

VIRGINIA STATE BUDGET

2010 Session

Budget Bill - HB29 (Introduced)

Bill Order » Office of Education » Item 140

Direct Aid to Public Education

| Item 140 | First Year - FY2009 | Second Year - FY2010 |
|--|-----------------------------|---|
| State Education Assistance Programs (17800) | \$6,262,966, 291 | \$5,868,676,915 \$5,400,695,193 |
| Standards of Quality for Public Education (SOQ) (17801)Standards of Quality for Public Education (SOQ) | \$5,645,966,6 77 | \$5,367,252,013 \$4,909,515,234 |
| Financial Incentive Programs for Public Education (17802) | \$95,866,935 | \$15,665,828 \$5,682,854 |
| Financial Assistance for Categorical Programs (17803) | \$63,132,677 | \$55,559,074 \$45,411,705 |
| Financial Assistance for School Facilities (17804) | \$27,500,002 | \$0 |
| Distribution of Lottery Funds (17805) | \$430,500,000 | \$430,200,000 \$440,085,400 |
| Fund Sources: | | |
| General | \$5,600,677,3 63 | \$5,312,399,880 \$4,762,512,693 |
| Special | \$795,000 | \$795,000 |
| Commonwealth Transportation | \$2,173,000 | \$2,173,000 |
| Trust and Agency | \$659,320,928 | \$553,309,035 \$635,214,500 |

Authority: Standards of Quality for Public Education (SOQ) (17801): Article VIII, Section 2, Constitution of Virginia; Chapter 667, Acts of Assembly, 1980; §§ [22.1-176](#) through [22.1-198](#), [22.1-199.1](#), [22.1-199.2](#), [22.1-213](#) through [22.1-221](#), [22.1-227](#) through [22.1-237](#), [22.1-253.13:1](#) through [22.1-253.13:8](#), [22.1-254.01](#), Code of Virginia; Title 51.1, Chapters 1, 5, 6.2, 7, and 14, Code of Virginia; P.L. 91-230, as amended; P.L. 93-380, as amended; P.L. 94-142, as amended; P.L. 98-524, as amended, Federal Code.

Financial Incentive Programs for Public Education (17802): §§ [22.1-24](#), [22.1-289.1](#) through 22.1-318, Code of Virginia; P.L. 79-396, as amended; P.L. 89-10, as amended; P.L. 89-642, as amended; P.L. 108-265, as amended; Title II P.L. 99-159, as amended, Federal Code.

Financial Assistance for Categorical Programs (17803): Discretionary Inclusion; Treaty of 1677 between Virginia and the Indians; §§ [22.1-3.4](#), [22.1-101](#), [22.1-108](#), [22.1-199](#) through [22.1-212.2:3](#), [22.1-213](#) through [22.1-221](#), [22.1-223](#) through [22.1-237](#), [22.1-254](#), Code of Virginia; P.L. 89-10, as amended; P.L. 91-230, as amended; P.L. 93-380, as amended; P.L. 94-142, as amended; P.L. 94-588; P.L. 95-561, as amended; P.L. 98-211, as amended; P.L. 98-524, as amended; P.L. 99-570; P.L. 100-297, as amended; P.L. 102-73, as amended; P.L. 105-220, as amended, Federal Code.

Financial Assistance for School Facilities (17804): §§ [58.1-638](#), [58.1-638.1](#), and [58.1-4022](#), Code of Virginia.

Appropriation Detail of**Education Assistance Programs (17800)**

| Standards of Quality (17801) | FY 2009 | FY 2010 |
|---|------------------------|--|
| Basic Aid (<i>excluding State Fiscal Stabilization Funds</i>) | \$3,456,786,337 | \$3,120,359,684 \$2,889,328,769 |
| Sales Tax | \$1,107,900,000 | \$1,135,200,000 \$1,049,900,000 |
| Textbooks | \$79,182,158 | \$79,314,230 \$0 |
| Vocational Education | \$66,499,855 | \$66,449,807 \$66,657,327 |
| Gifted Education | \$30,753,138 | \$30,826,115 \$30,921,110 |
| Special Education | \$371,490,370 | \$371,802,769 \$373,039,772 |
| Prevention, Intervention, and Remediation | \$69,441,065 | \$69,143,636 \$69,454,757 |
| VRS Retirement | \$227,084,829 | \$226,574,274 \$170,491,996 |
| Social Security | \$175,612,392 | \$175,963,239 \$176,523,402 |
| Group Life | \$7,583,118 | \$6,233,115 \$4,633,246 |
| English as a Second Language | \$36,189,226 | \$38,885,716 \$35,127,113 |
| Remedial Summer School | N/A | \$28,347,411 \$25,285,725 |
| Subtotal SOQ (In this Item) | | \$4,891,363,217 |
| <i>SOQ Funded from State Fiscal Stabilization Funds, Item 141</i> | \$0 | \$218,985,753 |
| Total | \$5,628,522,488 | \$5,349,099,996 \$5,110,348,970 |

Incentive Programs (17802)

| | | |
|--|---------------------|---------------------|
| Regional Alternative Education | \$6,717,848 | \$0 |
| Compensation Supplement | \$0 | \$0 |
| Governor's School (<i>Non-Academic Year Only in FY 2010</i>) | \$13,099,408 | \$14,161,347 |
| | | \$2,194,559 |
| ISAEP | \$2,247,581 | \$0 |
| Clinical Faculty | \$375,000 | \$375,000 |
| | | \$337,500 |
| Career Switcher Mentoring Grants | \$329,392 | \$329,392 |
| | | \$296,453 |
| No Child Left Behind/ Education for a Lifetime | \$4,749,675 | \$0 |
| Project Graduation | \$2,774,478 | \$0 |
| Special Education - Inservice | \$600,000 | \$600,000 |
| Special Education - Regional Tuition | \$64,151,293 | \$0 |
| Special Education - Vocational Education | \$200,089 | \$200,089 |
| Supplemental Basic Aid | \$622,171 | \$0 |
| <i>School Breakfast</i> | \$0 | \$2,054,253 |
| Total | \$95,866,935 | \$15,665,828 |
| | | \$5,682,854 |

Categorical Programs (17803)

| | | |
|---|--------------|--------------|
| Adult Education | \$1,051,800 | \$1,051,800 |

| | | \$90,237,711 |
| School Breakfast Program | \$1,755,486 | \$2,085,617 |
| | | N/A |
| SOL Algebra Readiness | \$8,806,825 | \$8,769,321 |
| | | \$8,572,928 |
| Additional Support for School Construction, and Operating Costs and Textbooks | \$132,201,839 | \$60,815,976 |
| | | \$72,407,810 |
| Regional Alternative Education | N/A | \$7,293,262 |
| | | \$7,049,547 |
| ISAEP | N/A | \$2,247,581 |
| Special Education – Regional Tuition | N/A | \$69,499,410 |

| | | |
|---|----------------------|----------------------|
| | | \$69,278,185 |
| Vocational Education – Categorical | N/A | \$10,400,829 |
| No Child Left Behind/Education for a Lifetime | N/A | \$4,749,675 |
| Project Graduation | N/A | \$2,774,478 |
| Supplemental Basic Aid | N/A | \$551,854 |
| | | \$539,107 |
| <i>Governor's School (Academic Year Only)</i> | N/A | \$11,203,716 |
| Total | \$430,500,000 | \$430,200,000 |
| | | \$440,085,400 |
| Technology - VPSA | \$59,274,000 | \$59,898,000 |
| | | \$59,404,000 |

Note: The above distributions do not include projected VPSA Technology Grants.

Payments out of the above amounts shall be subject to the following conditions:

A. Definitions

1. "March 31 Average Daily Membership," or "March 31 ADM" - The responsible school division's average daily membership for grades K-12 including (1) handicapped students ages 5-21 and (2) students for whom English is a second language who entered school for the first time after reaching their twelfth birthday, and who have not reached twenty-two years of age on or before August 1 of the school year, for the first seven (7) months (or equivalent period) of the school year through March 31 in which state funds are distributed from this appropriation. Preschool and postgraduate students shall not be included in March 31 ADM.

a. School divisions shall take a count of September 30 fall membership and report this information to the Department of Education no later than October 15 of each year.

b. Except as otherwise provided herein, by statute, or by precedent, all appropriations to the Department of Education shall be calculated using March 31 ADM unadjusted for half-day kindergarten programs, estimated at 1,195,385.31 the first year and ~~1,203,537.75~~ 1,205,344.42 the second year.

c. March 31 ADM adjusted for half-day kindergarten at 85 percent of March 31 ADM, is estimated at 1,194,670.15 the first year and ~~1,202,781.36~~ 1,204,786.86 the second year.

d. Students who are either (i) enrolled in a nonpublic school or (ii) receiving home instruction pursuant to § 22.1-254.1 and who are enrolled in a public school on less than a full-time basis in any mathematics, science, English, history, social science, vocational education, health education or physical education, fine arts or foreign language course shall be counted in the funded fall membership and March 31 ADM of the relevant school division. Each course shall be counted as 0.25, up to a cap of 0.5 of a student.

e. Students enrolled in an Individualized Student Alternative Education Program (ISAEP) pursuant to § 22.1-254 D

shall be counted in the March 31 Average Daily Membership of the relevant school division. School divisions shall report these students separately in their March 31 reports of Average Daily Membership.

2. "Standards of Quality" - Operations standards for grades kindergarten through 12 as prescribed by the Board of Education subject to revision by the General Assembly.

3.a. "Basic Operation Cost" - The cost per pupil, including provision for the number of instructional personnel required by the Standards of Quality for each school division with a minimum ratio of 51 professional personnel for each 1,000 pupils or proportionate number thereof, in March 31 ADM for the same fiscal year for which the costs are computed, and including provision for driver, gifted, occupational-vocational, and special education, library materials and other teaching materials, teacher sick leave, general administration, division superintendents' salaries, free textbooks (including those for free and reduced price lunch pupils), school nurses, operation and maintenance of school plant, transportation of pupils, instructional television, professional and staff improvement, remedial work, fixed charges and other costs in programs not funded by other state and/or federal aid.

b. The state and local shares of funding resulting from the support cost calculation for school nurses shall be specifically identified as such and reported to school divisions annually. School divisions will allocate these funds for licensed school nurse positions employed by the school division or for licensed nurses contracted by the local school division to provide school health services.

