However, unless a judge provides the sheriff with a written order stating that a substantial security risk exists in a particular case, no courtroom security deputies may be ordered by a judge for civil cases, not more than one deputy may be ordered by a judge for criminal cases in a district court, and not more than two deputies may be ordered by a judge for criminal cases in a circuit court. D. Should the scheduled opening date of any facility be delayed for which funds are available in this Item, the Director, Department of Planning and Budget, may allot such funds as the Compensation Board may request to allow the employment of staff for training purposes not more than 45 days prior to the rescheduled opening date for the facility.

E. Consistent with the provisions of paragraph B of Item 67, the board shall allocate the additional jail deputies provided in this appropriation using a ratio of one jail deputy for every 3.0 beds of operational capacity. Operational capacity shall be determined by the State Board of Local and Regional Jails. No additional deputy sheriffs shall be provided from this appropriation to a local jail in which the present staffing exceeds this ratio unless the jail is overcrowded. Overcrowding for these purposes shall be defined as when the average annual daily population exceeds the operational capacity. Should overcrowding be reduced or eliminated in any jail, the Compensation Board shall reallocate positions previously assigned due to overcrowding to other jails in the Commonwealth that are experiencing overcrowding.

F. Two-thirds of the salaries set by the Compensation Board of medical, treatment, and inmate classification positions approved by the Compensation Board for local correctional facilities shall be paid out of this appropriation.

G.1. Subject to appropriations by the General Assembly for this purpose, the Compensation Board shall provide for a master deputy pay grade to those sheriffs' offices which had certified, on or before January 1, 1997, having a career development plan for deputy sheriffs that meet the minimum criteria set forth by the Compensation Board for such plans. The Compensation Board shall allow for additional grade 9 positions, at a level not to exceed one grade 9 master deputy per every five Compensation Board grade 7 and 8 deputy positions in each sheriff's office.

2. Each sheriff who desires to participate in the Master Deputy Program who had not certified a career development plan on or before January 1, 1997, may elect to participate by certifying to the Compensation Board that the career development plan in effect in his office meets the minimum criteria for such plans as set by the Compensation Board. Such election shall be made by February 1 for an effective date of participation the following July 1.

3. Subject to appropriations by the General Assembly for this purpose, funding shall be provided by the Compensation Board for participation in the Master Deputy Program to sheriffs' offices electing participation after January 1, 1997, according to the date of receipt by the Compensation Board of the election by the sheriff.

H. The Compensation Board shall estimate biannually the number of additional law enforcement deputies which will be needed in accordance with § 15.2-1609.1, Code of Virginia. Such estimate of the number of positions and related costs shall be included in the board's biennial budget request submission to the Governor and General Assembly. The allocation of such positions, established by the Governor and General Assembly in Item 67 of this act, shall be determined by the Compensation Board on an annual basis. The annual allocation of these positions to local sheriffs' offices shall be based upon the most recent final population estimate for the locality that is available to the Compensation Board at the time when the agency's annual budget request is completed. C. The individual or entity responsible for operating any facility which receives funds from this Item may, if requested by the Department of Corrections, enter into an agreement with the department to accept the transfer of convicted felons, from other local facilities or from facilities operated by the Department of Corrections. In entering into any such agreements, or in effecting the transfer of offenders, the Department of Corrections shall consider the security requirements of transferred offenders and the capability of the local facility to maintain such offenders. For purposes of calculating the amount due each locality, all funds earned by the locality as a result of an agreement with the Department of Corrections shall be included as receipts from these appropriations.				
D. Out of this appropriation, an amount not to exceed \$377,010 the first year and \$377,010 the second year from the general fund, is designated to be held in reserve for unbudgeted medical expenses incurred by local correctional facilities in the care of state responsible felons.				
E. 2. No such payment shall be made unless the program has been approved by the Department of Corrections or the Department of Criminal Justice Services. Alternative punishment or alternative to incarceration programs, however, may include supervised work experience, treatment, and electronic monitoring programs.				
G.1. 2. Any locality covered by the provisions of this paragraph shall be exempt from the provisions thereof provided that the locally elected sheriff, with the assistance of the Compensation Board, enters into good faith negotiations to house his prisoners in an existing local or regional jail. In establishing the per diem rate and capital contribution, if any, to be charged to such locality by a local or regional jail, the Compensation Board and the local sheriff or regional jail authority shall consider the operating support and capital contribution made by the Commonwealth, as required by §§ 15.2-1613, 15.2-1615.1, 53.1-80, and 53.1-81, Code of Virginia. The Compensation Board shall report periodically to the Chairs of the House Appropriations and Senate Finance and Appropriations Committees on the progress of these negotiations and may withhold the exemption granted by this paragraph if, in the board's opinion, the local sheriff fails to negotiate in good faith.

Beginning July 1, 2009, the Compensation Board shall determine, by individual jail, the amount to be recovered by the Commonwealth by multiplying the jail's current inmate days for this population by the proportion of the jail's per inmate day operating costs provided by the Commonwealth, excluding payments otherwise provided for in this Item, as identified in the most recent Jail Cost Report prepared by the Compensation Board. If a jail is not included in the most recent Jail Cost Report, the Compensation Board shall use the statewide average of per inmate day salary funds provided by the Commonwealth.</p>			
	<p>2. The Compensation Board shall deduct the amount to be recovered by the Commonwealth from the facility's next quarterly per diem payment for state-responsible and local-responsible inmates. Should the next quarterly per diem payment owed the locality not be sufficient against which to net the total quarterly recovery amount, the locality shall remit the remaining amount not recovered to the Compensation Board.</p>			
	<p>3. Any local or regional jail which receives funding from the Compensation Board shall give priority to the housing of local-responsible, state-responsible, and state contract inmates, in that order, as provided in paragraph H.1.</p>			
	<p>4. The Compensation Board shall not provide any inmate per diem payments to any local or regional jail which holds federal inmates in excess of the number of beds contracted for with the Department of Corrections, unless the Director, Department of Corrections, certifies to the Chairman of the Compensation Board that a) such contract beds are not required; b) the facility has operational capacity built under contract with the federal government; c) the facility has received a grant from the federal government for a portion of the capital costs; or d) the facility has applied to the Department of Corrections for participation in the contract bed program with a sufficient number of beds to meet the Department of Corrections' need or ability to fund contract beds at that facility in any given fiscal year.</p>			
	<p>5. The Compensation Board shall apply the cost recovery methodology set out in paragraph H.1. of this Item to any jail which holds inmates from another state on a contractual basis. However, recovery in such circumstances shall not be made for inmates held pending extradition to other states or pending transfer to the Virginia Department of Corrections.</p>			
	<p>6. The provisions of this paragraph shall not apply to any local or regional jail where the cumulative federal share of capital costs exceeds the Commonwealth's cumulative capital contribution.</p>			
	<p>7. For a local or regional jail which operates bed space specifically built utilizing federal capital or grant funds for the housing of federal inmates and for which Compensation Board funding has never been authorized for staff for such bed space, the Compensation Board shall allow an exemption from the recovery provided in paragraph H.1. for a defined number of federal prisoners upon certification by the sheriff or superintendent that the federal government has paid for the construction of bed space in the facility or provided a grant for a portion of the capital cost. Such certification shall include specific funding amounts paid by the federal government, localities, and/or regional jail authorities, and the Commonwealth for the construction of bed space specifically built for the housing of federal inmates and for the construction of the jail facility in its entirety. The defined number of federal prisoners to be exempted from the recovery provided in paragraph H.1. shall be based upon the proportion of funding paid by the federal government and localities and/or regional jail authorities for the construction of bed space to house federal prisoners to the total funding paid by all sources, including the Commonwealth, for all construction costs for the jail facility in its entirety. For Western Tidewater Regional Jail, exemption from the recovery provided in paragraph H.1. shall apply to the first 76 federal inmates housed at the jail and for any inmate above 130 housed at the jail at any given time.</p>			
	<p>8. Beginning March 1, 2013, federal inmates placed in the custody of a regional jail</p>

However, no such exemption shall apply to any federal inmate while they are housed in the regional jail facility.</p> <p>I. Any amounts in the program Financial Assistance for Confinement of Inmates in Local and Regional Facilities, may be transferred between Items 60 and 61, as needed, to cover any deficits incurred in the programs Financial Assistance for Sheriffs' Offices and Regional Jails and Financial Assistance for Confinement of Inmates in Local and Regional Facilities.</p> <p>J.1. The Compensation Board shall provide an annual report on the number and diagnoses of inmates with mental illnesses in local and regional jails, the treatment services provided, and expenditures on jail mental health programs. The report shall be prepared in cooperation with the Virginia Sheriffs Association, the Virginia Association of Regional Jails, the Virginia Association of Community Services Boards, and the Department of Behavioral Health and Developmental Services, and shall be coordinated with the data submissions required for the annual jail cost report. Copies of this report shall be provided by November 1 of each year to the Governor, Director, Department of Planning and Budget, and the Chairs of the Senate Finance and Appropriations and House Appropriations Committees.</p> <p>2. Whenever a person is admitted to a local or regional correctional facility, the staff of the facility shall screen such person for mental illness using a scientifically validated instrument. The Commissioner of Behavioral Health and Developmental Services shall designate the instrument to be used for the screenings and such instrument shall be capable of being administered by an employee of the local or regional correctional facility, other than a health care provider, provided that such employee is trained in the administration of such instrument.</p> <p>K. Reimbursements by the Board are to be made quarterly, and shall be equal to demonstrated costs incurred by the County of Nottoway for confinement of these individuals, and shall not exceed the amounts provided in this paragraph for each fiscal year. Demonstrated costs may include expenses incurred in the last month of the prior fiscal year if not previously reimbursed. The County of Nottoway, the Virginia Center for Behavioral Rehabilitation, and Piedmont Regional Jail shall upon request provide the Compensation Board any information and assistance it determines is necessary to calculate amounts to be reimbursed to the County of Nottoway.</p> <p><i>L. The Compensation Board, in conjunction with the Board of Local and Regional Jails, shall survey local and regional jails to identify the jail staffing and jail space impacts of making inmates available to appear in virtual court hearings from within the jail facility where such inmate is housed. All local and regional jails shall cooperate in providing requested survey information, and the Office of the Executive Secretary of the Supreme Court shall assist in providing information regarding the prevalence of virtual court hearings for inmates incarcerated in jails, as well as assist the Compensation Board and the Board of Local and Regional Jails in evaluating jail impacts. The Compensation Board, in conjunction with the Board of Local and Regional Jails, shall report the results of such jail surveys and virtual court hearing information and potential recommendations for staffing needs in local and regional jails to address the identified frequency of virtual hearings requested by the court. The Board of Local and Regional Jails shall report potential recommendations for space needs to address such identified frequency. 3. B. No expenditure shall be made out of this Item for the employment of investigators, clerk-investigators or other investigative personnel in the office of an attorney for the Commonwealth.

C. Consistent with the provisions of § 19.2-349, Code of Virginia, attorneys for the Commonwealth may, in addition to the options otherwise provided by law, employ individuals to assist in collection of outstanding fines, costs, forfeitures, penalties, and restitution. Notwithstanding any other provision of law, beginning on the date upon which the order or judgment is entered, the costs associated with employing such individuals may be paid from the proceeds of the amounts collected provided that the cost is apportioned on a pro rata basis according to the amount collected which is due the state and that which is due the locality. The attorneys for the Commonwealth shall account for the amounts collected and apportion costs associated with the collections consistent with procedures issued by the Auditor of Public Accounts.

D. The provisions of this act notwithstanding, no Commonwealth's attorney, public defender or employee of a public defender, shall be paid or receive reimbursement for the state portion of a salary in excess of the salary paid to judges of the circuit court. Nothing in this paragraph shall be construed to limit the ability of localities to supplement the salaries of locally elected constitutional officers or their employees.

E. The Statewide Juvenile Justice project positions, as established under the provisions of Item 74 E, of Chapter 912, 1996 Acts of Assembly, and Chapter 924, 1997 Acts of Assembly, are continued under the provisions of this act. The Commonwealth's attorneys receiving such positions shall annually certify to the Compensation Board that the positions are used primarily, if not exclusively, for the prosecution of delinquency and domestic relations felony cases, as defined by Chapters 912 and 924. In the event the positions are not primarily or exclusively used for the prosecution of delinquency and domestic relations felony cases, the Compensation Board shall reallocate such positions by using the allocation provisions as provided for the board in Item 74 E of Chapters 912 and 924.

F. The Compensation Board shall monitor the Department of Taxation program regarding the collection of unpaid fines and court costs by private debt collection firms contracted by Commonwealth's attorneys and shall include, in its annual report to the General Assembly on the collection of court-ordered fines and fees for clerks of the courts and Commonwealth's attorneys, the amount of unpaid fines and costs collected by this program.

G. Out of this appropriation, \$685,705 the first year and \$685,705 the second year from the general fund is designated for the Compensation Board to fund five additional positions in Commonwealth's attorney's offices that shall be dedicated to prosecuting gang-related criminal activities. The board shall ensure that these positions work across

jurisdictional lines, serving the Northern Virginia area (counties of Fairfax, Loudoun, Prince William, and Arlington and the cities of Falls Church, Alexandria, Manassas, Manassas Park and Fairfax).

H. In accordance with the provisions of § 19.2-349, Code of Virginia, attorneys for the Commonwealth may employ individuals, or contract with private attorneys, private collection agencies, or other state or local agencies, to assist in collection of delinquent fines, costs, forfeitures, penalties, and restitution. If the attorney for the Commonwealth employs individuals, the costs associated with employing such individuals may be paid from the proceeds of the amounts collected provided that the cost is apportioned on a pro rata basis according to the amount collected which is due the state and that which is due the locality. If the attorney for the Commonwealth does not undertake collection, the attorney for the Commonwealth shall, as soon as practicable, take steps to ensure that any agreement or contract with an individual, attorney or agency complies with the terms of the current Master Guidelines Governing Collection of Unpaid Delinquent Court-Ordered Fines and Costs Pursuant to Virginia Code § 19.2-349 promulgated by the Office of the Attorney General, the Executive Secretary of the Supreme Court, the Department of Taxation, and the Compensation Board ("the Master Guidelines"). Notwithstanding any other provision of law, the delinquent amounts owed shall be increased by seventeen (17) percent to help offset the costs associated with employing such individuals or contracting with such agencies or individuals. If such increase would exceed the contracted collection agent's fee, then the delinquent amount owed shall be increased by the percentage or amount of the collection agent's fee. Effective July 1, 2015, as provided in § 19.2-349, Code of Virginia, treasurers not being compensated on a contingency basis as of January 1, 2015 shall be prohibited from being compensated on a contingency basis but shall instead be compensated for administrative costs pursuant to § 58.1-3958, Code of Virginia. Treasurers currently collecting a contingency fee shall be eligible to contract on a contingency fee basis. Effective July 1, 2015, any treasurer collecting a contingency fee shall retain only the expenses of collection, and the excess collection shall be divided between the state and the locality in the same manner as if the collection had been done by the attorney for the Commonwealth. The attorneys for the Commonwealth shall account for the amounts collected and the fees and costs associated with the collections consistent with procedures issued by the Auditor of Public Accounts.

I. Notwithstanding the provisions of Article 7, Chapter 4, Title 38, Code of Virginia, beginning July 1, 2018, \$600,000 each year from the Insurance Fraud Fund is included in this appropriation to fund multi-jurisdictional Assistant Commonwealth's Attorney positions that shall be dedicated to prosecuting insurance fraud and related criminal activities. The Department of State Police shall identify those jurisdictions most affected by insurance fraud based upon data provided by the Virginia State Police Insurance Fraud Program. The Virginia State Police Insurance Fraud Program shall ensure that these positions work across jurisdictional lines, serving jurisdictions identified as most in need of these resources as supported by data. These funds shall remain unallocated until the Compensation Board and Virginia State Police notify the Director of the Department of Planning and Budget of the joint agreements reached with the Commonwealth's Attorneys of the jurisdictions receiving the additional Assistant Commonwealth's Attorney positions and the jurisdictions to be served by these positions. The Commonwealth's Attorneys receiving such positions shall annually certify to the Compensation Board that these positions are used primarily, if not exclusively, for the prosecution of insurance fraud and related criminal activities.

J. Any locality in the Commonwealth that employs the use of body worn cameras for its law enforcement officers shall be required to establish and fund one full-time equivalent entry-level Assistant Commonwealth's Attorney, at a salary no less than that established by the Compensation Board for an entry-level Commonwealth's Attorney, at a rate of one Assistant Commonwealth's Attorney for up to 75 body worn cameras employed for use by local law enforcement officers, and one Assistant Commonwealth's Attorney for every 75 body worn cameras employed for use by local law enforcement officers, thereafter. However, with the consent of the Commonwealth's Attorney, a locality may provide their Commonwealth's Attorney's office with additional funding, using a different formula than stated above, as needed to accommodate the additional workload resulting from the requirement to review, redact and present footage from body worn cameras. If, as of July 1, 2019, a locality is providing additional funding to the Commonwealth's Attorney's office specifically to address the staffing and workload impact of the implementation of body worn cameras on that office,

that additional funding shall be credited to the formula used in that locality. Any agreed upon funding formula between the impacted Commonwealth's Attorney and the locality employing body worn cameras shall be filed with the Compensation Board by July 1 of each year and shall remain in effect unless modified by the agreement of both parties until June 30th of the following year. The term "locality" means every county or independent city with an Attorney for the Commonwealth. The term "employed for use" includes all body worn cameras maintained by the law enforcement agency or agencies of that locality, regardless of any temporary inoperability.

K. Included in this appropriation is \$2,989,659 the first year and \$3,351,136 the second year from the general fund for the allocation of 18 additional paralegal positions and 29 additional Assistant Commonwealth Attorney positions.

L.1. Out of the amounts in this item, \$5,506,783 from the general fund the second year is for the allocation of 70 additional Assistant Commonwealth's Attorney positions, to be distributed in accordance with current staffing standard needs to assist with anticipated workload increases resulting from implementation of House Bill 2723 and Senate Bill 1466 of the 2025 Acts of Assembly. Localities shall utilize such funding to supplement, not supplant, local funds provided for salaries of Commonwealth's Attorneys and their employees. Any amounts provided in this paragraph not expended by June 30, 2026, shall not revert to the general fund and shall carryforward to support anticipated expenses in the next biennium.

2. If directed by the Compensation Board to do so, all Commonwealth's Attorneys' offices shall report, in such format and on such timeline as prescribed by the Board, required information regarding workloads directly resulting from implementation of the bills' provisions.

M. Included in this appropriation is \$270,970 the second year from the general fund to convert the Bath County Commonwealth's Attorney's Office and the Highland County Commonwealth's Attorney's Office from part- to full-time status, effective July 1, 2025.

S. Effective July 1, 2016, the Compensation Board is authorized to withhold reimbursements due to the locality for sheriff's law enforcement expenses if the sheriff fails to certify to the Board that the sheriff's office is compliant with the sex offender registration requirements of § 9.1-903, Code of Virginia. Upon subsequent certification by the sheriff that the sheriff's office is compliant with the sex offender registration requirements of § 9.1-903, Code of Virginia, the Compensation Board shall make reimbursement of withheld funding due to the locality when such subsequent certification is made within the same fiscal year that funds have been withheld.

T. Consistent with the provisions of Chapter 198 of the 2017 Session of the General Assembly, the Executive Secretary of the State Compensation Board shall implement the recommendations relating to the State Compensation Board made by the Department of Medical Assistance Services in its November 30, 2017 report on streamlining the Medicaid application and enrollment process for incarcerated individuals.

V.1. The Compensation Board shall work with the Virginia Circuit Court Clerks' Association to examine the staffing standards used to determine and distribute funding and positions allocated to circuit court clerks' offices. The examination shall identify funding needs to support staffing for statutorily prescribed duties, as well as any discretionary duties and current local supplemental funds allocated. To assist in this goal, the Compensation Board shall contract with the National Center for State Courts (the Center) to perform a time study as to the comprehensive duties and responsibilities of circuit court clerks including, but not limited to, expungement/rights restoration and sealing volume as well as other obligations reflected in the Code of Virginia (e.g. duties prescribed under Title 17.1 et seq). The Compensation Board shall develop a revised staffing standard for circuit court clerks' offices based on the results of the study. The Compensation Board shall report its recommendations to the Chairs of the House Appropriations and Senate Finance and Appropriations Committees by October 1, 2026, and shall provide an interim report to the Chairs by November 1, 2025, on the plan for assessing such information.

A. Definitions

1. "March 31 Average Daily Membership," or "March 31 ADM" - The responsible school division's average daily membership for grades K-12 including (1) handicapped students ages 5-21 and (2) students for whom English is a second language who entered school for the first time after reaching their twelfth birthday, and who have not reached twenty-two years of age on or before August 1 of the school year, for the first seven (7) months (or equivalent period) of the school year through March 31 in which state funds are distributed from this appropriation. Preschool and postgraduate students shall not be included in March 31 ADM.

a. School divisions shall take a count of September 30 fall membership and report this information to the Department of Education no later than October 15 of each year.

b. Except as otherwise provided herein, by statute, or by precedent, all appropriations to the Department of Education shall be calculated using March 31 ADM unadjusted for half-day kindergarten programs, estimated at ~~1,212,152.38~~ 1,214,292.30 the first year and ~~1,209,772.52~~ 1,213,645.50 the second year. March 31 ADM for half-day kindergarten shall be adjusted at 85 percent.

c. Students who are either (i) enrolled in a nonpublic school or (ii) receiving home instruction pursuant to § 22.1-254.1 and who are enrolled in a public school on less than a full-time basis in any mathematics, science, English, history, social science, vocational education, health education or physical education, fine arts or foreign language course, or receiving special education services required by a student's individualized education plan, shall be counted in the funded fall membership and March 31 ADM of the responsible school division. Each course shall be counted as 0.25, up to a cap of 0.5 of a student.

d. Students enrolled in an Individualized Student Alternative Education Program (ISAEP) pursuant to § 22.1-254 E shall be counted in the March 31 Average Daily Membership of the responsible school division. School divisions shall report these students separately in their March 31 reports of Average Daily Membership.

2. "Standards of Quality" - Operations standards for grades kindergarten through 12 as prescribed by the Board of Education subject to revision by the General Assembly.

3.a. "Basic Operation Cost" - The cost per pupil, including provision for the number of instructional personnel required by the Standards of Quality for each school division with a minimum ratio of 51 professional personnel for each 1,000 pupils or proportionate number thereof, in March 31 ADM for the same fiscal year for which the costs are computed, and including provision for driver, gifted, occupational-vocational, and special education, library materials and other teaching materials, teacher sick leave, general administration, division superintendents' salaries, free textbooks (including those for free and reduced price lunch pupils), operation and maintenance of school plant, transportation of pupils, instructional television, professional and staff improvement, remedial work, fixed charges and other costs in programs not funded by other state and/or federal aid.

4.a. "Composite Index of Local Ability-to-Pay" - An index figure computed for each locality. The composite index is the sum of 2/3 of the index of wealth per pupil in unadjusted March 31 ADM reported for the first seven (7) months of the 2021-2022 school year and 1/3 of the index of wealth per capita (population estimates for 2021 as determined by the Weldon Cooper Center for Public Service of the University of Virginia) multiplied by the local nominal share of the costs of the Standards of Quality of 0.45 in each year. The indices of wealth are determined by combining the following constituent index elements with the indicated weighting: (1) true values of real estate and public service corporations as reported by the State Department of Taxation for the calendar year 2021 - 50 percent; (2) adjusted gross income for the calendar year 2021 as reported by the State Department of Taxation - 40 percent; (3) the sales for the calendar year 2021 which are subject to the state general sales and use tax, as reported by the State Department of Taxation - 10 percent. Each constituent index element for a locality is its sum per March

	<p>31 ADM, or per capita, expressed as a percentage of the state average per March 31 ADM, or per capita, for the same element. A locality whose composite index exceeds 0.8000 shall be considered as having an index of 0.8000 for purposes of distributing all payments based on the composite index of local ability-to-pay. Each constituent index element for a locality used to determine the composite index of local ability-to-pay for the current biennium shall be the latest available data for the specified official base year provided to the Department of Education by the responsible source agencies no later than November 15, 2023.</p>			
	<p>b. For any locality whose total calendar year 2021 Virginia Adjusted Gross Income is comprised of at least 3 percent or more by nonresidents of Virginia, such nonresident income shall be excluded in computing the composite index of ability-to-pay. The Department of Education shall compute the composite index for such localities by using adjusted gross income data which exclude nonresident income, but shall not adjust the composite index of any other localities. The Department of Taxation shall furnish to the Department of Education such data as are necessary to implement this provision.</p>			
	<p>c.1) Notwithstanding the funding provisions in § 22.1-25 D, Code of Virginia, additional state funding for future consolidations shall be as set forth in future Appropriation Acts.</p>			
	<p>2) In the case of the consolidation of Bedford County and Bedford City school divisions, the fifteen year period for the application of a new composite shall apply beginning with the fiscal year that starts on July 1, 2013. The composite index established by the Board of Education shall equal the lowest composite index that was in effect prior to July 1, 2013, of any individual localities involved in such consolidation, and this index shall remain in effect for a period of fifteen years, unless a lower composite index is calculated for the combined division through the process for computing an index as set forth above.</p>			
	<p>3) If the composite index of a consolidated school division is reduced during the course of the fifteen year period to a level that would entitle the school division to a lower interest rate for a Literary Fund loan than it received when the loan was originally released, the Board of Education shall reduce the interest rate of such loan for the remainder of the period of the loan. Such reduction shall be based on the interest rate that would apply at the time of such adjustment. This rate shall remain in effect for the duration of the loan and shall apply only to those years remaining to be paid.</p>			
	<p>d. When it is determined that a substantial error exists in a constituent index element, the Department of Education will make adjustments in funding for the current school year only in the division where the error occurred. The composite index of any other locality shall not be changed as a result of the adjustment. No adjustment during the biennium will be made as a result of updating of data used in a constituent index element.</p>			
	<p>e. In the event that any school division consolidates two or more small schools, the division shall continue to receive Standards of Quality funding and provide for the required local expenditure for a period of five years as if the schools had not been consolidated. Small schools are defined as any elementary, middle, or high school with enrollment below 200, 300 and 400 students, respectively.</p>			
	<p>5. "Required Local Expenditure for the Standards of Quality" - The locality's share based on the composite index of local ability-to-pay of the cost required by all the Standards of Quality minus its estimated revenues from the state sales and use tax dedicated to public education, and those sales tax revenues transferred to the general fund from the Public Education Standards of Quality/Local Real Estate Property Tax Relief Fund and appropriated in this Item, both of which are returned on the basis of the latest yearly estimate of school age population provided by the Weldon Cooper Center for Public Service, as specified in this Item, collected by the Department of Education and distributed to school divisions in the fiscal year in which the school year begins.</p>			
	<p>6. "Required Local Match" - The locality's required share of program cost based on the composite index of local ability-to-pay for all Lottery and Incentive programs, where required, in which the school division has elected to participate in a fiscal year.</p>			
	<p>7. "Planning District Eight" - The nine localities which comprise Planning District Eight are Arlington County, Fairfax County, Loudoun County, Prince William County, Alexandria City, Fairfax City, Falls Church City, Manassas City, and Manassas Park City.</p>

	First Year FY2025	Second Year FY2026	First Year FY2025	Second Year FY2026
8. "State Share of the Standards of Quality" - The state share of the Standards of Quality (SOQ) shall be equal to the total funded SOQ cost for a school division less the school division's estimated revenues from the state sales and use tax dedicated to public education based on the latest yearly estimate of school age population provided by the Weldon Cooper Center for Public Service, adjusted for the state's share of the composite index of local ability to pay.				
9. Entitlements under this Item that use school-level or division-level Free Lunch eligibility percentages to determine the entitlement amounts are based on the most recent data available as of the biennial rebenchmarking calculations made for the current biennium. For schools that participate in the Community Eligibility Provision program, such entitlements are based on the most recent Free Lunch eligibility data available prior to that school's enrollment in the Community Eligibility Provision program.				
10. In the event that the general fund appropriations in this Item are not sufficient to meet the entitlements payable to school divisions pursuant to the provisions of this Item, the Department of Education is authorized to transfer any available general fund funds between these Items to address such insufficiencies. If the total general fund appropriations after such transfers remain insufficient to meet the entitlements of any program funded with general fund dollars, the Department of Education is authorized to prorate such shortfall proportionately across all of the school divisions participating in any program where such shortfall occurred.				
11. The Department of Education is directed to apply a cap on inflation rates in the same manner prescribed in § 51.1-166.B, Code of Virginia, when updating funding to school divisions during the biennial rebenchmarking process.				
12. Notwithstanding any other provision in statute or in this Item, the Department of Education is directed to combine the end-of-year Average Daily Membership (ADM) for those school divisions who have partnered together as a fiscal agent division and a contractual division for the purposes of calculating prevailing costs included in the Standards of Quality (SOQ).				
13. Notwithstanding any other provision in statute or in this Item, the Department of Education is directed to include zeroes in the linear weighted average calculation of support non-personal costs for the purpose of calculating prevailing costs included in the Standards of Quality (SOQ).				
14. Notwithstanding any other provision in statute or in this Item, the Department of Education is directed to eliminate the corresponding and appropriate object code(s) related to reported travel expenditures included the linear weighted average non-personal cost calculations for the purpose of calculating prevailing costs included in the Standards of Quality (SOQ).				
15. Notwithstanding any other provision in statute or in this Item, the Department of Education is directed to eliminate the corresponding and appropriate object code(s) related to reported leases and rental and facility expenditures included the linear weighted average non-personal cost calculations for the purpose of calculating prevailing costs included in the Standards of Quality (SOQ).				
16. Notwithstanding any other provision in statute or in this Item, the Department of Education is directed to fund transportation costs using a 15 year replacement schedule, which is the national standard guideline, for school bus replacement schedule for the purpose of calculating funded transportation costs included in the Standards of Quality (SOQ).				
17. To provide additional flexibility, notwithstanding the provisions of § 22.1-79.1, Code of Virginia, any school division that was granted a waiver regarding the opening date of the school year for the 2011-2012 school year under the good cause requirements shall continue to be granted a waiver for the 2024-2025 school year and the 2025-2026 school year.

a.1) Payment by the state to a local school division shall be based on the state share of fringe benefit costs of 55 percent of the employer's cost distributed on the basis of the composite index.

2) A locality whose composite index exceeds 0.8000 shall be considered as having an index of 0.8000 for purposes of distributing fringe benefit funds under this provision.

3) The state payment to each school division for retirement, social security, and group life insurance costs for non-instructional personnel is included in and distributed through Basic Aid.

b. Payments to school divisions from this Item shall be calculated using March 31 Average Daily Membership adjusted for half-day kindergarten programs.

c. Payments for health insurance fringe benefits are included in and distributed through Basic Aid.

2. Each locality shall offer a school program for all its eligible pupils which is acceptable to the Department of Education as conforming to the Standards of Quality program requirements.

3. In the event the statewide number of pupils in March 31 ADM results in a state share of cost exceeding the general fund appropriation in this Item, the locality's state share of Basic Aid shall be reduced proportionately so that this general fund appropriation will not be exceeded. In addition, the required local share of Basic Aid shall also be reduced proportionately to the reduction in the state's share.

4. The Department of Education shall make equitable adjustments in the computation of indices of wealth and in other state-funded accounts for localities affected by annexation, unless a court of competent jurisdiction makes such adjustments. However, only the indices of wealth and other state-funded accounts of localities party to the annexation will be adjusted.

5. In the event that the actual revenues from the state sales and use tax dedicated to public education and those sales tax revenues transferred to the general fund from the Public Education Standards of Quality/Local Real Estate Property Tax Relief Fund and appropriated in this Item (both of which are returned on the basis of the latest yearly estimate of school age population provided by the Weldon Cooper Center for Public Service) for sales in the fiscal year in which the school year begins are different from the number estimated as the basis for this appropriation, the estimated state sales and use tax revenues shall not be adjusted.

6. This appropriation shall be apportioned to the public schools with guidelines established by the Department of Education consistent with legislative intent as expressed in this act.

7.a. Appropriations of state funds in this Item include the number of positions required by the Standards of Quality. This Item includes a minimum of 51 professional instructional positions and aide positions (C 5); Education of the Gifted, 1.0 professional instructional position (C 6); Occupational-Vocational Education Payments and Special Education Payments; a minimum of 6.0 professional instructional positions and aide positions (C 7 and C 8) for each 1,000 pupils in March 31 ADM each year in support of the current Standards of Quality. 	for the federal free lunch program with a pupil-teacher ratio range of 18:1 to 10:1, depending upon a school division's combined failure rate on the English and Math Standards of Learning, is included in Remedial Education Payments (€ 9).			
	b. No actions provided in this section signify any intent of the General Assembly to mandate an increase in the number of instructional personnel per 1,000 students above the numbers explicitly stated in the preceding paragraph.			
	c. Appropriations in this Item include programs supported in part by transfers to the general fund from the Public Education Standards of Quality/Local Real Estate Property Tax Relief Fund pursuant to Part 3 of this Act. These transfers combined together with other appropriations from the general fund in this Item funds the state's share of the following revisions to the Standards of Quality pursuant to Chapters 939 & 955 of the Acts of Assembly of 2004: five elementary resource teachers per 1,000 students; one support technology position per 1,000 students; one instructional technology position per 1,000 students; and a full daily planning period for teachers at the middle and high school levels in order to relieve the financial pressure these education programs place on local real estate taxes.			
	d. To provide flexibility, school divisions may use the state and local funds for instructional technology resource teachers required by the Standards of Quality to employ a data coordinator position, an instructional technology resource teacher position, or a data coordinator/instructional resource teacher blended position. The data coordinator position is intended to serve as a resource to principals and classroom teachers in the area of data analysis and interpretation for instructional and school improvement purposes, as well as for overall data management and administration of state assessments. School divisions using these SOQ funds in this manner shall only employ instructional personnel licensed by the Board of Education.			
	e. To provide flexibility in the provision of reading intervention services, school divisions may use the state Early Reading Intervention initiative funding provided from the Lottery Proceeds Fund and the required local matching funds to employ reading specialists to provide the required reading intervention services. School divisions using the Early Reading Intervention Initiative funds in this manner shall only employ instructional personnel licensed by the Board of Education.			
	f. To provide flexibility in the provision of mathematics intervention services, school divisions may use the state Standards of Learning Algebra Readiness initiative funding provided from the Lottery Proceeds Fund and the required local matching funds to employ mathematics teacher specialists to provide the required mathematics intervention services. School divisions using the Standards of Learning Algebra Readiness initiative funding in this manner shall only employ instructional personnel licensed by the Board of Education.			
	g. Notwithstanding the provisions of subsection H 1 of § 22.1-253.13:2 of the Code of Virginia, each local school board shall employ, at a minimum, one full-time principal in each elementary school.			
	h. Notwithstanding the provisions of subsection G of § 22.1-253.13:2 of the Code of Virginia, school boards may employ other staff such as reading coaches or other instructional staff who are working towards obtaining the training and licensure requirements necessary to fulfill the reading specialist staffing standards.			
	8.a.1) Pursuant to § 22.1-97, Code of Virginia, the Department of Education is required to make calculations at the start of the school year to ensure that school divisions have appropriated adequate funds to support their estimated required local expenditure for the corresponding state fiscal year. In an effort to reduce the administrative burden on school divisions resulting from state data collections, such as the one needed to make the aforementioned calculations, the requirements of § 22.1-97, Code of Virginia, pertaining to the adequacy of estimated required local expenditures, shall be satisfied by signed certification by each division superintendent at the beginning of each school year that sufficient local funds have been budgeted to meet all state required local effort and required local match amounts. This provision shall only apply to calculations required of the Department of Education related to estimated required local expenditures and shall not pertain to the calculations associated with actual required local expenditures after the close

of the school year.

2) The Department of Education shall also make calculations after the close of the school year to verify that the required local effort level, based on actual March 31 Average Daily Membership, was met. Pursuant to § 22.1-97, Code of Virginia, the Department of Education shall report annually, no later than the first day of the General Assembly session, to the House Committees on Education and Appropriations and the Senate Committees on Finance and Appropriations and Education and Health, the results of such calculations made after the close of the school year and the degree to which each school division has met, failed to meet, or surpassed its required local expenditure. The Department of Education shall specify the calculations to determine if a school division has expended its required local expenditure for the Standards of Quality. This calculation may include but is not limited to the following calculations:

b. The total expenditures for operation, defined as total expenditures less all capital outlays, expenditures for debt service, facilities, non-regular day school programs (such as adult education, preschool, and non-local education programs), and any transfers to regional programs will be calculated.

c. The following state funds will be deducted from the amount calculated in paragraph a. above: revenues from the state sales and use tax (returned on the basis of the latest yearly estimate of school age population provided by the Weldon Cooper Center for Public Service, as specified in this Item) for sales in the fiscal year in which the school year begins; total receipts from state funds (except state funds for non-regular day school programs and state funds used for capital or debt service purposes); and the state share of any balances carried forward from the previous fiscal year. Any qualifying state funds that remain unspent at the end of the fiscal year will be added to the amount calculated in paragraph a. above.

d. Federal funds, and any federal funds carried forward from the previous fiscal year, will also be deducted from the amount calculated in paragraph a. above. Any federal funds that remain unspent at the end of the fiscal year and any capital expenditures paid from federal funds will be added to the amount calculated in paragraph a. above.

e. Tuition receipts, receipts from payments from other cities or counties, and fund transfers will also be deducted from the amount calculated in paragraph a, then

f. The final amount calculated as described above must be equal to or greater than the required local expenditure defined in paragraph A. 5.

g. The Department of Education shall collect the data necessary to perform the calculations of required local expenditure as required by this section.

h. A locality whose expenditure in fact exceeds the required amount from local funds may not reduce its expenditures unless it first complies with all of the Standards of Quality.

9.a. Any required local matching funds which a locality, as of the end of a school year, has not expended, pursuant to this Item, for the Standards of Quality shall be paid by the locality into the general fund of the state treasury. Such payments shall be made not later than the end of the school year following that in which the under expenditure occurs.

b. Whenever the Department of Education has recovered funds as defined in the preceding paragraph a., the Secretary of Education is authorized to repay to the locality affected by that action, seventy-five percent (75%) of those funds upon his determination that:

1) The local school board agrees to include the funds in its June 30 ending balance for the year following that in which the under expenditure occurs;

2) The local governing body agrees to reappropriate the funds as a supplemental appropriation to the approved budget for the second year following that in which the under expenditure occurs, in an appropriate category as requested by the local school board, for the direct benefit of the students;

3) The local school board agrees to expend these funds, over and above the funds required to meet the required local expenditure for the second year following that in which the under expenditure occurs, for a special project, the details of which must be furnished to the

Department of Education for review and approval;				
4) The local school board agrees to submit quarterly reports to the Department of Education on the use of funds provided through this project award; and				
5) The local governing body and the local school board agree that the project award will be cancelled and the funds withdrawn if the above conditions have not been met as of June 30 of the second year following that in which the under expenditure occurs.				
c. There is hereby appropriated, for the purposes of the foregoing repayment, a sum sufficient, not to exceed 75 percent of the funds deposited in the general fund pursuant to the preceding paragraph a.				
10. The Department of Education shall specify the manner for collecting the required information and the method for determining if a school division has expended the local funds required to support the actual local match based on all Lottery and Incentive programs in which the school division has elected to participate. Unless specifically stated otherwise in this Item, school divisions electing to participate in any Lottery or Incentive program that requires a local funding match in order to receive state funding, shall certify to the Department of Education its intent to participate in each program by July 1 each fiscal year in a manner prescribed by the Department of Education. As part of this certification process, each division superintendent must also certify that adequate local funds have been appropriated, above the required local effort for the Standards of Quality, to support the projected required local match based on the Lottery and Incentive programs in which the school division has elected to participate. State funding for such program(s) shall not be made until such time that the school division can certify that sufficient local funding has been appropriated to meet required local match. The Department of Education shall make calculations after the close of the fiscal year to verify that the required local match was met based on the state funds that were received.				
11. Any sum of local matching funds for Lottery and Incentive program which a locality has not expended as of the end of a fiscal year in support of the required local match pursuant to this Item shall be paid by the locality into the general fund of the state treasury unless the carryover of those unspent funds is specifically permitted by other provisions of this act. Such payments shall be made no later than the end of the school year following that in which the under expenditure occurred.				
12. The Superintendent of Public Instruction shall provide a report annually, no later than the first day of the General Assembly session, on the status of teacher salaries, by local school division, to the Governor and the Chairs of the Senate Finance and Appropriations and House Appropriations Committees. In addition to information on average salaries by school division and statewide comparisons with other states, the report shall also include information on starting salaries by school division and average teacher salaries by school.				
13. All state and local matching funds required by the programs in this Item shall be appropriated to the budget of the local school board.				
14. By November 1 of each year, the Department of Planning and Budget, in cooperation with the Department of Education, shall prepare and submit a preliminary forecast of Standards of Quality expenditures, based upon the most current data available, to the Chairs of the House Appropriations and Senate Finance and Appropriations Committees. In odd-numbered years, the forecast for the current and subsequent two fiscal years shall be provided. In even-numbered years, the forecast for the current and subsequent fiscal year shall be provided. The forecast shall detail the projected March 31 Average Daily Membership and the resulting impact on the education budget.				
15. Except as otherwise provided in this act, the Superintendent of Public Instruction shall provide guidelines for the distribution and expenditure of general fund appropriations and such additional federal, private and other funds as may be made available to aid in the establishment and maintenance of the public schools.				
16. At the Department of Education's option, fees for audio-visual services may be deducted from state Basic Aid payments for individual local school divisions.				
17. For distributions not otherwise specified, the Department of Education, at its option,

The amount of the actual transfers will be based on data accumulated during the prior school year.

e. 1) The apportionment to localities of all driver education revenues received during the school year shall be made as an undesignated component of the state share of Basic Aid in accordance with the provisions of this Item. Only school divisions complying with the standardized program established by the Board of Education shall be entitled to participate in the distribution of state funds appropriated for driver education. The Department of Education will deduct a designated amount per pupil from a school division's Basic Aid payment when the school division is not in compliance with § 22.1-205 C, Code of Virginia. 9.	At Risk Add-On

Funding shall be matched by the local government based on the composite index of local ability-to-pay.			
c. Additionally, if an academic or other review process undertaken pursuant to § 22.1-253.13:3, Code of Virginia, has identified actions for a local school board to implement, the Superintendent of Public Instruction shall determine and report to the Board of Education whether the local school board has implemented required actions. If the Superintendent certifies that a local school board has failed or refused to meet any of those obligations as referenced in a memorandum of understanding between the local school board and the Board of Education, the Board of Education shall withhold payment of some or all At-Risk Add-On funds otherwise allocated to the affected division pursuant to this allocation for the pending fiscal year. 10. Regional Alternative Education Programs

a. An additional state payment of ~~\$10,680,318~~ \$10,682,684 the first year and ~~\$11,247,727~~ \$10,949,677 the second year from the Lottery Proceeds Fund shall be disbursed for Regional Alternative Education programs. Such programs shall be for the purpose of educating certain expelled students and, as appropriate, students who have received suspensions from public schools and students returned to the community from the Department of Juvenile Justice.

b. Each regional program shall have a small student/staff ratio. Such staff shall include, but not be limited to education, mental health, health, and law enforcement professionals, who will collaborate to provide for the academic, psychological, and social needs of the students. Each program shall be designed to ensure that students make the transition back into the "mainstream" within their local school division.

c.(i) Regional alternative education programs are funded through this Item based on the state's share of the incremental per pupil cost for providing such programs. This incremental per pupil payment shall be adjusted for the composite index of local ability-to-pay of the school division that counts such students attending such program in its March 31 Average Daily Membership. It is the intent of the General Assembly that this incremental per pupil amount be in addition to the basic aid per pupil funding provided to the affected school division for such students. Therefore, local school divisions are encouraged to provide the appropriate portion of the basic aid per pupil funding to the regional programs for students attending these programs, adjusted for costs incurred by the school division for transportation, administration, and any portion of the school day or school year that the student does not attend such program.

