A. Out of this appropriation, the Department of Education shall provide \$2,243,776 the first year and \$2,243,776 the second year from the general fund for the Jobs for Virginia Graduates initiative.

B. Out of this appropriation, the Department of Education shall provide \$124,011 the first year and \$124,011 the second year from the general fund for the Southwest Virginia Public Education Consortium at the University of Virginia's College at Wise. An additional \$71,849 the first year and \$71,849 the second year from the general fund is provided to the Consortium to continue the Van Gogh Outreach program with Lee and Wise County Public Schools and expand the program to the twelve school divisions in Southwest Virginia.

C. This appropriation includes \$108,905 the first year and \$108,905 the second year from the general fund for the

Southside Virginia Regional Technology Consortium to expand the research and development phase of a technology linkage.

D. An additional state payment of \$145,896 the first year and \$145,896 the second year from the general fund is provided as a Small School Division Assistance grant for the City of Norton. To receive these funds, the local school board shall certify to the Superintendent of Public Instruction that its division has entered into one or more educational, administrative or support service cost-sharing arrangements with another local school division.

E. Out of this appropriation, \$298,021 the first year and \$298,021 the second year from the general fund shall be allocated for the Career and Technical Education Resource Center to provide vocational curriculum and resource instructional materials free of charge to all school divisions.

F. It is the intent of the General Assembly that the Department of Education provide bonuses from state funds to classroom teachers in Virginia's public schools who hold certification from the National Board of Professional Teaching Standards. Such bonuses shall be \$5,000 the first year of the certificate and \$2,500 annually thereafter for the life of the certificate. This appropriation includes an amount estimated at ~~\$5,035,000~~ \$4,700,000 the first year and ~~\$5,035,000~~ \$4,432,500 the second year from the general fund for the purpose of paying these bonuses. By October 15 of each year, school divisions shall notify the Department of Education of the number of classroom teachers under contract for that school year that hold such certification.

G. This appropriation includes \$2,181,000 the first year and \$2,181,000 the second year from the general fund for grants, scholarships, and incentive payments to attract, recruit, and retain high-quality teachers and fill critical teacher shortage disciplines in Virginia's public schools.

1. Out of this appropriation, \$708,000 the first year and \$708,000 the second year from the general fund is provided for teaching scholarship loans. These scholarships shall be for undergraduate students in college with a cumulative grade point average of at least 2.7 on a 4.0 scale or its equivalent, who are nominated by their Virginia regionally accredited college or university, and who meet the criteria and qualifications, pursuant to § 22.1-290.01, Code of Virginia, except as provided herein. Awards shall be made to students who are enrolled full-time or part-time in approved undergraduate or graduate teacher education programs for the top ten critical teacher shortage disciplines, however minority students may be enrolled in any content area for teacher preparation. Upon program completion, scholarship recipients may fulfill the scholarship loan obligation by teaching in the public schools of the Commonwealth in the first full academic year after becoming eligible for a renewable teaching license in the appropriate endorsement area and teaching for at least two years in a school division (i) in one of the critical teacher shortage disciplines as established by the Board of Education; or (ii) in a Virginia public school or program with 50 percent or more of the students eligible for free or reduced price lunch; or (iii) in a school division designated critical shortage subject area, as defined in the Board of Education's Regulations Governing the Determination of Critical Teacher Shortage Areas. Scholarship recipients who only complete one year of the teaching obligation shall be forgiven for one-half of the scholarship loan amount. Scholarship amounts are based on up to \$10,000 per year for full-time students, and shall be prorated for part-time students based on the number of credit hours. The Department of Education shall report annually on the critical shortage teaching areas in Virginia.

a. The Department of Education shall make payments on behalf of the scholarship recipients directly to the Virginia institution of higher education where the scholarship recipient is enrolled full-time or part-time in an approved undergraduate or graduate teacher education program.

b. The Department of Education is authorized to recover total funds awarded as scholarships, or the appropriate portion thereof, in the event that scholarship recipients fail to honor the stipulated teaching obligation.

c. Within the fiscal year, any funds not awarded from this program may be applied toward the other teacher preparation, recruitment, and retention programs under paragraph G.

