26	agencies of the Commonwealth shall provide access to information necessary to accomplish				
27	these duties.				
28	E.1. The General Assembly hereby designates the Joint Legislative Audit and Review				
29	Commission (JLARC) to review and evaluate the Virginia Information Technologies Agency

17	B. Out of the amounts provided for in this item, no expenditures shall be made to provide				
18	security devices such as magnetometers in standard use in major metropolitan airports.				
19	Personnel expenditures for operation of such equipment incidental to the duties of courtroom				
20	and courthouse security deputies may be authorized, provided that no additional expenditures				
21	for personnel shall be approved for the principal purpose of operating these devices.				
22	C. Notwithstanding the provisions of § 53.1-120, or any other section of the Code of Virginia,				
23	unless a judge provides the sheriff with a written order stating that a substantial security risk				
24	exists in a particular case, no courtroom security deputies may be ordered for civil cases, not				
25	more than one deputy may be ordered for criminal cases in a district court, and not more than				
26	two deputies may be ordered for criminal cases in a circuit court. In complying with such				
27	orders for additional security, the sheriff may consider other deputies present in the courtroom				
28	as part of his security force.				
29	D. Should the scheduled opening date of any facility be delayed for which funds are available				
30	in this item, the Director, Department of Planning and Budget, may allot such funds as the				
31	Compensation Board may request to allow the employment of staff for training purposes not				
32	more than 45 days prior to the rescheduled opening date for the facility.				
33	E. Consistent with the provisions of paragraph B of Item 67.90, the board shall allocate the				
34	additional jail deputies provided in this appropriation using a ratio of one jail deputy for every				
35	3.0 beds of operational capacity. Operational capacity shall be determined by the Department of				
36	Corrections. No additional deputy sheriffs shall be provided from this appropriation to a local				
37	jail in which the present staffing exceeds this ratio unless the jail is overcrowded.				
38	Overcrowding for these purposes shall be defined as when the average annual daily population				
39	exceeds the operational capacity. In those jails experiencing overcrowding, the board may				
40	allocate one additional jail deputy for every five average annual daily prisoners above				
41	operational capacity. Should overcrowding be reduced or eliminated in any jail, the				
42	Compensation Board shall reallocate positions previously assigned due to overcrowding to				
43	other jails in the Commonwealth that are experiencing overcrowding.				
44	F. Two-thirds of the salaries set by the Compensation Board of medical, treatment, and inmate				
45	classification positions approved by the Compensation Board for local correctional facilities				
46	shall be paid out of this appropriation.				
47	G.1. Subject to appropriations by the General Assembly for this purpose, the Compensation				
48	Board shall provide for a Master Deputy pay grade to those sheriffs' offices which had				
49	certified, on or before January 1, 1997, having a career development plan for deputy sheriffs				
50	that meets the minimum criteria set forth by the Compensation Board for such plans. The				
51	Compensation Board shall allow for additional grade 9 positions, at a level not to exceed one				
52	grade 9 Master Deputy per every five Compensation Board grade 7 and 8 deputy positions in				
53	each sheriff's office.				
54	2. Each sheriff who desires to participate in the Master Deputy Program who had not certified				
55	a career development plan on or before January 1, 1997, may elect to participate by certifying

1	to the Compensation Board that the career development plan in effect in his office meets the			
2	minimum criteria for such plans as set by the Compensation Board. Such election shall be			
3	made by July 1 for an effective date of participation the following July 1.			
4	3. Subject to appropriations by the General Assembly for this purpose, funding shall be			
5	provided by the Compensation Board for participation in the Master Deputy Program to			
6	sheriffs' offices electing participation after January 1, 1997, according to the date of receipt by			
7	the Compensation Board of the election by the sheriff.			
8	4. Beginning on July 1, 2010, state support for the Master Deputy Program is suspended for			
9	any individual who was not participating in the program on January 1, 2010.			
10	I. The Compensation Board shall estimate biannually the number of additional law enforcement			
11	deputies which will be needed in accordance with § 15.2-1609.1, Code of Virginia. Such			
12	estimate of the number of positions and related costs shall be included in the board's biennial			
13	budget request submission to the Governor and General Assembly. The allocation of such			
14	positions, established by the Governor and General Assembly in Item 67.90 of this act, shall be			
15	determined by the Compensation Board on an annual basis. The annual allocation of these			
16	positions to local sheriffs' offices shall be based upon the most recent final population estimate			
17	for the locality that is available to the Compensation Board at the time when the agency's			
18	annual budget request is completed. The source of such population estimates shall be the			
19	Weldon Cooper Center for Public Service of the University of Virginia or the United States			
20	Bureau of the Census. For the first year of the biennium, the Compensation Board shall			
21	allocate positions based upon the most recent provisional population estimates available at the			
22	time the agency's annual budget is completed.			
23	J. Any amount in the program Financial Assistance for Sheriffs' Offices and Regional Jails			
24	may be transferred between Items 67.20 and 67.30, as needed, to cover any deficits incurred in			
25	the programs Financial Assistance for Confinement of Inmates in Local and Regional Facilities,			
26	and Financial Assistance for Sheriffs' Offices and Regional Jails.			
27	K.1. Subject to appropriations by the General Assembly for this purpose, the Compensation			
28	Board shall provide for a Sheriffs' Career Development Program.			
29	2. Following receipt of a sheriff's certification that the minimum requirements of the Sheriffs'			
30	Career Development Program have been met, and provided that such certification is submitted			
31	by Sheriffs as part of their annual budget request to the Compensation Board, the board shall			
32	increase the annual salary shown in Paragraph A of this item by the percentage shown below			
33	for a twelve-month period effective the following July 1:			
34	a. 9.3 percent increase for all sheriffs who certify their compliance with the established			
35	minimum criteria for the Sheriffs' Career Development Program, where such criteria include			
36	that a sheriff's office seeking accreditation has been assessed and will be considered for			
37	accreditation by the accrediting body no later than March 1, and have achieved accreditation by			
38	March 1 from the Virginia Law Enforcement Professional Standards Commission, or the			
39	Commission on Accreditation of Law Enforcement agencies, or the American Correctional			
40	Association, or,			
41	b. For sheriffs that have not achieved one of the above accreditations:			
42	1. 3.1 percent for all sheriffs who certify their compliance with the established minimum			
43	criteria for the Sheriffs' Career Development Program; and			
44	2. 3.1 percent additional increase for sheriffs who certify their compliance with the established			
45	minimum criteria for the Sheriffs' Career Development Program and operate a jail; and			
46	3. 3.1 percent additional increase for all sheriffs who certify their compliance with the			
47	established minimum criteria for the Sheriffs' Career Development Program and provide			
48	primary law enforcement services in the county.			
49	4. State support for the Sheriffs' Career Development Program is suspended for any individual			
50	who was not participating in the program on January 1, 2010.			
51	L. Notwithstanding the provisions of Article 7, Chapter 15, Title 56, Code of Virginia,

8	N. Notwithstanding the provisions of §§ 53.1-131 through 53.1 -131.3, Code of Virginia, local				
9	and regional jails may charge inmates participating in inmate work programs a reasonable daily				
10	amount, not to exceed the actual daily cost, to operate the program.				
11	O. Included in this appropriation is \$1,004,500 the second year from the general fund for the				
12	Compensation Board to contract for services to be provided by the Virginia Center for Policing				
13	Innovation to implement and maintain the interface between all local and regional jails in the				
14	Commonwealth and the Statewide Automated Victim Notification (SAVIN) system, to provide				
15	for SAVIN program coordination, and to maintain the interface between SAVIN and the				
16	Virginia Sex Offender Registry.				
17	P. After satisfying the provisions of Item 96.J.5. of this act, there is hereby appropriated in the				
18	second year an amount not to exceed \$7,373,722 from that portion of the general fund balance				
19	designated by the State Comptroller on June 30, 2011, for nonrecurring expenditures pursuant

32	A. In the event the appropriation in this item proves to be insufficient to fund all of its				
33	provisions, any amount remaining as of June 1, 2011, and June 1, 2012, may be reallocated				
34	among localities on a pro rata basis according to such deficiency.				
35	B. For the purposes of this item, the following definitions shall be applicable:				
36	1. Effective sentence—a convicted offender's sentence as rendered by the court less any portion				
37	of the sentence suspended by the court.				
38	2. Local responsible inmate—(a) any person arrested on a state warrant and incarcerated in a				
39	local correctional facility, as defined by § 53.1-1, Code of Virginia, prior to trial; (b) any				
40	person convicted of a misdemeanor offense and sentenced to a term in a local correctional

42	twelve months or less or (ii) less than one year.				
43	3. State responsible inmate—any person convicted of one or more felony offenses and (a) the				
44	sum of consecutive effective sentences for felonies, committed on or after January 1, 1995, is				
45	(i) more than 12 months or (ii) one year or more, or (b) the sum of consecutive effective				
46	sentences for felonies, committed before January 1, 1995, is more than two years.				
47	C. The individual or entity responsible for operating any facility which receives funds from this				
48	item may, if requested by the Department of Corrections, enter into an agreement with the				
49	department to accept the transfer of convicted felons, from other local facilities or from				
50	facilities operated by the Department of Corrections. In entering into any such agreements, or				
51	in effecting the transfer of offenders, the Department of Corrections shall consider the security

1	requirements of transferred offenders and the capability of the local facility to maintain such				
2	offenders. For purposes of calculating the amount due each locality, all funds earned by the				
3	locality as a result of an agreement with the Department of Corrections shall be included as				
4	receipts from these appropriations.				
5	D. Out of this appropriation, an amount not to exceed \$377,010 the first year and \$377,010 the				
6	second year from the general fund, is designated to be held in reserve for unbudgeted medical				
7	expenses incurred by local correctional facilities in the care of state responsible felons.				
8	E. The following amounts shall be paid out of this appropriation to compensate localities for				
9	the cost of maintaining prisoners in local correctional facilities, as defined by § 53.1-1, Code of				
10	Virginia, or if the prisoner is not housed in a local correctional facility, in an alternative to				
11	incarceration program operated by, or under the authority of, the sheriff or jail board:				
12	1. For local responsible inmates—\$4 per inmate day, or, if the inmate is housed and				
13	maintained in a jail farm not under the control of the sheriff, the rate shall be \$18 per inmate				
14	day.				
15	2. For state responsible inmates—\$12 per inmate day.				
16	F. For the payment specified in paragraph E1 of this item for prisoners in alternative				
17	punishment or alternative to incarceration programs:				
18	1. Such payment is intended to be made for prisoners that would otherwise be housed in a				
19	local correctional facility. It is not intended for prisoners that would otherwise be sentenced to				
20	community service or placed on probation.				
21	2. No such payment shall be made unless the program has been approved by the Department of				
22	Corrections or the Department of Criminal Justice Services. Alternative punishment or				
23	alternative to incarceration programs, however, may include supervised work experience,				
24	treatment, and electronic monitoring programs.				
25	G.1. Except as provided for in paragraph G 2, and notwithstanding any other provisions of this				
26	item, the Compensation Board shall provide payment to any locality with an average daily jail				
27	population of under ten in FY 1995 an inmate per diem rate of \$22 per day for local				
28	responsible inmates and \$28 per day for state responsible inmates held in these jails in lieu of				
29	personal service costs for corrections' officers.				
30	2. Any locality covered by the provisions of this paragraph shall be exempt from the provisions				
31	thereof provided that the locally elected sheriff, with the assistance of the Compensation Board,				
32	enters into good faith negotiations to house his prisoners in an existing local or regional jail. In				
33	establishing the per diem rate and capital contribution, if any, to be charged to such locality by				
34	a local or regional jail, the Compensation Board and the local sheriff or regional jail authority				
35	shall consider the operating support and capital contribution made by the Commonwealth, as				
36	required by §§ 15.2-1613, 15.2-1615.1, 53.1-80, and 53.1-81, Code of Virginia. The				
37	Compensation Board shall report periodically to the Chairmen of the House Appropriations and				
38	Senate Finance Committees on the progress of these negotiations and may withhold the				
39	exemption granted by this paragraph if, in the board's opinion, the local sheriff fails to				
40	negotiate in good faith.				
41	H.1. The Compensation Board shall recover the state-funded costs associated with housing				
42	federal inmates, District of Columbia inmates or contract inmates from other states. The				
43	Compensation Board shall determine, by individual jail, the amount to be recovered by the				
44	Commonwealth by multiplying the jail's current inmate days for this population by the				
45	proportion of the jail's per inmate day salary funds provided by the Commonwealth, as				
46	identified in the most recent Jail Cost Report prepared by the Compensation Board. Beginning				
47	July 1, 2009, the Compensation Board shall determine, by individual jail, the amount to be				
48	recovered by the Commonwealth by multiplying the jail's current inmate days for this				
49	population by the proportion of the jail's per inmate day operating costs provided by the				
50	Commonwealth, excluding payments otherwise provided for in this item, as identified in the				
51	most recent Jail Cost Report prepared by the Compensation Board. If a jail is not included in				
52	the most recent Jail Cost Report, the Compensation Board shall use the statewide average of				
53	per inmate day salary funds provided by the Commonwealth.

1	2. The Compensation Board shall deduct the amount to be recovered by the Commonwealth				
2	from the facility's next quarterly per diem payment for state-responsible and local-responsible				
3	inmates. Should the next quarterly per diem payment owed the locality not be sufficient against				
4	which to net the total quarterly recovery amount, the locality shall remit the remaining amount				
5	not recovered to the Compensation Board.				
6	3. Any local or regional jail which receives funding from the Compensation Board shall give				
7	priority to the housing of local-responsible, state-responsible, and state contract inmates, in that				
8	order, as provided in paragraph H1.				
9	4. The Compensation Board shall not provide any inmate per diem payments to any local or				
10	regional jail which holds federal inmates in excess of the number of beds contracted for with				
11	the Department of Corrections, unless the Director, Department of Corrections, certifies to the				
12	Chairman of the Compensation Board that a) such contract beds are not required; b) the facility				
13	has operational capacity built under contract with the federal government; c) the facility has				
14	received a grant from the federal government for a portion of the capital costs; or d) the				
15	facility has applied to the Department of Corrections for participation in the contract bed				
16	program with a sufficient number of beds to meet the Department of Corrections' need or				
17	ability to fund contract beds at that facility in any given fiscal year.				
18	6. The Compensation Board shall apply the cost recovery methodology set out in paragraph H1				
19	of this item to any jail which holds inmates from another state on a contractual basis. However,				
20	recovery in such circumstances shall not be made for inmates held pending extradition to other				
21	states or pending transfer to the Virginia Department of Corrections.				
22	7. The provisions of this paragraph shall not apply to any local or regional jail where the				
23	cumulative federal share of capital costs exceeds the Commonwealth's cumulative capital				
24	contribution.				
25	I. Any amounts in the program Financial Assistance for Confinement of Inmates in Local and				
26	Regional Facilities, may be transferred between items 67.20 and 67.30, as needed, to cover any				
27	deficits incurred in the programs Financial Assistance for Sheriffs' Offices and Regional Jails				
28	and Financial Assistance for Confinement of Inmates in Local and Regional Facilities.				
29	J. Projected growth in per diem payments for the support of prisoners in local and regional				
30	jails shall be based on actual inmate population counts up through the first quarter of the				
31	affected fiscal year.				
32	K. The Compensation Board shall provide an annual report on the number and diagnoses of				
33	inmates with mental illnesses in local and regional jails, the treatment services provided, and				
34	expenditures on jail mental health programs. The report shall be prepared in cooperation with				
35	the Virginia Sheriffs Association, the Virginia Association of Regional Jails, the Virginia				
36	Association of Community Services Boards, and the Department of Behavioral Health and				
37	Developmental Services , and shall be coordinated with the data submissions required for the				
38	annual jail cost report. Copies of this report shall be provided by November 1 of each year to				
39	the Governor, Director, Department of Planning and Budget, and the Chairmen of the Senate				
40	Finance and House Appropriations Committees.

3	research and development phase of a technology linkage.			
4	E. An additional state payment of \$145,896 the first year and \$145,896 the second year from			
5	the general fund is provided as a Small School Division Assistance grant for the City of			
6	Norton. To receive these funds, the local school board shall certify to the Superintendent of			
7	Public Instruction that its division has entered into one or more educational, administrative or			
8	support service cost-sharing arrangements with another local school division.			
9	F. Out of this appropriation, \$248,021 the first year and \$248,021 the second year from the			
10	general fund shall be allocated for the Career and Technical Education Resource Center to			
11	provide vocational curriculum and resource instructional materials free of charge to all school			
12	divisions.			
13	G. It is the intent of the General Assembly that the Department of Education provide bonuses			
14	from state funds to classroom teachers in Virginia's public schools who hold certification from			
15	the National Board of Professional Teaching Standards. Such bonuses shall be \$5,000 the first			
16	year of the certificate and \$2,500 annually thereafter for the life of the certificate. This			
17	appropriation includes an amount estimated at \$4,677,500 the first year and			
18	\$4,970,000 \$4,828,000 the second year from the general fund for the purpose of paying these			
19	bonuses. By September 30 of each year, school divisions shall notify the Department of			
20	Education of the number of classroom teachers under contract for that school year that hold			
21	such certification.			
22	H.1. This appropriation includes \$708,000 the first year and \$708,000 the second year from the			
23	general fund for the Virginia Teaching Scholarship Loan Program. These scholarships shall be			
24	for undergraduate students at or beyond the sophomore year in college with a cumulative grade			
25	point average of at least 2.7 who are nominated by their college and students at the graduate			
26	level and who meet the criteria and qualifications, pursuant to § 22.1-290.01, Code of Virginia.			
27	Awards shall be made to students who are enrolled full-time or part-time in approved			
28	undergraduate or graduate teacher education programs for (i) critical teacher shortage			
29	disciplines, such as special education, chemistry, physics, earth and space science, foreign			
30	languages, or technology education or (ii) as students meeting the qualifications in			
31	§ 22.1-290.01, Code of Virginia, who have been identified by a local school board to teach in			
32	any discipline or at any grade level in which the school board has determined that a shortage			
33	of teachers exists; however, such persons shall meet the qualifications for awards granted			
34	pursuant to this item; or (iii) those students seeking degrees in Career and Technical education.			
35	Minority students may be enrolled in any content area for teacher preparation and male			
36	students may be enrolled in any approved elementary or middle school teacher preparation			
37	program; therefore, this provision shall satisfy the requirements for the Diversity in Teaching			
38	Initiative and Fund, pursuant to Chapters 570, 597, 623, 645, and 719 of the Acts of Assembly			
39	of 2000. Scholarship recipients may fulfill the teaching obligation by accepting a teaching			
40	position (i) in one of the critical teacher shortage disciplines; or (ii) regardless of teaching			
41	discipline, in a school with a high concentration of students eligible for free or reduced price			
42	lunch; or (iii) in any discipline or at grade levels with a shortage of teachers; or (iv) in a rural			
43	or urban region of the state with a teacher shortage. For the purposes of this item, "critical			
44	teacher shortage area and discipline" means subject areas and grade levels identified by the			
45	Board of Education in which the demand for classroom teachers exceeds the supply of teachers,			
46	as defined in the Board of Education's Regulations Governing the Determination of Critical			
47	Teacher Shortage Areas. Scholarship amounts are based on \$3,720 per year for full-time			
48	students, and shall be prorated for part-time students based on the number of credit hours. The			
49	Board of Education is authorized to recover total funds awarded as scholarships or the			
50	appropriate proportion thereof in the event that scholarship recipients fail to honor the			
51	stipulated teaching obligation. The Department of Education shall report annually on the			
52	critical shortage teaching areas in Virginia.			
53	2. The Department of Education shall make payments on behalf of the scholarship recipients			
54	directly to the Virginia institution of higher education where the scholarship recipient is			
55	enrolled full-time or part-time in an approved undergraduate or graduate teacher education			
56	program.			
57	3. The Board of Education is authorized to recover total funds awarded as scholarships, or the

2	education or physical education, fine arts or foreign language course shall be counted in the				
3	funded fall membership and March 31 ADM of the relevant school division. Each course shall				
4	be counted as 0.25, up to a cap of 0.5 of a student.				
5	e. Students enrolled in an Individualized Student Alternative Education Program (ISAEP)				
6	pursuant to § 22.1-254 D shall be counted in the March 31 Average Daily Membership of the				
7	relevant school division. School divisions shall report these students separately in their March				
8	31 reports of Average Daily Membership.				
9	2. "Standards of Quality" - Operations standards for grades kindergarten through 12 as				
10	prescribed by the Board of Education subject to revision by the General Assembly.				
11	3.a. "Basic Operation Cost" - The cost per pupil, including provision for the number of				
12	instructional personnel required by the Standards of Quality for each school division with a				
13	minimum ratio of 51 professional personnel for each 1,000 pupils or proportionate number				
14	thereof, in March 31 ADM for the same fiscal year for which the costs are computed, and				
15	including provision for driver, gifted, occupational-vocational, and special education, library				
16	materials and other teaching materials, teacher sick leave, general administration, division				
17	superintendents' salaries, free textbooks (including those for free and reduced price lunch				
18	pupils), school nurses, operation and maintenance of school plant, transportation of pupils,				
19	instructional television, professional and staff improvement, remedial work, fixed charges and				
20	other costs in programs not funded by other state and/or federal aid.				
21	b. The state and local shares of funding resulting from the support cost calculation for school				
22	nurses shall be specifically identified as such and reported to school divisions annually. School				
23	divisions shall spend these funds for licensed school nurse positions employed by the school				
24	division or for licensed nurses contracted by the local school division to provide school health				
25	services.				
26	4.a. "Composite Index of Local Ability-to-Pay" - An index figure computed for each locality.				
27	The composite index is the sum of 2/3 of the index of wealth per pupil in unadjusted March				
28	31 ADM reported for the first seven (7) months of the 2007-2008 school year and 1/3 of the				
29	index of wealth per capita (population estimates for 2007 as determined by the Weldon Cooper				
30	Center for Public Service of the University of Virginia) multiplied by the local nominal share				
31	of the costs of the Standards of Quality of 0.45 in each year. The indices of wealth are				
32	determined by combining the following constituent index elements with the indicated				
33	weighting: (1) true values of real estate and public service corporations as reported by the State				
34	Department of Taxation for the calendar year 2007 - 50 percent; (2) adjusted gross income for				
35	the calendar year 2007 as reported by the State Department of Taxation - 40 percent; (3) the				
36	sales for the calendar year 2007 which are subject to the state general sales and use tax, as				
37	reported by the State Department of Taxation - 10 percent. Each constituent index element for				
38	a locality is its sum per March 31 ADM, or per capita, expressed as a percentage of the state				
39	average per March 31 ADM, or per capita, for the same element. A locality whose composite				
40	index exceeds 0.8000 shall be considered as having an index of 0.8000 for purposes of				
41	distributing all payments based on the composite index of local ability-to-pay. Each constituent				
42	index element for a locality used to determine the composite index of local ability-to-pay for				
43	the current biennium shall be the latest available data for the specified official base year				
44	provided to the Department of Education by the responsible source agencies no later than				
45	November 15, 2009.				
46	b. For any locality whose total calendar year 2007 Virginia Adjusted Gross Income is				
47	comprised of at least 3 percent or more by nonresidents of Virginia, such nonresident income				
48	shall be excluded in computing the composite index of ability-to-pay. The Department of				
49	Education shall compute the composite index for such localities by using adjusted gross income				
50	data which exclude nonresident income, but shall not adjust the composite index of any other				
51	localities. The Department of Taxation shall furnish to the Department of Education such data				
52	as are necessary to implement this provision.				
53	c.1) In the event that two or more school divisions become one school division, whether by				
54	consolidation of only the school divisions or by consolidation of the local governments, such				
55	resulting division shall be paid Standard of Quality payments for all pupils in the combined				
56	division on the basis of a composite index established by the Board of Education, which shall				
57	equal the lowest composite index of any of the individual school divisions involved in such

2	transition of a city to town status, this index shall remain in effect for a period of fifteen years,				
3	unless a lower composite index is calculated for the combined division through the process for				
4	computing an index figure as set forth above. The Governor shall approve the composite index				
5	determined by the Board of Education prior to disbursement of funds under such index. The				
6	department shall report to the Chairmen of the House Appropriations and Senate Finance				
7	Committees the composite indices approved by the Governor and the Board in the event this				
8	provision is implemented.				
9	2) In the case of the consolidation of Clifton Forge and Alleghany County school divisions, the				
10	fifteen year period for the application of a new composite index pursuant to paragraph c.1)				
11	above shall apply beginning with the fiscal year that starts on July 1, 2004.				
12	3) Pursuant to paragraph c.1) above, if the composite index of a consolidated school division is				
13	reduced during the course of the fifteen year period to a level that would entitle the school				
14	division to a lower interest rate for a Literary Fund loan than it received when the loan was				
15	originally released, the Board of Education shall reduce the interest rate of such loan for the				
16	remainder of the period of the loan. Such reduction shall be based on the interest rate that				
17	would apply at the time of such adjustment. This rate shall remain in effect for the duration of				
18	the loan and shall apply only to those years remaining to be paid.				
19	d. When it is determined that a substantial error exists in a constituent index element, the				
20	Department of Education will make adjustments in funding for the current school year only in				
21	the division where the error occurred. The composite index of any other locality shall not be				
22	changed as a result of the adjustment. No adjustment during the biennium will be made as a				
23	result of updating of data used in a constituent index element.				
24	e. In the event that any school division consolidates two or more small schools, the division				
25	shall continue to receive Standards of Quality funding and provide for the required local				
26	expenditure for a period of five years as if the schools had not been consolidated. Small				
27	schools are defined as any elementary, middle, or high school with enrollment below 200, 300				
28	and 400 students, respectively.				
29	5. "Required Local Expenditure for the Standards of Quality" - The locality's share based on				
30	the composite index of local ability-to-pay of the cost required by all the Standards of Quality				
31	minus its estimated revenues from the state sales and use tax dedicated to public education and				
32	those sales tax revenues transferred to the general fund from the Public Education Standards of				
33	Quality/Local Real Estate Property Tax Relief Fund and appropriated in this Item, both of				
34	which are returned on the basis of the triennial census of school age population, as specified in				
35	this Item, collected by the Department of Education and distributed to school divisions in the				
36	fiscal year in which the school year begins.				
37	6. "Required Local Match" - The locality's required share of program cost based on the				
38	composite index of local ability-to-pay for all Lottery and Incentive programs, where required,				
39	in which the school division has elected to participate in a fiscal year.				
40	7. "Planning District Eight"—The nine localities which comprise Planning District Eight are				
41	Arlington County, Fairfax County, Loudoun County, Prince William County, Alexandria City,				
42	Fairfax City, Falls Church City, Manassas City, and Manassas Park City.				
43	8. "State Share for the Standards of Quality" - The state share for a locality shall be equal to				
44	the cost for that locality less the locality's estimated revenues from the state sales and use tax				
45	dedicated to public education and those sales tax revenues transferred to the general fund from				
46	the Public Education Standards of Quality/ Local Real Estate Property Tax Relief Fund and				
47	appropriated in this Item, both of which are returned on the basis of the triennial census of				
48	school age population, as specified in this Item, collected by the Department of Education and				
49	distributed to school divisions in the fiscal year in which the school year begins and less the				
50	required local expenditure.				
51	9. In the event that the general fund appropriations in Item 131 and Item 132 are not sufficient				
52	to meet the entitlements payable to school divisions pursuant to the provisions of each Item,				
53	the Department of Education is authorized to transfer any available general fund funds between				
54	these Items to address such insufficiencies. If the total appropriations after such transfers				
55	remain insufficient to meet the entitlements of any program, the Department of Education is

1	authorized to prorate such shortfall proportionately across all of the school divisions				
2	participating in the program where such shortfall occurred. In addition, the Department of				
3	Education is authorized each year to temporarily suspend textbook payments made to school				
4	divisions from Lottery funds to ensure that any shortfall in Lottery revenue can be accounted				
5	for in the remaining textbook payments to be made for the year.				
6	10. The Department of Education is directed to apply a cap on inflation rates in the same				
7	manner prescribed in § 51.1-166.B, Code of Virginia, when updating funding to school				
8	divisions during the biennial rebenchmarking process.				
9	11. Notwithstanding any other provision in statute or in this Item, the Department of Education				
10	is directed to combine the end-of-year average daily membership (ADM) for those school				
11	divisions who have partnered together as a fiscal agent division and a contractual division for				
12	the purposes of calculating prevailing costs included in the Standards of Quality (SOQ) basic				
13	aid costs for support services through the rebenchmarking process.				
14	12. Notwithstanding any other provision in statute or in this item, the Department of Education				
15	is directed to include zeros in the linear weighted average calculation of support non-personal				
16	costs for the purposes of rebenchmarking and allocating funding to localities.				
17	13. Notwithstanding any other provision in statute or in this item, the Department of Education				
18	is directed to eliminate the corresponding and appropriate object code(s) related to reported				
19	travel expenditures included the linear weighted average non-personal cost calculations for the				
20	purposes of calculating Standards of Quality (SOQ) basic aid costs for support services through				
21	the rebenchmarking process.				
22	14. Notwithstanding any other provision in statute or in this item, the Department of Education				
23	is directed to eliminate the corresponding and appropriate object code(s) related to reported				
24	leases and rental and facility expenditures included the linear weighted average non-personal				
25	cost calculations for the purposes of calculating Standards of Quality (SOQ) basic aid costs for				
26	support services through the rebenchmarking process.				
27	15. Notwithstanding any other provision in statute or in this item, the Department of Education				
28	is directed to fund transportation costs using a 15 year replacement schedule, which is the				
29	national standard guideline, for school bus replacement schedule for the purposes of				
30	rebenchmarking.				
31	16. To provide temporary flexibility, notwithstanding any other provision in statute or in this				
32	Item, school divisions may elect to increase the teacher to pupil staffing ratios in kindergarten				
33	through grade 7 and English classes for grades 6 through twelve by one additional student; the				
34	teacher to pupil staffing ratio requirements for Elementary Resource teachers, Prevention,				
35	Intervention and Remediation, English as a Second Language, Gifted and Talented, Career and				
36	Technical funded programs are waived; and the instructional and support technology positions,				
37	librarians and guidance counselors staffing ratios for new hires are waived.				
38	B. General Conditions				
39	1. The Standards of Quality cost in this Item related to fringe benefits shall be limited for				
40	instructional staff members to the employer's cost for a number not exceeding the number of				
41	instructional positions required by the Standards of Quality for each school division and for				
42	their salaries at the statewide prevailing salary levels as printed below.

