A.1. Out of the amounts appropriated for Financial Assistance to Soil and Water Conservation Districts, \$4,487,091 the first year and ~~\$4,487,091~~ ~~\$6,387,091~~ the second year from the general fund shall be provided to soil and water conservation districts for administrative and operational support. These funds shall be distributed to the districts only in accordance with the program, financial and resource allocation policies of and upon approval by the Soil and Water Conservation Board. These amounts shall be in addition to any other funding provided to the districts for technical assistance pursuant to subsections H. and K. of this item. *Of these amounts, \$1,300,000 the second year shall be allocated in accordance with historical distribution to districts and \$300,000 for efforts associated with achieving targeted total maximum daily loads (TMDLs).*

2. The Secretary of Natural Resources shall convene a stakeholder group consisting of representatives including, but not limited to, the Secretary of Agriculture and Forestry, the Department of Agriculture and Consumer Services, the Department of Conservation and Recreation, the soil and water conservation districts, the Virginia Association of Soil and Water Conservation Districts, the Virginia Farm Bureau Federation, the Virginia Agribusiness Council, the Chesapeake Bay Commission, and the Chesapeake Bay Foundation to examine funding needs for administration and operation of the soil and water conservation districts and the technical assistance they provide for implementation of agricultural best management practices needed to meet Virginia's Watershed Implementation Plan as well as the Southern Rivers Total Maximum Daily Load limits.

The stakeholder group is directed to conduct a review of the following and make recommendations to the Governor and the Chairmen of the Senate Finance and the House Appropriations Committees no later than October 1, 2012:

- a. The historical distribution of funding for administration and operations of all soil and water conservation districts and a projection of future funding needs and any recommended changes to the methodology for distribution of these funds;
 - b. The historical distribution of funding for technical assistance for agricultural best management practices and a projection of the future funding and staffing needs necessary for districts to provide efficient and effective technical assistance to farmers;
 - c. Operational and technical assistance needs in relation to the amount of agricultural best management practices cost-share dollars allocated to the districts; and,
 - d. The process, timing and methodology for distribution of agricultural best management practices cost-share funds to be provided to farmers by the Department of Conservation and Recreation through the districts.
3. The Soil and Water Conservation Board shall not create, merge, divide, modify or relocate the boundaries of any district pursuant to § 10.1-506, Code of Virginia, until such time as the General Assembly has received the recommendations of the stakeholder group and taken action on any such recommendations.

B. It is the intent of the General Assembly that balances in Stormwater Management be used for the Commonwealth's statewide match for participation in the federal Conservation Reserve Program.

C.1. It is the intent of the General Assembly that all interest earnings of the Water Quality Improvement Fund shall be spent only upon appropriation by the General Assembly, after the recommendation of the Secretary of Natural Resources, pursuant to § 10.1-2129, Code of Virginia.

2. Notwithstanding the provisions of §§ 10.1-2128, 10.1-2129 and 10.1-2128.1, Code of Virginia, it is the intent of the General Assembly that the Department of Conservation and Recreation use interest earnings from the Water Quality Improvement Fund and the Virginia Natural Resources Commitment Fund to support one position to administer grants from the fund.

D.1. Out of this appropriation, \$8,500 the first year and \$8,500 the second year from the general fund is provided to support the Rappahannock River Basin Commission. The funds shall be matched by the participating localities and planning district commissions.

2. Included in the appropriation for this item is \$15,000 the first year from the general fund to assist the Rappahannock River Basin Commission develop a programmatic plan, in concert with the U.S. Army Corps of Engineers, for addressing water quality and supply in the Rappahannock River Basin. This funding will be matched by local funding available to the Rappahannock River Basin Commission and include additional funding provided by the U.S. Army Corps of Engineers.

3. Out of this appropriation, \$22,500 the first year from the general fund is provided to match the same amount in local funds to leverage \$45,000 in funding from the U.S. Army Corps of Engineers to define the needs and provide recommendations for implementation of a synchronized Flood/Rainfall/Water Quality Gauging Network for the Rappahannock River Basin.

