Fund Sources:		
General	\$17,124,658	\$17,279,888

---

Authority: Chapter 87, Acts of Assembly of 2002.

A. Out of this appropriation, \$562,500 each year from the general fund is designated to build research capacity in medical modeling and simulation.

B. Eastern Virginia Medical School shall report on the use of these funds and progress made under this initiative to the Chairmen of the House Appropriations and Senate Finance Committees by October 1, 2008. The report shall include, but not be limited to: 1) how the funds were used, 2) the amount of federal and private funds that were leveraged, 3) collaborative efforts in support of private industry, 4) the number of junior and senior faculty recruited in each field, 5) the amount of federal or other grant funds received as the result of those recruitments, 6) additional grants or contracts being pursued, 7) the level of instructional activity conducted by these faculty, 8) the impact of research activities on undergraduate instruction, 9) the use of graduate student aid funds, and 10) recommendations for future investment.