2. Out of this appropriation, \$808,000 the first year and \$808,000 the second year from the general fund is provided to attract, recruit, and retain high-quality diverse individuals to teach science, technology, engineering, or mathematics (STEM) subjects in Virginia's middle and high schools experiencing difficulty in recruiting qualified teachers. Eligible teachers must (i) be employed full-time in a Virginia school division or school with more than 40 percent of the students eligible for free or reduced price lunch; (ii) be entering their first, second, or third year of teaching experience; and (iii) hold a five- or ten-year valid Virginia teaching license with an endorsement in Middle Education 6-8: Mathematics, Mathematics-Algebra-I, Mathematics, Middle Education 6-8: Science, Biology, Chemistry, Earth and Space Science, Physics, Engineering, or Technology Education and be assigned to a teaching position in a corresponding STEM subject area. Selected eligible teachers will receive a \$5,000 incentive award after the completion of each year of full-time teaching experience, up to three consecutive years under the grant, in an eligible school division or school with a satisfactory performance evaluation and a written commitment to return in the same school division for the following school year. The maximum incentive award for each eligible teacher is \$15,000. Eligibility for these incentives shall be determined through an application process whereby school divisions shall apply to the Department of Education. Priority for distribution of these incentives shall be to school divisions experiencing the most acute difficulties in recruiting qualified teachers, as determined using Department of Education criteria. For individuals who received funds under this program prior to July 1, 2020, the criteria provided in Chapter 854, 2019 Acts of Assembly, shall continue to apply. Within the fiscal year, any funds not awarded from this program may be applied toward the other teacher preparation, recruitment, and retention programs under paragraph G.

3. Out of this appropriation, \$415,000 the first year and \$415,000 the second year from the general fund is provided to help school divisions recruit and retain qualified middle-school mathematics teachers. Within the fiscal year, any funds not awarded from this program may be applied toward the other teacher preparation, recruitment, and retention programs under paragraph G.

4. Out of this appropriation, \$250,000 the first year and \$250,000 the second year from the general fund is provided for tuition scholarships to be specifically allocated solely for licensed public high school teachers pursuing additional credentialing requirements necessary to be considered faculty who are qualified to teach dual enrollment courses in high schools in their local school division. The Department of Education shall make payments on behalf of the scholarship recipients directly to the regionally accredited Virginia institution of higher education where the scholarship recipient is enrolled in courses for credit applicable to dual enrollment course curriculum available for public high school students. The lifetime maximum dual enrollment tuition scholarship award for each approved eligible teacher is \$7,500. Eligibility for access to these dual enrollment tuition scholarship awards shall be determined through an application process whereby school divisions shall apply to the Department of Education. In the application process, the applying school division shall include: i) an explanation of why such dual enrollment tuition scholarship is warranted, ii) the dual enrollment course or courses that shall be offered by the scholarship recipient's high school and taught by the recipient upon the recipient's successful completion of required coursework for appropriate credentialing to teach such dual enrollment courses, and iii) the projected student enrollment in the recipient taught public high school dual enrollment courses. The Department of Education shall compile and report the application information for each applying school division, and shall also report the number of recipients and amount of tuition awarded to each school division, the institution of higher education receiving tuition, the credentialing area pursued by recipients, and dual enrollment courses offered after the recipient's successful completion of the pursued credentialing. The Department shall submit the report by June 30 annually to the House Committees on Education and Appropriations and the Senate Committees on Finance and Appropriations and Education and Health.

H. Out of this appropriation, \$500,000 the first year and \$500,000 the second year from the general fund shall be distributed to the Great Aspirations Scholarship Program (GRASP) to provide students and families in need access to financial aid, scholarships, and counseling to maximize educational opportunities for students.