4.a. "Composite Index of Local Ability-to-Pay" - An index figure computed for each locality. The composite index is the sum of $\frac{2}{3}$ of the index of wealth per pupil in unadjusted March 31 ADM reported for the first seven (7) months of the 2005-2006 school year and $\frac{1}{3}$ of the index of wealth per capita (population estimates for 2005 as determined by the Center for Public Service of the University of Virginia) multiplied by the local nominal share of the costs of the Standards of Quality of 0.45 in each year. The indices of wealth are determined by combining the following constituent index elements with the indicated weighting: (1) true values of real estate and public service corporations as reported by the State Department of Taxation for the calendar year 2005 - 50 percent; (2) adjusted gross income for the calendar year 2005 as reported by the State Department of Taxation - 40 percent; (3) the sales for the calendar year 2005 which are subject to the state general sales and use tax, as reported by the State Department of Taxation - 10 percent. Each constituent index element for a locality is its sum per March 31 ADM, or per capita, expressed as a percentage of the state average per March 31 ADM, or per capita, for the same element. A locality whose composite index exceeds 0.8000 shall be considered as having an index of 0.8000 for purposes of distributing all payments based on the composite index of local ability-to-pay. Each constituent index element for a locality used to determine the composite index of local ability-to-pay for the current biennium shall be the latest available data for the specified official base year provided to the Department of Education by the responsible source agencies no later than November 15, 2007.

b. For any locality whose total calendar year 2005 Virginia Adjusted Gross Income is comprised of at least 3 percent or more by nonresidents of Virginia, such nonresident income shall be excluded in computing the composite index of ability-to-pay. The Department of Education shall compute the composite index for such localities by using adjusted gross income data which exclude nonresident income, but shall not adjust the composite index of any other localities. The Department of Taxation shall furnish to the Department of Education such data as are necessary to implement this provision.

c.1) In the event that two or more school divisions become one school division, whether by consolidation of only the school divisions or by consolidation of the local governments, such resulting division shall be paid Standard of Quality payments for all pupils in the combined division on the basis of a composite index established by the Board of Education, which shall equal the lowest composite index of any of the individual school divisions involved in such consolidation. In the event of a consolidation of local governments which shall include the transition of a city to town status, this index shall remain in effect for a period of fifteen years, unless a lower composite index is calculated for the combined division through the process for computing an index figure as set forth above. The

Governor shall approve the composite index determined by the Board of Education prior to disbursement of funds under such index. The department shall report to the Chairmen of the House Appropriations and Senate Finance Committees the composite indices approved by the Governor and the Board in the event this provision is implemented.

2) In the case of the consolidation of Clifton Forge and Alleghany County school divisions, the fifteen year period for the application of a new composite index pursuant to paragraph c.1) above shall apply beginning with the fiscal year that starts on July 1, 2004.

3) Pursuant to paragraph c.1) above, if the composite index of a consolidated school division is reduced during the course of the fifteen year period to a level that would entitle the school division to a lower interest rate for a Literary Fund loan than it received when the loan was originally released, the Board of Education shall reduce the interest rate of such loan for the remainder of the period of the loan. Such reduction shall be based on the interest rate that would apply at the time of such adjustment. This rate shall remain in effect for the duration of the loan and shall apply only to those years remaining to be paid.

d. When it is determined that a substantial error exists in a constituent index element, the Department of Education will make adjustments in funding for the current school year only in the division where the error occurred. The composite index of any other locality shall not be changed as a result of the adjustment. No adjustment during the biennium will be made as a result of updating of data used in a constituent index element.

e. In the event that any school division consolidates two or more small schools, the division shall continue to receive Standards of Quality funding and provide for the required local expenditure for a period of five years as if the schools had not been consolidated. Small schools are defined as any elementary, middle, or high school with enrollment below 200, 300 and 400 students, respectively.

5. "Required Local Expenditure for the Standards of Quality" - The locality's share based on the composite index of local ability-to-pay of the cost required by all the Standards of Quality minus its estimated revenues from the state sales and use tax dedicated to public education and those sales tax revenues transferred to the general fund from the Public Education Standards of Quality/Local Real Estate Property Tax Relief Fund and appropriated in this Item, both of which are returned on the basis of the triennial census of school age population, as specified in this Item, collected by the Department of Education and distributed to school divisions in the fiscal year in which the school year begins.

6. "Required Local Match" - The locality's required share of program cost based on the composite index of local ability-to-pay for all Lottery, School Facilities and Incentive programs, where required, in which the school division has elected to participate in a fiscal year.

7. "Planning District Eight"--The nine localities which comprise Planning District Eight are Arlington County, Fairfax County, Loudoun County, Prince William County, Alexandria City, Fairfax City, Falls Church City, Manassas City, and Manassas Park City.

8. "State Share for the Standards of Quality" - The state share for a locality shall be equal to the cost for that locality less the locality's estimated revenues from the state sales and use tax dedicated to public education and those sales tax revenues transferred to the general fund from the Public Education Standards of Quality/ Local Real Estate Property Tax Relief Fund and appropriated in this Item, both of which are returned on the basis of the triennial census of school age population, as specified in this Item, collected by the Department of Education and distributed to school divisions in the fiscal year in which the school year begins and less the required local expenditure.

9. In the event that the general fund appropriations in Item 139 and Item 140 are not sufficient to meet the entitlements payable to school divisions pursuant to the provisions of each Item, the Department of Education is

authorized to transfer any available general fund funds between these Items to address such insufficiencies. If the total appropriations after such transfers remain insufficient to meet the entitlements of any program, the Department of Education is authorized to prorate such shortfall proportionately across all of the school divisions participating in the program where such shortfall occurred.

10. The Department of Education is directed to apply a cap on inflation rates in the same manner prescribed in § 51.1-166.B, Code of Virginia, when updating funding to school divisions during the biennial rebenchmarking process.

B. General Conditions

1. The Standards of Quality cost in this Item related to fringe benefits shall be limited for instructional staff members to the employer's cost for a number not exceeding the number of instructional positions required by the Standards of Quality for each school division and for their salaries at the statewide prevailing salary levels as printed below.

| Instructional Position | First Year Salary | Second Year Salary |
|---------------------------------|-------------------|--------------------|
| Elementary Teachers | \$44,337 | \$44,337 |
| Elementary Assistant Principals | \$62,556 | \$62,556 |
| Elementary Principals | \$77,259 | \$77,259 |
| Secondary Teachers | \$46,230 | \$46,230 |
| Secondary Assistant Principals | \$66,907 | \$66,907 |
| Secondary Principals | \$84,326 | \$84,326 |
| Instructional Aides | \$15,875 | \$15,875 |

a.1) Payment by the state to a local school division shall be based on the state share of fringe benefit costs of 55 percent of the employer's cost distributed on the basis of the composite index.

2) A locality whose composite index exceeds 0.8000 shall be considered as having an index of 0.8000 for purposes of distributing fringe benefit funds under this provision.

3) The state payment to each school division for retirement, social security, and group life insurance costs for non-instructional personnel is included in and distributed through Basic Aid.

b. Payments to school divisions from this Item shall be calculated using March 31 Average Daily Membership adjusted for half-day kindergarten programs.

c. Payments for health insurance fringe benefits are included in and distributed through Basic Aid.

2. Each locality shall offer a school program for all its eligible pupils which is acceptable to the Department of Education as conforming to the Standards of Quality program requirements.

3. In the event the statewide number of pupils in March 31 ADM exceeds the number estimated as the basis for this appropriation, the locality's state share of the Basic Operation Cost and the required local share shall be reduced proportionately so that this appropriation will not be exceeded.

4. The Department of Education shall make equitable adjustments in the computation of indices of wealth and in other state-funded accounts for localities affected by annexation, unless a court of competent jurisdiction makes such adjustments. However, only the indices of wealth and other state-funded accounts of localities party to the annexation will be adjusted.

5. In the event that the actual revenues from the state sales and use tax dedicated to public education and those sales tax revenues transferred to the general fund from the Public Education Standards of Quality/Local Real Estate Property Tax Relief Fund and appropriated in this Item (both of which are returned on the basis of the 2005 triennial census of school age population in the first year and the 2008 triennial census in the second year) for sales in the fiscal year in which the school year begins are different from the number estimated as the basis for this appropriation, the estimated state sales and use tax revenues shall not be adjusted.

6. This appropriation shall be apportioned to the public schools with guidelines established by the Department of Education consistent with legislative intent as expressed in this act.

7.a. Appropriations of state funds in this Item include the number of positions required by the Standards of Quality. This Item includes a minimum of 51 professional instructional positions and aide positions (C 2); Education of the Gifted, 1.0 professional instructional position (C 3); Occupational-Vocational Education Payments and Special Education Payments; a minimum of 6.0 professional instructional positions and aide positions (C 4 and C 5) for each 1,000 pupils in March 31 ADM each year in support of the current Standards of Quality. Funding in support of one hour of additional instruction per day based on the percent of students eligible for the federal free lunch program with a pupil-teacher ratio range of 18:1 to 10:1, depending upon a school division's combined failure rate on the English and Math Standards of Learning, is included in Remedial Education Payments (C8).

b. No actions provided in this section signify any intent of the General Assembly to mandate an increase in the number of instructional personnel per 1,000 students above the numbers explicitly stated in the preceding paragraph.

c. Appropriations in this Item include programs supported in part by transfers to the general fund from the Public Education Standards of Quality/Local Real Estate Property Tax Relief Fund pursuant to Part 3 of this Act. These transfers combined together with other appropriations from the general fund in this Item funds the state's share of the following revisions to the Standards of Quality pursuant to Chapters 939 & 955 of the Acts of Assembly of 2004: five elementary resource teachers per 1,000 students; one support technology position per 1,000 students; one instructional technology position per 1,000 students; and a full daily planning period for teachers at the middle and high school levels in order to relieve the financial pressure these education programs place on local real estate taxes.

d. To provide flexibility, school divisions may use the state and local funds for instructional technology resource teachers required by the Standards of Quality to employ a data coordinator position, an instructional technology resource teacher position, or a data coordinator/instructional resource teacher blended position. The data coordinator position is intended to serve as a resource to principals and classroom teachers in the area of data analysis and interpretation for instructional and school improvement purposes, as well as for overall data management and administration of state assessments. School divisions using these SOQ funds in this manner shall only employ instructional personnel licensed by the Board of Education.

e. To provide flexibility in the provision of reading intervention services, school divisions may use the state Early Reading Intervention initiative funding provided from the Lottery Proceeds Fund and the required local matching funds to employ reading specialists to provide the required reading intervention services. School divisions using the Early Reading Intervention Initiative funds in this manner shall only employ instructional personnel licensed by the Board of Education.

f. To provide flexibility in the provision of mathematics intervention services, school divisions may use the state Standards of Learning Algebra Readiness initiative funding provided from the Lottery Proceeds Fund and the required local matching funds to employ mathematics teacher specialists to provide the required mathematics intervention services. School divisions using the Standards of Learning Algebra Readiness initiative funding in this manner shall only employ instructional personnel licensed by the Board of Education.

8.a. The Department of Education shall make calculations at the start of the school year to ensure that school divisions have appropriated adequate funds to support their estimated required local expenditure. The Department of Education shall also make calculations after the close of the school year to verify that the required local effort level, based on actual March 31 Average Daily Membership, was met. The Department of Education shall specify the calculations to determine if a school division has appropriated and expended its required local expenditure for the Standards of Quality. This calculation may include but is not limited to the following calculations:

b. The total expenditures for operation, defined as total expenditures less all capital outlays, expenditures for debt service, facilities, non-regular day school programs (such as adult education, preschool, and non-local education programs), and any transfers to regional programs or escrow accounts will be calculated.

c. The following state funds will be deducted from the amount calculated in paragraph a. above: revenues from the state sales and use tax (returned on the basis of the 2005 triennial census of school age population in the first year and the 2008 triennial census in the second year, as specified in this Item) for sales in the fiscal year in which the school year begins; total receipts from state funds (except state funds for non-regular day school programs and state funds used for capital or debt service purposes); and the state share of any balances carried forward from the previous fiscal year. Any qualifying state funds that remain unspent at the end of the fiscal year will be added to the amount calculated in paragraph a. above.

d. Federal funds, and any federal funds carried forward from the previous fiscal year, will also be deducted from the amount calculated in paragraph a above. Any federal funds that remain unspent at the end of the fiscal year and any capital expenditures paid from federal funds will be added to the amount calculated in paragraph a. above.

e. Tuition receipts, receipts from payments from other cities or counties, and fund transfers will also be deducted from the amount calculated in paragraph a, then

f. The final amount calculated as described above must be equal to or greater than the required local expenditure defined in paragraph A. 5.

g. The Department of Education shall collect the data necessary to perform the calculations of required local expenditure as required by this section.

h. A locality whose expenditure in fact exceeds the required amount from local funds may not reduce its expenditures unless it first complies with all of the Standards of Quality.

