20	security devices such as magnetometers in standard use in major metropolitan airports.				
21	Personnel expenditures for operation of such equipment incidental to the duties of courtroom				
22	and courthouse security deputies may be authorized, provided that no additional expenditures				
23	for personnel shall be approved for the principal purpose of operating these devices.				
24	C. In accordance with the provisions of § 53.1-120, Code of Virginia, sheriffs are responsible				
25	for ensuring courtroom safety and chief judges are responsible, by agreement with the sheriff				
26	of the jurisdiction, for the designation of courtroom security deputies for their respective				
27	courts. However, unless a judge provides the sheriff with a written order stating that a				
28	substantial security risk exists in a particular case, no courtroom security deputies may be				
29	ordered by a judge for civil cases, not more than one deputy may be ordered by a judge for				
30	criminal cases in a district court, and not more than two deputies may be ordered by a judge

33	D. Should the scheduled opening date of any facility be delayed for which funds are available				
34	in this Item, the Director, Department of Planning and Budget, may allot such funds as the				
35	Compensation Board may request to allow the employment of staff for training purposes not				
36	more than 45 days prior to the rescheduled opening date for the facility.				
37	E. Consistent with the provisions of paragraph B of Item 79, the board shall allocate the				
38	additional jail deputies provided in this appropriation using a ratio of one jail deputy for every				
39	3.0 beds of operational capacity. Operational capacity shall be determined by the Department				
40	of Corrections. No additional deputy sheriffs shall be provided from this appropriation to a				
41	local jail in which the present staffing exceeds this ratio unless the jail is overcrowded.				
42	Overcrowding for these purposes shall be defined as when the average annual daily				
43	population exceeds the operational capacity. In those jails experiencing overcrowding, the				
44	board may allocate one additional jail deputy for every five average annual daily prisoners				
45	above operational capacity. Should overcrowding be reduced or eliminated in any jail, the

10	office meets the minimum criteria for such plans as set by the Compensation Board. Such			
11	election shall be made by July 1 for an effective date of participation the following July 1.			
12	3. Subject to appropriations by the General Assembly for this purpose, funding shall be

16	H. The Compensation Board shall estimate biannually the number of additional law			
17	enforcement deputies which will be needed in accordance with § 15.2-1609.1, Code of			
18	Virginia. Such estimate of the number of positions and related costs shall be included in			
19	the board's biennial budget request submission to the Governor and General Assembly.			
20	The allocation of such positions, established by the Governor and General Assembly in			
21	Item 79 of this act, shall be determined by the Compensation Board on an annual basis.			
22	The annual allocation of these positions to local sheriffs' offices shall be based upon the

24	Board at the time when the agency's annual budget request is completed. The source of			
25	such population estimates shall be the Weldon Cooper Center for Public Service of the			
26	University of Virginia or the United States Bureau of the Census. For the first year of the			
27	biennium, the Compensation Board shall allocate positions based upon the most recent			
28	provisional population estimates available at the time the agency's annual budget is			
29	completed.			
30	I. Any amount in the program Financial Assistance for Sheriffs' Offices and Regional Jails			
31	may be transferred between Items 72 and 73, as needed, to cover any deficits incurred in			
32	the programs Financial Assistance for Confinement of Inmates in Local and Regional			
33	Facilities, and Financial Assistance for Sheriffs' Offices and Regional Jails.			
34	J.1. Subject to appropriations by the General Assembly for this purpose, the Compensation			
35	Board shall provide for a Sheriffs' Career Development Program.			
36	2. Following receipt of a sheriff's certification that the minimum requirements of the			
37	Sheriffs' Career Development Program have been met, and provided that such certification			
38	is submitted by sheriffs as part of their annual budget request to the Compensation Board			
39	on or before February 1 of each year, the Compensation Board shall increase the annual			
40	salary shown in paragraph A of this Item by the percentage shown herein for a twelve-			
41	month period effective the following July 1.			
42	a. 9.3 percent increase for all sheriffs who certify their compliance with the established			
43	minimum criteria for the Sheriffs' Career Development Program where such criteria			
44	includes that a sheriff has achieved certification in a program agreed upon by the			
45	Compensation Board and the Virginia Sheriffs' Institute by Virginia Commonwealth			
46	University, or, where such criteria include that a sheriff's office seeking accreditation has			
47	been assessed and will be considered for accreditation by the accrediting body no later			
48	than March 1, and have achieved accreditation by March 1 from the Virginia Law			
49	Enforcement Professional Standards Commission, or the Commission on Accreditation of			
50	Law Enforcement agencies, or the American Correctional Association.			
51	3. Other constitutional officers' associations may request the General Assembly to include			
52	certification in a program agreed upon by the Compensation Board and the officers'			
53	associations by the Weldon Cooper Center for Public Service to the requirements for			
54	participation in their respective career development programs.

47	Corrections shall be included as receipts from these appropriations.			
48	D. Out of this appropriation, an amount not to exceed \$377,010 the first year and			
49	\$377,010 the second year from the general fund, is designated to be held in reserve for			
50	unbudgeted medical expenses incurred by local correctional facilities in the care of state			
51	responsible felons.			
52	E. The following amounts shall be paid out of this appropriation to compensate localities			

ITEM 73.	Item Details(\$)		Appropriations(\$)	
	First Year FY2023	Second Year FY2024	First Year FY2023	Second Year FY2024
1	for the cost of maintaining prisoners in local correctional facilities, as defined by § 53.1-1,			
2	Code of Virginia, or if the prisoner is not housed in a local correctional facility, in an			
3	alternative to incarceration program operated by, or under the authority of, the sheriff or jail			
4	board:			
5	1.a. For local responsible inmates--\$4 per inmate day, or, if the inmate is housed and			
6	maintained in a jail farm not under the control of the sheriff, the rate shall be \$18 per inmate			
7	day, for inmates housed through November 30, 2023.			
8	b. For local responsible inmates--\$5 per inmate day, or, if the inmate is housed and			
9	maintained in a jail farm not under control of the sheriff, the rate shall be \$19 per inmate day,			
10	for inmates housed beginning December 1, 2023.			
11	2. For state responsible inmates--\$12 per inmate day through June 30, 2022, and \$15 per			
12	inmate day effective July 1, 2022.			
13	F. For the payment specified in paragraph E.1. of this Item for prisoners in alternative			
14	punishment or alternative to incarceration programs:			
15	1. Such payment is intended to be made for prisoners that would otherwise be housed in a			
16	local correctional facility. It is not intended for prisoners that would otherwise be sentenced to			
17	community service or placed on probation.			
18	2. No such payment shall be made unless the program has been approved by the Department			
19	of Corrections or the Department of Criminal Justice Services. Alternative punishment or			
20	alternative to incarceration programs, however, may include supervised work experience,			
21	treatment, and electronic monitoring programs.			
22	G.1. Except as provided for in paragraph G.2., and notwithstanding any other provisions of			
23	this Item, the Compensation Board shall provide payment to any locality with an average			
24	daily jail population of under ten in FY 1995 an inmate per diem rate of \$18 per day for local			
25	responsible inmates and \$12 per day for state responsible inmates held in these jails in lieu of			
26	personal service costs for corrections' officers.			
27	2. Any locality covered by the provisions of this paragraph shall be exempt from the			
28	provisions thereof provided that the locally elected sheriff, with the assistance of the			
29	Compensation Board, enters into good faith negotiations to house his prisoners in an existing			
30	local or regional jail. In establishing the per diem rate and capital contribution, if any, to be			
31	charged to such locality by a local or regional jail, the Compensation Board and the local			
32	sheriff or regional jail authority shall consider the operating support and capital contribution			
33	made by the Commonwealth, as required by §§ 15.2-1613, 15.2-1615.1, 53.1-80, and 53.1-81,			
34	Code of Virginia. The Compensation Board shall report periodically to the Chairs of the			
35	House Appropriations and Senate Finance and Appropriations Committees on the progress of			
36	these negotiations and may withhold the exemption granted by this paragraph if, in the board's			
37	opinion, the local sheriff fails to negotiate in good faith.			
38	H.1. The Compensation Board shall recover the state-funded costs associated with housing			
39	federal inmates, District of Columbia inmates or contract inmates from other states. The			
40	Compensation Board shall determine, by individual jail, the amount to be recovered by the			
41	Commonwealth by multiplying the jail's current inmate days for this population by the			
42	proportion of the jail's per inmate day salary funds provided by the Commonwealth, as			
43	identified in the most recent Jail Cost Report prepared by the Compensation Board. Beginning			
44	July 1, 2009, the Compensation Board shall determine, by individual jail, the amount to be			
45	recovered by the Commonwealth by multiplying the jail's current inmate days for this			
46	population by the proportion of the jail's per inmate day operating costs provided by the			
47	Commonwealth, excluding payments otherwise provided for in this Item, as identified in the			
48	most recent Jail Cost Report prepared by the Compensation Board. If a jail is not included in			
49	the most recent Jail Cost Report, the Compensation Board shall use the statewide average of			
50	per inmate day salary funds provided by the Commonwealth.			
51	2. The Compensation Board shall deduct the amount to be recovered by the Commonwealth			
52	from the facility's next quarterly per diem payment for state-responsible and local-responsible			
53	inmates. Should the next quarterly per diem payment owed the locality not be sufficient			
54	against which to net the total quarterly recovery amount, the locality shall remit the remaining

1	amount not recovered to the Compensation Board.			
2	3. Any local or regional jail which receives funding from the Compensation Board shall			
3	give priority to the housing of local-responsible, state-responsible, and state contract			
4	inmates, in that order, as provided in paragraph H.1.			
5	4. The Compensation Board shall not provide any inmate per diem payments to any local			
6	or regional jail which holds federal inmates in excess of the number of beds contracted for			
7	with the Department of Corrections, unless the Director, Department of Corrections,			
8	certifies to the Chairman of the Compensation Board that a) such contract beds are not			
9	required; b) the facility has operational capacity built under contract with the federal			
10	government; c) the facility has received a grant from the federal government for a portion			
11	of the capital costs; or d) the facility has applied to the Department of Corrections for			
12	participation in the contract bed program with a sufficient number of beds to meet the			
13	Department of Corrections' need or ability to fund contract beds at that facility in any			
14	given fiscal year.			
15	5. The Compensation Board shall apply the cost recovery methodology set out in			
16	paragraph H.1. of this Item to any jail which holds inmates from another state on a			
17	contractual basis. However, recovery in such circumstances shall not be made for inmates			
18	held pending extradition to other states or pending transfer to the Virginia Department of			
19	Corrections.			
20	6. The provisions of this paragraph shall not apply to any local or regional jail where the			
21	cumulative federal share of capital costs exceeds the Commonwealth's cumulative capital			
22	contribution.			
23	7. For a local or regional jail which operates bed space specifically built utilizing federal			
24	capital or grant funds for the housing of federal inmates and for which Compensation			
25	Board funding has never been authorized for staff for such bed space, the Compensation			
26	Board shall allow an exemption from the recovery provided in paragraph H.1. for a			
27	defined number of federal prisoners upon certification by the sheriff or superintendent that			
28	the federal government has paid for the construction of bed space in the facility or			
29	provided a grant for a portion of the capital cost. Such certification shall include specific			
30	funding amounts paid by the federal government, localities, and/or regional jail			
31	authorities, and the Commonwealth for the construction of bed space specifically built for			
32	the housing of federal inmates and for the construction of the jail facility in its entirety.			
33	The defined number of federal prisoners to be exempted from the recovery provided in			
34	paragraph H.1. shall be based upon the proportion of funding paid by the federal			
35	government and localities and/or regional jail authorities for the construction of bed space			
36	to house federal prisoners to the total funding paid by all sources, including the			
37	Commonwealth, for all construction costs for the jail facility in its entirety. For Western			
38	Tidewater Regional Jail, exemption from the recovery provided in paragraph H.1. shall			
39	apply to the first 76 federal inmates housed at the jail and for any inmate above 130			
40	housed at the jail at any given time.			
41	8. Beginning March 1, 2013, federal inmates placed in the custody of a regional jail			
42	pursuant to a work release program operated by the federal Bureau of Prisons shall be			
43	exempt from the recovery of costs associated with housing federal inmates pursuant to			
44	paragraph H.1. of this item if such federal inmates have been assigned by the federal			
45	Bureau of Prisons to a home electronic monitoring program in place for such inmates by			
46	agreement with the jail on or before January 1, 2012 and are not housed in the jail facility.			
47	However, no such exemption shall apply to any federal inmate while they are housed in			
48	the regional jail facility.			
49	I. Any amounts in the program Financial Assistance for Confinement of Inmates in Local			
50	and Regional Facilities, may be transferred between Items 72 and 73, as needed, to cover			
51	any deficits incurred in the programs Financial Assistance for Sheriffs' Offices and			
52	Regional Jails and Financial Assistance for Confinement of Inmates in Local and Regional			
53	Facilities.			
54	J.1. The Compensation Board shall provide an annual report on the number and diagnoses			
55	of inmates with mental illnesses in local and regional jails, the treatment services			
56	provided, and expenditures on jail mental health programs. The report shall be prepared in

1	cooperation with the Virginia Sheriffs Association, the Virginia Association of Regional Jails,			
2	the Virginia Association of Community Services Boards, and the Department of Behavioral			
3	Health and Developmental Services, and shall be coordinated with the data submissions			
4	required for the annual jail cost report. Copies of this report shall be provided by November 1			
5	of each year to the Governor, Director, Department of Planning and Budget, and the Chairs of			
6	the Senate Finance and Appropriations and House Appropriations Committees.			
7	2. Whenever a person is admitted to a local or regional correctional facility, the staff of the			
8	facility shall screen such person for mental illness using a scientifically validated instrument.			
9	The Commissioner of Behavioral Health and Developmental Services shall designate the			
10	instrument to be used for the screenings and such instrument shall be capable of being			
11	administered by an employee of the local or regional correctional facility, other than a health			
12	care provider, provided that such employee is trained in the administration of such instrument.			
13	K. Out of the amounts appropriated in this item, \$215,939 the first year and \$215,939 the			
14	second year from the general fund is provided for the purpose of reimbursing the County of			
15	Nottoway for the expense of confining residents of the Virginia Center for Behavioral			
16	Rehabilitation arrested for new offenses and held in Piedmont Regional Jail at the expense of			
17	the County. Reimbursements by the Board are to be made quarterly, and shall be equal to			
18	demonstrated costs incurred by the County of Nottoway for confinement of these individuals,			
19	and shall not exceed the amounts provided in this paragraph for each fiscal year.			
20	Demonstrated costs may include expenses incurred in the last month of the prior fiscal year if			
21	not previously reimbursed. The County of Nottoway, the Virginia Center for Behavioral			
22	Rehabilitation, and Piedmont Regional Jail shall upon request provide the Compensation			
23	Board any information and assistance it determines is necessary to calculate amounts to be			
24	reimbursed to the County of Nottoway.

49	based on the composite index of local ability-to-pay. Each constituent index element for a			
50	locality used to determine the composite index of local ability-to-pay for the current			
51	biennium shall be the latest available data for the specified official base year provided to			
52	the Department of Education by the responsible source agencies no later than November			
53	15, 2021.			
54	b. For any locality whose total calendar year 2019 Virginia Adjusted Gross Income is			
55	comprised of at least 3 percent or more by nonresidents of Virginia, such nonresident			
56	income shall be excluded in computing the composite index of ability-to-pay. The

1	Department of Education shall compute the composite index for such localities by using			
2	adjusted gross income data which exclude nonresident income, but shall not adjust the			
3	composite index of any other localities. The Department of Taxation shall furnish to the			
4	Department of Education such data as are necessary to implement this provision.			
5	c.1) Notwithstanding the funding provisions in § 22.1-25 D, Code of Virginia, additional state			
6	funding for future consolidations shall be as set forth in future Appropriation Acts.			
7	2) In the case of the consolidation of Bedford County and Bedford City school divisions, the			
8	fifteen year period for the application of a new composite shall apply beginning with the fiscal			
9	year that starts on July 1, 2013. The composite index established by the Board of Education			
10	shall equal the lowest composite index that was in effect prior to July 1, 2013, of any			
11	individual localities involved in such consolidation, and this index shall remain in effect for a			
12	period of fifteen years, unless a lower composite index is calculated for the combined division			
13	through the process for computing an index as set forth above.			
14	3) If the composite index of a consolidated school division is reduced during the course of the			
15	fifteen year period to a level that would entitle the school division to a lower interest rate for a			
16	Literary Fund loan than it received when the loan was originally released, the Board of			
17	Education shall reduce the interest rate of such loan for the remainder of the period of the			
18	loan. Such reduction shall be based on the interest rate that would apply at the time of such			
19	adjustment. This rate shall remain in effect for the duration of the loan and shall apply only to			
20	those years remaining to be paid.			
21	d. When it is determined that a substantial error exists in a constituent index element, the			
22	Department of Education will make adjustments in funding for the current school year only in			
23	the division where the error occurred. The composite index of any other locality shall not be			
24	changed as a result of the adjustment. No adjustment during the biennium will be made as a			
25	result of updating of data used in a constituent index element.			
26	e. In the event that any school division consolidates two or more small schools, the division			
27	shall continue to receive Standards of Quality funding and provide for the required local			
28	expenditure for a period of five years as if the schools had not been consolidated. Small			
29	schools are defined as any elementary, middle, or high school with enrollment below 200, 300			
30	and 400 students, respectively.			
31	5. "Required Local Expenditure for the Standards of Quality" - The locality's share based on			
32	the composite index of local ability-to-pay of the cost required by all the Standards of Quality			
33	minus its estimated revenues from the state sales and use tax dedicated to public education,			
34	those sales tax revenues transferred to the general fund from the Public Education Standards			
35	of Quality/Local Real Estate Property Tax Relief Fund and the amounts distributed in Item			
36	137.C.5.b.2 for fiscal year 2023 and fiscal year 2024 and appropriated in this Item, which are			
37	returned on the basis of the latest yearly estimate of school age population provided by the			
38	Weldon Cooper Center for Public Service, as specified in this Item, collected by the			
39	Department of Education and distributed to school divisions in the fiscal year in which the			
40	school year begins.			
41	6. "Required Local Match" - The locality's required share of program cost based on the			
42	composite index of local ability-to-pay for all Lottery and Incentive programs, where			
43	required, in which the school division has elected to participate in a fiscal year. Amounts			
44	distributed as the Supplemental General Fund Payment in Lieu of Sales Tax on Food and			
45	Personal Hygiene Products, in Item 137.C.5.b.2, require no local match.			
46	7. "Planning District Eight" - The nine localities which comprise Planning District Eight are			
47	Arlington County, Fairfax County, Loudoun County, Prince William County, Alexandria			
48	City, Fairfax City, Falls Church City, Manassas City, and Manassas Park City.			
49	8. "State Share of the Standards of Quality" - The state share of the Standards of Quality			
50	(SOQ) shall be equal to the total funded SOQ cost for a school division less the school			
51	division's estimated revenues from the state sales and use tax dedicated to public education			
52	and the amounts distributed in Item 137.C.5.b.2 for fiscal year 2023 and fiscal year 2024			
53	based on the latest yearly estimate of school age population provided by the Weldon Cooper			
54	Center for Public Service, adjusted for the state's share of the composite index of local ability			
55	to pay.

2	eligibility percentages to determine the entitlement amounts are based on the most recent			
3	data available as of the biennial rebenchmarking calculations made for the current			
4	biennium. For schools that participate in the Community Eligibility Provision program,			
5	such entitlements are based on the most recent Free Lunch eligibility data available prior			
6	to that school's enrollment in the Community Eligibility Provision program.			
7	10. In the event that the general fund appropriations in this Item are not sufficient to meet			
8	the entitlements payable to school divisions pursuant to the provisions of this Item, the			
9	Department of Education is authorized to transfer any available general fund funds			
10	between these Items to address such insufficiencies. If the total general fund			
11	appropriations after such transfers remain insufficient to meet the entitlements of any			
12	program funded with general fund dollars, the Department of Education is authorized to			
13	prorate such shortfall proportionately across all of the school divisions participating in any			
14	program where such shortfall occurred.			
15	11. The Department of Education is directed to apply a cap on inflation rates in the same			
16	manner prescribed in § 51.1-166.B, Code of Virginia, when updating funding to school			
17	divisions during the biennial rebenchmarking process.			
18	12. Notwithstanding any other provision in statute or in this Item, the Department of			
19	Education is directed to combine the end-of-year Average Daily Membership (ADM) for			
20	those school divisions who have partnered together as a fiscal agent division and a			
21	contractual division for the purposes of calculating prevailing costs included in the			
22	Standards of Quality (SOQ).			
23	13. Notwithstanding any other provision in statute or in this Item, the Department of			
24	Education is directed to include zeroes in the linear weighted average calculation of			
25	support non-personal costs for the purpose of calculating prevailing costs included in the			
26	Standards of Quality (SOQ).			
27	14. Notwithstanding any other provision in statute or in this Item, the Department of			
28	Education is directed to eliminate the corresponding and appropriate object code(s) related			
29	to reported travel expenditures included the linear weighted average non-personal cost

32	15. Notwithstanding any other provision in statute or in this Item, the Department of			
33	Education is directed to eliminate the corresponding and appropriate object code(s) related			
34	to reported leases and rental and facility expenditures included the linear weighted average			
35	non-personal cost calculations for the purpose of calculating prevailing costs included in			
36	the Standards of Quality (SOQ).			
37	16. Notwithstanding any other provision in statute or in this Item, the Department of			
38	Education is directed to fund transportation costs using a 15 year replacement schedule,			
39	which is the national standard guideline, for school bus replacement schedule for the			
40	purpose of calculating funded transportation costs included in the Standards of Quality			
41	(SOQ).			
42	17. To provide additional flexibility, notwithstanding the provisions of § 22.1-79.1, Code			
43	of Virginia, any school division that was granted a waiver regarding the opening date of			
44	the school year for the 2011-2012 school year under the good cause requirements shall			
45	continue to be granted a waiver for the 2022-2023 school year and the 2023-2024 school			
46	year.			
47	B. General Conditions			
48	1. The Standards of Quality cost in this Item related to fringe benefits shall be limited for			
49	instructional staff members to the employer's cost for a number not exceeding the number

7	a.1) Payment by the state to a local school division shall be based on the state share of fringe				
8	benefit costs of 55 percent of the employer's cost distributed on the basis of the composite				
9	index.				
10	2) A locality whose composite index exceeds 0.8000 shall be considered as having an index				
11	of 0.8000 for purposes of distributing fringe benefit funds under this provision.				
12	3) The state payment to each school division for retirement, social security, and group life				
13	insurance costs for non-instructional personnel is included in and distributed through Basic				
14	Aid.				
15	b. Payments to school divisions from this Item shall be calculated using March 31 Average

17	c. Payments for health insurance fringe benefits are included in and distributed through Basic				
18	Aid.				
19	2. Each locality shall offer a school program for all its eligible pupils which is acceptable to				
20	the Department of Education as conforming to the Standards of Quality program				
21	requirements.				
22	3. In the event the statewide number of pupils in March 31 ADM results in a state share of				
23	cost exceeding the general fund appropriation in this Item, the locality's state share of Basic				
24	Aid shall be reduced proportionately so that this general fund appropriation will not be				
25	exceeded. In addition, the required local share of Basic Aid shall also be reduced				
26	proportionately to the reduction in the state's share.				
27	4. The Department of Education shall make equitable adjustments in the computation of				
28	indices of wealth and in other state-funded accounts for localities affected by annexation,				
29	unless a court of competent jurisdiction makes such adjustments. However, only the indices of				
30	wealth and other state-funded accounts of localities party to the annexation will be adjusted.				
31	5. In the event that the actual revenues from the state sales and use tax dedicated to public				
32	education and those sales tax revenues transferred to the general fund from the Public				
33	Education Standards of Quality/Local Real Estate Property Tax Relief Fund and appropriated				
34	in this Item (both of which are returned on the basis of the latest yearly estimate of school age				
35	population provided by the Weldon Cooper Center for Public Service) for sales in the fiscal				
36	year in which the school year begins are different from the number estimated as the basis for				
37	this appropriation, the estimated state sales and use tax revenues shall not be adjusted.				
38	6. This appropriation shall be apportioned to the public schools with guidelines established by				
39	the Department of Education consistent with legislative intent as expressed in this act.				
40	7.a. Appropriations of state funds in this Item include the number of positions required by the				
41	Standards of Quality. This Item includes a minimum of 51 professional instructional positions				
42	and aide positions (C 5); Education of the Gifted, 1.0 professional instructional position (C 6);				
43	Occupational-Vocational Education Payments and Special Education Payments; a minimum				
44	of 6.0 professional instructional positions and aide positions (C 7 and C 8) for each 1,000				
45	pupils in March 31 ADM each year in support of the current Standards of Quality. Funding in				
46	support of one hour of additional instruction per day based on the percent of students eligible				
47	for the federal free lunch program with a pupil-teacher ratio range of 18:1 to 10:1, depending				
48	upon a school division's combined failure rate on the English and Math Standards of				
49	Learning, is included in Remedial Education Payments (C 9).				
50	b. No actions provided in this section signify any intent of the General Assembly to mandate				
51	an increase in the number of instructional personnel per 1,000 students above the numbers				
52	explicitly stated in the preceding paragraph.				

ITEM 137.		Item Details(\$)		Appropriations(\$)	
		First Year FY2023	Second Year FY2024	First Year FY2023	Second Year FY2024
1	c. Appropriations in this Item include programs supported in part by transfers to the				
2	general fund from the Public Education Standards of Quality/Local Real Estate Property				
3	Tax Relief Fund pursuant to Part 3 of this Act. These transfers combined together with				
4	other appropriations from the general fund in this Item funds the state's share of the				
5	following revisions to the Standards of Quality pursuant to Chapters 939 & 955 of the				
6	Acts of Assembly of 2004: five elementary resource teachers per 1,000 students; one				
7	support technology position per 1,000 students; one instructional technology position per				
8	1,000 students; and a full daily planning period for teachers at the middle and high school				
9	levels in order to relieve the financial pressure these education programs place on local				
10	real estate taxes.				
11	d. To provide flexibility, school divisions may use the state and local funds for				
12	instructional technology resource teachers required by the Standards of Quality to employ				
13	a data coordinator position, an instructional technology resource teacher position, or a data				
14	coordinator/instructional resource teacher blended position. The data coordinator position				
15	is intended to serve as a resource to principals and classroom teachers in the area of data				
16	analysis and interpretation for instructional and school improvement purposes, as well as				
17	for overall data management and administration of state assessments. School divisions				
18	using these SOQ funds in this manner shall only employ instructional personnel licensed				
19	by the Board of Education.				
20	e. To provide flexibility in the provision of reading intervention services, school divisions				
21	may use the state Early Reading Intervention initiative funding provided from the Lottery				
22	Proceeds Fund and the required local matching funds to employ reading specialists to				
23	provide the required reading intervention services. School divisions using the Early				
24	Reading Intervention Initiative funds in this manner shall only employ instructional				
25	personnel licensed by the Board of Education.				
26	f. To provide flexibility in the provision of mathematics intervention services, school				
27	divisions may use the state Standards of Learning Algebra Readiness initiative funding				
28	provided from the Lottery Proceeds Fund and the required local matching funds to employ				
29	mathematics teacher specialists to provide the required mathematics intervention services.				
30	School divisions using the Standards of Learning Algebra Readiness initiative funding in				
31	this manner shall only employ instructional personnel licensed by the Board of Education.				
32	g. Notwithstanding the provisions of subsection H 1 of § 22.1-253.13:2 of the Code of				
33	Virginia, each local school board shall employ, at a minimum, one full-time principal in				
34	each elementary school.				
35	h. Notwithstanding the provisions of subsection G of § 22.1-253.13:2 of the Code of				
36	Virginia, each local school board shall employ a reading specialist for each 550 students in				
37	kindergarten through grade three. To provide flexibility, school boards may employ other				
38	staff such as reading coaches or other instructional staff who are working towards				
39	obtaining the training and licensure requirements necessary to fulfill the staffing standards				
40	that become effective at the start of the 2024-2025 school year. School divisions are				
41	encouraged to deploy these positions to assist in reading instruction and intervention to				
42	students in kindergarten through sixth grade.				
43	8.a.1) Pursuant to § 22.1-97, Code of Virginia, the Department of Education is required to				
44	make calculations at the start of the school year to ensure that school divisions have				
45	appropriated adequate funds to support their estimated required local expenditure for the				
46	corresponding state fiscal year. In an effort to reduce the administrative burden on school				
47	divisions resulting from state data collections, such as the one needed to make the				
48	mentioned calculations, the requirements of § 22.1-97, Code of Virginia, pertaining				
49	to the adequacy of estimated required local expenditures, shall be satisfied by signed				
50	certification by each division superintendent at the beginning of each school year that				
51	sufficient local funds have been budgeted to meet all state required local effort and				
52	required local match amounts. This provision shall only apply to calculations required of				
53	the Department of Education related to estimated required local expenditures and shall not				
54	pertain to the calculations associated with actual required local expenditures after the close				
55	of the school year.				
56	2) The Department of Education shall also make calculations after the close of the school

2	Membership, was met. Pursuant to § 22.1-97, Code of Virginia, the Department of Education			
3	shall report annually, no later than the first day of the General Assembly session, to the House			
4	Committees on Education and Appropriations and the Senate Committees on Finance and			
5	Appropriations and Education and Health, the results of such calculations made after the close			
6	of the school year and the degree to which each school division has met, failed to meet, or			
7	surpassed its required local expenditure. The Department of Education shall specify the			
8	calculations to determine if a school division has expended its required local expenditure for			
9	the Standards of Quality. This calculation may include but is not limited to the following			
10	calculations:			
11	b. The total expenditures for operation, defined as total expenditures less all capital outlays,			
12	expenditures for debt service, facilities, non-regular day school programs (such as adult			
13	education, preschool, and non-local education programs), and any transfers to regional			
14	programs will be calculated.			
15	c. The following state funds will be deducted from the amount calculated in paragraph a.			
16	above: revenues from the state sales and use tax (returned on the basis of the latest yearly			
17	estimate of school age population provided by the Weldon Cooper Center for Public Service,			
18	as specified in this Item) for sales in the fiscal year in which the school year begins; total			
19	receipts from state funds (except state funds for non-regular day school programs and state			
20	funds used for capital or debt service purposes); and the state share of any balances carried			
21	forward from the previous fiscal year. Any qualifying state funds that remain unspent at the			
22	end of the fiscal year will be added to the amount calculated in paragraph a. above.			
23	d. Federal funds, and any federal funds carried forward from the previous fiscal year, will also			
24	be deducted from the amount calculated in paragraph a. above. Any federal funds that remain			
25	unspent at the end of the fiscal year and any capital expenditures paid from federal funds will			
26	be added to the amount calculated in paragraph a. above.			
27	e. Tuition receipts, receipts from payments from other cities or counties, and fund transfers			
28	will also be deducted from the amount calculated in paragraph a, then			
29	f. The final amount calculated as described above must be equal to or greater than the required			
30	local expenditure defined in paragraph A. 5.			
31	g. The Department of Education shall collect the data necessary to perform the calculations of			
32	required local expenditure as required by this section.			
33	h. A locality whose expenditure in fact exceeds the required amount from local funds may not			
34	reduce its expenditures unless it first complies with all of the Standards of Quality.			
35	9.a. Any required local matching funds which a locality, as of the end of a school year, has			
36	not expended, pursuant to this Item, for the Standards of Quality shall be paid by the locality			
37	into the general fund of the state treasury. Such payments shall be made not later than the end			
38	of the school year following that in which the under expenditure occurs.			
39	b. Whenever the Department of Education has recovered funds as defined in the preceding			
40	paragraph a., the Secretary of Education is authorized to repay to the locality affected by that			
41	action, seventy-five percent (75%) of those funds upon his determination that:			
42	1) The local school board agrees to include the funds in its June 30 ending balance for the			
43	year following that in which the under expenditure occurs;			
44	2) The local governing body agrees to reappropriate the funds as a supplemental appropriation			
45	to the approved budget for the second year following that in which the under expenditure			
46	occurs, in an appropriate category as requested by the local school board, for the direct benefit			
47	of the students;			
48	3) The local school board agrees to expend these funds, over and above the funds required to			
49	meet the required local expenditure for the second year following that in which the under			
50	expenditure occurs, for a special project, the details of which must be furnished to the			
51	Department of Education for review and approval;			
52	4) The local school board agrees to submit quarterly reports to the Department of Education

2	5) The local governing body and the local school board agree that the project award will			
3	be cancelled and the funds withdrawn if the above conditions have not been met as of June			
4	30 of the second year following that in which the under expenditure occurs.			
5	c. There is hereby appropriated, for the purposes of the foregoing repayment, a sum			
6	sufficient, not to exceed 75 percent of the funds deposited in the general fund pursuant to			
7	the preceding paragraph a.			
8	10. The Department of Education shall specify the manner for collecting the required			
9	information and the method for determining if a school division has expended the local			
10	funds required to support the actual local match based on all Lottery and Incentive			
11	programs in which the school division has elected to participate. Unless specifically stated			
12	otherwise in this Item, school divisions electing to participate in any Lottery or Incentive			
13	program that requires a local funding match in order to receive state funding, shall certify			
14	to the Department of Education its intent to participate in each program by July 1 each			
15	fiscal year in a manner prescribed by the Department of Education. As part of this			
16	certification process, each division superintendent must also certify that adequate local			
17	funds have been appropriated, above the required local effort for the Standards of Quality,			
18	to support the projected required local match based on the Lottery and Incentive programs			
19	in which the school division has elected to participate. State funding for such program(s)			
20	shall not be made until such time that the school division can certify that sufficient local			
21	funding has been appropriated to meet required local match. The Department of Education			
22	shall make calculations after the close of the fiscal year to verify that the required local			
23	match was met based on the state funds that were received.			
24	11. Any sum of local matching funds for Lottery and Incentive program which a locality			
25	has not expended as of the end of a fiscal year in support of the required local match			
26	pursuant to this Item shall be paid by the locality into the general fund of the state treasury			
27	unless the carryover of those unspent funds is specifically permitted by other provisions of			
28	this act. Such payments shall be made no later than the end of the school year following			
29	that in which the under expenditure occurred.			
30	12. The Superintendent of Public Instruction shall provide a report annually, no later than			
31	the first day of the General Assembly session, on the status of teacher salaries, by local			
32	school division, to the Governor and the Chairs of the Senate Finance and Appropriations			
33	and House Appropriations Committees. In addition to information on average salaries by			
34	school division and statewide comparisons with other states, the report shall also include			
35	information on starting salaries by school division and average teacher salaries by school.			
36	13. All state and local matching funds required by the programs in this Item shall be			
37	appropriated to the budget of the local school board.			
38	14. By November 1 of each year, the Department of Planning and Budget, in cooperation			
39	with the Department of Education, shall prepare and submit a preliminary forecast of			
40	Standards of Quality expenditures, based upon the most current data available, to the			
41	Chairs of the House Appropriations and Senate Finance and Appropriations Committees.			
42	In odd-numbered years, the forecast for the current and subsequent two fiscal years shall			
43	be provided. In even-numbered years, the forecast for the current and subsequent fiscal			
44	year shall be provided. The forecast shall detail the projected March 31 Average Daily			
45	Membership and the resulting impact on the education budget.			
46	15. School divisions may choose to use state payments provided for Standards of Quality			
47	Prevention, Intervention, and Remediation in both years as a block grant for remediation			
48	purposes, without restrictions or reporting requirements, other than reporting necessary as			
49	a basis for determining funding for the program.			
50	16. Except as otherwise provided in this act, the Superintendent of Public Instruction shall			
51	provide guidelines for the distribution and expenditure of general fund appropriations and			
52	such additional federal, private and other funds as may be made available to aid in the			
53	establishment and maintenance of the public schools.			
54	17. At the Department of Education's option, fees for audio-visual services may be

2	18. For distributions not otherwise specified, the Department of Education, at its option, may			
3	use prior year data to calculate actual disbursements to individual localities.			
4	19. Payments for accounts related to the Standards of Quality made to localities for public			
5	education from the general fund, as provided herein, shall be payable in twenty-four semi-			
6	monthly installments at the middle and end of each month.			
7	20. Notwithstanding § 58.1-638 D., Code of Virginia, and other language in this Item, the			
8	Department of Education shall, for purposes of calculating the state and local shares of the			
9	Standards of Quality, apportion state sales and use tax dedicated to public education and those			
10	sales tax revenues transferred to the general fund from the Public Education Standards of			
11	Quality/ Local Real Estate Property Tax Relief Fund in the first year based on the July 1,			
12	2020, estimate of school age population provided by the Weldon Cooper Center for Public			
13	Service and, in the second year, based on the July 1, 2021, estimate of school age population			
14	provided by the Weldon Cooper Center for Public Service.

20	Public Service and, in the second year, based on the July 1, 2021, estimate of school age			
21	population provided by the Weldon Cooper Center for Public Service.			
22	21. The school divisions within the Tobacco Region, as defined by the Tobacco Region			
23	Revitalization Commission, shall jointly explore ways to maximize their collective			
24	expenditure reimbursement totals for all eligible E-Rate funding.

34	as state funds.			
35	24.a. Any locality that has met its required local effort for the Standards of Quality accounts			
36	for FY 2023 and that has met its required local match for incentive or Lottery-funded			
37	programs in which the locality elected to participate in FY 2023 may carry over into FY 2024			
38	any remaining state Direct Aid to Public Education fund balances available to help minimize			
39	any FY 2024 revenue adjustments that may occur in state funding to that locality. Localities			
40	electing to carry forward such unspent state funds must appropriate the funds to the school			
41	division for expenditure in FY 2024.			
42	b. Any locality that has met its required local effort for the Standards of Quality accounts for			
43	FY 2024 and that has met its required local match for incentive or Lottery-funded programs in

45	remaining state Direct Aid to Public Education fund balances available to help minimize any			
46	FY 2025 revenue adjustments that may occur in state funding to that locality. Localities

48	division for expenditure in FY 2025.			
49	25. Localities are encouraged to allow school boards to carry over any unspent local			
50	allocations into the next fiscal year. Localities are also encouraged to provide increased			
51	flexibility to school boards by appropriating state and local funds for public education in a			
52	lump sum.			
53	26. The Department of Education shall include in the annual School Performance Report Card

1	instructional costs. For this report, the Department of Education shall establish a			
2	methodology for allocating each school division's expenditures to instructional and non-			
3	instructional costs in a manner that is consistent with the funding of the Standards of			
4	Quality as approved by the General Assembly.			
5	27. It is the intent of the General Assembly that all school divisions annually provide their			
6	employees, upon request, with a user-friendly statement of total compensation, including			
7	contract duration if less than 12 months.			
8	28. The Department of Education, in collaboration with the Virginia Community College			
9	System, will ensure that the same policies regarding the cost for dual enrollment courses			
10	held at a community college, are consistently applied to public school students and home-			
11	schooled students alike. These policies will clearly address the school division			
12	contributions and any student charges for dual enrollment courses, and will ensure that			
13	public school students and home-school students are treated in the same manner.			
14	29. Each school division shall report each year to the Department of Education the			
15	individual uses for the prior year of the following funds prescribed by this item: (i)

24	provide certain data as prescribed by the Department of Education related to students			
25	enrolled through a contract between such a provider and a school division, including such			
26	students who do not reside in the school division that is party to the contract. Such data			
27	shall include, but is not limited to, enrollment, which shall be disaggregated by serving			
28	school, demographics, attendance, achievement, and achievement gaps, and be transmitted			
29	in a format prescribed by the Department. The Department shall report such data annually			
30	through the School Quality Profiles in a manner that clearly disaggregates and			
31	communicates school quality information related to (i) the students that do not reside in			
32	the school division and are served through the contract, and (ii) all other students.			
33	31. Each school division shall report to the Department of Education information about			
34	pass-through federal Elementary and Secondary School Emergency Relief funds provided			
35	through the Coronavirus Aid, Relief, and Economic Security Act (P.L. 116-136), the			
36	Coronavirus Response and Relief Supplemental Appropriations Act of 2021 (P.L. 116-			
37	260) and the American Rescue Plan Act (P.L. 117-2). The Department shall prescribe the			
38	format and timeline required for the reporting of such information, which shall include			
39	obligated and unobligated amounts, planned uses and planned timing for the use of the			
40	remaining obligated and unobligated amounts. The Department shall compile and submit			
41	this information to the Chairs of the House Appropriations and Senate Finance and			
42	Appropriations Committees no later than September 1, 2023 and September 1, 2024.			
43	C. Apportionment			
44	1. Subject to the conditions stated in this paragraph and in paragraph B of this Item, each			
45	locality shall receive sums as listed above within this program for the basic operation cost			
46	and payments in addition to that cost. The apportionment herein directed shall be inclusive			
47	of, and without further payment by reason of, state funds for library and other teaching			
48	materials.			
49	2. School Employee Retirement Contributions			
50	a. This Item provides funds to each local school board for the state share of the employer's			
51	retirement cost incurred by it, on behalf of instructional and support personnel, for			
52	subsequent transfer to the retirement allowance account as provided by Title 51.1, Chapter			
53	1, Code of Virginia.