1	2) A locality whose composite index exceeds 0.8000 shall be considered as having an index of				
2	0.8000 for purposes of distributing fringe benefit funds under this provision.				
3	3) The state payment to each school division for retirement, social security, and group life				
4	insurance costs for non-instructional personnel is included in and distributed through Basic Aid.				
5	b. Payments to school divisions from this Item shall be calculated using March 31 Average				
6	Daily Membership adjusted for half-day kindergarten programs.				
7	c. Payments for health insurance fringe benefits are included in and distributed through Basic				
8	Aid.				
9	2. Each locality shall offer a school program for all its eligible pupils which is acceptable to				
10	the Department of Education as conforming to the Standards of Quality program requirements.				
11	3. In the event the statewide number of pupils in March 31 ADM exceeds the number				
12	estimated as the basis for this appropriation, the locality's state share of the Basic Operation				
13	Cost and the required local share shall be reduced proportionately so that this appropriation will				
14	not be exceeded.				
15	4. The Department of Education shall make equitable adjustments in the computation of indices				
16	of wealth and in other state-funded accounts for localities affected by annexation, unless a court				
17	of competent jurisdiction makes such adjustments. However, only the indices of wealth and				
18	other state-funded accounts of localities party to the annexation will be adjusted.				
19	5. In the event that the actual revenues from the state sales and use tax dedicated to public				
20	education and those sales tax revenues transferred to the general fund from the Public				
21	Education Standards of Quality/Local Real Estate Property Tax Relief Fund and appropriated in				
22	this Item (both of which are returned on the basis of the 2008 triennial census of school age				
23	population in the first year and the 2008 triennial census in the second year) for sales in the				
24	fiscal year in which the school year begins are different from the number estimated as the basis				
25	for this appropriation, the estimated state sales and use tax revenues shall not be adjusted.				
26	6. This appropriation shall be apportioned to the public schools with guidelines established by				
27	the Department of Education consistent with legislative intent as expressed in this act.				
28	7.a. Appropriations of state funds in this Item include the number of positions required by the				
29	Standards of Quality. This Item includes a minimum of 51 professional instructional positions				
30	and aide positions (C 2); Education of the Gifted, 1.0 professional instructional position (C 3);				
31	Occupational-Vocational Education Payments and Special Education Payments; a minimum of				
32	6.0 professional instructional positions and aide positions (C 4 and C 5) for each 1,000 pupils				
33	in March 31 ADM each year in support of the current Standards of Quality. Funding in				
34	support of one hour of additional instruction per day based on the percent of students eligible				
35	for the federal free lunch program with a pupil-teacher ratio range of 18:1 to 10:1, depending				
36	upon a school division's combined failure rate on the English and Math Standards of Learning,				
37	is included in Remedial Education Payments (C8).				
38	b. No actions provided in this section signify any intent of the General Assembly to mandate				
39	an increase in the number of instructional personnel per 1,000 students above the numbers				
40	explicitly stated in the preceding paragraph.				
41	c. Appropriations in this Item include programs supported in part by transfers to the general				
42	fund from the Public Education Standards of Quality/Local Real Estate Property Tax Relief				
43	Fund pursuant to Part 3 of this Act. These transfers combined together with other				
44	appropriations from the general fund in this Item funds the state's share of the following				
45	revisions to the Standards of Quality pursuant to Chapters 939 & 955 of the Acts of Assembly				
46	of 2004: five elementary resource teachers per 1,000 students; one support technology position				
47	per 1,000 students; one instructional technology position per 1,000 students; and a full daily				
48	planning period for teachers at the middle and high school levels in order to relieve the				
49	financial pressure these education programs place on local real estate taxes.				
50	d. To provide flexibility, school divisions may use the state and local funds for instructional				
51	technology resource teachers required by the Standards of Quality to employ a data coordinator				
52	position, an instructional technology resource teacher position, or a data

2	intended to serve as a resource to principals and classroom teachers in the area of data analysis			
3	and interpretation for instructional and school improvement purposes, as well as for overall data			
4	management and administration of state assessments. School divisions using these SOQ funds			
5	in this manner shall only employ instructional personnel licensed by the Board of Education.			
6	e. To provide flexibility in the provision of reading intervention services, school divisions may			
7	use the state Early Reading Intervention initiative funding provided from the Lottery Proceeds			
8	Fund and the required local matching funds to employ reading specialists to provide the			
9	required reading intervention services. School divisions using the Early Reading Intervention			
10	Initiative funds in this manner shall only employ instructional personnel licensed by the Board			
11	of Education.			
12	f. To provide flexibility in the provision of mathematics intervention services, school divisions			
13	may use the state Standards of Learning Algebra Readiness initiative funding provided from the			
14	Lottery Proceeds Fund and the required local matching funds to employ mathematics teacher			
15	specialists to provide the required mathematics intervention services. School divisions using			
16	the Standards of Learning Algebra Readiness initiative funding in this manner shall only			
17	employ instructional personnel licensed by the Board of Education.			
18	8.a. The Department of Education shall make calculations at the start of the school year to			
19	ensure that school divisions have appropriated adequate funds to support their estimated			
20	required local expenditure. The Department of Education shall also make calculations after the			
21	close of the school year to verify that the required local effort level, based on actual March 31			
22	Average Daily Membership, was met. The Department of Education shall specify the			
23	calculations to determine if a school division has appropriated and expended its required local			
24	expenditure for the Standards of Quality. This calculation may include but is not limited to the			
25	following calculations:			
26	b. The total expenditures for operation, defined as total expenditures less all capital outlays,			
27	expenditures for debt service, facilities, non-regular day school programs (such as adult			
28	education, preschool, and non-local education programs), and any transfers to regional programs			
29	will be calculated.			
30	c. The following state funds will be deducted from the amount calculated in paragraph a.			
31	above: revenues from the state sales and use tax (returned on the basis of the 2008 triennial			
32	census of school age population in the first year and the 2008 triennial census in the second			
33	year, as specified in this Item) for sales in the fiscal year in which the school year begins; total			
34	receipts from state funds (except state funds for non-regular day school programs and state			
35	funds used for capital or debt service purposes); and the state share of any balances carried			
36	forward from the previous fiscal year. Any qualifying state funds that remain unspent at the			
37	end of the fiscal year will be added to the amount calculated in paragraph a. above.			
38	d. Federal funds, and any federal funds carried forward from the previous fiscal year, will also			
39	be deducted from the amount calculated in paragraph a above. Any federal funds that remain			
40	unspent at the end of the fiscal year and any capital expenditures paid from federal funds will			
41	be added to the amount calculated in paragraph a. above.			
42	e. Tuition receipts, receipts from payments from other cities or counties, and fund transfers will			
43	also be deducted from the amount calculated in paragraph a, then			
44	f. The final amount calculated as described above must be equal to or greater than the required			
45	local expenditure defined in paragraph A. 5.			
46	g. The Department of Education shall collect the data necessary to perform the calculations of			
47	required local expenditure as required by this section.			
48	h. A locality whose expenditure in fact exceeds the required amount from local funds may not			
49	reduce its expenditures unless it first complies with all of the Standards of Quality.			
50	9.a. Any sum which a locality, as of the end of a school year, has not expended, pursuant to			
51	this Item, for the Standards of Quality shall be paid by the locality into the general fund of the			
52	state treasury. Such payments shall be made not later than the end of the school year following			
53	that in which the under expenditure occurs.

1	b. Whenever the Department of Education has recovered funds as defined in the preceding				
2	paragraph a, the Secretary of Education is authorized to repay to the locality affected by that				
3	action, seventy-five percent (75%) of those funds upon his determination that:				
4	1) The local school board agrees to include the funds in its June 30 ending balance for the year				
5	following that in which the under expenditure occurs;				
6	2) The local governing body agrees to reappropriate the funds as a supplemental appropriation				
7	to the approved budget for the second year following that in which the under expenditure				
8	occurs, in an appropriate category as requested by the local school board, for the direct benefit				
9	of the students;				
10	3) The local school board agrees to expend these funds, over and above the funds required to				
11	meet the required local expenditure for the second year following that in which the under				
12	expenditure occurs, for a special project, the details of which must be furnished to the				
13	Department of Education for review and approval;				
14	4) The local school board agrees to submit quarterly reports to the Department of Education on				
15	the use of funds provided through this project award; and				
16	5) The local governing body and the local school board agree that the project award will be				
17	cancelled and the funds withdrawn if the above conditions have not been met as of June 30 of				
18	the second year following that in which the under expenditure occurs.				
19	c. There is hereby appropriated, for the purposes of the foregoing repayment, a sum sufficient,				
20	not to exceed 75 percent of the funds deposited in the general fund pursuant to the preceding				
21	paragraph a.				
22	10. The Department of Education shall specify the manner for collecting the required				
23	information and the method for determining if a school division has appropriated and expended				
24	the local funds required to support the actual local match based on all Lottery and Incentive				
25	programs in which the school division has elected to participate. Unless specifically stated				
26	otherwise in this Item, school divisions electing to participate in any Lottery or Incentive				
27	program that requires a local funding match in order to receive state funding, shall certify to				
28	the Department of Education its intent to participate in each program by October 1 each fiscal				
29	year in a manner prescribed by the Department of Education. Upon receipt of the				
30	certifications, the Department of Education shall make calculations to ensure that school				
31	divisions have appropriated adequate local funds, above the required local effort for the				
32	Standards of Quality, to support the projected required local match based on the Lottery and				
33	Incentive programs in which the school division has elected to participate. If the Department				
34	of Education's calculations indicate that insufficient local funds are appropriated to meet the				
35	required local funding match for one or more programs, state funding for such program(s) shall				
36	not be made until such time that the school division can certify that sufficient local funding has				
37	been appropriated to meet required local match. The Department of Education shall also make				
38	calculations after the close of the fiscal year to verify that the required local match was met				
39	based on the state funds that were received.				
40	11. Any sum of local matching funds for Lottery and Incentive program which a locality has				
41	not expended as of the end of a fiscal year in support of the required local match pursuant to				
42	this Item shall be paid by the locality into the general fund of the state treasury unless the				
43	carryover of those unspent funds is specifically permitted by other provisions of this act. Such				
44	payments shall be made no later than the end of the school year following that in which the				
45	under expenditure occurred.				
46	12. The Superintendent of Public Instruction shall provide a report annually on the status of				
47	teacher salaries, by local school division, to the Governor and the Chairmen of the Senate				
48	Finance and House Appropriations Committees. In addition to information on average salaries				
49	by school division and statewide comparisons with other states, the report shall also include				
50	information on starting salaries by school division and average teacher salaries by school.				
51	13. All state and local matching funds required by the programs in this Item shall be				
52	appropriated to the budget of the local school board.				
53	14. By November 15 of each year, the Department of Planning and Budget, in cooperation with

1	the Department of Education, shall prepare and submit a preliminary forecast of Standards of				
2	Quality expenditures, based upon the most current data available, to the Chairmen of the House				
3	Appropriations and Senate Finance Committees. In odd-numbered years, the forecast for the				
4	current and subsequent two fiscal years shall be provided. In even-numbered years, the forecast				
5	for the current and subsequent fiscal year shall be provided. The forecast shall detail the				
6	projected March 31 Average Daily Membership and the resulting impact on the education				
7	budget.				
8	15. School divisions may choose to use state payments provided for Standards of Quality				
9	Prevention, Intervention, and Remediation in both years as a block grant for remediation				
10	purposes, without restrictions or reporting requirements, other than reporting necessary as a				
11	basis for determining funding for the program.				
12	16. Except as otherwise provided in this act, the Superintendent of Public Instruction shall				
13	provide guidelines for the distribution and expenditure of general fund appropriations and such				
14	additional federal, private and other funds as may be made available to aid in the establishment				
15	and maintenance of the public schools.				
16	17. At the Department of Education's option, fees for audio-visual services may be deducted				
17	from state aid payments for individual local school divisions.				
18	18. For distributions not otherwise specified, the Department of Education, at its option, may				
19	use prior year data to calculate actual disbursements to individual localities.				
20	19. Payments for accounts related to the Standards of Quality made to localities for public				
21	education from the general fund, as provided herein, shall be payable in twenty-four				
22	approximately equal bimonthly installments at the middle and end of each month.				
23	20. The Department of Education shall, for purposes of calculating the state and local shares of				
24	the Standards of Quality, apportion state sales and use tax dedicated to public education and				
25	those sales tax revenues transferred to the general fund from the Public Education Standards of				
26	Quality/ Local Real Estate Property Tax Relief Fund based on the 2008 triennial census of				
27	school age population in the first year and the 2008 triennial census in the second year of the				
28	biennium.				
29	The State Comptroller shall distribute the state sales and use tax revenues dedicated to public				
30	education and those sales tax revenues transferred to the general fund from the Public				
31	Education Standards of Quality/ Local Real Estate Property Tax Relief Fund based on the 2008				
32	triennial census of school age population in the first year and the 2008 triennial census in the				
33	second year of the biennium.				
34	21. The school divisions within the Tobacco Region, as defined by the Tobacco				
35	Indemnification and Community Revitalization Commission, shall jointly explore ways to				
36	maximize their collective expenditure reimbursement totals for all eligible E-Rate funding.				
37	22. This item includes appropriations totaling an estimated \$435,200,000 the first year and				
38	\$435,875,000 \$454,400,000 the second year from the revenues deposited to the Lottery Proceeds				
39	Fund. <i>The appropriations for the second year includes an additional \$9,000,000 from Lottery</i>				
40	<i>proceeds that were earned in FY 2011.</i> These amounts are appropriated for distribution to				
41	counties, cities, and towns to support public education programs pursuant to Article X, section				
42	7-A Constitution of Virginia. Any county, city, or town which accepts a distribution from this				
43	Fund shall provide its portion of the cost of maintaining an educational program meeting the				
44	Standards of Quality pursuant to Section 2 of Article VIII of the Constitution without the use				
45	of distributions from the Fund.				
46	23. For reporting purposes, the Department of Education shall include Lottery Proceeds Funds				
47	as state funds.				
48	24.a. Any locality that has met its required local effort for the Standards of Quality accounts				
49	for fiscal year 2011 and that has met its required local match for incentive or Lottery-funded				
50	programs in which the locality elected to participate in fiscal year 2011 may carry over into				
51	fiscal year 2012 any remaining state Direct Aid to Public Education fund balances available to				
52	help minimize any fiscal year 2012 revenue adjustments that may occur in state funding to that

12	26. The Department of Education shall allocate an additional \$122,941,314 from the State Fiscal Stabilization Fund, American Recovery and Reinvestment Act of 2009, appropriated in Item 133 in the first year to the local school divisions to pay a portion of the state's share of Basic Aid. 2	5. Basic Aid Payments				
3	a.1) A state share of the Basic Operation Cost, which cost per pupil in March 31 ADM is				
4	established individually for each local school division based on the number of instructional				
5	personnel required by the Standards of Quality and the statewide prevailing salary levels				
6	(adjusted in Planning District Eight for the cost of competing) as well as recognized support				
7	costs calculated on a prevailing basis for an estimated March 31 ADM (adjusted for half-day				
8	kindergarten programs).				
9	2) This appropriation includes funding to recognize the common labor market in the				
10	Washington -Baltimore-Northern Virginia, DC-MD-VA-WV Combined Statistical Area.				
11	Standards of Quality salary payments for instructional and support positions in school divisions				
12	of the localities set out below have been adjusted for the equivalent portion of the Cost of				
13	Competing Adjustment (COCA) rates that are paid to local school divisions in Planning District				
14	8. For the counties of Stafford, Fauquier, Spotsylvania, Clarke, Warren, Frederick, and				
15	Culpeper and the Cities of Fredericksburg and Winchester, the SOQ payments have been				
16	increased by 25 percent each year of the COCA rates paid to school divisions in Planning				
17	District 8.				
18	b. The state share for a locality shall be equal to the Basic Operation Cost for that locality less				
19	the locality's estimated revenues from the state sales and use tax (returned on the basis of the				
20	2008 triennial census of school age population in the first year and the 2008 triennial census in				
21	the second year, as specified in this Item), in the fiscal year in which the school year begins				
22	and less the required local expenditure.				
23	c. For the purpose of this paragraph, the Department of Taxation's fiscal year sales and use tax				
24	estimates are as cited in this Item.

31	support of the cost of educating such persons; the amount deducted from Basic Aid for the				
32	education of emotionally disturbed persons shall be used to cover extraordinary expenses				
33	incurred in the education of such persons. The Department of Education shall establish				
34	guidelines to implement these provisions and shall provide for the periodic transfer of sums				
35	due from each local school division to the Department of Behavioral Health and Developmental				
36	Services and for Special Education categorical payments. The amount of the actual transfers				
37	will be based on data accumulated during the prior school year.				
38	e. 1) The apportionment to localities of all driver education revenues received during the school				
39	year shall be made as an undesignated component of the state share of the basic operation cost				
40	in accordance with the provisions of this Item. Only school divisions complying with the				
41	standardized program established by the Board of Education shall be entitled to participate in				
42	the distribution of state funds appropriated for driver education. The Department of Education				
43	will deduct a designated amount per pupil from a school division's Basic Aid payment when				
44	the school division is not in compliance with § 22.1-205 C, Code of Virginia. Such amount				
45	will be computed by dividing the current appropriation for the Driver Education Fund by actual				
46	March 31 ADM.				
47	2) Local school boards may charge a per pupil fee for behind-the-wheel driver education				
48	provided, however, that the fee charged plus the per pupil basic aid reimbursement for driver

2	on a per pupil amount of \$52.54 the first year and \$40.56 the second year. The state's share of				
3	textbooks will be fund split between the general fund and Lottery Proceeds Fund. A school				
4	division shall appropriate these funds for textbooks or any other public education instructional				
5	expenditure by the school division. The state's distributions for textbooks shall be based on				
6	adjusted March 31 ADM. These funds shall be matched by the local government, based on the				
7	composite index of local ability-to-pay.				
8	2) School divisions shall provide free textbooks to all students.				
9	3) School divisions may use a portion of this funding to purchase Standards of Learning				
10	instructional materials. School divisions may also use these funds to purchase electronic				
11	textbooks or other electronic media resources integral to the curriculum and classroom				
12	instruction and the technical equipment required to read and access the electronic textbooks and				
13	electronic curriculum materials.				
14	4) Any funds provided to school divisions for textbook costs that are unexpended as of June				
15	30, 2011, or June 30, 2012, shall be carried on the books of the locality to be appropriated to				
16	the school division the following year to be used for same purpose.				
17	5) For purposes of calculating rebenchmarking costs for textbooks for the 2012-2014 biennium,				
18	the Department of Education shall include the higher of the fiscal year 2009 or fiscal year 2010				
19	division-level textbook per pupil amount in calculating the base year statewide prevailing per				
20	pupil amount. For this one year calculation, the Department of Education shall adjust, with one				
21	additional year of inflation, any fiscal year 2009 division-level per pupil textbook expenditure				
22	data used in calculating the base year statewide prevailing per pupil amount.				
23	g. The one-cent state sales and use tax earmarked for education and the sales tax revenues				
24	transferred to the general fund from the Public Education Standards of Quality/ Local Real				
25	Estate Property Tax Relief Fund and appropriated in this Item which are distributed to localities				
26	on the basis of the 2008 triennial census of school age population in the first year and the 2008				
27	triennial census in the second year as specified in this Item shall be reflected in each locality's				
28	annual budget for educational purposes as a separate revenue source for the then current fiscal				
29	year.				
30	h. The appropriation for the Standards of Quality for Public Education (SOQ) includes amounts				
31	estimated at \$217,300,000 the first year and \$225,100,000 \$216,100,000 the second year from				
32	the amounts transferred to the general fund from the Public Education Standards of				
33	Quality/Local Real Estate Property Tax Relief Fund pursuant to Part 3 of this Act which are				
34	derived from the 1/4 cent increase in the state sales and use tax levied pursuant to Chapter 3,				
35	2004 Special Session I. These additional funds are provided to local school divisions and local				
36	governments in order to relieve the financial pressure education programs place on local real				
37	estate taxes.				
38	i. From the total amounts in paragraph h. above, an amount estimated at \$108,400,000 the first				
39	year and \$112,400,000 \$113,700,000 the second year (approximately 1/8 cent of sales and use				
40	tax) is appropriated to support a portion of the cost of the state's share of the following				
41	revisions to the Standards of Quality pursuant to Chapters 939 & 955 of the Acts of Assembly				
42	of 2004: five elementary resource teachers per 1,000 students; one support and one instructional				
43	technology position per 1,000 students; a full daily planning period for teachers at the middle				
44	and high school levels in order to relieve the pressure on local real estate taxes and shall be				
45	taken into account by the governing body of the county, city, or town in setting real estate tax				
46	rates.				
47	j. From the total amounts in paragraph h. above, an amount estimated at \$108,900,000 the first				
48	year and \$112,700,000 \$102,400,000 the second year (approximately 1/8 cent of sales and use				
49	tax) is appropriated in this Item to distribute the remainder of the revenues collected and				
50	deposited into the Public Education Standards of Quality/ Local Real Estate Property Tax				
51	Relief Fund on the basis of the 2008 triennial census of school age population in the first year				
52	and the 2008 triennial census in the second year as specified in this Item.				
53	k. For the purposes of funding certain support positions in Basic Aid a funding ratio				
54	methodology is used based upon the prevailing ratio of support positions to SOQ funded				
55	instructional positions as established in Chapter 781, 2009 Acts of Assembly. For the purposes

1	of making the required spending adjustments, the appropriation and distribution of Basic Aid				
2	shall reflect this methodology. Local school divisions shall have the discretion as to where the				
3	adjustment may be made, consistent with the Standards of Quality funded in this Act.				
4	6. Education of the Gifted Payments				
5	a. An additional payment shall be disbursed by the Department of Education to local school				
6	divisions to support the state share of one full-time equivalent instructional position per 1,000				
7	students in adjusted March 31 ADM.				
8	b. Local school divisions are required to spend, as part of the required local expenditure for the				
9	Standards of Quality the established per pupil cost for gifted education (state and local share)				
10	on approved programs for the gifted.				
11	7. Occupational-Vocational Education Payments				
12	a. An additional payment shall be disbursed by the Department of Education to the local school				
13	divisions to support the state share of the number of Vocational Education instructors required				
14	by the Standards of Quality. These funds shall be disbursed on the same basis as the payment				
15	is calculated.				
16	b. An amount estimated at \$107,216,580 the first year and \$107,704,301 the second year from				
17	the general fund included in Basic Aid Payments relates to vocational education programs in				
18	support of the Standards of Quality.				
19	8. Special Education Payments				
20	a. An additional payment shall be disbursed by the Department of Education to the local school				
21	divisions to support the state share of the number of Special Education instructors required by				
22	the Standards of Quality. These funds shall be disbursed on the same basis as the payment is				
23	calculated.				
24	b. Out of the amounts for special education payments, general fund support is provided to fund				
25	the caseload standards for speech pathologists at 68 students for each year of the biennium.				
26	9. Remedial Education Payments				
27	a. An additional payment estimated at \$69,458,001 the first year and \$69,431,627 \$69,402,834				
28	the second year from the general fund shall be disbursed by the Department of Education to				
29	support the Board of Education's Standards of Quality Prevention, Intervention, and				
30	Remediation program adopted in June 2003.				
31	b. The payment shall be calculated based on one hour of additional instruction per day for				
32	identified students, using the three year average percent of students eligible for the federal Free				
33	Lunch program as a proxy for students needing such services. Fall membership shall be				
34	multiplied by the three year average division-level Free Lunch eligibility percentage to				
35	determine the estimated number of students eligible for services. Pupil-teacher ratios shall be				
36	applied to the estimated number of eligible students to determine the number of instructional				
37	positions needed for each school division. The pupil-teacher ratio applied for each school				
38	division shall range from 10:1 for those divisions with the most severe combined three year				
39	average failure rates for English and math Standards of Learning test scores to 18:1 for those				
40	divisions with the lowest combined three year average failure rates for English and math				
41	Standards of Learning test scores.				
42	c. Funding shall be matched by the local government based on the composite index of local				
43	ability-to-pay.				
44	d. To provide flexibility in the instruction of English Language Learners who have limited				
45	English proficiency and who are at risk of not meeting state accountability standards, school				
46	divisions may use state and local funds from the SOQ Prevention, Intervention, and				
47	Remediation account to employ additional English Language Learner teachers to provide				
48	instruction to identified limited English proficiency students. Using these funds in this manner				
49	is intended to supplement the instructional services provided through the SOQ staffing standard				
50	of 17 instructional positions per 1,000 limited English proficiency students. School divisions

2	employ instructional personnel licensed by the Board of Education.				
3	e. An additional state payment estimated at \$63,963,698 the first year and				
4	\$63,991,497 \$63,940,825 the second year from the Lottery Proceeds Fund shall be disbursed				
5	based on the estimated number of federal Free Lunch participants, in support of programs for				
6	students who are educationally at risk. The additional payment shall be based on the state				
7	share of:				
8	1) A minimum one percent add-on, as a percent of the per pupil basic aid cost, for each child				
9	who qualifies for the federal Free Lunch Program; and				
10	2) An addition to the add-on, based on the concentration of children qualifying for the federal				
11	Free Lunch Program. Based on its percentage of Free Lunch participants, each school division				
12	will receive between 1 and 12 percent in additional basic aid per Free Lunch participant. These				
13	funds shall be matched by the local government, based on the composite index of local				
14	ability-to-pay.				
15	3a) Local school divisions are required to spend the established at-risk payment (state and local				
16	share) on approved programs for students who are educationally at risk.				
17	b) To receive these funds, each school division shall certify to the Department of Education				
18	that the state and local share of the at-risk payment will be used to support approved programs				
19	for students who are educationally at risk. These programs may include: Dropout Prevention,				
20	community and school-based truancy officer programs, Advancement Via Individual				
21	Determination (AVID), Project Discovery, Reading Recovery, programs for students who speak				
22	English as a second language, or programs related to increasing the success of disadvantaged				
23	students in completing a high school degree and providing opportunities to encourage further				
24	education and training. Further, any new funds a school division receives in excess of the				
25	amounts received in fiscal year 2008 may be used first to provide data coordinators or to				
26	purchase similar services for schools that have not met Adequate Yearly Progress (AYP) under				
27	the federal No Child Left Behind Act or are not fully accredited under the Standards of				
28	Accreditation. The data coordinator position is intended to provide schools with needed				
29	support in the area of data analysis and interpretation for instructional purposes, as well as				
30	overall data management and the administration of state assessments. The position would				
31	primarily focus on data related to instruction and school improvement, including: student				
32	assessment, student attendance, student/teacher engagement, behavior referrals, suspensions,				
33	retention, and graduation rates.				
34	f. Regional Alternative Education Programs				
35	1) An additional state payment of \$6,715,412 the first year and \$7,031,965 \$6,941,282 the				
36	second year from the Lottery Proceeds Fund shall be disbursed for Regional Alternative				
37	Education programs. Such programs shall be for the purpose of educating certain expelled				
38	students and, as appropriate, students who have received suspensions from public schools and				
39	students returned to the community from the Department of Juvenile Justice.				
40	2) Each regional program shall have a small student/staff ratio. Such staff shall include, but				
41	not be limited to education, mental health, health, and law enforcement professionals, who will				
42	collaborate to provide for the academic, psychological, and social needs of the students. Each				
43	program shall be designed to ensure that students make the transition back into the				
44	"mainstream" within their local school division.				
45	3) a) Regional alternative education programs are funded through this Item based on the state's				
46	share of the incremental per pupil cost for providing such programs. This incremental per pupil				
47	payment shall be adjusted for the composite index of local ability-to-pay of the school division				
48	that counts such students attending such program in its March 31 Average Daily Membership.				
49	It is the intent of the General Assembly that this incremental per pupil amount be in addition				
50	to the basic aid per pupil funding provided to the affected school division for such students.				
51	Therefore, local school divisions are encouraged to provide the appropriate portion of the basic				
52	aid per pupil funding to the regional programs for students attending these programs, adjusted				
53	for costs incurred by the school division for transportation, administration, and any portion of				
54	the school day or school year that the student does not attend such program.

1	b) In the event a school division does not use all of the student slots it is allocated under this				
2	program, the unused slots may be reallocated or transferred to another school division.				
3	1. A school division must request from the Department of Education the availability and				
4	possible use of any unused student slots. If any unused slots are available and if the requesting				
5	school division chooses to utilize any of the unused slots, the requesting school division shall				
6	only receive the state's share of tuition for the unused slot that was allocated in this Item for				
7	the originally designated school division.				
8	2. However, no requesting school division shall receive more tuition funding from the state for				
9	any requested unused slot than what would have been the calculated amount for the requesting				
10	school division had the unused slot been allocated to the requesting school division in the				
11	original budget. Furthermore, the requesting school division shall pay for any remaining tuition				
12	payment necessary for using a previously unused slot.				
13	3. The Department of Education shall provide assistance for the state share of the incremental				
14	cost of Regional Alternative Education program operations based on the composite index of				
15	local ability-to-pay.				
16	g. Remedial Summer School				
17	1) This appropriation includes \$20,823,833 the first year and \$21,496,705 \$20,979,581 the				
18	second year from the Lottery Proceeds Fund for the state's share of Remedial Summer School				
19	Programs. These funds are available to school divisions for the operation of programs designed				
20	to remediate students who are required to attend such programs during a summer school				
21	session or during an intersession in the case of year-round schools. These funds may be used				
22	in conjunction with other sources of state funding for remediation or intervention. School				
23	divisions shall have maximum flexibility with respect to the use of these funds and the types of				
24	remediation programs offered; however, in exercising this flexibility, students attending these				
25	programs shall not be charged tuition and no high school credit may be awarded to students				
26	who participate in this program.				
27	2) For school divisions charging students tuition for summer high school credit courses,				
28	consideration shall be given to students from households with extenuating financial				
29	circumstances who are repeating a class in order to graduate.				
30	10. K-3 Primary Class Size Reduction Payments				
31	a. An additional payment estimated at \$72,710,288 the first year and \$74,777,373 \$74,411,182				
32	the second year from the Lottery Proceeds Fund shall be disbursed by the Department of				
33	Education as an incentive for reducing class sizes in the primary grades.				
34	b. The Department of Education shall calculate the payment based on the incremental cost of				
35	providing the lower class sizes based on the lower of the division average per pupil cost of all				
36	divisions or the actual division per pupil cost.				
37	c. Localities are required to provide a match for these funds based on the composite index of				
38	local ability-to-pay.				
39	d. By October 15 of each year school divisions must provide data to the Department of				
40	Education that each participating school has a September 30 pupil/teacher ratio in grades K				
41	through 3 that meet the following criteria:				
42	Qualifying School Percentage of Students				
43	Approved

1	e. School divisions may elect to have eligible schools participate at a higher ratio, or only in a				
2	portion of grades kindergarten through three, with a commensurate reduction of state and				
3	required local funds, if local conditions do not permit participation at the established ratio				
4	and/or maximum individual class size. Special education teachers and instructional aides shall				
5	not be counted towards meeting these required pupil/teacher ratios in grades kindergarten				
6	through three.				
7	f. The Superintendent of Public Instruction may grant waivers to school divisions for the class				
8	size requirement in eligible schools that have only one class in an affected grade level in the				
9	school.				
10	11. Literary Fund Subsidy Program Payments				
11	a. The Board of Education and the Virginia Public School Authority (VPSA) shall provide a				
12	program of funding for school construction and renovation through the Literary Fund and				
13	through VPSA bond sales. The program shall be used to provide funds, through Literary Fund				
14	loans and subsidies, and through VPSA bond sales, to fund a portion of the projects on the				
15	First or Second Literary Fund Waiting List, or other critical projects which may receive priority				
16	placement on the First or Second Literary Fund Waiting List by the Board of Education.				
17	Interest rate subsidies will provide school divisions with the present value difference in debt				
18	service between a Literary Fund loan and a borrowing through the VPSA. To qualify for an				
19	interest rate subsidy, the school division's project must be eligible for a Literary Fund loan and				
20	shall be subject to the same restrictions. The VPSA shall work with the Board of Education in				
21	selecting those projects to be funded through the interest rate subsidy/bond financing program,				
22	so as to ensure the maximum leverage of Literary Fund moneys and a minimum impact on the				
23	VPSA Bond Pool.				
24	b. The Board of Education may offer Literary Fund loans from the uncommitted balances of				
25	the Literary Fund after meeting the obligations of the interest rate subsidy sales and the				
26	amounts set aside from the Literary Fund for Debt Service Payments for Education Technology				
27	in this Item.				
28	c. 1) In the event that on any scheduled payment date of bonds of the Virginia Public School				
29	Authority (VPSA) authorized under the provisions of a bond resolution adopted subsequent to				
30	June 30, 1997, issued subsequent to June 30, 1997, and not benefiting from the provisions of				
31	either § 22.1-168 (iii), (iv), and (v), Code of Virginia, or § 22.1-168.1, Code of Virginia, the				
32	sum of (i) the payments on general obligation school bonds of cities, counties, and towns				
33	(localities) paid to the VPSA and (ii) the proceeds derived from the application of the				
34	provisions of § 15.2-2659, Code of Virginia, to such bonds of localities, is less than the debt				
35	service due on such bonds of the VPSA on such date, there is hereby appropriated to the				
36	VPSA, first, from available moneys of the Literary Fund and, second, from the general fund a				
37	sum equal to such deficiency.				
38	2) The Commonwealth shall be subrogated to the VPSA to the extent of any such				
39	appropriation paid to the VPSA and shall be entitled to enforce the VPSA's remedies with				
40	respect to the defaulting locality and to full recovery of the amount of such deficiency, together				
41	with interest at the rate of the defaulting locality's bonds.				
42	d. The chairman of the Board of Commissioners of the VPSA shall, on or before November 1				
43	of each year, make and deliver to the Governor and the Secretary of Finance a certificate				
44	setting forth his estimate of total debt service during each fiscal year of the biennium on bonds				
45	of the VPSA issued and projected to be issued during such biennium pursuant to the bond				
46	resolution referred to in paragraph a above. The Governor's budget submission each year shall				
47	include provisions for the payment of debt service pursuant to paragraph 1) above.				
48	12. Educational Technology Payments				
49	a. Any unobligated amounts transferred to the educational technology fund shall be disbursed				
50	on a pro rata basis to localities. The additional funds shall be used for technology needs				
51	identified in the division's technology plan approved by the Department of Education.				
52	b. The Board of Education shall authorize amounts estimated at \$12,825,750 the first year from

