2005 Session

Budget Bill - SB700 (Introduced)

Item 364

A. In the operation of any program of public assistance, including benefit and service programs in any locality, for which program appropriations are made to the Department of Social Services, it is provided that if a payment or overpayment is made to an individual who is ineligible therefore under federal and/or state statutes and regulations, the amount of such payment or overpayment shall be returned to the Department of Social Services by the locality.

B. However, no such repayments may be required of the locality if the Department determines that such overpayment or payments to ineligibles resulted from the promulgation of vague or conflicting regulations by the Department or from the failure of the Department to make timely distribution to the localities of the statutes, rules, regulations, and policy decisions, causing the overpayment or payment to ineligible(s) to be made by the locality or from situations where a locality exercised due diligence, yet received incomplete or incorrect information from the client which caused the overpayment or payment to ineligibles. If a locality fails to effect the return, the Department of Social Services shall withhold an equal amount from the next disbursement made by the Department to the locality for the same program.
