39	an EDCOT process could divert individuals with a serious mental illness who are not				
40	currently served by existing programs in Virginia; (iii) examine the operational, legal,				
41	funding, and other barriers identified by stakeholders that would be required to address				
42	EDCOT implementation; and (iv) determine the feasibility of implementing an EDCOT

4	that a substantial security risk exists in a particular case, no courtroom security deputies may				
5	be ordered by a judge for civil cases, not more than one deputy may be ordered by a judge for

38	made by February 1 for an effective date of participation the following July 1.				
39	3. Subject to appropriations by the General Assembly for this purpose, funding shall be				
40	provided by the Compensation Board for participation in the Master Deputy Program to

43	H. The Compensation Board shall estimate biannually the number of additional law

54	Compensation Board shall allocate positions based upon the most recent provisional				
55	population estimates available at the time the agency's annual budget is completed.

1	C. The individual or entity responsible for operating any facility which receives funds				
2	from this Item may, if requested by the Department of Corrections, enter into an				
3	agreement with the department to accept the transfer of convicted felons, from other local				
4	facilities or from facilities operated by the Department of Corrections. In entering into any				
5	such agreements, or in effecting the transfer of offenders, the Department of Corrections				
6	shall consider the security requirements of transferred offenders and the capability of the				
7	local facility to maintain such offenders. For purposes of calculating the amount due each				
8	locality, all funds earned by the locality as a result of an agreement with the Department of				
9	Corrections shall be included as receipts from these appropriations.				
10	D. Out of this appropriation, an amount not to exceed \$377,010 the first year and				
11	\$377,010 the second year from the general fund, is designated to be held in reserve for				
12	unbudgeted medical expenses incurred by local correctional facilities in the care of state				
13	responsible felons.				
14	E. The following amounts shall be paid out of this appropriation to compensate localities				
15	for the cost of maintaining prisoners in local correctional facilities, as defined by § 53.1-1,				
16	Code of Virginia, or if the prisoner is not housed in a local correctional facility, in an				
17	alternative to incarceration program operated by, or under the authority of, the sheriff or				
18	jail board:				
19	1. For local responsible inmates--\$5 per inmate day, or, if the inmate is housed and				
20	maintained in a jail farm not under the control of the sheriff, the rate shall be \$19 per				
21	inmate day.				
22	2. For state responsible inmates--\$15 per inmate day.				
23	F. For the payment specified in paragraph E.1. of this Item for prisoners in alternative				
24	punishment or alternative to incarceration programs:				
25	1. Such payment is intended to be made for prisoners that would otherwise be housed in a				
26	local correctional facility. It is not intended for prisoners that would otherwise be				
27	sentenced to community service or placed on probation.				
28	2. No such payment shall be made unless the program has been approved by the				
29	Department of Corrections or the Department of Criminal Justice Services. Alternative				
30	punishment or alternative to incarceration programs, however, may include supervised				
31	work experience, treatment, and electronic monitoring programs.				
32	G.1. Except as provided for in paragraph G.2., and notwithstanding any other provisions				
33	of this Item, the Compensation Board shall provide payment to any locality with an				
34	average daily jail population of under ten in FY 1995 an inmate per diem rate of \$18 per				
35	day for local responsible inmates and \$12 per day for state responsible inmates held in				
36	these jails in lieu of personal service costs for corrections' officers.				
37	2. Any locality covered by the provisions of this paragraph shall be exempt from the				
38	provisions thereof provided that the locally elected sheriff, with the assistance of the				
39	Compensation Board, enters into good faith negotiations to house his prisoners in an				
40	existing local or regional jail. In establishing the per diem rate and capital contribution, if				
41	any, to be charged to such locality by a local or regional jail, the Compensation Board and				
42	the local sheriff or regional jail authority shall consider the operating support and capital				
43	contribution made by the Commonwealth, as required by §§ 15.2-1613, 15.2-1615.1, 53.1-				
44	80, and 53.1-81, Code of Virginia. The Compensation Board shall report periodically to				
45	the Chairs of the House Appropriations and Senate Finance and Appropriations				
46	Committees on the progress of these negotiations and may withhold the exemption				
47	granted by this paragraph if, in the board's opinion, the local sheriff fails to negotiate in				
48	good faith.				
49	H.1. The Compensation Board shall recover the state-funded costs associated with housing				
50	federal inmates, District of Columbia inmates or contract inmates from other states. The				
51	Compensation Board shall determine, by individual jail, the amount to be recovered by the				
52	Commonwealth by multiplying the jail's current inmate days for this population by the				
53	proportion of the jail's per inmate day salary funds provided by the Commonwealth, as				
54	identified in the most recent Jail Cost Report prepared by the Compensation Board.

		First Year FY2025	Second Year FY2026	First Year FY2025	Second Year FY2026
1	Beginning July 1, 2009, the Compensation Board shall determine, by individual jail, the				
2	amount to be recovered by the Commonwealth by multiplying the jail's current inmate days				
3	for this population by the proportion of the jail's per inmate day operating costs provided by				
4	the Commonwealth, excluding payments otherwise provided for in this Item, as identified in				
5	the most recent Jail Cost Report prepared by the Compensation Board. If a jail is not included				
6	in the most recent Jail Cost Report, the Compensation Board shall use the statewide average				
7	of per inmate day salary funds provided by the Commonwealth.				
8	2. The Compensation Board shall deduct the amount to be recovered by the Commonwealth				
9	from the facility's next quarterly per diem payment for state-responsible and local-responsible				
10	inmates. Should the next quarterly per diem payment owed the locality not be sufficient				
11	against which to net the total quarterly recovery amount, the locality shall remit the remaining				
12	amount not recovered to the Compensation Board.				
13	3. Any local or regional jail which receives funding from the Compensation Board shall give				
14	priority to the housing of local-responsible, state-responsible, and state contract inmates, in				
15	that order, as provided in paragraph H.1.				
16	4. The Compensation Board shall not provide any inmate per diem payments to any local or				
17	regional jail which holds federal inmates in excess of the number of beds contracted for with				
18	the Department of Corrections, unless the Director, Department of Corrections, certifies to the				
19	Chairman of the Compensation Board that a) such contract beds are not required; b) the				
20	facility has operational capacity built under contract with the federal government; c) the				
21	facility has received a grant from the federal government for a portion of the capital costs; or				
22	d) the facility has applied to the Department of Corrections for participation in the contract				
23	bed program with a sufficient number of beds to meet the Department of Corrections' need or				
24	ability to fund contract beds at that facility in any given fiscal year.				
25	5. The Compensation Board shall apply the cost recovery methodology set out in paragraph				
26	H.1. of this Item to any jail which holds inmates from another state on a contractual basis.				
27	However, recovery in such circumstances shall not be made for inmates held pending				
28	extradition to other states or pending transfer to the Virginia Department of Corrections.				
29	6. The provisions of this paragraph shall not apply to any local or regional jail where the				
30	cumulative federal share of capital costs exceeds the Commonwealth's cumulative capital				
31	contribution.				
32	7. For a local or regional jail which operates bed space specifically built utilizing federal				
33	capital or grant funds for the housing of federal inmates and for which Compensation Board				
34	funding has never been authorized for staff for such bed space, the Compensation Board shall				
35	allow an exemption from the recovery provided in paragraph H.1. for a defined number of				
36	federal prisoners upon certification by the sheriff or superintendent that the federal				
37	government has paid for the construction of bed space in the facility or provided a grant for a				
38	portion of the capital cost. Such certification shall include specific funding amounts paid by				
39	the federal government, localities, and/or regional jail authorities, and the Commonwealth for				
40	the construction of bed space specifically built for the housing of federal inmates and for the				
41	construction of the jail facility in its entirety. The defined number of federal prisoners to be				
42	exempted from the recovery provided in paragraph H.1. shall be based upon the proportion of				
43	funding paid by the federal government and localities and/or regional jail authorities for the				
44	construction of bed space to house federal prisoners to the total funding paid by all sources,				
45	including the Commonwealth, for all construction costs for the jail facility in its entirety. For				
46	Western Tidewater Regional Jail, exemption from the recovery provided in paragraph H.1.				
47	shall apply to the first 76 federal inmates housed at the jail and for any inmate above 130				
48	housed at the jail at any given time.				
49	8. Beginning March 1, 2013, federal inmates placed in the custody of a regional jail pursuant				
50	to a work release program operated by the federal Bureau of Prisons shall be exempt from the				
51	recovery of costs associated with housing federal inmates pursuant to paragraph H.1. of this				
52	item if such federal inmates have been assigned by the federal Bureau of Prisons to a home				
53	electronic monitoring program in place for such inmates by agreement with the jail on or				
54	before January 1, 2012 and are not housed in the jail facility. However, no such exemption				
55	shall apply to any federal inmate while they are housed in the regional jail facility.

4	Facilities.				
5	J.1. The Compensation Board shall provide an annual report on the number and diagnoses				
6	of inmates with mental illnesses in local and regional jails, the treatment services				
7	provided, and expenditures on jail mental health programs. The report shall be prepared in				
8	cooperation with the Virginia Sheriffs Association, the Virginia Association of Regional				
9	Jails, the Virginia Association of Community Services Boards, and the Department of				
10	Behavioral Health and Developmental Services, and shall be coordinated with the data				
11	submissions required for the annual jail cost report. Copies of this report shall be provided				
12	by November 1 of each year to the Governor, Director, Department of Planning and				
13	Budget, and the Chairs of the Senate Finance and Appropriations and House				
14	Appropriations Committees.				
15	2. Whenever a person is admitted to a local or regional correctional facility, the staff of the				
16	facility shall screen such person for mental illness using a scientifically validated				
17	instrument. The Commissioner of Behavioral Health and Developmental Services shall				
18	designate the instrument to be used for the screenings and such instrument shall be				
19	capable of being administered by an employee of the local or regional correctional facility,				
20	other than a health care provider, provided that such employee is trained in the				
21	administration of such instrument.				
22	K. Out of the amounts appropriated in this item, \$215,939 the first year and \$215,939 the				
23	second year from the general fund is provided for the purpose of reimbursing the County				
24	of Nottoway for the expense of confining residents of the Virginia Center for Behavioral				
25	Rehabilitation arrested for new offenses and held in Piedmont Regional Jail at the expense				
26	of the County. Reimbursements by the Board are to be made quarterly, and shall be equal				
27	to demonstrated costs incurred by the County of Nottoway for confinement of these				
28	individuals, and shall not exceed the amounts provided in this paragraph for each fiscal				
29	year. Demonstrated costs may include expenses incurred in the last month of the prior				
30	fiscal year if not previously reimbursed. The County of Nottoway, the Virginia Center for				
31	Behavioral Rehabilitation, and Piedmont Regional Jail shall upon request provide the

44	3. Whenever an attorney for the Commonwealth is such for a county and city together, or				
45	for two or more cities, the aggregate population of such political subdivisions shall be the				
46	population for the purpose of arriving at the salary of such attorney for the				
47	Commonwealth under the provisions of this paragraph and such attorney for the				
48	Commonwealth shall receive as additional compensation the sum of one thousand dollars.				
49	B. No expenditure shall be made out of this Item for the employment of investigators,

1	C. Consistent with the provisions of § 19.2-349, Code of Virginia, attorneys for the				
2	Commonwealth may, in addition to the options otherwise provided by law, employ				
3	individuals to assist in collection of outstanding fines, costs, forfeitures, penalties, and				
4	restitution. Notwithstanding any other provision of law, beginning on the date upon which the				
5	order or judgment is entered, the costs associated with employing such individuals may be				
6	paid from the proceeds of the amounts collected provided that the cost is apportioned on a pro				
7	rata basis according to the amount collected which is due the state and that which is due the				
8	locality. The attorneys for the Commonwealth shall account for the amounts collected and				
9	apportion costs associated with the collections consistent with procedures issued by the				
10	Auditor of Public Accounts.				
11	D. The provisions of this act notwithstanding, no Commonwealth's attorney, public defender				
12	or employee of a public defender, shall be paid or receive reimbursement for the state portion				
13	of a salary in excess of the salary paid to judges of the circuit court. Nothing in this paragraph				
14	shall be construed to limit the ability of localities to supplement the salaries of locally elected				
15	constitutional officers or their employees.				
16	E. The Statewide Juvenile Justice project positions, as established under the provisions of				
17	Item 74 E, of Chapter 912, 1996 Acts of Assembly, and Chapter 924, 1997 Acts of Assembly,				
18	are continued under the provisions of this act. The Commonwealth's attorneys receiving such				
19	positions shall annually certify to the Compensation Board that the positions are used				
20	primarily, if not exclusively, for the prosecution of delinquency and domestic relations felony				
21	cases, as defined by Chapters 912 and 924. In the event the positions are not primarily or				
22	exclusively used for the prosecution of delinquency and domestic relations felony cases, the				
23	Compensation Board shall reallocate such positions by using the allocation provisions as				
24	provided for the board in Item 74 E of Chapters 912 and 924.				
25	F. The Compensation Board shall monitor the Department of Taxation program regarding the				
26	collection of unpaid fines and court costs by private debt collection firms contracted by				
27	Commonwealth's attorneys and shall include, in its annual report to the General Assembly on				
28	the collection of court-ordered fines and fees for clerks of the courts and Commonwealth's				
29	attorneys, the amount of unpaid fines and costs collected by this program.				
30	G. Out of this appropriation, \$685,705 the first year and \$685,705 the second year from the				
31	general fund is designated for the Compensation Board to fund five additional positions in				
32	Commonwealth's attorney's offices that shall be dedicated to prosecuting gang-related				
33	criminal activities. The board shall ensure that these positions work across jurisdictional lines,				
34	serving the Northern Virginia area (counties of Fairfax, Loudoun, Prince William, and				
35	Arlington and the cities of Falls Church, Alexandria, Manassas, Manassas Park and Fairfax).				
36	H. In accordance with the provisions of § 19.2-349, Code of Virginia, attorneys for the				
37	Commonwealth may employ individuals, or contract with private attorneys, private collection				
38	agencies, or other state or local agencies, to assist in collection of delinquent fines, costs,				
39	forfeitures, penalties, and restitution. If the attorney for the Commonwealth employs				
40	individuals, the costs associated with employing such individuals may be paid from the				
41	proceeds of the amounts collected provided that the cost is apportioned on a pro rata basis				
42	according to the amount collected which is due the state and that which is due the locality. If				
43	the attorney for the Commonwealth does not undertake collection, the attorney for the				
44	Commonwealth shall, as soon as practicable, take steps to ensure that any agreement or				
45	contract with an individual, attorney or agency complies with the terms of the current Master				
46	Guidelines Governing Collection of Unpaid Delinquent Court-Ordered Fines and Costs				
47	Pursuant to Virginia Code § 19.2-349 promulgated by the Office of the Attorney General, the				
48	Executive Secretary of the Supreme Court, the Department of Taxation, and the				
49	Compensation Board ("the Master Guidelines"). Notwithstanding any other provision of law,				
50	the delinquent amounts owed shall be increased by seventeen (17) percent to help offset the				
51	costs associated with employing such individuals or contracting with such agencies or				
52	individuals. If such increase would exceed the contracted collection agent's fee, then the				
53	delinquent amount owed shall be increased by the percentage or amount of the collection				
54	agent's fee. Effective July 1, 2015, as provided in § 19.2-349, Code of Virginia, treasurers not				
55	being compensated on a contingency basis as of January 1, 2015 shall be prohibited from				
56	being compensated on a contingency basis but shall instead be compensated for				
57	administrative costs pursuant to § 58.1-3958, Code of Virginia. Treasurers currently				
58	collecting a contingency fee shall be eligible to contract on a contingency fee basis. Effective

1	July 1, 2015, any treasurer collecting a contingency fee shall retain only the expenses of				
2	collection, and the excess collection shall be divided between the state and the locality in				
3	the same manner as if the collection had been done by the attorney for the				
4	Commonwealth. The attorneys for the Commonwealth shall account for the amounts				
5	collected and the fees and costs associated with the collections consistent with procedures				
6	issued by the Auditor of Public Accounts.				
7	I. Notwithstanding the provisions of Article 7, Chapter 4, Title 38, Code of Virginia,				
8	beginning July 1, 2018, \$600,000 each year from the Insurance Fraud Fund is included in				
9	this appropriation to fund multi-jurisdictional Assistant Commonwealth's Attorney				
10	positions that shall be dedicated to prosecuting insurance fraud and related criminal				
11	activities. The Department of State Police shall identify those jurisdictions most affected				
12	by insurance fraud based upon data provided by the Virginia State Police Insurance Fraud				
13	Program. The Virginia State Police Insurance Fraud Program shall ensure that these				
14	positions work across jurisdictional lines, serving jurisdictions identified as most in need				
15	of these resources as supported by data. These funds shall remain unallocated until the				
16	Compensation Board and Virginia State Police notify the Director of the Department of				
17	Planning and Budget of the joint agreements reached with the Commonwealth's Attorneys				
18	of the jurisdictions receiving the additional Assistant Commonwealth's Attorney positions				
19	and the jurisdictions to be served by these positions. The Commonwealth's Attorneys				
20	receiving such positions shall annually certify to the Compensation Board that these				
21	positions are used primarily, if not exclusively, for the prosecution of insurance fraud and				
22	related criminal activities.				
23	J. Any locality in the Commonwealth that employs the use of body worn cameras for its				
24	law enforcement officers shall be required to establish and fund one full-time equivalent				
25	entry-level Assistant Commonwealth's Attorney, at a salary no less than that established				
26	by the Compensation Board for an entry-level Commonwealth's Attorney, at a rate of one				
27	Assistant Commonwealth's Attorney for up to 75 body worn cameras employed for use by				
28	local law enforcement officers, and one Assistant Commonwealth's Attorney for every 75				
29	body worn cameras employed for use by local law enforcement officers, thereafter.				
30	However, with the consent of the Commonwealth's Attorney, a locality may provide their				
31	Commonwealth's Attorney's office with additional funding, using a different formula than				
32	stated above, as needed to accommodate the additional workload resulting from the				
33	requirement to review, redact and present footage from body worn cameras. If, as of July				
34	1, 2019, a locality is providing additional funding to the Commonwealth's Attorney's				
35	office specifically to address the staffing and workload impact of the implementation of				
36	body worn cameras on that office, that additional funding shall be credited to the formula				
37	used in that locality. Any agreed upon funding formula between the impacted				
38	Commonwealth's Attorney and the locality employing body worn cameras shall be filed				
39	with the Compensation Board by July 1 of each year and shall remain in effect unless				
40	modified by the agreement of both parties until June 30th of the following year. The term				
41	"locality" means every county or independent city with an Attorney for the				
42	Commonwealth. The term "employed for use" includes all body worn cameras maintained				
43	by the law enforcement agency or agencies of that locality, regardless of any temporary				
44	inoperability.				
45	K. Included in this appropriation is \$2,989,659 the first year and \$3,351,136 the second				
46	year from the general fund for the allocation of 18 additional paralegal positions and 29				
47	additional Assistant Commonwealth Attorney positions.

28	determine and report if the clerk has corrected the finding related to internal control				
29	matters that could be reasonably expected to lead to the loss of revenues or assets, or				
30	otherwise compromise fiscal accountability.				
31	3. Notwithstanding the provisions of Item 469, the Compensation Board shall not provide				
32	any salary increase to any circuit court clerk identified by the Auditor of Public Accounts				
33	who has not taken corrective action for the matters reported above, however, upon taking				
34	into consideration the size of the office of a circuit court clerk and their staffing capacity,				
35	the Compensation Board may determine there are extenuating circumstances in which any				
36	salary increases should not be withheld.				
37	I.1. Subject to appropriation by the General Assembly for this purpose, the Compensation				
38	Board may implement a Circuit Court Clerks' Career Development Program.				
39	2. Following receipt of a clerk's certification that the minimum requirements of the Clerks'

44	and in establishing completion and accountability requirements; and, (v) require investment				
45	from the private sector partner in the project prior to making any award from the fund at an				
46	appropriate level determined by the department. The department shall encourage additional				
47	assistance from the local governments in areas designated to receive funds to lower the				
48	overall cost and further assist in the timely completion of construction, including assistance

6	6. For grants awarded from the amounts appropriated in paragraphs B.2.b.2) and C.1. of				
7	Chapter 1 of the 2021 Acts of Assembly, Special Session II, Item 114, Paragraph L. of

9	construction of broadband infrastructure through the Virginia Telecommunications				
10	Initiative (VATI), the Department of Housing and Community Development shall deliver				
11	a quarterly performance report to the Governor, Secretary of Commerce and Trade, Chairs				
12	of the House Appropriations Committee and Senate Finance and Appropriations				
13	Committee, and Broadband Advisory Council, starting in Calendar Year 2022. To the				
14	extent possible, the quarterly performance report shall contain information by grant				
15	recipient and year on the following metrics: (1) Number of passings; (2) Grant dollars				
16	expended by fund source (State and Local Recovery Fund, Capital Project Fund, general				
17	fund state grants and match); (3) Contract performance period, and on-time progress				
18	towards project delivery; (4) Maximum advertised project speeds available; and, (5)				
19	Achievement of key project milestones. The quarterly report shall be due within 30 days				
20	of the close of the quarter. The quarterly performance report shall include an evaluation of				
21	any projects under risk of incompleteness or underperformance. The department in				
22	providing such risk assessment shall include a reason for the project's delay. The				
23	Department of Housing and Community Development shall develop a public facing				
24	dashboard to be updated quarterly that contains key performance information by grant				
25	recipient and year and includes the key performance indicators outlined above.				
26	Information in this public facing tool shall contain data beginning with grants awarded in				
27	the fiscal year 2022 Virginia Telecommunications Initiative grant cycle, and any future				
28	VATI grant cycles.				
29	7.a. Out of the amounts in this paragraph, the department shall utilize up to \$30,000,000 in				
30	the first year from the general fund to establish a program to provide supplements to				
31	current Virginia Telecommunication Initiative grant projects for "make ready" costs.				
32	Projects receiving money from these funds shall be limited to projects funded with				
33	resources from the State and Local Fiscal Recovery Fund or the Capital Projects Fund of				
34	the American Rescue Plan Act of 2021, which were awarded during the fiscal year 2022				
35	Virginia Telecommunication Initiative grant round. The department shall limit "make				
36	ready" costs to utility pole replacements and mid-span pole installations. Any balances, for				
37	the purposes specified in this paragraph 7., which are unexpended on June 30, 2025, shall				
38	revert to the general fund.				
39	b. The department shall establish an application process for the unit of government under				
40	contract with the department for the delivery of passings in mutual agreement with its				
41	private-sector partner to apply for a grant to supplement "make ready" costs occurring on				
42	or after January 1, 2024. Applicants shall be required to submit the following information:				
43	(i) the number, cost, and location of pole replacements or mid-span pole installations; (ii)				
44	documentation sufficient to establish that the pole replacements or mid-span pole				
45	installations described in the application have been completed or will be completed within				
46	120 days of the receipt of funds; (iii) documentation sufficient to establish the costs for				
47	which funds are requested; (iv) documentation that demonstrates estimated project costs				
48	for utility pole replacements and mid-span pole installations included in the approved				
49	fiscal year 2022 Virginia Telecommunication Initiative grant application; and (v) any				
50	other information, protections, or criteria determined by the department as necessary to				
51	effectuate the provisions of this paragraph 7.				
52	c. The department shall award funds on a competitive basis to projects that, in the				
53	determination of the department, are "at-risk" for completion by December 31, 2026.				
54	d. The department shall develop scoring criteria to prioritize eligible applications that (i)				
55	facilitate broadband service to the greatest number of unserved/underserved contiguous				
56	locations per mile; (ii) include a match from the project's private sector partner, which will				
57	be determined by the department; (iii) will accelerate the completion of projects; (iv) are

3	funds no later than June 1, 2025.				
4	e. Any awards made to an eligible applicant shall be limited to a percentage of the make ready				
5	costs included in the unit of government's fiscal year 2022 Virginia Telecommunication				
6	Initiative grant application as determined by the department. In no circumstance shall the				
7	department award more than \$30,000 per mile for pole replacements and/or mid-span				
8	installation costs included in any application for these funds.				
9	f. The department may award the funds provided in this paragraph 7. to supplement				
10	undergrounding costs for redesigned projects that change the deployment method from aerial				
11	to underground. Redesigned projects must be approved by the department prior to any release				
12	of these funds for undergrounding costs. The relevant provisions of paragraphs 7.a. through				
13	7.e. shall apply for any undergrounding application process established by the department. No				
14	more than \$30,000 per mile shall be awarded for undergrounding costs.				
15	M. Out of the amounts in this Item, \$1,408,647 the first year and \$1,408,647 the second year				
16	from the general fund is provided for administrative support for the Virginia				
17	Telecommunications Initiative.

27	waiver is granted by the Virginia Growth and Opportunity Board to a qualifying region upon				
28	request; (ii) \$16,900,000 the first year and \$16,900,000 the second year from the general fund

32	3. The Virginia Growth and Opportunity Board may allocate monies among the distributions				
33	outlined in paragraph N.2. of this item to meet demonstrated demand for funds. However,				
34	only those regional councils whose allocation is less than \$1,000,000 in a fiscal year based on				
35	the region's share of state population shall be eligible to receive an additional allocation, and				
36	the amount shall be limited such that the total allocation does not exceed \$1,000,000 in a				
37	fiscal year.

39	commercial economic development demand and current access, and to advance the planning				
40	and engineering of broadband infrastructure that are aligned with the framework				
41	recommended by the working group, established in Chapter 2, 2018 Special Session I, Acts of				
42	Assembly and shall give priority consideration for broadband technology development and				
43	deployment to facilitate the connectivity or upgrade of services to current and proposed				
44	business-ready sites in areas of high unemployment in qualifying regions.				
45	5. The Virginia Growth and Opportunity Board may rescind funds allocated to regional				
46	councils on a per capita basis, if the unobligated balances of a regional council exceed its				
47	average annual per capita distribution award. Any funds rescinded pursuant to this paragraph				
48	shall be retained in the Virginia Growth and Opportunity Fund (09272) and may be used by				
49	the Virginia Growth and Opportunity Board for grant awards to competitive projects. The				
50	Department shall notify the Chairs of the House Appropriations and Senate Finance and				
51	Appropriations Committees within 10 days of the decision by the Virginia Growth and				
52	Opportunity Board to rescind regional per capital allocations. The regional council, the

15	5-21 and (2) students for whom English is a second language who entered school for the first				
16	time after reaching their twelfth birthday, and who have not reached twenty-two years of age				
17	on or before August 1 of the school year, for the first seven (7) months (or equivalent period)				
18	of the school year through March 31 in which state funds are distributed from this				
19	appropriation. Preschool and postgraduate students shall not be included in March 31 ADM.				
20	a. School divisions shall take a count of September 30 fall membership and report this				
21	information to the Department of Education no later than October 15 of each year.				
22	b. Except as otherwise provided herein, by statute, or by precedent, all appropriations to the				
23	Department of Education shall be calculated using March 31 ADM unadjusted for half-day				
24	kindergarten programs, estimated at 1,212,152.38 1,214,292.30 the first year and

34	d. Students enrolled in an Individualized Student Alternative Education Program (ISAEP)				
35	pursuant to § 22.1-254 E shall be counted in the March 31 Average Daily Membership of the				
36	responsible school division. School divisions shall report these students separately in their

38	2. "Standards of Quality" - Operations standards for grades kindergarten through 12 as				
39	prescribed by the Board of Education subject to revision by the General Assembly.				
40	3.a. "Basic Operation Cost" - The cost per pupil, including provision for the number of				
41	instructional personnel required by the Standards of Quality for each school division with a				
42	minimum ratio of 51 professional personnel for each 1,000 pupils or proportionate number				
43	thereof, in March 31 ADM for the same fiscal year for which the costs are computed, and

50	4.a. "Composite Index of Local Ability-to-Pay" - An index figure computed for each locality.				
51	The composite index is the sum of 2/3 of the index of wealth per pupil in unadjusted March				

ITEM 125.		Item Details(\$)		Appropriations(\$)

1	31 ADM reported for the first seven (7) months of the 2021-2022 school year and 1/3 of				
2	the index of wealth per capita (population estimates for 2021 as determined by the Weldon				
3	Cooper Center for Public Service of the University of Virginia) multiplied by the local				
4	nominal share of the costs of the Standards of Quality of 0.45 in each year. The indices of				
5	wealth are determined by combining the following constituent index elements with the				
6	indicated weighting: (1) true values of real estate and public service corporations as				
7	reported by the State Department of Taxation for the calendar year 2021 - 50 percent; (2)				
8	adjusted gross income for the calendar year 2021 as reported by the State Department of				
9	Taxation - 40 percent; (3) the sales for the calendar year 2021 which are subject to the				
10	state general sales and use tax, as reported by the State Department of Taxation - 10				
11	percent. Each constituent index element for a locality is its sum per March 31 ADM, or				
12	per capita, expressed as a percentage of the state average per March 31 ADM, or per				
13	capita, for the same element. A locality whose composite index exceeds 0.8000 shall be				
14	considered as having an index of 0.8000 for purposes of distributing all payments based				
15	on the composite index of local ability-to-pay. Each constituent index element for a				
16	locality used to determine the composite index of local ability-to-pay for the current				
17	biennium shall be the latest available data for the specified official base year provided to				
18	the Department of Education by the responsible source agencies no later than November				
19	15, 2023.				
20	b. For any locality whose total calendar year 2021 Virginia Adjusted Gross Income is				
21	comprised of at least 3 percent or more by nonresidents of Virginia, such nonresident				
22	income shall be excluded in computing the composite index of ability-to-pay. The				
23	Department of Education shall compute the composite index for such localities by using				
24	adjusted gross income data which exclude nonresident income, but shall not adjust the				
25	composite index of any other localities. The Department of Taxation shall furnish to the				
26	Department of Education such data as are necessary to implement this provision.				
27	c.1) Notwithstanding the funding provisions in § 22.1-25 D, Code of Virginia, additional				
28	state funding for future consolidations shall be as set forth in future Appropriation Acts.				
29	2) In the case of the consolidation of Bedford County and Bedford City school divisions,				
30	the fifteen year period for the application of a new composite shall apply beginning with				
31	the fiscal year that starts on July 1, 2013. The composite index established by the Board of				
32	Education shall equal the lowest composite index that was in effect prior to July 1, 2013,				
33	of any individual localities involved in such consolidation, and this index shall remain in				
34	effect for a period of fifteen years, unless a lower composite index is calculated for the				
35	combined division through the process for computing an index as set forth above.				
36	3) If the composite index of a consolidated school division is reduced during the course of				
37	the fifteen year period to a level that would entitle the school division to a lower interest				
38	rate for a Literary Fund loan than it received when the loan was originally released, the				
39	Board of Education shall reduce the interest rate of such loan for the remainder of the				
40	period of the loan. Such reduction shall be based on the interest rate that would apply at				
41	the time of such adjustment. This rate shall remain in effect for the duration of the loan				
42	and shall apply only to those years remaining to be paid.				
43	d. When it is determined that a substantial error exists in a constituent index element, the				
44	Department of Education will make adjustments in funding for the current school year				
45	only in the division where the error occurred. The composite index of any other locality				
46	shall not be changed as a result of the adjustment. No adjustment during the biennium will				
47	be made as a result of updating of data used in a constituent index element.				
48	e. In the event that any school division consolidates two or more small schools, the				
49	division shall continue to receive Standards of Quality funding and provide for the				
50	required local expenditure for a period of five years as if the schools had not been				
51	consolidated. Small schools are defined as any elementary, middle, or high school with				
52	enrollment below 200, 300 and 400 students, respectively.				
53	5. "Required Local Expenditure for the Standards of Quality" - The locality's share based				
54	on the composite index of local ability-to-pay of the cost required by all the Standards of				
55	Quality minus its estimated revenues from the state sales and use tax dedicated to public				
56	education, and those sales tax revenues transferred to the general fund from the Public				
57	Education Standards of Quality/Local Real Estate Property Tax Relief Fund and

2	of school age population provided by the Weldon Cooper Center for Public Service, as				
3	specified in this Item, collected by the Department of Education and distributed to school				
4	divisions in the fiscal year in which the school year begins.				
5	6. "Required Local Match" - The locality's required share of program cost based on the				
6	composite index of local ability-to-pay for all Lottery and Incentive programs, where				
7	required, in which the school division has elected to participate in a fiscal year.				
8	7. "Planning District Eight" - The nine localities which comprise Planning District Eight are				
9	Arlington County, Fairfax County, Loudoun County, Prince William County, Alexandria				
10	City, Fairfax City, Falls Church City, Manassas City, and Manassas Park City.				
11	8. "State Share of the Standards of Quality" - The state share of the Standards of Quality				
12	(SOQ) shall be equal to the total funded SOQ cost for a school division less the school				
13	division's estimated revenues from the state sales and use tax dedicated to public education				
14	based on the latest yearly estimate of school age population provided by the Weldon Cooper				
15	Center for Public Service, adjusted for the state's share of the composite index of local ability				
16	to pay.				
17	9. Entitlements under this Item that use school-level or division-level Free Lunch eligibility				
18	percentages to determine the entitlement amounts are based on the most recent data available				
19	as of the biennial rebenchmarking calculations made for the current biennium. For schools				
20	that participate in the Community Eligibility Provision program, such entitlements are based				
21	on the most recent Free Lunch eligibility data available prior to that school's enrollment in the				
22	Community Eligibility Provision program.				
23	10. In the event that the general fund appropriations in this Item are not sufficient to meet the				
24	entitlements payable to school divisions pursuant to the provisions of this Item, the				
25	Department of Education is authorized to transfer any available general fund funds between				
26	these Items to address such insufficiencies. If the total general fund appropriations after such				
27	transfers remain insufficient to meet the entitlements of any program funded with general				
28	fund dollars, the Department of Education is authorized to prorate such shortfall				
29	proportionately across all of the school divisions participating in any program where such				
30	shortfall occurred.				
31	11. The Department of Education is directed to apply a cap on inflation rates in the same				
32	manner prescribed in § 51.1-166.B, Code of Virginia, when updating funding to school				
33	divisions during the biennial rebenchmarking process.				
34	12. Notwithstanding any other provision in statute or in this Item, the Department of				
35	Education is directed to combine the end-of-year Average Daily Membership (ADM) for				
36	those school divisions who have partnered together as a fiscal agent division and a contractual				
37	division for the purposes of calculating prevailing costs included in the Standards of Quality				
38	(SOQ).				
39	13. Notwithstanding any other provision in statute or in this Item, the Department of				
40	Education is directed to include zeroes in the linear weighted average calculation of support				
41	non-personal costs for the purpose of calculating prevailing costs included in the Standards of				
42	Quality (SOQ).				
43	14. Notwithstanding any other provision in statute or in this Item, the Department of				
44	Education is directed to eliminate the corresponding and appropriate object code(s) related to				
45	reported travel expenditures included the linear weighted average non-personal cost				
46	calculations for the purpose of calculating prevailing costs included in the Standards of				
47	Quality (SOQ).				
48	15. Notwithstanding any other provision in statute or in this Item, the Department of				
49	Education is directed to eliminate the corresponding and appropriate object code(s) related to				
50	reported leases and rental and facility expenditures included the linear weighted average non-				
51	personal cost calculations for the purpose of calculating prevailing costs included in the				
52	Standards of Quality (SOQ).				
53	16. Notwithstanding any other provision in statute or in this Item, the Department of				
54	Education is directed to fund transportation costs using a 15 year replacement schedule, which

2	calculating funded transportation costs included in the Standards of Quality (SOQ).				
3	17. To provide additional flexibility, notwithstanding the provisions of § 22.1-79.1, Code				
4	of Virginia, any school division that was granted a waiver regarding the opening date of				
5	the school year for the 2011-2012 school year under the good cause requirements shall				
6	continue to be granted a waiver for the 2024-2025 school year and the 2025-2026 school				
7	year.				
8	B. General Conditions				
9	1. The Standards of Quality cost in this Item related to fringe benefits shall be limited for				
10	instructional staff members to the employer's cost for a number not exceeding the number				
11	of instructional positions required by the Standards of Quality for each school division and				
12	for their salaries at the statewide prevailing salary levels as printed below.				
13	Instructional Position	First Year Salary		Second Year Salary

21	a.1) Payment by the state to a local school division shall be based on the state share of				
22	fringe benefit costs of 55 percent of the employer's cost distributed on the basis of the				
23	composite index.				
24	2) A locality whose composite index exceeds 0.8000 shall be considered as having an				
25	index of 0.8000 for purposes of distributing fringe benefit funds under this provision.				
26	3) The state payment to each school division for retirement, social security, and group life				
27	insurance costs for non-instructional personnel is included in and distributed through				
28	Basic Aid.				
29	b. Payments to school divisions from this Item shall be calculated using March 31				
30	Average Daily Membership adjusted for half-day kindergarten programs.				
31	c. Payments for health insurance fringe benefits are included in and distributed through				
32	Basic Aid.				
33	2. Each locality shall offer a school program for all its eligible pupils which is acceptable				
34	to the Department of Education as conforming to the Standards of Quality program				
35	requirements.				
36	3. In the event the statewide number of pupils in March 31 ADM results in a state share of				
37	cost exceeding the general fund appropriation in this Item, the locality's state share of				
38	Basic Aid shall be reduced proportionately so that this general fund appropriation will not				
39	be exceeded. In addition, the required local share of Basic Aid shall also be reduced				
40	proportionately to the reduction in the state's share.				
41	4. The Department of Education shall make equitable adjustments in the computation of				
42	indices of wealth and in other state-funded accounts for localities affected by annexation,				
43	unless a court of competent jurisdiction makes such adjustments. However, only the				
44	indices of wealth and other state-funded accounts of localities party to the annexation will				
45	be adjusted.				
46	5. In the event that the actual revenues from the state sales and use tax dedicated to public				
47	education and those sales tax revenues transferred to the general fund from the Public				
48	Education Standards of Quality/Local Real Estate Property Tax Relief Fund and				
49	appropriated in this Item (both of which are returned on the basis of the latest yearly

2	number estimated as the basis for this appropriation, the estimated state sales and use tax				
3	revenues shall not be adjusted.				
4	6. This appropriation shall be apportioned to the public schools with guidelines established by				
5	the Department of Education consistent with legislative intent as expressed in this act.				
6	7.a. Appropriations of state funds in this Item include the number of positions required by the				
7	Standards of Quality. This Item includes a minimum of 51 professional instructional positions				
8	and aide positions (C 5); Education of the Gifted, 1.0 professional instructional position (C 6);				
9	Occupational-Vocational Education Payments and Special Education Payments; a minimum				
10	of 6.0 professional instructional positions and aide positions (C 7 and C 8) for each 1,000				
11	pupils in March 31 ADM each year in support of the current Standards of Quality. Funding in				
12	support of one hour of additional instruction per day based on the percent of students eligible				
13	for the federal free lunch program with a pupil-teacher ratio range of 18:1 to 10:1; depending				
14	upon a school division's combined failure rate on the English and Math Standards of				
15	Learning; is included in Remedial Education Payments (C 9).				
16	b. No actions provided in this section signify any intent of the General Assembly to mandate				
17	an increase in the number of instructional personnel per 1,000 students above the numbers				
18	explicitly stated in the preceding paragraph.				
19	c. Appropriations in this Item include programs supported in part by transfers to the general				
20	fund from the Public Education Standards of Quality/Local Real Estate Property Tax Relief				
21	Fund pursuant to Part 3 of this Act. These transfers combined together with other				
22	appropriations from the general fund in this Item funds the state's share of the following				
23	revisions to the Standards of Quality pursuant to Chapters 939 & 955 of the Acts of Assembly				
24	of 2004: five elementary resource teachers per 1,000 students; one support technology				
25	position per 1,000 students; one instructional technology position per 1,000 students; and a				
26	full daily planning period for teachers at the middle and high school levels in order to relieve				
27	the financial pressure these education programs place on local real estate taxes.				
28	d. To provide flexibility, school divisions may use the state and local funds for instructional				
29	technology resource teachers required by the Standards of Quality to employ a data				
30	coordinator position, an instructional technology resource teacher position, or a data				
31	coordinator/instructional resource teacher blended position. The data coordinator position is				
32	intended to serve as a resource to principals and classroom teachers in the area of data				
33	analysis and interpretation for instructional and school improvement purposes, as well as for				
34	overall data management and administration of state assessments. School divisions using				
35	these SOQ funds in this manner shall only employ instructional personnel licensed by the				
36	Board of Education.				
37	e. To provide flexibility in the provision of reading intervention services, school divisions				
38	may use the state Early Reading Intervention initiative funding provided from the Lottery				
39	Proceeds Fund and the required local matching funds to employ reading specialists to provide				
40	the required reading intervention services. School divisions using the Early Reading				
41	Intervention Initiative funds in this manner shall only employ instructional personnel licensed				
42	by the Board of Education.				
43	f. To provide flexibility in the provision of mathematics intervention services, school				
44	divisions may use the state Standards of Learning Algebra Readiness initiative funding				
45	provided from the Lottery Proceeds Fund and the required local matching funds to employ				
46	mathematics teacher specialists to provide the required mathematics intervention services.				
47	School divisions using the Standards of Learning Algebra Readiness initiative funding in this				
48	manner shall only employ instructional personnel licensed by the Board of Education.				
49	g. Notwithstanding the provisions of subsection H 1 of § 22.1-253.13:2 of the Code of				
50	Virginia, each local school board shall employ, at a minimum, one full-time principal in each				
51	elementary school.				
52	h. Notwithstanding the provisions of subsection G of § 22.1-253.13:2 of the Code of Virginia,				
53	school boards may employ other staff such as reading coaches or other instructional staff who				
54	are working towards obtaining the training and licensure requirements necessary to fulfill the				
55	reading specialist staffing standards.

