The Foundation, in coordination with the Virginia Department of Health, the Area Health Education Centers program, the Joint Commission on Health Care, and other appropriate organizations, is encouraged to undertake initiatives to reduce health care workforce shortages. The Foundation shall account for the expenditure of these funds by providing the Governor, the Secretary of Health and Human Resources, the Chairmen of the House Appropriations and Senate Finance Committees, the State Health Commissioner, and the Chairman of the Joint Commission on Health Care with a certified audit and full report on Foundation initiatives and results, including evaluation findings, not later than October 1 of each year for the preceding fiscal year ending June 30.

The report shall include certification that an amount equal to the state appropriation for the preceding fiscal year ending June 30 has been matched from private and local government sources during that fiscal year.

E. The Commissioner of Health is authorized to develop, in consultation with the regulated entities, a plan and specification review fee and an annual permit renewal fee, each not to exceed \$40 per year, to be collected from all establishments, except K-12 public schools, that are subject to inspection by the Department of Health pursuant to §§ 35.1-13, 35.1-14, 35.1-16, and 35.1-17, Code of Virginia; however, any such establishment that is subject to any health permit fee, application fee, inspection fee, risk assessment fee or similar fee imposed by any locality as of January 1, 2002, shall be subject to this annual permit renewal fee only to the extent that the Department of Health fee and the locally imposed fee, when combined, do not exceed \$40. This fee structure shall be subject to the approval of the Secretary of Health and Human Resources.