(ii) In the event a school division does not use all of the student slots it is allocated under this program, the unused slots may be reallocated or transferred to another school division.

(a) A school division must request from the Department of Education the availability and possible use of any unused student slots. If any unused slots are available and if the requesting school division chooses to utilize any of the unused slots, the requesting school division shall only receive the state's share of tuition for the unused slot that was allocated in this Item for the originally designated school division.

(b) However, no requesting school division shall receive more tuition funding from the state for any requested unused slot than what would have been the calculated amount for the requesting school division had the unused slot been allocated to the requesting school division in the original budget. Furthermore, the requesting school division shall pay for any remaining tuition payment necessary for using a previously unused slot.

(c) The Department of Education shall provide assistance for the state share of the incremental cost of Regional Alternative Education program operations based on the composite index of local ability-to-pay.

d. Out of the appropriation included in paragraph C.38. of this item, ~~\$549,105~~ \$549,281 the first year and ~~\$1,113,010~~ \$1,115,929 the second year from the Lottery Proceeds Fund is provided for a compensation supplement payment equal to 3.0 percent of base pay on July 1, 2024, and 3.0 percent of base pay on July 1, 2025, for Regional Alternative Education Program instructional and support positions.

e. In the second year, the Department of Education shall conduct a biennial application process to determine the slot allocation of the regional alternative education program for the subsequent biennium. Each school division, or the fiscal agent for each regional program, shall apply for the desired number of student slots from the statewide total number of slots funded in the state formula. The approved number of slots shall be set for both years of the biennium. The Department of Education shall prorate initial application requests if the initial application demand for slots exceeds the number of slots available. In each fiscal year, the

Department of Education shall reallocate any unused student slots as prescribed in this item.

11. Remedial Summer School

a. This appropriation includes ~~\$36,359,040~~\$33,444,383 the first year and \$34,291,832 the second year from the general fund for the state's share of Remedial Summer School Programs. These funds are available to school divisions for the operation of programs designed to remediate students who are required to attend such programs during a summer school session or during an intersession in the case of year-round schools. These funds may be used in conjunction with other sources of state funding for remediation or intervention. School divisions shall have maximum flexibility with respect to the use of these funds and the types of remediation programs offered; however, in exercising this flexibility, students attending these programs shall not be charged tuition and no high school credit may be awarded to students who participate in this program.

b. For school divisions charging students tuition for summer high school credit courses, consideration shall be given to students from households with extenuating financial circumstances who are repeating a class in order to graduate.

12. K-3 Primary Class Size Reduction Payments

a. An additional payment estimated at ~~\$163,843,284~~\$156,375,875 the first year and ~~\$164,595,097~~\$163,084,946 the second year from the Lottery Proceeds Fund shall be disbursed by the Department of Education as an incentive for reducing class sizes in the primary grades.

b. The Department of Education shall calculate the payment based on the incremental cost of providing the lower class sizes based on the lower of the division average per pupil cost of all divisions or the actual division per pupil cost.

c. Localities are required to provide a match for these funds based on the composite index of local ability-to-pay.

d. By October 15 of each year school divisions must provide data to the Department of Education that each participating school has a September 30 pupil/teacher ratio in grades K through 3 that meet the following criteria:

Qualifying School Percentage of Students Approved	Grades K-3	Maximum Individual
Eligible for Free Lunch, Three-Year Average	School Ratio	K-3 Class Size
30% but less than 45%	19 to 1	24
45% but less than 55%	18 to 1	23
55% but less than 65%	17 to 1	22
65% but less than 70%	16 to 1	21
70% but less than 75%	15 to 1	20
75% or more	14 to 1	19

e. School divisions may elect to have eligible schools participate at a higher ratio, or only in a portion of grades kindergarten through three, with a commensurate reduction of state and required local funds, if local conditions do not permit participation at the established ratio and/or maximum individual class size. In the event that a school division requires additional actions to ensure participation at the established ratio and/or maximum individual class size, such actions must be completed by December 1 of the impacted school year. Special education teachers and instructional aides shall not be counted towards meeting these required pupil/teacher ratios in grades kindergarten through three.

f. The Superintendent of Public Instruction may grant waivers to school divisions for the class size requirement in eligible schools that have only one class in an affected grade level in the school.

13. Literary Fund Subsidy Program Payments

ITEM 125.	Item Details(\$)		Appropriations(\$)	
	First Year FY2025	Second Year FY2026	First Year FY2025	Second Year FY2026
a.	<p>The Department of Education and the Virginia Public School Authority (VPSA) shall provide a program of funding for school construction and renovation through the Literary Fund and through VPSA bond sales. Notwithstanding 8VAC-20-100, the program shall be used to provide funds, through Literary Fund loans and subsidies, and through VPSA bond sales, to fund a portion of the projects submitted by localities during the annual open enrollment process, or other critical projects that may receive priority as identified by the Board of Education. Interest rate subsidies will provide school divisions with the present value difference in debt service between a Literary Fund loan and a borrowing through the VPSA. To qualify for an interest rate subsidy, the school division's project must be eligible for a Literary Fund loan and shall be subject to the same restrictions. The VPSA shall work with the Department of Education in selecting those projects to be funded through the interest rate subsidy/bond financing program, so as to ensure the maximum leverage of Literary Fund moneys and a minimum impact on the VPSA Bond Pool.</p>			
b.	<p>Notwithstanding §§ 22.1-146.1 through 22.1-153, Code of Virginia, and 8VAC-20-100, the Board of Education shall: 1) issue loans from the designated and uncommitted balances of the Literary Fund to the school boards of local school divisions that apply for such loans, authorized by the governing body and the school board, for the purposes of a) erecting, altering, or enlarging school buildings in local school divisions, or b) refinancing or redemption of negotiable notes, bonds, and other evidences of indebtedness or obligations incurred by a locality on behalf of a school division which has an application for a Literary Fund loan for an approved school project pending before the Board of Education; 2) establish a maximum Literary Fund loan amount per project of \$25.0 million; 3) in consultation with the Department of Treasury, establish loan interest rates that are benchmarked to a market index on an annual basis for all tiers of localities and provide interest rates that are reasonably below such market index; 4) replace the existing First Priority and Second Priority waiting lists with an annual open enrollment process for loans, with priority based on the local composite index of ability-to-pay; and 5) offer a loan add-on not to exceed \$5.0 million per loan for projects that will result in school consolidation and the net reduction of at least one existing school. The Department of Education, in cooperation with the Department of the Treasury, shall provide an update on Literary Fund loan issuance to the Governor and the Chairs of the House Appropriations and Senate Finance and Appropriations Committees by October 1 each year. This report shall include detail of: 1) loan applications received in the prior fiscal year by locality, project, and amount; 2) loans issued in the prior fiscal year by locality, project, and amount; 3) the schedule of loan interest rates and the basis for those rates; 4) loans issued for school consolidation projects and the projected impact of those school consolidations; and 5) the impact of loans issued to date on the Literary Fund cash balance, outstanding loan balance, and projected asset base.</p>			
c.	<p>The Board of Education may offer up to \$200,000,000 the first year and up to \$50,000,000 the second year from the Literary Fund in school construction loans, subject to the availability of funds. Amounts designated for school construction loans that are not obligated in the first year may be obligated in the second year. In addition, the Department of Education may offer Literary Fund loans from the uncommitted balances of the Literary Fund after meeting the obligations of the interest rate subsidy sales and the amounts set aside from the Literary Fund for Debt Service Payments for Education Technology and Security Equipment in this Item.</p>

c. It is the intent of the General Assembly to authorize sufficient Literary Fund revenues to pay debt service on the Virginia Public School Authority bonds or notes authorized for education technology grant programs. In developing the proposed 2026-2028, 2028-2030, and 2030-2032 biennial budgets for public education, the Department of Education shall include a recommendation to the Governor to authorize sufficient Literary Fund revenues to make debt service payments for these programs in fiscal years 2027, 2028, 2029, 2030, and 2031.

d. 1) An education technology grant program shall be conducted through the Virginia Public School Authority, through the issuance of equipment notes in an amount estimated at ~~\$56,054,800~~*\$55,764,000* in fiscal year 2025 and ~~\$56,215,600~~*\$55,924,000* in fiscal year 2026. Proceeds of the notes will be used to establish a computer-based instructional and testing system for the Standards of Learning (SOL) and to develop the capability for high speed Internet connectivity at high schools followed by middle schools followed by elementary schools. School divisions shall use these funds first to develop and maintain the capability to support the administration of online SOL testing for all students with the exception of students with a documented need for a paper SOL test.

2) Grant funds from the issuance of ~~\$56,054,800~~*\$55,764,000* in fiscal year 2025 and ~~\$56,215,600~~*\$55,924,000* in fiscal year 2026 in equipment notes are based on a grant of \$26,000 per school and \$50,000 per school division. For purposes of this grant program, eligible schools shall include schools that are subject to state accreditation and reporting membership in grades K through 12 as of September 30, 2024, for the fiscal year 2025 issuance, and September 30, 2025, for the fiscal year 2026 issuance, as well as regional vocational centers, special education centers, alternative education centers, regular school year Governor's Schools, CodeRVA Regional High School, and the School for the Deaf and the Blind. Schools that serve only pre-kindergarten students shall not be eligible for this grant.

3. a.) Supplemental grants shall be allocated to eligible divisions to support schools that are not fully accredited in accordance with this paragraph. Schools that include a ninth grade that administer SOL tests in Spring 2024 and that are not fully accredited for the

<p>second consecutive year, based on school accreditation ratings in effect for fiscal year 2024 and fiscal year 2025 will qualify to participate in the Virginia e-Learning Backpack Initiative in fiscal year 2025 and receive: (1) a supplemental grant of \$400 per student reported in ninth grade fall membership in a qualifying school for the purchase of a laptop or tablet for that student and (2) a supplemental grant of \$2,400 per qualifying school to purchase two content creation packages for teachers. Schools eligible to receive this supplemental grant in fiscal year 2025 shall continue to receive the grant for the number of subsequent years equaling the number of grades 9 through 12 in the qualifying school up to a maximum of four years. Schools that administer SOL tests in Spring 2025 and that are not fully accredited for the second consecutive year based on school accreditation ratings in effect for fiscal year 2025 and fiscal year 2026 will qualify to participate in the initiative in fiscal year 2026. Schools eligible for the supplemental grants in previous fiscal years shall continue to be eligible for the remaining years of their grant award. Schools eligible to receive this supplemental grant in fiscal year 2026 shall continue to receive the grant for the number of subsequent years equaling the number of grades 9 through 12 in the qualifying school up to a maximum of four years. Grants awarded to qualifying schools that do not have grades 10, 11, or 12 may transition with the students to the primary receiving school for all years subsequent to grade 9. Schools are eligible to receive these grants for a period of up to four years and shall not be eligible to receive a separate award in the future once the original award period has concluded. Schools that are fully accredited or that are new schools with conditional accreditation in their first year shall not be eligible to receive this supplemental grant.</p>				
<p>b.) Supplemental grants allocated to school divisions for participation in the Virginia e-Learning Backpack Initiative prior to fiscal year 2017 shall be used in eligible schools for (1) the purchase of a laptop or tablet for a student reported in ninth grade fall membership, and (2) the purchase of two content creation packages for teachers per grant. The amounts for such grants shall remain unchanged.</p>				
<p>4) Required local match:</p>				
<p>a) Localities are required to provide a match for these funds equal to 20 percent of the grant amount, including the supplemental grants provided pursuant to paragraph g. 5). At least 25 percent of the local match, including the match for supplemental grants, shall be used for teacher training in the use of instructional technology, with the remainder spent on other required uses. The Superintendent of Public Instruction is authorized to reduce the required local match for school divisions with a composite index of local ability-to-pay below 0.2000. The Virginia School for the Deaf and the Blind is exempt from the match requirement.</p>				
<p>b) School divisions that administer 100 percent of SOL tests online in all elementary, middle, and high schools may use up to 75 percent of their required local match to purchase targeted technology-based interventions. Such interventions may include the necessary technology and software to support online learning, technology-based content systems, content management systems, technology equipment systems, information and data management systems, and other appropriate technologies that support the individual needs of learners. School divisions that receive supplemental grants pursuant to paragraph g.5) above shall use the funds in qualifying schools to purchase laptops and tablets for ninth grade students reported in fall membership and content creation packages for teachers.</p>				
<p>5) The goal of the education technology grant program is to improve the instructional, remedial, and testing capabilities of the Standards of Learning for local school divisions and to increase the number of schools achieving full accreditation.</p>				
<p>6) Funds shall be used in the following manner:</p>				
<p>a) Each division shall use funds to reach a goal, in each high school, of: (1) a 5-to-1 student to computer ratio; (2) an Internet-ready local area network (LAN) capability; and (3) high speed access to the Internet. School connectivity (computers, LANs and network access) shall include sufficient download/upload capability to ensure that each student will have adequate access to Internet-based instructional, remedial and assessment programs.</p>				
<p>b) When each high school in a division meets the goals established in paragraph a) above, the remaining funds shall be used to develop similar capability in first the middle schools and then the elementary schools.</p>

c) For purposes of establishing or enhancing a computer-based instructional program supporting the Standards of Learning pursuant to paragraph g. 1) above, these grant funds may be used to purchase handheld multifunctional computing devices that support a broad range of applications and that are controlled by operating systems providing full multimedia support and mobile Internet connectivity. School divisions that elect to use these grant funds to purchase such qualifying handheld devices must continue to meet the on-line testing requirements stated in paragraph g. 1) above.				
d) School divisions shall be eligible to receive supplemental grants pursuant to paragraph g.5) above. These supplemental grants shall be used in qualifying schools for the purchase of laptops and tablets for ninth grade students reported in fall membership and content creation packages for teachers. Participating school divisions will be required to select a core set of electronic textbooks, applications and online services for productivity, learning management, collaboration, practice, and assessment to be included on all devices. In addition, participating school divisions will assume recurring costs for electronic textbook purchases and maintenance.				
e) Pursuant to § 15.2-1302, Code of Virginia, and in the event that two or more school divisions became one school division, whether by consolidation of only the school divisions or by consolidation of the local governments, such resulting division shall be provided funding through this program on the basis of having the same number of school divisions as existed prior to September 30, 2000.				
7) Local school divisions shall maximize the use of available federal funds, including E-Rate Funds, and to the extent possible, use such funds to supplement the program and meet the goals of this program.				
e. The Department of Education shall maintain criteria to determine if high schools, middle schools, or elementary schools have the capacity to meet the goals of this initiative. The Department of Education shall be responsible for the project management of this program.				
f. 1) In the event that, on any scheduled payment date of bonds or notes of the Virginia Public School Authority (VPSA) issued for the purpose described in § 22.1-166.2, Code of Virginia, and not benefiting from the provisions of either § 22.1-168 (iii), (iv) and (v), Code of Virginia, or § 22.1-168.1, Code of Virginia, the available moneys in the Literary Fund are less than the amounts authorized for debt service due on such bonds or notes of the VPSA on such date, there is hereby appropriated to the VPSA from the general fund a sum equal to such deficiency.				
2) The Chairman of the Board of Commissioners of the VPSA shall, on or before November 1 of each year, make and deliver to the Governor and the Secretary of Finance a certificate setting forth his estimate of total debt service during each fiscal year of the biennium on bonds and notes of the VPSA issued and projected to be issued during such biennium pursuant to the resolution referred to in paragraph 1) above. The Governor's budget submission each year shall include provisions for the payment of debt service pursuant to paragraph 1) above.				
g. Unobligated proceeds of the notes, including investment income derived from the proceeds of the notes may be used to pay interest on, or to decrease principal of the notes or to fund a portion of such other educational technology grants as authorized by the General Assembly.				
h. 1) For the purposes of § 56-232, Code of Virginia, "Contracts of Telephone Companies with State Government" and for the purposes of § 56-234 "Contracts for Service Rendered by a Telephone Company for the State Government" shall be deemed to include communications lines into public schools which are used for educational technology. The rate structure for such lines shall be negotiated by the Superintendent of Public Instruction and the Chief Information Officer of the Virginia Information Technologies Agency. Further, the Superintendent and Director are authorized to encourage the development of "by-pass" infrastructure in localities where it fails to obtain competitive prices or prices consistent with the best rates obtained in other parts of the state.				
2) The State Corporation Commission, in its consideration of the discount for services

provided to elementary schools, secondary schools, and libraries and the universal service funding mechanisms as provided under § 254 of the Telecommunications Act of 1996, is hereby encouraged to make the discounts for intrastate services provided to elementary schools, secondary schools, and libraries for educational purposes as large as is prudently possible and to fund such discounts through the universal fund as provided in § 254 of the Telecommunications Act of 1996. The commission shall proceed as expeditiously as possible in implementing these discounts and the funding mechanism for intrastate services, consistent with the rules of the Federal Communications Commission aimed at the preservation and advancement of universal service.

15. Security Equipment Payments

1) A security equipment grant program shall be conducted through the Virginia Public School Authority, through the issuance of equipment notes in an amount estimated at up to \$12,000,000 in fiscal year 2025 and \$12,000,000 in fiscal year 2026 in conjunction with the Virginia Public School Authority technology notes program authorized in C.12. of this Item. Proceeds of the notes will be used to help offset the related costs associated with the purchase of appropriate security equipment that will improve and help ensure the safety of students attending public schools in Virginia.

2) The Department of Education shall authorize estimated amounts as indicated in Table 1 from the Literary Fund to provide debt service payments for the security equipment grant programs conducted through the Virginia Public School Authority in the referenced years.

3) It is the intent of the General Assembly to authorize sufficient Literary Fund revenues to pay debt service on the Virginia Public School Authority bonds or notes authorized for this program. In developing the proposed 2026-2028, 2028-2030, and 2030-2032 biennial budgets for public education, the Department of Education shall include a recommendation to the Governor to authorize sufficient Literary Fund revenues to make debt service payments for these programs in fiscal years 2027, 2028, 2029, 2030, and 2031.

4) In the event that, on any scheduled payment date of bonds or notes of the Virginia Public School Authority issued for the purpose described in § 22.1-166.2, Code of Virginia, and not benefiting from the provisions of either § 22.1-168 (iii), (iv) and (v), Code of Virginia, or § 22.1-168.1, Code of Virginia, the available moneys in the Literary Fund are less than the amounts authorized for debt service due on such bonds or notes on such date, there is hereby appropriated to the Virginia Public School Authority from the general fund a sum equal to such deficiency.

the fiscal year 2025 issuance, and September 30, 2025, for the fiscal year 2026 issuance, as well as regional vocational centers, special education centers, alternative education centers, regular school year Governor's Schools, and the Virginia School for the Deaf and the Blind.

7) School divisions would submit their application to Department of Education by August 1 of each year based on the criteria developed by the Department of Education in collaboration with the Department of Criminal Justice Services who will provide requested technical support. Furthermore, the Department of Education will have the authority to make such grant awards to such school divisions.

8) It is also the intent of the General Assembly that, beginning with fiscal year 2020, the total amount of the grant awards shall not exceed \$60,000,000 over any ongoing revolving five year period.

9) Required local match:

a) Localities are required to provide a match for these funds equal to 25 percent of the grant amount. The Superintendent of Public Instruction is authorized to reduce the required local match for school divisions with a composite index of local ability-to-pay below 0.2000. The Virginia School for the Deaf and the Blind is exempt from the match requirement.

b) Pursuant to § 15.2-1302, Code of Virginia, and in the event that two or more school divisions became one school division, whether by consolidation of only the school divisions or by consolidation of the local governments, such resulting division shall be provided funding through this program on the basis of having the same number of school divisions as existed prior to September 30, 2000.

c) Local school divisions shall maximize the use of available federal funds, including E-Rate Funds, and to the extent possible, use such funds to supplement the program and meet the goals of this program.

16. Early Reading Intervention Payments

a. An additional payment of ~~\$42,597,923~~ \$39,834,324 the first year and ~~\$42,479,126~~ \$39,775,832 the second year from the Lottery Proceeds Fund shall be disbursed by the Department of Education to local school divisions for the purposes of providing early reading intervention services to students in grades kindergarten through 3 who demonstrate deficiencies based on their individual performance on diagnostic tests which have been approved by the Department of Education. The Department of Education shall review the tests of any local school board that requests authority to use a test other than the state-provided test to ensure that such local test uses criteria for the early diagnosis of reading deficiencies that are similar to those criteria used in the state-provided test. The Department of Education shall make the state-provided diagnostic test used in this program available to local school divisions. School divisions shall report the results of the diagnostic tests to the Department of Education on an annual basis at a time to be determined by the Superintendent of Public Instruction.

b. These payments shall be based on the state's share of the cost of providing two and one-half hours of additional instruction each week for an estimated number of students in each school division at a student to teacher ratio of five to one. The estimated number of students in each school division in each year shall be determined by multiplying the projected number of students reported in each school division's fall membership in grades kindergarten, 1, 2, and 3 by the percent of students who are determined to need services based on diagnostic tests administered in the most recent year that data is available in that school division.

c. These payments are available to any school division that certifies to the Department of Education that an intervention program will be offered to such students and that each student who receives an intervention will be assessed again at the end of that school year. At the beginning of the school year, local school divisions shall partner with the parents of those third grade students in the division who demonstrate reading deficiencies, discussing with them a developed plan for remediation and retesting. Such intervention programs, at

the discretion of the local school division, may include, but not be limited to, the use of: special reading teachers; trained aides; full-time early literacy tutors; volunteer tutors under the supervision of a certified teacher; computer-based reading tutorial programs; aides to instruct in-class groups while the teacher provides direct instruction to the students who need extra assistance; or extended instructional time in the school day or year for these students. Localities receiving these payments are required to match these funds based on the composite index of local ability-to-pay.

d. In the event that a school division does not use the diagnostic test provided by the Department of Education in the year that serves as the basis for updating the funding formula for this program but has used it in past years, the Department of Education shall use the most recent data available for the division for the state-provided diagnostic test.

e. The results of all reading diagnostic tests and reading remediation shall be discussed with the student and the student's parent prior to the student being promoted to grade four.

f. Funds appropriated for Standards of Quality Remedial Summer School or At-Risk Add-On may also be used to meet the requirements of this program.

17. Standards of Learning Algebra Readiness Payments

a. An additional payment of ~~\$18,646,449~~ \$18,807,402 the first year and ~~\$18,604,551~~ \$18,767,429 the second year from the Lottery Proceeds Fund shall be disbursed by the Department of Education to local school divisions for the purposes of providing math intervention services to students in grades 6, 7, 8 and 9 who are at-risk of failing the Algebra I end-of-course test, as demonstrated by their individual performance on diagnostic tests which have been approved by the Department of Education. These amounts reflect \$200,000 the first year and \$200,000 the second year apportioned to each school division to account for the cost of the diagnostic test. The Department of Education shall review the tests to ensure that such local test uses state-provided criteria for diagnosis of math deficiencies which are similar to those criteria used in the state-provided test. The Department of Education shall make the state-provided diagnostic test used in this program available to local school divisions. School divisions shall report the results of the diagnostic tests to the Department of Education on an annual basis at a time to be determined by the Superintendent of Public Instruction.

b. These payments shall be based on the state's share of the cost of providing two and one-half hours of additional instruction each week for an estimated number of students in each school division at a student to teacher ratio of ten to one. The estimate number of students in each school division shall be determined by multiplying the projected number of students reported in each school division's fall membership by the percent of students that qualify for the federal Free Lunch Program.

c. These payments are available to any school division that certifies to the Department of Education that an intervention program will be offered to such students and that each student who receives an intervention will be assessed again at the end of that school year. Localities receiving these payments are required to match these funds based on the composite index of local ability-to-pay.

18. English Learner Teacher Payments

A payment of ~~\$165,982,653~~ \$213,236,555 the first year and ~~\$170,304,480~~ \$228,451,867 the second year from the general fund shall be disbursed by the Department of Education to local school divisions to support the state's share of professional instructional positions for English Learner teachers. Local school divisions shall provide a local match based on the composite index of local ability-to-pay. The number of such English Learner teacher positions required pursuant to the Standards of Quality are as established below:

EL Student Proficiency Level	SOQ Staffing Required
One	1 position per 20 EL students
Two	1 position per 30 EL students
Three	1 position per 40 EL students
Four	1 position per 50 EL students
All Other Identified EL Students	1 position per 100 EL students

ITEM 125.	Item Details(\$)		Appropriations(\$)	
	First Year FY2025	Second Year FY2026	First Year FY2025	Second Year FY2026

To provide flexibility in implementing this new staffing standard in the first year, the number of English Learner teachers required for each school division for the first year shall be equal to the number of such teachers that were required during the 2023-2024 school year, plus one half of the additional positions required in the above table for the first year.

19. Special Education Instruction Payments

a. The Department of Education shall establish rates for all elements of Special Education Instruction Payments.

b. Out of the appropriations in this Item, the Department of Education shall make available, subject to implementation by the Superintendent of Public Instruction, an amount estimated at ~~\$93,967,863~~\$95,778,547 the first year and ~~\$98,967,863~~\$99,778,547 the second year from the Lottery Proceeds Fund for the purpose of the state's share of the tuition rates for approved public Special Education Regional Tuition school programs. Notwithstanding any contrary provision of law, the state's share of the tuition rates shall be based on the composite index of local ability-to-pay.

c. Out of the amounts for Financial Assistance for Categorical Programs, \$41,386,161 the first year and \$44,570,183 the second year from the general fund is appropriated to permit the Department of Education to enter into agreements with selected local school boards for the provision of educational services to children residing in certain hospitals, clinics, and detention homes by employees of the local school boards. The portion of these funds provided for educational services to children residing in local or regional detention homes shall only be determined on the basis of children detained in such facilities through a court order issued by a court of the Commonwealth. The selection and employment of instructional and administrative personnel under such agreements will be the responsibility of the local school board in accordance with procedures as prescribed by the local school board. State payments for the first year to the local school boards operating these programs will be based on certified expenditures from the fourth quarter of FY 2024 and the first three quarters of FY 2025. State payments for the second year to the local school boards operating these programs will be based on certified expenditures from the fourth quarter of FY 2025 and the first three quarters of FY 2026.

20. Vocational Education Instruction Payments

a. It is the intention of the General Assembly that the Department of Education explore initiatives that will encourage greater cooperation between jurisdictions and the Virginia Community College System in meeting the needs of public school systems.

b. This appropriation includes \$1,800,000 the first year and \$1,800,000 the second year from the Lottery Proceeds Fund for secondary vocational-technical equipment. A base allocation of \$2,000 each year shall be available for all divisions, with the remainder of the funding distributed on the basis of student enrollment in secondary vocational-technical courses. State funds received for secondary vocational-technical equipment must be used to supplement, not supplant, any funds currently provided for secondary vocational-technical equipment within the locality. Local school divisions are not required to provide a local match in order to receive these state funds.

c.1) This appropriation includes an additional \$2,000,000 the first year and \$2,000,000 the second year from the Lottery Proceeds Fund to update vocational-technical equipment to industry standards providing students with classroom experience that translates to the workforce.

the Lottery Proceeds Fund shall be disbursed to provide support to Accomack and Northampton school divisions for teacher recruitment and retention efforts, including adjustments to salary scales to minimize the misalignment to salary scales of adjacent counties.

42. School Construction Assistance Program.

a. Out of this appropriation, ~~\$80,000,000~~ \$200,000,000 the first year and ~~\$80,000,000~~ \$110,000,000 the second year from the School Construction Fund and \$50,000,000 the first year from the Literary Fund that shall be transferred into the School Construction Fund is provided for the Board of Education to award grants on a competitive basis from the Fund to local school boards that demonstrate poor building conditions, commitment, and need in order for such local school boards to fund the construction, expansion, or modernization of public school buildings. Any unobligated balance for this program on June 30, each year shall be reappropriated for expenditure in the second year for the same purpose.

b. The Board of Education shall develop guidelines for the administration of this program, which shall provide at a minimum that:

1. Grants shall be provided only for projects that conform to the Department of Education's "Guidelines for School Facilities in Virginia's Public Schools," as amended.

2. Grant awards shall be based on project costs, including planning, design, site acquisition and construction, the school division's local composite index, and the fiscal stress category as designated by the Virginia Commission on Local Government in its most recent "Report on Comparative Revenue Capacity, Revenue Effort, and Fiscal Stress of Virginia's Counties and Cities" for the locality that contains the school division, as follows:

School Division	Grant Award Amount
School divisions with a local composite index value below .3000, or contained in a locality designated with high fiscal stress	30 percent of project costs
School divisions with a local composite index value at or above .3000 and below .4000, or contained in a locality designated with above average fiscal stress	20 percent of project costs
All other school divisions	10 percent of project costs

3. A minimum qualifying score shall be met for a project to qualify for a grant award based on Board-developed scoring criteria. The Board shall set such minimum score at a level to ensure funds are reserved for critical school construction projects. Such scoring criteria shall provide appropriate weight to the following categories for the award of grants:

a.) Commitment, which may be demonstrated by factors such as: (i) an agreement by the local governing body to maintain or increase the percentage of local revenues dedicated to public education throughout the duration of the financing proposed for the project and (ii) the extent of project design and site acquisition for such project that has been completed prior to application of anticipated grant funds.

b.) Need, which may consider factors such as: (i) the percentage of students in the local school division eligible to receive free price meals; (ii) the percentage of residents of the locality in which the local school division is located with incomes at or below the federal poverty guidelines established by the U.S. Department of Health and Human Services; (iii) the local composite index of local ability-to-pay for the local school division; (iv) debt capacity of the locality in which the school division is located; and (v) the most recent fiscal stress score of the locality that includes the local school division as designated by the Virginia Commission on Local Government.

c.) Poor school building conditions, which may consider factors such as: (i) the condition of the facilities proposed to be replaced or upgraded using these funds, including the current level of compliance of the existing facility with the Americans with Disabilities Act of 1990

<p>(42 U.S.C. § 12101 et seq.) and the facilities potential threat to the health or safety of building occupants; (ii) the school division maintenance reserve tool established pursuant to Chapter 650 of the 2022 General Assembly; and (iii) the overall condition of other facilities within the school division.</p> <p>4. If qualifying grant award requests exceed the amount of funds available, grants shall be awarded based on ranked project scores, and shall not be prorated.</p> <p>5. The release of funds to grant awardees shall be reasonably aligned with the timing of incurred expenses.</p> <p>6. A specific project shall only receive one grant award. The total project cost eligible to receive a grant shall be up to \$100,000,000. Grant awards shall not be amended for any additional reasonable project costs after the Board awards a grant to a division.</p> <p>c. For the purpose of this program, "project costs" shall include reasonable project construction costs as defined by the Board, including planning, design, site acquisition and construction, and not to include financing costs, outdoor facilities predominantly used for extracurricular athletic activities, loose equipment, and furniture.</p> <p>d. The Board of Education shall submit an executive summary of the program, including details on projects funded each year and any necessary legislative or budget recommendations to improve the program, no later than December 1 of each year to the Chairs of the House Education Committee, Senate Education and Health Committee, House Appropriations Committee, and Senate Finance and Appropriations Committee.</p> <p>43. Supplemental General Fund Payment in Lieu of Sales Tax on Food and Personal Hygiene Products</p> <p>Out of this appropriation, \$272,500,000 the first year and \$273,600,000 the second year from the general fund shall be distributed to localities on the basis of the latest yearly estimate of school age population provided by the Weldon Cooper Center for Public Service as specified in this item for SOQ sales tax payments pursuant to § 58.1-611.1.C of the Code of Virginia. These funds represent the reduction of sales tax distributions to school divisions resulting from the exemption of the state sales and use tax on food for human consumption and essential personal hygiene products. These payments shall be applied in the same manner as sales tax payments to offset the state and local shares of basic aid and shall require no local match.</p> <p>44. Bonus Payment</p> <p>a. Out of this appropriation, \$134,399,957 the first year from the general fund is provided for a one-time bonus payment of \$1,000 by no later than June 1, 2025, per funded SOQ instructional position and per Academic Year Governor's School and Regional Alternative Education Program instructional and support position. Funded SOQ instructional positions shall include all teacher, guidance counselor, librarian, instructional aide, principal, and assistant principal positions.</p> <p>b. Sufficient funding is provided for the entire cost of an average \$1,000 bonus per funded SOQ instructional and support position in this act. Sufficient funding is provided for the entire cost of an average \$1,000 bonus per Academic Year Governor's School and Regional Alternative Education Program instructional and support position based on the most-recently available full-time equivalent position counts, as reported to the Department of Education. School divisions shall have discretion to determine the amount of bonuses per employee to maximize the use of these funds to promote retention among instructional and support positions in this act. The funds a division is eligible to receive shall require no match by the local government. Localities are encouraged to use additional available funds to provide bonuses to other eligible instructional and support positions.</p>

1. The Department of Education and the Department of Social Services shall determine the amount of nongeneral funds to be transferred to the Department of Social Services to address costs associated with administration of the Child Care and Development Fund each year from amounts appropriated in Item 117. Additionally, the Department of Education and the Department of Social Services shall determine the amount of general and nongeneral funds to be transferred to the Department of Social Services to support the budgeted slots in the Child Care Subsidy Program from amounts appropriated in this Item.

2. The Department of Education, in collaboration with the Department of Social Services, shall prepare an annual Child Care and Development Fund (CCDF) report that reflects all CCDF expenditures from the previous fiscal year, current grant balances and obligation and liquidation deadlines, as well as all anticipated spending for the current and two subsequent fiscal years. Identified spending should, at a minimum, be broken down by subsidies (mandated and discretionary), administrative costs, and quality efforts. The plan also shall include a certification from the Department that the maximum amount of federal funds were drawn down in the preceding fiscal year. Should the Department be unable to certify that maximum federal funds were drawn down, the Department shall identify strategies for Virginia to obtain the maximum amount of federal funds in the following fiscal year(s) as part of this plan. In addition, this plan should report, by locality, the number of subsidies (mandated and discretionary) provided; number of providers receiving CCDF dollars; the overall number of child care providers; and the waitlist for services. This information should be provided the previous fiscal year, current fiscal year, and two subsequent fiscal years. The plan shall also include an appendix with the most recently completed CCDF annual report as required by the federal Office of Child Care. The department shall submit the report by October 1 of each year to the Governor and the Chairs of the House Appropriations and Senate Finance and Appropriations Committees. In addition, the department shall post this report on its website along with any reports from previous fiscal years.

3. Notwithstanding 8VAC-20-790, the Department of Education shall establish an annual target at the local level for the number of children that may be served by available funds and ensure that each locality has mechanisms in place for maintaining waitlists if family demand exceeds the targets.

4. Family copayment rates for ~~the 2024-2026 biennium~~ *fiscal year 2025* shall not exceed those that were in effect at the beginning of fiscal year 2024. *Family copayment rates for fiscal year 2026 shall be \$5 per month for households whose income is below 100% of the federal poverty level and up to 5% of annual income for all other households with no household exceeding 5% of their income.*

5. Parental work and job search requirements for ~~the 2024-2026 biennium~~ *fiscal year 2025* shall not exceed those that were in effect at the beginning of fiscal year 2024. *Parental work and job search requirements for fiscal year 2026 shall include a time limit of 90 days for job search. Households are eligible for up to one extension for extraordinary circumstances, which shall be defined and tracked by the Department of Education.*

6. *The Department of Education shall revise attendance requirements for the Child Care Subsidy Program, subject to review by the Early Childhood Care and Education Commission, to ensure participating children fully benefit and maximization of available resources. The Department shall report proposed changes to the General Assembly by December 1, 2025.*

C. Mixed Delivery Grant Program

1. A Mixed-Delivery initiative is established to support public-private delivery of early learning services for birth to five-year-old children. Programs must provide full-day or half-day services. The Department of Education is authorized to prorate payment for this program so as not to exceed available appropriation. Actual funding provided to the Virginia Early Childhood Foundation shall be based on the actual use of allocated slots. Lead agencies shall report to the Virginia Early Childhood Foundation on actual use of allocated slots, and any funds allocated but not used on the actual provision of early childhood services shall be returned to the Department of Education.

a) The Department of Education shall establish academic standards that are in accordance with appropriate preparation for students to be ready to successfully enter kindergarten. These standards shall be established in such a manner as to be measurable for student achievement and success. Students shall be required to be evaluated in the fall and in the spring by each participating provider and grantees must certify that the Virginia Preschool Initiative standards are followed in order to receive the funding for quality preschool education and criteria for the service components. Such standards shall align with the Virginia Standards of Learning for Kindergarten.

b) The Department of Education shall require and ensure that all participating classrooms have the quality of their teacher-child interactions assessed through a rigorous and research-based observation instrument in accordance with the statewide measurement and improvement system VQB5.				
c) Any locality that desires to participate in this grant program must submit a proposal each year to the Virginia Early Childhood Foundation. The application must be submitted by May 15 to align with the Virginia Preschool Initiative timeline. Each application shall identify a lead agency for this program within the locality. The lead agency shall be responsible for developing a local plan for the delivery of quality preschool services to at-risk birth to five-year-old children in private settings that demonstrates the coordination of resources in an effort to serve the greatest number of at-risk children.				
d) The proposal must demonstrate: (i) coordination with all parties necessary for the successful delivery of comprehensive services, including schools, child care providers, local social services agencies, Head Start, local health departments, and other groups identified by the lead agency, (ii) a plan for supporting inclusive practices for children with identified special needs, (iii) a plan to transition the Mixed-Delivery local model into a sustainable program, and (iv) a mechanism for annually measuring and reporting unmet parental demand and preference, including establishing waitlists.				
e) Local plans must indicate the number of at-risk children to be served, and the eligibility criteria for participation in this program shall be consistent with the economic and educational risk factors stated in the current program guidelines that are specific to: (i) family income at or below 200 percent of federal poverty guidelines, (ii) homelessness, (iii) student's parents or guardians are school dropouts, or (iv) children with disabilities or delays who are eligible for special education services under the Individuals with Disabilities Education Act, regardless of household income. Up to 15 percent of slots may be filled based on locally established eligibility criteria so as to meet the unique needs of at-risk children in the community. Localities that can demonstrate that more than 15 percent of slots are needed to meet the needs of at-risk children in their community may apply for a waiver from the Superintendent of Public Instruction to use a larger percentage of their slots. Localities must demonstrate that increasing eligibility will enable the maximization of federal funds and will not have a negative impact on access for other individuals currently being served.				
f) Notwithstanding any provisions of § 22.1-299, Code of Virginia, and in order to achieve the priorities of the Joint Subcommittee on Early Childhood Care and Education for exploring the feasibility of and barriers to mixed delivery preschool systems in Virginia, recipients of a Mixed-Delivery Preschool grant shall be provided maximum flexibility within their respective local initiative in order to fully implement the associated goals and objectives of Mixed-Delivery Models. Recipients of a Mixed-Delivery Preschool grant and divisions participating in such grant activities shall be exempted from all regulatory and statutory provisions related to teacher licensure requirements and qualifications when paid by public funds within the confines of the Mixed-Delivery Preschool initiative.				
g) Children served by the Mixed-Delivery initiative shall be assigned student identification numbers as provided in § 22.1-287.03 B of the Code of Virginia to evaluate program outcomes and to permit comparison with Virginia Preschool Initiative outcomes.				
h) Mixed-Delivery providers shall provide information to the Department of Education as necessary to fulfill the reporting requirement established.				
i) The Department of Education shall report to the Governor and the Chairs of the House Committee on Education and the Senate Committee on Education and Health by July 1, 2025, on the efficacy of the Mixed-Delivery Initiative since the inception of the program and compare its outcomes relative to the Virginia Preschool Initiative and the Child Care Subsidy Program.				
2. Providers in the program may collect copayments from participating families. Such copayments shall be based on the same schedule provided for the Child Care Subsidy Program.				
3. Parental work and job search requirements shall be the same as required for the Child Care Subsidy Program.