		First Year FY2025	Second Year FY2026	First Year FY2025	Second Year FY2026
1	8.a.1) Pursuant to § 22.1-97, Code of Virginia, the Department of Education is required to				
2	make calculations at the start of the school year to ensure that school divisions have				
3	appropriated adequate funds to support their estimated required local expenditure for the				
4	corresponding state fiscal year. In an effort to reduce the administrative burden on school				
5	divisions resulting from state data collections, such as the one needed to make the				
6	aforementioned calculations, the requirements of § 22.1-97, Code of Virginia, pertaining				
7	to the adequacy of estimated required local expenditures, shall be satisfied by signed				
8	certification by each division superintendent at the beginning of each school year that				
9	sufficient local funds have been budgeted to meet all state required local effort and				
10	required local match amounts. This provision shall only apply to calculations required of				
11	the Department of Education related to estimated required local expenditures and shall not				
12	pertain to the calculations associated with actual required local expenditures after the close				
13	of the school year.				
14	2) The Department of Education shall also make calculations after the close of the school				
15	year to verify that the required local effort level, based on actual March 31 Average Daily				
16	Membership, was met. Pursuant to § 22.1-97, Code of Virginia, the Department of				
17	Education shall report annually, no later than the first day of the General Assembly				
18	session, to the House Committees on Education and Appropriations and the Senate				
19	Committees on Finance and Appropriations and Education and Health, the results of such				
20	calculations made after the close of the school year and the degree to which each school				
21	division has met, failed to meet, or surpassed its required local expenditure. The				
22	Department of Education shall specify the calculations to determine if a school division				
23	has expended its required local expenditure for the Standards of Quality. This calculation				
24	may include but is not limited to the following calculations:				
25	b. The total expenditures for operation, defined as total expenditures less all capital				
26	outlays, expenditures for debt service, facilities, non-regular day school programs (such as				
27	adult education, preschool, and non-local education programs), and any transfers to				
28	regional programs will be calculated.				
29	c. The following state funds will be deducted from the amount calculated in paragraph a.				
30	above: revenues from the state sales and use tax (returned on the basis of the latest yearly				
31	estimate of school age population provided by the Weldon Cooper Center for Public				
32	Service, as specified in this Item) for sales in the fiscal year in which the school year				
33	begins; total receipts from state funds (except state funds for non-regular day school				
34	programs and state funds used for capital or debt service purposes); and the state share of				
35	any balances carried forward from the previous fiscal year. Any qualifying state funds that				
36	remain unspent at the end of the fiscal year will be added to the amount calculated in				
37	paragraph a. above.				
38	d. Federal funds, and any federal funds carried forward from the previous fiscal year, will				
39	also be deducted from the amount calculated in paragraph a. above. Any federal funds that				
40	remain unspent at the end of the fiscal year and any capital expenditures paid from federal				
41	funds will be added to the amount calculated in paragraph a. above.				
42	e. Tuition receipts, receipts from payments from other cities or counties, and fund				
43	transfers will also be deducted from the amount calculated in paragraph a, then				
44	f. The final amount calculated as described above must be equal to or greater than the				
45	required local expenditure defined in paragraph A. 5.				
46	g. The Department of Education shall collect the data necessary to perform the				
47	calculations of required local expenditure as required by this section.				
48	h. A locality whose expenditure in fact exceeds the required amount from local funds may				
49	not reduce its expenditures unless it first complies with all of the Standards of Quality.				
50	9.a. Any required local matching funds which a locality, as of the end of a school year, has				
51	not expended, pursuant to this Item, for the Standards of Quality shall be paid by the				
52	locality into the general fund of the state treasury. Such payments shall be made not later				
53	than the end of the school year following that in which the under expenditure occurs.				
54	b. Whenever the Department of Education has recovered funds as defined in the preceding

1	paragraph a., the Secretary of Education is authorized to repay to the locality affected by that				
2	action, seventy-five percent (75%) of those funds upon his determination that:				
3	1) The local school board agrees to include the funds in its June 30 ending balance for the				
4	year following that in which the under expenditure occurs;				
5	2) The local governing body agrees to reappropriate the funds as a supplemental appropriation				
6	to the approved budget for the second year following that in which the under expenditure				
7	occurs, in an appropriate category as requested by the local school board, for the direct benefit				
8	of the students;				
9	3) The local school board agrees to expend these funds, over and above the funds required to				
10	meet the required local expenditure for the second year following that in which the under				
11	expenditure occurs, for a special project, the details of which must be furnished to the				
12	Department of Education for review and approval;				
13	4) The local school board agrees to submit quarterly reports to the Department of Education				
14	on the use of funds provided through this project award; and				
15	5) The local governing body and the local school board agree that the project award will be				
16	cancelled and the funds withdrawn if the above conditions have not been met as of June 30 of				
17	the second year following that in which the under expenditure occurs.				
18	c. There is hereby appropriated, for the purposes of the foregoing repayment, a sum sufficient,				
19	not to exceed 75 percent of the funds deposited in the general fund pursuant to the preceding				
20	paragraph a.				
21	10. The Department of Education shall specify the manner for collecting the required				
22	information and the method for determining if a school division has expended the local funds				
23	required to support the actual local match based on all Lottery and Incentive programs in				
24	which the school division has elected to participate. Unless specifically stated otherwise in				
25	this Item, school divisions electing to participate in any Lottery or Incentive program that				
26	requires a local funding match in order to receive state funding, shall certify to the				
27	Department of Education its intent to participate in each program by July 1 each fiscal year in				
28	a manner prescribed by the Department of Education. As part of this certification process,				
29	each division superintendent must also certify that adequate local funds have been				
30	appropriated, above the required local effort for the Standards of Quality, to support the				
31	projected required local match based on the Lottery and Incentive programs in which the				
32	school division has elected to participate. State funding for such program(s) shall not be made				
33	until such time that the school division can certify that sufficient local funding has been				
34	appropriated to meet required local match. The Department of Education shall make				
35	calculations after the close of the fiscal year to verify that the required local match was met				
36	based on the state funds that were received.				
37	11. Any sum of local matching funds for Lottery and Incentive program which a locality has				
38	not expended as of the end of a fiscal year in support of the required local match pursuant to				
39	this Item shall be paid by the locality into the general fund of the state treasury unless the				
40	carryover of those unspent funds is specifically permitted by other provisions of this act. Such				
41	payments shall be made no later than the end of the school year following that in which the				
42	under expenditure occurred.				
43	12. The Superintendent of Public Instruction shall provide a report annually, no later than the				
44	first day of the General Assembly session, on the status of teacher salaries, by local school				
45	division, to the Governor and the Chairs of the Senate Finance and Appropriations and House				
46	Appropriations Committees. In addition to information on average salaries by school division				
47	and statewide comparisons with other states, the report shall also include information on				
48	starting salaries by school division and average teacher salaries by school.				
49	13. All state and local matching funds required by the programs in this Item shall be				
50	appropriated to the budget of the local school board.				
51	14. By November 1 of each year, the Department of Planning and Budget, in cooperation with				
52	the Department of Education, shall prepare and submit a preliminary forecast of Standards of				
53	Quality expenditures, based upon the most current data available, to the Chairs of the House				
54	Appropriations and Senate Finance and Appropriations Committees. In odd-numbered years,

2	numbered years, the forecast for the current and subsequent fiscal year shall be provided.				
3	The forecast shall detail the projected March 31 Average Daily Membership and the				
4	resulting impact on the education budget.				
5	15. Except as otherwise provided in this act, the Superintendent of Public Instruction shall				
6	provide guidelines for the distribution and expenditure of general fund appropriations and				
7	such additional federal, private and other funds as may be made available to aid in the				
8	establishment and maintenance of the public schools.				
9	16. At the Department of Education's option, fees for audio-visual services may be				
10	deducted from state Basic Aid payments for individual local school divisions.				
11	17. For distributions not otherwise specified, the Department of Education, at its option,				
12	may use prior year data to calculate actual disbursements to individual localities.				
13	18. Payments for accounts related to the Standards of Quality made to localities for public				
14	education from the general fund, as provided herein, shall be payable in twenty-four semi-				
15	monthly installments at the middle and end of each month.				
16	19. Notwithstanding § 58.1-638 D., Code of Virginia, and other language in this Item, the				
17	Department of Education shall, for purposes of calculating the state and local shares of the				
18	Standards of Quality, apportion state sales and use tax dedicated to public education and				
19	those sales tax revenues transferred to the general fund from the Public Education				
20	Standards of Quality/ Local Real Estate Property Tax Relief Fund in the first year based				
21	on the July 1, 2022, estimate of school age population provided by the Weldon Cooper				
22	Center for Public Service and, in the second year, based on the July 1, 2023, estimate of				
23	school age population provided by the Weldon Cooper Center for Public Service.				
24	Notwithstanding § 58.1-638 D., Code of Virginia, and other language in this Item, the				
25	State Comptroller shall distribute the state sales and use tax revenues dedicated to public				
26	education and those sales tax revenues transferred to the general fund from the Public				
27	Education Standards of Quality/ Local Real Estate Property Tax Relief Fund in the first				
28	year based on the July 1, 2022, estimate of school age population provided by the Weldon				
29	Cooper Center for Public Service and, in the second year, based on the July 1, 2023,				
30	estimate of school age population provided by the Weldon Cooper Center for Public				
31	Service.				
32	20. The school divisions within the Tobacco Region, as defined by the Tobacco Region				
33	Revitalization Commission, shall jointly explore ways to maximize their collective				
34	expenditure reimbursement totals for all eligible E-Rate funding.				
35	21. This Item includes appropriations totaling an estimated \$902,926,201 \$943,824,250 the				
36	first year and \$852,926,201 \$875,335,350 the second year from the revenues deposited to				
37	the Lottery Proceeds Fund. These amounts are appropriated for distribution to counties,				
38	cities, and towns to support public education programs pursuant to Article X, Section 7-A				
39	Constitution of Virginia. Any county, city, or town which accepts a distribution from this				
40	fund shall provide its portion of the cost of maintaining an educational program meeting				
41	the Standards of Quality pursuant to Section 2 of Article VIII of the Constitution without				
42	the use of distributions from the fund.				
43	22. For reporting purposes, the Department of Education shall include Lottery Proceeds				
44	Funds as state funds.				
45	23.a. Any locality that has met its required local effort for the Standards of Quality				
46	accounts for FY 2025 and that has met its required local match for incentive or Lottery-				
47	funded programs in which the locality elected to participate in FY 2025 may carry over				
48	into FY 2026 any remaining state Direct Aid to Public Education fund balances available				
49	to help minimize any FY 2026 revenue adjustments that may occur in state funding to that				
50	locality. Localities electing to carry forward such unspent state funds must appropriate the				
51	funds to the school division for expenditure in FY 2026.				
52	b. Any locality that has met its required local effort for the Standards of Quality accounts				
53	for FY 2026 and that has met its required local match for incentive or Lottery-funded				
54	programs in which the locality elected to participate in FY 2026 may carry over into FY

2	minimize any FY 2027 revenue adjustments that may occur in state funding to that locality.				
3	Localities electing to carry forward such unspent state funds must appropriate the funds to the				
4	school division for expenditure in FY 2027.				
5	24. Localities are encouraged to allow school boards to carry over any unspent local				
6	allocations into the next fiscal year. Localities are also encouraged to provide increased				
7	flexibility to school boards by appropriating state and local funds for public education in a				
8	lump sum.				
9	25. The Department of Education shall include in the annual School Performance Report Card				
10	for school divisions the percentage of each division's annual operating budget allocated to				
11	instructional costs. For this report, the Department of Education shall establish a methodology				
12	for allocating each school division's expenditures to instructional and non-instructional costs				
13	in a manner that is consistent with the funding of the Standards of Quality as approved by the				
14	General Assembly.				
15	26. It is the intent of the General Assembly that all school divisions annually provide their				
16	employees, upon request, with a user-friendly statement of total compensation, including				
17	contract duration if less than 12 months.				
18	27. The Department of Education, in collaboration with the Virginia Community College				
19	System, will ensure that the same policies regarding the cost for dual enrollment courses held				
20	at a community college, are consistently applied to public school students and home-schooled				
21	students alike. These policies will clearly address the school division contributions and any				
22	student charges for dual enrollment courses, and will ensure that public school students and				
23	home-school students are treated in the same manner.				
24	28. Each school division shall report each year to the Department of Education the individual				
25	uses for the prior year of the following funds prescribed by this item: (i) At-Risk Add-On and				
26	(ii) Early Reading Intervention. The Department shall prescribe the format and timeline				
27	required for the reporting of such information, which shall include, permitted categories of				
28	spending, personnel, both state and local contributions, and to the extent possible, the				
29	individual schools which these funds were expended. The Department shall compile and				
30	submit this information to the Chairs of the House Appropriations and Senate Finance and				
31	Appropriations Committees no later than the first day of the General Assembly session.				
32	29. Multidivision online providers, as defined in § 22.1-212.23, Code of Virginia, shall				
33	provide certain data as prescribed by the Department of Education related to students enrolled				
34	through a contract between such a provider and a school division, including such students				
35	who do not reside in the school division that is party to the contract. Such data shall include,				
36	but is not limited to, enrollment, which shall be disaggregated by serving school,				
37	demographics, attendance, achievement, and achievement gaps, and be transmitted in a format				
38	prescribed by the Department. The Department shall report such data annually through the				
39	School Quality Profiles in a manner that clearly disaggregates and communicates school				
40	quality information related to (i) the students that do not reside in the school division and are				
41	served through the contract, and (ii) all other students.				
42	30. Each school division shall report to the Department of Education information on the use				
43	of funds appropriated in fiscal year 2024 for the Flexible Funding Supplement and on the use				
44	of pass-through federal Elementary and Secondary School Emergency Relief funds used since				
45	2020. Such reporting shall specify amounts obligated and expensed based on reporting				
46	categories as prescribed by the Department of Education. School divisions also shall report				
47	how funds address performance gains or losses related to reading and mathematics and				
48	support preparation and implementation of the Virginia Literacy Act. The Department of				
49	Education shall compile this information and submit it to the Governor and the Chairs of the

44	methodology is used based upon 24 support positions per 1,000 ADM to funded SOQ				
45	instructional positions in the first year and in the second year. Such methodology shall not				
46	apply to the following SOQ support positions: division superintendent, school board

4	school divisions to support the state share of the number of Vocational Education instructors				
5	required by the Standards of Quality. These funds shall be disbursed on the same basis as the				
6	payment is calculated.				
7	b. An amount estimated at \$173,439,108 the first year and \$174,563,383 the second year from				
8	the general fund included in Basic Aid Payments relates to vocational education programs in				
9	support of the Standards of Quality.				
10	8. Special Education Payments				
11	a. An additional payment shall be disbursed by the Department of Education to the local				
12	school divisions to support the state share of the number of Special Education instructors				
13	required by the Standards of Quality. These funds shall be disbursed on the same basis as the

21	\$225,180,150 \$279,143,228 the first year and \$192,396,464 \$223,538,825 the second year				
22	from the Lottery Proceeds Fund is provided to distribute the state share of funds for the At-				
23	Risk Program. These payments shall be distributed based on the estimated number of At-Risk				
24	students, based on (1) the most recent three-year average Identified Student Percentage,				
25	applying a 1.25 multiplier factor , and (2) including one quarter of students identified as				
26	English language learners.				
27	b. The At-Risk Program shall provide each school division the state share of an 11.0 percent				
28	basic-aid add-on per estimated At-Risk student. In addition, the program shall provide each				
29	school division the state share of a payment equal to a 0.0 to 37.0 percent basic-aid add-on per				
30	estimated At-Risk student, with each school division's add-on percentage determined based				
31	upon the school division's concentration of At-Risk students relative to all other school				
32	divisions. Funding shall be matched by the local government based on the composite index of				
33	local ability-to-pay.				
34	c. These funds may be used for the purposes established in general law, including supporting				
35	programs and services for students who are educationally at risk, including prevention,				
36	intervention, or remediation activities required pursuant to Standard 1 (§ 22.1-253.13:1);				
37	teacher recruitment programs and incentives; targeted compensation adjustments to assist in				
38	recruiting and retaining experienced teachers in high poverty schools; Dropout Prevention;				
39	community and school-based truancy officer programs; Advancement Via Individual				
40	Determination (AVID); Project Discovery; programs for English language learners; the hiring				
41	of additional school counselors, testing coordinators, and licensed behavior analysts;				
42	programs relating to increasing the success of disadvantaged students in completing a high				
43	school degree and providing opportunities to encourage further education and training; and				
44	programs designed to reduce chronic absenteeism.				
45	d. If the Board of Education has required a local school board to submit a corrective action				
46	plan pursuant to § 22.1-253.13:3 , Code of Virginia, either for the school division pursuant to a				
47	division level review, or for any schools within its division that have been designated as not				
48	meeting the standards as approved by the Board of Education, the Superintendent of Public				
49	Instruction shall determine and report to the Board of Education whether each such local				
50	school board has met its obligation to develop and submit such corrective action plan(s) and is				
51	making adequate and timely progress in implementing the plan(s). Additionally, if an				
52	academic or other review process undertaken pursuant to § 22.1-253.13:3 , Code of Virginia,				
53	has identified actions for a local school board to implement, the Superintendent of Public				
54	Instruction shall determine and report to the Board of Education whether the local school

		First Year FY2025	Second Year FY2026	First Year FY2025	Second Year FY2026
1	board has implemented required actions. If the Superintendent certifies that a local school				
2	board has failed or refused to meet any of those obligations as referenced in a				
3	memorandum of understanding between the local school board and the Board of				
4	Education, the Board of Education shall withhold payment of some or all At-Risk Add-On				
5	funds otherwise allocated to the affected division pursuant to this allocation for the				
6	pending fiscal year. In determining the amount of At-Risk Add-On funds to be withheld,				
7	the Board of Education shall take into consideration the extent to which such funds have				
8	already been expended or contractually obligated. The local school board shall be given an				
9	opportunity to correct its failure and, if successful in a timely manner, may have some or				
10	all of its At-Risk Add-On funds restored at the Board of Education's discretion.				
11	10. Regional Alternative Education Programs				
12	a. An additional state payment of \$10,680,318 \$10,682,684 the first year and				
13	\$11,247,727 \$11,250,279 the second year from the Lottery Proceeds Fund shall be				
14	disbursed for Regional Alternative Education programs. Such programs shall be for the				
15	purpose of educating certain expelled students and, as appropriate, students who have				
16	received suspensions from public schools and students returned to the community from				
17	the Department of Juvenile Justice.				
18	b. Each regional program shall have a small student/staff ratio. Such staff shall include,				
19	but not be limited to education, mental health, health, and law enforcement professionals,				
20	who will collaborate to provide for the academic, psychological, and social needs of the				
21	students. Each program shall be designed to ensure that students make the transition back				
22	into the "mainstream" within their local school division.				
23	c.(i) Regional alternative education programs are funded through this Item based on the				
24	state's share of the incremental per pupil cost for providing such programs. This				
25	incremental per pupil payment shall be adjusted for the composite index of local ability-				
26	to-pay of the school division that counts such students attending such program in its				
27	March 31 Average Daily Membership. It is the intent of the General Assembly that this				
28	incremental per pupil amount be in addition to the basic aid per pupil funding provided to				
29	the affected school division for such students. Therefore, local school divisions are				
30	encouraged to provide the appropriate portion of the basic aid per pupil funding to the				
31	regional programs for students attending these programs, adjusted for costs incurred by the				
32	school division for transportation, administration, and any portion of the school day or				
33	school year that the student does not attend such program.				
34	(ii) In the event a school division does not use all of the student slots it is allocated under				
35	this program, the unused slots may be reallocated or transferred to another school division.				
36	(a) A school division must request from the Department of Education the availability and				
37	possible use of any unused student slots. If any unused slots are available and if the				
38	requesting school division chooses to utilize any of the unused slots, the requesting school				
39	division shall only receive the state's share of tuition for the unused slot that was allocated				
40	in this Item for the originally designated school division.				
41	(b) However, no requesting school division shall receive more tuition funding from the				
42	state for any requested unused slot than what would have been the calculated amount for				
43	the requesting school division had the unused slot been allocated to the requesting school				
44	division in the original budget. Furthermore, the requesting school division shall pay for				
45	any remaining tuition payment necessary for using a previously unused slot.				
46	(c) The Department of Education shall provide assistance for the state share of the				
47	incremental cost of Regional Alternative Education program operations based on the				
48	composite index of local ability-to-pay.				
49	d. Out of the appropriation included in paragraph C.38. of this item, \$549,105 \$549,281 the				
50	first year and \$1,113,010 \$1,115,927 the second year from the Lottery Proceeds Fund is				
51	provided for a compensation supplement payment equal to 3.0 percent of base pay on July				
52	1, 2024, and 3.0 percent of base pay on July 1, 2025, for Regional Alternative Education				
53	Program instructional and support positions.				
54	e. In the second year, the Department of Education shall conduct a biennial application

1	process to determine the slot allocation of the regional alternative education program for the				
2	subsequent biennium. Each school division, or the fiscal agent for each regional program,				
3	shall apply for the desired number of student slots from the statewide total number of slots				
4	funded in the state formula. The approved number of slots shall be set for both years of the				
5	biennium. The Department of Education shall prorate initial application requests if the initial				
6	application demand for slots exceeds the number of slots available. In each fiscal year, the				
7	Department of Education shall reallocate any unused student slots as prescribed in this item.				
8	11. Remedial Summer School				
9	a. This appropriation includes \$36,359,040 \$33,444,383 the first year and \$34,291,832 the				
10	second year from the general fund for the state's share of Remedial Summer School Programs.				
11	These funds are available to school divisions for the operation of programs designed to				
12	remediate students who are required to attend such programs during a summer school session				
13	or during an intersession in the case of year-round schools. These funds may be used in				
14	conjunction with other sources of state funding for remediation or intervention. School				
15	divisions shall have maximum flexibility with respect to the use of these funds and the types				
16	of remediation programs offered; however, in exercising this flexibility, students attending				
17	these programs shall not be charged tuition and no high school credit may be awarded to				
18	students who participate in this program.				
19	b. For school divisions charging students tuition for summer high school credit courses,				
20	consideration shall be given to students from households with extenuating financial				
21	circumstances who are repeating a class in order to graduate.				
22	12. K-3 Primary Class Size Reduction Payments				
23	a. An additional payment estimated at \$163,843,284 \$156,375,875 the first year and				
24	\$164,595,097 \$163,084,946 the second year from the Lottery Proceeds Fund shall be				
25	disbursed by the Department of Education as an incentive for reducing class sizes in the				
26	primary grades.				
27	b. The Department of Education shall calculate the payment based on the incremental cost of				
28	providing the lower class sizes based on the lower of the division average per pupil cost of all				
29	divisions or the actual division per pupil cost.				
30	c. Localities are required to provide a match for these funds based on the composite index of				
31	local ability-to-pay.				
32	d. By October 15 of each year school divisions must provide data to the Department of				
33	Education that each participating school has a September 30 pupil/teacher ratio in grades K				
34	through 3 that meet the following criteria:				
35	Qualifying School Percentage of	Grades K-3	Maximum Individual		
36	Students Approved				
37	Eligible for Free Lunch, Three-Year	School Ratio	K-3 Class Size		
38	Average				
39	30% but less than 45%	19 to 1	24		
40	45% but less than 55%	18 to 1	23		
41	55% but less than 65%	17 to 1	22		
42	65% but less than 70%	16 to 1	21		
43	70% but less than 75%	15 to 1	20		
44	75% or more	14 to 1	19		
45	e. School divisions may elect to have eligible schools participate at a higher ratio, or only in a				
46	portion of grades kindergarten through three, with a commensurate reduction of state and				
47	required local funds, if local conditions do not permit participation at the established ratio				
48	and/or maximum individual class size. In the event that a school division requires additional				
49	actions to ensure participation at the established ratio and/or maximum individual class size,				
50	such actions must be completed by December 1 of the impacted school year. Special				
51	education teachers and instructional aides shall not be counted towards meeting these required				
52	pupil/teacher ratios in grades kindergarten through three.

2	class size requirement in eligible schools that have only one class in an affected grade				
3	level in the school.				
4	13. Literary Fund Subsidy Program Payments				
5	a. The Department of Education and the Virginia Public School Authority (VPSA) shall				
6	provide a program of funding for school construction and renovation through the Literary				
7	Fund and through VPSA bond sales. Notwithstanding 8VAC-20-100, the program shall be				
8	used to provide funds, through Literary Fund loans and subsidies, and through VPSA bond				
9	sales, to fund a portion of the projects submitted by localities during the annual open				
10	enrollment process, or other critical projects that may receive priority as identified by the				
11	Board of Education. Interest rate subsidies will provide school divisions with the present				
12	value difference in debt service between a Literary Fund loan and a borrowing through the				
13	VPSA. To qualify for an interest rate subsidy, the school division's project must be				
14	eligible for a Literary Fund loan and shall be subject to the same restrictions. The VPSA				
15	shall work with the Department of Education in selecting those projects to be funded				
16	through the interest rate subsidy/bond financing program, so as to ensure the maximum				
17	leverage of Literary Fund moneys and a minimum impact on the VPSA Bond Pool.				
18	b. Notwithstanding §§ 22.1-146.1 through 22.1-153, Code of Virginia, and 8VAC-20-100,				
19	the Board of Education shall: 1) issue loans from the designated and uncommitted				
20	balances of the Literary Fund to the school boards of local school divisions that apply for				
21	such loans, authorized by the governing body and the school board, for the purposes of a)				
22	erecting, altering, or enlarging school buildings in local school divisions, or b) refinancing				
23	or redemption of negotiable notes, bonds, and other evidences of indebtedness or				
24	obligations incurred by a locality on behalf of a school division which has an application				
25	for a Literary Fund loan for an approved school project pending before the Board of				
26	Education; 2) establish a maximum Literary Fund loan amount per project of \$25.0				
27	million; 3) in consultation with the Department of Treasury, establish loan interest rates				
28	that are benchmarked to a market index on an annual basis for all tiers of localities and				
29	provide interest rates that are reasonably below such market index; 4) replace the existing				
30	First Priority and Second Priority waiting lists with an annual open enrollment process for				
31	loans, with priority based on the local composite index of ability-to-pay; and 5) offer a				
32	loan add-on not to exceed \$5.0 million per loan for projects that will result in school				
33	consolidation and the net reduction of at least one existing school. The Department of				
34	Education, in cooperation with the Department of the Treasury, shall provide an update on				
35	Literary Fund loan issuance to the Governor and the Chairs of the House Appropriations				
36	and Senate Finance and Appropriations Committees by October 1 each year. This report				
37	shall include detail of: 1) loan applications received in the prior fiscal year by locality,				
38	project, and amount; 2) loans issued in the prior fiscal year by locality, project, and				
39	amount; 3) the schedule of loan interest rates and the basis for those rates; 4) loans issued				
40	for school consolidation projects and the projected impact of those school consolidations;				
41	and 5) the impact of loans issued to date on the Literary Fund cash balance, outstanding				
42	loan balance, and projected asset base.				
43	c. The Board of Education may offer up to \$200,000,000 the first year and up to				
44	\$50,000,000 the second year from the Literary Fund in school construction loans, subject				
45	to the availability of funds. Amounts designated for school construction loans that are not				
46	obligated in the first year may be obligated in the second year. In addition, the Department				
47	of Education may offer Literary Fund loans from the uncommitted balances of the Literary				
48	Fund after meeting the obligations of the interest rate subsidy sales and the amounts set				
49	aside from the Literary Fund for Debt Service Payments for Education Technology and				
50	Security Equipment in this Item.				
51	d. 1) In the event that on any scheduled payment date of bonds of the Virginia Public				
52	School Authority (VPSA) authorized under the provisions of a bond resolution adopted				
53	subsequent to June 30, 1997, issued subsequent to June 30, 1997, and not benefiting from				
54	the provisions of either § 22.1-168 (iii), (iv), and (v), Code of Virginia, or § 22.1-168.1,				
55	Code of Virginia, the sum of (i) the payments on general obligation school bonds of cities,				
56	counties, and towns (localities) paid to the VPSA and (ii) the proceeds derived from the				
57	application of the provisions of § 15.2-2659, Code of Virginia, to such bonds of localities,				
58	is less than the debt service due on such bonds of the VPSA on such date, there is hereby

appropriated to the VPSA, first, from available moneys of the Literary Fund and, second, from the general fund a sum equal to such deficiency.

2) The Commonwealth shall be subrogated to the VPSA to the extent of any such appropriation paid to the VPSA and shall be entitled to enforce the VPSA's remedies with respect to the defaulting locality and to full recovery of the amount of such deficiency, together with interest at the rate of the defaulting locality's bonds.

e. The chairman of the Board of Commissioners of the VPSA shall, on or before November 1 of each year, make and deliver to the Governor and the Secretary of Finance a certificate setting forth his estimate of total debt service during each fiscal year of the biennium on bonds of the VPSA issued and projected to be issued during such biennium pursuant to the bond resolution referred to in paragraph a above. The Governor's budget submission each year shall include provisions for the payment of debt service pursuant to paragraph 1) above.

14. Educational Technology Payments

a. Any unobligated amounts transferred to the educational technology fund shall be disbursed on a pro rata basis to localities. The additional funds shall be used for technology needs identified in the division's technology plan approved by the Department of Education.

b. The Department of Education shall authorize estimated amounts as indicated in Table 1 from the Literary Fund to provide debt service payments for the education technology grant program conducted through the Virginia Public School Authority in the referenced years.

c. It is the intent of the General Assembly to authorize sufficient Literary Fund revenues to pay debt service on the Virginia Public School Authority bonds or notes authorized for education technology grant programs. In developing the proposed 2026-2028, 2028-2030, and 2030-2032 biennial budgets for public education, the Department of Education shall include a recommendation to the Governor to authorize sufficient Literary Fund revenues to make debt service payments for these programs in fiscal years 2027, 2028, 2029, 2030, and 2031.

d. 1) An education technology grant program shall be conducted through the Virginia Public School Authority, through the issuance of equipment notes in an amount estimated at ~~\$56,054,800~~\$55,790,000 in fiscal year 2025 and ~~\$56,215,600~~\$55,950,800 in fiscal year 2026. Proceeds of the notes will be used to establish a computer-based instructional and testing system for the Standards of Learning (SOL) and to develop the capability for high speed Internet connectivity at high schools followed by middle schools followed by elementary schools. School divisions shall use these funds first to develop and maintain the capability to support the administration of online SOL testing for all students with the exception of students with a documented need for a paper SOL test.

2) Grant funds from the issuance of ~~\$56,054,800~~\$55,790,000 in fiscal year 2025 and ~~\$56,215,600~~\$55,950,800 in fiscal year 2026 in equipment notes are based on a grant of \$26,000 per school and \$50,000 per school division. For purposes of this grant program, eligible schools shall include schools that are subject to state accreditation and reporting membership in grades K through 12 as of September 30, 2024, for the fiscal year 2025 issuance, and September 30, 2025, for the fiscal year 2026 issuance, as well as regional vocational centers, special education centers, alternative education centers, regular school year Governor's Schools, CodeRVA Regional High School, and the School for the Deaf and the Blind. Schools that serve only pre-kindergarten students shall not be eligible for this grant.

ITEM 125.		Item Details(\$)		Appropriations(\$)	
		First Year FY2025	Second Year FY2026	First Year FY2025	Second Year FY2026
1	3. a.) Supplemental grants shall be allocated to eligible divisions to support schools that				
2	are not fully accredited in accordance with this paragraph. Schools that include a ninth				
3	grade that administer SOL tests in Spring 2024 and that are not fully accredited for the				
4	second consecutive year, based on school accreditation ratings in effect for fiscal year				
5	2024 and fiscal year 2025 will qualify to participate in the Virginia e-Learning Backpack				
6	Initiative in fiscal year 2025 and receive: (1) a supplemental grant of \$400 per student				
7	reported in ninth grade fall membership in a qualifying school for the purchase of a laptop				
8	or tablet for that student and (2) a supplemental grant of \$2,400 per qualifying school to				
9	purchase two content creation packages for teachers. Schools eligible to receive this				
10	supplemental grant in fiscal year 2025 shall continue to receive the grant for the number of				
11	subsequent years equaling the number of grades 9 through 12 in the qualifying school up				
12	to a maximum of four years. Schools that administer SOL tests in Spring 2025 and that are				
13	not fully accredited for the second consecutive year based on school accreditation ratings				
14	in effect for fiscal year 2025 and fiscal year 2026 will qualify to participate in the				
15	initiative in fiscal year 2026. Schools eligible for the supplemental grants in previous				
16	fiscal years shall continue to be eligible for the remaining years of their grant award.				
17	Schools eligible to receive this supplemental grant in fiscal year 2026 shall continue to				
18	receive the grant for the number of subsequent years equaling the number of grades 9				
19	through 12 in the qualifying school up to a maximum of four years. Grants awarded to				
20	qualifying schools that do not have grades 10, 11, or 12 may transition with the students to				
21	the primary receiving school for all years subsequent to grade 9. Schools are eligible to				
22	receive these grants for a period of up to four years and shall not be eligible to receive a				
23	separate award in the future once the original award period has concluded. Schools that				
24	are fully accredited or that are new schools with conditional accreditation in their first year				
25	shall not be eligible to receive this supplemental grant.				
26	b.) Supplemental grants allocated to school divisions for participation in the Virginia e-				
27	Learning Backpack Initiative prior to fiscal year 2017 shall be used in eligible schools for				
28	(1) the purchase of a laptop or tablet for a student reported in ninth grade fall membership,				
29	and (2) the purchase of two content creation packages for teachers per grant. The amounts				
30	for such grants shall remain unchanged.				
31	4) Required local match:				
32	a) Localities are required to provide a match for these funds equal to 20 percent of the				
33	grant amount, including the supplemental grants provided pursuant to paragraph g. 5). At				
34	least 25 percent of the local match, including the match for supplemental grants, shall be				
35	used for teacher training in the use of instructional technology, with the remainder spent				
36	on other required uses. The Superintendent of Public Instruction is authorized to reduce				
37	the required local match for school divisions with a composite index of local ability-to-pay				
38	below 0.2000. The Virginia School for the Deaf and the Blind is exempt from the match				
39	requirement.				
40	b) School divisions that administer 100 percent of SOL tests online in all elementary,				
41	middle, and high schools may use up to 75 percent of their required local match to				
42	purchase targeted technology-based interventions. Such interventions may include the				
43	necessary technology and software to support online learning, technology-based content				
44	systems, content management systems, technology equipment systems, information and				
45	data management systems, and other appropriate technologies that support the individual				
46	needs of learners. School divisions that receive supplemental grants pursuant to paragraph				
47	g.5) above shall use the funds in qualifying schools to purchase laptops and tablets for				
48	ninth grade students reported in fall membership and content creation packages for				
49	teachers.				
50	5) The goal of the education technology grant program is to improve the instructional,				
51	remedial, and testing capabilities of the Standards of Learning for local school divisions				
52	and to increase the number of schools achieving full accreditation.				
53	6) Funds shall be used in the following manner:				
54	a) Each division shall use funds to reach a goal, in each high school, of: (1) a 5-to-1				
55	student to computer ratio; (2) an Internet-ready local area network (LAN) capability; and				
56	(3) high speed access to the Internet. School connectivity (computers, LANs and network				
57	access) shall include sufficient download/upload capability to ensure that each student will

1	have adequate access to Internet-based instructional, remedial and assessment programs.				
2	b) When each high school in a division meets the goals established in paragraph a) above, the				
3	remaining funds shall be used to develop similar capability in first the middle schools and				
4	then the elementary schools.				
5	c) For purposes of establishing or enhancing a computer-based instructional program				
6	supporting the Standards of Learning pursuant to paragraph g. 1) above, these grant funds				
7	may be used to purchase handheld multifunctional computing devices that support a broad				
8	range of applications and that are controlled by operating systems providing full multimedia				
9	support and mobile Internet connectivity. School divisions that elect to use these grant funds				
10	to purchase such qualifying handheld devices must continue to meet the on-line testing				
11	requirements stated in paragraph g. 1) above.				
12	d) School divisions shall be eligible to receive supplemental grants pursuant to paragraph g.5)				
13	above. These supplemental grants shall be used in qualifying schools for the purchase of				
14	laptops and tablets for ninth grade students reported in fall membership and content creation				
15	packages for teachers. Participating school divisions will be required to select a core set of				
16	electronic textbooks, applications and online services for productivity, learning management,				
17	collaboration, practice, and assessment to be included on all devices. In addition, participating				
18	school divisions will assume recurring costs for electronic textbook purchases and				
19	maintenance.				
20	e) Pursuant to § 15.2-1302, Code of Virginia, and in the event that two or more school				
21	divisions became one school division, whether by consolidation of only the school divisions				
22	or by consolidation of the local governments, such resulting division shall be provided				
23	funding through this program on the basis of having the same number of school divisions as				
24	existed prior to September 30, 2000.				
25	7) Local school divisions shall maximize the use of available federal funds, including E-Rate				
26	Funds, and to the extent possible, use such funds to supplement the program and meet the				
27	goals of this program.				
28	e. The Department of Education shall maintain criteria to determine if high schools, middle				
29	schools, or elementary schools have the capacity to meet the goals of this initiative. The				
30	Department of Education shall be responsible for the project management of this program.				
31	f. 1) In the event that, on any scheduled payment date of bonds or notes of the Virginia Public				
32	School Authority (VPSA) issued for the purpose described in § 22.1-166.2, Code of Virginia,				
33	and not benefiting from the provisions of either § 22.1-168 (iii), (iv) and (v), Code of				
34	Virginia, or § 22.1-168.1, Code of Virginia, the available moneys in the Literary Fund are less				
35	than the amounts authorized for debt service due on such bonds or notes of the VPSA on such				
36	date, there is hereby appropriated to the VPSA from the general fund a sum equal to such				
37	deficiency.				
38	2) The Chairman of the Board of Commissioners of the VPSA shall, on or before November 1				
39	of each year, make and deliver to the Governor and the Secretary of Finance a certificate				
40	setting forth his estimate of total debt service during each fiscal year of the biennium on				
41	bonds and notes of the VPSA issued and projected to be issued during such biennium				
42	pursuant to the resolution referred to in paragraph 1) above. The Governor's budget				
43	submission each year shall include provisions for the payment of debt service pursuant to				
44	paragraph 1) above.				
45	g. Unobligated proceeds of the notes, including investment income derived from the proceeds				
46	of the notes may be used to pay interest on, or to decrease principal of the notes or to fund a				
47	portion of such other educational technology grants as authorized by the General Assembly.				
48	h. 1) For the purposes of § 56-232, Code of Virginia, "Contracts of Telephone Companies				
49	with State Government" and for the purposes of § 56-234 "Contracts for Service Rendered by				
50	a Telephone Company for the State Government" shall be deemed to include communications				
51	lines into public schools which are used for educational technology. The rate structure for				
52	such lines shall be negotiated by the Superintendent of Public Instruction and the Chief				
53	Information Officer of the Virginia Information Technologies Agency. Further, the				
54	Superintendent and Director are authorized to encourage the development of "by-pass"

1	infrastructure in localities where it fails to obtain competitive prices or prices consistent				
2	with the best rates obtained in other parts of the state.				
3	2) The State Corporation Commission, in its consideration of the discount for services				
4	provided to elementary schools, secondary schools, and libraries and the universal service				
5	funding mechanisms as provided under § 254 of the Telecommunications Act of 1996, is				
6	hereby encouraged to make the discounts for intrastate services provided to elementary				
7	schools, secondary schools, and libraries for educational purposes as large as is prudently				
8	possible and to fund such discounts through the universal fund as provided in § 254 of the				
9	Telecommunications Act of 1996. The commission shall proceed as expeditiously as				
10	possible in implementing these discounts and the funding mechanism for intrastate				
11	services, consistent with the rules of the Federal Communications Commission aimed at				
12	the preservation and advancement of universal service.				
13	15. Security Equipment Payments				
14	1) A security equipment grant program shall be conducted through the Virginia Public				
15	School Authority, through the issuance of equipment notes in an amount estimated at up to				
16	\$12,000,000 in fiscal year 2025 and \$12,000,000 in fiscal year 2026 in conjunction with				
17	the Virginia Public School Authority technology notes program authorized in C.12. of this				
18	Item. Proceeds of the notes will be used to help offset the related costs associated with the				
19	purchase of appropriate security equipment that will improve and help ensure the safety of				
20	students attending public schools in Virginia.				
21	2) The Department of Education shall authorize estimated amounts as indicated in Table 1				
22	from the Literary Fund to provide debt service payments for the security equipment grant				
23	programs conducted through the Virginia Public School Authority in the referenced years.				
24	Table 1				
25		Grant Year	FY 2025	FY 2026

33	3) It is the intent of the General Assembly to authorize sufficient Literary Fund revenues				
34	to pay debt service on the Virginia Public School Authority bonds or notes authorized for				
35	this program. In developing the proposed 2026-2028, 2028-2030, and 2030-2032 biennial				
36	budgets for public education, the Department of Education shall include a				
37	recommendation to the Governor to authorize sufficient Literary Fund revenues to make				
38	debt service payments for these programs in fiscal years 2027, 2028, 2029, 2030, and				
39	2031.				
40	4) In the event that, on any scheduled payment date of bonds or notes of the Virginia				
41	Public School Authority issued for the purpose described in § 22.1-166.2, Code of				
42	Virginia, and not benefiting from the provisions of either § 22.1-168 (iii), (iv) and (v),				
43	Code of Virginia, or § 22.1-168.1, Code of Virginia, the available moneys in the Literary				
44	Fund are less than the amounts authorized for debt service due on such bonds or notes on				
45	such date, there is hereby appropriated to the Virginia Public School Authority from the				
46	general fund a sum equal to such deficiency.				
47	5) The Chairman of the Board of Commissioners of the Virginia Public School Authority				
48	shall, on or before November 1 of each year, deliver to the Governor and the Secretary of				
49	Finance a certificate setting forth his estimate of total debt service during each fiscal year				
50	of the biennium on bonds and notes issued and projected to be issued during such				
51	biennium. The Governor's budget submission each year shall include provisions for the				
52	payment of debt service pursuant to paragraph 1) above.				
53	6) Grant award funds from the issuance of up to \$12,000,000 in fiscal year 2025 and

		First Year FY2025	Second Year FY2026	First Year FY2025	Second Year FY2026
1	\$12,000,000 in fiscal year 2026 in equipment notes shall be distributed to eligible school				
2	divisions. The grant awards will be based on a competitive grant basis of up to \$250,000 per				
3	school division. School divisions will be permitted to apply annually for grant funding. For				
4	purposes of this program, eligible schools shall include schools that are subject to state				
5	accreditation and reporting membership in grades K through 12 as of September 30, 2024, for				
6	the fiscal year 2025 issuance, and September 30, 2025, for the fiscal year 2026 issuance, as				
7	well as regional vocational centers, special education centers, alternative education centers,				
8	regular school year Governor's Schools, and the Virginia School for the Deaf and the Blind.				
9	7) School divisions would submit their application to Department of Education by August 1				
10	of each year based on the criteria developed by the Department of Education in collaboration				
11	with the Department of Criminal Justice Services who will provide requested technical				
12	support. Furthermore, the Department of Education will have the authority to make such grant				
13	awards to such school divisions.				
14	8) It is also the intent of the General Assembly that, beginning with fiscal year 2020, the total				
15	amount of the grant awards shall not exceed \$60,000,000 over any ongoing revolving five				
16	year period.				
17	9) Required local match:				
18	a) Localities are required to provide a match for these funds equal to 25 percent of the grant				
19	amount. The Superintendent of Public Instruction is authorized to reduce the required local				
20	match for school divisions with a composite index of local ability-to-pay below 0.2000. The				
21	Virginia School for the Deaf and the Blind is exempt from the match requirement.				
22	b) Pursuant to § 15.2-1302, Code of Virginia, and in the event that two or more school				
23	divisions became one school division, whether by consolidation of only the school divisions				
24	or by consolidation of the local governments, such resulting division shall be provided				
25	funding through this program on the basis of having the same number of school divisions as				
26	existed prior to September 30, 2000.				
27	c) Local school divisions shall maximize the use of available federal funds, including E-Rate				
28	Funds, and to the extent possible, use such funds to supplement the program and meet the				
29	goals of this program.				
30	16. Early Reading Intervention Payments				
31	a. An additional payment of \$42,597,923 \$37,170,314 the first year and				
32	\$42,479,126 \$37,106,753 the second year from the Lottery Proceeds Fund shall be disbursed				
33	by the Department of Education to local school divisions for the purposes of providing early				
34	reading intervention services to students in grades kindergarten through 3 who demonstrate				
35	deficiencies based on their individual performance on diagnostic tests which have been				
36	approved by the Department of Education. The Department of Education shall review the				
37	tests of any local school board that requests authority to use a test other than the state-				
38	provided test to ensure that such local test uses criteria for the early diagnosis of reading				
39	deficiencies that are similar to those criteria used in the state-provided test. The Department of				
40	Education shall make the state-provided diagnostic test used in this program available to local				
41	school divisions. School divisions shall report the results of the diagnostic tests to the				
42	Department of Education on an annual basis at a time to be determined by the Superintendent				
43	of Public Instruction.				
44	b. These payments shall be based on the state's share of the cost of providing two and one-half				
45	hours of additional instruction each week for an estimated number of students in each school				
46	division at a student to teacher ratio of five to one. The estimated number of students in each				
47	school division in each year shall be determined by multiplying the projected number of				
48	students reported in each school division's fall membership in grades kindergarten, 1, 2, and 3				
49	by the percent of students who are determined to need services based on diagnostic tests				
50	administered in the most recent year that data is available in that school division.				
51	c. These payments are available to any school division that certifies to the Department of				
52	Education that an intervention program will be offered to such students and that each student				
53	who receives an intervention will be assessed again at the end of that school year. At the				
54	beginning of the school year, local school divisions shall partner with the parents of those

1	third grade students in the division who demonstrate reading deficiencies, discussing with				
2	them a developed plan for remediation and retesting. Such intervention programs, at the				
3	discretion of the local school division, may include, but not be limited to, the use of:				
4	special reading teachers; trained aides; full-time early literacy tutors; volunteer tutors				
5	under the supervision of a certified teacher; computer-based reading tutorial programs;				
6	aides to instruct in-class groups while the teacher provides direct instruction to the				
7	students who need extra assistance; or extended instructional time in the school day or				
8	year for these students. Localities receiving these payments are required to match these				
9	funds based on the composite index of local ability-to-pay.				
10	d. In the event that a school division does not use the diagnostic test provided by the				
11	Department of Education in the year that serves as the basis for updating the funding				
12	formula for this program but has used it in past years, the Department of Education shall				
13	use the most recent data available for the division for the state-provided diagnostic test.				
14	e. The results of all reading diagnostic tests and reading remediation shall be discussed				
15	with the student and the student's parent prior to the student being promoted to grade four.

24	on diagnostic tests which have been approved by the Department of Education. These				
25	amounts reflect \$200,000 the first year and \$200,000 the second year apportioned to each				
26	school division to account for the cost of the diagnostic test. The Department of Education				
27	shall review the tests to ensure that such local test uses state-provided criteria for				
28	diagnosis of math deficiencies which are similar to those criteria used in the state-provided				
29	test. The Department of Education shall make the state-provided diagnostic test used in				
30	this program available to local school divisions. School divisions shall report the results of				
31	the diagnostic tests to the Department of Education on an annual basis at a time to be

35	school division at a student to teacher ratio of ten to one. The estimate number of students				
36	in each school division shall be determined by multiplying the projected number of				
37	students reported in each school division's fall membership by the percent of students that				
38	qualify for the federal Free Lunch Program.				
39	c. These payments are available to any school division that certifies to the Department of				
40	Education that an intervention program will be offered to such students and that each				
41	student who receives an intervention will be assessed again at the end of that school year.				
42	Localities receiving these payments are required to match these funds based on the				
43	composite index of local ability-to-pay.

47	to local school divisions to support the state's share of professional instructional positions

50	positions required pursuant to the Standards of Quality are as established below:				
51	EL Student Proficiency Level	SOQ Staffing Required

3	To provide flexibility in implementing this new staffing standard in the first year, the number				
4	of English Learner teachers required for each school division for the first year shall be equal				
5	to the number of such teachers that were required during the 2023-2024 school year, plus one				
6	half of the additional positions required in the above table for the first year.