9	4. School Employee Insurance Contributions			
10	This Item provides funds to each local school board for the state share of the employer's			
11	Group Life Insurance cost incurred by it on behalf of instructional personnel who participate			
12	in group insurance under the provisions of Title 51.1, Chapter 5, Code of Virginia.			
13	5. Basic Aid Payments			
14	a.1) A state share of the Basic Operation Cost, which cost per pupil in March 31 ADM is			
15	established individually for each local school division based on the number of instructional			
16	personnel required by the Standards of Quality and the statewide prevailing salary levels			
17	(adjusted in Planning District Eight for the cost of competing) as well as recognized support			
18	costs calculated on a prevailing basis for an estimated March 31 ADM.			
19	2) This appropriation includes funding to recognize the common labor market in the			
20	Washington-Baltimore-Northern Virginia, DC-MD-VA-WV Combined Statistical Area.			
21	Standards of Quality salary payments for instructional and support positions in school			
22	divisions of the localities set out below have been adjusted for the equivalent portion of the			
23	Cost of Competing Adjustment (COCA) rates that are paid to local school divisions in			
24	Planning District Eight. For the counties of Stafford, Fauquier, Spotsylvania, Clarke, Warren,			
25	Frederick, and Culpeper and the Cities of Fredericksburg and Winchester, the SOQ payments			
26	for instructional and support positions have been increased by 25 percent each year of the			
27	COCA rates paid to school divisions in Planning District Eight.			
28	The support COCA rate is 18.0 percent.			
29	b. 1) The state share for a locality shall be equal to the Basic Operation Cost for that locality			
30	less the locality's estimated revenues from the state sales and use tax and the amounts			
31	distributed in Item 137.C.5.b.2 for fiscal year 2023 and fiscal year 2024 (returned on the basis			
32	of the latest yearly estimate of school age population provided by the Weldon Cooper Center			
33	for Public Service, as specified in this Item), in the fiscal year in which the school year begins			
34	and less the required local expenditure.			
35	2) \$104,100,000 the first year and \$257,200,000 the second year from the general fund shall			
36	be distributed to localities on the basis of the latest yearly estimate of school age population			
37	provided by the Weldon Cooper Center for Public Service as specified in this item. These			
38	funds represent the reduction to divisions from the exemption of the state sales and use tax on			
39	food for human consumption and essential personal hygiene products.			
40	c. For the purpose of this paragraph, the Department of Taxation's fiscal year sales and use tax			
41	estimates are as cited in this Item.			
42	d. 1) In accordance with the provisions of § 37.2-713, Code of Virginia, the Department of

2	the actual transfers will be based on data accumulated during the prior school year.			
3	e. 1) The apportionment to localities of all driver education revenues received during the			
4	school year shall be made as an undesignated component of the state share of Basic Aid in			
5	accordance with the provisions of this Item. Only school divisions complying with the			
6	standardized program established by the Board of Education shall be entitled to participate			
7	in the distribution of state funds appropriated for driver education. The Department of			
8	Education will deduct a designated amount per pupil from a school division's Basic Aid			
9	payment when the school division is not in compliance with § 22.1-205 C, Code of			
10	Virginia. Such amount will be computed by dividing the current appropriation for the			
11	Driver Education Fund by actual March 31 ADM.			
12	2) Local school boards may charge a per pupil fee for behind-the-wheel driver education			
13	provided, however, that the fee charged plus the per pupil basic aid reimbursement for			
14	driver education shall not exceed the actual average per pupil cost. Such fees shall not be			
15	cause for a pro rata reduction in Basic Aid payments to school divisions.

19	cost of textbooks based on a per pupil amount of \$132.38 the first year and \$132.38 the			
20	second year. A school division shall appropriate these funds for textbooks or any other			
21	public education instructional expenditure by the school division. The state's distributions			
22	for textbooks shall be based on adjusted March 31 ADM. These funds shall be matched by			
23	the local government, based on the composite index of local ability-to-pay.			
24	2) School divisions shall provide free textbooks to all students.			
25	3) School divisions may use a portion of this funding to purchase Standards of Learning			
26	instructional materials. School divisions may also use these funds to purchase electronic			
27	textbooks or other electronic media resources integral to the curriculum and classroom			
28	instruction and the technical equipment required to read and access the electronic			
29	textbooks and electronic curriculum materials.			
30	4) Any funds provided to school divisions for textbook costs that are unexpended as of			
31	June 30, 2023, or June 30, 2024, shall be carried on the books of the locality to be			
32	appropriated to the school division the following year to be used for same purpose. School			
33	divisions are permitted to carry forward any remaining balance of textbook funds until the			
34	funds are expensed for a qualifying purpose.			
35	g. The one-cent state sales and use tax earmarked for education and the sales tax revenues			
36	transferred to the general fund from the Public Education Standards of Quality/Local Real			
37	Estate Property Tax Relief Fund and appropriated in this Item which are distributed to			
38	localities on the basis of the latest yearly estimate of school age population provided by			
39	the Weldon Cooper Center for Public Service as specified in this Item shall be reflected in			
40	each locality's annual budget for educational purposes as a separate revenue source for the			
41	current fiscal year.			
42	h. The appropriation for the Standards of Quality for Public Education (SOQ) includes			
43	amounts estimated at \$507,300,000 \$575,200,000 the first year and \$522,000,000			
44	\$550,900,000 the second year from the amounts transferred to the general fund from the			
45	Public Education Standards of Quality/Local Real Estate Property Tax Relief Fund			
46	pursuant to Part 3 of this act which are derived from the 0.375 cent increase in the state			
47	sales and use tax levied pursuant to § 58.1-638, Code of Virginia. These additional funds			
48	are provided to local school divisions and local governments in order to relieve the			
49	financial pressure education programs place on local real estate taxes.			
50	i. From the total amounts in paragraph h. above, an amount estimated at			
51	\$338,200,000 \$383,400,000 the first year and \$348,000,000 \$367,300,000 the second year			
52	(approximately 1/4 cent of sales and use tax) is appropriated to support a portion of the

2	a full daily planning period for teachers at the middle and high school levels in order to			
3	relieve the pressure on local real estate taxes and shall be taken into account by the governing			
4	body of the county, city, or town in setting real estate tax rates.			
5	j. From the total amounts in paragraph h. above, an amount estimated at			
6	\$169,100,000 \$191,700,000 the first year and \$174,000,000 \$183,600,000 the second year			
7	(approximately 1/8 cent of sales and use tax) is appropriated in this Item to distribute the			
8	remainder of the revenues collected and deposited into the Public Education Standards of			
9	Quality/Local Real Estate Property Tax Relief Fund on the basis of the latest yearly estimate			
10	of school age population provided by the Weldon Cooper Center for Public Service as			
11	specified in this Item.			
12	k. For the purposes of funding certain support positions in Basic Aid, a funding ratio			
13	methodology is used based upon 20 support positions per 1,000 ADM to funded SOQ			
14	instructional positions in the first year and 21 24 support positions per 1,000 ADM to funded			
15	SOQ instructional positions in the second year. Such methodology shall not apply to the			
16	following SOQ support positions: division superintendent, school board members, pupil

18	2021 Acts of Assembly, Special Session I.			
19	6. Education of the Gifted Payments			
20	a. An additional payment shall be disbursed by the Department of Education to local school			
21	divisions to support the state share of one full-time equivalent instructional position per 1,000			
22	students in adjusted March 31 ADM.			
23	b. Local school divisions are required to spend, as part of the required local expenditure for			
24	the Standards of Quality the established per pupil cost for gifted education (state and local			
25	share) on approved programs for the gifted.			
26	7. Occupational-Vocational Education Payments			
27	a. An additional payment shall be disbursed by the Department of Education to the local			
28	school divisions to support the state share of the number of Vocational Education instructors			
29	required by the Standards of Quality. These funds shall be disbursed on the same basis as the			
30	payment is calculated.			
31	b. An amount estimated at \$131,951,563 the first year and \$132,238,627 the second year from			
32	the general fund included in Basic Aid Payments relates to vocational education programs in			
33	support of the Standards of Quality.			
34	8. Special Education Payments			
35	a. An additional payment shall be disbursed by the Department of Education to the local			
36	school divisions to support the state share of the number of Special Education instructors			
37	required by the Standards of Quality. These funds shall be disbursed on the same basis as the			
38	payment is calculated.			
39	b. Out of the amounts for special education payments, general fund support is provided to			
40	fund the caseload standards for speech pathologists at 68 students for each year of the			
41	biennium.			
42	9. Remedial Education Payments			
43	a. An additional payment estimated at \$125,697,172 \$126,074,273 the first year and			
44	\$125,949,775 \$125,624,197 the second year from the general fund shall be disbursed by the			
45	Department of Education to support the Board of Education's Standards of Quality			
46	Prevention, Intervention, and Remediation program adopted in June 2003.			
47	b. The payment shall be calculated based on one hour of additional instruction per day for			
48	identified students, using the three year average percent of students eligible for the federal			
49	Free Lunch program as a proxy for students needing such services. Fall membership shall be			
50	multiplied by the three year average division-level Free Lunch eligibility percentage to			
51	determine the estimated number of students eligible for services. Pupil-teacher ratios shall be

1	applied to the estimated number of eligible students to determine the number of			
2	instructional positions needed for each school division. The pupil-teacher ratio applied for			
3	each school division shall range from 10:1 for those divisions with the most severe			
4	combined three year average failure rates for English and math Standards of Learning test			
5	scores to 18:1 for those divisions with the lowest combined three year average failure rates			
6	for English and math Standards of Learning test scores.			
7	c. Funding shall be matched by the local government based on the composite index of			
8	local ability-to-pay.			
9	d. To provide flexibility in the instruction of English Language Learners who have limited			
10	English proficiency and who are at risk of not meeting state accountability standards,			
11	school divisions may use state and local funds from the SOQ Prevention, Intervention, and			
12	Remediation account to employ additional English Language Learner teachers to provide			
13	instruction to identified limited English proficiency students. Using these funds in this			
14	manner is intended to supplement the instructional services provided through the staffing			
15	standard of 20 instructional positions per 1,000 limited English proficiency students.			
16	School divisions using the SOQ Prevention, Intervention, and Remediation funds in this			
17	manner shall only employ instructional personnel licensed by the Board of Education.			
18	e. An additional state payment estimated at \$178,977,243 \$160,106,824 the first year and			
19	\$209,141,908 \$11,938,336 the second year from the general fund and			
20	\$158,134,094 \$176,325,114 the first year and \$131,056,691 \$334,719,534 the second year			
21	from the Lottery Proceeds Fund shall be disbursed based on the estimated number of			
22	federal Free Lunch participants, in support of programs for students who are educationally			
23	at risk. The additional payment shall be based on the state share of:			
24	1) A minimum 1.0 percent Add-On, as a percent of the per pupil basic aid cost, for each			
25	child who qualifies for the federal Free Lunch Program; and			
26	2) An addition to the Add-On, based on the concentration of children qualifying for the			
27	federal Free Lunch Program. Based on its percentage of Free Lunch participants, each			
28	school division will receive a total between 1.0 and 36.0 percent in additional basic aid per			
29	Free Lunch participant. These funds shall be matched by the local government, based on			
30	the composite index of local ability-to-pay.			
31	3a) Local school divisions are required to spend the established At-Risk Add-On payment			
32	(state and local share) on approved programs for students who are educationally at risk.			
33	b) To receive these funds, each school division shall certify to the Department of			
34	Education that the state and local share of the At-Risk Add-On payment will be used to			
35	support approved programs for students who are educationally at risk. These programs			
36	may include: teacher recruitment programs and incentives, Dropout Prevention,			
37	community and school-based truancy officer programs, Advancement Via Individual			
38	Determination (AVID), Project Discovery, programs for students who speak English as a			
39	Second Language, hiring additional school guidance counselors, testing coordinators, and			
40	licensed behavior analysts, or programs related to increasing the success of disadvantaged			
41	students in completing a high school degree and providing opportunities to encourage			
42	further education and training.			
43	4) If the Board of Education has required a local school board to submit a corrective			
44	action plan pursuant to § 22.1-253.13:3, Code of Virginia, either for the school division			
45	pursuant to a division level review, or for any schools within its division that have been			
46	designated as not meeting the standards as approved by the Board of Education, the			
47	Superintendent of Public Instruction shall determine and report to the Board of Education			
48	whether each such local school board has met its obligation to develop and submit such			
49	corrective action plan(s) and is making adequate and timely progress in implementing the			
50	plan(s). Additionally, if an academic or other review process undertaken pursuant to §			
51	22.1-253.13:3, Code of Virginia, has identified actions for a local school board to			
52	implement, the Superintendent of Public Instruction shall determine and report to the			
53	Board of Education whether the local school board has implemented required actions. If			
54	the Superintendent certifies that a local school board has failed or refused to meet any of			
55	those obligations as referenced in a memorandum of understanding between the local			
56	school board and the Board of Education, the Board of Education shall withhold payment

1	of some or all At-Risk Add-On funds otherwise allocated to the affected division pursuant to			
2	this allocation for the pending fiscal year. In determining the amount of At-Risk Add-On			
3	funds to be withheld, the Board of Education shall take into consideration the extent to which			
4	such funds have already been expended or contractually obligated. The local school board			
5	shall be given an opportunity to correct its failure and, if successful in a timely manner, may			
6	have some or all of its At-Risk Add-On funds restored at the Board of Education's discretion.			
7	f. Regional Alternative Education Programs			
8	1) An additional state payment of \$10,453,748 \$10,348,856 the first year and \$11,097,555			
9	\$11,033,363 the second year from the Lottery Proceeds Fund shall be disbursed for Regional			
10	Alternative Education programs. Such programs shall be for the purpose of educating certain			
11	expelled students and, as appropriate, students who have received suspensions from public			
12	schools and students returned to the community from the Department of Juvenile Justice.			
13	2) Each regional program shall have a small student/staff ratio. Such staff shall include, but			
14	not be limited to education, mental health, health, and law enforcement professionals, who			
15	will collaborate to provide for the academic, psychological, and social needs of the students.			
16	Each program shall be designed to ensure that students make the transition back into the			
17	"mainstream" within their local school division.			
18	3) a) Regional alternative education programs are funded through this Item based on the			
19	state's share of the incremental per pupil cost for providing such programs. This incremental			
20	per pupil payment shall be adjusted for the composite index of local ability-to-pay of the			
21	school division that counts such students attending such program in its March 31 Average			
22	Daily Membership. It is the intent of the General Assembly that this incremental per pupil			
23	amount be in addition to the basic aid per pupil funding provided to the affected school			
24	division for such students. Therefore, local school divisions are encouraged to provide the			
25	appropriate portion of the basic aid per pupil funding to the regional programs for students			
26	attending these programs, adjusted for costs incurred by the school division for transportation,			
27	administration, and any portion of the school day or school year that the student does not			
28	attend such program.			
29	b) In the event a school division does not use all of the student slots it is allocated under this			
30	program, the unused slots may be reallocated or transferred to another school division.			
31	1. A school division must request from the Department of Education the availability and			
32	possible use of any unused student slots. If any unused slots are available and if the requesting			
33	school division chooses to utilize any of the unused slots, the requesting school division shall			
34	only receive the state's share of tuition for the unused slot that was allocated in this Item for			
35	the originally designated school division.			
36	2. However, no requesting school division shall receive more tuition funding from the state			
37	for any requested unused slot than what would have been the calculated amount for the			
38	requesting school division had the unused slot been allocated to the requesting school division			
39	in the original budget. Furthermore, the requesting school division shall pay for any remaining			
40	tuition payment necessary for using a previously unused slot.			
41	3. The Department of Education shall provide assistance for the state share of the incremental			
42	cost of Regional Alternative Education program operations based on the composite index of			
43	local ability-to-pay.			
44	4) Out of the appropriation included in paragraph C.37. of this item, \$750,443 \$743,584 the			
45	first year and \$1,648,377 \$1,813,413 the second year from the Lottery Proceeds Fund is			
46	provided for a compensation supplement payment equal to 5.0 percent of base pay on August			
47	1, 2022, an additional 5.0 percent of base pay on July 1, 2023, and an additional 2.0 percent			
48	of base pay on January 1, 2024, for Regional Alternative Education Program instructional and			
49	support positions, as referenced in paragraph C.37. of this item.			
50	5) In the second year, the Department of Education shall conduct a biennial application			
51	process to determine the slot allocation of the regional alternative education program for the			
52	subsequent biennium. Each school division, or the fiscal agent for each regional program,			
53	shall apply for the desired number of student slots from the statewide total number of slots			
54	funded in the state formula. The approved number of slots shall be set for both years of the

1 biennium. The Department of Education shall ~~utilize the existing reallocation process as~~
 2 ~~prescribed in this item to allocate~~ *prorate* initial application requests if the initial
 3 application demand for slots exceeds the number of slots available. In each fiscal year, the
 4 Department of Education shall reallocate any unused student slots as prescribed in this
 5 item.

6 g. Remedial Summer School

7 1) This appropriation includes ~~\$22,725,378~~ *\$31,865,163* the first year and ~~\$22,725,378~~
 8 *\$29,169,304* the second year from the general fund for the state's share of Remedial
 9 Summer School Programs. These funds are available to school divisions for the operation
 10 of programs designed to remediate students who are required to attend such programs
 11 during a summer school session or during an intersession in the case of year-round
 12 schools. These funds may be used in conjunction with other sources of state funding for
 13 remediation or intervention. School divisions shall have maximum flexibility with respect
 14 to the use of these funds and the types of remediation programs offered; however, in
 15 exercising this flexibility, students attending these programs shall not be charged tuition
 16 and no high school credit may be awarded to students who participate in this program.

17 2) For school divisions charging students tuition for summer high school credit courses,
 18 consideration shall be given to students from households with extenuating financial
 19 circumstances who are repeating a class in order to graduate.

20 10. K-3 Primary Class Size Reduction Payments

21 a. An additional payment estimated at ~~\$141,268,750~~ *\$137,265,346* the first year and
 22 ~~\$141,778,274~~ *\$137,314,033* the second year from the Lottery Proceeds Fund shall be
 23 disbursed by the Department of Education as an incentive for reducing class sizes in the
 24 primary grades.

25 b. The Department of Education shall calculate the payment based on the incremental cost
 26 of providing the lower class sizes based on the lower of the division average per pupil cost
 27 of all divisions or the actual division per pupil cost.

28 c. Localities are required to provide a match for these funds based on the composite index
 29 of local ability-to-pay.

30 d. By October 15 of each year school divisions must provide data to the Department of
 31 Education that each participating school has a September 30 pupil/teacher ratio in grades
 32 K through 3 that meet the following criteria:

	Grades K-3	Maximum Individual
Qualifying School Percentage of	School Ratio	K-3 Class Size
Students Approved		
Eligible for Free Lunch, Three-Year		
Average		
37 30% but less than 45%	19 to 1	24
38 45% but less than 55%	18 to 1	23
39 55% but less than 65%	17 to 1	22
40 65% but less than 70%	16 to 1	21
41 70% but less than 75%	15 to 1	20
42 75% or more	14 to 1	19

43 e. School divisions may elect to have eligible schools participate at a higher ratio, or only
 44 in a portion of grades kindergarten through three, with a commensurate reduction of state
 45 and required local funds, if local conditions do not permit participation at the established
 46 ratio and/or maximum individual class size. In the event that a school division requires
 47 additional actions to ensure participation at the established ratio and/or maximum
 48 individual class size, such actions must be completed by December 1 of the impacted
 49 school year. Special education teachers and instructional aides shall not be counted
 50 towards meeting these required pupil/teacher ratios in grades kindergarten through three.

51 f. The Superintendent of Public Instruction may grant waivers to school divisions for the
 52 class size requirement in eligible schools that have only one class in an affected grade

2	11. Literary Fund Subsidy Program Payments				
3	a. The Department of Education and the Virginia Public School Authority (VPSA) shall				
4	provide a program of funding for school construction and renovation through the Literary				
5	Fund and through VPSA bond sales. Notwithstanding 8VAC-20-100, the program shall be				
6	used to provide funds, through Literary Fund loans and subsidies, and through VPSA bond				
7	sales, to fund a portion of the projects submitted by localities during the annual open				
8	enrollment process, or other critical projects that may receive priority as identified by the				
9	Board of Education. Interest rate subsidies will provide school divisions with the present				
10	value difference in debt service between a Literary Fund loan and a borrowing through the				
11	VPSA. To qualify for an interest rate subsidy, the school division's project must be eligible				
12	for a Literary Fund loan and shall be subject to the same restrictions. The VPSA shall work				
13	with the Department of Education in selecting those projects to be funded through the interest				
14	rate subsidy/bond financing program, so as to ensure the maximum leverage of Literary Fund				
15	moneys and a minimum impact on the VPSA Bond Pool.				
16	b. Notwithstanding §§ 22.1-146.1 through 22.1-153, Code of Virginia, and 8VAC-20-100, the				
17	Board of Education shall: 1) issue loans from the designated and uncommitted balances of the				
18	Literary Fund to the school boards of local school divisions that apply for such loans,				
19	authorized by the governing body and the school board, for the purposes of a) erecting,				
20	altering, or enlarging school buildings in local school divisions, or b) refinancing or				
21	redemption of negotiable notes, bonds, and other evidences of indebtedness or obligations				
22	incurred by a locality on behalf of a school division which has an application for a Literary				
23	Fund loan for an approved school project pending before the Board of Education; 2) establish				
24	a maximum Literary Fund loan amount per project of \$25.0 million; 3) in consultation with				
25	the Department of the Treasury, establish loan interest rates that are benchmarked to a market				
26	index on an annual basis, not to exceed 2.0 percent for the tier of localities with a school				
27	division local composite index of ability-to-pay between 0.0 and 0.2999; 4) replace the				
28	existing First Priority and Second Priority waiting lists with an annual open enrollment				
29	process for loans, with priority based on the local composite index of ability-to-pay; and 5)				
30	offer a loan add-on not to exceed \$5.0 million per loan for projects that will result in school				
31	consolidation and the net reduction of at least one existing school. The Department of				
32	Education, in cooperation with the Department of the Treasury, shall provide an update on				
33	Literary Fund loan issuance to the Governor and the Chairs of the House Appropriations and				
34	Senate Finance and Appropriations Committees by October 1, 2023, and each year thereafter.				
35	This report shall include detail of: 1) loan applications received in the prior fiscal year by				
36	locality, project, and amount; 2) loans issued in the prior fiscal year by locality, project, and				
37	amount; 3) the schedule of loan interest rates and the basis for those rates; 4) loans issued for				
38	school consolidation projects and the projected impact of those school consolidations; and 5)				
39	the impact of loans issued to date on the Literary Fund cash balance, outstanding loan				
40	balance, and projected asset base.				
41	c. The Board of Education may offer up to \$200,000,000 the first year and up to \$200,000,000				
42	the second year from the Literary Fund in school construction loans, subject to the availability				
43	of funds. Amounts designated for school construction loans that are not obligated in the first				
44	year may be obligated in the second year. In addition, the Department of Education may offer				
45	Literary Fund loans from the uncommitted balances of the Literary Fund after meeting the				
46	obligations of the interest rate subsidy sales and the amounts set aside from the Literary Fund				
47	for Debt Service Payments for Education Technology and Security Equipment in this Item.				
48	d. 1) In the event that on any scheduled payment date of bonds of the Virginia Public School				
49	Authority (VPSA) authorized under the provisions of a bond resolution adopted subsequent to				
50	June 30, 1997, issued subsequent to June 30, 1997, and not benefiting from the provisions of				
51	either § 22.1-168 (iii), (iv), and (v), Code of Virginia, or § 22.1-168.1, Code of Virginia, the				
52	sum of (i) the payments on general obligation school bonds of cities, counties, and towns				
53	(localities) paid to the VPSA and (ii) the proceeds derived from the application of the				
54	provisions of § 15.2-2659, Code of Virginia, to such bonds of localities, is less than the debt				
55	service due on such bonds of the VPSA on such date, there is hereby appropriated to the				
56	VPSA, first, from available moneys of the Literary Fund and, second, from the general fund a				
57	sum equal to such deficiency.

1 2) The Commonwealth shall be subrogated to the VPSA to the extent of any such
 2 appropriation paid to the VPSA and shall be entitled to enforce the VPSA's remedies with
 3 respect to the defaulting locality and to full recovery of the amount of such deficiency,
 4 together with interest at the rate of the defaulting locality's bonds.

5 e. The chairman of the Board of Commissioners of the VPSA shall, on or before
 6 November 1 of each year, make and deliver to the Governor and the Secretary of Finance
 7 a certificate setting forth his estimate of total debt service during each fiscal year of the
 8 biennium on bonds of the VPSA issued and projected to be issued during such biennium
 9 pursuant to the bond resolution referred to in paragraph a above. The Governor's budget
 10 submission each year shall include provisions for the payment of debt service pursuant to
 11 paragraph 1) above.

12 12. Educational Technology Payments

13 a. Any unobligated amounts transferred to the educational technology fund shall be
 14 disbursed on a pro rata basis to localities. The additional funds shall be used for
 15 technology needs identified in the division's technology plan approved by the Department
 16 of Education.

17 b. The Department of Education shall authorize estimated amounts as indicated in Table 1
 18 from the Literary Fund to provide debt service payments for the education technology
 19 grant program conducted through the Virginia Public School Authority in the referenced
 20 years.

31 c. It is the intent of the General Assembly to authorize sufficient Literary Fund revenues to
 32 pay debt service on the Virginia Public School Authority bonds or notes authorized for
 33 education technology grant programs. In developing the proposed 2024-2026, 2026-2028,
 34 and 2028-2030 biennial budgets for public education, the Department of Education shall
 35 include a recommendation to the Governor to authorize sufficient Literary Fund revenues
 36 to make debt service payments for these programs in fiscal years 2025, 2026, 2027, 2028,
 37 and 2029.

38 d. 1) An education technology grant program shall be conducted through the Virginia
 39 Public School Authority, through the issuance of equipment notes in an amount estimated
 40 at ~~\$56,348,000~~ *\$55,946,000* in fiscal year 2023 and ~~\$56,672,000~~ *\$55,894,000* in fiscal year
 41 2024. Proceeds of the notes will be used to establish a computer-based instructional and
 42 testing system for the Standards of Learning (SOL) and to develop the capability for high
 43 speed Internet connectivity at high schools followed by middle schools followed by
 44 elementary schools. School divisions shall use these funds first to develop and maintain
 45 the capability to support the administration of online SOL testing for all students with the
 46 exception of students with a documented need for a paper SOL test.

47 2) Grant funds from the issuance of ~~\$56,348,000~~ *\$55,946,000* in fiscal year 2023 and
 48 ~~\$56,672,000~~ *\$55,894,000* in fiscal year 2024 in equipment notes are based on a grant of
 49 \$26,000 per school and \$50,000 per school division. For purposes of this grant program,
 50 eligible schools shall include schools that are subject to state accreditation and reporting
 51 membership in grades K through 12 as of September 30, 2022, for the fiscal year 2023
 52 issuance, and September 30, 2023, for the fiscal year 2024 issuance, as well as regional
 53 vocational centers, special education centers, alternative education centers, regular school

1	and the Blind. Schools that serve only pre-kindergarten students shall not be eligible for this				
2	grant.				
3	3. a.) Supplemental grants shall be allocated to eligible divisions to support schools that are				
4	not fully accredited in accordance with this paragraph. Schools that include a ninth grade that				
5	administer SOL tests in Spring 2022 and that are not fully accredited for the second				
6	consecutive year, based on school accreditation ratings in effect for fiscal year 2022 and fiscal				
7	year 2023 will qualify to participate in the Virginia e-Learning Backpack Initiative in fiscal				
8	year 2023 and receive: (1) a supplemental grant of \$400 per student reported in ninth grade				
9	fall membership in a qualifying school for the purchase of a laptop or tablet for that student				
10	and (2) a supplemental grant of \$2,400 per qualifying school to purchase two content creation				
11	packages for teachers. Schools eligible to receive this supplemental grant in fiscal year 2023				
12	shall continue to receive the grant for the number of subsequent years equaling the number of				
13	grades 9 through 12 in the qualifying school up to a maximum of four years. Schools that				
14	administer SOL tests in Spring 2023 and that are not fully accredited for the second				
15	consecutive year based on school accreditation ratings in effect for fiscal year 2023 and fiscal				
16	year 2024 will qualify to participate in the initiative in fiscal year 2024. Schools eligible for				
17	the supplemental grants in previous fiscal years shall continue to be eligible for the remaining				
18	years of their grant award. Schools eligible to receive this supplemental grant in fiscal year				
19	2024 shall continue to receive the grant for the number of subsequent years equaling the				
20	number of grades 9 through 12 in the qualifying school up to a maximum of four years.				
21	Grants awarded to qualifying schools that do not have grades 10, 11, or 12 may transition				
22	with the students to the primary receiving school for all years subsequent to grade 9. Schools				
23	are eligible to receive these grants for a period of up to four years and shall not be eligible to				
24	receive a separate award in the future once the original award period has concluded. Schools				
25	that are fully accredited or that are new schools with conditional accreditation in their first				
26	year shall not be eligible to receive this supplemental grant.				
27	b.) Supplemental grants allocated to school divisions for participation in the Virginia e-				
28	Learning Backpack Initiative prior to fiscal year 2017 shall be used in eligible schools for (1)				
29	the purchase of a laptop or tablet for a student reported in ninth grade fall membership, and				
30	(2) the purchase of two content creation packages for teachers per grant. The amounts for				
31	such grants shall remain unchanged.				
32	4) Required local match:				
33	a) Localities are required to provide a match for these funds equal to 20 percent of the grant				
34	amount, including the supplemental grants provided pursuant to paragraph g. 5). At least 25				
35	percent of the local match, including the match for supplemental grants, shall be used for				
36	teacher training in the use of instructional technology, with the remainder spent on other				
37	required uses. The Superintendent of Public Instruction is authorized to reduce the required				
38	local match for school divisions with a composite index of local ability-to-pay below 0.2000.				
39	The Virginia School for the Deaf and the Blind is exempt from the match requirement.				
40	b) School divisions that administer 100 percent of SOL tests online in all elementary, middle,				
41	and high schools may use up to 75 percent of their required local match to purchase targeted				
42	technology-based interventions. Such interventions may include the necessary technology and				
43	software to support online learning, technology-based content systems, content management				
44	systems, technology equipment systems, information and data management systems, and				
45	other appropriate technologies that support the individual needs of learners. School divisions				
46	that receive supplemental grants pursuant to paragraph g.5) above shall use the funds in				
47	qualifying schools to purchase laptops and tablets for ninth grade students reported in fall				
48	membership and content creation packages for teachers.				
49	5) The goal of the education technology grant program is to improve the instructional,				
50	remedial, and testing capabilities of the Standards of Learning for local school divisions and				
51	to increase the number of schools achieving full accreditation.				
52	6) Funds shall be used in the following manner:				
53	a) Each division shall use funds to reach a goal, in each high school, of: (1) a 5-to-1 student to				
54	computer ratio; (2) an Internet-ready local area network (LAN) capability; and (3) high speed				
55	access to the Internet. School connectivity (computers, LANs and network access) shall				
56	include sufficient download/upload capability to ensure that each student will have adequate

1	access to Internet-based instructional, remedial and assessment programs.			
2	b) When each high school in a division meets the goals established in paragraph a) above,			
3	the remaining funds shall be used to develop similar capability in first the middle schools			
4	and then the elementary schools.			
5	c) For purposes of establishing or enhancing a computer-based instructional program			
6	supporting the Standards of Learning pursuant to paragraph g. 1) above, these grant funds			
7	may be used to purchase handheld multifunctional computing devices that support a broad			
8	range of applications and that are controlled by operating systems providing full			
9	multimedia support and mobile Internet connectivity. School divisions that elect to use			
10	these grant funds to purchase such qualifying handheld devices must continue to meet the			
11	on-line testing requirements stated in paragraph g. 1) above.			
12	d) School divisions shall be eligible to receive supplemental grants pursuant to paragraph			
13	g.5) above. These supplemental grants shall be used in qualifying schools for the purchase			
14	of laptops and tablets for ninth grade students reported in fall membership and content			
15	creation packages for teachers. Participating school divisions will be required to select a			
16	core set of electronic textbooks, applications and online services for productivity, learning			
17	management, collaboration, practice, and assessment to be included on all devices. In			
18	addition, participating school divisions will assume recurring costs for electronic textbook			
19	purchases and maintenance.			
20	e) Pursuant to § 15.2-1302, Code of Virginia, and in the event that two or more school			
21	divisions became one school division, whether by consolidation of only the school			
22	divisions or by consolidation of the local governments, such resulting division shall be			
23	provided funding through this program on the basis of having the same number of school			
24	divisions as existed prior to September 30, 2000.			
25	7) Local school divisions shall maximize the use of available federal funds, including E-			
26	Rate Funds, and to the extent possible, use such funds to supplement the program and			
27	meet the goals of this program.			
28	e. The Department of Education shall maintain criteria to determine if high schools,			
29	middle schools, or elementary schools have the capacity to meet the goals of this			
30	initiative. The Department of Education shall be responsible for the project management			
31	of this program.			
32	f. 1) In the event that, on any scheduled payment date of bonds or notes of the Virginia			
33	Public School Authority (VPSA) issued for the purpose described in § 22.1-166.2, Code			
34	of Virginia, and not benefiting from the provisions of either § 22.1-168 (iii), (iv) and (v),			
35	Code of Virginia, or § 22.1-168.1, Code of Virginia, the available moneys in the Literary			
36	Fund are less than the amounts authorized for debt service due on such bonds or notes of			
37	the VPSA on such date, there is hereby appropriated to the VPSA from the general fund a			
38	sum equal to such deficiency.			
39	2) The Chairman of the Board of Commissioners of the VPSA shall, on or before			
40	November 1 of each year, make and deliver to the Governor and the Secretary of Finance			
41	a certificate setting forth his estimate of total debt service during each fiscal year of the			
42	biennium on bonds and notes of the VPSA issued and projected to be issued during such			
43	biennium pursuant to the resolution referred to in paragraph 1) above. The Governor's			
44	budget submission each year shall include provisions for the payment of debt service			
45	pursuant to paragraph 1) above.			
46	g. Unobligated proceeds of the notes, including investment income derived from the			
47	proceeds of the notes may be used to pay interest on, or to decrease principal of the notes			
48	or to fund a portion of such other educational technology grants as authorized by the			
49	General Assembly.			
50	h. 1) For the purposes of § 56-232, Code of Virginia, "Contracts of Telephone Companies			
51	with State Government" and for the purposes of § 56-234 "Contracts for Service Rendered			
52	by a Telephone Company for the State Government" shall be deemed to include			
53	communications lines into public schools which are used for educational technology. The			
54	rate structure for such lines shall be negotiated by the Superintendent of Public Instruction

 2 the Superintendent and Director are authorized to encourage the development of "by-pass"
 3 infrastructure in localities where it fails to obtain competitive prices or prices consistent with
 4 the best rates obtained in other parts of the state.

5 2) The State Corporation Commission, in its consideration of the discount for services
 6 provided to elementary schools, secondary schools, and libraries and the universal service
 7 funding mechanisms as provided under § 254 of the Telecommunications Act of 1996, is
 8 hereby encouraged to make the discounts for intrastate services provided to elementary
 9 schools, secondary schools, and libraries for educational purposes as large as is prudently
 10 possible and to fund such discounts through the universal fund as provided in § 254 of the
 11 Telecommunications Act of 1996. The commission shall proceed as expeditiously as possible
 12 in implementing these discounts and the funding mechanism for intrastate services, consistent
 13 with the rules of the Federal Communications Commission aimed at the preservation and
 14 advancement of universal service.

15 13. Security Equipment Payments

16 1) A security equipment grant program shall be conducted through the Virginia Public School
 17 Authority, through the issuance of equipment notes in an amount estimated at up to
 18 \$12,000,000 in fiscal year 2023 and \$12,000,000 in fiscal year 2024 in conjunction with the
 19 Virginia Public School Authority technology notes program authorized in C.12. of this Item.
 20 Proceeds of the notes will be used to help offset the related costs associated with the purchase
 21 of appropriate security equipment that will improve and help ensure the safety of students
 22 attending public schools in Virginia.

23 2) The Department of Education shall authorize estimated amounts as indicated in Table 1
 24 from the Literary Fund to provide debt service payments for the security equipment grant
 25 programs conducted through the Virginia Public School Authority in the referenced years.

36 3) It is the intent of the General Assembly to authorize sufficient Literary Fund revenues to
 37 pay debt service on the Virginia Public School Authority bonds or notes authorized for this
 38 program. In developing the proposed 2024-2026, 2026-2028, and 2028-2030 biennial budgets
 39 for public education, the Department of Education shall include a recommendation to the
 40 Governor to authorize sufficient Literary Fund revenues to make debt service payments for
 41 these programs in fiscal years 2025, 2026, 2027, 2028, and 2029.

42 4) In the event that, on any scheduled payment date of bonds or notes of the Virginia Public
 43 School Authority issued for the purpose described in § 22.1-166.2, Code of Virginia, and not
 44 benefiting from the provisions of either § 22.1-168 (iii), (iv) and (v), Code of Virginia, or §
 45 22.1-168.1, Code of Virginia, the available moneys in the Literary Fund are less than the
 46 amounts authorized for debt service due on such bonds or notes on such date, there is hereby
 47 appropriated to the Virginia Public School Authority from the general fund a sum equal to
 48 such deficiency.

49 5) The Chairman of the Board of Commissioners of the Virginia Public School Authority
 50 shall, on or before November 1 of each year, deliver to the Governor and the Secretary of
 51 Finance a certificate setting forth his estimate of total debt service during each fiscal year of
 52 the biennium on bonds and notes issued and projected to be issued during such biennium. The
 53 Governor's budget submission each year shall include provisions for the payment of debt
 54 service pursuant to paragraph 1) above.

1	6) Grant award funds from the issuance of up to \$12,000,000 in fiscal year 2023 and			
2	\$12,000,000 in fiscal year 2024 in equipment notes shall be distributed to eligible school			
3	divisions. The grant awards will be based on a competitive grant basis of up to \$250,000			
4	per school division. School divisions will be permitted to apply annually for grant funding.			
5	For purposes of this program, eligible schools shall include schools that are subject to state			
6	accreditation and reporting membership in grades K through 12 as of September 30, 2022,			
7	for the fiscal year 2023 issuance, and September 30, 2023, for the fiscal year 2024			
8	issuance, as well as regional vocational centers, special education centers, alternative			
9	education centers, regular school year Governor's Schools, and the Virginia School for the			
10	Deaf and the Blind.			
11	7) School divisions would submit their application to Department of Education by August			
12	1 of each year based on the criteria developed by the Department of Education in			
13	collaboration with the Department of Criminal Justice Services who will provide			
14	requested technical support. Furthermore, the Department of Education will have the			
15	authority to make such grant awards to such school divisions.			
16	8) It is also the intent of the General Assembly that, beginning with fiscal year 2020, the			
17	total amount of the grant awards shall not exceed \$60,000,000 over any ongoing revolving			
18	five year period.			
19	9) Required local match:			
20	a) Localities are required to provide a match for these funds equal to 25 percent of the			
21	grant amount. The Superintendent of Public Instruction is authorized to reduce the			
22	required local match for school divisions with a composite index of local ability-to-pay			
23	below 0.2000. The Virginia School for the Deaf and the Blind is exempt from the match			
24	requirement.			
25	b) Pursuant to § 15.2-1302, Code of Virginia, and in the event that two or more school			
26	divisions became one school division, whether by consolidation of only the school			
27	divisions or by consolidation of the local governments, such resulting division shall be			
28	provided funding through this program on the basis of having the same number of school			
29	divisions as existed prior to September 30, 2000.			
30	c) Local school divisions shall maximize the use of available federal funds, including E-			
31	Rate Funds, and to the extent possible, use such funds to supplement the program and			
32	meet the goals of this program.			
33	14. Virginia Preschool Initiative Payments			
34	a.1) It is the intent of the General Assembly that a payment estimated at \$115,987,950			
35	\$96,249,422 the first year and \$116,283,670 \$97,812,265 the second year from the general			
36	fund shall be disbursed by the Department of Education to schools and community-based			
37	organizations to provide quality preschool programs for at-risk four-year-olds who are			
38	residents of Virginia and unserved by Head Start program funding and for at-risk five-			
39	year-olds who are not eligible to attend kindergarten, or who did not have access to a			
40	sufficient preschool experience and whose families request preschool as the most			
41	appropriate placement. Final Virginia Preschool Initiative placement decisions for eligible			
42	children shall be based on family and program leader input.			
43	2) These state funds and required local matching funds shall be used to provide programs			
44	for at-risk four-year-old children, which include quality preschool education, health			
45	services, social services, parental involvement and transportation. It shall be the policy of			
46	the Commonwealth that state funds and required local matching funds for the Virginia			
47	Preschool Initiative not be used for capital outlay, not be used to supplant any Head Start			
48	federal funds provided for local early education programs, and not be used until the local			
49	Head Start grantee certifies that all local Head Start slots are filled. Programs must provide			
50	full-day or half-day and, at least, school-year services.			
51	3) The Department of Education shall establish academic standards that are in accordance			
52	with appropriate preparation for students to be ready to successfully enter kindergarten.			
53	These standards shall be established in such a manner as to be measurable for student			
54	achievement and success. Students shall be required to be evaluated in the fall and in the

1	spring by each participating school division and the school divisions must certify that the			
2	Virginia Preschool Initiative program follows the established standards in order to receive the			
3	funding for quality preschool education and criteria for the service components. Such			
4	standards shall align with the Virginia Standards of Learning for Kindergarten.			
5	4) a) Grants shall be distributed based on an allocation formula providing the state share of a			
6	\$8,359 per pupil grant in the first year and a \$8,359 per pupil grant in the second year for 100			
7	percent of the unserved at-risk four-year-olds in each locality for a full-day program. Grants			
8	to half-day programs shall be funded based on the state share of \$4,180 in the first year and			
9	\$4,180 in the second year per unserved at-risk four-year-old in each locality.			
10	For Planning District Eight localities, grants shall be distributed based on an allocation			
11	formula providing the state share of a \$8,989 per pupil grant in the first year and a \$8,989 per			
12	pupil grant in the second year for 100 percent of the unserved at-risk four-year-olds in each			
13	locality for a full-day program; grants to half-day programs for these localities shall be funded			
14	based on the state share of \$4,495 in the first year and \$4,495 in the second year per unserved			
15	at-risk four-year-old in each locality.			
16	For the counties of Stafford, Fauquier, Spotsylvania, Clarke, Warren, Frederick, and Culpeper			
17	and the Cities of Fredericksburg and Winchester, grants shall be distributed based on an			
18	allocation formula providing the state share of a \$8,516 per pupil grant in the first year and a			
19	\$8,516 per pupil grant in the second year for 100 percent of the unserved at-risk four-year-			
20	olds in each locality for a full-day program; grants to half-day programs for these localities			
21	shall be funded based on the state share of \$4,258 in the first year and \$4,258 in the second			
22	year per unserved at-risk four-year-old in each locality.			
23	The number of unserved at-risk four-year-olds in each locality shall be based on the projected			
24	number of kindergarten students, updated once each biennium for the Governor's introduced			
25	biennial budget. The Department of Education shall biennially rebenchmark the Virginia			
26	Preschool Initiative per pupil amounts using a formula similar to the current formula			
27	supporting public K-12 education in Virginia.			
28	For slots filled as of September 30 each year, grants shall be based on the state share of 100			
29	percent of the per pupil amount for a full-day or half-day program. For slots filled between			
30	October 1 and December 31 each year, grants shall be based on the state share of the per pupil			
31	amount for a full-day or half-day program prorated for the portion of the school year each			
32	child is served. Following the Department of Education's fall student record collection each			
33	year, the Department shall project the number of additional slots that may be filled between			
34	October 1 and December 31 each year. The Department of Education is authorized to prorate			
35	state funding for slots filled between October 1 and December 31 each year if demand			
36	exceeds available appropriation.			
37	b) Out of this appropriation, \$12,729,291 \$8,609,919 the first year and			
38	\$20,029,791 \$10,961,745 the second year from the general fund is provided to serve at-risk			
39	three-year-olds who are residents of Virginia and unserved by Head Start funding using			
40	criteria determined by the Department of Education and subject to available appropriation.			
41	Localities may apply to participate by May 15 each year and shall be selected on a			
42	competitive basis. Localities shall be required to: (i) demonstrate broad stakeholder support,			
43	(ii) track outcomes for participating children, (iii) demonstrate how they will maximize			
44	federal and state funds to preserve existing birth to five slots, including certifying that all local			
45	Head Start slots are filled, (iv) support inclusive practices of children with identified special			
46	needs, and (v) collaborate among the school division, local department of social services,			
47	programs accepting child care subsidy payments, and providers for Head Start, private child			
48	care, and early childhood special education and early intervention programs. Localities that			
49	meet the following characteristics shall be prioritized for participation: (i) communities with			
50	limited child care options; (ii) programs serving children in private, mixed-delivery settings;			
51	or (iii) communities that demonstrate full support of public and private providers. Grants shall			
52	be distributed based on an allocation formula providing the state share of the per pupil			
53	amounts in paragraph C.14.a.4)a).			
54	c) Full-day programs shall operate for a minimum of five and one-half instructional hours,			
55	excluding breaks for meals, and half-day programs shall operate for a minimum of three hours			
56	of classroom instructional time per day, excluding breaks for lunch. Virginia Preschool			
57	Initiative programs may include unstructured recreational time that is intended to develop

	First Year FY2023	Second Year FY2024	First Year FY2023	Second Year FY2024
1	teamwork, social skills, and overall physical fitness in any calculation of total instructional			
2	time, provided that such unstructured recreational time does not exceed 15 percent of total			
3	instructional time or teaching hours. No additional state funding is provided for programs			
4	operating greater than three hours per day but less than five and one-half hours per day. In			
5	determining the state and local shares of funding, the composite index of local ability-to-			
6	pay is capped at 0.5000.			
7	d) For new programs in the first year of implementation only, programs operating less			
8	than a full school year shall receive state funds on a fractional basis determined by the			
9	pro-rata portion of a school year program provided. In determining the prorated state			
10	funds to be received, a school year shall be 180 days or 990 teaching hours.			
11	e) To ensure children with special needs have equitable opportunity to enter kindergarten			
12	ready, all Virginia Preschool Initiative programs are expected to be inclusive of children			
13	with disabilities. Specifically, programs shall meet or exceed a target inclusion rate, such			
14	that 10 percent of all children participating in the Virginia Preschool Initiative are children			
15	with disabilities, defined as those with an Individualized Education Plan, and are served in			
16	inclusive classrooms that include children who do not have an Individualized Education			
17	Plan. A program that is unable to meet this target shall provide reasons a 10 percent			
18	inclusion rate was not achieved in the given school year in its annual comprehensive			
19	report.			
20	b.1) Any locality that desires to participate in this grant program must submit a proposal			
21	through its chief administrator (county administrator or city manager) by May 15 of each			
22	year. The chief administrator, in conjunction with the school superintendent, shall identify			
23	a lead agency for this program within the locality. The lead agency shall be responsible for			
24	developing a local plan for the delivery of quality preschool services to at-risk children,			
25	which demonstrates the coordination of resources and the combination of funding streams			
26	in an effort to serve the greatest number of at-risk four-year-old children and, if			
27	applicable, to serve at-risk three-year-old children.			
28	2) The proposal must demonstrate coordination with all parties necessary for the			
29	successful delivery of comprehensive services, including the schools, child care providers,			
30	local social services agency, Head Start, local health department, and other groups			
31	identified by the lead agency. The proposal must identify which entities were consulted			
32	and how the locality will ensure that federal funds are preserved and maximized including			
33	demonstrating compliance with Title I of the federal Elementary and Secondary Education			
34	Act to ensure that a Local Educational Agency receiving Title I funding coordinates with			
35	Head Start programs and other early learning programs receiving federal funds by			
36	developing Memorandums of Understanding with such agencies to coordinate services.			
37	The proposal must also demonstrate a plan for supporting inclusive practices for children			
38	with identified special needs.			
39	3) A local match, based on the composite index of local ability-to-pay, shall be required.			
40	For purposes of meeting the local match, localities may use local expenditures for existing			
41	qualifying programs, however, at least fifty percent of the local match will be cash and no			
42	more than fifty percent will be in-kind. In-kind contributions are defined as cash outlays			
43	that are made by the locality that benefit the program but are not directly charged to the			
44	program. The value of fixed assets cannot be considered as an in-kind contribution.			
45	Philanthropic or other private funds may be contributed to the locality to be appropriated			
46	in their local budget and then utilized as local match. Localities shall also continue to			
47	pursue and coordinate other funding sources, including child care subsidies. Funds			
48	received through this program must be used to supplement, not supplant, any funds			
49	currently provided for programs within the locality. However, in the event a locality is			
50	unable to continue the previous level of support to programs for at-risk four-year-olds			
51	from Title I of the federal Elementary and Secondary Education Act (ESEA), the state and			
52	local funds provided in this grants program may be used to continue services to these Title			
53	I students. Such inability may occur due to adjustments to the allocation formula in the			
54	reauthorization of ESEA as the Every Student Succeeds Act of 2015, or due to a			
55	percentage reduction in a locality's Title I allocation in a particular year. Any locality so			
56	affected shall provide written evidence to the Superintendent of Public Instruction and			
57	request his approval to continue the services to Title I students.			