4. The Department of Education, in consultation with the Virginia Early Childhood Foundation and subject to review by the Early Childhood Care and Education Commission, shall revise attendance requirements for the Mixed-Delivery initiative to ensure participating children fully benefit and maximization of available resources. The Department shall report proposed changes to the General Assembly by December 1, 2025.

D. Virginia Preschool Initiative

1.a. Funds shall be disbursed by the Department of Education to schools and community-based organizations to provide quality preschool programs for at-risk four-year-olds who are residents of Virginia and unserved by Head Start program funding and for at-risk five-year-olds who are not eligible to attend kindergarten, or who did not have access to a sufficient preschool experience and whose families request preschool as the most appropriate placement. Final Virginia Preschool Initiative placement decisions for eligible children shall be based on family and program leader input.

b. These state funds and required local matching funds shall be used to provide programs for at-risk four-year-old children, which include quality preschool education, health services, social services, parental involvement and transportation. It shall be the policy of the Commonwealth that state funds and required local matching funds for the Virginia Preschool Initiative not be used for capital outlay, not be used to supplant any Head Start federal funds provided for local early education programs, and not be used until the local Head Start grantee certifies that all local Head Start slots are filled. Programs must provide full-day or half-day and, at least, school-year services.

c. The Department of Education shall establish academic standards that are in accordance with appropriate preparation for students to be ready to successfully enter kindergarten. These standards shall be established in such a manner as to be measurable for student achievement and success. Students shall be required to be evaluated in the fall and in the spring by each participating school division and the school divisions must certify that the Virginia Preschool Initiative program follows the established standards in order to receive the funding for quality preschool education and criteria for the service components. Such standards shall align with the Virginia Standards of Learning for Kindergarten.

d. The Department of Education shall revise attendance requirements for the Virginia Preschool Initiative, subject to review by the Early Childhood Care and Education Commission, to ensure participating children fully benefit and maximization of available resources. The Department shall report proposed changes to the General Assembly by December 1, 2025.

de.(i) Grants shall be distributed based on an allocation formula providing the state share of a \$9,968 per pupil grant in the first year and a \$9,968 per pupil grant in the second year for 100 percent of the unserved at-risk four-year-olds in each locality for a full-day program. Grants to half-day programs shall be funded based on the state share of \$4,984 in the first year and \$4,984 in the second year per unserved at-risk four-year-old in each locality.

For Planning District Eight localities, grants shall be distributed based on an allocation formula providing the state share of a \$10,701 per pupil grant in the first year and a \$10,701 per pupil grant in the second year for 100 percent of the unserved at-risk four-year-olds in each locality for a full-day program; grants to half-day programs for these localities shall be funded based on the state share of \$5,351 in the first year and \$5,351 in the second year per unserved at-risk four-year-old in each locality.

For the counties of Stafford, Fauquier, Spotsylvania, Clarke, Warren, Frederick, and Culpeper and the Cities of Fredericksburg and Winchester, grants shall be distributed based on an allocation formula providing the state share of a \$10,151 per pupil grant in the first year and a \$10,151 per pupil grant in the second year for 100 percent of the unserved at-risk four-year-olds in each locality for a full-day program; grants to half-day programs for these localities shall be funded based on the state share of \$5,076 in the first year and \$5,076 in the second year per unserved at-risk four-year-old in each locality.

The number of unserved at-risk four-year-olds in each locality shall be based on the projected number of kindergarten students, updated once each biennium for the

Governor's introduced biennial budget. The Department of Education shall biennially rebenchmark the Virginia Preschool Initiative per pupil amounts using a formula similar to the current formula supporting public K-12 education in Virginia.

For slots filled as of September 30 each year, grants shall be based on the state share of 100 percent of the per pupil amount for a full-day or half-day program. For slots filled between October 1 and December 31 each year, grants shall be based on the state share of the per pupil amount for a full-day or half-day program prorated for the portion of the school year each child is served. Following the Department of Education's fall student record collection each year, the Department shall project the number of additional slots that may be filled between October 1 and December 31 each year. The Department of Education is authorized to prorate state funding for slots filled between October 1 and December 31 each year if demand exceeds available appropriation.

(ii) VPI Expansion funds are provided to serve at-risk three-year-olds who are residents of Virginia and unserved by Head Start funding using criteria determined by the Department of Education and subject to available appropriation. Localities may apply to participate by May 15 each year and shall be selected on a competitive basis. Localities shall be required to: (i) demonstrate broad stakeholder support, (ii) track outcomes for participating children, (iii) demonstrate how they will maximize federal and state funds to preserve existing birth to five slots, including certifying that all local Head Start slots are filled, (iv) support inclusive practices of children with identified special needs, and (v) collaborate among the school division, local department of social services, programs accepting child care subsidy payments, and providers for Head Start, private child care, and early childhood special education and early intervention programs. Localities that meet the following characteristics shall be prioritized for participation: (i) communities with limited child care options; (ii) programs serving children in private, mixed-delivery settings; or (iii) communities that demonstrate full support of public and private providers. Grants shall be distributed based on an allocation formula providing the state share of the per pupil amounts as provided for four-year old slots.

(iii) Full-day programs shall operate for a minimum of five and one-half instructional hours, excluding breaks for meals, and half-day programs shall operate for a minimum of three hours of classroom instructional time per day, excluding breaks for lunch. Virginia Preschool Initiative programs may include unstructured recreational time that is intended to develop teamwork, social skills, and overall physical fitness in any calculation of total instructional time, provided that such unstructured recreational time does not exceed 15 percent of total instructional time or teaching hours. No additional state funding is provided for programs operating greater than three hours per day but less than five and one-half hours per day. In determining the state and local shares of funding, the composite index of local ability-to-pay is capped at 0.5000.

(iv) For new programs in the first year of implementation only, programs operating less than a full school year shall receive state funds on a fractional basis determined by the pro-rata portion of a school year program provided. In determining the prorated state funds to be received, a school year shall be 180 days or 990 teaching hours.

(v) To ensure children with special needs have equitable opportunity to enter kindergarten ready, all Virginia Preschool Initiative programs are expected to be inclusive of children with disabilities. Specifically, programs shall meet or exceed a target inclusion rate, such that 10 percent of all children participating in the Virginia Preschool Initiative are children with disabilities, defined as those with an Individualized Education Plan, and are served in inclusive classrooms that include children who do not have an Individualized Education Plan. A program that is unable to meet this target shall provide reasons a 10 percent inclusion rate was not achieved in the given school year in its annual comprehensive report.

2.a. Any locality that desires to participate in this grant program must submit a proposal through its chief administrator (county administrator or city manager) by May 15 of each year. The chief administrator, in conjunction with the school superintendent, shall identify a lead agency for this program within the locality. The lead agency shall be responsible for developing a local plan for the delivery of quality preschool services to at-risk children, which demonstrates the coordination of resources and the combination of funding streams in an effort to serve the greatest number of at-risk four-year-old children and, if applicable, to serve at-risk three-year-old children. The plan shall also include a mechanism for annually

	measuring and reporting unmet parental demand and preference, including establishing waitlists.			
	<p>b. The proposal must demonstrate coordination with all parties necessary for the successful delivery of comprehensive services, including the schools, child care providers, local social services agency, Head Start, local health department, and other groups identified by the lead agency. The proposal must identify which entities were consulted and how the locality will ensure that federal funds are preserved and maximized including demonstrating compliance with Title I of the federal Elementary and Secondary Education Act to ensure that a Local Educational Agency receiving Title I funding coordinates with Head Start programs and other early learning programs receiving federal funds by developing Memorandums of Understanding with such agencies to coordinate services. The proposal must also demonstrate a plan for supporting inclusive practices for children with identified special needs.</p>			
	<p>c. A local match, based on the composite index of local ability-to-pay, shall be required. For purposes of meeting the local match, localities may use local expenditures for existing qualifying programs, however, at least fifty percent of the local match will be cash and no more than fifty percent will be in-kind. In-kind contributions are defined as cash outlays that are made by the locality that benefit the program but are not directly charged to the program. The value of fixed assets cannot be considered as an in-kind contribution. Philanthropic or other private funds may be contributed to the locality to be appropriated in their local budget and then utilized as local match. Localities shall also continue to pursue and coordinate other funding sources, including child care subsidies. Funds received through this program must be used to supplement, not supplant, any funds currently provided for programs within the locality. However, in the event a locality is unable to continue the previous level of support to programs for at-risk four-year-olds from Title I of the federal Elementary and Secondary Education Act (ESEA), the state and local funds provided in this grants program may be used to continue services to these Title I students. Such inability may occur due to adjustments to the allocation formula in the reauthorization of ESEA as the Every Student Succeeds Act of 2015, or due to a percentage reduction in a locality's Title I allocation in a particular year. Any locality so affected shall provide written evidence to the Superintendent of Public Instruction and request his approval to continue the services to Title I students.</p>			
	<p>3. Local plans must provide clear methods of service coordination for the purpose of reducing the per child cost for the service, increasing the number of at-risk children served and/or extending services for the entire year.</p> <p>Examples of these include:</p> <p>a. "Wraparound Services" - methods for combining funds such as child care subsidy dollars administered by local social service agencies with dollars for quality preschool education programs.</p> <p>b. "Wrap-out Services" - methods for using grant funds to purchase quality preschool services to at-risk four-year-old children through an existing child care setting by purchasing comprehensive services within a setting which currently provides quality preschool education.</p> <p>c. "Expansion of Service" - methods for using grant funds to purchase slots within existing programs, such as Head Start, which provides comprehensive services to at-risk three- and four-year-old children.</p>			
	<p>4. Local plans must indicate the number of at-risk four-year-old children to be served, and the eligibility criteria for participation in this program shall be consistent with the economic and educational risk factors stated in the current program guidelines that are specific to: (i) family income at or below 200 percent of federal poverty guidelines, (ii) homelessness, (iii) student's parents or guardians are school dropouts, or (iv) children with disabilities or delays who are eligible for special education services under the Individuals with Disabilities Education Act, regardless of household income. Up to 15 percent of a division's slots may be filled based on locally established eligibility criteria so as to meet the unique needs of at-risk children in the community. If applicable, local plans must also indicate the number of at-risk three-year-old children to be served using the same</p>

eligibility criteria listed above. Localities that can demonstrate that more than 15 percent of slots are needed to meet the needs of at-risk children in their community may apply for a waiver from the Superintendent of Public Instruction to use a larger percentage of their slots. Localities must demonstrate that increasing eligibility will enable the maximization of federal funds and will not have a negative impact on access for other individuals currently being served.

5.a. The Department of Education shall provide technical assistance for the administration of this grant program to provide assistance to localities in developing a comprehensive, coordinated, quality preschool program that prepares all participants for kindergarten.

b. The Department shall provide interested localities with information on models for service delivery, methods of coordinating funding streams, such as funds to match federal IV-A child care dollars, to maximize funding without supplanting existing sources of funding for the provision of services to at-risk three- and four-year-old children. A priority for technical assistance in the design of programs shall be given to localities where the majority of the at-risk three- and four-year-old population is currently unserved.

6. VPI Expansion funds are provided to support Virginia Preschool Initiative slots to serve children on wait lists. In each year, unused grants distributed as provided in for four-year old slots shall be redistributed based on guidelines established by the Department of Education subject to the appropriation available for this purpose. Such guidelines shall provide the criteria used to redistribute grants and provide for the notification of grants redistribution to programs no later than July 1 of each year. The Department shall conduct this process annually, and the redistribution shall not affect the allocation formula for the subsequent year.

7.a. VPI Expansion funds are provided to support an add-on grant per child for approximately 2,000 children to incentivize mixed-delivery of services through private providers. These add-on grants are intended to provide funds to minimize the difference between the amount of the per-pupil grant allocation and the per-pupil cost to serve a child in a community-based or private provider setting. Recipients of the add-on grants will be encouraged to support classrooms that support inclusive practices of children with special needs. Localities shall indicate in their plans submitted pursuant to this Item how many of their Virginia Preschool Initiative slots will be provided in community-based or private provider settings to receive the add-on grant. Community-based providers that are recipients of Virginia Preschool Initiative grants shall be exempted from all regulatory and statutory provisions related to teacher licensure requirements and qualifications when paid by public funds within the confines of the Virginia Preschool Initiative community-add-on partnerships and provided that the provider meets the expectations of the statewide measurement and improvement system.

b. The amount of these add-on grants for community-based providers shall be informed by the Department of Education's methodology to estimate the actual cost of providing high-quality early childhood education services in community-based settings. This is not intended as a mandate to increase the individual amounts of these add-on grants or to increase the state appropriation supporting these add-on grants. The amount of the add-on grant plus the Virginia Preschool Initiative per pupil amount shall not exceed prevailing child care market rates in a particular region and shall align with Child Care Subsidy Program rates. The Department of Education is authorized to prorate payments for these add-on grants so as not to exceed the available appropriation.

8. VPI Expansion funds are provided to support increased Virginia Preschool Initiative teacher to student ratios and class sizes, as follows:

a. Any classroom that exceeds benchmarks set by the Board of Education shall be staffed as follows: (i) one teacher shall be provided for any class of ten students or less; (ii) if the enrollment in any class exceeds ten students but does not exceed 20, a full-time teacher's aide shall be assigned to the class; and (iii) the maximum class size shall be 20 students.

b. All other classrooms shall be staffed as follows: (i) one teacher shall be employed for any class of nine students or less; (ii) if the enrollment in any class exceeds nine students but does not exceed 18, a full-time teacher's aide shall be assigned to the class; and (iii) the maximum class size shall be 18 students.

9.a. The Department of Education shall collect information from local Virginia Preschool

b. Such comprehensive report shall be aggregated in a manner to identify: (i) funding and the number of slots used to serve a student in a public school and non-public school setting; (ii) the number of three-year olds served; (iii) waitlist slots requested; offered; and provided; (iv) the number of students served whose families are at or below 130 percent poverty; above 130 percent but at or below 200 percent of poverty; above 200 percent but at or below 350 percent of poverty; and above 350 percent of poverty:

c. Such comprehensive report shall describe the Virginia Preschool Initiative programs' progress towards the target inclusion rate; such that 10 percent of all children enrolled in each program are children with disabilities; defined as those with an Individualized Education Plan: Virginia Preschool Initiative programs shall report the share of children with Individualized Education Plans in inclusive classrooms annually starting with the 2020-2021 school year: If the program's current inclusion rate falls below 10 percent; the program shall provide reasons a 10 percent inclusion rate was not achieved in the given school year and what actions the program could implement to increase its rate of inclusion in the next year:

d. The Department shall submit such comprehensive report to the Chairs of the House Appropriations and Senate Finance and Appropriations Committees no later than December 31 each year:

e. The Department shall develop a plan for comprehensive public reporting on early childhood expenditures; outcomes; and program quality to replace this reporting requirement: Such plan and subsequent reports shall consider the components included in this reporting requirement; and include all publicly-funded providers as defined in Chapter 860 and Chapter 861, 2020 Acts of Assembly: The plan shall identify any fiscal, legislative; or regulatory barriers to implementing such public reporting; and shall consider integration with the Department's School Quality Profiles: The Department of Education shall submit an update on implementation of the plan to the Chairs of the House Appropriations and Senate Finance and Appropriations Committees by December 1 each year: Once fully implemented; the Department of Education shall update and submit the report by December 1 of each year:

G. Notwithstanding 8VAC-20-780, or any other requirement in state law or regulation, the Superintendent of Public Instruction shall have the authority to alter staff-to-child ratios and group sizes for licensed child day centers and child day centers that participate in the Child Care Subsidy Program or Mixed Delivery Grant Program by increasing the number of children per staff by (1) one child for groups of children from birth to the age of eligibility to attend public school, and (2) two children for groups of children from the age of eligibility to attend public school through 12 years. Child day centers that take advantage of this flexibility must notify families in writing of the temporary increase in ratios and group size. This authority and any resultant waiver of state law or regulation shall expire June 30, 2026. The Superintendent of Public Instruction shall ensure that any action taken under this provision is permissible under federal requirements.

H. The Early Childhood Care and Education Commission shall review and recommend updates to the current copayment schedule, parental work requirements, and attendance expectations applicable to the Child Care Subsidy Program and Mixed Delivery Grant Program. In its review, the Commission shall consider: (i) leveraging state general funds to minimize the fiscal cliff as family income increases beyond program eligibility, (ii) use of reasonable family copayments to minimize the need for additional general funds. No later than December 1, 2024, the Commission shall submit its recommendations to the to the Governor and the Chairmen of the House Committee on Appropriations, the Senate Committee on Finance and Appropriations, the House Committee on Commerce and Energy, the Senate Committee on Commerce and Labor, the House Committee on Education, and the Senate Committee on Education and Health.

1. Adjustments to CCSP reimbursement rates for school age children and the appropriateness of continuing to provide services through CCSP to school age children. Such review must also include an update on the current structure of publicly-funded out-of-school time learning and extracurricular programs and should evaluate how to: (i) maximize public dollars while ensuring parent choice; (ii) quantify impact and return on investment including evaluating cost and cost factors in comparison to birth-to-five programming; (iii) strengthen quality of afterschool and summer options and whether a statewide measurement system is needed; (iv) identify out-of-school time deserts; and (v) develop innovative approaches to reduce deserts, better support working parents, and ensure sustainability. In conducting this review, the Commission shall consult representatives of school divisions, 21st Century Learning grantees, private childcare providers, Virginia Partnership for Out-of-School Time, local Parks and Recreation entities, the YMCA, Communities in Schools, Boys and Girls Clubs, and other non-profit organizations that provide out-of-school time programming.

2. Approaches to maximize state and federal resources by adjusting income eligibility requirements to reflect regional costs of living variations.

The Foundation shall establish such guidelines and procedures as it deems necessary for the administration of the Pilot Program, subject to the following conditions and requirements:

1. To participate in the Pilot Program, an employer shall agree to make child care contributions to an eligible mixed delivery provider on behalf of the employee and shall provide any other information deemed necessary by the Foundation. The Foundation shall issue a state match directly to an eligible mixed delivery provider, or to a third-party administrator, that has entered into an agreement with a participating employer.

2. The Foundation shall, in consultation with the Early Childhood Care and Education Commission, establish guidelines for the pilot program. Such guidelines shall: (i) limit eligibility for state contributions for slots serving households with income at or below 85 percent of the state median income; (ii) establish a schedule of expected family copayments not to exceed 5 percent of household income for households with income at or below 300 percent of the federal poverty level and between 5 percent and 10 percent of family income for households with incomes above 300 percent of the federal poverty level and below 85 percent of the state median income; and (iii) provide that the state match does not exceed 40 percent of the cost of the slot remaining after application of family copayments.

3. Pilot Program funds shall be provided on a first-come, first-served basis. The Foundation is encouraged to prioritize participation of small businesses and serving a variety of employers and employees representing each Ready Region.

4. The Foundation may combine the Pilot Program with or incorporate the Pilot Program into a program or initiative related to the Mixed Delivery Program provided that such a combination allows for the maximization of funds used for the purposes in this item.

5. The Foundation shall provide a report to the General Assembly by September 1 each year on the effectiveness and impact of the program.

6. Any balances appropriated for the Pilot Program that are unexpended on June 30, 2025, June 30, 2026 and June 30, 2027, shall not revert to the general fund but shall be reappropriated for expenditure for the same purpose until June 30, 2028.

Such annual report shall include the following information:

All CCDF expenditures from the previous fiscal year, current grant balances and obligation and liquidation deadlines, as well as all anticipated spending for the current and two subsequent fiscal years. Identified spending should, at a minimum, be broken down by subsidies (mandated, discretionary and general fund), administrative costs, and quality efforts.

2. Certification from the Department that the maximum amount of federal funds were drawn down in the preceding fiscal year. Should the Department be unable to certify that maximum federal funds were drawn down, the Department shall identify strategies for Virginia to obtain the maximum amount of federal funds in the following fiscal year(s) as part of this plan.

3. Institutional grants shall be awarded to support initiatives that are expected to produce a demonstrated increase in student participation in paid internship programs and work-based learning opportunities. Institutions shall be eligible for grants upon demonstrating that it is a key priority of the institution and its senior academic and administrative leadership to have a coordinated plan to expand internship participation by students; to incorporate internships in curricula; to report completion of internships and courses that include internships on student transcripts; and to remove administrative and financial barriers to internship opportunities. The plan shall include: (i) an implementation timeline; (ii) the allocation of resources and funding strategies to support internships; (iii) the assignment of dedicated personnel to facilitate placement of students in internships and engage with employers; (iv) the identification of how the institution will support students that are less likely to participate in internships and work-based learning opportunities; to be employed in an occupation related to their major upon completion of their certificate or degree, or to earn at or above the average earnings of graduates in their program major; (v) opportunities to align existing student employment opportunities on campus to include best practices of an internship program; and (vi) metrics for measuring, reporting, and regularly reviewing progress on the plan. Institutions that have not developed a plan may be eligible for planning grants as long as the planning grants are led by senior academic and administrative leadership. In determining the amount of grant awards, the Council shall consider the number of undergraduate students

enrolled at the institution; the number of students at the institution who participate in internships; and the numerical and percentage increase in internship participation expected to result from the initiative. In addition; the Council shall increase grant awards based upon the following factors: (i) an institution's emphasis on internships that are part of pathways to full-time employment with Virginia-based employers; (ii) the institutional initiative's alignment with specific state or regional programs or partnerships related to economic growth and diversification or workforce development in Virginia; (iii) an institution's strength of commitment as reflected in its reallocation of institutional funds or solicitation of philanthropic support or business partnerships to support the initiative. This funding is intended to be recurring for institutions that demonstrate substantial yearly progress in achieving the objectives of the initiative as measured by the number of internships successfully completed by students.

3: Matching grants may be provided to small and midsize Virginia-based employers that agree to provide paid internships according to criteria established by the Council in consultation with the Virginia Department of Workforce Development and Advancement and the Virginia Talent and Opportunity Partnership. Such criteria shall include: (i) a limitation of eligibility to for-profit business and nonprofit organizations; excluding institutions of higher education; with physical operations and facilities in Virginia and 150 or fewer Virginia-based employees; (ii) certification of employer eligibility by the Council following a training program of reasonable duration and agreement by the employer to reasonable mentoring and reporting obligations; (iii) a limitation of grant awards to reimbursement; not to exceed \$7,500 per internship; for a maximum of one-half of wages; including FICA; and workplace subsidies; including transportation; housing; and other internship-related expenses; paid to or for the benefit of a student participating in a qualifying internship; (iv) the minimum and maximum number of hours required to ensure the student gains valuable work experience; (v) a limitation of the qualifying number of internships per employer; and (vi) the maximum timeframe for employers to be eligible to receive the grants. Prioritization of grant awards may consider employers of 50 or fewer employees. Funding may also be used to support staffing agency services related to intern recruitment for employers with 250 or fewer Virginia-based employees who are not otherwise eligible for matching grants under this paragraph.

4: The Council; through the Virginia Talent and Opportunity Partnership; and in consultation with the Virginia Department of Workforce Development and Advancement and other stakeholders; shall develop and execute a promotional plan to raise awareness and foster expanded internship programs and participation by business and nonprofit organizations. The plan shall highlight the Commonwealth's goal to provide paid internship opportunities to all postsecondary students and shall provide for public recognition of employers based on their level of participation in internship programs. The plan shall include continued development of regional collaboratives among employers; educational organizations; and other regional stakeholders for the purpose of expanding internships in alignment with regional growth and diversification strategies and state and regional economic and workforce development initiatives. The plan also shall address the objective of encouraging secondary students in Virginia and outside Virginia to attend Virginia-based institutions of higher education and remain in the Commonwealth after completion through paid internships and pathways to full-time Virginia-based employment.

5: In administering the program authorized in this paragraph; the Council shall (i) engage stakeholders from business and industry; secondary and higher education; economic development; and state agencies and entities that are successfully engaging employers or successfully operating internship programs; (ii) explore strategies in Virginia and elsewhere on successful institutional; regional; statewide or sector-based internship programs; (iii) gather data on current institutional internship practices; scale; and outcomes; (iv) develop internship readiness educational resources; delivery methods; and outreach and awareness activities for employer partners; students; and institutional career development personnel; (v) pursue shared services or other efficiency initiatives; including technological solutions; and (vi) create a process to prioritize industry sectors and track key measures of performance in collaboration with the Virginia Office of Education Economics.

Revenue in the Contract Collector Fund may be used to pay private collection agencies/attorneys and perform oversight of their operations, upgrade systems and data interfaces, and retain experts to perform analysis of receivables and collection techniques. Any balance in the fund remaining after such payment shall be deposited into the appropriate general, nongeneral, or local fund no later than June 30 of each year.

B.1. The Department of Taxation is authorized to retain, as special revenue, its reasonable share of any court fines and fees to reimburse the department for any ongoing operational collection expenses.

2. Any form of state debt assigned to the Department of Taxation for collection may be collected by the department in the same manner and means as state taxes may be collected pursuant to Title 58.1, Chapter 18, Code of Virginia.

C. The Department of Taxation is hereby appropriated revenues from the Communications Sales and Use Tax Trust Fund to recover the direct cost of administration incurred by the department in implementing and collecting this tax as provided by § 58.1-662, Code of Virginia.

D. E. The Department of Taxation is hereby appropriated Land Conservation Incentive Act fees imposed under § 58.1-513 C. 2., Code of Virginia, on the transferring of the value of the donated interest. For the purposes of the Comptroller's preliminary and final annual reports required by § 2.2-813, Code of Virginia, however, all deposits to and disbursements from the Fund shall be accounted for as part of the general fund of the state treasury.

2. It is the intent of the General Assembly that all such revenues be distributed to counties, cities, and towns, the Department for the Deaf and Hard-of-Hearing, and for the costs of administering the Virginia Communications Sales and Use Tax.

H. Notwithstanding the provisions of § 58.1-478, Code of Virginia, effective July 1, 2011, every employer whose average monthly liability can reasonably be expected to be \$1,000 or more and the aggregate amount required to be withheld by any employer exceeds \$500 shall file the annual report required by § 58.1-478, Code of Virginia, and all forms required by § 58.1-472, Code of Virginia, using an electronic medium using a format prescribed by the Tax Commissioner. 2. The amounts also include a sum sufficient nongeneral fund amount estimated at \$2,000,000 the first year and \$2,000,000 the second year to pay fees for compliance services and securities portfolio custody services for unclaimed property administration.

3. Notwithstanding § 55.1-2525.C of the Uniform Disposition of Unclaimed Property Act, the State Treasurer is not required to publish any item of less than \$250.

D. The State Treasurer is authorized to charge institutions of higher education participating in the private college financing program of the Virginia College Building Authority an annual administrative fee of up to 10 basis points of the then outstanding principal amount financed for each project in addition to a share of direct costs of issuance as determined by the State Treasurer. 2. Any regulations or guidelines necessary to implement or change the amount of the fee may be adopted without complying with the Administrative Process Act (§ 2.2-4000 et seq.) provided that input is solicited from qualified public depositories. Such input requires only that notice and an opportunity to submit written comments be given.

F. The State Treasurer shall work with universities and community colleges to develop policies and procedures which minimize the use of paper checks when issuing any reimbursements of student loan balances. These efforts should include reimbursement through debit cards, direct deposits, or other electronic means.

G. The Virginia Public School Authority shall transfer to the Department of the Treasury each year an amount necessary to recover the direct and indirect cost incurred by the department in the accounting and financial reporting of the Virginia Public School Authority programs.

H. The State Treasurer shall transfer funds as set forth in § 10.1-1330(C), Code of Virginia.

263. 1. There is hereby appropriated to the Department of the Treasury a sum sufficient for the transfer to the federal government, in accordance with the provisions of the federal Cash Management Improvement Act of 1990 and related federal regulations, of the interest owed by the state on federal funds advanced to the state for federal assistance programs, where such funds are held by the state from the time they are deposited in the state's bank account until they are paid out to redeem warrants, checks or payments by other means. This sum sufficient appropriation is funded from the interest earned on federal funds deposited and invested by the state. The actual amount for transfer shall be established by the State Comptroller.

2. When permitted by applicable federal laws or administrative regulations, the State Comptroller shall first offset and reduce the amount to be transferred by any and all amounts of interest payments calculated to be received by the state from the federal government, where such payments are due to the state because the state was required to disburse its own funds for federal program purposes prior to the receipt of federal funds.

3. Should the interest payments calculated to be made by the federal government to the state exceed the interest calculated to be transferred from the state to the federal government, reduced by the federally approved direct cost reimbursement to the state, the State Comptroller shall then notify the federal government of the net amount of interest due to the state and shall record such net interest, upon its receipt, as interest revenue earned by the general fund.

8. The Department of Medical Assistance Services shall ensure that in the process of developing the Preferred Drug List, the Pharmacy and Therapeutics Committee considers the value of including those prescription medications which improve drug regimen compliance, reduce medication errors, or decrease medication abuse through the use of medication delivery systems that include, but are not limited to, transdermal and injectable delivery systems.

9. The Pharmacy and Therapeutics Committee shall ensure that when making recommendations to the Department of Medical Assistance Services related to any non opioid drug approved by the federal Food and Drug Administration for the treatment or management of pain, the drug shall be considered for safety and clinical efficacy, as supported by available clinical data, and cost effectiveness pursuant to 12VAC30-13-1000 of the Virginia Administrative Code.

10. In developing the modifications, the department shall consider input from physicians, pharmacists, pharmaceutical manufacturers, patient advocates, the Pharmacy Liaison Committee, and others as appropriate.

2. In developing the specialty drug program to implement appropriate care management and control drug expenditures, the department shall contract with a vendor who will develop a methodology for the reimbursement and utilization through appropriate case management of specialty drugs and distribute the list of specialty drug rates, authorized drugs and utilization guidelines to medical and pharmacy providers in a timely manner prior to the implementation of the specialty drug program and publish the same on the department's website.

3. In the event that the Department of Medical Assistance Services contracts with a vendor, the department shall establish the fee paid to any such contractor based on the reasonable cost of services provided. The department may not offer or pay directly or indirectly any material inducement, bonus, or other financial incentive to a program contractor based on the denial or administrative delay of medically appropriate prescription drug therapy, or on the decreased use of a particular drug or class of drugs, or a reduction in the proportion of beneficiaries who receive prescription drug therapy under the Medicaid program. Bonuses cannot be based on the percentage of cost savings generated under the benefit management of services.

4. The department shall: (i) review, update and publish the list of authorized specialty drugs, utilization guidelines, and rates at least quarterly; (ii) implement and maintain a procedure to revise the list or modify specialty drug program utilization guidelines and rates, consistent with changes in the marketplace; and (iii) provide an administrative appeals procedure to allow dispensing or prescribing providers to contest the listed specialty drugs and rates.

5. The department shall have authority to enact emergency regulations under § 2.2-4011 of the Administrative Process Act to effect these provisions.

EE. In the event that the Department of Medical Assistance Services decides to contract for pharmaceutical benefit management services to administer, develop, manage, or implement Medicaid pharmacy benefits, the department shall establish the fee paid to any such contractor based on the reasonable cost of services provided. The department may not offer or pay directly or indirectly any material inducement, bonus, or other financial incentive to a program contractor based on the denial or administrative delay of medically appropriate prescription drug therapy, or on the decreased use of a particular drug or class

FF. The Department of Medical Assistance Services, in cooperation with the Department of Social Services' Division of Child Support Enforcement (DSCE), shall identify and report third party coverage where a medical support order has required a custodial or noncustodial parent to enroll a child in a health insurance plan. The Department of Medical Assistance Services shall also report to the DCSE third party information that has been identified through their third party identification processes for children handled by DCSE.

GG.1. Notwithstanding the provisions of § 32.1-325.1:1, Code of Virginia, upon identifying that an overpayment for medical assistance services has been made to a provider, the Director, Department of Medical Assistance Services shall notify the provider of the amount of the overpayment. Such notification of overpayment shall be issued within the earlier of (i) four years after payment of the claim or other payment request, or (ii) four years after filing by the provider of the complete cost report as defined in the Department of Medical Assistance Services' regulations, or (iii) 15 months after filing by the provider of the final complete cost report as defined in the Department of Medical Assistance Services' regulations subsequent to sale of the facility or termination of the provider.

2. Notwithstanding the provisions of § 32.1-325.1, Code of Virginia, the director shall issue an informal fact-finding conference decision concerning provider reimbursement in accordance with the State Plan for Medical Assistance, the provisions of § 2.2-4019, Code of Virginia, and applicable federal law. The informal fact-finding conference decision shall be issued within 180 days of the receipt of the appeal request, except as provided herein. If the agency does not render an informal fact-finding conference decision within 180 days of the receipt of the appeal request or, in the case of a joint agreement to stay the appeal decision as detailed below, within the time remaining after the stay expires and the appeal timeframes resume, the decision is deemed to be in favor of the provider. An appeal of the director's informal fact-finding conference decision concerning provider reimbursement shall be heard in accordance with § 2.2-4020 of the Administrative Process Act (§ 2.2-4020 et seq.) and the State Plan for Medical Assistance provided for in § 32.1-325, Code of Virginia. The Department of Medical Assistance Services and the provider may jointly agree to stay the deadline for the informal appeal decision or for the formal appeal recommended decision of the Hearing Officer for a period of up to sixty (60) days to facilitate settlement discussions. If the parties reach a resolution as reflected by a written settlement agreement within the sixty-day period, then the stay shall be extended for such additional time as may be necessary for review and approval of the settlement agreement in accordance § 2.2-514 of the Code of Virginia. Once a final agency case decision has been made, the director shall undertake full recovery of such overpayment whether or not the provider disputes, in whole or in part, the informal fact-finding conference decision or the final agency case decision. Interest charges on the unpaid balance of any overpayment shall accrue pursuant to § 32.1-313, Code of Virginia, from the date the Director's agency case decision becomes final.

HH.1. Effective July 1, 2021, the Department of Medical Assistance Services shall amend the State Plan for Medical Assistance to revise per diem rates paid to psychiatric residential treatment facilities (PRTF) using the provider's audited cost per day from the facility's cost report for provider fiscal years ending in state fiscal year 2018. New Virginia-based residential psychiatric facilities must submit proforma cost report data, which will be used to set the initial per diem rate for up to two years. After this period, the department shall establish a per diem rate based on an audited cost report for a 12-month period within the first two years of operation. Providers that do not submit cost reports shall be paid at 75% of the established rate ceiling. If necessary to enroll out-of-state providers for network adequacy, the department shall negotiate rates. If there is sufficient utilization, the department may require out-of-state providers to submit a cost report to establish a per diem rate. In-state and out-of-state provider per diem rates shall be subject to a ceiling based on the statewide weighted average cost per day from fiscal year 2018 cost reports. The department shall have the authority to implement these changes effective July 1, 2021, and prior to the completion of any regulatory process undertaken in order to effect such change.

2. The Department of Medical Assistance Services shall have the authority to establish rebasing of PRTF rates every three years. The first rebasing of rates shall take effect July 1,

2023. All PRTF and Addiction and Rehabilitation Treatment Services (ARTS) providers who offer qualifying services under 12VAC30-70-418(C) shall be required to submit cost reports as a part of rebasing. Out of state providers with more than 1,500 paid days for Virginia Medicaid members in the most recently completed state fiscal year shall also be required to submit a cost report. A rate ceiling shall be established based on a statewide weighted average cost per day. Rate ceilings shall be established independently for PRTFs and participating ARTS residential services. The department shall have the authority to implement these changes effective July 1, 2022 and prior to the completion of any regulatory process to effect such change.				
3. DMAS shall also establish inflation increases for each non-rebasing fiscal year for both PRTF and qualifying ARTS providers. Inflation rates shall be tied to the Nursing Facility Moving Average as established by IHS Markit (or its successor). The most recent four quarters will be averaged to create the PRTF inflation rate. The department shall have the authority to implement these changes effective July 1, 2023, and prior to the completion of any regulatory process to effect such change.				
4. Effective July 1, 2022, the department shall adjust PRTF rates by 8.89% to account for inflation since the last audited cost report of fiscal year 2018. The rate ceiling shall increase to \$460.89 per day. The department shall have the authority to implement these changes effective July 1, 2022, and prior to the completion of any regulatory process to effect such change.				
5. The department shall revise reimbursement methodologies for PRTF rates to implement inflation increases for each fiscal year to be effective July 1, 2024. Inflation rates shall be tied to the Nursing Facility Moving Average as established by IHS Markit (or its successor). The most recent four quarters will be averaged to create the PRTF inflation rate. The department shall have the authority to implement these changes prior to the completion of any regulatory process to effect such change.				
II. Effective July 1, 2013, the Department of Medical Assistance Services shall establish a Medicaid Physician and Managed Care Liaison Committee including, but not limited to, representatives from the following organizations: the Virginia Academy of Family Physicians; the American Academy of Pediatricians – Virginia Chapter; the Virginia College of Emergency Physicians; the American College of Obstetrics and Gynecology – Virginia Section; Virginia Chapter, American College of Radiology; the Psychiatric Society of Virginia; the Virginia Medical Group Management Association; and the Medical Society of Virginia. The committee shall also include representatives from each of the department's contracted managed care organizations and a representative from the Virginia Association of Health Plans. The committee will work with the department to investigate the implementation of quality, cost-effective health care initiatives, to identify means to increase provider participation in the Medicaid program, to remove administrative obstacles to quality, cost-effective patient care, and to address other matters as raised by the department or members of the committee. The committee shall establish an Emergency Department Care Coordination work group comprised of representatives from the committee, including the Virginia College of Emergency Physicians, the Medical Society of Virginia, the Virginia Hospital and Healthcare Association, the Virginia Academy of Family Physicians and the Virginia Association of Health Plans to review the following issues: (i) how to improve coordination of care across provider types of Medicaid "super utilizers"; (ii) the impact of primary care provider incentive funding on improved interoperability between hospital and provider systems; and (iii) methods for formalizing a statewide emergency department collaboration to improve care and treatment of Medicaid recipients and increase cost efficiency in the Medicaid program, including recognized best practices for emergency departments. The committee shall meet semi-annually, or more frequently if requested by the department or members of the committee. The department, in cooperation with the committee, shall report on the committee's activities annually to the Board of Medical Assistance Services and to the Chairmen of the House Appropriations and Senate Finance and Appropriations Committees and the Department of Planning and Budget no later than October 1 each year.

payments accordingly when the UPL cap is reached. The department shall make an adjustment to stay under the UPL cap by reducing or eliminating as necessary supplemental payments to hospitals based on when the first supplemental payments were actually made so that the newest supplemental payments to hospitals would be impacted first and so on.

2. The Department of Medical Assistance Services shall have the authority to implement reimbursement changes deemed necessary to meet the requirements of this paragraph prior to the completion of any regulatory process in order to effect such changes.

KK. The Department of Medical Assistance Services shall submit a report annually on all supplemental payments made to hospitals through the Medicaid program. This report shall include information for each hospital and by type of supplemental payment (Disproportionate Share Hospital, Graduate Medical Education, Indirect Medical Education, Upper Payment Limit program, and others). The report shall include total Medicaid payments from all sources and calculate the percent of overall payments that are supplemental payments. Furthermore, it shall include a description of each type of supplemental payment and the methodology used to calculate the payments. Each report shall reflect the data for the prior three fiscal years and shall be submitted to the Chairmen of the House Appropriations and Senate Finance and Appropriations Committees by September 1 each year.

LL. The Department of Medical Assistance Services shall have the authority to amend the state plan for medical assistance services and associated regulations to remove any obsolete provider supplemental payments that were authorized prior to July 1, 2021. This includes any supplemental payments that have no qualifying providers, have sunset or for which no payments have ever been made. The department shall have the authority to promulgate emergency regulations to implement these amendments within 280 days or less from the enactment of this Act.

MM. The Department of Medical Assistance Service shall have the authority to amend the State Plan for Medical Assistance to implement a supplemental disproportionate share hospital (DSH) redistribution methodology for DSH funds that allows the redistribution of excess DSH payments to other eligible DSH hospitals that have not met their uncompensated care costs. This supplemental redistribution shall be budget neutral and not use state funds in excess of those already appropriated for DSH payments. The department shall have the authority to implement these changes prior to completion of any regulatory process undertaken in order to effect such change.

NN. The Disproportionate Share Hospital (DSH) per diem for Type One hospitals shall be 17 times the DSH per diem for Type Two hospitals. The department shall have the authority to implement these reimbursement changes effective July 1, 2014, and prior to completion of any regulatory process in order to effect such changes.