22	for educational services to children residing in local or regional detention homes shall only be				
23	determined on the basis of children detained in such facilities through a court order issued by				
24	a court of the Commonwealth. The selection and employment of instructional and				
25	administrative personnel under such agreements will be the responsibility of the local school				
26	board in accordance with procedures as prescribed by the local school board. State payments

13	skills.				
14	27. Governor's School Payments				
15	a. Out of the amounts for Governor's School Payments, the Department of Education shall				
16	provide assistance for the state share of the incremental cost of regular school year Governor's				
17	Schools based on each participating locality's composite index of local ability-to-pay.				
18	Participating school divisions must certify that no tuition is assessed to students for				
19	participation in this program.				
20	b.1) Out of the amounts for Governor's School Payments, the Department of Education shall				
21	provide assistance for the state share of the incremental cost of summer residential Governor's				
22	Schools and Foreign Language Academies to be based on the greater of the state's share of the				
23	composite index of local ability-to-pay or 50 percent. Participating school divisions must				
24	certify that no tuition is assessed to students for participation in this program if they are				
25	enrolled in a public school.				
26	2) Out of the amounts for Governor's School Payments, \$41,000 the first year and \$41,000 the				
27	second year is provided to support the Hanover Regional Summer Governor's School for				
28	Career and Technical Advancement, which was established pursuant to Chapter 425, 2014				
29	Acts of Assembly, and Chapter 665, 2015 Acts of Assembly.				
30	c. For the Summer Governor's Schools and Foreign Language Academies programs, the				
31	Superintendent of Public Instruction is authorized to adjust the tuition rates, types of programs				
32	offered, length of programs, and the number of students enrolled in order to maintain costs				
33	within the available state and local funds for these programs.				
34	d. It shall be the policy of the Commonwealth that state general fund appropriations not be				
35	used for capital outlay, structural improvements, renovations, or fixed equipment costs				
36	associated with initiation of existing or proposed Governor's schools. State general fund				
37	appropriations may be used for the purchase of instructional equipment for such schools,				
38	subject to certification by the Superintendent of Public Instruction that at least an equal				
39	amount of funds has been committed by participating school divisions to such purchases.				
40	e. The Board of Education shall not take any action that would increase the state's share of				
41	costs associated with the Governor's Schools as set forth in this Item. This provision shall not				
42	prohibit the Department of Education from submitting requests for the increased costs of				
43	existing programs resulting from updates to student enrollment for school divisions currently				
44	participating in existing programs or for school divisions that begin participation in existing				
45	programs.				
46	f.1) Regular school year Governor's Schools are funded through this Item based on the state's				
47	share of the incremental per pupil cost for providing such programs for each student attending				
48	a Governor's School up to a cap of 1,800 students per Governor's School in the first year and a				
49	cap of 1,800 students per Governor's School in the second year. This incremental per pupil				
50	payment shall be adjusted for the composite index of the school division that counts such				
51	students attending an academic year Governor's School in their March 31 Average Daily				
52	Membership. It is the intent of the General Assembly that this incremental per pupil amount				

ITEM 125.		Item Details(\$)		Appropriations(\$)	
		First Year FY2025	Second Year FY2026	First Year FY2025	Second Year FY2026
1	be in addition to the basic aid per pupil funding provided to the affected school division				
2	for such students. Therefore, local school divisions are encouraged to provide the				
3	appropriate portion of the basic aid per pupil funding to the Governor's Schools for				
4	students attending these programs, adjusted for costs incurred by the school division for				
5	transportation, administration, and any portion of the day that the student does not attend a				
6	Governor's School.				
7	2) Students attending a revolving Academic Year Governor's School program for only one				
8	semester shall be counted as 0.50 of a full-time equivalent student and will be funded for				
9	only fifty percent of the full-year funded per pupil amount. Funding for students attending				
10	a revolving Academic Year program will be adjusted based upon actual September 30th				
11	and January 30th enrollment each fiscal year. For purposes of this Item, revolving				
12	programs shall mean Academic Year Governor's School programs that admit students on a				
13	semester basis.				
14	3) Students attending a continuous, non-revolving Academic Year Governor's School				
15	program shall be counted as a full-time equivalent student and will be funded for the full-				
16	year funded per pupil amount. Funding for students attending a continuous, non-revolving				
17	Academic Year Governor's School program will be adjusted based upon actual September				
18	30th student enrollment each fiscal year. For purposes of this Item, continuous, non-				
19	revolving programs shall mean Academic Year Governor's School programs that only				
20	admit students at the beginning of the school year. Fairfax County Public Schools shall not				
21	reduce local per pupil funding for the Thomas Jefferson Governor's School below the				
22	amounts appropriated for the 2003-2004 school year.				
23	g. All regional Governor's Schools are encouraged to provide full-day grades 9 through 12				
24	programs.				
25	h. Out of the appropriation included in paragraph C.38. of this item, \$818,874 \$811,727 the				
26	first year and \$1,699,942 \$1,667,836 the second year from the general fund is provided in				
27	the Academic Year Governor's School funding allocation to increase the per pupil amount				
28	as an add-on for a compensation supplement equal to 3.0 percent of base pay on July 1,				
29	2024, and 3.0 percent of base pay on July 1, 2025, for Academic Year Governor's School				
30	instructional and support positions.				
31	i. Each Academic Year Governor's School shall set diversity goals for its student body and				
32	faculty, develop a plan to meet said goals in collaboration with community partners at				
33	public meetings, and such goals and plan shall be published on the school's website. Each				
34	school shall submit a report to the Governor by October 1 of each year on its goals and				
35	status of implementing its plan, and such report shall be published on the school's website.				
36	The report shall include, but not be limited to the following: utilization of universal				
37	screenings in feeder divisions; admission processes in place or under consideration that				
38	promote access for historically underserved students; and outreach and communication				
39	efforts deployed to recruit historically underserved students. The report shall include the				
40	racial/ethnic make-up and socioeconomic diversity of its students, faculty, and applicants.				
41	28. School Nutrition Payments				
42	It is provided that, subject to implementation by the Superintendent of Public Instruction,				
43	no disbursement shall be made out of the appropriation for school nutrition to any locality				
44	in which the schools permit the sale of competitive foods in food service facilities or areas				
45	during the time of service of food funded pursuant to this Item.				
46	29. School Breakfast Payments				
47	a. Out of this appropriation, \$11,246,873 \$9,001,561 the first year and				
48	\$12,437,264 \$9,915,081 the second year from the Lottery Proceeds Fund is included to				
49	continue a state funded incentive program to maximize federal school nutrition revenues				
50	and increase student participation in the school breakfast program. These funds are				
51	available to any school division as a reimbursement for breakfast meals served that are in				
52	excess of the baseline established by the Department of Education. The per meal				
53	reimbursement shall be \$0.28; however, the department is authorized, but not required to				
54	reduce this amount proportionately in the event that the actual number of meals to be				
55	reimbursed exceeds the number on which this appropriation is based so that this

1	appropriation is not exceeded.				
2	b. In order to receive these funds, school divisions must certify that these funds will be used to				
3	supplement existing funds provided by the local governing body and that local funds derived				
4	from sources that are not generated by the school nutrition programs have not been reduced or				
5	eliminated. The funds shall be used to improve student participation in the school breakfast				
6	program. These efforts may include, but are not limited to, reducing the per meal price paid				
7	by students, reducing competitive food sales in order to improve the quality of nutritional				
8	offerings in schools, increasing access to the school breakfast program, or providing programs				
9	to increase parent and student knowledge of good nutritional practices. In no event shall these				
10	funds be used to reduce local tax revenues below the level appropriated to school nutrition				
11	programs in the prior year. Further, these funds must be provided to the school nutrition				
12	programs and may not be used for any other school purpose.				
13	c.1) Out of this appropriation, \$1,074,000 the first year and \$1,074,000 the second year from				
14	the general fund is provided to fund an After-the-Bell Model breakfast program available on a				
15	voluntary basis to elementary, middle, and high schools where student eligibility for free or				
16	reduced lunch exceeds 45.0 percent for the participating eligible school, and to provide				
17	additional reimbursement for eligible meals served in the current traditional school breakfast				
18	program at all grade levels in any participating school. The Department of Education is				
19	directed to ensure that only eligible schools receive reimbursement funding for participating				
20	in the After-the-Bell school breakfast model. The schools participating in the program shall				
21	evaluate the educational impact of the models implemented that provide school breakfasts to				
22	students after the first bell of the school day, based on the guidelines developed by the				
23	Department of Education and submit the required report to the Department of Education no				
24	later than August 31 each year.				
25	2) The Department of Education shall communicate, through Superintendent's Memo, to				
26	school divisions the types of breakfast serving models and the criteria that will meet the				
27	requirements for this State reimbursement, which may include, but are not limited to,				
28	breakfast in the classroom, grab and go breakfast, or a breakfast after first period. School				
29	divisions may determine the breakfast serving model that best applies to its students, so long				
30	as it occurs after the instructional day has begun. The Department of Education shall monthly				
31	transfer to each school division a reimbursement rate of \$0.05 per breakfast meal that meets				
32	either of the established criteria in elementary schools and a reimbursement rate of \$0.10 per				
33	breakfast meal that meets either of the established criteria in middle or high schools.				
34	3) No later than July 1 each year, the Department of Education shall provide for a breakfast				
35	program application process for school divisions with eligible schools, including guidelines				
36	regarding specified required data to be compiled from the prior school year or years and for				
37	the upcoming school year program. The number of approved applications shall be based on				
38	the estimated number of sites that can be accommodated within the approved funding level.				
39	The Department of Education shall set criteria for establishing priority should the number of				
40	applications from eligible schools exceed the approved funding level. The reporting				
41	requirements must include: chronic absenteeism rates, student attendance and tardy arrivals,				
42	office discipline referrals, student achievement measures, teachers' and administrators'				
43	responses to the impact of the program on student hunger, student attentiveness, and overall				
44	classroom learning environment before and after implementation, and the financial impact on				
45	the division's school food program. Funded schools that do not provide data by August 31 are				
46	subject to exclusion from funding in the following year. The Department of Education shall				
47	collect and compile the results of the breakfast program and shall submit the report to the				
48	Governor and the Chairs of the House Appropriations and Senate Finance and Appropriations				
49	Committees no later than November 1 following each school year.				
50	30. Clinical Faculty and Mentor Teacher Program Payments				
51	This appropriation includes \$1,000,000 the first year and \$1,000,000 the second year from the				
52	Lottery Proceeds Fund to be paid to local school divisions for statewide Mentor Teacher				
53	Programs to assist pre-service teachers and beginning teachers to make a successful transition				
54	into full-time teaching. This appropriation also includes \$318,750 the first year and \$318,750				
55	the second year from the general fund for Clinical Faculty programs to assist pre-service

7	teachers, collaboration between the school division and institutions of higher education,				
8	the clinical faculty and mentor teacher assignment process, and a process for evaluation of				
9	the programs;				
10	d. The Department of Education shall allow flexibility to local school divisions and higher				
11	education institutions regarding compensation for clinical faculty and mentor teachers				
12	consistent with these elements of the programs; and				
13	e. It is the intent of the General Assembly that no preference between pre-service or				
14	beginning teacher programs be construed by the language in this Item. School divisions				
15	operating beginning teacher mentor programs shall receive equal consideration for				
16	funding.				
17	31. Career Switcher/Alternative Licensure Payments				
18	Appropriations in this Item include \$279,983 the first year and \$279,983 the second year

27	33. Early Reading Specialists Initiative				
28	a. An additional payment of \$3,476,790 the first year and \$3,476,790 the second year from				
29	the general fund shall be disbursed by the Department of Education to qualifying local				
30	school divisions for the purpose of providing a reading specialist for schools with a third				
31	grade that rank lowest statewide on the reading Standards of Learning (SOL) assessments.				
32	Funding for a reading specialist during the 2024-2026 biennium shall be based on the				
33	results of the Spring 2023 reading SOL assessments. Such schools shall be eligible to				
34	receive the state share of funding for both years of the biennium. Following certification				
35	from a school division that it will not participate in the program, the Department is				
36	authorized to identify additional eligible schools based upon the list of schools that rank				
37	lowest on the Spring 2023 SOL reading assessment.				
38	b. These payments shall be based on the state's share of the cost of providing one reading				
39	specialist per qualifying school.				
40	c. These payments are available to any school division with a qualifying school that				
41	certifies to the Department of Education that the division has hired a reading specialist or				
42	reading coach to provide direct services to children reading below grade level in the				
43	school to improve reading achievement for the purpose of creating additional instructional				
44	time for reading specialists or reading coaches to work with students reading below grade				
45	level to improve reading achievement. Additionally, school divisions shall certify that the				
46	reading specialists or reading coaches hired pursuant to this program are in addition to the				
47	reading specialist positions funded through Basic Aid and required pursuant to B.7.h. of				
48	this Item to serve students at the qualifying school.				
49	d. These payments also are available to any school division with a qualifying school that				
50	certifies to the Department of Education that the division is supporting tuition for				
51	collegiate programs and instruction for currently employed instructional school personnel				
52	to earn the credentials necessary to meet licensure requirements to be endorsed as a

2	instructional school personnel whose tuition is supported pursuant to this program are in				
3	addition to the reading specialist positions funded through Basic Aid and required pursuant to				
4	B.7.h. of this Item to serve students at the qualifying school.				
5	e. School divisions receiving these payments are required to match these funds based on the				
6	composite index of local ability-to-pay.				
7	f. Within the fiscal year, any funds not awarded from this program may be awarded to eligible				
8	schools under the Math/Reading Instructional Specialist Initiative.				
9	34. Math/Reading Instructional Specialist Initiative				
10	a. Included in this appropriation is \$1,834,538 the first year and \$1,834,538 the second year				
11	from the general fund in additional payments for reading or math instructional specialists at				
12	underperforming schools. From this amount, the state share of one reading or math specialist				
13	shall be provided to local school divisions with schools which rank lowest statewide on the				
14	Spring Standards of Learning (SOL) math or reading assessment. Funding for one math or				
15	reading specialist during the 2024-2026 biennium shall be based on the results of the Spring				
16	2023 SOL assessments. Such schools shall be eligible to receive the state share of funding for				
17	both years of the biennium. If, following certification from a school division that it will not				
18	participate in the program, the Department is authorized to identify additional eligible schools				
19	based upon the list of schools that rank lowest on the Spring 2023 SOL math or reading				
20	assessment.				
21	b. These payments are available to any school division with a qualifying school that certifies				
22	to the Department of Education that the division has (1) hired a math or reading instructional				
23	specialist, or (2) is supporting tuition for collegiate programs and instruction for currently				
24	employed instructional school personnel to earn the credentials necessary to meet licensure				
25	requirements to be endorsed as a math specialist or a reading specialist. Localities receiving				
26	these payments are required to match these funds based on the composite index of local				
27	ability-to-pay.				
28	c. School divisions that elect to use funding to support tuition for collegiate programs and				
29	instruction for currently employed instructional school personnel pursuant to paragraph b.				
30	shall provide documentation of these costs to the Department of Education prior to receiving				
31	state funds. The Department of Education shall provide state funding for the lesser of the				
32	actual cost or the state share of a math or reading specialist position per eligible school for				
33	funds used in such a manner.				
34	d. The Department of Education is authorized to utilize available funding appropriated to the				
35	Early Reading Specialist Initiative contained in this Item to pay for instructional specialists at				
36	additional eligible schools, or to support tuition for collegiate programs and instruction for				
37	currently employed instructional school personnel at additional eligible schools to earn the				
38	credentials necessary to meet licensure requirements to be endorsed as an instructional				
39	specialist.				
40	e. Within the fiscal year, any funds not awarded from this program may be awarded to eligible				
41	schools under the Early Reading Specialists Initiative.				
42	f. The Department of Education may award prorated state funds for specialist positions filled				
43	after the beginning of the school year.				
44	35. Broadband Connectivity Capabilities				
45	By November 1 each year, school divisions shall report to the Department of Education the				
46	status of broadband connectivity capability of schools in the division on a form to be provided				
47	by the Department. Such report shall include school-level information on the method of				
48	Internet service delivery, the level of bandwidth capacity and the degree such capacity is				
49	sufficient for delivery of school-wide digital resources and instruction, degree of internet				
50	connectivity via Wi-Fi, cost information related to Internet connectivity, data security, and				
51	such other pertinent information as determined by the Department of Education. The				
52	Department shall provide a summary of the division responses in a report to be made				
53	available on its agency Web site.

2	a. Out of this appropriation, an amount estimated at \$301,361,277 \$301,361,275 the first				
3	year and \$276,361,284 \$276,361,278 the second year from the Lottery Proceeds Fund shall

5	share of an estimated \$446.67 \$446.01 per pupil the first year and \$410.62 \$409.70 per				
6	pupil the second year in adjusted March 31 average daily membership. These per pupil				
7	amounts are subject to change for the purpose of payment to school divisions based on the				
8	actual March 31 ADM collected each year. These funds shall be matched by the local				
9	government, based on the composite index of local ability-to-pay. Further, in order to				
10	receive this funding, the locality in which the school division is located shall appropriate				
11	these funds solely for educational purposes and shall not use such funds to reduce total				
12	local operating expenditures for public education below the amount expended by the				
13	locality for such purposes in the year upon which the 2020-2022 biennial Standards of				
14	Quality expenditure data were based; provided however that no locality shall be required				
15	to maintain a per-pupil expenditure which is greater than the per pupil amount expended				
16	by the locality for such purposes in the year upon which the 2020-2022 biennial Standards				
17	of Quality expenditure data were based. The Department of Education is authorized each				
18	year to temporarily suspend Infrastructure and Operations Per Pupil Allocation payments				
19	made to school divisions from Lottery funds to ensure that any shortfall in Lottery revenue				
20	can be accounted for in the remaining Infrastructure and Operations Per Pupil Allocation				
21	payments to be made for the year.				
22	b. From the amounts listed above, funds are provided to ensure that small school divisions				
23	receive an Infrastructure and Operations payment of at least \$200,000 each year. Divisions				
24	receiving additional funds for a payment of at least \$200,000 shall only be required to				
25	provide the local match on the per pupil amount distributed in paragraph C.35.a.				
26	c. Of the amounts listed above, no more than 60 percent shall be used for recurring costs				
27	and at least 40 percent shall be spent on nonrecurring expenditures by the relevant school				
28	divisions. Nonrecurring costs shall include school construction, additions, infrastructure,				
29	site acquisition, renovations, school buses, technology, and other expenditures related to				
30	modernizing classroom equipment, and debt service payments on school projects				
31	completed or initiated during the last 10 years. The Department of Education shall				
32	consider such nonrecurring expenses by school divisions from local funds to be credited				
33	toward their required local match under this program.				
34	d. Any funds provided to school divisions that are unexpended as of June 30, 2025, and				
35	June 30, 2026, shall not revert to the Commonwealth but shall be carried on the books of

44	educators with a provisional license and enrolled either part-time or full-time in programs				
45	for the education of children with disabilities. Applicants shall be graduates of a regionally				
46	accredited college or university.				
47	b. The award of such grants shall be made by the Department of Education, and the				
48	number of awards during any one year shall depend upon the amounts appropriated by the				
49	General Assembly for this purpose. The amount awarded for each traineeship shall be

5	a statewide basis, the state share of up to a 3.0 percent salary increase effective July 1, 2024,				
6	to school divisions that certify to the Department of Education that an equivalent increase will				
7	be provided to instructional and support personnel the first year. The state share of funding				
8	provided to a school division in support of this compensation supplement shall be prorated for				
9	school divisions that provide less than an average 3.0 percent salary increase the first year;				
10	however, to access these funds, a school division must provide at least an average 1.5 percent

12	2) For the second year, an additional 3.0 percent salary increase effective July 1, 2025, for				
13	funded SOQ instructional and support positions. Sufficient funds are appropriated in this act

17	year. The state share of funding provided to a school division in support of this compensation

19	3.0 percent salary increase the second year; however, to access these funds, a school division				
20	must provide at least an additional average 1.5 percent salary increase the second year. School				
21	divisions that provided an average increase in excess of 3.0 percent in the first year may credit				
22	the excess portion of the increase toward the second year for the purpose of accessing these				
23	funds in the second year.				
24	3) Payments in the second year to any school division shall be based on providing the funds				
25	needed to continue the first year increase actually provided by the division plus the increase				
26	provided by the division in the second year.				
27	b. Out of this appropriation, \$818,874 \$811,727 the first year and \$1,699,942 \$1,667,836 the				
28	second year from the general fund is provided for the state share of the salary increases stated				
29	in paragraph a. above for Academic Year Governor's Schools, and \$549,105 \$549,281 the first				
30	year and \$1,113,010 \$1,115,927 the second year from the Lottery Proceeds fund is provided				
31	for the state share of these salary increases for Regional Alternative Education Programs.				
32	c. It is the intent that the average instructional and support position salaries are increased in				
33	local school divisions throughout the state by at least 3.0 percent the first year, at least an				
34	additional 3.0 percent the second year, resulting in a combined increase of at least 6.09				
35	percent during the biennium.				
36	d. The state funds that the school division is eligible to receive shall be matched by the local				
37	government based on the composite index of local ability-to-pay. This local match shall be				
38	calculated for funded SOQ instructional and support positions using an effective date of July				
39	1, 2024, the first year and July 1, 2025, the second year. Local school divisions shall certify to				
40	the Department of Education that funds used as the local match are derived solely from local				
41	revenue sources.				
42	e. This funding is not intended as a mandate to increase salaries.				
43	39. School Meals Expansion				
44	Out of this appropriation, \$4,100,000 the first year and \$4,100,000 the second year from the				
45	general fund is provided for local school divisions to reduce or eliminate the cost of school				
46	breakfast and school lunch for students who are eligible for reduced price meals under the				
47	federal National School Lunch Program and School Breakfast Program. The Department of				
48	Education is authorized to reduce this amount proportionately so as not to exceed this				
49	appropriation.				
50	40. Alleghany County - Covington City School Division Consolidation Incentive

Such scoring criteria shall provide appropriate weight to the following categories for the award of grants:												
a.) Commitment, which may be demonstrated by factors such as: (i) an agreement by the local governing body to maintain or increase the percentage of local revenues dedicated to public education throughout the duration of the financing proposed for the project and (ii) the extent of project design and site acquisition for such project that has been completed prior to application of anticipated grant funds.

31	school age population provided by the Weldon Cooper Center for Public Service as specified				
32	in this item for SOQ sales tax payments pursuant to § 58.1-611.1.C of the Code of Virginia.				
33	These funds represent the reduction of sales tax distributions to school divisions resulting

15	B. Child Care Subsidy Program				
16	1. The Department of Education and the Department of Social Services shall determine the				
17	amount of nongeneral funds to be transferred to the Department of Social Services to address				
18	costs associated with administration of the Child Care and Development Fund each year <i>from</i>				
19	<i>amounts appropriated in Item 117. Additionally, the Department of Education and the</i>				
20	<i>Department of Social Services shall determine the amount of general and nongeneral funds to</i>				
21	<i>be transferred to the Department of Social Services to support the budgeted slots in the Child</i>				
22	<i>Care Subsidy Program from amounts appropriated in this Item.</i>				
23	2. The Department of Education, in collaboration with the Department of Social Services,				
24	shall prepare an annual Child Care and Development Fund (CCDF) report that reflects all				
25	CCDF expenditures from the previous fiscal year, current grant balances and obligation and				
26	liquidation deadlines, as well as all anticipated spending for the current and two subsequent				
27	fiscal years. Identified spending should, at a minimum, be broken down by subsidies				
28	(mandated and discretionary), administrative costs, and quality efforts. The plan also shall				
29	include a certification from the Department that the maximum amount of federal funds were				
30	drawn down in the preceding fiscal year. Should the Department be unable to certify that				
31	maximum federal funds were drawn down, the Department shall identify strategies for				
32	Virginia to obtain the maximum amount of federal funds in the following fiscal year(s) as part				
33	of this plan. In addition, this plan should report, by locality, the number of subsidies				
34	(mandated and discretionary) provided, number of providers receiving CCDF dollars, the				
35	overall number of child care providers, and the waitlist for services. This information should				
36	be provided the previous fiscal year, current fiscal year, and two subsequent fiscal years. The				
37	plan shall also include an appendix with the most recently completed CCDF annual report as				
38	required by the federal Office of Child Care. The department shall submit the report by				
39	October 1 of each year to the Governor and the Chairs of the House Appropriations and				
40	Senate Finance and Appropriations Committees. In addition, the department shall post this				
41	report on its website along with any reports from previous fiscal years.				
42	3. Notwithstanding 8VAC-20-790, the Department of Education shall establish an annual				
43	target at the local level for the number of children that may be served by available funds and				
44	ensure that each locality has mechanisms in place for maintaining waitlists if family demand				
45	exceeds the targets.				
46	4. Family copayment rates for the 2024-2026 biennium <i>fiscal year 2025</i> shall not exceed				
47	those that were in effect at the beginning of fiscal year 2024. <i>Family copayment rates for</i>				
48	<i>fiscal year 2026 shall be \$5 per month for households whose income is below 100% of the</i>				
49	<i>federal poverty level and up to 7% of annual income for all other households with no</i>				
50	<i>household exceeding 7% of their income.</i>				
51	5. Parental work and job search requirements for the 2024-2026 biennium <i>fiscal year 2025</i>

4	<i>no additional school-age children may be enrolled in the Child Care Subsidy Program as</i>				
5	<i>of July 1, 2025, unless they qualify as hard-to-serve. The Department of Education shall</i>				
6	<i>define "hard-to-serve" no later than July 1, 2025.</i>				
7	<i>7. The Department of Education shall revise attendance requirements for the Child Care</i>				
8	<i>Subsidy Program to ensure participating children fully benefit and maximization of</i>				
9	<i>available resources.</i>				
10	C. Mixed Delivery Grant Program				
11	1. A Mixed-Delivery initiative is established to support public-private delivery of early				
12	learning services for birth to five-year-old children. Programs must provide full-day or				
13	half-day services. The Department of Education is authorized to prorate payment for this				
14	program so as not to exceed available appropriation. Actual funding provided to the				
15	Virginia Early Childhood Foundation shall be based on the actual use of allocated slots.				
16	Lead agencies shall report to the Virginia Early Childhood Foundation on actual use of				
17	allocated slots, and any funds allocated but not used on the actual provision of early				
18	childhood services shall be returned to the Department of Education.				
19	a) The Department of Education shall establish academic standards that are in accordance				
20	with appropriate preparation for students to be ready to successfully enter kindergarten.				
21	These standards shall be established in such a manner as to be measurable for student				
22	achievement and success. Students shall be required to be evaluated in the fall and in the				
23	spring by each participating provider and grantees must certify that the Virginia Preschool				
24	Initiative standards are followed in order to receive the funding for quality preschool				
25	education and criteria for the service components. Such standards shall align with the				
26	Virginia Standards of Learning for Kindergarten.				
27	b) The Department of Education shall require and ensure that all participating classrooms				
28	have the quality of their teacher-child interactions assessed through a rigorous and				
29	research-based observation instrument in accordance with the statewide measurement and				
30	improvement system VQB5.				
31	c) Any locality that desires to participate in this grant program must submit a proposal				
32	each year to the Virginia Early Childhood Foundation. The application must be submitted				
33	by May 15 to align with the Virginia Preschool Initiative timeline. Each application shall				
34	identify a lead agency for this program within the locality. The lead agency shall be				
35	responsible for developing a local plan for the delivery of quality preschool services to at-				
36	risk birth to five-year-old children in private settings that demonstrates the coordination of				
37	resources in an effort to serve the greatest number of at-risk children.				
38	d) The proposal must demonstrate: (i) coordination with all parties necessary for the				
39	successful delivery of comprehensive services, including schools, child care providers,				
40	local social services agencies, Head Start, local health departments, and other groups				
41	identified by the lead agency, (ii) a plan for supporting inclusive practices for children				
42	with identified special needs, (iii) a plan to transition the Mixed-Delivery local model into				
43	a sustainable program, and (iv) a mechanism for annually measuring and reporting unmet				
44	parental demand and preference, including establishing waitlists.				
45	e) Local plans must indicate the number of at-risk children to be served, and the eligibility				
46	criteria for participation in this program shall be consistent with the economic and				
47	educational risk factors stated in the current program guidelines that are specific to: (i)				
48	family income at or below 200 percent of federal poverty guidelines, (ii) homelessness,				
49	(iii) student's parents or guardians are school dropouts, or (iv) children with disabilities or				
50	delays who are eligible for special education services under the Individuals with				
51	Disabilities Education Act, regardless of household income. Up to 15 percent of slots may				
52	be filled based on locally established eligibility criteria so as to meet the unique needs of				
53	at-risk children in the community. Localities that can demonstrate that more than 15				
54	percent of slots are needed to meet the needs of at-risk children in their community may				
55	apply for a waiver from the Superintendent of Public Instruction to use a larger percentage

1	of their slots. Localities must demonstrate that increasing eligibility will enable the				
2	maximization of federal funds and will not have a negative impact on access for other				
3	individuals currently being served.				
4	f) Notwithstanding any provisions of § 22.1-299, Code of Virginia, and in order to achieve the				
5	priorities of the Joint Subcommittee on Early Childhood Care and Education for exploring the				
6	feasibility of and barriers to mixed delivery preschool systems in Virginia, recipients of a				
7	Mixed-Delivery Preschool grant shall be provided maximum flexibility within their respective				
8	local initiative in order to fully implement the associated goals and objectives of Mixed-				
9	Delivery Models. Recipients of a Mixed-Delivery Preschool grant and divisions participating				
10	in such grant activities shall be exempted from all regulatory and statutory provisions related				
11	to teacher licensure requirements and qualifications when paid by public funds within the				
12	confines of the Mixed-Delivery Preschool initiative.				
13	g) Children served by the Mixed-Delivery initiative shall be assigned student identification				
14	numbers as provided in § 22.1-287.03 B of the Code of Virginia to evaluate program				
15	outcomes and to permit comparison with Virginia Preschool Initiative outcomes.				
16	h) Mixed-Delivery providers shall provide information to the Department of Education as				
17	necessary to fulfill the reporting requirement established.				
18	i) The Department of Education shall report to the Governor and the Chairs of the House				
19	Committee on Education and the Senate Committee on Education and Health by July 1, 2025,				
20	on the efficacy of the Mixed-Delivery Initiative since the inception of the program and				
21	compare its outcomes relative to the Virginia Preschool Initiative and the Child Care Subsidy				
22	Program.				
23	2. Providers in the program may collect copayments from participating families. Such				
24	copayments shall be based on the same schedule provided for the Child Care Subsidy				
25	Program.				
26	3. Parental work and job search requirements shall be the same as required for the Child Care				
27	Subsidy Program.				
28	<i>4. The Department of Education, in consultation with the Virginia Early Childhood</i>				
29	<i>Foundation, shall revise attendance requirements for the Mixed-Delivery initiative to ensure</i>				
30	<i>participating children fully benefit and maximization of available resources.</i>				
31	D. Virginia Preschool Initiative				
32	1.a. Funds shall be disbursed by the Department of Education to schools and community-				
33	-based organizations to provide quality preschool programs for at-risk four-year-olds who are				
34	residents of Virginia and unserved by Head Start program funding and for at-risk five-year-				
35	olds who are not eligible to attend kindergarten, or who did not have access to a sufficient				
36	preschool experience and whose families request preschool as the most appropriate				
37	placement. Final Virginia Preschool Initiative placement decisions for eligible children shall				
38	be based on family and program leader input.				
39	b. These state funds and required local matching funds shall be used to provide programs for				
40	at-risk four-year-old children, which include quality preschool education, health services,				
41	social services, parental involvement and transportation. It shall be the policy of the				
42	Commonwealth that state funds and required local matching funds for the Virginia Preschool				
43	Initiative not be used for capital outlay, not be used to supplant any Head Start federal funds				
44	provided for local early education programs, and not be used until the local Head Start grantee				
45	certifies that all local Head Start slots are filled. Programs must provide full-day or half-day				
46	and, at least, school-year services.				
47	c. The Department of Education shall establish academic standards that are in accordance				
48	with appropriate preparation for students to be ready to successfully enter kindergarten. These				
49	standards shall be established in such a manner as to be measurable for student achievement				
50	and success. Students shall be required to be evaluated in the fall and in the spring by each				
51	participating school division and the school divisions must certify that the Virginia Preschool				
52	Initiative program follows the established standards in order to receive the funding for quality				
53	preschool education and criteria for the service components. Such standards shall align with				
54	the Virginia Standards of Learning for Kindergarten.

4	de.(i) Grants shall be distributed based on an allocation formula providing the state share				
5	of a \$9,968 per pupil grant in the first year and a \$9,968 per pupil grant in the second year				
6	for 100 percent of the unserved at-risk four-year-olds in each locality for a full-day				
7	program. Grants to half-day programs shall be funded based on the state share of \$4,984 in				
8	the first year and \$4,984 in the second year per unserved at-risk four-year-old in each				
9	locality.				
10	For Planning District Eight localities, grants shall be distributed based on an allocation				
11	formula providing the state share of a \$10,701 per pupil grant in the first year and a				
12	\$10,701 per pupil grant in the second year for 100 percent of the unserved at-risk four-				
13	year-olds in each locality for a full-day program; grants to half-day programs for these				
14	localities shall be funded based on the state share of \$5,351 in the first year and \$5,351 in				
15	the second year per unserved at-risk four-year-old in each locality.				
16	For the counties of Stafford, Fauquier, Spotsylvania, Clarke, Warren, Frederick, and				
17	Culpeper and the Cities of Fredericksburg and Winchester, grants shall be distributed				
18	based on an allocation formula providing the state share of a \$10,151 per pupil grant in the				
19	first year and a \$10,151 per pupil grant in the second year for 100 percent of the unserved				
20	at-risk four-year-olds in each locality for a full-day program; grants to half-day programs				
21	for these localities shall be funded based on the state share of \$5,076 in the first year and				
22	\$5,076 in the second year per unserved at-risk four-year-old in each locality.				
23	The number of unserved at-risk four-year-olds in each locality shall be based on the				
24	projected number of kindergarten students, updated once each biennium for the				
25	Governor's introduced biennial budget. The Department of Education shall biennially				
26	rebenchmark the Virginia Preschool Initiative per pupil amounts using a formula similar				
27	to the current formula supporting public K-12 education in Virginia.				
28	For slots filled as of September 30 each year, grants shall be based on the state share of				
29	100 percent of the per pupil amount for a full-day or half-day program. For slots filled				
30	between October 1 and December 31 each year, grants shall be based on the state share of				
31	the per pupil amount for a full-day or half-day program prorated for the portion of the				
32	school year each child is served. Following the Department of Education's fall student				
33	record collection each year, the Department shall project the number of additional slots				
34	that may be filled between October 1 and December 31 each year. The Department of				
35	Education is authorized to prorate state funding for slots filled between October 1 and				
36	December 31 each year if demand exceeds available appropriation.				
37	(ii) VPI Expansion funds are provided to serve at-risk three-year-olds who are residents of				
38	Virginia and unserved by Head Start funding using criteria determined by the Department				
39	of Education and subject to available appropriation. Localities may apply to participate by				
40	May 15 each year and shall be selected on a competitive basis. Localities shall be required				
41	to: (i) demonstrate broad stakeholder support, (ii) track outcomes for participating				
42	children, (iii) demonstrate how they will maximize federal and state funds to preserve				
43	existing birth to five slots, including certifying that all local Head Start slots are filled, (iv)				
44	support inclusive practices of children with identified special needs, and (v) collaborate				
45	among the school division, local department of social services, programs accepting child				
46	care subsidy payments, and providers for Head Start, private child care, and early				
47	childhood special education and early intervention programs. Localities that meet the				
48	following characteristics shall be prioritized for participation: (i) communities with limited				
49	child care options; (ii) programs serving children in private, mixed-delivery settings; or				
50	(iii) communities that demonstrate full support of public and private providers. Grants				
51	shall be distributed based on an allocation formula providing the state share of the per				
52	pupil amounts as provided for four-year old slots.				
53	(iii) Full-day programs shall operate for a minimum of five and one-half instructional				
54	hours, excluding breaks for meals, and half-day programs shall operate for a minimum of				
55	three hours of classroom instructional time per day, excluding breaks for lunch. Virginia				
56	Preschool Initiative programs may include unstructured recreational time that is intended

1	to develop teamwork, social skills, and overall physical fitness in any calculation of total				
2	instructional time, provided that such unstructured recreational time does not exceed 15				
3	percent of total instructional time or teaching hours. No additional state funding is provided				
4	for programs operating greater than three hours per day but less than five and one-half hours				
5	per day. In determining the state and local shares of funding, the composite index of local				
6	ability-to-pay is capped at 0.5000 <i>in fiscal year 2025 only</i> .				
7	(iv) For new programs in the first year of implementation only, programs operating less than a				
8	full school year shall receive state funds on a fractional basis determined by the pro-rata				
9	portion of a school year program provided. In determining the prorated state funds to be				
10	received, a school year shall be 180 days or 990 teaching hours.				
11	(v) To ensure children with special needs have equitable opportunity to enter kindergarten				
12	ready, all Virginia Preschool Initiative programs are expected to be inclusive of children with				
13	disabilities. Specifically, programs shall meet or exceed a target inclusion rate, such that 10				
14	percent of all children participating in the Virginia Preschool Initiative are children with				
15	disabilities, defined as those with an Individualized Education Plan, and are served in				
16	inclusive classrooms that include children who do not have an Individualized Education Plan.				
17	A program that is unable to meet this target shall provide reasons a 10 percent inclusion rate				
18	was not achieved in the given school year in its annual comprehensive report.				
19	2.a. Any locality that desires to participate in this grant program must submit a proposal				
20	through its chief administrator (county administrator or city manager) by May 15 of each				
21	year. The chief administrator, in conjunction with the school superintendent, shall identify a				
22	lead agency for this program within the locality. The lead agency shall be responsible for				
23	developing a local plan for the delivery of quality preschool services to at-risk children, which				
24	demonstrates the coordination of resources and the combination of funding streams in an				
25	effort to serve the greatest number of at-risk four-year-old children and, if applicable, to serve				
26	at-risk three-year-old children. The plan shall also include a mechanism for annually				
27	measuring and reporting unmet parental demand and preference, including establishing				
28	waitlists.				
29	b. The proposal must demonstrate coordination with all parties necessary for the successful				
30	delivery of comprehensive services, including the schools, child care providers, local social				
31	services agency, Head Start, local health department, and other groups identified by the lead				
32	agency. The proposal must identify which entities were consulted and how the locality will				
33	ensure that federal funds are preserved and maximized including demonstrating compliance				
34	with Title I of the federal Elementary and Secondary Education Act to ensure that a Local				
35	Educational Agency receiving Title I funding coordinates with Head Start programs and other				
36	early learning programs receiving federal funds by developing Memorandums of				
37	Understanding with such agencies to coordinate services. The proposal must also demonstrate				
38	a plan for supporting inclusive practices for children with identified special needs.				
39	c. A local match, based on the composite index of local ability-to-pay, shall be required. For				
40	purposes of meeting the local match, localities may use local expenditures for existing				
41	qualifying programs, however, at least fifty percent of the local match will be cash and no				
42	more than fifty percent will be in-kind. In-kind contributions are defined as cash outlays that				
43	are made by the locality that benefit the program but are not directly charged to the program.				
44	The value of fixed assets cannot be considered as an in-kind contribution. Philanthropic or				
45	other private funds may be contributed to the locality to be appropriated in their local budget				
46	and then utilized as local match. Localities shall also continue to pursue and coordinate other				
47	funding sources, including child care subsidies. Funds received through this program must be				
48	used to supplement, not supplant, any funds currently provided for programs within the				
49	locality. However, in the event a locality is unable to continue the previous level of support to				
50	programs for at-risk four-year-olds from Title I of the federal Elementary and Secondary				
51	Education Act (ESEA), the state and local funds provided in this grants program may be used				
52	to continue services to these Title I students. Such inability may occur due to adjustments to				
53	the allocation formula in the reauthorization of ESEA as the Every Student Succeeds Act of				
54	2015, or due to a percentage reduction in a locality's Title I allocation in a particular year. Any				
55	locality so affected shall provide written evidence to the Superintendent of Public Instruction				
56	and request his approval to continue the services to Title I students.				
57	3. Local plans must provide clear methods of service coordination for the purpose of reducing

1	the per child cost for the service, increasing the number of at-risk children served and/or				
2	extending services for the entire year.				
3	Examples of these include:				
4	a. "Wraparound Services" - methods for combining funds such as child care subsidy				
5	dollars administered by local social service agencies with dollars for quality preschool				
6	education programs.				
7	b. "Wrap-out Services" - methods for using grant funds to purchase quality preschool				
8	services to at-risk four-year-old children through an existing child care setting by				
9	purchasing comprehensive services within a setting which currently provides quality				
10	preschool education.				
11	c. "Expansion of Service" - methods for using grant funds to purchase slots within existing				
12	programs, such as Head Start, which provides comprehensive services to at-risk three- and				
13	four-year-old children.				
14	4. Local plans must indicate the number of at-risk four-year-old children to be served, and				
15	the eligibility criteria for participation in this program shall be consistent with the				
16	economic and educational risk factors stated in the current program guidelines that are				
17	specific to: (i) family income at or below 200 percent of federal poverty guidelines, (ii)				
18	homelessness, (iii) student's parents or guardians are school dropouts, or (iv) children with				
19	disabilities or delays who are eligible for special education services under the Individuals				
20	with Disabilities Education Act, regardless of household income. Up to 15 percent of a				
21	division's slots may be filled based on locally established eligibility criteria so as to meet				
22	the unique needs of at-risk children in the community. If applicable, local plans must also				
23	indicate the number of at-risk three-year-old children to be served using the same				
24	eligibility criteria listed above. Localities that can demonstrate that more than 15 percent				
25	of slots are needed to meet the needs of at-risk children in their community may apply for				
26	a waiver from the Superintendent of Public Instruction to use a larger percentage of their				
27	slots. Localities must demonstrate that increasing eligibility will enable the maximization				
28	of federal funds and will not have a negative impact on access for other individuals				
29	currently being served.				
30	5.a. The Department of Education shall provide technical assistance for the administration				
31	of this grant program to provide assistance to localities in developing a comprehensive,				
32	coordinated, quality preschool program that prepares all participants for kindergarten.				
33	b. The Department shall provide interested localities with information on models for				
34	service delivery, methods of coordinating funding streams, such as funds to match federal				
35	IV-A child care dollars, to maximize funding without supplanting existing sources of				
36	funding for the provision of services to at-risk three- and four-year-old children. A priority				
37	for technical assistance in the design of programs shall be given to localities where the				
38	majority of the at-risk three- and four-year-old population is currently unserved.				
39	6. VPI Expansion funds are provided to support Virginia Preschool Initiative slots to serve				
40	children on wait lists. In each year, unused grants distributed as provided in for four-year				
41	old slots shall be redistributed based on guidelines established by the Department of				
42	Education subject to the appropriation available for this purpose. Such guidelines shall				
43	provide the criteria used to redistribute grants and provide for the notification of grants				
44	redistribution to programs no later than July 1 of each year. The Department shall conduct				
45	this process annually, and the redistribution shall not affect the allocation formula for the				
46	subsequent year.				
47	7.a. VPI Expansion funds are provided to support an add-on grant per child for				
48	approximately 2,000 children to incentivize mixed-delivery of services through private				
49	providers. These add-on grants are intended to provide funds to minimize the difference				
50	between the amount of the per-pupil grant allocation and the per-pupil cost to serve a child				
51	in a community-based or private provider setting. Recipients of the add-on grants will be				
52	encouraged to support classrooms that support inclusive practices of children with special				
53	needs. Localities shall indicate in their plans submitted pursuant to this Item how many of				
54	their Virginia Preschool Initiative slots will be provided in community-based or private

1	recipients of Virginia Preschool Initiative grants shall be exempted from all regulatory and				
2	statutory provisions related to teacher licensure requirements and qualifications when paid by				
3	public funds within the confines of the Virginia Preschool Initiative community-add-on				
4	partnerships and provided that the provider meets the expectations of the statewide				
5	measurement and improvement system.				
6	b. The amount of these add-on grants for community-based providers shall be informed by the				
7	Department of Education's methodology to estimate the actual cost of providing high-quality				
8	early childhood education services in community-based settings. This is not intended as a				
9	mandate to increase the individual amounts of these add-on grants or to increase the state				
10	appropriation supporting these add-on grants. The amount of the add-on grant plus the				
11	Virginia Preschool Initiative per pupil amount shall not exceed prevailing child care market				
12	rates in a particular region and shall align with Child Care Subsidy Program rates. The				
13	Department of Education is authorized to prorate payments for these add-on grants so as not				
14	to exceed the available appropriation.				
15	8. VPI Expansion funds are provided to support increased Virginia Preschool Initiative				
16	teacher to student ratios and class sizes, as follows:				
17	a. Any classroom that exceeds benchmarks set by the Board of Education shall be staffed as				
18	follows: (i) one teacher shall be provided for any class of ten students or less; (ii) if the				
19	enrollment in any class exceeds ten students but does not exceed 20, a full-time teacher's aide				
20	shall be assigned to the class; and (iii) the maximum class size shall be 20 students.				
21	b. All other classrooms shall be staffed as follows: (i) one teacher shall be employed for any				
22	class of nine students or less; (ii) if the enrollment in any class exceeds nine students but does				
23	not exceed 18, a full-time teacher's aide shall be assigned to the class; and (iii) the maximum				
24	class size shall be 18 students.				
25	9.a. The Department of Education shall collect information from local Virginia Preschool				
26	Initiative programs and from providers participating in the Virginia Early Childhood				
27	Foundation's Mixed-Delivery Preschool Initiative as needed to compile a comprehensive				
28	report on the usage of state funds detailing, but not limited to the number of calculated slots				
29	and funding allocated to each local program or provider, and the number of such slots that				
30	have been filled.				
31	b. Such comprehensive report shall be aggregated in a manner to identify: (i) funding and the				
32	number of slots used to serve a student in a public school and non-public school setting, (ii)				
33	the number of three-year olds served, (iii) waitlist slots requested, offered, and provided, (iv)				
34	the number of students served whose families are at or below 130 percent poverty, above 130				
35	percent but at or below 200 percent of poverty, above 200 percent but at or below 350 percent				
36	of poverty, and above 350 percent of poverty.				
37	c. Such comprehensive report shall describe the Virginia Preschool Initiative programs'				
38	progress towards the target inclusion rate, such that 10 percent of all children enrolled in each				
39	program are children with disabilities, defined as those with an Individualized Education Plan.				
40	Virginia Preschool Initiative programs shall report the share of children with Individualized				
41	Education Plans in inclusive classrooms annually starting with the 2020-2021 school year. If				
42	the program's current inclusion rate falls below 10 percent, the program shall provide reasons				
43	a 10 percent inclusion rate was not achieved in the given school year and what actions the				
44	program could implement to increase its rate of inclusion in the next year.				
45	d. The Department shall submit such comprehensive report to the Chairs of the House				
46	Appropriations and Senate Finance and Appropriations Committees no later than December				
47	31 each year.				
48	e. The Department shall develop a plan for comprehensive public reporting on early				
49	childhood expenditures, outcomes, and program quality to replace this reporting requirement.				
50	Such plan and subsequent reports shall consider the components included in this reporting				
51	requirement, and include all publicly-funded providers as defined in Chapter 860 and Chapter				
52	861, 2020 Acts of Assembly. The plan shall identify any fiscal, legislative, or regulatory				
53	barriers to implementing such public reporting, and shall consider integration with the				
54	Department's School Quality Profiles. The Department of Education shall submit an update				
55	on implementation of the plan to the Chairs of the House Appropriations and Senate Finance

2	Department of Education shall update and submit the report by December 1 of each year.				
3	G. Notwithstanding 8VAC-20-780, or any other requirement in state law or regulation, the				
4	Superintendent of Public Instruction shall have the authority to alter staff-to-child ratios				
5	and group sizes for licensed child day centers and child day centers that participate in the				
6	Child Care Subsidy Program or Mixed Delivery Grant Program by increasing the number				
7	of children per staff by (1) one child for groups of children from birth to the age of				
8	eligibility to attend public school, and (2) two children for groups of children from the age				
9	of eligibility to attend public school through 12 years. Child day centers that take				
10	advantage of this flexibility must notify families in writing of the temporary increase in				
11	ratios and group size. This authority and any resultant waiver of state law or regulation				
12	shall expire June 30, 2026. The Superintendent of Public Instruction shall ensure that any				
13	action taken under this provision is permissible under federal requirements.				
14	H. The Early Childhood Care and Education Commission shall review and recommend				
15	updates to the current copayment schedule, parental work requirements, and attendance				
16	expectations applicable to the Child Care Subsidy Program and Mixed Delivery Grant				
17	Program. In its review, the Commission shall consider: (i) leveraging state general funds				
18	to minimize the fiscal cliff as family income increases beyond program eligibility, (ii) use				
19	of reasonable family copayments to minimize the need for additional general funds. No				
20	later than December 1, 2024, the Commission shall submit its recommendations to the to				
21	the Governor and the Chairmen of the House Committee on Appropriations, the Senate				
22	Committee on Finance and Appropriations, the House Committee on Commerce and

24	Education, and the Senate Committee on Education and Health.

27	<i>funded out-of-school time learning and extracurricular programs, including the Child</i>				
28	<i>Care Subsidy Program and 21st Century Learning Grant Program, and make</i>				
29	<i>recommendations on how to position Virginia as a national model for out-of-school</i>				
30	<i>programming for working families. Specifically, the workgroup shall evaluate what is</i>				
31	<i>needed to: (i) maximize public dollars while ensuring parent choice; (ii) quantify impact</i>				
32	<i>and return on investment including evaluating cost and cost factors in comparison to</i>				
33	<i>birth-to-five programming; (iii) strengthen quality of afterschool and summer options and</i>				
34	<i>whether a statewide measurement system is needed; (iv) identify out-of-school time</i>				
35	<i>deserts; and (v) develop innovative approaches to reduce deserts, better support working</i>				
36	<i>parents, and ensure sustainability. This workgroup shall also make recommendations on</i>				
37	<i>whether to resume enrollment of school-age children in the Child Care Subsidy Program.</i>				
38	<i>2. The workgroup shall include representatives of school divisions, 21st Century Learning</i>				
39	<i>grantees, private childcare providers, Virginia Partnership for Out-of-School Time, local</i>

23	per internship, for a maximum of one-half of wages, including FICA, and workplace				
24	subsidies, including transportation, housing, and other internship-related expenses, paid to or				
25	for the benefit of a student participating in a qualifying internship; (iv) the minimum and				
26	maximum number of hours required to ensure the student gains valuable work experience; (v)				
27	a limitation of the qualifying number of internships per employer; and (vi) the maximum				
28	timeframe for employers to be eligible to receive the grants. Prioritization of grant awards				
29	may consider employers of 50 or fewer employees. Funding may also be used to support

32	paragraph.