ITEM 137.	Item Details(\$)		Appropriations(\$)	
	First Year FY2023	Second Year FY2024	First Year FY2023	Second Year FY2024
1	c. Local plans must provide clear methods of service coordination for the purpose of reducing			
2	the per child cost for the service, increasing the number of at-risk children served and/or			
3	extending services for the entire year. Examples of these include:			
4	1) "Wraparound Services" - methods for combining funds such as child care subsidy dollars			
5	administered by local social service agencies with dollars for quality preschool education			
6	programs.			
7	2) "Wrap-out Services" - methods for using grant funds to purchase quality preschool services			
8	to at-risk four-year-old children through an existing child care setting by purchasing			
9	comprehensive services within a setting which currently provides quality preschool education.			
10	3) "Expansion of Service" - methods for using grant funds to purchase slots within existing			
11	programs, such as Head Start, which provides comprehensive services to at-risk three- and			
12	four-year-old children.			
13	d. Local plans must indicate the number of at-risk four-year-old children to be served, and the			
14	eligibility criteria for participation in this program shall be consistent with the economic and			
15	educational risk factors stated in the current program guidelines that are specific to: (i) family			
16	income at or below 200 percent of federal poverty guidelines, (ii) homelessness, (iii) student's			
17	parents or guardians are school dropouts, or (iv) children with disabilities or delays who are			
18	eligible for special education services under the Individuals with Disabilities Education Act,			
19	regardless of household income. Up to 15 percent of a division's slots may be filled based on			
20	locally established eligibility criteria so as to meet the unique needs of at-risk children in the			
21	community. If applicable, local plans must also indicate the number of at-risk three-year-old			
22	children to be served using the same eligibility criteria listed above. Localities that can			
23	demonstrate that more than 15 percent of slots are needed to meet the needs of at-risk children			
24	in their community may apply for a waiver from the Superintendent of Public Instruction to			
25	use a larger percentage of their slots. Localities must demonstrate that increasing eligibility			
26	will enable the maximization of federal funds and will not have a negative impact on access			
27	for other individuals currently being served.			
28	e.1) The Department of Education shall provide technical assistance for the administration of			
29	this grant program to provide assistance to localities in developing a comprehensive,			
30	coordinated, quality preschool program that prepares all participants for kindergarten.			
31	2) The Department shall provide interested localities with information on models for service			
32	delivery, methods of coordinating funding streams, such as funds to match federal IV-A child			
33	care dollars, to maximize funding without supplanting existing sources of funding for the			
34	provision of services to at-risk three- and four-year-old children. A priority for technical			
35	assistance in the design of programs shall be given to localities where the majority of the at-			
36	risk three- and four-year-old population is currently unserved.			
37	f. Out of this appropriation, \$3,587,390 \$2,946,003 the first year and \$3,587,390			
38	\$2,580,489 the second year from the general fund is provided to support Virginia Preschool			
39	Initiative slots to serve children on wait lists. In each year, unused grants distributed as			
40	provided in paragraph C.14.a.4) of this Item shall be redistributed based on guidelines			
41	established by the Department of Education subject to the appropriation available for this			
42	purpose. Such guidelines shall provide the criteria used to redistribute grants and provide for			
43	the notification of grants redistribution to programs no later than July 1 of each year. The			
44	Department shall conduct this process annually, and the redistribution shall not affect the			
45	allocation formula for the subsequent year.			
46	g.1) Out of this appropriation, \$4,886,000 \$2,678,500 the first year and \$8,334,384 \$2,760,000			
47	the second year from the general fund is provided to support an add-on grant per child for			
48	approximately 2,000 children to incentivize mixed-delivery of services through private			
49	providers. These add-on grants are intended to provide funds to minimize the difference			
50	between the amount of the per-pupil grant allocation and the per-pupil cost to serve a child in			
51	a community-based or private provider setting. Recipients of the add-on grants will be			
52	encouraged to support classrooms that support inclusive practices of children with special			
53	needs. Localities shall indicate in their plans submitted pursuant to C.14.b.1) of this Item how			
54	many of their Virginia Preschool Initiative slots will be provided in community-based or			
55	private provider settings to receive the add-on grant. <i>Community-based providers that are</i>			
56	<i>recipients of Virginia Preschool Initiative grants shall be exempted from all regulatory and</i>

4	<i>statewide measurement and improvement system.</i>			
5	2) In the first year, the amount of these add-on grants for community-based or private			
6	providers shall vary by region and provide a grant of: (i) \$3,500 per child for divisions in			
7	Planning District Eight, (ii) \$2,500 per child for divisions in Planning District 15,			
8	Planning District 23, and for the counties of Stafford, Fauquier, Spotsylvania, Clarke,			
9	Warren, Frederick, and Culpeper and the Cities of Fredericksburg and Winchester, and			
10	(iii) \$1,500 per child in any other division. In the second year, these add-on grants shall be			
11	informed by the Department of Education's methodology to estimate the actual cost of			
12	providing high-quality early childhood education services in community-based settings. In			
13	the Department's report on this methodology to the Governor and Chairs of the House			
14	Appropriations and Senate Finance and Appropriations Committees, required by Item			
15	129.O, the Department shall include recommendations for the amount of these add-on			
16	grants in the second year. This reporting requirement is not intended as a mandate to			
17	increase the individual amounts of these add-on grants or to increase the state			
18	appropriation supporting these add-on grants. The Department of Education is authorized			
19	to prorate payments for these add-on grants so as not to exceed the available			
20	appropriation.			
21	3) The Department of Education shall develop a plan to determine the magnitude of the			
22	gap between regional prevailing child care market rates and the Virginia Preschool			
23	Initiative per pupil amount. The Department shall establish a schedule designating the			
24	amount of the add-on grants for each school division for fiscal year 2023. The amount of			
25	the add-on grant plus the Virginia Preschool Initiative per pupil amount shall not exceed			
26	prevailing child care market rates in a particular region.			
27	h. Out of this appropriation, \$7,711,560 \$7,658,585 the first year and \$7,711,560			
28	\$7,709,667 the second year from the general fund is provided to support increased			
29	Virginia Preschool Initiative teacher to student ratios and class sizes, as follows:			
30	1) Any classroom that exceeds benchmarks set by the Board of Education shall be staffed			
31	as follows: (i) one teacher shall be provided for any class of ten students or less; (ii) if the			
32	enrollment in any class exceeds ten students but does not exceed 20, a full-time teacher's			
33	aide shall be assigned to the class; and (iii) the maximum class size shall be 20 students.			
34	2) All other classrooms shall be staffed as follows: (i) one teacher shall be employed for			
35	any class of nine students or less; (ii) if the enrollment in any class exceeds nine students			
36	but does not exceed 18, a full-time teacher's aide shall be assigned to the class; and (iii)			
37	the maximum class size shall be 18 students.			
38	i. Out of this appropriation, \$306,100 the first year and \$306,100 the second year from the			
39	general fund is allocated for the Department of Education to provide grants of no more			
40	than \$30,000 each for local school divisions that have applied for such funds for the sole			
41	purpose of providing financial incentives to provisionally licensed teachers teaching			
42	students enrolled in the Virginia Preschool Initiative or other publicly-funded preschool			
43	programs operated by the school division and who are actively engaged in coursework and			
44	professional development, toward achieving the required degree and license that satisfy			
45	the licensure requirements reflected in § 22.1-299, Code of Virginia. School divisions			
46	must submit applications to the Department of Education by December 1 of each year.			
47	Priority for awarding grants shall be given to hard-to-staff schools and schools with the			
48	highest number of provisionally licensed teachers teaching students enrolled in the			
49	Virginia Preschool Initiative or other publicly-funded preschool programs operated by the			
50	school division. The Department of Education shall develop the application process to be			
51	provided to school divisions that have provisionally licensed preschool teachers employed			
52	and are teaching students enrolled in the Virginia Preschool Initiative or other publicly-			
53	funded preschool programs operated by the school division.			
54	j. 1.) The Department of Education shall collect information from local Virginia Preschool			
55	Initiative programs and from pilot providers participating in the Virginia Early Childhood			
56	Foundation's pilot Mixed-Delivery Preschool Initiative established in Item 136 as needed			
57	to compile a comprehensive report on the usage of state funds detailing, but not limited to

2	and the number of such slots that have been filled.				
3	2.) Such comprehensive report shall be aggregated in a manner to identify: (i) funding and the				
4	number of slots used to serve a student in a public school and non-public school setting, (ii)				
5	the number of three-year olds served, (iii) waitlist slots requested, offered, and provided, (iv)				
6	the number of students served whose families are at or below 130 percent poverty, above 130				
7	percent but at or below 200 percent of poverty, above 200 percent but at or below 350 percent				
8	of poverty, and above 350 percent of poverty.				
9	3.) Such comprehensive report shall describe the Virginia Preschool Initiative programs'				
10	progress towards the target inclusion rate, such that 10 percent of all children enrolled in each				
11	program are children with disabilities, defined as those with an Individualized Education Plan.				
12	Virginia Preschool Initiative programs shall report the share of children with Individualized				
13	Education Plans in inclusive classrooms annually starting with the 2020-2021 school year. If				
14	the program's current inclusion rate falls below 10 percent, the program shall provide reasons				
15	a 10 percent inclusion rate was not achieved in the given school year and what actions the				
16	program could implement to increase its rate of inclusion in the next year.				
17	4.) The Department shall submit such comprehensive report to the Chairs of the House				
18	Appropriations and Senate Finance and Appropriations Committees no later than December

20	5.) The Department shall develop a plan for comprehensive public reporting on early				
21	childhood expenditures, outcomes, and program quality to replace this reporting requirement.				
22	Such plan and subsequent reports shall consider the components included in this reporting				
23	requirement, and include all publicly-funded providers as defined in Chapter 860 and Chapter				
24	861, 2020 Acts of Assembly. The plan shall identify any fiscal, legislative, or regulatory				
25	barriers to implementing such public reporting, and shall consider integration with the				
26	Department's School Quality Profiles. The Department of Education shall submit an update				
27	on implementation of the plan to the Chairs of the House Appropriations and Senate Finance				
28	and Appropriations Committees by December 1 each year. Once fully implemented, the				
29	Department of Education shall update and submit the report by December 1 of each year.				
30	k. Out of this appropriation, \$5,453,795 \$35,283 the first year and \$5,453,795 the second year				
31	from the general fund is provided as flexible funding available to supplement any of the other				
32	initiatives provided in section C.14 of this item. Additionally, within the fiscal year, any funds				
33	appropriated for Virginia Preschool Initiative Payments that are not awarded may be used as				
34	flexible funding to supplement any of the other initiatives provided in paragraph C.14 of this				
35	Item. The Department of Education shall prioritize serving at-risk four-year-old children				
36	when executing the flexibility provisions in this paragraph.				
37	15. Early Reading Intervention Payments				
38	a. An additional payment of \$51,193,084 \$43,515,246 the first year and				
39	\$51,352,970 \$36,898,919 the second year from the Lottery Proceeds Fund shall be disbursed				
40	by the Department of Education to local school divisions for the purposes of providing early				
41	reading intervention services to students in grades kindergarten through 3 who demonstrate				
42	deficiencies based on their individual performance on diagnostic tests which have been				
43	approved by the Department of Education. The Department of Education shall review the				
44	tests of any local school board that requests authority to use a test other than the state-				
45	provided test to ensure that such local test uses criteria for the early diagnosis of reading				
46	deficiencies that are similar to those criteria used in the state-provided test. The Department of				
47	Education shall make the state-provided diagnostic test used in this program available to local				
48	school divisions. School divisions shall report the results of the diagnostic tests to the				
49	Department of Education on an annual basis at a time to be determined by the Superintendent				
50	of Public Instruction.				
51	b. These payments shall be based on the state's share of the cost of providing two and one-half				
52	hours of additional instruction each week for an estimated number of students in each school				
53	division at a student to teacher ratio of five to one. The estimated number of students in each				
54	school division in each year shall be determined by multiplying the projected number of				
55	students reported in each school division's fall membership in grades kindergarten, 1, 2, and 3				
56	by the percent of students who are determined to need services based on diagnostic tests

2	c. These payments are available to any school division that certifies to the Department of			
3	Education that an intervention program will be offered to such students and that each			
4	student who receives an intervention will be assessed again at the end of that school year.			
5	At the beginning of the school year, local school divisions shall partner with the parents of			
6	those third grade students in the division who demonstrate reading deficiencies, discussing			
7	with them a developed plan for remediation and retesting. Such intervention programs, at			
8	the discretion of the local school division, may include, but not be limited to, the use of:			
9	special reading teachers; trained aides; full-time early literacy tutors; volunteer tutors			
10	under the supervision of a certified teacher; computer-based reading tutorial programs;			
11	aides to instruct in-class groups while the teacher provides direct instruction to the			
12	students who need extra assistance; or extended instructional time in the school day or			
13	year for these students. Localities receiving these payments are required to match these			
14	funds based on the composite index of local ability-to-pay.			
15	d. In the event that a school division does not use the diagnostic test provided by the			
16	Department of Education in the year that serves as the basis for updating the funding			
17	formula for this program but has used it in past years, the Department of Education shall			
18	use the most recent data available for the division for the state-provided diagnostic test.			
19	e. The results of all reading diagnostic tests and reading remediation shall be discussed			
20	with the student and the student's parent prior to the student being promoted to grade four.			
21	f. Funds appropriated for Standards of Quality Prevention, Intervention, and Remediation,			
22	Remedial Summer School, or At-Risk Add-On may also be used to meet the requirements			
23	of this program.			
24	16. Standards of Learning Algebra Readiness Payments			
25	a. An additional payment of \$15,775,313 \$15,370,526 the first year and \$15,781,896			
26	\$15,070,022 the second year from the Lottery Proceeds Fund shall be disbursed by the			
27	Department of Education to local school divisions for the purposes of providing math			
28	intervention services to students in grades 6, 7, 8 and 9 who are at-risk of failing the			
29	Algebra I end-of-course test, as demonstrated by their individual performance on			
30	diagnostic tests which have been approved by the Department of Education. These			
31	amounts reflect \$200,000 the first year and \$200,000 the second year apportioned to each			
32	school division to account for the cost of the diagnostic test. The Department of Education			
33	shall review the tests to ensure that such local test uses state-provided criteria for			
34	diagnosis of math deficiencies which are similar to those criteria used in the state-provided			
35	test. The Department of Education shall make the state-provided diagnostic test used in			
36	this program available to local school divisions. School divisions shall report the results of			
37	the diagnostic tests to the Department of Education on an annual basis at a time to be			
38	determined by the Superintendent of Public Instruction.			
39	b. These payments shall be based on the state's share of the cost of providing two and one-			
40	half hours of additional instruction each week for an estimated number of students in each			
41	school division at a student to teacher ratio of ten to one. The estimate number of students			
42	in each school division shall be determined by multiplying the projected number of			
43	students reported in each school division's fall membership by the percent of students that			
44	qualify for the federal Free Lunch Program.			
45	c. These payments are available to any school division that certifies to the Department of			
46	Education that an intervention program will be offered to such students and that each			
47	student who receives an intervention will be assessed again at the end of that school year.			
48	Localities receiving these payments are required to match these funds based on the			
49	composite index of local ability-to-pay.

8	Lottery Proceeds Fund for the purpose of the state's share of the tuition rates for approved			
9	public Special Education Regional Tuition school programs. Notwithstanding any contrary			
10	provision of law, the state's share of the tuition rates shall be based on the composite index of			
11	local ability-to-pay.			
12	c. Out of the amounts for Financial Assistance for Categorical Programs, \$38,917,404 the first			
13	year and \$39,161,334 the second year from the general fund is appropriated to permit the			
14	Department of Education to enter into agreements with selected local school boards for the			
15	provision of educational services to children residing in certain hospitals, clinics, and			
16	detention homes by employees of the local school boards. The portion of these funds provided			
17	for educational services to children residing in local or regional detention homes shall only be			
18	determined on the basis of children detained in such facilities through a court order issued by			
19	a court of the Commonwealth. The selection and employment of instructional and			
20	administrative personnel under such agreements will be the responsibility of the local school			
21	board in accordance with procedures as prescribed by the local school board. State payments			
22	for the first year to the local school boards operating these programs will be based on certified			
23	expenditures from the fourth quarter of FY 2022 and the first three quarters of FY 2023. State			
24	payments for the second year to the local school boards operating these programs will be			
25	based on certified expenditures from the fourth quarter of FY 2023 and the first three quarters			
26	of FY 2024.			
27	19. Vocational Education Instruction Payments

30	Community College System in meeting the needs of public school systems.			
31	b. This appropriation includes \$1,800,000 the first year and \$1,800,000 the second year from			
32	the Lottery Proceeds Fund for secondary vocational-technical equipment. A base allocation of			
33	\$2,000 each year shall be available for all divisions, with the remainder of the funding			
34	distributed on the basis of student enrollment in secondary vocational-technical courses. State			
35	funds received for secondary vocational-technical equipment must be used to supplement, not			
36	supplant, any funds currently provided for secondary vocational-technical equipment within			
37	the locality. Local school divisions are not required to provide a local match in order to			
38	receive these state funds.			
39	c.1) This appropriation includes an additional \$2,000,000 the first year and \$2,000,000 the			
40	second year from the Lottery Proceeds Fund to update vocational-technical equipment to

46	Bureau of Labor Statistics and the Virginia Employment Commission.			
47	3) Of this amount, \$600,000 the first year and \$600,000 the second year will be awarded			
48	based on competitive innovative program grants for high-demand and fast-growth industry			
49	sectors with priority given to state-identified challenged schools, the Governor's Science

21	a. An additional state payment is provided from the Lottery Proceeds Fund for the prior			
22	year's local operations costs, as determined by the Department of Education, for each pupil			
23	not a resident of the school division providing his education (a) who has been placed in			
24	foster care or other custodial care within the geographical boundaries of such school			
25	division by a Virginia agency, whether state or local, which is authorized under the laws			
26	of this Commonwealth to place children; (b) who has been placed in an orphanage or			
27	children's home which exercises legal guardianship rights; (c) who is a resident of Virginia

38	jurisdictional lines, as provided by subsections A and B of § 22.1-101.1, Code of Virginia.			
39	To the extent these funds are not adequate to cover the full costs specified therein, the			
40	Department is authorized to expend unobligated balances in this Item for this support.			
41	24. Sales Tax Payments

ITEM 137.	Item Details(\$)		Appropriations(\$)	
	First Year FY2023	Second Year FY2024	First Year FY2023	Second Year FY2024
1	a. Appropriations in this Item include \$125,000 the first year and \$125,000 the second year			
2	from the general fund for the ongoing literacy programs conducted by Mountain Empire			
3	Community College.			
4	b. Out of this appropriation, the Department of Education shall provide \$100,000 the first year			
5	and \$100,000 the second year from the general fund for the Virginia Literacy Foundation			
6	grants to support programs for adult literacy including those delivered by community-based			
7	organizations and school divisions providing services for adults with 0-9th grade reading			
8	skills.			
9	26. Governor's School Payments			
10	a. Out of the amounts for Governor's School Payments, the Department of Education shall			
11	provide assistance for the state share of the incremental cost of regular school year Governor's			
12	Schools based on each participating locality's composite index of local ability-to-pay.			
13	Participating school divisions must certify that no tuition is assessed to students for			
14	participation in this program.			
15	b.1) Out of the amounts for Governor's School Payments, the Department of Education shall			
16	provide assistance for the state share of the incremental cost of summer residential Governor's			
17	Schools and Foreign Language Academies to be based on the greater of the state's share of the			
18	composite index of local ability-to-pay or 50 percent. Participating school divisions must			
19	certify that no tuition is assessed to students for participation in this program if they are			
20	enrolled in a public school.			
21	2) Out of the amounts for Governor's School Payments, \$41,000 the first year and \$41,000 the			
22	second year is provided to support the Hanover Regional Summer Governor's School for			
23	Career and Technical Advancement, which was established pursuant to Chapter 425, 2014			
24	Acts of Assembly, and Chapter 665, 2015 Acts of Assembly.			
25	c. For the Summer Governor's Schools and Foreign Language Academies programs, the			
26	Superintendent of Public Instruction is authorized to adjust the tuition rates, types of programs			
27	offered, length of programs, and the number of students enrolled in order to maintain costs			
28	within the available state and local funds for these programs.			
29	d. It shall be the policy of the Commonwealth that state general fund appropriations not be			
30	used for capital outlay, structural improvements, renovations, or fixed equipment costs			
31	associated with initiation of existing or proposed Governor's schools. State general fund			
32	appropriations may be used for the purchase of instructional equipment for such schools,			
33	subject to certification by the Superintendent of Public Instruction that at least an equal			
34	amount of funds has been committed by participating school divisions to such purchases.			
35	e. The Board of Education shall not take any action that would increase the state's share of			
36	costs associated with the Governor's Schools as set forth in this Item. This provision shall not			
37	prohibit the Department of Education from submitting requests for the increased costs of			
38	existing programs resulting from updates to student enrollment for school divisions currently			
39	participating in existing programs or for school divisions that begin participation in existing			
40	programs.			
41	f.1) Regular school year Governor's Schools are funded through this Item based on the state's			
42	share of the incremental per pupil cost for providing such programs for each student attending			
43	a Governor's School up to a cap of 1,800 students per Governor's School in the first year and a			
44	cap of 1,800 students per Governor's School in the second year. This incremental per pupil			
45	payment shall be adjusted for the composite index of the school division that counts such			
46	students attending an academic year Governor's School in their March 31 Average Daily			
47	Membership. It is the intent of the General Assembly that this incremental per pupil amount			
48	be in addition to the basic aid per pupil funding provided to the affected school division for			
49	such students. Therefore, local school divisions are encouraged to provide the appropriate			
50	portion of the basic aid per pupil funding to the Governor's Schools for students attending			
51	these programs, adjusted for costs incurred by the school division for transportation,			
52	administration, and any portion of the day that the student does not attend a Governor's			
53	School.			
54	2) Students attending a revolving Academic Year Governor's School program for only one			

ITEM 137.	Item Details(\$)		Appropriations(\$)

1	semester shall be counted as 0.50 of a full-time equivalent student and will be funded for			
2	only fifty percent of the full-year funded per pupil amount. Funding for students attending			
3	a revolving Academic Year program will be adjusted based upon actual September 30th			
4	and January 30th enrollment each fiscal year. For purposes of this Item, revolving			
5	programs shall mean Academic Year Governor's School programs that admit students on a			
6	semester basis.			
7	3) Students attending a continuous, non-revolving Academic Year Governor's School			
8	program shall be counted as a full-time equivalent student and will be funded for the full-			
9	year funded per pupil amount. Funding for students attending a continuous, non-revolving			
10	Academic Year Governor's School program will be adjusted based upon actual September			
11	30th student enrollment each fiscal year. For purposes of this Item, continuous, non-			
12	revolving programs shall mean Academic Year Governor's School programs that only			
13	admit students at the beginning of the school year. Fairfax County Public Schools shall not			
14	reduce local per pupil funding for the Thomas Jefferson Governor's School below the			
15	amounts appropriated for the 2003-2004 school year.			
16	g. All regional Governor's Schools are encouraged to provide full-day grades 9 through 12			
17	programs.			
18	h. Out of the appropriation included in paragraph C.37. of this item,			
19	\$1,052,140 \$1,040,545 the first year and \$2,402,751 \$2,726,546 the second year from the			
20	general fund is provided in the Academic Year Governor's School funding allocation to			
21	increase the per pupil amount as an add-on for a compensation supplement equal to 5.0			
22	percent of base pay on August 1, 2022, an additional 5.0 percent of base pay on July 1,			
23	2023, and an additional 2.0 percent of base pay on January 1, 2024, for Academic Year			
24	Governor's School instructional and support positions.			
25	i. Each Academic Year Governor's School shall set diversity goals for its student body and			
26	faculty, develop a plan to meet said goals in collaboration with community partners at			
27	public meetings, and such goals and plan shall be published on the school's website. Each			
28	school shall submit a report to the Governor by October 1 of each year on its goals and			
29	status of implementing its plan, and such report shall be published on the school's website.			
30	The report shall include, but not be limited to the following: utilization of universal			
31	screenings in feeder divisions; admission processes in place or under consideration that			
32	promote access for historically underserved students; and outreach and communication			
33	efforts deployed to recruit historically underserved students. The report shall include the			
34	racial/ethnic make-up and socioeconomic diversity of its students, faculty, and applicants.			
35	27. School Nutrition Payments			
36	It is provided that, subject to implementation by the Superintendent of Public Instruction,			
37	no disbursement shall be made out of the appropriation for school nutrition to any locality			
38	in which the schools permit the sale of competitive foods in food service facilities or areas			
39	during the time of service of food funded pursuant to this Item.			
40	28. School Breakfast Payments			
41	a. Out of this appropriation, \$9,637,895 \$10,689,269 the first year and			
42	\$11,898,741 \$7,994,035 the second year from the Lottery Proceeds Fund is included to			
43	continue a state funded incentive program to maximize federal school nutrition revenues			
44	and increase student participation in the school breakfast program. These funds are			
45	available to any school division as a reimbursement for breakfast meals served that are in			
46	excess of the baseline established by the Department of Education. The per meal			
47	reimbursement shall be \$0.22; however, the department is authorized, but not required to			
48	reduce this amount proportionately in the event that the actual number of meals to be			
49	reimbursed exceeds the number on which this appropriation is based so that this			
50	appropriation is not exceeded.			
51	b. In order to receive these funds, school divisions must certify that these funds will be			
52	used to supplement existing funds provided by the local governing body and that local			
53	funds derived from sources that are not generated by the school nutrition programs have			
54	not been reduced or eliminated. The funds shall be used to improve student participation			
55	in the school breakfast program. These efforts may include, but are not limited to,			

ITEM 137.	Item Details(\$)		Appropriations(\$)	
	First Year FY2023	Second Year FY2024	First Year FY2023	Second Year FY2024
1	reducing the per meal price paid by students, reducing competitive food sales in order to			
2	improve the quality of nutritional offerings in schools, increasing access to the school			
3	breakfast program, or providing programs to increase parent and student knowledge of good			
4	nutritional practices. In no event shall these funds be used to reduce local tax revenues below			
5	the level appropriated to school nutrition programs in the prior year. Further, these funds must			
6	be provided to the school nutrition programs and may not be used for any other school			
7	purpose.			
8	c.1) Out of this appropriation, \$1,074,000 the first year and \$1,074,000 the second year from			
9	the general fund is provided to fund an After-the-Bell Model breakfast program available on a			
10	voluntary basis to elementary, middle, and high schools where student eligibility for free or			
11	reduced lunch exceeds 45.0 percent for the participating eligible school, and to provide			
12	additional reimbursement for eligible meals served in the current traditional school breakfast			
13	program at all grade levels in any participating school. The Department of Education is			
14	directed to ensure that only eligible schools receive reimbursement funding for participating			
15	in the After-the-Bell school breakfast model. The schools participating in the program shall			
16	evaluate the educational impact of the models implemented that provide school breakfasts to			
17	students after the first bell of the school day, based on the guidelines developed by the			
18	Department of Education and submit the required report to the Department of Education no			
19	later than August 31 each year.			
20	2) The Department of Education shall communicate, through Superintendent's Memo, to			
21	school divisions the types of breakfast serving models and the criteria that will meet the			
22	requirements for this State reimbursement, which may include, but are not limited to,			
23	breakfast in the classroom, grab and go breakfast, or a breakfast after first period. School			
24	divisions may determine the breakfast serving model that best applies to its students, so long			
25	as it occurs after the instructional day has begun. The Department of Education shall monthly			
26	transfer to each school division a reimbursement rate of \$0.05 per breakfast meal that meets			
27	either of the established criteria in elementary schools and a reimbursement rate of \$0.10 per			
28	breakfast meal that meets either of the established criteria in middle or high schools.			
29	3) No later than July 1 each year, the Department of Education shall provide for a breakfast			
30	program application process for school divisions with eligible schools, including guidelines

33	the estimated number of sites that can be accommodated within the approved funding level.			
34	The Department of Education shall set criteria for establishing priority should the number of

26	qualifying local school divisions for the purpose of providing a reading specialist for			
27	schools with a third grade that rank lowest statewide on the reading Standards of Learning			
28	(SOL) assessments. Funding for a reading specialist during the 2022-2024 biennium shall			
29	be based on the results of the Spring 2021 reading SOL assessments. Such schools shall be			
30	eligible to receive the state share of funding for both years of the biennium. Following			
31	certification from a school division that it will not participate in the program, the			
32	Department is authorized to identify additional eligible schools based upon the list of			
33	schools that rank lowest on the Spring 2021 SOL reading assessment.			
34	b. These payments shall be based on the state's share of the cost of providing one reading

9	statewide on the Spring Standards of Learning (SOL) math or reading assessment. Funding			
10	for one math or reading specialist during the 2022-2024 biennium shall be based on the results			
11	of the Spring 2021 SOL assessments. Such schools shall be eligible to receive the state share			
12	of funding for both years of the biennium. If, following certification from a school division			
13	that it will not participate in the program, the Department is authorized to identify additional			
14	eligible schools based upon the list of schools that rank lowest on the Spring 2021 SOL math			
15	or reading assessment.			
16	b. These payments are available to any school division with a qualifying school that certifies			
17	to the Department of Education that the division has (1) hired a math or reading instructional			
18	specialist, or (2) is supporting tuition for collegiate programs and instruction for currently			
19	employed instructional school personnel to earn the credentials necessary to meet licensure			
20	requirements to be endorsed as a math specialist or a reading specialist. Localities receiving			
21	these payments are required to match these funds based on the composite index of local			
22	ability-to-pay.			
23	c. School divisions that elect to use funding to support tuition for collegiate programs and			
24	instruction for currently employed instructional school personnel pursuant to paragraph b.			
25	shall provide documentation of these costs to the Department of Education prior to receiving			
26	state funds. The Department of Education shall provide state funding for the lesser of the

29	d. The Department of Education is authorized to utilize available funding appropriated to the			
30	Early Reading Specialist Initiative contained in this Item to pay for instructional specialists at			
31	additional eligible schools, or to support tuition for collegiate programs and instruction for			
32	currently employed instructional school personnel at additional eligible schools to earn the			
33	credentials necessary to meet licensure requirements to be endorsed as an instructional			
34	specialist.			
35	e. Within the fiscal year, any funds not awarded from this program may be awarded to eligible			
36	schools under the Early Reading Specialists Initiative.			
37	f. The Department of Education may award prorated state funds for specialist positions filled			
38	after the beginning of the school year.			
39	34. Broadband Connectivity Capabilities			
40	By November 1 each year, school divisions shall report to the Department of Education the			
41	status of broadband connectivity capability of schools in the division on a form to be provided			
42	by the Department. Such report shall include school-level information on the method of			
43	Internet service delivery, the level of bandwidth capacity and the degree such capacity is			
44	sufficient for delivery of school-wide digital resources and instruction, degree of internet			
45	connectivity via Wi-Fi, cost information related to Internet connectivity, data security, and			
46	such other pertinent information as determined by the Department of Education. The			
47	Department shall provide a summary of the division responses in a report to be made

2	subject to change for the purpose of payment to school divisions based on the actual			
3	March 31 ADM collected each year. These funds shall be matched by the local			
4	government, based on the composite index of local ability-to-pay. Further, in order to			
5	receive this funding, the locality in which the school division is located shall appropriate			
6	these funds solely for educational purposes and shall not use such funds to reduce total			
7	local operating expenditures for public education below the amount expended by the			
8	locality for such purposes in the year upon which the 2020-2022 biennial Standards of			
9	Quality expenditure data were based; provided however that no locality shall be required			
10	to maintain a per-pupil expenditure which is greater than the per pupil amount expended			
11	by the locality for such purposes in the year upon which the 2020-2022 biennial Standards			
12	of Quality expenditure data were based. The Department of Education is authorized each			
13	year to temporarily suspend Infrastructure and Operations Per Pupil Allocation payments			
14	made to school divisions from Lottery funds to ensure that any shortfall in Lottery revenue			
15	can be accounted for in the remaining Infrastructure and Operations Per Pupil Allocation			
16	payments to be made for the year.			
17	b. From the amounts listed above, funds are provided to ensure that small school divisions			
18	receive an Infrastructure and Operations payment of at least \$200,000 each year. Divisions			
19	receiving additional funds for a payment of at least \$200,000 shall only be required to			
20	provide the local match on the per pupil amount distributed in paragraph C.35.a.			
21	c. Of the amounts listed above, no more than 60 percent shall be used for recurring costs			
22	and at least 40 percent shall be spent on nonrecurring expenditures by the relevant school			
23	divisions. Nonrecurring costs shall include school construction, additions, infrastructure,			
24	site acquisition, renovations, school buses, technology, and other expenditures related to			
25	modernizing classroom equipment, and debt service payments on school projects			
26	completed or initiated during the last 10 years. The Department of Education shall			
27	consider such nonrecurring expenses by school divisions from local funds to be credited			
28	toward their required local match under this program.			
29	d. Any funds provided to school divisions that are unexpended as of June 30, 2023, and			
30	June 30, 2024, shall not revert to the Commonwealth but shall be carried on the books of			
31	the locality in local escrow accounts pursuant to § 22.1-175.5, to be appropriated to the

40	for the education of children with disabilities. Applicants shall be graduates of a regionally			
41	accredited college or university.			
42	b. The award of such grants shall be made by the Department of Education, and the			
43	number of awards during any one year shall depend upon the amounts appropriated by the			
44	General Assembly for this purpose. The amount awarded for each traineeship shall be			
45	\$600 for a minimum of three semester hours of course work in areas required for the			
46	special education endorsement to be taken by the applicant during a single semester or			
47	summer session. Only one traineeship shall be awarded to a single applicant in a single

30	governing body to maintain or increase the percentage of local revenues dedicated to public

32	3. The general fund amounts for the state teaching hospitals have been reduced to mirror the				
33	general fund impact of reduced and no inflation for inpatient services in prior years. It also

1	C.1. The estimated revenue for the Virginia Health Care Fund is \$626,102,702 the first			
2	year and \$696,209,925 \$707,708,970 the second year, to be used pursuant to the uses			
3	stated in § 32.1-367, Code of Virginia.			
4	2. Notwithstanding any other provision of law, revenues deposited to the Virginia Health			
5	Care Fund shall only be used as the state share of Medicaid unless specifically authorized			
6	by this Act.			
7	3. Notwithstanding § 32.1-366, Code of Virginia, the State Comptroller shall deposit 41.5			
8	percent of the Commonwealth's allocation of the Master Settlement Agreement with			
9	tobacco product manufacturers, as defined in § 3.2-3100, Code of Virginia, to the Virginia			
10	Health Care Fund.			
11	4. The state share, not including hospital assessment dollars, of any repayment by			
12	managed care organizations resulting from exceeding their profit caps for not meeting the			
13	medical loss ratios pursuant to their contracts with the Department of Medical Assistance			
14	Services, shall be deposited to the Health Care Fund.			
15	D. If any part, section, subsection, paragraph, clause, or phrase of this Item or the			
16	application thereof is declared by the United States Department of Health and Human			
17	Services or the Centers for Medicare and Medicaid Services to be in conflict with a federal			
18	law or regulation, such decisions shall not affect the validity of the remaining portions of			
19	this Item, which shall remain in force as if this Item had passed without the conflicting			
20	part, section, subsection, paragraph, clause, or phrase. Further, if the United States			
21	Department of Health and Human Services or the Centers for Medicare and Medicaid			
22	Services determines that the process for accomplishing the intent of a part, section,			
23	subsection, paragraph, clause, or phrase of this Item is out of compliance or in conflict			
24	with federal law and regulation and recommends another method of accomplishing the			
25	same intent, the Director, Department of Medical Assistance Services, after consultation			
26	with the Attorney General, is authorized to pursue the alternative method.			
27	E.1. At least 45 days prior to the submission of any State Plan or waiver amendment or			
28	renewal of such, to the Centers for Medicare and Medicaid Services (CMS) or change in			
29	the contracts with managed care organizations (MCO) that may impact the capitation			
30	rates, the Department of Medical Assistance Services (DMAS) shall provide written			
31	notification to the Director, Department of Planning and Budget as to the purpose of such			
32	change. This notice shall also assess whether the amendment will require any future state			
33	regulatory action or expenditure beyond that which is appropriated in this Act. If the			
34	Department of Planning and Budget, after review of the proposed change, determines that			
35	it may likely result in a material fiscal impact on the general fund, for which no legislative			
36	appropriation has been provided, then the Department of Medical Assistance Services			
37	shall delay the proposed change until the General Assembly authorizes such action and			
38	notify the Chairs of the House Appropriations and Senate Finance and Appropriations			
39	Committees of such action.			
40	2. Effective July 1, 2022, the Department of Medical Assistance Services shall have the			
41	authority to include modifications to the Cardinal Care Managed Care Contract as			
42	necessary to implement actions specifically authorized through language included in this			
43	Act.			
44	3. The department shall track and report on compliance with NCQA response time			
45	standards for each MCO, broken down by service type. Such tracking shall include: (i)			
46	How often total response time, from initial submittal until service authorization or denial,			
47	exceeds the NCQA standards; and (ii) How often appeals are filed, and of those, how			
48	often are services subsequently approved and how often they are denied. The department			
49	shall publish the data on these items on a quarterly basis to the department's website.			
50	4. The Department of Medical Assistance Services shall modify its contracts with			
51	managed care organizations to require annual reporting with regard to Medicaid			
52	Community Mental Health Rehabilitation Services on: (i) the number of providers in their			
53	network and their geographic locations; (ii) the total number of provider terminations by			
54	year since fiscal year 2018 and the number terminated with and without cause; (iii) the			
55	localities the terminated providers served; and (iv) the number of Medicaid members the

3	Human Resources Oversight.			
4	5. Cardinal Care Managed Care (formerly CCC Plus) plans shall upgrade their Medicare Dual			
5	Special Needs Plans (D-SNPs) to Fully Integrated Dual Eligible Special Needs Plans (FIDE-			
6	SNPS), unless otherwise prohibited to do so by federal rule.			
7	6. The Department of Medical Assistance Services shall amend the managed care contract(s)			
8	effective July 1, 2022 to create a blended rate model to merge capitation rates for those with			
9	third-party liability and those with no third party liability. The rate model shall be developed			
10	in a rate neutral and actuarial sound manner during the annual capitation calculation process.			
11	This change is subject to CMS rate approval.			
12	F.1. The Director, Department of Medical Assistance Services shall seek the necessary			
13	waivers from the United States Department of Health and Human Services to authorize the			
14	Commonwealth to cover health care services and delivery systems, as may be permitted by			
15	Title XIX of the Social Security Act, which may provide less expensive alternatives to the			
16	State Plan for Medical Assistance.			
17	2. At least 30 days prior to the submission of an application for any new waiver of Title XIX			
18	or Title XXI of the Social Security Act, the Department of Medical Assistance Services shall			
19	notify the Chairmen of the House Appropriations and Senate Finance and Appropriations			
20	Committees of such pending application and provide information on the purpose and			
21	justification for the waiver along with any fiscal impact. If the department receives an official			
22	letter from either Chairmen raising an objection about the waiver during the 30-day period,			
23	the department shall not submit the waiver application and shall request authority for such			
24	waiver as part of the normal legislative or budgetary process. If the department receives no			
25	objection, then the application may be submitted. Any waiver specifically authorized			
26	elsewhere in this Item is not subject to this provision. Waiver renewals are not subject to the			
27	provisions of this paragraph.			
28	3. The director shall promulgate such regulations as may be necessary to implement those			
29	programs which may be permitted by Titles XIX and XXI of the Social Security Act, in			
30	conformance with all requirements of the Administrative Process Act.			
31	G. To the extent that appropriations in this Item are insufficient, the Department of Planning			
32	and Budget shall transfer general fund appropriation, as needed, from Children's Health			
33	Insurance Program Delivery (44600) and Medical Assistance Services for Low Income			
34	Children (46600), if available, into this Item to be used as state match for federal Title XIX			
35	funds.			
36	H. Notwithstanding any other provision of law, any unexpended general fund appropriation			
37	remaining in this Item on the last day of each fiscal year shall revert to the general fund and			
38	shall not be reappropriated in the following fiscal year.			
39	I. It is the intent of the General Assembly that the medically needy income limits for the			
40	Medicaid program are adjusted annually to account for changes in the Consumer Price Index.			
41	J.1.a. As of July 1, 2021, the Community Living (CL) waiver authorizes 12,006 slots.			
42	b. As of July 1, 2021, the Family and Individuals Support (FIS) waiver authorizes 4,533 slots.			
43	c. As of July 1, 2021, the Building Independence (BI) waiver authorizes 400 slots.			
44	2. Notwithstanding Chapters 228 and 303 of the 2009 Virginia Acts of Assembly and §32.1-			
45	323.2 of the Code of Virginia, the Department of Medical Assistance Services shall not add			
46	any slots to the Intellectual Disabilities Medicaid Waiver or the Individual and Family			
47	Developmental Disabilities and Support Medicaid Waiver other than those slots authorized			
48	specifically to support the Money Follows the Person Demonstration, individuals who are			
49	exiting state institutions, any slots authorized under Chapters 724 and 729 of the 2011			
50	Virginia Acts of Assembly or §37.2-319, Code of Virginia, or authorized elsewhere in this			
51	Act.