I. Out of this appropriation, the Department of Education shall provide \$2,004,400 the first year and \$2,004,400 the

second year from the general fund to Communities in Schools. These funds shall be used to strengthen and sustain existing programming in Hampton Roads, Northern Virginia, Petersburg, Richmond City, and Southwest Virginia and to expand programming to new schools. Further, Communities in Schools is directed to assist the Community School organization with developing opportunities to establish a Community School program in interested school divisions.

J. 1. Out of this appropriation, the Department of Education shall provide \$987,500 the first year and \$987,500 the second year from the general fund for Project Discovery. These funds are towards the cost of the program in Abingdon, Accomack/Norhampton, Alexandria, Amherst, Appomattox, Arlington, Bedford, Bland, Campbell, Charlottesville, Cumberland, Danville/Pittsylvania, Fairfax, Franklin/Patrick, Fredericksburg/Spotsylvania, Goochland/Powhatan, Lynchburg, Newport News, Norfolk, Richmond City, Roanoke City, Smyth, Surry/Sussex, Tazewell, Williamsburg/James City, Wythe, and Madison/Orange and the salary of a fiscal officer for Project Discovery. The Department of Education shall administer the Project Discovery funding distributions to each community action agency. Distributions to each community action agency shall be based on performance measures established by the Board of Directors of Project Discovery. The contract with Project Discovery should specify the allocations to each local program and require the submission of a financial and budget report and program evaluation performance measures.

2. Each participating community action agency shall submit annual performance metrics for services provided through the Project Discovery program that provide measurable evaluations and outcomes of participating students. Such performance metrics shall include evidenced-based data that effectively measure academic improvement outcomes. In addition, the performance metrics shall also include evidenced-based data to evaluate the specific effectiveness of the program for participating students on a longitudinal basis. Further, the performance metrics shall include the coordination and collaboration efforts the program staff regularly have with the school-based personnel, such as teachers and guidance counselors, that support and maximize opportunities of participating students to successfully graduate from high school and then to enroll and graduate from an institution of higher learning. Project Discovery shall submit a comprehensive and cumulative program performance metrics evaluation to the Department of Education no later than October 1 each year.

K. Out of this appropriation, the Department of Education shall provide \$300,000 the first year and \$300,000 the second year from the general fund for the Virginia Student Training and Refurbishment Program.

L. Out of this appropriation, \$1,598,000 the first year and \$1,598,000 the second year from the general fund is provided to expand the number of schools implementing a system of positive behavioral interventions and supports with the goal of improving school climate and reducing disruptive behavior in the classroom. Such a system may be implemented as part of a tiered system of supports that utilizes evidence-based, system-wide practices to provide a response to academic and behavioral needs. Any school division which desires to apply for this competitive grant must submit a proposal to the Department of Education by June 1 preceding the school-year in which the program is to be implemented. The proposal must define student outcome objectives including, but not limited to, reductions in disciplinary referrals and out-of-school suspension rates. In making the competitive grant awards, the Department of Education shall give priority to school divisions proposing to serve schools identified by the Department as having high suspension rates. No funds awarded to a school division under this grant may be used to supplant funding for schools already implementing the program.

M. Targeted Extended/Enriched School Year and Year-round School Grants Payments

1. Out of this appropriation, \$7,150,000 the first year and \$7,150,000 the second year from the general fund is provided for a targeted extended/enriched school year or year-round school incentive in order to improve student achievement. Annual start-up grants of up to \$300,000 per school may be awarded for a period of up to two years after the initial implementation year. The per school amount may be up to \$400,000 in the case of schools that have an Accredited with Conditions status and are rated at Level Three in two or more Academic Achievement for All Students school quality indicators, or schools that had an Accredited with Conditions status and were rated at

Level Three in two or more Academic Achievement for All Students school quality indicators when the initial application was made. Schools that qualified for the per school grant up to \$400,000 under the previous Standards of Accreditation Denied Accreditation status remain eligible for funding for the initial three year period; after that period, such schools are subject to eligibility under the current Standards of Accreditation. After the third consecutive year of successful participation, an eligible school's grant amount shall be based on a shared split of the grant between the state and participating school division's local composite index. Such continuing schools shall remain eligible to receive a grant based on the 2012 JLARC Review of Year Round Schools' researched base findings.