41	stakeholders for the purpose of expanding internships in alignment with regional growth and

43	initiatives. The plan also shall address the objective of encouraging secondary students in				
44	Virginia and outside Virginia to attend Virginia-based institutions of higher education and				
45	remain in the Commonwealth after completion through paid internships and pathways to full-				
46	time Virginia-based employment.				
47	5. In administering the program authorized in this paragraph, the Council shall (i) engage				
48	stakeholders from business and industry, secondary and higher education, economic				
49	development, and state agencies and entities that are successfully engaging employers or				
50	successfully operating internship programs; (ii) explore strategies in Virginia and elsewhere				
51	on successful institutional, regional, statewide or sector-based internship programs; (iii)

54	activities for employer partners, students, and institutional career development personnel; (v)				
55	pursue shared services or other efficiency initiatives, including technological solutions; and

23	CC.1. Notwithstanding § 32.1-331.12 et seq., Code of Virginia, the Department of Medical				
24	Assistance Services, in consultation with the Department of Behavioral Health and				
25	Developmental Services, shall amend the State Plan for Medical Assistance Services to				
26	modify the delivery system of pharmaceutical products to include a Preferred Drug List. In				
27	developing the modifications, the department shall consider input from physicians,				
28	pharmacists, pharmaceutical manufacturers, patient advocates, and others, as appropriate.				
29	2.a. The department shall utilize a Pharmacy and Therapeutics Committee to assist in the				
30	development and ongoing administration of the Preferred Drug List program. The Pharmacy				
31	and Therapeutics Committee shall be composed of 8 to 12 members, including the				
32	Commissioner, Department of Behavioral Health and Developmental Services, or his				
33	designee. Other members shall be selected or approved by the department. The membership				
34	shall include a ratio of physicians to pharmacists of 2:1 and the department shall ensure that at				
35	least one-half of the physicians and pharmacists are either direct providers or are employed				
36	with organizations that serve recipients for all segments of the Medicaid population.				
37	Physicians on the committee shall be licensed in Virginia, one of whom shall be a				
38	psychiatrist, and one of whom specializes in care for the aging. Pharmacists on the committee				
39	shall be licensed in Virginia, one of whom shall have clinical expertise in mental health drugs,				
40	and one of whom has clinical expertise in community-based mental health treatment. The				
41	Pharmacy and Therapeutics Committee shall recommend to the department (i) which				
42	therapeutic classes of drugs should be subject to the Preferred Drug List program and prior				
43	authorization requirements; (ii) specific drugs within each therapeutic class to be included on				
44	the preferred drug list; (iii) appropriate exclusions for medications, including atypical anti-				
45	psychotics, used for the treatment of serious mental illnesses such as bi-polar disorders,				
46	schizophrenia, and depression; (iv) appropriate exclusions for medications used for the				
47	treatment of brain disorders, cancer and HIV-related conditions; (v) appropriate exclusions for				
48	therapeutic classes in which there is only one drug in the therapeutic class or there is very low				
49	utilization, or for which it is not cost-effective to include in the Preferred Drug List program;				
50	and (vi) appropriate grandfather clauses when prior authorization would interfere with				
51	established complex drug regimens that have proven to be clinically effective. In developing				
52	and maintaining the preferred drug list, the cost effectiveness of any given drug shall be				
53	considered only after it is determined to be safe and clinically effective.				
54	b. The Pharmacy and Therapeutics Committee shall schedule meetings at least semi-annually				
55	and may meet at other times at the discretion of the chairperson and members. At the				
56	meetings, the Pharmacy and Therapeutics committee shall review any drug in a class subject				
57	to the Preferred Drug List that is newly approved by the Federal Food and Drug				
58	Administration, provided there is at least thirty (30) days notice of such approval prior to the				
59	date of the quarterly meeting.

1	3. The department shall establish a process for acting on the recommendations made by				
2	the Pharmacy and Therapeutics Committee, including documentation of any decisions				
3	which deviate from the recommendations of the committee.				
4	4. The Preferred Drug List program shall include provisions for (i) the dispensing of a 72-				
5	hour emergency supply of the prescribed drug when requested by a physician and a				
6	dispensing fee to be paid to the pharmacy for such supply; (ii) prior authorization				
7	decisions to be made within 24 hours and timely notification of the recipient and/or the				
8	prescribing physician of any delays or negative decisions; (iii) an expedited review				
9	process of denials by the department; and (iv) consumer and provider education, training				
10	and information regarding the Preferred Drug List prior to implementation, and ongoing				
11	communications to include computer access to information and multilingual material.				
12	5. The Preferred Drug List program shall generate savings as determined by the				
13	department that are net of any administrative expenses to implement and administer the				
14	program.				
15	6. Notwithstanding § 32.1-331.12 et seq., Code of Virginia, to implement these changes,				
16	the Department of Medical Assistance Services shall promulgate emergency regulations to				
17	become effective within 280 days or less from the enactment of this Act. With respect to				
18	such State Plan amendments and regulations, the provisions of § 32.1-331.12 et seq., Code				
19	of Virginia, shall not apply. In addition, the department shall work with the Department of				
20	Behavioral Health and Development Services to consider utilizing a Preferred Drug List				
21	program for its non-Medicaid clients.				
22	7. The Department of Medical Assistance Services shall (i) continually review utilization				
23	of behavioral health medications under the State Medicaid Program for Medicaid				
24	recipients; and (ii) ensure appropriate use of these medications according to federal Food				
25	and Drug Administration (FDA) approved indications and dosage levels. The department				
26	may also require retrospective clinical justification according to FDA approved				
27	indications and dosage levels for the use of multiple behavioral health drugs for a				
28	Medicaid patient. For individuals 18 years of age and younger who are prescribed three or				
29	more behavioral health drugs, the department may implement clinical edits that target				
30	inefficient, ineffective, or potentially harmful prescribing patterns in accordance with				
31	FDA-approved indications and dosage levels.				
32	8. The Department of Medical Assistance Services shall ensure that in the process of				
33	developing the Preferred Drug List, the Pharmacy and Therapeutics Committee considers				
34	the value of including those prescription medications which improve drug regimen				
35	compliance, reduce medication errors, or decrease medication abuse through the use of				
36	medication delivery systems that include, but are not limited to, transdermal and injectable				
37	delivery systems.				
38	DD.1. The Department of Medical Assistance Services may amend the State Plan for				
39	Medical Assistance Services to modify the delivery system of pharmaceutical products to				
40	include a specialty drug program. In developing the modifications, the department shall				
41	consider input from physicians, pharmacists, pharmaceutical manufacturers, patient				
42	advocates, the Pharmacy Liaison Committee, and others as appropriate.				
43	2. In developing the specialty drug program to implement appropriate care management				
44	and control drug expenditures, the department shall contract with a vendor who will				
45	develop a methodology for the reimbursement and utilization through appropriate case				
46	management of specialty drugs and distribute the list of specialty drug rates, authorized				
47	drugs and utilization guidelines to medical and pharmacy providers in a timely manner				
48	prior to the implementation of the specialty drug program and publish the same on the				
49	department's website.				
50	3. In the event that the Department of Medical Assistance Services contracts with a				
51	vendor, the department shall establish the fee paid to any such contractor based on the				
52	reasonable cost of services provided. The department may not offer or pay directly or				
53	indirectly any material inducement, bonus, or other financial incentive to a program				
54	contractor based on the denial or administrative delay of medically appropriate				
55	prescription drug therapy, or on the decreased use of a particular drug or class of drugs, or

1	a reduction in the proportion of beneficiaries who receive prescription drug therapy under the				
2	Medicaid program. Bonuses cannot be based on the percentage of cost savings generated				
3	under the benefit management of services.				
4	4. The department shall: (i) review, update and publish the list of authorized specialty drugs,				
5	utilization guidelines, and rates at least quarterly; (ii) implement and maintain a procedure to				
6	revise the list or modify specialty drug program utilization guidelines and rates, consistent				
7	with changes in the marketplace; and (iii) provide an administrative appeals procedure to				
8	allow dispensing or prescribing providers to contest the listed specialty drugs and rates.				
9	5. The department shall have authority to enact emergency regulations under § 2.2-4011 of				
10	the Administrative Process Act to effect these provisions.				
11	EE. In the event that the Department of Medical Assistance Services decides to contract for				
12	pharmaceutical benefit management services to administer, develop, manage, or implement				
13	Medicaid pharmacy benefits, the department shall establish the fee paid to any such contractor				
14	based on the reasonable cost of services provided. The department may not offer or pay				
15	directly or indirectly any material inducement, bonus, or other financial incentive to a				
16	program contractor based on the denial or administrative delay of medically appropriate				
17	prescription drug therapy, or on the decreased use of a particular drug or class of drugs, or a				
18	reduction in the proportion of beneficiaries who receive prescription drug therapy under the				
19	Medicaid program. Bonuses cannot be based on the percentage of cost savings generated				
20	under the benefit management of services.				
21	FF. The Department of Medical Assistance Services, in cooperation with the Department of				
22	Social Services' Division of Child Support Enforcement (DSCE), shall identify and report				
23	third party coverage where a medical support order has required a custodial or noncustodial				
24	parent to enroll a child in a health insurance plan. The Department of Medical Assistance				
25	Services shall also report to the DCSE third party information that has been identified through				
26	their third party identification processes for children handled by DCSE.				
27	GG.1. Notwithstanding the provisions of § 32.1-325.1:1, Code of Virginia, upon identifying				
28	that an overpayment for medical assistance services has been made to a provider, the Director,				
29	Department of Medical Assistance Services shall notify the provider of the amount of the				
30	overpayment. Such notification of overpayment shall be issued within the earlier of (i) four				
31	years after payment of the claim or other payment request, or (ii) four years after filing by the				
32	provider of the complete cost report as defined in the Department of Medical Assistance				
33	Services' regulations, or (iii) 15 months after filing by the provider of the final complete cost				
34	report as defined in the Department of Medical Assistance Services' regulations subsequent to				
35	sale of the facility or termination of the provider.				
36	2. Notwithstanding the provisions of § 32.1-325.1, Code of Virginia, the director shall issue				
37	an informal fact-finding conference decision concerning provider reimbursement in				
38	accordance with the State Plan for Medical Assistance, the provisions of § 2.2-4019, Code of				
39	Virginia, and applicable federal law. The informal fact-finding conference decision shall be				
40	issued within 180 days of the receipt of the appeal request, except as provided herein. If the				
41	agency does not render an informal fact-finding conference decision within 180 days of the				
42	receipt of the appeal request or, in the case of a joint agreement to stay the appeal decision as				
43	detailed below, within the time remaining after the stay expires and the appeal timeframes				
44	resume, the decision is deemed to be in favor of the provider. An appeal of the director's				
45	informal fact-finding conference decision concerning provider reimbursement shall be heard				
46	in accordance with § 2.2-4020 of the Administrative Process Act (§ 2.2-4020 et seq.) and the				
47	State Plan for Medical Assistance provided for in § 32.1-325, Code of Virginia. The				
48	Department of Medical Assistance Services and the provider may jointly agree to stay the				
49	deadline for the informal appeal decision or for the formal appeal recommended decision of				
50	the Hearing Officer for a period of up to sixty (60) days to facilitate settlement discussions. If				
51	the parties reach a resolution as reflected by a written settlement agreement within the sixty-				
52	day period, then the stay shall be extended for such additional time as may be necessary for				
53	review and approval of the settlement agreement in accordance § 2.2-514 of the Code of				
54	Virginia. Once a final agency case decision has been made, the director shall undertake full				
55	recovery of such overpayment whether or not the provider disputes, in whole or in part, the				
56	informal fact-finding conference decision or the final agency case decision. Interest charges				
57	on the unpaid balance of any overpayment shall accrue pursuant to § 32.1-313, Code of

2	HH.1. Effective July 1, 2021, the Department of Medical Assistance Services shall amend				
3	the State Plan for Medical Assistance to revise per diem rates paid to psychiatric				
4	residential treatment facilities (PRTF) using the provider's audited cost per day from the				
5	facility's cost report for provider fiscal years ending in state fiscal year 2018. New				
6	Virginia-based residential psychiatric facilities must submit proforma cost report data,				
7	which will be used to set the initial per diem rate for up to two years. After this period, the				
8	department shall establish a per diem rate based on an audited cost report for a 12-month				
9	period within the first two years of operation. Providers that do not submit cost reports				
10	shall be paid at 75% of the established rate ceiling. If necessary to enroll out-of-state				
11	providers for network adequacy, the department shall negotiate rates. If there is sufficient				
12	utilization, the department may require out-of-state providers to submit a cost report to				
13	establish a per diem rate. In-state and out-of-state provider per diem rates shall be subject				
14	to a ceiling based on the statewide weighted average cost per day from fiscal year 2018				
15	cost reports. The department shall have the authority to implement these changes effective				
16	July 1, 2021, and prior to the completion of any regulatory process undertaken in order to				
17	effect such change.				
18	2. The Department of Medical Assistance Services shall have the authority to establish				
19	rebasings of PRTF rates every three years. The first rebasing of rates shall take effect July				
20	1, 2023. All PRTF and Addiction and Rehabilitation Treatment Services (ARTS)				
21	providers who offer qualifying services under 12VAC30-70-418(C) shall be required to				
22	submit cost reports as a part of rebasing. Out of state providers with more than 1,500 paid				
23	days for Virginia Medicaid members in the most recently completed state fiscal year shall				
24	also be required to submit a cost report. A rate ceiling shall be established based on a				
25	statewide weighted average cost per day. Rate ceilings shall be established independently				
26	for PRTFs and participating ARTS residential services. The department shall have the				
27	authority to implement these changes effective July 1, 2022 and prior to the completion of				
28	any regulatory process to effect such change.				
29	3. DMAS shall also establish inflation increases for each non-rebasing fiscal year for both				
30	PRTF and qualifying ARTS providers. Inflation rates shall be tied to the Nursing Facility				
31	Moving Average as established by IHS Markit (or its successor). The most recent four				
32	quarters will be averaged to create the PRTF inflation rate. The department shall have the				
33	authority to implement these changes effective July 1, 2023, and prior to the completion of				
34	any regulatory process to effect such change.				
35	4. Effective July 1, 2022, the department shall adjust PRTF rates by 8.89% to account for				
36	inflation since the last audited cost report of fiscal year 2018. The rate ceiling shall				
37	increase to \$460.89 per day. The department shall have the authority to implement these				
38	changes effective July 1, 2022, and prior to the completion of any regulatory process to				
39	effect such change.				
40	5. The department shall revise reimbursement methodologies for PRTF rates to implement				
41	inflation increases for each fiscal year to be effective July 1, 2024. Inflation rates shall be				
42	tied to the Nursing Facility Moving Average as established by IHS Markit (or its				
43	successor). The most recent four quarters will be averaged to create the PRTF inflation				
44	rate. The department shall have the authority to implement these changes prior to the				
45	completion of any regulatory process to effect such change.				
46	II. Effective July 1, 2013, the Department of Medical Assistance Services shall establish a				
47	Medicaid Physician and Managed Care Liaison Committee including, but not limited to,				
48	representatives from the following organizations: the Virginia Academy of Family				
49	Physicians; the American Academy of Pediatricians – Virginia Chapter; the Virginia				
50	College of Emergency Physicians; the American College of Obstetrics and Gynecology –				
51	Virginia Section; Virginia Chapter, American College of Radiology; the Psychiatric				
52	Society of Virginia; the Virginia Medical Group Management Association; and the				
53	Medical Society of Virginia. The committee shall also include representatives from each				
54	of the department's contracted managed care organizations and a representative from the				
55	Virginia Association of Health Plans. The committee will work with the department to				
56	investigate the implementation of quality, cost-effective health care initiatives, to identify

1	administrative obstacles to quality, cost-effective patient care, and to address other matters as				
2	raised by the department or members of the committee. The committee shall establish an				
3	Emergency Department Care Coordination work group comprised of representatives from the				
4	committee, including the Virginia College of Emergency Physicians, the Medical Society of				
5	Virginia, the Virginia Hospital and Healthcare Association, the Virginia Academy of Family				
6	Physicians and the Virginia Association of Health Plans to review the following issues: (i)				
7	how to improve coordination of care across provider types of Medicaid "super utilizers"; (ii)				
8	the impact of primary care provider incentive funding on improved interoperability between				
9	hospital and provider systems; and (iii) methods for formalizing a statewide emergency				
10	department collaboration to improve care and treatment of Medicaid recipients and increase				
11	cost efficiency in the Medicaid program, including recognized best practices for emergency				
12	departments. The committee shall meet semi-annually, or more frequently if requested by the				
13	department or members of the committee. The department, in cooperation with the committee,				
14	shall report on the committee's activities annually to the Board of Medical Assistance				
15	Services and to the Chairmen of the House Appropriations and Senate Finance and				
16	Appropriations Committees and the Department of Planning and Budget no later than October				
17	1 each year.				
18	JJ.1. The Department of Medical Assistance Services shall monitor the capacity available				
19	under the Upper Payment Limit (UPL) for all hospital supplemental payments and adjust				
20	payments accordingly when the UPL cap is reached. The department shall make an				
21	adjustment to stay under the UPL cap by reducing or eliminating as necessary supplemental				
22	payments to hospitals based on when the first supplemental payments were actually made so				
23	that the newest supplemental payments to hospitals would be impacted first and so on.				
24	2. The Department of Medical Assistance Services shall have the authority to implement				
25	reimbursement changes deemed necessary to meet the requirements of this paragraph prior to				
26	the completion of any regulatory process in order to effect such changes.				
27	KK. The Department of Medical Assistance Services shall submit a report annually on all				
28	supplemental payments made to hospitals through the Medicaid program. This report shall				
29	include information for each hospital and by type of supplemental payment (Disproportionate				
30	Share Hospital, Graduate Medical Education, Indirect Medical Education, Upper Payment				
31	Limit program, and others). The report shall include total Medicaid payments from all sources				
32	and calculate the percent of overall payments that are supplemental payments. Furthermore, it				
33	shall include a description of each type of supplemental payment and the methodology used to				
34	calculate the payments. Each report shall reflect the data for the prior three fiscal years and				
35	shall be submitted to the Chairmen of the House Appropriations and Senate Finance and				
36	Appropriations Committees by September 1 each year.				
37	LL. The Department of Medical Assistance Services shall have the authority to amend the				
38	state plan for medical assistance services and associated regulations to remove any obsolete				
39	provider supplemental payments that were authorized prior to July 1, 2021. This includes any				
40	supplemental payments that have no qualifying providers, have sunset or for which no				
41	payments have ever been made. The department shall have the authority to promulgate				
42	emergency regulations to implement these amendments within 280 days or less from the				
43	enactment of this Act.				
44	MM. The Department of Medical Assistance Service shall have the authority to amend the				
45	State Plan for Medical Assistance to implement a supplemental disproportionate share				
46	hospital (DSH) redistribution methodology for DSH funds that allows the redistribution of				
47	excess DSH payments to other eligible DSH hospitals that have not met their uncompensated				
48	care costs. This supplemental redistribution shall be budget neutral and not use state funds in				
49	excess of those already appropriated for DSH payments. The department shall have the				
50	authority to implement these changes prior to completion of any regulatory process				
51	undertaken in order to effect such change.				
52	NN. The Disproportionate Share Hospital (DSH) per diem for Type One hospitals shall be 17				
53	times the DSH per diem for Type Two hospitals. The department shall have the authority to				
54	implement these reimbursement changes effective July 1, 2014, and prior to completion of				
55	any regulatory process in order to effect such changes.				
56	OO.1.a. There is hereby appropriated sum-sufficient nongeneral funds for the Department of				
57	Medical Assistance Services (DMAS) to pay the state share of supplemental payments for

1	qualifying private hospital partners of Type One hospitals (consisting of state-owned				
2	teaching hospitals) as provided in the State Plan for Medical Assistance Services.				
3	Qualifying private hospitals shall consist of any hospital currently enrolled as a Virginia				
4	Medicaid provider and owned or operated by a private entity in which a Type One hospital				
5	has a non-majority interest. The supplemental payments shall be based upon the				
6	reimbursement methodology established for such payments in Attachments 4.19-A and				
7	4.19-B of the State Plan for Medical Assistance Services. DMAS shall enter into a transfer				
8	agreement with any Type One hospital whose private hospital partner qualifies for such				
9	supplemental payments, under which the Type One hospital shall provide the state share				
10	in order to match federal Medicaid funds for the supplemental payments to the private				
11	hospital partner. The department shall have the authority to implement these				
12	reimbursement changes consistent with the effective date in the State Plan amendment				
13	approved by the Centers for Medicare and Medicaid Services (CMS) and prior to				
14	completion of any regulatory process in order to effect such changes.				
15	b. The department shall adjust capitation payments to Medicaid managed care				
16	organizations for the purpose of securing access to Medicaid hospital services for the				
17	qualifying private hospital partners of Type One hospitals (consisting of state-owned				
18	teaching hospitals). The department shall revise its contracts with managed care				
19	organizations to incorporate these supplemental capitation payments and provider				
20	payment requirements. DMAS shall enter into a transfer agreement with any Type One				
21	hospital whose private hospital partner qualifies for such supplemental payments, under				
22	which the Type One hospital shall provide the state share in order to match federal				
23	Medicaid funds for the supplemental payments to the private hospital partner. The				
24	department shall have the authority to implement these reimbursement changes consistent				
25	with the effective date approved by the Centers for Medicare and Medicaid Services				
26	(CMS). No payment shall be made without approval from CMS.				
27	2.a. The Department of Medical Assistance Services shall promulgate regulations to make				
28	supplemental payments to Medicaid physician providers with a medical school located in				
29	Eastern Virginia that is a political subdivision of the Commonwealth. The amount of the				
30	supplemental payment shall be based on the difference between the average commercial				
31	rate approved by CMS and the payments otherwise made to physicians. The department				
32	shall have the authority to implement these reimbursement changes consistent with the				
33	effective date in the State Plan amendment approved by CMS and prior to completion of				
34	any regulatory process in order to effect such changes.				
35	b. The department shall increase payments to Medicaid managed care organizations for				
36	the purpose of securing access to Medicaid physician services in Eastern Virginia, through				
37	higher rates to physicians affiliated with a medical school located in Eastern Virginia that				
38	is a political subdivision of the Commonwealth subject to applicable limits. The				
39	department shall revise its contracts with managed care organizations to incorporate these				
40	supplemental capitation payments, and provider payment requirements, subject to				
41	approval by CMS. No payment shall be made without approval from CMS.				
42	c. Funding for the state share for these Medicaid payments is authorized in Item 171.				
43	3.a. The Department of Medical Assistance Services (DMAS) shall have the authority to				
44	amend the State Plan for Medical Assistance Services (State Plan) to implement a				
45	supplemental Medicaid payment for local government-owned nursing homes. The total				
46	supplemental Medicaid payment for local government-owned nursing homes shall be				
47	based on the difference between the Upper Payment Limit of 42 CFR §447.272 as				
48	approved by CMS and all other Medicaid payments subject to such limit made to such				
49	nursing homes. There is hereby appropriated sum-sufficient funds for DMAS to pay the				
50	state share of the supplemental Medicaid payment hereunder. However, DMAS shall not				
51	submit such State Plan amendment to CMS until it has entered into an intergovernmental				
52	agreement with eligible local government-owned nursing homes or the local government				
53	itself which requires them to transfer funds to DMAS for use as the state share for the				
54	supplemental Medicaid payment each nursing home is entitled to and to represent that				
55	each has the authority to transfer funds to DMAS and that the funds used will comply with				
56	federal law for use as the state share for the supplemental Medicaid payment. If a local				
57	government-owned nursing home or the local government itself is unable to comply with				
58	the intergovernmental agreement, DMAS shall have the authority to modify the State

1	Plan. The department shall have the authority to implement the reimbursement change				
2	consistent with the effective date in the State Plan amendment approved by CMS and prior to				
3	the completion of any regulatory process undertaken in order to effect such change.				
4	b. If by June 30, 2017, the Department of Medical Assistance Services has not secured				
5	approval from the Centers for Medicare and Medicaid Services to use a minimum fee				
6	schedule pursuant to 42 C.F.R. § 438.6(c)(1)(iii) for local government-owned nursing homes				
7	participating in Cardinal Care Managed Care (Cardinal Care) at the same level as and in lieu				
8	of the supplemental Medicaid payments authorized in Section OO.3.a., then DMAS shall: (i)				
9	exclude Medicaid recipients who elect to receive nursing home services in local government-				
10	owned nursing homes from Cardinal Care; (ii) pay for such excluded recipient's nursing home				
11	services on a fee-for-service basis, including the related supplemental Medicaid payments as				
12	authorized herein; and (iii) prohibit Cardinal Care contracted health plans from in any way				
13	limiting Medicaid recipients from electing to receive nursing home services from local				
14	government-owned nursing homes. The department may include in Cardinal Care Medicaid				
15	recipients who elect to receive nursing home services in local government-owned nursing				
16	homes in the future when it has secured federal CMS approval to use a minimum fee schedule				
17	as described above.				
18	4. The Department of Medical Assistance Services shall have the authority to amend the State				
19	Plan for Medical Assistance Services to implement a supplemental payment for clinic services				
20	furnished by the Virginia Department of Health (VDH) effective July 1, 2015. The total				
21	supplemental Medicaid payment shall be based on the Upper Payment Limit approved by the				
22	Centers for Medicare and Medicaid Services and all other Medicaid payments. VDH may				
23	transfer general fund to the department from funds already appropriated to VDH to cover the				
24	non-federal share of the Medicaid payments. The department shall have the authority to				
25	implement the reimbursement change effective July 1, 2015, and prior to the completion of				
26	any regulatory process undertaken in order to effect such changes.				
27	5. The Department of Medical Assistance Services shall amend the State Plan for Medical				
28	Assistance to increase the supplemental physician payments for physicians employed at a				
29	freestanding children's hospital serving children in Planning District 8 with more than 50				
30	percent Medicaid inpatient utilization in fiscal year 2014 to the maximum allowed by the				
31	Centers for Medicare and Medicaid Services within the limit of the appropriation provided for				
32	this purpose. The total supplemental Medicaid payment shall be based on the Upper Payment				
33	Limit approved by the Centers for Medicare and Medicaid Services and all other Virginia				
34	Medicaid fee-for-service payments. The department shall have the authority to implement				
35	these reimbursement changes effective July 1, 2016, and prior to the completion of any				
36	regulatory process undertaken in order to effect such change.				
37	6.a. The department shall amend the State plan for Medical Assistance to implement a				
38	supplemental inpatient and outpatient payment for Chesapeake Regional Hospital based on				
39	the difference between reimbursement with rates using an adjustment factor of 100% minus				
40	current authorized reimbursement subject to the inpatient and outpatient Upper Payment				
41	Limits for non-state government owned hospitals, and for managed care claims based on the				
42	difference between the amount included in the capitation rates for inpatient and outpatient				
43	services based on historical paid claims for non-state government hospitals and the maximum				
44	managed care directed payment supported by the department's calculations and allowed by				
45	CMS, subject to CMS approval under 42 C.F.R. section 438.6(c). The department shall				
46	include in its contracts with managed care organizations a percentage increase for Chesapeake				
47	Regional Hospital consistent with the approved managed care directed percentage increase.				
48	The department shall adjust capitation payments to Medicaid managed care organizations to				
49	fund this percentage increase. Both the contract changes and capitation rate adjustments shall				
50	be compliant with 42 C.F.R. 438.6(c)(1)(iii) and subject to CMS approval.				
51	b. The department shall also amend the State Plan for Medical Assistance to implement				
52	supplemental physician payments for practice plans employed by or under contract with				
53	Chesapeake Regional Hospital to the maximum allowed by the Centers for Medicare and				
54	Medicaid Services. The department shall increase payments to Medicaid managed care				
55	organizations for the purpose of providing higher rates to physicians employed by or under				
56	contract with Chesapeake Regional Hospital based on the maximum allowed by CMS. The				
57	department shall revise its contracts with managed care organizations to incorporate these				
58	managed care directed payments, subject to approval by CMS. The department shall have the

1	authority to implement these reimbursement changes effective July 1, 2022, and prior to				
2	completion of any regulatory process undertaken in order to effect such change.				
3	c. Prior to submitting the State Plan Amendment or making the managed care contract				
4	changes, Chesapeake Regional Hospital shall enter into an agreement with the department				
5	to transfer the non-federal share for these payments. The department shall have the				
6	authority to implement these reimbursement changes consistent with the effective date(s)				
7	approved by the Centers for Medicare and Medicaid (CMS).				
8	7.a. There is hereby appropriated sum-sufficient nongeneral funds for the department to				
9	pay the state share of supplemental payments for nursing homes owned by Type One				
10	hospitals (consisting of state-owned teaching hospitals) as provided in the State Plan for				
11	Medical Assistance Services. The total supplemental payment shall be based on the				
12	difference between the Upper Payment Limit of 42 CFR § 447.272 as approved by CMS				
13	and all other Medicaid payments subject to such limit made to such nursing homes.				
14	DMAS shall enter into a transfer agreement with any Type One hospital whose nursing				
15	home qualifies for such supplemental payments, under which the Type One hospital shall				
16	provide the state share in order to match federal Medicaid funds for the supplemental				
17	payments. The department shall have the authority to implement these reimbursement				
18	changes consistent with the effective date in the State Plan amendment approved by CMS				
19	and prior to completion of any regulatory process in order to effect such changes.				
20	b. The department shall adjust capitation payments to Medicaid managed care				
21	organizations to fund a minimum fee schedule compliant with requirements in 42 C.F.R. §				
22	438.6(c)(1)(iii) at a level consistent with the State Plan amendment authorized above for				
23	nursing homes owned by Type One hospitals. The department shall revise its contracts				
24	with managed care organizations to incorporate these supplemental capitation payments				
25	and provider payment requirements. DMAS shall enter into a transfer agreement with any				
26	Type One hospitals whose nursing home qualifies for such supplemental payments, under				
27	which the Type One hospital shall provide the state share in order to match federal				
28	Medicaid funds for the supplemental payments. The department shall have the authority to				
29	implement these reimbursement changes consistent with the effective date approved by				
30	CMS. No payment shall be made without approval from CMS.				
31	8. The department shall amend the State plan for Medical Assistance to implement a				
32	supplemental inpatient payment for Lake Taylor Transitional Care Hospital based on the				
33	difference between Medicaid reimbursement and the inpatient Upper Payment Limit for				
34	non-state government owned hospitals, and for managed care claims based on the				
35	difference between the amount included in the capitation rates for inpatient and outpatient				
36	services based on historical paid claims for non-state government hospitals and the				
37	maximum managed care directed payment supported by the department's calculations and				
38	allowed by CMS, subject to CMS approval under 42 C.F.R. section 438.6(c). The				
39	department shall include in its contracts with managed care organizations a percentage				
40	increase for Lake Taylor Transitional Care Hospital consistent with the approved managed				
41	care directed fee for service supplemental payment percentage increase. The department				
42	shall adjust capitation payments to Medicaid managed care organizations to fund this				
43	percentage increase. Both the contract changes and capitation rate adjustments shall be				
44	compliant with 42 C.F.R. 438.6(c)(1)(iii) and subject to CMS approval. Prior to				
45	submitting the State Plan Amendment or making the managed care contract changes, Lake				
46	Taylor Transitional Care Hospital shall enter into an agreement with the department to				
47	transfer the non-federal share for these payments. The department shall have the authority				
48	to implement these reimbursement changes consistent with the effective date(s) approved				
49	by the Centers for Medicare and Medicaid (CMS). The originating funding for this				
50	program will come entirely from Lake Taylor.				
51	9.a. The Department of Medical Assistance Services shall develop a State Plan for				
52	Medical Assistance amendment to make supplemental payments to private hospitals and				
53	related health systems who intend to execute affiliation agreements with public entities				
54	that are capable of transferring funds to the department for purposes of covering the non-				
55	federal share of the authorized payments. Virginia community colleges, Virginia public				
56	institutions of higher education, local governments, and instrumentalities of local				
57	government are public entities that are authorized to transfer funds to the department for				
58	purposes of covering the non-federal share of the authorized payments. Such public

1	entities would enter into an Interagency Agreement with the department for this purpose. The				
2	department shall develop a plan, that could take effect July 1, 2023, for making managed care				
3	directed payments or supplemental payments as follows: Physician fee-for-service (FFS)				
4	supplemental payments through a state plan amendment and physician managed care directed				
5	payments through managed care contracts up to the Average Commercial Rate for practice				
6	plans that are a component of the participating hospitals or health system. The plan shall				
7	identify the public entity who will transfer funds to the department, the amount and duration				
8	of such transfers, the purpose and amount of any supplemental payment or managed care				
9	direct payments made to private hospitals and related health systems, and the impact, if any,				
10	on other supplemental payment programs currently in effect. The plan shall also include the				
11	appropriate references that provide authority for such payments.				
12	b. The department shall have the authority to amend the State Plan for Medical Assistance and				
13	managed care contracts to make supplemental payments and managed care directed payments				
14	to private hospitals for physician services effective July 1, 2024. Reimbursement changes				
15	shall be effective prior to completion of any regulatory process in order to effect such				
16	changes. No payment shall be made without approval from CMS and an Interagency				
17	Agreement with a public entity capable of transferring the non-federal share of authorized				
18	payments to the department. The funds to be transferred must comply with 42 CFR 433.51				
19	and 433.54. Such funds may not be paid from any private agreements with public entities that				
20	are in excess of fair market value or that alleviate pre-existing financial burdens of such				
21	public entities. Public entities are authorized to use general fund dollars to accomplish this				
22	transfer. As part of the Interagency Agreements the department shall require the public				
23	entities to attest to compliance with applicable CMS criteria. The department shall also				
24	require any private hospital and related health systems receiving payments under this Item to				
25	attest to compliance with applicable CMS criteria. Upon notification by the Department of				
26	any deferral or disallowance issued by CMS regarding the supplemental or managed care				
27	directed payment arrangement, the hospital provider will return the entire balance of the				
28	payment to the Department within 30 days of notification. If the hospital does not return the				
29	entire balance of the payment to the Department within the specified timeframe, a judgement				
30	rate of interest set forth in Title 6.2-302 will be applied to the entire balance, regardless of				
31	whatever portion has been repaid. In addition, the non-federal share of the agency's				
32	administrative costs directly related to administration of the programs authorized in this				
33	paragraph, including staff and contractors, shall be funded by participating public entities.				
34	These funds shall be deposited into a special fund created by the Comptroller and used to				
35	support the administrative costs associated with managing this program. Any funds received				
36	for this purpose but unexpended at the end of the fiscal year shall remain in the fund for use in				
37	accordance with this provision.				
38	c. The purposes to which the additional payments authorized in paragraph OO.9.b. of this				
39	Item shall be applied include: (i) increasing and enhancing access to outpatient care for				
40	Medicaid recipients; (ii) stabilizing and supporting critical healthcare workforce needs; and				
41	(iii) advancing the department's health and quality improvement goals; these shall contain				
42	specific measurable outcomes that will be approved, and monitored by the Department				
43	quarterly. Payment shall be dependent on progress towards goal attainment on all three				
44	purposes. Participating organizations must submit quarterly updates and annual reports on				
45	programs no later than October 1. The department, with the assistance of the participating				
46	organizations, shall report to the Chairs of the House Appropriations and Senate Finance and				
47	Appropriations Committees by December 1 of each year on the impact of this initiative.				
48	10. The Department of Medical Assistance Services shall have the authority to amend the				
49	State Plan for Medical Assistance to make supplemental payments through an adjustment to				
50	the formula for indirect medical education (IME) reimbursement, using managed care				
51	discharge days, for an acute care hospital chain with a level one trauma center in the				
52	Tidewater Metropolitan Statistical Area (MSA) in 2020, upon the execution of affiliation				
53	agreements with public entities that are capable of transferring funds to the department for				
54	purposes of covering the non-federal share of the authorized payments. Such public entities				
55	would enter into an Interagency Agreement with the department for this purpose. Public				
56	entities are authorized to use general fund dollars to accomplish this transfer. The funds to be				
57	transferred must comply with 42 CFR 433.51 and 433.54. As part of the Interagency				
58	Agreements the department shall require the public entities to attest to compliance with				
59	applicable CMS criteria. The department shall also require any private hospital and related				
60	health systems receiving payments under this Item to attest to compliance with applicable

1	CMS criteria. The department shall have the authority to implement these changes prior to				
2	completion of any regulatory process undertaken in order to effect such change.				
3	11. The Department of Medical Assistance Services shall periodically assess the quality				
4	measures that are submitted to the Centers for Medicare and Medicaid Services for				
5	supplemental payments to ensure that appropriate quality measures are being included for				
6	supplemental payments such that the additional funding is improving the Medicaid				
7	program's quality and delivery of health care services. The department shall report on				
8	quality measures and outcomes for the programs to the Joint Subcommittee for Health and				
9	Human Resources Oversight no later than November 15, 2024.				
10	PP.1. Effective July 1, 2017, the Department of Medical Assistance Services shall amend				
11	the State Plan for Medical Assistance to increase the formula for indirect medical				
12	education (IME) for freestanding children's hospitals with greater than 50 percent				
13	Medicaid utilization in 2009 as a substitute for disproportionate share hospital (DSH)				
14	payments. The formula for these hospitals for IME for inpatient hospital services provided				
15	to Medicaid patients but reimbursed by capitated managed care providers shall be				
16	identical to the formula for Type One hospitals. The IME payments shall continue to be				
17	limited such that total payments to freestanding children's hospitals with greater than 50				
18	percent Medicaid utilization do not exceed the federal uncompensated care cost limit to				
19	which DSH payments are subject, excluding third party reimbursement for Medicaid				
20	eligible patients. The department shall have the authority to implement these changes				
21	effective July 1, 2017, and prior to completion of any regulatory action to effect such				
22	changes.				
23	2. The Department of Medical Assistance Services (DMAS) shall have the authority to				
24	create additional hospital supplemental payments for freestanding children's hospitals with				
25	greater than 50 percent Medicaid utilization in 2009 to replace payments that have been				
26	reduced due to the federal regulation on the definition of uncompensated care costs				
27	effective June 2, 2017. Effective July 1, 2024, these new payments shall equal the greater				
28	of what would have been paid to the freestanding children's hospitals under the current				
29	disproportionate share hospital (DSH) formula or \$16,000,000 annually, the average DSH				
30	that CHKD was due by formula prior to Medicaid expansion without regard to the				
31	uncompensated care cost limit. These additional hospital supplemental payments shall				
32	take precedence over supplemental payments for private acute care hospitals. If the federal				
33	regulation is voided, DMAS shall continue DSH payments to the impacted hospitals and				
34	adjust the additional hospital supplemental payments authorized in this paragraph				
35	accordingly. The department shall have the authority to implement these changes prior to				
36	completion of any regulatory process undertaken in order to effectuate such change.				
37	QQ. The Department of Medical Assistance Services shall have the authority to amend the				
38	State Plan for Medical Assistance to adjust the formula for indirect medical education				
39	(IME) reimbursement for managed care discharges for freestanding children's hospitals				
40	with greater than 50 percent Medicaid utilization in 2009 by increasing the case mix				
41	adjustment factor to the greater of 3.2962 or the most recent rebasing. Total payments for				
42	IME in combination with other payments for freestanding children's hospitals with greater				
43	than 50 percent Medicaid utilization in 2009 may not exceed the hospital's Medicaid costs.				
44	The department shall have the authority to implement these changes prior to completion of				
45	any regulatory process undertaken in order to effect such change.				
46	RR. The Department of Medical Assistance Services shall implement managed care				
47	directed payments for physician services for practice plans affiliated with a freestanding				
48	children's hospital with more than 50 percent Medicaid utilization in fiscal year 2009 for				
49	\$11,050,000 annually but not to exceed the average commercial rate. The department shall				
50	have the authority to implement this reimbursement change effective July 1, 2023, and				
51	prior to the completion of any regulatory process undertaken in order to effect such				
52	changes. The agency shall implement this by determining at the beginning of each year the				
53	percent of Medicaid that will result in estimated payments of \$11,050,000 annually.				
54	SS. The Department of Medical Assistance Services shall amend the State Plan for				
55	Medical Assistance to implement a supplemental disproportionate share hospital (DSH)				
56	payment for Chesapeake Regional Hospital up to its hospital-specific disproportionate				
57	share hospital limit (OBRA '93 DSH limit) as determined pursuant to 42 U.S.C. Section

1	1396r-4. The payment shall be made annually based upon the hospital's disproportionate share				
2	limit for the most recent year for which the disproportionate share limit has been calculated				
3	subject to the availability of DSH funds under the federal allotment of such funds to the				
4	department. Prior to submitting the State Plan amendment, Chesapeake Regional Hospital				
5	shall enter into an agreement with the department to transfer the non-federal share of the				
6	supplemental DSH payment. Payment of the supplemental DSH payment is contingent upon				
7	receipt of intergovernmental transfer of funds or certified public expenditures from				
8	Chesapeake Regional Hospital. In the event that Chesapeake Regional Hospital is ineligible to				
9	transfer or certify necessary funds pursuant to federal law, the department may amend the				
10	State Plan for Medical Assistance to terminate the supplemental DSH payment program. The				
11	department shall have the authority to implement these reimbursement changes consistent				
12	with effective date(s) approved by the Centers for Medicare and Medicaid Services (CMS).				
13	No payments shall be made without CMS approval. In the event that CMS recoups				
14	supplemental DSH hospital funds from the department, Chesapeake Regional Hospital shall				
15	reimburse such funds to the department.				
16	TT. The Department of Medical Assistance Services (DMAS) is authorized to amend the				
17	State Plan for Medical Assistance Services to implement a supplemental Medicaid payment				
18	for Department of Veterans Services (DVS) state government-owned nursing facilities. The				
19	total supplemental Medicaid payment for DVS state government owned nursing homes shall				
20	be based on the difference between the Upper Payment Limit of 42 CFR 447.272, as approved				
21	by the Centers for Medicare and Medicaid Services (CMS), and all other Medicaid payments				
22	subject to such limit made to such nursing homes. DMAS shall not submit any State Plan				
23	amendment to CMS that implements this payment until DMAS enters into an				
24	intergovernmental agreement with DVS. This agreement shall include the following				
25	provisions: 1) DVS shall transfer funds to DMAS for use as the state share of the full cost of				
26	the supplemental Medicaid payment for which each nursing home is entitled; 2) DVS must				
27	demonstrate that it has the authority and ability to transfer the necessary funds to DMAS; and,				
28	3) DVS shall attest that any funds provided for state match will comply with federal law for				
29	use as the state share for the supplemental Medicaid payment. If DVS is unable to enter into				
30	or comply with the provisions of such an intergovernmental agreement, then DMAS shall				
31	immediately modify the Medicaid State Plan and adjust any supplemental payments				
32	accordingly. DMAS shall have the authority to implement the reimbursement changes				
33	consistent with the effective date in the State Plan amendment approved by CMS and prior to				
34	the completion of any regulatory process undertaken in order to effect such change.				
35	UU.1.a. Out of this appropriation, \$5,850,000 the first year and \$5,850,000 the second year				
36	from the general fund and \$5,850,000 the first year and \$5,850,000 the second year from				
37	nongeneral funds shall be used for supplemental payments to fund graduate medical education				
38	for 3 residents who began their residencies in July 2021; 19 18 residents who began their				
39	residencies in July 2022; 304 0 residents who began their residencies in July 2024; and 55				
40	residents who began their residencies in July 2025.				
41	b. Of the amounts appropriated in UU.1.a., \$1,000,000 \$300,000 the first year and				
42	\$1,000,000 \$450,000 the second year from the general fund and \$1,000,000 \$300,000 the first				
43	year and \$1,000,000 \$450,000 the second year from nongeneral funds shall be used for				
44	supplemental payments to fund graduate medical residencies for 206 psychiatric residents				
45	who began their residencies in July 2024 and 3 additional psychiatric residents who began				
46	their residencies in July 2025. The Department of Medical Assistance Services shall pursue				
47	available administrative processes to initiate these residencies in FY 2025.				
48	c. Of the amounts appropriated in UU.1.a., \$500,000 \$300,000 the first year and				
49	\$500,000 \$400,000 the second year from the general fund and \$500,000 \$300,000 the first				
50	year and \$500,000 \$400,000 the second year from nongeneral funds shall be used for supplemental				
51	payments to fund graduate medical residencies for 106 obstetric-gynecological residents who				
52	began their residencies in July 2024 and 2 additional obstetric-gynecological residents who				
53	began their residencies in July 2025. The Department of Medical Assistance Services shall				
54	work with the Virginia Health Workforce Development Authority to pursue available				
55	administrative processes to initiate these residencies in fiscal year 2025. Two of these				
56	residencies shall be awarded to Johnston Memorial Hospital contingent on the hospital's intent				
57	to apply for and accept the residencies.				
58	2.a. The supplemental payment for each qualifying residency slot shall be \$100,000 annually