33	years 2013, 2014, and 2015.				
34	g. 1) An education technology grant program shall be conducted through the Virginia Public				
35	School Authority, through the issuance of equipment notes in an amount estimated at				
36	\$56,986,000 in fiscal year 2011 and \$57,168,000 \$58,078,000 in fiscal year 2012. Proceeds of				
37	the notes will be used to establish a computer-based instructional and testing system for the

39	at high schools followed by middle schools followed by elementary schools. By fiscal year				
40	2011, high schools within the division shall administer 100 percent of SOL tests online; by				
41	fiscal year 2012, middle and high schools shall administer 100 percent of SOL tests online; and				
42	by fiscal year 2013, elementary, middle, and high schools shall administer 100 percent of SOL

1	2014, 2015, 2016, and 2017.				
2	4) Grant funds from the issuance of \$56,986,000 in fiscal year 2011 and				
3	\$57,168,000 \$58,078,000 in fiscal year 2012 in equipment notes are based on a grant of				
4	\$26,000 per school and \$50,000 per school division. For purposes of this grant program,				
5	eligible schools shall include schools that are subject to state accreditation and reporting				
6	membership in grades K through 12 as of September 30, 2010, for the fiscal year 2011				
7	issuance, and September 30, 2011, for the fiscal year 2012 issuance, as well as regional				
8	vocational centers, special education centers, alternative education centers, regular school year				
9	Governor's Schools, and the School for the Deaf and the Blind. Schools that serve only				
10	pre-kindergarten students shall not be eligible for this grant.				
11	5) Supplemental grants shall be allocated to eligible divisions to support schools that are not				
12	fully accredited in accordance with this paragraph. Schools that administer SOL tests in Spring				
13	2010 and that are not fully accredited based on school accreditation ratings in effect for fiscal				
14	year 2011 will qualify for a supplemental grant of \$26,000 per school in fiscal years 2011,				
15	2012, and 2013. Schools that administer SOL tests in Spring 2011 and that are not fully				
16	accredited based on school accreditation ratings in effect for fiscal year 2012 will qualify for a				
17	supplemental grant of \$26,000 per school in fiscal years 2012, 2013, and 2014. Schools				
18	eligible to receive these three-year supplemental grants shall only receive them one time.				
19	6) Required local match:				
20	a) Localities are required to provide a match for these funds equal to 20 percent of the grant				
21	amount, including the supplemental grants provided pursuant to paragraph g. 5). At least 25				
22	percent of the local match shall be used for teacher training in the use of instructional				
23	technology. The Superintendent of Public Instruction is authorized to reduce the required local				
24	match for school divisions with a composite index of local ability-to-pay below 0.2000. The				
25	School for the Deaf and the Blind is exempt from the match requirement.				
26	b) School divisions that administer 100 percent of SOL tests online in all elementary, middle,				
27	and high schools may use up to 75 percent of their required local match to purchase targeted				
28	technology-based interventions. Such interventions may include the necessary technology and				
29	software to support online learning, technology-based content systems, content management				
30	systems, technology equipment systems, information and data management systems, and other				
31	appropriate technologies that support the individual needs of learners. School divisions that				
32	receive supplemental grants of \$26,000 per school pursuant to paragraph g. 5) and where 100				
33	percent of SOL tests are administered online in the schools receiving the supplemental grants				
34	shall give first priority to purchasing these technology-based interventions as well as teacher				
35	training in the use of the interventions from their required local match.				
36	7) The goal of the education technology grant program is to improve the instructional,				
37	remedial, and testing capabilities of the Standards of Learning for local school divisions and to				
38	increase the number of schools achieving full accreditation.				
39	8) Funds shall be used in the following manner:				
40	a) Each division shall use funds to reach a goal, in each high school, of: (1) a 5-to-1 student to				
41	computer ratio; (2) an Internet-ready local area network (LAN) capability; and (3) high speed				
42	access to the Internet. School connectivity (computers, LANs and network access) shall include				
43	sufficient download/upload capability to ensure that each student will have adequate access to				
44	Internet-based instructional, remedial and assessment programs.				
45	b) When each high school in a division meets the goals established in paragraph a) above, the				
46	remaining funds shall be used to develop similar capability in first the middle schools and then				
47	the elementary schools.				
48	c) For purposes of establishing or enhancing a computer-based instructional program supporting				
49	the Standards of Learning pursuant to paragraph g. 1) above, school divisions may use these				
50	grant funds to purchase handheld multifunctional computing devices that support a broad range				
51	of applications and that are controlled by operating systems providing full multimedia support				
52	and mobile Internet connectivity. School divisions that elect to use these grant funds to				
53	purchase such qualifying handheld devices must continue to meet the on-line testing				
54	requirements stated in paragraph g. 1) above.

1	d) School divisions shall be eligible to apply for and receive supplemental grants of \$26,000				
2	per qualifying school pursuant to paragraph g. 5). These supplemental grants shall be used first				
3	for the purpose of developing and maintaining capacity to support 100 percent online SOL				
4	testing of all students in qualifying schools and helping the schools achieve full accreditation				
5	with the assistance of targeted technology-based interventions. Any purchase of				
6	technology-based interventions as described in paragraph g. 6) b) with supplemental grant funds				
7	must be qualifying expenses under the technology notes program. Eligibility for these funds				
8	requires divisions to submit an application and plan that includes goals, objectives, strategies,				
9	and a timeline for implementation. Division plans will be reviewed and approved by the				
10	Superintendent of Public Instruction prior to disbursement of the supplemental grant funds.				
11	e) Pursuant to § 15.2-1302, Code of Virginia, and in the event that two or more school				
12	divisions became one school division, whether by consolidation of only the school divisions or				
13	by consolidation of the local governments, such resulting division shall be provided funding				
14	through this program on the basis of having the same number of school divisions as existed				
15	prior to September 30, 2000.				
16	9) Local school divisions shall maximize the use of available federal funds, including E-Rate				
17	Funds, and to the extent possible, use such funds to supplement the program and meet the				
18	goals of this program.				
19	h. The Department of Education shall maintain criteria to determine if high schools, middle				
20	schools, or elementary schools have the capacity to meet the goals of this initiative. The				
21	Department of Education shall be responsible for the project management of this program.				
22	i.1) In the event that, on any scheduled payment date of bonds or notes of the Virginia Public				
23	School Authority (VPSA) issued for the purpose described in § 22.1-166.2, Code of Virginia,				
24	and not benefiting from the provisions of either § 22.1-168 (iii), (iv) and (v), Code of Virginia,				
25	or § 22.1-168.1, Code of Virginia, the available moneys in the Literary Fund are less than the				
26	amounts authorized for debt service due on such bonds or notes of the VPSA on such date,				
27	there is hereby appropriated to the VPSA from the general fund a sum equal to such				
28	deficiency.				
29	2) The Chairman of the Board of Commissioners of the VPSA shall, on or before November 1				
30	of each year, make and deliver to the Governor and the Secretary of Finance a certificate				
31	setting forth his estimate of total debt service during each fiscal year of the biennium on bonds				
32	and notes of the VPSA issued and projected to be issued during such biennium pursuant to				
33	the resolution referred to in paragraph 1) above. The Governor's budget submission each year shall				
34	include provisions for the payment of debt service pursuant to paragraph 1) above.				
35	j. Unspent proceeds of the notes, including investment income derived from the proceeds of the				
36	notes may be used to pay interest on, or to decrease principal of the notes.				
37	k.1) For the purposes of § 56-232, Code of Virginia, "Contracts of Telephone Companies with				
38	State Government" and for the purposes of § 56-234 "Contracts for Service Rendered by a				
39	Telephone Company for the State Government" shall be deemed to include communications				
40	lines into public schools which are used for educational technology. The rate structure for such				
41	lines shall be negotiated by the Superintendent of Public Instruction and the Chief Information				
42	Officer of the Virginia Information Technologies Agency. Further, the Superintendent and				
43	Director are authorized to encourage the development of "by-pass" infrastructure in localities				
44	where it fails to obtain competitive prices or prices consistent with the best rates obtained in				
45	other parts of the state.				
46	2) The State Corporation Commission, in its consideration of the discount for services provided				
47	to elementary schools, secondary schools, and libraries and the universal service funding				
48	mechanisms as provided under § 254 of the Telecommunications Act of 1996, is hereby				
49	encouraged to make the discounts for intrastate services provided to elementary schools,				
50	secondary schools, and libraries for educational purposes as large as is prudently possible and				
51	to fund such discounts through the universal fund as provided in § 254. The Commission shall				
52	proceed as expeditiously as possible in implementing these discounts and the funding				
53	mechanism for intrastate services, consistent with the rules of the Federal Communications				
54	Commission aimed at the preservation and advancement of universal service.

ITEM 132.		Item Details(\$)		Appropriations(\$)	
		First Year FY2011	Second Year FY2012	First Year FY2011	Second Year FY2012
1	a.1) It is the intent of the General Assembly that a payment estimated at \$60,482,416 the first				
2	year and \$65,104,439 \$62,780,182 the second year from the Lottery Proceeds Fund shall be				
3	disbursed by the Department of Education to schools and community-based organizations to				
4	provide quality preschool programs for at-risk four-year-olds unserved by Head Start program				
5	funding. In no event shall distributions from the Lottery Proceeds Fund be made directly to				
6	community-based or private providers.				
7	2) These state funds and required local matching funds shall be used to provide programs for				
8	at-risk four-year-old children which include quality preschool education, health services, social				
9	services, parental involvement and transportation. It shall be the policy of the Commonwealth				
10	that state funds and required local matching funds for the Virginia Preschool Initiative not be				
11	used for capital outlay. Programs must provide full-day or half-day and, at least, school-year				
12	services.				
13	3) The Department of Education, in cooperation with the Council on Child Day Care and Early				
14	Childhood Programs, shall establish academic standards that are in accordance with appropriate				
15	preparation for students to be ready to successfully enter kindergarten. These standards shall be				
16	established in such a manner as to be measurable for student achievement and success.				
17	Students shall be required to be evaluated in the fall and in the spring by each participating				
18	school division and the school divisions must certify that the Virginia Preschool Initiative				
19	program follows the established standards in order to receive the funding for quality preschool				
20	education and criteria for the service components. Such guidelines shall be consistent with the				
21	findings of the November 1993 study by the Board of Education, the Department of Education,				
22	and the Council on Child Day Care and Early Childhood Programs.				
23	4)a) Grants shall be distributed based on an allocation formula providing the state share of a				
24	\$6,000 grant for 100 percent of the unserved at-risk four-year-olds in each locality for a				
25	full-day program. Programs operating half-day shall receive state funds based on a fractional				
26	basis determined by the pro-rata portion of a full-day, school year program provided. Half-day				
27	programs shall operate for a minimum of three hours of classroom instructional time per day,				
28	excluding breaks for lunch or recess, and grants to half-day programs shall be funded based on				
29	the state share of \$3,000 per unserved at-risk four-year-old in each locality. Full-day programs				
30	shall operate for a minimum of five and one-half instructional hours, excluding breaks for				
31	meals and recess. No additional state funding is provided for programs operating greater than				
32	three hours per day but less than five and one-half hours per day. In determining the state and				
33	local shares of funding, the composite index of local ability-to-pay is capped at 0.5000.				
34	b) For new programs in the first year of implementation only, programs operating less than a				
35	full school year shall receive state funds on a fractional basis determined by the pro-rata				
36	portion of a school year program provided. In determining the prorated state funds to be				
37	received, a school year shall be 180 days.				
38	b.1) Any locality which desires to participate in this grant program must submit a proposal				
39	through its chief administrator (county administrator or city manager) by May 15 of each year.				
40	The chief administrator, in conjunction with the school superintendent, shall identify a lead				
41	agency for this program within the locality. The lead agency shall be responsible for				
42	developing a local plan for the delivery of quality preschool services to at-risk children which				
43	demonstrates the coordination of resources and the combination of funding streams in an effort				
44	to serve the greatest number of at-risk four-year-old children.				
45	2) The proposal must demonstrate coordination with all parties necessary for the successful				
46	delivery of comprehensive services, including the schools, child care providers, local social				
47	services agency, Head Start, local health department, and other groups identified by the lead				
48	agency.				
49	3) A local match, based on the composite index of local ability-to-pay, shall be required. For				
50	purposes of meeting the local match, localities may use local expenditures for existing				
51	qualifying programs, however, at least seventy-five percent of the local match will be cash and				
52	no more than twenty-five percent will be in-kind. In-kind contributions are defined as cash				
53	outlays that are made by the locality that benefit the program but are not directly charged to				
54	the program. The value of fixed assets cannot be considered as an in-kind contribution.				
55	Localities shall also continue to pursue and coordinate other funding sources, including child				
56	care subsidies. Funds received through this program must be used to supplement, not supplant,				
57	any funds currently provided for programs within the locality. However, in the event a locality

		First Year FY2011	Second Year FY2012	First Year FY2011	Second Year FY2012
1	is prohibited from continuing the previous level of support to programs for at-risk				
2	four-year-olds from Title I of the federal Elementary and Secondary Education Act (ESEA), the				
3	state and local funds provided in this grants program may be used to continue services to these				
4	Title I students. Such prohibition may occur due to amendments to the allocation formula in				
5	the reauthorization of ESEA as the No Child Left Behind Act of 2001 or due to a percentage				
6	reduction in a locality's Title I allocation in 2009-2010 or 2010-2011. Any locality so affected				
7	shall provide written evidence to the Superintendent of Public Instruction and request his				
8	approval to continue the services to Title I students.				
9	c. Local plans must provide clear methods of service coordination for the purpose of reducing				
10	the per child cost for the service, increasing the number of at-risk children served and/or				
11	extending services for the entire year. Examples of these include:				
12	1) "Wraparound Services" — methods for combining funds such as child care subsidy dollars				
13	administered by local social service agencies with dollars for quality preschool education				
14	programs.				
15	2) "Wrapout Services" — methods for using grant funds to purchase quality preschool services				
16	to at-risk four-year-old children through an existing child care setting by purchasing				
17	comprehensive services within a setting which currently provides quality preschool education.				
18	3) "Expansion of Service" — methods for using grant funds to purchase slots within existing				
19	programs, such as Head Start, which provide comprehensive services to at-risk four-year-old				
20	children.				
21	Local plans must indicate the number of at-risk four-year-old children to be served, and the				
22	criteria by which they will be determined to be at risk.				
23	d.1) The Department of Education and the Council on Child Day Care and Early Childhood				
24	Programs shall provide technical assistance for the administration of this grant program to				
25	provide assistance to localities in developing a comprehensive, coordinated, quality preschool				
26	program for serving at-risk four-year-old children.				
27	2) A pre-application session shall be provided by the Department and the Council on Child				
28	Day Care and Early Childhood Programs prior to the proposal deadline. The Department shall				
29	provide interested localities with information on models for service delivery, methods of				
30	coordinating funding streams, such as funds to match federal IV-A child care dollars, to				
31	maximize funding without supplanting existing sources of funding for the provision of services				
32	to at-risk four-year-old children. A priority for technical assistance in the design of programs				
33	shall be given to localities where the majority of the at-risk four-year-old population is				
34	currently unserved.				
35	e. The Department of Education is authorized to expend unobligated balances in this program's				
36	adopted budget allocations for grants to qualifying school divisions for one-time expenses,				
37	other than capital, related to start-up or expansion of programs.				
38	14. Early Reading Intervention Payments				
39	a. An additional payment of \$13,375,413 the first year and \$13,409,571 \$13,618,329 the second				
40	year from the Lottery Proceeds Fund shall be disbursed by the Department of Education to				
41	local school divisions for the purposes of providing early reading intervention services to				
42	students in grades kindergarten through 3 who demonstrate deficiencies based on their				
43	individual performance on diagnostic tests which have been approved by the Department of				
44	Education. The Department of Education shall review the tests of any local school board				
45	which requests authority to use a test other than the state-provided test to ensure that such local				
46	test uses criteria for the early diagnosis of reading deficiencies which are similar to those				
47	criteria used in the state-provided test. The Department of Education shall make the				
48	state-provided diagnostic test used in this program available to local school divisions. School				
49	divisions shall report the results of the diagnostic tests to the Department of Education on an				
50	annual basis at a time to be determined by the Superintendent of Public Instruction.				
51	b. These payments shall be based on the state's share of the cost of providing two and one-half				
52	hours of additional instruction each week for an estimated number of students in each school				
53	division at a student to teacher ratio of five to one. The estimated number of students in each

1	school division in each year shall be determined by multiplying the projected number of			
2	students reported in each school division's fall membership in grades kindergarten, 1, 2, and 3			
3	by the percent of students who are determined to need services based on diagnostic tests			
4	administered in the previous year in that school division and adjusted in the following manner:			
5		Year 1	Year 2	
6	Kindergarten	100%	100%	
7	Grade 1	100%	100%	
8	Grade 2	100%	100%	
9	Grade 3	25%	25%	
10	c. These payments are available to any school division that certifies to the Department of			
11	Education that an intervention program will be offered to such students and that each student			
12	who receives an intervention will be assessed again at the end of that school year. Such			
13	intervention programs, at the discretion of the local school division, may include, but not be			
14	limited to, the use of: special reading teachers; trained aides; volunteer tutors under the			
15	supervision of a certified teacher; computer-based reading tutorial programs; aides to instruct			
16	in-class groups while the teacher provides direct instruction to the students who need extra			
17	assistance; or extended instructional time in the school day or year for these students.			
18	Localities receiving these payments are required to match these funds based on the composite			
19	index of local ability-to-pay.			
20	15. Standards of Learning Algebra Readiness Payments			
21	a. An additional payment of \$9,074,317 the first year and \$9,062,788 \$9,185,714 the second			
22	year from the Lottery Proceeds Fund shall be disbursed by the Department of Education to			
23	local school divisions for the purposes of providing math intervention services to students in			
24	grades 6, 7, 8 and 9 who are at-risk of failing the Algebra I end-of-course test, as demonstrated			
25	by their individual performance on diagnostic tests which have been approved by the			
26	Department of Education. The Department of Education shall review the tests to ensure that			
27	such local test uses state-provided criteria for diagnosis of math deficiencies which are similar			
28	to those criteria used in the state-provided test. The Department of Education shall make the			
29	state-provided diagnostic test used in this program available to local school divisions. School			
30	divisions shall report the results of the diagnostic tests to the Department of Education on an			
31	annual basis at a time to be determined by the Superintendent of Public Instruction.			
32	b. These payments shall be based on the state's share of the cost of providing two and one-half			
33	hours of additional instruction each week for an estimated number of students in each school			
34	division at a student to teacher ratio of ten to one. The estimate number of students in each			
35	school division shall be determined by multiplying the projected number of students reported in			
36	each school division's fall membership by the percent of students that qualify for the federal			
37	Free Lunch Program.			
38	c. These payments are available to any school division that certifies to the Department of			
39	Education that an intervention program will be offered to such students and that each student			
40	who receives an intervention will be assessed again at the end of that school year. Localities			
41	receiving these payments are required to match these funds based on the composite index of			
42	local ability-to-pay.			
43	16.School Construction Grants Program Payments			
44	Notwithstanding the requirements of Section 22.1-175.5 of the Code of Virginia, school			
45	divisions are permitted to withdraw funds from local escrow accounts established pursuant to			
46	Section 22.1-175.5 to pay for recurring operational expenses incurred by the school division.			
47	Localities are not required to provide a local match of the withdrawn funds.			
48	17. English as a Second Language Payments

14	authorized under the laws of this Commonwealth to place children; (b) who has been placed in				
15	an orphanage or children's home which exercises legal guardianship rights; or (c) who is a				
16	resident of Virginia and has been placed, not solely for school purposes, in a child-caring				
17	institution or group home.				
18	b. This appropriation provides \$10,379,960 the first year and \$11,280,189 \$9,549,523 the				
19	second year from the Lottery Proceeds Fund to support children attending public school who				
20	have been placed in foster care or other such custodial care across jurisdictional lines, as				
21	provided by subsections A and B of § 22.1-101.1, Code of Virginia. To the extent these funds				
22	are not adequate to cover the full costs specified therein, the department is authorized to

31	middle and end of each month.				
32	26. Adult Literacy Payments

34	from the general fund for the ongoing literacy programs conducted by Mountain Empire				
35	Community College, and \$125,000 the first year and \$125,000 the second year from the				
36	general fund will be transferred to the Department of Housing and Community Development to				
37	support workforce literacy and training.				
38	b. Out of this appropriation, the Department of Education shall provide \$100,000 the first year				
39	and \$100,000 the second year from the general fund for the Virginia Literacy Foundation				
40	grants to support programs for adult literacy including those delivered by community-based				
41	organizations and school divisions providing services for adults with 0-9th grade reading skills.				
42	c. Out of this appropriation, the Department of Education shall provide \$40,375 the first year				
43	and \$40,375 the second year from the general fund to Virginia Tech as the fiscal agent for the				
44	Virginia Educational Technology Alliance to provide teacher training opportunities in the				
45	effective use of educational technologies to full-time, part-time and volunteer teachers involved				
46	in adult education and literacy programs in the Commonwealth.				
47	27. Governor's School Payments

49	provide assistance for the state share of the incremental cost of regular school year Governor's				

ITEM 132.		Item Details(\$)		Appropriations(\$)

1	Schools based on each participating locality's composite index of local ability-to-pay.				
2	Participating school divisions must certify that no tuition is assessed students for participation				
3	in this program.				
4	b. Out of the amounts for Governor's School Payments, the Department of Education shall				
5	provide assistance for the state share of the incremental cost of summer residential Governor's				
6	Schools and Foreign Language Academies to be based on the greater of the state's share of the				
7	composite index of local ability-to-pay or 50 percent. Participating school divisions must				
8	certify that no tuition is assessed students for participation in this program if they are enrolled				
9	in a public school.				
10	c. For the Summer Governor's Schools and Foreign Language Academies programs, the				
11	Superintendent of Public Instruction is authorized to adjust the tuition rates, types of programs				
12	offered, length of programs, and the number of students enrolled in order to maintain costs				
13	within the available state and local funds for these programs.				
14	d. It shall be the policy of the Commonwealth that state general fund appropriations not be				
15	used for capital outlay, structural improvements, renovations, or fixed equipment costs				
16	associated with initiation of existing or proposed Governor's schools. State general fund				
17	appropriations may be used for the purchase of instructional equipment for such schools,				
18	subject to certification by the Superintendent of Public Instruction that at least an equal amount				
19	of funds has been committed by participating school divisions to such purchases.				
20	e. The Board of Education shall not take any action that would increase the state's share of				
21	costs associated with the Governor's Schools as set forth in this Item. This provision shall not				
22	prohibit the Department of Education from submitting requests for the increased costs of				
23	existing programs resulting from updates to student enrollment for school divisions currently				
24	participating in existing programs or for school divisions that begin participation in existing				
25	programs.				
26	f.1) Regular school year Governor's Schools are funded through this Item based on the state's				
27	share of the incremental per pupil cost for providing such programs for each student attending				
28	a Governor's School up to a cap of 1,650 students per Governor's School. This incremental per				
29	pupil payment shall be adjusted for the composite index of the school division that counts such				
30	students attending an academic year Governor's School in their March 31 Average Daily				
31	Membership. It is the intent of the General Assembly that this incremental per pupil amount				
32	be in addition to the basic aid per pupil funding provided to the affected school division for				
33	such students. Therefore, local school divisions are encouraged to provide the appropriate				
34	portion of the basic aid per pupil funding to the Governor's Schools for students attending these				
35	programs, adjusted for costs incurred by the school division for transportation, administration,				
36	and any portion of the day that the student does not attend a Governor's School.				
37	2) Students attending a revolving Academic Year Governor's School program for only one				
38	semester shall be counted as 0.50 of a full-time equivalent student and will be funded for only				
39	fifty percent of the full-year funded per pupil amount. Funding for students attending a				
40	revolving Academic Year program will be adjusted based upon actual September 30th and				
41	January 30th enrollment each fiscal year. For purposes of this Item, revolving programs shall				
42	mean Academic Year Governor's School programs that admit students on a semester basis.				
43	3) Students attending a continuous, non-revolving Academic Year Governor's School program				
44	shall be counted as a full-time equivalent student and will be funded for the full-year funded				
45	per pupil amount. Funding for students attending a continuous, non-revolving Academic Year				
46	Governor's School program will be adjusted based upon actual September 30th student				
47	enrollment each fiscal year. For purposes of this Item, continuous, non-revolving programs				
48	shall mean Academic Year Governor's School programs that only admit students at the				
49	beginning of the school year. Fairfax County Public Schools shall not reduce local per pupil				
50	funding for the Thomas Jefferson Governor's School below the amounts appropriated for the				
51	2003-2004 school year.				
52	28. School Nutrition Payments				
53	It is provided that, subject to implementation by the Superintendent of Public Instruction, no				
54	disbursement shall be made out of the appropriation for school nutrition to any locality in				
55	which the schools permit the sale of competitive foods in food service facilities or areas during

1	the time of service of food funded pursuant to this Item.				
2	29. School Breakfast Payments				
3	a. Out of this appropriation, \$2,497,421 the first year and \$2,935,937 \$2,891,423 the second				
4	year from the Lottery Proceeds Fund is included for the purpose of establishing a state funded				
5	incentive program to maximize federal school nutrition revenues and increase student				
6	participation in the school breakfast program. These funds are available to any school division				
7	as a reimbursement for breakfast meals served that are in excess of the baseline established by				
8	the Department of Education. The per meal reimbursement shall be \$0.22; however, the				
9	department is authorized, but not required to reduce this amount proportionately in the event				
10	that the actual number of meals to be reimbursed exceeds the number on which this				
11	appropriation is based so that this appropriation is not exceeded.				
12	b. In order to receive these funds, school divisions must certify that these funds will be used to				
13	supplement existing funds provided by the local governing body and that local funds derived				
14	from sources that are not generated by the school nutrition programs have not been reduced or				
15	eliminated. The funds shall be used to improve student participation in the school breakfast				
16	program. These efforts may include, but are not limited to, reducing the per meal price paid by				
17	students, reducing competitive food sales in order to improve the quality of nutritional offerings				
18	in schools, increasing access to the school breakfast program, or providing programs to increase				
19	parent and student knowledge of good nutritional practices. In no event shall these funds be				
20	used to reduce local tax revenues below the level appropriated to school nutrition programs in				
21	the prior year. Further, these funds must be provided to the school nutrition programs and may				
22	not be used for any other school purpose.				
23	30. Clinical Faculty and Mentor Teacher Program Payments				
24	This appropriation includes \$1,000,000 the first year and \$1,000,000 the second year from the				
25	Lottery Proceeds Fund to be paid to local school divisions for statewide Mentor Teacher				
26	Programs to assist pre-service teachers and beginning teachers to make a successful transition				
27	into full-time teaching. This appropriation also includes \$318,750 the first year and \$318,750				
28	the second year from the general fund for Clinical Faculty programs to assist pre-service				
29	teachers and beginning teachers to make a successful transition into full-time teaching. Such				
30	programs shall include elements which are consistent with the following:				
31	a. An application process for localities and school/higher education partnerships that wish to				
32	participate in the programs;				
33	b. For Clinical Faculty programs only, provisions for a local funding or institutional				
34	commitment of 50 percent, to match state grants of 50 percent;				
35	c. Program plans which include a description of the criteria for selection of clinical faculty and				
36	mentor teachers, training, support, and compensation for clinical faculty and mentor teachers,				
37	collaboration between the school division and institutions of higher education, the clinical				
38	faculty and mentor teacher assignment process, and a process for evaluation of the programs;				
39	d. The Department of Education shall allow flexibility to local school divisions and higher				
40	education institutions regarding compensation for clinical faculty and mentor teachers consistent				
41	with these elements of the programs; and				
42	e. It is the intent of the General Assembly that no preference between pre-service or beginning				
43	teacher programs be construed by the language in this Item. School divisions operating				
44	beginning teacher mentor programs shall receive equal consideration for funding.				
45	31. Career Switcher/Alternative Licensure Payments				
46	Appropriations in this Item include \$279,983 the first year and \$279,983 the second year from				
47	the general fund to provide grants to school divisions that employ mentor teachers for new				
48	teachers entering the profession through the alternative route to licensure as prescribed by the				
49	Board of Education.

11	Virginia Department of Social Services for federal Title IV-E shall be used.				
12	C. The funding formula to carry out the provisions of the Comprehensive Services Act for				
13	At-Risk Youth and Families is as follows:				
14	1. Allocations. The allocations for the Medicaid and non-Medicaid pools shall be the amounts				
15	specified in paragraphs B 1 b and B 1 c in this Item. These funds shall be distributed to each				
16	locality in each year of the biennium based on the greater of that locality's percentage of actual				
17	1997 Comprehensive Services Act pool fund program expenditures to total 1997 pool fund				
18	program expenditures or the latest available three-year average of actual pool fund program				
19	expenditures as reported to the state fiscal agent.				
20	2. Local Match. All localities are required to appropriate a local match for the base year				
21	funding consisting of the actual aggregate local match rate based on actual total 1997 program				
22	expenditures for the Comprehensive Services Act for At-Risk Youth and Families. This local				
23	match rate shall also apply to all reimbursements from the state pool of funds in this Item and				
24	carryforward expenditures submitted prior to September 30 each year for the preceding fiscal				
25	year, including administrative reimbursements under paragraph C 4 in this Item.

27	match rate for community based services for each locality shall be reduced by 50 percent.				
28	b. Localities shall review their caseloads for those individuals who can be served appropriately				
29	by community-based services and transition those cases to the community for services.				
30	Beginning July 1, 2009, the local match rate for non-Medicaid residential services for each				
31	locality shall be 25 percent above the fiscal year 2007 base. Beginning July 1, 2011, the local				
32	match rate for Medicaid residential services for each locality shall be 25 percent above the				
33	fiscal year 2007 base.				
34	c. By October 1 of each year, The State Executive Council (SEC) shall provide an update to				
35	the Governor and the Chairmen of the House Appropriations and Senate Finance Committees				
36	on the outcomes of this initiative.				
37	d. At the direction of the State Executive Council, local Community Policy and Management				
38	Teams (CPMTs) and Community Services Boards (CSBs) shall work collaboratively in their				
39	service areas to develop a local plan for intensive care coordination (ICC) services that best				
40	meets the needs of the children and families. If there is more than one CPMT in the CSB's				
41	service area, the CPMTs and the CSB may work together as a region to develop a plan for				
42	ICC services. Local CPMTs and CSBs shall also work together to determine the most				
43	appropriate and cost-effective provider of ICC services for children in their community who are				
44	placed in, or at-risk of being placed in, residential care through the Comprehensive Services				
45	Act for At-Risk Youth and Families program, in accordance with guidelines developed by the				
46	State Executive Council. The State Executive Council and Office of Comprehensive Services				
47	shall establish guidelines for reasonable rates for ICC services and provide training and				
48	technical assistance to CPMTs and fiscal agents regarding these services.				
49	e. The local match rate for all non-Medicaid services provided in the public schools after June				
50	30, 2011 shall equal the fiscal year 2007 base.				
51	4. Local Administrative Costs. Out of this appropriation, an amount equal to two percent of the				
52	fiscal year 1997 pool fund allocations, not to exceed \$1,560,000 the first year and \$1,560,000				

ITEM 274.		Item Details(\$)		Appropriations(\$)

1	the second year from the general fund, shall be allocated among all localities for administrative				
2	costs. Every locality shall be required to appropriate a local match based on the local match				
3	contribution in paragraph C 2 of this Item. Inclusive of the state allocation and local matching				
4	funds, every locality shall receive the larger of \$12,500 or an amount equal to two percent of				
5	the total pool allocation. No locality shall receive more than \$50,000, inclusive of the state				
6	allocation and local matching funds. Localities are encouraged to use administrative funding to				
7	hire a full-time or part-time local coordinator for the Comprehensive Services Act program.				
8	Localities may pool this administrative funding to hire regional coordinators.				
9	5. Definition. For purposes of the funding formula in the Comprehensive Services Act for				
10	At-Risk Youth and Families, "locality" means city or county.