E. Notwithstanding § 10.1-552, Code of Virginia, Soil and Water Conservation Districts are hereby authorized to recover a portion of the direct costs of services rendered to landowners within the district and to recover a portion of the cost for use of district-owned conservation equipment. Such recoveries shall not exceed the amounts

expended by a district on these services and equipment.

F.1. Out of the amounts appropriated for Dam Inventory, Evaluation, and Classification and Flood Plain Management, \$600,000 the first year and \$600,000 the second year from the general fund shall be deposited to the Dam Safety, Flood Prevention and Protection Assistance Fund, established pursuant § 10.1-603.17, Code of Virginia. The funding provided in this paragraph shall be used for the provision of either grants or loans to localities owning dams in need of renovation and repair or for the provision of loans to private owners of dams in need of renovation and repair.

2. Notwithstanding § 10.1-603.19, Code of Virginia, the Director, Department of Conservation and Recreation, in consultation with the Virginia Resources Authority, is authorized to provide financial or other assistance from the Dam Safety, Flood Prevention and Protection Assistance Fund, including the provision of a grant to a locality of up to \$408,402, or 25 percent of the costs of modifying a high hazard dam operating under a conditional certificate extension and that has received approval as of November 30, 2010, for federal funding from the U.S. Department of Agriculture's Natural Resources Conservation Service for at least 65 percent of the cost of repairing the locally-owned dam. The local government shall contribute 10 percent of the total costs of modifying this high hazard dam.

3. Included in the amounts provided for Dam Inventory, Evaluation and Classification and Flood Plain Management is \$258,290 for the improvement of a high hazard dam, originally constructed in 1960, to comply with a Special Order issued by the Director, Department of Conservation and Recreation, on June 24, 2011, and in order to meet dam safety requirements.

G. It is the intent of the General Assembly, that notwithstanding the provisions of § 10.1-2132, Code of Virginia, the Department of Conservation and Recreation is authorized to make Water Quality Improvement Grants to state agencies.

H.1. Included in the amounts for Stormwater Management is \$9,100,000 the first year and \$9,100,000 the second year from *nongeneral funds* to be deposited to the Virginia Natural Resources Commitment Fund, a subfund of the Virginia Water Quality Improvement Fund, as established in § 10.1-2128.1, Code of Virginia. The funds shall be dispersed pursuant to § 10.1-2128.1, Code of Virginia.

2. The source of an amount estimated at \$9,100,000 the first year and \$9,100,000 the second year to support the nongeneral fund appropriation to the Virginia Natural Resources Commitment Fund shall be the recordation tax fee established in Part 3 of this act.

3. Out of these amounts, a total of eight percent, or \$1,200,000, whichever is greater, shall be provided to Soil and Water Conservation Districts for technical assistance to farmers implementing agricultural best management practices.

I.1. Notwithstanding § 10.1-564, Code of Virginia, public institutions of higher education, including community colleges, colleges, and universities, shall be subject to project review and compliance for state erosion and sediment control requirements by the local program authority of the locality within which the land disturbing activity is located, unless such institution submits annual specifications to the Department of Conservation and Recreation, in accordance with § 10.1-564 A (i), Code of Virginia.

2. The Virginia Soil and Water Conservation Board is authorized to amend the Erosion and Sediment Control Regulations (4 VAC 50-30 et seq.) to conform such regulations with this project review requirement and to clarify the process. These amendments shall be exempt from Article 2 (§2.2-4006 et seq.) of the Administrative Process Act.

J. The Water Quality Agreement Program shall be continued in order to protect the waters of the Commonwealth through voluntary cooperation with lawn care operators across the state. The department shall encourage lawn

care operators to voluntarily establish nutrient management plans and annual reporting of fertilizer application. If appropriate, the program may be transferred to another state agency in order to ensure its continuation.

K.1. Out of this appropriation, \$5,029,933 the first year from the general fund shall be deposited to the Virginia Water Quality Improvement Fund established under the Water Quality Improvement Act of 1997. This full amount is authorized for transfer to the Virginia Natural Resources Commitment Fund, a subfund of the Virginia Water Quality Improvement Fund. These monies shall be disbursed in accordance with § 10.1-2128.1, Code of Virginia, including the eight percent for distribution to soil and water conservation districts to provide technical assistance.