2	For any residency program at a facility whose number of residency slots are above the cap				
3	set by the Centers for Medicare and Medicaid Services or have exceeded the Upper				
4	Payment Limit (UPL) set by CMS, the supplemental payments for each qualifying				
5	residency slot shall be \$50,000 from the general fund annually minus any Medicare				
6	residency payments for which the residency program is eligible. Supplemental payments				
7	shall be made for up to four years for each qualifying resident. Payments shall be made				
8	quarterly following the same schedule used for other medical education payments				
9	<i>b. Effective July 1, 2026, and notwithstanding § 32.1-325 et seq., Code of Virginia, the</i>				
10	<i>Department of Medical Assistance Services (DMAS) is authorized to amend the Medicaid</i>				
11	<i>state plan to increase the supplemental payment for all qualifying obstetric-gynecological</i>				
12	<i>and psychiatric residencies to \$150,000 annually. DMAS shall begin taking applications</i>				
13	<i>for these two specialties at the enhanced rate upon enactment of this Act. Enhanced</i>				
14	<i>supplemental payments shall not begin before July 1, 2026, and are subject to available</i>				
15	<i>appropriation in service area 45606. Should the number of applications for these two</i>				
16	<i>specialties exceed available funding, then DMAS shall request sufficient resources</i>				
17	<i>through the budget process.</i>				
18	3.a. By July 1 of each year, the Department of Medical Assistance Services shall				
19	determine the number of residency slots that could be funded in the next two fiscal years				
20	within the resources provided in this Item. In addition, DMAS shall issue a call for				
21	applications to all hospitals in the Commonwealth to determine the number of residency				
22	slots, by hospital, that could be filled in the following fiscal year.				
23	b. The Department of Medical Assistance Service, in cooperation with the Virginia Health				
24	Workforce Development Authority, shall determine which new residency slots to fund				
25	based on priorities developed by the authority. Preference shall be given for residency				
26	slots located in underserved areas. Applications for slots that involve multiple medical				
27	care providers collaborating in training residents and that involve providing residents the				
28	opportunity to train in underserved areas are encouraged. A majority of the new residency				
29	slots funded each year shall be for primary care. The department shall adopt criteria for				
30	primary care, high need specialties and underserved areas as developed by the Virginia				
31	Health Workforce Development Authority. The department shall also review and consider				
32	applications from non-hospital sponsoring institutions, such as Federally Qualified Health				
33	Centers (FQHCs).				
34	c. By August 15 <i>October 1</i> of each year, the Department of Medical Assistance Services				
35	shall develop a prioritized list of hospitals for which residencies are recommended. Using				
36	this list, DMAS shall request budget authorization for those residencies that can be				
37	supported with the funds as appropriated in this Item.				
38	4. The sponsoring institution will be eligible for the supplemental payments as long as it				
39	maintains the number of residency slots in total and by category as a result of the increase.				
40	The sponsoring institutions must certify by June 1 each year that they continue to meet the				
41	criteria for the supplemental payments and report any changes during the year to the				
42	number of residents.				
43	5. The department shall require all sponsoring institutions receiving Medicaid medical				
44	education funding to report annually by September 15 on the number of residents in total				
45	and by specialty/subspecialty. Medical education funding includes payments for graduate				
46	medical education (GME) and indirect medical education (IME). The department shall				
47	make the report available to the Virginia Health Workforce Development Authority to				
48	assist in their efforts to set priorities for and manage graduate medical education programs				
49	overseen by the Commonwealth.				
50	6.a. Effective July 1, 2021, the department shall make remaining supplemental payments				
51	to the following sponsoring institutions for the specified number of primary care				
52	residencies: Carilion Medical Center (7 residencies) and Centra Health (3 residencies).				
53	The department shall make supplemental payments to Sentara Norfolk General for 1				
54	OB/GYN residency and 1 emergency medicine residency. The department shall make				
55	supplemental payments to Carilion Medical Center for 2 psychiatry residencies. The				
56	department shall make supplemental payments to Riverside Regional Medical Center for 8

25	support services. The department shall review current federal law and regulations that may				
26	allow, through State Plan amendments, contracts, or other policy changes, the department				
27	to support such a referral program. The department shall provide new enrollees in the

49	thresholds as developed, reported, and consistently measured by DMAS in cooperation				
50	with participating facilities. The methodology and timing for the Virginia nursing facility				
51	VBP program, including structures for nursing facility performance accountability and

4	funding shall be administered as a Medicaid rate add-on in the same manner as in paragraph				
5	1. above. The remaining funding shall be allocated based on performance criteria as				
6	designated under the nursing facility VBP program. The amount of funding devoted to				
7	nursing facility quality of care investments shall be 25 percent of available funding in the

24	year meets or exceeds the amount otherwise required under clause 3 of Chapters 482 and 438				
25	of the 2023 Acts of Assembly, this increase shall be considered to satisfy that requirement.				
26	RRR. The Department of Medical Assistance Services shall seek federal authority through				
27	waiver and State Plan amendments under Titles XIX and XXI of the Social Security Act to

9	practices shall include an evaluation of the effectiveness of these practices in reducing				
10	recidivism and how that effectiveness is measured.				
11	B. Included in the appropriation for this Item is \$150,000 the first year and \$150,000 the				
12	second year from nongeneral funds to support the implementation of evidence-based practices				
13	in probation and parole districts. The source of the funds is the Drug Offender Assessment				
14	Fund.				
15	C. The Department of Corrections shall coordinate with the Department of Motor Vehicles				
16	(DMV) to provide identification cards to inmates through the DMV Connect program.				
17	385. A. The following process shall be applicable in order for any county, city, or regional jail

20	and 53.1-81, Code of Virginia:				
21	1. The locality shall file with the Department of Corrections, by January 1 of the year in

38	to be housed in such facility;				
39	b. the project meets the design criteria set out in the State Board of Local and Regional Jails'				
40	Standards for Planning, Design, Construction and Reimbursement of Local Correctional				
41	Facilities;				
42	c. the project is proposed to be built using standards for a minimum security facility, as				
43	adopted by the Board, unless the use of more expensive construction standards is justified,

45	security;				
46	d. the project can be completed and operated in a cost-efficient manner; and				
47	e. any other criteria established by the Board.				
48	5.a. If the State Board of Local and Regional Jails (the Board) approves a request, the Board

1	based decision-making, that improves outcomes and safely reduces the number of				
2	juveniles housed in state-operated juvenile correctional centers, consistent with public				
3	safety. To accomplish these objectives, the Department will provide, when appropriate,				
4	alternative placements and services for juveniles committed to the Department that offer				
5	treatment, supervision and programs that meet the levels of risk and need, as identified by				
6	the Department's risk and needs assessment instruments, for each juvenile placed in such				
7	placements or programs. Prior to implementation, the plan shall be approved by the				
8	Secretary of Public Safety and Homeland Security.				
9	2. The Department shall reallocate any savings from the reduced cost of operating state				
10	juvenile correctional centers to support the goals of the transformation plan including, but				
11	not limited to: (a) increasing the number of male and female local placement options, and				
12	post-dispositional treatment programs and services; (b) ensuring that appropriate				
13	placements and treatment programs are available across all regions of the Commonwealth;				
14	and (c) providing appropriate levels of educational, career readiness, rehabilitative, and				
15	mental health services for these juveniles in state, regional, or local programs and				
16	facilities, including but not limited to, community placement programs, independent living

18	the risks for reoffending for juveniles supervised or committed to the Department and to				
19	improve and promote the skills and resiliencies necessary for the juveniles to lead				
20	successful lives in their communities.				
21	3. No later than November 1 of each year, the Department of Juvenile Justice shall provide				
22	a report to the Governor, the Chairs of the House Appropriations and Senate Finance and				
23	Appropriations Committees, the Secretary of Public Safety and Homeland Security and				
24	the Director, Department of Planning and Budget, assessing the impact and results of the				
25	transformation plan and its related actions. The report shall include, but is not limited to,				
26	assessing juvenile offender recidivism rates, fiscal and operational impact on detention				
27	homes; changes (if any) in commitment orders by the courts; and use of the savings				
28	redirected as a result of transformation, including the amount expended for contracted				
29	programs and treatment services, including the number of juveniles receiving each				
30	specific service. The report should also include the average length of stay for juveniles in				
31	each placement option.				
32	4. The Director, Department of Planning and Budget, is authorized to transfer				
33	appropriations between items and programs within the Department of Juvenile Justice to				
34	reallocate any savings achieved through transformation to accomplish the goals of				
35	transformation.				
36	5. If the Department of Juvenile Justice deems it necessary, due to facility population				
37	decline, efficient use of resources, and the need to further reduce recidivism, to close a				
38	state juvenile correctional center, the Department shall (i) work cooperatively with the				
39	affected localities to minimize the effect of the closure on those communities and their				
40	residents, and (ii) implement a general closure plan, preferably not less than 12 months				
41	from announcement of the closure, to create opportunities to place affected state				
42	employees in existing departmental vacancies, assist affected employees with placement				
43	in other state agencies, create training opportunities for affected employees to increase				
44	their qualifications for additional positions, and safely reduce the population of the facility				
45	facing closure, consistent with public safety.				
46	<i>C. The Department of Juvenile Justice is authorized to study possible relationships with</i>				
47	<i>localities to increase state-run juvenile correctional center bed capacity for committed</i>				
48	<i>youth. If a study is pursued by the Department, it shall report its findings and any</i>

7	Virginia.			
8	A. The transportation policy goals enumerated in this act shall be implemented by the			
9	Secretary of Transportation, including the secretary acting as Chairman of the Commonwealth			
10	Transportation Board.

12	the first priority in budgeting, allocation, and spending. The highway share of the			
13	Transportation Trust Fund shall be used for highway maintenance and operation purposes			
14	prior to its availability for new development, acquisition, and construction.			
15	2. It is in the interest of the Commonwealth to have an efficient and cost-effective			
16	transportation system that promotes economic development and all modes of transportation,			
17	intermodal connectivity, environmental quality, accessibility for people and freight, and			
18	transportation safety. The planning, development, construction, and operations of Virginia's			
19	transportation facilities will reflect this goal.			
20	3. To the greatest extent possible, the appropriation of transportation revenues shall reflect			
21	planned spending of such revenues by agency and by program.			
22	B. The maximization of all federal transportation funds available to the Commonwealth shall			
23	be paramount in the budgetary, spending, and allocation processes.			
24	1. Notwithstanding any provision of law to the contrary, the secretary and all agencies within

34	project selected pursuant to § 33.2-214.1, Code of Virginia, under the authority in this			
35	paragraph.			
36	2. The secretary shall ensure that the allocation of transportation funds apportioned and for			
37	which obligation authority is expected to be available under federal law shall be in accordance			
38	with such laws and in support of the transportation policy goals enumerated in section A. of			
39	this Item. Furthermore, the secretary is authorized to take all actions necessary to allocate the			
40	required match for federal highway funds to ensure their appropriate and timely obligation

42	the efforts addressed in B.1. By June 1 of each year, the secretary, as Chairman of the Board,

34	employment with the employer, or being placed on leave without pay-layoff or equivalent				
35	status, due to budget reductions, employer reorganizations, workforce downsizings, or other

5	weeks of salary plus two additional weeks of salary for every year of service over nine				
6	years; or (iv) fifteen years or more of consecutive service to the employer shall be entitled				
7	to receive a transitional severance benefit equivalent to two weeks of salary for every year

10	department. Partial years of service shall be rounded up to the next highest year of service.				
11	c. Transitional severance benefits shall be paid by the employer in the same manner as				
12	normal salary. In accordance with § 60.2-229, transitional severance benefits shall be				
13	allocated to the date of involuntary separation. The right of any employee who receives a				
14	transitional severance benefit to also receive unemployment compensation pursuant to §

19	severance benefit due to reductions for unemployment compensation shall be paid in one				
20	lump sum at the time the last transitional severance benefit payment is made.				
21	d. For twelve months after the employee's date of involuntary separation, the employee				
22	shall continue to be covered under the (i) health insurance plan administered by the				
23	employer for its employees, if he participated in such plan prior to his date of involuntary				
24	separation, and (ii) group life insurance plan administered by the Virginia Retirement				
25	System pursuant to Chapter 5 (§ 51.1-500 et seq.) of Title 51.1, or such other group life

27	terminating employer shall continue to pay its share of the terminated employee's				
28	premiums. Upon expiration of such twelve month period, the terminated employee shall				
29	be eligible to purchase continuing health insurance coverage under COBRA.				
30	e. Transitional severance benefit payments shall cease if a terminated employee is				
31	reemployed or hired in an individual capacity as an independent contractor or consultant				
32	by the employer during the time he is receiving such payments.				
33	f. All transitional severance benefits payable pursuant to this section shall be subject to				
34	applicable federal laws and regulations.				
35	4.a. In lieu of the transitional severance benefit provided in subparagraph 3 of this				
36	paragraph, any otherwise eligible employee who, on the date of involuntary separation, is				
37	also (i) a vested member of a defined benefit plan within the Virginia Retirement System,				
38	including the hybrid retirement program described in § 51.1-169, and including a member				
39	eligible for the benefits described in subsection B of § 51.1-138, and (ii) at least fifty years

43	including a member eligible for the benefits described in subsection B of § 51.1-138, who				
44	is eligible for unreduced retirement shall be added to his creditable service and not his age.				
45	The cost of each year of age or creditable service purchased by the employer shall be				
46	equal to fifteen percent of the employee's present annual compensation. The number of				
47	years of age or creditable service to be purchased by the employer shall be equal to the				
48	quotient obtained by dividing (i) the cash value of the benefits to which the employee				
49	would be entitled under subparagraphs 3.a. and 3.d. of this paragraph by (ii) the cost of				
50	each year of age or creditable service. Partial years shall be rounded up to the next highest				
51	year. Deferred retirement under the provisions of subsection C of §§ 51.1-153 and				
52	disability retirement under the provisions of § 51.1-156 et seq., shall not be available				
53	under this paragraph.				
54	b. In lieu of the (i) transitional severance benefit provided in subparagraph 3 of this				
55	paragraph and (ii) the retirement program provided in this subsection, any employee who				
56	is otherwise eligible may take immediate retirement pursuant to §§ 51.1-155.1 or 51.1-

PART 2: CAPITAL PROJECT EXPENSES

§ 2-0. GENERAL CONDITIONS

A.1. The General Assembly hereby authorizes the capital projects listed in this act. The amounts hereinafter set forth are appropriated to the state agencies named for the indicated capital projects. Amounts so appropriated and amounts reappropriated pursuant to paragraph G. of this section shall be available for expenditure during the current biennium, subject to the conditions controlling the expenditures of capital project funds as provided by law. Reappropriated amounts, unless otherwise stated, are limited to the unexpended appropriation balances at the close of the previous biennium, as shown by the records of the Department of Accounts.

2. The Director, Department of Planning and Budget, may transfer appropriations listed in Part 2 of this act from the second year to the first year in accordance with § 4-1.03 c.5. of this act.

B. The five-digit number following the title of a project is the code identification number assigned for the life of the project.

C. Except as herein otherwise expressly provided, appropriations or reappropriations for structures may be used for the purchase of equipment to be used in the structures for which the funds are provided, subject to guidelines prescribed by the Governor.

D. Notwithstanding any other provisions of law, appropriations for capital projects shall be subject to the following:

1. Appropriations or reappropriations of funds made pursuant to this act for planning of capital projects shall not constitute implied approval of construction funds in a future biennium. Funds, other than the reappropriations referred to above, for the preparation of capital project proposals must come from the affected agency's existing resources.

2. No capital project for which appropriations for planning are contained in this act, nor any project for which appropriations for planning have been previously approved, shall be considered for construction funds until preliminary plans and cost estimates are reviewed by the Department of General Services. The purpose of this review is to avoid unnecessary expenditures for each project, in the interest of assuring the overall cost of the project is reasonable in relation to the purpose intended, regardless of discrete design choices.

E.1. Expenditures from Items in this act identified as "Maintenance Reserve" are to be made only for the maintenance of property, plant, and equipment as defined in § 4-4.01 c. of this act to the extent that funds included in the appropriation to the agency for this purpose in Part 1 of this act are insufficient.

2. Agencies and institutions of higher education can expend up to \$2,000,000 for a single repair or project, and up to \$4,000,000 for a roof replacement project, through the maintenance reserve appropriation. Such expenditures shall be subject to rules and regulations prescribed by the Governor. To the extent an agency or institution of higher education has identified a potential project that exceeds this threshold, the Director, Department of Planning and Budget, can provide exemptions to the threshold as long as the project still meets the definition of a maintenance reserve project as defined by the Department of Planning and Budget.

3. Only facilities supported wholly or in part by the general fund shall utilize general fund maintenance reserve appropriations. Facilities supported entirely by nongeneral funds shall accomplish maintenance through the use of nongeneral funds.

F. Conditions Applicable to Bond Projects

1. The capital projects listed in the 9(C) Revenue Bonds and 9(D) Revenue Bonds sections in Part 2 of this act for the indicated agencies and institutions of higher education are hereby authorized and sums from the sources and in the amount indicated are hereby appropriated and reappropriated. The issuance of bonds in a principal amount plus amounts needed to fund issuance costs, reserve funds, and other financing expenses, including capitalized interest for any project listed in the 9(C) Revenue Bonds and 9(D) Revenue Bonds sections in Part 2 of this act is hereby authorized.

2. The issuance of bonds for any project listed in the 9(C) Revenue Bonds section in Part 2 of this act is to be separately authorized pursuant to Article X, Section 9 (c), Constitution of Virginia.

3. The issuance of bonds for any project listed in the 9(C) Revenue Bonds or 9(D) Revenue Bonds sections in Part 2 of this act shall be authorized pursuant to § 23.1-1106, Code of Virginia.

4. In the event that the cost of any capital project listed in the 9(C) Revenue Bonds and 9(D) Revenue Bonds sections in Part 2 of this act shall exceed the amount appropriated therefore, the Director, Department of Planning and Budget, is hereby authorized, upon request of the affected institution, to approve an increase in appropriation authority of not more than ten percent of the amount designated in the 9(C) Revenue Bonds and 9(D) Revenue Bonds sections in part 2 of this act for such project, from any available nongeneral fund revenues, provided that such increase shall not constitute an increase in debt issuance authorization for such capital project. Furthermore, the Director, Department of Planning and Budget, is hereby authorized to approve the expenditure of all interest

2	Revenue Bonds sections in part 2 of this act for such capital project.				
3	5. The interest on bonds to be issued for these projects may be subject to inclusion in gross income for federal income tax purposes.				
4	6. Inclusion of a project in this act does not imply a commitment of state funds for temporary construction financing. In the absence of				
5	such commitment, the institution may be responsible for securing short-term financing and covering the costs from other sources of				
6	funds.				
7	7. In the event that the Treasury Board determines not to finance all or any portion of any project listed in the 9(C) Revenue Bonds				
8	section in Part 2 of this act with the issuance of bonds pursuant to Article X, Section 9 (c), Constitution of Virginia, and

11	8. The General Assembly further declares and directs that, notwithstanding any other provision of law to the contrary, 50 percent of				
12	the proceeds from the sale of surplus real property pursuant to § 2.2-1147 et seq., Code of Virginia, which pertain to the general fund,				
13	and which were under the control of an institution of higher education prior to the sale, shall be deposited in a special fund set up on				
14	the books of the State Comptroller, which shall be known as the Higher Education Capital Projects Fund. Such sums shall be held in				
15	reserve, and may be used, upon appropriation, to pay debt service on bonds for the 21st Century College Program as authorized in				
16	Item C-7.10 of Chapter 924 of the Acts of Assembly of 1997.				
17	9. Notwithstanding any other provision of law, a public institution of higher education may participate in the United States Department				
18	of Education Historically Black College and University Capital Financing Program (HBCU Program), and use federal grant and				
19	contract funds as permitted by the Program.				
20	G. Upon certification by the Director, Department of Planning and Budget, there is hereby reappropriated the appropriations				
21	unexpended at the close of the previous biennium for all authorized capital projects which meet any of the following conditions:				
22	1. Construction is in progress.				
23	2. Equipment purchases have been authorized by the Governor but not received.				
24	3. Plans and specifications have been authorized by the Governor but not completed.				
25	4. Obligations were outstanding at the end of the previous biennium.				
26	H. Alternative Financing				
27	1. Any agency or institution of the Commonwealth that would construct, purchase, lease, or exchange a capital asset by means of an				
28	alternative financing mechanism, such as the Public Private Education Infrastructure Act, or similar statutory authority, shall provide a				
29	report to the Governor and the Chairs of the Senate Finance and Appropriations Committee and the and House Appropriations				
30	Committees no less than 30 days prior to entering into such alternative financing agreement. This report shall provide:				
31	a. a description of the purpose to be achieved by the proposal;				
32	b. a description of the financing options available, including the alternative financing, which will delineate the revenue streams or				
33	client populations pledged or encumbered by the alternative financing;				
34	c. an analysis of the alternatives clearly setting out the advantages and disadvantages of each for the Commonwealth;				
35	d. an analysis of the alternatives clearly setting out the advantages and disadvantages of each for the clients of the agency or				
36	institution; and				
37	e. a recommendation and planned course of action based on this analysis.				
38	I. Conditions Applicable to Alternative Financing				
39	The following authorizations to construct, purchase, lease or exchange a capital asset by means of an alternative financing mechanism,				
40	such as the Public Private Education Infrastructure Act, or similar statutory authority, are continued until revoked. Projects in this				
41	section shall be consistent with the guidelines of the Department of General Services and comply with Treasury Board Guidelines				
42	issued pursuant to § 23.1-1106 C.1.d, Code of Virginia. Furthermore, projects in this section shall be submitted for comment to the

10	facility inventory and managing their operation and maintenance; by assigning parking authorizations, students, and/or operations to the				
11	facility or facilities in preference to other University facilities; by restricting construction of competing projects; and by otherwise

§ 3-5.14 PROVIDER COVERAGE ASSESSMENT

A. The Department of Medical Assistance Services (DMAS) is authorized to levy an assessment upon private acute care hospitals operating in Virginia in accordance with this Item. Private acute care hospitals operating in Virginia shall pay a coverage assessment beginning on or after October 1, 2018. For the purposes of this coverage assessment, the definition of private acute care hospitals shall exclude public hospitals, freestanding psychiatric and rehabilitation hospitals, children's hospitals, long stay hospitals, long-term acute care hospitals and critical access hospitals.

B.1. The coverage assessment shall be used only to cover the non-federal share of the "full cost of expanded Medicaid coverage" for newly eligible individuals pursuant to 42 U.S.C. § 1396d(y)(1)[2010] of the Patient Protection and Affordable Care Act, including the administrative costs of collecting the coverage assessment and implementing and operating the coverage for newly eligible adults which includes the costs of administering the provisions of the Section 1115 waiver.

2.a. The "full cost of expanded Medicaid coverage" shall include: 1) any and all Medicaid expenditures related to individuals eligible for Medicaid pursuant to 42 U.S.C. § 1396d(y)(1)[2010] of the Patient Protection and Affordable Care Act, including any federal actions or repayments; and, 2) all administrative costs associated with providing coverage, which includes the costs of administering

the provisions of the Section 1115 waiver, and collecting the coverage assessment.

b. The “full cost of expanded Medicaid coverage” shall be updated: 1) on November 1 of each year based on the official Medicaid forecast and latest administrative cost estimates developed by DMAS; 2) no more than 30 days after the enactment of this Act to reflect policy changes adopted by the latest session of the General Assembly; and 3) on March 1 of any year in which DMAS estimates that the most recent non-federal share of the “full cost of expanded Medicaid coverage” times 1.08 will be insufficient to pay all expenses in 2.a. for that year.

C.1. The “coverage assessment amount” shall equal the non-federal share of the “full cost of expanded Medicaid coverage” times 1.02.

2. The “coverage assessment percentage” shall be calculated quarterly by dividing (i) the “coverage assessment amount” by (ii) the total “net patient service revenue” for hospitals subject to the assessment. The coverage assessment amount used in the quarterly calculation of the “coverage assessment percentage” shall include a reconciliation of the Health Care Coverage Assessment Fund prescribed in D.1 and subtract all prior quarterly assessments paid for that fiscal year before dividing the remainder by the remaining quarters in the fiscal year.

3. Each hospital's “net patient service revenue” equals the amount reported in the most recent Virginia Health Information (VHI) “Hospital Detail Report.” Hospitals shall certify that the net patient service revenue is hospital revenue and this amount shall be the assessment basis for the following fiscal year.

4. Each hospital's coverage assessment amount shall be calculated by multiplying the quarterly “coverage assessment percentage” times each hospital's net patient service revenue.

D.1. DMAS shall, at a minimum, update the “coverage assessment amount” whenever the “full cost of expanded Medicaid coverage” is updated in section B.2.b or to ensure amounts are sufficient to cover the full cost of expanded Medicaid coverage based on the latest estimate. Hospitals shall be given no less than 15 days' notice prior to the beginning of the quarter with associated calculations supporting the change in its coverage assessment amount. Prior to any change to the coverage assessment amount, DMAS shall perform and incorporate a reconciliation of the Health Care Coverage Assessment Fund through the most recent complete quarter. Any estimated excess or shortfall of revenue shall be deducted from or added to the “coverage assessment amount.”

2. DMAS shall be responsible for collecting the coverage assessment amount. Hospitals subject to the coverage assessment shall make quarterly payments due no later than July 1, October 1, January 1 and April 1 of each state fiscal year.

3. Hospitals that fail to make the coverage assessment payments within 30 days of the due date shall incur a five percent penalty that shall be deposited in the Virginia Health Care Fund. Any unpaid coverage assessment or penalty will be considered a debt to the Commonwealth and DMAS is authorized to recover it as such.

E. DMAS shall submit a report, due September 1 of each year, to the Director, Department of Planning and Budget and Chairs of the House Appropriations and Senate Finance and Appropriations Committees, and the Virginia Hospital and Healthcare Association. The report shall include, for the most recently completed fiscal year, the revenue collected from the coverage assessment, expenditures for purposes authorized by this Item, and the year-end coverage assessment balance in the Health Care Coverage Assessment Fund. The report shall also include a complete and itemized listing of all administrative costs included in the coverage assessment.

F. All revenue from the coverage assessment excluding penalties, shall be deposited into the Health Care Coverage Assessment Fund. Proceeds from the coverage assessment, excluding penalties, shall not be used for any other purpose than to cover the non-federal share of the full cost of expanded Medicaid coverage. Notwithstanding any other provision of law, the net state share of any prior year recovery of Medicaid expansion costs that were paid with coverage assessment revenue shall be deposited into the Health Care Coverage Assessment Fund.

G. Any provision of this Item is contingent upon approval by the Centers for Medicare and Medicaid Services if necessary.

H. The Hospital Payment Policy Advisory Council shall meet to consider the implementation and provisions of the Provider Coverage and Payment Rate Assessments in order to consider and make recommendations to ensure the collection and use of such funds are appropriate and consistent with the intent of the General Assembly. Specifically, the Council shall consider the level of detail and format necessary to develop the report pursuant to paragraph E. The Council shall recommend a format and associated level of detail, to be included in the report to the Joint Subcommittee for Health and Human Resources Oversight. The Joint Subcommittee shall approve the final format and associated level of detail of the report to be submitted by the Department of Medical Assistance Services.

§ 3-5.15 PROVIDER PAYMENT RATE ASSESSMENT

A. The Department of Medical Assistance Services (DMAS) is hereby authorized to levy a payment rate assessment upon private acute care hospitals operating in Virginia in accordance with this item. Private acute care hospitals operating in Virginia shall pay a payment rate assessment beginning on or after October 1, 2018 when all necessary state plan amendments are

approved by the Centers for Medicare and Medicaid Services (CMS). For purposes of this assessment, the definition of private acute care hospitals shall exclude public hospitals, freestanding psychiatric and rehabilitation hospitals, children's hospitals, long stay hospitals, long-term acute care hospitals and critical access hospitals.

B. Proceeds from the payment rate assessment shall be used to (i) fund an increase in inpatient and outpatient payment rates paid to private acute care hospitals operating in Virginia up to the "upper payment limit gap"; and (ii) fill the "managed care organization hospital payment gap" for care provided to recipients of medical assistance services. Payments made under the provisions i and ii of this paragraph shall be referred to as "private acute care hospital enhanced payments".

C.1. The Department of Medical Assistance Services (DMAS) shall calculate each hospital's "payment rate assessment amount" by multiplying the "payment rate assessment percentage" times "net patient service revenue" as defined below.

2. The "payment rate assessment percentage" for hospitals shall be calculated as (i) the non-federal share of funding the "private acute care hospitals enhanced payments" divided by (ii) the total "net patient service revenue" for hospitals subject to the assessment.

3. Each hospital's "net patient service revenue" equals the amount reported in the most recent Virginia Health Information (VHI) "Hospital Detail Report." Hospitals shall certify that the net patient service revenue is hospital revenue and this amount shall be the assessment basis for the following fiscal year.

D. DMAS is authorized to update the payment rate assessment amount and payment rate assessment percentage on a quarterly basis to ensure amounts are sufficient to cover the non-federal share of the full cost of the private acute care hospital enhanced payments based on the department's quarterly claims and encounter data. Hospitals shall be given no less than 15 days prior notice of the new assessment amount and be provided with calculations. Prior to any change to the payment rate assessment amount, DMAS shall perform and incorporate a reconciliation of the Health Care Provider Payment Rate Assessment Fund. Any estimated excess or shortfall of revenue since the previous reconciliation shall be deducted from or added to the calculation of the private acute care hospital enhanced payments.

E.1. The "upper payment limit" means the limit on payment for inpatient services for recipients of medical assistance established in accordance with 42 C.F.R. § 447.272 and outpatient services for recipients of medical assistance pursuant to 42 C.F.R. § 447.321 for private hospitals. DMAS shall complete a calculation of the "upper payment limit" for each state fiscal year with a detailed analysis of how it was determined. The "upper payment limit payment gap" means the difference between the amount of the private hospital upper payment limit and the amount otherwise paid pursuant to the state plan for inpatient and outpatient services. The "managed care organization hospital payment gap" means the difference between the amount included in the capitation rates for inpatient and outpatient services based on historical paid claims and the amount that would be included when the projected hospital services furnished by private acute care hospitals operating in Virginia are priced for the contract year equivalent to the maximum managed care directed payment amount as allowed by CMS subject to CMS approval under 42 C.F.R. section 438.6(c). As part of the development of the managed care capitation rates, the DMAS shall calculate a "Medicaid managed care organization (MCO) supplemental hospital capitation payment adjustment". This is a distinct additional amount that shall be added to Medicaid MCO capitation rates to fund supplemental payments under this section to private acute care hospitals operating in Virginia for services to Medicaid recipients.

2. DMAS shall contractually direct Medicaid MCOs to disburse supplemental hospital capitation payment funds consistent with this section and 42 C.F.R. § 438.6(c), to ensure that all such funds are disbursed to private acute care hospitals operating in Virginia. In addition, DMAS shall contractually prohibit MCOs from making reductions to or supplanting hospital payments otherwise paid by MCOs.

3. DMAS shall make available quarterly a report of the additional capitation payments that are made to each MCO pursuant to this item. Further, DMAS shall consider recommendations of the Medicaid Hospital Payment Policy and Advisory Council in designing and implementing the specific elements of the payment rate assessment and private acute care hospital supplemental payment program authorized by this item.

F.1. DMAS shall be responsible for collecting the payment rate assessment amount. Hospitals subject to the payment rate assessment shall make quarterly payments due no later than August 15, November 15, February 15 and May 15 of each state fiscal year.

2. Hospitals that fail to make the payment rate assessment payments on or before the due date in subsection F.1. shall incur a five percent penalty that shall be deposited in the Virginia Health Care Fund. Any unpaid payment assessment or penalty will be considered a debt to the Commonwealth and DMAS is authorized to recover it as such.

G. DMAS shall submit a report due September 1 of each year to the Director, Department of Planning and Budget and Chairs of the House Appropriations and Senate Finance and Appropriations Committees. The report shall include, for the most recently completed fiscal year, the revenue collected from the payment rate assessment, expenditures for purposes authorized by this item, and the year-end assessment balance in the Health Care Provider Payment Rate Assessment Fund.

H. All revenue from the payment rate assessment shall be deposited into the Health Care Provider Payment Rate Assessment Fund, a special non-reverting fund in the state treasury. Proceeds from the payment rate assessment, excluding penalties, shall not be used

for any other purpose than to fund (i) an increase in inpatient and outpatient payment rates paid to private acute care hospitals operating in Virginia up to the private hospital "upper payment limit" and "managed care organization hospital payment gap" for care provided to recipients of medical assistance services, and (ii) the administrative costs of collecting the assessment and of implementing and operating the associated payment rate actions.

I. Any provision of this Section is contingent upon approval by the Centers for Medicare and Medicaid Services if necessary.

§ 3-5.16 TOBACCO TAX STUDY

The Joint Subcommittee to Evaluate Tax Preferences is hereby directed to continue studying options for the modernization of § 58.1-1001(A), Code of Virginia, to reflect advances in science and technology in the area of tobacco harm reduction, and the role innovative non-combustible tobacco products can play in reducing harm, including products that produce vapor or aerosol from heating tobacco or liquid nicotine. In addition, the Joint Subcommittee shall study possible reforms to the taxation of tobacco products that will provide fairness and equity for all local governments and also ensure stable tax revenues for the Commonwealth. § 4-1.00 APPROPRIATIONS

§ 4-1.01 PREREQUISITES FOR PAYMENT

a. The State Comptroller shall not pay any money out of the state treasury except pursuant to appropriations in this act or in any other act of the General Assembly making an appropriation during the current biennium.

b. Moneys shall be spent solely for the purposes for which they were appropriated by the General Assembly, except as specifically provided otherwise by § 4-1.03 Appropriation Transfers, § 4-4.01 Capital Projects, or § 4-5.01 a. Settlement of Claims with Individuals. Should the Governor find that moneys are not being spent in accordance with provisions of the act appropriating them, he shall restrain the State Comptroller from making further disbursements, in whole or in part, from said appropriations. Further, should the Auditor of Public Accounts determine that a state or other agency is not spending moneys in accordance with provisions of the act appropriating them, he shall so advise the Governor or other governing authority, the State Comptroller, the Chairman of the Joint Legislative Audit and Review Commission, and Chairmen of the Senate Finance and Appropriations and House Appropriations Committees.

c. Exclusive of revenues paid into the general fund of the state treasury, all revenues earned or collected by an agency, and contained in an appropriation item to the agency shall be expended first during the fiscal year, prior to the expenditure of any general fund appropriation within that appropriation item, unless prohibited by statute or by the terms and conditions of any gift, grant or donation.

§ 4-1.02 WITHHOLDING OF SPENDING AUTHORITY

a. For purposes of this subsection, withholding of spending authority is defined as any action pursuant to a budget reduction plan approved by the Governor to address a declared shortfall in budgeted revenue that impedes or limits the ability to spend appropriated moneys, regardless of the mechanism used to effect such withholding.

b.1. Changed Expenditure Factors: The Governor is authorized to reduce spending authority, by withholding allotments of appropriations, when expenditure factors, such as enrollments or population in institutions, are smaller than the estimates upon which the appropriation was based. Moneys generated from the withholding action shall not be reallocated for any other purpose, provided the withholding of allotments of appropriations under this provision shall not occur until at least 15 days after the Governor has transmitted a statement of changed factors and intent to withhold moneys to the Chairmen of the House Appropriations and Senate Finance and Appropriations Committees.

2. Moneys shall not be withheld on the basis of reorganization plans or program evaluations until such plans or evaluations have been specifically presented in writing to the General Assembly at its next regularly scheduled session.

c. Increased Nongeneral Fund Revenue:

1. General fund appropriations to any state agency for operating expenses are supplemental to nongeneral fund revenues collected by the agency. To the extent that nongeneral fund revenues collected in a fiscal year exceed the estimate on which the operating budget was based, the Governor is authorized to withhold general fund spending authority, by withholding allotments of appropriations, in an equivalent amount. However, this limitation shall not apply to (a) restricted excess tuition and fees for educational and general programs in the institutions of higher education, as defined in § 4-2.01 c of this act; (b) appropriations to institutions of higher education designated for fellowships, scholarships and loans; (c) gifts or grants which are made to any state agency for the direct costs of a stipulated project; (d) appropriations to institutions for the mentally ill or intellectually disabled payable from the Behavioral Health and Developmental Services Revenue Fund; and (e) general fund appropriations for highway construction and mass transit. Moneys unallotted under this provision shall not be reallocated for any other purpose.

2. To the degree that new or additional grant funds become available to supplement general fund appropriations for a program, following enactment of an appropriation act, the Governor is authorized to withhold general fund spending authority, by withholding allotments of appropriations, in an amount equivalent to that provided from grant funds, unless such action is prohibited by the original provider of the grant funds. The withholding action shall not include general fund appropriations, which are required to match grant funds. Moneys unallotted under this provision shall not be reallocated for any other purpose.

d. Reduced General Fund Resources:

1. The term "general fund resources" as applied in this subsection includes revenues collected and paid into the general fund of the state treasury during the current biennium, transfers to the general fund of the state treasury during the current biennium, and all unexpended balances brought forward from the previous biennium.

2. In the event that general fund resources are estimated by the Governor to be insufficient to pay in full all general fund appropriations authorized by the General Assembly, the Governor shall, subject to the qualifications herein contained, withhold general fund spending authority, by withholding allotments of appropriations, to prevent any expenditure in excess of the estimated general fund resources available.

3. In making this determination, the Governor shall take into account actual general fund revenue collections for the current fiscal year and the results of a formal written re-estimate of general fund revenues for the current and next biennium, prepared within the previous 90 days, in accordance with the process specified in § 2.2-1503, Code of Virginia. Said re-estimate of general fund revenues shall be communicated to the Chairmen of the Senate Finance and Appropriations, House Appropriations and House Finance Committees, prior to taking action to reduce general fund allotments of appropriations on account of reduced resources.

4.a) In addition to monthly reports on the status of revenue collections relative to the current fiscal year's estimate, the Governor shall provide a written quarterly assessment of the current economic outlook for the remainder of the fiscal year to the Chairmen of the House Appropriations, House Finance, and Senate Finance and Appropriations Committees.

b) Within five business days after the preliminary close of the state accounts at the end of the fiscal year, the State Comptroller shall provide the Governor with the actual total of (1) individual income taxes, (2) corporate income taxes, and (3) sales taxes for the just-completed fiscal year, with a comparison of such actual totals with the total of such taxes in the official budget estimate for that fiscal year. If that comparison indicates that the total of (1) individual income taxes, (2) corporate income taxes, and (3) sales taxes, as shown on the preliminary close, was one percent or more below the amount of such taxes in the official budget estimate for the just-completed fiscal year, the Governor shall prepare a written re-estimate of general fund revenues for the current biennium and the next biennium in accordance with § 2.2-1503, Code of Virginia, to be reported to the Chairmen of the Senate Finance and Appropriations, House Finance and House Appropriations Committees, not later than September 1 following the close of the fiscal year.

5.a) The Governor shall take no action to withhold allotments until a written plan detailing specific reduction actions approved by the Governor, identified by program and appropriation item, has been presented to the Chairmen of the House Appropriations and Senate Finance and Appropriations Committees. Subsequent modifications to the approved reduction plan also must be submitted to the Chairmen of the House Appropriations and Senate Finance and Appropriations Committees, prior to withholding allotments of appropriations.

b) In addition to the budget reduction plan approved by the Governor, all budget reduction proposals submitted by state agencies to the Governor or the Governor's staff, including but not limited to the Department of Planning and Budget, the Governor's Cabinet secretaries, or the Chief of Staff, whether submitted electronically or otherwise, shall be made available via electronic means to the Chairmen of the House Appropriations and Senate Finance and Appropriations Committees concurrently with that budget reduction plan.

6. In effecting the reduction of expenditures, the Governor shall not withhold allotments of appropriations for:

a) More than 15 percent cumulatively of the annual general fund appropriation contained in this act for operating expenses of any one state or nonstate agency or institution designated in this act by title, and the exact amount withheld, by state or nonstate agency or institution, shall be reported within five calendar days to the Chairmen of the Senate Finance and Appropriations and House Appropriations Committees. State agencies providing funds directly to grantees named in this act shall not apportion a larger cut to the grantee than the proportional cut apportioned to the agency. Without regard to § 4-5.05 b.4. of this act, the remaining appropriation to the grantee which is not subject to the cut, equal to at least 85 percent of the annual appropriation, shall be made by July 31, or in two equal installments, one payable by July 31 and the other payable by December 31, if the remaining appropriation is less than or equal to \$500,000, except in cases where the normal conditions of the grant dictate a different payment schedule.

b) The payment of principal and interest on the bonded debt or other bonded obligations of the Commonwealth, its agencies and its authorities, or for payment of a legally authorized deficit.

c) The payments for care of graves of Confederate and historical African American dead.

d) The employer contributions, and employer-paid member contributions, to the Social Security System, Virginia Retirement System, Judicial Retirement System, State Police Officers Retirement System, Virginia Law Officers Retirement System, Optional Retirement Plan for College and University Faculty, Optional Retirement Plan for Political Appointees, Optional Retirement Plan for Superintendents, the Volunteer Service Award Program, the Virginia Retirement System's group life insurance, sickness and disability, and retiree health care credit programs for state employees, state-supported local employees and teachers. If the Virginia Retirement System Board of Trustees approves a contribution rate for a fiscal year that is lower than the rate on which the appropriation was based, or if the United States government approves a Social Security rate that is lower than that in effect for the current budget, the Governor may withhold excess contributions. However, employer and employee paid rates or contributions for health insurance and matching deferred compensation for state employees, state-supported local employees and teachers may not be increased or decreased beyond the amounts approved by the General Assembly. Payments for the employee benefit programs listed in this paragraph may not be delayed beyond the customary billing cycles that have been established by law or policy by the governing board.

- e) The payments in fulfillment of any contract awarded for the design, construction and furnishing of any state building.
 - f) The salary of any state officer for whom the Constitution of Virginia prohibits a change in salary.
 - g) The salary of any officer or employee in the Executive Department by more than two percent (irrespective of the fund source for payment of salaries and wages); however, the percentage of reduction shall be uniformly applied to all employees within the Executive Department.
 - h) The appropriation supported by the State Bar Fund, as authorized by § 54.1-3913, Code of Virginia, unless the supporting revenues for such appropriation are estimated to be insufficient to pay the appropriation.
7. The Governor is authorized to withhold specific allotments of appropriations by a uniform percentage, a graduated reduction or on an individual basis, or apply a combination of these actions, in effecting the authorized reduction of expenditures, up to the maximum of 15 percent, as prescribed in subdivision 6a of this subsection.
8. Each nongeneral fund appropriation shall be payable in full only to the extent the nongeneral fund revenues from which the appropriation is payable are estimated to be sufficient. The Governor is authorized to reduce allotments of nongeneral fund appropriations by the amount necessary to ensure that expenditures do not exceed the supporting revenues for such appropriations; however, the Governor shall take no action to reduce allotments of appropriations for major nongeneral fund sources on account of reduced revenues until such time as a formal written re-estimate of revenues for the current and next biennium, prepared in accordance with the process specified in § 2.2-1503, Code of Virginia, has been reported to the Chairmen of the Senate Finance and Appropriations, House Finance, and House Appropriations Committees. For purposes of this subsection, major nongeneral fund sources are defined as Highway Maintenance and Operating Fund and Transportation Trust Fund.
9. Notwithstanding any contrary provisions of law, the Governor is authorized to transfer to the general fund on June 30 of each year of the biennium, or within 20 days from that date, any available unexpended balances in other funds in the state treasury, subject to the following:
- a) The Governor shall declare in writing to the Chairmen of the Senate Finance and Appropriations and House Appropriations Committees that a fiscal emergency exists which warrants the transfer of nongeneral funds to the general fund and reports the exact amount of such transfer within five calendar days of the transfer;
 - b) No such transfer may be made from retirement or other trust accounts, the State Bar Fund as authorized by § 54.1-3913, Code of Virginia, debt service funds, or federal funds; and
 - c) The Governor shall include for informative purposes, in the first biennial budget he submits subsequent to the transfer, the amount transferred from each account or fund and recommendations for restoring such amounts.
10. The Director, Department of Planning and Budget, shall make available via electronic means a report of spending authority withheld under the provisions of this subsection to the Chairmen of the Senate Finance and Appropriations and House Appropriations Committees within five calendar days of the action to withhold. Said report shall include the amount withheld by agency and appropriation item.
11. If action to withhold allotments of appropriation under this provision is inadequate to eliminate the imbalance between projected general fund resources and appropriations, the Speaker of the House of Delegates and the President pro tempore of the Senate shall be advised in writing by the Governor, so that they may consider requesting a special session of the General Assembly.

The Director, Department of Planning and Budget, may transfer an appropriation or portion thereof within a state or other agency, or from one such agency to another, to support changes in agency organization, program or responsibility enacted by the General Assembly to be effective during the current biennium.

5. The Director, Department of Planning and Budget, may transfer appropriations from the second year to the first year, with said transfer to be reported in writing to the Chairmen of the Senate Finance and Appropriations and House Appropriations Committees within five calendar days of the transfer, when the expenditure of such funds is required to:

a) address a threat to life, safety, health or property, or

b) provide for unbudgeted cost increases for statutorily required services or federally mandated services, in order to continue those services at the present level, or

c) provide for payment of overtime salaries and wages, when the obligations for payment of such overtime were incurred during a situation deemed threatening to life, safety, health, or property, or

d) provide for payments to the beneficiaries of certain public safety officers killed in the line of duty, as authorized in Title 2.2, Chapter 4, Code of Virginia and for payments to the beneficiaries of certain members of the National Guard and United States military reserves killed in action in any armed conflict on or after October 7, 2001, as authorized in § 44-93.1 B., Code of Virginia, or

e) continue a program at the present level of service or at an increased level of service when required to address unanticipated increases in workload such as enrollment, caseload or like factors, or unanticipated costs, or

f) to address unanticipated business or industrial development opportunities which will benefit the state's economy, provided that any such appropriations be used in a manner consistent with the purposes of the program as originally appropriated.

6. An appropriation transfer shall not occur except through properly executed appropriation transfer documents designed specifically for that purpose, and all transactions effecting appropriation transfers shall be entered in the state's computerized budgeting and accounting systems.

7. The Director, Department of Planning and Budget, may transfer from any other agency, appropriations to supplement any project of the Virginia Public Building Authority authorized by the General Assembly and approved by the Governor. Such capital project shall be transferred to the state agency designated as the managing agency for the Virginia Public Building Authority.

§ 4-1.04 APPROPRIATION INCREASES

a. UNAPPROPRIATED NONGENERAL FUNDS:

1. Sale of Surplus Materials:

The Director, Department of Planning and Budget, is hereby authorized to increase the appropriations to any state agency by the amount of credit resulting from the sale of surplus materials under the provisions of § 2.2-1125, Code of Virginia.

2. Insurance Recovery:

The Director, Department of Planning and Budget, shall increase the appropriation authority for any state agency by the amount of the proceeds of an insurance policy or from the State Insurance Reserve Trust Fund, for expenditures as far as may be necessary, to pay for the repair or replacement of lost, damaged or destroyed property, plant or equipment.

3. Gifts, Grants and Other Nongeneral Funds:

a) Subject to § 4-1.02 c, Increased Nongeneral Fund Revenue, and the conditions stated in this section, the Director, Department of Planning and Budget, is hereby authorized to increase the appropriations to any state agency by the amount of the proceeds of donations, gifts, grants or other nongeneral funds paid into the state treasury in excess of such appropriations during a fiscal year. Such appropriations shall be increased only when the expenditure of moneys is authorized elsewhere in this act or is required to:

1) address a threat to life, safety, health or property or

2) provide for unbudgeted increases in costs for services required by statute or services mandated by the federal government, in order to continue those services at the present level or implement compensation adjustments approved by the General Assembly, or

3) provide for payment of overtime salaries and wages, when the obligations for payment of such overtime were incurred during a situation deemed threatening to life, safety, health, or property, or

4) continue a program at the present level of service or at an increased level of service when required to address unanticipated increases in noncredit instruction at institutions of higher education or business and industrial development opportunities which will benefit the state's economy, or

5) participate in a federal or sponsored program provided that the provisions of § 4-5.03 shall also apply to increases in appropriations for additional gifts, grants, and other nongeneral fund revenue which require a general fund match as a condition of their acceptance; or

6) realize cost savings in excess of the additional funds provided, or

7) permit a state agency or institution to use a donation, gift or grant for the purpose intended by the donor, or

8) provide for cost overruns on capital projects and for capital projects authorized under § 4-4.01 l of this act, or

9) address caseload or workload changes in programs approved by the General Assembly.

b) The above conditions shall not apply to donations and gifts to the endowment funds of institutions of higher education.

c) Each state agency and institution shall ensure that its budget estimates include a reasonable estimate of receipts from donations, gifts or other nongeneral fund revenue. The Department of Planning and Budget shall review such estimates and verify their accuracy, as part of the budget planning and review process.

d) No obligation or expenditure shall be made from such funds until a revised operating budget request is approved by the Director, Department of Planning and Budget. Expenditures from any gift, grant or donation shall be in accordance with the purpose for which it was made; however, expenditures for property, plant or equipment, irrespective of fund source, are subject to the provisions of §§ 4-2.03 Indirect Costs, 4-4.01 Capital Projects General, and 4-5.03 b Services and Clients-New Services, of this act.

e) Nothing in this section shall exempt agencies from complying with § 4-2.01 a Solicitation and Acceptance of Donations, Gifts, Grants, and Contracts of this act.

