- A. The Superintendent of Public Instruction is encouraged to implement school/community team training.
- B. The appropriation for State Education Regional Services includes \$55,000 the first year and \$55,000 the second year from the general fund to provide technical assistance to localities in developing a comprehensive, coordinated, quality preschool program for serving at-risk four-year-old children.
- C. Out of the amounts for State Education Services, \$97,948 the first year and \$97,948 the second year from the general fund is provided for the Virginia Business-Education Partnership Program.
- D. Out of the amounts for State Education Services, \$321,000 the first year and \$296,000 the second year from the general fund is provided for the Virginia VIEWS Program.
- E. The Superintendent of Public Instruction shall provide direction and technical assistance to local school divisions in the revision of their Vocational Education curriculum and instructional practices.
- F. Out of the amounts for State Education Services, \$9,611,252 the first year and \$10,533,034 the second year from the general fund are provided for the development and administration of new assessment materials and tests related to the Standards of Learning.
- G. The appropriation for State Education Regional Services includes \$50,000 the first year and \$50,000 the second year from the general fund to provide technical assistance and assessment services to localities implementing truancy intervention/safe schools projects.
- H. The Superintendent of Public Instruction shall examine various models for predicting local school enrollments. If the examination results in a model that is reliable and valid for predicting such enrollments, the resulting model will be disseminated to local school divisions for planning purposes.
- I. The Superintendent of Public Instruction, in cooperation with the Commissioner of Social Services, shall encourage local departments of social services and local school divisions to work together to develop cooperative arrangements for the use of school resources, especially computer labs, for the purpose of training Temporary Assistance to Needy Families recipients for the workforce.
- J. Out of the appropriation for State Education Services for Research, Testing and Evaluation, an amount estimated at \$1,371,187 the first year and \$892,242 the second year from the general fund is provided to continue the Literary Passport Test pursuant to the Standards of Quality § 22.2-253.13.
- K.1. The amounts for State Education Services include \$800,000 from the general fund in the first year to develop model teacher, principal and superintendent training in-service activities and programs geared specifically to the Standards of Learning, the statewide assessments and technology applications. Information on these programs, and actual training in the provision of these model activities and programs at the local level, shall be provided to local school divisions in the first year. In the first year, the Department of Education shall also develop and disseminate to local school divisions classroom materials for each grade and each core content area. Such materials shall include instructional manuals, video tapes, multi-media packages or computer software which provide a day-to-day source of information and reinforcement for classroom teachers. In developing the activities, programs and classroom materials, the Department is encouraged to seek the assistance of the state's Standards of Learning testing contractor, institutions of higher education, local school divisions and the State Council of Higher Education for Virginia.
2. The amounts for State Education Services include \$20,000 from the general fund in the first year for a peer review process to use in approving local school divisions' training plans.