9.a. Any sum which a locality, as of the end of a school year, has not expended, pursuant to this Item, for the Standards of Quality shall be paid by the locality into the general fund of the state treasury. Such payments shall be made not later than the end of the school year following that in which the under expenditure occurs.

b. Whenever the Department of Education has recovered funds as defined in the preceding paragraph a, the Secretary of Education is authorized to repay to the locality affected by that action, seventy-five percent (75%) of those funds upon his determination that:

1) The local school board agrees to include the funds in its June 30 ending balance for the year following that in which the under expenditure occurs;

- 2) The local governing body agrees to reappropriate the funds as a supplemental appropriation to the approved budget for the second year following that in which the under expenditure occurs, in an appropriate category as requested by the local school board, for the direct benefit of the students;
- 3) The local school board agrees to expend these funds, over and above the funds required to meet the required local expenditure for the second year following that in which the under expenditure occurs, for a special project, the details of which must be furnished to the Department of Education for review and approval;
- 4) The local school board agrees to submit quarterly reports to the Department of Education on the use of funds provided through this project award; and
- 5) The local governing body and the local school board agree that the project award will be cancelled and the funds withdrawn if the above conditions have not been met as of June 30 of the second year following that in which the under expenditure occurs.

c. There is hereby appropriated, for the purposes of the foregoing repayment, a sum sufficient, not to exceed 75 percent of the funds deposited in the general fund pursuant to the preceding paragraph a.

10. The Department of Education shall specify the manner for collecting the required information and the method for determining if a school division has appropriated and expended the local funds required to support the actual local match based on all Lottery, School Facilities, and Incentive programs in which the school division has elected to participate. Unless specifically stated otherwise in this Item, school divisions electing to participate in any Lottery, School Facilities or Incentive program that requires a local funding match in order to receive state funding, shall certify to the Department of Education its intent to participate in each program by October 1 each fiscal year in a manner prescribed by the Department of Education. Upon receipt of the certifications, the Department of Education shall make calculations to ensure that school divisions have appropriated adequate local funds, above the required local effort for the Standards of Quality, to support the projected required local match based on the Lottery, School Facilities, and Incentive programs in which the school division has elected to participate. If the Department of Education's calculations indicate that insufficient local funds are appropriated to meet the required local funding match for one or more programs, state funding for such program(s) shall not be made until such time that the school division can certify that sufficient local funding has been appropriated to meet required local match. The Department of Education shall also make calculations after the close of the fiscal year to verify that the required local match was met based on the state funds that were received.

11. Any sum of local matching funds for Lottery, School Facilities, and Incentive program which a locality has not expended as of the end of a fiscal year in support of the required local match pursuant to this Item shall be paid by the locality into the general fund of the state treasury unless the carryover of those unspent funds is specifically permitted by other provisions of this act. Such payments shall be made no later than the end of the school year following that in which the under expenditure occurred.

12. The Superintendent of Public Instruction shall provide a report annually on the status of teacher salaries, by local school division, to the Governor and the Chairmen of the Senate Finance and House Appropriations Committees. In addition to information on average salaries by school division and statewide comparisons with other states, the report shall also include information on starting salaries by school division and average teacher salaries by school.

13. All local matching funds required by the programs in this Item shall be appropriated to the budget of the local school board.

14. By November 15 of each year, the Department of Planning and Budget, in cooperation with the Department of Education, shall prepare and submit a preliminary forecast of Standards of Quality expenditures, based upon the most current data available, to the Chairmen of the House Appropriations and Senate Finance Committees. In odd-

numbered years, the forecast for the current and subsequent two fiscal years shall be provided. In even-numbered years, the forecast for the current and subsequent fiscal year shall be provided. The forecast shall detail the projected March 31 Average Daily Membership and the resulting impact on the education budget.

15. School divisions may choose to use state payments provided for Standards of Quality Prevention, Intervention, and Remediation in both years as a block grant for remediation purposes, without restrictions or reporting requirements, other than reporting necessary as a basis for determining funding for the program.

16. Except as otherwise provided in this act, the Superintendent of Public Instruction shall provide guidelines for the distribution and expenditure of general fund appropriations and such additional federal, private and other funds as may be made available to aid in the establishment and maintenance of the public schools.

17. At the Department of Education's option, fees for audio-visual services may be deducted from state aid payments for individual local school divisions.

18. For distributions not otherwise specified, the Department of Education, at its option, may use prior year data to calculate actual disbursements to individual localities.

19. Payments for accounts related to the Standards of Quality made to localities for public education from the general fund, as provided herein, shall be payable in twenty-four approximately equal bimonthly installments at the middle and end of each month.

20. The Department of Education shall, for purposes of calculating the state and local shares of the Standards of Quality, apportion state sales and use tax dedicated to public education and those sales tax revenues transferred to the general fund from the Public Education Standards of Quality/ Local Real Estate Property Tax Relief Fund based on the 2005 triennial census of school age population in the first year and the 2008 triennial census in the second year of the biennium.

The State Comptroller shall distribute the state sales and use tax revenues dedicated to public education and those sales tax revenues transferred to the general fund from the Public Education Standards of Quality/ Local Real Estate Property Tax Relief Fund based on the 2005 triennial census of school age population in the first year and the 2008 triennial census in the second year of the biennium.

21. In the second year, the school divisions within the Tobacco Region, as defined by the Tobacco Indemnification and Community Revitalization Commission, shall jointly explore ways to maximize their collective expenditure reimbursement totals for all eligible E-Rate funding.

22. This item includes appropriations totaling an estimated \$430,500,000 the first year and ~~\$430,200,000~~ \$440,085,400 the second year from the revenues deposited to the Lottery Proceeds Fund. The appropriation for the first year includes an additional \$300,000 from Lottery proceeds that were earned in fiscal year 2008. *The appropriation for the second year includes an additional \$9,885,400 from Lottery proceeds that were earned in fiscal year 2009.* These amounts are appropriated for distribution to counties, cities, and towns to support public education programs pursuant to Article X, section 7-A Constitution of Virginia. Any county, city, or town which accepts a distribution from this Fund shall provide its portion of the cost of maintaining an educational program meeting the Standards of Quality pursuant to Section 2 of Article VIII of the Constitution without the use of distributions from the Fund. To the extent that actual revenues deposited to the Lottery Proceeds Fund are not sufficient to meet the appropriations provided in the Lottery Service Area, payments to school divisions described in paragraph C. 28 ~~Additional Support for School Construction, and Operating Costs and Textbooks~~ shall be reduced on a proportional basis.

23. For reporting purposes, the Department of Education shall include Lottery Proceeds Funds as state funds.

24. Any locality that has met its required local effort for the Standards of Quality accounts for fiscal year 2009 or that has met its required local match for incentive, school construction, or Lottery-funded programs in which the locality elected to participate in fiscal year 2009 may carry over into fiscal year 2010 any remaining state fund balances available to help minimize any fiscal year 2010 revenue adjustments that may occur in state funding to that locality. *Any locality that has met its required local effort for the Standards of Quality accounts for fiscal year 2010 or that has met its required local match for incentive or Lottery-funded programs in which the locality elected to participate in fiscal year 2010 may carry over into fiscal year 2011 any remaining state fund balances available to help minimize any fiscal year 2011 revenue adjustments that may occur in state funding to that locality.*

25. Localities are encouraged to allow school boards to carry over any unspent local allocations into the next fiscal year. Localities are also encouraged to provide increased flexibility to school boards by appropriating state and local funds for public education in a lump sum.

26. The Department of Education shall allocate an additional \$218,985,753 from the State Fiscal Stabilization Fund, American Recovery and Reinvestment Act of 2009, appropriated in Item 141 in the second year to the local school divisions to pay a portion of the state's share of Basic Aid. The allocations shall be based on the proportion that each school division represents to the statewide total of Basic Aid amount in this Item as introduced in House Bill 29/ Senate Bill 29. The amounts appropriated are an estimate, and may be modified by the Director, Department of Planning and Budget, depending on the final budget reduction actions taken in this act.

C. Apportionment

1. Subject to the conditions stated in this paragraph and in paragraph B of this Item, each locality shall receive sums as listed above within this program for the basic operation cost and payments in addition to that cost. The apportionment herein directed shall be inclusive of, and without further payment by reason of, state funds for library and other teaching materials.

2. School Employee Retirement Contributions

a. This Item provides funds to each local school board for the state share of the employer's retirement cost incurred by it, on behalf of instructional personnel, for subsequent transfer to the retirement allowance account as provided by Title 51.1, Chapter 1, Code of Virginia.

b. Notwithstanding § 51.1-1401 of the Code of Virginia, the Commonwealth shall provide payments for only the state share of the Standards of Quality fringe benefit cost of the retiree health care credit. This Item includes payments in both years based on the state share of fringe benefit costs of 55 percent of the employer's cost on funded Standards of Quality instructional positions, distributed based on the composite index of the local ability-to-pay.

c. As a part of the review of the Virginia Retirement System pursuant to House Joint Resolution No. 34 the joint subcommittee shall review: 1) the Commonwealth's responsibilities for funding the teacher retirement system beyond the actuarial normal rate and 2) the Commonwealth's appropriate share for retirement payments by school divisions. In making this review, the joint subcommittee shall review the impact of the blended retirement rates on the retirement system, school divisions, and the Commonwealth.

3. School Employee Social Security Contributions

This Item provides funds to each local school board for the state share of the employer's Social Security cost incurred by it, on behalf of the instructional personnel for subsequent transfer to the Contribution Fund pursuant to Title 51.1, Chapter 7, Code of Virginia.

3.1. Appropriations for contributions in paragraphs 2 and 3 above include payments from funds derived from the principal of the Literary Fund in accordance with Article VIII, Section 8, of the Constitution of Virginia. The amounts set aside from the Literary Fund for these purposes shall not exceed \$228,691,828 the first year and ~~\$122,979,935~~ \$195,000,000 the second year.

4. School Employee Insurance Contributions

This Item provides funds to each local school board for the state share of the employer's Group Life Insurance cost incurred by it on behalf of instructional personnel who participate in group insurance under the provisions of Title 51.1, Chapter 5, Code of Virginia.