OO.1.a. There is hereby appropriated sum-sufficient nongeneral funds for the Department of Medical Assistance Services (DMAS) to pay the state share of supplemental payments for qualifying private hospital partners of Type One hospitals (consisting of state-owned teaching hospitals) as provided in the State Plan for Medical Assistance Services. Qualifying private hospitals shall consist of any hospital currently enrolled as a Virginia Medicaid provider and owned or operated by a private entity in which a Type One hospital has a non-majority interest. The supplemental payments shall be based upon the reimbursement methodology established for such payments in Attachments 4.19-A and 4.19-B of the State Plan for Medical Assistance Services. DMAS shall enter into a transfer agreement with any Type One hospital whose private hospital partner qualifies for such supplemental payments, under which the Type One hospital shall provide the state share in order to match federal Medicaid funds for the supplemental payments to the private hospital partner. The department shall have the authority to implement these reimbursement changes consistent with the effective date in the State Plan amendment approved by the Centers for Medicare and Medicaid Services (CMS) and prior to completion of any regulatory process in order to effect such changes.

b. The department shall adjust capitation payments to Medicaid managed care organizations for the purpose of securing access to Medicaid hospital services for the qualifying private hospital partners of Type One hospitals (consisting of state-owned teaching hospitals). The department shall revise its contracts with managed care organizations to incorporate these supplemental capitation payments and provider payment requirements. DMAS shall enter into

	<p>a transfer agreement with any Type One hospital whose private hospital partner qualifies for such supplemental payments, under which the Type One hospital shall provide the state share in order to match federal Medicaid funds for the supplemental payments to the private hospital partner. The department shall have the authority to implement these reimbursement changes consistent with the effective date approved by the Centers for Medicare and Medicaid Services (CMS). No payment shall be made without approval from CMS.</p>			
	<p>2.a. The Department of Medical Assistance Services shall promulgate regulations to make supplemental payments to Medicaid physician providers with a medical school located in Eastern Virginia that is a political subdivision of the Commonwealth. The amount of the supplemental payment shall be based on the difference between the average commercial rate approved by CMS and the payments otherwise made to physicians. The department shall have the authority to implement these reimbursement changes consistent with the effective date in the State Plan amendment approved by CMS and prior to completion of any regulatory process in order to effect such changes.</p>			
	<p>b. The department shall increase payments to Medicaid managed care organizations for the purpose of securing access to Medicaid physician services in Eastern Virginia, through higher rates to physicians affiliated with a medical school located in Eastern Virginia that is a political subdivision of the Commonwealth subject to applicable limits. The department shall revise its contracts with managed care organizations to incorporate these supplemental capitation payments, and provider payment requirements, subject to approval by CMS. No payment shall be made without approval from CMS.</p>			
	<p>c. Funding for the state share for these Medicaid payments is authorized in Item 171.</p>			
	<p>3.a. The Department of Medical Assistance Services (DMAS) shall have the authority to amend the State Plan for Medical Assistance Services (State Plan) to implement a supplemental Medicaid payment for local government-owned nursing homes. The total supplemental Medicaid payment for local government-owned nursing homes shall be based on the difference between the Upper Payment Limit of 42 CFR §447.272 as approved by CMS and all other Medicaid payments subject to such limit made to such nursing homes. There is hereby appropriated sum-sufficient funds for DMAS to pay the state share of the supplemental Medicaid payment hereunder. However, DMAS shall not submit such State Plan amendment to CMS until it has entered into an intergovernmental agreement with eligible local government-owned nursing homes or the local government itself which requires them to transfer funds to DMAS for use as the state share for the supplemental Medicaid payment each nursing home is entitled to and to represent that each has the authority to transfer funds to DMAS and that the funds used will comply with federal law for use as the state share for the supplemental Medicaid payment. If a local government-owned nursing home or the local government itself is unable to comply with the intergovernmental agreement, DMAS shall have the authority to modify the State Plan. The department shall have the authority to implement the reimbursement change consistent with the effective date in the State Plan amendment approved by CMS and prior to the completion of any regulatory process undertaken in order to effect such change.</p>			
	<p>b. If by June 30, 2017, the Department of Medical Assistance Services has not secured approval from the Centers for Medicare and Medicaid Services to use a minimum fee schedule pursuant to 42 C.F.R. § 438.6(c)(1)(iii) for local government-owned nursing homes participating in Cardinal Care Managed Care (Cardinal Care) at the same level as and in lieu of the supplemental Medicaid payments authorized in Section OO.3.a., then DMAS shall: (i) exclude Medicaid recipients who elect to receive nursing home services in local government-owned nursing homes from Cardinal Care; (ii) pay for such excluded recipient's nursing home services on a fee-for-service basis, including the related supplemental Medicaid payments as authorized herein; and (iii) prohibit Cardinal Care contracted health plans from in any way limiting Medicaid recipients from electing to receive nursing home services from local government-owned nursing homes. The department may include in Cardinal Care Medicaid recipients who elect to receive nursing home services in local government-owned nursing homes in the future when it has secured federal CMS approval to use a minimum fee schedule as described above.</p>

VDH may transfer general fund to the department from funds already appropriated to VDH to cover the non-federal share of the Medicaid payments. The department shall have the authority to implement the reimbursement change effective July 1, 2015, and prior to the completion of any regulatory process undertaken in order to effect such changes.</p>			
	<p>5. The department shall include in its contracts with managed care organizations a percentage increase for Chesapeake Regional Hospital consistent with the approved managed care directed percentage increase. order to effect such changes.

b. The department shall adjust capitation payments to Medicaid managed care organizations to fund a minimum fee schedule compliant with requirements in 42 C.F.R. § 438.6(c)(1)(iii) at a level consistent with the State Plan amendment authorized above for nursing homes owned by Type One hospitals. The department shall revise its contracts with managed care organizations to incorporate these supplemental capitation payments and provider payment requirements. The department shall have the authority to implement these reimbursement changes consistent with the effective date approved by CMS. No payment shall be made without approval from CMS.

8. The department shall amend the State plan for Medical Assistance to implement a supplemental inpatient payment for Lake Taylor Transitional Care Hospital based on the difference between Medicaid reimbursement and the inpatient Upper Payment Limit for non-state government owned hospitals, and for managed care claims based on the difference between the amount included in the capitation rates for inpatient and outpatient services based on historical paid claims for non-state government hospitals and the maximum managed care directed payment supported by the department's calculations and allowed by CMS, subject to CMS approval under 42 C.F.R. section 438.6(c). The department shall include in its contracts with managed care organizations a percentage increase for Lake Taylor Transitional Care Hospital consistent with the approved managed care directed fee for service supplemental payment percentage increase. The department shall adjust capitation payments to Medicaid managed care organizations to fund this percentage increase. Both the contract changes and capitation rate adjustments shall be compliant with 42 C.F.R. 438.6(c)(1)(iii) and subject to CMS approval. Prior to submitting the State Plan Amendment or making the managed care contract changes, Lake Taylor Transitional Care Hospital shall enter into an agreement with the department to transfer the non-federal share for these payments. The department shall have the authority to implement these reimbursement changes consistent with the effective date(s) approved by the Centers for Medicare and Medicaid (CMS). The originating funding for this program will come entirely from Lake Taylor.

9.a. The Department of Medical Assistance Services shall develop a State Plan for Medical Assistance amendment to make supplemental payments to private hospitals and related health systems who intend to execute affiliation agreements with public entities that are capable of transferring funds to the department for purposes of covering the non-federal share of the authorized payments. Virginia community colleges, Virginia public institutions of higher education, local governments, and instrumentalities of local government are public entities that are authorized to transfer funds to the department for purposes of covering the non-federal share of the authorized payments. Such public entities would enter into an Interagency Agreement with the department for this purpose. The department shall develop a plan, that could take effect July 1, 2023, for making managed care directed payments or supplemental payments as follows: Physician fee-for-service (FFS) supplemental payments through a state plan amendment and physician managed care directed payments through managed care contracts up to the Average Commercial Rate for practice plans that are a component of the participating hospitals or health system. The plan shall identify the public entity who will transfer funds to the department, the amount and duration of such transfers, the purpose and amount of any supplemental payment or managed care direct payments made to private hospitals and related health systems, and the impact, if any, on other supplemental payment programs currently in effect. The plan shall also include the appropriate references that provide authority for such payments.

b. The department shall have the authority to amend the State Plan for Medical Assistance and managed care contracts to make supplemental payments and managed care directed payments to private hospitals for physician services effective July 1, 2024. Reimbursement changes shall be effective prior to completion of any regulatory process in order to effect such changes. No payment shall be made without approval from CMS and an Interagency Agreement with a public entity capable of transferring the non-federal share of authorized payments to the department. The funds to be transferred must comply

with 42 CFR 433.51 and 433.54. Such funds may not be paid from any private agreements with public entities that are in excess of fair market value or that alleviate pre-existing financial burdens of such public entities. Public entities are authorized to use general fund dollars to accomplish this transfer. As part of the Interagency Agreements the department shall require the public entities to attest to compliance with applicable CMS criteria. The department shall also require any private hospital and related health systems receiving payments under this Item to attest to compliance with applicable CMS criteria. Upon notification by the Department of any deferral or disallowance issued by CMS regarding the supplemental or managed care directed payment arrangement, the hospital provider will return the entire balance of the payment to the Department within 30 days of notification. If the hospital does not return the entire balance of the payment to the Department within the specified timeframe, a judgement rate of interest set forth in Title 6.2-302 will be applied to the entire balance, regardless of whatever portion has been repaid. In addition, the non-federal share of the agency's administrative costs directly related to administration of the programs authorized in this paragraph, including staff and contractors, shall be funded by participating public entities. These funds shall be deposited into a special fund created by the Comptroller and used to support the administrative costs associated with managing this program. Any funds received for this purpose but unexpended at the end of the fiscal year shall remain in the fund for use in accordance with this provision.

c. The purposes to which the additional payments authorized in paragraph OO.9.b. of this Item shall be applied include: (i) increasing and enhancing access to outpatient care for Medicaid recipients; (ii) stabilizing and supporting critical healthcare workforce needs; and (iii) advancing the department's health and quality improvement goals; these shall contain specific measurable outcomes that will be approved, and monitored by the Department quarterly. Payment shall be dependent on progress towards goal attainment on all three purposes. Participating organizations must submit quarterly updates and annual reports on programs no later than October 1. The department, with the assistance of the participating organizations, shall report to the Chairs of the House Appropriations and Senate Finance and Appropriations Committees by December 1 of each year on the impact of this initiative.

d. Notwithstanding any other provision of law, due to the complexities of federal Medicaid financial support policies, public entities, including Virginia public institutions, Virginia public institutions of higher education and Virginia community colleges, that wish to participate in the program referenced in Item 288, paragraph OO.9., may employ or retain private legal counsel, in consultation with the Division of Risk Management, to advise or represent the public entity in such participation. Costs for such legal counsel shall be borne by program participants.

10. The Department of Medical Assistance Services shall have the authority to amend the State Plan for Medical Assistance to make supplemental payments through an adjustment to the formula for indirect medical education (IME) reimbursement, using managed care discharge days, for an acute care hospital chain with a level one trauma center in the Tidewater Metropolitan Statistical Area (MSA) in 2020, upon the execution of affiliation agreements with public entities that are capable of transferring funds to the department for purposes of covering the non-federal share of the authorized payments. Such public entities would enter into an Interagency Agreement with the department for this purpose. Public entities are authorized to use general fund dollars to accomplish this transfer. The funds to be transferred must comply with 42 CFR 433.51 and 433.54. As part of the Interagency Agreements the department shall require the public entities to attest to compliance with applicable CMS criteria. The department shall also require any private hospital and related health systems receiving payments under this Item to attest to compliance with applicable CMS criteria. The department shall have the authority to implement these changes prior to completion of any regulatory process undertaken in order to effect such change.

11. The Department of Medical Assistance Services shall periodically assess the quality measures that are submitted to the Centers for Medicare and Medicaid Services for supplemental payments to ensure that appropriate quality measures are being included for supplemental payments such that the additional funding is improving the Medicaid program's quality and delivery of health care services. The department shall report on quality measures and outcomes for the programs to the Joint Subcommittee for Health and Human Resources Oversight no later than November 15, 2024.

	FY2025	FY2026	FY2025	FY2026

PP.1. Effective July 1, 2017, the Department of Medical Assistance Services shall amend the State Plan for Medical Assistance to increase the formula for indirect medical education (IME) for freestanding children's hospitals with greater than 50 percent Medicaid utilization in 2009 as a substitute for disproportionate share hospital (DSH) payments. The formula for these hospitals for IME for inpatient hospital services provided to Medicaid patients but reimbursed by capitated managed care providers shall be identical to the formula for Type One hospitals. The IME payments shall continue to be limited such that total payments to freestanding children's hospitals with greater than 50 percent Medicaid utilization do not exceed the federal uncompensated care cost limit to which DSH payments are subject, excluding third party reimbursement for Medicaid eligible patients. The department shall have the authority to implement these changes effective July 1, 2017, and prior to completion of any regulatory action to effect such changes.

2. The Department of Medical Assistance Services (DMAS) shall have the authority to create additional hospital supplemental payments for freestanding children's hospitals with greater than 50 percent Medicaid utilization in 2009 to replace payments that have been reduced due to the federal regulation on the definition of uncompensated care costs effective June 2, 2017. Effective July 1, 2024, these new payments shall equal the greater of what would have been paid to the freestanding children's hospitals under the current disproportionate share hospital (DSH) formula or \$16,000,000 annually, the average DSH that CHKD was due by formula prior to Medicaid expansion without regard to the uncompensated care cost limit. These additional hospital supplemental payments shall take precedence over supplemental payments for private acute care hospitals. If the federal regulation is voided, DMAS shall continue DSH payments to the impacted hospitals and adjust the additional hospital supplemental payments authorized in this paragraph accordingly. The department shall have the authority to implement these changes prior to completion of any regulatory process undertaken in order to effectuate such change.

QQ. The Department of Medical Assistance Services shall have the authority to amend the State Plan for Medical Assistance to adjust the formula for indirect medical education (IME) reimbursement for managed care discharges for freestanding children's hospitals with greater than 50 percent Medicaid utilization in 2009 by increasing the case mix adjustment factor to the greater of 3.2962 or the most recent rebasing. Total payments for IME in combination with other payments for freestanding children's hospitals with greater than 50 percent Medicaid utilization in 2009 may not exceed the hospital's Medicaid costs. The department shall have the authority to implement these changes prior to completion of any regulatory process undertaken in order to effect such change.

RR. The Department of Medical Assistance Services shall implement managed care directed payments for physician services for practice plans affiliated with a freestanding children's hospital with more than 50 percent Medicaid utilization in fiscal year 2009 for \$11,050,000 annually but not to exceed the average commercial rate. The department shall have the authority to implement this reimbursement change effective July 1, 2023, and prior to the completion of any regulatory process undertaken in order to effect such changes. The agency shall implement this by determining at the beginning of each year the percent of Medicaid that will result in estimated payments of \$11,050,000 annually.

SS. The Department of Medical Assistance Services shall amend the State Plan for Medical Assistance to implement a supplemental disproportionate share hospital (DSH) payment for Chesapeake Regional Hospital up to its hospital-specific disproportionate share hospital limit (OBRA '93 DSH limit) as determined pursuant to 42 U.S.C. Section 1396r-4. The payment shall be made annually based upon the hospital's disproportionate share limit for the most recent year for which the disproportionate share limit has been calculated subject to the availability of DSH funds under the federal allotment of such funds to the department. Prior to submitting the State Plan amendment, Chesapeake Regional Hospital shall enter into an agreement with the department to transfer the non-federal share of the supplemental DSH payment. Payment of the supplemental DSH payment is contingent upon receipt of intergovernmental transfer of funds or certified public expenditures from Chesapeake Regional Hospital. In the event that Chesapeake Regional Hospital is ineligible to transfer or certify necessary funds pursuant to federal law, the department may amend the State Plan for Medical Assistance to terminate the supplemental DSH payment program. The department shall have the authority to

	implement these reimbursement changes consistent with effective date(s) approved by the Centers for Medicare and Medicaid Services (CMS). No payments shall be made without CMS approval. In the event that CMS recoups supplemental DSH hospital funds from the department, Chesapeake Regional Hospital shall reimburse such funds to the department.			
	TT. The Department of Medical Assistance Services (DMAS) is authorized to amend the State Plan for Medical Assistance Services to implement a supplemental Medicaid payment for Department of Veterans Services (DVS) state government-owned nursing facilities. The total supplemental Medicaid payment for DVS state government owned nursing homes shall be based on the difference between the Upper Payment Limit of 42 CFR 447.272, as approved by the Centers for Medicare and Medicaid Services (CMS), and all other Medicaid payments subject to such limit made to such nursing homes. DMAS shall not submit any State Plan amendment to CMS that implements this payment until DMAS enters into an intergovernmental agreement with DVS. This agreement shall include the following provisions: 1) DVS shall transfer funds to DMAS for use as the state share of the full cost of the supplemental Medicaid payment for which each nursing home is entitled; 2) DVS must demonstrate that it has the authority and ability to transfer the necessary funds to DMAS; and, 3) DVS shall attest that any funds provided for state match will comply with federal law for use as the state share for the supplemental Medicaid payment. If DVS is unable to enter into or comply with the provisions of such an intergovernmental agreement, then DMAS shall immediately modify the Medicaid State Plan and adjust any supplemental payments accordingly. DMAS shall have the authority to implement the reimbursement changes consistent with the effective date in the State Plan amendment approved by CMS and prior to the completion of any regulatory process undertaken in order to effect such change.

The Department of Medical Assistance Services shall pursue available administrative processes to initiate these residencies in FY 2025.			
	c. Of the amounts appropriated in UU.1.a., \$500,000 \$300,000 the first year and \$500,000 \$400,000 the second year from the general fund and \$500,000 \$300,000 the first year and \$500,000 \$400,000 the second year from nongeneral funds shall be used for supplemental payments to fund graduate medical residencies for 106 obstetric-gynecological residents who began their residencies in July 2024 and 2 additional obstetric-gynecological residents who began their residencies in July 2025. The Department of Medical Assistance Services shall work with the Virginia Health Workforce Development Authority to pursue available administrative processes to initiate these residencies in fiscal year 2025. Two of these residencies shall be awarded to Johnston Memorial Hospital contingent on the hospital's intent to apply for and accept the residencies.			
	2.a. The supplemental payment for each qualifying residency slot shall be \$100,000 annually minus any Medicare residency payment for which the sponsoring institution is eligible. For any residency program at a facility whose number of residency slots are above the cap set by the Centers for Medicare and Medicaid Services or have exceeded the Upper Payment Limit (UPL) set by CMS, the supplemental payments for each qualifying residency slot shall be \$50,000 from the general fund annually minus any Medicare residency payments for which the residency program is eligible. Supplemental payments shall be made for up to four years for each qualifying resident. Payments shall be made quarterly following the same schedule used for other medical education payments

Should the number of applications for these two specialties exceed available funding, then DMAS shall request sufficient resources through the budget process.</i></p>			
	<p>3.a. By July 1 of each year, the Department of Medical Assistance Services shall determine the number of residency slots that could be funded in the next two fiscal years within the resources provided in this Item. In addition, DMAS shall issue a call for applications to all hospitals in the Commonwealth to determine the number of residency slots, by hospital, that could be filled in the following fiscal year.</p>			
	<p>b. The Department of Medical Assistance Service, in cooperation with the Virginia Health Workforce Development Authority, shall determine which new residency slots to fund based on priorities developed by the authority. Preference shall be given for residency slots located in underserved areas. A majority of the new residency slots funded each year shall be for primary care. The department shall also review and consider applications from non-hospital sponsoring institutions, such as Federally Qualified Health Centers (FQHCs).</p>			
	<p>c. By August 15 <i>October 1</i> of each year, the Department of Medical Assistance Services shall develop a prioritized list of hospitals for which residencies are recommended. Using this list, DMAS shall request budget authorization for those residencies that can be supported with the funds as appropriated in this Item.</p>			
	<p>4. The sponsoring institution will be eligible for the supplemental payments as long as it maintains the number of residency slots in total and by category as a result of the increase. The sponsoring institutions must certify by June 1 each year that they continue to meet the criteria for the supplemental payments and report any changes during the year to the number of residents.</p>			
	<p>5. The department shall require all sponsoring institutions receiving Medicaid medical education funding to report annually by September 15 on the number of residents in total and by specialty/subspecialty. Medical education funding includes payments for graduate medical education (GME) and indirect medical education (IME). The department shall make the report available to the Virginia Health Workforce Development Authority to assist in their efforts to set priorities for and manage graduate medical education programs overseen by the Commonwealth.</p>

2. The department shall have authority to implement these changes to be effective July 1, 2022. The department shall also have authority to promulgate any emergency regulations required to implement these necessary changes within 280 days or less from the enactment date of this Act. Any service eligible for reimbursement through the Children's Services Act shall not be included in managed care. The department shall have the authority to create a new capitation payment structure to reflect this change in managed care service delivery. These measures shall assess whether the additional payments improve services for Medicaid members. Specifically, DMAS shall include requirements to ensure access to care by Medicaid members through network adequacy requirements to prevent a hospital from reducing its service offerings in a manner that would have an adverse impact on Medicaid members in the community. In addition, DMAS shall include requirements to ensure improved coordination of care for behavioral health patients, including continued participation by hospitals in the acute bed registry. DMAS shall establish a process for measuring progress and may include a process to allow for corrective actions required for hospitals that do not achieve the specific performance measures established by DMAS. DMAS is authorized to measure progress toward these performance measures on a quarterly basis, unless DMAS determines that a specific measure is more appropriately measured on a longer timeframe. DMAS shall consult with impacted stakeholders in developing the performance measures and associated processes. A hospital that does not achieve the specific performance measures established by DMAS and is not able to fulfill the necessary corrective actions in the timeframe required by DMAS, shall lose eligibility for private acute care hospital enhanced payments for the associated period as determined by DMAS. DMAS shall submit a report to the Chairs of the House Appropriations and Senate Finance and Appropriations Committees on the measures established and associated processes by November 15, 2025.

Such funds may not be paid from any private agreements with Virginia Tech Carilion School of Medicine that are in excess of fair market value or that alleviate pre-existing financial burdens of the school. The Virginia Tech Carilion School of Medicine is authorized to use general fund dollars to accomplish this transfer. The Virginia Tech Carilion School of Medicine would enter into an Interagency Agreement with the department for this purpose and must attest to compliance with applicable CMS criteria. The department shall have the authority to implement these changes prior to completion of any regulatory process undertaken in order to effect such change.

SSSSS. Any services provided by IHS or Tribal 638 facilities that are not eligible for reimbursement at a 100 percent FMAP shall be reimbursed at standard Medicaid rates (the rates otherwise paid to non-tribal facilities for the same services) and not at the IHS outpatient all-inclusive rate. DMAS is authorized to make any necessary managed care contract changes and seek all necessary federal authority through state plan or waiver amendments submitted to the Centers for Medicare and Medicaid Services under Titles XIX and XXI of the Social Security Act to implement the provisions of this paragraph. The department shall implement this reimbursement change consistent with the effective date of the appropriate federal authority, and prior to the completion of any regulatory process. If the above rate structure is not approved by the Centers for Medicare and Medicaid Services, then DMAS shall seek approval to reimburse IHS facilities, tribal clinics and tribal FQHCs at the standard Medicaid rate for all services.

Effective July 1, 2025, the department shall modify nursing facility direct care base rates by redetermining each of the regional peer group prices under the existing methodology, except by using the cost of the relevant facility with the 59th percentile day in place of the cost of the currently mandated facility with the 50th percentile day, or "day-weighted median," cost. This shall be applied using the rebasing model implemented for fiscal year 2025 rates, with resulting direct care rates adjusted for this change and inflated to fiscal year 2026 per existing policy. This methodology change shall be maintained until the next rebasing. The department shall have the authority to implement these changes upon federal approval and prior to the completion of any regulatory process.

WWWWW. The Department of Medical Assistance Services (DMAS) shall amend the Medicaid State Plan for Medical Assistance and regulations to provide supplemental payments for dentists employed by or contracted with Virginia Commonwealth University's School of Dentistry. The total supplemental payment shall be based on the average commercial rate as approved by the federal Centers for Medicare and Medicaid (CMS) and all other Medicaid payments subject to such limit made to such dentists. DMAS shall enter into a transfer agreement with Virginia Commonwealth University for such supplemental payments, in which the University shall provide the non-federal share in order to match federal Medicaid funds for the supplemental payments. The department shall have the authority to implement these reimbursement changes consistent with the effective date in the State Plan amendment approved by CMS and prior to completion of any regulatory process in order to effect such changes.

A.1.a. Notwithstanding any other provision of law, by November 1 of each year, the Department of Medical Assistance Services (DMAS) shall prepare and submit a forecast of Medicaid expenditures, upon which the Governor's budget recommendations will be based, for the current and subsequent two years to the Director, Department of Planning and Budget (DPB) and the Chairmen of the House Appropriations and Senate Finance and Appropriations Committees.

b. The forecast shall be based on current state and federal laws and regulations.

c. The forecast shall reflect only expenditures for medical services provided in Program 45600 and shall exclude service area 45606, service area 45607, and administrative expenditures.

d. Rebasing and inflation estimates that are required by existing law or regulation for any Medicaid provider shall be included in the forecast.

e. The forecast shall include a projection of the increases or decreases in managed care costs, including the rates that will be reflected in the upcoming July 1 contracts as well as changes in managed care rates for a three-year period including the current year.

f. In preparing for each year's forecast of the managed care portions of the budget, DMAS shall submit to its actuarial contractor a letter of request, with a copy sent to the Director, DPB and the Chairmen of the House Appropriations and Senate Finance and Appropriations Committees. This letter shall document the department's request for a point estimate of managed care rates and changes in rates, based on the application of actuarial principals and methodologies and information available at the time of the forecast. The letter also shall require that the contractor reflect the years being forecasted, and shall specify the population groupings for which estimates are requested. The department shall request that the contractor reply in writing with a copy to all parties copied on the department's letter of request.

2. In addition to the November 1 forecast submission, DMAS shall provide: 1) a separate accounting of forecasted expenditures by caseload/utilization, inflation and policy changes; and 2) an enrollment forecast for the same period of the forecast.

3. In the development and execution of the official forecast, DMAS shall collaborate with staff from the Department of Planning and Budget (DPB), House Appropriations Committee and Senate Finance and Appropriations Committee. Further, DMAS shall consult with DPB and money committee staff throughout the year, as necessary, to review any issues that may influence the current or upcoming forecasts. Upon request from such staff, DMAS shall provide the information necessary to evaluate factors that may affect the Medicaid forecast; including, but not limited to, program utilization, enrollment, lump sum payments, and rate changes. At a minimum, DMAS shall provide such staff with program updates within 30 days after the end of each General Assembly session and fiscal year. By October 15 of each year, DMAS shall make a preliminary forecast of Medicaid expenditures available for review to staff from DPB and the House Appropriations and Senate Finance and Appropriations Committees. 	General Management and Direction (79901).....	\$932,092	\$782,092		
	Fund Sources: General.....	\$932,092	\$782,092		

Authority: Title 2.2, Chapter 2, Article 8, and § 2.2-201, Code of Virginia.

A. The Secretary of Public Safety and Homeland Security shall present revised six-year state and local juvenile and state and local responsibility adult offender population forecasts to the Governor, the Chairs of the House Appropriations and Senate Finance and Appropriations Committees, and the Chairs of the House Courts of Justice and Senate Judiciary Committees by October 15 of each year. The secretary shall ensure that the revised forecast for state-responsible adult offenders shall include an estimate of the number of probation violators included each year within the overall population forecast who may be appropriate for alternative sanctions.

B. The secretary shall continue to work with other secretaries to (i) develop services intended to improve the re-entry of offenders from prisons and jails to general society and (ii) enhance the coordination of service delivery to those offenders by all state agencies. The secretary shall provide a status report on actions taken to improve offender transitional and reentry services, as provided in § 2.2-221.1, Code of Virginia, including improvements to the preparation and provision for employment, treatment, and housing opportunities for those being released from incarceration. The report shall be provided to the Governor and the Chairs of the House Appropriations and Senate Finance and Appropriations Committees no later than November 15 of each year.

C.1. The Secretary of Public Safety and Homeland Security, in collaboration with the Secretary of Education and the Secretary of Health and Human Resources, with the cooperation and assistance of the Department of Planning and Budget, the Virginia Association of Counties, and the Virginia Municipal League, shall evaluate and submit to the General Assembly no later than October 15, 2024, a report on juvenile detention center cost savings strategies. The report shall include a proposal to reduce state formula financial assistance for juvenile confinement in local facilities (“juvenile detention center block grant”) in order to incentivize consolidation of juvenile detention centers in the Commonwealth. The proposal shall: (i) recommend five to eight juvenile detention centers for consolidation, identifying the five to eight facilities recommended for closure and alternative facilities recommended to house youth impacted by the closures; (ii) describe the criteria used to identify such facilities including, but not limited to, distance between the facilities recommended for closure and the recommended alternative sites of incarceration, funded and licensed capacity, historical and projected average daily population by region, age and condition of facilities and their electronic security systems, outstanding debt service, deferred maintenance and annual maintenance reserve as a percentage of the replacement asset value, potential for repurposing or sale of facilities recommended for closure, regional distribution of juvenile detention centers, and availability of programming; (iii) estimate the state savings that would result from elimination of juvenile detention center block grant funding for facilities recommended for closure, net any expected increase in block grant or per diem funding for facilities recommended to house additional youth; and (iv) recommend two to five options for reinvesting the net savings in services for youth involved or at-risk of becoming involved in the juvenile justice system.

2. In addition, the report shall assess alternative delivery models for education services at juvenile detention centers, including: (i) determining the extent to which each juvenile detention center currently implements or could further implement cost effective staffing methods, including strategies identified in the 2021 Board of Education report entitled “Recommendations for Appropriate Staffing and Funding Levels Necessary for State Operated Programs (SOPs) in Regional and Local Detention Centers”; (ii) continuing to develop an alternative to the statutorily required 1:12 teacher to student staffing ratio; (iii) utilizing full-time special education teachers to coordinate, plan, and substitute for part-time

The Secretary of Public Safety and Homeland Security, with the cooperation and assistance of the Virginia Association of Counties, the Virginia Municipal League, the Virginia Sheriffs' Association, the Virginia Association of the Chiefs of Police, and other appropriate stakeholders, shall evaluate and submit to the General Assembly no later than November 1, 2024, a report to establish authority in the Code of Virginia for local civilian-led units designed to respond, investigate, and handle calls for services related to minor traffic accidents and other duties as assigned. The report shall include potential legislative language, any costs savings to local police and sheriff departments, research around best practices from other states, recommendations for implementation and tasks that could be assigned to local civilian-led units, and a list of potential challenges the units could face being set up by local jurisdictions.</p> <p>E. The Secretary of Public Safety and Homeland Security shall complete a review and assessment of the sufficiency of fire and emergency medical services funding in the Commonwealth. The review and assessment shall include, but not be limited to, (i) identification of local, state, and federal funding provided to support local fire and emergency medical services by locality or region, and to the extent possible, trends in funding by source; (ii) consideration of identifiable fire or emergency medical service funding needs by locality or region; (iii) identification of factors that influence or differentiate the ability of localities or regions to meet the funding needs of local and regional fire and emergency medical services; (iv) factors influencing the ability of localities or regions to meet fire and emergency medical services funding needs; and, (v) consideration of the costs and benefits of consolidation state-level administration of fire and emergency medical services funding and oversight, to include an assessment of administrative models used in other states. In completing the assessment, the Secretary shall convene at least three stakeholder group meetings whose membership shall include, but not be limited to, representatives from the Department of Fire Programs, the Office of Emergency Medical Services, the Virginia Fire Services Council, Virginia's Regional EMS Councils, the Virginia Fire Chiefs Association, the Virginia Association of Counties, and the Virginia Municipal League. Included in the appropriation for this item is \$150,000 the first year from the general fund for the Secretary to procure the services of technical experts to complete the review and assessment. 	1. The locality shall file with the Department of Corrections, by January 1 of the year in which it wishes its request to be considered, the following information in a format specified by the department:

	4. The State Board of Local and Regional Jails shall review and take action on the request, after reviewing the comments and recommendations of the Departments of Corrections and Criminal Justice Services. It may modify any aspect of the request before approving it. The Board shall not approve any request unless the following conditions have been met:			
	a. the project is consistent with the projected number of local and state responsible offenders to be housed in such facility;			
	b. the project meets the design criteria set out in the State Board of Local and Regional Jails' Standards for Planning, Design, Construction and Reimbursement of Local Correctional Facilities;			
	c. the project is proposed to be built using standards for a minimum security facility, as adopted by the Board, unless the use of more expensive construction standards is justified, based on a documented projection of offender populations that would require a higher level of security;			
	d. the project can be completed and operated in a cost-efficient manner; and			
	e. any other criteria established by the Board.			
	5.a. For those projects with a total cost exceeding \$12,000,000 for which the State Board of Local and Regional Jails (the Board) approves a request, the Board shall (i) submit to the Department of General Services (DGS) as soon as is practicable after Board approval, but no later than August July 1, all submittal elements of a Planning Study or its equivalent; and such other essential documents and forms as may be appropriate to determine building cost summary; costs for upgrades, including, but not limited to, costs for upgrades to doors, windows, HVAC, and security systems; construction, expansion, and renovation of existing jail facilities; any existing design document for each project; the detailed list of the Board-approved costs; and any other all documents and information requested by DGS to perform a design and cost review of the project at the completion of preliminary design; and (ii) submit to the Department of Planning and Budget by no later than September 15, a summary of the project and a detailed list of the Board-approved costs. Exceptions to this measure of capacity may also be made for jails which were constructed prior to 1980. A report including the double-bunking capacity, as well as the standard State Board of Local and Regional Jails measure of rated capacity, for each jail shall be presented to the Secretary of Public Safety and the Chairs of the Senate Finance and Appropriations and House Appropriations Committees by October 1 of each year.</p> <p>E. Authority: §§ 16.1-233 through 16.1-238, 16.1-274, 16.1-322.1 and 66-14, Code of Virginia.

A. From July 1, 2024 to June 30, 2026, the Board of Juvenile Justice shall not approve or commit additional funds for the state share of the cost of construction, enlargement or renovation of local or regional detention centers, group homes or related facilities. The board may grant exceptions only to address emergency maintenance projects needed to resolve immediate life safety issues. For such emergency projects, approval by both the Board of Juvenile Justice and the Secretary of Public Safety and Homeland Security is required. Any emergency projects must also comply with Board of Juvenile Justice standards.

B. Each emergency resolution adopted by the Board of Juvenile Justice approving reimbursement of the state share of the cost of construction, maintenance, or operation of local or regional detention centers, group homes, or related facilities or programs shall include a statement noting that such approval is subject to the availability of funds and approval by the General Assembly at its next regular session.

C. The Department of Juvenile Justice shall reimburse localities, pursuant to § 66-15, Code of Virginia, at the rate of \$50 per day for housing juveniles who have been committed to the department, for each day after the department has received a valid commitment order and other pertinent information as required by § 16.1-287, Code of Virginia.

D. Notwithstanding the provisions of § 16.1-322.1 of the Code of Virginia, the department shall apportion to localities the amounts appropriated in this Item.

E.1. The appropriation for Financial Assistance for Community Based Alternative Treatment Services includes \$10,379,926 the first year and \$10,379,926 the second year from the general fund for the implementation of the financial assistance provisions of the Juvenile Community Crime Control Act (VJCCCA), §§ 16.1-309.2 through 16.1-309.10, Code of Virginia. Notwithstanding § 16.1-309.6, Code of Virginia, localities participating in this program and contributing through their local match an amount of local funds which is greater than they receive from the Commonwealth under this program are authorized, but not required, to provide a contribution greater than the state general fund contribution. In no case shall their local match be less than their state share.

2. Notwithstanding the provisions of §§ 16.1-309.2 through 16.1-309.10, Code of Virginia, the Board of Juvenile Justice shall establish guidelines for use in determining the types of programs for which VJCCCA funding may be expended. The department shall establish a format to receive biennial or annual requests for funding from localities, based on these guidelines. For each program requested, the plan shall document the need for the program, goals, and measurable objectives, and a budget for the proposed expenditure of these funds and any other resources to be committed by localities.

3.a. Notwithstanding the provisions of § 16.1-309.7 B, Code of Virginia, unobligated VJCCCA funds must be returned to the department by each grantee locality no later than October 1 of the fiscal year following the fiscal year in which they were received, or a similar amount may be withheld from the current fiscal year's periodic payments designated by the department for that locality. The Director, Department of Planning and Budget, may increase the general fund appropriation for this Item up to the amount of unobligated VJCCCA funds returned to the Department of Juvenile Justice.

b. All such unobligated and reappropriated balances shall be used by the department for the purpose of awarding short-term supplementary grants to localities, for programs and services which have been demonstrated to improve outcomes, including reduced recidivism, of juvenile offenders. Such programs and services must augment and support

current VJCCA-funded programs within each affected locality. The grantee locality shall submit an outcomes report to the department, in accord with a written memorandum of agreement which shall accompany the supplementary grant award. This provision shall apply to funds obligated to and in the possession of the department and its grant recipients. The entity which returns unobligated funds under this provision shall not have a presumptive entitlement to a supplementary grant.

c. The Department of Juvenile Justice, with the assistance of the Department of Corrections, the Virginia Council on Juvenile Detention, juvenile court service unit directors, juvenile and domestic relations district court judges, and juvenile justice advocacy groups, shall provide a report on the types of programs supported by the Juvenile Community Crime Control Act and whether the youth participating in such programs are statistically less likely to be arrested, adjudicated or convicted, or incarcerated for either misdemeanors or crimes that would otherwise be considered felonies if committed by an adult.

F. The department shall consolidate the annual reporting requirements in §§ 2.2-222 and 66-13 and in Chapters 755 and 914 of the 1996 Acts of the General Assembly concerning juvenile offender demographics. The consolidated annual report shall address the progress of Virginia Juvenile Community Crime Control Act programs including the requirements in Article 12.1 of Chapter 11 of Title 16.1 (§ 16.1-309.2 et seq.) relating to the number of juveniles served, the average cost for residential and nonresidential services, the number of employees, and descriptions of the contracts entered into by localities. Notwithstanding any other provisions of the Code of Virginia, the consolidated report shall be submitted to the Governor, the General Assembly, the Chairs of the House Appropriations and Senate Finance and Appropriations Committees, the Secretary of Public Safety and Homeland Security, and the Department of Planning and Budget by the first day of the regular General Assembly session.

A. The Department of Juvenile Justice shall retain all funds paid for the support of children committed to the department to be used for the security, care, and treatment of said children.

B.1. The Director, Department of Juvenile Justice, (the “Department”) shall develop a transformation plan to provide more effective and efficient services for juveniles, using data-based decision-making, that improves outcomes and safely reduces the number of juveniles housed in state-operated juvenile correctional centers, consistent with public safety. To accomplish these objectives, the Department will provide, when appropriate, alternative placements and services for juveniles committed to the Department that offer treatment, supervision and programs that meet the levels of risk and need, as identified by the Department's risk and needs assessment instruments, for each juvenile placed in such placements or programs. Prior to implementation, the plan shall be approved by the Secretary of Public Safety and Homeland Security.

2. The Department shall reallocate any savings from the reduced cost of operating state juvenile correctional centers to support the goals of the transformation plan including, but not limited to: (a) increasing the number of male and female local placement options, and post-dispositional treatment programs and services; (b) ensuring that appropriate placements and treatment programs are available across all regions of the Commonwealth; and (c) providing appropriate levels of educational, career readiness, rehabilitative, and mental health services for these juveniles in state, regional, or local programs and facilities, including but not limited to, community placement programs, independent living programs, and group homes. The goals of such transformation services shall be to reduce the risks for reoffending for juveniles supervised or committed to the Department and to improve and promote the skills and resiliencies necessary for the juveniles to lead successful lives in their communities.

3. No later than November 1 of each year, the Department of Juvenile Justice shall provide a report to the Governor, the Chairs of the House Appropriations and Senate Finance and Appropriations Committees, the Secretary of Public Safety and Homeland Security and the Director, Department of Planning and Budget, assessing the impact and results of the transformation plan and its related actions. The report shall include, but is not limited to, assessing juvenile offender recidivism rates, fiscal and operational impact on detention homes; changes (if any) in commitment orders by the courts; and use of the savings redirected as a result of transformation, including the amount expended for contracted programs and treatment services, including the number of juveniles receiving each specific service. The report should also include the average length of stay for juveniles in each placement option.

4. The Director, Department of Planning and Budget, is authorized to transfer appropriations between items and programs within the Department of Juvenile Justice to reallocate any savings achieved through transformation to accomplish the goals of transformation.

5. If the Department of Juvenile Justice deems it necessary, due to facility population decline, efficient use of resources, and the need to further reduce recidivism, to close a state juvenile correctional center, the Department shall (i) work cooperatively with the affected localities to minimize the effect of the closure on those communities and their residents, and (ii) implement a general closure plan, preferably not less than 12 months from announcement of the closure, to create opportunities to place affected state employees in existing departmental vacancies, assist affected employees with placement in other state agencies, create training opportunities for affected employees to increase their qualifications for additional positions, and safely reduce the population of the facility facing closure, consistent with public safety.

C. The Department of Juvenile Justice is authorized to study possible relationships with localities to increase state-run juvenile correctional center bed capacity for committed youth. If a study is pursued by the Department, it shall report its findings and any recommendations to the Governor, the Chairs of the House Appropriations and Senate Finance and Appropriations Committees, and the Director of the Department of Planning and Budget by October 1, 2025. The Department of Juvenile Justice is not authorized to enter into any agreements or take any actions related to the study's findings or recommendations.