2. Except for school divisions with schools that are in an Accredited with Conditions status and are rated at Level Three in two or more Academic Achievement for All Students school quality indicators or in a Denied Accreditation status, any other school division applying for such a grant shall be required to provide a twenty percent local match to the grant amount received from either an extended/enriched school year or year-round school start-up or planning grant.

3. In the case of any school division with schools that are in an Accredited with Conditions status and are rated at Level Three in two or more Academic Achievement for All Students school quality indicators or in a Denied Accreditation status that apply for funds, the school division shall also consult with the Superintendent of Public Instruction or designee on all recommendations regarding instructional programs or instructional personnel prior to submission to the local board for approval.

4. Out of this appropriation, \$613,312 the first year and \$613,312 the second year from the general fund is provided for planning grants of no more than \$50,000 each for local school divisions pursuing the creation of new extended/enriched school year or year-round school programs for divisions or individual schools in support of the findings from the 2012 JLARC Review of Year Round Schools. School divisions must submit applications to the Department of Education by August 1 of each year. Priority shall be given to schools based on need, relative to the state accreditation ratings or similar federal designations. Applications shall include evidence of commitment to pursue implementation in the upcoming school year. If balances exist, existing extended school year programs may be eligible to apply for remaining funds.

5. A school division that has been awarded an extended/enriched school year or year-round school start-up grant or planning grant for the development of an extended/enriched school year or year-round school program may spend the awarded grant over two consecutive fiscal years.

6. a) Any such school division receiving funding from a Targeted Extended/Enriched School Year and Year-round School grant shall provide an annual progress report to the Department of Education that evaluates end of year success of the extended/enriched school year or year-round school model implemented as compared to the prior school year performance as measured by an appropriate evaluation matrix no later than September 1 each year.

b) The Department of Education shall develop such evaluation matrix that would be appropriate for a comprehensive evaluation for such models implemented. Further, the Department of Education is directed to submit the annual progress reports from the participating school divisions and an executive summary of the program's overall status and levels of measured success to the Chairs of House Appropriations and Senate Finance and Appropriations Committees no later than November 1 each year.

7. Any funds remaining in this paragraph following grant awards may be disbursed by the Department of Education as grants to school divisions to support innovative approaches to instructional delivery or school governance models.

N. Out of this appropriation, \$500,000 the first year and \$500,000 the second year from the general fund is provided through grants or contracts for the cost of fees and financial incentives associated with hiring teachers in challenged schools. These funds may be used for grants or contracts awarded and expenses associated with

supporting the Teach for America program. School divisions or their partners may apply for those funds through applications submitted to the Department of Education. Applications must be submitted to the Department of Education by September 1 each year. Within the fiscal year, any unobligated balance may be used for the Teacher Residency program.

O. Out of this appropriation, \$1,000,000 the first year and \$1,300,000 the second year from the general fund is provided to the Wolf Trap Foundation for the Performing Arts to administer STEM Arts and early literacy programs for preschool, kindergarten, and first grade students in Accomack, Albemarle, Arlington, Chesterfield, Fairfax, Henrico, Loudoun, Norfolk, Petersburg, Richmond, Suffolk, and Wythe Public Schools. The model will also support growth in the 5C skills identified in the Profile of a Virginia Graduate. Within this appropriation, funds may support the phase in of services into currently unserved divisions in an equitable manner, with a special focus on capacity building and establishing new services in Regions 3, 6, or 8. The Wolf Trap Foundation shall work with the Department of Education and currently served divisions to determine need and phase programs into unserved divisions. The Wolf Trap Foundation shall report annually to the Chairs of the House Committee on Education and the Senate Committee on Education and Health and the Superintendent of Public Instruction on its activities, including number of divisions served, number of students served, number of educators, and number of families impacted.