5. Basic Aid Payments

a.1) A state share of the Basic Operation Cost, which cost per pupil in March 31 ADM is established individually for each local school division based on the number of instructional personnel required by the Standards of Quality and the statewide prevailing salary levels (adjusted in Planning District Eight for the cost of competing) as well as recognized support costs calculated on a prevailing basis for an estimated March 31 ADM (adjusted for half-day kindergarten programs).

2) This appropriation includes funding to recognize the common labor market in the Washington -Baltimore-Northern Virginia, DC-MD-VA-WV Combined Statistical Area. Standards of Quality salary payments for instructional and support positions in school divisions of the localities set out below have been adjusted for the equivalent portion of the Cost of Competing Adjustment (COCA) rates that are paid to local school divisions in Planning District 8. For the counties of Stafford, Fauquier, Spotsylvania, Clarke, Warren, Frederick, and Culpeper and the Cities of Fredericksburg and Winchester, the SOQ payments have been increased by 25 percent each year of the COCA rates paid to school divisions in Planning District 8.

b. The state share for a locality shall be equal to the Basic Operation Cost for that locality less the locality's estimated revenues from the state sales and use tax (returned on the basis of the 2005 triennial census of school age population in the first year and the 2008 triennial census in the second year, as specified in this Item), in the fiscal year in which the school year begins and less the required local expenditure.

c. For the purpose of this paragraph, the Department of Taxation's fiscal year sales and use tax estimates are as cited in this Item.

d.1) In accordance with the provisions of §§ [22.1-281](#) and 37.1-96, Code of Virginia, the Department of Education shall deduct the locality's share for the education of handicapped pupils residing in institutions within the ~~Department of Mental Health, Mental Retardation and Substance Abuse Services~~ *Department of Behavioral Health and Developmental Services* from the locality's Basic Aid appropriation.

2) The amounts deducted from Basic Aid for the education of ~~mentally-retarded~~ *intellectually disabled* persons shall be transferred to the ~~Department of Mental Health, Mental Retardation, and Substance Abuse Services~~ *Department of Behavioral Health and Developmental Services* in support of the cost of educating such persons; the amount deducted from Basic Aid for the education of emotionally disturbed persons shall be used to cover extraordinary expenses incurred in the education of such persons. The Department of Education shall establish guidelines to implement these provisions and shall provide for the periodic transfer of sums due from each local school division to the ~~Department of Mental Health, Mental Retardation, and Substance Abuse Services~~ *Department of Behavioral Health and Developmental Services* and for Special Education categorical payments. The amount of the actual transfers will be based on data accumulated during the prior school year.

e.1) The apportionment to localities of all driver education revenues received during the school year shall be made

as an undesignated component of the state share of the basic operation cost in accordance with the provisions of this Item. Only school divisions complying with the standardized program established by the Board of Education shall be entitled to participate in the distribution of state funds appropriated for driver education. The Department of Education will deduct a designated amount per pupil from a school division's Basic Aid payment when the school division is not in compliance with § 22.1-205 C, Code of Virginia. Such amount will be computed by dividing the current appropriation for the Driver Education Fund by actual March 31 ADM.

2) Local school boards may charge a per pupil fee for behind-the-wheel driver education provided, however, that the fee charged plus the per pupil basic aid reimbursement for driver education shall not exceed the actual average per pupil cost. Such fees shall not be cause for a pro rata reduction in Basic Aid payments to school divisions.

f. Textbooks

1) The appropriation in this Item includes \$79,182,158 the first year and ~~\$79,314,230 the second year~~ from the general fund as the state's share of the cost of textbooks based on a per pupil amount of \$118.52 ~~the first year and \$118.52 the second year~~. *It is anticipated that school divisions will save more than \$140 million in local funds from the VRS, Group Life and Retiree Health Care Credit premium holiday in effect for the final three months of the second year. In order to address textbook or other instructional material needs in the second year, localities and school divisions are encouraged to use any portion or all of these local savings to purchase textbooks and Standards of Learning instructional materials, as needed. A school division shall appropriate these funds for textbooks or any other public education expenditure by the school division only in the second year. No local match is required to receive these state funds in the second year only and such local match shall be excluded from the determination of required local effort in the second year pursuant to Item 140 B.8a. through h. and § 22.1-97, Code of Virginia.* The state's distributions for textbooks *in the first year* shall be based on adjusted March 31 ADM.

2) School divisions shall provide free textbooks to all students.

3) School divisions may use a portion of this funding to purchase Standards of Learning instructional materials.

4) Any funds provided to school divisions for textbook costs that are unexpended as of June 30, 2009, or June 30, 2010, shall be carried on the books of the locality to be appropriated to the school division the following year to be used for same purpose.

5) For purposes of calculating rebenchmarking costs for textbooks for the 2012-2014 biennium, the Department of Education shall include the higher of the fiscal year 2009 or fiscal year 2010 division-level textbook per pupil amount in calculating the base year statewide prevailing per pupil amount. For this one year calculation, the Department of Education shall adjust, with one additional year of inflation, any fiscal year 2009 division-level per pupil textbook expenditure data used in calculating the base year statewide prevailing per pupil amount.

g. The one-cent state sales and use tax earmarked for education and the sales tax revenues transferred to the general fund from the Public Education Standards of Quality/ Local Real Estate Property Tax Relief Fund and appropriated in this Item which are distributed to localities on the basis of the 2005 triennial census of school age population in the first year and the 2008 triennial census in the second year as specified in this Item shall be reflected in each locality's annual budget for educational purposes as a separate revenue source for the then current fiscal year.

h. The appropriation for the Standards of Quality for Public Education (SOQ) includes amounts estimated at \$218,400,000 the first year and ~~\$224,800,000~~ \$204,500,000 the second year from the amounts transferred to the general fund from the Public Education Standards of Quality/Local Real Estate Property Tax Relief Fund pursuant to Part 3 of this Act which are derived from the 1/4 cent increase in the state sales and use tax levied pursuant to Chapter 3, 2004 Special Session I. These additional funds are provided to local school divisions and local governments in order to relieve the financial pressure education programs place on local real estate taxes.

i. From the total amounts in paragraph h. above, an amount estimated at \$109,200,000 the first year and ~~\$112,400,000~~ \$102,800,000 the second year (approximately 1/8 cent of sales and use tax) is appropriated to support a portion of the cost of the state's share of the following revisions to the Standards of Quality pursuant to Chapters 939 & 955 of the Acts of Assembly of 2004: five elementary resource teachers per 1,000 students; one support and one instructional technology position per 1,000 students; a full daily planning period for teachers at the middle and high school levels in order to relieve the pressure on local real estate taxes and shall be taken into account by the governing body of the county, city, or town in setting real estate tax rates.

j. From the total amounts in paragraph h. above, an amount estimated at \$108,100,000 the first year and ~~\$110,700,000~~ \$101,700,000 the second year (approximately 1/8 cent of sales and use tax) is appropriated in this Item to distribute the remainder of the revenues collected and deposited into the Public Education Standards of Quality/ Local Real Estate Property Tax Relief Fund on the basis of the 2005 triennial census of school age population in the first year and the 2008 triennial census in the second year as specified in this Item.

k.1) For the purposes of funding certain support positions in Basic Aid in the second year, a cap is used which is based upon the prevailing ratio of support positions to SOQ funded instructional positions as contained in this item in House Bill 1600/Senate Bill 850, as introduced in the 2009 Session. For the purposes of making the required spending adjustments in the second year, the appropriation and distribution of Basic Aid shall reflect this methodology. Local school divisions shall have the discretion as to where the adjustment may be made, consistent with the Standards of Quality funded in this Act.

2) The Department of Education shall make its calculation for the total cost of rebenchmarking for the fiscal year 2010-2012 biennium to be consistent with the following methodologies: (i) using the 'support position funding cap' methodology change contained in House Bill 1600/Senate Bill 850, as introduced in the 2009 Session; and (ii) using the rebenchmarking methodology which was contained within Chapter 879, from the 2008 Session. The Department of Education shall report the final calculations and related costs derived from each of these methodologies to the Governor, the Chairmen of House Appropriations and Senate Finance Committees, and the Board of Education prior to September 1, 2009.

3) The Board of Education shall review the current Standards of Quality to evaluate the appropriateness of the existing staffing standards for instructional positions and the appropriateness of establishing ratio standards for support positions, with the objective of maximizing resources devoted to the instructional program. The findings of this review, its associated costs, and its final recommendations for rebenchmarking shall be submitted to the Governor, the Chairmen of House Appropriations and Senate Finance Committees and the Joint Subcommittee on Elementary and Secondary Education Funding established pursuant to Item 1, paragraph H. of this Act no later than November 1, 2009.

4) The Department of Education shall review state laws, regulations, and procedures that could be modified, reduced, or eliminated in an effort to minimize the administrative burden on local school divisions and the Department of Education. The findings from this review shall be submitted to the Governor and the Chairmen of the House Appropriations and Senate Finance Committees by November 1, 2009.

l. The purpose of the support funding cap included in House Bill 1600 / Senate Bill 850, as introduced was to establish a support personnel ratio to the number of funded Standards of Quality instructional positions. Localities shall not reduce instructional positions below the number of positions required by the Standards of Quality as a result of the support cap. Further, localities shall meet the required local effort amount to fund state funded instructional positions as defined in this item.

7. Education of the Gifted Payments

a. An additional payment shall be disbursed by the Department of Education to local school divisions to support

the state share of one full-time equivalent instructional position per 1,000 students in adjusted March 31 ADM.

b. Local school divisions are required to spend, as part of the required local expenditure for the Standards of Quality the established per pupil cost for gifted education (state and local share) on approved programs for the gifted.

8. Occupational-Vocational Education Payments

a. An additional payment shall be disbursed by the Department of Education to the local school divisions to support the state share of the number of Vocational Education instructors required by the Standards of Quality. These funds shall be disbursed on the same basis as the payment is calculated.

b. An amount estimated at \$110,339,507 the first year and \$111,149,327 the second year from the general fund included in Basic Aid Payments relates to vocational education programs in support of the Standards of Quality.

9. Special Education Payments

a. An additional payment shall be disbursed by the Department of Education to the local school divisions to support the state share of the number of Special Education instructors required by the Standards of Quality. These funds shall be disbursed on the same basis as the payment is calculated.

b. Out of the amounts for special education payments, general fund support is provided to fund the caseload standards for speech pathologists at 68 students for each year of the biennium.