2	be deemed an emergency situation pursuant to § 2.2-4002 of the Administrative Process				
3	Act. Therefore, to meet this emergency situation, the Department of Medical Assistance				
4	Services shall promulgate emergency regulations to implement the provisions of this Act.				
5	4.a. The Department of Medical Assistance Services (DMAS) shall amend the CL waiver				
6	to add 100 slots effective July 1, 2023 and 70 slots effective January 1, 2024. An amount				
7	estimated at \$6,726,806 the second year from the general fund and \$6,939,467 the second				
8	year from nongeneral funds is provided to cover the anticipated costs of the new slots.				
9	b. The Department of Medical Assistance Services (DMAS) shall amend the FIS waiver to				
10	add 500 slots effective July 1, 2023 and 430 slots effective January 1, 2024. An amount				
11	estimated at \$16,607,241 the second year from the general fund and \$17,139,763 the				
12	second year from nongeneral funds is provided to cover the anticipated costs of the new				
13	slots.

15	of Behavioral Health and Developmental Services, shall separately track all costs				
16	associated with the additional slots added in paragraphs J.4.a. and J.4.b. above. By				
17	December 1 of each year, the department shall report this data to the Chairmen of the				
18	House Appropriations and Senate Finance and Appropriations Committees and the				
19	Director, Department of Planning and Budget.				
20	K. The Department of Medical Assistance Services shall not require dentists who agree to				
21	participate in the delivery of Medicaid pediatric dental care services, or services provided				
22	to enrollees in the Family Access to Medical Insurance Security (FAMIS) Plan or any				
23	variation of FAMIS, to also deliver services to subscribers enrolled in commercial plans of				
24	the managed care vendor, unless the dentist is a willing participant in the commercial				
25	managed care plan.				
26	L. The Department of Medical Assistance Services shall implement continued				
27	enhancements to the drug utilization review (DUR) program. The department shall				
28	continue the Pharmacy Liaison Committee and the DUR Board. The department shall				
29	continue to work with the Pharmacy Liaison Committee, meeting at least semi-annually,				
30	to implement initiatives for the promotion of cost-effective services delivery as may be				
31	appropriate. The department shall solicit input from the Pharmacy Liaison Committee				
32	regarding pharmacy provisions in the development and enforcement of all managed care				
33	contracts. The Pharmacy Liaison Committee shall include a representative from the				
34	Virginia Community Healthcare Association to represent pharmacy operations and issues				
35	at federally qualified health centers in Virginia. The department shall report on the				
36	Pharmacy Liaison Committee's and the DUR Board's activities to the Board of Medical				
37	Assistance Services and to the Chairmen of the House Appropriations and Senate Finance

46	Commonwealth University Health System Authority, Department of Corrections,				
47	federally qualified health centers, local health departments, local school divisions,				
48	community service boards, local hospitals, and local governments, that focus on				
49	optimizing Medicaid claims and cost recoveries. Any revenues generated through these				
50	activities shall be transferred to the Virginia Health Care Fund to be used for the purposes				
51	specified in this Item.				
52	2. The Department of Medical Assistance Services shall retain the savings necessary to				
53	reimburse a vendor for its efforts to implement paragraph M.1. of this Item. However,				
54	prior to reimbursement, the department shall identify for the Secretary of Health and

1	N. The Department of Medical Assistance Services shall have the authority to pay				
2	contingency fee contractors, engaged in cost recovery activities, from the recoveries that are				
3	generated by those activities. All recoveries from these contractors shall be deposited to a

6	Services, shall report to the Chairmen of the House Appropriations and Senate Finance and				
7	Appropriations Committees the increase in recoveries associated with this program as well as				
8	the areas of audit targeted by contractors by November 1 each year.				
9	O. The Department of Medical Assistance Services in cooperation with the State Executive				
10	Council, shall provide semi-annual training to local Children's Services Act teams on the				
11	procedures for use of Medicaid for residential treatment and treatment foster care services,

13	and related reporting requirements. The department shall include in this training information				
14	on the proper utilization of inpatient and outpatient mental health services as covered by the				
15	Medicaid State Plan.				
16	P.1. Notwithstanding § 32.1-331.12 et seq., Code of Virginia, the Department of Medical				
17	Assistance Services, in consultation with the Department of Behavioral Health and				
18	Developmental Services, shall amend the State Plan for Medical Assistance Services to				
19	modify the delivery system of pharmaceutical products to include a Preferred Drug List. In				
20	developing the modifications, the department shall consider input from physicians,				
21	pharmacists, pharmaceutical manufacturers, patient advocates, and others, as appropriate.				
22	2.a. The department shall utilize a Pharmacy and Therapeutics Committee to assist in the				
23	development and ongoing administration of the Preferred Drug List program. The Pharmacy				
24	and Therapeutics Committee shall be composed of 8 to 12 members, including the				
25	Commissioner, Department of Behavioral Health and Developmental Services, or his				
26	designee. Other members shall be selected or approved by the department. The membership				
27	shall include a ratio of physicians to pharmacists of 2:1 and the department shall ensure that at				
28	least one-half of the physicians and pharmacists are either direct providers or are employed				
29	with organizations that serve recipients for all segments of the Medicaid population.				
30	Physicians on the committee shall be licensed in Virginia, one of whom shall be a				
31	psychiatrist, and one of whom specializes in care for the aging. Pharmacists on the committee

34	Pharmacy and Therapeutics Committee shall recommend to the department (i) which				
35	therapeutic classes of drugs should be subject to the Preferred Drug List program and prior				
36	authorization requirements; (ii) specific drugs within each therapeutic class to be included on				
37	the preferred drug list; (iii) appropriate exclusions for medications, including atypical anti-				
38	psychotics, used for the treatment of serious mental illnesses such as bi-polar disorders,				
39	schizophrenia, and depression; (iv) appropriate exclusions for medications used for the				
40	treatment of brain disorders, cancer and HIV-related conditions; (v) appropriate exclusions for				
41	therapeutic classes in which there is only one drug in the therapeutic class or there is very low				
42	utilization, or for which it is not cost-effective to include in the Preferred Drug List program;				
43	and (vi) appropriate grandfather clauses when prior authorization would interfere with				
44	established complex drug regimens that have proven to be clinically effective. In developing				
45	and maintaining the preferred drug list, the cost effectiveness of any given drug shall be				
46	considered only after it is determined to be safe and clinically effective.				
47	b. The Pharmacy and Therapeutics Committee shall schedule meetings at least semi-annually				
48	and may meet at other times at the discretion of the chairperson and members. At the				
49	meetings, the Pharmacy and Therapeutics committee shall review any drug in a class subject				
50	to the Preferred Drug List that is newly approved by the Federal Food and Drug				
51	Administration, provided there is at least thirty (30) days notice of such approval prior to the				
52	date of the quarterly meeting.				
53	3. The department shall establish a process for acting on the recommendations made by the				
54	Pharmacy and Therapeutics Committee, including documentation of any decisions which				
55	deviate from the recommendations of the committee.				
56	4. The Preferred Drug List program shall include provisions for (i) the dispensing of a 72-

2	decisions to be made within 24 hours and timely notification of the recipient and/or the			
3	prescribing physician of any delays or negative decisions; (iii) an expedited review			
4	process of denials by the department; and (iv) consumer and provider education, training

7	5. The Preferred Drug List program shall generate savings as determined by the			
8	department that are net of any administrative expenses to implement and administer the			
9	program.			
10	6. Notwithstanding § 32.1-331.12 et seq., Code of Virginia, to implement these changes,			
11	the Department of Medical Assistance Services shall promulgate emergency regulations to			
12	become effective within 280 days or less from the enactment of this Act. With respect to			
13	such State Plan amendments and regulations, the provisions of § 32.1-331.12 et seq., Code			
14	of Virginia, shall not apply. In addition, the department shall work with the Department of			
15	Behavioral Health and Development Services to consider utilizing a Preferred Drug List			
16	program for its non-Medicaid clients.			
17	7. The Department of Medical Assistance Services shall (i) continually review utilization			
18	of behavioral health medications under the State Medicaid Program for Medicaid			
19	recipients; and (ii) ensure appropriate use of these medications according to federal Food			
20	and Drug Administration (FDA) approved indications and dosage levels. The department			
21	may also require retrospective clinical justification according to FDA approved			
22	indications and dosage levels for the use of multiple behavioral health drugs for a			
23	Medicaid patient. For individuals 18 years of age and younger who are prescribed three or			
24	more behavioral health drugs, the department may implement clinical edits that target			
25	inefficient, ineffective, or potentially harmful prescribing patterns in accordance with			
26	FDA-approved indications and dosage levels.			
27	8. The Department of Medical Assistance Services shall ensure that in the process of			
28	developing the Preferred Drug List, the Pharmacy and Therapeutics Committee considers			
29	the value of including those prescription medications which improve drug regimen			
30	compliance, reduce medication errors, or decrease medication abuse through the use of			
31	medication delivery systems that include, but are not limited to, transdermal and injectable			
32	delivery systems.			
33	Q.1. The Department of Medical Assistance Services may amend the State Plan for			
34	Medical Assistance Services to modify the delivery system of pharmaceutical products to			
35	include a specialty drug program. In developing the modifications, the department shall			
36	consider input from physicians, pharmacists, pharmaceutical manufacturers, patient			
37	advocates, the Pharmacy Liaison Committee, and others as appropriate.			
38	2. In developing the specialty drug program to implement appropriate care management			
39	and control drug expenditures, the department shall contract with a vendor who will			
40	develop a methodology for the reimbursement and utilization through appropriate case			
41	management of specialty drugs and distribute the list of specialty drug rates, authorized			
42	drugs and utilization guidelines to medical and pharmacy providers in a timely manner			
43	prior to the implementation of the specialty drug program and publish the same on the			
44	department's website.			
45	3. In the event that the Department of Medical Assistance Services contracts with a			
46	vendor, the department shall establish the fee paid to any such contractor based on the			
47	reasonable cost of services provided. The department may not offer or pay directly or			
48	indirectly any material inducement, bonus, or other financial incentive to a program			
49	contractor based on the denial or administrative delay of medically appropriate			
50	prescription drug therapy, or on the decreased use of a particular drug or class of drugs, or			
51	a reduction in the proportion of beneficiaries who receive prescription drug therapy under			
52	the Medicaid program. Bonuses cannot be based on the percentage of cost savings			
53	generated under the benefit management of services.			
54	4. The department shall: (i) review, update and publish the list of authorized specialty			
55	drugs, utilization guidelines, and rates at least quarterly; (ii) implement and maintain a			
56	procedure to revise the list or modify specialty drug program utilization guidelines and

2	procedure to allow dispensing or prescribing providers to contest the listed specialty drugs				
3	and rates.				
4	5. The department shall have authority to enact emergency regulations under § 2.2-4011 of				
5	the Administrative Process Act to effect these provisions.				
6	R.1. The Department of Medical Assistance Services shall reimburse school divisions who				
7	sign an agreement to provide administrative support to the Medicaid program and who				
8	provide documentation of administrative expenses related to the Medicaid program 50 percent				
9	of the Federal Financial Participation by the department.				
10	2. The Department of Medical Assistance Services shall retain five percent of the Federal				
11	Financial Participation for reimbursement to school divisions for medical and transportation				
12	services.				
13	3. The Department shall amend the State Plan for Medical Assistance to allow payment of				
14	medical assistance services delivered to Medicaid-eligible students when such services				
15	qualify for reimbursement by the Virginia Medicaid program and may be provided by school				
16	divisions, regardless of whether the student receiving care has an individualized education				
17	program or whether the health care service is included in a student's individualized education				
18	program. Such services shall include those covered under the State Plan for medical				
19	assistance services or by the Early and Periodic Screening, Diagnostic, and Treatment				
20	(EPSDT) benefit as specified in § 1905(r) of the federal Social Security Act, and shall include				
21	a provision for payment of medical assistance for health care services provided through				
22	telemedicine services, as defined in § 38.2-3418.16. No health care provider who provides				
23	health care services through telemedicine shall be required to use proprietary technology or				
24	applications in order to be reimbursed for providing telemedicine services.				
25	S. In the event that the Department of Medical Assistance Services decides to contract for				
26	pharmaceutical benefit management services to administer, develop, manage, or implement				
27	Medicaid pharmacy benefits, the department shall establish the fee paid to any such contractor				
28	based on the reasonable cost of services provided. The department may not offer or pay				
29	directly or indirectly any material inducement, bonus, or other financial incentive to a				
30	program contractor based on the denial or administrative delay of medically appropriate				
31	prescription drug therapy, or on the decreased use of a particular drug or class of drugs, or a				
32	reduction in the proportion of beneficiaries who receive prescription drug therapy under the				
33	Medicaid program. Bonuses cannot be based on the percentage of cost savings generated				
34	under the benefit management of services.				
35	T.1. The Department of Medical Assistance Services, in cooperation with the Department of				
36	Social Services' Division of Child Support Enforcement (DSCE), shall identify and report				
37	third party coverage where a medical support order has required a custodial or noncustodial				
38	parent to enroll a child in a health insurance plan. The Department of Medical Assistance				
39	Services shall also report to the DCSE third party information that has been identified through				
40	their third party identification processes for children handled by DCSE.				
41	2. <i>Liable third-party payers are barred from refusing payment for an item or service solely on</i>				
42	<i>the basis that such item or service did not receive prior authorization under the third-party</i>				
43	<i>payer's rules.</i>				
44	U.1. Notwithstanding the provisions of § 32.1-325.1:1, Code of Virginia, upon identifying				
45	that an overpayment for medical assistance services has been made to a provider, the Director,				
46	Department of Medical Assistance Services shall notify the provider of the amount of the				
47	overpayment. Such notification of overpayment shall be issued within the earlier of (i) four				
48	years after payment of the claim or other payment request, or (ii) four years after filing by the				
49	provider of the complete cost report as defined in the Department of Medical Assistance				
50	Services' regulations, or (iii) 15 months after filing by the provider of the final complete cost				
51	report as defined in the Department of Medical Assistance Services' regulations subsequent to				
52	sale of the facility or termination of the provider.				
53	2. Notwithstanding the provisions of § 32.1-325.1, Code of Virginia, the director shall issue				
54	an informal fact-finding conference decision concerning provider reimbursement in

1	accordance with the State Plan for Medical Assistance, the provisions of § 2.2-4019, Code			
2	of Virginia, and applicable federal law. The informal fact-finding conference decision			
3	shall be issued within 180 days of the receipt of the appeal request, except as provided			
4	herein. If the agency does not render an informal fact-finding conference decision within			
5	180 days of the receipt of the appeal request or, in the case of a joint agreement to stay the			
6	appeal decision as detailed below, within the time remaining after the stay expires and the			
7	appeal timeframes resume, the decision is deemed to be in favor of the provider. An			
8	appeal of the director's informal fact-finding conference decision concerning provider			
9	reimbursement shall be heard in accordance with § 2.2-4020 of the Administrative Process			
10	Act (§ 2.2-4020 et seq.) and the State Plan for Medical Assistance provided for in § 32.1-			
11	325, Code of Virginia. The Department of Medical Assistance Services and the provider			
12	may jointly agree to stay the deadline for the informal appeal decision or for the formal			
13	appeal recommended decision of the Hearing Officer for a period of up to sixty (60) days			
14	to facilitate settlement discussions. If the parties reach a resolution as reflected by a			
15	written settlement agreement within the sixty-day period, then the stay shall be extended			
16	for such additional time as may be necessary for review and approval of the settlement			
17	agreement in accordance § 2.2-514 of the Code of Virginia. Once a final agency case			
18	decision has been made, the director shall undertake full recovery of such overpayment			
19	whether or not the provider disputes, in whole or in part, the informal fact-finding			
20	conference decision or the final agency case decision. Interest charges on the unpaid			
21	balance of any overpayment shall accrue pursuant to § 32.1-313, Code of Virginia, from			
22	the date the Director's agency case decision becomes final.			
23	V.1. The Department of Medical Assistance Services shall delay the last quarterly			
24	payment of certain quarterly amounts paid to hospitals, from the end of each state fiscal			
25	year to the first quarter of the following year. Quarterly payments that shall be delayed			
26	from each June to each July shall be Disproportionate Share Hospital payments, Indirect			
27	Medical Education payments, and Direct Medical Education payments. The department			
28	shall have the authority to implement this reimbursement change effective upon passage			
29	of this Act, and prior to the completion of any regulatory process undertaken in order to			
30	effect such change.			
31	2. The Department of Medical Assistance Services shall make the monthly capitation			
32	payment to managed care organizations for the member months of each month in the first			
33	week of the subsequent month. The department shall have the authority to implement this			
34	reimbursement schedule change effective upon passage of this Act, and prior to the			
35	completion of any regulatory process undertaken in order to effect such change.			
36	3. In every June, the remittance that would normally be paid to providers on the last			
37	remittance date of the state fiscal year shall be delayed one week longer than is normally			
38	the practice. This change shall apply to the remittances of Medicaid and FAMIS providers.			
39	This change does not apply to providers who are paid a per-month capitation payment.			
40	The department shall have the authority to implement this reimbursement change effective			
41	upon passage of this Act, and prior to the completion of any regulatory process undertaken			
42	in order to effect such change.			
43	W. The Department of Medical Assistance Services shall impose an assessment equal to			
44	6.0 percent of revenue on all ICF-ID providers. The department shall determine			
45	procedures for collecting the assessment, including penalties for non-compliance. The			
46	department shall have the authority to adjust interim rates to cover new Medicaid costs as			
47	a result of this assessment.			
48	X.1. Effective July 1, 2021, the Department of Medical Assistance Services shall amend			
49	the State Plan for Medical Assistance to revise per diem rates paid to psychiatric			
50	residential treatment facilities (PRTF) using the provider's audited cost per day from the			
51	facility's cost report for provider fiscal years ending in state fiscal year 2018. New			
52	Virginia-based residential psychiatric facilities must submit proforma cost report data,			
53	which will be used to set the initial per diem rate for up to two years. After this period, the			
54	department shall establish a per diem rate based on an audited cost report for a 12-month			
55	period within the first two years of operation. Providers that do not submit cost reports			
56	shall be paid at 75% of the established rate ceiling. If necessary to enroll out-of-state			
57	providers for network adequacy, the department shall negotiate rates. If there is sufficient			
58	utilization, the department may require out-of-state providers to submit a cost report to

2	ceiling based on the statewide weighted average cost per day from fiscal year 2018 cost			
3	reports. The department shall have the authority to implement these changes effective July 1,			
4	2021, and prior to the completion of any regulatory process undertaken in order to effect such			
5	change.			
6	2. The Department of Medical Assistance Services shall have the authority to establish			
7	rebasings of PRTF rates every three years. The first rebasing of rates shall take effect July 1,			
8	2023. All PRTF and Addiction and Rehabilitation Treatment Services (ARTS) providers who			
9	offer qualifying services under 12VAC30-70-418(C) shall be required to submit cost reports			
10	as a part of rebasing. Out of state providers with more than 1,500 paid days for Virginia			
11	Medicaid members in the most recently completed state fiscal year shall also be required to			
12	submit a cost report. A rate ceiling shall be established based on a statewide weighted average			
13	cost per day. Rate ceilings shall be established independently for PRTFs and participating			
14	ARTS residential services. The department shall have the authority to implement these			
15	changes effective July 1, 2022 and prior to the completion of any regulatory process to effect			
16	such change.			
17	3. DMAS shall also establish inflation increases for each non-rebasing fiscal year for both			
18	PRTF and qualifying ARTS providers. Inflation rates shall be tied to the Nursing Facility			
19	Moving Average as established by IHS Markit (or its successor). The most recent four			
20	quarters will be averaged to create the PRTF inflation rate. The department shall have the			
21	authority to implement these changes effective July 1, 2023, and prior to the completion of			
22	any regulatory process to effect such change.			
23	4. Effective July 1, 2022, the department shall adjust PRTF rates by 8.89% to account for			
24	inflation since the last audited cost report of fiscal year 2018. The rate ceiling shall increase to			
25	\$460.89 per day. The department shall have the authority to implement these changes			
26	effective July 1, 2022, and prior to the completion of any regulatory process to effect such			
27	change.			
28	Y. The Department of Medical Assistance Services shall seek federal authority through the			
29	necessary waiver(s) and/or State Plan authorization under Titles XIX and XXI of the Social			
30	Security Act to merge the Commonwealth Coordinated Care Plus and Medallion 4.0 managed			
31	care programs, effective July 1, 2022, into a single, streamlined managed care program that			
32	links seamlessly with the fee-for-service program, ensuring an efficient and well-coordinated			
33	Virginia Medicaid delivery system that provides high-quality care to its members and adds			
34	value for providers and the Commonwealth. The department shall have the authority to			
35	promulgate emergency regulations to implement these amendments within 280 days or less			
36	from the enactment of this Act. The department shall have authority to implement necessary			
37	changes upon federal approval and prior to the completion of any regulatory process			
38	undertaken in order to effect such change.			
39	Z. The Department of Medical Assistance Services (DMAS) shall have the authority to amend			
40	the State Plan for Medical Assistance to enroll and reimburse freestanding birthing centers			
41	accredited by the Commission for the Accreditation of Birthing Centers. Reimbursement shall			
42	be based on the Enhanced Ambulatory Patient Group methodology applied in a manner			
43	similar to the reimbursement methodology for ambulatory surgery centers. The department			
44	shall have authority to implement necessary changes upon federal approval and prior to the			
45	completion of any regulatory process undertaken in order to effect such change.			
46	AA. Effective July 1, 2013, the Department of Medical Assistance Services shall establish a			
47	Medicaid Physician and Managed Care Liaison Committee including, but not limited to,			
48	representatives from the following organizations: the Virginia Academy of Family			
49	Physicians; the American Academy of Pediatricians – Virginia Chapter; the Virginia College			
50	of Emergency Physicians; the American College of Obstetrics and Gynecology – Virginia			
51	Section; Virginia Chapter, American College of Radiology; the Psychiatric Society of			
52	Virginia; the Virginia Medical Group Management Association; and the Medical Society of			
53	Virginia. The committee shall also include representatives from each of the department's			
54	contracted managed care organizations and a representative from the Virginia Association of			
55	Health Plans. The committee will work with the department to investigate the implementation			
56	of quality, cost-effective health care initiatives, to identify means to increase provider			
57	participation in the Medicaid program, to remove administrative obstacles to quality, cost-

2	of the committee. The committee shall establish an Emergency Department Care			
3	Coordination work group comprised of representatives from the committee, including the			
4	Virginia College of Emergency Physicians, the Medical Society of Virginia, the Virginia			
5	Hospital and Healthcare Association, the Virginia Academy of Family Physicians and the			
6	Virginia Association of Health Plans to review the following issues: (i) how to improve			
7	coordination of care across provider types of Medicaid "super utilizers"; (ii) the impact of			
8	primary care provider incentive funding on improved interoperability between hospital			
9	and provider systems; and (iii) methods for formalizing a statewide emergency department			
10	collaboration to improve care and treatment of Medicaid recipients and increase cost			
11	efficiency in the Medicaid program, including recognized best practices for emergency			
12	departments. The committee shall meet semi-annually, or more frequently if requested by			
13	the department or members of the committee. The department, in cooperation with the			
14	committee, shall report on the committee's activities annually to the Board of Medical			
15	Assistance Services and to the Chairmen of the House Appropriations and Senate Finance			
16	and Appropriations Committees and the Department of Planning and Budget no later than			
17	October 1 each year.			
18	BB.1. The Department of Medical Assistance Services shall seek federal authority through			
19	any necessary waiver(s) and/or State Plan authorization under Titles XIX and XXI of the			
20	Social Security Act to implement a comprehensive value-driven, market-based reform of			
21	the Virginia Medicaid/FAMIS programs.			
22	2. The department is authorized to contract with qualified health plans to offer recipients a			
23	Medicaid benefit package adhering to these principles. This reformed service delivery			
24	model shall be mandatory, to the extent allowed under the relevant authority granted by			
25	the federal government and shall, at a minimum, include (i) limited high-performing			
26	provider networks and medical/health homes; (ii) financial incentives for high quality			
27	outcomes and alternative payment methods; (iii) improvements to encounter data			
28	submission, reporting, and oversight; (iv) standardization of administrative and other			
29	processes for providers; and (v) support of the health information exchange.			
30	3.a. Notwithstanding § 30-347, Code of Virginia, or any other provision of law, the			
31	Department of Medical Assistance Services shall have the authority to (1) amend the State			
32	Plan for Medical Assistance under Title XIX of the Social Security Act, and any waivers			
33	thereof, to implement coverage for newly eligible individuals pursuant to 42 U.S.C. §			
34	1396d(y)(1)[2010] of the Patient Protection and Affordable Care Act (PPACA) and (2)			
35	begin the process of implementing a § 1115 demonstration project to transform the			
36	Medicaid program for newly eligible individuals and eligible individuals enrolled in the			
37	existing Medicaid program. DMAS shall submit the § 1115 demonstration waiver			
38	application to the Centers for Medicare and Medicaid Services (CMS) for approval. The			
39	department shall provide updates on the progress of the State Plan amendments and			
40	demonstration waiver applications to the Chairmen of the House Appropriations and			
41	Senate Finance and Appropriations Committees, or their designees, upon request, and			
42	provide for participation in discussions with CMS staff. The department shall respond to			
43	all requests for information from CMS on State Plan amendments and demonstration			
44	waiver applications in a timely manner.			
45	b. The demonstration project shall include the following elements in the design: The			
46	Department of Medical Assistance Services shall develop a supportive employment and			
47	housing benefit targeted to high risk Medicaid beneficiaries with mental illness, substance			
48	use disorder, or other complex, chronic conditions who need intensive, ongoing support to			
49	obtain and maintain employment and stable housing.			
50	c. The department shall have the authority to promulgate emergency regulations to			
51	implement these changes within 280 days or less from the enactment date of this Act.			
52	4. In the event that the increased federal medical assistance percentages for newly eligible			
53	individuals included in 42 U.S.C. § 1396d(y)(1)[2010] of the PPACA are modified			
54	through federal law or regulation from the methodology in effect on January 1, 2014,			
55	resulting in a reduction in federal medical assistance as determined by the department in			
56	consultation with the Department of Planning and Budget, the Department of Medical			
57	Assistance Services shall disenroll and eliminate coverage for individuals who obtained

1	coverage through 42 U.S.C. § 1396d(y)(1) [2010] of the PPACA. The disenrollment process				
2	shall include written notification to affected Medicaid beneficiaries, Medicaid managed care				
3	plans, and other providers that coverage will cease as soon as allowable under federal law				
4	following the date the department is notified of a reduction in Federal Medical Assistance				
5	Percentage.				
6	CC. The Disproportionate Share Hospital (DSH) per diem for Type One hospitals shall be 17				
7	times the DSH per diem for Type Two hospitals. The department shall have the authority to				
8	implement these reimbursement changes effective July 1, 2014, and prior to completion of				
9	any regulatory process in order to effect such changes.				
10	DD.1.a. There is hereby appropriated sum-sufficient nongeneral funds for the Department of				
11	Medical Assistance Services (DMAS) to pay the state share of supplemental payments for				
12	qualifying private hospital partners of Type One hospitals (consisting of state-owned teaching				
13	hospitals) as provided in the State Plan for Medical Assistance Services. Qualifying private				
14	hospitals shall consist of any hospital currently enrolled as a Virginia Medicaid provider and				
15	owned or operated by a private entity in which a Type One hospital has a non-majority				
16	interest. The supplemental payments shall be based upon the reimbursement methodology				
17	established for such payments in Attachments 4.19-A and 4.19-B of the State Plan for				
18	Medical Assistance Services. DMAS shall enter into a transfer agreement with any Type One				
19	hospital whose private hospital partner qualifies for such supplemental payments, under				
20	which the Type One hospital shall provide the state share in order to match federal Medicaid				
21	funds for the supplemental payments to the private hospital partner. The department shall				
22	have the authority to implement these reimbursement changes consistent with the effective				
23	date in the State Plan amendment approved by the Centers for Medicare and Medicaid				
24	Services (CMS) and prior to completion of any regulatory process in order to effect such				
25	changes.				
26	b. The department shall adjust capitation payments to Medicaid managed care organizations				
27	for the purpose of securing access to Medicaid hospital services for the qualifying private				
28	hospital partners of Type One hospitals (consisting of state-owned teaching hospitals). The				
29	department shall revise its contracts with managed care organizations to incorporate these				
30	supplemental capitation payments and provider payment requirements. DMAS shall enter into				
31	a transfer agreement with any Type One hospital whose private hospital partner qualifies for				
32	such supplemental payments, under which the Type One hospital shall provide the state share				
33	in order to match federal Medicaid funds for the supplemental payments to the private				
34	hospital partner. The department shall have the authority to implement these reimbursement				
35	changes consistent with the effective date approved by the Centers for Medicare and Medicaid				
36	Services (CMS). No payment shall be made without approval from CMS.				
37	2.a. The Department of Medical Assistance Services shall promulgate regulations to make				
38	supplemental payments to Medicaid physician providers with a medical school located in				
39	Eastern Virginia that is a political subdivision of the Commonwealth. The amount of the				
40	supplemental payment shall be based on the difference between the average commercial rate				
41	approved by CMS and the payments otherwise made to physicians. The department shall have				
42	the authority to implement these reimbursement changes consistent with the effective date in				
43	the State Plan amendment approved by CMS and prior to completion of any regulatory				
44	process in order to effect such changes.				
45	b. The department shall increase payments to Medicaid managed care organizations for the				
46	purpose of securing access to Medicaid physician services in Eastern Virginia, through higher				
47	rates to physicians affiliated with a medical school located in Eastern Virginia that is a				
48	political subdivision of the Commonwealth subject to applicable limits. The department shall				
49	revise its contracts with managed care organizations to incorporate these supplemental				
50	capitation payments, and provider payment requirements, subject to approval by CMS. No				
51	payment shall be made without approval from CMS.				
52	c. Funding for the state share for these Medicaid payments is authorized in Item 247.				
53	3.a. The Department of Medical Assistance Services (DMAS) shall have the authority to				
54	amend the State Plan for Medical Assistance Services (State Plan) to implement a				
55	supplemental Medicaid payment for local government-owned nursing homes. The total				
56	supplemental Medicaid payment for local government-owned nursing homes shall be based				
57	on the difference between the Upper Payment Limit of 42 CFR §447.272 as approved by

1	CMS and all other Medicaid payments subject to such limit made to such nursing homes.			
2	There is hereby appropriated sum-sufficient funds for DMAS to pay the state share of the			
3	supplemental Medicaid payment hereunder. However, DMAS shall not submit such State			
4	Plan amendment to CMS until it has entered into an intergovernmental agreement with			
5	eligible local government-owned nursing homes or the local government itself which			
6	requires them to transfer funds to DMAS for use as the state share for the supplemental			
7	Medicaid payment each nursing home is entitled to and to represent that each has the			
8	authority to transfer funds to DMAS and that the funds used will comply with federal law			
9	for use as the state share for the supplemental Medicaid payment. If a local government-			
10	owned nursing home or the local government itself is unable to comply with the			
11	intergovernmental agreement, DMAS shall have the authority to modify the State Plan.			
12	The department shall have the authority to implement the reimbursement change			
13	consistent with the effective date in the State Plan amendment approved by CMS and prior			
14	to the completion of any regulatory process undertaken in order to effect such change.			
15	b. If by June 30, 2017, the Department of Medical Assistance Services has not secured			
16	approval from the Centers for Medicare and Medicaid Services to use a minimum fee			
17	schedule pursuant to 42 C.F.R. § 438.6(c)(1)(iii) for local government-owned nursing			
18	homes participating in Commonwealth Coordinated Care Plus (CCC Plus) at the same			
19	level as and in lieu of the supplemental Medicaid payments authorized in Section XX.3.a.,			
20	then DMAS shall: (i) exclude Medicaid recipients who elect to receive nursing home			
21	services in local government-owned nursing homes from CCC Plus; (ii) pay for such			
22	excluded recipient's nursing home services on a fee-for-service basis, including the related			
23	supplemental Medicaid payments as authorized herein; and (iii) prohibit CCC Plus			
24	contracted health plans from in any way limiting Medicaid recipients from electing to			
25	receive nursing home services from local government-owned nursing homes. The			
26	department may include in CCC Plus Medicaid recipients who elect to receive nursing			
27	home services in local government-owned nursing homes in the future when it has secured			
28	federal CMS approval to use a minimum fee schedule as described above.			
29	4. The Department of Medical Assistance Services shall have the authority to amend the			
30	State Plan for Medical Assistance Services to implement a supplemental payment for			
31	clinic services furnished by the Virginia Department of Health (VDH) effective July 1,			
32	2015. The total supplemental Medicaid payment shall be based on the Upper Payment			
33	Limit approved by the Centers for Medicare and Medicaid Services and all other Medicaid			
34	payments. VDH may transfer general fund to the department from funds already			
35	appropriated to VDH to cover the non-federal share of the Medicaid payments. The			
36	department shall have the authority to implement the reimbursement change effective July			
37	1, 2015, and prior to the completion of any regulatory process undertaken in order to			
38	effect such changes.			
39	5. The Department of Medical Assistance Services shall amend the State Plan for Medical			
40	Assistance to increase the supplemental physician payments for physicians employed at a

3	b. Funding for the state share for these Medicaid payments is authorized in Item 247 and Item				
4	4-5.03.				
5	c. Payments authorized in this subsection shall sunset after the effective date of a statewide				
6	supplemental payment for private acute care hospitals authorized in Item 3-5.16. For purposes

9	to the completion of any regulatory process undertaken in order to effect such change.				
10	7.a. The department shall amend the State plan for Medical Assistance to implement a

12	the difference between reimbursement with rates using an adjustment factor of 100% minus

14	Limits for non-state government owned hospitals, and for managed care claims based on the				
15	difference between the amount included in the capitation rates for inpatient and outpatient				
16	services based on historical paid claims for non-state government hospitals and the maximum				
17	managed care directed payment supported by the department's calculations and allowed by				
18	CMS, subject to CMS approval under 42 C.F.R. section 438.6(c). The department shall				
19	include in its contracts with managed care organizations a percentage increase for Chesapeake				
20	Regional Hospital consistent with the approved managed care directed percentage increase.				
21	The department shall adjust capitation payments to Medicaid managed care organizations to				
22	fund this percentage increase. Both the contract changes and capitation rate adjustments shall				
23	be compliant with 42 C.F.R. 438.6(c)(1)(iii) and subject to CMS approval.				
24	b. The department shall also amend the State Plan for Medical Assistance to implement

30	department shall revise its contracts with managed care organizations to incorporate these				
31	managed care directed payments, subject to approval by CMS. The department shall have the				
32	authority to implement these reimbursement changes effective July 1, 2022, and prior to				
33	completion of any regulatory process undertaken in order to effect such change.				
34	c. Prior to submitting the State Plan Amendment or making the managed care contract				
35	changes, Chesapeake Regional Hospital shall enter into an agreement with the department to				
36	transfer the non-federal share for these payments. The department shall have the authority to				
37	implement these reimbursement changes consistent with the effective date(s) approved by the				
38	Centers for Medicare and Medicaid (CMS).				
39	8.a. There is hereby appropriated sum-sufficient nongeneral funds for the department to pay				
40	the state share of supplemental payments for nursing homes owned by Type One hospitals				
41	(consisting of state-owned teaching hospitals) as provided in the State Plan for Medical				
42	Assistance Services. The total supplemental payment shall be based on the difference between				
43	the Upper Payment Limit of 42 CFR § 447.272 as approved by CMS and all other Medicaid				
44	payments subject to such limit made to such nursing homes. DMAS shall enter into a transfer				
45	agreement with any Type One hospital whose nursing home qualifies for such supplemental				
46	payments, under which the Type One hospital shall provide the state share in order to match				
47	federal Medicaid funds for the supplemental payments. The department shall have the

54	owned by Type One hospitals. The department shall revise its contracts with managed care				
55	organizations to incorporate these supplemental capitation payments and provider payment				
56	requirements. DMAS shall enter into a transfer agreement with any Type One hospitals whose

2	payments. The department shall have the authority to implement these reimbursement			
3	changes consistent with the effective date approved by CMS. No payment shall be made			
4	without approval from CMS.			
5	9. The department shall amend the State plan for Medical Assistance to implement a			
6	supplemental inpatient payment for Lake Taylor Transitional Care Hospital based on the			
7	difference between Medicaid reimbursement and the inpatient Upper Payment Limit for			
8	non-state government owned hospitals, and for managed care claims based on the			
9	difference between the amount included in the capitation rates for inpatient and outpatient			
10	services based on historical paid claims for non-state government hospitals and the			
11	maximum managed care directed payment supported by the department's calculations and			
12	allowed by CMS, subject to CMS approval under 42 C.F.R. section 438.6(c). The			
13	department shall include in its contracts with managed care organizations a percentage			
14	increase for Lake Taylor Transitional Care Hospital consistent with the approved managed			
15	care directed fee for service supplemental payment percentage increase. The department			
16	shall adjust capitation payments to Medicaid managed care organizations to fund this			
17	percentage increase. Both the contract changes and capitation rate adjustments shall be			
18	compliant with 42 C.F.R. 438.6(c)(1)(iii) and subject to CMS approval. Prior to			
19	submitting the State Plan Amendment or making the managed care contract changes, Lake			
20	Taylor Transitional Care Hospital shall enter into an agreement with the department to			
21	transfer the non-federal share for these payments. The department shall have the authority			
22	to implement these reimbursement changes consistent with the effective date(s) approved			
23	by the Centers for Medicare and Medicaid (CMS). The originating funding for this			
24	program will come entirely from Lake Taylor.			
25	10.a. The Department of Medical Assistance Services shall develop a State Plan for			
26	Medical Assistance amendment to make supplemental payments to private hospitals and			
27	related health systems who intend to execute affiliation agreements with public entities			
28	that are capable of transferring funds to the department for purposes of covering the non-			
29	federal share of the authorized payments. Such public entities would enter into an			
30	Interagency Agreement with the department for this purpose. The department shall			
31	develop a plan, that could take effect July 1, 2023, for making managed care directed			
32	payments or supplemental payments as follows: Physician fee-for-service (FFS)			
33	supplemental payments through a state plan amendment and physician managed care			
34	directed payments through managed care contracts up to the Average Commercial Rate			
35	for practice plans that are a component of the participating hospitals or health system. The			
36	plan shall identify the public entity who will transfer funds to the department, the amount			
37	and duration of such transfers, the purpose and amount of any supplemental payment or			
38	managed care direct payments made to private hospitals and related health systems, and			
39	the impact, if any, on other supplemental payment programs currently in effect. The plan			
40	shall also include the appropriate references that provide authority for such payments.			
41	b. The Department of Medical Assistance Services shall report the plan to the Chairs of			
42	the House Appropriations and Senate Finance and Appropriations Committees by October			
43	15, 2022.			
44	c. The department shall have the authority to amend the State Plan for Medical Assistance			
45	and managed care contracts to make supplemental payments and managed care directed			
46	payments to private hospitals for physician services effective July 1, 2024.			
47	Reimbursement changes shall be effective prior to completion of any regulatory process in			
48	order to effect such changes. No payment shall be made without approval from CMS and			
49	an Interagency Agreement with a public entity capable of transferring the non-federal			
50	share of authorized payments to the department. The funds to be transferred must comply			
51	with 42 CFR 433.51 and 433.54. Such funds may not be paid from any private agreements			
52	with public entities that are in excess of fair market value or that alleviate pre-existing			
53	financial burdens of such public entities. Public entities are authorized to use general fund			
54	dollars to accomplish this transfer. As part of the Interagency Agreements the department			
55	shall require the public entities to attest to compliance with applicable CMS criteria. The			
56	department shall also require any private hospital and related health systems receiving			
57	payments under this item to attest to compliance with applicable CMS criteria. Upon			
58	notification by the Department of any deferral or disallowance issued by CMS regarding			
59	the supplemental payment arrangement, the hospital provider will return the entire balance