P. Out of this appropriation, \$500,000 the first year and \$500,000 the second year from the general fund is provided for the Achievable Dream partnership with Newport News School Division.

Q. Out of this appropriation, \$2,250,000 the first year and \$2,250,000 the second year from the general fund is provided for grants for teacher residency partnerships between university teacher preparation programs and the Petersburg, Norfolk, and Richmond City school divisions and any other university teacher preparation programs and hard-to-staff school divisions to help improve new teacher training and retention for hard-to-staff schools. The grants will support a site-specific residency model program for preparation, planning, development and implementation, including possible stipends in the program to attract qualified candidates and mentors. Applications must be submitted to the Department of Education by August 1 each year.

1. Of this amount, \$500,000 the first year and \$500,000 the second year is provided for Virginia Commonwealth University to establish a pilot program to support 20 special education residents and 20 elementary school residents in partnership with the Richmond Teacher Residency program. Virginia Commonwealth University shall include this pilot program in its annual report to the Department of Education, pursuant to paragraph Q.2. of this Item.

2. Partner school divisions shall provide at least one-third of the cost of each program and shall provide data requested by the university partner in order to evaluate program effectiveness by the mutually agreed upon timelines. Each university partner shall report annually, no later than June 30, to the Department of Education on available outcome measures, including student performance indicators, as well as additional data needs requested by the Department of Education. The Department of Education shall provide, directly to the university partners, relevant longitudinal data that may be shared. The Department of Education shall consolidate all submissions from the participating university partners and school divisions and submit such consolidated annual report to the Chairs of the House Appropriations and Senate Finance and Appropriations Committees no later than November 1 each year.

R. Out of this appropriation, \$60,300 the first year and \$60,300 the second year from the general fund is provided to the Northern Neck Regional Technical Center to expand the workforce readiness education and industry based skills and certification development efforts supporting that region in the state. These funds support the Center's programs that serve high school students from the surrounding counties of Essex, Lancaster, Northumberland, Rappahannock, Westmoreland and Colonial Beach.

S. Out of this appropriation, \$8,221,900 the first year and \$10,986,015 the second year from the general fund is

provided to the Virginia Early Childhood Foundation.

1. Of this amount, \$250,000 the first year and \$250,000 the second year is provided for general operations of the Foundation's grant program to strengthen the capacity of local communities to promote school readiness for young children through innovative regional partnerships.

2. Of this amount, \$1,000,000 the first year and \$1,000,000 the second year is provided to operate a scholarship program to increase the skills of Virginia's early education workforce.

3. Of this amount, \$6,971,900 the first year and \$9,736,015 the second year from the general fund is provided for an initiative to support public-private delivery of pre-kindergarten services for at-risk three- and four-year-old children each year and to support a pilot of 200 infant and toddler slots each year. Programs must provide full-day or half-day and, at least, school-year services. The Department of Education is authorized to prorate payment for this program so as not to exceed available appropriation.

a) The Department of Education shall establish academic standards that are in accordance with appropriate preparation for students to be ready to successfully enter kindergarten. These standards shall be established in such a manner as to be measurable for student achievement and success. Students shall be required to be evaluated in the fall and in the spring by each participating provider and grantees must certify that the Virginia Preschool Initiative standards are followed in order to receive the funding for quality preschool education and criteria for the service components. Such standards shall align with the Virginia Standards of Learning for Kindergarten.

b) The Department of Education shall require and ensure that all participating classrooms have the quality of their teacher-child interactions assessed through a rigorous and research-based observation instrument at least once every two years.

c) Any locality that desires to participate in this grant program must submit a proposal each year to the Virginia Early Childhood Foundation. For the first year, the application must be submitted by August 15. For subsequent years, the application must be submitted by May 15 to align with the Virginia Preschool Initiative timeline. Each application shall identify a lead agency for this program within the locality. The lead agency shall be responsible for developing a local plan for the delivery of quality preschool services to at-risk three- and four-year-old children in private settings that demonstrates the coordination of resources and the combination of funding streams in an effort to serve the greatest number of at-risk children.

