Report of the House Appropriations Subcommittee

on

Higher Education

House Bill 29 & House Bill 30

February 22, 2004

February 22, 2004

Respectfully Submitted by the House Appropriations Subcommittee on Higher Education:

| Harvey B. Morgan, Chairman | S. Chris Jones |
|----------------------------|----------------------|
| Lacey E. Putney | Clarence E. Phillips |
| Riley E. Ingram | Lionell Spruill, Sr. |
| L. Preston Bryant, Jr. | James M. Scott |

REPORT OF THE SUBCOMMITTEE on HIGHER EDUCATION

Mr. Chairman and Members of the Committee:

On behalf of the Higher Education Subcommittee, I am pleased to offer budget recommendations that address the priorities of the Commonwealth's institutions and advance our shared commitment to superior and affordable colleges and universities.

Mr. Chairman, over the last three years, the cost of attending our public institutions has increased by a significant 36 percent. Similar to the rest of the nation, our public colleges and universities have shouldered a major portion of general fund reductions. At the same time, 15,000 more in-state students were enrolling. In order to accommodate this growing population, the colleges backfilled with tuition increases. The result is that our public higher education institutions have become less affordable. Moreover, if this trend were to continue, our college pre-pay program would be adversely impacted and potentially curtailed. As you have said many times, Mr. Chairman, this is not a policy that we can continue.

With that in mind, the Subcommittee recommends an additional \$85.8 million for student enrollment and base operating needs. In addition, we also recommend \$4.9 million for new facilities coming on-line during this biennium. These two proposals will begin a four- to six-year phase-in toward funding the base operating needs for undergraduate education identified by the General Assembly's funding guidelines. By focusing our resources toward undergraduate needs, we have provided an "incentive" to colleges and universities to keep the increases to tuition and required fees reasonable. In fact, while we do not recommend a cap on tuition and fees, the Subcommittee believes strongly that tuition and re-

quired fee increases on in-state undergraduate students need not increase by more than four to eight percent to achieve the phase-in toward undergraduate base adequacy.

Because some tuition increases will take place this biennium, the Subcommittee recommends \$9.1 million for student financial aid to ensure access and continue to meet student need at our public institutions. In addition, the Subcommittee has recommended an additional \$4 million for the Tuition Assistance Grant (TAG) program focused on undergraduate Virginians attending the Commonwealth's private institutions. This will increase the annual TAG award for undergraduate students from \$2,210 to \$2,500 by 2006.

In addition to the above recommendations, the Subcommittee is pleased to begin meeting the funding requirements for the Medical Education campus of Northern Virginia Community College. To that end, the Subcommittee recommends \$7.0 million in new general fund support over the base budget to support faculty and staff in training more students to respond to the demands of the health care professions.

The Subcommittee further recommends \$3.1 million for operating support for the new Institute for Advanced Learning and Research in Danville. In addition to the operating support, the Subcommittee recommends \$3.0 million in allocations from the Higher Education Equipment Trust Fund to ensure that when the facility is opened, the laboratories and workspace are fully equipped and the facility is ready to begin moving forward.

The Subcommittee has approved allocations of \$110.2 million from the Higher Education Equipment Trust Fund over the biennium. This will provide the necessary instructional equipment and technology to keep our colleges and universities on the cutting edge.

The Subcommittee recommends \$4.1 million for Norfolk State and Virginia State to continue our commitment under the Office of Civil Rights Accord.

The Subcommittee also recommends \$2.9 million to purchase electronic database licenses for the Virtual Library of Virginia in support of enrollment growth at public and private institutions.

Finally, I would like to thank Delegate Tata and the work of his Subcommittee, which enables us to recommend a three percent faculty salary increase effective December 2005. This long-overdue raise will allow us to reward our hard-working faculty.

Mr. Chairman, in summary, let me say that the Higher Education Subcommittee appreciates your leadership and the concerted effort that every member of this committee has made to keep higher education at the forefront of funding priority. As a result, the Subcommittee is able to recommend over \$130 million in additional general funds for higher education which, along with the \$12 million for faculty salary increases, will bring the total new funding over the current higher education base budget to more than \$140 million. As you said earlier, Mr. Chairman, this represents more than 30 percent of the discretionary spending of this Committee and sends a clear signal as to the value it places our higher education system.

Mr. Chairman, details of our Subcommittee recommendations are attached, and I hope that it will be the pleasure of the Committee to adopt them.