Authority: Title 2.2, Chapter 2, Article 10, § 2.2-201, and Titles 33, 46, and 58, Code of Virginia.

A. The transportation policy goals enumerated in this act shall be implemented by the Secretary of Transportation, including the secretary acting as Chairman of the Commonwealth Transportation Board.

1. The maintenance of existing transportation assets to ensure the safety of the public shall be the first priority in budgeting, allocation, and spending. The highway share of the Transportation Trust Fund shall be used for highway maintenance and operation purposes prior to its availability for new development, acquisition, and construction.

2. It is in the interest of the Commonwealth to have an efficient and cost-effective transportation system that promotes economic development and all modes of transportation, intermodal connectivity, environmental quality, accessibility for people and freight, and transportation safety. The planning, development, construction, and operations of Virginia's transportation facilities will reflect this goal.

3. To the greatest extent possible, the appropriation of transportation revenues shall reflect planned spending of such revenues by agency and by program.

B. The maximization of all federal transportation funds available to the Commonwealth shall be paramount in the budgetary, spending, and allocation processes.

1. Notwithstanding any provision of law to the contrary, the secretary and all agencies within the transportation secretariat are hereby authorized to take all actions necessary to ensure that federal transportation funds are allocated and utilized for the maximum benefit of the Commonwealth, whether such actions or funds or both are authorized under P.L. 117-58 of the 117th Congress, or any successor or related federal transportation legislation, or regulation, rule, or guidance issued by the U.S. Department of Transportation or any federal agency. The secretary and agencies within the transportation secretariat shall utilize, to the maximum extent practicable, the flexibility provided in federal law, regulation, rule, or guidance to use federal funds in a manner consistent with the Code of Virginia. However, neither the secretary nor an agency in the transportation secretariat may materially delay a project selected pursuant to § 33.2-214.1, Code of Virginia, under the authority in this paragraph.

2. The secretary shall ensure that the allocation of transportation funds apportioned and for which obligation authority is expected to be available under federal law shall be in accordance with such laws and in support of the transportation policy goals enumerated in section A. of this Item. Furthermore, the secretary is authorized to take all actions necessary to allocate the required match for federal highway funds to ensure their appropriate and timely obligation and expenditure within the fiscal constraints of state transportation revenues and in support of the efforts addressed in B.1. By June 1 of each year, the secretary, as Chairman of the Board, shall report to the Governor and General Assembly on the allocation of such federal transportation funds and the actions taken to provide the required match.

3. The board shall only make allocations providing the required match for federal Regional Surface Transportation Block Grant Program funds to those Metropolitan Planning Organizations in urbanized areas greater than 200,000 that, in consultation with the Office of Intermodal Planning and Investment, have developed regional transportation and land use performance measures pursuant to Chapters 670 and 690 of the 2009 Acts of Assembly and have been approved by the board.

4. Projects funded, in whole or part, from federal funds referred to as congestion mitigation and air quality improvement, shall be selected as directed by the board. Such funds shall be federally obligated within 12 months of their allocation by the board and expended within 36 months of such obligation. If the requirements included in this paragraph are not met by such agency or recipient, then the board shall use such federal funds for any other project eligible under 23 USC 149.				
5. Funds made available to the Metropolitan Planning Organizations known as the Regional Surface Transportation Block Grant Program for urbanized areas greater than 200,000 shall be federally obligated within 12 months of their allocation by the board and expended within 36 months of such obligation. If the requirements included in this paragraph are not met by the recipient, then the board may rescind the required match for such federal funds.				
6. Notwithstanding paragraph B.2. of this Item, the required matching funds for Transportation Alternatives projects are to be provided by the project sponsor of the federal-aid funding.				
7. Federal transportation funds as well as the required state matching funds may be allocated by the Commonwealth Transportation Board for transit purposes under the same rules and conditions authorized by federal law in a manner consistent with the Code of Virginia. The Commonwealth Transportation Board, in consultation with the appropriate local and regional entities, may allocate state revenues to local and regional public transit operators, for operating and/or capital purposes.				
8. If a regional area (or areas) of the Commonwealth is determined to be not in compliance with Clean Air Act rules regarding conformity and as a result federal and/or state allocations, apportionments or obligations cannot be used to fund or support transportation projects or programs in that area, such funds may be used to finance demand management, conformity, and congestion mitigation projects to the extent allowed by federal law. Any remaining amount of such allocations, apportionments, or obligations shall be set aside to the extent possible under law for use in that regional area.				
9. Appropriations in this act related to federal revenues outlined in this section may be adjusted by the Director, Department of Planning and Budget, upon request from the Secretary of Transportation, as needed to utilize and allocate additional federal funds that may become available.				
10. The secretary shall ensure that any bonds issued pursuant to Article 4, Chapter 15 of Title 33.2 shall be programmed to projects eligible for funding through the Interstate Operations and Enhancement Program or to the High Priority Projects Program pursuant to § 33.2-370 or the Construction District Grant Program pursuant to §33.2-371.				
C. The secretary may ensure that appropriate action is taken to maintain a minimum cash balance and/or cash reserve in the Highway Maintenance and Operating Fund.				
D.1. The Office of Intermodal Planning and Investment shall recommend to the Commonwealth Transportation Board all allocations of funds made available in subsections A. and B. of Item 437. The planning and evaluation may be conducted or managed by the Department of Transportation, Department of Rail and Public Transportation, or another qualified entity selected and/or approved by the Commonwealth Transportation Board.				
2. The office shall be responsible for implementing the statewide prioritization processes pursuant to §§ 33.2-214.1 and 33.2-372 for the Commonwealth Transportation Board.

4. For allocation of funds under Paragraph 1, the office may give a higher priority for planning grants to (i) regional organizations to analyze various land development scenarios for their long range transportation plans, (ii) local governments to revise their comprehensive plans and other applicable local ordinances to designate urban development areas pursuant to Chapter 896 of the 2007 Acts of Assembly and incorporate the principles included in such act,

2. The Commonwealth Transportation Board is hereby authorized to pursue or otherwise apply for, and execute, an agreement to obtain financing using a federal credit instrument for project financings otherwise authorized by this Act or other Acts of Assembly.

F. Revenues generated pursuant to the provisions of § 58.1-3221.3, Code of Virginia, shall only be used to supplement, not supplant, any local funds provided for transportation programs within the localities authorized to impose the fees under the provisions of § 58.1-3221.3, Code of Virginia.

A. The standards upon which the public institutions of higher education are deemed certified to receive the payment of interest earnings from the tuition and fees and other nongeneral fund Educational and General revenues shall be based upon the standards provided in § 4-9.01 of this act, as approved by the General Assembly.

B. The estimated interest earnings and other revenues shall be distributed to those specific public institutions of higher education that have been certified by the State Council of Higher Education for Virginia as having met the standards provided in § 4-9.01 of this act, based on the distribution methodology developed pursuant to Chapter 933, Enactment 2, Acts of Assembly of 2005 and reported to the Chairmen of the House Appropriations Committee and Senate Finance and Appropriations Committee.

C. In accordance with § 23.1-1002, Code of Virginia, this Item provides ~~\$7,906,831~~ \$17,769,903 the first year and \$7,906,831 the second year from the general fund, and ~~\$12,157,622~~ \$21,531,657 from nongeneral funds in the first year and \$12,157,622 from nongeneral funds in the second year for the estimated total payment to individual institutions of higher education of the interest earned on tuition and fees and other nongeneral fund Educational and General Revenues deposited to the state treasury. This Item also includes ~~\$2,560,188~~ \$2,740,141 in the first year and \$2,560,188 the second year from the general fund for the payment to individual institutions of higher education of a pro rata amount of the rebate paid to the State Commonwealth on credit card purchases not exceeding \$5,000 during the previous fiscal year. The State Comptroller shall determine the amount owed to each certified institution, net of any payments due to the federal government, using a methodology that equates a pro rata share based upon the total transactions of \$5,000 or less made by the institution using the state-approved credit card in comparison to all transactions of \$5,000 or less using said approved credit card. By October 15, or as soon thereafter as deemed appropriate, following the year of certification, the Comptroller shall reimburse each institution its estimated pro rata share.

E. Once actual financial data from the year of certification are available, the State Comptroller and the Director, Department of Planning and Budget, shall compare the actual data with estimates used to determine the distribution of the interest earnings, nongeneral fund Educational and General revenues, and the pro rata amounts to the certified institutions of higher education. In those cases where variances exist, the Governor shall include in his next introduced budget bill recommended appropriations to make whatever adjustments to each institution's distributed amount to ensure that each institution's incentive payments are accurate based on actual financial data.

L. The purpose of this paragraph is to provide a transitional severance benefit, under the conditions specified, to eligible city, county, school division or other political subdivision employees who are involuntarily separated from employment with their employer.

1.a. "Involuntary separation" includes, but is not limited to, terminations and layoffs from employment with the employer, or being placed on leave without pay-layoff or equivalent status, due to budget reductions, employer reorganizations, workforce downsizings, or other causes not related to the job performance or misconduct of the employee, but shall not include voluntary resignations. As used in this paragraph, a "terminated employee" shall mean an employee who is involuntarily separated from employment with his employer.

2.a. Any (i) "eligible employee" as defined in § 51.1-132, (ii) "teacher" as defined in § 51.1-124.3, and (iii) any "local officer" as defined in § 51.1.124.3 except for the treasurer, commissioner of the revenue, attorney for the Commonwealth, clerk of a circuit court, or sheriff of any county or city, and (a) for whom reemployment with his employer is not possible because there is no available position for which the employee is qualified or the position offered to the employee requires relocation or a reduction in salary and (b) whose involuntary separation was due to causes other than job performance or misconduct, shall be eligible, under the conditions specified, for the transitional severance benefit conferred by this paragraph. The date of involuntary separation shall mean the date an employee was terminated from employment or placed on leave without pay-layoff or equivalent status.

b. Transitional severance benefits shall be computed by the terminating employer's payroll department. Partial years of service shall be rounded up to the next highest year of service.

c. Transitional severance benefits shall be paid by the employer in the same manner as normal salary. In accordance with § 60.2-229, transitional severance benefits shall be allocated to the date of involuntary separation. The right of any employee who receives a transitional severance benefit to also receive unemployment compensation pursuant to § 60.2-100 et seq. shall not be denied, abridged, or modified in any way due to receipt of the transitional severance benefit; however, any employee who is entitled to unemployment compensation shall have his transitional severance benefit reduced by the amount of such unemployment compensation. Any offset to a terminated employee's transitional severance benefit due to reductions for unemployment compensation shall be paid in one lump sum at the time the last transitional severance benefit payment is made.

d. For twelve months after the employee's date of involuntary separation, the employee shall continue to be covered under the (i) health insurance plan administered by the employer for its employees, if he participated in such plan prior to his date of involuntary separation, and (ii) group life insurance plan administered by the Virginia Retirement System pursuant to Chapter 5 (§ 51.1-500 et seq.) of Title 51.1, or such other group life insurance plan as may be administered by the employer. During such twelve months, the terminating employer shall continue to pay its share of the terminated employee's premiums. Upon expiration of such twelve month period, the terminated employee shall be eligible to purchase continuing health insurance coverage under COBRA.

e. Transitional severance benefit payments shall cease if a terminated employee is reemployed or hired in an individual capacity as an independent contractor or consultant by the employer during the time he is receiving such payments.

f. All transitional severance benefits payable pursuant to this section shall be subject to applicable federal laws and regulations.

4.a. In lieu of the transitional severance benefit provided in subparagraph 3 of this paragraph, any otherwise eligible employee who, on the date of involuntary separation, is also (i) a vested member of a defined benefit plan within the Virginia Retirement System, including the hybrid retirement program described in § 51.1-169, and including a member eligible for the benefits described in subsection B of § 51.1-138, and (ii) at least fifty years of age, may elect to have the employer purchase on his behalf years to be credited to either his age or creditable service or a combination of age and creditable service, except that any years of credit purchased on behalf of a member of the Virginia Retirement System, including a member eligible for the benefits described in subsection B of § 51.1-138, who is eligible for unreduced retirement shall be added to his creditable service and not his age. The cost of each year of age or creditable service purchased by the employer shall be equal to fifteen percent of the employee's present annual compensation. The number of years of age or creditable service to be purchased by the employer shall be equal to the quotient obtained by dividing (i) the cash value of the benefits to which the employee would be entitled under subparagraphs 3.a. and 3.d. of this paragraph by (ii) the cost of each year of age or creditable service. Partial years shall be rounded up to the next highest year. Deferred retirement under the provisions of subsection C of §§ 51.1-153 and disability retirement under the provisions of § 51.1-156 et seq., shall not be available under this paragraph.

PART 2: CAPITAL PROJECT EXPENSES

§ 2-0. GENERAL CONDITIONS

A.1. The General Assembly hereby authorizes the capital projects listed in this act. The amounts hereinafter set forth are appropriated to the state agencies named for the indicated capital projects. Amounts so appropriated and amounts reappropriated pursuant to paragraph G. of this section shall be available for expenditure during the current biennium, subject to the conditions controlling the expenditures of capital project funds as provided by law. Reappropriated amounts, unless otherwise stated, are limited to the unexpended appropriation balances at the close of the previous biennium, as shown by the records of the Department of Accounts.

2. The Director, Department of Planning and Budget, may transfer appropriations listed in Part 2 of this act from the second year to the first year in accordance with § 4-1.03 c.5. of this act.

B. The five-digit number following the title of a project is the code identification number assigned for the life of the project.

C. Except as herein otherwise expressly provided, appropriations or reappropriations for structures may be used for the purchase of equipment to be used in the structures for which the funds are provided, subject to guidelines prescribed by the Governor.

D. Notwithstanding any other provisions of law, appropriations for capital projects shall be subject to the following:

1. Appropriations or reappropriations of funds made pursuant to this act for planning of capital projects shall not constitute implied approval of construction funds in a future biennium. Funds, other than the reappropriations referred to above, for the preparation of capital project proposals must come from the affected agency's existing resources.

2. No capital project for which appropriations for planning are contained in this act, nor any project for which appropriations for planning have been previously approved, shall be considered for construction funds until preliminary plans and cost estimates are reviewed by the Department of General Services. The purpose of this review is to avoid unnecessary expenditures for each project, in the interest of assuring the overall cost of the project is reasonable in relation to the purpose intended, regardless of discrete design choices.

E.1. Expenditures from Items in this act identified as "Maintenance Reserve" are to be made only for the maintenance of property, plant, and equipment as defined in § 4-4.01 c. of this act to the extent that funds included in the appropriation to the agency for this purpose in Part 1 of this act are insufficient.

2. Agencies and institutions of higher education can expend up to \$2,000,000 for a single repair or project, and up to \$4,000,000 for a roof replacement project, through the maintenance reserve appropriation. Such expenditures shall be subject to rules and regulations prescribed by the Governor. To the extent an agency or institution of higher education has identified a potential project that exceeds this threshold, the Director, Department of Planning and Budget, can provide exemptions to the threshold as long as the project still meets the definition of a maintenance reserve project as defined by the Department of Planning and Budget.

3. Only facilities supported wholly or in part by the general fund shall utilize general fund maintenance reserve appropriations. Facilities supported entirely by nongeneral funds shall accomplish maintenance through the use of nongeneral funds.

F. Conditions Applicable to Bond Projects

1. The capital projects listed in the 9(C) Revenue Bonds and 9(D) Revenue Bonds sections in Part 2 of this act for the indicated agencies and institutions of higher education are hereby authorized and sums from the sources and in the amount indicated are hereby appropriated and reappropriated. The issuance of bonds in a principal amount plus amounts needed to fund issuance costs, reserve funds, and other financing expenses, including capitalized interest for any project listed in the 9(C) Revenue Bonds and 9(D) Revenue Bonds sections in Part 2 of this act is hereby authorized.

2. The issuance of bonds for any project listed in the 9(C) Revenue Bonds section in Part 2 of this act is to be separately authorized pursuant to Article X, Section 9 (c), Constitution of Virginia.

3. The issuance of bonds for any project listed in the 9(C) Revenue Bonds or 9(D) Revenue Bonds sections in Part 2 of this act shall be authorized pursuant to § 23.1-1106, Code of Virginia.

4. In the event that the cost of any capital project listed in the 9(C) Revenue Bonds and 9(D) Revenue Bonds sections in Part 2 of this act shall exceed the amount appropriated therefore, the Director, Department of Planning and Budget, is hereby authorized, upon request of the affected institution, to approve an increase in appropriation authority of not more than ten percent of the amount designated in the 9(C) Revenue Bonds and 9(D) Revenue Bonds sections in part 2 of this act for such project, from any available nongeneral fund revenues, provided that such increase shall not constitute an increase in debt issuance authorization for such capital project. Furthermore, the Director, Department of Planning and Budget, is hereby authorized to approve the expenditure of all interest

earnings derived from the investment of bond proceeds in addition to the amount designated in the 9(C) Revenue Bonds and 9(D) Revenue Bonds sections in part 2 of this act for such capital project.

5. The interest on bonds to be issued for these projects may be subject to inclusion in gross income for federal income tax purposes.

6. Inclusion of a project in this act does not imply a commitment of state funds for temporary construction financing. In the absence of such commitment, the institution may be responsible for securing short-term financing and covering the costs from other sources of funds.

7. In the event that the Treasury Board determines not to finance all or any portion of any project listed in the 9(C) Revenue Bonds section in Part 2 of this act with the issuance of bonds pursuant to Article X, Section 9 (c), Constitution of Virginia, and notwithstanding any provision of law to the contrary, this act shall constitute the approval of the General Assembly to finance all or such portion of such project under the authorization of the 9(D) Revenue Bonds section in Part 2 of this act.

8. The General Assembly further declares and directs that, notwithstanding any other provision of law to the contrary, 50 percent of the proceeds from the sale of surplus real property pursuant to § 2.2-1147 et seq., Code of Virginia, which pertain to the general fund, and which were under the control of an institution of higher education prior to the sale, shall be deposited in a special fund set up on the books of the State Comptroller, which shall be known as the Higher Education Capital Projects Fund. Such sums shall be held in reserve, and may be used, upon appropriation, to pay debt service on bonds for the 21st Century College Program as authorized in Item C-7.10 of Chapter 924 of the Acts of Assembly of 1997.

9. Notwithstanding any other provision of law, a public institution of higher education may participate in the United States Department of Education Historically Black College and University Capital Financing Program (HBCU Program), and use federal grant and contract funds as permitted by the Program.

G. Upon certification by the Director, Department of Planning and Budget, there is hereby reappropriated the appropriations unexpended at the close of the previous biennium for all authorized capital projects which meet any of the following conditions:

1. Construction is in progress.
2. Equipment purchases have been authorized by the Governor but not received.
3. Plans and specifications have been authorized by the Governor but not completed.
4. Obligations were outstanding at the end of the previous biennium.

2. The “coverage assessment percentage” shall be calculated quarterly by dividing (i) the “coverage assessment amount” by (ii) the total “net patient service revenue” for hospitals subject to the assessment. The coverage assessment amount used in the quarterly calculation of the “coverage assessment percentage” shall include a reconciliation of the Health Care Coverage Assessment Fund prescribed in D.1 and subtract all prior quarterly assessments paid for that fiscal year before dividing the remainder by the remaining quarters in the fiscal year.

3. Each hospital's “net patient service revenue” equals the amount reported in the most recent Virginia Health Information (VHI) “Hospital Detail Report.” Hospitals shall certify that the net patient service revenue is hospital revenue and this amount shall be the assessment basis for the following fiscal year.

4. Each hospital's coverage assessment amount shall be calculated by multiplying the quarterly “coverage assessment percentage” times each hospital's net patient service revenue.

D.1. DMAS shall, at a minimum, update the “coverage assessment amount” whenever the “full cost of expanded Medicaid coverage” is updated in section B.2.b or to ensure amounts are sufficient to cover the full cost of expanded Medicaid coverage based on the latest estimate. Hospitals shall be given no less than 15 days' notice prior to the beginning of the quarter with associated calculations supporting the change in its coverage assessment amount. Prior to any change to the coverage assessment amount, DMAS shall perform and incorporate a reconciliation of the Health Care Coverage Assessment Fund through the most recent complete quarter. Notwithstanding any other provision of law, the net state share of any prior year recovery of Medicaid expansion costs that were paid with coverage assessment revenue shall be deposited into the Health Care Coverage Assessment Fund.

G. Any provision of this Item is contingent upon approval by the Centers for Medicare and Medicaid Services if necessary.

Private acute care hospitals operating in Virginia shall pay a payment rate assessment beginning on or after October 1, 2018 when all necessary state plan amendments are approved by the Centers for Medicare and Medicaid Services (CMS). For purposes of this assessment, the definition of private

~~acute care~~ hospitals shall include acute care hospitals and critical access hospitals and shall exclude public hospitals, freestanding psychiatric and rehabilitation hospitals, children's hospitals, long stay hospitals, and long-term acute care hospitals and ~~critical access hospitals~~.

B. Proceeds from the payment rate assessment shall be used to (i) fund an increase in inpatient and outpatient payment rates paid to private ~~acute care~~ hospitals operating in Virginia up to the "upper payment limit gap"; and (ii) fill the "managed care organization hospital payment gap" for care provided to recipients of medical assistance services. Payments made under the provisions i and ii of this paragraph shall be referred to as "private ~~acute care~~ hospital enhanced payments".

C.1. The Department of Medical Assistance Services (DMAS) shall calculate each hospital's "payment rate assessment amount" by multiplying the "payment rate assessment percentage" times "net patient service revenue" as defined below.

2. The "payment rate assessment percentage" for hospitals shall be calculated as (i) the non-federal share of funding the "private ~~acute care hospitals~~ hospital enhanced payments" divided by (ii) the total "net patient service revenue" for hospitals subject to the assessment.

3. Each hospital's "net patient service revenue" equals the amount reported in the most recent Virginia Health Information (VHI) "Hospital Detail Report." Hospitals shall certify that the net patient service revenue is hospital revenue and this amount shall be the assessment basis for the following fiscal year.

4. DMAS is authorized to define hospital classes and set variable assessment rates for different hospital classes in accordance with CMS regulations.

D. DMAS is authorized to update the payment rate assessment amount and payment rate assessment percentage on a quarterly basis to ensure amounts are sufficient to cover the non-federal share of the full cost of the private ~~acute care~~ hospital enhanced payments based on the department's quarterly claims and encounter data. Hospitals shall be given no less than 15 days prior notice of the new assessment amount and be provided with calculations. Prior to any change to the payment rate assessment amount, DMAS shall perform and incorporate a reconciliation of the Health Care Provider Payment Rate Assessment Fund. Any estimated excess or shortfall of revenue since the previous reconciliation shall be deducted from or added to the calculation of the private ~~acute care~~ hospital enhanced payments.

E.1. DMAS shall complete a calculation of the "upper payment limit" for each state fiscal year with a detailed analysis of how it was determined. The "upper payment limit payment gap" means the difference between the amount of the private hospital upper payment limit and the amount otherwise paid pursuant to the state plan for inpatient and outpatient services. The "managed care organization hospital payment gap" means the difference between the amount included in the capitation rates for inpatient and outpatient services based on historical paid claims and the amount that would be included when the projected hospital services furnished by private ~~acute care~~ hospitals operating in Virginia are priced for the contract year equivalent to the maximum managed care directed payment amount as allowed by CMS subject to CMS approval under 42 C.F.R. section 438.6(c). As part of the development of the managed care capitation rates, the DMAS shall calculate a "Medicaid managed care organization (MCO) supplemental hospital capitation payment adjustment". This is a distinct additional amount that shall be added to Medicaid MCO capitation rates to fund supplemental payments under this section to private ~~acute care~~ hospitals operating in Virginia for services to Medicaid recipients.

2. DMAS shall contractually direct Medicaid MCOs to disburse supplemental hospital capitation payment funds consistent with this section and 42 C.F.R. § 438.6(c), to ensure that all such funds are disbursed to private ~~acute care~~ hospitals operating in Virginia. In addition, DMAS shall contractually prohibit MCOs from making reductions to or supplanting hospital payments otherwise paid by MCOs.

3. DMAS shall make available quarterly a report of the additional capitation payments that are made to each MCO pursuant to this item. Further, DMAS shall consider recommendations of the Medicaid Hospital Payment Policy and Advisory Council in designing and implementing the specific elements of the payment rate assessment and private ~~acute care~~ hospital supplemental payment program authorized by this item.

F.1. DMAS shall be responsible for collecting the payment rate assessment amount. Hospitals subject to the payment rate assessment shall make quarterly payments due no later than August 15, November 15, February 15 and May 15 of each state fiscal year.

2. Hospitals that fail to make the payment rate assessment payments on or before the due date in subsection F.1. shall incur a five percent penalty that shall be deposited in the Virginia Health Care Fund. Any unpaid payment assessment or penalty will be considered a debt to the Commonwealth and DMAS is authorized to recover it as such.

G. DMAS shall submit a report due September 1 of each year to the Director, Department of Planning and Budget and Chairs of the House Appropriations and Senate Finance and Appropriations Committees. The report shall include, for the most recently completed fiscal year, the revenue collected from the payment rate assessment, expenditures for purposes authorized by this item, and the year-end assessment balance in the Health Care Provider Payment Rate Assessment Fund.

H. All revenue from the payment rate assessment shall be deposited into the Health Care Provider Payment Rate Assessment Fund, a special non-reverting fund in the state treasury. Proceeds from the payment rate assessment, excluding penalties, shall not be used for any other purpose than to fund (i) an increase in inpatient and outpatient payment rates paid to private acute care hospitals operating in Virginia up to the private hospital "upper payment limit" and "managed care organization hospital payment gap" for care provided to recipients of medical assistance services, and (ii) the administrative costs of collecting the assessment and of implementing and operating the associated payment rate actions.

I. The department shall have the authority to submit a State Plan amendment and preprint to the Centers for Medicare and Medicaid Services (CMS) to revise the "net patient service revenue" calculation for the state in accordance with CMS regulations to include currently excluded providers to attain the maximum assessment allowed under federal law as the upper limit of total assessments. § 4-1.02 WITHHOLDING OF SPENDING AUTHORITY

a. For purposes of this subsection, withholding of spending authority is defined as any action pursuant to a budget reduction plan approved by the Governor to address a declared shortfall in budgeted revenue that impedes or limits the ability to spend appropriated moneys, regardless of the mechanism used to effect such withholding.

b.1. Changed Expenditure Factors: The Governor is authorized to reduce spending authority, by withholding allotments of appropriations, when expenditure factors, such as enrollments or population in institutions, are smaller than the estimates upon which the appropriation was based. Moneys generated from the withholding action shall not be reallocated for any other purpose, provided the withholding of allotments of appropriations under this provision shall not occur until at least 15 days after the Governor has transmitted a statement of changed factors and intent to withhold moneys to the Chairmen of the House Appropriations and Senate Finance and Appropriations Committees.

2. Moneys shall not be withheld on the basis of reorganization plans or program evaluations until such plans or evaluations have been specifically presented in writing to the General Assembly at its next regularly scheduled session.

c. Increased Nongeneral Fund Revenue:

1. General fund appropriations to any state agency for operating expenses are supplemental to nongeneral fund revenues collected by the agency. To the extent that nongeneral fund revenues collected in a fiscal year exceed the estimate on which the operating budget was based, the Governor is authorized to withhold general fund spending authority, by withholding allotments of appropriations, in an equivalent amount. However, this limitation shall not apply to (a) restricted excess tuition and fees for educational and general programs in the institutions of higher education, as defined in § 4-2.01 c of this act; (b) appropriations to institutions of higher education designated for fellowships, scholarships and loans; (c) gifts or grants which are made to any state agency for the direct costs of a stipulated project; (d) appropriations to institutions for the mentally ill or intellectually disabled payable from the Behavioral Health and Developmental Services Revenue Fund; and (e) general fund appropriations for highway construction and mass transit. Moneys unallotted under this provision shall not be reallocated for any other purpose.

2. To the degree that new or additional grant funds become available to supplement general fund appropriations for a program, following enactment of an appropriation act, the Governor is authorized to withhold general fund spending authority, by withholding allotments of appropriations, in an amount equivalent to that provided from grant funds, unless such action is prohibited by the original provider of the grant funds. The withholding action shall not include general fund appropriations, which are required to match grant funds. Moneys unallotted under this provision shall not be reallocated for any other purpose.

d. Reduced General Fund Resources:

1. The term "general fund resources" as applied in this subsection includes revenues collected and paid into the general fund of the state treasury during the current biennium, transfers to the general fund of the state treasury during the current biennium, and all unexpended balances brought forward from the previous biennium.

2. In the event that general fund resources are estimated by the Governor to be insufficient to pay in full all general fund appropriations authorized by the General Assembly, the Governor shall, subject to the qualifications herein contained, withhold general fund spending authority, by withholding allotments of appropriations, to prevent any expenditure in excess of the estimated general fund resources available.

3. In making this determination, the Governor shall take into account actual general fund revenue collections for the current fiscal year and the results of a formal written re-estimate of general fund revenues for the current and next biennium, prepared within the previous 90 days, in accordance with the process specified in § 2.2-1503, Code of Virginia. Said re-estimate of general fund revenues shall be communicated to the Chairmen of the Senate Finance and Appropriations, House Appropriations and House Finance Committees, prior to taking action to reduce general fund allotments of appropriations on account of reduced resources.

4.a) In addition to monthly reports on the status of revenue collections relative to the current fiscal year's estimate, the Governor shall provide a written quarterly assessment of the current economic outlook for the remainder of the fiscal year to the Chairmen of the House Appropriations, House Finance, and Senate Finance and Appropriations Committees.

b) Within five business days after the preliminary close of the state accounts at the end of the fiscal year, the State Comptroller shall provide the Governor with the actual total of (1) individual income taxes, (2) corporate income taxes, and (3) sales taxes for the just-completed fiscal year, with a comparison of such actual totals with the total of such taxes in the official budget estimate for that fiscal year. If that comparison indicates that the total of (1) individual income taxes, (2) corporate income taxes, and (3) sales taxes, as shown on the preliminary close, was one percent or more below the amount of such taxes in the official budget estimate for the just-completed fiscal year, the Governor shall prepare a written re-estimate of general fund revenues for the current biennium and the next biennium in accordance with § 2.2-1503, Code of Virginia, to be reported to the Chairmen of the Senate Finance and Appropriations, House Finance and House Appropriations Committees, not later than September 1 following the close of the fiscal year.

c) 1. Within 30 business days after the enactment of amendments to federal income taxes, the Department of Taxation shall provide the estimated fiscal impacts to general fund revenue from such amendments to federal income tax law to the Governor and the Chairs of the House Appropriations and Senate Finance and Appropriations Committees.

2. Within 20 business days of receiving the estimated fiscal impacts from the Department of Taxation in subsection c) 1., the Governor shall submit a budget bill in accordance with § 2.2-1509, notwithstanding any conflicting requirements in § 2.2-1509, if the cumulative projected impact of such amendments, except any amendment to federal income tax law that is a federal tax extender as defined under subdivision B 11 of § 58.1-301, would decrease general fund revenues by more than \$100.0 million in the fiscal year in which the amendments were enacted or the succeeding fiscal year.

3. Notwithstanding c) 2., if the requirements in subsection c) 1., are met on or after November 1 but before the date on which the Governor submits a budget bill in accordance with § 2.2-1509, the Governor shall not be required to submit a budget within 20 business days but instead shall include the estimated fiscal impacts in the budget bill introduced in accordance with § 2.2-1509. If the requirements in subsection c) 2. are met on or after the date on which the Governor submits a budget bill in accordance with § 2.2-1509 but before the adjournment of a regular session of the General Assembly in the following year, the Governor shall not be required to submit a budget within 20 business days.

5.a) The Governor shall take no action to withhold allotments until a written plan detailing specific reduction actions approved by the Governor, identified by program and appropriation item, has been presented to the Chairmen of the House Appropriations and Senate Finance and Appropriations Committees. Subsequent modifications to the approved reduction plan also must be submitted to the Chairmen of the House Appropriations and Senate Finance and Appropriations Committees, prior to withholding allotments of appropriations.

b) In addition to the budget reduction plan approved by the Governor, all budget reduction proposals submitted by state agencies to the Governor or the Governor's staff, including but not limited to the Department of Planning and Budget, the Governor's Cabinet secretaries, or the Chief of Staff, whether submitted electronically or otherwise, shall be made available via electronic means to the Chairmen of the House Appropriations and Senate Finance and Appropriations Committees concurrently with that budget reduction plan.

6. In effecting the reduction of expenditures, the Governor shall not withhold allotments of appropriations for:

a) More than 15 percent cumulatively of the annual general fund appropriation contained in this act for operating expenses of any one state or nonstate agency or institution designated in this act by title, and the exact amount withheld, by state or nonstate agency or institution, shall be reported within five calendar days to the Chairmen of the Senate Finance and Appropriations and House Appropriations Committees. State agencies providing funds directly to grantees named in this act shall not apportion a larger cut to the grantee than the proportional cut apportioned to the agency. Without regard to § 4-5.05 b.4. of this act, the remaining appropriation to the grantee which is not subject to the cut, equal to at least 85 percent of the annual appropriation, shall be made by July 31, or in two equal installments, one payable by July 31 and the other payable by December 31, if the remaining appropriation is less than or equal to \$500,000, except in cases where the normal conditions of the grant dictate a different payment schedule.

b) The payment of principal and interest on the bonded debt or other bonded obligations of the Commonwealth, its agencies and its

authorities, or for payment of a legally authorized deficit.

c) The payments for care of graves of Confederate and historical African American dead.

d) The employer contributions, and employer-paid member contributions, to the Social Security System, Virginia Retirement System, Judicial Retirement System, State Police Officers Retirement System, Virginia Law Officers Retirement System, Optional Retirement Plan for College and University Faculty, Optional Retirement Plan for Political Appointees, Optional Retirement Plan for Superintendents, the Volunteer Service Award Program, the Virginia Retirement System's group life insurance, sickness and disability, and retiree health care credit programs for state employees, state-supported local employees and teachers. If the Virginia Retirement System Board of Trustees approves a contribution rate for a fiscal year that is lower than the rate on which the appropriation was based, or if the United States government approves a Social Security rate that is lower than that in effect for the current budget, the Governor may withhold excess contributions. However, employer and employee paid rates or contributions for health insurance and matching deferred compensation for state employees, state-supported local employees and teachers may not be increased or decreased beyond the amounts approved by the General Assembly. Payments for the employee benefit programs listed in this paragraph may not be delayed beyond the customary billing cycles that have been established by law or policy by the governing board.

e) The payments in fulfillment of any contract awarded for the design, construction and furnishing of any state building.

f) The salary of any state officer for whom the Constitution of Virginia prohibits a change in salary.

g) The salary of any officer or employee in the Executive Department by more than two percent (irrespective of the fund source for payment of salaries and wages); however, the percentage of reduction shall be uniformly applied to all employees within the Executive Department.

h) The appropriation supported by the State Bar Fund, as authorized by § 54.1-3913, Code of Virginia, unless the supporting revenues for such appropriation are estimated to be insufficient to pay the appropriation.

7. The Governor is authorized to withhold specific allotments of appropriations by a uniform percentage, a graduated reduction or on an individual basis, or apply a combination of these actions, in effecting the authorized reduction of expenditures, up to the maximum of 15 percent, as prescribed in subdivision 6a of this subsection.

8. Each nongeneral fund appropriation shall be payable in full only to the extent the nongeneral fund revenues from which the appropriation is payable are estimated to be sufficient. The Governor is authorized to reduce allotments of nongeneral fund appropriations by the amount necessary to ensure that expenditures do not exceed the supporting revenues for such appropriations; however, the Governor shall take no action to reduce allotments of appropriations for major nongeneral fund sources on account of reduced revenues until such time as a formal written re-estimate of revenues for the current and next biennium, prepared in accordance with the process specified in § 2.2-1503, Code of Virginia, has been reported to the Chairmen of the Senate Finance and Appropriations, House Finance, and House Appropriations Committees. For purposes of this subsection, major nongeneral fund sources are defined as Highway Maintenance and Operating Fund and Transportation Trust Fund.

9. Notwithstanding any contrary provisions of law, the Governor is authorized to transfer to the general fund on June 30 of each year of the biennium, or within 20 days from that date, any available unexpended balances in other funds in the state treasury, subject to the following:

a) The Governor shall declare in writing to the Chairmen of the Senate Finance and Appropriations and House Appropriations Committees that a fiscal emergency exists which warrants the transfer of nongeneral funds to the general fund and reports the exact amount of such transfer within five calendar days of the transfer;

b) No such transfer may be made from retirement or other trust accounts, the State Bar Fund as authorized by § 54.1-3913, Code of Virginia, debt service funds, or federal funds; and

c) The Governor shall include for informative purposes, in the first biennial budget he submits subsequent to the transfer, the amount transferred from each account or fund and recommendations for restoring such amounts.

10. The Director, Department of Planning and Budget, shall make available via electronic means a report of spending authority withheld under the provisions of this subsection to the Chairmen of the Senate Finance and Appropriations and House Appropriations Committees within five calendar days of the action to withhold. Said report shall include the amount withheld by agency and appropriation item.

11. If action to withhold allotments of appropriation under this provision is inadequate to eliminate the imbalance between projected general fund resources and appropriations, the Speaker of the House of Delegates and the President pro tempore of the Senate shall be advised in writing by the Governor, so that they may consider requesting a special session of the General Assembly.

e. Reduced Federal Grant Revenue:

1. Within 30 business days after the enactment of federal changes that impact federal grant revenue to the Commonwealth by at least \$100 million in the fiscal year in which the federal changes occur or the succeeding fiscal year, whether by an Act of Congress or by executive action, the Department of Planning and Budget shall provide the estimated fiscal impact from such federal changes to the Governor and the Chairs of the Senate Finance and Appropriations and the House Appropriations Committees.

2. Federal grants shall be payable in full only to the extent the nongeneral fund revenues from which the federal grant is payable are estimated to be sufficient. The Governor is authorized to reduce allotments for the impacted federal grants by the amount necessary to ensure that expenditures do not exceed the supporting revenues for such appropriation.

3. If federal grant reductions result in additional general fund expenditures being required (i.e. mandatory programs) that exceed one percent of the general fund operating budget in the fiscal year in which the federal changes occur or the succeeding fiscal year, the Governor shall consult with the leadership of the General Assembly regarding the need to call the General Assembly into special session for budgetary purposes to respond to the impact from reductions in federal grant revenue.

4. These provisions shall not apply to major nongeneral fund sources as defined as Highway Maintenance and Operating Fund and Transportation Trust Fund.

Further, any transfers between capital projects shall be made only to realize efficiencies or provide for cost overruns unrelated to changes in size or scope.

c.1. In addition to authority granted elsewhere in this act, the Director, Department of Planning and Budget, may transfer operating appropriations authority among sub-agencies within the Judicial System, the Department of Corrections, and the Department of Behavioral Health and Developmental Services to effect changes in operating expense requirements which may occur during the biennium.

5. The Director, Department of Planning and Budget, may transfer appropriations from the second year to the first year, with said transfer to be reported in writing to the Chairmen of the Senate Finance and Appropriations and House Appropriations Committees

within five calendar days of the transfer, when the expenditure of such funds is required to:

- a) address a threat to life, safety, health or property, or
- b) provide for unbudgeted cost increases for statutorily required services or federally mandated services, in order to continue those services at the present level, or

- f) to address unanticipated business or industrial development opportunities which will benefit the state's economy, provided that any such appropriations be used in a manner consistent with the purposes of the program as originally appropriated.

6. An appropriation transfer shall not occur except through properly executed appropriation transfer documents designed specifically for that purpose, and all transactions effecting appropriation transfers shall be entered in the state's computerized budgeting and accounting systems.

7. The Director, Department of Planning and Budget, may transfer from any other agency, appropriations to supplement any project of the Virginia Public Building Authority authorized by the General Assembly and approved by the Governor. § 4-1.04 APPROPRIATION INCREASES

a. UNAPPROPRIATED NONGENERAL FUNDS:

1. Sale of Surplus Materials:

The Director, Department of Planning and Budget, is hereby authorized to increase the appropriations to any state agency by the amount of credit resulting from the sale of surplus materials under the provisions of § 2.2-1125, Code of Virginia.

2. Insurance Recovery:

The Director, Department of Planning and Budget, shall increase the appropriation authority for any state agency by the amount of the proceeds of an insurance policy or from the State Insurance Reserve Trust Fund, for expenditures as far as may be necessary, to pay for the repair or replacement of lost, damaged or destroyed property, plant or equipment.