4. Any nongeneral fund cash balance recorded on the books of the Department of Accounts as unexpended on the last day of the fiscal year may be appropriated for use in the succeeding fiscal year with the prior written approval of the Director, Department of Planning and Budget, unless the General Assembly shall have specifically provided otherwise. Revenues deposited to the Virginia Health Care Fund shall be used only as the state share of Medicaid, unless the General Assembly specifically authorizes an alternate use. With regard to the appropriation of other nongeneral fund cash balances, the Director

shall make a listing of such transactions available to the public via electronic means no less than ten business days following the approval of the appropriation of any such balance.

5. Reporting:

The Director, Department of Planning and Budget, shall make available via electronic means a report on increases in unappropriated nongeneral funds in accordance with § 4-8.00, Reporting Requirements, or as modified by specific provisions in this subsection.

b. AGRIBUSINESS EQUIPMENT FOR THE DEPARTMENT OF CORRECTIONS

The Director of the Department of Planning and Budget may increase the Department of Corrections appropriation for the purchase of agribusiness equipment or the repair or construction of agribusiness facilities by an amount equal to fifty percent of any annual amounts in excess of fiscal year 1992 deposits to the general fund from agribusiness operations. It is the intent of the General Assembly that appropriation increases for the purposes specified shall not be used to reduce the general fund appropriations for the Department of Corrections.

§ 4-1.05 REVERSION OF APPROPRIATIONS AND REAPPROPRIATIONS

a. GENERAL FUND OPERATING EXPENSE:

1.a) General fund appropriations which remain unexpended on (i) the last day of the previous biennium or (ii) the last day of the first year of the current biennium, shall be reappropriated and allotted for expenditure where required by the Code of Virginia, where necessary for the payment of preexisting obligations for the purchase of goods or services, or where desirable, in the determination of the Governor, to address any of the six conditions listed in § 4-1.03 c.5 of this act or to provide financial incentives to reduce spending to effect current or future cost savings. With the exception of the unexpended general fund appropriations of agencies in the Legislative Department, the Judicial Department, the Independent Agencies, or institutions of higher education, all other such unexpended general fund appropriations unexpended on the last day of the previous biennium or the last day of the first year of the current biennium shall revert to the general fund.

b) General fund appropriations for agencies in the Legislative Department, the Judicial Department, and the Independent Agencies shall be reappropriated, except as may be specifically provided otherwise by the General Assembly. General fund appropriations shall also be reappropriated for institutions of higher education, subject to § 23.1-1002, Code of Virginia.

c) To improve the stability in institutional planning and predictability for students and families to prepare for the cost of higher education, public higher education institutions are encouraged to employ the financial management strategy of establishing an institutional reserve fund supported by any unexpended education and general appropriations of the institution at the end of the fiscal year. The establishment of such a fund is designed to foster more long-term planning, promote efficient resource utilization and reduce the need for substantial year-to-year increases in tuition, thereby increasing affordability for Virginians. Independent of the provisions of § 23.1-1001, institutions are authorized to carry over education and general unexpended balances to establish and maintain a reserve fund in an amount not to exceed six percent of their general fund appropriation for educational and general programs in the most recently-completed fiscal year. Any use of the reserve fund shall be approved by the Board of Visitors of the affected institution, and the institution shall immediately report the details of the approved plan for use of the reserve fund to the Governor, the Secretary of Education, the Secretary of Finance and the Chairmen of the House Appropriations and Senate Finance and Appropriations Committees. Any reserve fund shall be subject to the provisions of § 23.1-1303.B.11.

2. a. The Governor shall report within five calendar days after completing the reappropriation process to the Chairmen of the Senate Finance and Appropriations and House Appropriations Committees on the reappropriated amounts for each state agency in the Executive Department. He shall provide a preliminary report of reappropriation actions on or before November 1 and a final report on or before December 20 to the Chairmen of the House Appropriations and Senate Finance and Appropriations Committees.

b. The Director, Department of Planning and Budget, may transfer reappropriated amounts within an agency to cover nonrecurring costs.

3. Pursuant to subsection E of § 2.2-1125, Code of Virginia, the determination of compliance by an agency or institution with management standards prescribed by the Governor shall be made by the Secretary of Finance and the Secretary having jurisdiction over the agency or institution, acting jointly.

4. The general fund resources available for appropriation in the first enactment of this act include the reversion of certain unexpended balances in operating appropriations as of June 30 of the prior fiscal year, which were otherwise required to be reappropriated by language in the Appropriation Act.

5. Upon request, the Director, Department of Planning and Budget, shall provide a report to the Chairmen of the House Appropriations and Senate Finance and Appropriations Committees showing the amount reverted for each agency and the total amount of such reversions.

b. NONGENERAL FUND OPERATING EXPENSE:

Based on analysis by the State Comptroller, when any nongeneral fund has had no increases or decreases in fund balances for a period of 24 months, the State Comptroller shall promptly transfer and pay the balance into the fund balance of the general fund. If it is subsequently determined that an appropriate need warrants repayment of all or a portion of the amount transferred, the Director, Department of Planning and Budget shall include repayment in the next budget bill submitted to the General Assembly. This provision does not apply to funds held in trust by the Commonwealth.

c. CAPITAL PROJECTS:

1. Upon certification by the Director, Department of Planning and Budget, the State Comptroller is hereby authorized to revert to the fund balance of the general fund any portion of the unexpended general fund cash balance and corresponding appropriation or reappropriation for a capital project when the Director determines that such portion is not needed for completion of the project. The State Comptroller may similarly return to the appropriate fund source any part of the unexpended nongeneral fund cash balance and reduce any appropriation or reappropriation which the Director determines is not needed to complete the project.

2. The unexpended general fund cash balance and corresponding appropriation or reappropriation for capital projects shall revert to and become part of the fund balance of the general fund during the current biennium as of the date the Director, Department of Planning and Budget, certifies to the State Comptroller that the project has been completed in accordance with the intent of the appropriation or reappropriation and there are no known unpaid obligations related to the project. The State Comptroller shall return the unexpended nongeneral fund cash balance, if there be any, for such completed project to the source from which said nongeneral funds were obtained. Likewise, he shall revert an equivalent portion of the appropriation or reappropriation of said nongeneral funds.

3. The Director, Department of Planning and Budget, may direct the restoration of any portion of the reverted amount if he shall subsequently verify an unpaid obligation or requirement for completion of the project. In the case of a capital project for which an unexpended cash balance was returned and appropriation or reappropriation was reverted in the prior biennium, he may likewise restore any portion of such amount under the same conditions.

§ 4-1.06 LIMITED ADJUSTMENTS OF APPROPRIATIONS

a. LIMITED CONTINUATION OF APPROPRIATIONS.

Notwithstanding any contrary provision of law, any unexpended balances on the books of the State Comptroller as of the last day of the previous biennium shall be continued in force for such period, not exceeding 10 days from such date, as may be necessary in order to permit payment of any claims, demands or liabilities incurred prior to such date and unpaid at the close of business on such date, and shown by audit in the Department of Accounts to be a just and legal charge, for values received as of the last day of the previous biennium, against such unexpended balances.

b. LIMITATIONS ON CASH DISBURSEMENTS.

Notwithstanding any contrary provision of law, the State Comptroller may begin preparing the accounts of the Commonwealth for each subsequent fiscal year on or about 10 days before the start of such fiscal year. The books will be open only to enter budgetary transactions and transactions that will not require the receipt or disbursement of funds until after June 30. Should an emergency arise, or in years in which July 1 falls on a weekend requiring the processing of transactions on or before June 30, the State Comptroller may, with notification to the Auditor of Public Accounts, authorize the disbursement of funds drawn against appropriations of the subsequent fiscal year, not to exceed the sum of three million dollars (\$3,000,000) from the general fund. This provision does not apply to debt service payments on bonds of the Commonwealth which shall be made in accordance with bond documents, trust indentures, and/or escrow agreements.

§ 4-1.07 ALLOTMENTS

Except when otherwise directed by the Governor within the limits prescribed in §§ 4-1.02 Withholding of Spending Authority, 4-1.03 Appropriation Transfers, and 4-1.04 Appropriation Increases of this act, the Director, Department of Planning and Budget, shall prepare and act upon the allotment of appropriations required by this act, and by § 2.2-1819, Code of Virginia, and the authorizations for rates of pay required by this act. Such allotments and authorizations shall have the same effect as if the personal signature of the Governor were subscribed thereto. This section shall not be construed to prohibit an appeal by the head of any state agency to the Governor for reconsideration of any action taken by the Director, Department of Planning and Budget, under this section.

§ 4-2.00 REVENUES

§ 4-2.01 NONGENERAL FUND REVENUES

a. SOLICITATION AND ACCEPTANCE OF DONATIONS, GIFTS, GRANTS, AND CONTRACTS:

1. a) No state agency shall solicit or accept any donation, gift, grant, or contract without the written approval of the Governor except under written guidelines issued by the Governor which provide for the solicitation and acceptance of nongeneral funds,

except that donations or gifts to the Virginia War Memorial Foundation that are small in size and number and valued at less than \$5,000, such as library items or small display items, may be approved by the Executive Director of the Virginia War Memorial in consultation with the Secretary of Veterans Affairs and Homeland Security. All other gifts and donations to the Virginia War Memorial Foundation must receive written approval from the Secretary of Veterans Affairs and Homeland Security.

b) The limits on solicitation and acceptance of donations, gifts, grants, and contracts stated in paragraph 1.a) above shall not apply to donations, gifts, grants, and contracts associated with support and/or response to the needs and impacts of the COVID-19 pandemic provided that acceptance of such does not create any ongoing commitments against general or nongeneral fund resources of the Commonwealth.

2. The Governor may issue policies in writing for procedures which allow state agencies to solicit and accept nonmonetary donations, gifts, grants, or contracts except that donations, gifts and grants of real property shall be subject to § 4-4.00 of this act and § 2.2-1149, Code of Virginia. This provision shall apply to donations, gifts and grants of real property to endowment funds of institutions of higher education, when such endowment funds are held by the institution in its own name and not by a separately incorporated foundation or corporation.

3. The preceding subdivisions shall not apply to property and equipment acquired and used by a state agency or institution through a lease purchase agreement and subsequently donated to the state agency or institution during or at the expiration of the lease purchase agreement, provided that the lessor is the Virginia College Building Authority.

4. The use of endowment funds for property, plant or equipment for state-owned facilities is subject to §§ 4-2.03 Indirect Costs, 4-4.01 Capital Projects-General and 4-5.03 Services and Clients of this act.

5. Notwithstanding any other provision of law, public institutions of higher education may enter into agreements or contracts with nonprofit organizations that provide funding for research or other mission related activities and require use of binding arbitration or application of the laws of another jurisdiction, upon approval of the Office of the Attorney General.

b. HIGHER EDUCATION TUITION AND FEES

1. Except as provided in Chapters 933 and 943 of the 2006 Acts of Assembly, Chapters 594 and 616 of the 2008 Acts of Assembly, and Chapters 675 and 685 of the 2009 Acts of Assembly, all nongeneral fund collections by public institutions of higher education, including collections from the sale of dairy and farm products, shall be deposited in the state treasury in accordance with § 2.2-1802, Code of Virginia, and expended by the institutions of higher education in accordance with the appropriations and provisions of this act, provided, however, that this requirement shall not apply to private gifts, endowment funds, or income derived from endowments and gifts.

2. a) The Boards of Visitors or other governing bodies of institutions of higher education may set tuition and fee charges at levels they deem to be appropriate for all resident student groups based on, but not limited to, competitive market rates, provided that the total revenue generated by the collection of tuition and fees from all students is within the nongeneral fund appropriation for educational and general programs provided in this act.

b) The Boards of Visitors or other governing bodies of institutions of higher education may set tuition and fee charges at levels they deem to be appropriate for all nonresident student groups based on, but not limited to, competitive market rates, provided that: i) the tuition and mandatory educational and general fee rates for nonresident undergraduate and graduate students cover at least 100 percent of the average cost of their education, as calculated through base adequacy guidelines adopted, and periodically amended, by the Joint Subcommittee Studying Higher Education Funding Policies, and ii) the total revenue generated by the collection of tuition and fees from all students is within the nongeneral fund appropriation for educational and general programs provided in this act.

c) For institutions charging nonresident students less than 100 percent of the cost of education, the State Council of Higher Education for Virginia may authorize a phased approach to meeting this requirement, when in its judgment, it would result in annual tuition and fee increases for nonresident students that would discourage their enrollment.

d) The Boards of Visitors or other governing bodies of institutions of higher education shall not increase the current proportion of nonresident undergraduate students if the institution's nonresident undergraduate enrollment exceeds 25 percent, unless: i) such enrollment is intended to support workforce development needs within the Commonwealth of Virginia as identified in consultation with the Virginia Economic Development Partnership, and ii) the number of in-state undergraduate students does not drop below fall 2018 full-time equivalent census levels as certified by the State Council of Higher Education for Virginia. Norfolk State University, Virginia Military Institute, Virginia State University, and two-year public institutions are exempt from this restriction. Any such increases shall be limited to no more than a one percentage point increase over the prior year.

3. a) In setting the nongeneral fund appropriation for educational and general programs at the institutions of higher education, the General Assembly shall take into consideration the appropriate student share of costs associated with providing full funding of the base adequacy guidelines referenced in subparagraph 2. b), raising average salaries for teaching and research faculty to the 60th percentile of peer institutions, and other priorities set forth in this act.

b) In determining the appropriate state share of educational costs for resident students, the General Assembly shall seek to cover at

least 67 percent of educational costs associated with providing full funding of the base adequacy guidelines referenced in subparagraph 2. b), raising average salaries for teaching and research faculty to the 60th percentile of peer institutions, and other priorities set forth in this act.

4. a) Each institution and the State Council of Higher Education for Virginia shall monitor tuition, fees, and other charges, as well as the mix of resident and nonresident students, to ensure that the primary mission of providing educational opportunities to citizens of Virginia is served, while recognizing the material contributions provided by the presence of nonresident students. The State Council of Higher Education for Virginia shall also develop and enforce uniform guidelines for reporting student enrollments and the domiciliary status of students.

b) The State Council of Higher Education for Virginia shall report to the Governor and the Chairmen of the House Appropriations and Senate Finance and Appropriations Committees no later than August 1 of each year the annual change in total charges for tuition and all required fees approved and allotted by the Board of Visitors. As it deems appropriate, the State Council of Higher Education for Virginia shall provide comparative national, peer, and market data with respect to charges assessed students for tuition and required fees at institutions outside of the Commonwealth.

c) Institutions of higher education are hereby authorized to make the technology service fee authorized in Chapter 1042, 2003 Acts of Assembly, part of ongoing tuition revenue. Such revenues shall continue to be used to supplement technology resources at the institutions of higher education.

d) Except for those public institutions of higher education that have a Management Agreement with the Commonwealth of Virginia pursuant to the Restructured Higher Education Financial and Administrative Operations Act, each institution shall work with the State Council of Higher Education for Virginia and the Virginia College Savings Plan to determine appropriate tuition and fee estimates for tuition savings plans.

5. It is the intent of the General Assembly that each institution's combined general and nongeneral fund appropriation within its educational and general program closely approximate the anticipated annual budget each fiscal year.

6. Nonresident graduate students employed by an institution as teaching assistants, research assistants, or graduate assistants and paid at an annual contract rate of \$4,000 or more may be considered resident students for the purposes of charging tuition and fees.

7. The fund source "Higher Education Operating" within educational and general programs for institutions of higher education includes tuition and fee revenues from nonresident students to pay their proportionate share of the amortized cost of the construction of buildings approved by the Commonwealth of Virginia Educational Institutions Bond Act of 1992 and the Commonwealth of Virginia Educational Facilities Bond Act of 2002.

8. a) Except for those public institutions of higher education that have a Management Agreement with the Commonwealth of Virginia pursuant to the Restructured Higher Education Financial and Administrative Operations Act, mandatory fees for purposes other than educational and general programs shall not be increased for Virginia undergraduates beyond three percent annually, excluding requirements for wage, salary, and fringe benefit increases, authorized by the General Assembly. Fee increases required to carry out actions that respond to mandates of federal agencies are also exempt from this provision, provided that a report on the purposes of the amount of the fee increase is submitted to the Chairmen of the House Appropriations and Senate Finance and Appropriations Committees by the institution of higher education at least 30 days prior to the effective date of the fee increase.

b) This restriction shall not apply in the following instances: fee increases directly related to capital projects authorized by the General Assembly; fee increases to support student health services; and other fee increases specifically authorized by the General Assembly.

c) Due to the small mandatory non-educational and general program fees currently assessed students in the Virginia Community College System, increases in any one year of no more than \$15 shall be allowed on a cost-justified case-by-case basis, subject to approval by the State Board for Community Colleges.

9. Any institution of higher education granting new tuition waivers to resident or nonresident students not authorized by the Code of Virginia must absorb the cost of any discretionary waivers.

10. Tuition and fee revenues from nonresident students taking courses through Virginia institutions from the Southern Regional Education Board's Southern Regional Electronic Campus must exceed all direct and indirect costs of providing instruction to those students. Tuition and fee rates to meet this requirement shall be established by the Board of Visitors of the institution.

c. HIGHER EDUCATION PLANNED EXCESS REVENUES:

An institution of higher education, except for those public institutions of higher education that have a Management Agreement with the Commonwealth of Virginia pursuant to the Restructured Higher Education Financial and Administrative Operations Act, may generate and retain tuition and fee revenues in excess of those provided in § 4-2.01 b Higher Education Tuition and Fees, subject to the following:

1. Such revenues are identified by language in the appropriations in this act to any such institution.
2. The use of such moneys is fully documented by the institution to the Governor prior to each fiscal year and prior to allotment.
3. The moneys are supplemental to, and not a part of, ongoing expenditure levels for educational and general programs used as the basis for funding in subsequent biennia.
4. The receipt and expenditure of these moneys shall be recorded as restricted funds on the books of the Department of Accounts and shall not revert to the surplus of the general fund at the end of the biennium.
5. Tuition and fee revenues generated by the institution other than as provided herein shall be subject to the provisions of § 4-1.04 a.3 Gifts, Grants, and Other Nongeneral Funds of this act.

However, the State Comptroller is authorized to transfer to the general fund of the state treasury, out of the credits under § 4-1.04 a.1 Unappropriated Nongeneral Funds – Sale of Surplus Materials of this act, sums derived from the sale of materials originally purchased with general fund appropriations. The State Comptroller may authorize similar transfers of the proceeds from the sale of property not subject to § 2.2-1124, Code of Virginia, if said property was originally acquired with general fund appropriations, unless the General Assembly provides otherwise.

a. d. RECOVERIES BY THE OFFICE OF THE ATTORNEY GENERAL

1. As a condition of the appropriation for Item 49 of this Act, there is hereby created the Disbursement Review Committee (the "Committee"), the members of which are the Attorney General, who shall serve as chairman; two members of the House of Delegates appointed by the Speaker of the House; two members of the Senate appointed by the Chairman of the Senate Committee on Rules; and two members appointed by the Governor.

2. § 4-2.03 INDIRECT COSTS

a. INDIRECT COST RECOVERIES FROM GRANTS AND CONTRACTS:

Each state agency, including institutions of higher education, which accepts a grant or contract shall recover full statewide and agency indirect costs unless prohibited by the grantor agency or exempted by provisions of this act.

b. AGENCIES OTHER THAN INSTITUTIONS OF HIGHER EDUCATION:

The following conditions shall apply to indirect cost recoveries received by all agencies other than institutions of higher

education:

1. The Governor shall include in the recommended nongeneral fund appropriation for each agency in this act the amount which the agency includes in its revenue estimate as an indirect cost recovery. The recommended nongeneral fund appropriations shall reflect the indirect costs in the program incurring the costs.

2. If actual agency indirect cost recoveries exceed the nongeneral fund amount appropriated in this act, the Director, Department of Planning and Budget, is authorized to increase the nongeneral fund appropriation to the agency by the amount of such excess indirect cost recovery. Such increase shall be made in the program incurring the costs.

3. Statewide indirect cost recoveries shall be paid into the general fund of the state treasury, unless the agency is specifically exempted from this requirement by language in this act. Any statewide indirect cost recoveries received by the agency in excess of the exempted sum shall be deposited to the general fund of the state treasury.

c. INSTITUTIONS OF HIGHER EDUCATION:

The following conditions shall apply to indirect cost recoveries received by institutions of higher education:

1. Seventy percent shall be retained by the institution as an appropriation of moneys for the conduct and enhancement of research and research-related requirements. Such moneys may be used for payment of principal of and interest on bonds issued by or for the institution pursuant to § 23.1-1106, Code of Virginia, for any appropriate purpose of the institution, including, but not limited to, the conduct and enhancement of research and research-related requirements.

2. Thirty percent of the indirect cost recoveries for the level of sponsored programs authorized in the appropriations in Part 1 of Chapter 1042 of the Acts of Assembly of 2003, shall be included in the educational and general revenues of the institution to meet administrative costs.

3. Institutions of higher education may retain 100 percent of the indirect cost recoveries related to research grant and contract levels in excess of the levels authorized in Chapter 1042 of the Acts of Assembly of 2003. This provision is included as an additional incentive for increasing externally funded research activities.

d. REPORTS

The Director, Department of Planning and Budget, shall make available via electronic means a report to the Chairmen of the Senate Finance and Appropriations and House Appropriations Committees and the public no later than September 1 of each year on the indirect cost recovery moneys administratively appropriated.

e. REGULATIONS:

The State Comptroller is hereby authorized to issue regulations to carry out the provisions of this subsection, including the establishment of criteria to certify that an agency is in compliance with the provisions of this subsection.

§ 4-3.00 DEFICIT AUTHORIZATION AND TREASURY LOANS

§ 4-3.01 DEFICITS

a. GENERAL:

1. Except as provided in this section no state agency shall incur a deficit. No state agency receiving general fund appropriations under the provisions of this act shall obligate or expend moneys in excess of its general fund appropriations, nor shall it obligate or expend moneys in excess of nongeneral fund revenues that are collected and appropriated.

2. The Governor is authorized to approve deficit funding for a state agency under the following conditions:

a) an unanticipated federal or judicial mandate has been imposed,

b) insufficient moneys are available in the first year of the biennium for start-up of General Assembly-approved action, or

c) delay pending action by the General Assembly at its next legislative session will result in the curtailment of services required by statute or those required by federal mandate or will produce a threat to life, safety, health or property.

d) Such approval by the Governor shall be in writing under the conditions described in § 4-3.02 a Authorized Deficit Loans of this act and shall be promptly communicated to the Chairmen of the House Appropriations and Senate Finance and Appropriations Committees within five calendar days of deficit approval.

3. Deficits shall not be authorized for capital projects.

4. The Department of Transportation may obligate funds in excess of the current biennium appropriation for projects of a capital nature not covered by § 4-4.00 Capital Projects, of this act provided such projects a) are delineated in the Virginia Transportation

Six-Year Improvement Program, as approved by the Commonwealth Transportation Board; and b) have sufficient cash allocated to each such project to cover projected costs in each year of the Program; and provided that c) sufficient revenues are projected to meet all cash obligations for such projects as well as all other commitments and appropriations approved by the General Assembly in the biennial budget.

b. UNAUTHORIZED DEFICITS: If any agency contravenes any of the prohibitions stated above, thereby incurring an unauthorized deficit, the Governor is hereby directed to withhold approval of such excess obligation or expenditure. Further, there shall be no reimbursement of said excess, nor shall there be any liability or obligation upon the state to make any appropriation hereafter to meet such unauthorized deficit. Further, those members of the governing board of any such agency who shall have voted therefor, or its head if there be no governing board, making any such excess obligation or expenditure shall be personally liable for the full amount of such unauthorized deficit and, at the discretion of the Governor, shall be deemed guilty of neglect of official duty and be subject to removal therefor. Further, the State Comptroller is hereby directed to make public any such unauthorized deficit, and the Director, Department of Planning and Budget, is hereby directed to set out such unauthorized deficits in the next biennium budget. In addition, the Governor is directed to bring this provision of this act to the attention of the members of the governing board of each state agency, or its head if there be no governing board, within two weeks of the date that this act becomes effective. The governing board or the agency head shall execute and return to the Governor a signed acknowledgment of such notification.

c. TOTAL AUTHORIZED DEFICITS: The amount which the Governor may authorize, under the provisions of this section during the current biennium, to be expended from loans repayable out of the general fund of the state treasury, for all state agencies, or other agencies combined, in excess of general fund appropriations for the current biennium, shall not exceed one and one-half percent (1 1/2%) of the revenues collected and paid into the general fund of the state treasury as defined in § 4-2.02 b. of this act during the last year of the previous biennium and the first year of the current biennium.

d. The Governor shall report any such authorized and unauthorized deficits to the Chairmen of the House Appropriations and Senate Finance and Appropriations Committees within five calendar days of deficit approval. By August 15 of each year, the Governor shall provide a comprehensive report to the Chairmen of the House Appropriations and Senate Finance and Appropriations Committees detailing all such deficits.

§ 4-3.02 TREASURY LOANS

a. AUTHORIZED DEFICIT LOANS: A state agency requesting authorization for deficit spending shall prepare a plan for the Governor's review and approval, specifying appropriate financial, administrative and management actions necessary to eliminate the deficit and to prevent future deficits. If the Governor approves the plan and authorizes a state agency to incur a deficit under the provisions of this section, the amount authorized shall be obtained by the agency by borrowing the authorized amount on such terms and from such sources as may be approved by the Governor. At the close of business on the last day of the current biennium, any unexpended balance of such loan shall be applied toward repayment of the loan, unless such action is contrary to the conditions of the loan approval. The Director, Department of Planning and Budget, shall set forth in the next biennial budget all such loans which require an appropriation for repayment. A copy of the approved plan to eliminate the deficit shall be transmitted to the Chairmen of the House Appropriations and the Senate Finance and Appropriations Committees within five calendar days of approval.

b. ANTICIPATION LOANS: Authorization for anticipation loans are limited to the provisions below.

1.a) When the payment of authorized obligations for operating expenses is required prior to the collection of nongeneral fund revenues, any state agency may borrow from the state treasury the required sums with the prior written approval of the Secretary of Finance or his designee as to the amount, terms and sources of such funds; such loans shall not exceed the amount of the anticipated collections of such revenues and shall be repaid only from such revenues when collected.

b) When the payment of authorized obligations for capital expenses is required prior to the collection of nongeneral fund revenues or proceeds from authorized debt, any state agency or body corporate and politic, constituting a public corporation and government instrumentality, may borrow from the state treasury the required sums with the prior written approval of the Secretary of Finance or his designee as to the amount, terms and sources of such funds; such loans in anticipation of bond proceeds shall not exceed the amount of the anticipated proceeds from debt authorized by the General Assembly and shall be repaid only from such proceeds when collected.

2. Anticipation loans for operating expenses shall be in amounts not greater than the sum identified by the agency as the minimum amount required to meet the projected expenditures. The term of any anticipation loans granted for operating expenses shall not exceed twelve months.

3. Before an anticipation loan for a capital project is authorized, the agency shall develop a plan for financing such capital project; approval of the State Treasurer shall be obtained for all plans to incur authorized debt.

4. Anticipation loans for capital projects shall be in amounts not greater than the sum identified by the agency as required to meet the projected expenditures for the project within the current biennium.

5. To ensure that such loans are repaid as soon as practical and economical, the Department of Planning and Budget shall monitor the construction and expenditure schedules of all approved capital projects that will be paid for with proceeds from authorized debt and have anticipation loans.

6. Unless otherwise prohibited by federal or state law, the State Treasurer shall charge current market interest rates on anticipation loans made for operating purposes and capital projects subject to the following:

a) Anticipation loans for capital projects for which debt service will be paid with general fund appropriations shall be exempt from interest payments on borrowed balances.

b) Interest payments on anticipation loans for nongeneral fund capital projects or nongeneral fund operating expenses shall be made from appropriated nongeneral fund revenues. Such interest shall not be paid with the funds from the anticipation loan or from the proceeds of authorized debt without the approval of the State Treasurer.

c) REPORTING: All outstanding loans shall be reported by the Governor to the Chairmen of the House Appropriations and Senate Finance and Appropriations Committees by August 15 of each year. The report shall include a status of the repayment schedule for each loan.

Such loans shall not exceed the amount of the anticipated collections of such nongeneral fund revenues and shall be repaid only from such nongeneral fund revenues when collected.

b) When the payment of obligations for capital expenses for projects authorized under § 4-4.01 L is required prior to the collection of nongeneral fund revenues, any state agency or body corporate and politic, constituting a public corporation and government instrumentality, may borrow from the state treasury the required sums with the prior written approval of the Secretary of Finance or his designee as to the amount, terms and sources of such funds. Such loans shall be repaid only from nongeneral fund revenues associated with the project.

3. Anticipation loans for operating expenses shall be in amounts not greater than the sum identified by the agency as the minimum amount required to meet projected expenditures. The term of any anticipation loans granted for operating expenses shall not exceed 12 months.

§ 4-3.03 LONG-TERM LEASES

a. GENERAL:

1. As part of their capital budget submission, all agencies and institutions of the Commonwealth proposing building projects that may qualify as long-term lease agreements, as defined in Generally Accepted Accounting Principles (GAAP), and that may be supported in whole, or in part, from appropriations provided for in this act, shall submit copies of such proposals to the Directors of the Departments of Planning and Budget and General Services, the State Comptroller, and the State Treasurer based on guidelines promulgated by the Secretary of Finance. In addition, the Secretary of Finance may promulgate guidelines for the review and approval of such requests.

2. The proposals shall be submitted in such form as the Secretary of Finance may prescribe. The Comptroller and the Director of the Department of General Services shall be responsible for evaluating the proposals to determine if they qualify as long-term lease agreements. The State Treasurer shall be responsible for incorporating existing and authorized long-term lease agreements meeting the approved parameters into the annual Debt Capacity Advisory Committee reports.

b. APPROVAL OF FINANCINGS:

1. For any project which qualifies as a long-term lease, as defined in the preceding subdivisions a. 1 and 2, and which is financed through the issuance of securities, the Treasury Board shall approve the terms and structure of such financing pursuant to § 2.2-2416, Code of Virginia.

2. For any project for which costs will exceed \$5,000,000 and which is financed through a long-term lease transaction, the Treasury Board shall approve the financing terms and structure of such long-term lease in addition to such other reviews and approvals as may be required by law. Prior to consideration by the Treasury Board, the Department of Accounts shall notify the Treasury Board of any transaction determined to be a long-term lease. Additionally, the Departments of General Services and Planning and Budget shall notify the Treasury Board upon their approval of any transaction which qualifies as a long-term lease under the terms of this section. The State Treasurer shall notify the Chairs of the House Appropriations and Senate Finance and Appropriations Committees of the action of the Treasury Board as it regards this subdivision within five calendar days of its action.

d. This section shall not apply to long-term leases that are funded entirely with nongeneral fund revenues and are entered into by public institutions of higher education governed by Chapters 933 and 943 of the 2006 Acts of Assembly. Furthermore, the Department of General Services is authorized to enter into long-term leases for executive branch agencies provided that the resulting long-term lease is funded entirely with nongeneral funds, is approved based on the requirements of § 4-3.03 b.1 and 2 above, and would not be considered tax supported debt of the Commonwealth.

§ 4-4.00 CAPITAL PROJECTS

§ 4-4.01 GENERAL

a. Definition:

1. Unless defined otherwise, when used in this section, "capital project" or "project" means acquisition of property and new construction and improvements related to state-owned property, plant or equipment (including plans therefor), as the terms "acquisition", "new construction", and "improvements" are defined in the instructions for the preparation of the Executive Budget. "Capital project" or "project" shall also mean any improvements to property leased for use by a state agency, and not owned by the state, when such improvements are financed by public funds, except as hereinafter provided in subdivisions 3 and 4 of this subsection.

2. The provisions of this section are applicable equally to acquisition of property and plant by purchase, gift, or any other means, including the acquisition of property through a lease/purchase contract, regardless of the method of financing or the source of funds. Acquisition of property by lease shall be subject to § 4-3.03 of this act.

3. The provisions of this section shall not apply to property or equipment acquired by lease or improvements to leased property and equipment when the improvements are provided by the lessor pursuant to the terms of the lease and upon expiration of the lease remain the property of the lessor.

4. The provisions of this section shall not apply to property leased by state agencies for the purposes described in §§ 2.2-1151 C and 33.2-1010, Code of Virginia.

b. Notwithstanding any other provisions of law, requests for appropriations for capital projects shall be subject to the following:

1. The agency shall submit a capital project proposal for all requested capital projects. Such proposals shall be submitted to the Director, Department of Planning and Budget, for review and approval in accordance with guidelines prescribed by the director. Projects shall be developed to meet agency functional and space requirements within a cost range comparable to similar public and private sector projects.

2. Except for institutions of higher education that have a Management Agreement with the Commonwealth of Virginia pursuant to the Restructured Higher Education Financial and Administrative Operations Act, financings for capital projects shall comply, where applicable, with the Treasury Board Guidelines issued pursuant to § 2.2-2416, Code of Virginia, and any subsequent amendments thereto.

3. As part of any request for appropriations for an armory, the Department of Military Affairs shall obtain a written

commitment from the host locality to share in the operating expense of the armory.

c. Each agency head shall provide annually to the Director, Department of Planning and Budget, a report on the use of the maintenance reserve appropriation of the agency in Part 2 of this act. In the use of its maintenance reserve appropriation, an agency shall give first priority to the repair or replacement of roof on buildings under control of the agency. The agency head shall certify in the agency's annual maintenance reserve report that to the best of his or her knowledge, all necessary roof repairs have been accomplished or are in the process of being accomplished. Such roof repairs and replacements shall be in accord with the technical requirements of the Commonwealth's Construction and Professional Services Manual.

d. The Department of Planning and Budget shall review its approach to capital outlay planning and budgeting from time to time and make available via electronic means a report of any proposed change to the Chairmen of the House Appropriations and Senate Finance and Appropriations Committees and the public prior to its implementation. Such report shall include an analysis of the impact of the suggested change on affected agencies and institutions.

e. Nothing in §§ 2-0 and 4-4.00 of this act shall be deemed to override the provisions of §§ 2.2-1132 and 62.1-132.6, Code of Virginia, amended by Chapter 488, 1997 Acts of Assembly, relating to Virginia Port Authority capital projects and procurement activities.

f. Legislative Approval: It is the intent of the General Assembly that, with the exceptions noted in this paragraph and paragraph m, all capital projects to be undertaken by agencies of the Commonwealth, including institutions of higher education, shall be pursuant to approvals by the General Assembly as provided in the Six-Year Capital Outlay Plan established pursuant to § 2.2-1515, et seq., Code of Virginia. Otherwise, the consideration of capital projects shall be limited to:

1. Supplementing projects which have been bid and determined to have insufficient funding to be placed under contract, and
2. Projects declared by the Governor or the General Assembly to be of an emergency nature, which may avoid an increase in cost or otherwise result in a measurable benefit to the state, and/or which are required for the continued use of existing facilities.
3. This paragraph does not prohibit the initiation of projects authorized by § 4-4.01 hereof, or projects included under the central appropriations for capital project expenses in this act.

g. Preliminary Requirements: In regard to each capital project for which appropriation or reappropriation is made pursuant to this act, or which is hereafter considered by the Governor for inclusion in the Executive Budget, or which is offered as a gift or is considered for purchase, the Governor is hereby required: (1) to determine the urgency of its need, as compared with the need for other capital projects as herein authorized, or hereafter considered; (2) to determine whether the proposed plans and specifications for each capital project are suitable and adequate, and whether they involve expenditures which are excessive for the purposes intended; (3) to determine whether labor, materials, and other requirements, if any, needed for the acquisition or construction of such project can and will be obtained at reasonable cost; and (4) to determine whether or not the project conforms to a site or master plan approved by the agency head or board of visitors of an institution of higher education for a program approved by the General Assembly.

h. Initiation Generally:

1. No architectural or engineering planning for, or construction of, or purchase of any capital project shall be commenced or revised without the prior written approval of the Governor or his designee.

2. The requirements of § 10.1-1190, Code of Virginia, shall be met prior to the release of funds for a major state project, provided, however, that the Governor or his designee is authorized to release from any appropriation for a major state project made pursuant to this act such sum or sums as may be necessary to pay for the preparation of the environmental impact report required by § 10.1-1188, Code of Virginia.

3. The Governor, at his discretion, or his designee may release from any capital project appropriation or reappropriation made pursuant to this act such sum (or sums) as may be necessary to pay for the preparation of plans and specifications by architects and engineers, provided that the estimated cost of the construction covered by such drawings and specifications does not exceed the appropriation therefor; provided, further, however, that the architectural and engineering fees paid on completion of the preliminary design for any such project may be based on such estimated costs as may be approved by the Governor in writing, where it is shown to the satisfaction of the Governor that higher costs of labor or material, or both, or other unforeseen conditions, have made the appropriation inadequate for the completion of the project for which the appropriation was made, and where in the judgment of the Governor such changed conditions justify the payment of architectural or engineering fees based on costs exceeding the appropriation.

4. Architectural or engineering contracts shall not be awarded in perpetuity for capital projects at any state institution, agency or activity.

i. Capital Projects Financed with Bonds: Capital projects proposed to be financed with (i) 9 (c) general obligation bonds or (ii) 9(d) obligations where debt service is expected to be paid from project revenues or revenues of the agency or institution, shall be reviewed as follows:

1. By August 15 of each year, requests for inclusion in the Executive Budget of capital projects to be financed with 9(c) general obligation bonds shall be submitted to the State Treasurer for evaluation of financial feasibility. Submission shall be in accordance with the instructions prescribed by the State Treasurer. The State Treasurer shall distribute copies of financial feasibility studies to the Director, Department of Planning and Budget, the Secretary for the submitting agency or institution, the Chairmen of the House Appropriations and Senate Finance and Appropriations Committees, and the Director, State Council of Higher Education for Virginia, if the project is requested by an institution of higher education.

2. By August 15 of each year, institutions shall also prepare and submit copies of financial feasibility studies to the State Council of Higher Education for Virginia for 9(d) obligations where debt service is expected to be paid from project revenues or revenues of the institution. The State Council of Higher Education for Virginia shall identify the impact of all projects requested by the institutions of higher education, and as described in § 4-4.01 j.1. of this act, on the current and projected cost to students in institutions of higher education and the impact of the project on the institution's need for student financial assistance. The State Council of Higher Education for Virginia shall report such information to the Secretary of Finance and the Chairmen of the House Appropriations and Senate Finance and Appropriations Committees no later than October 1 of each year.

3. Prior to the issuance of debt for 9(c) general obligation projects, when more than one year has elapsed since the review of financial feasibility specified in § 4-4.01 j 1 above, an updated feasibility study shall be prepared by the agency and reviewed by the State Treasurer prior to requesting the Governor's Opinion of Financial Feasibility required under Article X, Section 9 (c), of the Constitution of Virginia.

j. Transfers to supplement capital projects from nongeneral funds may be made under the conditions set forth in §§ 4-1.03 a, 4-1.04 a.3, and 4-4.01 l of this act.

k.1. Change in Size and Scope: Unless otherwise provided by law, the scope, which is the function or intended use, of any capital project may not be substantively changed, nor its size increased or decreased by more than five percent in size beyond the plans and justification which were the basis for the appropriation or reappropriation in this act or for the Governor's authorization pursuant to § 4-4.01 l of this act. However, this prohibition is not applicable to changes in size and scope required because of circumstances determined by the Governor to be an emergency, or requirements imposed by the federal government when such capital project is for armories or other defense-related installations and is funded in whole or in part by federal funds. Furthermore, this prohibition shall not apply to minor increases, beyond five percent, in square footage determined by the Director, Department of General Services, to be reasonable and appropriate based on a written justification submitted by the agency stating the reason for the increase, with the provision that such increase will not increase the cost of the project beyond the amount appropriated; nor to decreases in size beyond five percent to offset unbudgeted costs when such costs are determined by the Director, Department of Planning and Budget, to be reasonable based on a written justification submitted by the agency specifying the amount and nature of the unbudgeted costs and the types of actions that will be taken to decrease the size of the project. The written justification shall also include a certification, signed by the agency head, that the resulting project will be consistent with the original programmatic intent of the appropriations.

2. If space planning, energy conservation, and environmental standards guides for any type of construction have been approved by the Governor or the General Assembly, the Governor shall require capital projects to conform to such planning guides.

l. Projects Not Included In This Act:

1. Authorization by Governor:

a) The Governor may authorize initiation of, planning for, construction of or acquisition of a nongeneral fund capital project not specifically included in this act or provided for a program approved by the General Assembly through appropriations, under one or more of the following conditions:

1) The project is required to meet an emergency situation.

2) The project is to be operated as an auxiliary enterprise or sponsored program in an institution of higher education and will be fully funded by revenues of auxiliary enterprises or sponsored programs.

3) The project is to be operated as an educational and general program in an institution of higher education and will be fully funded by nongeneral fund revenues of educational and general programs or from private gifts and indirect cost recoveries.

4) The project consists of plant or property which has become available or has been received as a gift.

5) The project has been recommended for funding by the Tobacco Indemnification and Community Revitalization Commission or the Virginia Tobacco Settlement Foundation.

b) The foregoing conditions are subject to the following criteria:

1) Funds are available within the appropriations made by this act (including those subject to §§ 4-1.03 a, 4-1.04 a.3, and 4-2.03)

without adverse effect on other projects or programs, or from unappropriated nongeneral fund revenues or balances.

2) In the Governor's opinion such action may avoid an increase in cost or otherwise result in a measurable benefit to the state.

3) The authorization includes a detailed description of the project, the project need, the total project cost, the estimated operating costs, and the fund sources for the project and its operating costs.

4) The Chairmen of the House Appropriations and Senate Finance and Appropriations Committees shall be notified by the Governor prior to the authorization of any capital project under the provisions of this subsection.

5) Permanent funding for any project initiated under this section shall only be from nongeneral fund sources.

2. Authorization by Director, Department of Planning and Budget:

a) The Director, Department of Planning and Budget, may authorize initiation of a capital project not included in this act, if the General Assembly has enacted legislation to fund the project from bonds of the Virginia Public Building Authority, Virginia College Building Authority, or from reserves created by refunding of bonds issued by those Authorities.

3. Delegated authorization by Boards of Visitors, Public Institutions of Higher Education:

a) In accordance with § 4-5.06 of this act, the board of visitors of any public institution of higher education that: i) has met the eligibility criteria set forth in Chapters 933 and 945 of the 2005 Acts of Assembly for additional operational and administrative autonomy, including having entered into a memorandum of understanding with the Secretary of Administration for delegated authority of nongeneral fund capital outlay projects, and ii) has received a sum sufficient nongeneral fund appropriation for emergency projects as set out in Part 2: Capital Project Expenses of this act, may authorize the initiation of any capital project that is not specifically set forth in this act provided that the project meets at least one of the conditions and criteria identified in § 4-4.01 1 1 of this act.

b) At least 30 days prior to the initiation of a project under this provision, the board of visitors must notify the Governor and Chairmen of the House Appropriations and Senate Finance and Appropriations Committees and must provide a life-cycle budget analysis of the project. Such analysis shall be in a form to be prescribed by the Auditor of Public Accounts.

c) The Commonwealth of Virginia shall have no general fund obligation for the construction, operation, insurance, routine maintenance, or long-term maintenance of any project authorized by the board of visitors of a public institution of higher education in accordance with this provision.

m. Acquisition, maintenance, and operation of buildings and nonbuilding facilities in colleges and universities shall be subject to the following policies:

1. The anticipated program use of the building or nonbuilding facility should determine the funding source for expenditures for acquisition, construction, maintenance, operation, and repairs.

2. For new campuses to be established within the Virginia Community College System, expenditures for land acquisition, site preparation beyond five feet from a building, and the construction of additional outdoor lighting, sidewalks, outdoor athletic and recreational facilities, and parking lots in the Virginia Community College System shall be made only from appropriated federal funds, Trust and Agency funds, including local government allocations or appropriations, or the proceeds of indebtedness authorized by the General Assembly.

3. The general policy of the Commonwealth shall be that parking services are to be operated as an auxiliary enterprise by all colleges and universities. Institutions should develop sufficient reserves for ongoing maintenance and replacement of parking facilities.

4. Except as provided in paragraph 2 above, expenditures for maintenance, replacement, and repair of outdoor lighting, sidewalks, and other infrastructure facilities may be made from any appropriated funds.

5. Expenditures for operations, maintenance, and repair of athletic, recreational, and public service facilities, both indoor and outdoor, should be from nongeneral funds. However, this condition shall not apply to any indoor recreational facility existing on a community college campus as of July 1, 1988.

6.a.1. At institutions of higher education that have met the eligibility criteria for additional operational and administrative authority as set forth in Chapters 933 and 945 of the 2005 Acts of Assembly or Chapters 824 and 829 of the 2008 Acts of Assembly, any repair, renovation, or new construction project costing up to \$3,000,000 shall be exempt from the capital outlay review and approval process. For purposes of this paragraph, projects shall not include any subset of a series of projects, which in combination would exceed the \$3,000,000 maximum.

2. All state agencies and institutions of higher education shall be exempt from the capital review and approval process for repair, renovation, or new construction projects costing up to \$3,000,000.

b. Blanket authorizations funded entirely by nongeneral funds may be used for 1) renovation and infrastructure projects costing up to

\$3,000,000 and 2) the planning of nongeneral fund new construction and renovation projects through bidding, with bid award made after receipt of a construction authorization. The Director, Department of Planning and Budget, may provide exemptions to the threshold.

