1998 Session

Budget Bill - HB30 (Chapter 464)

Virginia Military Institute

Item C-82

The requested supplement of $3,243,000 for the renovation and expansion of Crozet Hall (15815) will be reconsidered for inclusion in the 1999 session if the project is planned, does not require an increase in student fees, and the Institute has at least 75 percent of the private funds in hand by July 1, 1998. In addition, the Institute must certify to the Departments of Planning and Budget and Treasury the exact source of funds to support the project.