d) The proposal must demonstrate: (i) coordination with all parties necessary for the successful delivery of comprehensive services, including schools, child care providers, local social services agencies, Head Start, local health departments, and other groups identified by the lead agency, (ii) a plan for supporting inclusive practices for children with identified special needs, and (iii) a plan to transition the pilot into a sustainable program that is supported with a similar level of state support as Virginia Preschool Initiative slots.

e) Local plans must indicate the number of at-risk children to be served, and the eligibility criteria for participation in this program shall be consistent with the economic and educational risk factors stated in the current program guidelines that are specific to: (i) family income at or below 200 percent of federal poverty guidelines, (ii) homelessness, (iii) student's parents or guardians are school dropouts, or (iv) children with disabilities or delays who are eligible for special education services under the Individuals with Disabilities Education Act, regardless of household income. Up to 15 percent of slots may be filled based on locally established eligibility criteria so as to meet the unique needs of at-risk children in the community. Localities that can demonstrate that more than 15 percent of slots are needed to meet the needs of at-risk children in their community may apply for a waiver from the Superintendent of Public Instruction to use a larger percentage of their slots. Localities must demonstrate that increasing eligibility will enable the maximization of federal funds and will not have a negative impact on access for other individuals currently being served.

f) Notwithstanding any provisions of § 22.1-299, Code of Virginia, and in order to achieve the priorities of the Joint Subcommittee on Early Childhood Care and Education for exploring the feasibility of and barriers to mixed delivery preschool systems in Virginia, recipients of a Mixed-Delivery Preschool grant shall be provided maximum flexibility within their respective pilot initiative in order to fully implement the associated goals and objectives of the pilot. Recipients of a Mixed-Delivery Preschool grant and divisions participating in such grant pilot activities shall be exempted from all regulatory and statutory provisions related to teacher licensure requirements and qualifications when paid by public funds within the confines of the Mixed-Delivery Preschool pilot initiative.

g) Children served by the pilots shall be assigned student identification numbers as provided in § 22.1-287.03 B of the Code of Virginia to evaluate pilot program outcomes and to permit comparison with Virginia Preschool Initiative outcomes.

h) Pilot providers shall provide information to the Department of Education as necessary to fulfill the reporting requirement established.

T. This appropriation includes \$500,000 the first year and \$500,000 the second year from the general fund to support ten competitive grants, not to exceed \$50,000 each, for planning the implementation of systemic Elementary, Middle, and/or High School Program Innovation by either individual school divisions or consortia of school divisions or implementing a plan for public pre-kindergarten through Grade 12 School Program Innovation previously approved by the Department of Education. The local applicant(s) selected to conduct this systemic approach to school reform, in consultation with the Department of Education, will develop and plan or implement innovative approaches to engage and to motivate students through personalized learning and instruction leading to demonstrated mastery of content, as well as skills development of career readiness. Essential elements of school innovation include: (1) student centered learning, with progress based on student demonstrated proficiency; (2) 'real-world' connections that promote alignment with community work-force needs and emphasize transition to college and/or career; and (3) varying models for educator supports and staffing. Individual school divisions or consortia will be invited to apply on a competitive basis by submitting a grant application that includes descriptions of key elements of innovations, a detailed budget, expectations for outcomes and student achievement benefits, evaluation methods, and plans for sustainability. The Department of Education will make the final determination of which individual school divisions or consortia of divisions will receive the year-long planning grant for public pre-kindergarten through Grade 12 School Innovation or a grant to implement an Elementary, Middle, and/or High School Program Innovation plan previously approved by the Department of Education. Any school division or consortium of divisions which desires to apply for this competitive grant must submit a proposal to the Department of Education by June 1 preceding the school year in which the planning or implementation for systemic school innovation is to take place.

