Authority: Title 32.1, Chapters 9 and 10, Code of Virginia; P.L. 89-97, as amended, Title XIX, Social Security Act, Federal Code.

A. Out of this appropriation, \$131,564,490 the first year and \$131,564,490 the second year from the general fund and \$131,564,490 the first year and \$131,564,490 the second year from the federal trust fund is provided for reimbursement to the institutions within the Department of Behavioral Health and Developmental Services.

B.1. Included in this appropriation is \$64,089,697 the first year and \$65,168,636 the second year from the general fund and \$86,004,871 the first year and \$92,799,256 the second year from nongeneral funds to reimburse the Virginia Commonwealth University Health System for indigent health care costs. This funding is composed of disproportionate share hospital (DSH) payments, indirect medical education (IME) payments, and any Medicaid profits realized by the Health System. Payments made from the federal DSH fund shall be made in accordance with 42 USC 1396r-4.

2. Included in this appropriation is \$32,092,758 the first year and \$31,140,952 the second year from the general fund and \$49,156,087 the first year and \$52,769,918 the second year from nongeneral funds to reimburse the University of Virginia Health System for indigent health care costs. This funding is comprised of disproportionate share hospital (DSH) payments, indirect medical education (IME) payments, and any Medicaid profits realized by the Health System. Payments made from the federal DSH fund shall be made in accordance with 42 USC 1396r-4.

3. The general fund amounts for the state teaching hospitals have been reduced to mirror the general fund impact

of no inflation for inpatient services, including DSH, GME and IME, for private hospitals plus an additional reduction for indigent care. However, the nongeneral funds are appropriated. In order to receive the nongeneral funds in excess of the amount of the general fund appropriated, the health systems shall certify the public expenditures.

C.1. The estimated revenue for the Virginia Health Care Fund is \$274,909,770 the first year and \$296,501,853 the second year, to be used pursuant to the uses stated in § 32.1-367, Code of Virginia.

2. Notwithstanding § 32.1-366, Code of Virginia, the State Comptroller shall deposit 41.5 percent of the Commonwealth's allocation of the Master Settlement Agreement with tobacco product manufacturers, as defined in § 3.2-3100, Code of Virginia, to the Virginia Health Care Fund.

3. Notwithstanding any other provision of law, the State Comptroller shall deposit 50 percent of the Commonwealth's allocation of the Strategic Contribution Fund payment pursuant to the Master Settlement Agreement with tobacco product manufacturers into the Virginia Health Care Fund.

D. If any part, section, subsection, paragraph, clause, or phrase of this Item or the application thereof is declared by the United States Department of Health and Human Services or the Centers for Medicare and Medicaid Services to be in conflict with a federal law or regulation, such decisions shall not affect the validity of the remaining portions of this Item, which shall remain in force as if this Item had passed without the conflicting part, section, subsection, paragraph, clause, or phrase. Further, if the United States Department of Health and Human Services or the Centers for Medicare and Medicaid Services determines that the process for accomplishing the intent of a part, section, subsection, paragraph, clause, or phrase of this Item is out of compliance or in conflict with federal law and regulation and recommends another method of accomplishing the same intent, the Director, Department of Medical Assistance Services, after consultation with the Attorney General, is authorized to pursue the alternative method.

E.1. The Director, Department of Medical Assistance Services shall seek the necessary waivers from the United States Department of Health and Human Services to authorize the Commonwealth to cover health care services and delivery systems, as may be permitted by Title XIX of the Social Security Act, which may provide less expensive alternatives to the State Plan for Medical Assistance.

2. The director shall promulgate such regulations as may be necessary to implement those programs which may be permitted by Titles XIX and XXI of the Social Security Act, in conformance with all requirements of the Administrative Process Act.

F. It is the intent of the General Assembly to develop and cause to be developed appropriate, fiscally responsible methods for addressing the issues related to the cost and funding of long-term care. It is the further intent of the General Assembly to promote home-based and community-based care for individuals who are determined to be in need of nursing facility care.

G. To the extent that appropriations in this Item are insufficient, the Department of Planning and Budget shall transfer general fund appropriation from Item 306 and 309, if available, to be used as state match for federal Title IX funds.

H. It is the intent of the General Assembly that the medically needy income limits for the Medicaid program are adjusted annually to account for changes in the Consumer Price Index.

I. It is the intent of the General Assembly that the use of the new atypical medications to treat seriously mentally ill Medicaid recipients should be supported by the formularies used to reimburse claims under the Medicaid fee-for-service and managed care plans.

J. The Department of Medical Assistance Services shall establish a program to more effectively manage those Medicaid recipients who receive the highest cost care. To implement the program, the department shall establish uniform criteria for the program, including criteria for the high cost recipients, providers and reimbursement, service limits, assessment and authorization limits, utilization review, quality assessment, appeals and other such criteria as may be deemed necessary to define the program. The department shall seek any necessary approval from the Centers for Medicare and Medicaid Services, and shall promulgate such regulations as may be deemed necessary to implement this program.

K. The Department of Medical Assistance Services and the Virginia Department of Health shall work with representatives of the dental community: to expand the availability and delivery of dental services to pediatric Medicaid recipients; to streamline the administrative processes; and to remove impediments to the efficient delivery of dental services and reimbursement thereof. The Department of Medical Assistance Services shall report its efforts to expand dental services to the Chairmen of the House Appropriations and Senate Finance Committees and the Department of Planning and Budget by December 15 each year.

