Item 4-9.02

§ 4-9.02 ASSESSMENT OF INSTITUTIONAL PERFORMANCE

Consistent with § 23-9.6:1.01, Code of Virginia, the following education-related and financial and administrative management measures shall be the basis on which the State Council of Higher Education shall annually assess and certify institutional performance. Such certification shall be completed and forwarded in writing to the Governor and the General Assembly no later than June 1 of each year. Institutional performance on measures set forth in paragraph D of this section shall be evaluated year-to-date by the Secretaries of Finance, Administration, and Technology as appropriate, and communicated to the State Council of Higher Education before June 1 of each year. Financial benefits provided to each institution in accordance with § 2.2-5005 will be evaluated in light of that institution's performance.

In general, institutions are expected to achieve their agreed upon targets and standards on all performance measures in order to be certified by SCHEV. However, the State Council, in working with each institution, shall establish a threshold of permitted variance from targets for each education-related measure, as appropriate. The Council shall review and, if in agreement, approve institutional targets and thresholds.

Further, the State Council shall have broad authority to certify institutions as having met the standards on education-related measures. The State Council shall likewise have the authority to exempt institutions from certification on education-related measures that the State Council deems unrelated to an institution's mission or unnecessary given the institution's level of performance.

The State Council may develop, adopt, and publish standards for granting exemptions and ongoing modifications to the certification process.
