B.1. The internal service fund appropriation for Statewide Laboratory Services is sum sufficient and these amounts are estimates which shall be paid from revenues derived from charges collected from state agencies and institutions of higher education for laboratory testing services. The internal service fund shall also consist of revenues transferred from the Department of Transportation for motor fuel testing as stated in § 3-1.02 of this act.

2. In the event that expenses for Statewide Laboratory Services become due before costs have been fully recovered in the department's internal service fund, a treasury loan shall be provided to the department to finance these costs.