L. The Department of Medical Assistance Services shall not require dentists who agree to participate in the delivery of Medicaid pediatric dental care services, or services provided to enrollees in the Family Access to Medical Insurance Security (FAMIS) Plan or any variation of FAMIS, to also deliver services to subscribers enrolled in commercial plans of the managed care vendor, unless the dentist is a willing participant in the commercial managed care plan.

M. The Department of Medical Assistance Services shall implement continued enhancements to the drug utilization review (DUR) program. The department shall continue the Pharmacy Liaison Committee and the DUR Board. The department shall continue to work with the Pharmacy Liaison Committee to implement initiatives for the promotion of cost-effective services delivery as may be appropriate. The department shall report on the Pharmacy Liaison Committee's and the DUR Board's activities to the Board of Medical Assistance Services and to the Chairmen of the House Appropriations and Senate Finance Committees and the Department of Planning and Budget no later than December 15 each year of the biennium.

N.1. The Department of Medical Assistance Services shall have the authority to seek federal approval of changes to its MEDALLION waiver and its Medallion II waiver.

2. In order to conform the state regulations to the federally approved changes and to implement the provisions of this act, the department shall promulgate emergency regulations to become effective within 280 days or less from the enactment of this act. The department shall implement these necessary regulatory changes to be consistent with federal approval of the waiver changes.

O. The Department of Medical Assistance Services shall have the authority to seek federal approval of changes to its managed care waiver to limit the Primary Case Management program to localities of the state with only one participating managed care organization. The department shall have the authority to promulgate emergency regulations to implement this amendment within 280 days or less from the enactment of this act.

P.1. The Department of Medical Assistance Services shall develop and pursue cost saving strategies internally and with the cooperation of the Department of Social Services, Virginia Department of Health, Office of the Attorney General, Comprehensive Services Act program, Department of Education, Department of Juvenile Justice, Department of Behavioral Health and Developmental Services, Virginia Department for the Aging, Department of the Treasury, University of Virginia Health System, Virginia Commonwealth University Health System Authority, Department of Corrections, federally qualified health centers, local health departments, local school divisions, community service boards, local hospitals, and local governments, that focus on optimizing Medicaid claims and cost recoveries. Any revenues generated through these activities shall be transferred to the Virginia Health Care Fund to be used for the purposes specified in this Item.

2. The Department of Medical Assistance Services shall retain the savings necessary to reimburse a vendor for its efforts to implement paragraph M.1. of this Item. However, prior to reimbursement, the department shall identify for the Secretary of Health and Human Resources each of the vendor's revenue maximization efforts and the manner in which each vendor would be reimbursed. No reimbursement shall be made to the vendor without the prior approval of the above plan by the Secretary.

Q. The Department of Medical Assistance Services shall have the authority to pay contingency fee contractors, engaged in cost recovery activities, from the recoveries that are generated by those activities. All recoveries from these contractors shall be deposited to a special fund. After payment of the contingency fee any prior year recoveries shall be transferred to the Virginia Health Care Fund. Beginning November 1, 2011, and each year thereafter, the Director, Department of Medical Assistance Services shall report to the Chairmen of the House Appropriations and Senate Finance Committees the increase in recoveries associated with this program as well as the areas of audit targeted by contractors.

R. The Department of Medical Assistance Services in cooperation with the State Executive Council, shall provide semi-annual training to local Comprehensive Services Act teams on the procedures for use of Medicaid for residential treatment and treatment foster care services, including, but not limited to, procedures for determining eligibility, billing, reimbursement, and related reporting requirements. The department shall include in this training information on the proper utilization of inpatient and outpatient mental health services as covered by the Medicaid State Plan.

S.1. Notwithstanding § [32.1-331.12](#) et seq., Code of Virginia, the Department of Medical Assistance Services, in consultation with the Department of Behavioral Health and Developmental Services, shall amend the State Plan for Medical Assistance Services to modify the delivery system of pharmaceutical products to include a Preferred Drug List. In developing the modifications, the department shall consider input from physicians, pharmacists, pharmaceutical manufacturers, patient advocates, and others, as appropriate.

2.a. The department shall utilize a Pharmacy and Therapeutics Committee to assist in the development and ongoing administration of the Preferred Drug List program. The Pharmacy and Therapeutics Committee shall be composed of 8 to 12 members, including the Commissioner, Department of Behavioral Health and Developmental Services, or his designee. Other members shall be selected or approved by the department. The membership shall include a ratio of physicians to pharmacists of 2:1 and the department shall ensure that at least one-half of the physicians and pharmacists are either direct providers or are employed with organizations that serve recipients for all segments of the Medicaid population. Physicians on the committee shall be licensed in Virginia, one of whom shall be a psychiatrist, and one of whom specializes in care for the aging. Pharmacists on the committee shall be licensed in Virginia, one of whom shall have clinical expertise in mental health drugs, and one of whom has clinical expertise in community-based mental health treatment. The Pharmacy and Therapeutics Committee shall recommend to the department (i) which therapeutic classes of drugs should be subject to the Preferred Drug List program and prior authorization requirements; (ii) specific drugs within each therapeutic class to be included on the preferred drug list; (iii) appropriate exclusions for medications, including atypical anti-psychotics, used for the treatment of serious mental illnesses such as bi-polar disorders, schizophrenia, and depression; (iv) appropriate exclusions for medications used for the treatment of brain disorders, cancer and HIV-related conditions; (v) appropriate exclusions for therapeutic classes in which there is only one drug in the therapeutic class or there is very low utilization, or for which it is not cost-effective to include in the Preferred Drug List program; and (vi) appropriate grandfather clauses when prior authorization would interfere with established complex drug regimens that have proven to be clinically effective. In developing and maintaining the preferred drug list, the cost effectiveness of any given drug shall be considered only after it is determined to be safe and clinically effective.

b. The Pharmacy and Therapeutics Committee shall schedule meetings at least semi-annually and may meet at other times at the discretion of the chairperson and members. At the meetings, the Pharmacy and Therapeutics committee shall review any drug in a class subject to the Preferred Drug List that is newly approved by the Federal Food and Drug Administration, provided there is at least thirty (30) days notice of such approval prior to the date

of the quarterly meeting.