2. This appropriation, together with the amounts included in Item 366 of this act, meets the mandatory deposit requirements associated with the FY 2011 excess general fund revenue collections and discretionary year-end general fund balances.

L. Included in the amounts for this item is \$307,662 the first year in special funds provided from the sale of "Friend of the Chesapeake" license plates to carry out the recommendations of the Chesapeake Bay Restoration Fund Advisory Committee.

M.1. Notwithstanding § 10.1-2129 A., Code of Virginia, \$16,949,115 the second year from the general fund shall be deposited to the Virginia Water Quality Improvement Fund established under the Water Quality Improvement Act of 1997. Of this amount, \$14,649,115 is authorized for transfer to the Virginia Natural Resources Commitment Fund, a subfund of the Virginia Water Quality Improvement Fund, and \$2,300,000 is designated for direct deposit to the Virginia Water Quality Improvement Fund for use for local stormwater assistance grants and for developing an agency program to provide assistance to localities with stormwater programs. The monies transferred to the Virginia Natural Resources Commitment Fund shall be disbursed in accordance with § 10.1-2128.1, Code of Virginia, including the eight percent for distribution to soil and water conservation districts to provide technical assistance.

2. This appropriation meets the mandatory deposit requirements associated with the FY 2012 excess general fund revenue collections and discretionary year-end general fund balances.

N.1. There is hereby established in the state treasury a special nonreverting fund to be known as the Stormwater Local Assistance Fund, hereby referred to as the "Fund." The Fund shall be established on the books of the State Comptroller and shall consist of bond proceeds from bonds authorized by the General Assembly and issued by the Virginia Public Building Authority, sums appropriated to it by the General Assembly and other grants, gifts, and moneys as may be made available to it from any other source, public or private. Interest earned on the moneys in the Fund shall remain in the Fund and be credited to it. Any moneys remaining in the Fund, including interest thereon, at the end of each fiscal year shall not revert to the general fund but shall remain in the Fund.

2. The purpose of the Fund is to provide matching grants to local governments for the planning, design, and implementation of stormwater best management practices that address cost efficiency and commitments related to reducing water quality pollutant loads. Moneys in the Fund shall be used to meet: i) obligations related to the Chesapeake Bay total maximum daily load (TMDL) requirements; ii) requirements for local impaired stream TMDLs; iii) water quality requirements of the Chesapeake Bay Watershed Implementation Plan (WIP); and iv) water quality requirements related to the permitting of small municipal stormwater sewer systems. The grants shall be used solely for capital projects meeting all pre-requirements for implementation, including but not limited to: i) new stormwater best management practices; ii) stormwater best management practice retrofits; iii) stream restoration; iv) low impact development projects; v) buffer restoration; vi) pond retrofits; and vii) wetlands restoration.

3. The Virginia Soil and Water Conservation Board shall issue guidelines for the distribution of moneys from the Fund. The process for development of guidelines shall, at a minimum, include (a) a 60-day public comment period on the draft guidelines; (b) written responses to all comments received; and (c) notice of the availability of draft

guidelines and final guidelines to all who request such notice.

O. The Virginia Public Building Authority is authorized to issue revenue bonds pursuant to § 2.2-2263, Code of Virginia in an aggregate principal amount not to exceed \$35,000,000 for expenditure through the Stormwater Local Assistance Fund as established in this item. The proceeds of such bonds are hereby appropriated for disbursement from the state treasury pursuant to Article X, Section 7 of the Constitution of Virginia, and § 2.2-1819, Code of Virginia. The grants shall be used solely for capital projects meeting all pre-requirements for implementation, including but not limited to: i) new stormwater best management practices; ii) stormwater best management practice retrofits; iii) stream restoration; iv) low impact development projects; v) buffer restoration; vi) pond retrofits; and vii) wetlands restoration. Such grants shall be in accordance with eligibility determinations made by the Virginia Soil and Water Conservation Board under the authority of the Department of Conservation and Recreation.
