The Governor shall provide written notice to the chairpersons of the House Appropriations Committee and the Senate Finance and Appropriations Committee no less than five business days prior to appropriating such grants.

E.1. Effective July 1, 2021, through June 30, 2022, the Department of Medical Assistance Services (DMAS) shall temporarily increase the rates by 12.5 percent for all home and community based services eligible under guidance from the Centers for Medicaid and Medicare Services, except that for agency and consumer directed personal care, respite, and companion services in the home and community based services waivers and Early Periodic Screening, Diagnosis and Treatment (EPSDT) program, this temporary rate increase is effective until December 31, 2021. The department shall have the authority to implement these changes prior to completion of any regulatory process undertaken in order to effect such change.

2. The Department of Medical Assistance Services (DMAS) shall seek federal authority through the necessary waiver(s) and/or State Plan authorization under Titles XIX and XXI of the Social Security Act to issue one-time COVID-19 support directed payments in the amount of \$1,000 to Agency Directed personal care providers and Consumer Directed Attendants who provided personal care, attendant care, respite care, or companion care services to members who receive services via the EPSDT, Developmental Disability Waivers or the Commonwealth

Coordinated Care Plus Waiver program during the first quarter of state fiscal year 2022. DMAS shall have the authority to work with necessary vendors and contractors to determine payment eligibility and the process by which payments will be made. The department shall have the authority to implement necessary changes prior to the completion of any regulatory process undertaken in order to effect such change. Effective October 1, 2021, DMAS shall begin implementing these processes and make payments as soon as administratively feasible.

3. The Department of Medical Assistance Services (DMAS) shall develop strategies, for consideration by the 2022 General Assembly, to re-invest general fund dollars freed-up by the enhanced federal match on home and community based services (HCBS). These strategies should enhance the Commonwealth's HCBS by creating capacity to meet the growing demand for HCBS and support structural changes needed to strengthen the HCBS systems. In addition, DMAS shall work with the Department of Behavioral Health and Developmental Services and the Centers for Medicaid and Medicare Services to identify any opportunities to use HCBS reinvestment dollars to divert individuals who are at risk of institutionalization in state facilities. DMAS shall prioritize those strategies that do not require significant on-going obligations or rely on rate increases. By October 1, 2021, DMAS shall report these strategies, including six year cost projections, to the Governor, the Chairs of the House Appropriations and Senate Finance and Appropriations Committees, and the Director, Department of Planning and Budget.

Child day centers that take advantage of this flexibility must notify families in writing of the temporary increase in ratios and group size. This authority and any resultant waiver of state law or regulation shall expire June 30, 2022. The Superintendent of Public Instruction shall ensure that any action taken under this provision is permissible under federal requirements.