12	E. Community Policy and Management Teams shall use Medicaid-funded services whenever				
13	they are available for the appropriate treatment of children and youth receiving services under				
14	the Comprehensive Services Act for At-Risk Children and Youth. Effective July 1, 2009, pool				
15	funds shall not be spent for any service that can be funded through Medicaid for				
16	Medicaid-eligible children and youth except when Medicaid-funded services are unavailable or				
17	inappropriate for meeting the needs of a child.				
18	F. Pursuant to subdivision 3 of §2.2-52.06, Code of Virginia, Community Policy and				
19	Management Teams shall enter into agreements with the parents or legal guardians of children				
20	receiving services under the Comprehensive Services Act for At-Risk Children and Youth. The				
21	Office of Comprehensive Services shall be a party to any such agreement. If the parent or legal				
22	guardian fails or refuses to pay the agreed upon sum on a timely basis and a collection action				
23	cannot be referred to the Division of Child Support Enforcement of the Department of Social				
24	Services, upon the request of the community policy management team, the Office of				
25	Comprehensive Services shall make a claim against the parent or legal guardian for such				
26	payment through the Department of Law's Division of Debt Collection in the Office of the				
27	Attorney General.				
28	G. The Office of Comprehensive Services, in cooperation with the Department of Medical				
29	Assistance Services, shall provide technical assistance and training to assist residential and				
30	treatment foster care providers who provide Medicaid-reimbursable services through the				
31	Comprehensive Services Act for At-Risk Children and Youth (CSA) to become				
32	Medicaid-certified providers.				
33	H. The Office of Comprehensive Services shall work with the State Executive Council and the				
34	Department of Medical Assistance Services to assist Community Policy and Management				
35	Teams in appropriately accessing a full array of Medicaid-funded services for Medicaid-eligible				
36	children and youth through the Comprehensive Services Act for At-Risk Children and Youth,				
37	thereby increasing Medicaid reimbursement for treatment services and decreasing the number of				
38	denials for Medicaid services related to medical necessity and utilization review activities.				
39	I. Pursuant to subdivision 19 of §2.2-2648, Code of Virginia, no later than December 20 in the				
40	odd-numbered years, the State Executive Council shall biennially publish and disseminate to				
41	members of the General Assembly and Community Policy and Management Teams a progress				
42	report on comprehensive services for children, youth and families and a plan for such services				
43	for the succeeding biennium.				
44	J. Out of this appropriation, \$275,000 the first year and \$275,000 the second year from the				
45	general fund shall be used to purchase and maintain an information system to provide quality				
46	and timely child demographic, service, expenditure and outcome data.				
47	K. The State Executive Council shall work with the Department of Education to ensure that				
48	funding in this item is sufficient to pay for the educational services of students that have been				
49	placed in or admitted to state or privately operated psychiatric or residential treatment facilities				
50	to meet the educational needs of the students as prescribed in the student's Individual				
51	Educational Plan (IEP).				
52	L. The Office of Comprehensive Services, in collaboration with the Department of Medical				
53	Assistance Services, shall explore the possibility of transferring the comprehensive services

3	well as a timeline for implementation, by October 1, 2011.				
4	M. The State Executive Council (SEC) shall authorize guidelines for therapeutic foster care				
5	(TFC) services, including a standardized definition of therapeutic foster care services, uniform				
6	service needs criteria required for the utilization of therapeutic foster care services, uniform				
7	placement outcome goals to include length of stay targets when the service is indicated and				
8	uniform contracting requirements when purchasing therapeutic foster care services. The SEC				
9	shall authorize the use of regional contracts for the provision of TFC services. The SEC shall				
10	direct the Office of Comprehensive Services to (i) work with stakeholders to develop these				
11	guidelines for the provision of TFC and (ii) develop regional contracts for the provision of				
12	TFC, with the goal of decreasing the unit cost of social services and maintaining or increasing				
13	the quality and effectiveness of the services. The SEC shall focus its attention on rural areas				
14	and areas with few service providers. Training will be provided for all local departments of				
15	social services, family assessment and planning teams, community policy and management				
16	teams and therapeutic foster care services providers on these guidelines. The Director of the				
17	Office of Comprehensive Services shall report the progress of these efforts to the SEC at its				
18	regularly scheduled meetings.				
19	N.1. The Office of Comprehensive Services (OCS) shall report on funding for therapeutic foster				
20	care services including but not limited to the number of children served annually, average cost				
21	of care, type of service provided, length of stay, referral source, and ultimate disposition. In				
22	addition, the OCS shall provide guidance and training to assist localities in negotiating				
23	contracts with therapeutic foster care providers.				
24	2. The Office of Comprehensive Services shall report on funding for special education day				
25	treatment, residential services, and services provided in public schools, including but not				
26	limited to the number of children served annually, average cost of care, type of service

44	care vendor, unless the dentist is a willing participant in the commercial managed care plan.			
45	K. It is the intent of the General Assembly that the use of the new atypical medications to treat			
46	seriously mentally ill Medicaid recipients should be supported by the formularies used to			
47	reimburse claims under the Medicaid fee-for-service and managed care plans.			
48	L.1. The Department of Medical Assistance Services shall have the authority to seek federal

8	governments, that focus on optimizing Medicaid claims and cost recoveries. Any revenues				
9	generated through these activities shall be transferred to the Virginia Health Care Fund to be				
10	used for the purposes specified in this Item.				
11	N. The Department of Medical Assistance Services shall retain the savings necessary to				
12	reimburse a vendor for its efforts to implement paragraph M of this Item. However, prior to				
13	reimbursement, the department shall identify for the Secretary of Health and Human Resources				
14	each of the vendor's revenue maximization efforts and the manner in which each vendor would				
15	be reimbursed. No reimbursement shall be made to the vendor without the prior approval of the				
16	above plan by the Secretary.				
17	O. The Department of Medical Assistance Services in cooperation with the State Executive				
18	Council, shall provide semi-annual training to local Comprehensive Services Act teams on the				
19	procedures for use of Medicaid for residential treatment and treatment foster care services,

21	related reporting requirements. The department shall include in this training information on the				
22	proper utilization of inpatient and outpatient mental health services as covered by the Medicaid				
23	State Plan.				
24	P.1. Notwithstanding § 32.1-331.12 et seq., Code of Virginia, the Department of Medical				
25	Assistance Services, in consultation with the Department of Behavioral Health and				
26	Developmental Services, shall amend the State Plan for Medical Assistance Services to modify				
27	the delivery system of pharmaceutical products to include a Preferred Drug List. In developing				
28	the modifications, the department shall consider input from physicians, pharmacists,				
29	pharmaceutical manufacturers, patient advocates, and others, as appropriate.				
30	2.a. The department shall utilize a Pharmacy and Therapeutics Committee to assist in the				
31	development and ongoing administration of the Preferred Drug List program. The Pharmacy				
32	and Therapeutics Committee shall be composed of 8 to 12 members, including the				
33	Commissioner, Department of Behavioral Health and Developmental Services, or his designee.				
34	Other members shall be selected or approved by the department. The membership shall include				
35	a ratio of physicians to pharmacists of 2:1 and the department shall ensure that at least one-half				
36	of the physicians and pharmacists are either direct providers or are employed with organizations				
37	that serve recipients for all segments of the Medicaid population. Physicians on the committee				
38	shall be licensed in Virginia, one of whom shall be a psychiatrist, and one of whom specializes				
39	in care for the aging. Pharmacists on the committee shall be licensed in Virginia, one of whom				
40	shall have clinical expertise in mental health drugs, and one of whom has clinical expertise in				
41	community-based mental health treatment. The Pharmacy and Therapeutics Committee shall				
42	recommend to the Department (i) which therapeutic classes of drugs should be subject to the				
43	Preferred Drug List program and prior authorization requirements; (ii) specific drugs within				
44	each therapeutic class to be included on the preferred drug list; (iii) appropriate exclusions for				
45	medications, including atypical anti-psychotics, used for the treatment of serious mental				
46	illnesses such as bi-polar disorders, schizophrenia, and depression; (iv) appropriate exclusions				
47	for medications used for the treatment of brain disorders, cancer and HIV-related conditions;				
48	(v) appropriate exclusions for therapeutic classes in which there is only one drug in the				
49	therapeutic class or there is very low utilization, or for which it is not cost-effective to include				
50	in the Preferred Drug List program; and (vi) appropriate grandfather clauses when prior				
51	authorization would interfere with established complex drug regimens that have proven to be				
52	clinically effective. In developing and maintaining the preferred drug list, the cost effectiveness				
53	of any given drug shall be considered only after it is determined to be safe and clinically				
54	effective.				
55	b. The Pharmacy and Therapeutics Committee shall schedule meetings at least semi-annually				
56	and may meet at other times at the discretion of the chairperson and members. At the				
57	meetings, the Pharmacy and Therapeutics committee shall review any drug in a class subject to				
58	the Preferred Drug List that is newly approved by the Federal Food and Drug Administration,				
59	provided there is at least thirty (30) days notice of such approval prior to the date of the

2	3. The department shall establish a process for acting on the recommendations made by the				
3	Pharmacy and Therapeutics Committee, including documentation of any decisions which				
4	deviate from the recommendations of the Committee.				
5	4. The Preferred Drug List program shall include provisions for (i) the dispensing of a 72-hour				
6	emergency supply of the prescribed drug when requested by a physician and a dispensing fee				
7	to be paid to the pharmacy for such supply; (ii) prior authorization decisions to be made within				
8	24 hours and timely notification of the recipient and/or the prescribing physician of any delays				
9	or negative decisions; (iii) an expedited review process of denials by the department; and (iv)				
10	consumer and provider education, training and information regarding the Preferred Drug List				
11	prior to implementation, and ongoing communications to include computer access to				
12	information and multilingual material.				
13	5. The Preferred Drug List program shall generate savings as determined by the department that				
14	are net of any administrative expenses to implement and administer the program.				
15	6. Notwithstanding § 32.1-331.12 et seq., Code of Virginia, to implement these changes, the				
16	Department of Medical Assistance Services shall promulgate emergency regulations to become				
17	effective within 280 days or less from the enactment of this act. With respect to such state plan				
18	amendments and regulations, the provisions of § 32.1-331.12 et seq., Code of Virginia, shall				
19	not apply. In addition, the department shall work with the Department of Behavioral Health and				
20	Development Services to consider utilizing a Preferred Drug List program for its non-Medicaid				
21	clients.				
22	7. The Department of Medical Assistance Services shall (i) exempt antidepressant, antianxiety				
23	and antipsychotic medications used for the treatment of mental illness from the Medicaid				
24	Preferred Drug List program; (ii) continually review utilization of behavioral health medications				
25	under the State Medicaid Program for Medicaid recipients; and (iii) ensure appropriate use of				
26	these medications according to federal Food and Drug Administration (FDA) approved				
27	indications and dosage levels. The department may also require retrospective clinical				
28	justification according to FDA approved indications and dosage levels for the use of multiple				
29	behavioral health drugs for a Medicaid patient. For individuals 18 years of age and younger				
30	who are prescribed three or more behavioral health drugs, the department may implement				
31	clinical edits that target inefficient, ineffective, or potentially harmful prescribing patterns in				
32	accordance with FDA-approved indications and dosage levels. The department shall report on				
33	the utilization and cost of drugs exempted under the provisions of this paragraph to the				
34	Chairmen of the House Appropriations and Senate Finance Committees by December 1, 2010.				
35					
36	Q. The Department of Medical Assistance Services shall reimburse school divisions who sign				
37	an agreement to provide administrative support to the Medicaid program and who provide				
38	documentation of administrative expenses related to the Medicaid program 50 percent of the				
39	Federal Financial Participation by the department.				
40	R. In the event that the Department of Medical Assistance Services decides to contract for				
41	pharmaceutical benefit management services to administer, develop, manage, or implement				
42	Medicaid pharmacy benefits, the department shall establish the fee paid to any such contractor				
43	based on the reasonable cost of services provided. The department may not offer or pay				
44	directly or indirectly any material inducement, bonus, or other financial incentive to a program				
45	contractor based on the denial or administrative delay of medically appropriate prescription				
46	drug therapy, or on the decreased use of a particular drug or class of drugs, or a reduction in				
47	the proportion of beneficiaries who receive prescription drug therapy under the Medicaid				
48	program. Bonuses cannot be based on the percentage of cost savings generated under the				
49	benefit management of services.				
50	S.1. The Department of Medical Assistance Services shall amend the State Plan for Medical				
51	Assistance to modify the reimbursement methodology used to reimburse for generic drug				
52	products. The new methodology shall reimburse for the product cost based on a Maximum				
53	Allowable Cost list to be established by the department. Such amendments shall be effective				
54	within 280 days or less from the enactment of this act.

1	2. In developing the maximum allowable cost (MAC) reimbursement rate for generic				
2	pharmaceuticals, the department shall: (i) if publicly available, publish the factors used to set				
3	state MAC rates, including the identity of the reference product used to set the MAC rate; the				
4	GCN number of the reference product; the factor by which the MAC rate exceeds the reference				
5	product price, which shall be not less than 110 percent of the lowest-published wholesale				
6	acquisition cost for products widely available for purchase in the state, and included in national				
7	pricing compendia; and the identity and date of the published compendia used to determine the				
8	reference product and set the MAC rate; (ii) identify three different suppliers that are able to				
9	supply the product and from whom pharmacies are able to purchase sufficient quantities of the				
10	drug. The drugs considered must be listed as therapeutically and pharmaceutically equivalent in				
11	the FDA's most recent version of the "Orange Book"; (iii) identify that the use of a MAC rate				
12	is lower than the Federal Upper Limit (FUL) for the drug, or the development of a MAC rate				
13	that does not have a FUL will not result in the use of higher-cost innovator brand name or				
14	single source drugs in the Medicaid program; and (iv) distribute the list of state MAC rates to				
15	pharmacy providers in a timely manner prior to the implementation of MAC rates and				
16	subsequent modifications.				
17	3. The department shall: (i) review and update the list of MAC rates at least quarterly; (ii)				
18	implement and maintain a procedure to eliminate products from the list, or modify MAC rates,				
19	consistent with changes in the marketplace; and (iii) provide an administrative appeals				
20	procedure to allow a dispensing provider to contest a listed MAC rate.				
21	4. The department shall conduct an analysis of the fiscal impact of the implementation of				
22	"Average Manufacturer Price" (AMP), as required by the federal Deficit Reduction Act of				
23	2005, Public Law 109-171. Upon the later of April 15, 2008, or 90 days after the effective date				
24	of the regulation that the United States Secretary of Health and Human Services must				
25	promulgate under Section 6001(c)(3) of the 'Deficit Reduction Act of 2005,' Pub. L. No.				
26	109-171, the department shall report to the Governor and the chairmen of the Senate Finance				
27	and House Appropriations Committees the amount of savings anticipated in the Medicaid				
28	Forecast as a result of this change in federal law. In the event that anticipated pharmacy				
29	savings exceed the amount of savings assumed in the Medicaid Forecast, the department shall				
30	make recommendations concurrently with the report regarding the adjustment of pharmacy				
31	dispensing fees based on the impact of changes in local pharmacy reimbursements.				
32	T.1. The estimated revenue for the Virginia Health Care Fund is \$287,743,698 the first year				
33	and \$299,596,830 \$283,583,707 the second year, to be used pursuant to the uses stated in				
34	§32.1-367, Code of Virginia.				
35	2. Notwithstanding §32.1-366, Code of Virginia, the State Comptroller shall deposit 41.5				
36	percent of the Commonwealth's allocation of the Master Settlement Agreement with tobacco

38	Fund.				
39	3. Notwithstanding any other provision of law, the State Comptroller shall deposit 50 percent				
40	of the Commonwealth's allocation of the Strategic Contribution Fund payment pursuant to the				
41	Master Settlement Agreement with tobacco product manufacturers into the Virginia Health Care				
42	Fund.

44	Services includes \$285,993,227 the first year and \$297,592,267 \$281,579,144 the second year				
45	from the Virginia Health Care Fund.				
46	5. Out of the amounts estimated in paragraph T.1., \$1,750,471 the first year and \$2,004,563 the				
47	second year is appropriated in Item 296 to be used as state match for the Children's Health				
48	Insurance Program.				
49	U. The Department of Medical Assistance Services shall ensure that in the process of				
50	developing the Preferred Drug List, the Pharmacy and Therapeutics Committee considers the				
51	value of including those prescription medications which improve drug regimen compliance,				
52	reduce medication errors, or decrease medication abuse through the use of medication delivery				
53	systems that include, but are not limited to, transdermal and injectable delivery systems.				
54	V. The Department of Medical Assistance Services, in cooperation with the Department of				
55	Social Services' Division of Child Support Enforcement, shall identify and initiate third party

2	contribute to the medical cost of a child who is enrolled in the Medicaid or Family Access to				
3	Medical Insurance Security (FAMIS) Programs.				
4	W.1. Within the limits of this appropriation, the Department of Medical Assistance Services				
5	shall work with its contracted managed care organizations and fee-for-service health care				
6	providers to: (i) raise awareness among the providers who serve the Medicaid population about				
7	the health risks of chronic kidney disease; (ii) establish effective means of identifying patients				
8	with this condition; and (iii) develop strategies for improving the health status of these				
9	patients. The department shall work with the National Kidney Foundation to prepare and				
10	disseminate information for physicians and other health care providers regarding generally				
11	accepted standards of clinical care and the benefits of early identification of individuals at				
12	highest risk of chronic kidney disease.				
13	2. Effective July 1, 2006, the department shall request any clinical laboratory performing a				
14	serum creatinine test on a Medicaid recipient over the age of 18 years to calculate and report to				
15	the physician the estimated glomerular filtration rate (eGFR) of the patient and shall report it as

21	chronic care management programs services for Medicaid recipients.				
22	Y.1. Notwithstanding the provisions of § 32.1-325.1:1, Code of Virginia, upon identifying that				
23	an overpayment for medical assistance services has been made to a provider, the Director,				
24	Department of Medical Assistance Services shall notify the provider of the amount of the				
25	overpayment. Such notification of overpayment shall be issued within the earlier of (i) four				
26	years after payment of the claim or other payment request, or (ii) four years after filing by the				
27	provider of the complete cost report as defined in the Department of Medical Assistance				
28	Services' regulations, or (iii) 15 months after filing by the provider of the final complete cost				
29	report as defined in the Department of Medical Assistance Services' regulations subsequent to				
30	sale of the facility or termination of the provider.				
31	2. Notwithstanding the provisions of § 32.1-325.1, Code of Virginia, the director shall issue an				
32	informal fact-finding conference decision concerning provider reimbursement in accordance				
33	with the State Plan for Medical Assistance, the provisions of § 2.2-4019, Code of Virginia, and				
34	applicable federal law. The informal fact-finding conference decision shall be issued within 180				
35	days of the receipt of the appeal request. If the agency does not render an informal fact-finding				
36	conference decision within 180 days of the receipt of the appeal request, the decision is				
37	deemed to be in favor of the provider. An appeal of the director's informal fact-finding				
38	conference decision concerning provider reimbursement shall be heard in accordance with				
39	§ 2.2-4020 of the Administrative Process Act (§ 2.2-4020 et seq.) and the State Plan for				
40	Medical Assistance provided for in § 32.1-325, Code of Virginia. Once a final agency case				
41	decision has been made, the director shall undertake full recovery of such overpayment whether				
42	or not the provider disputes, in whole or in part, the informal fact-finding conference decision				
43	or the final agency case decision. Interest charges on the unpaid balance of any overpayment				
44	shall accrue pursuant to § 32.1-313, Code of Virginia, from the date the Director's agency case				
45	decision becomes final.				
46	Z. Any hospital that was designated a Medicare-dependent small rural hospital, as defined in 42				
47	U.S.C. §1395ww (d) (5) (G) (iv) prior to October 1, 2004, shall be designated a rural hospital				
48	pursuant to 42 U.S.C. §1395ww (d) (8) (ii) (II) on or after September 30, 2004.				
49	AA.1. The Department of Medical Assistance Services may amend the State Plan for Medical				
50	Assistance Services to modify the delivery system of pharmaceutical products to include a				
51	specialty drug program. In developing the modifications, the department shall consider input				
52	from physicians, pharmacists, pharmaceutical manufacturers, patient advocates, the Pharmacy				
53	Liaison Committee, and others as appropriate.

3	of the specialty drug program and publish the same on the department's website.				
4	3. In the event that the Department of Medical Assistance Services contracts with a vendor, the				
5	department shall establish the fee paid to any such contractor based on the reasonable cost of				
6	services provided. The department may not offer or pay directly or indirectly any material				
7	inducement, bonus, or other financial incentive to a program contractor based on the denial or				
8	administrative delay of medically appropriate prescription drug therapy, or on the decreased use				
9	of a particular drug or class of drugs, or a reduction in the proportion of beneficiaries who				
10	receive prescription drug therapy under the Medicaid program. Bonuses cannot be based on the				
11	percentage of cost savings generated under the benefit management of services.				
12	4. The department shall: (i) review, update and publish the list of authorized specialty drugs,				
13	utilization guidelines, and rates at least quarterly; (ii) implement and maintain a procedure to				
14	revise the list or modify specialty drug program utilization guidelines and rates, consistent with				
15	changes in the marketplace; and (iii) provide an administrative appeals procedure to allow				
16	dispensing or prescribing provider to contest the listed specialty drugs and rates.				
17	5. The department shall report on savings and quality improvements achieved through the				
18	implementation measures for the specialty drug program to the Chairmen of the House				
19	Appropriations and Senate Finance Committees, the Joint Commission on Health Care, and the

22	Administrative Process Act to effect these provisions.				
23	BB. The Department of Medical Assistance Services shall work with representatives of the				
24	nursing home provider associations to develop a revised cost-reporting methodology which				
25	improves the timeliness and efficiency of the current process. A specific goal of such an				
26	enhanced process would be to decrease by one year the look-back period used within the				
27	biennial cost ceiling rebase determination.				
28	CC. The Department of Medical Assistance Services shall have the authority to amend the				
29	State Plan of Medical Assistance Services, the Virginia Plan for Title XXI of the Social				
30	Security Act and the Family Access the Medical Insurance Security Plan to implement				
31	modifications to the Medicaid program to comply with the mandated provisions of the federal				
32	Children's Health Insurance Program Reauthorization Act of 2009. This authorization shall				
33	apply only to those provisions the states are required to implement within 280 days of				
34	enactment of this Appropriation Act. The department shall have the authority to enact				
35	emergency regulations under § 2.2-4011 of the Administrative Process Act to effect this				
36	provision. The department shall notify the Chairmen of the House Appropriations and Senate				
37	Finance Committees no less than 30 days prior to the submission of amendments to the State				
38	Plan of Medical Assistance Services.				
39	DD. The Department of Medical Assistance Services, in consultation with the appropriate				
40	stakeholders, shall develop a long-range blueprint for the development and implementation of				
41	an integrated acute and long-term care system. This plan shall: (i) explain how the various				
42	community and state level stakeholders will be involved in the development and				
43	implementation of the new program model(s); (ii) describe the various steps for development				
44	and implementation of the program model(s), including a review of other states' models,				
45	funding, populations served, services provided, education of clients and providers, and location				
46	of programs; (iii) describe how the existing system is funded and how integration will impact				
47	funding; and (iv) describe the evaluation methods that will be used to ensure that the program				
48	provides access, quality, and consumer satisfaction.				
49	EE. The Department of Medical Assistance Services shall implement one or more Program for				
50	All Inclusive Care for the Elderly (PACE) programs.				
51	FF. The Department of Medical Assistance Services shall amend its State Plan for Medical				
52	Assistance Services to develop and implement a regional model for the integration of acute and				
53	long-term care services. This model would be offered to elderly and disabled clients on a				
54	mandatory basis. The department shall promulgate emergency regulations to implement this				
55	amendment within 280 days or less from the enactment of this act.

2	from the United States Centers for Medicare and Medicaid Services to expand eligibility for				
3	Medicaid coverage of family planning services to individuals with a family income up to 133				
4	percent of the federal poverty level. For the purposes of this section, family planning services				
5	shall not cover payment for abortion services and no funds shall be used to perform, assist,				
6	encourage or make direct referrals for abortions. The Department of Medical Assistance				
7	Services shall promulgate emergency regulations to implement this amendment within 280 days				
8	or less from the enactment date of this act.				
9	2. The Department of Medical Assistance Services shall, if feasible and consistent with federal				
10	requirements, seek the necessary waiver from the Centers for Medicare and Medicaid Services				
11	to expand eligibility for Medicaid coverage of family planning services to individuals with a				
12	family income above 133 percent of the federal poverty level up to an eligibility level that will				
13	not compromise federal budget neutrality for the waiver, but not to exceed 200 percent of the				
14	federal poverty level.				
15	HH.1. Contingent upon approval by the Centers for Medicare and Medicaid Services as part of				
16	the Money Follows the Person demonstration grant, the Department of Medical Assistance				
17	Services shall seek federal approval for necessary changes to home and community-based				
18	1915(c) waivers to allow individuals transitioning from institutions to receive care in the				
19	community. The Department of Medical Assistance Services shall promulgate any necessary				
20	emergency regulations within 280 days or less from the enactment date of this act.				
21	2. The Department of Medical Assistance Services shall amend the Individual and Family				
22	Developmental Disabilities Support (DD) Waiver to add up to 30 new slots (up to 15 each				
23	fiscal year) and the Intellectual Disabilities (ID) Waiver to add up to 220 new slots (up to 110				
24	each fiscal year) which will be reserved for individuals transitioning out of institutional settings				
25	through the Money Follows the Person Demonstration. The Department of Medical Assistance				
26	Services shall seek federal approval for necessary changes to the DD and ID waiver				
27	applications to add the additional slots.				
28	II. The Department of Medical Assistance Services shall have the authority to amend the				
29	managed care waiver to allow the department to enroll adoption assistance recipients into				
30	managed care organizations as defined in 12 VAC 30-120-360 through 12 VA 30-120-420. In				
31	addition, the department shall have the authority to amend the State Plans for Titles XIX				
32	(Medical Assistance) and XXI (Family Access to Medical Insurance Security Plan - FAMIS) of				
33	the Social Security Act, as required by applicable statute and regulations to provide managed				
34	care services to adoption assistance recipients. The Department of Medical Assistance Services				
35	shall have the authority to promulgate emergency regulations to implement this amendment				
36	within 280 days or less from the enactment of this act.				
37	JJ. The Department of Medical Assistance Services shall be authorized, in collaboration with				
38	the Virginia Commonwealth University Health System (VCUHS), to seek a waiver from the

42	providing less costly health care services to eligible indigent patients for VCUHS. As part of				
43	the waiver application process the parties shall develop estimates of the cost of the program to				
44	the state and federal governments, and shall report the findings to the Governor and to the				
45	Chairman of the House Appropriations and the Senate Finance Committees. If the Director,

43	2. The appropriation in this Item includes \$984,250 the first year and \$1,585,400 the second

3	reflect the activities of contracts between the Corrections Construction Unit and (i) institutions			
4	within the Department of Corrections for work not related to a capital project and (ii) agencies			
5	without the Department of Corrections for work performed for those agencies.			
6	D. 1. Notwithstanding the provisions of § 53.1-20 A. and B., Code of Virginia, the Director,			
7	Department of Corrections, shall receive offenders into the state correctional system from local			
8	and regional jails at such time as he determines that sufficient, secure and appropriate housing			
9	is available, placing a priority on receiving inmates diagnosed and being treated for HIV,			
10	mental illnesses requiring medication, or Hepatitis C. The director shall maximize, consistent			
11	with inmate and staff safety, the use of bed space in the state correctional system. The director			
12	shall report monthly to the Secretary of Public Safety and the Department of Planning and			
13	Budget on the number of inmates housed in the state correctional system, the number of inmate			
14	beds available, and the number of offenders housed in local and regional jails that meet the			
15	criteria set out in § 53.1-20 A. and B.			
16	2. The Department of Corrections shall strive to have no more than 500 general population and			
17	reception beds of its base bed space capacity vacant at any one time. The Director, Department			
18	of Planning and Budget, is authorized to increase the department's appropriation of revenue			
19	received from housing out of state inmates by \$12 per prisoner-day that the vacancy level falls			
20	below 500. Any such additional appropriation shall be used only for non-recurring expenses.			
21	E. The Department of Corrections is exempted from the approval requirements of Chapter 11			
22	of the Construction and Professional Services Manual as issued by the Division of Engineering			
23	and Buildings. The Department of Corrections may authorize and initiate design-build contracts			
24	as deemed appropriate by the Director, Department of Corrections, in accordance with			
25	§§ 2.2-4301 and 2.2-4306, Code of Virginia.			
26	F. Notwithstanding any requirement to the contrary, any building, fixture, or structure to be			
27	placed, erected or constructed on, or removed or demolished from the property of the			
28	Commonwealth of Virginia under the control of the Department of Corrections shall not be			
29	subject to review and approval by the Art and Architectural Review Board as contemplated by			
30	§ 2.2-2402, Code of Virginia. However, if the Department of Corrections seeks to construct a			
31	facility that is not a secure correctional facility or a structure located on the property of a			
32	secure correctional facility, then the Department of Corrections shall submit that structure to the			
33	Art and Architectural Review Board for review and approval by that board. Such other			
34	structures could include probation and parole district offices or regional offices.			
35	G. The Commonwealth of Virginia shall convey 45 acres (more or less) of property, being a			
36	portion of Culpeper County Tax Map No. 75, parcel 32, lying in the Cedar Mountain

38	of water capacity and service line(s) adequate to serve the needs of the Department of			
39	Corrections' Coffeewood Facility and the Department of Juvenile Justice's Culpeper Juvenile			
40	Correctional Facility (hereinafter "the facilities"). The cost of the water improvements necessary			
41	to serve the facilities, including an eight-inch water service line, and including engineering and			
42	land/easement acquisition costs, shall be paid by the Commonwealth, less and except (i) the			
43	value of the property for the jail conveyed by the Commonwealth to the County (\$150,382.00,			
44	based on valuation by the Culpeper County Assessor), and (ii) the cost of increasing the size of			
45	the water service line from eight inches to twelve inches, in order to accommodate planned			
46	county needs.			
47	H. Effective July 1, 2011, notwithstanding the provisions of § 58.1-3403, Code of Virginia, the			
48	Department of Corrections shall be exempt from the payment of service charges levied in lieu			
49	of taxes by any county, city, or town.			
50	I. The Department of Corrections shall, either through the elimination of vacant positions or			
51	through other efficiencies, reduce general fund expenditures by \$1,519,095 the first year and			
52	\$1,519,095 the second year.			
53	J. By August 1, 2010, the Director of the Department of Corrections shall identify those			
54	prisoners eligible for parole who may be suitable parole risks and whose interests and those of			
55	society will be served by the grant of discretionary parole, shall recommend such prisoners to