3. Gifts, Grants and Other Nongeneral Funds:

a) Subject to § 4-1.02 c, Increased Nongeneral Fund Revenue, and the conditions stated in this section, the Director, Department of Planning and Budget, is hereby authorized to increase the appropriations to any state agency by the amount of the proceeds of donations, gifts, grants or other nongeneral funds paid into the state treasury in excess of such appropriations during a fiscal year. Such appropriations shall be increased only when the expenditure of moneys is authorized elsewhere in this act or is required to:

- 1) address a threat to life, safety, health or property or
- 2) provide for unbudgeted increases in costs for services required by statute or services mandated by the federal government, in order to continue those services at the present level or implement compensation adjustments approved by the General Assembly, or
- 3) provide for payment of overtime salaries and wages, when the obligations for payment of such overtime were incurred during a situation deemed threatening to life, safety, health, or property, or

- 4) continue a program at the present level of service or at an increased level of service when required to address unanticipated increases in noncredit instruction at institutions of higher education or business and industrial development opportunities which will benefit the state's economy, or

 - 7) permit a state agency or institution to use a donation, gift or grant for the purpose intended by the donor, or

- b) The above conditions shall not apply to donations and gifts to the endowment funds of institutions of higher education.
- c) Each state agency and institution shall ensure that its budget estimates include a reasonable estimate of receipts from donations, gifts or other nongeneral fund revenue. The Department of Planning and Budget shall review such estimates and verify their accuracy, as part of the budget planning and review process.
- d) No obligation or expenditure shall be made from such funds until a revised operating budget request is approved by the Director, Department of Planning and Budget. Expenditures from any gift, grant or donation shall be in accordance with the purpose for which it was made; however, expenditures for property, plant or equipment, irrespective of fund source, are subject to the provisions of §§ 4-2.03 Indirect Costs, 4-4.01 Capital Projects General, and 4-5.03 b Services and Clients-New Services, of this act.
- e) Nothing in this section shall exempt agencies from complying with § 4-2.01 a Solicitation and Acceptance of Donations, Gifts, Grants, and Contracts of this act.

4. Any nongeneral fund cash balance recorded on the books of the Department of Accounts as unexpended on the last day of the fiscal year may be appropriated for use in the succeeding fiscal year with the prior written approval of the Director, Department of Planning and Budget, unless the General Assembly shall have specifically provided otherwise. Revenues deposited to the Virginia Health Care Fund shall be used only as the state share of Medicaid, unless the General Assembly specifically authorizes an alternate use. With regard to the appropriation of other nongeneral fund cash balances, the Director shall make a listing of such transactions available to the public via electronic means no less than ten business days following the approval of the appropriation of any such balance.

5. Reporting:

The Director, Department of Planning and Budget, shall make available via electronic means a report on increases in unappropriated nongeneral funds in accordance with § 4-8.00, Reporting Requirements, or as modified by specific provisions in this subsection.

b. AGRIBUSINESS EQUIPMENT FOR THE DEPARTMENT OF CORRECTIONS

The Director of the Department of Planning and Budget may increase the Department of Corrections appropriation for the purchase of agribusiness equipment or the repair or construction of agribusiness facilities by an amount equal to fifty percent of any annual amounts in excess of fiscal year 1992 deposits to the general fund from agribusiness operations. It is the intent of the General Assembly that appropriation increases for the purposes specified shall not be used to reduce the general fund appropriations for the Department of Corrections.

§ 4-1.05 REVERSION OF APPROPRIATIONS AND REAPPROPRIATIONS

a. GENERAL FUND OPERATING EXPENSE:

1.a) General fund appropriations which remain unexpended on (i) the last day of the previous biennium or (ii) the last day of the first year of the current biennium, shall be reappropriated and allotted for expenditure where required by the Code of Virginia, where necessary for the payment of preexisting obligations for the purchase of goods or services, or where desirable, in the determination of the Governor, to address any of the six conditions listed in § 4-1.03 c.5 of this act or to provide financial incentives to reduce spending to effect current or future cost savings. With the exception of the unexpended general fund appropriations of agencies in the Legislative Department, the Judicial Department, the Independent Agencies, or institutions of higher education, all other such unexpended general fund appropriations unexpended on the last day of the previous biennium or the last day of the first year of the current biennium shall revert to the general fund.

b) General fund appropriations for agencies in the Legislative Department, the Judicial Department, and the Independent Agencies shall be reappropriated, except as may be specifically provided otherwise by the General Assembly. General fund appropriations shall also be reappropriated for institutions of higher education, subject to § 23.1-1002, Code of Virginia.

c) To improve the stability in institutional planning and predictability for students and families to prepare for the cost of higher education, public higher education institutions are encouraged to employ the financial management strategy of establishing an institutional reserve fund supported by any unexpended education and general appropriations of the institution at the end of the fiscal year. The establishment of such a fund is designed to foster more long-term planning, promote efficient resource utilization and reduce the need for substantial year-to-year increases in tuition, thereby increasing affordability for Virginians. Independent of the provisions of § 23.1-1001, institutions are authorized to carry over education and general unexpended balances to establish and maintain a reserve fund in an amount not to exceed six percent of their general fund appropriation for educational and general programs in the most recently-completed fiscal year. Any use of the reserve fund shall be approved by the Board of Visitors of the affected institution, and the institution shall immediately report the details of the approved plan for use of the reserve fund to the Governor, the Secretary of Education, the Secretary of Finance and the Chairmen of the House Appropriations and Senate Finance and Appropriations Committees. Any reserve fund shall be subject to the provisions of § 23.1-1303.B.11.

2. a. The Governor shall report within five calendar days after completing the reappropriation process to the Chairmen of the Senate Finance and Appropriations and House Appropriations Committees on the reappropriated amounts for each state agency in the Executive Department. He shall provide a preliminary report of reappropriation actions on or before November 1 and a final report on or before December 20 to the Chairmen of the House Appropriations and Senate Finance and Appropriations Committees.

b. The Director, Department of Planning and Budget, may transfer reappropriated amounts within an agency to cover nonrecurring costs.

3. Pursuant to subsection E of § 2.2-1125, Code of Virginia, the determination of compliance by an agency or institution with management standards prescribed by the Governor shall be made by the Secretary of Finance and the Secretary having jurisdiction over the agency or institution, acting jointly.

4. The general fund resources available for appropriation in the first enactment of this act include the reversion of certain unexpended balances in operating appropriations as of June 30 of the prior fiscal year, which were otherwise required to be reappropriated by language in the Appropriation Act.

5. Upon request, the Director, Department of Planning and Budget, shall provide a report to the Chairmen of the House Appropriations and Senate Finance and Appropriations Committees showing the amount reverted for each agency and the total amount of such reversions.

b. NONGENERAL FUND OPERATING EXPENSE:

Based on analysis by the State Comptroller, when any nongeneral fund has had no increases or decreases in fund balances for a period of 24 months, the State Comptroller shall promptly transfer and pay the balance into the fund balance of the general fund. If it is subsequently determined that an appropriate need warrants repayment of all or a portion of the amount transferred, the Director, Department of Planning and Budget shall include repayment in the next budget bill submitted to the General Assembly. This provision does not apply to funds held in trust by the Commonwealth.

c. CAPITAL PROJECTS:

1. Upon certification by the Director, Department of Planning and Budget, the State Comptroller is hereby authorized to revert to the fund balance of the general fund any portion of the unexpended general fund cash balance and corresponding appropriation or reappropriation for a capital project when the Director determines that such portion is not needed for completion of the project. The State Comptroller may similarly return to the appropriate fund source any part of the unexpended nongeneral fund cash balance and reduce any appropriation or reappropriation which the Director determines is not needed to complete the project.

2. The unexpended general fund cash balance and corresponding appropriation or reappropriation for capital projects shall revert to and become part of the fund balance of the general fund during the current biennium as of the date the Director, Department of Planning and Budget, certifies to the State Comptroller that the project has been completed in accordance with the intent of the appropriation or reappropriation and there are no known unpaid obligations related to the project. The State Comptroller shall return the unexpended nongeneral fund cash balance, if there be any, for such completed project to the source from which said nongeneral funds were obtained. Likewise, he shall revert an equivalent portion of the appropriation or reappropriation of said nongeneral funds.

3. The Director, Department of Planning and Budget, may direct the restoration of any portion of the reverted amount if he shall subsequently verify an unpaid obligation or requirement for completion of the project. In the case of a capital project for which an unexpended cash balance was returned and appropriation or reappropriation was reverted in the prior biennium, he may likewise restore any portion of such amount under the same conditions.

§ 4-1.06 LIMITED ADJUSTMENTS OF APPROPRIATIONS

a. LIMITED CONTINUATION OF APPROPRIATIONS.

Notwithstanding any contrary provision of law, any unexpended balances on the books of the State Comptroller as of the last day of the previous biennium shall be continued in force for such period, not exceeding 10 days from such date, as may be necessary in order to permit payment of any claims, demands or liabilities incurred prior to such date and unpaid at the close of business on such date, and shown by audit in the Department of Accounts to be a just and legal charge, for values received as of the last day of the previous biennium, against such unexpended balances.

b. LIMITATIONS ON CASH DISBURSEMENTS.

Notwithstanding any contrary provision of law, the State Comptroller may begin preparing the accounts of the Commonwealth for each subsequent fiscal year on or about 10 days before the start of such fiscal year. The books will be open only to enter budgetary transactions and transactions that will not require the receipt or disbursement of funds until after June 30. Should an emergency arise, or in years in which July 1 falls on a weekend requiring the processing of transactions on or before June 30, the State Comptroller may, with notification to the Auditor of Public Accounts, authorize the disbursement of funds drawn against appropriations of the subsequent fiscal year, not to exceed the sum of three million dollars (\$3,000,000) from the general fund. This provision does not apply to debt service payments on bonds of the Commonwealth which shall be made in accordance with bond documents, trust indentures, and/or escrow agreements.

§ 4-1.07 ALLOTMENTS

Except when otherwise directed by the Governor within the limits prescribed in §§ 4-1.02 Withholding of Spending Authority, 4-1.03 Appropriation Transfers, and 4-1.04 Appropriation Increases of this act, the Director, Department of Planning and Budget, shall prepare and act upon the allotment of appropriations required by this act, and by § 2.2-1819, Code of Virginia, and the authorizations for rates of pay required by this act. Such allotments and authorizations shall have the same effect as if the personal signature of the Governor were subscribed thereto. This section shall not be construed to prohibit an appeal by the head of any state agency to the Governor for reconsideration of any action taken by the Director, Department of Planning and Budget, under this section.

§ 4-2.00 REVENUES

§ 4-2.01 NONGENERAL FUND REVENUES

a. SOLICITATION AND ACCEPTANCE OF DONATIONS, GIFTS, GRANTS, AND CONTRACTS:

1. a) No state agency shall solicit or accept any donation, gift, grant, or contract without the written approval of the Governor except under written guidelines issued by the Governor which provide for the solicitation and acceptance of nongeneral funds, except that donations or gifts to the Virginia War Memorial Foundation that are small in size and number and valued at less than \$5,000, such as library items or small display items, may be approved by the Executive Director of the Virginia War Memorial in consultation with the Secretary of Veterans Affairs and Homeland Security. All other gifts and donations to the Virginia War Memorial Foundation must receive written approval from the Secretary of Veterans Affairs and Homeland Security.

b) The limits on solicitation and acceptance of donations, gifts, grants, and contracts stated in paragraph 1.a) above shall not apply to donations, gifts, grants, and contracts associated with support and/or response to the needs and impacts of the COVID-19 pandemic provided that acceptance of such does not create any ongoing commitments against general or nongeneral fund resources of the Commonwealth.

2. The Governor may issue policies in writing for procedures which allow state agencies to solicit and accept nonmonetary donations, gifts, grants, or contracts except that donations, gifts and grants of real property shall be subject to § 4-4.00 of this act and § 2.2-1149, Code of Virginia. This provision shall apply to donations, gifts and grants of real property to endowment funds of institutions of higher education, when such endowment funds are held by the institution in its own name and not by a separately incorporated foundation or corporation.

3. The preceding subdivisions shall not apply to property and equipment acquired and used by a state agency or institution through a lease purchase agreement and subsequently donated to the state agency or institution during or at the expiration of the lease purchase agreement, provided that the lessor is the Virginia College Building Authority.

4. The use of endowment funds for property, plant or equipment for state-owned facilities is subject to §§ 4-2.03 Indirect Costs, 4-4.01 Capital Projects-General and 4-5.03 Services and Clients of this act.

5. Notwithstanding any other provision of law, public institutions of higher education may enter into agreements or contracts with nonprofit organizations that provide funding for research or other mission related activities and require use of binding arbitration or application of the laws of another jurisdiction, upon approval of the Office of the Attorney General.

b. HIGHER EDUCATION TUITION AND FEES

1. Except as provided in Chapters 933 and 943 of the 2006 Acts of Assembly, Chapters 594 and 616 of the 2008 Acts of Assembly, and Chapters 675 and 685 of the 2009 Acts of Assembly, all nongeneral fund collections by public institutions of higher education,

including collections from the sale of dairy and farm products, shall be deposited in the state treasury in accordance with § 2.2-1802, Code of Virginia, and expended by the institutions of higher education in accordance with the appropriations and provisions of this act, provided, however, that this requirement shall not apply to private gifts, endowment funds, or income derived from endowments and gifts.

2. a) The Boards of Visitors or other governing bodies of institutions of higher education may set tuition and fee charges at levels they deem to be appropriate for all resident student groups based on, but not limited to, competitive market rates, provided that the total revenue generated by the collection of tuition and fees from all students is within the nongeneral fund appropriation for educational and general programs provided in this act.

b) The Boards of Visitors or other governing bodies of institutions of higher education may set tuition and fee charges at levels they deem to be appropriate for all nonresident student groups based on, but not limited to, competitive market rates, provided that: i) the tuition and mandatory educational and general fee rates for nonresident undergraduate and graduate students cover at least 100 percent of the average cost of their education, as calculated through base adequacy guidelines adopted, and periodically amended, by the Joint Subcommittee Studying Higher Education Funding Policies, and ii) the total revenue generated by the collection of tuition and fees from all students is within the nongeneral fund appropriation for educational and general programs provided in this act.

c) For institutions charging nonresident students less than 100 percent of the cost of education, the State Council of Higher Education for Virginia may authorize a phased approach to meeting this requirement, when in its judgment, it would result in annual tuition and fee increases for nonresident students that would discourage their enrollment.

d) The Boards of Visitors or other governing bodies of institutions of higher education shall not increase the current proportion of nonresident undergraduate students if the institution's nonresident undergraduate enrollment exceeds 25 percent, unless: i) such enrollment is intended to support workforce development needs within the Commonwealth of Virginia as identified in consultation with the Virginia Economic Development Partnership, and ii) the number of in-state undergraduate students does not drop below fall 2018 full-time equivalent census levels as certified by the State Council of Higher Education for Virginia. Norfolk State University, Virginia Military Institute, Virginia State University, and two-year public institutions are exempt from this restriction. Any such increases shall be limited to no more than a one percentage point increase over the prior year.

3. a) In setting the nongeneral fund appropriation for educational and general programs at the institutions of higher education, the General Assembly shall take into consideration the appropriate student share of costs associated with providing full funding of the base adequacy guidelines referenced in subparagraph 2. b), raising average salaries for teaching and research faculty to the 60th percentile of peer institutions, and other priorities set forth in this act.

b) In determining the appropriate state share of educational costs for resident students, the General Assembly shall seek to cover at least 67 percent of educational costs associated with providing full funding of the base adequacy guidelines referenced in subparagraph 2. b), raising average salaries for teaching and research faculty to the 60th percentile of peer institutions, and other priorities set forth in this act.

4. a) Each institution and the State Council of Higher Education for Virginia shall monitor tuition, fees, and other charges, as well as the mix of resident and nonresident students, to ensure that the primary mission of providing educational opportunities to citizens of Virginia is served, while recognizing the material contributions provided by the presence of nonresident students. The State Council of Higher Education for Virginia shall also develop and enforce uniform guidelines for reporting student enrollments and the domiciliary status of students.

b) The State Council of Higher Education for Virginia shall report to the Governor and the Chairmen of the House Appropriations and Senate Finance and Appropriations Committees no later than August 1 of each year the annual change in total charges for tuition and all required fees approved and allotted by the Board of Visitors. As it deems appropriate, the State Council of Higher Education for Virginia shall provide comparative national, peer, and market data with respect to charges assessed students for tuition and required fees at institutions outside of the Commonwealth.

c) Institutions of higher education are hereby authorized to make the technology service fee authorized in Chapter 1042, 2003 Acts of Assembly, part of ongoing tuition revenue. Such revenues shall continue to be used to supplement technology resources at the institutions of higher education.

d) Except for those public institutions of higher education that have a Management Agreement with the Commonwealth of Virginia pursuant to the Restructured Higher Education Financial and Administrative Operations Act, each institution shall work with the State Council of Higher Education for Virginia and the Virginia College Savings Plan to determine appropriate tuition and fee estimates for tuition savings plans.

5. It is the intent of the General Assembly that each institution's combined general and nongeneral fund appropriation within its educational and general program closely approximate the anticipated annual budget each fiscal year.

6. Nonresident graduate students employed by an institution as teaching assistants, research assistants, or graduate assistants and paid at an annual contract rate of \$4,000 or more may be considered resident students for the purposes of charging tuition

and fees.

7. The fund source "Higher Education Operating" within educational and general programs for institutions of higher education includes tuition and fee revenues from nonresident students to pay their proportionate share of the amortized cost of the construction of buildings approved by the Commonwealth of Virginia Educational Institutions Bond Act of 1992 and the Commonwealth of Virginia Educational Facilities Bond Act of 2002.

8. a) Except for those public institutions of higher education that have a Management Agreement with the Commonwealth of Virginia pursuant to the Restructured Higher Education Financial and Administrative Operations Act, mandatory fees for purposes other than educational and general programs shall not be increased for Virginia undergraduates beyond three percent annually, excluding requirements for wage, salary, and fringe benefit increases, authorized by the General Assembly. Fee increases required to carry out actions that respond to mandates of federal agencies are also exempt from this provision, provided that a report on the purposes of the amount of the fee increase is submitted to the Chairmen of the House Appropriations and Senate Finance and Appropriations Committees by the institution of higher education at least 30 days prior to the effective date of the fee increase.

b) This restriction shall not apply in the following instances: fee increases directly related to capital projects authorized by the General Assembly; fee increases to support student health services; and other fee increases specifically authorized by the General Assembly.

c) Due to the small mandatory non-educational and general program fees currently assessed students in the Virginia Community College System, increases in any one year of no more than \$15 shall be allowed on a cost-justified case-by-case basis, subject to approval by the State Board for Community Colleges.

9. Any institution of higher education granting new tuition waivers to resident or nonresident students not authorized by the Code of Virginia must absorb the cost of any discretionary waivers.

10. Tuition and fee revenues from nonresident students taking courses through Virginia institutions from the Southern Regional Education Board's Southern Regional Electronic Campus must exceed all direct and indirect costs of providing instruction to those students. Tuition and fee rates to meet this requirement shall be established by the Board of Visitors of the institution.

c. HIGHER EDUCATION PLANNED EXCESS REVENUES:

An institution of higher education, except for those public institutions of higher education that have a Management Agreement with the Commonwealth of Virginia pursuant to the Restructured Higher Education Financial and Administrative Operations Act, may generate and retain tuition and fee revenues in excess of those provided in § 4-2.01 b Higher Education Tuition and Fees, subject to the following:

1. Such revenues are identified by language in the appropriations in this act to any such institution.
2. The use of such moneys is fully documented by the institution to the Governor prior to each fiscal year and prior to allotment.
3. The moneys are supplemental to, and not a part of, ongoing expenditure levels for educational and general programs used as the basis for funding in subsequent biennia.
4. The receipt and expenditure of these moneys shall be recorded as restricted funds on the books of the Department of Accounts and shall not revert to the surplus of the general fund at the end of the biennium.
5. Tuition and fee revenues generated by the institution other than as provided herein shall be subject to the provisions of § 4-1.04 a.3 Gifts, Grants, and Other Nongeneral Funds of this act.

As a condition of the appropriation for Item 49 of this Act, there is hereby created the Disbursement Review Committee (the "Committee"), the members of which are the Attorney General, who shall serve as chairman; two members of the House of Delegates appointed by the Speaker of the House; two members of the Senate appointed by the Chairman of the Senate Committee on Rules; and two members appointed by the Governor.

2. Whenever forfeitures are available for distribution by the Attorney General through programs overseen by either the U.S. Department of Justice Asset Forfeiture Program or the U.S. Treasury Executive Office for Asset Forfeiture, by virtue of the Attorney General's participation on behalf of the Commonwealth or on behalf of an agency of the Commonwealth, the Attorney General shall seek input from the Committee, to the extent permissible under applicable federal law and guidelines, for the preparation of a proposed Distribution Plan (the "Plan") regarding the distribution and use of money or property, or both. If a federal entity must approve the Plan for such distribution or use, or both, and does not approve the Plan submitted by the Attorney General, the Plan may be revised if deemed appropriate and resubmitted to the federal entity for approval following notification of the Committee. If the federal entity approves the original Plan or a revised Plan, the Attorney General shall inform the Committee, and ensure that such money or property, or both, is distributed or used, or both, in a manner that is consistent with the Plan approved by the federal entity. The distribution of any money or property, or both, shall be done in a manner as prescribed by the State Comptroller and consistent with any federal authorization in order to ensure proper accounting on the books of the Commonwealth.

§ 4-2.03 INDIRECT COSTS

a. INDIRECT COST RECOVERIES FROM GRANTS AND CONTRACTS:

Each state agency, including institutions of higher education, which accepts a grant or contract shall recover full statewide and agency indirect costs unless prohibited by the grantor agency or exempted by provisions of this act.

b. AGENCIES OTHER THAN INSTITUTIONS OF HIGHER EDUCATION:

The following conditions shall apply to indirect cost recoveries received by all agencies other than institutions of higher education:

1. The Governor shall include in the recommended nongeneral fund appropriation for each agency in this act the amount which the agency includes in its revenue estimate as an indirect cost recovery. The recommended nongeneral fund appropriations shall reflect the indirect costs in the program incurring the costs.

2. If actual agency indirect cost recoveries exceed the nongeneral fund amount appropriated in this act, the Director, Department of Planning and Budget, is authorized to increase the nongeneral fund appropriation to the agency by the amount of such excess indirect cost recovery. Such increase shall be made in the program incurring the costs.

3. Statewide indirect cost recoveries shall be paid into the general fund of the state treasury, unless the agency is specifically exempted from this requirement by language in this act. Any statewide indirect cost recoveries received by the agency in excess of the exempted sum shall be deposited to the general fund of the state treasury.

c. INSTITUTIONS OF HIGHER EDUCATION:

The following conditions shall apply to indirect cost recoveries received by institutions of higher education:

1. Seventy percent shall be retained by the institution as an appropriation of moneys for the conduct and enhancement of research and research-related requirements. Such moneys may be used for payment of principal of and interest on bonds issued by or for the institution pursuant to § 23.1-1106, Code of Virginia, for any appropriate purpose of the institution, including, but not limited to, the conduct and enhancement of research and research-related requirements.

2. Thirty percent of the indirect cost recoveries for the level of sponsored programs authorized in the appropriations in Part 1 of Chapter 1042 of the Acts of Assembly of 2003, shall be included in the educational and general revenues of the institution to meet administrative costs.

3. Institutions of higher education may retain 100 percent of the indirect cost recoveries related to research grant and contract levels in excess of the levels authorized in Chapter 1042 of the Acts of Assembly of 2003. This provision is included as an additional incentive for increasing externally funded research activities.

d. REPORTS

The Director, Department of Planning and Budget, shall make available via electronic means a report to the Chairmen of the Senate Finance and Appropriations and House Appropriations Committees and the public no later than September 1 of each year on the indirect cost recovery moneys administratively appropriated.

e. REGULATIONS:

The State Comptroller is hereby authorized to issue regulations to carry out the provisions of this subsection, including the establishment of criteria to certify that an agency is in compliance with the provisions of this subsection.

§ 4-3.00 DEFICIT AUTHORIZATION AND TREASURY LOANS

§ 4-3.01 DEFICITS

a. GENERAL:

1. Except as provided in this section no state agency shall incur a deficit. No state agency receiving general fund appropriations under the provisions of this act shall obligate or expend moneys in excess of its general fund appropriations, nor shall it obligate or expend moneys in excess of nongeneral fund revenues that are collected and appropriated.

2. The Governor is authorized to approve deficit funding for a state agency under the following conditions:

a) an unanticipated federal or judicial mandate has been imposed,

b) insufficient moneys are available in the first year of the biennium for start-up of General Assembly-approved action, or

c) delay pending action by the General Assembly at its next legislative session will result in the curtailment of services required by statute or those required by federal mandate or will produce a threat to life, safety, health or property.

d) Such approval by the Governor shall be in writing under the conditions described in § 4-3.02 a Authorized Deficit Loans of this act and shall be promptly communicated to the Chairmen of the House Appropriations and Senate Finance and Appropriations Committees within five calendar days of deficit approval.

3. Deficits shall not be authorized for capital projects.

4. The Department of Transportation may obligate funds in excess of the current biennium appropriation for projects of a capital nature not covered by § 4-4.00 Capital Projects, of this act provided such projects a) are delineated in the Virginia Transportation Six-Year Improvement Program, as approved by the Commonwealth Transportation Board; and b) have sufficient cash allocated to each such project to cover projected costs in each year of the Program; and provided that c) sufficient revenues are projected to meet all cash obligations for such projects as well as all other commitments and appropriations approved by the General Assembly in the biennial budget.

b. UNAUTHORIZED DEFICITS: If any agency contravenes any of the prohibitions stated above, thereby incurring an unauthorized deficit, the Governor is hereby directed to withhold approval of such excess obligation or expenditure. Further, there shall be no reimbursement of said excess, nor shall there be any liability or obligation upon the state to make any appropriation hereafter to meet such unauthorized deficit. Further, those members of the governing board of any such agency who shall have voted therefor, or its head if there be no governing board, making any such excess obligation or expenditure shall be personally liable for the full amount of such unauthorized deficit and, at the discretion of the Governor, shall be deemed guilty of neglect of official duty and be subject to removal therefor. Further, the State Comptroller is hereby directed to make public any such unauthorized deficit, and the Director, Department of Planning and Budget, is hereby directed to set out such unauthorized deficits in the next biennium budget. In addition, the Governor is directed to bring this provision of this act to the attention of the members of the governing board of each state agency, or its head if there be no governing board, within two weeks of the date that this act becomes effective. The governing board or the agency head shall execute and return to the Governor a signed acknowledgment of such notification.

c. TOTAL AUTHORIZED DEFICITS: The amount which the Governor may authorize, under the provisions of this section during the current biennium, to be expended from loans repayable out of the general fund of the state treasury, for all state agencies, or other agencies combined, in excess of general fund appropriations for the current biennium, shall not exceed one and one-half percent (1 1/2%) of the revenues collected and paid into the general fund of the state treasury as defined in § 4-2.02 b. of this act during the last year of the previous biennium and the first year of the current biennium.

d. The Governor shall report any such authorized and unauthorized deficits to the Chairmen of the House Appropriations and Senate Finance and Appropriations Committees within five calendar days of deficit approval. By August 15 of each year, the Governor shall provide a comprehensive report to the Chairmen of the House Appropriations and Senate Finance and Appropriations Committees detailing all such deficits.

§ 4-3.02 TREASURY LOANS

a. AUTHORIZED DEFICIT LOANS: A state agency requesting authorization for deficit spending shall prepare a plan for the

Governor's review and approval, specifying appropriate financial, administrative and management actions necessary to eliminate the deficit and to prevent future deficits. If the Governor approves the plan and authorizes a state agency to incur a deficit under the provisions of this section, the amount authorized shall be obtained by the agency by borrowing the authorized amount on such terms and from such sources as may be approved by the Governor. At the close of business on the last day of the current biennium, any unexpended balance of such loan shall be applied toward repayment of the loan, unless such action is contrary to the conditions of the loan approval. The Director, Department of Planning and Budget, shall set forth in the next biennial budget all such loans which require an appropriation for repayment. A copy of the approved plan to eliminate the deficit shall be transmitted to the Chairmen of the House Appropriations and the Senate Finance and Appropriations Committees within five calendar days of approval.

b. ANTICIPATION LOANS: Authorization for anticipation loans are limited to the provisions below.

1.a) When the payment of authorized obligations for operating expenses is required prior to the collection of nongeneral fund revenues, any state agency may borrow from the state treasury the required sums with the prior written approval of the Secretary of Finance or his designee as to the amount, terms and sources of such funds; such loans shall not exceed the amount of the anticipated collections of such revenues and shall be repaid only from such revenues when collected.

b) When the payment of authorized obligations for capital expenses is required prior to the collection of nongeneral fund revenues or proceeds from authorized debt, any state agency or body corporate and politic, constituting a public corporation and government instrumentality, may borrow from the state treasury the required sums with the prior written approval of the Secretary of Finance or his designee as to the amount, terms and sources of such funds; such loans in anticipation of bond proceeds shall not exceed the amount of the anticipated proceeds from debt authorized by the General Assembly and shall be repaid only from such proceeds when collected.

2. Anticipation loans for operating expenses shall be in amounts not greater than the sum identified by the agency as the minimum amount required to meet the projected expenditures. The term of any anticipation loans granted for operating expenses shall not exceed twelve months.

3. Before an anticipation loan for a capital project is authorized, the agency shall develop a plan for financing such capital project; approval of the State Treasurer shall be obtained for all plans to incur authorized debt.

4. Anticipation loans for capital projects shall be in amounts not greater than the sum identified by the agency as required to meet the projected expenditures for the project within the current biennium.

5. To ensure that such loans are repaid as soon as practical and economical, the Department of Planning and Budget shall monitor the construction and expenditure schedules of all approved capital projects that will be paid for with proceeds from authorized debt and have anticipation loans.

6. Unless otherwise prohibited by federal or state law, the State Treasurer shall charge current market interest rates on anticipation loans made for operating purposes and capital projects subject to the following:

a) Anticipation loans for capital projects for which debt service will be paid with general fund appropriations shall be exempt from interest payments on borrowed balances.

b) Interest payments on anticipation loans for nongeneral fund capital projects or nongeneral fund operating expenses shall be made from appropriated nongeneral fund revenues. Such interest shall not be paid with the funds from the anticipation loan or from the proceeds of authorized debt without the approval of the State Treasurer.

c) REPORTING: All outstanding loans shall be reported by the Governor to the Chairmen of the House Appropriations and Senate Finance and Appropriations Committees by August 15 of each year. The report shall include a status of the repayment schedule for each loan.

Such loans shall not exceed the amount of the anticipated collections of such nongeneral fund revenues and shall be repaid only from such nongeneral fund revenues when collected.

b) When the payment of obligations for capital expenses for projects authorized under § 4-4.01 l is required prior to the collection of nongeneral fund revenues, any state agency or body corporate and politic, constituting a public corporation and government instrumentality, may borrow from the state treasury the required sums with the prior written approval of the Secretary of Finance or his designee as to the amount, terms and sources of such funds. Such loans shall be repaid only from nongeneral fund revenues associated with the project.

3. Anticipation loans for operating expenses shall be in amounts not greater than the sum identified by the agency as the minimum amount required to meet projected expenditures. The term of any anticipation loans granted for operating expenses shall not exceed 12 months.

§ 4-3.03 LONG-TERM LEASES

a. GENERAL:

1. As part of their capital budget submission, all agencies and institutions of the Commonwealth proposing building projects that may qualify as long-term lease agreements, as defined in Generally Accepted Accounting Principles (GAAP), and that may be supported in whole, or in part, from appropriations provided for in this act, shall submit copies of such proposals to the Directors of the Departments of Planning and Budget and General Services, the State Comptroller, and the State Treasurer based on guidelines promulgated by the Secretary of Finance. In addition, the Secretary of Finance may promulgate guidelines for the review and approval of such requests.

2. The proposals shall be submitted in such form as the Secretary of Finance may prescribe. The Comptroller and the Director of the Department of General Services shall be responsible for evaluating the proposals to determine if they qualify as long-term lease agreements. The State Treasurer shall be responsible for incorporating existing and authorized long-term lease agreements meeting the approved parameters into the annual Debt Capacity Advisory Committee reports.

b. APPROVAL OF FINANCINGS:

1. For any project which qualifies as a long-term lease, as defined in the preceding subdivisions a. 1 and 2, and which is financed through the issuance of securities, the Treasury Board shall approve the terms and structure of such financing pursuant to § 2.2-2416, Code of Virginia.

2. For any project for which costs will exceed \$5,000,000 and which is financed through a long-term lease transaction, the Treasury Board shall approve the financing terms and structure of such long-term lease in addition to such other reviews and approvals as may be required by law. Prior to consideration by the Treasury Board, the Department of Accounts shall notify the Treasury Board of any transaction determined to be a long-term lease. Additionally, the Departments of General Services and Planning and Budget shall notify the Treasury Board upon their approval of any transaction which qualifies as a long-term lease under the terms of this section. The State Treasurer shall notify the Chairs of the House Appropriations and Senate Finance and Appropriations Committees of the action of the Treasury Board as it regards this subdivision within five calendar days of its action.

d. This section shall not apply to long-term leases that are funded entirely with nongeneral fund revenues and are entered into by public institutions of higher education governed by Chapters 933 and 943 of the 2006 Acts of Assembly. Furthermore, the Department of General Services is authorized to enter into long-term leases for executive branch agencies provided that the resulting long-term lease is funded entirely with nongeneral funds, is approved based on the requirements of § 4-3.03 b.1 and 2 above, and would not be considered tax supported debt of the Commonwealth.

§ 4-4.00 CAPITAL PROJECTS

§ 4-4.01 GENERAL

a. Definition:

1. Unless defined otherwise, when used in this section, "capital project" or "project" means acquisition of property and new construction and improvements related to state-owned property, plant or equipment (including plans therefor), as the terms "acquisition", "new construction", and "improvements" are defined in the instructions for the preparation of the Executive Budget. "Capital project" or "project" shall also mean any improvements to property leased for use by a state agency, and not owned by the state, when such improvements are financed by public funds, except as hereinafter provided in subdivisions 3 and 4 of this subsection.

2. The provisions of this section are applicable equally to acquisition of property and plant by purchase, gift, or any other means, including the acquisition of property through a lease/purchase contract, regardless of the method of financing or the source of funds. Acquisition of property by lease shall be subject to § 4-3.03 of this act.

3. The provisions of this section shall not apply to property or equipment acquired by lease or improvements to leased property and equipment when the improvements are provided by the lessor pursuant to the terms of the lease and upon expiration of the lease remain the property of the lessor.

4. The provisions of this section shall not apply to property leased by state agencies for the purposes described in §§ 2.2-1151 C and 33.2-1010, Code of Virginia.

b. Notwithstanding any other provisions of law, requests for appropriations for capital projects shall be subject to the following:

1. The agency shall submit a capital project proposal for all requested capital projects. Such proposals shall be submitted to the Director, Department of Planning and Budget, for review and approval in accordance with guidelines prescribed by the director. Projects shall be developed to meet agency functional and space requirements within a cost range comparable to similar public and private sector projects.

2. Except for institutions of higher education that have a Management Agreement with the Commonwealth of Virginia pursuant to the Restructured Higher Education Financial and Administrative Operations Act, financings for capital projects shall comply, where applicable, with the Treasury Board Guidelines issued pursuant to § 2.2-2416, Code of Virginia, and any subsequent amendments thereto.

3. As part of any request for appropriations for an armory, the Department of Military Affairs shall obtain a written commitment from the host locality to share in the operating expense of the armory.

c. Each agency head shall provide annually to the Director, Department of Planning and Budget, a report on the use of the maintenance reserve appropriation of the agency in Part 2 of this act. In the use of its maintenance reserve appropriation, an agency shall give first priority to the repair or replacement of roof on buildings under control of the agency. The agency head shall certify in the agency's annual maintenance reserve report that to the best of his or her knowledge, all necessary roof repairs have been accomplished or are in the process of being accomplished. Such roof repairs and replacements shall be in accord with the technical requirements of the Commonwealth's Construction and Professional Services Manual.

d. The Department of Planning and Budget shall review its approach to capital outlay planning and budgeting from time to time and make available via electronic means a report of any proposed change to the Chairmen of the House Appropriations and Senate Finance and Appropriations Committees and the public prior to its implementation. Such report shall include an analysis of the impact of the suggested change on affected agencies and institutions.

e. Nothing in §§ 2-0 and 4-4.00 of this act shall be deemed to override the provisions of §§ 2.2-1132 and 62.1-132.6, Code of Virginia, amended by Chapter 488, 1997 Acts of Assembly, relating to Virginia Port Authority capital projects and procurement activities.

f. Legislative Approval: It is the intent of the General Assembly that, with the exceptions noted in this paragraph and paragraph m, all capital projects to be undertaken by agencies of the Commonwealth, including institutions of higher education, shall be pursuant to approvals by the General Assembly as provided in the Six-Year Capital Outlay Plan established pursuant to § 2.2-1515, et seq., Code of Virginia. Otherwise, the consideration of capital projects shall be limited to:

1. Supplementing projects which have been bid and determined to have insufficient funding to be placed under contract, and

2. Projects declared by the Governor or the General Assembly to be of an emergency nature, which may avoid an increase in cost or otherwise result in a measurable benefit to the state, and/or which are required for the continued use of existing facilities.

3. This paragraph does not prohibit the initiation of projects authorized by § 4-4.01 l hereof, or projects included under the central appropriations for capital project expenses in this act.

g. Preliminary Requirements: In regard to each capital project for which appropriation or reappropriation is made pursuant to this act, or which is hereafter considered by the Governor for inclusion in the Executive Budget, or which is offered as a gift or is considered for purchase, the Governor is hereby required: (1) to determine the urgency of its need, as compared with the need for other capital projects as herein authorized, or hereafter considered; (2) to determine whether the proposed plans and specifications

for each capital project are suitable and adequate, and whether they involve expenditures which are excessive for the purposes intended; (3) to determine whether labor, materials, and other requirements, if any, needed for the acquisition or construction of such project can and will be obtained at reasonable cost; and (4) to determine whether or not the project conforms to a site or master plan approved by the agency head or board of visitors of an institution of higher education for a program approved by the General Assembly.

h. Initiation Generally:

1. No architectural or engineering planning for, or construction of, or purchase of any capital project shall be commenced or revised without the prior written approval of the Governor or his designee.

2. The requirements of § 10.1-1190, Code of Virginia, shall be met prior to the release of funds for a major state project, provided, however, that the Governor or his designee is authorized to release from any appropriation for a major state project made pursuant to this act such sum or sums as may be necessary to pay for the preparation of the environmental impact report required by § 10.1-1188, Code of Virginia.

3. The Governor, at his discretion, or his designee may release from any capital project appropriation or reappropriation made pursuant to this act such sum (or sums) as may be necessary to pay for the preparation of plans and specifications by architects and engineers, provided that the estimated cost of the construction covered by such drawings and specifications does not exceed the appropriation therefor; provided, further, however, that the architectural and engineering fees paid on completion of the preliminary design for any such project may be based on such estimated costs as may be approved by the Governor in writing, where it is shown to the satisfaction of the Governor that higher costs of labor or material, or both, or other unforeseen conditions, have made the appropriation inadequate for the completion of the project for which the appropriation was made, and where in the judgment of the Governor such changed conditions justify the payment of architectural or engineering fees based on costs exceeding the appropriation.

4. Architectural or engineering contracts shall not be awarded in perpetuity for capital projects at any state institution, agency or activity.

i. Capital Projects Financed with Bonds: Capital projects proposed to be financed with (i) 9 (c) general obligation bonds or (ii) 9(d) obligations where debt service is expected to be paid from project revenues or revenues of the agency or institution, shall be reviewed as follows:

1. By August 15 of each year, requests for inclusion in the Executive Budget of capital projects to be financed with 9(c) general obligation bonds shall be submitted to the State Treasurer for evaluation of financial feasibility. Submission shall be in accordance with the instructions prescribed by the State Treasurer. The State Treasurer shall distribute copies of financial feasibility studies to the Director, Department of Planning and Budget, the Secretary for the submitting agency or institution, the Chairmen of the House Appropriations and Senate Finance and Appropriations Committees, and the Director, State Council of Higher Education for Virginia, if the project is requested by an institution of higher education.

2. By August 15 of each year, institutions shall also prepare and submit copies of financial feasibility studies to the State Council of Higher Education for Virginia for 9(d) obligations where debt service is expected to be paid from project revenues or revenues of the institution. The State Council of Higher Education for Virginia shall identify the impact of all projects requested by the institutions of higher education, and as described in § 4-4.01 j.1. of this act, on the current and projected cost to students in institutions of higher education and the impact of the project on the institution's need for student financial assistance. The State Council of Higher Education for Virginia shall report such information to the Secretary of Finance and the Chairmen of the House Appropriations and Senate Finance and Appropriations Committees no later than October 1 of each year.

3. Prior to the issuance of debt for 9(c) general obligation projects, when more than one year has elapsed since the review of financial feasibility specified in § 4-4.01 j 1 above, an updated feasibility study shall be prepared by the agency and reviewed by the State Treasurer prior to requesting the Governor's Opinion of Financial Feasibility required under Article X, Section 9 (c), of the Constitution of Virginia.

j. Transfers to supplement capital projects from nongeneral funds may be made under the conditions set forth in §§ 4-1.03 a, 4-1.04 a.3, and 4-4.01 l of this act.

k.1. Change in Size and Scope: Unless otherwise provided by law, the scope, which is the function or intended use, of any capital project may not be substantively changed, nor its size increased or decreased by more than five percent in size beyond the plans and justification which were the basis for the appropriation or reappropriation in this act or for the Governor's authorization pursuant to § 4-4.01 l of this act. However, this prohibition is not applicable to changes in size and scope required because of circumstances determined by the Governor to be an emergency, or requirements imposed by the federal government when such capital project is for armories or other defense-related installations and is funded in whole or in part by federal funds. Furthermore, this prohibition shall not apply to minor increases, beyond five percent, in square footage determined by the Director, Department of General Services, to be reasonable and appropriate based on a written justification submitted by the agency stating the reason for the increase, with the provision that such increase will not increase the cost of the project beyond

the amount appropriated; nor to decreases in size beyond five percent to offset unbudgeted costs when such costs are determined by the Director, Department of Planning and Budget, to be reasonable based on a written justification submitted by the agency specifying the amount and nature of the unbudgeted costs and the types of actions that will be taken to decrease the size of the project. The written justification shall also include a certification, signed by the agency head, that the resulting project will be consistent with the original programmatic intent of the appropriations.