2	does not return the entire balance of the supplemental payment to the Department within the			
3	specified timeframe, a judgement rate of interest set forth in Title 6.2-302 will be applied to			
4	the entire balance, regardless of whatever portion has been repaid. In addition, the non-federal			
5	share of the agency's administrative costs directly related to administration of the programs			
6	authorized in this paragraph, including staff and contractors, shall be funded by participating			
7	public entities. These funds shall be deposited into a special fund created by the Comptroller			
8	and used to support the administrative costs associated with managing this program. Any			
9	funds received for this purpose but unexpended at the end of the fiscal year shall remain in the			
10	fund for use in accordance with this provision.			
11	d. The purposes to which the additional payments authorized in paragraph DD.10.c. of this			
12	item shall be applied include: (i) sustaining and enhancing access to outpatient care for			
13	Medicaid recipients; (ii) stabilizing and supporting critical healthcare workforce needs; and			
14	(iii) advancing the department's overall quality improvement goals. The department, with the			
15	assistance of the participating organizations, shall report to the Chairs of the House

20	the formula for indirect medical education (IME) reimbursement for an acute care hospital			
21	chain with a level one trauma center in the Tidewater Metropolitan Statistical Area (MSA) in			
22	2020, upon the execution of affiliation agreements with public entities that are capable of			
23	transferring funds to the department for purposes of covering the non-federal share of the			
24	authorized payments. Such public entities would enter into an Interagency Agreement with			
25	the department for this purpose. Public entities are authorized to use general fund dollars to			
26	accomplish this transfer. The funds to be transferred must comply with 42 CFR 433.51 and			
27	433.54. As part of the Interagency Agreements the department shall require the public entities			
28	to attest to compliance with applicable CMS criteria. The department shall also require any			
29	private hospital and related health systems receiving payments under this item to attest to			
30	compliance with applicable CMS criteria. Total payments for IME in combination with other			
31	payments may not exceed the federal uncompensated care cost limit that disproportionate			
32	share hospital payments are subject to. The department shall have the authority to implement			
33	these changes prior to completion of any regulatory process undertaken in order to effect such			
34	change.			
35	EE. The Department of Medical Assistance Services is authorized to amend the State Plan			
36	under Title XIX of the Social Security Act to add coverage for comprehensive dental services

43	appropriate stakeholders to develop service definitions, utilization review criteria and provider				
44	qualifications. Any amendments to the State Plan or waivers initiated under the provisions of				
45	this paragraph shall not exceed funding appropriated in this Act for this purpose. The				
46	department shall have the authority to promulgate regulations to implement these changes				
47	within 280 days or less from the enactment date of this Act.				
48	4. The Department of Medical Assistance Services shall, prior to the submission of any State

2	supplemental payments to hospitals based on when the first supplemental payments were			
3	actually made so that the newest supplemental payments to hospitals would be impacted			
4	first and so on.			
5	2. The Department of Medical Assistance Services shall have the authority to implement			
6	reimbursement changes deemed necessary to meet the requirements of this paragraph prior			
7	to the completion of any regulatory process in order to effect such changes.			
8	JJ.1. Effective July 1, 2017, the Department of Medical Assistance Services shall amend			
9	the State Plan for Medical Assistance to increase the formula for indirect medical			
10	education (IME) for freestanding children's hospitals with greater than 50 percent			
11	Medicaid utilization in 2009 as a substitute for disproportionate share hospital (DSH)			
12	payments. The formula for these hospitals for IME for inpatient hospital services provided			
13	to Medicaid patients but reimbursed by capitated managed care providers shall be			
14	identical to the formula for Type One hospitals. The IME payments shall continue to be			
15	limited such that total payments to freestanding children's hospitals with greater than 50			
16	percent Medicaid utilization do not exceed the federal uncompensated care cost limit to			
17	which DSH payments are subject, excluding third party reimbursement for Medicaid			
18	eligible patients. The department shall have the authority to implement these changes			
19	effective July 1, 2017, and prior to completion of any regulatory action to effect such			
20	changes.			
21	2. The Department of Medical Assistance Services (DMAS) shall have the authority to			
22	create additional hospital supplemental payments for freestanding children's hospitals with			
23	greater than 50 percent Medicaid utilization in 2009 to replace payments that have been			
24	reduced due to the federal regulation on the definition of uncompensated care costs			
25	effective June 2, 2017. These new payments shall equal what would have been paid to the			
26	freestanding children's hospitals under the current disproportionate share hospital (DSH)			
27	formula without regard to the uncompensated care cost limit. These additional hospital			
28	supplemental payments shall take precedence over supplemental payments for private			
29	acute care hospitals. If the federal regulation is voided, DMAS shall continue DSH			
30	payments to the impacted hospitals and adjust the additional hospital supplemental			
31	payments authorized in this paragraph accordingly. The department shall have the			
32	authority to implement these changes prior to completion of any regulatory process			
33	undertaken in order to effectuate such change.			
34	KK. For the period beginning September 1, 2016 until 180 days after publication and			
35	distribution of the Developmental Disabilities Waivers provider manual by the			
36	Department of Medical Assistance Services (DMAS), retraction of payment from			
37	Developmental Disabilities Waivers providers following an audit by DMAS or one of its			
38	contractors is only permitted when the audit points identified are supported by the Code of			
39	Virginia, regulations, DMAS general providers manuals, or DMAS Medicaid Memos in			
40	effect during the date of services being audited.			
41	LL. The Department of Medical Assistance Services shall submit a report annually on all			
42	supplemental payments made to hospitals through the Medicaid program. This report shall			
43	include information for each hospital and by type of supplemental payment			
44	(Disproportionate Share Hospital, Graduate Medical Education, Indirect Medical			
45	Education, Upper Payment Limit program, and others). The report shall include total			
46	Medicaid payments from all sources and calculate the percent of overall payments that are			
47	supplemental payments. Furthermore, it shall include a description of each type of			
48	supplemental payment and the methodology used to calculate the payments. Each report

12	from the enactment date of this act.			
13	NNN. The Department of Medical Assistance Services, in collaboration with the Virginia			
14	Department of Social Services, state workforce agencies and programs, and appropriate			
15	stakeholders, shall develop a referral system designed to connect current and newly

19	to support such a referral program. The department shall provide new enrollees in the			
20	Medicaid program, that have been identified as being potentially unemployed or			
21	underemployed with information on all available state and federal programs available to			
22	them that offer training, education assistance or other types of employment support			
23	services. The department shall work with its contracted managed care organizations to

26	existing authority permits such use, the department shall coordinate the use of such			
27	programs to provide assistance to Medicaid enrollees.			
28	OOO.1. The Department of Medical Assistance Services shall increase nursing home and			
29	specialized care per diem rates by \$20 per day per patient effective until June 30, 2021,			
30	and by \$15 per day effective July 1, 2021. Such adjustment shall be made through existing

32	capitation rates to account for the nursing facility rate increase. The department shall have			
33	the authority to file all necessary regulatory authorities without delay, make any necessary			
34	contract changes, and implement these reimbursement changes without regard to existing			
35	regulations. The specified rate increase in this paragraph applies across fee-for-service and			
36	Medicaid managed care.			
37	2.a. The Department of Medical Assistance Services (DMAS) shall work with appropriate			
38	nursing facility (NF) stakeholders and the CCC Plus managed care organizations (MCOs)

40	funding for facilities that meet or exceed performance and/or improvement thresholds as			
41	developed, reported, and consistently measured by DMAS in cooperation with			
42	participating facilities. The methodology and timing for the Virginia nursing facility VBP			
43	program, including structures for nursing facility performance accountability and			
44	disbursement of earned financial incentives, shall be completed no later than December			
45	31, 2021, with the program targeted to begin no later than July 1, 2022. Nursing facility			
46	performance evaluation under the program shall prioritize maintenance of adequate			
47	staffing levels and avoidance of negative care events, such as hospital admissions and			
48	emergency department visits. The program may also consider performance evaluation in			
49	the areas of preventive care, utilization of home and community-based services, including			
50	community transitions, and other relevant domains of care.			
51	b. During the first year of this program, half of the available funding shall be distributed to			
52	participating nursing facilities to be invested in functions, staffing, and other efforts			
53	necessary to build their capacity to enhance the quality of care furnished to Medicaid			
54	members. This funding shall be administered as a Medicaid rate add-on in the same			
55	manner as in paragraph 1. above. The remaining funding shall be allocated based on			
56	performance criteria as designated under the nursing facility VBP program. The amount of			
57	funding devoted to nursing facility quality of care investments shall be 25 percent of			
58	available funding in the second year of the program before the program transitions to

1 PART 2: CAPITAL PROJECT EXPENSES

2 § 2-0. GENERAL CONDITIONS

3 A.1. The General Assembly hereby authorizes the capital projects listed in this act. The amounts hereinafter set forth are appropriated
4 to the state agencies named for the indicated capital projects. Amounts so appropriated and amounts reappropriated pursuant to
5 paragraph G. of this section shall be available for expenditure during the current biennium, subject to the conditions controlling the
6 expenditures of capital project funds as provided by law. Reappropriated amounts, unless otherwise stated, are limited to the
7 unexpended appropriation balances at the close of the previous biennium, as shown by the records of the Department of Accounts.

8 2. The Director, Department of Planning and Budget, may transfer appropriations listed in Part 2 of this act from the second year to the
9 first year in accordance with § 4-1.03 c.5. of this act.

10 B. The five-digit number following the title of a project is the code identification number assigned for the life of the project.

11 C. Except as herein otherwise expressly provided, appropriations or reappropriations for structures may be used for the purchase of
12 equipment to be used in the structures for which the funds are provided, subject to guidelines prescribed by the Governor.

13 D. Notwithstanding any other provisions of law, appropriations for capital projects shall be subject to the following:

14 1. Appropriations or reappropriations of funds made pursuant to this act for planning of capital projects shall not constitute implied
15 approval of construction funds in a future biennium. Funds, other than the reappropriations referred to above, for the preparation of
16 capital project proposals must come from the affected agency's existing resources.

17 2. No capital project for which appropriations for planning are contained in this act, nor any project for which appropriations for
18 planning have been previously approved, shall be considered for construction funds until preliminary plans and cost estimates are
19 reviewed by the Department of General Services. The purpose of this review is to avoid unnecessary expenditures for each project, in
20 the interest of assuring the overall cost of the project is reasonable in relation to the purpose intended, regardless of discrete design
21 choices.

22 E.1. Expenditures from Items in this act identified as "Maintenance Reserve" are to be made only for the maintenance of property,
23 plant, and equipment as defined in § 4-4.01 c. of this act to the extent that funds included in the appropriation to the agency for this
24 purpose in Part 1 of this act are insufficient.

25 2. Agencies and institutions of higher education can expend up to \$2,000,000 for a single repair or project, and up to \$4,000,000 for a
26 roof replacement project, through the maintenance reserve appropriation. Such expenditures shall be subject to rules and regulations
27 prescribed by the Governor. To the extent an agency or institution of higher education has identified a potential project that exceeds
28 this threshold, the Director, Department of Planning and Budget, can provide exemptions to the threshold as long as the project still
29 meets the definition of a maintenance reserve project as defined by the Department of Planning and Budget.

30 3. Only facilities supported wholly or in part by the general fund shall utilize general fund maintenance reserve appropriations.
31 Facilities supported entirely by nongeneral funds shall accomplish maintenance through the use of nongeneral funds.

32 F. Conditions Applicable to Bond Projects

33 1. The capital projects listed in §§ 2-30 and 2-31 for the indicated agencies and institutions of higher education are hereby authorized
34 and sums from the sources and in the amount indicated are hereby appropriated and reappropriated. The issuance of bonds in a
35 principal amount plus amounts needed to fund issuance costs, reserve funds, and other financing expenses, including capitalized
36 interest for any project listed in §§ 2-30 and 2-31 is hereby authorized.

37 2. The issuance of bonds for any project listed in § 2-30 is to be separately authorized pursuant to Article X, Section 9 (c), Constitution
38 of Virginia.

39 3. The issuance of bonds for any project listed in §§ 2-30 or 2-31 shall be authorized pursuant to § 23.1-1106, Code of Virginia.

40 4. In the event that the cost of any capital project listed in §§ 2-30 and 2-31 shall exceed the amount appropriated therefore, the
41 Director, Department of Planning and Budget, is hereby authorized, upon request of the affected institution, to approve an increase in
42 appropriation authority of not more than ten percent of the amount designated in §§ 2-30 and 2-31 for such project, from any available
43 nongeneral fund revenues, provided that such increase shall not constitute an increase in debt issuance authorization for such capital
44 project. Furthermore, the Director, Department of Planning and Budget, is hereby authorized to approve the expenditure of all interest
45 earnings derived from the investment of bond proceeds in addition to the amount designated in §§ 2-30 and 2-31 for such capital
46 project.

- 1 5. The interest on bonds to be issued for these projects may be subject to inclusion in gross income for federal income tax purposes.
- 2 6. Inclusion of a project in this act does not imply a commitment of state funds for temporary construction financing. In the absence of
3 such commitment, the institution may be responsible for securing short-term financing and covering the costs from other sources of
4 funds.
- 5 7. In the event that the Treasury Board determines not to finance all or any portion of any project listed in § 2-30 of this act with the
6 issuance of bonds pursuant to Article X, Section 9 (c), Constitution of Virginia, and notwithstanding any provision of law to the
7 contrary, this act shall constitute the approval of the General Assembly to finance all or such portion of such project under the
8 authorization of § 2-31 of this act.
- 9 8. The General Assembly further declares and directs that, notwithstanding any other provision of law to the contrary, 50 percent of the
10 proceeds from the sale of surplus real property pursuant to § 2.2-1147 et seq., Code of Virginia, which pertain to the general fund, and
11 which were under the control of an institution of higher education prior to the sale, shall be deposited in a special fund set up on the
12 books of the State Comptroller, which shall be known as the Higher Education Capital Projects Fund. Such sums shall be held in
13 reserve, and may be used, upon appropriation, to pay debt service on bonds for the 21st Century College Program as authorized in Item
14 C-7.10 of Chapter 924 of the Acts of Assembly of 1997.
- 15 9. Notwithstanding any other provision of law, a public institution of higher education may participate in the United States Department
16 of Education Historically Black College and University Capital Financing Program (HBCU Program), and use federal grant and
17 contract funds as permitted by the Program.
- 18 G. Upon certification by the Director, Department of Planning and Budget, there is hereby reappropriated the appropriations
19 unexpended at the close of the previous biennium for all authorized capital projects which meet any of the following conditions:
- 20 1. Construction is in progress.
- 21 2. Equipment purchases have been authorized by the Governor but not received.

8 § 3-5.13 ADMISSIONS TAX

12 on or after July 1, 2015, and (ii) requires at last 75 acres of land for its operations, and (iii) such land is purchased or leased by the
13 entertainment venue owner on or after June 1, 2015. The tax shall not exceed 10 percent of the amount of charge for admission to
14 any such venue. The provisions of this section shall expire on July 1, 2019 if no entertainment venue exists in Stafford County upon
15 which the tax authorized is imposed.

16 § 3-5.14 SUNSET DATES FOR INCOME TAX CREDITS AND SALES AND USE TAX EXEMPTIONS

17 A. Notwithstanding any other provision of law the General Assembly shall not advance the sunset date on any existing sales tax

21 relating to exemptions for nonprofit entities nor shall it apply to exemptions or tax credits with sunset dates after June 30, 2022,
22 enacted or advanced during the 2016 Session of the General Assembly, *to the Virginia housing opportunity tax credit under Article*
23 *13.4 (§ 58.1-439.29 et seq.) of Chapter 3 of Title 58.1 of the Code of Virginia*, or to the Motion Picture Production Tax Credit under

27 distributed to every member of the General Assembly and to the Joint Subcommittee to Evaluate Tax Preferences.

28 § 3-5.15 PROVIDER COVERAGE ASSESSMENT

29 A. The Department of Medical Assistance Services (DMAS) is authorized to levy an assessment upon private acute care hospitals
30 operating in Virginia in accordance with this Item. Private acute care hospitals operating in Virginia shall pay a coverage assessment
31 beginning on or after October 1, 2018. For the purposes of this coverage assessment, the definition of private acute care hospitals
32 shall exclude public hospitals, freestanding psychiatric and rehabilitation hospitals, children's hospitals, long stay hospitals, long-
33 term acute care hospitals and critical access hospitals.

34 B.1. The coverage assessment shall be used only to cover the non-federal share of the "full cost of expanded Medicaid coverage" for
35 newly eligible individuals pursuant to 42 U.S.C. § 1396d(y)(1)[2010] of the Patient Protection and Affordable Care Act, including
36 the administrative costs of collecting the coverage assessment and implementing and operating the coverage for newly eligible adults
37 which includes the costs of administering the provisions of the Section 1115 waiver.

38 2.a. The "full cost of expanded Medicaid coverage" shall include: 1) any and all Medicaid expenditures related to individuals eligible
39 for Medicaid pursuant to 42 U.S.C. § 1396d(y)(1)[2010] of the Patient Protection and Affordable Care Act, including any federal
40 actions or repayments; and, 2) all administrative costs associated with providing coverage, which includes the costs of administering
41 the provisions of the Section 1115 waiver, and collecting the coverage assessment.

42 b. The "full cost of expanded Medicaid coverage" shall be updated: 1) on November 1 of each year based on the official Medicaid
43 forecast and latest administrative cost estimates developed by DMAS; 2) no more than 30 days after the enactment of this Act to
44 reflect policy changes adopted by the latest session of the General Assembly; and 3) on March 1 of any year in which DMAS
45 estimates that the most recent non-federal share of the "full cost of expanded Medicaid coverage" times 1.08 will be insufficient to
46 pay all expenses in 2.a. for that year.

47 C.1. The "coverage assessment amount" shall equal the non-federal share of the "full cost of expanded Medicaid coverage" times
48 1.02.

49 2. The "coverage assessment percentage" shall be calculated quarterly by dividing (i) the "coverage assessment amount" by (ii) the
50 total "net patient service revenue" for hospitals subject to the assessment. The coverage assessment amount used in the quarterly
51 calculation of the "coverage assessment percentage" shall include a reconciliation of the Health Care Coverage Assessment Fund
52 prescribed in D.1 and subtract all prior quarterly assessments paid for that fiscal year before dividing the remainder by the remaining
53 quarters in the fiscal year.

1 3. Each hospital's "net patient service revenue" equals the amount reported in the most recent Virginia Health Information
 2 (VHI) "Hospital Detail Report." Hospitals shall certify that the net patient service revenue is hospital revenue and this amount
 3 shall be the assessment basis for the following fiscal year.

4 4. Each hospital's coverage assessment amount shall be calculated by multiplying the quarterly "coverage assessment
 5 percentage" times each hospital's net patient service revenue.

6 D.1. DMAS shall, at a minimum, update the "coverage assessment amount" whenever the "full cost of expanded Medicaid
 7 coverage" is updated in section B.2.b or to ensure amounts are sufficient to cover the full cost of expanded Medicaid coverage
 8 based on the latest estimate. Hospitals shall be given no less than 15 days' notice prior to the beginning of the quarter with
 9 associated calculations supporting the change in its coverage assessment amount. Prior to any change to the coverage
 10 assessment amount, DMAS shall perform and incorporate a reconciliation of the Health Care Coverage Assessment Fund
 11 through the most recent complete quarter. Any estimated excess or shortfall of revenue shall be deducted from or added to the
 12 "coverage assessment amount."

13 2. DMAS shall be responsible for collecting the coverage assessment amount. Hospitals subject to the coverage assessment
 14 shall make quarterly payments due no later than July 1, October 1, January 1 and April 1 of each state fiscal year.

15 3. Hospitals that fail to make the coverage assessment payments within 30 days of the due date shall incur a five percent
 16 penalty that shall be deposited in the Virginia Health Care Fund. Any unpaid coverage assessment or penalty will be considered
 17 a debt to the Commonwealth and DMAS is authorized to recover it as such.

18 E. DMAS shall submit a report, due September 1 of each year, to the Director, Department of Planning and Budget and Chairs
 19 of the House Appropriations and Senate Finance and Appropriations Committees, and the Virginia Hospital and Healthcare
 20 Association. The report shall include, for the most recently completed fiscal year, the revenue collected from the coverage
 21 assessment, expenditures for purposes authorized by this Item, and the year-end coverage assessment balance in the Health
 22 Care Coverage Assessment Fund. The report shall also include a complete and itemized listing of all administrative costs
 23 included in the coverage assessment.

24 F. All revenue from the coverage assessment excluding penalties, shall be deposited into the Health Care Coverage Assessment
 25 Fund. Proceeds from the coverage assessment, excluding penalties, shall not be used for any other purpose than to cover the
 26 non-federal share of the full cost of expanded Medicaid coverage. Notwithstanding any other provision of law, the net state
 27 share of any prior year recovery of Medicaid expansion costs that were paid with coverage assessment revenue shall be
 28 deposited into the Health Care Coverage Assessment Fund.

29 G. Any provision of this Item is contingent upon approval by the Centers for Medicare and Medicaid Services if necessary.

30 H. The Hospital Payment Policy Advisory Council shall meet to consider the implementation and provisions of the Provider
 31 Coverage and Payment Rate Assessments in order to consider and make recommendations to ensure the collection and use of
 32 such funds are appropriate and consistent with the intent of the General Assembly. Specifically, the Council shall consider the
 33 level of detail and format necessary to develop the report pursuant to paragraph E. The Council shall recommend a format and
 34 associated level of detail, to be included in the report to the Joint Subcommittee for Health and Human Resources Oversight.
 35 The Joint Subcommittee shall approve the final format and associated level of detail of the report to be submitted by the
 36 Department of Medical Assistance Services.

37 § 3-5.16 PROVIDER PAYMENT RATE ASSESSMENT

38 A. The Department of Medical Assistance Services (DMAS) is hereby authorized to levy a payment rate assessment upon
 39 private acute care hospitals operating in Virginia in accordance with this item. Private acute care hospitals operating in Virginia
 40 shall pay a payment rate assessment beginning on or after October 1, 2018 when all necessary state plan amendments are
 41 approved by the Centers for Medicare and Medicaid Services (CMS). For purposes of this assessment, the definition of private
 42 acute care hospitals shall exclude public hospitals, freestanding psychiatric and rehabilitation hospitals, children's hospitals,
 43 long stay hospitals, long-term acute care hospitals and critical access hospitals.

44 B. Proceeds from the payment rate assessment shall be used to (i) fund an increase in inpatient and outpatient payment rates
 45 paid to private acute care hospitals operating in Virginia up to the "upper payment limit gap"; and (ii) fill the "managed care
 46 organization hospital payment gap" for care provided to recipients of medical assistance services. Payments made under the
 47 provisions i and ii of this paragraph shall be referred to as "private acute care hospital enhanced payments".

48 C.1. The Department of Medical Assistance Services (DMAS) shall calculate each hospital's "payment rate assessment
 49 amount" by multiplying the "payment rate assessment percentage" times "net patient service revenue" as defined below.

50 2. The "payment rate assessment percentage" for hospitals shall be calculated as (i) the non-federal share of funding the
 51 "private acute care hospitals enhanced payments" divided by (ii) the total "net patient service revenue" for hospitals subject to
 52 the assessment.

1 3. Each hospital's "net patient service revenue" equals the amount reported in the most recent Virginia Health Information (VHI)
 2 "Hospital Detail Report." Hospitals shall certify that the net patient service revenue is hospital revenue and this amount shall be the
 3 assessment basis for the following fiscal year.

4 D. DMAS is authorized to update the payment rate assessment amount and payment rate assessment percentage on a quarterly basis
 5 to ensure amounts are sufficient to cover the non-federal share of the full cost of the private acute care hospital enhanced payments
 6 based on the department's quarterly claims and encounter data. Hospitals shall be given no less than 15 days prior notice of the new
 7 assessment amount and be provided with calculations. Prior to any change to the payment rate assessment amount, DMAS shall
 8 perform and incorporate a reconciliation of the Health Care Provider Payment Rate Assessment Fund. Any estimated excess or
 9 shortfall of revenue since the previous reconciliation shall be deducted from or added to the calculation of the private acute care
 10 hospital enhanced payments.

11 E.1. The "upper payment limit" means the limit on payment for inpatient services for recipients of medical assistance established in
 12 accordance with 42 C.F.R. § 447.272 and outpatient services for recipients of medical assistance pursuant to 42 C.F.R. § 447.321 for
 13 private hospitals. DMAS shall complete a calculation of the "upper payment limit" for each state fiscal year with a detailed analysis
 14 of how it was determined. The "upper payment limit payment gap" means the difference between the amount of the private hospital
 15 upper payment limit and the amount otherwise paid pursuant to the state plan for inpatient and outpatient services. The "managed
 16 care organization hospital payment gap" means the difference between the amount included in the capitation rates for inpatient and
 17 outpatient services based on historical paid claims and the amount that would be included when the projected hospital services
 18 furnished by private acute care hospitals operating in Virginia are priced for the contract year equivalent to the maximum managed
 19 care directed payment amount as allowed by CMS subject to CMS approval under 42 C.F.R. section 438.6(c). As part of the
 20 development of the managed care capitation rates, the DMAS shall calculate a "Medicaid managed care organization (MCO)
 21 supplemental hospital capitation payment adjustment". This is a distinct additional amount that shall be added to Medicaid MCO
 22 capitation rates to fund supplemental payments under this section to private acute care hospitals operating in Virginia for services to
 23 Medicaid recipients.

24 2. DMAS shall contractually direct Medicaid MCOs to disburse supplemental hospital capitation payment funds consistent with this
 25 section and 42 C.F.R. § 438.6(c), to ensure that all such funds are disbursed to private acute care hospitals operating in Virginia. In
 26 addition, DMAS shall contractually prohibit MCOs from making reductions to or supplanting hospital payments otherwise paid by
 27 MCOs.

28 3. DMAS shall make available quarterly a report of the additional capitation payments that are made to each MCO pursuant to this
 29 item. Further, DMAS shall consider recommendations of the Medicaid Hospital Payment Policy and Advisory Council in designing
 30 and implementing the specific elements of the payment rate assessment and private acute care hospital supplemental payment
 31 program authorized by this item.

32 F.1. DMAS shall be responsible for collecting the payment rate assessment amount. Hospitals subject to the payment rate assessment
 33 shall make quarterly payments due no later than August 15, November 15, February 15 and May 15 of each state fiscal year.

34 2. Hospitals that fail to make the payment rate assessment payments on or before the due date in subsection F.1. shall incur a five
 35 percent penalty that shall be deposited in the Virginia Health Care Fund. Any unpaid payment assessment or penalty will be
 36 considered a debt to the Commonwealth and DMAS is authorized to recover it as such.

37 G. DMAS shall submit a report due September 1 of each year to the Director, Department of Planning and Budget and Chairs of the
 38 House Appropriations and Senate Finance and Appropriations Committees. The report shall include, for the most recently completed
 39 fiscal year, the revenue collected from the payment rate assessment, expenditures for purposes authorized by this item, and the year-
 40 end assessment balance in the Health Care Provider Payment Rate Assessment Fund.

41 H. All revenue from the payment rate assessment shall be deposited into the Health Care Provider Payment Rate Assessment Fund, a
 42 special non-reverting fund in the state treasury. Proceeds from the payment rate assessment, excluding penalties, shall not be used
 43 for any other purpose than to fund (i) an increase in inpatient and outpatient payment rates paid to private acute care hospitals
 44 operating in Virginia up to the private hospital "upper payment limit" and "managed care organization hospital payment gap" for
 45 care provided to recipients of medical assistance services, and (ii) the administrative costs of collecting the assessment and of
 46 implementing and operating the associated payment rate actions.

47 I. Any provision of this Section is contingent upon approval by the Centers for Medicare and Medicaid Services if necessary.

48 § 3-5.17 TOBACCO TAX STUDY

49 The Joint Subcommittee to Evaluate Tax Preferences is hereby directed to continue studying options for the modernization of §
 50 58.1-1001(A), Code of Virginia, to reflect advances in science and technology in the area of tobacco harm reduction, and the role
 51 innovative non-combustible tobacco products can play in reducing harm, including products that produce vapor or aerosol from
 52 heating tobacco or liquid nicotine. In addition, the Joint Subcommittee shall study possible reforms to the taxation of tobacco
 53 products that will provide fairness and equity for all local governments and also ensure stable tax revenues for the Commonwealth.
 54 The Joint Subcommittee shall complete its study and submit a final report with recommended reforms to the Finance Committees of
 55 the Virginia Senate and Virginia House of Delegates. All agencies of the Commonwealth shall provide assistance for this study,

1 upon request.

13 allocated as follows: \$12.0 million for education proposals for approval by the Superintendent of Public Instruction and \$8.0
14 million for all other proposals for approval by the Commissioner of the State Department of Social Services. In making such
15 equitable allocation of credits, the Commissioner of Social Services and the Superintendent of Public Instruction shall consider the
16 portion of a neighborhood organization's revenues and expenses that are used to serve low-income persons and shall not rely
17 solely on the amount of credits allocated to the neighborhood organization in the prior year in allocating available credits.

18 B. For purposes of this section, the term "individual" means the same as that term is defined in § 58.1-302, but excluding any
19 individual included in the definition of a "business firm" as such term is defined in § 58.1-439.18.

20 C. Notwithstanding any other provision of law or regulation, in order to be eligible to receive an allocation of credits pursuant to §
21 58.1-439.20:1, Code of Virginia, at least 50 percent of the persons served by the neighborhood organization, either directly by the
22 neighborhood organization or through the provision of revenues to other organizations or groups serving such persons, shall be
23 low-income persons or eligible students with disabilities and at least 50 percent of the neighborhood organization's revenues shall
24 be used to provide services to low-income persons or to eligible students with disabilities, either directly by the neighborhood
25 organization or through the provision of revenues to other organizations or groups providing such services. A tax credit shall be
26 issued by the Superintendent of Public Instruction or the Commissioner of Social Services to an individual only upon receipt of a
27 certification made by a neighborhood organization to whom tax credits were allocated for an approved program pursuant to §
28 58.1-439.20, § 58.1-439.20:1 or this language.

29 § 3-5.21 CIGARETTE TAX, TOBACCO PRODUCTS TAX AND TAX ON LIQUID NICOTINE

30 A. Notwithstanding any other provision of law, the cigarette tax imposed under subsection A of § 58.1-1001 of the Code of
31 Virginia shall be 3.0 cents on each cigarette sold, stored or received on and after July 1, 2020.

32 B. Notwithstanding any other provision of law, the rates of the tobacco products tax imposed under § 58.1-1021.02 of the Code
33 of Virginia in effect on June 30, 2020 shall be doubled beginning July 1, 2020 for taxable sales or purchases occurring on and
34 after such date.

35 C. Notwithstanding any other provision of law, the tobacco products tax imposed under § 58.1-1021.02 of the Code of Virginia
36 shall be imposed on liquid nicotine at the rate of \$0.066 per milliliter beginning July 1, 2020 for taxable sales or purchases

42 cigarette tax, (ii) implementation of the increased tobacco products tax rates, and (iii) implementation of the tobacco products
43 tax on liquid nicotine pursuant to the provisions of this act. The development of such guidelines and rules by the Tax
44 Commissioner shall be exempt from the provisions of the Administrative Process Act (Code of Virginia § 2.2-4000 et seq.)

45 F. Notwithstanding any other provision of law, beginning January 1, 2021, for the purposes of the Tobacco Products Tax, a
46 Distributor, as defined in § 58.1-1021.01, shall be deemed to have sufficient activity within the Commonwealth to require

The State Council of Higher Education for Virginia shall establish a policy for granting undergraduate course credit to entering freshman students who have taken one or more Advanced Placement, Cambridge Advanced (A/AS), College-Level Examination Program (CLEP), or International Baccalaureate examinations by August 1, 2017. The policy shall:

b) Identify the course credit or other academic requirements of each public institution of higher education that the student satisfies by achieving the minimum required scores on such examinations; and

2. The Council and each public institution of higher education shall make the policy available to the public on its website.

g. 1. Notwithstanding any other provision of law, any public body, including any state, local, regional, or regulatory body, or a governing board as defined in § 54.1-2345 of the Code of Virginia, or any joint meeting of such entities, may meet by electronic communication means without a quorum of the public body or any member of the governing board physically assembled at one location when the Governor has declared a state of emergency in accordance with § 44-146.17, provided that (i) the nature of the declared emergency makes it impracticable or unsafe for the public body or governing board to assemble in a single location; (ii) the purpose of meeting is to discuss or transact the business statutorily required or necessary to continue operations of the public body or common interest community association as defined in § 54.1-2345 of the Code of Virginia and the discharge of its lawful purposes, duties, and responsibilities; (iii) a public body shall make available a recording or transcript of the meeting on its website in accordance with the timeframes established in §§ 2.2-3707 and 2.2-3707.1 of the Code of Virginia; and (iv) the governing board shall distribute minutes of a meeting held pursuant to this subdivision to common interest community association members by the same method used to provide notice of the meeting.

2. A public body or governing board convening a meeting in accordance with this subdivision shall:

b) Make arrangements for public access or common interest community association members access to such meeting through electronic means including, to the extent practicable, videoconferencing technology. If the means of communication allows, provide the public or common interest community association members with an opportunity to comment; and

3. Public bodies must otherwise comply with the provisions of § 2.2-3708.2 of the Code of Virginia. The nature of the emergency, the fact that the meeting was held by electronic communication means, and the type of electronic communication means by which the meeting was held shall be stated in the minutes of the public body or governing board.

 3 student provided that the student (i) is a registered student for the immediate following term and (ii) meets the definitions and
 4 conditions of the federal McKinney-Vento Homeless Assistance Act.

5 § 4-1.00 APPROPRIATIONS

6 § 4-1.01 PREREQUISITES FOR PAYMENT

7 a. The State Comptroller shall not pay any money out of the state treasury except pursuant to appropriations in this act or in any
 8 other act of the General Assembly making an appropriation during the current biennium.

9 b. Moneys shall be spent solely for the purposes for which they were appropriated by the General Assembly, except as specifically
 10 provided otherwise by § 4-1.03 Appropriation Transfers, § 4-4.01 Capital Projects, or § 4-5.01 a. Settlement of Claims with
 11 Individuals. Should the Governor find that moneys are not being spent in accordance with provisions of the act appropriating them,
 12 he shall restrain the State Comptroller from making further disbursements, in whole or in part, from said appropriations. Further,
 13 should the Auditor of Public Accounts determine that a state or other agency is not spending moneys in accordance with provisions
 14 of the act appropriating them, he shall so advise the Governor or other governing authority, the State Comptroller, the Chairman of
 15 the Joint Legislative Audit and Review Commission, and Chairmen of the Senate Finance and Appropriations and House
 16 Appropriations Committees.

17 c. Exclusive of revenues paid into the general fund of the state treasury, all revenues earned or collected by an agency, and contained
 18 in an appropriation item to the agency shall be expended first during the fiscal year, prior to the expenditure of any general fund
 19 appropriation within that appropriation item, unless prohibited by statute or by the terms and conditions of any gift, grant or
 20 donation.

21 § 4-1.02 WITHHOLDING OF SPENDING AUTHORITY

22 a. For purposes of this subsection, withholding of spending authority is defined as any action pursuant to a budget reduction plan
 23 approved by the Governor to address a declared shortfall in budgeted revenue that impedes or limits the ability to spend appropriated
 24 moneys, regardless of the mechanism used to effect such withholding.

25 b.1. Changed Expenditure Factors: The Governor is authorized to reduce spending authority, by withholding allotments of
 26 appropriations, when expenditure factors, such as enrollments or population in institutions, are smaller than the estimates upon
 27 which the appropriation was based. Moneys generated from the withholding action shall not be reallocated for any other purpose,
 28 provided the withholding of allotments of appropriations under this provision shall not occur until at least 15 days after the Governor
 29 has transmitted a statement of changed factors and intent to withhold moneys to the Chairmen of the House Appropriations and
 30 Senate Finance and Appropriations Committees.

31 2. Moneys shall not be withheld on the basis of reorganization plans or program evaluations until such plans or evaluations have
 32 been specifically presented in writing to the General Assembly at its next regularly scheduled session.

33 c. Increased Nongeneral Fund Revenue:

34 1. General fund appropriations to any state agency for operating expenses are supplemental to nongeneral fund revenues collected by
 35 the agency. To the extent that nongeneral fund revenues collected in a fiscal year exceed the estimate on which the operating budget
 36 was based, the Governor is authorized to withhold general fund spending authority, by withholding allotments of appropriations, in
 37 an equivalent amount. However, this limitation shall not apply to (a) restricted excess tuition and fees for educational and general
 38 programs in the institutions of higher education, as defined in § 4-2.01 c of this act; (b) appropriations to institutions of higher
 39 education designated for fellowships, scholarships and loans; (c) gifts or grants which are made to any state agency for the direct
 40 costs of a stipulated project; (d) appropriations to institutions for the mentally ill or intellectually disabled payable from the
 41 Behavioral Health and Developmental Services Revenue Fund; and (e) general fund appropriations for highway construction and
 42 mass transit. Moneys unallotted under this provision shall not be reallocated for any other purpose.

43 2. To the degree that new or additional grant funds become available to supplement general fund appropriations for a program,
 44 following enactment of an appropriation act, the Governor is authorized to withhold general fund spending authority, by withholding
 45 allotments of appropriations, in an amount equivalent to that provided from grant funds, unless such action is prohibited by the
 46 original provider of the grant funds. The withholding action shall not include general fund appropriations, which are required to
 47 match grant funds. Moneys unallotted under this provision shall not be reallocated for any other purpose.

48 d. Reduced General Fund Resources:

49 1. The term "general fund resources" as applied in this subsection includes revenues collected and paid into the general fund of the
 50 state treasury during the current biennium, transfers to the general fund of the state treasury during the current biennium, and all
 51 unexpended balances brought forward from the previous biennium.