3. The department shall establish a process for acting on the recommendations made by the Pharmacy and Therapeutics Committee, including documentation of any decisions which deviate from the recommendations of the committee.

4. The Preferred Drug List program shall include provisions for (i) the dispensing of a 72-hour emergency supply of the prescribed drug when requested by a physician and a dispensing fee to be paid to the pharmacy for such supply; (ii) prior authorization decisions to be made within 24 hours and timely notification of the recipient and/or the prescribing physician of any delays or negative decisions; (iii) an expedited review process of denials by the department; and (iv) consumer and provider education, training and information regarding the Preferred Drug List prior to implementation, and ongoing communications to include computer access to information and multilingual material.

5. The Preferred Drug List program shall generate savings as determined by the department that are net of any administrative expenses to implement and administer the program.

6. Notwithstanding § 32.1-331.12 et seq., Code of Virginia, to implement these changes, the Department of Medical Assistance Services shall promulgate emergency regulations to become effective within 280 days or less from the enactment of this act. With respect to such state plan amendments and regulations, the provisions of § 32.1-331.12 et seq., Code of Virginia, shall not apply. In addition, the department shall work with the Department of Behavioral Health and Development Services to consider utilizing a Preferred Drug List program for its non-Medicaid clients.

7. The Department of Medical Assistance Services shall (i) continually review utilization of behavioral health medications under the State Medicaid Program for Medicaid recipients; and (ii) ensure appropriate use of these medications according to federal Food and Drug Administration (FDA) approved indications and dosage levels. The department may also require retrospective clinical justification according to FDA approved indications and dosage levels for the use of multiple behavioral health drugs for a Medicaid patient. For individuals 18 years of age and younger who are prescribed three or more behavioral health drugs, the department may implement clinical edits that target inefficient, ineffective, or potentially harmful prescribing patterns in accordance with FDA-approved indications and dosage levels.

8. The Department of Medical Assistance Services shall ensure that in the process of developing the Preferred Drug List, the Pharmacy and Therapeutics Committee considers the value of including those prescription medications which improve drug regimen compliance, reduce medication errors, or decrease medication abuse through the use of medication delivery systems that include, but are not limited to, transdermal and injectable delivery systems.

T.1. The Department of Medical Assistance Services may amend the State Plan for Medical Assistance Services to modify the delivery system of pharmaceutical products to include a specialty drug program. In developing the modifications, the department shall consider input from physicians, pharmacists, pharmaceutical manufacturers, patient advocates, the Pharmacy Liaison Committee, and others as appropriate.

2. In developing the specialty drug program to implement appropriate care management and control drug expenditures, the department shall contract with a vendor who will develop a methodology for the reimbursement and utilization through appropriate case management of specialty drugs and distribute the list of specialty drug rates, authorized drugs and utilization guidelines to medical and pharmacy providers in a timely manner prior to the implementation of the specialty drug program and publish the same on the department's website.

3. In the event that the Department of Medical Assistance Services contracts with a vendor, the department shall establish the fee paid to any such contractor based on the reasonable cost of services provided. The department may not offer or pay directly or indirectly any material inducement, bonus, or other financial incentive to a

program contractor based on the denial or administrative delay of medically appropriate prescription drug therapy, or on the decreased use of a particular drug or class of drugs, or a reduction in the proportion of beneficiaries who receive prescription drug therapy under the Medicaid program. Bonuses cannot be based on the percentage of cost savings generated under the benefit management of services.

4. The department shall: (i) review, update and publish the list of authorized specialty drugs, utilization guidelines, and rates at least quarterly; (ii) implement and maintain a procedure to revise the list or modify specialty drug program utilization guidelines and rates, consistent with changes in the marketplace; and (iii) provide an administrative appeals procedure to allow dispensing or prescribing provider to contest the listed specialty drugs and rates.

5. The department shall report on savings and quality improvements achieved through the implementation measures for the specialty drug program to the Chairmen of the House Appropriations and Senate Finance Committees, the Joint Commission on Health Care, and the Department of Planning and Budget by November 1 of each year.

6. The department shall have authority to enact emergency regulations under § 2.2-4011 of the Administrative Process Act to effect these provisions.

U.1. The Department of Medical Assistance Services shall reimburse school divisions who sign an agreement to provide administrative support to the Medicaid program and who provide documentation of administrative expenses related to the Medicaid program 50 percent of the Federal Financial Participation by the department.

2. The Department of Medical Assistance Services shall retain five percent of the Federal Financial Participation for reimbursement to school divisions for medical and transportation services.

V. In the event that the Department of Medical Assistance Services decides to contract for pharmaceutical benefit management services to administer, develop, manage, or implement Medicaid pharmacy benefits, the department shall establish the fee paid to any such contractor based on the reasonable cost of services provided. The department may not offer or pay directly or indirectly any material inducement, bonus, or other financial incentive to a program contractor based on the denial or administrative delay of medically appropriate prescription drug therapy, or on the decreased use of a particular drug or class of drugs, or a reduction in the proportion of beneficiaries who receive prescription drug therapy under the Medicaid program. Bonuses cannot be based on the percentage of cost savings generated under the benefit management of services.