2. If space planning, energy conservation, and environmental standards guides for any type of construction have been approved by the Governor or the General Assembly, the Governor shall require capital projects to conform to such planning guides.

1. Projects Not Included In This Act:

1. Authorization by Governor:

a) The Governor may authorize initiation of, planning for, construction of or acquisition of a nongeneral fund capital project not specifically included in this act or provided for a program approved by the General Assembly through appropriations, under one or more of the following conditions:

1) The project is required to meet an emergency situation.

2) The project is to be operated as an auxiliary enterprise or sponsored program in an institution of higher education and will be fully funded by revenues of auxiliary enterprises or sponsored programs.

3) The project is to be operated as an educational and general program in an institution of higher education and will be fully funded by nongeneral fund revenues of educational and general programs or from private gifts and indirect cost recoveries.

4) The project consists of plant or property which has become available or has been received as a gift.

5) The project has been recommended for funding by the Tobacco Indemnification and Community Revitalization Commission or the Virginia Tobacco Settlement Foundation.

b) The foregoing conditions are subject to the following criteria:

1) Funds are available within the appropriations made by this act (including those subject to §§ 4-1.03 a, 4-1.04 a.3, and 4-2.03) without adverse effect on other projects or programs, or from unappropriated nongeneral fund revenues or balances.

2) In the Governor's opinion such action may avoid an increase in cost or otherwise result in a measurable benefit to the state.

3) The authorization includes a detailed description of the project, the project need, the total project cost, the estimated operating costs, and the fund sources for the project and its operating costs.

4) The Chairmen of the House Appropriations and Senate Finance and Appropriations Committees shall be notified by the Governor prior to the authorization of any capital project under the provisions of this subsection.

5) Permanent funding for any project initiated under this section shall only be from nongeneral fund sources.

2. Authorization by Director, Department of Planning and Budget:

a) The Director, Department of Planning and Budget, may authorize initiation of a capital project not included in this act, if the General Assembly has enacted legislation to fund the project from bonds of the Virginia Public Building Authority, Virginia College Building Authority, or from reserves created by refunding of bonds issued by those Authorities.

3. Delegated authorization by Boards of Visitors, Public Institutions of Higher Education:

a) In accordance with § 4-5.06 of this act, the board of visitors of any public institution of higher education that: i) has met the eligibility criteria set forth in Chapters 933 and 945 of the 2005 Acts of Assembly for additional operational and administrative autonomy, including having entered into a memorandum of understanding with the Secretary of Administration for delegated authority of nongeneral fund capital outlay projects, and ii) has received a sum sufficient nongeneral fund appropriation for emergency projects as set out in Part 2: Capital Project Expenses of this act, may authorize the initiation of any capital project that is not specifically set forth in this act provided that the project meets at least one of the conditions and criteria identified in § 4-4.01 1 1 of this act.

b) At least 30 days prior to the initiation of a project under this provision, the board of visitors must notify the Governor and Chairmen of the House Appropriations and Senate Finance and Appropriations Committees and must provide a life-cycle budget analysis of the project. Such analysis shall be in a form to be prescribed by the Auditor of Public Accounts.

c) The Commonwealth of Virginia shall have no general fund obligation for the construction, operation, insurance, routine maintenance, or long-term maintenance of any project authorized by the board of visitors of a public institution of higher education in accordance with this provision.

m. Acquisition, maintenance, and operation of buildings and nonbuilding facilities in colleges and universities shall be subject to the following policies:

1. The anticipated program use of the building or nonbuilding facility should determine the funding source for expenditures for acquisition, construction, maintenance, operation, and repairs.

2. For new campuses to be established within the Virginia Community College System, expenditures for land acquisition, site preparation beyond five feet from a building, and the construction of additional outdoor lighting, sidewalks, outdoor athletic and recreational facilities, and parking lots in the Virginia Community College System shall be made only from appropriated federal funds, Trust and Agency funds, including local government allocations or appropriations, or the proceeds of indebtedness authorized by the General Assembly.

3. The general policy of the Commonwealth shall be that parking services are to be operated as an auxiliary enterprise by all colleges and universities. Institutions should develop sufficient reserves for ongoing maintenance and replacement of parking facilities.

4. Except as provided in paragraph 2 above, expenditures for maintenance, replacement, and repair of outdoor lighting, sidewalks, and other infrastructure facilities may be made from any appropriated funds.

5. Expenditures for operations, maintenance, and repair of athletic, recreational, and public service facilities, both indoor and outdoor, should be from nongeneral funds. However, this condition shall not apply to any indoor recreational facility existing on a community college campus as of July 1, 1988.

6.a.1. At institutions of higher education that have met the eligibility criteria for additional operational and administrative authority as set forth in Chapters 933 and 945 of the 2005 Acts of Assembly or Chapters 824 and 829 of the 2008 Acts of Assembly, any repair, renovation, or new construction project costing up to \$3,000,000 shall be exempt from the capital outlay review and approval process. For purposes of this paragraph, projects shall not include any subset of a series of projects, which in combination would exceed the \$3,000,000 maximum.

2. All state agencies and institutions of higher education shall be exempt from the capital review and approval process for repair, renovation, or new construction projects costing up to \$3,000,000.

b. Blanket authorizations funded entirely by nongeneral funds may be used for 1) renovation and infrastructure projects costing up to \$3,000,000 and 2) the planning of nongeneral fund new construction and renovation projects through bidding, with bid award made after receipt of a construction authorization. The Director, Department of Planning and Budget, may provide exemptions to the threshold.

7. It is the policy of the Commonwealth that the institutions of higher education shall treat the maintenance of their facilities as a priority for the allocation of resources. No appropriations shall be transferred from the "Operation and Maintenance of Plant" subprogram except for closely and definitely related purposes, as approved by the Director, Department of Planning and Budget, or his designee. A report providing the rationale for each approved transfer shall be made to the Chairmen of the House Appropriations and Senate Finance and Appropriations Committees.

n. Legislative Intent and Reporting: Appropriations for capital projects shall be deemed to have been made for purposes which require their expenditure, or being placed under contract for expenditure, during the current biennium. Agencies to which such appropriations are made in this act or any other act are required to report progress as specified by the Governor. If, in the opinion of the Governor, these reports do not indicate satisfactory progress, he is authorized to take such actions as in his judgment may be necessary to meet legislative intent as herein defined. Reporting on the progress of capital projects shall be in accordance with § 4-8.00, Reporting Requirements.

o. No expenditure from a general fund appropriation in this act shall be made to expand or enhance a capital outlay project beyond that anticipated when the project was initially approved by the General Assembly except to comply with requirements imposed by the federal government when such capital project is for armories or other defense-related installations and is funded in whole or in part by federal funds. General fund appropriations in excess of those necessary to complete the project shall not be reallocated to expand or enhance the project, or be reallocated to a different project. The prohibitions in this subsection shall not apply to transfers from projects for which reappropriations have been authorized.

p. Local or private funds to be used for the acquisition, construction or improvement of capital projects for state agency use as owner or lessee shall be deposited into the state treasury for appropriation prior to their expenditure for such projects.

q. State-owned Registered Historic Landmarks: To guarantee that the historical and/or architectural integrity of any state-owned properties listed on the Virginia Landmarks Register and the knowledge to be gained from archaeological sites will not be adversely affected because of inappropriate changes, the heads of those agencies in charge of such properties are directed to submit all plans for significant alterations, remodeling, redecoration, restoration or repairs that may basically alter the appearance of the structure, landscaping, or demolition to the Department of Historic Resources. Such plans shall be reviewed within thirty days and the comments of that department shall be submitted to the Governor through the Department of General

Services for use in making a final determination.

r.1. The Governor may authorize the conveyance of any interest in property or improvements thereon held by the Commonwealth to the educational or real estate foundation of any institution of higher education where he finds that such property was acquired with local or private funds or by gift or grant to or for the use of the institution, and not with funds appropriated to the institution by the General Assembly. Any approved conveyance shall be exempt from § 2.2-1156, Code of Virginia, and any other statute concerning conveyance, transfer or sale of state property. If the foundation conveys any interest in the property or any improvements thereon, such conveyance shall likewise be exempt from compliance with any statute concerning disposition of state property. Any income or proceeds from the conveyance of any interest in the property shall be deemed to be local or private funds and may be used by the foundation for any foundation purpose.

2. This section shall not apply to public institutions of higher education that have a Management Agreement with the Commonwealth of Virginia pursuant to the Restructured Higher Education Financial and Administrative Operations Act.

s.1. Facility Lease Agreements Involving Institutions of Higher Education: In the case of any lease agreement involving state-owned property controlled by an institution of higher education, where the lease has been entered into consistent with the provisions of § 2.2-1155, Code of Virginia, the Governor may amend, adjust or waive any project review and reporting procedures of Executive agencies as may reasonably be required to promote the property improvement goals for which the lease agreement was developed.

2. This section shall not apply to public institutions of higher education that have a Management Agreement with the Commonwealth of Virginia pursuant to the Restructured Higher Education Financial and Administrative Operations Act.

t. Energy-efficiency Projects: Improvements to state-owned properties for the purpose of energy-efficiency shall be treated as follows:

1. Such improvements shall be considered an operating expense, provided that:

a) the scope of the project meets or exceeds the applicable energy-efficiency standards set forth in the American Society of Heating, Refrigerating, and Air Conditioning Engineers (ASHRAE), the Illuminating Engineering Society (IES) standard 90.1-1989 and is limited to measures listed in guidelines issued by the Department of General Services;

b) the project is financed consistent with the provisions of § 2.2-2417, Code of Virginia, which requires Treasury Board approval and is executed through a nonprofessional services contract with a vendor approved by the Department of General Services;

c) the scope of work has been reviewed and recommended by the Department of Energy;

d) the total cost does not exceed \$3,000,000; and

e) if the total cost exceeds \$3,000,000, but does not exceed \$7,000,000, the energy savings from the project offset the total cost of the project, including debt service and interest payments.

2. If (a) the total cost of the improvement exceeds \$7,000,000 or (b) the total cost exceeds \$3,000,000, but does not exceed \$7,000,000, and the energy savings from the project do not fully offset the total cost of the project, including debt services and interest payments, the improvement shall be considered a capital expense regardless of the type of improvement and the following conditions must be met:

a) the scope of the project meets or exceeds the applicable energy-efficiency standards set forth in the American Society of Heating, Refrigerating, and Air Conditioning Engineers (ASHRAE), the Illuminating Engineering Society (IES) standard 90.1-1989 and is limited to measures listed in guidelines issued by the Department of General Services;

b) the project is financed consistent with the provisions of § 2.2-2417, Code of Virginia, which requires Treasury Board approval and is executed through a nonprofessional services contract with a vendor approved by the Department of General Services;

c) the scope of work has been reviewed and recommended by the Department of Energy;

d) the project has been reviewed by the Department of Planning and Budget; and

e) the project has been approved by the Governor.

3. If the total project exceeds \$250,000, the agency director will submit written notification to the Director, Department of Planning and Budget, verifying that the project meets all of the conditions in subparagraph 1 above.

The provisions of §§ 2.0 and 4-4.01 of this act and the provisions of § 2.2-1132, Code of Virginia, shall not apply to energy conservation projects that qualify as capital expenses.

4. As used in this paragraph, "improvement" does not include (a) constructing, enlarging, altering, repairing or demolishing a building or structure, (b) changing the use of a building either within the same use group or to a different use group when the new use requires greater degrees of structural strength, fire protection, exit facilities or sanitary provisions, or (c) removing or disturbing

any asbestos-containing materials during demolition, alteration, renovation of or additions to building or structures, If the projected scope of an energy-efficiency project includes any of these elements, it shall be subject to the capital outlay process as set out in this section.

5. The Director, Department of Planning and Budget, shall notify the Chairmen of the House Appropriations and Senate Finance and Appropriations Committees upon the initiation of any energy-efficiency projects under the provisions of this paragraph.

u. No expenditures shall be authorized for the purchase of fee simple title to any real property to be used for a correctional facility or for the actual construction of a correctional facility provided for in this act, or by reference hereto, that involves acquisition or new construction of youth or adult correctional facilities on real property which was not owned by the Commonwealth on January 1, 1995, until the governing body of the county, city or town wherein the project is to be located has adopted a resolution supporting the location of such project within the boundaries of the affected jurisdiction. The foregoing does not prohibit expenditures for site studies, real estate options, correctional facility design and related expenditures.

v. Except for institutions of higher education that have a Management Agreement with the Commonwealth of Virginia pursuant to the Restructured Higher Education Financial and Administrative Operations Act, any alternative financing agreement entered into between a state agency or institution of higher education and a private entity or affiliated foundation must be reviewed and approved by the Treasury Board.

w. Prior to requesting authorization for new dormitory capital projects, institutions of higher education shall conduct a cost study to determine whether an alternative financing arrangement or public-private transaction would provide a more effective option for the construction of the proposed facility. This study shall be submitted to the Department of Planning and Budget as part of the budget development process and shall be evaluated by the Governor prior to submitting his proposed budget.

x. Construction or improvement projects of the Department of Military Affairs are not exempt from the capital outlay review process when the state procurement process is utilized, except for those projects with both an estimated cost of \$3,000,000 or less and are 100 percent federally reimbursed. The Department of Military Affairs shall submit by July 30 of each year to the Department of Planning and Budget a list of such projects that were funded pursuant to this exemption in the previous fiscal year and any projects that would be eligible for such funding in future fiscal years.

§ 4-4.02 PLANNING AND BUDGETING

a. It shall be the intent of the General Assembly to make biennial appropriations for a capital improvements program sufficient to address the program needs of the Commonwealth. The capital improvements program shall include maintenance and deferred maintenance of the Commonwealth's existing facilities, and of the facility requirements necessary to deliver the programs of state agencies and institutions.

b. In effecting these policies, the Governor shall establish a capital budget plan to address the renewal and replacement of the Commonwealth's physical plant, using such guidelines as recommended by industry or government to maintain the Commonwealth's investment in its property and plant.

§ 4-5.00 SPECIAL CONDITIONS AND RESTRICTIONS ON EXPENDITURES

§ 4-5.01 TRANSACTIONS WITH INDIVIDUALS

a. **SETTLEMENT OF CLAIMS:** Whenever a dispute, claim or controversy involving the interest of the Commonwealth is settled pursuant to § 2.2-514, Code of Virginia, payment may be made out of any appropriations, designated by the Governor, to the state agency(ies) which is (are) party to the settlement.

b. **STUDENT FINANCIAL ASSISTANCE FOR HIGHER EDUCATION:**

1. General:

a) The appropriations made in this act to state institutions of higher education within the Items for student financial assistance may be expended for any one, all, or any combination of the following purposes: grants to undergraduate students enrolled at least one-half time in a degree, certificate, industry-based certification and related programs that do not qualify for other sources of student financial assistance or diploma program; grants to full-time graduate students; graduate assistantships; grants to students enrolled full-time in a dual or concurrent undergraduate and graduate program. The institutions may also use these appropriations for the purpose of supporting work study programs. The institution is required to transfer to educational and general appropriations all funds used for work study or to pay graduate assistantships. Institutions may also contribute to federal or private student grant aid programs requiring matching funds by the institution, except for programs requiring work. The State Council of Higher Education for Virginia shall annually review each institution's plan for the expenditures of its general fund appropriation for undergraduate student financial assistance prior to the start of the fall term to determine program compliance. The institution's plan shall include the institution's assumptions and calculations for determining the cost of attendance, student financial need, and student remaining need as well as an award schedule or description of how funds are

awarded. For the purposes of the proposed plan, each community college shall be considered independently. No limitations shall be placed on the awarding of nongeneral fund appropriations made in this act to state institutions of higher education within the Items for student financial assistance other than those found previously in this paragraph and as follows: (i) funds derived from in-state student tuition will not subsidize out-of-state students, (ii) students receiving these funds must be making satisfactory academic progress, (iii) awards made to students should be based primarily on financial need, and (iv) institutions should make larger grant and scholarship awards to students taking the number of credit hours necessary to complete a degree in a timely manner.

b) All awards made to undergraduate students from such Items shall be for Virginia students only and such awards shall offset all, or portions of, the costs of tuition and required fees, and, in the case of students qualifying under subdivision b 2 c)1) hereof, the cost of books. All undergraduate financial aid award amounts funded by this appropriation shall be proportionate to the remaining need of individual students, with students with higher levels of remaining need receiving grants before other students. No criteria other than the need of the student shall be used to determine the award amount. Because of the low cost of attendance and recognizing that federal grants provide a much higher portion of cost than at other institutions, a modified approach and minimum award amount for the neediest VGAP student should be implemented for community college and Richard Bland College students based on remaining need and the combination of federal and grant state aid. Student financial need shall be determined by a need-analysis system approved by the Council.

c)1) All need-based awards made to graduate students shall be determined by the use of a need-analysis system approved by the Council.

2) As part of the six-year financial plans required in the provisions of Chapters 933 and 945 of the 2005 Acts of Assembly, each institution of higher education shall report the extent to which tuition and fee revenues are used to support graduate student aid and graduate compensation and how the use of these funds impacts planned increases in student tuition and fees.

d) A student who receives a grant under such Items and who, during a semester, withdraws from the institution which made the award must surrender the unearned portion. The institution shall calculate the unearned portion of the award based on the percentage used for federal Return to Title IV program purposes.

e) An award made under such Items to assist a student in attending an institution's summer session shall be prorated according to the size of comparable awards made in that institution's regular session.

f) The provisions of this act under the heading "Student Financial Assistance for Higher Education" shall not apply to (1) the soil scientist scholarships authorized under § 23.1-615, Code of Virginia and (2) need-based financial aid programs for industry-based certification and related programs that do not qualify for other sources of student financial assistance, which will be subject to guidelines developed by the State Council of Higher Education for Virginia.

g) Unless noted elsewhere in this act, general fund awards shall be named "Commonwealth" grants.

h) Unless otherwise provided by statute, undergraduate awards shall not be made to students seeking a second or additional baccalaureate degree until the financial aid needs of first-degree seeking students are fully met.

i) In determining financial need for student financial assistance, the institution shall recognize the federal Student Aid Index at no less than zero.

j) Students receiving student financial assistance in 2023-2024 may be considered for Virginia Student Financial Assistance Program awards based on the Expected Family Contribution demonstrated in 2023-2024, or appropriately adjusted need as determined by the institution, for as long as the student maintains continuous enrollment, unless granted an exception for cause by the State Council of Higher Education for Virginia, until current degree completion or current degree program eligibility limits have otherwise expired, whichever comes first.

k) Notwithstanding any other provision of law to the contrary, the Student Aid Index as calculated according to federal Title IV financial aid methodology shall be deemed an approved replacement of any mention or use of the precedent federal Expected Family Contribution for purposes of administrating state higher education financial aid programs.

l) Notwithstanding any other provision of law to the contrary, private institutions admitted on or after January 1, 2024 in any state program of higher education financial assistance shall (i) be a nonprofit private institution of higher education whose primary purpose is to provide collegiate, graduate, or professional education and not to provide religious training or theological education; (ii) be formed, chartered, established, or incorporated within the Commonwealth; (iii) have their principal place of business within the Commonwealth; (iv) conduct their primary educational activity within the Commonwealth; and (v) be accredited by a nationally recognized regional institutional accrediting agency.

2. Grants To Undergraduate Students:

a) Each institution which makes undergraduate grants paid from its appropriation for student financial assistance shall expend such sums as approved for that purpose by the Council.

b) A student receiving an award must be duly admitted and enrolled in a degree, certificate or diploma program at the institution

making the award, and shall be making satisfactory academic progress as defined by the institution for the purposes of eligibility under Title IV of the federal Higher Education Act, as amended.

c)1) It is the intent of the General Assembly that students eligible under the Virginia Guaranteed Assistance Program (VGAP) authorized in Title 23.1, Chapter 4.4:2, Code of Virginia, shall receive grants before all other students at the same institution with equivalent remaining need from the appropriations for undergraduate student financial assistance found in Part 1 of this act (service area 1081000 - Scholarships). In each instance, VGAP eligible students shall receive awards greater than other students with equivalent remaining need.

2) The amount of each VGAP grant shall vary according to each student's remaining need and the total of tuition, all required fees and the cost of books at the institution the student will attend upon acceptance for admission. The actual amount of the VGAP award will be determined by the proportionate award schedule adopted by each institution; however, those students with the greatest financial need shall be guaranteed an award at least equal to tuition.

3) It is the intent of the General Assembly that the Virginia Guaranteed Assistance Program serve as an incentive to financially needy students now attending elementary and secondary school in Virginia to raise their expectations and their academic performance and to consider higher education an achievable objective in their futures.

4) Students may not receive a VGAP and a Commonwealth grant in the same semester.

d) Of the amount allocated for undergraduate need-based financial aid, up to one percent may be used for emergency assistance programs for students facing a financial emergency that puts them at risk of dropping out. The Council shall establish reporting guidelines and approve criteria for making student awards.

3. Grants To Graduate Students:

a) An individual award may be based on financial need but may, in addition to or instead of, be based on other criteria determined by the institution making the award. The amount of an award shall be determined by the institution making the award; however, the Council shall annually be notified as to the maximum size of a graduate award that is paid from funds in the appropriation.

b) A student receiving a graduate award paid from the appropriation must be duly admitted into a graduate degree program at the institution making the award.

c) Not more than 50 percent of the funds designated by an institution as graduate grants from the appropriation, and approved as such by the Council, shall be awarded to persons not eligible to be classified as Virginia domiciliary resident students except in cases where the persons meet the criteria outlined in § 4-2.01b.6.

4. Matching Funds: Any institution of higher education may, with the approval of the Council, use funds from its appropriation for fellowships and scholarships to provide the institutional contribution to any student financial aid program established by the federal government or private sources which requires the matching of the contribution by institutional funds, except for programs requiring work.

5. Discontinued Loan Program:

a) If any federal student loan program for which the institutional contribution was appropriated by the General Assembly is discontinued, the institutional share of the discontinued loan program shall be repaid to the fund from which the institutional share was derived unless other arrangements for the use of the funds are recommended by the Council and approved by the Department of Planning and Budget. Should the institution be permitted to retain the federal contributions to the program, the funds shall be used according to arrangements authorized by the Council and approved by the Department of Planning and Budget.

b)1) An institution of higher education may discontinue its student loan fund established pursuant to Title 23.1, Chapter 4.01, Code of Virginia. The full amount of cash in such discontinued loan fund shall be paid into the state treasury into a nonrevertible nongeneral fund account. Prior to such payment, the State Comptroller shall verify its accuracy, including the fact that the cash held by the institution in the loan fund will be fully depleted by such payment. The loan fund shall not be reestablished thereafter for that institution.

2) The cash so paid into the state treasury shall be used only for grants to undergraduate and graduate students in the Higher Education Student Financial Assistance program according to arrangements authorized by the Council and approved by the Department of Planning and Budget.

3) Payments on principal and interest of any promissory notes held by the discontinued loan fund shall continue to be received by the institution, which shall deposit such payments in the state treasury to the nonrevertible nongeneral fund account specified in subdivision (1) preceding, to be used for grants as specified in subdivision (2) preceding.

6. Reporting: The Council shall collect student-specific information for undergraduate students as is necessary for the operation

of the Student Financial Assistance Program. The Council shall maintain regulations governing the operation of the Student Financial Assistance Program based on the provisions outlined in this section, the Code of Virginia, and State Council policy.

c. PAYMENTS TO CITIZEN MEMBERS OF NONLEGISLATIVE BODIES:

Notwithstanding any other provision of law, executive branch agencies shall not pay compensation to citizen members of boards, commissions, authorities, councils, or other bodies from any fund for the performance of such members' duties in the work of the board, commission, authority, council, or other body.

d. VIRGINIA BIRTH-RELATED NEUROLOGICAL INJURY COMPENSATION PROGRAM

Notwithstanding any other provision of law, the Virginia Birth-Related Neurological Injury Compensation Program is authorized to require each admitted claimant's parent or legal guardian to purchase private health insurance (the "primary payer") to provide coverage for the actual medically necessary and reasonable expenses as described in Virginia Code § 38.2-5009(A)(1) that were, or are, incurred as a result of the admitted claimant's birth-related neurological injury and for the admitted claimant's benefit. Provided, however, that the Program shall reimburse, upon receipt of proof of payment, solely the portion of the premiums that is attributable to the admitted claimant's post-admission coverage from the effective date of this provision forward and paid for by the admitted claimant's parent or legal guardian.

§ 4-5.02 THIRD PARTY TRANSACTIONS

a. EMPLOYMENT OF ATTORNEYS:

1.a) All attorneys authorized by this act to be employed by any state agency and all attorneys compensated out of any moneys appropriated in this session of the General Assembly shall be appointed by the Attorney General and be in all respects subject to the provisions of Title 2.2, Chapter 5, Code of Virginia, to the extent not to conflict with Title 12.1, Chapter 4, Code of Virginia; provided, however, that if the Governor certifies the need for independent legal counsel for any Executive Department agency, such agency shall be free to act independently of the Office of the Attorney General in regard to selection, and provided, further, that compensation of such independent legal counsel shall be paid from the moneys appropriated to such Executive Department agency or from the moneys appropriated to the Office of the Attorney General.

b) For purposes of this act, "attorney" shall be defined as an employee or contractor who represents an agency before a court, board or agency of the Commonwealth of Virginia or political subdivision thereof. This term shall not include members of the bar employed by an agency who perform in a capacity that does not require a license to practice law, including but not limited to, instructing, managing, supervising or performing normal or customary duties of that agency.

2. This section does not apply to attorneys employed by state agencies in the Legislative Department, Judicial Department or Independent Agencies.

3. Reporting on employment of attorneys shall be in accordance with § 4-8.00, Reporting Requirements.

4. Notwithstanding § 2.2-510.1 of the Code of Virginia and any other conflicting provision of law, the Virginia Retirement System may enter into agreements to seek i) recovery of investment losses in foreign jurisdictions, and ii) legal advice related to its investments. Any such agreements shall be reported to the Office of the Attorney General as soon as practicable.

b. STUDIES AND CONSULTATIVE SERVICES REQUIRED BY GENERAL ASSEMBLY: No expenditure for payments on third party nongovernmental contracts for studies or consultative services shall be made out of any appropriation to the General Assembly or to any study group created by the General Assembly, nor shall any such expenditure for third party nongovernmental contracts be made by any Executive Department agency in response to a legislative request for a study, without the prior approval of two of the following persons: the Chairman of the House Appropriations Committee; the Chairman of the Senate Finance and Appropriations Committee; the Speaker of the House of Delegates; the President pro tempore of the Senate. All such expenditures shall be made only in accordance with the terms of a written contract approved as to form by the Attorney General.

c. USE OF CONSULTING SERVICES: All state agencies and institutions of higher education shall make a determination of "return on investment" as part of the criteria for awarding contracts for consulting services.

d. DEBT COLLECTION SERVICES:

1. Notwithstanding any provision of the Code of Virginia or this act to the contrary, the Virginia Commonwealth University Health System Authority shall have the option to participate in the Office of the Attorney General's debt collection process. Should the Authority choose not to participate, the Authority shall have the authority to collect its accounts receivable by engaging private collection agents and attorneys to pursue collection actions, and to independently compromise, settle, and discharge accounts receivable claims.

2. Notwithstanding any provision of the Code of Virginia or this act to the contrary, the University of Virginia Medical Center shall have the authority to collect its accounts receivable by engaging private collection agents and attorneys to pursue collection actions, and to independently compromise, settle, and discharge accounts receivable claims, provided that the University of Virginia

demonstrates to the Secretary of Finance that debt collection by an agent other than the Office of the Attorney General is anticipated to be more cost effective. Nothing in this paragraph is intended to limit the ability of the University of Virginia Medical Center from voluntarily contracting with the Office of the Attorney General's Division of Debt Collection in cases where the Center would benefit from the expertise of legal counsel and collection services offered by the Office of the Attorney General.

3. Notwithstanding any provision of the Code of Virginia or this act to the contrary, the Department of Taxation shall be exempt from participating in the debt collection process of the Office of the Attorney General.

§ 4-5.03 SERVICES AND CLIENTS

a. CHANGED COST FACTORS:

1.a) No state agency, or its governing body, shall alter factors (e.g., qualification level for receipt of payment or service) which may increase the number of eligible recipients for its authorized services or payments, or alter factors which may increase the unit cost of benefit payments within its authorized services, unless the General Assembly has made an appropriation for the cost of such change.

b) The limits on altering or changing cost factors stated in paragraph 1.a) above shall not apply to changes associated with implementing and/or altering services in response to COVID-19 when funding is provided from a nongeneral fund source dedicated to addressing the impact of COVID-19 or from any source when specifically approved by the Governor in response to the COVID-19 pandemic.

2. Notwithstanding any other provision of law, the Department of Planning and Budget, with assistance from agencies that operate internal service funds as requested, shall establish policies and procedures for annually reviewing and approving internal service fund overhead surcharge rates and working capital reserves.

3. By September 1 each year, state agencies that operate an internal service fund, pursuant to §§ 2.2-803, 2.2-1101, and 2.2-2013, Code of Virginia, that have an impact on agency expenditures, shall submit a report to the Department of Planning and Budget to include all information as required by the Department of Planning and Budget to conduct a thorough review of overhead surcharge rates, revenues, expenditures, full-time positions, and working capital reserves for each internal service fund. The report shall include any proposed modifications in rates to be charged by internal service funds for review and approval by the Department of Planning and Budget. In its review, the Department of Planning and Budget shall determine whether the requested rate modifications are consistent with budget assumptions. The format by which agencies submit the operating plan for each internal service fund shall be determined by the Department of Planning and Budget with assistance from agencies that operate internal service funds as requested.

4. State agencies that operate internal service funds may not change a billable overhead surcharge rate to another state agency unless the resulting change is provided in the final General Assembly enacted budget.

5. State agencies that operate more than one internal service fund shall comply with the review and approval requirements detailed in this Item for each internal service fund.

6. As determined by the Director, Department of Planning and Budget, state agencies that operate select programs where an agency provides a service to and bills other agencies shall be subject to the annual review of the agency's internal service funds consistent with the provisions of this Item, unless such payment for services is pursuant to a memorandum of understanding authorized by § 4-1.03 a. 7 of this act.

7. The Governor is authorized to change internal service fund overhead surcharge rates, including the creation of new rates, beyond the rates enacted in the budget in the event of an emergency or to implement actions approved by the General Assembly, upon prior notice to the Chairmen of the House Appropriations and Senate Finance and Appropriations Committees. Such prior notice shall be no less than five days prior to enactment of a revised or new rate and shall include the basis of the rate change and the impact on state agencies.

9. State agencies that are partially or fully funded with nongeneral funds and are billed for services provided by another state agency shall pay the nongeneral fund cost for the service from the agency's applicable nongeneral fund revenue source consistent with an appropriation proration of such expenses.

b. NEW SERVICES:

1.a) No state agency shall begin any new service that will call for future additional property, plant or equipment or that will require an increase in subsequent general or nongeneral fund operating expenses without first obtaining the authorization of the General Assembly.

b) The limits on establishing new services stated in paragraph 1.a) above shall not apply to new services established to respond to COVID-19 when funding is provided from a nongeneral fund source dedicated to addressing the impact of COVID-19 or from any source when specifically approved by the Governor in response to the COVID-19 pandemic.

2. Pursuant to the policies and procedures of the State Council of Higher Education regarding approval of academic programs and the concomitant enrollment, no state institution of higher education shall operate any academic program with funds in this act unless approved by the Council and included in the Executive Budget, or approved by the General Assembly. The Council may grant exemptions to this policy in exceptional circumstances.

3. a) The General Assembly is supportive of the increasing commitment by both Virginia Tech and the Carilion Clinic to the success of the programs at the Virginia Tech/Carilion School of Medicine and the Virginia Tech/Carilion Research Institute, and encourages these two institutions to pursue further developments in their partnership. Therefore, notwithstanding § 4-5.03 c. of the Appropriation Act, if through the efforts of these institutions to further strengthen the partnership, Virginia Tech acquires the Virginia Tech Carilion School of Medicine during the current biennium, the General Assembly approves the creation and establishment of the Virginia Tech/Carilion School of Medicine within the institution notwithstanding § 23.1-203 Code of Virginia. No additional funds are required to implement establishment of the Virginia Tech/Carilion School of Medicine within the institution.

b) Virginia Tech Carilion School of Medicine is hereby authorized to transfer funds to the Department of Medical Assistance Services to fully fund the state share for Medicaid supplemental payments to the teaching hospital affiliated with the Virginia Tech Carilion School of Medicine. These Medicaid supplemental fee-for-service and/or capitation payments to managed care organizations are for the purpose of securing access to Medicaid hospital services in Western Virginia. The funds to be transferred must comply with 42 CFR 433.51.

4. Reporting on all new services shall be in accordance with § 4-8.00, Reporting Requirements.

c. OFF-CAMPUS SITES OF INSTITUTIONS OF HIGHER EDUCATION:

No moneys appropriated by this act shall be used for off-campus sites unless as provided for in this section.

1. A public college or university seeking to create, establish, or operate an off-campus instructional site, funded directly or indirectly from the general fund or with revenue from tuition and mandatory educational and general fees generated from credit course offerings, shall first refer the matter to the State Council of Higher Education for Virginia for its consideration and approval. The State Council of Higher Education for Virginia may provide institutions with conditional approval to operate the site for up to one year, after which time the college or university must receive approval from the Governor and General Assembly, through legislation or appropriation, to continue operating the site.

2. For the colleges of the Virginia Community College System, the State Board for Community Colleges shall be responsible for approving off-campus locations. Sites governed by this requirement are those at any locations not contiguous to the main campus of the institution, including locations outside Virginia.

3. a) The provisions herein shall not apply to credit offerings on the site of a public or private entity if the offerings are supported entirely with private, local, or federal funds or revenue from tuition and mandatory educational and general fees generated entirely by course offerings at the site.

b) Offerings at previously approved off-campus locations shall also not be subject to these provisions.

c) Further, the provisions herein do not govern the establishment and operations of campus sites with a primary function of carrying out grant and contract research where direct and indirect costs from such research are covered through external funding sources. Such locations may offer limited graduate education as appropriate to support the research mission of the site.

d) Nothing herein shall prohibit an institution from offering non-credit continuing education programs at sites away from the main campus of a college or university.

4. The State Council of Higher Education shall establish guidelines to implement this provision.

d. PERFORMANCE MEASUREMENT

1. In accordance with § 2.2-1501, Code of Virginia, the Department of Planning and Budget shall develop a programmatic budget and accounting structure for all new programs and activities to ensure that it provides the appropriate financial and performance measures to determine if programs achieve desired results and outcomes. The Department of Accounts shall provide assistance as requested by the Department of Planning and Budget. The Department of Planning and Budget shall provide this information each year when the Governor submits the budget in accordance with § 2.2-1509, Code of Virginia, to the Chairmen of the House Appropriations, House Finance, and Senate Finance and Appropriations Committees.

2.a) Within thirty days of the enactment of this act, the Director, Department of Planning and Budget, shall make available via electronic means to the Chairmen of the House Appropriations and Senate Finance and Appropriations Committees and the public a list of the new initiatives for which appropriations are provided in this act.

b) Not later than ninety days after the end of the first year of the biennium, the Director, Department of Planning and Budget, shall make available via electronic means a report on the performance of each new initiative contained in the list, to be submitted to the Chairmen of the House Appropriations and Senate Finance and Appropriations Committees and the public. The report shall compare the actual results, including expenditures, of the initiative with the anticipated results and the appropriation for the initiative. This information shall be used to determine whether the initiative should be extended beyond the beginning period. In the preparation of this report, all state agencies shall provide assistance as requested by the Department of Planning and Budget.

§ 4-5.04 GOODS AND SERVICES

a. STUDENT ATTENDANCE AT INSTITUTIONS OF HIGHER EDUCATION:

1. **Public Information Encouraged:** Each public institution of higher education is expected and encouraged to provide prospective students with accurate and objective information about its programs and services. The institution may use public funds under the control of the institution's Board of Visitors for the development, preparation and dissemination of factual information about the following subjects: academic programs; special programs for minorities; dates, times and procedures for registration; dates and times of course offerings; admission requirements; financial aid; tuition and fee schedules; and other information normally distributed through the college catalog. This information may be presented in any and all media, such as newspapers, magazines, television or radio where the information may be in the form of news, public service announcements or advertisements. Other forms of acceptable presentation would include brochures, pamphlets, posters, notices, bulletins, official catalogs, flyers available at public places and formal or informal meetings with prospective students.

2. **Excessive Promotion Prohibited:** Each public institution of higher education is prohibited from using public funds under the control of the institution's Board of Visitors for the development, preparation, dissemination or presentation of any material intended or designed to induce students to attend by exaggerating or extolling the institution's virtues, faculty, students, facilities or programs through the use of hyperbole. Artwork and photographs which exaggerate or extol rather than supplement or complement permissible information are prohibited. Mass mailings are generally prohibited; however, either mass mailings or newspaper inserts, but not both, may be used if other methods of distributing permissible information are not economically feasible in the institution's local service area.

3. **Remedial Education:** Senior institutions of higher education shall make arrangements with community colleges for the remediation of students accepted for admission by the senior institutions.

4. **Compliance:** The president or chancellor of each institution of higher education is responsible for the institution's compliance with this subsection.

b. INFORMATION TECHNOLOGY FACILITIES AND SERVICES:

1.a) The Virginia Information Technologies Agency shall procure information technology and telecommunications goods and services of every description for its own benefit or on behalf of other state executive branch agencies and institutions, or authorize other state executive branch agencies or institutions to undertake such procurements on their own. For the purposes of § 4-5.04 of this act, "executive branch agency" means the same as that term is defined in § 2.2-2006, Code of Virginia.

b) Except for research projects, research initiatives, or instructional programs at public institutions of higher education, or any non-major information technology project request from the Virginia Community College System, Longwood University, or from an institution of higher education which is a member of the Virginia Association of State Colleges and University Purchasing Professionals (VASCUPP) as of July 1, 2003, or any procurement of information technology and telecommunications goods and services by public institutions of higher education governed by some combination of Chapters 933 and 945 of the 2005 Acts of Assembly, Chapters 824 and 829 of the 2008 Acts of Assembly, and those public institutions of higher education that have a Management Agreement with the Commonwealth of Virginia pursuant to the Restructured Higher Education Financial and Administrative Operations Act, requests for authorization from state agencies and institutions to procure information technology and telecommunications goods and services on their own behalf shall be made in writing to the Chief Information Officer or his designee. Members of VASCUPP as of July 1, 2003, are hereby recognized as: The College of William and Mary, George Mason University, James Madison University, Old Dominion University, Radford University, Virginia Commonwealth University, Virginia Military Institute, Virginia Polytechnic Institute and State University, and the University of Virginia.

c) The Chief Information Officer or his designee may grant the authorization upon a written determination that the request conforms to the statewide information technology plan and the individual information technology plan of the requesting agency or institution.

d) Any procurement authorized by the Chief Information Officer or his designee for information technology and telecommunications goods and services, including geographic information systems, shall be issued by the requesting state agency or institution in accordance with the regulations, policies, procedures, standards, and guidelines of the Virginia Information Technologies Agency.

e) Nothing in this subsection shall prevent public institutions of higher education or the Virginia Community College System from using the services of Network Virginia.

f) To ensure that the Commonwealth's research universities maintain a competitive position with access to the national optical research network infrastructure including the National LambdaRail and Internet2, the Network Virginia Contract Administrator is hereby authorized to renegotiate the term of the existing contracts. Additionally, the contract administrator is authorized to competitively negotiate additional agreements in accordance with the Code of Virginia and all applicable regulations, as required, to establish and maintain research network infrastructure.

2. If the billing rates and associated systems for computer, telecommunications and systems development services to state agencies are altered, the Director, Department of Planning and Budget, may transfer appropriations from the general fund between programs affected. These transfers are limited to actions needed to adjust for overfunding or underfunding the program appropriations affected by the altered billing systems.

3. The provisions of this subsection shall not in any way affect the duties and responsibilities of the State Comptroller under the provisions of § 2.2-803, Code of Virginia.

4. It is the intent of the General Assembly that information technology (IT) systems, products, data, and service costs, including geographic information systems (GIS), be contained through the shared use of existing or planned equipment, data, or services which may be available or soon made available for use by state agencies, institutions, authorities, and other public bodies. State agencies, institutions, and authorities shall cooperate with the Virginia Information Technologies Agency in identifying the development and operational requirements for proposed IT and GIS systems, products, data, and services, including the proposed use, functionality, capacity and the total cost of acquisition, operation and maintenance.

5. This section shall not apply to public institutions of higher education governed by some combination of Chapters 933 and 945 of the 2005 Acts of Assembly, Chapters 824 and 829 of the 2008 Acts of Assembly, those public institutions of higher education that have a Management Agreement with the Commonwealth of Virginia pursuant to the Restructured Higher Education Financial and Administrative Operations Act, or to the Virginia Alcoholic Beverage Control Authority.