10. Enrollment Loss

An additional state payment in each year equal to the state share per pupil of Basic Aid for each locality, for a percentage of the enrollment loss (as determined below) in March 31 ADM from the prior year.

| Composite Index | Percentage |
|-----------------|------------|
| 0.0000-0.1999 | 85% |
| 0.2000-0.3499 | 70% |
| 0.3500-0.4999 | 45% |
| 0.5000 or more | 30% |

11. Remedial Education Payments

a. An additional payment estimated at \$69,441,065 the first year and ~~\$69,143,636~~ \$69,454,757 the second year from the general fund shall be disbursed by the Department of Education to support the Board of Education's Standards of Quality prevention, intervention, and remediation program adopted in June 2003.

b. The payment shall be calculated based on one hour of additional instruction per day for identified students, using the three year average percent of students eligible for the federal Free Lunch program as a proxy for students needing such services. Fall membership shall be multiplied by the three year average division-level Free Lunch eligibility percentage to determine the estimated number of students eligible for services. Pupil-teacher ratios shall be applied to the estimated number of eligible students to determine the number of instructional positions needed for each school division. The pupil-teacher ratio applied for each school division shall range from 10:1 for those

divisions with the most severe combined three year average failure rates for English and math Standards of Learning test scores to 18:1 for those divisions with the lowest combined three year average failure rates for English and math Standards of Learning test scores.

c. Funding shall be matched by the local government based on the composite index of local ability-to-pay.

d. To provide flexibility in the instruction of English Language Learners who have limited English proficiency and who are at risk of not meeting state accountability standards, school divisions may use state and local funds from the SOQ Prevention, Intervention, and Remediation account to employ additional English Language Learner teachers to provide instruction to identified limited English proficiency students. Using these funds in this manner is intended to supplement the instructional services provided through the SOQ staffing standard of 17 instructional positions per 1,000 limited English proficiency students. School divisions using the SOQ Prevention, Intervention, and Remediation funds in this manner shall only employ instructional personnel licensed by the Board of Education.

e. An additional state payment estimated at \$66,800,404 the first year and ~~\$60,942,727~~ \$60,125,512 the second year from the Lottery Proceeds Fund shall be disbursed based on the estimated number of federal Free Lunch participants, in support of programs for students who are educationally at risk. The additional payment shall be based on the state share of:

1) A minimum one percent add-on, as a percent of the per pupil basic aid cost, for each child who qualifies for the federal Free Lunch Program; and

2) An addition to the add-on, based on the concentration of children qualifying for the federal Free Lunch Program. Based on its percentage of Free Lunch participants, each school division will receive between 1 and 12 percent in additional basic aid per Free Lunch participant. These funds shall be matched by the local government, based on the composite index of local ability-to-pay.

3a) Local school divisions are required to spend the established at-risk payment (state and local share) on approved programs for students who are educationally at risk.

b) To receive these funds, each school division shall certify to the Department of Education that the state and local share of the at-risk payment will be used to support approved programs for students who are educationally at risk and shall submit, in a format specified by the Department of Education, the school division's comprehensive strategy for intervention, prevention, and remediation, including the number of students served and review of available data. These programs may include: Dropout Prevention, community and school-based truancy officer programs, Advancement Via Individual Determination (AVID), Project Discovery, Reading Recovery, programs for students who speak English as a second language, or programs related to increasing the success of disadvantaged students in completing a high school degree and providing opportunities to encourage further education and training. Further, any new funds a school division receives in excess of the amounts received in fiscal year 2008 may be used first to provide data coordinators or to purchase similar services for schools that have not met Adequate Yearly Progress (AYP) under the federal No Child Left Behind Act or are not fully accredited under the Standards of Accreditation. The data coordinator position is intended to provide schools with needed support in the area of data analysis and interpretation for instructional purposes, as well as overall data management and the administration of state assessments. The position would primarily focus on data related to instruction and school improvement, including: student assessment, student attendance, student/teacher engagement, behavior referrals, suspensions, retention, and graduation rates.

f. Regional Alternative Education Programs

1) An additional state payment of \$6,717,848 the first year from the general fund and ~~\$7,293,262~~ \$7,049,547 the second year from the Lottery Proceeds Fund shall be disbursed for Regional Alternative Education programs. Such

programs shall be for the purpose of educating certain expelled students and, as appropriate, students who have received suspensions from public schools and students returned to the community from the Department of Juvenile Justice.

2) Each regional program shall have a small student/staff ratio. Such staff shall include, but not be limited to education, mental health, health, and law enforcement professionals, who will collaborate to provide for the academic, psychological, and social needs of the students. Each program shall be designed to ensure that students make the transition back into the "mainstream" within their local school division.

3)a) Regional alternative education programs are funded through this Item based on the state's share of the incremental per pupil cost for providing such programs. This incremental per pupil payment shall be adjusted for the composite index of local ability-to-pay of the school division that counts such students attending such program in its March 31 Average Daily Membership. It is the intent of the General Assembly that this incremental per pupil amount be in addition to the basic aid per pupil funding provided to the affected school division for such students. Therefore, local school divisions are encouraged to provide the appropriate portion of the basic aid per pupil funding to the regional programs for students attending these programs, adjusted for costs incurred by the school division for transportation, administration, and any portion of the school day or school year that the student does not attend such program.

b) In the event a school division does not use all of the student slots it is allocated under this program, the unused slots may be reallocated or transferred to another school division.

1. A school division must request from the Department of Education the availability and possible use of any unused student slots. If any unused slots are available and if the requesting school division chooses to utilize any of the unused slots, the requesting school division shall only receive the state's share of tuition for the unused slot that was allocated in this Item for the originally designated school division.

2. However, no requesting school division shall receive more tuition funding from the state for any requested unused slot than what would have been the calculated amount for the requesting school division had the unused slot been allocated to the requesting school division in the original budget. Furthermore, the requesting school division shall pay for any remaining tuition payment necessary for using a previously unused slot.

3. The Department of Education shall report by June 30 each year, to the Chairmen of the House Appropriations and Senate Finance Committees, the number of available student slots, students placed, the request of unused slots, and the number of unused slots subsequently used by each school division for each Regional Alternative Education program.

4) The Department of Education shall provide assistance for the state share of the incremental cost of Regional Alternative Education program operations based on the composite index of local ability-to-pay.

g. Remedial Summer School

1) This appropriation includes \$27,229,866 the first year from the Lottery Proceeds Fund and ~~\$28,347,411~~ \$25,285,725 the second year from the general fund for the state's share of Remedial Summer School Programs. These funds are available to school divisions for the operation of programs designed to remediate students who are required to attend such programs during a summer school session or during an intersession in the case of year-round schools. These funds may be used in conjunction with other sources of state funding for remediation or intervention. School divisions shall have maximum flexibility with respect to the use of these funds and the types of remediation programs offered; however, in exercising this flexibility, students attending these programs shall not be charged tuition and no high school credit may be awarded to students who participate in this program.

2) For school divisions charging students tuition for summer high school credit courses, consideration shall be

given to students from households with extenuating financial circumstances who are repeating a class in order to graduate.

12. K-3 Primary Class Size Reduction Payments

- a. An additional payment estimated at \$91,640,740 the first year and ~~\$91,703,847~~ \$90,237,711 the second year from the Lottery Proceeds Fund shall be disbursed by the Department of Education as an incentive for reducing class sizes in the primary grades.
- b. The Department of Education shall calculate the payment based on the incremental cost of providing the lower class sizes based on the lower of the division average per pupil cost of all divisions or the actual division per pupil cost.
- c. Localities are required to provide a match for these funds based on the composite index of local ability-to-pay.
- d. By October 15 of each year school divisions must provide data to the Department of Education that each participating school has a September 30 pupil/teacher ratio in grades K through 3 that meet the following criteria:

Qualifying School Percentage of Students Approved

| | Grades K-3 School Ratio | Maximum Individual K-3 Class Size |
|-------------------------|----------------------------|--------------------------------------|
| Eligible for Free Lunch | | |
| 16% but less than 30% | 20 to 1 | 25 |
| 30% but less than 45% | 19 to 1 | 24 |
| 45% but less than 55% | 18 to 1 | 23 |
| 55% but less than 65% | 17 to 1 | 22 |
| 65% but less than 70% | 16 to 1 | 21 |
| 70% but less than 75% | 15 to 1 | 20 |
| 75% or more | 14 to 1 | 19 |

- e. School divisions may elect to have eligible schools participate at a higher ratio, or only in a portion of grades kindergarten through three, with a commensurate reduction of state and required local funds, if local conditions do not permit participation at the established ratio and/or maximum individual class size. Special education teachers shall not be counted towards meeting these required pupil/teacher ratios in grades kindergarten through three.
- f. The Superintendent of Public Instruction may grant waivers to school divisions for the class size requirement in eligible schools that have only one class in an affected grade level in the school.

13. Literary Fund Subsidy Program Payments

- a. The Board of Education and the Virginia Public School Authority (VPSA) shall provide a program of funding for school construction and renovation through the Literary Fund and through VPSA bond sales. The program shall be used to provide funds, through Literary Fund loans and subsidies, and through VPSA bond sales, to fund a portion of the projects on the First or Second Literary Fund Waiting List, or other critical projects which may receive priority placement on the First or Second Literary Fund Waiting List by the Board of Education. Interest rate

subsidies will provide school divisions with the present value difference in debt service between a Literary Fund loan and a borrowing through the VPSA. To qualify for an interest rate subsidy, the school division's project must be eligible for a Literary Fund loan and shall be subject to the same restrictions. The VPSA shall work with the Board of Education in selecting those projects to be funded through the interest rate subsidy/bond financing program, so as to ensure the maximum leverage of Literary Fund moneys and a minimum impact on the VPSA Bond Pool.

b. The Virginia Public School Authority shall provide an interest rate subsidy program in fiscal year 2009 ~~and fiscal year 2010~~ for projects that are on the Board of Education's First Priority Waiting List. Projects on the Literary Fund Second Priority Waiting List may participate in the Interest Rate Subsidy Program if unused subsidy appropriation remains once the participation of projects on the First Priority Waiting List is confirmed. However, the cost of the subsidy shall not exceed \$8,631,107 in the first year including the subsidy payments and related issuance costs.

c. The Board of Education may offer Literary Fund loans from the uncommitted balances of the Literary Fund after meeting the obligations of the interest rate subsidy sales and the amounts set aside from the Literary Fund for Debt Service Payments for Education Technology in this Item.

d.1) In the event that on any scheduled payment date of bonds of the Virginia Public School Authority (VPSA) authorized under the provisions of a bond resolution adopted subsequent to June 30, 1997, issued subsequent to June 30, 1997, and not benefiting from the provisions of either § 22.1-168 (iii), (iv), and (v), Code of Virginia, or § 22.1-168.1, Code of Virginia, the sum of (i) the payments on general obligation school bonds of cities, counties, and towns (localities) paid to the VPSA and (ii) the proceeds derived from the application of the provisions of § 15.2-2659, Code of Virginia, to such bonds of localities, is less than the debt service due on such bonds of the VPSA on such date, there is hereby appropriated to the VPSA, first, from available moneys of the Literary Fund and, second, from the general fund a sum equal to such deficiency.

2) The Commonwealth shall be subrogated to the VPSA to the extent of any such appropriation paid to the VPSA and shall be entitled to enforce the VPSA's remedies with respect to the defaulting locality and to full recovery of the amount of such deficiency, together with interest at the rate of the defaulting locality's bonds.

e. The chairman of the Board of Commissioners of the VPSA shall, on or before November 1 of each year, make and deliver to the Governor and the Secretary of Finance a certificate setting forth his estimate of total debt service during each fiscal year of the biennium on bonds of the VPSA issued and projected to be issued during such biennium pursuant to the bond resolution referred to in paragraph a above. The Governor's budget submission each year shall include provisions for the payment of debt service pursuant to paragraph 1) above.

