A. From the appropriation for dedicated and statewide construction, the Commonwealth Transportation Board shall determine an amount each year, not less than \$15,000,000 and not to exceed \$200,000,000 from the Commonwealth Transportation Fund, which shall be allocated to localities for revenue sharing. No additional amount shall be appropriated from the proceeds of Commonwealth of Virginia Transportation Capital Projects Revenue Bonds for this program.

B. Notwithstanding § 33.1-23.1 of the Code of Virginia, the proceeds from the lease or sale of surplus and residue property purchased under this program in excess of related costs shall be applied to the system and locality where the residue property is located. This funding shall be provided as an increase to the allocations distributed to the systems and localities according to § 33.1-23.1 of the Code of Virginia.

C. The Director, Department of Planning and Budget, is authorized to increase the appropriation as needed to utilize amounts available from prior year balances in the dedicated funds.

D. Included in the amounts for dedicated and statewide construction is the reappropriation of \$4,000,000 the first year and \$29,200,000 the second year from bond proceeds or dedicated special revenues for anticipated expenditure of amounts collected in prior years. The amounts will be provided from balances in the Northern Virginia Transportation District Fund, State Route 28 Highway Improvement District Fund, U.S. Route 58 Corridor Development Fund and the Priority Transportation Fund. These amounts were originally appropriated when received or forecasted and are not related to FY 2013 and FY 2014 estimated revenues.

E. F. Prior to annual adoption of the Six Year Improvement Program, the Commonwealth Transportation Board may allocate funding from the highway portion of the Transportation Trust Fund to undertake any park and ride lot improvements for the I-95 Corridor required pursuant to the Comprehensive Agreement for the I-95 High Occupancy Toll Lanes project.