- 1 2. In the event that general fund resources are estimated by the Governor to be insufficient to pay in full all general fund
2 appropriations authorized by the General Assembly, the Governor shall, subject to the qualifications herein contained, withhold
3 general fund spending authority, by withholding allotments of appropriations, to prevent any expenditure in excess of the
4 estimated general fund resources available.
- 5 3. In making this determination, the Governor shall take into account actual general fund revenue collections for the current
6 fiscal year and the results of a formal written re-estimate of general fund revenues for the current and next biennium, prepared
7 within the previous 90 days, in accordance with the process specified in § 2.2-1503, Code of Virginia. Said re-estimate of
8 general fund revenues shall be communicated to the Chairmen of the Senate Finance and Appropriations, House Appropriations
9 and House Finance Committees, prior to taking action to reduce general fund allotments of appropriations on account of
10 reduced resources.
- 11 4.a) In addition to monthly reports on the status of revenue collections relative to the current fiscal year's estimate, the
12 Governor shall provide a written quarterly assessment of the current economic outlook for the remainder of the fiscal year to
13 the Chairmen of the House Appropriations, House Finance, and Senate Finance and Appropriations Committees.
- 14 b) Within five business days after the preliminary close of the state accounts at the end of the fiscal year, the State Comptroller
15 shall provide the Governor with the actual total of (1) individual income taxes, (2) corporate income taxes, and (3) sales taxes
16 for the just-completed fiscal year, with a comparison of such actual totals with the total of such taxes in the official budget
17 estimate for that fiscal year. If that comparison indicates that the total of (1) individual income taxes, (2) corporate income
18 taxes, and (3) sales taxes, as shown on the preliminary close, was one percent or more below the amount of such taxes in the
19 official budget estimate for the just-completed fiscal year, the Governor shall prepare a written re-estimate of general fund
20 revenues for the current biennium and the next biennium in accordance with § 2.2-1503, Code of Virginia, to be reported to the
21 Chairmen of the Senate Finance and Appropriations, House Finance and House Appropriations Committees, not later than
22 September 1 following the close of the fiscal year.
- 23 5.a) The Governor shall take no action to withhold allotments until a written plan detailing specific reduction actions approved
24 by the Governor, identified by program and appropriation item, has been presented to the Chairmen of the House
25 Appropriations and Senate Finance and Appropriations Committees. Subsequent modifications to the approved reduction plan
26 also must be submitted to the Chairmen of the House Appropriations and Senate Finance and Appropriations Committees, prior
27 to withholding allotments of appropriations.
- 28 b) In addition to the budget reduction plan approved by the Governor, all budget reduction proposals submitted by state
29 agencies to the Governor or the Governor's staff, including but not limited to the Department of Planning and Budget, the
30 Governor's Cabinet secretaries, or the Chief of Staff, whether submitted electronically or otherwise, shall be made available via
31 electronic means to the Chairmen of the House Appropriations and Senate Finance and Appropriations Committees
32 concurrently with that budget reduction plan.
- 33 6. In effecting the reduction of expenditures, the Governor shall not withhold allotments of appropriations for:
- 34 a) More than 15 percent cumulatively of the annual general fund appropriation contained in this act for operating expenses of
35 any one state or nonstate agency or institution designated in this act by title, and the exact amount withheld, by state or nonstate
36 agency or institution, shall be reported within five calendar days to the Chairmen of the Senate Finance and Appropriations and
37 House Appropriations Committees. State agencies providing funds directly to grantees named in this act shall not apportion a
38 larger cut to the grantee than the proportional cut apportioned to the agency. Without regard to § 4-5.05 b.4. of this act, the
39 remaining appropriation to the grantee which is not subject to the cut, equal to at least 85 percent of the annual appropriation,
40 shall be made by July 31, or in two equal installments, one payable by July 31 and the other payable by December 31, if the
41 remaining appropriation is less than or equal to \$500,000, except in cases where the normal conditions of the grant dictate a
42 different payment schedule.
- 43 b) The payment of principal and interest on the bonded debt or other bonded obligations of the Commonwealth, its agencies
44 and its authorities, or for payment of a legally authorized deficit.
- 45 c) The payments for care of graves of Confederate and historical African American dead.
- 46 d) The employer contributions, and employer-paid member contributions, to the Social Security System, Virginia Retirement
47 System, Judicial Retirement System, State Police Officers Retirement System, Virginia Law Officers Retirement System,
48 Optional Retirement Plan for College and University Faculty, Optional Retirement Plan for Political Appointees, Optional
49 Retirement Plan for Superintendents, the Volunteer Service Award Program, the Virginia Retirement System's group life
50 insurance, sickness and disability, and retiree health care credit programs for state employees, state-supported local employees
51 and teachers. If the Virginia Retirement System Board of Trustees approves a contribution rate for a fiscal year that is lower
52 than the rate on which the appropriation was based, or if the United States government approves a Social Security rate that is
53 lower than that in effect for the current budget, the Governor may withhold excess contributions. However, employer and
54 employee paid rates or contributions for health insurance and matching deferred compensation for state employees, state-
55 supported local employees and teachers may not be increased or decreased beyond the amounts approved by the General
56 Assembly. Payments for the employee benefit programs listed in this paragraph may not be delayed beyond the customary

- 1 billing cycles that have been established by law or policy by the governing board.
- 2 e) The payments in fulfillment of any contract awarded for the design, construction and furnishing of any state building.
- 3 f) The salary of any state officer for whom the Constitution of Virginia prohibits a change in salary.
- 4 g) The salary of any officer or employee in the Executive Department by more than two percent (irrespective of the fund source for
5 payment of salaries and wages); however, the percentage of reduction shall be uniformly applied to all employees within the
6 Executive Department.
- 7 h) The appropriation supported by the State Bar Fund, as authorized by § 54.1-3913, Code of Virginia, unless the supporting
8 revenues for such appropriation are estimated to be insufficient to pay the appropriation.
- 9 7. The Governor is authorized to withhold specific allotments of appropriations by a uniform percentage, a graduated reduction or on
10 an individual basis, or apply a combination of these actions, in effecting the authorized reduction of expenditures, up to the
11 maximum of 15 percent, as prescribed in subdivision 6a of this subsection.
- 12 8. Each nongeneral fund appropriation shall be payable in full only to the extent the nongeneral fund revenues from which the
13 appropriation is payable are estimated to be sufficient. The Governor is authorized to reduce allotments of nongeneral fund
14 appropriations by the amount necessary to ensure that expenditures do not exceed the supporting revenues for such appropriations;
15 however, the Governor shall take no action to reduce allotments of appropriations for major nongeneral fund sources on account of
16 reduced revenues until such time as a formal written re-estimate of revenues for the current and next biennium, prepared in
17 accordance with the process specified in § 2.2-1503, Code of Virginia, has been reported to the Chairmen of the Senate Finance and
18 Appropriations, House Finance, and House Appropriations Committees. For purposes of this subsection, major nongeneral fund
19 sources are defined as Highway Maintenance and Operating Fund and Transportation Trust Fund.
- 20 9. Notwithstanding any contrary provisions of law, the Governor is authorized to transfer to the general fund on June 30 of each year
21 of the biennium, or within 20 days from that date, any available unexpended balances in other funds in the state treasury, subject to
22 the following:
- 23 a) The Governor shall declare in writing to the Chairmen of the Senate Finance and Appropriations and House Appropriations
24 Committees that a fiscal emergency exists which warrants the transfer of nongeneral funds to the general fund and reports the exact
25 amount of such transfer within five calendar days of the transfer;
- 26 b) No such transfer may be made from retirement or other trust accounts, the State Bar Fund as authorized by § 54.1-3913, Code of
27 Virginia, debt service funds, or federal funds; and
- 28 c) The Governor shall include for informative purposes, in the first biennial budget he submits subsequent to the transfer, the amount
29 transferred from each account or fund and recommendations for restoring such amounts.
- 30 10. The Director, Department of Planning and Budget, shall make available via electronic means a report of spending authority
31 withheld under the provisions of this subsection to the Chairmen of the Senate Finance and Appropriations and House
32 Appropriations Committees within five calendar days of the action to withhold. Said report shall include the amount withheld by
33 agency and appropriation item.
- 34 11. If action to withhold allotments of appropriation under this provision is inadequate to eliminate the imbalance between projected
35 general fund resources and appropriations, the Speaker of the House of Delegates and the President pro tempore of the Senate shall
36 be advised in writing by the Governor, so that they may consider requesting a special session of the General Assembly.

37 § 4-1.03 APPROPRIATION TRANSFERS

38 GENERAL

- 39 a. During any fiscal year, the Director, Department of Planning and Budget, may transfer appropriation authority from one state or
40 other agency to another, to effect the following:
- 41 1) distribution of amounts budgeted in the central appropriation to agencies, or withdrawal of budgeted amounts from agencies in
42 accordance with specific language in the central appropriation establishing reversion clearing accounts;
- 43 2) distribution of pass-through grants or other funds held by an agency as fiscal agent;
- 44 3) correction of errors within this act, where such errors have been identified in writing by the Chairmen of the House
45 Appropriations and Senate Finance and Appropriations Committees;
- 46 4) proper accounting between fund sources 0100 and 0300 in higher education institutions;
- 47 5) transfers specifically authorized elsewhere in this act or as specified in the Code of Virginia;

- 1 6) to supplement capital projects in order to realize efficiencies or provide for cost overruns unrelated to changes in size or
2 scope; or
- 3 7) to administer a program for another agency or to effect budgeted program purposes approved by the General Assembly,
4 pursuant to a signed agreement between the respective agencies.
- 5 b. During any fiscal year, the Director, Department of Planning and Budget, may transfer appropriation authority within an
6 agency to effect proper accounting between fund sources and to effect program purposes approved by the General Assembly,
7 unless specifically provided otherwise in this act or as specified in the Code of Virginia. However, appropriation authority for
8 local aid programs and aid to individuals, with the exception of student financial aid, shall not be transferred elsewhere without
9 advance notice to the Chairmen of the House Appropriations and Senate Finance and Appropriations Committees. Further, any
10 transfers between capital projects shall be made only to realize efficiencies or provide for cost overruns unrelated to changes in
11 size or scope.
- 12 c.1. In addition to authority granted elsewhere in this act, the Director, Department of Planning and Budget, may transfer
13 operating appropriations authority among sub-agencies within the Judicial System, the Department of Corrections, and the
14 Department of Behavioral Health and Developmental Services to effect changes in operating expense requirements which may
15 occur during the biennium.
- 16 2. The Director, Department of Planning and Budget, may transfer appropriations from the Department of Behavioral Health
17 and Developmental Services to the Department of Medical Assistance Services, consisting of the general fund amounts
18 required to match federal funds for reimbursement of services provided by its institutions and Community Services Boards.
- 19 3. The Director, Department of Planning and Budget, may transfer appropriations from the Office of Comprehensive Services
20 to the Department of Medical Assistance Services, consisting of the general fund amounts required to match federal funds for
21 reimbursement of services provided to eligible children.
- 22 4. The Director, Department of Planning and Budget, may transfer an appropriation or portion thereof within a state or other
23 agency, or from one such agency to another, to support changes in agency organization, program or responsibility enacted by
24 the General Assembly to be effective during the current biennium.
- 25 5. The Director, Department of Planning and Budget, may transfer appropriations from the second year to the first year, with
26 said transfer to be reported in writing to the Chairmen of the Senate Finance and Appropriations and House Appropriations
27 Committees within five calendar days of the transfer, when the expenditure of such funds is required to:
- 28 a) address a threat to life, safety, health or property, or
- 29 b) provide for unbudgeted cost increases for statutorily required services or federally mandated services, in order to continue
30 those services at the present level, or
- 31 c) provide for payment of overtime salaries and wages, when the obligations for payment of such overtime were incurred
32 during a situation deemed threatening to life, safety, health, or property, or
- 33 d) provide for payments to the beneficiaries of certain public safety officers killed in the line of duty, as authorized in Title 2.2,
34 Chapter 4, Code of Virginia and for payments to the beneficiaries of certain members of the National Guard and United States
35 military reserves killed in action in any armed conflict on or after October 7, 2001, as authorized in § 44-93.1 B., Code of
36 Virginia, or
- 37 e) continue a program at the present level of service or at an increased level of service when required to address unanticipated
38 increases in workload such as enrollment, caseload or like factors, or unanticipated costs, or
- 39 f) to address unanticipated business or industrial development opportunities which will benefit the state's economy, provided
40 that any such appropriations be used in a manner consistent with the purposes of the program as originally appropriated.
- 41 6. An appropriation transfer shall not occur except through properly executed appropriation transfer documents designed
42 specifically for that purpose, and all transactions effecting appropriation transfers shall be entered in the state's computerized
43 budgeting and accounting systems.
- 44 7. The Director, Department of Planning and Budget, may transfer from any other agency, appropriations to supplement any
45 project of the Virginia Public Building Authority authorized by the General Assembly and approved by the Governor. Such
46 capital project shall be transferred to the state agency designated as the managing agency for the Virginia Public Building
47 Authority.
- 48 8. In the event of the transition of a city to town status pursuant to the provisions of Chapter 41 of Title 15.2 of the Code of
49 Virginia (§ 15.2-4100 et seq.) or the consolidation of a city and a county into a single city pursuant to the provisions of Chapter
50 35 of Title 15.2, Code of Virginia (§ 15.2-3500 et seq.) subsequent to July 1, 1999, the provisions of § 15.2-1302 shall govern
51 distributions from state agencies to the county in which the town is situated or to the consolidated city, and the Director,

1 Department of Planning and Budget, is authorized to transfer appropriations or portions thereof within a state agency, or from one
2 such agency to another, if necessary to fulfill the requirements of § 15.2-1302.

3 § 4-1.04 APPROPRIATION INCREASES

4 a. UNAPPROPRIATED NONGENERAL FUNDS:

5 1. Sale of Surplus Materials:

6 The Director, Department of Planning and Budget, is hereby authorized to increase the appropriations to any state agency by the
7 amount of credit resulting from the sale of surplus materials under the provisions of § 2.2-1125, Code of Virginia.

8 2. Insurance Recovery:

9 The Director, Department of Planning and Budget, shall increase the appropriation authority for any state agency by the amount of
10 the proceeds of an insurance policy or from the State Insurance Reserve Trust Fund, for expenditures as far as may be necessary, to
11 pay for the repair or replacement of lost, damaged or destroyed property, plant or equipment.

12 3. Gifts, Grants and Other Nongeneral Funds:

13 a) Subject to § 4-1.02 c, Increased Nongeneral Fund Revenue, and the conditions stated in this section, the Director, Department of
14 Planning and Budget, is hereby authorized to increase the appropriations to any state agency by the amount of the proceeds of
15 donations, gifts, grants or other nongeneral funds paid into the state treasury in excess of such appropriations during a fiscal year.
16 Such appropriations shall be increased only when the expenditure of moneys is authorized elsewhere in this act or is required to:

17 1) address a threat to life, safety, health or property or

18 2) provide for unbudgeted increases in costs for services required by statute or services mandated by the federal government, in
19 order to continue those services at the present level or implement compensation adjustments approved by the General Assembly, or

20 3) provide for payment of overtime salaries and wages, when the obligations for payment of such overtime were incurred during a
21 situation deemed threatening to life, safety, health, or property, or

22 4) continue a program at the present level of service or at an increased level of service when required to address unanticipated
23 increases in noncredit instruction at institutions of higher education or business and industrial development opportunities which will
24 benefit the state's economy, or

25 5) participate in a federal or sponsored program provided that the provisions of § 4-5.03 shall also apply to increases in
26 appropriations for additional gifts, grants, and other nongeneral fund revenue which require a general fund match as a condition of
27 their acceptance; or

28 6) realize cost savings in excess of the additional funds provided, or

29 7) permit a state agency or institution to use a donation, gift or grant for the purpose intended by the donor, or

30 8) provide for cost overruns on capital projects and for capital projects authorized under § 4-4.01 l of this act, or

31 9) address caseload or workload changes in programs approved by the General Assembly.

32 b) The above conditions shall not apply to donations and gifts to the endowment funds of institutions of higher education.

33 c) Each state agency and institution shall ensure that its budget estimates include a reasonable estimate of receipts from donations,
34 gifts or other nongeneral fund revenue. The Department of Planning and Budget shall review such estimates and verify their
35 accuracy, as part of the budget planning and review process.

36 d) No obligation or expenditure shall be made from such funds until a revised operating budget request is approved by the Director,
37 Department of Planning and Budget. Expenditures from any gift, grant or donation shall be in accordance with the purpose for which
38 it was made; however, expenditures for property, plant or equipment, irrespective of fund source, are subject to the provisions of §§
39 4-2.03 Indirect Costs, 4-4.01 Capital Projects General, and 4-5.03 b Services and Clients-New Services, of this act.

40 e) Nothing in this section shall exempt agencies from complying with § 4-2.01 a Solicitation and Acceptance of Donations, Gifts,
41 Grants, and Contracts of this act.

42 4. Any nongeneral fund cash balance recorded on the books of the Department of Accounts as unexpended on the last day of the
43 fiscal year may be appropriated for use in the succeeding fiscal year with the prior written approval of the Director, Department of
44 Planning and Budget, unless the General Assembly shall have specifically provided otherwise. Revenues deposited to the Virginia
45 Health Care Fund shall be used only as the state share of Medicaid, unless the General Assembly specifically authorizes an alternate
46 use. With regard to the appropriation of other nongeneral fund cash balances, the Director shall make a listing of such transactions
47 available to the public via electronic means no less than ten business days following the approval of the appropriation of any such

1 balance.

2 5. Reporting:

3 The Director, Department of Planning and Budget, shall make available via electronic means a report on increases in
4 unappropriated nongeneral funds in accordance with § 4-8.00, Reporting Requirements, or as modified by specific provisions in
5 this subsection.

6 b. AGRIBUSINESS EQUIPMENT FOR THE DEPARTMENT OF CORRECTIONS

7 The Director of the Department of Planning and Budget may increase the Department of Corrections appropriation for the
8 purchase of agribusiness equipment or the repair or construction of agribusiness facilities by an amount equal to fifty percent of
9 any annual amounts in excess of fiscal year 1992 deposits to the general fund from agribusiness operations. It is the intent of
10 the General Assembly that appropriation increases for the purposes specified shall not be used to reduce the general fund
11 appropriations for the Department of Corrections.

12 § 4-1.05 REVERSION OF APPROPRIATIONS AND REAPPROPRIATIONS

13 a. GENERAL FUND OPERATING EXPENSE:

14 1.a) General fund appropriations which remain unexpended on (i) the last day of the previous biennium or (ii) the last day of
15 the first year of the current biennium, shall be reappropriated and allotted for expenditure where required by the Code of
16 Virginia, where necessary for the payment of preexisting obligations for the purchase of goods or services, or where desirable,
17 in the determination of the Governor, to address any of the six conditions listed in § 4-1.03 c.5 of this act or to provide financial
18 incentives to reduce spending to effect current or future cost savings. With the exception of the unexpended general fund
19 appropriations of agencies in the Legislative Department, the Judicial Department, the Independent Agencies, or institutions of
20 higher education, all other such unexpended general fund appropriations unexpended on the last day of the previous biennium
21 or the last day of the first year of the current biennium shall revert to the general fund.

22 b) General fund appropriations for agencies in the Legislative Department, the Judicial Department, and the Independent
23 Agencies shall be reappropriated, except as may be specifically provided otherwise by the General Assembly. General fund
24 appropriations shall also be reappropriated for institutions of higher education, subject to § 23.1-1002, Code of Virginia.

25 c) To improve the stability in institutional planning and predictability for students and families to prepare for the cost of higher
26 education, public higher education institutions are encouraged to employ the financial management strategy of establishing an
27 institutional reserve fund supported by any unexpended education and general appropriations of the institution at the end of the
28 fiscal year. The establishment of such a fund is designed to foster more long-term planning, promote efficient resource
29 utilization and reduce the need for substantial year-to-year increases in tuition, thereby increasing affordability for Virginians.
30 Independent of the provisions of § 23.1-1001, institutions are authorized to carry over education and general unexpended
31 balances to establish and maintain a reserve fund in an amount not to exceed six percent of their general fund appropriation for
32 educational and general programs in the most recently-completed fiscal year. Any use of the reserve fund shall be approved by
33 the Board of Visitors of the affected institution, and the institution shall immediately report the details of the approved plan for
34 use of the reserve fund to the Governor, the Secretary of Education, the Secretary of Finance and the Chairmen of the House
35 Appropriations and Senate Finance and Appropriations Committees. Any reserve fund shall be subject to the provisions of §
36 23.1-1303.B.11.

37 2. a. The Governor shall report within five calendar days after completing the reappropriation process to the Chairmen of the
38 Senate Finance and Appropriations and House Appropriations Committees on the reappropriated amounts for each state agency
39 in the Executive Department. He shall provide a preliminary report of reappropriation actions on or before November 1 and a
40 final report on or before December 20 to the Chairmen of the House Appropriations and Senate Finance and Appropriations
41 Committees.

42 b. The Director, Department of Planning and Budget, may transfer reappropriated amounts within an agency to cover
43 nonrecurring costs.

44 3. Pursuant to subsection E of § 2.2-1125, Code of Virginia, the determination of compliance by an agency or institution with
45 management standards prescribed by the Governor shall be made by the Secretary of Finance and the Secretary having
46 jurisdiction over the agency or institution, acting jointly.

47 4. The general fund resources available for appropriation in the first enactment of this act include the reversion of certain
48 unexpended balances in operating appropriations as of June 30 of the prior fiscal year, which were otherwise required to be
49 reappropriated by language in the Appropriation Act.

50 5. Upon request, the Director, Department of Planning and Budget, shall provide a report to the Chairmen of the House
51 Appropriations and Senate Finance and Appropriations Committees showing the amount reverted for each agency and the total
52 amount of such reversions.

1 b. NONGENERAL FUND OPERATING EXPENSE:

2 Based on analysis by the State Comptroller, when any nongeneral fund has had no increases or decreases in fund balances for a
 3 period of 24 months, the State Comptroller shall promptly transfer and pay the balance into the fund balance of the general fund. If it
 4 is subsequently determined that an appropriate need warrants repayment of all or a portion of the amount transferred, the Director,
 5 Department of Planning and Budget shall include repayment in the next budget bill submitted to the General Assembly. This
 6 provision does not apply to funds held in trust by the Commonwealth.

7 c. CAPITAL PROJECTS:

8 1. Upon certification by the Director, Department of Planning and Budget, the State Comptroller is hereby authorized to revert to the
 9 fund balance of the general fund any portion of the unexpended general fund cash balance and corresponding appropriation or
 10 reappropriation for a capital project when the Director determines that such portion is not needed for completion of the project. The
 11 State Comptroller may similarly return to the appropriate fund source any part of the unexpended nongeneral fund cash balance and
 12 reduce any appropriation or reappropriation which the Director determines is not needed to complete the project.

13 2. The unexpended general fund cash balance and corresponding appropriation or reappropriation for capital projects shall revert to
 14 and become part of the fund balance of the general fund during the current biennium as of the date the Director, Department of
 15 Planning and Budget, certifies to the State Comptroller that the project has been completed in accordance with the intent of the
 16 appropriation or reappropriation and there are no known unpaid obligations related to the project. The State Comptroller shall return
 17 the unexpended nongeneral fund cash balance, if there be any, for such completed project to the source from which said nongeneral
 18 funds were obtained. Likewise, he shall revert an equivalent portion of the appropriation or reappropriation of said nongeneral funds.

19 3. The Director, Department of Planning and Budget, may direct the restoration of any portion of the reverted amount if he shall
 20 subsequently verify an unpaid obligation or requirement for completion of the project. In the case of a capital project for which an
 21 unexpended cash balance was returned and appropriation or reappropriation was reverted in the prior biennium, he may likewise
 22 restore any portion of such amount under the same conditions.

23 § 4-1.06 LIMITED ADJUSTMENTS OF APPROPRIATIONS

24 a. LIMITED CONTINUATION OF APPROPRIATIONS.

25 Notwithstanding any contrary provision of law, any unexpended balances on the books of the State Comptroller as of the last day of
 26 the previous biennium shall be continued in force for such period, not exceeding 10 days from such date, as may be necessary in
 27 order to permit payment of any claims, demands or liabilities incurred prior to such date and unpaid at the close of business on such
 28 date, and shown by audit in the Department of Accounts to be a just and legal charge, for values received as of the last day of the
 29 previous biennium, against such unexpended balances.

30 b. LIMITATIONS ON CASH DISBURSEMENTS.

31 Notwithstanding any contrary provision of law, the State Comptroller may begin preparing the accounts of the Commonwealth for
 32 each subsequent fiscal year on or about 10 days before the start of such fiscal year. The books will be open only to enter budgetary
 33 transactions and transactions that will not require the receipt or disbursement of funds until after June 30. Should an emergency
 34 arise, or in years in which July 1 falls on a weekend requiring the processing of transactions on or before June 30, the State
 35 Comptroller may, with notification to the Auditor of Public Accounts, authorize the disbursement of funds drawn against
 36 appropriations of the subsequent fiscal year, not to exceed the sum of three million dollars (\$3,000,000) from the general fund. This
 37 provision does not apply to debt service payments on bonds of the Commonwealth which shall be made in accordance with bond
 38 documents, trust indentures, and/or escrow agreements.

39 § 4-1.07 ALLOTMENTS

40 Except when otherwise directed by the Governor within the limits prescribed in §§ 4-1.02 Withholding of Spending Authority, 4-
 41 1.03 Appropriation Transfers, and 4-1.04 Appropriation Increases of this act, the Director, Department of Planning and Budget, shall
 42 prepare and act upon the allotment of appropriations required by this act, and by § 2.2-1819, Code of Virginia, and the authorizations
 43 for rates of pay required by this act. Such allotments and authorizations shall have the same effect as if the personal signature of the
 44 Governor were subscribed thereto. This section shall not be construed to prohibit an appeal by the head of any state agency to the
 45 Governor for reconsideration of any action taken by the Director, Department of Planning and Budget, under this section.

46 **§ 4-2.00 REVENUES**

47 § 4-2.01 NONGENERAL FUND REVENUES

48 a. SOLICITATION AND ACCEPTANCE OF DONATIONS, GIFTS, GRANTS, AND CONTRACTS:

49 1. a) No state agency shall solicit or accept any donation, gift, grant, or contract without the written approval of the Governor except
 50 under written guidelines issued by the Governor which provide for the solicitation and acceptance of nongeneral funds, except that
 51 donations or gifts to the Virginia War Memorial Foundation that are small in size and number and valued at less than \$5,000, such as

- 1 library items or small display items, may be approved by the Executive Director of the Virginia War Memorial in consultation
2 with the Secretary of Veterans Affairs and Homeland Security. All other gifts and donations to the Virginia War Memorial
3 Foundation must receive written approval from the Secretary of Veterans Affairs and Homeland Security.
- 4 b) The limits on solicitation and acceptance of donations, gifts, grants, and contracts stated in paragraph 1.a) above shall not
5 apply to donations, gifts, grants, and contracts associated with support and/or response to the needs and impacts of the COVID-
6 19 pandemic provided that acceptance of such does not create any ongoing commitments against general or nongeneral fund
7 resources of the Commonwealth.
- 8 2. The Governor may issue policies in writing for procedures which allow state agencies to solicit and accept nonmonetary
9 donations, gifts, grants, or contracts except that donations, gifts and grants of real property shall be subject to § 4-4.00 of this
10 act and § 2.2-1149, Code of Virginia. This provision shall apply to donations, gifts and grants of real property to endowment
11 funds of institutions of higher education, when such endowment funds are held by the institution in its own name and not by a
12 separately incorporated foundation or corporation.
- 13 3. The preceding subdivisions shall not apply to property and equipment acquired and used by a state agency or institution
14 through a lease purchase agreement and subsequently donated to the state agency or institution during or at the expiration of the
15 lease purchase agreement, provided that the lessor is the Virginia College Building Authority.
- 16 4. The use of endowment funds for property, plant or equipment for state-owned facilities is subject to §§ 4-2.03 Indirect Costs,
17 4-4.01 Capital Projects-General and 4-5.03 Services and Clients of this act.
- 18 5. Notwithstanding any other provision of law, public institutions of higher education may enter into agreements or contracts
19 with nonprofit organizations that provide funding for research or other mission related activities and require use of binding
20 arbitration or application of the laws of another jurisdiction, upon approval of the Office of the Attorney General.
- 21 b. HIGHER EDUCATION TUITION AND FEES
- 22 1. Except as provided in Chapters 933 and 943 of the 2006 Acts of Assembly, Chapters 594 and 616 of the 2008 Acts of
23 Assembly, and Chapters 675 and 685 of the 2009 Acts of Assembly, all nongeneral fund collections by public institutions of
24 higher education, including collections from the sale of dairy and farm products, shall be deposited in the state treasury in
25 accordance with § 2.2-1802, Code of Virginia, and expended by the institutions of higher education in accordance with the
26 appropriations and provisions of this act, provided, however, that this requirement shall not apply to private gifts, endowment
27 funds, or income derived from endowments and gifts.
- 28 2. a) The Boards of Visitors or other governing bodies of institutions of higher education may set tuition and fee charges at
29 levels they deem to be appropriate for all resident student groups based on, but not limited to, competitive market rates,
30 provided that the total revenue generated by the collection of tuition and fees from all students is within the nongeneral fund
31 appropriation for educational and general programs provided in this act.
- 32 b) The Boards of Visitors or other governing bodies of institutions of higher education may set tuition and fee charges at levels
33 they deem to be appropriate for all nonresident student groups based on, but not limited to, competitive market rates, provided
34 that: i) the tuition and mandatory educational and general fee rates for nonresident undergraduate and graduate students cover at
35 least 100 percent of the average cost of their education, as calculated through base adequacy guidelines adopted, and
36 periodically amended, by the Joint Subcommittee Studying Higher Education Funding Policies, and ii) the total revenue
37 generated by the collection of tuition and fees from all students is within the nongeneral fund appropriation for educational and
38 general programs provided in this act.
- 39 c) For institutions charging nonresident students less than 100 percent of the cost of education, the State Council of Higher
40 Education for Virginia may authorize a phased approach to meeting this requirement, when in its judgment, it would result in
41 annual tuition and fee increases for nonresident students that would discourage their enrollment.
- 42 d) The Boards of Visitors or other governing bodies of institutions of higher education shall not increase the current proportion
43 of nonresident undergraduate students if the institution's nonresident undergraduate enrollment exceeds 25 percent, unless: i)
44 such enrollment is intended to support workforce development needs within the Commonwealth of Virginia as identified in
45 consultation with the Virginia Economic Development Partnership, and ii) the number of in-state undergraduate students does
46 not drop below fall 2018 full-time equivalent census levels as certified by the State Council of Higher Education for Virginia.
47 Norfolk State University, Virginia Military Institute, Virginia State University, and two-year public institutions are exempt
48 from this restriction. Any such increases shall be limited to no more than a one percentage point increase over the prior year.
- 49 3. a) In setting the nongeneral fund appropriation for educational and general programs at the institutions of higher education,
50 the General Assembly shall take into consideration the appropriate student share of costs associated with providing full funding
51 of the base adequacy guidelines referenced in subparagraph 2. b), raising average salaries for teaching and research faculty to
52 the 60th percentile of peer institutions, and other priorities set forth in this act.
- 53 b) In determining the appropriate state share of educational costs for resident students, the General Assembly shall seek to

1 cover at least 67 percent of educational costs associated with providing full funding of the base adequacy guidelines referenced in
 2 subparagraph 2. b), raising average salaries for teaching and research faculty to the 60th percentile of peer institutions, and other
 3 priorities set forth in this act.

4 4. a) Each institution and the State Council of Higher Education for Virginia shall monitor tuition, fees, and other charges, as well as
 5 the mix of resident and nonresident students, to ensure that the primary mission of providing educational opportunities to citizens of
 6 Virginia is served, while recognizing the material contributions provided by the presence of nonresident students. The State Council
 7 of Higher Education for Virginia shall also develop and enforce uniform guidelines for reporting student enrollments and the
 8 domiciliary status of students.

9 b) The State Council of Higher Education for Virginia shall report to the Governor and the Chairmen of the House Appropriations
 10 and Senate Finance and Appropriations Committees no later than August 1 of each year the annual change in total charges for tuition
 11 and all required fees approved and allotted by the Board of Visitors. As it deems appropriate, the State Council of Higher Education
 12 for Virginia shall provide comparative national, peer, and market data with respect to charges assessed students for tuition and
 13 required fees at institutions outside of the Commonwealth.

14 c) Institutions of higher education are hereby authorized to make the technology service fee authorized in Chapter 1042, 2003 Acts
 15 of Assembly, part of ongoing tuition revenue. Such revenues shall continue to be used to supplement technology resources at the
 16 institutions of higher education.

17 d) Except as provided in Chapters 933 and 943 of the 2006 Acts of Assembly, Chapters 594 and 616 of the 2008 Acts of Assembly,
 18 Chapters 675 and 685 of the 2009 Acts of Assembly, and Chapters 144 and 145 of the 2019 Acts of Assembly, each institution shall
 19 work with the State Council of Higher Education for Virginia and the Virginia College Savings Plan to determine appropriate tuition
 20 and fee estimates for tuition savings plans.

21 5. It is the intent of the General Assembly that each institution's combined general and nongeneral fund appropriation within its
 22 educational and general program closely approximate the anticipated annual budget each fiscal year.

23 6. Nonresident graduate students employed by an institution as teaching assistants, research assistants, or graduate assistants and
 24 paid at an annual contract rate of \$4,000 or more may be considered resident students for the purposes of charging tuition and fees.

25 7. The fund source "Higher Education Operating" within educational and general programs for institutions of higher education
 26 includes tuition and fee revenues from nonresident students to pay their proportionate share of the amortized cost of the construction
 27 of buildings approved by the Commonwealth of Virginia Educational Institutions Bond Act of 1992 and the Commonwealth of
 28 Virginia Educational Facilities Bond Act of 2002.

29 8. a) 1) Except as provided in Chapters 933 and 943 of the 2006 Acts of Assembly, Chapters 594 and 616 of the 2008 Acts of
 30 Assembly, Chapters 675 and 685 of the 2009 Acts of Assembly, and Chapters 124 and 125 of the 2019 Acts of Assembly,
 31 mandatory fees for purposes other than educational and general programs shall not be increased for Virginia undergraduates beyond
 32 three percent annually, excluding requirements for wage, salary, and fringe benefit increases, authorized by the General Assembly.
 33 Fee increases required to carry out actions that respond to mandates of federal agencies are also exempt from this provision,
 34 provided that a report on the purposes of the amount of the fee increase is submitted to the Chairmen of the House Appropriations
 35 and Senate Finance and Appropriations Committees by the institution of higher education at least 30 days prior to the effective date
 36 of the fee increase.

37 2) The University of Mary Washington is hereby authorized to undertake a review of its tuition and fee structure for the purpose of
 38 more closely aligning auxiliary fees, including room, board, and the comprehensive fee, with auxiliary expenditure budgets.
 39 Adjustments to mandatory fees in auxiliary programs may exceed three percent subject to annual approval by the University's Board
 40 of Visitors to the extent required to effect budgetary alignment of revenues and expenditures. This exemption will be limited to the
 41 period beginning in fiscal year 2019-20 and extending through the end of fiscal year 2023-24.

42 b) This restriction shall not apply in the following instances: fee increases directly related to capital projects authorized by the
 43 General Assembly; fee increases to support student health services; and other fee increases specifically authorized by the General
 44 Assembly.

45 c) Due to the small mandatory non-educational and general program fees currently assessed students in the Virginia Community
 46 College System, increases in any one year of no more than \$15 shall be allowed on a cost-justified case-by-case basis, subject to
 47 approval by the State Board for Community Colleges.

48 9. Any institution of higher education granting new tuition waivers to resident or nonresident students not authorized by the Code of
 49 Virginia must absorb the cost of any discretionary waivers.

50 10. Tuition and fee revenues from nonresident students taking courses through Virginia institutions from the Southern Regional
 51 Education Board's Southern Regional Electronic Campus must exceed all direct and indirect costs of providing instruction to those
 52 students. Tuition and fee rates to meet this requirement shall be established by the Board of Visitors of the institution.

53 c. HIGHER EDUCATION PLANNED EXCESS REVENUES:

1 An institution of higher education, except for those public institutions governed by Chapters 933 and 943 of the 2006 Acts of
 2 Assembly, Chapters 594 and 616 of the 2008 Acts of Assembly, Chapters 675 and 685 of the 2009 Acts of Assembly, and
 3 Chapters 124 and 125 of the 2019 Acts of Assembly, may generate and retain tuition and fee revenues in excess of those
 4 provided in § 4-2.01 b Higher Education Tuition and Fees, subject to the following:

- 5 1. Such revenues are identified by language in the appropriations in this act to any such institution.

- 40 b) insufficient moneys are available in the first year of the biennium for start-up of General Assembly-approved action, or
- 41 c) delay pending action by the General Assembly at its next legislative session will result in the curtailment of services required
42 by statute or those required by federal mandate or will produce a threat to life, safety, health or property.
- 43 d) Such approval by the Governor shall be in writing under the conditions described in § 4-3.02 a Authorized Deficit Loans of
44 this act and shall be promptly communicated to the Chairmen of the House Appropriations and Senate Finance and

 31 provisions of this section, the amount authorized shall be obtained by the agency by borrowing the authorized amount on such terms
 32 and from such sources as may be approved by the Governor. At the close of business on the last day of the current biennium, any

 32 program approved by the General Assembly.
- 33 h. Initiation Generally:
- 34 1. No architectural or engineering planning for, or construction of, or purchase of any capital project shall be commenced or
 35 revised without the prior written approval of the Governor or his designee.
- 36 2. The requirements of § 10.1-1190, Code of Virginia, shall be met prior to the release of funds for a major state project,
 37 provided, however, that the Governor or his designee is authorized to release from any appropriation for a major state project
 38 made pursuant to this act such sum or sums as may be necessary to pay for the preparation of the environmental impact report
 39 required by § 10.1-1188, Code of Virginia.
- 40 3. The Governor, at his discretion, or his designee may release from any capital project appropriation or reappropriation made
 41 pursuant to this act such sum (or sums) as may be necessary to pay for the preparation of plans and specifications by architects
 42 and engineers, provided that the estimated cost of the construction covered by such drawings and specifications does not exceed
 43 the appropriation therefor; provided, further, however, that the architectural and engineering fees paid on completion of the
 44 preliminary design for any such project may be based on such estimated costs as may be approved by the Governor in writing,
 45 where it is shown to the satisfaction of the Governor that higher costs of labor or material, or both, or other unforeseen
 46 conditions, have made the appropriation inadequate for the completion of the project for which the appropriation was made,
 47 and where in the judgment of the Governor such changed conditions justify the payment of architectural or engineering fees
 48 based on costs exceeding the appropriation.
- 49 4. Architectural or engineering contracts shall not be awarded in perpetuity for capital projects at any state institution, agency or
 50 activity.
- 51 i. Capital Projects Financed with Bonds: Capital projects proposed to be financed with (i) 9 (c) general obligation bonds or (ii)
 52 9(d) obligations where debt service is expected to be paid from project revenues or revenues of the agency or institution, shall
 53 be reviewed as follows:

- 1 1. By August 15 of each year, requests for inclusion in the Executive Budget of capital projects to be financed with 9(c) general
 2 obligation bonds shall be submitted to the State Treasurer for evaluation of financial feasibility. Submission shall be in accordance
 3 with the instructions prescribed by the State Treasurer. The State Treasurer shall distribute copies of financial feasibility studies to
 4 the Director, Department of Planning and Budget, the Secretary for the submitting agency or institution, the Chairmen of the House
 5 Appropriations and Senate Finance and Appropriations Committees, and the Director, State Council of Higher Education for
 6 Virginia, if the project is requested by an institution of higher education.
- 7 2. By August 15 of each year, institutions shall also prepare and submit copies of financial feasibility studies to the State Council of
 8 Higher Education for Virginia for 9(d) obligations where debt service is expected to be paid from project revenues or revenues of the
 9 institution. The State Council of Higher Education for Virginia shall identify the impact of all projects requested by the institutions
 10 of higher education, and as described in § 4-4.01 j.1. of this act, on the current and projected cost to students in institutions of higher
 11 education and the impact of the project on the institution's need for student financial assistance. The State Council of Higher
 12 Education for Virginia shall report such information to the Secretary of Finance and the Chairmen of the House Appropriations and
 13 Senate Finance and Appropriations Committees no later than October 1 of each year.
- 14 3. Prior to the issuance of debt for 9(c) general obligation projects, when more than one year has elapsed since the review of
 15 financial feasibility specified in § 4-4.01 j 1 above, an updated feasibility study shall be prepared by the agency and reviewed by the
 16 State Treasurer prior to requesting the Governor's Opinion of Financial Feasibility required under Article X, Section 9 (c), of the
 17 Constitution of Virginia.
- 18 j. Transfers to supplement capital projects from nongeneral funds may be made under the conditions set forth in §§ 4-1.03 a, 4-1.04
 19 a.3, and 4-4.01 l of this act.
- 20 k.1. Change in Size and Scope: Unless otherwise provided by law, the scope, which is the function or intended use, of any capital
 21 project may not be substantively changed, nor its size increased or decreased by more than five percent in size beyond the plans and
 22 justification which were the basis for the appropriation or reappropriation in this act or for the Governor's authorization pursuant to §
 23 4-4.01 l of this act. However, this prohibition is not applicable to changes in size and scope required because of circumstances
 24 determined by the Governor to be an emergency, or requirements imposed by the federal government when such capital project is
 25 for armories or other defense-related installations and is funded in whole or in part by federal funds. Furthermore, this prohibition
 26 shall not apply to minor increases, beyond five percent, in square footage determined by the Director, Department of General
 27 Services, to be reasonable and appropriate based on a written justification submitted by the agency stating the reason for the
 28 increase, with the provision that such increase will not increase the cost of the project beyond the amount appropriated; nor to
 29 decreases in size beyond five percent to offset unbudgeted costs when such costs are determined by the Director, Department of
 30 Planning and Budget, to be reasonable based on a written justification submitted by the agency specifying the amount and nature of
 31 the unbudgeted costs and the types of actions that will be taken to decrease the size of the project. The written justification shall also
 32 include a certification, signed by the agency head, that the resulting project will be consistent with the original programmatic intent
 33 of the appropriations.
- 34 2. If space planning, energy conservation, and environmental standards guides for any type of construction have been approved by
 35 the Governor or the General Assembly, the Governor shall require capital projects to conform to such planning guides.
- 36 l. Projects Not Included In This Act:
- 37 1. Authorization by Governor:
- 38 a) The Governor may authorize initiation of, planning for, construction of or acquisition of a nongeneral fund capital project not
 39 specifically included in this act or provided for a program approved by the General Assembly through appropriations, under one or
 40 more of the following conditions:
- 41 1) The project is required to meet an emergency situation.
- 42 2) The project is to be operated as an auxiliary enterprise or sponsored program in an institution of higher education and will be fully
 43 funded by revenues of auxiliary enterprises or sponsored programs.
- 44 3) The project is to be operated as an educational and general program in an institution of higher education and will be fully funded
 45 by nongeneral fund revenues of educational and general programs or from private gifts and indirect cost recoveries.
- 46 4) The project consists of plant or property which has become available or has been received as a gift.
- 47 5) The project has been recommended for funding by the Tobacco Indemnification and Community Revitalization Commission or
 48 the Virginia Tobacco Settlement Foundation.
- 49 b) The foregoing conditions are subject to the following criteria:
- 50 1) Funds are available within the appropriations made by this act (including those subject to §§ 4-1.03 a, 4-1.04 a.3, and 4-2.03)
 51 without adverse effect on other projects or programs, or from unappropriated nongeneral fund revenues or balances.