14. Educational Technology Payments

a. Any unobligated amounts transferred to the educational technology fund shall be disbursed on a pro rata basis to localities. The additional funds shall be used for technology needs identified in the division's technology plan approved by the Department of Education.

b. The Board of Education shall authorize amounts estimated at \$12,656,800 the first year from the Literary Fund to provide debt service payments for the education technology grant program conducted through the Virginia Public School Authority in 2004.

c. The Board of Education shall authorize amounts estimated at \$12,634,750 the first year and \$12,636,750 the second year from the Literary Fund to provide debt service payments for the education technology grant program conducted through the Virginia Public School Authority in 2005.

d.1) The Board of Education shall authorize amounts estimated at \$12,821,000 the first year and \$12,822,250 the second year from the Literary Fund to provide debt service payments for the education technology grant program

conducted through the Virginia Public School Authority in 2006.

2) It is the intent of the General Assembly to authorize sufficient appropriate Literary Fund revenues to pay debt service on the Virginia Public School Authority bonds or notes authorized for this program. In developing the proposed 2010-12 biennial budget for public education, the Board of Education shall include a recommendation to the Governor to authorize sufficient Literary Fund revenues to make debt service payments for this program in fiscal year 2011.

e.1) The Board of Education shall authorize amounts estimated at \$12,986,500 the first year and \$12,977,250 the second year from the Literary Fund to provide debt service payments for the education technology grant program conducted through the Virginia Public School Authority in 2007.

2) It is the intent of the General Assembly to authorize sufficient Literary Fund revenues to pay debt service on the Virginia Public School Authority bonds or notes authorized for this program. In developing the proposed 2010-12 biennial budget for public education, the Board of Education shall include a recommendation to the Governor to authorize sufficient Literary Fund revenues to make debt service payments for this program in fiscal year 2011 and fiscal year 2012.

f.1) The Board of Education shall authorize amounts estimated at \$13,370,420 the first year and \$13,482,000 the second year from the Literary Fund to provide debt service payments for the education technology grant program conducted through the Virginia Public School Authority in 2008.

2) It is the intent of the General Assembly to authorize sufficient Literary Fund revenues to pay debt service on the Virginia Public School Authority bonds or notes authorized for this program. In developing the proposed 2010-12 and 2012-14 biennial budgets for public education, the Board of Education shall include a recommendation to the Governor to authorize sufficient Literary Fund revenues to make debt service payments for this program in fiscal years 2011, 2012, and 2013.

g. 1) An education technology grant program shall be conducted through the Virginia Public School Authority, through the issuance of equipment notes in an amount estimated at \$59,274,000 in fiscal year 2009 and \$ ~~59,898,000~~ \$59,404,000 in fiscal year 2010. Proceeds of the notes will be used to establish a computer-based instructional and testing system for the Standards of Learning (SOL) and to develop the capability for high speed Internet connectivity at high schools followed by middle schools followed by elementary schools.

2) The Board of Education shall authorize amounts estimated at ~~\$13,485,869~~ \$13,379,385 the second year from the Literary Fund to provide debt service payments for the education technology grant program conducted through the Virginia Public School Authority in fiscal year 2009.

3) It is the intent of the General Assembly to authorize sufficient Literary Fund revenues to pay debt service on the Virginia Public School Authority bonds or notes authorized for education technology grant programs in fiscal year 2009 and in fiscal year 2010. In developing the proposed 2010-12, 2012-2014, and 2014-2016 biennial budgets for public education, the Board of Education shall include a recommendation to the Governor to authorize sufficient Literary Fund revenues to make debt service payments for these programs in fiscal years 2011, 2012, 2013, 2014, and 2015.

4) Grant funds from the issuance of \$59,274,000 in fiscal year 2009 and ~~\$59,898,000~~ \$59,404,000 in fiscal year 2010 in equipment notes are based on a grant of \$26,000 per school and \$50,000 per school division. For purposes of this grant program, eligible schools shall include those reporting membership in grades K through 12 as of September 30, 2008, for the fiscal year 2009 issuance, and September 30, 2009, for the fiscal year 2010 issuance as well as district and regional centers including vocational centers, special education centers, alternative education centers, regular school year Governor's Schools, and the Schools for the Deaf and the Blind. Schools and district centers that serve only pre-kindergarten students shall not be eligible for this grant.

5) Localities are required to provide a match for these funds equal to 20 percent of the grant amount. At least 25 percent of the local match shall be used for teacher training in the use of technology. The Superintendent of Public Instruction is authorized to reduce the required local match for school divisions with a composite index of local ability-to-pay below 0.2000. The Schools for the Deaf and the Blind are exempt from the match requirement.

6) The goal of the program is to improve the instructional, remedial, and testing capabilities of the Standards of Learning for local school divisions.

7) Funds shall be used in the following manner:

a) Each division shall use funds to reach a goal, in each high school, of: (1) a 5-to-1 student to computer ratio; (2) an Internet-ready local area network (LAN) capability; and (3) high speed access to the Internet. School connectivity (computers, LANs and network access) shall include sufficient download/upload capability to ensure that each student will have adequate access to Internet-based instructional, remedial and assessment programs.

b) When each high school in a division meets the goals established in paragraph a) above, the remaining funds shall be used to develop similar capability in first the middle schools and then the elementary schools.

c) Pursuant to § 15.2-1302, Code of Virginia, and in the event that two or more school divisions became one school division, whether by consolidation of only the school divisions or by consolidation of the local governments, such resulting division shall be provided funding through this program on the basis of having the same number of school divisions as existed prior to September 30, 2000.

8) Local school divisions shall maximize the use of available federal funds, including E-Rate Funds, and to the extent possible, use such funds to supplement the program and meet the goals of this program.

h. The Department of Education shall maintain criteria to determine if high schools, middle schools, or elementary schools have the capacity to meet the goals of this initiative. The Department of Education shall be responsible for the project management of this program. The Department of Education shall report on the implementation of this program to the Chairmen of the Senate Finance and House Appropriations Committees by September 1 of each year.

i.1) In the event that, on any scheduled payment date of bonds or notes of the Virginia Public School Authority (VPSA) issued for the purpose described in § 22.1-166.2, Code of Virginia, and not benefiting from the provisions of either § 22.1-168 (iii), (iv) and (v), Code of Virginia, or § 22.1-168.1, Code of Virginia, the available moneys in the Literary Fund are less than the amounts authorized for debt service due on such bonds or notes of the VPSA on such date, there is hereby appropriated to the VPSA from the general fund a sum equal to such deficiency.

2) The Chairman of the Board of Commissioners of the VPSA shall, on or before November 1 of each year, make and deliver to the Governor and the Secretary of Finance a certificate setting forth his estimate of total debt service during each fiscal year of the biennium on bonds and notes of the VPSA issued and projected to be issued during such biennium pursuant to the resolution referred to in paragraph 1) above. The Governor's budget submission each year shall include provisions for the payment of debt service pursuant to paragraph 1) above.

j. Unspent proceeds of the notes, including investment income derived from the proceeds of the notes may be used to pay interest on, or to decrease principal of the notes.

k.1) For the purposes of § 56-232, Code of Virginia, "Contracts of Telephone Companies with State Government" and for the purposes of § 56-234 "Contracts for Service Rendered by a Telephone Company for the State Government" shall be deemed to include communications lines into public schools which are used for educational technology. The rate structure for such lines shall be negotiated by the Superintendent of Public Instruction and

the Chief Information Officer of the Virginia Information Technologies Agency. Further, the Superintendent and Director are authorized to encourage the development of "by-pass" infrastructure in localities where it fails to obtain competitive prices or prices consistent with the best rates obtained in other parts of the state.

2) The State Corporation Commission, in its consideration of the discount for services provided to elementary schools, secondary schools, and libraries and the universal service funding mechanisms as provided under § 254 of the Telecommunications Act of 1996, is hereby encouraged to make the discounts for intrastate services provided to elementary schools, secondary schools, and libraries for educational purposes as large as is prudently possible and to fund such discounts through the universal fund as provided in § 254. The Commission shall proceed as expeditiously as possible in implementing these discounts and the funding mechanism for intrastate services, consistent with the rules of the Federal Communications Commission aimed at the preservation and advancement of universal service.

15. Virginia Preschool Initiative Payments

a.1) It is the intent of the General Assembly that a payment estimated at \$58,627,132 the first year and ~~\$68,761,162~~ \$63,132,253 the second year from the Lottery Proceeds Fund shall be disbursed by the Department of Education to schools and community-based organizations to provide quality preschool programs for at-risk four-year-olds unserved by Head Start program funding. In no event shall distributions from the Lottery Proceeds Fund be made directly to community-based or private providers.

2) These grants shall be used to provide programs for at-risk four-year-old children which include quality preschool education, health services, social services, parental involvement and transportation. Programs must provide full-day or half-day and, at least, school-year services.

3) The Department of Education, in cooperation with the Council on Child Day Care and Early Childhood Programs, shall establish academic standards that are in accordance with appropriate preparation for students to be ready to successfully enter kindergarten. These standards shall be established in such a manner as to be measurable for student achievement and success. Students shall be required to be evaluated in the fall and in the spring by each participating school division and the school divisions must certify that the Virginia Preschool Initiative program follows the established standards in order to receive the funding for quality preschool education and criteria for the service components. Such guidelines shall be consistent with the findings of the November 1993 study by the Board of Education, the Department of Education, and the Council on Child Day Care and Early Childhood Programs.

4)a) Grants shall be distributed based on an allocation formula providing the state share of a \$6,000 grant for 100 percent of the unserved at-risk four-year-olds in each locality for a full-day program. Programs operating half-day shall receive state funds based on a fractional basis determined by the pro-rata portion of a full-day, school year program provided. In determining the state and local shares of funding, the composite index of local ability-to-pay is capped at 0.5000 the second year.

b) For new programs in the first year of implementation only, programs operating less than a full school year shall receive state funds on a fractional basis determined by the pro-rata portion of a school year program provided. In determining the prorated state funds to be received, a school year shall be 180 days.

b.1) Any locality which desires to participate in this grant program must submit a proposal through its chief administrator (county administrator or city manager) by May 15 of each year. The chief administrator, in conjunction with the school superintendent, shall identify a lead agency for this program within the locality. The lead agency shall be responsible for developing a local plan for the delivery of quality preschool services to at-risk children which demonstrates the coordination of resources and the combination of funding streams in an effort to serve the greatest number of at-risk four-year-old children.

2) The proposal must demonstrate coordination with all parties necessary for the successful delivery of comprehensive services, including the schools, child care providers, local social services agency, Head Start, local health department, and other groups identified by the lead agency.

3) A local match, based on the composite index of local ability-to-pay, shall be required. For purposes of meeting the local match, localities may use local expenditures for existing qualifying programs. Localities shall also continue to pursue and coordinate other funding sources, including child care subsidies. Funds received through this program must be used to supplement, not supplant, any funds currently provided for programs within the locality. However, in the event a locality is prohibited from continuing the previous level of support to programs for at-risk four-year-olds from Title I of the federal Elementary and Secondary Education Act (ESEA), the state and local funds provided in this grants program may be used to continue services to these Title I students. Such prohibition may occur due to amendments to the allocation formula in the reauthorization of ESEA as the No Child Left Behind Act of 2001 or due to a percentage reduction in a locality's Title I allocation in 2007-2008 or 2008-2009. Any locality so affected shall provide written evidence to the Superintendent of Public Instruction and request his approval to continue the services to Title I students.

c. Local plans must provide clear methods of service coordination for the purpose of reducing the per child cost for the service, increasing the number of at-risk children served and/or extending services for the entire year.

