B. Agencies and institutions of higher education may use maintenance reserve funds in the first year to plan subprojects to be funded from allocations in the second year. Any agency or institution of higher education which has not expended or contractually obligated itself in a legally binding manner to expend 85 percent or more of its biennial general fund appropriation for maintenance reserve by June 30, 2006, shall revert to the general fund of the Commonwealth the amount related to the difference between its percentage actually expended or obligated and the 85 percent standard. For good cause the Director of the Department of Planning and Budget may grant exceptions to this requirement.

C. Agencies and institutions of higher education may use maintenance reserve funds: to repair or replace damaged or inoperable equipment, components of plant, and utility systems; to correct deficiencies in property and plant required to conform with building and safety codes or those associated with hazardous condition corrections, including asbestos abatement; to correct deficiencies in fire protection, energy conservation and handicapped access; and to address such other physical plant deficiencies as the Director, Department of Planning and Budget may approve. Agencies and institutions of higher education may also use maintenance reserve funds to make other necessary improvements or address minor deficiencies that do not meet the criteria for maintenance reserve funding with the prior approval of the Director of the Department of Planning and Budget.

D. Out of the amounts included for the University of Mary Washington in Paragraph A, preceding, \$25,000 in each year shall be used for infrastructure repairs at Belmont, The Gari Melchers Estate and Memorial Gallery, and the James Monroe Museum and Memorial Library.

E. It is acknowledged that the second year appropriation of \$20,000,000 was transferred administratively from the second year to the first year resulting in a total appropriation of \$77,525,000 in the first year.