7. It is the policy of the Commonwealth that the institutions of higher education shall treat the maintenance of their facilities as a priority for the allocation of resources. No appropriations shall be transferred from the "Operation and Maintenance of Plant" subprogram except for closely and definitely related purposes, as approved by the Director, Department of Planning and Budget, or his designee. A report providing the rationale for each approved transfer shall be made to the Chairmen of the House Appropriations and Senate Finance and Appropriations Committees.

n. Legislative Intent and Reporting: Appropriations for capital projects shall be deemed to have been made for purposes which require their expenditure, or being placed under contract for expenditure, during the current biennium. Agencies to which such appropriations are made in this act or any other act are required to report progress as specified by the Governor. If, in the opinion of the Governor, these reports do not indicate satisfactory progress, he is authorized to take such actions as in his judgment may be necessary to meet legislative intent as herein defined. Reporting on the progress of capital projects shall be in accordance with § 4-8.00, Reporting Requirements.

o. No expenditure from a general fund appropriation in this act shall be made to expand or enhance a capital outlay project beyond that anticipated when the project was initially approved by the General Assembly except to comply with requirements imposed by the federal government when such capital project is for armories or other defense-related installations and is funded in whole or in part by federal funds. General fund appropriations in excess of those necessary to complete the project shall not be reallocated to expand or enhance the project, or be reallocated to a different project. The prohibitions in this subsection shall not apply to transfers from projects for which reappropriations have been authorized.

p. Local or private funds to be used for the acquisition, construction or improvement of capital projects for state agency use as owner or lessee shall be deposited into the state treasury for appropriation prior to their expenditure for such projects.

q. State-owned Registered Historic Landmarks: To guarantee that the historical and/or architectural integrity of any state-owned properties listed on the Virginia Landmarks Register and the knowledge to be gained from archaeological sites will not be adversely affected because of inappropriate changes, the heads of those agencies in charge of such properties are directed to submit all plans for significant alterations, remodeling, redecoration, restoration or repairs that may basically alter the appearance of the structure, landscaping, or demolition to the Department of Historic Resources. Such plans shall be reviewed within thirty days and the comments of that department shall be submitted to the Governor through the Department of General Services for use in making a final determination.

r.1. The Governor may authorize the conveyance of any interest in property or improvements thereon held by the Commonwealth to the educational or real estate foundation of any institution of higher education where he finds that such property was acquired with local or private funds or by gift or grant to or for the use of the institution, and not with funds appropriated to the institution by the General Assembly. Any approved conveyance shall be exempt from § 2.2-1156, Code of Virginia, and any other statute concerning conveyance, transfer or sale of state property. If the foundation conveys any interest in the property or any improvements thereon, such conveyance shall likewise be exempt from compliance with any statute concerning disposition of state property. Any income or proceeds from the conveyance of any interest in the property shall be deemed to be local or private funds and may be used by the foundation for any foundation purpose.

2. This section shall not apply to public institutions of higher education that have a Management Agreement with the Commonwealth of Virginia pursuant to the Restructured Higher Education Financial and Administrative Operations Act.

s.1. Facility Lease Agreements Involving Institutions of Higher Education: In the case of any lease agreement involving state-owned property controlled by an institution of higher education, where the lease has been entered into consistent with the provisions of § 2.2-1155, Code of Virginia, the Governor may amend, adjust or waive any project review and reporting procedures of Executive agencies as may reasonably be required to promote the property improvement goals for which the lease agreement was developed.

2. This section shall not apply to public institutions of higher education that have a Management Agreement with the Commonwealth of Virginia pursuant to the Restructured Higher Education Financial and Administrative Operations Act.

t. Energy-efficiency Projects: Improvements to state-owned properties for the purpose of energy-efficiency shall be treated as follows:

1. Such improvements shall be considered an operating expense, provided that:

a) the scope of the project meets or exceeds the applicable energy-efficiency standards set forth in the American Society of Heating, Refrigerating, and Air Conditioning Engineers (ASHRAE), the Illuminating Engineering Society (IES) standard 90.1-1989 and is limited to measures listed in guidelines issued by the Department of General Services;

b) the project is financed consistent with the provisions of § 2.2-2417, Code of Virginia, which requires Treasury Board

approval and is executed through a nonprofessional services contract with a vendor approved by the Department of General Services;

c) the scope of work has been reviewed and recommended by the Department of Energy;

d) the total cost does not exceed \$3,000,000; and

e) if the total cost exceeds \$3,000,000, but does not exceed \$7,000,000, the energy savings from the project offset the total cost of the project, including debt service and interest payments.

2. If (a) the total cost of the improvement exceeds \$7,000,000 or (b) the total cost exceeds \$3,000,000, but does not exceed \$7,000,000, and the energy savings from the project do not fully offset the total cost of the project, including debt services and interest payments, the improvement shall be considered a capital expense regardless of the type of improvement and the following conditions must be met:

a) the scope of the project meets or exceeds the applicable energy-efficiency standards set forth in the American Society of Heating, Refrigerating, and Air Conditioning Engineers (ASHRAE), the Illuminating Engineering Society (IES) standard 90.1-1989 and is limited to measures listed in guidelines issued by the Department of General Services;

b) the project is financed consistent with the provisions of § 2.2-2417, Code of Virginia, which requires Treasury Board approval and is executed through a nonprofessional services contract with a vendor approved by the Department of General Services;

c) the scope of work has been reviewed and recommended by the Department of Energy;

d) the project has been reviewed by the Department of Planning and Budget; and

e) the project has been approved by the Governor.

3. If the total project exceeds \$250,000, the agency director will submit written notification to the Director, Department of Planning and Budget, verifying that the project meets all of the conditions in subparagraph 1 above.

The provisions of §§ 2.0 and 4-4.01 of this act and the provisions of § 2.2-1132, Code of Virginia, shall not apply to energy conservation projects that qualify as capital expenses.

4. As used in this paragraph, "improvement" does not include (a) constructing, enlarging, altering, repairing or demolishing a building or structure, (b) changing the use of a building either within the same use group or to a different use group when the new use requires greater degrees of structural strength, fire protection, exit facilities or sanitary provisions, or (c) removing or disturbing any asbestos-containing materials during demolition, alteration, renovation of or additions to building or structures. If the projected scope of an energy-efficiency project includes any of these elements, it shall be subject to the capital outlay process as set out in this section.

5. The Director, Department of Planning and Budget, shall notify the Chairmen of the House Appropriations and Senate Finance and Appropriations Committees upon the initiation of any energy-efficiency projects under the provisions of this paragraph.

u. No expenditures shall be authorized for the purchase of fee simple title to any real property to be used for a correctional facility or for the actual construction of a correctional facility provided for in this act, or by reference hereto, that involves acquisition or new construction of youth or adult correctional facilities on real property which was not owned by the Commonwealth on January 1, 1995, until the governing body of the county, city or town wherein the project is to be located has adopted a resolution supporting the location of such project within the boundaries of the affected jurisdiction. The foregoing does not prohibit expenditures for site studies, real estate options, correctional facility design and related expenditures.

v. Except for institutions of higher education that have a Management Agreement with the Commonwealth of Virginia pursuant to the Restructured Higher Education Financial and Administrative Operations Act, any alternative financing agreement entered into between a state agency or institution of higher education and a private entity or affiliated foundation must be reviewed and approved by the Treasury Board.

w. Prior to requesting authorization for new dormitory capital projects, institutions of higher education shall conduct a cost study to determine whether an alternative financing arrangement or public-private transaction would provide a more effective option for the construction of the proposed facility. This study shall be submitted to the Department of Planning and Budget as part of the budget development process and shall be evaluated by the Governor prior to submitting his proposed budget.

x. Construction or improvement projects of the Department of Military Affairs are not exempt from the capital outlay review process when the state procurement process is utilized, except for those projects with both an estimated cost of \$3,000,000 or less and are 100 percent federally reimbursed. The Department of Military Affairs shall submit by July 30 of each year to the Department of Planning and Budget a list of such projects that were funded pursuant to this exemption in the previous fiscal year and any projects that would be eligible for such funding in future fiscal years.

a. It shall be the intent of the General Assembly to make biennial appropriations for a capital improvements program sufficient to address the program needs of the Commonwealth. The capital improvements program shall include maintenance and deferred maintenance of the Commonwealth's existing facilities, and of the facility requirements necessary to deliver the programs of state agencies and institutions.

b. In effecting these policies, the Governor shall establish a capital budget plan to address the renewal and replacement of the Commonwealth's physical plant, using such guidelines as recommended by industry or government to maintain the Commonwealth's investment in its property and plant.

§ 4-5.00 SPECIAL CONDITIONS AND RESTRICTIONS ON EXPENDITURES

§ 4-5.01 TRANSACTIONS WITH INDIVIDUALS

a. **SETTLEMENT OF CLAIMS:** Whenever a dispute, claim or controversy involving the interest of the Commonwealth is settled pursuant to § 2.2-514, Code of Virginia, payment may be made out of any appropriations, designated by the Governor, to the state agency(ies) which is (are) party to the settlement.

b. **STUDENT FINANCIAL ASSISTANCE FOR HIGHER EDUCATION:**

1. General:

a) The appropriations made in this act to state institutions of higher education within the Items for student financial assistance may be expended for any one, all, or any combination of the following purposes: grants to undergraduate students enrolled at least one-half time in a degree, certificate, industry-based certification and related programs that do not qualify for other sources of student financial assistance or diploma program; grants to full-time graduate students; graduate assistantships; grants to students enrolled full-time in a dual or concurrent undergraduate and graduate program. The institutions may also use these appropriations for the purpose of supporting work study programs. The institution is required to transfer to educational and general appropriations all funds used for work study or to pay graduate assistantships. Institutions may also contribute to federal or private student grant aid programs requiring matching funds by the institution, except for programs requiring work. The State Council of Higher Education for Virginia shall annually review each institution's plan for the expenditures of its general fund appropriation for undergraduate student financial assistance prior to the start of the fall term to determine program compliance. The institution's plan shall include the institution's assumptions and calculations for determining the cost of attendance, student financial need, and student remaining need as well as an award schedule or description of how funds are awarded. For the purposes of the proposed plan, each community college shall be considered independently. No limitations shall be placed on the awarding of nongeneral fund appropriations made in this act to state institutions of higher education within the Items for student financial assistance other than those found previously in this paragraph and as follows: (i) funds derived from in-state student tuition will not subsidize out-of-state students, (ii) students receiving these funds must be making satisfactory academic progress, (iii) awards made to students should be based primarily on financial need, and (iv) institutions should make larger grant and scholarship awards to students taking the number of credit hours necessary to complete a degree in a timely manner.

b) All awards made to undergraduate students from such Items shall be for Virginia students only and such awards shall offset all, or portions of, the costs of tuition and required fees, and, in the case of students qualifying under subdivision b 2 c)1) hereof, the cost of books. All undergraduate financial aid award amounts funded by this appropriation shall be proportionate to the remaining need of individual students, with students with higher levels of remaining need receiving grants before other students. No criteria other than the need of the student shall be used to determine the award amount. Because of the low cost of attendance and recognizing that federal grants provide a much higher portion of cost than at other institutions, a modified approach and minimum award amount for the neediest VGAP student should be implemented for community college and Richard Bland College students based on remaining need and the combination of federal and grant state aid. Student financial need shall be determined by a need-analysis system approved by the Council.

c)1) All need-based awards made to graduate students shall be determined by the use of a need-analysis system approved by the Council.

2) As part of the six-year financial plans required in the provisions of Chapters 933 and 945 of the 2005 Acts of Assembly, each institution of higher education shall report the extent to which tuition and fee revenues are used to support graduate student aid and graduate compensation and how the use of these funds impacts planned increases in student tuition and fees.

d) A student who receives a grant under such Items and who, during a semester, withdraws from the institution which made the award must surrender the unearned portion. The institution shall calculate the unearned portion of the award based on the percentage used for federal Return to Title IV program purposes.

e) An award made under such Items to assist a student in attending an institution's summer session shall be prorated according to the size of comparable awards made in that institution's regular session.

f) The provisions of this act under the heading "Student Financial Assistance for Higher Education" shall not apply to (1) the

soil scientist scholarships authorized under § 23.1-615, Code of Virginia and (2) need-based financial aid programs for industry-based certification and related programs that do not qualify for other sources of student financial assistance, which will be subject to guidelines developed by the State Council of Higher Education for Virginia.

g) Unless noted elsewhere in this act, general fund awards shall be named "Commonwealth" grants.

h) Unless otherwise provided by statute, undergraduate awards shall not be made to students seeking a second or additional baccalaureate degree until the financial aid needs of first-degree seeking students are fully met.

i) In determining financial need for student financial assistance, the institution shall recognize the federal Student Aid Index at no less than zero.

j) Students receiving student financial assistance in 2023-2024 may be considered for Virginia Student Financial Assistance Program awards based on the Expected Family Contribution demonstrated in 2023-2024, or appropriately adjusted need as determined by the institution, for as long as the student maintains continuous enrollment, unless granted an exception for cause by the State Council of Higher Education for Virginia, until current degree completion or current degree program eligibility limits have otherwise expired, whichever comes first.

k) Notwithstanding any other provision of law to the contrary, the Student Aid Index as calculated according to federal Title IV financial aid methodology shall be deemed an approved replacement of any mention or use of the precedent federal Expected Family Contribution for purposes of administering state higher education financial aid programs.

l) Notwithstanding any other provision of law to the contrary, private institutions admitted on or after January 1, 2024 in any state program of higher education financial assistance shall (i) be a nonprofit private institution of higher education whose primary purpose is to provide collegiate, graduate, or professional education and not to provide religious training or theological education; (ii) be formed, chartered, established, or incorporated within the Commonwealth; (iii) have their principal place of business within the Commonwealth; (iv) conduct their primary educational activity within the Commonwealth; and (v) be accredited by a nationally recognized regional institutional accrediting agency.

2. Grants To Undergraduate Students:

a) Each institution which makes undergraduate grants paid from its appropriation for student financial assistance shall expend such sums as approved for that purpose by the Council.

b) A student receiving an award must be duly admitted and enrolled in a degree, certificate or diploma program at the institution making the award, and shall be making satisfactory academic progress as defined by the institution for the purposes of eligibility under Title IV of the federal Higher Education Act, as amended.

c) 1) It is the intent of the General Assembly that students eligible under the Virginia Guaranteed Assistance Program (VGAP) authorized in Title 23.1, Chapter 4.4:2, Code of Virginia, shall receive grants before all other students at the same institution with equivalent remaining need from the appropriations for undergraduate student financial assistance found in Part 1 of this act (service area 1081000 - Scholarships). In each instance, VGAP eligible students shall receive awards greater than other students with equivalent remaining need.

2) The amount of each VGAP grant shall vary according to each student's remaining need and the total of tuition, all required fees and the cost of books at the institution the student will attend upon acceptance for admission. The actual amount of the VGAP award will be determined by the proportionate award schedule adopted by each institution; however, those students with the greatest financial need shall be guaranteed an award at least equal to tuition.

3) It is the intent of the General Assembly that the Virginia Guaranteed Assistance Program serve as an incentive to financially needy students now attending elementary and secondary school in Virginia to raise their expectations and their academic performance and to consider higher education an achievable objective in their futures.

4) Students may not receive a VGAP and a Commonwealth grant in the same semester.

d) Of the amount allocated for undergraduate need-based financial aid, up to one percent may be used for emergency assistance programs for students facing a financial emergency that puts them at risk of dropping out. The Council shall establish reporting guidelines and approve criteria for making student awards.

3. Grants To Graduate Students:

a) An individual award may be based on financial need but may, in addition to or instead of, be based on other criteria determined by the institution making the award. The amount of an award shall be determined by the institution making the award; however, the Council shall annually be notified as to the maximum size of a graduate award that is paid from funds in the appropriation.

b) A student receiving a graduate award paid from the appropriation must be duly admitted into a graduate degree program at the institution making the award.

c) Not more than 50 percent of the funds designated by an institution as graduate grants from the appropriation, and approved as such by the Council, shall be awarded to persons not eligible to be classified as Virginia domiciliary resident students except in cases where the persons meet the criteria outlined in § 4-2.01b.6.

4. Matching Funds: Any institution of higher education may, with the approval of the Council, use funds from its appropriation for fellowships and scholarships to provide the institutional contribution to any student financial aid program established by the federal government or private sources which requires the matching of the contribution by institutional funds, except for programs requiring work.

5. Discontinued Loan Program:

a) If any federal student loan program for which the institutional contribution was appropriated by the General Assembly is discontinued, the institutional share of the discontinued loan program shall be repaid to the fund from which the institutional share was derived unless other arrangements for the use of the funds are recommended by the Council and approved by the Department of Planning and Budget. Should the institution be permitted to retain the federal contributions to the program, the funds shall be used according to arrangements authorized by the Council and approved by the Department of Planning and Budget.

b)1) An institution of higher education may discontinue its student loan fund established pursuant to Title 23.1, Chapter 4.01, Code of Virginia. The full amount of cash in such discontinued loan fund shall be paid into the state treasury into a nonrevertible nongeneral fund account. Prior to such payment, the State Comptroller shall verify its accuracy, including the fact that the cash held by the institution in the loan fund will be fully depleted by such payment. The loan fund shall not be reestablished thereafter for that institution.

2) The cash so paid into the state treasury shall be used only for grants to undergraduate and graduate students in the Higher Education Student Financial Assistance program according to arrangements authorized by the Council and approved by the Department of Planning and Budget.

3) Payments on principal and interest of any promissory notes held by the discontinued loan fund shall continue to be received by the institution, which shall deposit such payments in the state treasury to the nonrevertible nongeneral fund account specified in subdivision (1) preceding, to be used for grants as specified in subdivision (2) preceding.

6. Reporting: The Council shall collect student-specific information for undergraduate students as is necessary for the operation of the Student Financial Assistance Program. The Council shall maintain regulations governing the operation of the Student Financial Assistance Program based on the provisions outlined in this section, the Code of Virginia, and State Council policy.

c. PAYMENTS TO CITIZEN MEMBERS OF NONLEGISLATIVE BODIES:

Notwithstanding any other provision of law, executive branch agencies shall not pay compensation to citizen members of boards, commissions, authorities, councils, or other bodies from any fund for the performance of such members' duties in the work of the board, commission, authority, council, or other body.

d. VIRGINIA BIRTH-RELATED NEUROLOGICAL INJURY COMPENSATION PROGRAM

Notwithstanding any other provision of law, the Virginia Birth-Related Neurological Injury Compensation Program is authorized to require each admitted claimant's parent or legal guardian to purchase private health insurance (the "primary payer") to provide coverage for the actual medically necessary and reasonable expenses as described in Virginia Code § 38.2-5009(A)(1) that were, or are, incurred as a result of the admitted claimant's birth-related neurological injury and for the admitted claimant's benefit. Provided, however, that the Program shall reimburse, upon receipt of proof of payment, solely the portion of the premiums that is attributable to the admitted claimant's post-admission coverage from the effective date of this provision forward and paid for by the admitted claimant's parent or legal guardian.

§ 4-5.02 THIRD PARTY TRANSACTIONS

a. EMPLOYMENT OF ATTORNEYS:

1.a) All attorneys authorized by this act to be employed by any state agency and all attorneys compensated out of any moneys appropriated in this session of the General Assembly shall be appointed by the Attorney General and be in all respects subject to the provisions of Title 2.2, Chapter 5, Code of Virginia, to the extent not to conflict with Title 12.1, Chapter 4, Code of Virginia; provided, however, that if the Governor certifies the need for independent legal counsel for any Executive Department agency, such agency shall be free to act independently of the Office of the Attorney General in regard to selection, and provided, further, that compensation of such independent legal counsel shall be paid from the moneys appropriated to such Executive Department agency or from the moneys appropriated to the Office of the Attorney General.

b) For purposes of this act, "attorney" shall be defined as an employee or contractor who represents an agency before a court, board or agency of the Commonwealth of Virginia or political subdivision thereof. This term shall not include members of the bar employed by an agency who perform in a capacity that does not require a license to practice law, including but not limited

to, instructing, managing, supervising or performing normal or customary duties of that agency.

2. This section does not apply to attorneys employed by state agencies in the Legislative Department, Judicial Department or Independent Agencies.

3. Reporting on employment of attorneys shall be in accordance with § 4-8.00, Reporting Requirements.

4. Notwithstanding § 2.2-510.1 of the Code of Virginia and any other conflicting provision of law, the Virginia Retirement System may enter into agreements to seek i) recovery of investment losses in foreign jurisdictions, and ii) legal advice related to its investments. Any such agreements shall be reported to the Office of the Attorney General as soon as practicable.

b. STUDIES AND CONSULTATIVE SERVICES REQUIRED BY GENERAL ASSEMBLY: No expenditure for payments on third party nongovernmental contracts for studies or consultative services shall be made out of any appropriation to the General Assembly or to any study group created by the General Assembly, nor shall any such expenditure for third party nongovernmental contracts be made by any Executive Department agency in response to a legislative request for a study, without the prior approval of two of the following persons: the Chairman of the House Appropriations Committee; the Chairman of the Senate Finance and Appropriations Committee; the Speaker of the House of Delegates; the President pro tempore of the Senate. All such expenditures shall be made only in accordance with the terms of a written contract approved as to form by the Attorney General.

c. USE OF CONSULTING SERVICES: All state agencies and institutions of higher education shall make a determination of "return on investment" as part of the criteria for awarding contracts for consulting services.

d. DEBT COLLECTION SERVICES:

1. Notwithstanding any provision of the Code of Virginia or this act to the contrary, the Virginia Commonwealth University Health System Authority shall have the option to participate in the Office of the Attorney General's debt collection process. Should the Authority choose not to participate, the Authority shall have the authority to collect its accounts receivable by engaging private collection agents and attorneys to pursue collection actions, and to independently compromise, settle, and discharge accounts receivable claims.

2. Notwithstanding any provision of the Code of Virginia or this act to the contrary, the University of Virginia Medical Center shall have the authority to collect its accounts receivable by engaging private collection agents and attorneys to pursue collection actions, and to independently compromise, settle, and discharge accounts receivable claims, provided that the University of Virginia demonstrates to the Secretary of Finance that debt collection by an agent other than the Office of the Attorney General is anticipated to be more cost effective. Nothing in this paragraph is intended to limit the ability of the University of Virginia Medical Center from voluntarily contracting with the Office of the Attorney General's Division of Debt Collection in cases where the Center would benefit from the expertise of legal counsel and collection services offered by the Office of the Attorney General.

3. Notwithstanding any provision of the Code of Virginia or this act to the contrary, the Department of Taxation shall be exempt from participating in the debt collection process of the Office of the Attorney General.

§ 4-5.03 SERVICES AND CLIENTS

a. CHANGED COST FACTORS:

1.a) No state agency, or its governing body, shall alter factors (e.g., qualification level for receipt of payment or service) which may increase the number of eligible recipients for its authorized services or payments, or alter factors which may increase the unit cost of benefit payments within its authorized services, unless the General Assembly has made an appropriation for the cost of such change.

b) The limits on altering or changing cost factors stated in paragraph 1.a) above shall not apply to changes associated with implementing and/or altering services in response to COVID-19 when funding is provided from a nongeneral fund source dedicated to addressing the impact of COVID-19 or from any source when specifically approved by the Governor in response to the COVID-19 pandemic.

2. Notwithstanding any other provision of law, the Department of Planning and Budget, with assistance from agencies that operate internal service funds as requested, shall establish policies and procedures for annually reviewing and approving internal service fund overhead surcharge rates and working capital reserves.

3. By September 1 each year, state agencies that operate an internal service fund, pursuant to §§ 2.2-803, 2.2-1101, and 2.2-2013, Code of Virginia, that have an impact on agency expenditures, shall submit a report to the Department of Planning and Budget to include all information as required by the Department of Planning and Budget to conduct a thorough review of overhead surcharge rates, revenues, expenditures, full-time positions, and working capital reserves for each internal service fund. The report shall include any proposed modifications in rates to be charged by internal service funds for review and approval by the Department of Planning and Budget. In its review, the Department of Planning and Budget shall determine whether the requested rate modifications are consistent with budget assumptions. The format by which agencies submit the operating plan for each internal service fund shall be determined by the Department of Planning and Budget with assistance from agencies that operate internal service funds as requested.

4. State agencies that operate internal service funds may not change a billable overhead surcharge rate to another state agency unless the resulting change is provided in the final General Assembly enacted budget.

5. State agencies that operate more than one internal service fund shall comply with the review and approval requirements detailed in this Item for each internal service fund.

6. As determined by the Director, Department of Planning and Budget, state agencies that operate select programs where an agency provides a service to and bills other agencies shall be subject to the annual review of the agency's internal service funds consistent with the provisions of this Item, unless such payment for services is pursuant to a memorandum of understanding authorized by § 4-1.03 a. 7 of this act.

7. The Governor is authorized to change internal service fund overhead surcharge rates, including the creation of new rates, beyond the rates enacted in the budget in the event of an emergency or to implement actions approved by the General Assembly, upon prior notice to the Chairmen of the House Appropriations and Senate Finance and Appropriations Committees. Such prior notice shall be no less than five days prior to enactment of a revised or new rate and shall include the basis of the rate change and the impact on state agencies.

9. State agencies that are partially or fully funded with nongeneral funds and are billed for services provided by another state agency shall pay the nongeneral fund cost for the service from the agency's applicable nongeneral fund revenue source consistent with an appropriation proration of such expenses.

b. NEW SERVICES:

1.a) No state agency shall begin any new service that will call for future additional property, plant or equipment or that will require an increase in subsequent general or nongeneral fund operating expenses without first obtaining the authorization of the General Assembly.

b) The limits on establishing new services stated in paragraph 1.a) above shall not apply to new services established to respond to COVID-19 when funding is provided from a nongeneral fund source dedicated to addressing the impact of COVID-19 or from any source when specifically approved by the Governor in response to the COVID-19 pandemic.

2. Pursuant to the policies and procedures of the State Council of Higher Education regarding approval of academic programs and the concomitant enrollment, no state institution of higher education shall operate any academic program with funds in this act unless approved by the Council and included in the Executive Budget, or approved by the General Assembly. The Council may grant exemptions to this policy in exceptional circumstances.

3. a) The General Assembly is supportive of the increasing commitment by both Virginia Tech and the Carilion Clinic to the success of the programs at the Virginia Tech/Carilion School of Medicine and the Virginia Tech/Carilion Research Institute, and encourages these two institutions to pursue further developments in their partnership. Therefore, notwithstanding § 4-5.03 c. of the Appropriation Act, if through the efforts of these institutions to further strengthen the partnership, Virginia Tech acquires the Virginia Tech Carilion School of Medicine during the current biennium, the General Assembly approves the creation and establishment of the Virginia Tech/Carilion School of Medicine within the institution notwithstanding § 23.1-203 Code of Virginia. No additional funds are required to implement establishment of the Virginia Tech/Carilion School of Medicine within the institution.

b) Virginia Tech Carilion School of Medicine is hereby authorized to transfer funds to the Department of Medical Assistance Services to fully fund the state share for Medicaid supplemental payments to the teaching hospital affiliated with the Virginia Tech Carilion School of Medicine. These Medicaid supplemental fee-for-service and/or capitation payments to managed care organizations are for the purpose of securing access to Medicaid hospital services in Western Virginia. The funds to be transferred must comply with 42 CFR 433.51.

4. Reporting on all new services shall be in accordance with § 4-8.00, Reporting Requirements.

c. OFF-CAMPUS SITES OF INSTITUTIONS OF HIGHER EDUCATION:

No moneys appropriated by this act shall be used for off-campus sites unless as provided for in this section.

1. A public college or university seeking to create, establish, or operate an off-campus instructional site, funded directly or indirectly from the general fund or with revenue from tuition and mandatory educational and general fees generated from credit course offerings, shall first refer the matter to the State Council of Higher Education for Virginia for its consideration and approval. The State Council of Higher Education for Virginia may provide institutions with conditional approval to operate the site for up to one year, after which time the college or university must receive approval from the Governor and General

Assembly, through legislation or appropriation, to continue operating the site.

2. For the colleges of the Virginia Community College System, the State Board for Community Colleges shall be responsible for approving off-campus locations. Sites governed by this requirement are those at any locations not contiguous to the main campus of the institution, including locations outside Virginia.

3. a) The provisions herein shall not apply to credit offerings on the site of a public or private entity if the offerings are supported entirely with private, local, or federal funds or revenue from tuition and mandatory educational and general fees generated entirely by course offerings at the site.

b) Offerings at previously approved off-campus locations shall also not be subject to these provisions.

c) Further, the provisions herein do not govern the establishment and operations of campus sites with a primary function of carrying out grant and contract research where direct and indirect costs from such research are covered through external funding sources. Such locations may offer limited graduate education as appropriate to support the research mission of the site.

d) Nothing herein shall prohibit an institution from offering non-credit continuing education programs at sites away from the main campus of a college or university.

4. The State Council of Higher Education shall establish guidelines to implement this provision.

d. PERFORMANCE MEASUREMENT

1. In accordance with § 2.2-1501, Code of Virginia, the Department of Planning and Budget shall develop a programmatic budget and accounting structure for all new programs and activities to ensure that it provides the appropriate financial and performance measures to determine if programs achieve desired results and outcomes. The Department of Accounts shall provide assistance as requested by the Department of Planning and Budget. The Department of Planning and Budget shall provide this information each year when the Governor submits the budget in accordance with § 2.2-1509, Code of Virginia, to the Chairmen of the House Appropriations, House Finance, and Senate Finance and Appropriations Committees.

2.a) Within thirty days of the enactment of this act, the Director, Department of Planning and Budget, shall make available via electronic means to the Chairmen of the House Appropriations and Senate Finance and Appropriations Committees and the public a list of the new initiatives for which appropriations are provided in this act.

b) Not later than ninety days after the end of the first year of the biennium, the Director, Department of Planning and Budget, shall make available via electronic means a report on the performance of each new initiative contained in the list, to be submitted to the Chairmen of the House Appropriations and Senate Finance and Appropriations Committees and the public. The report shall compare the actual results, including expenditures, of the initiative with the anticipated results and the appropriation for the initiative. This information shall be used to determine whether the initiative should be extended beyond the beginning period. In the preparation of this report, all state agencies shall provide assistance as requested by the Department of Planning and Budget.

§ 4-5.04 GOODS AND SERVICES

a. STUDENT ATTENDANCE AT INSTITUTIONS OF HIGHER EDUCATION:

1. Public Information Encouraged: Each public institution of higher education is expected and encouraged to provide prospective students with accurate and objective information about its programs and services. The institution may use public funds under the control of the institution's Board of Visitors for the development, preparation and dissemination of factual information about the following subjects: academic programs; special programs for minorities; dates, times and procedures for registration; dates and times of course offerings; admission requirements; financial aid; tuition and fee schedules; and other information normally distributed through the college catalog. This information may be presented in any and all media, such as newspapers, magazines, television or radio where the information may be in the form of news, public service announcements or advertisements. Other forms of acceptable presentation would include brochures, pamphlets, posters, notices, bulletins, official catalogs, flyers available at public places and formal or informal meetings with prospective students.

2. Excessive Promotion Prohibited: Each public institution of higher education is prohibited from using public funds under the control of the institution's Board of Visitors for the development, preparation, dissemination or presentation of any material intended or designed to induce students to attend by exaggerating or extolling the institution's virtues, faculty, students, facilities or programs through the use of hyperbole. Artwork and photographs which exaggerate or extol rather than supplement or complement permissible information are prohibited. Mass mailings are generally prohibited; however, either mass mailings or newspaper inserts, but not both, may be used if other methods of distributing permissible information are not economically feasible in the institution's local service area.

3. Remedial Education: Senior institutions of higher education shall make arrangements with community colleges for the remediation of students accepted for admission by the senior institutions.

4. Compliance: The president or chancellor of each institution of higher education is responsible for the institution's compliance with

1 this subsection.

2 **b. INFORMATION TECHNOLOGY FACILITIES AND SERVICES:**

3 1.a) The Virginia Information Technologies Agency shall procure information technology and telecommunications goods and
4 services of every description for its own benefit or on behalf of other state executive branch agencies and institutions, or
5 authorize other state executive branch agencies or institutions to undertake such procurements on their own. For the purposes of
6 § 4-5.04 of this act, “executive branch agency” means the same as that term is defined in § 2.2-2006, Code of Virginia.

7 b) Except for research projects, research initiatives, or instructional programs at public institutions of higher education, or any
8 non-major information technology project request from the Virginia Community College System, Longwood University, or
9 from an institution of higher education which is a member of the Virginia Association of State Colleges and University
10 Purchasing Professionals (VASCUPP) as of July 1, 2003, or any procurement of information technology and
11 telecommunications goods and services by public institutions of higher education governed by some combination of Chapters
12 933 and 945 of the 2005 Acts of Assembly, Chapters 824 and 829 of the 2008 Acts of Assembly, and those public institutions
13 of higher education that have a Management Agreement with the Commonwealth of Virginia pursuant to the Restructured
14 Higher Education Financial and Administrative Operations Act, requests for authorization from state agencies and institutions
15 to procure information technology and telecommunications goods and services on their own behalf shall be made in writing to
16 the Chief Information Officer or his designee. Members of VASCUPP as of July 1, 2003, are hereby recognized as: The
17 College of William and Mary, George Mason University, James Madison University, Old Dominion University, Radford
18 University, Virginia Commonwealth University, Virginia Military Institute, Virginia Polytechnic Institute and State University,
19 and the University of Virginia.

20 c) The Chief Information Officer or his designee may grant the authorization upon a written determination that the request
21 conforms to the statewide information technology plan and the individual information technology plan of the requesting agency
22 or institution.

23 d) Any procurement authorized by the Chief Information Officer or his designee for information technology and
24 telecommunications goods and services, including geographic information systems, shall be issued by the requesting state
25 agency or institution in accordance with the regulations, policies, procedures, standards, and guidelines of the Virginia
26 Information Technologies Agency.

27 e) Nothing in this subsection shall prevent public institutions of higher education or the Virginia Community College System
28 from using the services of Network Virginia.

29 f) To ensure that the Commonwealth's research universities maintain a competitive position with access to the national optical
30 research network infrastructure including the National LambdaRail and Internet2, the Network Virginia Contract Administrator
31 is hereby authorized to renegotiate the term of the existing contracts. Additionally, the contract administrator is authorized to
32 competitively negotiate additional agreements in accordance with the Code of Virginia and all applicable regulations, as
33 required, to establish and maintain research network infrastructure.

34 2. If the billing rates and associated systems for computer, telecommunications and systems development services to state
35 agencies are altered, the Director, Department of Planning and Budget, may transfer appropriations from the general fund
36 between programs affected. These transfers are limited to actions needed to adjust for overfunding or underfunding the program
37 appropriations affected by the altered billing systems.

38 3. The provisions of this subsection shall not in any way affect the duties and responsibilities of the State Comptroller under the
39 provisions of § 2.2-803, Code of Virginia.

40 4. It is the intent of the General Assembly that information technology (IT) systems, products, data, and service costs, including
41 geographic information systems (GIS), be contained through the shared use of existing or planned equipment, data, or services
42 which may be available or soon made available for use by state agencies, institutions, authorities, and other public bodies. State
43 agencies, institutions, and authorities shall cooperate with the Virginia Information Technologies Agency in identifying the
44 development and operational requirements for proposed IT and GIS systems, products, data, and services, including the
45 proposed use, functionality, capacity and the total cost of acquisition, operation and maintenance.

46 5. This section shall not apply to public institutions of higher education governed by some combination of Chapters 933 and
47 945 of the 2005 Acts of Assembly, Chapters 824 and 829 of the 2008 Acts of Assembly, those public institutions of higher
48 education that have a Management Agreement with the Commonwealth of Virginia pursuant to the Restructured Higher
49 Education Financial and Administrative Operations Act, or to the Virginia Alcoholic Beverage Control Authority.

50 6. Notwithstanding any other provision of law, state agencies that do not receive computer services from the Virginia
51 Information Technologies Agency may develop their own policies and procedures governing the sale of surplus computers and
52 laptops to their employees or officials. Any proceeds from the sale of surplus computers or laptops shall be deposited into the
53 appropriate fund or funds used to purchase the equipment.

c. MOTOR VEHICLES AND AIRCRAFT:

1. No motor vehicles shall be purchased or leased with public funds by the state or any officer or employee on behalf of the state without the prior written approval of the Director, Department of General Services.

2. The institutions of higher education and the Alcoholic Beverage Control Authority shall be exempt from this provision but shall be required to report their entire inventory of purchased and leased vehicles including the cost of such to the Director of the Department of General Services by June 30 of each year. The Director of the Department of General Services shall compare the cost of vehicles acquired by institutions of higher education and the Authority to like vehicles under the state contract. If the comparison demonstrates for a given institution or the Authority that the cost to the Commonwealth is greater for like vehicles than would be the case based on a contract of statewide applicability, the Governor or his designee may suspend the exemption granted to the institution or the Authority pursuant to this subparagraph c.

3. The Director, Department of General Services, is hereby authorized to transfer surplus motor vehicles among the state agencies, and determine the value of such surplus equipment for the purpose of maintaining the financial accounts of the state agencies affected by such transfers.

d. MOTION PICTURE, TELEVISION AND RADIO SERVICES PRODUCTION: Except for public institutions of higher education that have a Management Agreement with the Commonwealth of Virginia pursuant to the Restructured Higher Education Financial and Administrative Operations Act, no state Executive Department agency or the Virginia Lottery Department shall expend any public funds for the production of motion picture films or of programs for television transmission, or for the operation of television or radio transmission facilities, without the prior written approval of the Governor or as otherwise provided in this act, except for educational television programs produced for elementary-secondary education by authority of the Virginia Information Technologies Agency. The Joint Subcommittee on Rules is authorized to provide the approval of such expenditures for legislative agencies. For judicial agencies and independent agencies, other than the Virginia Lottery Department, prior approval action rests with the supervisory bodies of these entities. With respect to television programs which are so approved and other programs which are otherwise authorized or are not produced for television transmission, state agencies may enter into contracts without competitive sealed bidding, or competitive negotiation, for program production and transmission services which are performed by public telecommunications entities, as defined in § 2.2-2006, Code of Virginia.

e. TRAVEL: Reimbursement for the cost of travel on official business of the state government is authorized to be paid pursuant to law and regulations issued by the State Comptroller to implement such law. Notwithstanding any contrary provisions of law:

1. For the use of personal automobiles in the discharge of official duties outside the continental limits of the United States, the State Comptroller may authorize an allowance not exceeding the actual cost of operation of such automobiles;

2. The first 15,000 miles of use during each fiscal year of personal automobiles in the discharge of official duties within the continental limits of the United States shall be reimbursed at an amount equal to the most recent business standard mileage rate as established by the Internal Revenue Service for employees or self-employed individuals to use in computing their income tax deductible costs for operating passenger vehicles owned or leased by them for business purposes, or in the instance of a state employee, at the lesser of (a) the IRS rate or (b) the lowest combined capital and operational trip pool rate charged by the Department of General Services, Office of Fleet Management Services (OFMS), posted on the OFMS website at time of travel, for the use of a compact state-owned vehicle. If the head of the state agency concerned certifies that a state-owned vehicle was not available, or if, according to regulations issued by the State Comptroller, the use of a personal automobile in lieu of a state-owned automobile is considered to be an advantage to the state, the reimbursement shall be at the rate of the IRS rate. For such use in excess of 15,000 miles in each fiscal year, the reimbursement shall be at a rate of 13.0 cents per mile, unless a state-owned vehicle is not available; then the rate shall be the IRS rate;

3. The State Comptroller may authorize exemptions to restrictions upon use of common carrier accommodations;

4. The State Comptroller may authorize reimbursement by per diem in lieu of actual costs of meals and any other expense category deemed necessary for the efficient and effective operation of state government;

5. State employees traveling on official business of state government shall be reimbursed for their travel costs using the same bank account authorized by the employee in which their net pay is direct deposited; and

6. This section shall not apply to members and employees of public school boards.

f. SMALL PURCHASE CHARGE CARD, ELECTRONIC DATA INTERCHANGE, DIRECT DEPOSIT, AND PAYLINE OPT OUT: The State Comptroller is hereby authorized to charge state agencies a fee of \$5 per check or earnings notice when, in his judgment, agencies have failed to comply with the Commonwealth's electronic commerce initiatives to reduce unnecessary administrative costs for the printing and mailing of state checks and earning notices. The fee shall be collected by the Department of Accounts through accounting entries.

g. PURCHASES OF APPLIANCES AND EQUIPMENT: State agencies and institutions shall purchase Energy Star rated appliances and equipment in all cases where such appliances and equipment are available.

h. ELECTRONIC PAYMENTS: Any recipient of payments from the State Treasury who receives six or more payments per year issued by the State Treasurer shall receive such payments electronically. The State Treasurer shall decide the appropriate method of electronic payment and, through his warrant issuance authority, the State Comptroller shall enforce the provisions of this section. The State Comptroller is authorized to grant administrative relief to this requirement when circumstances justify non-electronic payment.

i. LOCAL AND NON-STATE SAVINGS AND EFFICIENCIES: It is the intent of the General Assembly that State agencies shall encourage and assist local governments, school divisions, and other non-state governmental entities in their efforts to achieve cost savings and efficiencies in the provision of mandated functions and services including but not limited to finance, procurement, social services programs, and facilities management.

j. TELECOMMUNICATION SERVICES AND DEVICES:

1. The Chief Information Officer and the State Comptroller shall develop statewide requirements for the use of cellular telephones and other telecommunication devices by executive branch agencies, addressing the assignment, evaluation of need, safeguarding, monitoring, and usage of these telecommunication devices. The requirements shall include an acceptable use agreement template clearly defining an employee's responsibility when they receive and use a telecommunication device. Statewide requirements shall require some form of identification on a device in case it is lost or stolen and procedures to wipe the device clean of all sensitive information when it is no longer in use.

2. Executive branch agencies providing employees with telecommunication devices shall develop agency-specific policies, incorporating the guidance provided in § 4-5.04 k. 1. of this act and shall maintain a cost justification for the assignment or a public health, welfare and safety need.

3. The Chief Information Officer shall determine the optimal number of telecommunication vendors and plans necessary to meet the needs of executive branch agency personnel. The Chief Information Officer shall regularly procure these services and provide statewide contracts for use by all such agencies. These contracts shall require the vendors to provide detailed usage information in a useable electronic format to enable the executive branch agencies to properly monitor usage to make informed purchasing decisions and minimize costs.

4. The Chief Information Officer shall examine the feasibility of providing tools for executive branch agencies to analyze usage and cost data to assist in determining the most cost effective plan combinations for the entity as a whole and individual users.

k. ALTERNATIVE PROCUREMENT: If any payment is declared unconstitutional for any reason or if the Attorney General finds in a formal, written, legal opinion that a payment is unconstitutional, in circumstances where a good or service can constitutionally be the subject of a purchase, the administering agency of such payment is authorized to use the affected appropriation to procure, by means of the Commonwealth's Procurement Act, goods and services, which are similar to those sought by such payment in order to accomplish the original legislative intent.

l. MEDICAL SERVICES: No expenditures from general or nongeneral fund sources may be made out of any appropriation by the General Assembly for providing abortion services, except otherwise as required by federal law ~~or state statute~~.

m. In an effort to expand cooperative procurement efforts, all public institutions of higher education in the Commonwealth of Virginia may access the Virginia Association of State Colleges and University Purchasing Professionals (VASCUPP) contracts regardless of their level of purchasing delegated authority, non-VASCUPP institutions shall amend terms and conditions of VASCUPP contracts to incorporate Virginia Public Procurement Act, and Commonwealth of Virginia Agency Procurement and Surplus Property Manual.

a. The accounts of any agency, however titled, which receives funds from this or any other appropriating act, and is not owned or controlled by the Commonwealth of Virginia, shall be subject to audit or shall present an audit acceptable to the Auditor of Public Accounts when so directed by the Governor or the Joint Legislative Audit and Review Commission.

b.1. For purposes of this subsection, the definition of "nonstate agency" is that contained in § 2.2-1505, Code of Virginia.

2. Allotment of appropriations to nonstate agencies shall be subject to the following criteria:

a) Such agency is located in and operates in Virginia.

b) The agency must be open to the public or otherwise engaged in activity of public interest, with expenditures having actually been incurred for its operation.

3. No allotment of appropriations shall be made to a nonstate agency until such agency has certified to the Secretary of Finance that cash or in-kind contributions are on hand and available to match equally all or any part of an appropriation which may be provided by the General Assembly, unless the organization is specifically exempted from this requirement by language in this act. Such matching funds shall not have been previously used to meet the match requirement in any prior appropriation act.

4. Operating appropriations for nonstate agencies equal to or in excess of \$150,000 shall be disbursed to nonstate agencies in twelve or fewer equal monthly installments depending on when the first payment is made within the fiscal year. Operating appropriations for nonstate agencies of less than \$150,000 shall be disbursed in one payment once the nonstate agency has successfully met applicable match and application requirements.

5. The provisions of § 2.2-4343 A 14, Code of Virginia shall apply to any expenditure of state appropriations by a nonstate agency.

c.1. Each interstate compact commission and each organization in which the Commonwealth of Virginia or a state agency thereof holds membership, and the dues for which are provided in this act or any other appropriating act, shall submit its biennial budget request to the state agency under which such commission or organization is listed in this act. The state agency shall include the request of such commission or organization within its own request, but identified separately. Requests by the commission or organization for disbursements from appropriations shall be submitted to the designated state agency.

2. Each state agency shall submit by November 1 each year, a report to the Director, Department of Planning and Budget, listing the name and purpose for organizational memberships held by that agency with annual dues of \$5,000 or more. The institutions of higher education shall be exempt from this reporting requirement.

§ 4-5.06 DELEGATION OF AUTHORITY

a. The designation in this act of an officer or agency head to perform a specified duty shall not be deemed to supersede the authority of the Governor to delegate powers under the provisions of § 2.2-104, Code of Virginia.

b. The nongeneral fund capital outlay decentralization programs initiated pursuant to § 4-5.08b of Chapter 912, 1996 Acts of Assembly as continued in subsequent appropriation acts are hereby made permanent. Decentralization programs for which institutions have executed memoranda of understanding with the Secretary of Administration pursuant to the provisions of § 4-5.08b of Chapter 912, 1996 Acts of Assembly shall no longer be considered pilot projects, and shall remain in effect until revoked.

c. Institutions wishing to participate in a nongeneral fund capital outlay decentralization program for the first time shall submit a letter of interest to the appropriate Cabinet Secretary. Within 90 calendar days of the receipt of the institution's request to participate, the responsible Cabinet Secretary shall determine whether the institution meets the eligibility criteria and, if appropriate, establish a decentralization program at the institution. The Cabinet Secretary shall report to the Governor and Chairmen of the Senate Finance and Appropriations and House Appropriations Committees by December 1 of each year all institutions that have applied for inclusion in a decentralization program and whether the institutions have been granted authority to participate in the decentralization program.