- 1 2) In the Governor's opinion such action may avoid an increase in cost or otherwise result in a measurable benefit to the state.
- 2 3) The authorization includes a detailed description of the project, the project need, the total project cost, the estimated
3 operating costs, and the fund sources for the project and its operating costs.
- 4 4) The Chairmen of the House Appropriations and Senate Finance and Appropriations Committees shall be notified by the
5 Governor prior to the authorization of any capital project under the provisions of this subsection.
- 6 5) Permanent funding for any project initiated under this section shall only be from nongeneral fund sources.
- 7 2. Authorization by Director, Department of Planning and Budget:
- 8 a) The Director, Department of Planning and Budget, may authorize initiation of a capital project not included in this act, if the
9 General Assembly has enacted legislation to fund the project from bonds of the Virginia Public Building Authority, Virginia
10 College Building Authority, or from reserves created by refunding of bonds issued by those Authorities.
- 11 3. Delegated authorization by Boards of Visitors, Public Institutions of Higher Education:
- 12 a) In accordance with § 4-5.06 of this act, the board of visitors of any public institution of higher education that: i) has met the
13 eligibility criteria set forth in Chapters 933 and 945 of the 2005 Acts of Assembly for additional operational and administrative
14 autonomy, including having entered into a memorandum of understanding with the Secretary of Administration for delegated
15 authority of nongeneral fund capital outlay projects, and ii) has received a sum sufficient nongeneral fund appropriation for
16 emergency projects as set out in Part 2: Capital Project Expenses of this act, may authorize the initiation of any capital project
17 that is not specifically set forth in this act provided that the project meets at least one of the conditions and criteria identified in
18 § 4-4.01 1 1 of this act.
- 19 b) At least 30 days prior to the initiation of a project under this provision, the board of visitors must notify the Governor and
20 Chairmen of the House Appropriations and Senate Finance and Appropriations Committees and must provide a life-cycle
21 budget analysis of the project. Such analysis shall be in a form to be prescribed by the Auditor of Public Accounts.
- 22 c) The Commonwealth of Virginia shall have no general fund obligation for the construction, operation, insurance, routine
23 maintenance, or long-term maintenance of any project authorized by the board of visitors of a public institution of higher
24 education in accordance with this provision.
- 25 m. Acquisition, maintenance, and operation of buildings and nonbuilding facilities in colleges and universities shall be subject
26 to the following policies:
- 27 1. The anticipated program use of the building or nonbuilding facility should determine the funding source for expenditures for
28 acquisition, construction, maintenance, operation, and repairs.
- 29 2. For new campuses to be established within the Virginia Community College System, expenditures for land acquisition, site
30 preparation beyond five feet from a building, and the construction of additional outdoor lighting, sidewalks, outdoor athletic
31 and recreational facilities, and parking lots in the Virginia Community College System shall be made only from appropriated
32 federal funds, Trust and Agency funds, including local government allocations or appropriations, or the proceeds of
33 indebtedness authorized by the General Assembly.
- 34 3. The general policy of the Commonwealth shall be that parking services are to be operated as an auxiliary enterprise by all
35 colleges and universities. Institutions should develop sufficient reserves for ongoing maintenance and replacement of parking
36 facilities.
- 37 4. Except as provided in paragraph 2 above, expenditures for maintenance, replacement, and repair of outdoor lighting,
38 sidewalks, and other infrastructure facilities may be made from any appropriated funds.
- 39 5. Expenditures for operations, maintenance, and repair of athletic, recreational, and public service facilities, both indoor and
40 outdoor, should be from nongeneral funds. However, this condition shall not apply to any indoor recreational facility existing
41 on a community college campus as of July 1, 1988.
- 42 6.a.1. At institutions of higher education that have met the eligibility criteria for additional operational and administrative
43 authority as set forth in Chapters 933 and 945 of the 2005 Acts of Assembly or Chapters 824 and 829 of the 2008 Acts of
44 Assembly, any repair, renovation, or new construction project costing up to \$3,000,000 shall be exempt from the capital outlay
45 review and approval process. For purposes of this paragraph, projects shall not include any subset of a series of projects, which
46 in combination would exceed the \$3,000,000 maximum.
- 47 2. All state agencies and institutions of higher education shall be exempt from the capital review and approval process for
48 repair, renovation, or new construction projects costing up to \$3,000,000.
- 49 b. Blanket authorizations funded entirely by nongeneral funds may be used for 1) renovation and infrastructure projects costing
50 up to \$3,000,000 and 2) the planning of nongeneral fund new construction and renovation projects through bidding, with bid

- 1 award made after receipt of a construction authorization. The Director, Department of Planning and Budget, may provide
2 exemptions to the threshold.
- 3 7. It is the policy of the Commonwealth that the institutions of higher education shall treat the maintenance of their facilities as a
4 priority for the allocation of resources. No appropriations shall be transferred from the "Operation and Maintenance of Plant"
5 subprogram except for closely and definitely related purposes, as approved by the Director, Department of Planning and Budget, or
6 his designee. A report providing the rationale for each approved transfer shall be made to the Chairmen of the House Appropriations
7 and Senate Finance and Appropriations Committees.
- 8 n. Legislative Intent and Reporting: Appropriations for capital projects shall be deemed to have been made for purposes which
9 require their expenditure, or being placed under contract for expenditure, during the current biennium. Agencies to which such
10 appropriations are made in this act or any other act are required to report progress as specified by the Governor. If, in the opinion of
11 the Governor, these reports do not indicate satisfactory progress, he is authorized to take such actions as in his judgment may be
12 necessary to meet legislative intent as herein defined. Reporting on the progress of capital projects shall be in accordance with § 4-
13 8.00, Reporting Requirements.
- 14 o. No expenditure from a general fund appropriation in this act shall be made to expand or enhance a capital outlay project beyond
15 that anticipated when the project was initially approved by the General Assembly except to comply with requirements imposed by
16 the federal government when such capital project is for armories or other defense-related installations and is funded in whole or in
17 part by federal funds. General fund appropriations in excess of those necessary to complete the project shall not be reallocated to
18 expand or enhance the project, or be reallocated to a different project. The prohibitions in this subsection shall not apply to transfers
19 from projects for which reappropriations have been authorized.
- 20 p. Local or private funds to be used for the acquisition, construction or improvement of capital projects for state agency use as owner
21 or lessee shall be deposited into the state treasury for appropriation prior to their expenditure for such projects.
- 22 q. State-owned Registered Historic Landmarks: To guarantee that the historical and/or architectural integrity of any state-owned
23 properties listed on the Virginia Landmarks Register and the knowledge to be gained from archaeological sites will not be adversely
24 affected because of inappropriate changes, the heads of those agencies in charge of such properties are directed to submit all plans
25 for significant alterations, remodeling, redecoration, restoration or repairs that may basically alter the appearance of the structure,
26 landscaping, or demolition to the Department of Historic Resources. Such plans shall be reviewed within thirty days and the
27 comments of that department shall be submitted to the Governor through the Department of General Services for use in making a
28 final determination.
- 29 r.1. The Governor may authorize the conveyance of any interest in property or improvements thereon held by the Commonwealth to
30 the educational or real estate foundation of any institution of higher education where he finds that such property was acquired with
31 local or private funds or by gift or grant to or for the use of the institution, and not with funds appropriated to the institution by the
32 General Assembly. Any approved conveyance shall be exempt from § 2.2-1156, Code of Virginia, and any other statute concerning
33 conveyance, transfer or sale of state property. If the foundation conveys any interest in the property or any improvements thereon,
34 such conveyance shall likewise be exempt from compliance with any statute concerning disposition of state property. Any income or
35 proceeds from the conveyance of any interest in the property shall be deemed to be local or private funds and may be used by the
36 foundation for any foundation purpose.
- 37 2. This section shall not apply to public institutions of higher education governed by Chapters 933 and 943 of the 2006 Acts of
38 Assembly, Chapters 594 and 616 of the 2008 Acts of Assembly, Chapters 824 and 829 of the 2008 Acts of Assembly, Chapters 675
39 and 685 of the 2009 Acts of Assembly, and Chapters 124 and 125 of the 2019 Acts of Assembly.
- 40 s.1. Facility Lease Agreements Involving Institutions of Higher Education: In the case of any lease agreement involving state-owned
41 property controlled by an institution of higher education, where the lease has been entered into consistent with the provisions of §
42 2.2-1155, Code of Virginia, the Governor may amend, adjust or waive any project review and reporting procedures of Executive
43 agencies as may reasonably be required to promote the property improvement goals for which the lease agreement was developed.
- 44 2. This section shall not apply to public institutions of higher education governed by Chapters 933 and 943 of the 2006 Acts of
45 Assembly, Chapters 594 and 616 of the 2008 Acts of Assembly, Chapters 824 and 829 of the 2008 Acts of Assembly, Chapters 675
46 and 685 of the 2009 Acts of Assembly, and Chapters 124 and 125 of the 2019 Acts of Assembly.
- 47 t. Energy-efficiency Projects: Improvements to state-owned properties for the purpose of energy-efficiency shall be treated as
48 follows:
- 49 1. Such improvements shall be considered an operating expense, provided that:
- 50 a) the scope of the project meets or exceeds the applicable energy-efficiency standards set forth in the American Society of Heating,
51 Refrigerating, and Air Conditioning Engineers (ASHRAE), the Illuminating Engineering Society (IES) standard 90.1-1989 and is
52 limited to measures listed in guidelines issued by the Department of General Services;
- 53 b) the project is financed consistent with the provisions of § 2.2-2417, Code of Virginia, which requires Treasury Board approval

- 1 and is executed through a nonprofessional services contract with a vendor approved by the Department of General Services;
- 2 c) the scope of work has been reviewed and recommended by the Department of Energy;
- 3 d) the total cost does not exceed \$3,000,000; and
- 4 e) if the total cost exceeds \$3,000,000, but does not exceed \$7,000,000, the energy savings from the project offset the total cost
5 of the project, including debt service and interest payments.
- 6 2. If (a) the total cost of the improvement exceeds \$7,000,000 or (b) the total cost exceeds \$3,000,000, but does not exceed
7 \$7,000,000, and the energy savings from the project do not fully offset the total cost of the project, including debt services and
8 interest payments, the improvement shall be considered a capital expense regardless of the type of improvement and the
9 following conditions must be met:
- 10 a) the scope of the project meets or exceeds the applicable energy-efficiency standards set forth in the American Society of
11 Heating, Refrigerating, and Air Conditioning Engineers (ASHRAE), the Illuminating Engineering Society (IES) standard 90.1-
12 1989 and is limited to measures listed in guidelines issued by the Department of General Services;
- 13 b) the project is financed consistent with the provisions of § 2.2-2417, Code of Virginia, which requires Treasury Board
14 approval and is executed through a nonprofessional services contract with a vendor approved by the Department of General
15 Services;
- 16 c) the scope of work has been reviewed and recommended by the Department of Energy;
- 17 d) the project has been reviewed by the Department of Planning and Budget; and
- 18 e) the project has been approved by the Governor.
- 19 3. If the total project exceeds \$250,000, the agency director will submit written notification to the Director, Department of
20 Planning and Budget, verifying that the project meets all of the conditions in subparagraph 1 above.
- 21 The provisions of §§ 2.0 and 4-4.01 of this act and the provisions of § 2.2-1132, Code of Virginia, shall not apply to energy
22 conservation projects that qualify as capital expenses.
- 23 4. As used in this paragraph, “improvement” does not include (a) constructing, enlarging, altering, repairing or demolishing a
24 building or structure, (b) changing the use of a building either within the same use group or to a different use group when the
25 new use requires greater degrees of structural strength, fire protection, exit facilities or sanitary provisions, or (c) removing or
26 disturbing any asbestos-containing materials during demolition, alteration, renovation of or additions to building or structures,
27 If the projected scope of an energy-efficiency project includes any of these elements, it shall be subject to the capital outlay
28 process as set out in this section.
- 29 5. The Director, Department of Planning and Budget, shall notify the Chairmen of the House Appropriations and Senate
30 Finance and Appropriations Committees upon the initiation of any energy-efficiency projects under the provisions of this
31 paragraph.
- 32 u. No expenditures shall be authorized for the purchase of fee simple title to any real property to be used for a correctional
33 facility or for the actual construction of a correctional facility provided for in this act, or by reference hereto, that involves
34 acquisition or new construction of youth or adult correctional facilities on real property which was not owned by the
35 Commonwealth on January 1, 1995, until the governing body of the county, city or town wherein the project is to be located
36 has adopted a resolution supporting the location of such project within the boundaries of the affected jurisdiction. The
37 foregoing does not prohibit expenditures for site studies, real estate options, correctional facility design and related
38 expenditures.
- 39 v. Except for institutions of higher education governed by Chapters 933 and 943 of the 2006 Acts of Assembly, Chapters 594
40 and 616 of the 2008 Acts of Assembly, Chapters 675 and 685 of the 2009 Acts of Assembly, and Chapters 124 and 125 of the
41 2019 Acts of Assembly, any alternative financing agreement entered into between a state agency or institution of higher
42 education and a private entity or affiliated foundation must be reviewed and approved by the Treasury Board.
- 43 w. Prior to requesting authorization for new dormitory capital projects, institutions of higher education shall conduct a cost
44 study to determine whether an alternative financing arrangement or public-private transaction would provide a more effective
45 option for the construction of the proposed facility. This study shall be submitted to the Department of Planning and Budget as
46 part of the budget development process and shall be evaluated by the Governor prior to submitting his proposed budget.
- 47 x. Construction or improvement projects of the Department of Military Affairs are not exempt from the capital outlay review
48 process when the state procurement process is utilized, except for those projects with both an estimated cost of \$3,000,000 or
49 less and are 100 percent federally reimbursed. The Department of Military Affairs shall submit by July 30 of each year to the
50 Department of Planning and Budget a list of such projects that were funded pursuant to this exemption in the previous fiscal

1 year and any projects that would be eligible for such funding in future fiscal years.

2 § 4-4.02 PLANNING AND BUDGETING

3 a. It shall be the intent of the General Assembly to make biennial appropriations for a capital improvements program sufficient to
4 address the program needs of the Commonwealth. The capital improvements program shall include maintenance and deferred
5 maintenance of the Commonwealth's existing facilities, and of the facility requirements necessary to deliver the programs of state
6 agencies and institutions.

7 b. In effecting these policies, the Governor shall establish a capital budget plan to address the renewal and replacement of the
8 Commonwealth's physical plant, using such guidelines as recommended by industry or government to maintain the Commonwealth's
9 investment in its property and plant.

10 **§ 4-5.00 SPECIAL CONDITIONS AND RESTRICTIONS ON EXPENDITURES**

11 § 4-5.01 TRANSACTIONS WITH INDIVIDUALS

12 a. SETTLEMENT OF CLAIMS: Whenever a dispute, claim or controversy involving the interest of the Commonwealth is settled
13 pursuant to § 2.2-514, Code of Virginia, payment may be made out of any appropriations, designated by the Governor, to the state
14 agency(ies) which is (are) party to the settlement.

15 b. STUDENT FINANCIAL ASSISTANCE FOR HIGHER EDUCATION:

16 I. General:

17 a) The appropriations made in this act to state institutions of higher education within the Items for student financial assistance may
18 be expended for any one, all, or any combination of the following purposes: grants to undergraduate students enrolled at least one-
19 half time in a degree, certificate, industry-based certification and related programs that do not qualify for other sources of student
20 financial assistance or diploma program; grants to full-time graduate students; graduate assistantships: grants to students enrolled
21 full-time in a dual or concurrent undergraduate and graduate program. The institutions may also use these appropriations for the
22 purpose of supporting work study programs. The institution is required to transfer to educational and general appropriations all funds
23 used for work study or to pay graduate assistantships. Institutions may also contribute to federal or private student grant aid
24 programs requiring matching funds by the institution, except for programs requiring work. The State Council of Higher Education
25 for Virginia shall annually review each institution's plan for the expenditures of its general fund appropriation for undergraduate
26 student financial assistance prior to the start of the fall term to determine program compliance. The institution's plan shall include the
27 institution's assumptions and calculations for determining the cost of attendance, student financial need, and student remaining need
28 as well as an award schedule or description of how funds are awarded. For the purposes of the proposed plan, each community
29 college shall be considered independently. No limitations shall be placed on the awarding of nongeneral fund appropriations made in
30 this act to state institutions of higher education within the Items for student financial assistance other than those found previously in
31 this paragraph and as follows: (i) funds derived from in-state student tuition will not subsidize out-of-state students, (ii) students
32 receiving these funds must be making satisfactory academic progress, (iii) awards made to students should be based primarily on
33 financial need, and (iv) institutions should make larger grant and scholarship awards to students taking the number of credit hours
34 necessary to complete a degree in a timely manner.

35 b) All awards made to undergraduate students from such Items shall be for Virginia students only and such awards shall offset all, or
36 portions of, the costs of tuition and required fees, and, in the case of students qualifying under subdivision b 2 c)1) hereof, the cost of
37 books. All undergraduate financial aid award amounts funded by this appropriation shall be proportionate to the remaining need of
38 individual students, with students with higher levels of remaining need receiving grants before other students. No criteria other than
39 the need of the student shall be used to determine the award amount. Because of the low cost of attendance and recognizing that
40 federal grants provide a much higher portion of cost than at other institutions, a modified approach and minimum award amount for
41 the neediest VGAP student should be implemented for community college and Richard Bland College students based on remaining
42 need and the combination of federal and grant state aid. Student financial need shall be determined by a need-analysis system
43 approved by the Council.

44 c)1) All need-based awards made to graduate students shall be determined by the use of a need-analysis system approved by the
45 Council.

46 2) As part of the six-year financial plans required in the provisions of Chapters 933 and 945 of the 2005 Acts of Assembly, each
47 institution of higher education shall report the extent to which tuition and fee revenues are used to support graduate student aid and
48 graduate compensation and how the use of these funds impacts planned increases in student tuition and fees.

49 d) A student who receives a grant under such Items and who, during a semester, withdraws from the institution which made the
50 award must surrender the unearned portion. The institution shall calculate the unearned portion of the award based on the percentage
51 used for federal Return to Title IV program purposes.

52 e) An award made under such Items to assist a student in attending an institution's summer session shall be prorated according to the
53 size of comparable awards made in that institution's regular session.

- 1 f) The provisions of this act under the heading "Student Financial Assistance for Higher Education" shall not apply to (1) the
2 soil scientist scholarships authorized under § 23.1-615, Code of Virginia and (2) need-based financial aid programs for
3 industry-based certification and related programs that do not qualify for other sources of student financial assistance, which will
4 be subject to guidelines developed by the State Council of Higher Education for Virginia.
- 5 g) Unless noted elsewhere in this act, general fund awards shall be named "Commonwealth" grants.
- 6 h) Unless otherwise provided by statute, undergraduate awards shall not be made to students seeking a second or additional
7 baccalaureate degree until the financial aid needs of first-degree seeking students are fully met.
- 8 2. Grants To Undergraduate Students:
- 9 a) Each institution which makes undergraduate grants paid from its appropriation for student financial assistance shall expend
10 such sums as approved for that purpose by the Council.
- 11 b) A student receiving an award must be duly admitted and enrolled in a degree, certificate or diploma program at the
12 institution making the award, and shall be making satisfactory academic progress as defined by the institution for the purposes
13 of eligibility under Title IV of the federal Higher Education Act, as amended.
- 14 c)1) It is the intent of the General Assembly that students eligible under the Virginia Guaranteed Assistance Program (VGAP)
15 authorized in Title 23.1, Chapter 4.4:2, Code of Virginia, shall receive grants before all other students at the same institution
16 with equivalent remaining need from the appropriations for undergraduate student financial assistance found in Part 1 of this
17 act (service area 1081000 - Scholarships). In each instance, VGAP eligible students shall receive awards greater than other
18 students with equivalent remaining need.
- 19 2) The amount of each VGAP grant shall vary according to each student's remaining need and the total of tuition, all required
20 fees and the cost of books at the institution the student will attend upon acceptance for admission. The actual amount of the
21 VGAP award will be determined by the proportionate award schedule adopted by each institution; however, those students with
22 the greatest financial need shall be guaranteed an award at least equal to tuition.
- 23 3) It is the intent of the General Assembly that the Virginia Guaranteed Assistance Program serve as an incentive to financially
24 needy students now attending elementary and secondary school in Virginia to raise their expectations and their academic
25 performance and to consider higher education an achievable objective in their futures.
- 26 4) Students may not receive a VGAP and a Commonwealth grant in the same semester.
- 27 3. Grants To Graduate Students:
- 28 a) An individual award may be based on financial need but may, in addition to or instead of, be based on other criteria
29 determined by the institution making the award. The amount of an award shall be determined by the institution making the
30 award; however, the Council shall annually be notified as to the maximum size of a graduate award that is paid from funds in
31 the appropriation.
- 32 b) A student receiving a graduate award paid from the appropriation must be duly admitted into a graduate degree program at
33 the institution making the award.
- 34 c) Not more than 50 percent of the funds designated by an institution as graduate grants from the appropriation, and approved
35 as such by the Council, shall be awarded to persons not eligible to be classified as Virginia domiciliary resident students except
36 in cases where the persons meet the criteria outlined in § 4-2.01b.6.
- 37 4. Matching Funds: Any institution of higher education may, with the approval of the Council, use funds from its appropriation
38 for fellowships and scholarships to provide the institutional contribution to any student financial aid program established by the
39 federal government or private sources which requires the matching of the contribution by institutional funds, except for
40 programs requiring work.
- 41 5. Discontinued Loan Program:
- 42 a) If any federal student loan program for which the institutional contribution was appropriated by the General Assembly is
43 discontinued, the institutional share of the discontinued loan program shall be repaid to the fund from which the institutional
44 share was derived unless other arrangements for the use of the funds are recommended by the Council and approved by the
45 Department of Planning and Budget. Should the institution be permitted to retain the federal contributions to the program, the
46 funds shall be used according to arrangements authorized by the Council and approved by the Department of Planning and
47 Budget.
- 48 b)1) An institution of higher education may discontinue its student loan fund established pursuant to Title 23.1, Chapter 4.01,
49 Code of Virginia. The full amount of cash in such discontinued loan fund shall be paid into the state treasury into a
50 nonrevertible nongeneral fund account. Prior to such payment, the State Comptroller shall verify its accuracy, including the fact

1 that the cash held by the institution in the loan fund will be fully depleted by such payment. The loan fund shall not be reestablished
2 thereafter for that institution.

3 2) The cash so paid into the state treasury shall be used only for grants to undergraduate and graduate students in the Higher
4 Education Student Financial Assistance program according to arrangements authorized by the Council and approved by the
5 Department of Planning and Budget.

6 3) Payments on principal and interest of any promissory notes held by the discontinued loan fund shall continue to be received by
7 the institution, which shall deposit such payments in the state treasury to the nonrevertible nongeneral fund account specified in
8 subdivision (1) preceding, to be used for grants as specified in subdivision (2) preceding.

9 6. Reporting: The Council shall collect student-specific information for undergraduate students as is necessary for the operation of
10 the Student Financial Assistance Program. The Council shall maintain regulations governing the operation of the Student Financial
11 Assistance Program based on the provisions outlined in this section, the Code of Virginia, and State Council policy.

12 C. PAYMENTS TO CITIZEN MEMBERS OF NONLEGISLATIVE BODIES:

13 Notwithstanding any other provision of law, executive branch agencies shall not pay compensation to citizen members of boards,
14 commissions, authorities, councils, or other bodies from any fund for the performance of such members' duties in the work of the
15 board, commission, authority, council, or other body.

16 d. VIRGINIA BIRTH-RELATED NEUROLOGICAL INJURY COMPENSATION PROGRAM

17 Notwithstanding any other provision of law, the Virginia Birth-Related Neurological Injury Compensation Program is authorized to

20 are, incurred as a result of the admitted claimant's birth-related neurological injury and for the admitted claimant's benefit. Provided,
21 however, that the Program shall reimburse, upon receipt of proof of payment, solely the portion of the premiums that is attributable
22 to the admitted claimant's post-admission coverage from the effective date of this provision forward and paid for by the admitted
23 claimant's parent or legal guardian.

24 § 4-5.02 THIRD PARTY TRANSACTIONS

25 a. EMPLOYMENT OF ATTORNEYS:

26 1.a) All attorneys authorized by this act to be employed by any state agency and all attorneys compensated out of any moneys
27 appropriated in this session of the General Assembly shall be appointed by the Attorney General and be in all respects subject to the
28 provisions of Title 2.2, Chapter 5, Code of Virginia, to the extent not to conflict with Title 12.1, Chapter 4, Code of Virginia;
29 provided, however, that if the Governor certifies the need for independent legal counsel for any Executive Department agency, such
30 agency shall be free to act independently of the Office of the Attorney General in regard to selection, and provided, further, that
31 compensation of such independent legal counsel shall be paid from the moneys appropriated to such Executive Department agency
32 or from the moneys appropriated to the Office of the Attorney General.

33 b) For purposes of this act, "attorney" shall be defined as an employee or contractor who represents an agency before a court, board
34 or agency of the Commonwealth of Virginia or political subdivision thereof. This term shall not include members of the bar
35 employed by an agency who perform in a capacity that does not require a license to practice law, including but not limited to,
36 instructing, managing, supervising or performing normal or customary duties of that agency.

37 2. This section does not apply to attorneys employed by state agencies in the Legislative Department, Judicial Department or
38 Independent Agencies.

39 3. Reporting on employment of attorneys shall be in accordance with § 4-8.00, Reporting Requirements.

40 4. Notwithstanding § 2.2-510.1 of the Code of Virginia and any other conflicting provision of law, the Virginia Retirement System
41 may enter into agreements to seek i) recovery of investment losses in foreign jurisdictions, and ii) legal advice related to its
42 investments. Any such agreements shall be reported to the Office of the Attorney General as soon as practicable.

43 b. STUDIES AND CONSULTATIVE SERVICES REQUIRED BY GENERAL ASSEMBLY: No expenditure for payments on
44 third party nongovernmental contracts for studies or consultative services shall be made out of any appropriation to the General
45 Assembly or to any study group created by the General Assembly, nor shall any such expenditure for third party nongovernmental
46 contracts be made by any Executive Department agency in response to a legislative request for a study, without the prior approval of
47 two of the following persons: the Chairman of the House Appropriations Committee; the Chairman of the Senate Finance and
48 Appropriations Committee; the Speaker of the House of Delegates; the President pro tempore of the Senate. All such expenditures
49 shall be made only in accordance with the terms of a written contract approved as to form by the Attorney General.

50 c. USE OF CONSULTING SERVICES: All state agencies and institutions of higher education shall make a determination of "return
51 on investment" as part of the criteria for awarding contracts for consulting services.

1 d. DEBT COLLECTION SERVICES:

2 1. Notwithstanding any provision of the Code of Virginia or this act to the contrary, the Virginia Commonwealth University
3 Health System Authority shall have the option to participate in the Office of the Attorney General's debt collection process.
4 Should the Authority choose not to participate, the Authority shall have the authority to collect its accounts receivable by
5 engaging private collection agents and attorneys to pursue collection actions, and to independently compromise, settle, and
6 discharge accounts receivable claims.

7 2. Notwithstanding any provision of the Code of Virginia or this act to the contrary, the University of Virginia Medical Center
8 shall have the authority to collect its accounts receivable by engaging private collection agents and attorneys to pursue
9 collection actions, and to independently compromise, settle, and discharge accounts receivable claims, provided that the
10 University of Virginia demonstrates to the Secretary of Finance that debt collection by an agent other than the Office of the
11 Attorney General is anticipated to be more cost effective. Nothing in this paragraph is intended to limit the ability of the
12 University of Virginia Medical Center from voluntarily contracting with the Office of the Attorney General's Division of Debt
13 Collection in cases where the Center would benefit from the expertise of legal counsel and collection services offered by the
14 Office of the Attorney General.

15 3. Notwithstanding any provision of the Code of Virginia or this act to the contrary, the Department of Taxation shall be
16 exempt from participating in the debt collection process of the Office of the Attorney General.

19 1.a) No state agency, or its governing body, shall alter factors (e.g., qualification level for receipt of payment or service) which
20 may increase the number of eligible recipients for its authorized services or payments, or alter factors which may increase the
21 unit cost of benefit payments within its authorized services, unless the General Assembly has made an appropriation for the
22 cost of such change.

23 b) The limits on altering or changing cost factors stated in paragraph 1.a) above shall not apply to changes associated with
24 implementing and/or altering services in response to COVID-19 when funding is provided from a nongeneral fund source
25 dedicated to addressing the impact of COVID-19 or from any source when specifically approved by the Governor in response
26 to the COVID-19 pandemic.

27 2. Notwithstanding any other provision of law, the Department of Planning and Budget, with assistance from agencies that
28 operate internal service funds as requested, shall establish policies and procedures for annually reviewing and approving
29 internal service fund overhead surcharge rates and working capital reserves.

30 3. By September 1 each year, state agencies that operate an internal service fund, pursuant to §§ [2.2-803](#), [2.2-1101](#), and [2.2-](#)
31 [2013](#), Code of Virginia, that have an impact on agency expenditures, shall submit a report to the Department of Planning and
32 Budget to include all information as required by the Department of Planning and Budget to conduct a thorough review of
33 overhead surcharge rates, revenues, expenditures, full-time positions, and working capital reserves for each internal service
34 fund. The report shall include any proposed modifications in rates to be charged by internal service funds for review and
35 approval by the Department of Planning and Budget. In its review, the Department of Planning and Budget shall determine
36 whether the requested rate modifications are consistent with budget assumptions. The format by which agencies submit the
37 operating plan for each internal service fund shall be determined by the Department of Planning and Budget with assistance
38 from agencies that operate internal service funds as requested.

39 4. State agencies that operate internal service funds may not change a billable overhead surcharge rate to another state agency
40 unless the resulting change is provided in the final General Assembly enacted budget.

41 5. State agencies that operate more than one internal service fund shall comply with the review and approval requirements
42 detailed in this Item for each internal service fund.

43 6. As determined by the Director, Department of Planning and Budget, state agencies that operate select programs where an
44 agency provides a service to and bills other agencies shall be subject to the annual review of the agency's internal service funds
45 consistent with the provisions of this Item, unless such payment for services is pursuant to a memorandum of understanding
46 authorized by § 4-1.03 a. 7 of this act.

47 7. The Governor is authorized to change internal service fund overhead surcharge rates, including the creation of new rates,
48 beyond the rates enacted in the budget in the event of an emergency or to implement actions approved by the General
49 Assembly, upon prior notice to the Chairmen of the House Appropriations and Senate Finance and Appropriations Committees.
50 Such prior notice shall be no less than five days prior to enactment of a revised or new rate and shall include the basis of the
51 rate change and the impact on state agencies.

52 8. Notwithstanding any other provision of law, the Commonwealth's statewide electronic procurement system and program
53 known as eVA shall have all rates and working capital reserves reviewed and approved by the Department of Planning and

1 Budget consistent with the provisions of this Item.

2 9. State agencies that are partially or fully funded with nongeneral funds and are billed for services provided by another state agency
3 shall pay the nongeneral fund cost for the service from the agency's applicable nongeneral fund revenue source consistent with an
4 appropriation proration of such expenses.

5 b. NEW SERVICES:

6 1.a) No state agency shall begin any new service that will call for future additional property, plant or equipment or that will require
7 an increase in subsequent general or nongeneral fund operating expenses without first obtaining the authorization of the General
8 Assembly.

9 b) The limits on establishing new services stated in paragraph 1.a) above shall not apply to new services established to respond to
10 COVID-19 when funding is provided from a nongeneral fund source dedicated to addressing the impact of COVID-19 or from any
11 source when specifically approved by the Governor in response to the COVID-19 pandemic.

12 2. Pursuant to the policies and procedures of the State Council of Higher Education regarding approval of academic programs and
13 the concomitant enrollment, no state institution of higher education shall operate any academic program with funds in this act unless
14 approved by the Council and included in the Executive Budget, or approved by the General Assembly. The Council may grant
15 exemptions to this policy in exceptional circumstances.

16 3. a) The General Assembly is supportive of the increasing commitment by both Virginia Tech and the Carilion Clinic to the success
17 of the programs at the Virginia Tech/Carilion School of Medicine and the Virginia Tech/Carilion Research Institute, and encourages
18 these two institutions to pursue further developments in their partnership. Therefore, notwithstanding § 4-5.03 c. of the
19 Appropriation Act, if through the efforts of these institutions to further strengthen the partnership, Virginia Tech acquires the
20 Virginia Tech Carilion School of Medicine during the current biennium, the General Assembly approves the creation and
21 establishment of the Virginia Tech/Carilion School of Medicine within the institution notwithstanding § 23.1-203 Code of Virginia.
22 No additional funds are required to implement establishment of the Virginia Tech/Carilion School of Medicine within the institution.

23 b) Virginia Tech Carilion School of Medicine is hereby authorized to transfer funds to the Department of Medical Assistance
24 Services to fully fund the state share for Medicaid supplemental payments to the teaching hospital affiliated with the Virginia Tech
25 Carilion School of Medicine. These Medicaid supplemental fee-for-service and/or capitation payments to managed care
26 organizations are for the purpose of securing access to Medicaid hospital services in Western Virginia. The funds to be transferred
27 must comply with 42 CFR 433.51.

28 4. Reporting on all new services shall be in accordance with § 4-8.00, Reporting Requirements.

29 c. OFF-CAMPUS SITES OF INSTITUTIONS OF HIGHER EDUCATION:

30 No moneys appropriated by this act shall be used for off-campus sites unless as provided for in this section.

31 1. A public college or university seeking to create, establish, or operate an off-campus instructional site, funded directly or indirectly
32 from the general fund or with revenue from tuition and mandatory educational and general fees generated from credit course
33 offerings, shall first refer the matter to the State Council of Higher Education for Virginia for its consideration and approval. The
34 State Council of Higher Education for Virginia may provide institutions with conditional approval to operate the site for up to one
35 year, after which time the college or university must receive approval from the Governor and General Assembly, through legislation
36 or appropriation, to continue operating the site.

37 2. For the colleges of the Virginia Community College System, the State Board for Community Colleges shall be responsible for
38 approving off-campus locations. Sites governed by this requirement are those at any locations not contiguous to the main campus of
39 the institution, including locations outside Virginia.

40 3. a) The provisions herein shall not apply to credit offerings on the site of a public or private entity if the offerings are supported
41 entirely with private, local, or federal funds or revenue from tuition and mandatory educational and general fees generated entirely
42 by course offerings at the site.

43 b) Offerings at previously approved off-campus locations shall also not be subject to these provisions.

44 c) Further, the provisions herein do not govern the establishment and operations of campus sites with a primary function of carrying
45 out grant and contract research where direct and indirect costs from such research are covered through external funding sources.
46 Such locations may offer limited graduate education as appropriate to support the research mission of the site.

47 d) Nothing herein shall prohibit an institution from offering non-credit continuing education programs at sites away from the main
48 campus of a college or university.

49 4. The State Council of Higher Education shall establish guidelines to implement this provision.

50 d. PERFORMANCE MEASUREMENT

1. In accordance with § 2.2-1501, Code of Virginia, the Department of Planning and Budget shall develop a programmatic budget and accounting structure for all new programs and activities to ensure that it provides the appropriate financial and performance measures to determine if programs achieve desired results and outcomes. The Department of Accounts shall provide assistance as requested by the Department of Planning and Budget. The Department of Planning and Budget shall provide this information each year when the Governor submits the budget in accordance with § 2.2-1509, Code of Virginia, to the Chairmen of the House Appropriations, House Finance, and Senate Finance and Appropriations Committees.

2.a) Within thirty days of the enactment of this act, the Director, Department of Planning and Budget, shall make available via electronic means to the Chairmen of the House Appropriations and Senate Finance and Appropriations Committees and the public a list of the new initiatives for which appropriations are provided in this act.

b) Not later than ninety days after the end of the first year of the biennium, the Director, Department of Planning and Budget, shall make available via electronic means a report on the performance of each new initiative contained in the list, to be submitted to the Chairmen of the House Appropriations and Senate Finance and Appropriations Committees and the public. The report shall compare the actual results, including expenditures, of the initiative with the anticipated results and the appropriation for the initiative. This information shall be used to determine whether the initiative should be extended beyond the beginning period. In the preparation of this report, all state agencies shall provide assistance as requested by the Department of Planning and Budget.

§ 4-5.04 GOODS AND SERVICES

a. STUDENT ATTENDANCE AT INSTITUTIONS OF HIGHER EDUCATION:

1. Public Information Encouraged: Each public institution of higher education is expected and encouraged to provide prospective students with accurate and objective information about its programs and services. The institution may use public funds under the control of the institution's Board of Visitors for the development, preparation and dissemination of factual information about the following subjects: academic programs; special programs for minorities; dates, times and procedures for registration; dates and times of course offerings; admission requirements; financial aid; tuition and fee schedules; and other information normally distributed through the college catalog. This information may be presented in any and all media, such as newspapers, magazines, television or radio where the information may be in the form of news, public service announcements or advertisements. Other forms of acceptable presentation would include brochures, pamphlets, posters, notices, bulletins, official catalogs, flyers available at public places and formal or informal meetings with prospective students.

2. Excessive Promotion Prohibited: Each public institution of higher education is prohibited from using public funds under the control of the institution's Board of Visitors for the development, preparation, dissemination or presentation of any material intended or designed to induce students to attend by exaggerating or extolling the institution's virtues, faculty, students, facilities or programs through the use of hyperbole. Artwork and photographs which exaggerate or extol rather than supplement or complement permissible information are prohibited. Mass mailings are generally prohibited; however, either mass mailings or newspaper inserts, but not both, may be used if other methods of distributing permissible information are not economically feasible in the institution's local service area.

3. Remedial Education: Senior institutions of higher education shall make arrangements with community colleges for the remediation of students accepted for admission by the senior institutions.

4. Compliance: The president or chancellor of each institution of higher education is responsible for the institution's compliance with this subsection.

b. INFORMATION TECHNOLOGY FACILITIES AND SERVICES:

1.a) The Virginia Information Technologies Agency shall procure information technology and telecommunications goods and services of every description for its own benefit or on behalf of other state executive branch agencies and institutions, or authorize other state executive branch agencies or institutions to undertake such procurements on their own. "Executive branch agency" means the same as that term is defined in § 2.2-2006.

b) Except for research projects, research initiatives, or instructional programs at public institutions of higher education, or any non-major information technology project request from the Virginia Community College System, Longwood University, or from an institution of higher education which is a member of the Virginia Association of State Colleges and University Purchasing Professionals (VASCUPP) as of July 1, 2003, or any procurement of information technology and telecommunications goods and services by public institutions of higher education governed by some combination of Chapters 933 and 945 of the 2005 Acts of Assembly, Chapters 933 and 943 of the 2006 Acts of Assembly, Chapters 594 and 616 of the 2008 Acts of Assembly, Chapters 824 and 829 of the 2008 Acts of Assembly, and Chapters 675 and 685 of the 2009 Acts of Assembly, requests for authorization from state agencies and institutions to procure information technology and telecommunications goods and services on their own behalf shall be made in writing to the Chief Information Officer or his designee. Members of VASCUPP as of July 1, 2003, are hereby recognized as: The College of William and Mary, George Mason University, James Madison University, Old Dominion University, Radford University, Virginia Commonwealth

- 1 University, Virginia Military Institute, Virginia Polytechnic Institute and State University, and the University of Virginia.
- 2 c) The Chief Information Officer or his designee may grant the authorization upon a written determination that the request conforms
3 to the statewide information technology plan and the individual information technology plan of the requesting agency or institution.
- 4 d) Any procurement authorized by the Chief Information Officer or his designee for information technology and telecommunications
5 goods and services, including geographic information systems, shall be issued by the requesting state agency or institution in
6 accordance with the regulations, policies, procedures, standards, and guidelines of the Virginia Information Technologies Agency.
- 7 e) Nothing in this subsection shall prevent public institutions of higher education or the Virginia Community College System from
8 using the services of Network Virginia.
- 9 f) To ensure that the Commonwealth's research universities maintain a competitive position with access to the national optical
10 research network infrastructure including the National LambdaRail and Internet2, the Network Virginia Contract Administrator is
11 hereby authorized to renegotiate the term of the existing contracts. Additionally, the contract administrator is authorized to
12 competitively negotiate additional agreements in accordance with the Code of Virginia and all applicable regulations, as required, to
13 establish and maintain research network infrastructure.
- 14 2. If the billing rates and associated systems for computer, telecommunications and systems development services to state agencies
15 are altered, the Director, Department of Planning and Budget, may transfer appropriations from the general fund between programs
16 affected. These transfers are limited to actions needed to adjust for overfunding or underfunding the program appropriations affected
17 by the altered billing systems.
- 18 3. The provisions of this subsection shall not in any way affect the duties and responsibilities of the State Comptroller under the
19 provisions of § 2.2-803, Code of Virginia.
- 20 4. It is the intent of the General Assembly that information technology (IT) systems, products, data, and service costs, including
21 geographic information systems (GIS), be contained through the shared use of existing or planned equipment, data, or services
22 which may be available or soon made available for use by state agencies, institutions, authorities, and other public bodies. State
23 agencies, institutions, and authorities shall cooperate with the Virginia Information Technologies Agency in identifying the
24 development and operational requirements for proposed IT and GIS systems, products, data, and services, including the proposed
25 use, functionality, capacity and the total cost of acquisition, operation and maintenance.
- 26 5. This section shall not apply to public institutions of higher education governed by some combination of Chapters 933 and 945 of
27 the 2005 Acts of Assembly, Chapters 933 and 943 of the 2006 Acts of Assembly or Chapters 594 and 616 of the 2008 Acts of
28 Assembly, Chapters 824 and 829 of the 2008 Acts of Assembly and Chapters 675 and 685 of the 2009 Acts of Assembly, or to the
29 Virginia Alcoholic Beverage Control Authority.
- 30 6. Notwithstanding any other provision of law, state agencies that do not receive computer services from the Virginia Information
31 Technologies Agency may develop their own policies and procedures governing the sale of surplus computers and laptops to their
32 employees or officials. Any proceeds from the sale of surplus computers or laptops shall be deposited into the appropriate fund or
33 funds used to purchase the equipment.
- 34 c. MOTOR VEHICLES AND AIRCRAFT:
- 35 1. No motor vehicles shall be purchased or leased with public funds by the state or any officer or employee on behalf of the state
36 without the prior written approval of the Director, Department of General Services.
- 37 2. The institutions of higher education and the Alcoholic Beverage Control Authority shall be exempt from this provision but shall
38 be required to report their entire inventory of purchased and leased vehicles including the cost of such to the Director of the
39 Department of General Services by June 30 of each year. The Director of the Department of General Services shall compare the cost
40 of vehicles acquired by institutions of higher education and the Authority to like vehicles under the state contract. If the comparison
41 demonstrates for a given institution or the Authority that the cost to the Commonwealth is greater for like vehicles than would be the
42 case based on a contract of statewide applicability, the Governor or his designee may suspend the exemption granted to the
43 institution or the Authority pursuant to this subparagraph c.
- 44 3. The Director, Department of General Services, is hereby authorized to transfer surplus motor vehicles among the state agencies,
45 and determine the value of such surplus equipment for the purpose of maintaining the financial accounts of the state agencies
46 affected by such transfers.
- 47 d. MOTION PICTURE, TELEVISION AND RADIO SERVICES PRODUCTION: Except for public institutions of higher
48 education governed by Chapters 933 and 943 of the 2006 Acts of Assembly, no state Executive Department agency or the Virginia
49 Lottery Department shall expend any public funds for the production of motion picture films or of programs for television
50 transmission, or for the operation of television or radio transmission facilities, without the prior written approval of the Governor or
51 as otherwise provided in this act, except for educational television programs produced for elementary-secondary education by
52 authority of the Virginia Information Technologies Agency. The Joint Subcommittee on Rules is authorized to provide the approval
53 of such expenditures for legislative agencies. For judicial agencies and independent agencies, other than the Virginia Lottery

- 1 Department, prior approval action rests with the supervisory bodies of these entities. With respect to television programs which
 2 are so approved and other programs which are otherwise authorized or are not produced for television transmission, state
 3 agencies may enter into contracts without competitive sealed bidding, or competitive negotiation, for program production and
 4 transmission services which are performed by public telecommunications entities, as defined in § 2.2-2006, Code of Virginia.
- 5 e. TRAVEL: Reimbursement for the cost of travel on official business of the state government is authorized to be paid pursuant
 6 to law and regulations issued by the State Comptroller to implement such law. Notwithstanding any contrary provisions of law:
- 7 1. For the use of personal automobiles in the discharge of official duties outside the continental limits of the United States, the
 8 State Comptroller may authorize an allowance not exceeding the actual cost of operation of such automobiles;
- 9 2. The first 15,000 miles of use during each fiscal year of personal automobiles in the discharge of official duties within the
 10 continental limits of the United States shall be reimbursed at an amount equal to the most recent business standard mileage rate
 11 as established by the Internal Revenue Service for employees or self-employed individuals to use in computing their income tax
 12 deductible costs for operating passenger vehicles owned or leased by them for business purposes, or in the instance of a state
 13 employee, at the lesser of (a) the IRS rate or (b) the lowest combined capital and operational trip pool rate charged by the
 14 Department of General Services, Office of Fleet Management Services (OFMS), posted on the OFMS website at time of travel,
 15 for the use of a compact state-owned vehicle. If the head of the state agency concerned certifies that a state-owned vehicle was
 16 not available, or if, according to regulations issued by the State Comptroller, the use of a personal automobile in lieu of a state-
 17 owned automobile is considered to be an advantage to the state, the reimbursement shall be at the rate of the IRS rate. For such
 18 use in excess of 15,000 miles in each fiscal year, the reimbursement shall be at a rate of 13.0 cents per mile, unless a state-
 19 owned vehicle is not available; then the rate shall be the IRS rate;
- 20 3. The State Comptroller may authorize exemptions to restrictions upon use of common carrier accommodations;
- 21 4. The State Comptroller may authorize reimbursement by per diem in lieu of actual costs of meals and any other expense
 22 category deemed necessary for the efficient and effective operation of state government;
- 23 5. State employees traveling on official business of state government shall be reimbursed for their travel costs using the same
 24 bank account authorized by the employee in which their net pay is direct deposited; and
- 25 6. This section shall not apply to members and employees of public school boards.
- 26 f. SMALL PURCHASE CHARGE CARD, ELECTRONIC DATA INTERCHANGE, DIRECT DEPOSIT, AND PAYLINE
 27 OPT OUT: The State Comptroller is hereby authorized to charge state agencies a fee of \$5 per check or earnings notice when,
 28 in his judgment, agencies have failed to comply with the Commonwealth's electronic commerce initiatives to reduce
 29 unnecessary administrative costs for the printing and mailing of state checks and earning notices. The fee shall be collected by
 30 the Department of Accounts through accounting entries.
- 31 g. PURCHASES OF APPLIANCES AND EQUIPMENT: State agencies and institutions shall purchase Energy Star rated
 32 appliances and equipment in all cases where such appliances and equipment are available.
- 33 h. ELECTRONIC PAYMENTS: Any recipient of payments from the State Treasury who receives six or more payments per
 34 year issued by the State Treasurer shall receive such payments electronically. The State Treasurer shall decide the appropriate
 35 method of electronic payment and, through his warrant issuance authority, the State Comptroller shall enforce the provisions of
 36 this section. The State Comptroller is authorized to grant administrative relief to this requirement when circumstances justify
 37 non-electronic payment.
- 38 i. LOCAL AND NON-STATE SAVINGS AND EFFICIENCIES: It is the intent of the General Assembly that State agencies
 39 shall encourage and assist local governments, school divisions, and other non-state governmental entities in their efforts to
 40 achieve cost savings and efficiencies in the provision of mandated functions and services including but not limited to finance,
 41 procurement, social services programs, and facilities management.
- 42 j. TELECOMMUNICATION SERVICES AND DEVICES:
- 43 1. The Chief Information Officer and the State Comptroller shall develop statewide requirements for the use of cellular
 44 telephones and other telecommunication devices by in-scope Executive Department agencies, addressing the assignment,
 45 evaluation of need, safeguarding, monitoring, and usage of these telecommunication devices. The requirements shall include an
 46 acceptable use agreement template clearly defining an employee's responsibility when they receive and use a
 47 telecommunication device. Statewide requirements shall require some form of identification on a device in case it is lost or
 48 stolen and procedures to wipe the device clean of all sensitive information when it is no longer in use.
- 49 2. In-scope Executive Department agencies providing employees with telecommunication devices shall develop agency-
 50 specific policies, incorporating the guidance provided in § 4-5.04 k. 1. of this act and shall maintain a cost justification for the
 51 assignment or a public health, welfare and safety need.
- 52 3. The Chief Information Officer shall determine the optimal number of telecommunication vendors and plans necessary to

1 meet the needs of in-scope Executive Department agency personnel. The Chief Information Officer shall regularly procure these
 2 services and provide statewide contracts for use by all such agencies. These contracts shall require the vendors to provide detailed
 3 usage information in a useable electronic format to enable the in-scope agencies to properly monitor usage to make informed
 4 purchasing decisions and minimize costs.