2	prisoner's criminal history record, mental and physical condition, employability, institutional				
3	adjustment, and such other factors as may be appropriate, including the risk of violence to				
4	others. No prisoner shall be recommended for release prior to the time specified in				
5	§ 53.1-154.1 of the Code of Virginia.				
6	K. From the appropriation for this item, the Director, Department of Planning and Budget, is				
7	authorized to transfer up to \$150,000 each year from the general fund, to the Secretary of				
8	Public Safety, to support a position dedicated to the improvement and coordination of the				
9	Commonwealth's efforts related to the re-entry of offenders into society after being incarcerated				
10	in prison. Improving re-entry efforts is expected to decrease the recidivism of those offenders				
11	and enhance public safety.				
12	L. Included in the appropriation for this item is \$50,000 the first year from the general fund for				
13	the estimated net increase in the operating costs of adult correctional centers resulting from the				
14	enactment of House Bill 1 by the 2010 Session of the General Assembly. This amount shall				
15	be paid into the Corrections Special Reserve Fund, established in accordance with § 30-19.1:4,				
16	Code of Virginia.				
17	M. The Department of Corrections shall serve as the Federal Bonding Coordinator and shall				
18	work with the Virginia Community College System and its workforce development programs				
19	and services to provide fidelity bonds to those offenders released from jails or state correctional				
20	centers who are required to provide fidelity bonds as a condition of employment. The				
21	department is authorized to use funds from the Contract Prisoners Special Revenue Fund to pay				
22	the costs of this activity.				
23	N. Included in the appropriation for this item is \$338,614 the second year from the general				
24	fund for the estimated net increase in the operating costs of adult correctional centers resulting				
25	from the enactment of House Bills 1516, 1777, 1898, 2063, and 2066, and Senate Bills 772,				
26	745, 1185, and 1222 by the 2011 Session of the General Assembly. This amount shall be paid				
27	into the Corrections Special Reserve Fund, established in accordance with § 30.19.1:4, Code of				
28	Virginia.				
29	<i>O. In the event the Department of Corrections closes a correctional facility for which it has</i>				
30	<i>entered into an agreement with any locality to pay a proportionate share of the debt service for</i>

1	A. The Department of Juvenile Justice shall retain all funds paid for the support of children				
2	committed to the department to be used for the security, care, and treatment of said children.				
3	B. Beginning with the effective date of any agreement whereby Culpeper County becomes a				
4	member of a detention home commission, or signs an agreement with a local detention home,				
5	to house juveniles in detention as provided in § 16.1-248.1 or § 16.1-284.1, Code of Virginia,				
6	the existing memorandum of agreement between Culpeper County and the Department of				
7	Juvenile Justice, under which the department currently houses Culpeper juveniles who are				
8	detained, shall be terminated. Culpeper County shall satisfy any amount owed the department				
9	for any days during which it housed such juveniles on behalf of the county, but shall be				
10	forgiven any outstanding amount for guaranteed bed space which it did not utilize. The amount				
11	to be forgiven shall be certified by the department, and the county shall apply an equal amount				
12	to the cost of joining a detention commission, or for providing alternative programs to				
13	detention, or both, over the five-year period following termination of the agreement with the				
14	department. The county shall submit an audited statement to the department demonstrating the				
15	appropriate expenditure of such funds no later than June 30, 2012.				
16	C. The Department of Juvenile Justice, with the assistance of the Department of General				
17	Services, the Department of Historic Resources, and the Virginia Economic Development				
18	Partnership shall work with the County of Rockbridge and other appropriate local entities to				
19	address the future use of the property comprising the Natural Bridge Juvenile Correctional				
20	Center. A report outlining potential options for re-use and redevelopment of this property shall				
21	be provided to the Governor, the Secretaries of Public Safety, Administration, Natural				
22	Resources, and Commerce and Trade, and the Chairmen of the Senate Finance and House				
23	Appropriations Committees, by October 1, 2010.				
24	D.1. The Department of Juvenile Justice shall prepare a report on the future of juvenile				
25	correctional centers (JCCs) in the Commonwealth. The report shall include: (1) an analysis of				
26	JCC utilization rates; (2) an analysis of local and regional secure juvenile detention center				
27	utilization rates; (3) a determination of the appropriate number and types of beds, including				
28	security levels, necessary to manage the projected state-responsible and local-responsible				
29	juvenile population; and (4) an analysis of options for providing regional transitional programs				
30	and re-entry services at selected local and regional juvenile secure detention facilities.				
31	2. In preparing this report, the department shall consult with representatives of the following:				
32	(1) the Department of Correctional Education; (2) the Department of Education; (3) the				
33	Virginia Council on Juvenile Detention; (4) juvenile court service unit directors; (5) juvenile				
34	and domestic relations district court judges; (6) juvenile advocacy groups; (7) the Virginia				
35	Prisoner and Juvenile Offender Re-entry Council; (8) the Virginia Municipal League; and (9)				
36	the Virginia Association of Counties. This consultation shall address the prospect of				
37	implementing a plan for: (1) the closing of one state juvenile correctional center and				
38	reallocating the cost savings to regional transitional programs and re-entry services at selected				
39	local and regional juvenile secure detention facilities; and (2) identifying funding to be				
40	transferred for the purpose of reinvesting in such programs and services. The report shall detail				
41	the feasibility and core components of such a plan and shall include a fiscal analysis of the				
42	impact on localities and on the department of the plan. The fiscal analysis shall address state				
43	responsibilities related to transportation, education, medication, assistance to support security				
44	services provided directly by the juvenile detention facility, and comprehensive programming				
45	provided on a contractual basis by private, for-profit and non-profit providers, based on				
46	evidenced-based practices.

32	increased use of electronic forms, electronic signatures and automated workflows.				
33	d. The Comprehensive Information Technology Assessment and implementation plan shall be

PART 2: CAPITAL PROJECT EXPENSES

§ 2-0. GENERAL CONDITIONS

A.1. The General Assembly hereby authorizes the capital projects listed in this act. The amounts hereinafter set forth are appropriated to the state agencies named for the indicated capital projects. Amounts so appropriated and amounts reappropriated pursuant to paragraph G of this section shall be available for expenditure during the current biennium, subject to the conditions controlling the expenditures of capital project funds as provided by law. Reappropriated amounts, unless otherwise stated, are limited to the unexpended appropriation balances at the close of the previous biennium, as shown by the records of the Department of Accounts.

2. The Director, Department of Planning and Budget, may transfer appropriations listed in Part 2 of this act from the second year to the first year in accordance with § 4-1.03 a 5 of this act.

B. The five-digit number following the title of a project is the code identification number assigned for the life of the project.

C. Except as herein otherwise expressly provided, appropriations or reappropriations for structures may be used for the purchase of equipment to be used in the structures for which the funds are provided, subject to guidelines prescribed by the Governor.

D. Notwithstanding any other provisions of law, appropriations for capital projects shall be subject to the following:

1. Appropriations or reappropriations of funds made pursuant to this act for planning of capital projects shall not constitute implied approval of construction funds in a future biennium. Funds, other than the reappropriations referred to above, for the preparation of capital project proposals must come from the affected agency's existing resources.

2. No capital project for which appropriations for planning are contained in this act, nor any project for which appropriations for planning have been previously approved, shall be considered for construction funds until preliminary plans and cost estimates are reviewed by the Department of General Services. The purpose of this review is to avoid unnecessary expenditures for each project, in the interest of assuring the overall cost of the project is reasonable in relation to the purpose intended, regardless of discrete design choices.

E.1. Expenditures from Items in this act identified as "Maintenance Reserve" are to be made only for the maintenance of property, plant, and equipment as defined in § 4-4.01c of this act to the extent that funds included in the appropriation to the agency for this purpose in Part 1 of this act are insufficient.

2. Agencies and institutions of higher education can expend up to \$1,000,000 for a single repair or project through the maintenance reserve appropriation without a separate appropriation. Such expenditures shall be subject to rules and regulations prescribed by the Governor. To the extent an agency or institution of higher education has identified a potential project that exceeds this threshold or state agency has identified a potential project that exceeds the threshold prescribed in the rules or regulations, the Director, Department of Planning and Budget, can provide exemptions to the threshold as long as the project still meets the definition of a maintenance reserve project as defined by the Department of Planning and Budget.

3. Only facilities supported wholly or in part by the general fund shall utilize general fund maintenance reserve appropriations. Facilities supported entirely by nongeneral funds shall accomplish maintenance through the use of nongeneral funds.

F. Conditions Applicable to Bond Projects

1. The General Assembly hereby authorizes the capital projects listed in §§ 2-26, ~~and~~ 2-27, ~~and~~ 2-28 for the indicated agencies and institutions of higher education and hereby appropriates and reappropriates therefore sums from the sources and in the amount indicated. The issuance of bonds in a principal amount plus amounts needed to fund issuance costs, reserve funds, and other financing expenses, including capitalized interest for any project listed in §§ 2-26, ~~and~~

3	pursuant to Article X, Section 9 (c), Constitution of Virginia.				
4	3. The issuance of bonds for any project listed in Item C-88 or C-89 shall be authorized				
5	pursuant to § 23-19, Code of Virginia.				
6	4. In the event that the cost of any capital project listed in §§ 2-26, and 2-27, and 2-28 shall

8	hereby authorized, upon request of the affected institution, to approve an increase in

11	such increase shall not constitute an increase in debt issuance authorization for such capital

13	approve the expenditure of all interest earnings derived from the investment of bond proceeds				
14	in addition to the amount designated in §§ 2-26, and 2-27, and 2-28 for such capital project.

18	construction financing. In the absence of such commitment, the institution may be responsible				
19	for securing short-term financing and covering the costs from other sources of funds.				
20	7. In the event that the Treasury Board determines not to finance all or any portion of any				
21	project listed in Item C-88 of § 2-267 of this act with the issuance of bonds pursuant to Article				
22	X, Section 9 (c), Constitution of Virginia, and notwithstanding any provision of law to the

25	8. The General Assembly further declares and directs that, notwithstanding any other provision				
26	of law to the contrary, 50 percent of the proceeds from the sale of surplus real property				
27	pursuant to § 2.2-1147 et seq., Code of Virginia, which pertain to the general fund, and which				
28	were under the control of an institution of higher education prior to the sale, shall be deposited				
29	in a special fund set up on the books of the Comptroller, which shall be known as the Higher				
30	Education Capital Projects Fund. Such sums shall be held in reserve, and may be used, upon				
31	appropriation, to pay debt service on bonds for the 21st Century College Program as authorized				
32	in Item C-7.10 of Chapter 924 of the Acts of Assembly of 1997.

38	3. Plans and specifications have been authorized by the Governor but not completed.				
39	4. Obligations were outstanding at the end of the previous biennium.

- 13 the potential for financial gain, or other factors may cause a conflict of interest:
- 14 a. A member of the agency or institution's governing body;

- 22 appropriations for capital projects from the General Assembly and authorizations by the
- 23 Governor for such projects.
- 24 L. Appropriations contained in this act for capital project planning shall be used as specified
- 25 for each capital project and construction funding for the project shall be considered by the
- 26 General Assembly after determining that (1) project cost is reasonable; (2) the project remains a
- 27 highly-ranked capital priority for the Commonwealth; and (3) the project is fully justified from
- 28 a space and programmatic perspective.
- 29 M. Any capital project that has received a supplemental appropriation due to cost overruns
- 30 must be completed within the revised budget provided. If a project requires an additional

- 35 benefit to the Commonwealth when conducting capital project reviews, design and construction
- 36 decisions, and project scope changes.

- 38 Committees an opportunity to review the six year capital improvement plan prior to the
- 39 beginning of each new biennial budget cycle.

§ 3-1.03 SHORT-TERM ADVANCE TO THE GENERAL FUND FROM NONGENERAL FUNDS

A. To meet the occasional short-term cash needs of the general fund during the course of the year when cumulative year-to-date disbursements exceed temporarily cumulative year-to-date revenue collections, the State Comptroller is authorized to draw cash temporarily from nongeneral fund cash balances deemed to be available, although special dedicated funds related to commodity boards are exempt from this provision. Such cash drawdowns shall be limited to the amounts immediately required by the general fund to meet disbursements made in pursuance of an authorized appropriation. However, the amount of the cash drawdown from any particular nongeneral fund shall be limited to the excess of the cash balance of such fund over the amount otherwise necessary to meet the short-term disbursement requirements of that nongeneral fund. The State Comptroller will ensure that those funds will be replenished in the normal course of business.

B. In the event that nongeneral funds are not sufficient to compensate for the operating cash needs of the general fund, the State Treasurer is authorized to borrow, temporarily, required funds from cash balances within the Transportation Trust Fund, where such trust fund balances, based upon assessments provided by the Commonwealth Transportation Commissioner, are not otherwise needed to meet the short-term disbursement needs of the Transportation Trust Fund, including any debt service and debt coverage needs, over the life of the borrowing. In addition, the State Treasurer shall ensure that such borrowings are consistent with the terms and conditions of all bond documents, if any, that are relevant to the Transportation Trust Fund.

C. The Secretary of Finance, the State Treasurer and the Commonwealth Transportation Commissioner shall jointly agree on the amounts of such interfund borrowings. Such borrowed amounts shall be repaid to the Transportation Trust Fund at the earliest practical time when they are no longer needed to meet short-term cash needs of the general fund, provided, however, that such borrowed amounts shall be repaid within the biennium in which they are borrowed. Interest shall accrue daily at the rate per annum equal to the then current one-year United States Treasury Obligation Note rate.

D. Any temporary loan shall be evidenced by a loan certificate duly executed by the State Treasurer and the Commonwealth Transportation Commissioner specifying the maturity date of such loan and the annual rate of interest. Prepayment of temporary loans shall be without penalty and with interest calculated to such prepayment date. The State Treasurer is authorized to make, at least monthly, interest payments to the Transportation Trust Fund.

 3 received from any program financed and accounted for by working capital funds. Such charge may be made upon receipt of
 4 such documentation as in the opinion of the State Comptroller provides satisfactory evidence of a claim, charge or demand
 5 against the appropriations made to any agency. The amounts so charged shall be recorded to the credit of the appropriate
 6 working capital fund accounts. In the event any portion of the charge so made shall be disputed, the amount in dispute may be

51 have been paid into the state treasury in any month for the preceding month. If the Governor determines on July 31 of each
52 year, that funds are available to transfer such collections in accordance with §§ 58.1-638 and 58.1-638.1, Code of Virginia, he

PART 4: GENERAL PROVISIONS

§ 4-0.00 OPERATING POLICIES

§ 4-0.01 OPERATING POLICIES

a. Each appropriating act of the General Assembly shall be subject to the following provisions and conditions, unless specifically exempt elsewhere in this act.

b. All appropriations contained in this act, or in any other appropriating act of the General Assembly, are declared to be maximum appropriations and conditional on receipt of revenue.

c. The Governor, as chief budget officer of the state, shall ensure that the provisions and conditions as set forth in this section are strictly observed.

d. Public higher education institutions are not subject to the provisions of § 2.2-4800, Code of Virginia, or the provisions of the Department of Accounts' Commonwealth Accounting Policies and Procedures manual (CAPP) topic 20505 with regard to students who are veterans of the United States armed services and National Guard and are in receipt of federal educational benefits under the G.I. Bill. Public higher education shall establish internal procedures for the continued enrollment of such students to include resolution of outstanding accounts receivable.

§ 4-1.00 APPROPRIATIONS

§ 4-1.01 PREREQUISITES FOR PAYMENT

a. The State Comptroller shall not pay any money out of the state treasury except pursuant to appropriations in this act or in any other act of the General Assembly making an appropriation during the current biennium.

b. Moneys shall be spent solely for the purposes for which they were appropriated by the General Assembly, except as specifically provided otherwise by § 4-1.03 Appropriation Transfers, § 4-4.01 Capital Projects, or § 4-5.01 a. Settlement of Claims with Individuals. Should the Governor find that moneys are not being spent in accordance with provisions of the act appropriating them, he shall restrain the State Comptroller from making further disbursements, in whole or in part, from said appropriations. Further, should the Auditor of Public Accounts determine that a state or other agency is not spending moneys in accordance with provisions of the act appropriating them, he shall so advise the Governor or other governing authority, the State Comptroller, the Chairman of the Joint Legislative Audit and Review Commission, and Chairmen of the Senate Finance and House Appropriations Committees.

c. Exclusive of revenues paid into the general fund of the state treasury, all revenues earned or collected by an agency, and contained in an appropriation item to the agency shall be expended first during the fiscal year, prior to the expenditure of any general fund appropriation within that appropriation item, unless prohibited by statute or by the terms and conditions of any gift, grant or donation.

§ 4-1.02 WITHHOLDING OF SPENDING AUTHORITY

a. For purposes of this subsection, withholding of spending authority is defined as any action pursuant to a budget reduction plan approved by the Governor to address a declared shortfall in budgeted revenue that impedes or limits the ability to spend appropriated moneys, regardless of the mechanism used to effect such withholding.

b.1. Changed Expenditure Factors: The Governor is authorized to reduce spending authority, by withholding allotments of appropriations, when expenditure factors, such as enrollments or population in institutions, are smaller than the estimates upon which the appropriation was based. Moneys generated from the withholding action shall not be reallocated for any other purpose, provided the withholding of allotments of appropriations under this provision shall not occur until at least 15 days after the Governor has transmitted a statement of changed factors and intent to withhold moneys to the Chairmen of the House Appropriations and Senate Finance Committees.

2. Moneys shall not be withheld on the basis of reorganization plans or program evaluations until such plans or evaluations have been specifically presented in writing to the General Assembly at its next regularly scheduled session.

c. Increased Nongeneral Fund Revenue:

1. General fund appropriations to any state agency for operating expenses are supplemental to nongeneral fund revenues collected by the agency. To the extent that nongeneral fund revenues collected in a fiscal year exceed the estimate on which the operating budget was based, the Governor is authorized to withhold general fund spending authority, by withholding allotments of appropriations, in an equivalent amount. However, this limitation shall not apply to (a) restricted excess tuition and fees for educational and general programs in the institutions of higher education, as defined in § 4-2.01 c of this act; (b) appropriations to institutions of higher education designated for fellowships, scholarships and loans; (c) gifts or grants which

are made to any state agency for the direct costs of a stipulated project; (d) appropriations to institutions for the mentally ill or intellectually disabled payable from the Behavioral Health and Developmental Services Revenue Fund; and (e) general fund appropriations for highway construction and mass transit. Moneys unallotted under this provision shall not be reallocated for any other purpose.

2. To the degree that new or additional grant funds become available to supplement general fund appropriations for a program, following enactment of an appropriation act, the Governor is authorized to withhold general fund spending authority, by withholding allotments of appropriations, in an amount equivalent to that provided from grant funds, unless such action is prohibited by the original provider of the grant funds. The withholding action shall not include general fund appropriations, which are required to match grant funds. Moneys unallotted under this provision shall not be reallocated for any other purpose.

d. Reduced General Fund Resources:

1. The term "general fund resources" as applied in this subsection includes revenues collected and paid into the general fund of the state treasury during the current biennium, transfers to the general fund of the state treasury during the current biennium, and all unexpended balances brought forward from the previous biennium.

2. In the event that general fund resources are estimated by the Governor to be insufficient to pay in full all general fund appropriations authorized by the General Assembly, the Governor shall, subject to the qualifications herein contained, withhold general fund spending authority, by withholding allotments of appropriations, to prevent any expenditure in excess of the estimated general fund resources available.

3. In making this determination, the Governor shall take into account actual general fund revenue collections for the current fiscal year and the results of a formal written re-estimate of general fund revenues for the current and next biennium, prepared within the previous 90 days, in accordance with the process specified in § 2.2-1503, Code of Virginia. Said re-estimate of general fund revenues shall be communicated to the Chairmen of the Senate Finance, House Appropriations and House Finance Committees, prior to taking action to reduce general fund allotments of appropriations on account of reduced resources.

4.a) In addition to monthly reports on the status of revenue collections relative to the current fiscal year's estimate, the Governor shall provide a written quarterly assessment of the current economic outlook for the remainder of the fiscal year to the Chairmen of the House Appropriations, House Finance, and Senate Finance Committees.

b) Within five business days after the preliminary close of the state accounts at the end of the fiscal year, the State Comptroller shall provide the Governor with the actual total of (1) individual income taxes, (2) corporate income taxes, and (3) sales taxes for the just-completed fiscal year, with a comparison of such actual totals with the total of such taxes in the official budget estimate for that fiscal year. If that comparison indicates that the total of (1) individual income taxes, (2) corporate income taxes, and (3) sales taxes, as shown on the preliminary close, was one percent or more below the amount of such taxes in the official budget estimate for the just-completed fiscal year, the Governor shall prepare a written re-estimate of general fund revenues for the current biennium and the next biennium in accordance with § 2.2-1503, Code of Virginia, to be reported to the Chairmen of the Senate Finance, House Finance and House Appropriations Committees, not later than September 1 following the close of the fiscal year.

5.a) The Governor shall take no action to withhold allotments until a written plan detailing specific reduction actions approved by the Governor, identified by program and appropriation item, has been presented to the Chairmen of the House Appropriations and Senate Finance Committees. Subsequent modifications to the approved reduction plan also must be submitted to the Chairmen of the House Appropriations and Senate Finance Committees, prior to withholding allotments of appropriations.

b) In addition to the budget reduction plan approved by the Governor, all budget reduction proposals submitted by state agencies to the Governor or the Governor's staff, including but not limited to the Department of Planning and Budget, the Governor's Cabinet secretaries, or the Chief of Staff, whether submitted electronically or otherwise, shall be forwarded to the Chairmen of the House Appropriations and Senate Finance Committees concurrently with that budget reduction plan.

6. In effecting the reduction of expenditures, the Governor shall not withhold allotments of appropriations for:

a) More than 15 percent cumulatively of the annual general fund appropriation contained in this act for operating expenses of any one state or nonstate agency or institution designated in this act by title, and the exact amount withheld, by state or nonstate agency or institution, shall be reported within five calendar days to the Chairmen of the Senate Finance and House Appropriations Committees. State agencies providing funds directly to grantees named in this act shall not apportion a larger cut to the grantee than the proportional cut apportioned to the agency. Without regard to § 4-5.05 b.4. of this act, the remaining appropriation to the grantee which is not subject to the cut, equal to at least 85 percent of the annual appropriation, shall be made by July 31, or in two equal installments, one payable by July 31 and the other payable by December 31, if the remaining appropriation is less than or equal to \$500,000, except in cases where the normal conditions of the grant dictate a different payment schedule.

b) The payment of principal and interest on the bonded debt or other bonded obligations of the Commonwealth, its agencies and its authorities, or for payment of a legally authorized deficit.

c) The payments for care of graves of Confederate dead.

d) The employer contributions, and employer-paid member contributions, to the Social Security System, Virginia Retirement System, Judicial Retirement System, State Police Officers Retirement System, Virginia Law Officers Retirement System, Optional Retirement Plan for College and University Faculty, Optional Retirement Plan for Political Appointees, Optional Retirement Plan for Superintendents, the Volunteer Service Award Program, the Virginia Retirement System's group life insurance, sickness and disability, and retiree health care credit programs for state employees, state-supported local employees and teachers. If the Virginia Retirement System Board of Trustees approves a contribution rate for a fiscal year that is lower than the rate on which the appropriation was based, or if the United States government approves a Social Security rate that is lower than that in effect for the current budget, the Governor may withhold excess contributions. However, employer and employee paid rates or contributions for health insurance and matching deferred compensation for state employees, state-supported local employees and teachers may not be increased or decreased beyond the amounts approved by the General Assembly. Payments for the employee benefit programs listed in this paragraph may not be delayed beyond the customary billing cycles that have been established by law or policy by the governing board.

e) The payments in fulfillment of any contract awarded for the design, construction and furnishing of any state building.

f) The salary of any state officer for whom the Constitution of Virginia prohibits a change in salary.

g) The salary of any officer or employee in the Executive Department by more than two percent (irrespective of the fund source for payment of salaries and wages); however, the percentage of reduction shall be uniformly applied to all employees within the Executive Department.

h) The appropriation supported by the State Bar Fund, as authorized by § 54.1-3913, Code of Virginia, unless the supporting revenues for such appropriation are estimated to be insufficient to pay the appropriation.

7. The Governor is authorized to withhold specific allotments of appropriations by a uniform percentage, a graduated reduction or on an individual basis, or apply a combination of these actions, in effecting the authorized reduction of expenditures, up to the maximum of 15 percent, as prescribed in subdivision 6a of this subsection.

8. Each nongeneral fund appropriation shall be payable in full only to the extent the nongeneral fund revenues from which the appropriation is payable are estimated to be sufficient. The Governor is authorized to reduce allotments of nongeneral fund appropriations by the amount necessary to ensure that expenditures do not exceed the supporting revenues for such appropriations; however, the Governor shall take no action to reduce allotments of appropriations for major nongeneral fund sources on account of reduced revenues until such time as a formal written re-estimate of revenues for the current and next biennium, prepared in accordance with the process specified in § 2.2-1503, Code of Virginia, has been reported to the Chairmen of the Senate Finance, House Finance, and House Appropriations Committees. For purposes of this subsection, major nongeneral fund sources are defined as Highway Maintenance and Operating Fund and Transportation Trust Fund.

9. Notwithstanding any contrary provisions of law, the Governor is authorized to transfer to the general fund on June 30 of each year of the biennium, or within 20 days from that date, any available unexpended balances in other funds in the state treasury, subject to the following:

a) The Governor shall declare in writing to the Chairmen of the Senate Finance and House Appropriations Committees that a fiscal emergency exists which warrants the transfer of nongeneral funds to the general fund and reports the exact amount of such transfer within five calendar days of the transfer;

b) No such transfer may be made from retirement or other trust accounts, the State Bar Fund as authorized by § 54.1-3913, Code of Virginia, debt service funds, or federal funds; and

c) The Governor shall include for informative purposes, in the first biennial budget he submits subsequent to the transfer, the amount transferred from each account or fund and recommendations for restoring such amounts.

10. The Director, Department of Planning and Budget, shall report spending authority withheld under the provisions of this subsection to the Chairmen of the Senate Finance and House Appropriations Committees within five calendar days of the action to withhold. Said report shall include the amount withheld by agency and appropriation item.

11. If action to withhold allotments of appropriation under this provision is inadequate to eliminate the imbalance between projected general fund resources and appropriations, the Speaker of the House of Delegates and the President pro tempore of the Senate shall be advised in writing by the Governor, so that they may consider requesting a special session of the General Assembly.

§ 4-1.03 APPROPRIATION TRANSFERS

However, appropriation authority for local aid programs and aid to individuals, with the exception of student financial aid, shall not be transferred elsewhere without advance notice to the Chairmen of the House Appropriations and Senate Finance Committees. Further, any transfers between capital projects shall be made only to realize efficiencies or provide for cost overruns unrelated to changes in size or scope.

c.1. In addition to authority granted elsewhere in this act, the Director, Department of Planning and Budget, may transfer operating appropriations authority among sub-agencies within the Judicial System, the Department of Corrections, and the Department of Behavioral Health and Developmental Services to effect changes in operating expense requirements which may occur during the biennium.

2. The Director, Department of Planning and Budget, may transfer appropriations from the Department of Behavioral Health and Developmental Services to the Department of Medical Assistance Services, consisting of the general fund amounts required to match federal funds for reimbursement of services provided by its institutions and Community Services Boards.

3. The Director, Department of Planning and Budget, may transfer appropriations from the Office of Comprehensive Services to the Department of Medical Assistance Services, consisting of the general fund amounts required to match federal funds for reimbursement of services provided to eligible children.

4. The Director, Department of Planning and Budget, may transfer an appropriation or portion thereof within a state or other agency, or from one such agency to another, to support changes in agency organization, program or responsibility enacted by the General Assembly to be effective during the current biennium.

5. The Director, Department of Planning and Budget, may transfer appropriations from the second year to the first year, with said transfer to be reported in writing to the Chairmen of the Senate Finance and House Appropriations Committees within five calendar days of the transfer, when the expenditure of such funds is required to:

a) address a threat to life, safety, health or property, or

b) provide for unbudgeted cost increases for statutorily required services or federally mandated services, in order to continue those services at the present level, or

6. An appropriation transfer shall not occur except through properly executed appropriation transfer documents designed specifically for that purpose, and all transactions effecting appropriation transfers shall be entered in the state's computerized budgeting and accounting systems.

7. The Director, Department of Planning and Budget, may transfer from any other agency, appropriations to supplement any project of the Virginia Public Building Authority authorized by the General Assembly and approved by the Governor. 3. Gifts, Grants and Other Nongeneral Funds:

a) Subject to § 4-1.02 c, Increased Nongeneral Fund Revenue, and the conditions stated in this section, the Director, Department of Planning and Budget, is hereby authorized to increase the appropriations to any state agency by the amount of the proceeds of donations, gifts, grants or other nongeneral funds paid into the state treasury in excess of such appropriations during a fiscal year. Such appropriations shall be increased only when the expenditure of moneys is authorized elsewhere in this act or is required to:

1) address a threat to life, safety, health or property or

2) provide for unbudgeted increases in costs for services required by statute or services mandated by the federal government, in order to continue those services at the present level or implement compensation adjustments approved by the General Assembly, or

3) provide for payment of overtime salaries and wages, when the obligations for payment of such overtime were incurred during a situation deemed threatening to life, safety, health, or property, or

b) The above conditions shall not apply to donations and gifts to the endowment funds of institutions of higher education.

c) Each state agency and institution shall ensure that its budget estimates include a reasonable estimate of receipts from donations, gifts or other nongeneral fund revenue. The Department of Planning and Budget shall review such estimates and verify their accuracy, as part of the budget planning and review process.

d) No obligation or expenditure shall be made from such funds until a revised operating budget request is approved by the Director, Department of Planning and Budget. Expenditures from any gift, grant or donation shall be in accordance with the purpose for which it was made; however, expenditures for property, plant or equipment, irrespective of fund source, are subject to the provisions of §§ 4-2.03 Indirect Costs, 4-4.01 Capital Projects General, and 4-5.03 b Services and Clients-New Services, of this act.

e) Nothing in this section shall exempt agencies from complying with § 4-2.01 a Solicitation and Acceptance of Donations, Gifts, Grants, and Contracts of this act.

4. Any nongeneral fund cash balance recorded on the books of the Department of Accounts as unexpended on the last day of the fiscal year may be appropriated for use in the succeeding fiscal year with the prior written approval of the Director, Department of Planning and Budget, unless the General Assembly shall have specifically provided otherwise.

5. Reporting:

It is the intent of the General Assembly that appropriation increases for the purposes specified shall not be used to reduce the general fund appropriations for the Department of Corrections.

§ 4-1.05 REVERSION OF APPROPRIATIONS AND REAPPROPRIATIONS

a. GENERAL FUND OPERATING EXPENSE:

1.a) General fund appropriations which remain unexpended on (i) the last day of the previous biennium or (ii) the last day of the first year of the current biennium, shall be reappropriated and allotted for expenditure where required by the Code of Virginia, where necessary for the payment of preexisting obligations for the purchase of goods or services, or where desirable, in the determination of the Governor, to address any of the six conditions listed in § 4-1.03 c.5 of this act or to provide financial incentives to reduce spending to effect current or future cost savings. With the exception of the unexpended general fund appropriations of agencies in the Legislative Department, the Judicial Department, the Independent Agencies, or institutions of higher education, all other such unexpended general fund appropriations unexpended on the last day of the previous biennium or the last day of the first year of the current biennium shall revert to the general fund.

General fund appropriations for agencies in the Legislative Department, the Judicial Department, and the Independent Agencies shall be reappropriated, except as may be specifically provided otherwise by the General Assembly. General fund appropriations shall also be reappropriated for institutions of higher education, subject to § 2.2-5005, Code of Virginia.

2. a. The Governor shall report within five calendar days after completing the reappropriation process to the Chairmen of the Senate Finance and House Appropriations Committees on the reappropriated amounts for each state agency in the Executive Department. He shall provide a preliminary report of reappropriation actions on or before November 1 and a final report on or before December 20 to the Chairmen of the House Appropriations and Senate Finance Committees.

b. The Director, Department of Planning and Budget, may transfer reappropriated amounts within an agency to cover nonrecurring costs.