U. Out of this appropriation, \$200,000 the first year and \$200,000 the second year from the general fund is provided for STEM Competition Team Grants. Grants may not exceed \$5,000 each.

V. Out of this appropriation, \$1,181,975 the first year and \$1,181,975 the second year from the general fund is provided to support a multi-platform STEM education engagement program and research study and other educational programs at the Virginia Air &Space Center.

W. Out of this appropriation, \$350,000 the first year and \$350,000 the second year from the general fund is provided for executive leadership incentives in the Petersburg City Public Schools to strengthen the impact of division and school level executive leadership on student achievement in the school division. Such incentives may include, but not be limited to, supplements to locally funded salaries, deferred salary compensation, bonuses, housing and commuting supplements, and professional development supplements. The Department of Education shall provide such executive management incentive payments directly to the Petersburg City Public Schools accounts pursuant to a Memorandum of Understanding entered into between the Board of Education and the Petersburg City School Board, which shall cover no less than both years of the biennium and may be amended with the consent of both parties. Such Agreement shall include operational and student achievement metrics and

include provisions for the achievement of such metrics as a condition of payment of the incentive funds by the Department of Education. The Department of Education shall provide updates on the Agreement to the Chairs of the Senate Finance and Appropriations and House Appropriations Committees.

X. Out of this amount, \$600,000 the first year and \$600,000 the second year from the general fund shall be reserved for school divisions to partner with the Virginia Reading Corps program. The implementation partner shall determine and select partner school divisions. The Virginia Reading Corps shall report annually to the school divisions and Department of Education on the outcomes of this program.

Y. Out of this appropriation, \$50,000 the first year and \$50,000 the second year from the general fund is provided for praxis assistance and Virginia Communication and Literacy Assessment assistance for provisionally licensed minority teachers seeking full licensure in Virginia. Grants of up to \$10,000 shall be awarded to school divisions, teacher preparation programs, or nonprofit organizations in all regions of the state to subsidize test fees and the cost of tutoring for provisionally licensed minority teachers seeking full licensure in Virginia.

Z. Out of this appropriation, \$741,000 the first year and \$391,000 the second year from the general fund is provided to school divisions to pay for a portion of the vision screening of students in kindergarten, grade two or three and grades seven and ten, pursuant to Chapter 312, 2017 Session Acts of Assembly. Eligible school divisions may receive the state's share of \$7.00 for each student reported in average daily membership and enrolled in kindergarten, grades three, seven and ten and who has received such vision screening test. The Department of Education shall administer and distribute reimbursements to school divisions and the funding shall be prorated if needed, such that the appropriation is not exceeded. Prioritization shall be given to the schools that would most benefit from state assistance in order to provide such vision screening service to students that are eligible for free lunch.

AA. Out of this appropriation, \$660,000 the first year and \$660,000 the second year from the general fund is provided for annual grants of \$60,000 to each of the nine regional career and technical centers, Winchester Public Schools' Innovation Center and Norfolk Public Schools' Norfolk Technical Center, to expand workforce readiness education and industry based skills.

BB. 1. Out of this appropriation, \$550,000 the first year and \$550,000 the second year from the general fund is provided to CodeVA for the development, marketing, and implementation of high-quality and effective computer science training and professional development activities for public school teachers throughout the Commonwealth for the purpose of improving the computer science literacy of all public school students in the Commonwealth using the Computer Science Standards of Learning For Virginia Public Schools, which were reviewed and endorsed by the Virginia Board of Education in November 2017. The provided funds may be utilized for planning, preparing and materials needed for teacher training sessions provided during the biennium.

2. CodeVA shall report, no later than October 1, each year to the Chairmen of the House Education and Senate Education & Health Committees, Secretary of Education and the Superintendent of Public Instruction on its activities in the previous year to support computer science teacher training and curriculum development, including on collaboration with other stakeholders to avoid duplication of efforts.