W. The Department of Medical Assistance Services, in cooperation with the Department of Social Services' Division of Child Support Enforcement (DSCE), shall identify and report third party coverage where a medical support order has required a custodial or noncustodial parent to enroll a child in a health insurance plan. The Department of Medical Assistance Services shall also report to the DCSE third party information that has been identified through their third party identification processes for children handled by DCSE.

X.1. Within the limits of this appropriation, the Department of Medical Assistance Services shall work with its contracted managed care organizations and fee-for-service health care providers to: (i) raise awareness among the providers who serve the Medicaid population about the health risks of chronic kidney disease; (ii) establish effective means of identifying patients with this condition; and (iii) develop strategies for improving the health status of these patients. The department shall work with the National Kidney Foundation to prepare and disseminate information for physicians and other health care providers regarding generally accepted standards of clinical care and the benefits of early identification of individuals at highest risk of chronic kidney disease.

2. The department shall request any clinical laboratory performing a serum creatinine test on a Medicaid recipient over the age of 18 years to calculate and report to the physician the estimated glomerular filtration rate (eGFR) of the patient and shall report it as a percent of kidney function remaining.

Y.1. Notwithstanding the provisions of § 32.1-325.1:1, Code of Virginia, upon identifying that an overpayment for medical assistance services has been made to a provider, the Director, Department of Medical Assistance Services shall notify the provider of the amount of the overpayment. Such notification of overpayment shall be issued within the earlier of (i) four years after payment of the claim or other payment request, or (ii) four years after filing by the provider of the complete cost report as defined in the Department of Medical Assistance Services' regulations, or (iii) 15 months after filing by the provider of the final complete cost report as defined in the Department of Medical Assistance Services' regulations subsequent to sale of the facility or termination of the provider.

2. Notwithstanding the provisions of § 32.1-325.1, Code of Virginia, the director shall issue an informal fact-finding conference decision concerning provider reimbursement in accordance with the State Plan for Medical Assistance, the provisions of § 2.2-4019, Code of Virginia, and applicable federal law. The informal fact-finding conference decision shall be issued within 180 days of the receipt of the appeal request. If the agency does not render an informal fact-finding conference decision within 180 days of the receipt of the appeal request, the decision is deemed to be in favor of the provider. An appeal of the director's informal fact-finding conference decision concerning provider reimbursement shall be heard in accordance with § 2.2-4020 of the Administrative Process Act (§ 2.2-4020 et seq.) and the State Plan for Medical Assistance provided for in § 32.1-325, Code of Virginia. Once a final agency case decision has been made, the director shall undertake full recovery of such overpayment whether or not the provider disputes, in whole or in part, the informal fact-finding conference decision or the final agency case decision. Interest charges on the unpaid balance of any overpayment shall accrue pursuant to § 32.1-313, Code of Virginia, from the date the Director's agency case decision becomes final.

Z. Any hospital that was designated a Medicare-dependent small rural hospital, as defined in 42 U.S.C. §1395ww (d) (5) (G) (iv) prior to October 1, 2004, shall be designated a rural hospital pursuant to 42 U.S.C. §1395ww (d) (8) (ii) (II) on or after September 30, 2004.

AA. The Department of Medical Assistance Services shall implement one or more Program for All Inclusive Care for the Elderly (PACE) programs.

BB. The Department of Medical Assistance Services shall amend its State Plan for Medical Assistance Services to develop and implement a regional model for the integration of acute and long-term care services. This model would be offered to elderly and disabled clients on a mandatory basis. The department shall promulgate emergency regulations to implement this amendment within 280 days or less from the enactment of this act.

CC.1. Contingent upon approval by the Centers for Medicare and Medicaid Services as part of the Money Follows the Person demonstration grant, the Department of Medical Assistance Services shall seek federal approval for necessary changes to home and community-based 1915(c) waivers to allow individuals transitioning from institutions to receive care in the community. The Department of Medical Assistance Services shall promulgate any necessary emergency regulations within 280 days or less from the enactment date of this act.

2. The Department of Medical Assistance Services shall amend the Individual and Family Developmental Disabilities Support (DD) Waiver to add up to 30 new slots (up to 15 each fiscal year) and the Intellectual Disabilities (ID) Waiver to add up to 220 new slots (up to 110 each fiscal year) which will be reserved for individuals transitioning out of institutional settings through the Money Follows the Person Demonstration. The Department of Medical Assistance Services shall seek federal approval for necessary changes to the DD and ID waiver applications to add the additional slots.

DD. The Department of Medical Assistance Services shall have the authority to implement prior authorization and utilization review for community-based mental health services for children and adults. The department shall have the authority to promulgate emergency regulations to implement this amendment within 280 days or less from the enactment of this act.

EE. The Department of Medical Assistance Services shall delay the last quarterly payment of certain quarterly amounts paid to hospitals, from the end of each state fiscal year to the first quarter of the following year. Quarterly payments that shall be delayed from each June to each July shall be Disproportionate Share Hospital payments, Indirect Medical Education payments, and Direct Medical Education payments. The department shall have the authority to implement this reimbursement change effective upon passage of this act, and prior to the completion of any regulatory process undertaken in order to effect such change.

FF. The Department of Medical Assistance Services shall make the monthly capitation payment to managed care organizations for the member months of each month in the first week of the subsequent month. The department shall have the authority to implement this reimbursement schedule change effective upon passage of this act, and prior to the completion of any regulatory process undertaken in order to effect such change.