6. Notwithstanding any other provision of law, state agencies that do not receive computer services from the Virginia Information Technologies Agency may develop their own policies and procedures governing the sale of surplus computers and laptops to their employees or officials. Any proceeds from the sale of surplus computers or laptops shall be deposited into the appropriate fund or funds used to purchase the equipment.

c. MOTOR VEHICLES AND AIRCRAFT:

1. No motor vehicles shall be purchased or leased with public funds by the state or any officer or employee on behalf of the state without the prior written approval of the Director, Department of General Services.

2. The institutions of higher education and the Alcoholic Beverage Control Authority shall be exempt from this provision but shall be required to report their entire inventory of purchased and leased vehicles including the cost of such to the Director of the Department of General Services by June 30 of each year. The Director of the Department of General Services shall compare the cost of vehicles acquired by institutions of higher education and the Authority to like vehicles under the state contract. If the comparison demonstrates for a given institution or the Authority that the cost to the Commonwealth is greater for like vehicles than would be the case based on a contract of statewide applicability, the Governor or his designee may suspend the exemption granted to the institution or the Authority pursuant to this subparagraph c.

3. The Director, Department of General Services, is hereby authorized to transfer surplus motor vehicles among the state agencies, and determine the value of such surplus equipment for the purpose of maintaining the financial accounts of the state agencies affected by such transfers.

d. MOTION PICTURE, TELEVISION AND RADIO SERVICES PRODUCTION: Except for public institutions of higher education that have a Management Agreement with the Commonwealth of Virginia pursuant to the Restructured Higher Education Financial and Administrative Operations Act, no state Executive Department agency or the Virginia Lottery Department shall expend any public funds for the production of motion picture films or of programs for television transmission, or for the operation of television or radio transmission facilities, without the prior written approval of the Governor or as otherwise provided in this act, except for educational television programs produced for elementary-secondary education by authority of the Virginia Information Technologies Agency. The Joint Subcommittee on Rules is authorized to provide the approval of such expenditures for legislative agencies. For judicial agencies and independent agencies, other than the Virginia Lottery Department, prior approval action rests with the supervisory bodies of these entities. With respect to television programs which are so approved and other programs which are otherwise authorized or are not produced for television transmission, state agencies may enter into contracts without competitive sealed bidding, or competitive negotiation, for program production and transmission services which are performed by public telecommunications entities, as defined in § 2.2-2006, Code of Virginia.

e. TRAVEL: Reimbursement for the cost of travel on official business of the state government is authorized to be paid pursuant to law and regulations issued by the State Comptroller to implement such law. Notwithstanding any contrary provisions of law:

1. For the use of personal automobiles in the discharge of official duties outside the continental limits of the United States, the State Comptroller may authorize an allowance not exceeding the actual cost of operation of such automobiles;
 2. The first 15,000 miles of use during each fiscal year of personal automobiles in the discharge of official duties within the continental limits of the United States shall be reimbursed at an amount equal to the most recent business standard mileage rate as established by the Internal Revenue Service for employees or self-employed individuals to use in computing their income tax deductible costs for operating passenger vehicles owned or leased by them for business purposes, or in the instance of a state employee, at the lesser of (a) the IRS rate or (b) the lowest combined capital and operational trip pool rate charged by the Department of General Services, Office of Fleet Management Services (OFMS), posted on the OFMS website at time of travel, for the use of a compact state-owned vehicle. If the head of the state agency concerned certifies that a state-owned vehicle was not available, or if, according to regulations issued by the State Comptroller, the use of a personal automobile in lieu of a state-owned automobile is considered to be an advantage to the state, the reimbursement shall be at the rate of the IRS rate. For such use in excess of 15,000 miles in each fiscal year, the reimbursement shall be at a rate of 13.0 cents per mile, unless a state-owned vehicle is not available; then the rate shall be the IRS rate;
 3. The State Comptroller may authorize exemptions to restrictions upon use of common carrier accommodations;
 4. The State Comptroller may authorize reimbursement by per diem in lieu of actual costs of meals and any other expense category deemed necessary for the efficient and effective operation of state government;
 5. State employees traveling on official business of state government shall be reimbursed for their travel costs using the same bank account authorized by the employee in which their net pay is direct deposited; and
 6. This section shall not apply to members and employees of public school boards.
- f. **SMALL PURCHASE CHARGE CARD, ELECTRONIC DATA INTERCHANGE, DIRECT DEPOSIT, AND PAYLINE OPT OUT:** The State Comptroller is hereby authorized to charge state agencies a fee of \$5 per check or earnings notice when, in his judgment, agencies have failed to comply with the Commonwealth's electronic commerce initiatives to reduce unnecessary administrative costs for the printing and mailing of state checks and earning notices. The fee shall be collected by the Department of Accounts through accounting entries.
- g. **PURCHASES OF APPLIANCES AND EQUIPMENT:** State agencies and institutions shall purchase Energy Star rated appliances and equipment in all cases where such appliances and equipment are available.
- h. **ELECTRONIC PAYMENTS:** Any recipient of payments from the State Treasury who receives six or more payments per year issued by the State Treasurer shall receive such payments electronically. The State Treasurer shall decide the appropriate method of electronic payment and, through his warrant issuance authority, the State Comptroller shall enforce the provisions of this section. The State Comptroller is authorized to grant administrative relief to this requirement when circumstances justify non-electronic payment.
- i. **LOCAL AND NON-STATE SAVINGS AND EFFICIENCIES:** It is the intent of the General Assembly that State agencies shall encourage and assist local governments, school divisions, and other non-state governmental entities in their efforts to achieve cost savings and efficiencies in the provision of mandated functions and services including but not limited to finance, procurement, social services programs, and facilities management.
- j. **TELECOMMUNICATION SERVICES AND DEVICES:**
1. The Chief Information Officer and the State Comptroller shall develop statewide requirements for the use of cellular telephones and other telecommunication devices by executive branch agencies, addressing the assignment, evaluation of need, safeguarding, monitoring, and usage of these telecommunication devices. The requirements shall include an acceptable use agreement template clearly defining an employee's responsibility when they receive and use a telecommunication device. Statewide requirements shall require some form of identification on a device in case it is lost or stolen and procedures to wipe the device clean of all sensitive information when it is no longer in use.
 2. Executive branch agencies providing employees with telecommunication devices shall develop agency-specific policies, incorporating the guidance provided in § 4-5.04 k. 1. of this act and shall maintain a cost justification for the assignment or a public health, welfare and safety need.
 3. The Chief Information Officer shall determine the optimal number of telecommunication vendors and plans necessary to meet the needs of executive branch agency personnel. The Chief Information Officer shall regularly procure these services and provide statewide contracts for use by all such agencies. These contracts shall require the vendors to provide detailed usage information in a useable electronic format to enable the executive branch agencies to properly monitor usage to make informed purchasing decisions and minimize costs.
 4. The Chief Information Officer shall examine the feasibility of providing tools for executive branch agencies to analyze usage and cost data to assist in determining the most cost effective plan combinations for the entity as a whole and individual users.

k. ALTERNATIVE PROCUREMENT: If any payment is declared unconstitutional for any reason or if the Attorney General finds in a formal, written, legal opinion that a payment is unconstitutional, in circumstances where a good or service can constitutionally be the subject of a purchase, the administering agency of such payment is authorized to use the affected appropriation to procure, by means of the Commonwealth's Procurement Act, goods and services, which are similar to those sought by such payment in order to accomplish the original legislative intent.

l. MEDICAL SERVICES: No expenditures from general or nongeneral fund sources may be made out of any appropriation by the General Assembly for providing abortion services, except otherwise as required by federal law or state statute.

m. In an effort to expand cooperative procurement efforts, all public institutions of higher education in the Commonwealth of Virginia may access the Virginia Association of State Colleges and University Purchasing Professionals (VASCUPP) contracts regardless of their level of purchasing delegated authority, non-VASCUPP institutions shall amend terms and conditions of VASCUPP contracts to incorporate Virginia Public Procurement Act, and Commonwealth of Virginia Agency Procurement and Surplus Property Manual.

a. The accounts of any agency, however titled, which receives funds from this or any other appropriating act, and is not owned or controlled by the Commonwealth of Virginia, shall be subject to audit or shall present an audit acceptable to the Auditor of Public Accounts when so directed by the Governor or the Joint Legislative Audit and Review Commission.

b) The agency must be open to the public or otherwise engaged in activity of public interest, with expenditures having actually been incurred for its operation.

3. No allotment of appropriations shall be made to a nonstate agency until such agency has certified to the Secretary of Finance that cash or in-kind contributions are on hand and available to match equally all or any part of an appropriation which may be provided by the General Assembly, unless the organization is specifically exempted from this requirement by language in this act. Such matching funds shall not have been previously used to meet the match requirement in any prior appropriation act.

4. Operating appropriations for nonstate agencies equal to or in excess of \$150,000 shall be disbursed to nonstate agencies in twelve or fewer equal monthly installments depending on when the first payment is made within the fiscal year. Operating appropriations for nonstate agencies of less than \$150,000 shall be disbursed in one payment once the nonstate agency has successfully met applicable match and application requirements.

c.1. Each interstate compact commission and each organization in which the Commonwealth of Virginia or a state agency thereof holds membership, and the dues for which are provided in this act or any other appropriating act, shall submit its biennial budget request to the state agency under which such commission or organization is listed in this act. The state agency shall include the request of such commission or organization within its own request, but identified separately. Requests by the commission or organization for disbursements from appropriations shall be submitted to the designated state agency.

2. Each state agency shall submit by November 1 each year, a report to the Director, Department of Planning and Budget, listing the name and purpose for organizational memberships held by that agency with annual dues of \$5,000 or more. The institutions of higher education shall be exempt from this reporting requirement.

§ 4-5.06 DELEGATION OF AUTHORITY

b. The nongeneral fund capital outlay decentralization programs initiated pursuant to § 4-5.08b of Chapter 912, 1996 Acts of Assembly as continued in subsequent appropriation acts are hereby made permanent. Decentralization programs for which institutions have executed memoranda of understanding with the Secretary of Administration pursuant to the provisions of § 4-5.08b of Chapter 912, 1996 Acts of Assembly shall no longer be considered pilot projects, and shall remain in effect until revoked.

c. Institutions wishing to participate in a nongeneral fund capital outlay decentralization program for the first time shall submit a letter of interest to the appropriate Cabinet Secretary. Within 90 calendar days of the receipt of the institution's request to participate, the responsible Cabinet Secretary shall determine whether the institution meets the eligibility criteria and, if appropriate, establish a decentralization program at the institution. The Cabinet Secretary shall report to the Governor and Chairmen of the Senate Finance and Appropriations and House Appropriations Committees by December 1 of each year all institutions that have applied for

inclusion in a decentralization program and whether the institutions have been granted authority to participate in the decentralization program.

The provisions identified in § 4-5.08 f and § 4-5.08 h of Chapter 1042 of the Acts of Assembly of 2003 pertaining to pilot programs for selected capital outlay projects and memoranda of understanding in institutions of higher education are hereby continued. Notwithstanding these provisions, those projects shall be insured through the state's risk management liability program.

e. If during an independent audit conducted by the Auditor of Public Accounts, the audit discloses that an institution is not performing within the terms of the memoranda of understanding or their addenda, the Auditor shall report this information to the Governor, the responsible Cabinet Secretary, and the Chairmen of the Senate Finance and Appropriations and House Appropriations Committees.

f. Institutions that have executed memoranda of understanding with the Secretary of Administration for nongeneral fund capital outlay decentralization programs are hereby granted a waiver from the provisions of § 2.2-4301, Competitive Negotiation, subdivision 3a, Code of Virginia, regarding the not to exceed amount of \$100,000 for a single project, the not to exceed sum of \$500,000 for all projects performed, and the option to renew for two additional one-year terms.

The Department of General Services shall acquire and hold such space for use by state departments, agencies and institutions within the Executive Branch and may utilize brokerage services, portfolio management strategies, strategic planning, transaction management, project and construction management, and lease administration strategies consistent with industry best practices as adopted by the Department from time to time. The template may allocate liability, including indemnification, for the use of USFS land between the USFS and the Commonwealth, which liability shall be secured by, and at the discretion of, the Division of Risk Management, Department of the Treasury, pursuant to the provisions of Virginia Code §2.2-1837(A)(2), through either 1) the Virginia Risk Management Liability Plan ("the Plan"), or 2) a separate insurance policy procured by the Division of Risk Management, the cost of which shall be charged to the agencies using USFS lands.

§ 4-5.08 SEMICONDUCTOR MANUFACTURING PERFORMANCE GRANT PROGRAMS

a. ~~The Comptroller shall not draw any warrants to issue checks for semiconductor manufacturing performance grant programs, pursuant to Title 59-1, Chapter 22-3, Code of Virginia, without a specific legislative appropriation. § 4-5.10 SURPLUS PROPERTY TRANSFERS FOR ECONOMIC DEVELOPMENT

a. The Commonwealth shall receive the fair market value of surplus state property which is designated by the Governor for economic development purposes, and for any properties owned by an Industrial Development Authority in any county where the Commonwealth has a continuing interest based on the deferred portion of the purchase price, which shall be assessed by more than one independent appraiser certified as a Licensed General Appraiser. j.1. If at any time the Administrator of the Commonwealth's Attorneys' Services Council serves on the faculty of a state-supported institution of higher education, the faculty appointment must be approved by the Council. Such institution shall pay one-half of the salary listed in § 4-6.01 c 6 of this act. Further, such institution may provide compensation in addition to that listed in § 4-6.01 c 6; provided, however, that such additional compensation must be approved by the Council.

2. If the Administrator ceases to be a member of the faculty of a state-supported institution of higher education, the total salary listed in § 4-6.01 c 6 shall be paid from the Council's appropriation.

k.1.a. Except as otherwise provided for in this subdivision, any increases in the salary band assignment of any job role contained in the compensation and classification plans approved by the Governor shall be effective beginning with the first pay period, defined as the pay period from June 25 through July 9, of the fiscal year if: (1) the agency certifies to the Secretary of Finance that funds are available within the agency's appropriation to cover the cost of the increase for the remainder of the current biennium and presents a plan for covering the costs next biennium and the Secretary concurs, or (2) such funds are appropriated by the General Assembly. If at any time the Secretary of Administration shall certify that such change in the salary band assignment for a job role is of an emergency nature and the Secretary of Finance shall certify that funds are available to cover the cost of the increase for the remainder of the biennium within the agency's appropriation, such change in compensation may be effective on a date agreed upon by these two Secretaries. The Secretary of Administration shall provide a monthly report of all such emergency changes in accordance with § 4-8.00, Reporting Requirements.

2. Salary adjustments for any employee through a promotion, role change, exceptional recruitment and retention incentive options, or in-range adjustment shall occur only if: a) the agency has sufficient funds within its appropriation to cover the cost of the salary adjustment for the remainder of the current biennium or b) such funds are appropriated by the General Assembly.

2. All revenues received from housing fees shall be promptly deposited in the state treasury. In such cases, the individual employee parking fee shall not be less than that paid by employees parking in Department of General Services parking facilities at the Seat of Government. The Director, Department of General Services may amend or waive the fee requirement for good cause. Any such position level increases pursuant to this provision may not be approved for more than one year.

b. The Position Levels stipulated for the individual agencies within the Department of Behavioral Health and Developmental Services and the Department of Corrections are for reference only and are subject to changes by the applicable Department, provided that such changes do not result in exceeding the Position Level for that department.

c.1. The Governor shall implement such policies and procedures as are necessary to ensure that the number of employees in the Executive Department, excluding institutions of higher education and the State Council of Higher Education, may be further restricted to the number required for efficient operation of those programs approved by the General Assembly. Such policies and procedures shall include periodic review and analysis of the staffing requirements of all Executive Department agencies by the Department of Planning and Budget with the object of eliminating through attrition positions not necessary for the efficient operation of programs.

2. The institutions of higher education and the State Council of Higher Education are hereby authorized to fill all positions authorized in this act. This provision shall be waived only upon the Governor's official declaration that a fiscal emergency exists requiring a change in the official estimate of general fund revenues available for appropriation.

6. Positions assigned to the Virginia Management Fellows Program Administration are for reference only and may fluctuate depending on funding availability.

e. Prior to implementing any Executive Department hiring freeze, the Governor shall consider the needs of the Commonwealth in regards to the safe and efficient operation of state facilities and performance of essential services to include the exemption of certain positions assigned to agencies and institutions that provide services pertaining to public safety and public health from such hiring freezes.

f.1. Full-time, part-time, wage or contractual state employees assigned to the Governor's Cabinet Secretaries from agencies and institutions under their control for the purpose of carrying out temporary assignments or projects may not be so assigned for a period exceeding 180 days in any calendar year. The permanent transfer of positions from an agency or institution to the Offices of the Secretaries, or the temporary assignment of agency or institutional employees to the Offices of the Secretaries for

periods exceeding 180 days in any calendar year regardless of the separate or discrete nature of the projects, is prohibited without the prior approval of the General Assembly.

All state agencies/employers in all branches of government shall provide information requested by DHRM concerning hours worked by employees as needed to comply with the Affordable Care Act (the "Act") and this provision. State agencies/employers are accountable for compliance with this provision, and are responsible for any costs associated with maintaining compliance with it and for any costs or penalties associated with any violations of the Act or regulations thereunder and any such costs shall be borne by the agency from existing appropriations. The provisions of this paragraph shall not apply to employees of state teaching hospitals that have their own health insurance plan; however, the state teaching hospitals are accountable for compliance with, and are responsible for any costs associated with maintaining compliance with the Act and for any costs or penalties associated with any violations of the Act or regulations thereunder and any such costs shall be borne by the agency from existing appropriations. § 4-8.03 LOCAL GOVERNMENTS

a.1. The Auditor of Public Accounts shall establish a workgroup to develop criteria for a preliminary determination that a local government may be in fiscal distress. Such criteria shall be based upon information regularly collected by the Commonwealth or otherwise regularly made public by the local government. This information includes expenditure reports submitted to the Auditor, budget information posted on local government websites, and reports prepared by the Commission on Local Government on revenue fiscal stress. Information provided by the Virginia Retirement System, the Virginia Resources Authority, the Virginia Public Building Authority, and other state and regional authorities concerning late or missed debt service payments shall be shared with the Auditor. Fiscal distress as used in this context shall mean a situation whereby the provision and sustainability of public services is threatened by various administrative and financial shortcomings including but not limited to cash flow issues; inability to pay expenses; revenue shortfalls; deficit spending; structurally imbalanced budgets; billing and revenue collection inadequacies and discrepancies; debt overload; failure to meet obligations to authorities, school divisions, or political subdivisions of the Commonwealth; and/or lack of trained and qualified staff to process administrative and financial transactions. Fiscal distress may be caused by factors internal to the unit of government or external to the unit of government and in various degrees such conditions may or may not be controllable by management, or the local governing body, or its constitutional officers.

2. Based upon the criteria established by the workgroup and using information identified above, the Auditor of Public Accounts shall establish a prioritized early warning system. Under the prioritized early warning system, the Auditor of Public Accounts shall establish a regular process whereby it reviews data on at least an annual basis to make a preliminary determination that a local government is in fiscal distress.

3. For local governments where the Auditor of Public Accounts has made a preliminary determination of fiscal distress based upon the early warning system criteria, the Auditor of Public Accounts shall notify the local governing body of its preliminary determination that it may meet the criteria for fiscal distress. Based upon the request of the local governing body or chief executive officer, the Auditor of Public Accounts may conduct a review and request documents and data from the local government. Such review shall consider factors including, but not limited to, budget processes, debt, borrowing, expenses and payables, revenues and receivables, and other areas including staffing, and the identification of external variables contributing to a locality's financial position, and if so, the scope of the issues involved. Any local governing body that receives requests for information from the Auditor of Public Accounts pursuant to such preliminary determination based on the above described threshold levels shall acknowledge receipt of such a request and shall ensure that a response is provided within the time frames specified by the Auditor of Public Accounts. After such review, if the Auditor of Public Accounts is of the opinion that state assistance, oversight, or targeted intervention is needed, either to further assess, help stabilize, or remediate the situation, the Auditor shall notify the Governor and the Chairmen of the House Appropriations and Senate Finance and Appropriations Committees, and the governing body of the local government in writing outlining specific issues or actions that need to be addressed by state intervention.

4. The notification issued by the Auditor of Public Accounts pursuant to paragraph 3 above shall satisfy the notification requirement necessary to effectuate the provisions of this act in paragraph b.3 below.

b.1. The Director of the Department of Planning and Budget shall identify any amounts remaining unexpended from general fund appropriations in this Act as of June 30 of each year, which constitute state aid to local governments. The Director shall provide a listing of such amounts designated by item number and by program on or before August 15 of each year, to the Governor and the Chairmen of the House Appropriations Committee and the Senate Finance and Appropriations Committee.

2. From such unexpended balances identified by the Director of the Department of Planning and Budget, the Governor may reappropriate up to \$750,000 from amounts which would otherwise revert to the balance of the general fund and transfer such amounts as necessary to establish a component of fund balance which may be used for the purpose of providing technical assistance and intervention actions for local governments deemed to be fiscally distressed and in need of intervention to address such distress. Any such reappropriation approved by the Governor, shall be separately identified in the commitments specified on the balance sheet and financial statements of the State Comptroller for the close of each fiscal year, to the extent that such reserve is not used or added to by future appropriation actions.

3. Prior to any expenditure of the reappropriated reserve, the Governor and the Chairmen of the House Appropriations Committee and the Senate Finance and Appropriations Committee must receive a notification from the Auditor of Public Accounts that a specific locality is in need of intervention because of a worsening financial situation. The Auditor of Public Accounts may issue such a notification upon receipt of audited financial statement or other information that indicates the existence of fiscal distress. But, no such notification shall be made until appropriate follow up and correspondence ascertains that, in the opinion of the Auditor of Public Accounts, such fiscal distress indeed exists. Such notification may also be issued by the Auditor of Public Accounts if written concerns raised about fiscal distress are not adequately addressed by the locality in question.

4. Once the Governor has received a notification from the Auditor of Public Accounts indicating fiscal distress in a specific local government, the Governor shall consult with the Chairmen of the House Appropriations Committee and the Senate Finance and Appropriations Committee about a plan for state intervention prior to any expenditure of funds from the cash reserve. Any plan approved by the Governor for intervention should, at a minimum, specify the purpose of such intervention, the estimated duration of the intervention, and the anticipated resources (dollars and personnel) directed toward such effort. The staffing necessary to carry out the intervention plan may be assembled from either public agencies or private entities or both and, notwithstanding any other provisions of law, the Governor may use an expedited method of procurement to secure such staffing when, in his judgment, the need for intervention is of an emergency nature such that action must be taken in a timely manner to avoid or address unacceptable financial risks to the Commonwealth.

5. The governing body and the elected constitutional officers of a locality subject to an intervention plan approved by the Governor shall assist all state appointed staff conducting the intervention regardless of whether such staff are from public agencies or private entities. Intervention staff shall provide periodic reports in writing to the Governor and the Chairmen of the House Appropriations Committee and the Senate Finance and Appropriations Committee outlining the scope of issues discovered and any recommendations made to remediate such issues, and the progress that is made on such recommendations or other remediation efforts. These periodic reports shall specifically address the degree of cooperation the intervention team is receiving from locally elected officials, including constitutional officers, city, county, or town managers and other local personnel in regards to their intervention work.

6. The Department of General Services is hereby encouraged to develop a master contract of qualified private sector turnaround specialists with expertise in local government intervention that the Governor can use to procure intervention services in an expeditious manner when he determines that state intervention is warranted in situations of local fiscal distress.

§ 4-9.00 HIGHER EDUCATION RESTRUCTURING

§ 4-9.01 ASSESSMENT OF INSTITUTIONAL PERFORMANCE

Consistent with § 23.1-206, Code of Virginia, the following education-related and financial and administrative management measures shall be the basis on which the State Council of Higher Education shall biennially assess and certify institutional performance. Such certification shall be completed and forwarded in writing to the Governor and the General Assembly no later than October 1 of each even-numbered year. Institutional performance on measures set forth in paragraph D of this section shall be evaluated year-to-date by the Secretaries of Finance and Administration as appropriate, and communicated to the State Council of Higher Education before October 1 of each even-numbered year. Financial benefits provided to each institution in accordance with § 23.1-1002 will be evaluated in light of that institution's performance.

In general, institutions are expected to achieve all performance measures in order to be certified by SCHEV, but it is understood that there can be circumstances beyond an institution's control that may prevent achieving one or more performance measures. The Council shall consider, in consultation with each institution, such factors in its review: (1) institutions meeting all performance measures will be certified by the Council and recommended to receive the financial benefits, (2) institutions that do not meet all performance measures will be evaluated by the Council and the Council may take one or more of the following actions: (a) request the institution provide a remediation plan and recommend that the Governor withhold release of financial benefits until Council review of the remediation plan or (b) recommend that the Governor withhold all or part of financial benefits.

Further, the State Council shall have broad authority to certify institutions as having met the standards on education-related measures. The State Council shall likewise have the authority to exempt institutions from certification on education-related measures that the State Council deems unrelated to an institution's mission or unnecessary given the institution's level of performance.

The State Council may develop, adopt, and publish standards for granting exemptions and ongoing modifications to the certification process.

The page should include a link to the State Council of Higher Education for Virginia's tuition and fee information. The boards should consider requiring institutions to list the major components of all mandatory fees, including the portion attributable to athletics, on a separate page attached to student invoices;

2. assess the feasibility and impact of raising additional revenue through campus recreation and fitness enterprises to reduce reliance on mandatory student fees. The assessments should address the feasibility and impact of raising additional revenue through charging for specialized programs and services, expanding membership, and/or charging all users of recreation facilities;

3. direct staff to perform a comprehensive review of the institution's organizational structure, including an analysis of spans of control and a review of staff activities and workload, and identify opportunities to streamline the organizational structure. Boards should further direct staff to implement the recommendations of the review to streamline their organizational structures where possible;

4. require periodic reports on average and median spans of control and the number of supervisors with six or fewer direct reports;

5. direct staff to revise human resource policies to eliminate unnecessary supervisory positions by developing standards that establish and promote broader spans of control. The new policies and standards should (i) set an overall target span of control for the institution, (ii) set a minimum number of direct reports per supervisor, with guidelines for exceptions, (iii) define the circumstances that necessitate the use of a supervisory position, (iv) prohibit the establishment of supervisory positions for the purpose of recruiting or retaining employees, and (v) establish a periodic review of departments where spans of control are unusually narrow; and,

6. direct institution staff to set and enforce policies to maximize standardization of purchases of commonly procured goods, including use of institution-wide contracts;

7. consider directing institution staff to provide an annual report on all institutional purchases, including small purchases, that are exceptions to the institutional policies for standardizing purchases;

8. participate in national faculty teaching load assessments by discipline and faculty type.

b. The State Council on Higher Education for Virginia, to the extent practicable, shall:

1. convene a working group of institution financial officers, with input from the Department of Accounts, the Department of Planning and Budget, and the Auditor of Public Accounts, to create a standard way of calculating and publishing mandatory non-E&G fees, including for intercollegiate athletics;

2. update the state's Chart of Accounts for higher education in order to improve comparability and transparency of mandatory non-E&G fees, with input from the Department of Accounts, the Department of Planning and Budget, the Auditor of Public Accounts, and institutional staff. This process should be coordinated with the standardization of tuition and fee reporting;

3. convene a working group of institutional staff to develop instructional and research space guidelines that adequately measure current use of space and plans for future use of space at Virginia's public higher education institutions;

4. coordinate a committee of institutional representatives, such as the previously authorized Learning Technology Advisory Committee. In addition to the objectives set out in the Appropriation Act for the Learning Technology Advisory Committee, the committee should identify instructional technology initiatives and best practices for directly or indirectly lowering institutions' instructional expenditures per student while maintaining or enhancing student learning;

5. include factors such as discipline, faculty rank, cost of living, and regional comparisons in developing faculty salary goals;

6. identify instructional technology best practices that directly or indirectly lower student cost while maintaining or enhancing learning.

c. Notwithstanding the provisions of § 23.1-1304, the State Council of Higher Education for Virginia shall annually train boards of visitors members on the types of information members should request from institutions to inform decision making, such as performance measures, benchmarking data, the impact of financial decisions on student costs, and past and projected cost trends. Boards of Visitors members serving on finance and facilities subcommittees should, at a minimum, participate in the training within their first year of membership on the subcommittee. SCHEV should obtain assistance in developing or delivering the training from relevant agencies such as the Department of General Services and past or present finance officers at Virginia's public four-year institutions, as appropriate.

d. The Department of Planning and Budget shall revise the formula used to make allocation recommendations for the state's maintenance reserve funding to account for higher maintenance needs resulting from poor facility condition, aging of facilities, and differences in facility use.

e. The Six-Year Capital Outlay Plan Advisory Committee, the Department of Planning and Budget, and others as appropriate shall use the results of the prioritization process established by the State Council of Higher Education for Virginia in determining which capital projects should receive funding.

f. Beginning with fiscal year 2016, the Auditor of Public Accounts shall include in its audit plan for each public institution of higher education a review of progress in implementing the JLARC recommendations contained in paragraph § 4-9.04 a.

§ 4-11.00 STATEMENT OF FINANCIAL CONDITION

Each agency head handling any state funds shall, at least once each year, upon request of the Auditor of Public Accounts, make a detailed statement, under oath, of the financial condition of his office as of the date of such call, to the Auditor of Public Accounts, and upon such forms as shall be prescribed by the Auditor of Public Accounts.

§ 4-12.00 SEVERABILITY

If any part, section, subsection, paragraph, sentence, clause, phrase, or item of this act or the application thereof to any person or circumstance is for any reason declared unconstitutional, such decisions shall not affect the validity of the remaining portions of this act which shall remain in force as if such act had been passed with the unconstitutional part, section, subsection, paragraph, sentence, clause, phrase, item or such application thereof eliminated; and the General Assembly hereby declares that it would have passed this act if such unconstitutional part, section, subsection, paragraph, sentence, clause, phrase, or item had not been included herein, or if such application had not been made.

§ 4-13.00 CONFLICT WITH OTHER LAWS

Notwithstanding any other provision of law, and until June 30, 2026, the provisions of this act shall prevail over any conflicting provision of any other law, without regard to whether such other law is enacted before or after this act; however, a conflicting provision of another law enacted after this act shall prevail over a conflicting provision of this act if the General Assembly has clearly evidenced its intent that the conflicting provision of such other law shall prevail, which intent shall be evident only if such other law (i) identifies the specific provision(s) of this act over which the conflicting provision of such other law is intended to prevail and (ii) specifically states that the terms of this section are not applicable with respect to the conflict between the provision(s) of this act and the provision of such other law.

§ 4-14.00 EFFECTIVE DATE

This act is effective on ~~July 1, 2024~~; *its passage as provided in § 1-214, Code of Virginia.*

34. That § 58.1-1802.1 of the Code of Virginia is amended and reenacted as follows:

§ 58.1-1802.1. Period of limitations on collection; accrual of interest and penalty.

A. Where the assessment of any tax imposed by this subtitle has been made within the period of limitation properly applicable thereto, such tax may be collected by levy, by a proceeding in court, or by any other means available to the Tax Commissioner under the laws of the Commonwealth, but only if such collection effort is made or instituted within seven years from the date of the assessment of such tax. Except as otherwise provided in this section, effective for assessments made on and after July 1, 2016, all collection efforts shall cease after such seven-year period even if initiated during the seven-year period. Prior to the expiration of any period for collection, the period may be extended by a written agreement between the Tax Commissioner and the taxpayer, and subsequent written agreements may likewise extend the period previously agreed upon. The period of limitations provided in this subsection during which a tax may be collected shall not apply to executions, levy or other actions to enforce a lien created before the expiration of the period of limitations by the docketing of a judgment or the filing of a memorandum of lien pursuant to § 58.1-1805; nor shall the period of limitations apply to the provisions of §§ 8.01-251 and 8.01-458.

B. The running of the period of limitations on collection shall be suspended for (i) the period the assessment is the subject of a proceeding pursuant to § 58.1-1807, 58.1-1821, 58.1-1825, or 58.1-1828; (ii) the period the assets of the taxpayer are in the control or custody of any state or federal court, including the United States Bankruptcy Court; or (iii) the period that an installment agreement entered into by the taxpayer pursuant to § 58.1-1817 is in effect.

C. If the Department of Taxation has no contact with the delinquent taxpayer for a period of six years and no memorandum of lien has been appropriately filed in a jurisdiction in which such taxpayer owns real estate, interest and penalty shall no longer be added to the delinquent tax liability. The mailing of notices by the Department to the taxpayer's last known address shall constitute contact with the taxpayer.

D. For purposes of this section, the "last known address" of the taxpayer means the address shown on the most recent return filed by or on behalf of the taxpayer or the address provided in correspondence by or on behalf of the taxpayer indicating that it is a change of the taxpayer's address.

E. In any pending or future administrative or judicial proceeding in which the validity of a tax assessment is an issue, the participation of the Department of Taxation in any capacity shall be considered a collection effort for purposes of this section.

5. That § 58.1-492 of the Code of Virginia is amended and reenacted as follows:

§ 58.1-492. Failure by individual, trust or estate to pay estimated tax.

A. In the case of any underpayment of estimated tax by an individual, trust or estate, except as provided in subsection C, there shall be added to the tax under this chapter for the taxable year an amount determined at the rate established for interest, under § 58.1-15, upon the amount of the underpayment (determined below), for the period of the underpayment (determined under subsection B). The amount of such addition to the tax shall be reported and paid at the time of filing the individual income tax return or the fiduciary income tax

return for the taxable year.

The amount of the underpayment shall be the excess of:

1. The amount of the installment which would be required to be paid if the estimated tax were equal to ninety percent (sixty-six and two-thirds percent in the case of an individual referred to in § 58.1-490 F, relating to income from farming) of the tax shown on the return for the taxable year, or if no return was filed, ninety percent (sixty-six and two-thirds percent in the case of individuals referred to in § 58.1-490 F, relating to income from farming) of the tax for such year; or 100 percent of the tax shown on the return of the taxpayer for the preceding taxable year, whichever is less, over

2. The amount, if any, of the installment paid on or before the last date prescribed for such payment.

B. The period of the underpayment shall run from the date the installment was required to be paid to whichever of the following dates is the earlier:

1. May 1, if a calendar year, or the fifteenth day of the fourth month following the close of the taxable year, if a fiscal year.

2. With respect to any portion of the underpayment, the date on which such portion is paid. For purposes of this subdivision a payment of estimated tax on any installment date shall be considered a payment of any previous underpayment only to the extent such payment exceeds the amount of the installment determined under subdivision A 1 for such installment date.

C. Notwithstanding the provisions of subsections A and B, the addition to the tax with respect to any underpayment of any installment shall not be imposed if the total amount of all payments of estimated tax made on or before the last date prescribed for the payment of such installment equals or exceeds whichever of the following is the lesser:

1. The amount which would have been required to be paid on or before such date if estimated tax were whichever of the following is the least:

a. The tax shown on the return of the individual, trust or estate for the preceding taxable year, if a return showing a liability for tax was filed by the individual, trust or estate for the preceding taxable year and such preceding year was a taxable year of twelve months;

b. An amount equal to the tax computed, at the rates applicable to the taxable year, on the basis of the taxpayer's status with respect to personal exemptions for the taxable year, otherwise on the basis of the facts shown on his return for, and the law applicable to, the preceding year; or

c. An amount equal to ninety percent (sixty-six and two-thirds percent in the case of individuals referred to in § 58.1-490 F, relating to income from farming) of the tax for the taxable year computed by placing on an annualized basis the taxable income for the months in the taxable year ending before the month in which the installment is required to be paid. For purposes of this paragraph the taxable income shall be placed on an annualized basis by:

(i) Multiplying by twelve (or, in the case of a taxable year of less than twelve months, the number of months in the taxable year) the taxable income (computed without deduction of personal exemptions) for the months in the taxable year ending before the month in which the installment is required to be paid, or, for a trust or estate, the months in the taxable year ending before the date that is one month before the month in which the installment is required to be paid;

(ii) Dividing the resulting amount by the number of months in the taxable year ending before the month in which such installment date falls, or, for a trust or estate, the months in the taxable year ending before the date that is one month before the month in which the installment is required to be paid; and

(iii) Deducting from such amount the deductions for personal exemptions allowable for the taxable year (such personal exemptions being determined as of the last date prescribed for payment of the installment); or

2. An amount equal to ninety percent of the tax computed, at the rates applicable to the taxable year, on the basis of the actual taxable income for the months in the taxable year ending before the month in which the installment is required to be paid.

D. For purposes of applying this section:

A. Subject to the provisions of subsection H, a housing opportunity tax credit ~~shall~~ may be allowed for each qualified project for each year of the credit period, in an amount up to the amount of federal low-income housing tax credit allocated or allowed by the Authority to such qualified project. The credit shall be allowed ratably for each qualified project, with one-tenth of the *total* credit amount allowed annually for 10 years over the credit period, except that there shall be a reduction in the tax credit allowable in the first year of the credit period due to the calculation in 26 U.S.C. § 42(f)(2) and any reduction by reason of 26 U.S.C. § 42(f)(2) in the credit allowable for the first taxable year of the credit period shall be allowable for the first taxable year following the credit period.

If the amount of tax credit in the eligibility certificate is different than the amount of tax credit previously claimed, the taxpayer shall adjust the tax credit amount claimed on the amended tax return.

E. If under § 42 of the Internal Revenue Code, as amended, a portion of any federal low-income housing credits taken on a qualified project is required to be recaptured or is otherwise disallowed during the credit period, the taxpayer claiming housing opportunity tax credits with respect to such project shall also be required to recapture a portion of any tax credits authorized by this article. The percentage of housing opportunity tax credits subject to recapture shall be equal to the percentage of federal low-income housing credits subject to recapture or otherwise disallowed during such period. Any tax credits recaptured or disallowed shall increase the income tax liability of the qualified taxpayer who claimed the tax credits in a like amount and shall be included on the tax return of the qualified taxpayer submitted for the taxable year in which the recapture or disallowance event is identified. The balance of any tax credits recaptured or disallowed shall be allocated by the Authority for any qualified project in accordance with subsection G.

In computing the tax imposed by this section, the pro rata or distributive share of the Virginia taxable income of each nonresident eligible owner shall be limited to income that is attributable to Virginia sources and shall be subject to the modifications to income as described in §§ 58.1-322.01 through 58.1-322.04.

D. A pass-through entity that elects to pay the tax levied by subsection B shall be eligible for all credits, deductions, or other adjustments to taxable income under § 58.1-391, provided that a pass-through entity's taxable income shall be adjusted to eliminate any federal deduction for state and local income taxes.

E. Any person that is subject to the tax imposed under § 58.1-320 or 58.1-360 and is an eligible owner of a pass-through entity making the election pursuant to this section shall be entitled to a credit against the tax imposed, provided that taxable income has been adjusted to add back any deduction for state and local income taxes paid by the pass-through entity. Such credit shall be in an amount equal to such person's pro rata share of the tax paid under this section by any pass-through entity of which such person is an owner. If the amount of the credit allowed pursuant to this subsection exceeds such person's tax liability for the tax imposed under § 58.1-320 or 58.1-360, as applicable, such excess shall be treated as an overpayment and refundable pursuant to § 58.1-499.

F. If any pass-through entity makes an election pursuant to this section, the Department shall assess and collect tax, interest, and penalties as if such tax is a corporate income tax imposed pursuant to the provisions of Article 10 (§ 58.1-400 et seq.).

G. The Department shall develop and make publicly available guidelines implementing the provisions of this section and the credit authorized by subdivision C 2 of § 58.1-332.

12. That the second enactment of Chapter 763 of the Acts of Assembly of 2023 and the second enactment of Chapter 791 of the Acts of Assembly of 2023 are amended and reenacted as follows:

2. That the provisions of this act shall apply to taxable years beginning on and after January 1, 2023. Notwithstanding subdivision B 11 of § 58.1-301, as amended by this or any other act, Virginia shall not conform to (i) any amendment enacted on or after January 1, 2025, but before January 1, 2027, with a projected impact that would increase or decrease general fund revenues by any amount in the fiscal year in which the amendment was enacted or any of the succeeding four fiscal years and (ii) all amendments enacted on or after January 1, 2025, but before January 1, 2027, if the cumulative projected impact of such amendments would increase or decrease general fund revenues by any amount in the fiscal year in which the amendments were enacted or any of the succeeding four fiscal years. The provisions of this enactment shall not apply to any amendment to federal income tax law that is either subsequently adopted by the General Assembly or a federal tax extender as defined under subdivision B 11 of § 58.1-301, as created by this act.

13. That, notwithstanding any other provision of law to the contrary, the Virginia Commonwealth University Health System Authority (the Authority) shall not be required to remit any payment to the City of Richmond pursuant to (i) the Delegation and Assumption Agreement for Guaranteed Obligations (the Delegation) entered into June 15, 2021, by the Authority in the City of Richmond or (ii) any other contract, agreement or instrument related to obligations of the Authority pursuant to the Delegation, unless and until the General Assembly provides explicit authorization therefor.

414. That the provisions of the first and second enactment enactments of this act shall expire at midnight on June 30, 2026.

515. That the provisions of the second third, fifth, sixth, seventh, eighth, ninth, tenth, eleventh, twelfth, and thirteenth enactment enactments of this act shall have no expiration date.

616. That the provisions of the third fourth enactment of this act are declarative of existing law and shall have no expiration date.