3. Pursuant to subsection E of § 2.2-1125, Code of Virginia, the determination of compliance by an agency or institution with management standards prescribed by the Governor shall be made by the Secretary of Finance and the Secretary having jurisdiction over the agency or institution, acting jointly.

4. The general fund resources available for appropriation in the first enactment of this act include the reversion of certain unexpended balances in operating appropriations as of June 30 of the prior fiscal year, which were otherwise required to be reappropriated by language in the Appropriation Act.

5. Upon request, the Director, Department of Planning and Budget, shall provide a report to the Chairmen of the House Appropriations and Senate Finance Committees showing the amount reverted for each agency and the total amount of such

reversions.

b. NONGENERAL FUND OPERATING EXPENSE:

Based on analysis by the State Comptroller, when any nongeneral fund has had no increases or decreases in fund balances for a period of 24 months, the State Comptroller shall promptly transfer and pay the balance into the fund balance of the general fund. If it is subsequently determined that an appropriate need warrants repayment of all or a portion of the amount transferred, the Director, Department of Planning and Budget shall include repayment in the next budget bill submitted to the General Assembly. This provision does not apply to funds held in trust by the Commonwealth.

c. CAPITAL PROJECTS:

1. Upon certification by the Director, Department of Planning and Budget, the State Comptroller is hereby authorized to revert to the fund balance of the general fund any portion of the unexpended general fund cash balance and corresponding appropriation or reappropriation for a capital project when the Director determines that such portion is not needed for completion of the project. The State Comptroller may similarly return to the appropriate fund source any part of the unexpended nongeneral fund cash balance and reduce any appropriation or reappropriation which the Director determines is not needed to complete the project.

2. The unexpended general fund cash balance and corresponding appropriation or reappropriation for capital projects shall revert to and become part of the fund balance of the general fund during the current biennium as of the date the Director, Department of Planning and Budget, certifies to the State Comptroller that the project has been completed in accordance with the intent of the appropriation or reappropriation and there are no known unpaid obligations related to the project. The State Comptroller shall return the unexpended nongeneral fund cash balance, if there be any, for such completed project to the source from which said nongeneral funds were obtained. Likewise, he shall revert an equivalent portion of the appropriation or reappropriation of said nongeneral funds.

3. The Director, Department of Planning and Budget, may direct the restoration of any portion of the reverted amount if he shall subsequently verify an unpaid obligation or requirement for completion of the project. In the case of a capital project for which an unexpended cash balance was returned and appropriation or reappropriation was reverted in the prior biennium, he may likewise restore any portion of such amount under the same conditions.

§ 4-1.06 LIMITED ADJUSTMENTS OF APPROPRIATIONS

a. LIMITED CONTINUATION OF APPROPRIATIONS.

Notwithstanding any contrary provision of law, any unexpended balances on the books of the State Comptroller as of the last day of the previous biennium shall be continued in force for such period, not exceeding 10 days from such date, as may be necessary in order to permit payment of any claims, demands or liabilities incurred prior to such date and unpaid at the close of business on such date, and shown by audit in the Department of Accounts to be a just and legal charge, for values received as of the last day of the previous biennium, against such unexpended balances.

b. LIMITATIONS ON CASH DISBURSEMENTS.

Notwithstanding any contrary provision of law, the State Comptroller may begin preparing the accounts of the Commonwealth for each subsequent fiscal year on or about 10 days before the start of such fiscal year. The books will be open only to enter budgetary transactions and transactions that will not require the receipt or disbursement of funds until after June 30. Should an emergency arise, or in years in which July 1 falls on a weekend requiring the processing of transactions on or before June 30, the State Comptroller may, with notification to the Auditor of Public Accounts, authorize the disbursement of funds drawn against appropriations of the subsequent fiscal year, not to exceed the sum of three million dollars (\$3,000,000) from the general fund. This provision does not apply to debt service payments on bonds of the Commonwealth which shall be made in accordance with bond documents, trust indentures, and/or escrow agreements.

§ 4-1.07 ALLOTMENTS

Except when otherwise directed by the Governor within the limits prescribed in §§ 4-1.02 Withholding of Spending Authority, 4-1.03 Appropriation Transfers, and 4-1.04 Appropriation Increases of this act, the Director, Department of Planning and Budget, shall prepare and act upon the allotment of appropriations required by this act, and by § 2.2-1819, Code of Virginia, and the authorizations for rates of pay required by this act. Such allotments and authorizations shall have the same effect as if the personal signature of the Governor were subscribed thereto. This section shall not be construed to prohibit an appeal by the head of any state agency to the Governor for reconsideration of any action taken by the Director, Department of Planning and Budget, under this section.

§ 4-2.00 REVENUES

§ 4-2.01 NONGENERAL FUND REVENUES

a. SOLICITATION AND ACCEPTANCE OF DONATIONS, GIFTS, GRANTS, AND CONTRACTS:

1. No state agency shall solicit or accept any donation, gift, grant, or contract without the written approval of the Governor except under written guidelines issued by the Governor which provide for the solicitation and acceptance of nongeneral funds.

2. The Governor may issue policies in writing for procedures which allow state agencies to solicit and accept nonmonetary donations, gifts, grants, or contracts except that donations, gifts and grants of real property shall be subject to § 4-4.00 of this act and § 2.2-1149, Code of Virginia. This provision shall apply to donations, gifts and grants of real property to endowment funds of institutions of higher education, when such endowment funds are held by the institution in its own name and not by a separately incorporated foundation or corporation.

3. The preceding subdivisions shall not apply to property and equipment acquired and used by a state agency or institution through a lease purchase agreement and subsequently donated to the state agency or institution during or at the expiration of the lease purchase agreement, provided that the lessor is the Virginia College Building Authority.

4. The use of endowment funds for property, plant or equipment for state-owned facilities is subject to §§ 4-2.03 Indirect Costs, 4-4.01 Capital Projects-General and 4-5.03 Services and Clients of this act.

b. HIGHER EDUCATION TUITION AND FEES

1. Except as provided in Chapters 933 and 943 of the 2006 Acts of Assembly, all nongeneral fund collections by public institutions of higher education, including collections from the sale of dairy and farm products, shall be deposited in the state treasury in accordance with § 2.2-1802, Code of Virginia, and expended by the institutions of higher education in accordance with the appropriations and provisions of this act, provided, however, that this requirement shall not apply to private gifts, endowment funds, or income derived from endowments and gifts.

2. a) The Boards of Visitors or other governing bodies of institutions of higher education may set tuition and fee charges at levels they deem to be appropriate for all resident student groups based on, but not limited to, competitive market rates, provided that the total revenue generated by the collection of tuition and fees from all students is within the nongeneral fund appropriation for educational and general programs provided in this act.

b) The Boards of Visitors or other governing bodies of institutions of higher education may set tuition and fee charges at levels they deem to be appropriate for all nonresident student groups based on, but not limited to, competitive market rates, provided that: i) the tuition and mandatory educational and general fee rates for nonresident undergraduate and graduate students cover at least 100 percent of the average cost of their education, as calculated through base adequacy guidelines adopted, and periodically amended, by the Joint Subcommittee Studying Higher Education Funding Policies, and ii) the total revenue generated by the collection of tuition and fees from all students is within the nongeneral fund appropriation for educational and general programs provided in this act.

c) For institutions charging nonresident students less than 100 percent of the cost of education, the State Council of Higher Education for Virginia may authorize a phased approach to meeting this requirement, when in its judgment, it would result in annual tuition and fee increases for nonresident students that would discourage their enrollment.

d) The Boards of Visitors or other governing bodies of institutions of higher education shall not increase the current proportion of nonresident undergraduate students if the institution's nonresident undergraduate enrollment exceeds 25 percent. Norfolk State University, Virginia Military Institute, Virginia State University, and two-year public institutions are exempt from this restriction.

3. a) In setting the nongeneral fund appropriation for educational and general programs at the institutions of higher education, the General Assembly shall take into consideration the appropriate student share of costs associated with providing full funding of the base adequacy guidelines referenced in subparagraph 2. b), raising average salaries for teaching and research faculty to the 60th percentile of peer institutions, and other priorities set forth in this act.

b) In determining the appropriate state share of educational costs for resident students, the General Assembly shall seek to cover at least 67 percent of educational costs associated with providing full funding of the base adequacy guidelines referenced in subparagraph 2. b), raising average salaries for teaching and research faculty to the 60th percentile of peer institutions, and other priorities set forth in this act.

4. a) Each institution and the State Council of Higher Education for Virginia shall monitor tuition, fees, and other charges, as well as the mix of resident and nonresident students, to ensure that the primary mission of providing educational opportunities to citizens of Virginia is served, while recognizing the material contributions provided by the presence of nonresident students. The State Council of Higher Education for Virginia shall also develop and enforce uniform guidelines for reporting student enrollments and the domiciliary status of students.

b) The State Council of Higher Education for Virginia shall report to the Governor and the Chairmen of the House Appropriations and Senate Finance Committees no later than August 1 of each year the annual change in total charges for tuition and all required fees approved and allotted by the Board of Visitors. As it deems appropriate, the State Council of Higher Education for Virginia shall provide comparative national, peer, and market data with respect to charges assessed students for tuition and required fees at institutions outside of the Commonwealth.

c) Institutions of higher education are hereby authorized to make the technology service fee authorized in Chapter 1042, 2003 Acts of Assembly, part of ongoing tuition revenue. Such revenues shall continue to be used to supplement technology resources at the institutions of higher education.

d) Except as provided in Chapters 933 and 943 of the 2006 Acts of Assembly, each institution shall work with the State Council of Higher Education for Virginia and the Virginia College Savings Plan to determine appropriate tuition and fee estimates for tuition savings plans.

5. a) It is the intent of the General Assembly that each institution's combined general and nongeneral fund appropriation within its educational and general program closely approximate the anticipated annual budget each fiscal year.

b) In coordination with the institutions, the State Council of Higher Education for Virginia shall report no later than August 1 of each year on the estimated amount of revenue each institution expects to collect from tuition and mandatory educational and general fees during the fiscal year.

c) This report shall serve as the foundation for any administrative increase in nongeneral fund appropriations within the institutions' educational and general programs that is approved by the Director, Department of Planning and Budget, pursuant to the authority provided in § 4-1.04 of this act.

d) Each institution must notify the Director, State Council of Higher Education for Virginia, prior to requesting an administrative increase to the nongeneral fund appropriation for tuition and fee revenue within its educational and general program. Within 30 days of receiving such notification, the Director of the State Council of Higher Education for Virginia shall review and provide comment, as necessary, to the Director, Department of Planning and Budget. The Director, Department of Planning and Budget, shall evaluate the institution's request along with any comments received from the Director, State Council of Higher Education for Virginia, prior to taking action on the requested administrative increase.

e) In consultation with the Director, Department of Planning and Budget, the Director, State Council of Higher Education for Virginia, shall include a summary of all requested and approved administrative increases to nongeneral fund appropriations for tuition and fee revenue within the educational and general programs of the institutions of higher education as part of the annual nongeneral fund revenue report.

f) In consultation with the Department of Planning and Budget and the State Council of Higher Education for Virginia, the Governor shall reconcile actual nongeneral fund expenditures with nongeneral fund appropriations included in the act and recommend technical adjustments, as he deems appropriate, in submitting his budget amendments prior to the next General Assembly session.

6. Nonresident graduate students employed by an institution as teaching assistants, research assistants, or graduate assistants and paid at an annual contract rate of \$4,000 or more may be considered resident students for the purposes of charging tuition and fees.

7. The fund source "Higher Education Operating" within educational and general programs for institutions of higher education includes tuition and fee revenues from nonresident students to pay their proportionate share of the amortized cost of the construction of buildings approved by the Commonwealth of Virginia Educational Institutions Bond Act of 1992 and the Commonwealth of Virginia Educational Facilities Bond Act of 2002.

8. a) Except as provided in Chapters 933 and 943 of the 2006 Acts of Assembly, mandatory fees for purposes other than educational and general programs shall not be increased for Virginia undergraduates beyond five percent annually, excluding requirements for wage, salary, and fringe benefit increases, authorized by the General Assembly. Fee increases required to carry out actions that respond to mandates of federal agencies are also exempt from this provision, provided that a report on the purposes of the amount of the fee increase is submitted to the Chairmen of the House Appropriations and Senate Finance Committees by the institution of higher education at least 30 days prior to the effective date of the fee increase.

b) This restriction shall not apply in the following instances: fee increases directly related to capital projects authorized by the General Assembly; fee increases to support student health services; and other fee increases specifically authorized by the General Assembly.

c) Due to the small mandatory non-educational and general program fees currently assessed students in the Virginia Community College System, increases in any one year of no more than \$15 shall be allowed on a cost-justified case-by-case basis, subject to approval by the State Board for Community Colleges.

9. Any institution of higher education granting new tuition waivers to resident or nonresident students not authorized by the

Code of Virginia must absorb the cost of any discretionary waivers.

10. Tuition and fee revenues from nonresident students taking courses through Virginia institutions from the Southern Regional Education Board's Southern Regional Electronic Campus must exceed all direct and indirect costs of providing instruction to those students. Tuition and fee rates to meet this requirement shall be established by the Board of Visitors of the institution.

c. HIGHER EDUCATION PLANNED EXCESS REVENUES:

An institution of higher education, except for those public institutions governed by Chapters 933 and 943 of the 2006 Acts of Assembly, may generate and retain tuition and fee revenues in excess of those provided in § 4-2.01 b Higher Education Tuition and Fees, subject to the following:

1. Such revenues are identified by language in the appropriations in this act to any such institution.

2. The use of such moneys is fully documented by the institution to the Governor prior to each fiscal year and prior to allotment.

3. The moneys are supplemental to, and not a part of, ongoing expenditure levels for educational and general programs used as the basis for funding in subsequent biennia.

4. The receipt and expenditure of these moneys shall be recorded as restricted funds on the books of the Department of Accounts and shall not revert to the surplus of the general fund at the end of the biennium.

5. Tuition and fee revenues generated by the institution other than as provided herein shall be subject to the provisions of § 4-1.04 a.3 Gifts, Grants, and Other Nongeneral Funds of this act.

a. GENERAL:

1. Except as provided in this section no state agency shall incur a deficit. No state agency receiving general fund appropriations under the provisions of this act shall obligate or expend moneys in excess of its general fund appropriations, nor shall it obligate or expend moneys in excess of nongeneral fund revenues that are collected and appropriated.

2. The Governor is authorized to approve deficit funding for a state agency under the following conditions:

a) an unanticipated federal or judicial mandate has been imposed,

b) insufficient moneys are available in the first year of the biennium for start-up of General Assembly-approved action, or

c) delay pending action by the General Assembly at its next legislative session will result in the curtailment of services required by statute or those required by federal mandate or will produce a threat to life, safety, health or property.

d) Such approval by the Governor shall be in writing under the conditions described in § 4-3.02 a Authorized Deficit Loans of this act and shall be promptly communicated to the Chairmen of the House Appropriations and Senate Finance Committees within five calendar days of deficit approval.

3. Deficits shall not be authorized for capital projects.

4. The Department of Transportation may obligate funds in excess of the current biennium appropriation for projects of a capital nature not covered by § 4-4.00 Capital Projects, of this act provided such projects a) are delineated in the Virginia Transportation Six-Year Improvement Program, as approved by the Commonwealth Transportation Board; and b) have sufficient cash allocated to each such project to cover projected costs in each year of the Program; and provided that c) sufficient revenues are projected to meet all cash obligations for such projects as well as all other commitments and appropriations approved by the General Assembly in the biennial budget.

b. UNAUTHORIZED DEFICITS: If any agency contravenes any of the prohibitions stated above, thereby incurring an unauthorized deficit, the Governor is hereby directed to withhold approval of such excess obligation or expenditure. Further, there shall be no reimbursement of said excess, nor shall there be any liability or obligation upon the state to make any appropriation hereafter to meet such unauthorized deficit. Further, those members of the governing board of any such agency who shall have voted therefor, or its head if there be no governing board, making any such excess obligation or expenditure shall be personally liable for the full amount of such unauthorized deficit and, at the discretion of the Governor, shall be deemed guilty of neglect of official duty and be subject to removal therefor. Further, the State Comptroller is hereby directed to make public any such unauthorized deficit, and the Director, Department of Planning and Budget, is hereby directed to set out such unauthorized deficits in the next biennium budget. In addition, the Governor is directed to bring this provision of this act to the attention of the members of the governing board of each state agency, or its head if there be no governing board, within two weeks of the date that this act becomes effective. The governing board or the agency head shall execute and return to the Governor a signed acknowledgment of such notification.

c. TOTAL AUTHORIZED DEFICITS: The amount which the Governor may authorize, under the provisions of this section during the current biennium, to be expended from loans repayable out of the general fund of the state treasury, for all state agencies, or other agencies combined, in excess of general fund appropriations for the current biennium, shall not exceed one and one-half percent (1 1/2%) of the revenues collected and paid into the general fund of the state treasury as defined in § 4-2.02 b. of this act during the last year of the previous biennium and the first year of the current biennium.

d. The Governor shall report any such authorized and unauthorized deficits to the Chairmen of the House Appropriations and Senate Finance Committees within five calendar days of deficit approval. By August 15 of each year, the Governor shall provide a comprehensive report to the Chairmen of the House Appropriations and Senate Finance Committees detailing all such deficits.

§ 4-3.02 TREASURY LOANS

a. AUTHORIZED DEFICIT LOANS: A state agency requesting authorization for deficit spending shall prepare a plan for the Governor's review and approval, specifying appropriate financial, administrative and management actions necessary to eliminate the deficit and to prevent future deficits. If the Governor approves the plan and authorizes a state agency to incur a deficit under the provisions of this section, the amount authorized shall be obtained by the agency by borrowing the authorized amount on such terms and from such sources as may be approved by the Governor. At the close of business on the last day of the current biennium, any unexpended balance of such loan shall be applied toward repayment of the loan, unless such action is contrary to the conditions of the loan approval. The Director, Department of Planning and Budget, shall set forth in the next biennial budget all such loans which require an appropriation for repayment. A copy of the approved plan to eliminate the deficit shall be transmitted to the Chairmen of the House Appropriations and the Senate Finance Committees within five calendar days of approval.

4. Anticipation loans for capital projects shall be in amounts not greater than the sum identified by the agency as required to meet the projected expenditures for the project within the current biennium.

5. To ensure that such loans are repaid as soon as practical and economical, the Department of Planning and Budget shall monitor the construction and expenditure schedules of all approved capital projects that will be paid for with proceeds from authorized debt and have anticipation loans.

6. The State Treasurer shall charge current market interest rates on anticipation loans made for capital projects subject to the following:

a) Anticipation loans for capital projects for which debt service will be paid with general fund appropriations shall be exempt from interest payments on borrowed balances.

b) When the payment of obligations for capital expenses for projects authorized under § 4-4.01 m is required prior to the collection of nongeneral fund revenues, any state agency or body corporate and politic, constituting a public corporation and government instrumentality, may borrow from the state treasury the required sums with the prior written approval of the Secretary of Finance or his designee as to the amount, terms and sources of such funds. Such loans shall be repaid only from nongeneral fund revenues associated with the project.

3. Anticipation loans for operating expenses shall be in amounts not greater than the sum identified by the agency as the minimum amount required to meet projected expenditures. The term of any anticipation loans granted for operating expenses shall not exceed 12 months.

2. For any project for which costs will exceed \$5,000,000 and which is financed through a capital lease transaction, the Treasury Board shall approve the financing terms and structure of such capital lease in addition to such other reviews and approvals as may be required by law. § 4-4.00 CAPITAL PROJECTS

§ 4-4.01 GENERAL

a. Definition:

1. When used in this section, "capital project" or "project" means acquisition of property and new construction and improvements related to state-owned property, plant or equipment (including plans therefor), as the terms "acquisition", "new construction", and "improvements" are defined in the instructions for the preparation of the Executive Budget. "Capital project" or "project" shall also mean any improvements to property leased for use by a state agency, and not owned by the state, when such improvements are financed by public funds, except as hereinafter provided in subdivisions 3 and 4 of this subsection.

2. The provisions of this section are applicable equally to acquisition of property and plant by purchase, gift, or any other means, including the acquisition of property through a lease/purchase contract, regardless of the method of financing or the source of funds. Acquisition of property by lease shall be subject to § 4-3.03 of this act.

3. The provisions of this section shall not apply to property or equipment acquired by lease or improvements to leased property and equipment when the improvements are provided by the lessor pursuant to the terms of the lease and upon expiration of the lease remain the property of the lessor.

4. The provisions of this section shall not apply to property leased by state agencies for the purposes described in §§ 2.2-1151 C and 33.1-93, Code of Virginia.

b. Notwithstanding any other provisions of law, requests for appropriations for capital projects shall be subject to the following:

1. The agency shall submit a capital project proposal for all requested capital projects. Such proposals shall be submitted to the Director, Department of Planning and Budget, for review and approval in accordance with guidelines prescribed by the director. Projects shall be developed to meet agency functional and space requirements within a cost range comparable to similar public and private sector projects.

2. The first priority of any agency or institution in requesting capital outlay appropriations shall be maintenance reserve funds.
3. Except for institutions of higher education governed by Chapters 933 and 943 of the 2006 Acts of Assembly, financings for capital projects shall comply, where applicable, with the Treasury Board Guidelines issued pursuant to § 2.2-2416, Code of Virginia, and any subsequent amendments thereto.
4. As part of any request for appropriations for an armory, the Department of Military Affairs shall obtain a written commitment from the host locality to share in the operating expense of the armory.
- c. Each agency head shall provide to the Director, Department of Planning and Budget, a plan for the use of the maintenance reserve appropriation of the agency in Part 2 of this act prior to the allotment of funds. The plan shall give first priority to the repair or replacement of roof on buildings under control of the agency. The agency head shall certify in the agency's annual update to its maintenance reserve plan that to the best of his or her knowledge, all necessary roof repairs have been accomplished, are in the process of being accomplished, or the necessary funds for accomplishing the work have been requested before the agency requests funds for other improvements or new construction projects. Such roof repairs and replacements shall be in accord with the technical requirements of the Commonwealth's Construction and Professional Services Manual.
- d. The Department of Planning and Budget shall review its approach to capital outlay planning and budgeting from time to time and report any proposed change to the Chairmen of the House Appropriations and Senate Finance Committees prior to its implementation. Such report shall include an analysis of the impact of the suggested change on affected agencies and institutions.
- e. Nothing in §§ 2-0 and 4-4.00 of this act shall be deemed to override the provisions of §§ 2.2-1132 and 62.1-132.6, Code of Virginia, amended by Chapter 488, 1997 Acts of Assembly, relating to Virginia Port Authority capital projects and procurement activities.
- f. It is the intent of the General Assembly that the Department of Conservation and Recreation shall be authorized to initiate and accept by gift or purchase with nongeneral fund dollars any lands for State Park or Natural Area purposes which may become available, and that are not specifically appropriated by the General Assembly, when such acquisitions are made in accordance with the provisions of this section and other applicable provisions of state law including approval by the Governor.
- g. Legislative Approval: It is the intent of the General Assembly that, with the exceptions noted in this paragraph and paragraph m, all capital projects to be undertaken by agencies of the Commonwealth, including institutions of higher education shall be pursuant to approvals by the General Assembly at its regular sessions in even-numbered years. The consideration of capital projects in odd-numbered years shall be limited to:
1. Supplementing projects which have been bid and determined to have insufficient funding to be placed under contract, and
 2. Projects declared by the Governor or the General Assembly to be of an emergency nature, which may avoid an increase in cost or otherwise result in a measurable benefit to the state, and/or which are required for the continued use of existing facilities.
- This paragraph does not prohibit the initiation of projects authorized by § 4-4.01 m hereof, or projects included under the central appropriations for capital project expenses in this act.
- h. Preliminary Requirements: In regard to each capital project for which appropriation or reappropriation is made pursuant to this act, or which is hereafter considered by the Governor for inclusion in the Executive Budget, or which is offered as a gift or is considered for purchase, the Governor is hereby required: (1) to determine the urgency of its need, as compared with the need for other capital projects as herein authorized, or hereafter considered; (2) to determine whether the proposed plans and specifications for each capital project are suitable and adequate, and whether they involve expenditures which are excessive for the purposes intended; (3) to determine whether labor, materials, and other requirements, if any, needed for the acquisition or construction of such project can and will be obtained at reasonable cost; and (4) to determine whether or not the project conforms to a site or master plan approved by the agency head or board of visitors of an institution of higher education for a program approved by the General Assembly.
- i. Initiation Generally:
1. No architectural or engineering planning for, or construction of, or purchase of any capital project shall be commenced or revised without the prior written approval of the Governor.
 2. The requirements of § 10.1-1190, Code of Virginia, shall be met prior to the release of funds for a major state project, provided, however, that the Governor is authorized to release from any appropriation for a major state project made pursuant to this act such sum or sums as may be necessary to pay for the preparation of the environmental impact report required by § 10.1-1188, Code of Virginia.
 3. The Governor, at his discretion, may release from any capital project appropriation or reappropriation made pursuant to this

act such sum (or sums) as may be necessary to pay for the preparation of plans and specifications by architects and engineers, provided that the estimated cost of the construction covered by such drawings and specifications does not exceed the appropriation therefor; provided, further, however, that the architectural and engineering fees paid on completion of the preliminary design for any such project may be based on such estimated costs as may be approved by the Governor in writing, where it is shown to the satisfaction of the Governor that higher costs of labor or material, or both, or other unforeseen conditions, have made the appropriation inadequate for the completion of the project for which the appropriation was made, and where in the judgment of the Governor such changed conditions justify the payment of architectural or engineering fees based on costs exceeding the appropriation.

4. Architectural or engineering contracts shall not be awarded in perpetuity for capital projects at any state institution, agency or activity.

j. Capital Projects Financed with Bonds: Capital projects proposed to be financed with (i) 9 (c) general obligation bonds or (ii) 9(d) obligations where debt service is expected to be paid from project revenues or revenues of the agency or institution, shall be reviewed as follows:

1. By August 15 of each year, requests for inclusion in the Executive Budget of capital projects to be financed with 9(c) general obligation bonds shall be submitted to the State Treasurer for evaluation of financial feasibility. Submission shall be in accordance with the instructions prescribed by the State Treasurer. The State Treasurer shall distribute copies of financial feasibility studies to the Director, Department of Planning and Budget, the Secretary for the submitting agency or institution, the Chairmen of the House Appropriations and Senate Finance Committees, and the Director, State Council of Higher Education for Virginia if the project is requested by an institution of higher education.

2. By August 15 of each year, institutions shall also prepare and submit copies of financial feasibility studies to the State Council of Higher Education for Virginia for 9(d) obligations where debt service is expected to be paid from project revenues or revenues of the institution. The State Council of Higher Education shall identify the impact of all projects requested by the institutions of higher education, and as described in § 4-4.01 j.1. of this act, on the current and projected cost to students in institutions of higher education and the impact of the project on the institution's need for student financial assistance. The State Council of Higher Education for Virginia shall report such information to the Secretary of Finance and the Chairmen of the House Appropriations and Senate Finance Committees no later than October 1 of each year.

3. Prior to the issuance of debt for 9(c) general obligation projects, when more than one year has elapsed since the review of financial feasibility specified in § 4-4.01 j 1 above, an updated feasibility study shall be prepared by the agency and reviewed by the State Treasurer prior to requesting the Governor's Opinion of Financial Feasibility required under Article X, Section 9 (c), of the Constitution of Virginia.

k. Transfers to supplement capital projects from nongeneral funds may be made under the conditions set forth in §§ 4-1.03 a, 4-1.04 a.3, and 4-4.01 m of this act.

1.1.Change in Size and Scope: Unless otherwise provided by law, the scope of any capital project may not be increased or decreased by more than five percent in size beyond the plans and justification which were the basis for the appropriation or reappropriation in this act or for the Governor's authorization pursuant to § 4-4.01 m of this act. However, this prohibition is not applicable to changes in size and scope required because of circumstances determined by the Governor to be an emergency, or requirements imposed by the federal government when such capital project is for armories or other defense-related installations and is funded in whole or in part by federal funds, or minor increases or decreases in square footage determined by the Director, Department of General Services to be reasonable and appropriate based on a written justification submitted by the agency stating the reason for the increase, with the provision that such increase will not increase the cost of the project beyond the amount appropriated; or decreases in scope to offset unbudgeted costs when such costs are determined by the Director, Department of Planning and Budget, to be reasonable based on a written justification submitted by the agency specifying the amount and nature of the unbudgeted costs and the types of actions that will be taken to decrease the scope of the project. The written justification shall also include a certification, signed by the agency head, that the resulting project will be consistent with the original programmatic intent of the appropriations.

2. If space planning, energy conservation, and environmental standards guides for any type of construction have been approved by the Governor or the General Assembly, the Governor shall require capital projects to conform to such planning guides.

m. Projects Not Included In This Act:

1. Authorization by Governor:

a) The Governor may authorize initiation of, planning for, construction of or acquisition of a nongeneral fund capital project not specifically included in this act or provided for a program approved by the General Assembly through appropriations, under one or more of the following conditions:

1) The project is required to meet an emergency situation.

2) The project is to be operated as an auxiliary enterprise or sponsored program in an institution of higher education and will

be fully funded by revenues of auxiliary enterprises or sponsored programs.

3) The project is to be operated as an educational and general program in an institution of higher education and will be fully funded by nongeneral fund revenues of educational and general programs or from private gifts and indirect cost recoveries.

4) The project consists of plant or property which has become available or has been received as a gift.

5) The project has been recommended for funding by the Tobacco Indemnification and Community Revitalization Commission or the Virginia Tobacco Settlement Foundation.

b) The foregoing conditions are subject to the following criteria:

1) Funds are available within the appropriations made by this act (including those subject to §§ 4-1.03 a, 4-1.04 a.3, and 4-2.03) without adverse effect on other projects or programs, or from unappropriated nongeneral fund revenues or balances.

2) In the Governor's opinion such action may avoid an increase in cost or otherwise result in a measurable benefit to the state.

3) The authorization includes a detailed description of the project, the project need, the total project cost, the estimated operating costs, and the fund sources for the project and its operating costs.

4) The Chairmen of the House Appropriations and Senate Finance Committees shall be notified by the Governor prior to the authorization of any capital project under the provisions of this subsection.

5) Permanent funding for any project initiated under this section shall only be from nongeneral fund sources.

2. Authorization by Director, Department of Planning and Budget:

a) The Director, Department of Planning and Budget, may authorize initiation of a capital project not included in this act, if the General Assembly has enacted legislation to fund the project from bonds of the Virginia Public Building Authority, Virginia College Building Authority, or from reserves created by refunding of bonds issued by those Authorities.

3. Delegated authorization by Boards of Visitors, Public Institutions of Higher Education:

a) In accordance with § 4-5.06 of this act, the board of visitors of any public institution of higher education that: i) has met the eligibility criteria set forth in Chapters 933 and 945 of the 2005 Acts of Assembly for additional operational and administrative autonomy, including having entered into a memorandum of understanding with the Secretary of Administration for delegated authority of nongeneral fund capital outlay projects, and ii) has received a sum sufficient nongeneral fund appropriation for emergency projects as set out in Part 2: Capital Project Expenses of this act, may authorize the initiation of any capital project that is not specifically set forth in this act provided that the project meets at least one of the conditions and criteria identified in § 4-4.01 m 1 of this act.

b) At least 30 days prior to the initiation of a project under this provision, the board of visitors must notify the Governor and Chairmen of the House Appropriations and Senate Finance Committees and must provide a life-cycle budget analysis of the project. Such analysis shall be in a form to be prescribed by the Auditor of Public Accounts.

c) The Commonwealth of Virginia shall have no general fund obligation for the construction, operation, insurance, routine maintenance, or long-term maintenance of any project authorized by the board of visitors of a public institution of higher education in accordance with this provision.

n. Acquisition, maintenance, and operation of buildings and nonbuilding facilities in colleges and universities shall be subject to the following policies:

1. The anticipated program use of the building or nonbuilding facility should determine the funding source for expenditures for acquisition, construction, maintenance, operation, and repairs.

