F.1. The Chairmen of the House Appropriations and Senate Finance Committees shall each appoint four members from their respective committees to a joint subcommittee to review public higher education funding policies and to make recommendations to their respective committees. The objective of the review is to develop policies and formulas to provide the public institutions of higher education with an equitable funding methodology that: (a) recognizes differences in institutional mission; (b) provides incentives for achievement and productivity; (c) recognizes enrollment growth; and (d) establishes funding objectives in areas such as faculty salaries, financial aid, and the appropriate share of educational and general costs that should be borne by resident students. In addition, the review shall include the development of comparable cost data concerning the delivery of higher education through an analysis of the relationship of each public institution to its national peers. The public institutions of higher education and the staff of the State Council of Higher Education for Virginia are directed to provide technical assistance, as required, to the joint subcommittee.

2. The Joint Subcommittee on Higher Education Funding Policies shall conduct an assessment of the adequacy of the current educational and general funding levels for Virginia's public institutions of higher education. The assessment shall be used to develop guidelines against which to measure funding requests for higher education. The assessment shall include, but not be limited to, the following components:

a) Updated student-to-faculty ratios based on current practice or industry norms.

b) Consideration of support staff needs and the changing requirements of support staff due to technology and privatization of services previously performed by the institutions.

c) Costs of instruction, such as equipment, utilities, facilities maintenance, and other nonpersonal services expenses.

d) Recognition of the individual mission of the institution, student characteristics, location, or other factors that may influence the costs of instruction.

e) Benchmarking of the funding guidelines against a group of peer institutions, or other appropriate comparator group, to assess the validity of the guidelines.

f) Means by which measures of institutional performance can be assessed and incorporated into funding and policy guidelines for higher education.

3. The Joint Subcommittee on Higher Education Funding Policies shall develop a more precise methodology for determining funding needs at Virginia's public institutions of higher education related to enrollment growth. The methodology should take into consideration that support staff and operations may need to be expanded when enrollment growth reaches certain levels.

4. The Joint Subcommittee may seek support from the staff of the Senate Finance and House Appropriations Committees, the public institutions of higher education, or other higher education or state agency representatives, as requested by the Joint Subcommittee. At its discretion, the Joint Subcommittee may contract for consulting services.

5. The Joint Subcommittee is hereby continued to provide direction and oversight of higher education funding policies. The Joint Subcommittee shall review and articulate policies and funding methodologies on: (a) the appropriate share of educational and general costs that should be borne by students; (b) student financial aid; (c) undergraduate medical education funding; (d) the mix of full-time and part-time faculty; (e) the mix of in-state and out-of-state students as it relates to tuition policy; and (f) the viability of statewide articulation agreements between four-year and two-year public institutions.

6. a. It is the objective of the General Assembly that funding for Virginia's public colleges and universities shall be based primarily on the funding guidelines outlined in the November, 2001 report of the Joint Subcommittee on Higher Education Funding Policies.

b. Based on the findings and recommendations of its November, 2001 report, the Joint Subcommittee shall coordinate with the State Council of Higher Education, the Secretary of Education, and the Department of Planning and Budget in incorporating the higher education funding guidelines into the development of budget recommendations.

c. As part of its responsibilities to ensure the fair and equitable distribution and use of public funds among the public institutions of higher education, the State Council of Higher Education shall incorporate the funding guidelines established by the Joint Subcommittee into its budget recommendations to the Governor and the General Assembly.

G. The Chairmen of the Senate Finance and House Appropriations Committees shall each appoint four members from their respective committees to a joint subcommittee to review compensation of state agency heads and cabinet secretaries. The Department of Human Resource Management, the Virginia Retirement System and all other agencies and institutions of the Commonwealth are directed to provide technical assistance, as required, to the joint subcommittee.

H. 1. The Chairmen of the House Appropriations and Senate Finance Committees shall each appoint four members from their respective committees to a joint subcommittee to provide on-going direction and oversight of Standards of Quality funding cost policies and to make recommendations to their respective committees.

2. The Joint Subcommittee on Elementary and Secondary Education Funding shall: 1) study the Commonwealth's use of the prevailing salary and cost approaches to funding the Standards of Quality, as compared with alternative approaches, such as a fixed point in time salary base that is increased annually by some minimum percentage or funding the national average teacher salary; and 2) review the "federal revenue deduct" methodology, including the current use of a cap on the deduction.

3. The school divisions, the staff of the Virginia Department of Education, and staff of the Joint Legislative Audit and Review Commission, are directed to provide technical assistance, as required, to the joint subcommittee.

I. Notwithstanding the salaries listed in Item 1, paragraph B.2., of this act, the Speaker of the House may establish a salary range for the Clerk of the House of Delegates.