The provisions identified in § 4-5.08 f and § 4-5.08 h of Chapter 1042 of the Acts of Assembly of 2003 pertaining to pilot programs for selected capital outlay projects and memoranda of understanding in institutions of higher education are hereby continued. Notwithstanding these provisions, those projects shall be insured through the state's risk management liability program.

e. If during an independent audit conducted by the Auditor of Public Accounts, the audit discloses that an institution is not performing within the terms of the memoranda of understanding or their addenda, the Auditor shall report this information to the Governor, the responsible Cabinet Secretary, and the Chairmen of the Senate Finance and Appropriations and House Appropriations Committees.

f. Institutions that have executed memoranda of understanding with the Secretary of Administration for nongeneral fund capital outlay decentralization programs are hereby granted a waiver from the provisions of § 2.2-4301, Competitive Negotiation, subdivision 3a, Code of Virginia, regarding the not to exceed amount of \$100,000 for a single project, the not to exceed sum of \$500,000 for all projects performed, and the option to renew for two additional one-year terms.

g. Notwithstanding any contrary provision of law or this act, delegations of authority in this act to the Governor shall apply only to agencies and personnel within the Executive Department, unless specifically stated otherwise.

The Department of General Services shall acquire and hold such space for use by state departments, agencies and institutions within the Executive Branch and may utilize brokerage services, portfolio management strategies, strategic planning, transaction management, project and construction management, and lease administration strategies consistent with industry best practices as adopted by the Department from time to time. The template may allocate liability, including indemnification, for the use of USFS land between the USFS and the Commonwealth, which liability shall be secured by, and at the discretion of, the Division of Risk Management, Department of the Treasury, pursuant to the provisions of Virginia Code §2.2-1837(A)(2), through either 1) the Virginia Risk Management Liability Plan ("the Plan"), or 2) a separate insurance policy procured by the Division of Risk Management, the cost of which shall be charged to the agencies using USFS lands.

§ 4-5.08 SEMICONDUCTOR MANUFACTURING PERFORMANCE GRANT PROGRAMS

a. The Comptroller shall not draw any warrants to issue checks for semiconductor manufacturing performance grant programs, pursuant to Title 59-1, Chapter 22-3, Code of Virginia, without a specific legislative appropriation. To that end, the Secretary of Commerce and Trade shall certify in writing to the Governor and to the Chairmen of the House Appropriations and Senate Finance and Appropriations Committees the extent to which a qualified manufacturer met the terms and conditions. The appropriation shall be made in full or in proportion to a qualified manufacturer's fulfillment of the memorandum of understanding.

§ 4-5.10 SURPLUS PROPERTY TRANSFERS FOR ECONOMIC DEVELOPMENT

a. The Commonwealth shall receive the fair market value of surplus state property which is designated by the Governor for economic development purposes, and for any properties owned by an Industrial Development Authority in any county where the Commonwealth has a continuing interest based on the deferred portion of the purchase price, which shall be assessed by more than one independent appraiser certified as a Licensed General Appraiser. Such property shall not be disposed of for less than its fair market value as determined by the assessments.

b. Recognizing the commercial, business and industrial development potential of certain lands declared surplus, and for any properties owned by an Industrial Development Authority in any county where the Commonwealth has a continuing interest based on the deferred portion of the purchase price, the Governor shall be authorized to utilize funds available in the Governor's discretion, to meet the requirements of the preceding subsection a. Any cost for benefits exceeding such general rate shall be borne by the employee or, in the case of a political subdivision, by the employer.

c. Each agency may, within the funds appropriated by this act, implement a transit and ridesharing incentive program for its employees. The Secretary of Transportation shall develop guidelines for the implementation of such programs and any agency program must be developed in accordance with such guidelines. The guidelines shall be in accordance with the federal National Energy Policy Act of 1992 (P.L. 102-486), and no program shall provide an incentive that exceeds the actual costs incurred by the employee.

d. The department shall accept the lowest rates offered by the hospital from among the rates charged by the hospital to (1) its largest purchaser of care, (2) any state or federal public program, or (3) any special rate developed by the hospital for the state employee health benefits program which is lower than either of the rates above. If the department and the hospital cannot come to an agreement, the department shall reimburse the hospital at the rates contained in its final offer to the hospital until the dispute is resolved. Any dispute shall be resolved through arbitration or through the procedures established by the Administrative Process Act, as the hospital may decide, without impairment of any residual right to judicial review.

The provisions of this paragraph are effective on July 1, 2002, and shall not apply to the Chief of the Capitol Police.

h. Full-time employees appointed by the Governor who, except for meeting the minimum service requirements, would be eligible for the provisions of § 51.1-155.1, Code of Virginia, may, upon termination of service, use any severance allowance payment to purchase service to meet, but not exceed, the minimum service requirements of § 51.1-155.1, Code of Virginia. Such service purchase shall be at the rate of 15 percent of the employee's final creditable compensation or average final compensation, whichever is greater, and shall be completed within 90 days of separation of service.

i. When calculating the retirement benefits payable under the Virginia Retirement System (VRS), the State Police Officers' Retirement System (SPORS), the Virginia Law-enforcement Officers' Retirement System (VaLORS), or the Judicial Retirement System (JRS) to any employee of the Commonwealth or its political subdivisions who is called to active duty with the armed forces of the United States, including the United States Coast Guard, the Virginia Retirement System shall:

2) include those months after September 1, 2001 during which the employee was serving on active duty with the armed forces of the United States in the calculation of creditable service.

j. The provisions in § 51.1-144, Code of Virginia, that require a member to contribute five percent of his creditable compensation for each pay period for which he receives compensation on a salary reduction basis, shall not apply to any (i) "state employee," as defined in § 51.1-124.3, Code of Virginia, who is an elected official, or (ii) member of the Judicial Retirement System under Chapter 3 of Title 51.1 (§ 51.1-300 et seq.), who is not a "person who becomes a member on or after July 1, 2010," as defined in § 51.1-124.3, Code of Virginia.

Such application shall be received by the Virginia Retirement System no later than October 1, 2014. Charges for meals will be determined by the agency. Such charges shall be not less than the value of raw food and the cost of direct labor and utilities incidental to preparation and service. Each agency shall maintain records as to the calculation of meal charges and revenues collected. Except where appropriations for operation of the food service are from nongeneral funds, all revenues received from such charges shall be paid directly and promptly into the general fund. The provisions of this paragraph shall not apply to on-duty employees assigned to correctional facilities operated by the Departments of Corrections and Juvenile Justice.

b. **HOUSING SERVICES:**

1. Each agency will collect a fee from state employees who occupy state-owned or leased housing, subject to guidelines provided by the Director, Department of General Services. Each agency head is responsible for establishing a fee for state-owned or leased housing and for documenting in writing why the rate established was selected. In exceptional circumstances, which shall be documented as being in the best interest of the Commonwealth by the agency requesting an exception, the Director, Department of General Services may waive the requirement for collection of fees.

2. All revenues received from housing fees shall be promptly deposited in the state treasury. For housing for which operating expenses or rent are financed by general fund appropriations, such revenues shall be deposited to the credit of the general fund. For housing for which operating expenses or rent are financed by nongeneral fund appropriations, such revenues shall be deposited to the credit of the nongeneral fund. Agencies which provide housing for which operating expenses or rent are financed from both general fund and nongeneral fund appropriations shall allocate such revenues, when deposited in the state treasury, to the appropriate fund sources in the same proportion as the appropriations. However, without exception, any portion of a housing fee attributable to depreciation for housing which was constructed with general fund appropriations shall be paid into the general fund.

c. **BUILDING AND PARKING SERVICES:**

1. State-owned parking facilities

Agencies with parking space for employees in state-owned facilities shall, when required by the Director, Department of General Services, charge employees for such space on a basis approved by the Governor. All revenues received from such charges shall be paid directly and promptly into a special fund in the state treasury to be used, as determined by the Governor, for payment of costs for the provision of vehicle parking spaces. Interest shall be added to the fund as earned.

2. Leased parking facilities in metropolitan Richmond area

Agencies occupying private sector leased or rental space in the metropolitan Richmond area, not including institutions of higher education, shall be required to charge a fee to employees for vehicle parking spaces that are assigned to them or are otherwise available either incidental to the lease or rental agreement or pursuant to a separate lease agreement for private parking space. In such cases, the individual employee parking fee shall not be less than that paid by employees parking in Department of General Services parking facilities at the Seat of Government. The Director, Department of General Services may amend or waive the fee requirement for good cause. Revenues derived from employees paying for parking spaces in leased facilities will be retained by the leasing agency to be used to offset the cost of the lease to which it pertains. Any lease for private parking space must be approved by the Director, Department of General Services.

3. Any such position level increases pursuant to this provision may not be approved for more than one year.

b. The Position Levels stipulated for the individual agencies within the Department of Behavioral Health and Developmental Services and the Department of Corrections are for reference only and are subject to changes by the applicable Department, provided that such changes do not result in exceeding the Position Level for that department.

c.1. The Governor shall implement such policies and procedures as are necessary to ensure that the number of employees in the Executive Department, excluding institutions of higher education and the State Council of Higher Education, may be further restricted to the number required for efficient operation of those programs approved by the General Assembly. Such policies and procedures shall include periodic review and analysis of the staffing requirements of all Executive Department agencies by the Department of Planning and Budget with the object of eliminating through attrition positions not necessary for the efficient operation of programs.

2. The institutions of higher education and the State Council of Higher Education are hereby authorized to fill all positions authorized in this act. This provision shall be waived only upon the Governor's official declaration that a fiscal emergency exists requiring a change in the official estimate of general fund revenues available for appropriation.

6. Positions assigned to the Virginia Management Fellows Program Administration are for reference only and may fluctuate depending on funding availability.

e. Prior to implementing any Executive Department hiring freeze, the Governor shall consider the needs of the Commonwealth in regards to the safe and efficient operation of state facilities and performance of essential services to include the exemption of certain positions assigned to agencies and institutions that provide services pertaining to public safety and public health from such hiring freezes.

f.1. Full-time, part-time, wage or contractual state employees assigned to the Governor's Cabinet Secretaries from agencies and institutions under their control for the purpose of carrying out temporary assignments or projects may not be so assigned for a period exceeding 180 days in any calendar year. The permanent transfer of positions from an agency or institution to the Offices of the Secretaries, or the temporary assignment of agency or institutional employees to the Offices of the Secretaries for periods exceeding 180 days in any calendar year regardless of the separate or discrete nature of the projects, is prohibited without the prior approval of the General Assembly.

All state agencies/employers in all branches of government shall provide information requested by DHRM concerning hours worked by employees as needed to comply with the Affordable Care Act (the "Act") and this provision. State agencies/employers are accountable for compliance with this provision, and are responsible for any costs associated with maintaining compliance with it and for any costs or penalties associated with any violations of the Act or regulations thereunder and any such costs shall be borne by the agency from existing appropriations. 3. For local governments where the Auditor of Public Accounts has made a preliminary determination of fiscal distress based upon the early warning system criteria, the Auditor of Public Accounts shall notify the local governing body of its preliminary determination that it may meet the criteria for fiscal distress. Based upon the request of the local governing body or chief executive officer, the Auditor of Public Accounts may conduct a review and request documents and data from the local government. Such review shall consider factors including, but not limited to, budget processes, debt, borrowing, expenses and payables, revenues and receivables, and other areas including staffing, and the identification of external variables contributing to a locality's financial

position, and if so, the scope of the issues involved. Any local governing body that receives requests for information from the Auditor of Public Accounts pursuant to such preliminary determination based on the above described threshold levels shall acknowledge receipt of such a request and shall ensure that a response is provided within the time frames specified by the Auditor of Public Accounts. After such review, if the Auditor of Public Accounts is of the opinion that state assistance, oversight, or targeted intervention is needed, either to further assess, help stabilize, or remediate the situation, the Auditor shall notify the Governor and the Chairmen of the House Appropriations and Senate Finance and Appropriations Committees, and the governing body of the local government in writing outlining specific issues or actions that need to be addressed by state intervention.

4. The notification issued by the Auditor of Public Accounts pursuant to paragraph 3 above shall satisfy the notification requirement necessary to effectuate the provisions of this act in paragraph b.3 below.

b.1. The Director of the Department of Planning and Budget shall identify any amounts remaining unexpended from general fund appropriations in this Act as of June 30 of each year, which constitute state aid to local governments. The Director shall provide a listing of such amounts designated by item number and by program on or before August 15 of each year, to the Governor and the Chairmen of the House Appropriations Committee and the Senate Finance and Appropriations Committee.

2. From such unexpended balances identified by the Director of the Department of Planning and Budget, the Governor may reappropriate up to \$750,000 from amounts which would otherwise revert to the balance of the general fund and transfer such amounts as necessary to establish a component of fund balance which may be used for the purpose of providing technical assistance and intervention actions for local governments deemed to be fiscally distressed and in need of intervention to address such distress. Any such reappropriation approved by the Governor, shall be separately identified in the commitments specified on the balance sheet and financial statements of the State Comptroller for the close of each fiscal year, to the extent that such reserve is not used or added to by future appropriation actions.

3. Prior to any expenditure of the reappropriated reserve, the Governor and the Chairmen of the House Appropriations Committee and the Senate Finance and Appropriations Committee must receive a notification from the Auditor of Public Accounts that a specific locality is in need of intervention because of a worsening financial situation. The Auditor of Public Accounts may issue such a notification upon receipt of audited financial statement or other information that indicates the existence of fiscal distress. But, no such notification shall be made until appropriate follow up and correspondence ascertains that, in the opinion of the Auditor of Public Accounts, such fiscal distress indeed exists. Such notification may also be issued by the Auditor of Public Accounts if written concerns raised about fiscal distress are not adequately addressed by the locality in question.

4. Once the Governor has received a notification from the Auditor of Public Accounts indicating fiscal distress in a specific local government, the Governor shall consult with the Chairmen of the House Appropriations Committee and the Senate Finance and Appropriations Committee about a plan for state intervention prior to any expenditure of funds from the cash reserve. Any plan approved by the Governor for intervention should, at a minimum, specify the purpose of such intervention, the estimated duration of the intervention, and the anticipated resources (dollars and personnel) directed toward such effort. The staffing necessary to carry out the intervention plan may be assembled from either public agencies or private entities or both and, notwithstanding any other provisions of law, the Governor may use an expedited method of procurement to secure such staffing when, in his judgment, the need for intervention is of an emergency nature such that action must be taken in a timely manner to avoid or address unacceptable financial risks to the Commonwealth.

5. The governing body and the elected constitutional officers of a locality subject to an intervention plan approved by the Governor shall assist all state appointed staff conducting the intervention regardless of whether such staff are from public agencies or private entities. Intervention staff shall provide periodic reports in writing to the Governor and the Chairmen of the House Appropriations Committee and the Senate Finance and Appropriations Committee outlining the scope of issues discovered and any recommendations made to remediate such issues, and the progress that is made on such recommendations or other remediation efforts. These periodic reports shall specifically address the degree of cooperation the intervention team is receiving from locally elected officials, including constitutional officers, city, county, or town managers and other local personnel in regards to their intervention work.

6. The Department of General Services is hereby encouraged to develop a master contract of qualified private sector turnaround specialists with expertise in local government intervention that the Governor can use to procure intervention services in an expeditious manner when he determines that state intervention is warranted in situations of local fiscal distress.

§ 4-9.00 HIGHER EDUCATION RESTRUCTURING

§ 4-9.01 ASSESSMENT OF INSTITUTIONAL PERFORMANCE

Consistent with § 23.1-206, Code of Virginia, the following education-related and financial and administrative management measures shall be the basis on which the State Council of Higher Education shall biennially assess and certify institutional performance. Such certification shall be completed and forwarded in writing to the Governor and the General Assembly no later than October 1 of each even-numbered year. Institutional performance on measures set forth in paragraph D of this section shall be evaluated year-to-date by the Secretaries of Finance and Administration as appropriate, and communicated to the State

Council of Higher Education before October 1 of each even-numbered year. Financial benefits provided to each institution in accordance with § 23.1-1002 will be evaluated in light of that institution's performance.

In general, institutions are expected to achieve all performance measures in order to be certified by SCHEV, but it is understood that there can be circumstances beyond an institution's control that may prevent achieving one or more performance measures. The Council shall consider, in consultation with each institution, such factors in its review: (1) institutions meeting all performance measures will be certified by the Council and recommended to receive the financial benefits, (2) institutions that do not meet all performance measures will be evaluated by the Council and the Council may take one or more of the following actions: (a) request the institution provide a remediation plan and recommend that the Governor withhold release of financial benefits until Council review of the remediation plan or (b) recommend that the Governor withhold all or part of financial benefits.

Further, the State Council shall have broad authority to certify institutions as having met the standards on education-related measures. The State Council shall likewise have the authority to exempt institutions from certification on education-related measures that the State Council deems unrelated to an institution's mission or unnecessary given the institution's level of performance.

The State Council may develop, adopt, and publish standards for granting exemptions and ongoing modifications to the certification process.

However, such study shall be conducted in such a manner as to not permit the personal identification of students by persons other than representatives of the Department of Education or the State Council for Higher Education for Virginia, and such shared information shall be destroyed when no longer needed for purposes of the study.

b) Notwithstanding § 2.2-3800 of the Code of Virginia, the Virginia Department of Education, State Council of Higher Education for Virginia, Virginia Community College System, and the Virginia Employment Commission may collect, use, share, and maintain de-identified student data to improve student and program performance including those for career readiness.

Furthermore, the superintendent of each school division shall disclose information from a pupil's scholastic record to the Superintendent of Public Instruction or his designee for the same purpose. All information provided to the Superintendent or his designee for this purpose shall be used solely for the purpose of evaluating the Standards of Learning and shall not be redisclosed, except as provided under federal law. The page should include a link to the State Council of Higher Education for Virginia's tuition and fee information. The boards should consider requiring institutions to list the major components of all mandatory fees, including the portion attributable to athletics, on a separate page attached to student invoices;
2. assess the feasibility and impact of raising additional revenue through campus recreation and fitness enterprises to reduce reliance on mandatory student fees. The assessments should address the feasibility and impact of raising additional revenue through charging for specialized programs and services, expanding membership, and/or charging all users of recreation facilities;
3. direct staff to perform a comprehensive review of the institution's organizational structure, including an analysis of spans of control and a review of staff activities and workload, and identify opportunities to streamline the organizational structure. Boards should further direct staff to implement the recommendations of the review to streamline their organizational structures where possible;
4. require periodic reports on average and median spans of control and the number of supervisors with six or fewer direct reports;
5. direct staff to revise human resource policies to eliminate unnecessary supervisory positions by developing standards that establish and promote broader spans of control. The new policies and standards should (i) set an overall target span of control for the institution, (ii) set a minimum number of direct reports per supervisor, with guidelines for exceptions, (iii) define the circumstances that necessitate the use of a supervisory position, (iv) prohibit the establishment of supervisory positions for the purpose of recruiting or retaining employees, and (v) establish a periodic review of departments where spans of control are unusually narrow; and,
6. direct institution staff to set and enforce policies to maximize standardization of purchases of commonly procured goods, including use of institution-wide contracts;
7. consider directing institution staff to provide an annual report on all institutional purchases, including small purchases, that are exceptions to the institutional policies for standardizing purchases;
8. participate in national faculty teaching load assessments by discipline and faculty type.

b. The State Council on Higher Education for Virginia, to the extent practicable, shall:

1. convene a working group of institution financial officers, with input from the Department of Accounts, the Department of Planning and Budget, and the Auditor of Public Accounts, to create a standard way of calculating and publishing mandatory non-E&G fees, including for intercollegiate athletics;
2. update the state's Chart of Accounts for higher education in order to improve comparability and transparency of mandatory non-E&G fees, with input from the Department of Accounts, the Department of Planning and Budget, the Auditor of Public Accounts, and institutional staff. This process should be coordinated with the standardization of tuition and fee reporting;
3. convene a working group of institutional staff to develop instructional and research space guidelines that adequately measure current use of space and plans for future use of space at Virginia's public higher education institutions;
4. coordinate a committee of institutional representatives, such as the previously authorized Learning Technology Advisory Committee. In addition to the objectives set out in the Appropriation Act for the Learning Technology Advisory Committee, the committee should identify instructional technology initiatives and best practices for directly or indirectly lowering institutions' instructional expenditures per student while maintaining or enhancing student learning;
5. include factors such as discipline, faculty rank, cost of living, and regional comparisons in developing faculty salary goals;
6. identify instructional technology best practices that directly or indirectly lower student cost while maintaining or enhancing learning.

c. Notwithstanding the provisions of § 23.1-1304, the State Council of Higher Education for Virginia shall annually train boards of visitors members on the types of information members should request from institutions to inform decision making, such as performance measures, benchmarking data, the impact of financial decisions on student costs, and past and projected cost trends. Boards of Visitors members serving on finance and facilities subcommittees should, at a minimum, participate in the training within their first year of membership on the subcommittee. SCHEV should obtain assistance in developing or delivering the training from relevant agencies such as the Department of General Services and past or present finance officers at Virginia's public four-year institutions, as appropriate.

d. The Department of Planning and Budget shall revise the formula used to make allocation recommendations for the state's maintenance reserve funding to account for higher maintenance needs resulting from poor facility condition, aging of facilities, and differences in facility use.

e. The Six-Year Capital Outlay Plan Advisory Committee, the Department of Planning and Budget, and others as appropriate shall

use the results of the prioritization process established by the State Council of Higher Education for Virginia in determining which capital projects should receive funding.

f. Beginning with fiscal year 2016, the Auditor of Public Accounts shall include in its audit plan for each public institution of higher education a review of progress in implementing the JLARC recommendations contained in paragraph § 4-9.04 a.

§ 4-11.00 STATEMENT OF FINANCIAL CONDITION

Each agency head handling any state funds shall, at least once each year, upon request of the Auditor of Public Accounts, make a detailed statement, under oath, of the financial condition of his office as of the date of such call, to the Auditor of Public Accounts, and upon such forms as shall be prescribed by the Auditor of Public Accounts.

§ 4-12.00 SEVERABILITY

If any part, section, subsection, paragraph, sentence, clause, phrase, or item of this act or the application thereof to any person or circumstance is for any reason declared unconstitutional, such decisions shall not affect the validity of the remaining portions of this act which shall remain in force as if such act had been passed with the unconstitutional part, section, subsection, paragraph, sentence, clause, phrase, item or such application thereof eliminated; and the General Assembly hereby declares that it would have passed this act if such unconstitutional part, section, subsection, paragraph, sentence, clause, phrase, or item had not been included herein, or if such application had not been made.

§ 4-13.00 CONFLICT WITH OTHER LAWS

Notwithstanding any other provision of law, and until June 30, 2026, the provisions of this act shall prevail over any conflicting provision of any other law, without regard to whether such other law is enacted before or after this act; however, a conflicting provision of another law enacted after this act shall prevail over a conflicting provision of this act if the General Assembly has clearly evidenced its intent that the conflicting provision of such other law shall prevail, which intent shall be evident only if such other law (i) identifies the specific provision(s) of this act over which the conflicting provision of such other law is intended to prevail and (ii) specifically states that the terms of this section are not applicable with respect to the conflict between the provision(s) of this act and the provision of such other law.

§ 4-14.00 EFFECTIVE DATE

This act is effective on ~~July 1, 2024~~; *its passage as provided in § 1-214, Code of Virginia.*

§ 58.1-1802.1. Period of limitations on collection; accrual of interest and penalty.

A. Where the assessment of any tax imposed by this subtitle has been made within the period of limitation properly applicable thereto, such tax may be collected by levy, by a proceeding in court, or by any other means available to the Tax Commissioner under the laws of the Commonwealth, but only if such collection effort is made or instituted within seven years from the date of the assessment of such tax. Except as otherwise provided in this section, effective for assessments made on and after July 1, 2016, all collection efforts shall cease after such seven-year period even if initiated during the seven-year period. Prior to the expiration of any period for collection, the period may be extended by a written agreement between the Tax Commissioner and the taxpayer, and subsequent written agreements may likewise extend the period previously agreed upon. The period of limitations provided in this subsection during which a tax may be collected shall not apply to executions, levy or other actions to enforce a lien created before the expiration of the period of limitations by the docketing of a judgment or the filing of a memorandum of lien pursuant to § 58.1-1805; nor shall the period of limitations apply to the provisions of §§ 8.01-251 and 8.01-458.

B. The running of the period of limitations on collection shall be suspended for (i) the period the assessment is the subject of a proceeding pursuant to § 58.1-1807, 58.1-1821, 58.1-1825, or 58.1-1828; (ii) the period the assets of the taxpayer are in the control or custody of any state or federal court, including the United States Bankruptcy Court; or (iii) the period that an installment agreement entered into by the taxpayer pursuant to § 58.1-1817 is in effect.

C. If the Department of Taxation has no contact with the delinquent taxpayer for a period of six years and no memorandum of lien has been appropriately filed in a jurisdiction in which such taxpayer owns real estate, interest and penalty shall no longer be added to the delinquent tax liability. The mailing of notices by the Department to the taxpayer's last known address shall constitute contact with the taxpayer.

D. For purposes of this section, the "last known address" of the taxpayer means the address shown on the most recent return filed

1 by or on behalf of the taxpayer or the address provided in correspondence by or on behalf of the taxpayer indicating that it is a change
2 of the taxpayer's address.

3 *E. In any pending or future administrative or judicial proceeding in which the validity of a tax assessment is an issue, the participation*
4 *of the Department of Taxation in any capacity shall be considered a collection effort for purposes of this section.*

8 added to the tax under this chapter for the taxable year an amount determined at the rate established for interest, under § 58.1-15, upon
9 the amount of the underpayment (determined below), for the period of the underpayment (determined under subsection B). The amount
10 of such addition to the tax shall be reported and paid at the time of filing the individual income tax return or the fiduciary income tax
11 return for the taxable year.

12 The amount of the underpayment shall be the excess of:

13 1. The amount of the installment which would be required to be paid if the estimated tax were equal to ninety percent (sixty-six and
14 two-thirds percent in the case of an individual referred to in § 58.1-490 F, relating to income from farming) of the tax shown on the
15 return for the taxable year, or if no return was filed, ninety percent (sixty-six and two-thirds percent in the case of individuals referred
16 to in § 58.1-490 F, relating to income from farming) of the tax for such year; or 100 percent of the tax shown on the return of the
17 taxpayer for the preceding taxable year, whichever is less, over

18 2. The amount, if any, of the installment paid on or before the last date prescribed for such payment.

19 B. The period of the underpayment shall run from the date the installment was required to be paid to whichever of the following dates
20 is the earlier:

21 1. May 1, if a calendar year, or the fifteenth day of the fourth month following the close of the taxable year, if a fiscal year.

22 2. With respect to any portion of the underpayment, the date on which such portion is paid. For purposes of this subdivision a payment
23 of estimated tax on any installment date shall be considered a payment of any previous underpayment only to the extent such payment
24 exceeds the amount of the installment determined under subdivision A 1 for such installment date.

25 C. Notwithstanding the provisions of subsections A and B, the addition to the tax with respect to any underpayment of any installment

27 such installment equals or exceeds whichever of the following is the lesser:

28 1. The amount which would have been required to be paid on or before such date if estimated tax were whichever of the following is
29 the least:

30 a. The tax shown on the return of the individual, trust or estate for the preceding taxable year, if a return showing a liability for tax was
31 filed by the individual, trust or estate for the preceding taxable year and such preceding year was a taxable year of twelve months;

32 b. An amount equal to the tax computed, at the rates applicable to the taxable year, on the basis of the taxpayer's status with respect to
33 personal exemptions for the taxable year, otherwise on the basis of the facts shown on his return for, and the law applicable to, the
34 preceding year; or

35 c. An amount equal to ninety percent (sixty-six and two-thirds percent in the case of individuals referred to in § 58.1-490 F, relating to
36 income from farming) of the tax for the taxable year computed by placing on an annualized basis the taxable income for the months in
37 the taxable year ending before the month in which the installment is required to be paid. For purposes of this paragraph the taxable
38 income shall be placed on an annualized basis by:

39 (i) Multiplying by twelve (or, in the case of a taxable year of less than twelve months, the number of months in the taxable year) the
40 taxable income (computed without deduction of personal exemptions) for the months in the taxable year ending before the month in

43 (ii) Dividing the resulting amount by the number of months in the taxable year ending before the month in which such installment date
44 falls, or, for a trust or estate, the months in the taxable year ending before the date that is one month before the month in which the
45 installment is required to be paid; and

46 (iii) Deducting from such amount the deductions for personal exemptions allowable for the taxable year (such personal exemptions
47 being determined as of the last date prescribed for payment of the installment); or

48 2. An amount equal to ninety percent of the tax computed, at the rates applicable to the taxable year, on the basis of the actual taxable
49 income for the months in the taxable year ending before the month in which the installment is required to be paid.

D. For purposes of applying this section:

1. The estimated tax shall be computed without any reduction for the amount which the individual estimates as his credit under § 58.1-480 (relating to tax withheld at source on wages);

2. The amount of the credit allowed under § 58.1-480 for the taxable year shall be deemed a payment of estimated tax, and an equal part of such amount shall be deemed paid on each installment date (determined under § 58.1-491) for such taxable year, unless the taxpayer establishes the dates on which all amounts were actually withheld, in which case the amounts so withheld shall be deemed payments of estimated tax on the dates on which such amounts were actually withheld; and

3. There shall be no addition to tax imposed for underpayment of estimated tax of ~~\$150~~\$1,000 or less for the taxable year.

E. The application of this section to taxable years of less than twelve months shall be in accordance with regulations prescribed by the Tax Commissioner.

6. That the provisions of the fifth enactment of this act shall apply to taxable years beginning on and after January 1, 2026.

7. That § 58.1-322.03 of the Code of Virginia is amended and reenacted as follows:

1. a. The amount allowable for itemized deductions for federal income tax purposes where the taxpayer has elected for the taxable year to itemize deductions on his federal return, but reduced by the amount of income taxes imposed by the Commonwealth or any other taxing jurisdiction and deducted on such federal return and increased by an amount that, when added to the amount deducted under § 170 of the Internal Revenue Code for mileage, results in a mileage deduction at the state level for such purposes at a rate of 18 cents per mile; or

b. Provided that the taxpayer has not itemized deductions for the taxable year on his federal income tax return: (i) for taxable years beginning before January 1, 2019, and on and after January 1, 2026, \$3,000 for single individuals and \$6,000 for married persons (one-half of such amounts in the case of a married individual filing a separate return); (ii) for taxable years beginning on and after January 1, 2019, but before January 1, 2022, \$4,500 for single individuals and \$9,000 for married persons (one-half of such amounts in the case of a married individual filing a separate return); (iii) for taxable years beginning on and after January 1, 2022, but before January 1, 2024, \$8,000 for single individuals and \$16,000 for married persons (one-half of such amounts in the case of a married individual filing a separate return); and (iv) for taxable years beginning on and after January 1, 2024, but before January 1, 2026, \$8,500 for single individuals and \$17,000 for married persons (one-half of such amounts in the case of a married individual filing a separate return). For purposes of this section, any person who may be claimed as a dependent on another taxpayer's return for the taxable year may compute the deduction only with respect to earned income.

2. a. A deduction in the amount of \$930 for each personal exemption allowable to the taxpayer for federal income tax purposes.

b. Each blind or aged taxpayer as defined under § 63(f) of the Internal Revenue Code shall be entitled to an additional personal exemption in the amount of \$800.

The additional deduction for blind or aged taxpayers allowed under this subdivision shall be allowable regardless of whether the taxpayer itemizes deductions for the taxable year for federal income tax purposes.

3. A deduction equal to the amount of employment-related expenses upon which the federal credit is based under § 21 of the Internal Revenue Code for expenses for household and dependent care services necessary for gainful employment.

4. An additional \$1,000 deduction for each child residing for the entire taxable year in a home under permanent foster care placement as defined in § 63.2-908, provided that the taxpayer can also claim the child as a personal exemption under § 151 of the Internal Revenue Code.

b. A deduction in the amount of \$12,000 for individuals born after January 1, 1939, who have attained the age of 65. This deduction shall be reduced by \$1 for every \$1 that the taxpayer's adjusted federal adjusted gross income exceeds \$50,000 for single taxpayers or \$75,000 for married taxpayers. For married taxpayers filing separately, the deduction shall be reduced by \$1 for every \$1 that the total combined adjusted federal adjusted gross income of both spouses exceeds \$75,000.

8 forward and subtracted in future taxable years until the purchase price or college savings trust contribution has been fully deducted;
9 however, except as provided in subdivision b, in no event shall the amount deducted in any taxable year exceed \$4,000 per contract or
10 college savings trust account. Notwithstanding the statute of limitations on assessments contained in § 58.1-312, any deduction taken
11 hereunder shall be subject to recapture in the taxable year or years in which distributions or refunds are made for any reason other than
12 (i) to pay qualified higher education expenses, as defined in § 529 of the Internal Revenue Code or (ii) the beneficiary's death,
13 disability, or receipt of a scholarship. For the purposes of this subdivision, "purchaser" or "contributor" means the person shown as

26 condition of employment; however, the deduction provided by this subdivision shall be available only if (i) the individual is not
27 reimbursed for such tuition costs and (ii) the individual has not claimed a deduction for the payment of such tuition costs on his federal
28 income tax return.

29 10. The amount an individual pays annually in premiums for long-term health care insurance, provided that the individual has not
30 claimed a deduction for federal income tax purposes, or, for taxable years beginning before January 1, 2014, a credit under § 58.1-
31 339.11. For taxable years beginning on and after January 1, 2014, no such deduction for long-term health care insurance premiums paid
32 by the individual during the taxable year shall be allowed if the individual has claimed a federal income tax deduction for such taxable
33 year for long-term health care insurance premiums paid by him.

38 following the year in which the installment payment is received.

39 b. If the payment is received in a single payment, then 10 percent of the recognized gain may be subtracted in the taxable year
40 immediately following the year in which the single payment is received. The taxpayer may then deduct an equal amount in each of the
41 nine succeeding taxable years.

42 12. An amount equal to 20 percent of the sum paid by an individual pursuant to Chapter 6 (§ 58.1-600 et seq.), not to exceed \$500 in

23 § 58.1-416. (Contingent expiration date — See Editor's note) When certain other sales deemed in the Commonwealth.

24 A. For taxable years beginning before January 1, 2026, except as provided in subsection B, Sales, other than sales of tangible
25 personal property, are in the Commonwealth if:

26 1. The income-producing activity is performed in the Commonwealth; or

27 2. The income-producing activity is performed both in and outside the Commonwealth and a greater proportion of the income-
28 producing activity is performed in the Commonwealth than in any other state, based on costs of performance.

29 B. 1. For debt buyers, as defined in § 58.1-422.3, sales, other than sales of tangible personal property, are in the Commonwealth if they
30 consist of money recovered on debt that a debt buyer collected from a person who is a resident of the Commonwealth or an entity that
31 has its commercial domicile in the Commonwealth. Such rule shall apply regardless of the location of a debt buyer's business.

32 2. For property information and analytics firms, as defined in § 58.1-422.4, that meet the requirements set forth in § 58.1-422.4, sales of
33 services are in the Commonwealth if they are derived from transactions with a customer or client who receives the benefit of the
34 services in the Commonwealth. Such rule shall apply regardless of the location of a property information and analytics firm's business
35 operations.

36 C. The taxes under this article on the sales described under subsection B are imposed to the maximum extent permitted under the
37 Constitutions of Virginia and the United States and federal law. For the collection of such taxes on such sales, it is the intent of the
38 General Assembly that the Tax Commissioner and the Department assert the taxpayer's nexus with the Commonwealth to the
39 maximum extent permitted under the Constitutions of Virginia and the United States and federal law.

40 D. If necessary information is not available to the taxpayer to determine whether a sale other than a sale of tangible personal property is
41 in the Commonwealth pursuant to the provisions of subsections B and C, the taxpayer may estimate the dollar value or portion of such
42 sale in the Commonwealth, provided that the taxpayer can demonstrate to the satisfaction of the Tax Commissioner that (i) the estimate
43 has been undertaken in good faith, (ii) the estimate is a reasonable approximation of the dollar value or portion of such sale in the
44 Commonwealth, and (iii) in using an estimate the taxpayer did not have as a principal purpose the avoidance of any tax due under this
45 article. The Department may implement procedures for obtaining its approval to use an estimate. The Department shall adopt remedies
46 and corrective procedures for cases in which the Department has determined that the sourcing rules for sales other than sales of tangible
47 personal property have been abused by the taxpayer, which may include reliance on the location of income-producing activity and
48 direct costs of performance as described in subsection A.

49 § 58.1-416. (Contingent effective date — See Editor's note) When certain other sales deemed in the Commonwealth.

50 A. For taxable years beginning before January 1, 2026, except as provided in subsection B, Sales, other than sales of tangible

personal property, are in the Commonwealth if:

1. The income-producing activity is performed in the Commonwealth; or

2. The income-producing activity is performed both in and outside the Commonwealth and a greater proportion of the income-producing activity is performed in the Commonwealth than in any other state, based on costs of performance.

B. 1. For debt buyers, as defined in § 58.1-422.3, sales, other than sales of tangible personal property, are in the Commonwealth if they consist of money recovered on debt that a debt buyer collected from a person who is a resident of the Commonwealth or an entity that has its commercial domicile in the Commonwealth. Such rule shall apply regardless of the location of a debt buyer's business.

2. For property information and analytics firms, as defined in § 58.1-422.4, that meet the requirements set forth in § 58.1-422.4, sales of services are in the Commonwealth if they are derived from transactions with a customer or client who receives the benefit of the services in the Commonwealth. Such rule shall apply regardless of the location of a property information and analytics firm's business operations.

3. For Internet root infrastructure providers, as defined in § 58.1-422.5, sales of services are in the Commonwealth if they are derived from sales transactions with a customer or client who receives the benefit of the services in the Commonwealth. Such rule shall apply regardless of the location of an Internet root infrastructure provider's operations.

C. The taxes under this article on the sales described under subsection B are imposed to the maximum extent permitted under the Constitutions of Virginia and the United States and federal law. For the collection of such taxes on such sales, it is the intent of the General Assembly that the Tax Commissioner and the Department assert the taxpayer's nexus with the Commonwealth to the maximum extent permitted under the Constitutions of Virginia and the United States and federal law.

D. If necessary information is not available to the taxpayer to determine whether a sale other than a sale of tangible personal property is in the Commonwealth pursuant to the provisions of subsections B and C, the taxpayer may estimate the dollar value or portion of such sale in the Commonwealth, provided that the taxpayer can demonstrate to the satisfaction of the Tax Commissioner that (i) the estimate has been undertaken in good faith, (ii) the estimate is a reasonable approximation of the dollar value or portion of such sale in the Commonwealth, and (iii) in using an estimate the taxpayer did not have as a principal purpose the avoidance of any tax due under this article. The Department may implement procedures for obtaining its approval to use an estimate. The Department shall adopt remedies and corrective procedures for cases in which the Department has determined that the sourcing rules for sales other than sales of tangible personal property have been abused by the taxpayer, which may include reliance on the location of income-producing activity and direct costs of performance as described in subsection A.

§ 58.1-416.1 Market based sourcing for sales other than sales of tangible personal property.

A. For taxable years beginning on and after January 1, 2026, except as provided in subsection B, sales, other than sales of tangible personal property, are in the Commonwealth if the taxpayer's market for the sales is in the Commonwealth. The taxpayer's market for sales is in the Commonwealth:

1. In the case of sale, rental, lease or license of real property, if and to the extent the property is located in the Commonwealth;

2. In the case of sale of a service, if and to the extent the benefit of the service is received at a location in the Commonwealth; and

3. a. In the case of intangible property that is rented, leased, or licensed, if and to the extent the property is used in the Commonwealth, provided that intangible property utilized in marketing a good or service to a consumer is "used in the Commonwealth" if that good or service is purchased by a consumer who is in the Commonwealth; and

b. In the case of intangible property that is sold, if and to the extent the property is used in the Commonwealth, provided that: (i) a contract right, government license, or similar intangible property that authorizes the holder to conduct a business activity in a specific geographic area is "used in the Commonwealth" if the geographic area includes all or part of the Commonwealth; (ii) receipts from intangible property sales that are contingent on the productivity, use, or disposition of the intangible property shall be treated as receipts from the rental, lease or licensing of such intangible property under subdivision A 3 a; and (iii) all other receipts from a sale of intangible property shall be excluded from the numerator and denominator of the sales factor.

B.1. For debt buyers, as defined in § 58.1-422.3, sales, other than sales of tangible personal property, are in the Commonwealth if they consist of money recovered on debt that a debt buyer collected from a person who is a resident of the Commonwealth or an entity that has its commercial domicile in the Commonwealth. Such rule shall apply regardless of the location of a debt buyer's business.

2. For property information and analytics firms, as defined in § 58.1-422.4, that meet the requirements set forth in § 58.1-422.4, sales of services are in the Commonwealth if they are derived from transactions with a customer or client who receives the benefit of the services in the Commonwealth. Such rule shall apply regardless of the location of a property information and analytics firm's business operations.

1 3. For Internet root infrastructure providers, as defined in § 58.1-422.5, sales of services are in the Commonwealth if they are derived
 2 from sales transactions with a customer or client who receives the benefit of the services in the Commonwealth. Such rule shall apply
 3 regardless of the location of an Internet root infrastructure provider's operations.

4 C. The taxes under this article on the sales described under subsections A and B are imposed to the maximum extent permitted under
 5 the Constitutions of Virginia and the United States and federal law. For the collection of such taxes on such sales, it is the intent of the
 6 General Assembly that the Tax Commissioner and the Department assert the taxpayer's nexus with the Commonwealth to the maximum
 7 extent permitted under the Constitutions of Virginia and the United States and federal law.

8 D. If necessary information is not available to the taxpayer to determine whether a sale other than a sale of tangible personal property
 9 is in the Commonwealth pursuant to the provisions of subsections A, B and C, the taxpayer may estimate the dollar value or portion of
 10 such sale in the Commonwealth, provided that the taxpayer can demonstrate to the satisfaction of the Tax Commissioner that (i) the
 11 estimate has been undertaken in good faith, (ii) the estimate is a reasonable approximation of the dollar value or portion of such sale
 12 in the Commonwealth, and (iii) in using an estimate the taxpayer did not have as a principal purpose the avoidance of any tax due
 13 under this article. The Department may implement procedures for obtaining its approval to use an estimate. The Department shall
 14 adopt remedies and corrective procedures for cases in which the Department has determined that the sourcing rules for sales other
 15 than sales of tangible personal property have been abused by the taxpayer, which may include reliance on the location of income-
 16 producing activity and direct costs of performance as described in subsection A of 58.1-416, as it was in effect for taxable years
 17 beginning before January 1, 2026.

18 § 58.1-419. Construction corporations; apportionment.

19 A. Construction companies which have elected to report income on the completed contract basis shall apportion income within and
 20 without this Commonwealth in the ratio that the business within the Commonwealth is to the total business of the corporation.

21 B. All other construction corporations not reporting under the completed contract method shall determine Virginia taxable income by
 22 reference to §§ 58.1-406 through ~~58.1-416~~ 58.1-416.1.

23 C. Any eligible company, as defined in § 58.1-405.1, may subtract the value of its business within any qualified locality or qualified
 24 localities, as defined in § 58.1-405.1, during the taxable year from the numerator of the ratio in subsection A. Such eligible company
 25 may make such modification for the taxable year in which it first becomes eligible and for the six subsequent, consecutive taxable
 26 years, except for any year in which the eligible company's (i) total, cumulative new capital investment falls below the applicable initial
 27 threshold or (ii) number of new jobs falls below the applicable initial threshold.

28 § 58.1-422.4. Property information and analytics firms.

29 A. As used in this section:

30 "Authority" means the Virginia Economic Development Partnership Authority.

31 "Eligible city" means the City of Richmond.

32 "Memorandum of understanding" means a performance agreement or related document entered into by a property information and
 33 analytics firm and the Authority on or after December 1, 2021, but before August 1, 2022, that sets forth the requirements for capital
 34 investments and the creation of new full-time jobs by such property information and analytics firm.

35 "Property information and analytics firm" means an entity and its affiliated entities that as of January 1, 2022, is primarily a
 36 commercial real estate information and analytics firm with a location in an eligible city and that between January 1, 2022, and January
 37 1, 2029, is expected to (i) make or cause to be made a capital investment in an eligible city of at least \$414.45 million and (ii) create at
 38 least 1,785 new jobs with average annual wages of at least \$85,000 per job.

39 B. 1. For taxable years beginning on or after January 1, 2022, but before January 1, 2029, a property information and analytics firm
 40 shall be subject to the provisions of subdivision B 2 of § 58.1-416 or subdivision B 2 of § 58.1-416.1, as applicable, only if the
 41 Authority certifies to the Department that it has at least 1,000 full-time employees as of January 1, 2022, in an eligible city, subject to
 42 the terms and conditions of the memorandum of understanding.

43 2. For taxable years beginning on or after January 1, 2029, a property information and analytics firm shall be subject to the provisions
 44 of subdivision B 2 of § ~~58.1-416~~ 58.1-416.1 only if the Authority certifies to the Department that it has at least 2,785 full-time
 45 employees as of January 1, 2029, in an eligible city, and from January 1, 2022, through December 31, 2028, has made or caused to be
 46 made a capital investment for its facilities in that eligible city of at least \$414.45 million. Once the Authority certifies a property
 47 information and analytics firm has met the job and capital investment requirements set forth in this subdivision, no additional
 48 certifications shall be required and the property information and analytics firm shall continue to be subject to the provisions of
 49 subdivision B 2 of § ~~58.1-416~~ 58.1-416.1 in all future taxable years.

50 C. The General Assembly finds that the growth of property information and analytics firms, including the capital investment and new
 51 jobs spurred by such growth, is essential to the continued fiscal health of the Commonwealth. Accordingly, the provisions of
 52 subsections A and B relating to capital investment and new jobs are integral to the purpose of this section. If any provision of this

section is for any reason held to be invalid or unconstitutional by the decision of a court of competent jurisdiction, that provision shall not be deemed severable.

§ 58.1-422.5. (Contingent effective date — See Editor's note) Internet root infrastructure providers.

A. As used in this section:

"Authority" means the Virginia Economic Development Partnership Authority.

"Eligible planning district" means Planning District 8.

2. For taxable years beginning on or after January 1, 2030, if the Authority certifies to the Department that all requirements of the memorandum of understanding have been satisfied, no additional certifications shall be required, and the Internet root infrastructure provider shall continue to be subject to the provisions of subdivision B 3 of § 58.1-416 58.1-416.1 in future taxable years.

C. The General Assembly finds that the presence of the Internet root infrastructure provider industry is essential to the continued fiscal health of the Commonwealth. If any provision of this section is for any reason held to be invalid or unconstitutional by the decision of a court of competent jurisdiction, that provision shall not be deemed severable.

12. That the Tax Commissioner shall develop guidelines implementing the provisions of the eleventh enactment. Such guidelines shall be exempt from the provisions of the Administrative Process Act (§ 2.2-4000 et seq.).