CC. To strengthen quality, attract new educators, and reduce turnover in hard-to-serve preschool classrooms, \$10,000,000 the first year and \$10,000,000 the second year from the general fund shall be used to supplement the Early Childhood Educator Incentive created through the Preschool Development Grant Birth to Five and in support of the implementation of the Unified Measurement and Improvement System, known as VQB5, established pursuant to § [22.1-289.05](#), Code of Virginia. The Virginia Department of Education shall set the specific guidelines for the program and funds.

DD. Out of this appropriation, \$250,000 the first year and \$250,000 the second year from the general fund shall be provided for grants to school divisions for encouraging active-in class, remote and hybrid learning for students in

pre-kindergarten through the second grade. School divisions seeking to apply for this grant shall submit a proposal to the Department of Education outlining the intended use of funds and a projected number of students to be served. The Department shall establish criteria for awarding these funds. The funds may be used to purchase a platform featuring on-demand activities that integrate math and English Standards of Learning content into movement-rich activities that can be used at school, home and on all devices (i.e. computers, tablets, and phones).

EE. Out of this appropriation, \$850,000 the first year and \$350,000 the second year from the general fund is provided to Blue Ridge PBS for educational outreach programming.

HH. Out of this appropriation, \$718,957 the first year and \$718,957 the second year from the general fund is provided to support Career and Technical Education Student Organizations. These Student Organizations extend Career and Technical Education in Virginia through networks of programs, business and community partnerships, and leadership experiences at the school, state, and national levels and provide Virginia students with opportunities to apply academic, technical, and employability knowledge and skills necessary in today's workforce.

II. Out of this appropriation, \$1,500,000 the first year and \$1,000,000 the second year from the general fund is provided for the Hampton Roads Education Telecommunications Association's eMediaVA program for statewide digital content development, online learning, and related support services. All digital content produced and delivery of online learning shall meet criteria established by the Department of Education, meet or exceed applicable Standards of Learning, and be correlated to such state standards. The eMedia VA program shall incorporate consultation with division superintendents or their designated representatives to assess school divisions' needs for digital content, online learning, teacher training, and support services that advance technology integration into the K-12 classroom, as well as for additional educational resources that may be made available to school divisions throughout the Commonwealth. The Hampton Roads Educational Telecommunications Association, in partnership with Blue Ridge PBS, VPM Media Corporation, and PBS Appalachia, shall report by June 30, 2023 to the Secretary of Education, the Department of Education, and the General Assembly on a plan to share educational resources and content among these organizations in an effort to reduce duplication of efforts in content and curriculum development.

JJ. Out of this appropriation, \$2,700,000 the first year and \$1,350,000 the second year from the general fund is provided to support the advancement of computer science education and implementation of the Commonwealth's computer science standards across the public education continuum. These funds are intended to provide high

quality professional development to current and future teachers; create, curate, and disseminate high quality computer science curriculum, instructional resources, and assessments; support summer and after-school computer science related programming for students; and facilitate meaningful career exposure and work-based learning opportunities in computer science fields for high school students. Funds shall be disbursed through a competitive grant process and shall prioritize at-risk students and schools. The Department of Education shall develop a process to award these funds in accordance with the provisions of this language.

KK. Out of this appropriation, \$1,500,000 the first year from the general fund is provided to increase educator recruitment and retention and the supply of qualified educators and support positions. These funds shall be used to support: (i) provisionally-licensed educators and other school staff to earn or renew full state teaching licensure; (ii) teacher mentoring for early career teachers; (iii) recruitment and retention efforts for critical vacancies and shortages; and (iv) professional development opportunities to educators. The Department of Education shall develop a process to award these funds to divisions and shall focus efforts on divisions with high vacancies and critical shortages. The Department may also use these funds to supplement any program in this item related to educator preparation, retention, or recruitment; however, funds shall not be committed to any program with a multi-year commitment. Any balances remaining shall not revert to the general fund at the end of the fiscal year, but shall be brought forward and made available to support these efforts in the second year.
