A. The Department shall waive fees for Water Protection Permits required for maintenance dredging and the placement of dredged materials by the United States Corps of Engineers in Accomack County.

B. Prior to January 8, 1997, the Department of Environmental Quality shall present a plan to the Chairmen of the House Appropriations and Senate Finance Committees detailing the resources required to implement the Title V permitting program mandated by the federal Clean Air Act amendments of 1990. The Department shall not expend funds to implement the Title V program until sixty days after the submittal of the plan to the two committees.

C. *The Director of the Department of Planning and Budget is authorized to increase the nongeneral fund*

appropriation and the nongeneral fund positions for the Department of Environmental Quality to address the implementation of a Title V operating permit program, in accordance with the requirements of the federal Clean Air Act. Prior to any administrative increases, the Department of Environmental Quality shall submit documentation to the Department of Planning and Budget which demonstrates: (1) the number of additional positions required for Title V and the workload justification for these positions; (2) the actual implementation date of the Title V program; and (3) the methodology used for the calculation of personnel costs related to Title V. All documentation submitted to the Department of Planning and Budget will correspond to the general program concepts provided to the General Assembly under paragraph B of this item.