GG. In every June the remittance that would normally be paid to providers on the last remittance date of the state fiscal year shall be delayed one week longer than is normally the practice. This change shall apply to the remittances of Medicaid and FAMIS providers. This change does not apply to providers who are paid a per-month capitation payment. The department shall have the authority to implement this reimbursement change effective upon passage of this act, and prior to the completion of any regulatory process undertaken in order to effect such change.

HH. Upon approval by the Centers for Medicare and Medicaid Services of the application for renewal of the Intellectual Disabilities Waiver, expeditious implementation of any revisions shall be deemed an emergency situation pursuant to § 2.2-4002 of the Administrative Process Act. Therefore, to meet this emergency situation, the Department of Medical Assistance Services shall promulgate emergency regulations to implement the provisions of this act.

II. The Department of Medical Assistance Services shall provide information to personal care agency providers regarding the options available to meet staffing requirements for personal care aides including the completion of provider-offered training or DMAS Personal Care Aide Training Curriculum.

JJ. The Department of Medical Assistance Services, in consultation with the Department of Behavioral Health and Developmental Services, shall amend the State Plan for Medical Assistance Services in order to comply with the payor of last resort requirements of Part C of the Individuals with Disabilities Education Act (IDEA) of 2004. The Department of Medical Assistance Services shall promulgate regulations to become effective within 280 days or less from the enactment date of this act. The department shall implement these necessary regulatory changes to be consistent with federal requirements for the Part C program.

KK. The Department of Medical Assistance Services shall impose an assessment equal to 5.5 percent of revenue on all ICF-MR providers. The department shall determine procedures for collecting the assessment, including penalties for non-compliance. The department shall have the authority to adjust interim rates to cover new Medicaid costs as a result of this assessment.

LL. The Department of Medical Assistance Services shall make programmatic changes in the provision of Intensive In-Home services and Community Mental Health services in order ensure appropriate utilization and cost efficiency. The department shall consider all available options including, but not limited to, prior authorization, utilization review and provider qualifications. The Department of Medical Assistance Services shall promulgate regulations to implement these changes within 280 days or less from the enactment date of this act.

MM. Notwithstanding Chapters 228 and 303 of the 2009 Virginia Acts of Assembly and § 32.1-323.2 of the Code of Virginia, the Department of Medical Assistance Services shall not add any slots to the Intellectual Disabilities Medicaid Waiver or the Individual and Family Developmental Disabilities and Support Medicaid Waiver other than those slots authorized to specifically to support the Money Follows the Person Demonstration, individuals who are

exiting state institutions, any slots authorized under Chapters 724 and 729 of the 2011 Virginia Acts of Assembly or § 37.2-319, Code of Virginia, or authorized elsewhere in this act.

NN. The Department of Medical Assistance Services shall not adjust rates or the rate ceiling of residential psychiatric facilities for inflation.

OO.1. Effective July 1, 2010, the Department of Medical Assistance Services (DMAS) shall amend the State Plan for Medical Assistance to modify reimbursement for Durable Medical Equipment (DME) to:

- a. Reduce reimbursement for DME that has a Durable Medical Equipment Regional Carrier (DMERC) rate from 100 percent of Medicare reimbursement level to 90 percent of the Medicare level.
- b. Reduce fee schedule rates for DME and supplies by category-specific amounts as recommended in the November 1, 2009, Report on Durable Medical Equipment Reimbursement to the Senate Finance and House Appropriations Committees. The Department of Medical Assistance Services shall also modify the pricing of incontinence supplies from case to item, which is the industry standard.
- c. Establish rates for additional procedure codes where benchmark rates are available.
- d. Reimburse at cost plus 30 percent for any item not on the fee schedule. Cost shall be no more than the net manufacturer's charge to the provider, less shipping and handling.
- e. Determine alternate pricing for any code that does not have a rate.
- f. Limit service day reimbursement to intravenous and oxygen therapy equipment.

2. The department shall promulgate regulations to implement this amendment within 280 days or less from the enactment of this act. The department shall implement these reimbursement changes prior to the completion of the regulatory process.

PP. The Department of Medical Assistance Services shall have the authority to modify reimbursement for Durable Medical Equipment for incontinence supplies based on competitive bidding subject to approval by the Centers for Medicare and Medicaid Services (CMS). The department shall have the authority to promulgate regulations to become effective within 280 days or less from the enactment of this act.

QQ. The Department of Medical Assistance Services shall work with the Department of Behavioral Health and Developmental Services and the Virginia Association of Community Services Boards to establish rates for the Intensive In-Home Service based on quality indicators and standards, such as the use of evidence-based practices.

RR. The Department of Medical Assistance Services shall seek federal authority through the necessary waiver(s) and/or State Plan authorization under Titles XIX and XXI of the Social Security Act to expand principles of care coordination to all geographic areas, populations, and services under programs administered by the department. The expansion of care coordination shall be based on the principles of shared financial risk such as shared savings, performance benchmarks or risk and improving the value of care delivered by measuring outcomes, enhancing quality, and monitoring expenditures. The department shall engage stakeholders, including beneficiaries, advocates, providers, and health plans, during the development and implementation of the care coordination projects. Implementation shall include specific requirements for data collection to ensure the ability to monitor utilization, quality of care, outcomes, costs, and cost savings. The department shall report by November 1 of each year to the Governor and the Chairmen of the House Appropriations and Senate Finance Committees detailing implementation progress including, but not limited to, the number of individuals enrolled in care coordination, the geographic areas, populations and services affected and cost savings achieved. Unless otherwise delineated, the department shall have authority to implement necessary changes upon federal approval and prior to the

completion of any regulatory process undertaken in order to effect such change. The intent of this Item may be achieved through several steps, including, but not limited to, the following:

- a. In fulfillment of this Item, the department may seek any necessary federal authority through amendment to the State Plans under Title XIX and XXI of the Social Security Act, and appropriate waivers to such, to expand the current managed care program, Medallion II, to the Roanoke/Alleghany area by January 1, 2012, and far Southwest Virginia by July 1, 2012. The department shall have authority to promulgate emergency regulations to implement this amendment within 280 days or less from the enactment of this act.
- b. In fulfillment of this Item, the department may seek federal authority through amendments to the State Plans under Title XIX and XXI of the Social Security Act, and appropriate waivers to such, to allow, on a pilot basis, foster care children, under the custody of the City of Richmond Department of Social Services, to be enrolled in Medicaid managed care (Medallion II) effective July 1, 2011. The department shall have the authority to promulgate emergency regulations to implement this amendment within 280 days or less from the enactment date of this act.
- c. In fulfillment of this item, the department may seek federal authority to implement a care coordination program for Elderly or Disabled with Consumer Direction (EDCD) waiver participants effective October 1, 2011. This service would be provided to adult EDCD waiver participants on a mandatory basis. The department shall have authority to promulgate emergency regulations to implement this amendment within 280 days or less from the enactment of this act.
- d. In fulfillment of this item, the department may seek federal authority through amendments to the State Plan under Title XIX of the Social Security Act, and any necessary waivers, to allow individuals enrolled in Home and Community Based Care (HCBC) waivers to also be enrolled in contracted Medallion II managed care organizations for the purposes of receiving acute and medical care services. The department shall have authority to promulgate emergency regulations to implement this amendment within 280 days or less from the enactment of this act.
- e. In fulfillment of this item, the department and the Department of Behavioral Health and Developmental Services, in collaboration with the Community Services Boards and in consultation with appropriate stakeholders, shall develop a blueprint for the development and implementation of a care coordination model for individuals in need of behavioral health services not currently provided through a managed care organization. The overall goal of the project is to improve the value of behavioral health services purchased by the Commonwealth of Virginia without compromising access to behavioral health services for vulnerable populations. Targeted case management services will continue to be the responsibility of the Community Services Boards. The blueprint shall: (i) describe the steps for development and implementation of the program model(s) including funding, populations served, services provided, timeframe for program implementation, and education of clients and providers; (ii) set the criteria for medical necessity for community mental health rehabilitation services; and (iii) include the following principles:
  1. Improves value so that there is better access to care while improving equity.
  2. Engages consumers as informed and responsible partners from enrollment to care delivery.
  3. Provides consumer protections with respect to choice of providers and plans of care.
  4. Improves satisfaction among providers and provides technical assistance and incentives for quality improvement.
  5. Improves satisfaction among consumers by including consumer representatives on provider panels for the development of policy and planning decisions.
  6. Improves quality, individual safety, health outcomes, and efficiency.

7. Develops direct linkages between medical and behavioral services in order to make it easier for consumers to obtain timely access to care and services, which could include up to full integration.
  8. Builds upon current best practices in the delivery of behavioral health services.
  9. Accounts for local circumstances and reflects familiarity with the community where services are provided.
  10. Develops service capacity and a payment system that reduces the need for involuntary commitments and prevents default (or diversion) to state hospitals.
  11. Reduces and improves the interface of vulnerable populations with local law enforcement, courts, jails, and detention centers.
  12. Supports the responsibilities defined in the Code of Virginia relating to Community Services Boards and Behavioral Health Authorities.
  13. Promotes availability of access to vital supports such as housing and supported employment.
  14. Achieves cost savings through decreasing avoidable episodes of care and hospitalizations, strengthening the discharge planning process, improving adherence to medication regimens, and utilizing community alternatives to hospitalizations and institutionalization.
  15. Simplifies the administration of acute psychiatric, community mental health rehabilitation, and medical health services for the coordinating entity, providers, and consumers.
  16. Requires standardized data collection, outcome measures, customer satisfaction surveys, and reports to track costs, utilization of services, and outcomes. Performance data should be explicit, benchmarked, standardized, publicly available, and validated.
  17. Provides actionable data and feedback to providers.
  18. In accordance with federal and state regulations, includes provisions for effective and timely grievances and appeals for consumers.
- f. The department may seek the necessary waiver(s) and/or State Plan authorization under Titles XIX and XXI of the Social Security Act to develop and implement a care coordination model, that is consistent with the principles in Paragraph e, for individuals in need of behavioral health services not currently provided through managed care to be effective July 1, 2012. This model may be applied to individuals on a mandatory basis. The department shall have authority to promulgate emergency regulations to implement this amendment within 280 days or less from the enactment date of this act.
- g. The department may seek the necessary waiver(s) and/or State Plan authorization under Title XIX of the Social Security Act to develop and implement a care coordination model for individuals dually eligible for services under both Medicare and Medicaid. The department shall have authority to implement necessary changes upon federal approval and prior to the completion of any regulatory process undertaken in order to effect such change.
- h. In fulfillment of this item, the department may seek the federal authority through amendment to the State Plan under Title XIX of the Social Security Act, and any necessary waivers, to allow for the implementation of a Health Home Program for Chronic Kidney Disease utilizing available funding included in the Patient Protection and Affordable Care Act of 2010 to be effective May 1, 2012. The department shall have authority to implement necessary changes upon federal approval and prior to the completion of any regulatory process undertaken in order

to effect such change.

