These guidelines shall include model policies that could be adopted by private sector firms across the Commonwealth, a listing of the types of job functions that do and do not lend themselves to teleworking, and model personnel policies setting out agreements companies may enter into with employees who propose to telework on either a full- or part-time basis. The department shall work in conjunction with the Secretary of Technology and his staff to develop these guidelines and disseminate them to state agencies and to private-sector companies in the Commonwealth with 100 or more employees. Dissemination of the model guidelines shall be conducted on an electronic basis.