2. Expenditures for land acquisition, site preparation beyond five feet from a building, and the construction of additional outdoor lighting, sidewalks, outdoor athletic and recreational facilities, and parking lots in the Virginia Community College System shall be made only from appropriated federal funds, Trust and Agency funds, including local government allocations or appropriations, or the proceeds of indebtedness authorized by the General Assembly.

3. The general policy of the Commonwealth shall be that parking services are to be operated as an auxiliary enterprise by all colleges and universities. Institutions should develop sufficient reserves for ongoing maintenance and replacement of parking facilities.

4. Except as provided in paragraph 2 above, expenditures for maintenance, replacement, and repair of outdoor lighting, sidewalks, and other infrastructure facilities may be made from any appropriated funds.

5. Expenditures for operations, maintenance, and repair of athletic, recreational, and public service facilities, both indoor and outdoor, should be from nongeneral funds. However, this condition shall not apply to any indoor recreational facility existing on a community college campus as of July 1, 1988.

6.a.1. At institutions of higher education that have met the eligibility criteria for additional operational and administrative authority as set forth in Chapters 933 and 945 of the 2005 Acts of Assembly or Chapters 824 and 829 of the 2008 Acts of Assembly, any repair, renovation, or new construction project costing up to \$2,000,000 shall be exempt from the capital outlay review and approval process. For purposes of this paragraph, projects shall not include any subset of a series of projects, which in combination would exceed the \$2,000,000 maximum.

2. All institutions of higher education shall be exempt from the capital review and approval process for repair, renovation, or new construction projects costing up to \$2,000,000.

b. Blanket authorizations funded entirely by nongeneral funds may be used for 1) renovation and infrastructure projects costing up to \$2,000,000 and 2) the planning of nongeneral fund new construction and renovation projects through bidding, with bid award made after receipt of a construction authorization. The Director, Department of Planning and Budget, may provide exemptions to the threshold.

7. It is the policy of the Commonwealth that the institutions of higher education shall treat the maintenance of their facilities as a priority for the allocation of resources. No appropriations shall be transferred from the "Operation and Maintenance of Plant" subprogram except for closely and definitely related purposes, as approved by the Director, Department of Planning and Budget, or his designee. A report providing the rationale for each approved transfer shall be made to the Chairmen of the House Appropriations and Senate Finance Committees.

o. Legislative Intent and Reporting: Appropriations for capital projects shall be deemed to have been made for purposes which require their expenditure, or being placed under contract for expenditure, during the current biennium. Agencies to which such appropriations are made in this act or any other act are required to report progress as specified by the Governor. If, in the opinion of the Governor, these reports do not indicate satisfactory progress, he is authorized to take such actions as in his judgment may be necessary to meet legislative intent as herein defined. Reporting on the progress of capital projects shall be in accordance with § 4-8.00, Reporting Requirements.

p. No expenditure from a general fund appropriation in this act shall be made to expand or enhance a capital outlay project beyond that anticipated when the project was initially approved by the General Assembly except to comply with requirements imposed by the federal government when such capital project is for armories or other defense-related installations and is funded in whole or in part by federal funds. General fund appropriations in excess of those necessary to complete the project shall not be reallocated to expand or enhance the project, or be reallocated to a different project. The prohibitions in this subsection shall not apply to transfers from projects for which reappropriations have been authorized.

q. Local or private funds to be used for the acquisition, construction or improvement of capital projects for state agency use as owner or lessee shall be deposited into the state treasury for appropriation prior to their expenditure for such projects.

r. State-owned Registered Historic Landmarks: To guarantee that the historical and/or architectural integrity of any state-owned properties listed on the Virginia Landmarks Register and the knowledge to be gained from archaeological sites will not be adversely affected because of inappropriate changes, the heads of those agencies in charge of such properties are directed to submit all plans for significant alterations, remodeling, redecoration, restoration or repairs that may basically alter the appearance of the structure, landscaping, or demolition to the Department of Historic Resources. Such plans shall be reviewed within thirty days and the comments of that department shall be submitted to the Governor through the Department of General Services for use in making a final determination.

s.1. The Governor may authorize the conveyance of any interest in property or improvements thereon held by the Commonwealth to the educational or real estate foundation of any institution of higher education where he finds that such property was acquired with local or private funds or by gift or grant to or for the use of the institution, and not with funds appropriated to the institution by the General Assembly. Any approved conveyance shall be exempt from § 2.2-1156, Code of Virginia, and any other statute concerning conveyance, transfer or sale of state property. If the foundation conveys any interest in the property or any improvements thereon, such conveyance shall likewise be exempt from compliance with any statute concerning disposition of state property. Any income or proceeds from the conveyance of any interest in the property shall be deemed to be local or private funds and may be used by the foundation for any foundation purpose.

2. This section shall not apply to public institutions of higher education governed by Chapters 933 and 943 of the 2006 Acts of Assembly or Chapters 824 and 829 of the 2008 Acts of Assembly.

t.1. Facility Lease Agreements Involving Institutions of Higher Education: In the case of any lease agreement involving state-owned property controlled by an institution of higher education, where the lease has been entered into consistent with the provisions of § 2.2-1155, Code of Virginia, the Governor may amend, adjust or waive any project review and reporting procedures of Executive agencies as may reasonably be required to promote the property improvement goals for which the lease agreement was developed.

2. This section shall not apply to public institutions of higher education governed by Chapters 933 and 943 of the 2006 Acts of Assembly or Chapters 824 and 829 of the 2008 Acts of Assembly.

u. Energy-efficiency Projects: Improvements to state-owned properties for the purpose of energy-efficiency shall be considered an operating expense, provided that:

1. The scope of the project meets or exceeds the applicable energy-efficiency standards set forth in the American Society of Heating, Refrigerating, and Air Conditioning Engineers (ASHRAE), the Illuminating Engineering Society (IES) standard 90.1-1989 and is limited to measures listed in guidelines issued by the Department of General Services.

2. The project is financed consistent with the provisions of § 2.2-2417, Code of Virginia, which requires Treasury Board approval and is executed through a nonprofessional services contract with a vendor approved by the Division of Purchases and Supply of the Department of General Services.

3. The scope of work has been reviewed and recommended by the Department of Mines, Minerals and Energy.

4. However, if the project scope entails: (a) constructing, enlarging, altering, repairing or demolishing a building or structure, (b) changing the use of a building either within the same use group or to a different use group when the new use requires greater degrees of structural strength, fire protection, exit facilities or sanitary provisions, or (c) removing or disturbing any asbestos-containing materials during demolition, alteration, renovation of or additions to building or structures, the project shall be subject to the capital outlay process as outlined in this section.

5. The total project cost does not exceed \$3,000,000. If the total project cost exceeds \$3,000,000, the project shall be subject to the capital budgeting process. However, energy performance projects underway before July 1, 2005, shall continue to be treated as operating expenses. Notwithstanding the above, if energy savings from a performance project offset the debt service, interest payments, and the cost of the project, the project shall not be subject to the capital budgeting process and the total project cost shall not exceed \$7,000,000.

6. If the total project exceeds \$250,000, the agency director will submit written notification to the Director, Department of Planning and Budget, verifying that the project meets all of the above conditions. The director shall notify, in turn, the Chairmen of the House Appropriations and Senate Finance Committees that such projects have been initiated.

v. No expenditures shall be authorized for the purchase of fee simple title to any real property to be used for a correctional facility or for the actual construction of a correctional facility provided for in this act, or by reference hereto, that involves acquisition or new construction of youth or adult correctional facilities on real property which was not owned by the Commonwealth on January 1, 1995, until the governing body of the county, city or town wherein the project is to be located has adopted a resolution supporting the location of such project within the boundaries of the affected jurisdiction. The foregoing does not prohibit expenditures for site studies, real estate options, correctional facility design and related expenditures.

w. Except for institutions of higher education governed by Chapters 933 and 943 of the 2006 Acts of Assembly, any alternative financing agreement entered into between a state agency or institution of higher education and a private entity or affiliated foundation must be reviewed and approved by the Treasury Board.

x. Prior to requesting authorization for new dormitory capital projects, institutions of higher education shall conduct a cost study to determine whether an alternative financing arrangement or public-private transaction would provide a more effective option for the construction of the proposed facility. This study shall be submitted to the Department of Planning and Budget as part of the budget development process and shall be evaluated by the Governor prior to submitting his proposed budget.

y. Any new construction project developed by or for the Chippokes Plantation Farm Foundation, with an estimated cost of \$750,000 or less, shall be exempt from the capital outlay review and approval process.

z. Construction or improvement projects of the Department of Military Affairs are not exempt from the capital outlay review process when the state procurement process is utilized, except for those projects with both an estimated cost of \$1,000,000 or less and are 100 percent federally reimbursed.

§ 4-4.02 PLANNING AND BUDGETING

a. It shall be the intent of the General Assembly to make biennial appropriations for a capital improvements program sufficient to address the program needs of the Commonwealth. The capital improvements program shall include maintenance and deferred maintenance of the Commonwealth's existing facilities, and of the facility requirements necessary to deliver the programs of state agencies and institutions.

b. In effecting these policies, the Governor shall establish a capital budget plan to address the renewal and replacement of the Commonwealth's physical plant, using such guidelines as recommended by industry or government to maintain the Commonwealth's investment in its property and plant.

§ 4-5.00 SPECIAL CONDITIONS AND RESTRICTIONS ON EXPENDITURES

§ 4-5.01 TRANSACTIONS WITH INDIVIDUALS

a. SETTLEMENT OF CLAIMS: Whenever a dispute, claim or controversy involving the interest of the Commonwealth is settled pursuant to § 2.2-514, Code of Virginia, payment may be made out of any appropriations, designated by the Governor, to the state agency(ies) which is (are) party to the settlement.

b. STUDENT FINANCIAL ASSISTANCE FOR HIGHER EDUCATION:

1. General:

a) The appropriations made in this act to state institutions of higher education within the Items for student financial assistance may be expended for any one, all, or any combination of the following purposes: grants to undergraduate students enrolled at least one-half time in a degree, certificate or diploma program; grants to full-time graduate students; grants to students enrolled full-time in a dual or concurrent undergraduate and graduate program; institutional contributions to federal or private student grant aid programs requiring matching funds by the institution, except for programs requiring work. The State Council of Higher Education for Virginia shall annually review each institution's plan for the expenditures of its appropriation for undergraduate student financial assistance prior to the start of the fall term to determine program compliance. The institution's plan shall include the institution's assumptions and calculations for determining the cost of attendance, student financial need, and student remaining need as well as an award schedule or description of how funds are awarded. For the purposes of the proposed plan, each community college shall be considered independently.

b) All awards made to undergraduate students from such Items shall be for Virginia students only and such awards shall offset all, or portions of, the costs of tuition and required fees, and, in the case of students qualifying under subdivision b 2 c)1) hereof, the cost of books. All undergraduate financial aid award amounts funded by this appropriation shall be proportionate to the remaining need of individual students, with students with higher levels of remaining need receiving grants before other students. No criteria other than the need of the student shall be used to determine the award amount other than as specified in Item 198 K of this act. Because of the low cost of attendance and recognizing that federal grants provide a much higher portion of cost than at other institutions, a modified approach and minimum award amount for the neediest VGAP student should be implemented for community college and Richard Bland College students based on remaining need and the combination of federal and grant state aid. Student financial need shall be determined by a need-analysis system approved by the Council.

c)1) All need-based awards made to graduate students shall be determined by the use of a need-analysis system approved by the Council.

2) As part of the six-year financial plans required in the provisions of Chapters 933 and 945 of the 2005 Acts of Assembly, each institution of higher education shall report the extent to which tuition and fee revenues are used to support graduate student aid and graduate compensation and how the use of these funds impacts planned increases in student tuition and fees.

d) A student who receives a grant under such Items and who, during a semester, withdraws from the institution which made the award must surrender the unearned portion. The institution shall calculate the unearned portion of the award based on the percentage used for federal Return to Title IV program purposes.

e) An award made under such Items to assist a student in attending an institution's summer session shall be prorated according to the size of comparable awards made in that institution's regular session.

f) The provisions of this act under the heading "Student Financial Assistance for Higher Education" shall not apply to the soil scientist scholarships authorized under § 23-38.3, Code of Virginia.

g) Unless noted elsewhere in this act, awards shall be named "Commonwealth" grants.

h) Unless otherwise provided by statute, undergraduate awards shall not be made to students seeking a second or additional baccalaureate degree until the financial aid needs of first-degree seeking students are fully met.

2. Grants To Undergraduate Students:

a) Each institution which makes undergraduate grants paid from its appropriation for student financial assistance shall expend such sums as approved for that purpose by the Council.

b) A student receiving an award must be duly admitted and enrolled in a degree, certificate or diploma program at the institution making the award, and shall be making satisfactory academic progress as defined by the institution for the purposes of eligibility under Title IV of the federal Higher Education Act, as amended.

c)1) It is the intent of the General Assembly that students eligible under the Virginia Guaranteed Assistance Program (VGAP) authorized in Title 23, Chapter 4.4:2, Code of Virginia, shall receive grants before all other students at the same institution

with equivalent remaining need from the appropriations for undergraduate student financial assistance found in Part 1 of this act (service area 1081000 - Scholarships). In each instance, VGAP eligible students shall receive awards greater than other students with equivalent remaining need.

2) The amount of each VGAP grant shall vary according to each student's remaining need and the total of tuition, all required fees and the cost of books at the institution the student will attend upon acceptance for admission. The actual amount of the VGAP award will be determined by the proportionate award schedule adopted by each institution; however, those students with the greatest financial need shall be guaranteed an award at least equal to tuition.

3) It is the intent of the General Assembly that the Virginia Guaranteed Assistance Program serve as an incentive to financially needy students now attending elementary and secondary school in Virginia to raise their expectations and their academic performance and to consider higher education an achievable objective in their futures.

4) Students may not receive a VGAP and a Commonwealth grant in the same semester.

3. Grants To Graduate Students:

a) An individual award may be based on financial need but may, in addition to or instead of, be based on other criteria determined by the institution making the award. The amount of an award shall be determined by the institution making the award; however, the Council shall annually be notified as to the maximum size of a graduate award that is paid from funds in the appropriation.

b) The institution is required to transfer to educational and general appropriations all funds used to pay graduate assistantships or for duties which require work.

c) A student receiving a graduate award paid from the appropriation must be duly admitted into a graduate degree program at the institution making the award.

d) Not more than 50 percent of the funds designated by an institution as graduate grants from the appropriation, and approved as such by the Council, shall be awarded to persons not eligible to be classified as Virginia domiciliary resident students except in cases where the persons meet the criteria outlined in § 4-2.01b.6.

4. Matching Funds: Any institution of higher education may, with the approval of the Council, use funds from its appropriation for fellowships and scholarships to provide the institutional contribution to any student financial aid program established by the federal government or private sources which requires the matching of the contribution by institutional funds, except for programs requiring work.

5. Discontinued Loan Program:

a) If any federal student loan program for which the institutional contribution was appropriated by the General Assembly is discontinued, the institutional share of the discontinued loan program shall be repaid to the fund from which the institutional share was derived unless other arrangements for the use of the funds are recommended by the Council and approved by the Department of Planning and Budget. Should the institution be permitted to retain the federal contributions to the program, the funds shall be used according to arrangements authorized by the Council and approved by the Department of Planning and Budget.

b)1) An institution of higher education may discontinue its student loan fund established pursuant to Title 23, Chapter 4.01, Code of Virginia. The full amount of cash in such discontinued loan fund shall be paid into the state treasury into a nonrevertible nongeneral fund account. Prior to such payment, the State Comptroller shall verify its accuracy, including the fact that the cash held by the institution in the loan fund will be fully depleted by such payment. The loan fund shall not be reestablished thereafter for that institution.

2) The cash so paid into the state treasury shall be used only for grants to undergraduate and graduate students in the Higher Education Student Financial Assistance program according to arrangements authorized by the Council and approved by the Department of Planning and Budget.

3) Payments on principal and interest of any promissory notes held by the discontinued loan fund shall continue to be received by the institution, which shall deposit such payments in the state treasury to the nonrevertible nongeneral fund account specified in subdivision (1) preceding, to be used for grants as specified in subdivision (2) preceding.

6. Reporting: The Council shall collect student-specific information for undergraduate students as is necessary for the operation of the Student Financial Assistance Program. The Council shall maintain regulations governing the operation of the Student Financial Assistance Program based on the provisions outlined in this section, the Code of Virginia, and State Council policy.

C. PAYMENTS TO CITIZEN MEMBERS OF NONLEGISLATIVE BODIES:

Notwithstanding any other provision of law, executive branch agencies shall not pay compensation to citizen members of boards, commissions, authorities, councils, or other bodies from any fund for the performance of such members' duties in the work of the board, commission, authority, council, or other body.

§ 4-5.02 THIRD PARTY TRANSACTIONS

a. EMPLOYMENT OF ATTORNEYS:

1.a. All attorneys authorized by this act to be employed by any state agency and all attorneys compensated out of any moneys appropriated in this session of the General Assembly shall be appointed by the Attorney General and be in all respects subject to the provisions of Title 2.2, Chapter 5, Code of Virginia, to the extent not to conflict with Title 12.1, Chapter 4, Code of Virginia; provided, however, that if the Governor certifies the need for independent legal counsel for any Executive Department agency, such agency shall be free to act independently of the Office of the Attorney General in regard to selection, and provided, further, that compensation of such independent legal counsel shall be paid from the moneys appropriated to such Executive Department agency or from the moneys appropriated to the Office of the Attorney General.

b. For purposes of this act, "attorney" shall be defined as an employee or contractor who represents an agency before a court, board or agency of the Commonwealth of Virginia or political subdivision thereof. This term shall not include members of the bar employed by an agency who perform in a capacity that does not require a license to practice law, including but not limited to, instructing, managing, supervising or performing normal or customary duties of that agency.

2. This section does not apply to attorneys employed by state agencies in the Legislative Department, Judicial Department or Independent Agencies.

3. Reporting on employment of attorneys shall be in accordance with § 4-8.00, Reporting Requirements.

b. STUDIES AND CONSULTATIVE SERVICES REQUIRED BY GENERAL ASSEMBLY: No expenditure for payments on third party nongovernmental contracts for studies or consultative services shall be made out of any appropriation to the General Assembly or to any study group created by the General Assembly, nor shall any such expenditure for third party nongovernmental contracts be made by any Executive Department agency in response to a legislative request for a study, without the prior approval of two of the following persons: the Chairman of the House Appropriations Committee; the Chairman of the Senate Finance Committee; the Speaker of the House of Delegates; the President pro tempore of the Senate. All such expenditures shall be made only in accordance with the terms of a written contract approved as to form by the Attorney General.

c. USE OF CONSULTING SERVICES: All state agencies and institutions of higher education shall make a determination of "return on investment" as part of the criteria for awarding contracts for consulting services.

d. DEBT COLLECTION SERVICES:

1. Notwithstanding any provision of the Code of Virginia or this act to the contrary, the Virginia Commonwealth University Health System Authority shall have the option to participate in the Office of the Attorney General's debt collection process. Should the Authority choose not to participate, the Authority shall have the authority to collect its accounts receivable by engaging private collection agents and attorneys to pursue collection actions, and to independently compromise, settle, and discharge accounts receivable claims.

2. Notwithstanding any provision of the Code of Virginia or this act to the contrary, the University of Virginia Medical Center shall have the authority to collect its accounts receivable by engaging private collection agents and attorneys to pursue collection actions, and to independently compromise, settle, and discharge accounts receivable claims, provided that the University of Virginia demonstrates to the Secretary of Finance that debt collection by an agent other than the Office of the Attorney General is anticipated to be more cost effective. Nothing in this paragraph is intended to limit the ability of the University of Virginia Medical Center from voluntarily contracting with the Office of the Attorney General's Division of Debt Collection in cases where the Center would benefit from the expertise of legal counsel and collection services offered by the Office of the Attorney General.

3. Notwithstanding any provision of the Code of Virginia or this act to the contrary, the Department of Taxation shall be exempt from participating in the debt collection process of the Office of the Attorney General.

§ 4-5.03 SERVICES AND CLIENTS

a. CHANGED COST FACTORS:

1. No state agency, or its governing body, shall alter factors (e.g., qualification level for receipt of payment or service) which may increase the number of eligible recipients for its authorized services or payments, or alter factors which may increase the unit cost of benefit payments within its authorized services, unless the General Assembly has made an appropriation for the cost of such change.

2. State agencies shall submit any proposed modifications in rates to be charged by internal service funds, pursuant to §§ 2.2-803, 2.2-1011, and 2.2-2013, Code of Virginia, that impact on agency expenditures to the Department of Planning and Budget for review prior to approval by the Joint Legislative Audit and Review Commission. In its review, the Department of Planning and Budget shall determine whether the requested rate modifications are consistent with budget assumptions and report its findings to the Commission prior to the approval of the rate request.

b. NEW SERVICES:

1. No state agency shall begin any new service that will call for future additional property, plant or equipment or that will require an increase in subsequent general or nongeneral fund operating expenses without first obtaining the authorization of the General Assembly.

2. Pursuant to the policies and procedures of the State Council of Higher Education regarding approval of academic programs and the concomitant enrollment, no state institution of higher education shall operate any academic program with funds in this act unless approved by the Council and included in the Executive Budget, or approved by the General Assembly. The Council may grant exemptions to this policy in exceptional circumstances.

3. Reporting on all new services shall be in accordance with § 4-8.00, Reporting Requirements.

c. OFF-CAMPUS SITES OF INSTITUTIONS OF HIGHER EDUCATION:

No moneys appropriated by this act shall be used for off-campus sites unless as provided for in this section.

1. A public college or university seeking to create, establish, or operate an off-campus instructional site, funded directly or indirectly from the general fund or with revenue from tuition and mandatory educational and general fees generated from credit course offerings, shall first refer the matter to the State Council of Higher Education for Virginia for its consideration and approval. The State Council of Higher Education for Virginia may provide institutions with conditional approval to operate the site for up to one year, after which time the college or university must receive approval from the Governor and General Assembly, through legislation or appropriation, to continue operating the site.

2. For the colleges of the Virginia Community College System, the State Board for Community Colleges shall be responsible for approving off-campus locations. Sites governed by this requirement are those at any locations not contiguous to the main campus of the institution, including locations outside Virginia.

3. a) The provisions herein shall not apply to credit offerings on the site of a public or private entity if the offerings are supported entirely with private, local, or federal funds or revenue from tuition and mandatory educational and general fees generated entirely by course offerings at the site.

b) Offerings at previously approved off-campus locations shall also not be subject to these provisions.

c) Further, the provisions herein do not govern the establishment and operations of campus sites with a primary function of carrying out grant and contract research where direct and indirect costs from such research are covered through external funding sources. Such locations may offer limited graduate education as appropriate to support the research mission of the site.

d) Nothing herein shall prohibit an institution from offering non-credit continuing education programs at sites away from the main campus of a college or university.

4. The State Council of Higher Education shall establish guidelines to implement this provision.

d. PERFORMANCE MEASUREMENT

1. In accordance with § 2.2-1501, Code of Virginia, the Department of Planning and Budget shall develop a programmatic budget and accounting structure for all new programs and activities to ensure that it provides the appropriate financial and performance measures to determine if programs achieve desired results and outcomes. The Department of Accounts shall provide assistance as requested by the Department of Planning and Budget. The Department of Planning and Budget shall provide this information each year when the Governor submits the budget in accordance with § 2.2-1509, Code of Virginia, to the Chairmen of the House Appropriations, House Finance, and Senate Finance Committees.

2.a) Within thirty days of the enactment of this act, the Director, Department of Planning and Budget, shall submit in writing to the Chairmen of the House Appropriations and Senate Finance Committees a list of the new initiatives for which appropriations are provided in this act.

b) Not later than ninety days after the end of the first year of the biennium, the Director, Department of Planning and Budget, shall prepare a report on the performance of each new initiative contained in the list, to be submitted to the Chairmen of the House Appropriations and Senate Finance Committees. The report shall compare the actual results, including expenditures, of

the initiative with the anticipated results and the appropriation for the initiative. This information shall be used to determine whether the initiative should be extended beyond the beginning period. In the preparation of this report, all state agencies shall provide assistance as requested by the Department of Planning and Budget.

§ 4-5.04 GOODS AND SERVICES

a. STUDENT ATTENDANCE AT INSTITUTIONS OF HIGHER EDUCATION:

1. Public Information Encouraged: Each public institution of higher education is expected and encouraged to provide prospective students with accurate and objective information about its programs and services. The institution may use public funds under the control of the institution's Board of Visitors for the development, preparation and dissemination of factual information about the following subjects: academic programs; special programs for minorities; dates, times and procedures for registration; dates and times of course offerings; admission requirements; financial aid; tuition and fee schedules; and other information normally distributed through the college catalog. This information may be presented in any and all media, such as newspapers, magazines, television or radio where the information may be in the form of news, public service announcements or advertisements. Other forms of acceptable presentation would include brochures, pamphlets, posters, notices, bulletins, official catalogs, flyers available at public places and formal or informal meetings with prospective students.

2. Excessive Promotion Prohibited: Each public institution of higher education is prohibited from using public funds under the control of the institution's Board of Visitors for the development, preparation, dissemination or presentation of any material intended or designed to induce students to attend by exaggerating or extolling the institution's virtues, faculty, students, facilities or programs through the use of hyperbole. Artwork and photographs which exaggerate or extol rather than supplement or complement permissible information are prohibited. Mass mailings are generally prohibited; however, either mass mailings or newspaper inserts, but not both, may be used if other methods of distributing permissible information are not economically feasible in the institution's local service area.

3. Remedial Education: Senior institutions of higher education shall make arrangements with community colleges for the remediation of students accepted for admission by the senior institutions.

4. Compliance: The president or chancellor of each institution of higher education is responsible for the institution's compliance with this subsection.

b. INFORMATION TECHNOLOGY FACILITIES AND SERVICES:

1.a) The Virginia Information Technologies Agency shall procure information technology and telecommunications goods and services of every description for its own benefit or on behalf of other state agencies and institutions, or authorize other state agencies or institutions to undertake such procurements on their own.

b) Except for research projects, research initiatives, or instructional programs at public institutions of higher education, or any non-major information technology project request from the Virginia Community College System, Longwood University, or from an institution of higher education which is a member of the Virginia Association of State Colleges and University Purchasing Professionals (VASCUPP) as of July 1, 2003, requests for authorization from state agencies and institutions to procure information technology and telecommunications goods and services on their own behalf shall be made in writing to the Chief Information Officer or his designee. Members of VASCUPP as of July 1, 2003, are hereby recognized as: The College of William and Mary, George Mason University, James Madison University, Old Dominion University, Radford University, Virginia Commonwealth University, Virginia Military Institute, Virginia Polytechnic Institute and State University, and the University of Virginia.

c) The Chief Information Officer or his designee may grant the authorization upon a written determination that the request conforms to the statewide information technology plan and the individual information technology plan of the requesting agency or institution.

d) Any procurement authorized by the Chief Information Officer or his designee for information technology and telecommunications goods and services, including geographic information systems, shall be issued by the requesting state agency or institution in accordance with the regulations, policies, procedures, standards, and guidelines of the Virginia Information Technologies Agency.

e) Nothing in this subsection shall prevent public institutions of higher education or the Virginia Community College System from using the services of Network Virginia.

f) To ensure that the Commonwealth's research universities maintain a competitive position with access to the national optical research network infrastructure including the National LambdaRail and Internet2, the Network Virginia Contract Administrator is hereby authorized to renegotiate the term of the existing contracts. Additionally, the contract administrator is authorized to competitively negotiate additional agreements in accordance with the Code of Virginia and all applicable regulations, as required, to establish and maintain research network infrastructure.

2. If the billing rates and associated systems for computer, telecommunications and systems development services to state

agencies are altered, the Director, Department of Planning and Budget, may transfer appropriations from the general fund between programs affected. These transfers are limited to actions needed to adjust for overfunding or underfunding the program appropriations affected by the altered billing systems.

3. The provisions of this subsection shall not in any way affect the duties and responsibilities of the State Comptroller under the provisions of § 2.2-803, Code of Virginia.

4. It is the intent of the General Assembly that information technology (IT) systems, products, data, and service costs, including geographic information systems (GIS), be contained through the shared use of existing or planned equipment, data, or services which may be available or soon made available for use by state agencies, institutions, authorities, and other public bodies. State agencies, institutions, and authorities shall cooperate with the Virginia Information Technologies Agency in identifying the development and operational requirements for proposed IT and GIS systems, products, data, and services, including the proposed use, functionality, capacity and the total cost of acquisition, operation and maintenance.

5. This section shall not apply to public institutions of higher education governed by Chapters 933 and 943 of the 2006 Acts of Assembly.

6. Notwithstanding any other provision of law, state agencies that do not receive computer services from the Virginia Information Technologies Agency may develop their own policies and procedures governing the sale of surplus computers and laptops to their employees or officials. Any proceeds from the sale of surplus computers or laptops shall be deposited into the appropriate fund or funds used to purchase the equipment.

c. MOTOR VEHICLES AND AIRCRAFT:

1. No motor vehicles (including station wagons) shall be purchased or leased with public funds by the state or any officer or employee on behalf of the state without the prior written approval of the Director, Department of General Services.

2. The institutions of higher education shall be exempt from this provision but shall be required to report their entire inventory of purchased and leased vehicles including the cost of such to the Director of the Department of General Services by June 30 of each year. The Director of the Department of General Services shall compare the cost of vehicles acquired by institutions of higher education to like vehicles under the state contract. If the comparison demonstrates for a given institution that the cost to the Commonwealth is greater for like vehicles than would be the case based on a contract of statewide applicability, the Governor or his designee may suspend the exemption granted to the institution pursuant to this subparagraph c.