SS. The Department of Medical Assistance Services shall make programmatic changes in the provision of Residential Treatment Facility (Level C) and Levels A and B residential services (group homes) for children with serious emotional disturbances in order ensure appropriate utilization and cost efficiency. The department shall consider all available options including, but not limited to, prior authorization, utilization review and provider qualifications. The department shall have authority to promulgate regulations to implement these changes within 280 days or less from the enactment date of this act.

TT. The Department of Medical Assistance Services, in consultation with the appropriate stakeholders, shall seek federal authority to implement a pricing methodology to modify or replace the current pricing methodology for pharmaceutical products as defined in 12 VAC 30-80-40, including the dispensing fee, with an alternative methodology that is budget neutral or that creates cost savings. The department shall have the authority to promulgate emergency regulations to implement this amendment within 280 days or less from the enactment of this act.

UU. The Department of Medical Assistance Services shall make programmatic changes to the recipient utilization (Client Medical Management) program in order ensure appropriate utilization, prevent abuse, and promote improved and cost efficient medical management of essential Medicaid client health care. The department shall consider all available options including, but not limited to, utilization review, program criteria, and client enrollment. The Department of Medical Assistance Services shall promulgate regulations to implement these changes within 280 days or less from the enactment date of this act.

VV. The Department of Medical Assistance Services shall mandate that payment rates negotiated between participating Medicaid managed care organizations and out-of-network providers for emergency or otherwise authorized treatment shall be considered payment in full. In the absence of rates negotiated between the managed care organization and the out-of-network provider, these services shall be reimbursed at the Virginia Medicaid fees and/or rates and shall be considered payment in full. The department shall have the authority to promulgate emergency regulations to implement this amendment within 280 days or less from the enactment date of this act.

WW. The Department of Medical Assistance Services shall, contingent on federal approval, amend the Elderly and Disabled with Consumer Direction waiver to allow individuals in the waiver with special needs, who have a diagnosis of intellectual disability (ID), to receive respite services from a children's residential facility licensed for respite for children with ID. The department shall promulgate emergency regulations to become effective within 280 days or less from the enactment of this act. The department shall implement these changes to be consistent with federal approval of the waiver changes.

XX. The Department of Medical Assistance Services shall have the authority to amend the State Plan for Medical Assistance to convert the current cost-based reimbursement methodology for outpatient hospitals to an Enhanced Ambulatory Patient Group (EAPG) methodology. Reimbursement for laboratory services shall be included in the new outpatient hospital reimbursement methodology. The new EAPG reimbursement methodology shall be implemented in a budget-neutral manner. The department shall have the authority to promulgate regulations to become effective within 280 days or less from the enactment of this act.

YY. The Department of Medical Assistance Services shall amend certain 1915 (c) home- and community-based waivers to cap agency and consumer directed personal care at 48 hours per week. The 1915 (c) waivers shall include the Elderly or Disabled with Consumer Direction, and HIV/AIDS Waivers. The department shall provide for individual exceptions to this limit using criteria based on dependency in activities of daily living, level of care, and taking into account the risk of institutionalization if additional hours are not provided. The department shall have authority to promulgate emergency regulations to implement this amendment within 280 days or less from the enactment date of this act.

ZZ. The Department of Medical Assistance Services shall seek federal authority to move the family planning eligibility group from a demonstration waiver to the State Plan for Medical Assistance. The department shall seek approval of coverage under this new state plan option for individuals with income up to 200 percent of the federal poverty level. For the purposes of this section, family planning services shall not cover payment for abortion services and no funds shall be used to perform, assist, encourage or make direct referrals for abortions. The department shall have authority to implement necessary changes upon federal approval and prior to the completion of any regulatory process undertaken in order to effect such change.

AAA. The Department of Medical Assistance Services (DMAS) shall have the authority to amend the State Plan for Medical Assistance to enroll and reimburse freestanding birthing centers accredited by the Commission for the Accreditation of Birthing Centers. Reimbursement shall be based on the Enhanced Ambulatory Patient Group methodology applied in a manner similar to the reimbursement methodology for ambulatory surgery centers. The department shall have authority to implement necessary changes upon federal approval and prior to the completion of any regulatory process undertaken in order to effect such change.

BBB. The Department of Medical Assistance Services shall amend the State Plan for Medical Assistance to pay Medicare rates for primary care services performed by primary care physicians as mandated in §1202 of the federal Health Care and Education Reconciliation Act of 2010 ("HCERA"; P.L. 111-152). Primary care services are defined as certain evaluation and management (E&M) services and services related to immunization administration for vaccines and toxoids. Eligible physicians are defined as physicians with a primary specialty designation of family medicine, general internal medicine, or pediatric medicine. The department shall have the authority to establish procedures to determine which providers meet the criteria. The rate increase shall be effective for a two-year period with dates of service beginning January 1, 2013, through December 31, 2014. As prescribed in HCERA, the department shall claim 100 percent federal matching funds for the difference in payments between the Medicaid fee schedule effective July 1, 2009, and the Medicare rate effective January 1, 2013. HCERA also mandates that the increase be applied to Managed Care services. The department shall have authority to implement these reimbursement changes, including any requirements as a result of the federal rule implementing §1202 of HCERA, prior to the completion of any regulatory process undertaken in order to effect such change.

CCC.1. Pending an unfavorable outcome to an appeal by the Department of Medical Assistance Services in federal court regarding reimbursement for services furnished to Medicaid members in a residential treatment center or freestanding psychiatric hospital, the department shall have the authority to implement this paragraph.

