

34 4.) The landlord must take all reasonable steps to cooperate with the tenant's efforts to secure rental assistance funds or other
 35 subsidies or benefits that could pay down or retire the COVID-19 arrearage;

36 5.) The Payment Plan must include the statement that the Payment Plan is not part of the ongoing rental agreement between
 37 the tenant and landlord, and a tenant's noncompliance with the plan does not constitute a breach of the rental agreement;

38 6.) The Payment Plan does not purport to waive any of the tenant's rights or protections existing apart from the Payment Plan;

39 7.) The tenant shall be able to enroll in the Payment Plan with no deposit or down payment and no late fees will be imposed on
 40 the Payment Plan debt; and

41 8.) There shall not be reporting to credit bureaus or other debt collectors on delinquent rent while the tenant is on the Payment

 44 any action to obtain possession of a dwelling unit, unless they can demonstrate an agreed Payment Plan in writing was in
 45 place and the tenant failed to comply with the agreement. If the tenant refuses to enter into a mutually agreed Payment Plan

4 *the tenant and offered to work with the tenant to submit an application for rental assistance.*

5 *d. Nothing in this Enactment shall be construed to limit the landlord from filing an unlawful detainer for a non-rent violation*
