
VIRGINIA STATE BUDGET

2006 Special Session I

Budget Bill - HB5012 (Introduced)

Bill Order » Office of Health and Human Resources » Item 303

Department for the Aging

Item 303

A. Area agencies on aging are encouraged to continue seeking funds from a variety of sources which include cost-sharing in programs where not prohibited by funding sources; private sector voluntary contributions from older persons receiving services; families of individuals receiving services; and churches, service groups and other organizations. Such appropriations shall not be included in the appropriations used to match Older Americans Act funding. Revenue generated as a result of these projects shall be retained by the participating area agencies for use in meeting critical care needs of older Virginians. These revenues shall supplement, not supplant, general fund resources.

B. It is the intent of the General Assembly that all area agencies on aging use any new general fund revenue, with the exception of funding provided for the Long-term Care Ombudsman program, to implement sliding fees for services. However, priority for services should be given to applicants in the greatest need, regardless of ability to pay. Revenue from fees shall be retained by the area agencies on aging for use in meeting critical care needs of older Virginians. These revenues shall supplement, not supplant, general fund resources.

C. It is the intent of the General Assembly that Older Americans Act funds and general fund moneys be targeted to services which can assist the elderly to function independently for as long as possible.

D. At the request of the Commissioner of the Department for the Aging, the Director, Department of Planning and Budget may transfer state general fund appropriations for services provided by area agencies on aging between service categories. The amounts to be transferred between categories shall not exceed 40 percent of the total state general fund appropriations allocated for each category. Under no circumstances shall any funds be transferred from direct services to administration. State general fund appropriations shall be available to the area agencies on aging beginning July 1 of each year of the biennium, in compliance with the Department's General Fund Cash Management Policy.

E. The Commissioner of the Department for the Aging shall use federal Fiscal Year 2005 percentages to distribute federal Fiscal Year 2006 Older Americans Act and state general fund appropriations. The Commissioner of the Department for the Aging shall forthwith convene a task force to discuss, evaluate, and make recommendations no later than September 15, 2005, concerning future distribution of Older Americans Act and state general fund appropriations. The Commissioner shall report to the Governor and the Chairmen of the Senate Finance and House Appropriations Committees by October 1, 2005, on an Intrastate Funding Formula for the distribution of federal Fiscal Year 2007 Older Americans Act and state general fund appropriations.