5 4. The Chief Information Officer shall examine the feasibility of providing tools for in-scope Executive Department agencies to
 6 analyze usage and cost data to assist in determining the most cost effective plan combinations for the entity as a whole and
 7 individual users.

8 k. ALTERNATIVE PROCUREMENT: If any payment is declared unconstitutional for any reason or if the Attorney General finds

19 e. 1. Salaries for newly employed or promoted employees shall be established consistent with the compensation and classification
20 plans established by the Governor.

21 2. The State Comptroller is hereby authorized to require payment of wages or salaries to state employees by direct deposit or by
22 credit to a prepaid debit card or card account from which the employee is able to withdraw or transfer funds.

23 f. The provisions of this section, requiring prior written approval of the Governor relative to compensation, shall apply also to any
24 system of incentive award payments which may be adopted and implemented by the Governor. The cost of implementing any such
25 system shall be paid from any funds appropriated to the affected agencies.

26 g. No lump sum appropriation for personal service shall be regarded as advisory or suggestive of individual salary rates or of salary
27 schedules to be fixed under law by the Governor payable from the lump sum appropriation.

28 h. Subject to approval by the Governor of a plan for a statewide employee meritorious service awards program, as provided for in §
29 2.2-1201, Code of Virginia, the costs for such awards shall be paid from any operating funds appropriated to the affected agencies.

30 i. The General Assembly hereby affirms and ratifies the Governor's existing authority and the established practice of this body to
31 provide for pay differentials or to supplement base rates of pay for employees in specific job classifications in particular geographic
32 and/or functional areas where, in the Governor's discretion, they are needed for the purpose of maintaining salaries which enable the
33 Commonwealth to maintain a competitive position in the relevant labor market.

34 j.1. If at any time the Administrator of the Commonwealth's Attorneys' Services Council serves on the faculty of a state-supported
35 institution of higher education, the faculty appointment must be approved by the Council. Such institution shall pay one-half of the
36 salary listed in § 4-6.01 c 6 of this act. Further, such institution may provide compensation in addition to that listed in § 4-6.01 c 6;
37 provided, however, that such additional compensation must be approved by the Council.

38 2. If the Administrator ceases to be a member of the faculty of a state-supported institution of higher education, the total salary listed
39 in § 4-6.01 c 6 shall be paid from the Council's appropriation.

40 k.1.a. Except as otherwise provided for in this subdivision, any increases in the salary band assignment of any job role contained in
41 the compensation and classification plans approved by the Governor shall be effective beginning with the first pay period, defined as
42 the pay period from June 25 through July 9, of the fiscal year if: (1) the agency certifies to the Secretary of Finance that funds are
43 available within the agency's appropriation to cover the cost of the increase for the remainder of the current biennium and presents a
44 plan for covering the costs next biennium and the Secretary concurs, or (2) such funds are appropriated by the General Assembly. If
45 at any time the Secretary of Administration shall certify that such change in the salary band assignment for a job role is of an
46 emergency nature and the Secretary of Finance shall certify that funds are available to cover the cost of the increase for the
47 remainder of the biennium within the agency's appropriation, such change in compensation may be effective on a date agreed upon

1 by these two Secretaries. The Secretary of Administration shall provide a monthly report of all such emergency changes in
2 accordance with § 4-8.00, Reporting Requirements.

3 b. Notwithstanding any other provision of law, state employees will be paid on the first workday of July for the work period
4 June 10 to June 24 in any calendar year in which July 1 falls on a weekend.

5 2. Salary adjustments for any employee through a promotion, role change, exceptional recruitment and retention incentive
6 options, or in-range adjustment shall occur only if: a) the agency has sufficient funds within its appropriation to cover the cost
7 of the salary adjustment for the remainder of the current biennium or b) such funds are appropriated by the General Assembly.

8 3. No changes in salary band assignments affecting classified employees of more than one agency shall become effective unless
9 the Secretary of Finance certifies that sufficient funds are available to provide such increase or plan to all affected employees
10 supported from the general fund.

11 l. Full-time employees of the Commonwealth, including faculty members of state institutions of higher education, who are
12 appointed to a state-level board, council, commission or similar collegial body shall not receive any such compensation for
13 their services as members or chairmen except for reimbursement of reasonable and necessary expenses. The foregoing
14 provision shall likewise apply to the Compensation Board, pursuant to § 15.2-1636.5, Code of Virginia.

15 m.1. Notwithstanding any other provision of law, the board of visitors or other governing body of any public institution of
16 higher education is authorized to establish age and service eligibility criteria for faculty participating in voluntary early
17 retirement incentive plans for their respective institutions pursuant to § 23.1-1302 B and the cash payment offered under such
18 compensation plans pursuant to § 23.1-1302 D, Code of Virginia. Notwithstanding the limitations in § 23.1-1302 D, the total
19 cost in any fiscal year for any such compensation plan, shall be set forth by the governing body in the compensation plan for
20 approval by the Governor and review for legal sufficiency by the Office of the Attorney General.

21 2. Notwithstanding any other provision of law, employees holding full-time, academic-year classified positions at public
22 institutions of higher education shall be considered "state employees" as defined in § 51.1-124.3, Code of Virginia, and shall be
23 considered for medical/hospitalization, retirement service credit, and other benefits on the same basis as those individuals
24 appointed to full-time, 12-month classified positions.

25 n. Notwithstanding the Department of Human Resource Management Policies and Procedures, payment to employees with five
26 or more years of continuous service who either terminate or retire from service shall be paid in one sum for twenty-five percent
27 of their sick leave balance, provided, however, that the total amount paid for sick leave shall not exceed \$5,000 and the
28 remaining seventy-five percent of their sick leave shall lapse. This provision shall not apply to employees who are covered by
29 the Virginia Sickness and Disability Program as defined in § 51.1-1100, Code of Virginia. Such employees shall not be paid for
30 their sick leave balances. However, they will be paid, if eligible as described above, for any disability leave credits they have at
31 separation or retirement or may convert disability credits to service credit under the Virginia Retirement System pursuant to §
32 51.1-1103 (F), Code of Virginia.

33 o. It is the intent of the General Assembly that calculation of the faculty salary benchmark goal for the Virginia Community
34 College System shall be done in a manner consistent with that used for four-year institutions, taking into consideration the
35 number of faculty at each of the community colleges. In addition, calculation of the salary target shall reflect an eight percent
36 salary differential in a manner consistent with other public four-year institutions and for faculty at Northern Virginia
37 Community College.

38 p. Any public institution of higher education that has met the eligibility criteria set out in Chapters 933 and 945 of the 2005
39 Acts of Assembly may supplement annual salaries for classified employees from private gifts, endowment funds, or income
40 from endowments and gifts, subject to policies approved by the board of visitors. The Commonwealth shall have no general
41 fund obligations for the continuation of such salary supplements.

42 q. The Governor, or any other appropriate Board or Public Body, is authorized to adjust the salaries of employees specified in
43 this item, and other items in the Act, to reflect the compensation adjustments authorized in this Act.

44 r. Any public institution of higher education shall not provide general fund monies above \$100,000 for any individual athletic
45 coaching salaries after July 1, 2013. Athletic coaching salaries with general fund monies above this amount shall be phased-
46 down over a five-year period at 20 percent per year until reaching the cap of \$100,000.

47 § 4-6.02 EMPLOYEE TRAINING AND STUDY

48 Subject to uniform rules and regulations established by the Governor, the head of any state agency may authorize, from any
49 funds appropriated to such department, institution or other agency in this act or subsequently made available for the purpose,
50 compensation or expenses or both compensation and expenses for employees pursuing approved training courses or academic
51 studies for the purpose of becoming better equipped for their employment in the state service. The rules and regulations shall
52 include reasonable provision for the return of any employee receiving such benefits for a reasonable period of duty, or for
53 reimbursement to the state for expenditures incurred on behalf of the employee should he not return to state service.

1 § 4-6.03 EMPLOYEE BENEFITS

- 2 a. Any medical/hospitalization benefit program provided for state employees shall include the following provision: any state
3 employee, as defined in § 2.2-2818, Code of Virginia, shall have the option to accept or reject coverage.
- 4 b. Except as provided for sworn personnel of the Department of State Police, no payment of, or reimbursement for, the employer
5 paid contribution to the State Police Officers' Retirement System, or any system offering like benefits, shall be made by the
6 Compensation Board of the Commonwealth at a rate greater than the employer rate established for the general classified workforce
7 of the Commonwealth covered under the Virginia Retirement System. Any cost for benefits exceeding such general rate shall be

24 as the hospital may decide, without impairment of any residual right to judicial review.
- 25 e. Any classified employee of the Commonwealth and any person similarly employed in the legislative, judicial and independent
26 agencies who (i) is compensated on a salaried basis and (ii) works at least twenty hours per week shall be considered a full-time

- 34 a) Revert to the previous retirement benefit received under the provisions of § 51.1-155.1, Code of Virginia, including any annual
35 cost of living adjustments granted thereon. This benefit may be adjusted upward to reflect the effect of such additional months of
36 service and compensation received during the period of reemployment, or
- 37 b) Retire under the provisions of Title 51.1 in effect at the termination of his or her period of reemployment, including any purchase

- 9 k. Notwithstanding the provisions of subsection G of § 51.1-156, any employee of a school division who completed a period of

11 retirement to VRS in 2011 may submit an application for disability retirement under the provisions of § 51.1-156. Such
12 application shall be received by the Virginia Retirement System no later than October 1, 2014. This provision shall not be
13 construed to grant relief in any case for which a court of competent jurisdiction has already rendered a decision, as
14 contemplated by Article II, Section 14 of the Constitution of Virginia.

15 § 4-6.04 CHARGES

16 a. FOOD SERVICES: Except as exempted by the prior written approval of the Director, Department of Human Resource
17 Management, and the provisions of § 2.2-3605, Code of Virginia, state employees shall be charged for meals served in state
18 facilities. Charges for meals will be determined by the agency. Such charges shall be not less than the value of raw food and the
19 cost of direct labor and utilities incidental to preparation and service. Each agency shall maintain records as to the calculation of
20 meal charges and revenues collected. Except where appropriations for operation of the food service are from nongeneral funds,
21 all revenues received from such charges shall be paid directly and promptly into the general fund. The provisions of this
22 paragraph shall not apply to on-duty employees assigned to correctional facilities operated by the Departments of Corrections
23 and Juvenile Justice.

24 b. HOUSING SERVICES:

25 1. Each agency will collect a fee from state employees who occupy state-owned or leased housing, subject to guidelines
26 provided by the Director, Department of General Services. Each agency head is responsible for establishing a fee for state-
27 owned or leased housing and for documenting in writing why the rate established was selected. In exceptional circumstances,
28 which shall be documented as being in the best interest of the Commonwealth by the agency requesting an exception, the
29 Director, Department of General Services may waive the requirement for collection of fees.

30 2. All revenues received from housing fees shall be promptly deposited in the state treasury. For housing for which operating
31 expenses or rent are financed by general fund appropriations, such revenues shall be deposited to the credit of the general fund.
32 For housing for which operating expenses or rent are financed by nongeneral fund appropriations, such revenues shall be
33 deposited to the credit of the nongeneral fund. Agencies which provide housing for which operating expenses or rent are
34 financed from both general fund and nongeneral fund appropriations shall allocate such revenues, when deposited in the state
35 treasury, to the appropriate fund sources in the same proportion as the appropriations. However, without exception, any portion
36 of a housing fee attributable to depreciation for housing which was constructed with general fund appropriations shall be paid
37 into the general fund.

38 c. PARKING SERVICES:

39 1. State-owned parking facilities

40 Agencies with parking space for employees in state-owned facilities shall, when required by the Director, Department of
41 General Services, charge employees for such space on a basis approved by the Governor. All revenues received from such
42 charges shall be paid directly and promptly into a special fund in the state treasury to be used, as determined by the Governor,
43 for payment of costs for the provision of vehicle parking spaces. Interest shall be added to the fund as earned. -

44 2. Leased parking facilities in metropolitan Richmond area

45 Agencies occupying private sector leased or rental space in the metropolitan Richmond area, not including institutions of higher
46 education, shall be required to charge a fee to employees for vehicle parking spaces that are assigned to them or are otherwise
47 available either incidental to the lease or rental agreement or pursuant to a separate lease agreement for private parking space.
48 In such cases, the individual employee parking fee shall not be less than that paid by employees parking in Department of
49 General Services parking facilities at the Seat of Government. The Director, Department of General Services may amend or
50 waive the fee requirement for good cause. Revenues derived from employees paying for parking spaces in leased facilities will
51 be retained by the leasing agency to be used to offset the cost of the lease to which it pertains. Any lease for private parking
52 space must be approved by the Director, Department of General Services.

53 3. The assignment of Lot P1A of the Department of General Services, Capitol Area Site Plan, to include parking spaces 1

 3 House and the Clerk of the Senate. Any employee permanently assigned to any of these spaces shall be subject to the provisions of
 4 paragraph 1 of this item.

5 4.a. The assignment of 300 parking spaces in the Department of General Services parking facility to be built at the corner of 9th and

8 b. The remaining parking spaces in the Department of General Services parking facility to be built at the corner of the 9th and Broad
 9 Streets in the City of Richmond shall be under the control of and administered by the Department of General Services; however, the
 10 Department shall prioritize remaining spaces in the DGS parking system to full-time employees of the Legislative Department with
 11 permanent offices in the General Assembly Building who participate in the DGS parking system on an annual basis. Such parking
 12 spaces shall be subject to the provisions of paragraph 1 of this item.

13 § 4-6.05 SELECTION OF APPLICANTS FOR CLASSIFIED POSITIONS

14 It is the responsibility of state agency heads to ensure that all provisions outlined in Title 2.2, Chapter 29, Code of Virginia (the
 15 Virginia Personnel Act), and executive orders that govern the practice of selecting applicants for classified positions are strictly
 16 observed. The Governor's Secretaries shall ensure this provision is faithfully enforced.

17 § 4-6.06 POSITIONS GOVERNED BY CHAPTERS 933 AND 943 OF THE 2006 ACTS OF ASSEMBLY

18 Except as provided in subsection A of § 23.1-1020 of the Code of Virginia, § 4-6.00 shall not apply to public institutions of higher
 19 education governed by Chapters 933 and 943 of the 2006 Acts of Assembly, Chapters 594 and 616 of the 2008 Acts of Assembly
 20 and Chapters 675 and 685 of the 2009 Acts of Assembly, with regard to their participating covered employees, as that term is
 21 defined in those two chapters, except to the extent a specific appropriation or language in this act addresses such an employee.

22 § 4-7.00 STATEWIDE PLANS

23 § 4-7.01 MANPOWER CONTROL PROGRAM

24 a.1. The term Position Level is defined as the number of full-time equivalent (FTE) salaried employees assigned to an agency in this
 25 act. Except as provided in § 4-7.01 b, the Position Level number stipulated in an agency's appropriation is the upper limit for agency
 26 employment which cannot be exceeded during the fiscal year without approval from the Director, Department of Planning and
 27 Budget for Executive Department agencies, approval from the Joint Committee on Rules for Legislative Department agencies or
 28 approval from the appropriate governing authority for the independent agencies.

29 2. Any approval granted under this subsection shall be reported in writing to the Chairmen of the House Appropriations Committee
 30 and the Senate Finance and Appropriations Committee, the Governor and the Directors of the Department of Planning and Budget
 31 and Department of Human Resource Management within ten days of such approval. Approvals for executive department agencies
 32 shall be based on threats to life, safety, health, or property, or compliance with judicial orders or federal mandates, to support federal
 33 grants or private donations, to administer a program for another agency or to address an immediate increase in workload or
 34 responsibility or when to delay approval of increased positions would result in a curtailment of services prior to the next legislative
 35 session. Any such position level increases pursuant to this provision may not be approved for more than one year.

36 b. The Position Levels stipulated for the individual agencies within the Department of Behavioral Health and Developmental
 37 Services and the Department of Corrections are for reference only and are subject to changes by the applicable Department, provided
 38 that such changes do not result in exceeding the Position Level for that department.

39 c.1. The Governor shall implement such policies and procedures as are necessary to ensure that the number of employees in the
 40 Executive Department, excluding institutions of higher education and the State Council of Higher Education, may be further
 41 restricted to the number required for efficient operation of those programs approved by the General Assembly. Such policies and
 42 procedures shall include periodic review and analysis of the staffing requirements of all Executive Department agencies by the
 43 Department of Planning and Budget with the object of eliminating through attrition positions not necessary for the efficient
 44 operation of programs.

45 2. The institutions of higher education and the State Council of Higher Education are hereby authorized to fill all positions
 46 authorized in this act. This provision shall be waived only upon the Governor's official declaration that a fiscal emergency exists
 47 requiring a change in the official estimate of general fund revenues available for appropriation.

48 d.1. Position Levels are for reference only and are not binding on agencies in the legislative department, independent agencies, the
 49 Executive Offices other than the offices of the Governor's Secretaries, and the judicial department.

50 2. Positions assigned to programs supported by internal service funds are for reference only and may fluctuate depending upon
 51 workload and funding availability.

3. Positions assigned to sponsored programs, auxiliary enterprises, continuing education, and teaching hospitals in the institutions of higher education are for reference only and may fluctuate depending upon workload and funding availability. Positions assigned to Item Detail 43012, State Health Services Technical Support and Administration, at Virginia Commonwealth University are for reference only and may fluctuate depending upon workload and funding availability.

4. Positions assigned to educational and general programs in the institutions of higher education are for reference only and may fluctuate depending upon workload and funding availability. However, total general fund positions filled by an institution of higher education may not exceed 105 percent of the general fund positions appropriated without prior approval from the Director, Department of Planning and Budget.

5. Positions assigned to Item Details 47001, Job Placement Services; 47002, Unemployment Insurance Services; 47003, Workforce Development Services; and 53402, Economic Information Services, at the Virginia Employment Commission are for reference only and may fluctuate depending upon workload and funding availability. Unless otherwise required by the funding source, after enactment of this act, any new positions hired using this provision shall not be subject to transitional severance benefit provisions of the Workforce Transition Act of 1995, Title 2.2, Chapter 32, Code of Virginia.

6. Positions assigned to the Virginia Management Fellows Program Administration are for reference only and may fluctuate depending on funding availability.

e. Prior to implementing any Executive Department hiring freeze, the Governor shall consider the needs of the Commonwealth in regards to the safe and efficient operation of state facilities and performance of essential services to include the exemption of certain positions assigned to agencies and institutions that provide services pertaining to public safety and public health from such hiring freezes.

f.1. Full-time, part-time, wage or contractual state employees assigned to the Governor's Cabinet Secretaries from agencies and institutions under their control for the purpose of carrying out temporary assignments or projects may not be so assigned for a period exceeding 180 days in any calendar year. The permanent transfer of positions from an agency or institution to the Offices of the Secretaries, or the temporary assignment of agency or institutional employees to the Offices of the Secretaries for periods exceeding 180 days in any calendar year regardless of the separate or discrete nature of the projects, is prohibited without the prior approval of the General Assembly.

2. Not more than three positions in total, as described in subsection 1 hereof, may be assigned at any time to the Office of any Cabinet Secretary, unless specifically approved in writing by the Governor. The Governor shall notify the Chairmen of the House Appropriations and Senate Finance and Appropriations Committees in the case of any such approvals.

g. All state employees, including those in the legislative, judicial, and executive branches and the independent agencies of the Commonwealth, who are not eligible for benefits under a health care plan established and administered by the Department of Human Resource Management (DHRM) pursuant to Va. Code § 2.2-2818, or by an agency administering its own health care plan, may not work more than 29 hours per week on average over a twelve month period. Adjunct faculty at institutions of higher education may not work more than 29 hours per week on average over a twelve month period, including classroom or other instructional time plus additional hours determined by the institution as necessary to perform the adjunct faculty's duties. DHRM shall provide relevant program requirements to agencies and employees, including, but not limited to, information on wage, variable and seasonal employees. All state agencies/employers in all branches of government shall provide information requested by DHRM concerning hours worked by employees as needed to comply with the Affordable Care Act (the "Act") and this provision. State agencies/employers are accountable for compliance with this provision, and are responsible for any costs associated with maintaining compliance with it and for any costs or penalties associated with any violations of the Act or regulations thereunder and any such costs shall be borne by the agency from existing appropriations. The provisions of this paragraph shall not apply to employees of state teaching hospitals that have their own health insurance plan; however, the state teaching hospitals are accountable for compliance with, and are responsible for any costs associated with maintaining compliance with the Act and for any costs or penalties associated with any violations of the Act or regulations thereunder and any such costs shall be borne by the agency from existing appropriations. Subject to approval of the Governor, DHRM shall modify this provision consistent with any updates or changes to federal law and regulations.

 23 shall provide the justification for the increase or transfer and the relative impact on student groups.

24 § 4-8.02 STATE AGENCIES

25 a. As received, all state agencies shall forward copies of each federal audit performed on agency or institution programs or activities
 26 to the Auditor of Public Accounts and to the State Comptroller. Upon request, all state agencies shall provide copies of all internal
 27 audit reports and access to all working papers prepared by such auditors to the Auditor of Public Accounts and to the State
 28 Comptroller.

29 b. Annually: Within five calendar days after state agencies submit their budget requests, amendment briefs, or requests for
 30 amendments to the Department of Planning and Budget, the Director, Department of Planning and Budget shall submit,
 31 electronically if available, copies to the Chairmen of the Senate Finance and Appropriations and House Appropriations Committees.

32 c. By September 1 of each year, state agencies receiving any asset as the result of a law-enforcement seizure and subsequent
 33 forfeiture by either a state or federal court, shall submit a report identifying all such assets received during the prior fiscal year and
 34 their estimated net worth, to the Chairmen of the House Appropriations and Senate Finance and Appropriations Committees.

35 d. Any state agency that is required to return federal grant funding as a result of not fulfilling the specifications of a grant, shall, as
 36 soon as practicable but no later than November 1st, report to the Chairmen of the Senate Finance and Appropriations and House
 37 Appropriations Committees of such forfeiting of federal grant funding.

38 § 4-8.03 LOCAL GOVERNMENTS

39 a.1. The Auditor of Public Accounts shall establish a workgroup to develop criteria for a preliminary determination that a local
 40 government may be in fiscal distress. Such criteria shall be based upon information regularly collected by the Commonwealth or
 41 otherwise regularly made public by the local government. This information includes expenditure reports submitted to the Auditor,
 42 budget information posted on local government websites, and reports prepared by the Commission on Local Government on revenue
 43 fiscal stress. Information provided by the Virginia Retirement System, the Virginia Resources Authority, the Virginia Public
 44 Building Authority, and other state and regional authorities concerning late or missed debt service payments shall be shared with the
 45 Auditor. Fiscal distress as used in this context shall mean a situation whereby the provision and sustainability of public services is
 46 threatened by various administrative and financial shortcomings including but not limited to cash flow issues; inability to pay
 47 expenses; revenue shortfalls; deficit spending; structurally imbalanced budgets; billing and revenue collection inadequacies and
 48 discrepancies; debt overload; failure to meet obligations to authorities, school divisions, or political subdivisions of the
 49 Commonwealth; and/or lack of trained and qualified staff to process administrative and financial transactions. Fiscal distress may be
 50 caused by factors internal to the unit of government or external to the unit of government and in various degrees such conditions
 51 may or may not be controllable by management, or the local governing body, or its constitutional officers.

52 2. Based upon the criteria established by the workgroup and using information identified above, the Auditor of Public Accounts shall

1 establish a prioritized early warning system. Under the prioritized early warning system, the Auditor of Public Accounts shall
 2 establish a regular process whereby it reviews data on at least an annual basis to make a preliminary determination that a local
 3 government is in fiscal distress.

4 3. For local governments where the Auditor of Public Accounts has made a preliminary determination of fiscal distress based
 5 upon the early warning system criteria, the Auditor of Public Accounts shall notify the local governing body of its preliminary
 6 determination that it may meet the criteria for fiscal distress. Based upon the request of the local governing body or chief
 7 executive officer, the Auditor of Public Accounts may conduct a review and request documents and data from the local
 8 government. Such review shall consider factors including, but not limited to, budget processes, debt, borrowing, expenses and
 9 payables, revenues and receivables, and other areas including staffing, and the identification of external variables contributing
 10 to a locality's financial position, and if so, the scope of the issues involved. Any local governing body that receives requests for
 11 information from the Auditor of Public Accounts pursuant to such preliminary determination based on the above described
 12 threshold levels shall acknowledge receipt of such a request and shall ensure that a response is provided within the time frames
 13 specified by the Auditor of Public Accounts. After such review, if the Auditor of Public Accounts is of the opinion that state
 14 assistance, oversight, or targeted intervention is needed, either to further assess, help stabilize, or remediate the situation, the
 15 Auditor shall notify the Governor and the Chairmen of the House Appropriations and Senate Finance and Appropriations
 16 Committees, and the governing body of the local government in writing outlining specific issues or actions that need to be
 17 addressed by state intervention.

18 4. The notification issued by the Auditor of Public Accounts pursuant to paragraph 3 above shall satisfy the notification
 19 requirement necessary to effectuate the provisions of this act in paragraph b.3 below.

20 b.1. The Director of the Department of Planning and Budget shall identify any amounts remaining unexpended from general
 21 fund appropriations in this Act as of June 30 of each year, which constitute state aid to local governments. The Director shall
 22 provide a listing of such amounts designated by item number and by program on or before August 15 of each year, to the
 23 Governor and the Chairmen of the House Appropriations Committee and the Senate Finance and Appropriations Committee.

24 2. From such unexpended balances identified by the Director of the Department of Planning and Budget, the Governor may
 25 reappropriate up to \$750,000 from amounts which would otherwise revert to the balance of the general fund and transfer such
 26 amounts as necessary to establish a component of fund balance which may be used for the purpose of providing technical
 27 assistance and intervention actions for local governments deemed to be fiscally distressed and in need of intervention to address
 28 such distress. Any such reappropriation approved by the Governor, shall be separately identified in the commitments specified
 29 on the balance sheet and financial statements of the State Comptroller for the close of each fiscal year, to the extent that such
 30 reserve is not used or added to by future appropriation actions.

31 3. Prior to any expenditure of the reappropriated reserve, the Governor and the Chairmen of the House Appropriations
 32 Committee and the Senate Finance and Appropriations Committee must receive a notification from the Auditor of Public
 33 Accounts that a specific locality is in need of intervention because of a worsening financial situation. The Auditor of Public
 34 Accounts may issue such a notification upon receipt of audited financial statement or other information that indicates the
 35 existence of fiscal distress. But, no such notification shall be made until appropriate follow up and correspondence ascertains
 36 that, in the opinion of the Auditor of Public Accounts, such fiscal distress indeed exists. Such notification may also be issued by
 37 the Auditor of Public Accounts if written concerns raised about fiscal distress are not adequately addressed by the locality in
 38 question.

39 4. Once the Governor has received a notification from the Auditor of Public Accounts indicating fiscal distress in a specific
 40 local government, the Governor shall consult with the Chairmen of the House Appropriations Committee and the Senate
 41 Finance and Appropriations Committee about a plan for state intervention prior to any expenditure of funds from the cash
 42 reserve. Any plan approved by the Governor for intervention should, at a minimum, specify the purpose of such intervention,
 43 the estimated duration of the intervention, and the anticipated resources (dollars and personnel) directed toward such effort. The
 44 staffing necessary to carry out the intervention plan may be assembled from either public agencies or private entities or both
 45 and, notwithstanding any other provisions of law, the Governor may use an expedited method of procurement to secure such
 46 staffing when, in his judgment, the need for intervention is of an emergency nature such that action must be taken in a timely
 47 manner to avoid or address unacceptable financial risks to the Commonwealth.

48 5. The governing body and the elected constitutional officers of a locality subject to an intervention plan approved by the
 49 Governor shall assist all state appointed staff conducting the intervention regardless of whether such staff are from public
 50 agencies or private entities. Intervention staff shall provide periodic reports in writing to the Governor and the Chairmen of the
 51 House Appropriations Committee and the Senate Finance and Appropriations Committee outlining the scope of issues
 52 discovered and any recommendations made to remediate such issues, and the progress that is made on such recommendations
 53 or other remediation efforts. These periodic reports shall specifically address the degree of cooperation the intervention team is
 54 receiving from locally elected officials, including constitutional officers, city, county, or town managers and other local
 55 personnel in regards to their intervention work.

56 6. The Department of General Services is hereby encouraged to develop a master contract of qualified private sector turnaround
 57 specialists with expertise in local government intervention that the Governor can use to procure intervention services in an

1 expeditious manner when he determines that state intervention is warranted in situations of local fiscal distress.

2 c. No locality that has been previously authorized as an eligible host city pursuant to § 58.1-4107, Code of Virginia, to conduct
3 casino gaming which held a local referendum on November 2, 2021, that failed, shall be eligible to hold a subsequent local
4 referendum until November 2023.

5 § 4-9.00 HIGHER EDUCATION RESTRUCTURING

6 § 4-9.01 ASSESSMENT OF INSTITUTIONAL PERFORMANCE

7 Consistent with § 23.1-206, Code of Virginia, the following education-related and financial and administrative management
8 measures shall be the basis on which the State Council of Higher Education shall annually assess and certify institutional
9 performance. Such certification shall be completed and forwarded in writing to the Governor and the General Assembly no later than
10 October 1 of each even-numbered year. Institutional performance on measures set forth in paragraph D of this section shall be
11 evaluated year-to-date by the Secretaries of Finance and Administration as appropriate, and communicated to the State Council of
12 Higher Education before October 1 of each even-numbered year. Financial benefits provided to each institution in accordance with §
13 23.1-1002 will be evaluated in light of that institution's performance.

14 In general, institutions are expected to achieve all performance measures in order to be certified by SCHEV, but it is understood that
15 there can be circumstances beyond an institution's control that may prevent achieving one or more performance measures. The
16 Council shall consider, in consultation with each institution, such factors in its review: (1) institutions meeting all performance
17 measures will be certified by the Council and recommended to receive the financial benefits, (2) institutions that do not meet all
18 performance measures will be evaluated by the Council and the Council may take one or more of the following actions: (a) request
19 the institution provide a remediation plan and recommend that the Governor withhold release of financial benefits until Council
20 review of the remediation plan or (b) recommend that the Governor withhold all or part of financial benefits.

21 Further, the State Council shall have broad authority to certify institutions as having met the standards on education-related
22 measures. The State Council shall likewise have the authority to exempt institutions from certification on education-related measures
23 that the State Council deems unrelated to an institution's mission or unnecessary given the institution's level of performance.

24 The State Council may develop, adopt, and publish standards for granting exemptions and ongoing modifications to the certification
25 process.

42 retention of teachers, and the exiting of teachers from the teaching profession.

43 2. a) The Virginia Department of Education and the State Council of Higher Education for Virginia shall share personally
44 identifiable information from education records in order to evaluate and study student preparation for and enrollment and
45 performance at state institutions of higher education in order to improve educational policy and instruction in the Commonwealth.
46 However, such study shall be conducted in such a manner as to not permit the personal identification of students by persons other
47 than representatives of the Department of Education or the State Council for Higher Education for Virginia, and such shared
48 information shall be destroyed when no longer needed for purposes of the study.

49 b) Notwithstanding § 2.2-3800 of the Code of Virginia, the Virginia Department of Education, State Council of Higher Education
50 for Virginia, Virginia Community College System, and the Virginia Employment Commission may collect, use, share, and maintain

1 de-identified student data to improve student and program performance including those for career readiness.

2 3. Institutions of higher education shall disclose information from a pupil's scholastic record to the Superintendent of Public
3 Instruction or his designee for the purpose of studying student preparation as it relates to the content and rigor of the Standards
4 of Learning. Furthermore, the superintendent of each school division shall disclose information from a pupil's scholastic record
5 to the Superintendent of Public Instruction or his designee for the same purpose. All information provided to the Superintendent
6 or his designee for this purpose shall be used solely for the purpose of evaluating the Standards of Learning and shall not be
7 redisclosed, except as provided under federal law. All information shall be destroyed when no longer needed for the purposes
8 of studying the content and rigor of the Standards of Learning.

42 delay and the manner in which the institution responded and determine whether the institution appropriately adhered to Project
43 Management Institute's best management practices and, therefore, shall be considered in compliance with the measure despite

performance measures with the administrative performance measures listed in this paragraph. Effective July 1, 2009, the following administrative and financial measures shall be used for the assessment of institutional performance for institutions governed under Chapters 933 and 943 of the 2006 Acts of Assembly and those governed under Chapters 594 and 616 of the 2008 Acts of Assembly, Chapters 675 and 685 of the 2009 Acts of Assembly, and Chapters 124 and 125 of the 2019 Acts of Assembly.

9 Assembly of 2011.

10 § 4-9.02 LEVEL II AUTHORITY

11 a. Notwithstanding the provisions of § 5 of Chapter 824 and 829 of the 2008 Acts of Assembly, institutions of higher education
12 that have met the eligibility criteria for additional operational and administrative authority set forth in Chapters 824 and 829 of

23 in consultation with the Secretary of Finance, Secretary of Education, the appropriate Cabinet Secretary, and the State Council
24 of Higher Education for Virginia. Each education-related measure and its respective target must be approved by the State
25 Council of Higher Education for Virginia. The development and administration of education-related measures described in
26 paragraph b. and in § 23.1-1003 A.3. are suspended through 2022-2024.

27 c. Subject to review of its Shared Services Center by the Department of General Services, and approval to proceed with
28 decentralized procurement of authority by the Department of General Services, the Virginia Community College System
29 (VCCS) is authorized, for a period of five years, to exercise additional financial and administrative authority as set out in each
30 of the three functional areas of information technology, procurement and capital projects as set forth and subject to all the
31 conditions in §§ 2.0, 3.0 and 4.0 of the second enactment of Chapter 824 and 829 of the Acts of Assembly of 2008 except that
32 (i) any effective dates contained in Chapter 824 and 829 of the Acts of Assembly of 2008 are superseded by the provisions of
33 this item. The State Board for Community Colleges may request any subsequent delegation of procurement authority after
34 consultation with and positive recommendation by the Department of General Services.

35 d. Notwithstanding the small purchase thresholds set forth in the Rules Governing Procurement for institutions of higher
36 education that have operational authority in the area of procurement, the small purchases thresholds shall be the same
37 thresholds set forth in the Virginia Public Procurement Act (§ 2.2- 4300 et seq). Where small purchase thresholds in the Rules

4 a. The Boards of Visitors at each Virginia public four-year higher education institution, to the extent practicable, shall:

5 1. require their institutions to clearly list the amount of the athletic fee on their website's tuition and fees information page. The page
6 should include a link to the State Council of Higher Education for Virginia's tuition and fee information. The boards should consider
7 requiring institutions to list the major components of all mandatory fees, including the portion attributable to athletics, on a separate
8 page attached to student invoices;

9 2. assess the feasibility and impact of raising additional revenue through campus recreation and fitness enterprises to reduce reliance
10 on mandatory student fees. The assessments should address the feasibility and impact of raising additional revenue through charging
11 for specialized programs and services, expanding membership, and/or charging all users of recreation facilities;

12 3. direct staff to perform a comprehensive review of the institution's organizational structure, including an analysis of spans of
13 control and a review of staff activities and workload, and identify opportunities to streamline the organizational structure. Boards
14 should further direct staff to implement the recommendations of the review to streamline their organizational structures where
15 possible;

16 4. require periodic reports on average and median spans of control and the number of supervisors with six or fewer direct reports;

17 5. direct staff to revise human resource policies to eliminate unnecessary supervisory positions by developing standards that
18 establish and promote broader spans of control. The new policies and standards should (i) set an overall target span of control for the
19 institution, (ii) set a minimum number of direct reports per supervisor, with guidelines for exceptions, (iii) define the circumstances
20 that necessitate the use of a supervisory position, (iv) prohibit the establishment of supervisory positions for the purpose of recruiting
21 or retaining employees, and (v) establish a periodic review of departments where spans of control are unusually narrow; and,

22 6. direct institution staff to set and enforce policies to maximize standardization of purchases of commonly procured goods,
23 including use of institution-wide contracts;

24 7. consider directing institution staff to provide an annual report on all institutional purchases, including small purchases, that are
25 exceptions to the institutional policies for standardizing purchases;

26 8. participate in national faculty teaching load assessments by discipline and faculty type.

27 b. The State Council on Higher Education for Virginia, to the extent practicable, shall:

28 1. convene a working group of institution financial officers, with input from the Department of Accounts, the Department of
29 Planning and Budget, and the Auditor of Public Accounts, to create a standard way of calculating and publishing mandatory non-
30 E&G fees, including for intercollegiate athletics;

31 2. update the state's Chart of Accounts for higher education in order to improve comparability and transparency of mandatory non-
32 E&G fees, with input from the Department of Accounts, the Department of Planning and Budget, the Auditor of Public Accounts,
33 and institutional staff. This process should be coordinated with the standardization of tuition and fee reporting;

34 3. convene a working group of institutional staff to develop instructional and research space guidelines that adequately measure
35 current use of space and plans for future use of space at Virginia's public higher education institutions;

36 4. coordinate a committee of institutional representatives, such as the previously authorized Learning Technology Advisory
37 Committee. In addition to the objectives set out in the Appropriation Act for the Learning Technology Advisory Committee, the
38 committee should identify instructional technology initiatives and best practices for directly or indirectly lowering institutions'
39 instructional expenditures per student while maintaining or enhancing student learning;

40 5. include factors such as discipline, faculty rank, cost of living, and regional comparisons in developing faculty salary goals;

41 6. identify instructional technology best practices that directly or indirectly lower student cost while maintaining or enhancing
42 learning.

43 c. Notwithstanding the provisions of § 23.1-1304, the State Council of Higher Education for Virginia shall annually train boards of
44 visitors members on the types of information members should request from institutions to inform decision making, such as
45 performance measures, benchmarking data, the impact of financial decisions on student costs, and past and projected cost trends.
46 Boards of Visitors members serving on finance and facilities subcommittees should, at a minimum, participate in the training within
47 their first year of membership on the subcommittee. SCHEV should obtain assistance in developing or delivering the training from
48 relevant agencies such as the Department of General Services and past or present finance officers at Virginia's public four-year
49 institutions, as appropriate.

1 d. The Department of Planning and Budget shall revise the formula used to make allocation recommendations for the state's
2 maintenance reserve funding to account for higher maintenance needs resulting from poor facility condition, aging of facilities,
3 and differences in facility use.

4 e. The Six-Year Capital Outlay Plan Advisory Committee, the Department of Planning and Budget, and others as appropriate
5 shall use the results of the prioritization process established by the State Council of Higher Education for Virginia in
6 determining which capital projects should receive funding.

7 f. Beginning with fiscal year 2016, the Auditor of Public Accounts shall include in its audit plan for each public institution of
8 higher education a review of progress in implementing the JLARC recommendations contained in paragraph § 4-9.04 a.
