1998 Special Session I

Budget Bill - HB4001 (Introduced)

Item 548.10

A. At the request of Director of the Century Date Change Initiative Project Office, for good cause shown, the Director, Department of Planning and Budget, may withhold up to $20,000,000 from agency general fund appropriations in the second year, other than appropriations which are provided for aid to localities, medical benefits payments by the Department of Medical Assistance Services, debt service and other Constitutionally mandated payments, and any other appropriations which he determines should be exempt from such actions.

B. The funds withheld as provided for in paragraph A. of this item, may be transferred to agencies and institutions in the first year to be used to supplement the amounts provided for in Items 85 and 548 of this act to address Year 2000 information system standards and compliance.

C. Any amounts withheld as provided for in paragraph A. of this item which remain unexpended on June 30, 1999, shall be reapportioned to the respective agencies and institutions in the second year in the same proportion that the amounts were withheld from such agencies and institutions.
