All agencies and institutions shall cooperate with the DCIO/CAO in implementing the data standards, managing and modernizing the application portfolio, developing the enterprise architecture, and improving portal collaboration. The DCIO/CAO shall report, every six months to the Governor and the Information Technology Investment Board, progress in these areas and any agencies and institutions that have not cooperated with the implementation.*

*c. The DCIO/CAO shall facilitate and collaborate with agencies to provide necessary, efficient and secure business functionality and enhancements which assist agencies in the execution of their business processes and requirements.*

(CGI) for debt collection and cost recovery services pursuant to Statements of Work 6 and 7 of the Enterprise Applications Master Services Agreement between the Commonwealth of Virginia and CGI. Work on enhanced collections and recoveries shall not proceed if they commit the Commonwealth to expanding or significantly altering any existing federal or state program without the review and approval of the Governor and General Assembly.*

*2. Moneys resulting from enhanced collections and cost recoveries pursuant to this Item shall be held in the Virginia Technology Infrastructure Fund as established by § 2.2-2023, Code of Virginia.*