2. Notwithstanding current regulations, the department shall have the authority to implement the amendment to the State Plan for Medical Assistance submitted by the department and as approved by the Centers for Medicare and Medicaid Services (CMS) effective April 1, 2010, until a new prospective reimbursement methodology is finalized. The department has the authority to recover payments, which have been disallowed by CMS, to providers for services furnished to Medicaid members in residential treatment centers or freestanding psychiatric hospitals for dates of service on or after April 1, 2010. Subject to approval of the State Plan Amendment by CMS, the department shall make supplemental payments to residential treatment centers or freestanding psychiatric hospitals so that they can reimburse providers for services furnished to Medicaid members in residential treatment centers or freestanding psychiatric hospitals for dates of service on or after April 1, 2010. The supplemental payment shall be determined based on the number of services furnished times the Medicaid rate. For claims after the effective date of this act, the department shall establish an interim rate for residential treatment centers and freestanding psychiatric facilities to cover the cost of reimbursing other providers. Providers shall submit information to DMAS on reimbursement paid to providers, which DMAS will settle.

3. The department shall develop a prospective payment methodology to be implemented as soon as practicable after the unfavorable federal court decision to reimburse residential treatment centers and freestanding psychiatric hospitals for services furnished by the facility and services furnished by other providers in and by the facility.

4. The department shall have the authority to promulgate emergency regulations to implement this amendment

within 280 days from the enactment of this act.

DDD. The Department of Medical Assistance Services may seek federal authority through amendments to the State Plans under Title XIX and XXI of the Social Security Act, and appropriate waivers to such, to allow foster care children, on a regional basis to be determined by the department, to be enrolled in Medicaid managed care (Medallion II). The department shall have the authority to promulgate emergency regulations to implement this amendment within 280 days or less from the enactment date of this act.

EEE. The Department of Medical Assistance Services shall have the authority to amend the State Plans under Title XIX and Title XXI of the Social Security Act in order to comply with the mandated provider screening provisions of the federal Affordable Care Act (P.L. 111-148 and 111-152). The department shall have authority to promulgate emergency regulations to implement this amendment within 280 days or less from the enactment of this act.

FFF. The department may seek federal authority through amendments to the State Plans under Title XIX and XXI of the Social Security Act, and appropriate waivers to such, to develop and implement programmatic and system changes that allow expedited enrollment of Medicaid eligible recipients into Medicaid managed care, most importantly for pregnant women. The department shall have the authority to promulgate emergency regulations to implement this amendment within 280 days or less from the enactment date of this act.

GGG.1. The Department of Medical Assistance Services shall amend the State Plan for Medical Assistance to eliminate inflation adjustments in FY 2013 and FY 2014 for:

- i. Inpatient hospital (including long-stay and freestanding psychiatric) operating, GME and DSH rates. The department shall make recommendations next year for hospital rebasing in FY 2014 such that total expenditures will be consistent with no inflation adjustments since FY 2010 and a partial inflation adjustment in FY 2009;
- ii. Nursing facility (including specialized care) operating ceilings and rates; in addition ceilings will not be rebased in FY 2013;
- iii. Outpatient rehabilitation agency rates; and
- iv. Home health agency rates.

2. The department shall amend the State Plan for Medical Assistance so that, when inflation adjustments have been eliminated or modified, the inflation shall not be restored in subsequent years.

3. The department shall have the authority to implement these reimbursement changes effective July 1, 2012, and prior to completion of any regulatory process undertaken in order to effect such changes.

HHH. The Department of Medical Assistance Services shall amend the Children's Mental Health demonstration program to provide coverage of transition coordinator services for up to 15 months. The department shall have authority to promulgate regulations to implement these changes within 280 days or less from the enactment date of this act.

III.1. The Department of Medical Assistance Services, related to appeals administered by and for the department, shall have authority to amend regulations to:

- i. Utilize the method of transmittal of documentation to include email, fax, courier, and electronic transmission.
- ii. Clarify that the day of delivery ends at normal business hours of 5:00 pm.
- iii. Eliminate an automatic default against the agency for deficiencies in the case summary, and implement a

process for provider objection to the case summary with a fair opportunity for the department to cure prior to default being entered.

iv. Clarify that appeals remanded to the informal appeal level via Final Agency Decision or court order shall reset the timetable under DMAS' appeals regulations to start running from the date of the remand.

v. Clarify the department's authority to administratively dismiss untimely filed appeal requests.

vi. Clarify the time requirement for commencement of the formal administrative hearing.

2. The Department of Medical Assistance Services shall have authority to promulgate regulations to implement these changes within 280 days or less from the enactment date of this act.

JJJ. The Department of Medical Assistance Services shall have the authority to amend the 1915(c) home-and-community-based Elderly or Disabled with Consumer-Direction waiver, subject to approval by the Centers for Medicare and Medicaid Services to incorporate the HIV/AIDS waiver. Pending CMS approval, the HIV/AIDS waiver will cease as of June 30, 2011. The department shall implement this change effective July 1, 2012, and prior to the completion of any regulatory process undertaken in order to effect such changes.

KKK. The Department of Medical Assistance Services shall amend the State Plan for Medical Assistance to reduce the income limit for eligibility under the 300 percent Supplemental Security Income (SSI) eligibility group to 250 percent of the SSI payment level. The department shall implement this change effective January 1, 2014, or the earliest date thereafter when it is determined that such change is in compliance with the maintenance of effort requirements of §2001 of the federal Patient Protection and Affordable Care Act (P.L. 111-148).
