Fund Sources:		
General	\$2,283,715	\$3,387,911
Special	\$0	\$1,770,000 \$62,000

Authority: Title 2.2, Chapter 20.1, Code of Virginia.

A.1. Effective July 1, 2009, the Virginia Enterprise Applications Program Office will cease as an agency and the activities will become effective as the Division of Enterprise Applications, headed by the Chief Applications Officer, under this program.

2. Effective July 1, 2009, the amounts provided in this item include funding for the Division's operation and projects currently under the Virginia Enterprise Applications Program Division (VEAP). The Information Technology Investment Board will not budget any amounts for these projects from revenues it receives from billings or overhead which it charges to other agencies for services, unless it can clearly demonstrate that the project benefits the Commonwealth and is recoverable under Federal overhead guidelines.

3. On July 1 and January 1 of each year, the CAO shall report and recommend to the Chief Information Officer and the Information Technology Investment Board the processes reviewed and the data standards established and adopted in § 2.2-2033, Code of Virginia. The CAO shall report every six months to the Governor and the Information Technology Investment Board progress in the areas the division is responsible for implementing and any agencies and institutions that have not cooperated with the implementation.

B. 1. Notwithstanding any other provision of law except the limitations imposed by § 2.2-518, § 2.2-4803 and § 2.2-4806, Code of Virginia, Executive Department agencies and institutions may enter into management agreements with CGI Technologies & Solutions, Inc. (CGI) for debt collection and cost recovery services pursuant to Statements of Work 6 and 7 of the Enterprise Applications Master Services Agreement between the Commonwealth of Virginia and CGI. Work on enhanced collections and recoveries shall not proceed if they commit the Commonwealth to expanding or significantly altering any existing federal or state program without the review and approval of the Governor and General Assembly.

2. Moneys resulting from enhanced collections and cost recoveries pursuant to this item shall be held in the Virginia Technology Infrastructure Fund as established by § 2.2-2023, Code of Virginia.

C. Nothing in this item shall prevent Executive Department agencies or institutions from committing resources to support the coordinated efforts of the CAO. Such agency commitments shall be detailed in the CAO's quarterly reports to the Information Technology Investment Board.

D. Effective July 1, 2009, the working capital advance established for the Virginia Enterprise Applications Program Office (VEAP) is hereby brought forward to this item to cover up to \$30,000,000 for expenditures from anticipated revenues from enhanced collections and cost recoveries to be collected pursuant to this item and will be deposited to the Virginia Technology Infrastructure Fund. The repayments of any such working capital advance shall be made from such enhanced collections and cost recoveries. No funds derived from this working capital advance shall be expended without the prior budget approval of the Information Technology Investment Board and the Secretary of Finance. The CAO shall inform the Governor, the Chairmen of the House Appropriations and Senate Finance Committees of the anticipated use.

E. The Department of Planning and Budget shall not take any administrative actions to reduce these amounts without notification to the Chairmen of the House Appropriations and Senate Finance Committees.

F. The Information Technology Investment Board shall work with the Secretaries of Technology and Finance to close any projected differences between budgeted funds and projected costs by reducing costs within affected agencies for decentralized services through changes in transformation planning, applications services, and information technology contract support. The Information Technology Investment Board shall report to the Governor and the Chairmen of the House Appropriations and Senate Finance Committees on these efforts by October 1, 2009.