"7.a. The Joint Subcommittee shall study the system of Commonwealth-chartered universities proposed in House Bill 1359 and shall report to the 2005 Session of the General Assembly on the feasibility of such a system.

b. To assist the Joint Subcommittee with its study, the University of Virginia, Virginia Tech, and the College of William and Mary shall, working with the Secretaries of Finance, Administration, Education, the State Council of Higher Education, and the staffs of the House Appropriations and Senate Finance Committees, prepare and submit to the Joint Subcommittee by September 1, 2004, proposed draft charter agreements that are consistent with the legislation referenced in Paragraph 7.a. of this item."

State Council Of Higher Education For Virginia

Language

Language:

Page 142, after line 55, insert:

"H. Pursuant to House Joint Resolution 197 of the 2004 Session of the General Assembly, the State Council of Higher Education shall consider the establishment of a public four-year degree-granting institution of higher education in South Central Virginia in developing its systemwide needs assessment plan for higher education in the Commonwealth. In its deliberations to develop the plan, the Council shall (i) collaborate with all interested parties and (ii) evaluate all available options, including, but not limited to, the creation of a branch campus of an existing institution in the South Central Virginia region. The State Council of Higher Education shall submit to the Division of Legislative Automated Systems an executive summary and report of its progress in meeting the requirements of this resolution no later than November 1, 2004. The executive summary and report shall be submitted as provided in the procedures of the Division of Legislative Automated Systems for the processing of legislative documents and reports and shall be posted on the General Assembly's website."

"T. The VCCS is authorized to generate and retain tuition and fees in excess of those provided in § 4-2.01 b herein in order to support the achievement of *Dateline 2009*, the strategic plan approved by the State Board for Community Colleges. These funds, in addition to the VCCS Technology Fee, shall not revert to the surplus of the general fund at the end of the fiscal year and/or biennium, and shall be available for expenditure no later than October 1 of each subsequent fiscal year. These funds shall be used in the calculation of base budget adequacy needs in the same manner as other tuition and fees collected by four-year institutions."

Explanation:

(This amendment would allow the Virginia Community College System to retain any unspent nongeneral fund revenue from tuition and fees and requires that the funds be made available for expenditure by October 1 of the following fiscal year.) Higher Education Subcommittee

Page 192, after line 18, insert:

"G. Except as provided otherwise in this paragraph, the provisions of the Virginia Public Procurement Act (§ 2.2-4300 et seq., Code of Virginia) shall not apply to the expenditure of funds from the Virginia 400th Anniversary Fund. However, the provisions of this paragraph shall not be effective until such time as the Board of Trustees of the Jamestown-Yorktown Foundation has adopted guidelines generally applicable to the procurement of goods and services by the Jamestown-Yorktown Foundation and Jamestown 2007 through the expenditure of funds from the Virginia 400th Anniversary Fund. The guidelines shall implement a system of competitive negotiation for professional services; shall prohibit discrimination because of race, religion, color, sex or national origin of the bidder or offeror in the solicitation or award of contracts; may take into account in all cases the dollar amount of the intended procurement, the term of the anticipated contract, and the likely extent of competition; may implement a prequalification procedure for contractors or products; may include provisions for cooperative procurement arrangements; shall incorporate the prompt payment principles of §§ 2.2-4350 and 2.2-4354, Code of Virginia; and may implement provisions of law. The following sections of the Virginia Public Procurement Act shall continue to apply to procurement by the Jamestown-Yorktown Foundation and Jamestown 2007 with funds from the Virginia 400th Anniversary Fund: §§ 2.2-4311, 2.2-4315, 2.2-4330, 2.2-4333 through 2.2-4338, 2.2-4340 through 2.2-4342, and 2.2-4367 through 2.2-4377, Code of Virginia."

Explanation:

(This amendment exempts Virginia 400th Anniversary Fund expenditures from most of the provisions of the Virginia Public Procurement Act. The Amendment will allow Jamestown 2007 and the Jamestown-Yorktown Foundation to use the Fund to contract with corporate sponsors for events commemorating Jamestown's 400th anniversary.)

"B. The Library of Virginia shall, with due diligence and dispatch, make such operating adjustments as are necessary and prudent to provide proper care for the Library's records and collections, having regard for the capacities and limitations of the Library building's physical plant. Such adjustments may include, but need not be limited to, relocating materials on and among floors of the building or elsewhere including without limitation the Library's Records Center and redeploying and adjusting staff work areas and conditions. The operating plans to accomplish any changes, as well as the implementation of such plans, shall be reported to the Secretaries of Education and Administration no later than August 1, 2004."

Explanation:

(This amendment is self-explanatory.)