Examples of these include:

1) "Wraparound Services" -- methods for combining funds such as child care subsidy dollars administered by local social service agencies with dollars for quality preschool education programs.

2) "Wrapout Services" -- methods for using grant funds to purchase quality preschool services to at-risk four-year-old children through an existing child care setting by purchasing comprehensive services within a setting which currently provides quality preschool education.

3) "Expansion of Service" -- methods for using grant funds to purchase slots within existing programs, such as Head Start, which provide comprehensive services to at-risk four-year-old children.

Local plans must indicate the number of at-risk four-year-old children to be served, and the criteria by which they will be determined to be at risk.

d.1) The Department of Education and the Council on Child Day Care and Early Childhood Programs shall provide technical assistance for the administration of this grant program to provide assistance to localities in developing a comprehensive, coordinated, quality preschool program for serving at-risk four-year-old children.

2) A pre-application session shall be provided by the Department and the Council on Child Day Care and Early Childhood Programs prior to the proposal deadline. The Department shall provide interested localities with information on models for service delivery, methods of coordinating funding streams, such as funds to match federal IV-A child care dollars, to maximize funding without supplanting existing sources of funding for the provision of services to at-risk four-year-old children. A priority for technical assistance in the design of programs shall be given to localities where the majority of the at-risk four-year-old population is currently unserved.

e. The Department of Education is authorized to expend unobligated balances in this program's adopted budget allocations for grants to qualifying school divisions for one-time expenses, other than capital, related to start-up or expansion of programs.

16. Early Reading Intervention Payments

a. An additional payment of \$14,586,354 the first year and ~~\$14,600,277~~ \$14,715,699 the second year from the Lottery Proceeds Fund shall be disbursed by the Department of Education to local school divisions for the purposes

of providing early reading intervention services to students in grades kindergarten through 3 who demonstrate deficiencies based on their individual performance on diagnostic tests which have been approved by the Department of Education. The Department of Education shall review the tests of any local school board which requests authority to use a test other than the state-provided test to ensure that such local test uses criteria for the early diagnosis of reading deficiencies which are similar to those criteria used in the state-provided test. The Department of Education shall make the state-provided diagnostic test used in this program available to local school divisions. School divisions shall report the results of the diagnostic tests to the Department of Education on an annual basis at a time to be determined by the Superintendent of Public Instruction.

b. These payments shall be based on the state's share of the cost of providing two and one-half hours of additional instruction each week for an estimated number of students in each school division at a student to teacher ratio of five to one. The estimated number of students in each school division in each year shall be determined by multiplying the projected number of students reported in each school division's fall membership in grades kindergarten, 1, 2, and 3 by the percent of students who are determined to need services based on diagnostic tests administered in the previous year in that school division and adjusted in the following manner:

| | Year 1 | Year 2 |
|--------------|--------|--------|
| Kindergarten | 100% | 100% |
| Grade 1 | 100% | 100% |
| Grade 2 | 100% | 100% |
| Grade 3 | 25% | 25% |

c. These payments are available to any school division that certifies to the Department of Education that an intervention program will be offered to such students and that each student who receives an intervention will be assessed again at the end of that school year. Such intervention programs, at the discretion of the local school division, may include, but not be limited to, the use of: special reading teachers; trained aides; volunteer tutors under the supervision of a certified teacher; computer-based reading tutorial programs; aides to instruct in-class groups while the teacher provides direct instruction to the students who need extra assistance; or extended instructional time in the school day or year for these students. Localities receiving these payments are required to match these funds based on the composite index of local ability-to-pay.

17. Standards of Learning Algebra Readiness Payments

a. An additional payment of \$8,806,825 the first year and ~~\$8,769,321~~ \$8,572,928 the second year from the Lottery Proceeds Fund shall be disbursed by the Department of Education to local school divisions for the purposes of providing math intervention services to students in grades 6, 7, 8 and 9 who are at-risk of failing the Algebra I end-of-course test, as demonstrated by their individual performance on diagnostic tests which have been approved by the Department of Education. The Department of Education shall review the tests to ensure that such local test uses state-provided criteria for diagnosis of math deficiencies which are similar to those criteria used in the state-provided test. The Department of Education shall make the state-provided diagnostic test used in this program available to local school divisions. School divisions shall report the results of the diagnostic tests to the Department of Education on an annual basis at a time to be determined by the Superintendent of Public Instruction.

b. These payments shall be based on the state's share of the cost of providing two and one-half hours of additional instruction each week for an estimated number of students in each school division at a student to teacher ratio of ten to one. The estimate number of students in each school division shall be determined by multiplying the

projected number of students reported in each school division's fall membership by the percent of students that qualify for the federal Free Lunch Program.

c. These payments are available to any school division that certifies to the Department of Education that an intervention program will be offered to such students and that each student who receives an intervention will be assessed again at the end of that school year. Localities receiving these payments are required to match these funds based on the composite index of local ability-to-pay.

18. School Construction Grants Program Payments

a. This appropriation includes an amount estimated at \$27,500,002 the first year from the general fund to provide grants to school divisions for nonrecurring expenditures by the relevant school division. Nonrecurring costs shall include school construction, additions, infrastructure, site acquisition, renovations, technology, and other expenditures related to modernizing classroom equipment, payments to escrow accounts pursuant to Chapter 391, Acts of Assembly of 1999, school safety equipment or school safety renovations, and debt service payments on school projects completed during the last ten years.

b. School divisions are encouraged to utilize value engineering in school construction projects funded with these grant proceeds.

c. Any funds provided to school divisions for school construction that are unexpended as of June 30, 2009, shall be carried on the books of the locality to be appropriated to the school division the following year for use for the same purpose.

d. Pursuant to § 15.2-1302, Code of Virginia, and in the event that two or more school divisions became one school division, whether by consolidation of only the school divisions or by consolidation of the local governments, such resulting division shall be paid School Construction Grant payments on the basis of having the same number of school divisions as existed prior to September 30, 2000.

e. From such funds as are made available from appropriations from the School Construction Grants Program, any locality which has 2,000 or more personnel moving into the locality, pursuant to the 2005 Defense Base Realignment and Closure Commission's Closure and Realignment Recommendations List, shall first use these funds, which have been allocated specifically to that locality, to construct schools or address school facility needs due to the in-migration of the BRAC-related personnel, that will serve the areas within the locality which will receive the new personnel.

f. Notwithstanding the requirements of Section 22.1-175.5 of the Code of Virginia, school divisions are permitted in the second year of the biennium to withdraw funds from local escrow accounts established pursuant to Section 22.1-175.5 to pay for recurring operational expenses incurred by the school division in the second year. Localities are not required to provide a local match of the withdrawn funds.

19. English as a Second Language Payments

A payment of \$36,189,226 the first year and ~~\$38,885,716~~ \$35,127,113 the second year from the general fund shall be disbursed by the Department of Education to local school divisions to support the state share of 17 professional instructional positions per 1,000 students for whom English is a second language. Local school divisions shall provide a local match based on the composite index of local ability-to-pay.

20. Special Education Instruction Payments

a. The Department of Education shall establish rates for all elements of Special Education Instruction Payments.

b. Out of the appropriations in this Item, the Department of Education shall make available, subject to implementation by the Superintendent of Public Instruction, an amount estimated at \$64,151,293 the first year from the general fund and ~~\$69,499,410~~ \$69,278,185 the second year from the Lottery Proceeds Fund for the purpose of the state's share of the tuition rates for approved public school regional programs. Notwithstanding any contrary provision of law, the state's share of the tuition rates shall be based on the composite index of local ability-to-pay.

c. Out of the amounts for Financial Assistance for Categorical Programs, \$32,527,833 the first year and ~~\$34,608,262~~ \$24,648,234 the second year from the general fund is appropriated to permit the Department of Education to enter into agreements with selected local school boards for the provision of educational services to children residing in certain hospitals, clinics, and detention homes by employees of the local school boards. The selection and employment of instructional and administrative personnel under such agreements will be the responsibility of the local school board in accordance with procedures as prescribed by the local school board. *In the second year, state payments to the local school boards operating these programs will be based on certified expenditures from the first three quarters of fiscal year 2010. State payments for certified expenditures from the fourth quarter of fiscal year 2010 will be made in fiscal year 2011.*

21. Vocational Education Instruction Payments

a. It is the intention of the General Assembly that the Department of Education explore initiatives that will encourage greater cooperation between jurisdictions and the Virginia Community College System in meeting the needs of public school systems.

b. This appropriation includes \$1,800,000 the first year from the general fund and \$1,800,000 the second year from the Lottery Proceeds Fund for secondary vocational-technical equipment. A base allocation of \$2,000 each year shall be available for all divisions, with the remainder of the funding distributed on the basis of student enrollment in secondary vocational-technical courses. State funds received for secondary vocational-technical equipment must be used to supplement, not supplant, any funds currently provided for secondary vocational-technical equipment within the locality.

22. Adult Education Payments

State funds shall be used to reimburse general adult education programs on a fixed cost per pupil or cost per class basis. No state funds shall be used to support vocational noncredit courses.

23. General Education Payments

a. This appropriation includes \$4,749,675 the first year from the general fund and \$4,749,675 the second year from the Lottery Proceeds Fund for targeted education initiatives to improve student achievement and teacher quality, including a mentoring program for teachers with no experience working in schools that are at-risk of not meeting adequate yearly progress, a middle school math teacher initiative in at-risk schools, virtual Advanced Placement courses, student acquisition of industry certifications and GED tests as required by the No Child Left Behind Act.

b. This appropriation includes \$2,774,478 the first year from the general fund and \$2,774,478 the second year from the Lottery Proceeds Fund to support Project Graduation.

24. Virtual Virginia Payments

a. From appropriations in this Item, the Department of Education shall provide assistance for the Virtual Virginia program.

b. The local share of costs associated with the operation of the Virtual Virginia program shall be computed using

the composite index of local ability-to-pay.

25. Individual Student Alternative Education Program (ISAEP) Payments

Out of this appropriation, \$2,247,581 the first year from the general fund and \$2,247,581 in the second year from the Lottery Proceeds Fund shall be provided for the secondary schools' Individual Student Alternative Education Program (ISAEP), pursuant to Chapter 488 and Chapter 552 of the 1999 Session of the General Assembly. The Department of Education shall report the status of this program along with any recommendations for determining the cost of this program to the Governor and the Chairmen of the Senate Finance, Senate Education and Health, House Appropriations, and House Education Committees and the Department of Planning and Budget no later than October 15 of each year.