3. The Director, Department of General Services, is hereby authorized to transfer surplus motor vehicles among the state agencies, and determine the value of such surplus equipment for the purpose of maintaining the financial accounts of the state agencies affected by such transfers.

d. MOTION PICTURE, TELEVISION AND RADIO SERVICES PRODUCTION: Except for public institutions of higher education governed by Chapters 933 and 943 of the 2006 Acts of Assembly, no state Executive Department agency or the State Lottery Department shall expend any public funds for the production of motion picture films or of programs for television transmission, or for the operation of television or radio transmission facilities, without the prior written approval of the Governor or as otherwise provided in this act, except for educational television programs produced for elementary-secondary education by authority of the Virginia Information Technologies Agency. The Joint Subcommittee on Rules is authorized to provide the approval of such expenditures for legislative agencies. For judicial agencies and independent agencies, other than the State Lottery Department, prior approval action rests with the supervisory bodies of these entities. With respect to television programs which are so approved and other programs which are otherwise authorized or are not produced for television transmission, state agencies may enter into contracts without competitive sealed bidding, or competitive negotiation, for program production and transmission services which are performed by public telecommunications entities, as defined in § 2.2-2427, Code of Virginia.

e. TRAVEL: Reimbursement for the cost of travel on official business of the state government is authorized to be paid pursuant to law and regulations issued by the State Comptroller to implement such law. Notwithstanding any contrary provisions of law:

1. For the use of personal automobiles in the discharge of official duties outside the continental limits of the United States, the State Comptroller may authorize an allowance not exceeding the actual cost of operation of such automobiles;

2. The first 15,000 miles of use during each fiscal year of personal automobiles in the discharge of official duties within the continental limits of the United States shall be reimbursed at an amount equal to the most recent business standard mileage rate as established by the Internal Revenue Service for employees or self-employed individuals to use in computing their income tax deductible costs for operating passenger vehicles owned or leased by them for business purposes, or in the instance of a state employee, at the lesser of (a) the IRS rate or (b) the lowest combined capital and operational trip pool rate charged by the Department of General Services, Office of Fleet Management Services (OFMS), posted on the OFMS website at time of travel, for the use of a compact state-owned vehicle. If the head of the state agency concerned certifies that a state-owned vehicle was not available, or if, according to regulations issued by the State Comptroller, the use of a personal automobile in lieu of a state-owned automobile is considered to be an advantage to the state, the reimbursement shall be at the rate of the

IRS rate. For such use in excess of 15,000 miles in each fiscal year, the reimbursement shall be at a rate of 13.0 cents per mile, unless a state-owned vehicle is not available; then the rate shall be the IRS rate;

3. The State Comptroller may authorize exemptions to restrictions upon use of common carrier accommodations;

4. The State Comptroller may authorize reimbursement by per diem in lieu of actual costs of meals and any other expense category deemed necessary for the efficient and effective operation of state government;

5. State agencies shall identify all employees likely to travel on official business of state government more than twice per year and shall reimburse such employees for their travel costs using electronic data interchange. Any exceptions to this requirement must be approved by the affected cabinet secretary; and

6. This section shall not apply to members and employees of public school boards.

f. SMALL PURCHASE CHARGE CARD, ELECTRONIC DATA INTERCHANGE, DIRECT DEPOSIT, AND PAYLINE OPT OUT: The State Comptroller is hereby authorized to charge state agencies a fee of \$5 per check or earnings notice when, in his judgment, agencies have failed to comply with the Commonwealth's electronic commerce initiatives to reduce unnecessary administrative costs for the printing and mailing of state checks and earning notices. The fee shall be collected by the Department of Accounts through accounting entries.

g. PURCHASES OF APPLIANCES AND EQUIPMENT: State agencies and institutions shall purchase Energy Star rated appliances and equipment in all cases where such appliances and equipment are available.

h. ELECTRONIC PAYMENTS: Any recipient of payments from the State Treasury who receives six or more payments per year issued by the State Treasurer shall receive such payments electronically. The State Treasurer shall decide the appropriate method of electronic payment and, through his warrant issuance authority, the State Comptroller shall enforce the provisions of this section. The State Comptroller is authorized to grant administrative relief to this requirement when circumstances justify non-electronic payment.

i. LOCAL AND NON-STATE SAVINGS AND EFFICIENCIES: It is the intent of the General Assembly that State agencies shall encourage and assist local governments, school divisions, and other non-state governmental entities in their efforts to achieve cost savings and efficiencies in the provision of mandated functions and services including but not limited to finance, procurement, social services programs, and facilities management.

j. MEDICAL SERVICES: No expenditures from general or nongeneral fund sources may be made out of any appropriation by the General Assembly for providing abortion services, except as otherwise required by federal law or state statute.

k. TELECOMMUNICATION SERVICES AND DEVICES:

1. The Chief Information Officer and the State Comptroller shall develop statewide requirements for the use of cellular telephones and other telecommunication devices by in-scope Executive Department agencies, addressing the assignment, evaluation of need, safeguarding, monitoring, and usage of these telecommunication devices. The requirements shall include an acceptable use agreement template clearly defining an employee's responsibility when they receive and use a telecommunication device. Statewide requirements shall require some form of identification on a device in case it is lost or stolen and procedures to wipe the device clean of all sensitive information when it is no longer in use.

2. In-scope Executive Department agencies providing employees with telecommunication devices shall develop agency-specific policies, incorporating the guidance provided in § 4-5.04 k. 1. of this act and shall maintain a cost justification for the assignment or a public health, welfare and safety need.

3. The Chief Information Officer shall determine the optimal number of telecommunication vendors and plans necessary to meet the needs of in-scope Executive Department agency personnel. The Chief Information Officer shall regularly procure these services and provide statewide contracts for use by all such agencies. These contracts shall require the vendors to provide detailed usage information in a useable electronic format to enable the in-scope agencies to properly monitor usage to make informed purchasing decisions and minimize costs.

4. The Chief Information Officer shall examine the feasibility of providing tools for in-scope Executive Department agencies to analyze usage and cost data to assist in determining the most cost effective plan combinations for the entity as a whole and individual users.

1. ALTERNATIVE PROCUREMENT: If any payment is declared unconstitutional for any reason or if the Attorney General finds in a formal, written, legal opinion that a payment is unconstitutional, in circumstances where a good or service can constitutionally be the subject of a purchase, the administering agency of such payment is authorized to use the affected appropriation to procure, by means of the Commonwealth's Procurement Act, goods and services, which are similar to those sought by such payment in order to accomplish the original legislative intent.

§ 4-5.05 NONSTATE AGENCIES, INTERSTATE COMPACTS AND ORGANIZATIONAL MEMBERSHIPS

a. The accounts of any agency, however titled, which receives funds from this or any other appropriating act, and is not owned or controlled by the Commonwealth of Virginia, shall be subject to audit or shall present an audit acceptable to the Auditor of Public Accounts when so directed by the Governor or the Joint Legislative Audit and Review Commission.

b.1. For purposes of this subsection, the definition of "nonstate agency" is that contained in § 2.2-1505, Code of Virginia.

2. Allotment of appropriations to nonstate agencies shall be subject to the following criteria:

a) Such agency is located in and operates in Virginia.

b) The agency must be open to the public or otherwise engaged in activity of public interest, with expenditures having actually been incurred for its operation.

3. No allotment of appropriations shall be made to a nonstate agency until such agency has certified to the Secretary of Finance that cash or in-kind contributions are on hand and available to match equally all or any part of an appropriation which may be provided by the General Assembly, unless the organization is specifically exempted from this requirement by language in this act. Such matching funds shall not have been previously used to meet the match requirement in any prior appropriation act.

4. Operating appropriations for nonstate agencies equal to or in excess of \$150,000 shall be disbursed to nonstate agencies in twelve or fewer equal monthly installments depending on when the first payment is made within the fiscal year. c.1. Each interstate compact commission and each organization in which the Commonwealth of Virginia or a state agency thereof holds membership, and the dues for which are provided in this act or any other appropriating act, shall submit its biennial budget request to the state agency under which such commission or organization is listed in this act. The state agency shall include the request of such commission or organization within its own request, but identified separately. Requests by the commission or organization for disbursements from appropriations shall be submitted to the designated state agency.

2. Each state agency shall submit by November 1 each year, a report to the Director, Department of Planning and Budget, listing the name and purpose for organizational memberships held by that agency with annual dues of \$5,000 or more. The institutions of higher education shall be exempt from this reporting requirement.

§ 4-5.06 DELEGATION OF AUTHORITY

a. The designation in this act of an officer or agency head to perform a specified duty shall not be deemed to supersede the authority of the Governor to delegate powers under the provisions of § 2.2-104, Code of Virginia.

b. The nongeneral fund capital outlay decentralization programs initiated pursuant to § 4-5.08b of Chapter 912, 1996 Acts of Assembly as continued in subsequent appropriation acts are hereby made permanent. Decentralization programs for which institutions have executed memoranda of understanding with the Secretary of Administration pursuant to the provisions of § 4-5.08b of Chapter 912, 1996 Acts of Assembly shall no longer be considered pilot projects, and shall remain in effect until revoked.

c. Institutions wishing to participate in a nongeneral fund capital outlay decentralization program for the first time shall submit a letter of interest to the appropriate Cabinet Secretary. Within 90 calendar days of the receipt of the institution's request to participate, the responsible Cabinet Secretary shall determine whether the institution meets the eligibility criteria and, if appropriate, establish a decentralization program at the institution. The Cabinet Secretary shall report to the Governor and Chairmen of the Senate Finance and House Appropriations Committees by December 1 of each year all institutions that have applied for inclusion in a decentralization program and whether the institutions have been granted authority to participate in the decentralization program.

d. The provisions identified in § 4-5.08 f and § 4-5.08 h of Chapter 1042 of the Acts of Assembly of 2003 pertaining to pilot programs for selected capital outlay projects and memoranda of understanding in institutions of higher education are hereby continued. Notwithstanding these provisions, those projects shall be insured through the state's risk management liability program.

e. If during an independent audit conducted by the Auditor of Public Accounts, the audit discloses that an institution is not performing within the terms of the memoranda of understanding or their addenda, the Auditor shall report this information to the Governor, the responsible Cabinet Secretary, and the Chairmen of the Senate Finance and House Appropriations Committees.

f. Institutions that have executed memoranda of understanding with the Secretary of Administration for nongeneral fund capital outlay decentralization programs are hereby granted a waiver from the provisions of § 2.2-4301, Competitive Negotiation, subdivision 3a, Code of Virginia, regarding the not to exceed amount of \$100,000 for a single project, the not to exceed sum of \$500,000 for all projects performed, and the option to renew for two additional one-year terms.

g. Notwithstanding any contrary provision of law or this act, delegations of authority in this act to the Governor shall apply only to agencies and personnel within the Executive Department, unless specifically stated otherwise.

h. This section shall not apply to public institutions of higher education governed by Chapters 933 and 943 of the 2006 Acts of Assembly.

§ 4-5.07 LEASE PAYMENTS

a. Agencies shall not acquire real property by lease until the agency certifies to the Director, Department of General Services, that (i) funds are available within the agency's appropriations made by this act for the cost of the lease and (ii) the volume of leased space conforms with the space planning procedures for leased facilities developed by the Department of General Services and approved by the Governor. This provision shall not apply to institutions of higher education that have met the conditions prescribed in subsection B of § 23-38.88, Code of Virginia.

§ 4-5.08 SEMICONDUCTOR MANUFACTURING PERFORMANCE GRANT PROGRAMS

a. The Comptroller shall not draw any warrants to issue checks for semiconductor manufacturing performance grant programs, pursuant to Title 59.1, Chapter 22.3, Code of Virginia, without a specific legislative appropriation. The appropriation shall be in accordance with the terms and conditions set forth in a memorandum of understanding between a qualified manufacturer and the Commonwealth. These terms and conditions shall supplement the provisions of the Semiconductor Manufacturing Performance Grant Program, the Semiconductor Memory or Logic Wafer Manufacturing Performance Grant Program, and the Semiconductor Memory or Logic Wafer Manufacturing Performance Grant Program II, as applicable, and shall include but not be limited to the numbers and types of semiconductor wafers that are produced; the level of investment directly related to the building and equipment for manufacturing of wafers or activities ancillary to or supportive of such manufacturer within the eligible locality; and the direct employment related to these programs. To that end, the Secretary of Commerce and Trade shall certify in writing to the Governor and to the Chairmen of the House Appropriations and Senate Finance Committees the extent to which a qualified manufacturer met the terms and conditions. The appropriation shall be made in full or in proportion to a qualified manufacturer's fulfillment of the memorandum of understanding.

b. The Governor shall consult with the House Appropriations and Senate Finance Committees before amending any existing memorandum of understanding. These Committees shall have the opportunity to review any changes prior to their execution by the Commonwealth.

§ 4-5.09 DISPOSITION OF SURPLUS REAL PROPERTY

a. The Commonwealth shall receive the fair market value of surplus state property which is designated by the Governor for economic development purposes, and for any properties owned by an Industrial Development Authority in any county where the Commonwealth has a continuing interest based on the deferred portion of the purchase price, which shall be assessed by more than one independent appraiser certified as a Licensed General Appraiser. Such property shall not be disposed of for less than its fair market value as determined by the assessments.

b. Recognizing the commercial, business and industrial development potential of certain lands declared surplus, and for any properties owned by an Industrial Development Authority in any county where the Commonwealth has a continuing interest based on the deferred portion of the purchase price, the Governor shall be authorized to utilize funds available in the Governor's discretion, to meet the requirements of the preceding subsection a. Sale proceeds, together with the money from the Governor's Development Opportunity Fund, shall be deposited as provided in § 2.2-1156 D, Code of Virginia.

12 e. 1. Salaries for newly employed or promoted employees shall be established consistent with the compensation and
13 classification plans established by the Governor.

14 2. The State Comptroller is hereby authorized to require payment of wages or salaries to state employees by direct deposit or
15 by credit to a prepaid debit card or card account from which the employee is able to withdraw or transfer funds.

16 3. Notwithstanding §§ 40.1-29 and 2.2-804, Code of Virginia, agencies are authorized to seek compromise and settlement of
17 erroneous payroll overpayments with the approval of the Attorney General pursuant to, and consistent with, § 2.2-514, Code of
18 Virginia and as approved by the Governor or his designee. If so approved, agencies are authorized to use payroll deductions to
19 recover the compromise and settlement of erroneous payroll overpayments made to state employees. Such overpayments may
20 include, but are not limited to, excess wage or salary payments, erroneous refunds, and under-withheld payroll deductions for
21 retirement, health and other benefit programs. Payroll deductions made pursuant to this section are limited to 25 percent of
22 disposable earnings as defined in Code § 34-29(d).

23 f. The provisions of this section, requiring prior written approval of the Governor relative to compensation, shall apply also to
24 any system of incentive award payments which may be adopted and implemented by the Governor. The cost of implementing
25 any such system shall be paid from any funds appropriated to the affected agencies.

26 g. No lump sum appropriation for personal service shall be regarded as advisory or suggestive of individual salary rates or of
27 salary schedules to be fixed under law by the Governor payable from the lump sum appropriation.

28 h. Subject to approval by the Governor of a plan for a statewide employee meritorious service awards program, as provided for
29 in § 2.2-1201.12, Code of Virginia, the costs for such awards shall be paid from any operating funds appropriated to the
30 affected agencies.

31 i. The General Assembly hereby affirms and ratifies the Governor's existing authority and the established practice of this body
32 to provide for pay differentials or to supplement base rates of pay for employees in specific job classifications in particular
33 geographic and/or functional areas where, in the Governor's discretion, they are needed for the purpose of maintaining salaries
34 which enable the Commonwealth to maintain a competitive position in the relevant labor market.

35 j.1. If at any time the Administrator of the Commonwealth's Attorneys' Services Council serves on the faculty of a
36 state-supported institution of higher education, the faculty appointment must be approved by the Council. Such institution shall
37 pay one-half of the salary listed in § 4-6.01 c 6 of this act. Further, such institution may provide compensation in addition to
38 that listed in § 4-6.01 c 6; provided, however, that such additional compensation must be approved by the Council.

39 2. If the Administrator ceases to be a member of the faculty of a state-supported institution of higher education, the total salary
40 listed in § 4-6.01 c 6 shall be paid from the Council's appropriation.

41 k.1.a) Except as otherwise provided for in this subdivision, any increases in the salary band assignment of any job role
42 contained in the compensation and classification plans approved by the Governor shall be effective beginning with the first pay
43 period, defined as the pay period from June 25 through July 9, of the fiscal year if: (1) the agency certifies to the Secretary of
44 Finance that funds are available within the agency's appropriation to cover the cost of the increase for the remainder of the
45 current biennium and presents a plan for covering the costs next biennium and the Secretary concurs, or (2) such funds are
46 appropriated by the General Assembly. If at any time the Secretary of Administration shall certify that such change in the
47 salary band assignment for a job role is of an emergency nature and the Secretary of Finance shall certify that funds are
48 available to cover the cost of the increase for the remainder of the biennium within the agency's appropriation, such change in
49 compensation may be effective on a date agreed upon by these two Secretaries. The Secretary of Administration shall provide
50 a monthly report of all such emergency changes in accordance with § 4-8.00, Reporting Requirements.

51 b) Notwithstanding any other provision of law, state employees will be paid on July 2, 2012, for the work period June 10 to
52 June 24, 2012.

53 2. Salary adjustments for any employee through a promotion, role change, exceptional recruitment and retention incentive
54 options, or in-range adjustment shall occur only if: a) the agency has sufficient funds within its appropriation to cover the cost
55 of the salary adjustment for the remainder of the current biennium or b) such funds are appropriated by the General Assembly.

3. No changes in salary band assignments affecting classified employees of more than one agency shall become effective unless the Secretary of Finance certifies that sufficient funds are available to provide such increase or plan to all affected employees supported from the general fund.

1. Full-time employees of the Commonwealth, including faculty members of state institutions of higher education, who are appointed to a state-level board, council, commission or similar collegial body shall not receive any such compensation for their services as members or chairmen except for reimbursement of reasonable and necessary expenses. The foregoing provision shall likewise apply to the Compensation Board, pursuant to § 15.2-1636.5, Code of Virginia.

m.1. Notwithstanding any other provision of law, the board of visitors or other governing body of any public institution of higher education is authorized to establish age and service eligibility criteria for faculty participating in voluntary early retirement incentive plans for their respective institutions pursuant to § 23-9.2:3.1 B and the cash payment offered under such compensation plans pursuant to § 23-9.2:3.1 D, Code of Virginia. Notwithstanding the limitations in § 23-9.2:3.1 D, the total cost in any fiscal year for any such compensation plan, shall be set forth by the governing body in the compensation plan for approval by the Governor and review for legal sufficiency by the Office of the Attorney General.

2. Notwithstanding any other provision of law, employees holding full-time, academic-year classified positions at public institutions of higher education shall be considered "state employees" as defined in § 51.1-124.3, Code of Virginia, and shall be considered for medical/hospitalization, retirement service credit, and other benefits on the same basis as those individuals appointed to full-time, 12-month classified positions.

n. Notwithstanding the Department of Human Resource Management Policies and Procedures, payment to employees with five or more years of continuous service who either terminate or retire from service shall be paid in one sum for twenty-five percent of their sick leave balance, provided, however, that the total amount paid for sick leave shall not exceed \$5,000 and the remaining seventy-five percent of their sick leave shall lapse. This provision shall not apply to employees who are covered by the Virginia Sickness and Disability Program as defined in § 51.1-1100, Code of Virginia. Such employees shall not be paid for their sick leave balances. However, they will be paid, if eligible as described above, for any disability leave credits they have at separation or retirement or may convert disability credits to service credit under the Virginia Retirement System pursuant to § 51.1-1103 (F), Code of Virginia.

o. It is the intent of the General Assembly that calculation of the faculty salary benchmark goal for the Virginia Community College System shall be done in a manner consistent with that used for four-year institutions, taking into consideration the number of faculty at each of the community colleges. In addition, calculation of the salary target shall reflect an eight percent salary differential in a manner consistent with other public four-year institutions and for faculty at Northern Virginia Community College.

p. Any public institution of higher education that has met the eligibility criteria set out in Chapters 933 and 945 of the 2005 Acts of Assembly may supplement annual salaries for classified employees from private gifts, endowment funds, or income from endowments and gifts, subject to policies approved by the board of visitors. The Commonwealth shall have no general fund obligations for the continuation of such salary supplements.

§ 4-6.02 EMPLOYEE TRAINING AND STUDY

Subject to uniform rules and regulations established by the Governor, the head of any state agency may authorize, from any funds appropriated to such department, institution or other agency in this act or subsequently made available for the purpose, compensation or expenses or both compensation and expenses for employees pursuing approved training courses or academic studies for the purpose of becoming better equipped for their employment in the state service. The rules and regulations shall include reasonable provision for the return of any employee receiving such benefits for a reasonable period of duty, or for reimbursement to the state for expenditures incurred on behalf of the employee should he not return to state service.

§ 4-6.03 EMPLOYEE BENEFITS

a. Any medical/hospitalization benefit program provided for state employees shall include the following provision: any state employee, as defined in § 2.2-2818, Code of Virginia, shall have the option to accept or reject coverage.

b. Except as provided for sworn personnel of the Department of State Police, no payment of, or reimbursement for, the employer paid contribution to the State Police Officers' Retirement System, or any system offering like benefits, shall be made by the Compensation Board of the Commonwealth at a rate greater than the employer rate established for the general classified workforce of the Commonwealth covered under the Virginia Retirement System. Any cost for benefits exceeding such general rate shall be borne by the employee or, in the case of a political subdivision, by the employer.

c. Each agency may, within the funds appropriated by this act, implement a transit and ridesharing incentive program for its employees. With such programs, agencies may reimburse employees for all or a portion of the costs incurred from using public transit, car pools, or van pools. The Secretary of Transportation shall develop guidelines for the implementation of such programs and any agency program must be developed in accordance with such guidelines. The guidelines shall be in accordance with the federal National Energy Policy Act of 1992 (P.L. 102-486), and no program shall provide an incentive that exceeds the actual costs incurred by the employee.

d. Any hospital that serves as the primary medical facility for state employees may be allowed to participate in the State Employee Health Insurance Program pursuant to § 2.2-2818, Code of Virginia, provided that (1) such hospital is not a participating provider in the network, contracted by the Department of Human Resource Management, that serves state employees and (2) such hospital enters into a written agreement with the Department of Human Resource Management as to the rates of reimbursement. The department shall accept the lowest rates offered by the hospital from among the rates charged by the hospital to (1) its largest purchaser of care, (2) any state or federal public program, or (3) any special rate developed by the hospital for the state employee health benefits program which is lower than either of the rates above. If the department and the hospital cannot come to an agreement, the department shall reimburse the hospital at the rates contained in its final offer to the hospital until the dispute is resolved. Any dispute shall be resolved through arbitration or through the procedures established by the Administrative Process Act, as the hospital may decide, without impairment of any residual right to judicial review.

e. Any classified employee of the Commonwealth and any person similarly employed in the legislative, judicial and independent agencies who (i) is compensated on a salaried basis and (ii) works at least twenty hours per week shall be considered a full-time employee for the purposes of participation in the Virginia Retirement System's group life insurance and retirement programs. Any part-time magistrate hired prior to July 1, 1999, shall have the option of participating in the programs under this provision.

f.1. Any member of the Virginia Retirement System who is retired under the provisions of § 51.1-155.1, Code of Virginia who: 1) returns to work in a position that is covered by the provisions of § 51.1-155.1, Code of Virginia after a break of not less than four years, 2) receives no other compensation for service to a public employer than that provided for the position covered by § 51.1-155.1, Code of Virginia during such period of reemployment, 3) retires within one year of commencing such period of reemployment, and 4) retires directly from service at the end of such period of reemployment may either:

a) Revert to the previous retirement benefit received under the provisions of § 51.1-155.1, Code of Virginia, including any annual cost of living adjustments granted thereon. This benefit may be adjusted upward to reflect the effect of such additional months of service and compensation received during the period of reemployment, or

b) Retire under the provisions of Title 51.1 in effect at the termination of his or her period of reemployment, including any purchase of service that may be eligible for purchase under the provisions of §51.1-142.2, Code of Virginia.

2. The Virginia Retirement System shall establish procedures for verification by the employer of eligibility for the benefits provided for in this paragraph.

g. Notwithstanding any other provision of law, no agency head compensated by funds appropriated in this act may be a member of the Virginia Law Officers' Retirement System created under Title 51.1, Chapter 2.1, Code of Virginia. The provisions of this paragraph are effective on July 1, 2002, and shall not apply to the Chief of the Capitol Police.

h. Full-time employees appointed by the Governor who, except for meeting the minimum service requirements, would be eligible for the provisions of § 51.1-155.1, Code of Virginia, may, upon termination of service, use any severance allowance payment to purchase service to meet, but not exceed, the minimum service requirements of § 51.1-155.1, Code of Virginia. Such service purchase shall be at the rate of 15 percent of the employee's final creditable compensation or average final compensation, whichever is greater, and shall be completed within 90 days of separation of service.

i. When calculating the retirement benefits payable under the Virginia Retirement System (VRS), the State Police Officers' Retirement System (SPORS), the Virginia Law-enforcement Officers' Retirement System (VaLORS), or the Judicial Retirement System (JRS) to any employee of the Commonwealth or its political subdivisions who is called to active duty with the armed forces of the United States, including the United States Coast Guard, the Virginia Retirement System shall:

1) utilize the pre-deployment salary, or the actual salary paid by the Commonwealth or the political subdivision, whichever is higher, when calculating average compensation, and

2) include those months after September 1, 2001 during which the employee was serving on active duty with the armed forces of the United States in the calculation of creditable service.

§ 4-6.04 CHARGES

a. FOOD SERVICES: Except as exempted by the prior written approval of the Director, Department of Human Resource Management, and the provisions of § 2.2-3605, Code of Virginia, state employees shall be charged for meals served in state facilities. Charges for meals will be determined by the agency. Such charges shall be not less than the value of raw food and the cost of direct labor and utilities incidental to preparation and service. Each agency shall maintain records as to the calculation of meal charges and revenues collected. Except where appropriations for operation of the food service are from nongeneral funds, all revenues received from such charges shall be paid directly and promptly into the general fund. The provisions of this paragraph shall not apply to on-duty employees assigned to correctional facilities operated by the Departments of Corrections, Juvenile Justice, and Correctional Education.

b. HOUSING SERVICES:

1. Each agency will collect a fee from state employees who occupy state-owned or leased housing, subject to guidelines provided by the Director, Department of General Services. Each agency head is responsible for establishing a fee for state-owned or leased housing and for documenting in writing why the rate established was selected. In exceptional circumstances, which shall be documented as being in the best interest of the Commonwealth by the agency requesting an exception, the Director, Department of General Services may waive the requirement for collection of fees.

2. All revenues received from housing fees shall be promptly deposited in the state treasury. For housing for which operating expenses or rent are financed by general fund appropriations, such revenues shall be deposited to the credit of the general fund. For housing for which operating expenses or rent are financed by nongeneral fund appropriations, such revenues shall be deposited to the credit of the nongeneral fund. Agencies which provide housing for which operating expenses or rent are financed from both general fund and nongeneral fund appropriations shall allocate such revenues, when deposited in the state treasury, to the appropriate fund sources in the same proportion as the appropriations. However, without exception, any portion of a housing fee attributable to depreciation for housing which was constructed with general fund appropriations shall be paid into the general fund.

c. PARKING SERVICES :

1. State-owned parking facilities

Agencies with parking space for employees in state-owned facilities shall, when required by the Director, Department of General Services, charge employees for such space on a basis approved by the Governor. All revenues received from such charges shall be paid directly and promptly into a special fund in the state treasury to be used, as determined by the Governor, for payment of costs for the provision of vehicle parking spaces. Interest shall be added to the fund as earned. –

2. Leased parking facilities in metropolitan Richmond area

Agencies occupying private sector leased or rental space in the metropolitan Richmond area, not including institutions of higher education, shall be required to charge a fee to employees for vehicle parking spaces that are assigned to them or are otherwise available either incidental to the lease or rental agreement or pursuant to a separate lease agreement for private parking space. In such cases, the individual employee parking fee shall not be less than that paid by employees parking in Department of General Services parking facilities at the Seat of Government. The Director, Department of General Services may amend or waive the fee requirement for good cause. Revenues derived from employees paying for parking spaces in leased facilities will be retained by the leasing agency to be used to offset the cost of the lease to which it pertains. Any lease for private parking space must be approved by the Director, Department of General Services.

§ 4-6.05 SELECTION OF APPLICANTS FOR CLASSIFIED POSITIONS

It is the responsibility of state agency heads to ensure that all provisions outlined in Title 2.2, Chapter 29, Code of Virginia (the Virginia Personnel Act), and executive orders that govern the practice of selecting applicants for classified positions are strictly observed. The Governor's Secretaries shall ensure this provision is faithfully enforced.

§ 4-6.06 POSITIONS GOVERNED BY CHAPTERS 933 AND 943 OF THE 2006 ACTS OF ASSEMBLY

Except as provided in subsection A of § 23-38.114 of the Code of Virginia, § 4-6.00 shall not apply to public institutions of higher education governed by Chapters 933 and 943 of the 2006 Acts of Assembly with regard to their participating covered employees, as that term is defined in those two chapters, except to the extent a specific appropriation or language in this act addresses such an employee.

§ 4-7.00 STATEWIDE PLANS

§ 4-7.01 MANPOWER CONTROL PROGRAM

a.1. The term Position Level is defined as the number of full-time equivalent (FTE) salaried employees assigned to an agency in this act. Except as provided in § 4-7.01 b, the Position Level number stipulated in an agency's appropriation is the upper limit for agency employment which cannot be exceeded during the fiscal year without approval from the Director, Department of Planning and Budget for Executive Department agencies, approval from the Joint Committee on Rules for Legislative Department agencies or approval from the appropriate governing authority for the independent agencies.

2. Any approval granted under this subsection shall be reported in writing to the Chairmen of the House Appropriations Committee and the Senate Finance Committee, the Governor and the Directors of the Department of Planning and Budget and Department of Human Resource Management within ten days of such approval. Approvals for executive department agencies shall be based on threats to life, safety, health, or property, or compliance with judicial orders or federal mandates, to support federal grants or private donations, to administer a program for another agency or to address an immediate increase in workload or responsibility or when to delay approval of increased positions would result in a curtailment of services prior to the next legislative session. Any such position level increases pursuant to this provision may not be approved for more than one year.

b. The Position Levels stipulated for the individual agencies within the Department of Behavioral Health and Developmental Services and the Department of Corrections are for reference only and are subject to changes by the applicable Department, provided that such changes do not result in exceeding the Position Level for that department.

c.1. The Governor shall implement such policies and procedures as are necessary to ensure that the number of employees in the Executive Department, excluding institutions of higher education and the State Council of Higher Education, may be further restricted to the number required for efficient operation of those programs approved by the General Assembly. Such policies and procedures shall include periodic review and analysis of the staffing requirements of all Executive Department agencies by the Department of Planning and Budget with the object of eliminating through attrition positions not necessary for the efficient operation of programs.

2. The institutions of higher education and the State Council of Higher Education are hereby authorized to fill all positions authorized in this act. This provision shall be waived only upon the Governor's official declaration that a fiscal emergency exists requiring a change in the official estimate of general fund revenues available for appropriation.

d.1. Position Levels are for reference only and are not binding on agencies in the legislative department, independent agencies, the Executive Offices other than the offices of the Governor's Secretaries, and the judicial department.

2. Positions assigned to programs supported by internal service funds are for reference only and may fluctuate depending upon workload and funding availability.

3. Positions assigned to sponsored programs, auxiliary enterprises, continuing education, and teaching hospitals in the institutions of higher education are for reference only and may fluctuate depending upon workload and funding availability. Positions assigned to Item Detail 43012, State Health Services Technical Support and Administration, at Virginia Commonwealth University are for reference only and may fluctuate depending upon workload and funding availability. Positions assigned to Item Detail 46102, Social Security Disability Determination, at the Department of Rehabilitative Services are for reference only and may fluctuate depending upon workload and funding availability.

4. Positions assigned to educational and general programs in the institutions of higher education are for reference only and may fluctuate depending upon workload and funding availability. However, total general fund positions filled by an institution of higher education may not exceed 105 percent of the general fund positions appropriated without prior approval from the Director, Department of Planning and Budget.

5. Positions assigned to Item Details 47001, Job Placement Services; 47002, Unemployment Insurance Services; 47003, Workforce Development Services; and 53402, Economic Information Services, at the Virginia Employment Commission are for reference only and may fluctuate depending upon workload and funding availability. Unless otherwise required by the funding source, after enactment of this act, any new positions hired using this provision shall not be subject to transitional severance benefit provisions of the Workforce Transition Act of 1995, Title 2.2, Chapter 32, Code of Virginia.

e. Prior to implementing any Executive Department hiring freeze, the Governor shall consider the needs of the Commonwealth in regards to the safe and efficient operation of state facilities and performance of essential services to include the exemption of certain positions assigned to agencies and institutions that provide services pertaining to public safety and public health from such hiring freezes.

f.1. Full-time, part-time, wage or contractual state employees assigned to the Governor's Cabinet Secretaries from agencies and institutions under their control for the purpose of carrying out temporary assignments or projects may not be so assigned for a period exceeding 180 days in any calendar year. The permanent transfer of positions from an agency or institution to the Offices of the Secretaries, or the temporary assignment of agency or institutional employees to the Offices of the Secretaries for periods exceeding 180 days in any calendar year regardless of the separate or discrete nature of the projects, is prohibited without the prior approval of the General Assembly.

2. Not more than three positions in total, as described in subsection 1 hereof, may be assigned at any time to the Office of any Cabinet Secretary, unless specifically approved in writing by the Governor. The Governor shall notify the Chairmen of the House Appropriations and Senate Finance Committees in the case of any such approvals.

§ 4-8.00 REPORTING REQUIREMENTS

§ 4-8.01 GOVERNOR

a. General:

1. The Governor shall submit the information specified in this section to the Chairmen of the House Appropriations and Senate Finance Committees on a monthly basis, or at such intervals as may be directed by said Chairmen, or as specified elsewhere in this act. The information on agency operating plans and expenditures as well as agency budget requests shall be submitted in such form, and by such method, including electronically, as may be mutually agreed upon.