26. Foster Children Education Payments

a. An additional state payment is provided from the Lottery Proceeds Fund for the prior year's local operations costs, as determined by the Department of Education, for each pupil of school age as defined in § 22.1-1, Code of Virginia, not a resident of the school division providing his education (a) who has been placed in foster care or other custodial care within the geographical boundaries of such school division by a Virginia agency, whether state or local, which is authorized under the laws of this Commonwealth to place children; (b) who has been placed in an orphanage or children's home which exercises legal guardianship rights; or (c) who is a resident of Virginia and has been placed, not solely for school purposes, in a child-caring institution or group home.

b. This appropriation provides \$11,566,251 the first year and ~~\$12,614,070~~ \$12,233,660 the second year from the Lottery Proceeds Fund to support children attending public school who have been placed in foster care or other such custodial care across jurisdictional lines, as provided by subsections A and B of § 22.1-101.1, Code of Virginia. To the extent these funds are not adequate to cover the full costs specified therein, the department is authorized to expend unobligated balances in this Item for this support.

27. Sales Tax Payments

a. This is a sum-sufficient appropriation for distribution to counties, cities and towns a portion of net revenue from the state sales and use tax, in support of the Standards of Quality (Title 22.1, Chapter 13.2, Code of Virginia) (See the Attorney General's opinion of August 3, 1982).

b. Certification of payments and distribution of this appropriation shall be made by the State Comptroller.

c. The distribution of state sales tax funds shall be made in equal bimonthly payments at the middle and end of each month.

28. ~~Additional~~ Support for School Construction, ~~and~~ Operating Costs, and Textbook Payments

a. This is a sum sufficient appropriation for distribution to counties, cities, and towns of the net portion of the Lottery Proceeds Funds not otherwise distributed in this item to counties, cities, and towns in support of public education, pursuant to Article X, Section 7-A, Constitution of Virginia.

b. Out of this appropriation, an amount estimated at \$132,201,839 the first year and ~~\$60,815,976~~ \$72,407,810 the second year shall be disbursed by the Department of Education to local school divisions to support the state share of an estimated \$197.87 per pupil the first year and ~~\$90.87~~ \$107.87 per pupil the second year in adjusted March 31 average daily membership. These per pupil amounts are subject to change for the purpose of payment to school divisions based on the actual March 31 ADM collected each year. For the first year only, these funds shall be matched by the local government, based on the composite index of local ability-to-pay. Further, in order to receive this funding, the locality in which the school division is located shall appropriate these funds solely for educational

purposes and shall not use such funds to reduce total local operating expenditures for public education below the amount expended by the locality for such purposes in the year upon which the 2008-10 biennial Standards of Quality expenditure data were based; provided however, that no locality shall be required to maintain a per pupil expenditure which is greater than the per pupil amount expended by the locality for such purposes in the year upon which the 2008-10 biennial Standards of Quality expenditure data were based. To receive this funding, the locality in which the school division is located shall appropriate these funds for any public education expenditure of the school division in the second year. Localities shall not be required to provide a local match in the second year in order to receive the state funds.

c. Of the amounts listed above for the first year, no more than 50 percent shall be used for recurring costs and at least 50 percent shall be spent on nonrecurring expenditures by the relevant school divisions. Nonrecurring costs shall include school construction, additions, infrastructure, site acquisition, renovations, technology, and other expenditures related to modernizing classroom equipment, and debt service payments on school projects completed during the last 10 years.

d. Out of the second year appropriation for the Lottery service area, the Department of Education shall distribute to local school divisions any balance from the Lottery Proceeds Fund that exists after all other second year accounts that are supported by Lottery funds have been fully funded. The payments shall be based on the state share of the per pupil amount in adjusted March 31 average daily membership and the second year balance in the Lottery Proceeds Fund. To receive this funding, the locality in which the school division is located shall appropriate these funds for expenditures of the school division. Localities shall not be required to provide a local match in order to receive the state funds.

e. Any lottery funds provided to school divisions from this Item that are unexpended as of June 30, 2009, and June 30, 2010, shall be carried on the books of the locality to be appropriated to the school division in the following year.

f. Notwithstanding the requirements of Section [22.1-100.1](#) of the Code of Virginia, school divisions are permitted in the second year of the biennium to withdraw funds from local escrow accounts established pursuant to Section [22.1-100.1](#) to pay for recurring operational expenses incurred by the school division in the second year. Localities are not required to provide a local match of the withdrawn funds.

29. Adult Literacy Payments

a. Appropriations in this Item include \$125,000 the first year and \$125,000 the second year from the general fund for the ongoing literacy programs conducted by Mountain Empire Community College, and \$125,000 the first year and \$125,000 the second year from the general fund will be transferred to the Department of Housing and Community Development to support workforce literacy and training.

b. Out of this appropriation, the Department of Education shall provide \$100,000 the first year and \$100,000 the second year from the general fund for the Virginia Literacy Foundation grants to support programs for adult literacy including those delivered by community-based organizations and school divisions providing services for adults with 0-9th grade reading skills.

c. Out of this appropriation, the Department of Education shall provide \$47,500 the first year and ~~\$47,500~~ \$42,750 the second year from the general fund to Virginia Tech as the fiscal agent for the Virginia Educational Technology Alliance to provide teacher training opportunities in the effective use of educational technologies to full-time, part-time and volunteer teachers involved in adult education and literacy programs in the Commonwealth.

30. Governor's School Payments

a. Out of the amounts for Governor's School Payments, the Department of Education shall provide assistance for

the state share of the incremental cost of regular school year Governor's Schools based on each participating locality's composite index of local ability-to-pay. Participating school divisions must certify that no tuition is assessed students for participation in this program.

b. Out of the amounts for Governor's School Payments, the Department of Education shall provide assistance for the state share of the incremental cost of summer residential Governor's Schools and Foreign Language Academies to be based on the greater of the state's share of the composite index of local ability-to-pay or 50 percent. Participating school divisions must certify that no tuition is assessed students for participation in this program if they are enrolled in a public school.

c. It shall be the policy of the Commonwealth that state general fund appropriations not be used for capital outlay, structural improvements, renovations, or fixed equipment costs associated with initiation of existing or proposed Governor's schools. State general fund appropriations may be used for the purchase of instructional equipment for such schools, subject to certification by the Superintendent of Public Instruction that at least an equal amount of funds has been committed by participating school divisions to such purchases.

d. The Board of Education shall not take any action that would increase the state's share of costs associated with the Governor's Schools as set forth in this Item. This provision shall not prohibit the Department of Education from submitting requests for the increased costs of existing programs resulting from updates to student enrollment for school divisions currently participating in existing programs or for school divisions that begin participation in existing programs.

e.1) Regular school year Governor's Schools are funded through this Item based on the state's share of the incremental per pupil cost for providing such programs for each student attending a Governor's School up to a cap of 1,500 students per Governor's School the first year and a cap of 1,600 students per Governor's School beginning with fiscal year 2010. This incremental per pupil payment shall be adjusted for the composite index of the school division that counts such students attending an academic year Governor's School in their March 31 Average Daily Membership. It is the intent of the General Assembly that this incremental per pupil amount be in addition to the basic aid per pupil funding provided to the affected school division for such students. Therefore, local school divisions are encouraged to provide the appropriate portion of the basic aid per pupil funding to the Governor's Schools for students attending these programs, adjusted for costs incurred by the school division for transportation, administration, and any portion of the day that the student does not attend a Governor's School.

2) Students attending a revolving Academic Year Governor's School program for only one semester shall be counted as 0.50 of a full-time equivalent student and will be funded for only fifty percent of the full-year funded per pupil amount. Funding for students attending a revolving Academic Year program will be adjusted based upon actual September 30th and January 30th enrollment each fiscal year. For purposes of this Item, revolving programs shall mean Academic Year Governor's School programs that admit students on a semester basis.

3) Students attending a continuous, non-revolving Academic Year Governor's School program shall be counted as a full-time equivalent student and will be funded for the full-year funded per pupil amount. Funding for students attending a continuous, non-revolving Academic Year Governor's School program will be adjusted based upon actual September 30th student enrollment each fiscal year. For purposes of this Item, continuous, non-revolving programs shall mean Academic Year Governor's School programs that only admit students at the beginning of the school year. Fairfax County Public Schools shall not reduce local per pupil funding for the Thomas Jefferson Governor's School below the amounts appropriated for the 2003-2004 school year.

31. School Nutrition Payments

It is provided that, subject to implementation by the Superintendent of Public Instruction, no disbursement shall be made out of the appropriation for school nutrition to any locality in which the schools permit the sale of competitive foods in food service facilities or areas during the time of service of food funded pursuant to this Item.

32. School Breakfast Payments

1. Out of this appropriation, \$1,755,486 the first year *from the Lottery Proceeds Fund* and ~~\$2,085,617~~ \$2,054,253 the second year ~~from the Lottery Proceeds Fund~~ *from the general fund* is included for the purpose of establishing a state funded incentive program to maximize federal school nutrition revenues and increase student participation in the school breakfast program. These funds are available to any school division as a reimbursement for breakfast meals served that are in excess of the baseline established by the Department of Education. The per meal reimbursement shall be \$0.20; however, the department is authorized to reduce this amount proportionately in the event that the actual number of meals to be reimbursed exceeds the number on which this appropriation is based so that this appropriation is not exceeded.

2. In order to receive these funds, school divisions must certify that these funds will be used to supplement existing funds provided by the local governing body and that local funds derived from sources that are not generated by the school nutrition programs have not been reduced or eliminated. The funds shall be used to improve student participation in the school breakfast program. These efforts may include, but are not limited to, reducing the per meal price paid by students, reducing competitive food sales in order to improve the quality of nutritional offerings in schools, increasing access to the school breakfast program, or providing programs to increase parent and student knowledge of good nutritional practices. In no event shall these funds be used to reduce local tax revenues below the level appropriated to school nutrition programs in the prior year. Further, these funds must be provided to the school nutrition programs and may not be used for any other school purpose.

33. Clinical Faculty and Mentor Teacher Program Payments

This appropriation includes \$1,000,000 the first year and \$1,000,000 the second year from the Lottery Proceeds Fund to be paid to local school divisions for statewide Clinical Faculty and Mentor Teacher Programs to assist pre-service teachers and beginning teachers to make a successful transition into full-time teaching. This appropriation also includes \$375,000 the first year and ~~\$375,000~~ \$337,500 the second year from the general fund for Clinical Faculty programs to assist pre-service teachers and beginning teachers to make a successful transition into full-time teaching. Such programs shall include elements which are consistent with the following:

- a. An application process for localities and school/higher education partnerships that wish to participate in the programs;
- b. Provisions for a local funding or institutional commitment of 50 percent, to match state grants of 50 percent;
- c. Program plans which include a description of the criteria for selection of clinical faculty and mentor teachers, training, support, and compensation for clinical faculty and mentor teachers, collaboration between the school division and institutions of higher education, the clinical faculty and mentor teacher assignment process, and a process for evaluation of the programs;
- d. The Department of Education shall allow flexibility to local school divisions and higher education institutions regarding compensation for clinical faculty and mentor teachers consistent with these elements of the programs; and
- e. It is the intent of the General Assembly that no preference between pre-service or beginning teacher programs be construed by the language in this Item. School divisions operating beginning teacher mentor programs shall receive equal consideration for funding.

34. Career Switcher/Alternative Licensure Payments

Appropriations in this Item include \$329,392 the first year and ~~\$329,392~~ \$296,453 the second year from the general

fund to provide grants to school divisions that employ mentor teachers for new teachers entering the profession through the alternative route to licensure as prescribed by the Board of Education.
