

Summary of

**THE GOVERNOR'S
PROPOSED 2006-2008 BUDGET**

Introduced as SB/HB 30

January 10, 2006

Prepared jointly by the staffs of the:

SENATE FINANCE COMMITTEE

and

HOUSE APPROPRIATIONS COMMITTEE

INTRODUCTION

This document was prepared by the staffs of the Senate Finance and House Appropriations Committees as a preliminary report on the Governor's budget proposal for the 2006-2008 biennium. Subsequent staff reports will be made available during the 2006 General Assembly Session.

Overview of the Governor's Budget Recommendations for 2006-08

The Governor's budget recommendations for 2006-08 are predicated on (1) significant increases in the projected revenues above the amounts forecast last year, and (2) substantial uncommitted balances that result primarily from the revised revenue forecast for the current year. Together, these factors provide about \$34.4 billion in available general fund resources for the 2006-08 biennial budget.

The budget, as introduced, proposes net operating increases of about \$4,598.1 million above the current services budget, plus \$930.2 million for capital outlay funding. The unappropriated balance of \$44.6 million includes authorization to use \$18.0 million for specific economic development projects.

Proposed General Fund Budget for 2006-08 (\$ in millions)	
Resources Available for Appropriation	\$ 34,419.2
Operating Appropriations	33,444.4
Capital Outlay Appropriations	<u>930.2</u>
Unappropriated Balance	\$ 44.6

The proposed budget includes about \$1.5 billion in one-time general fund spending, including the \$930.2 million for capital outlay, \$339.0 million for transportation initiatives, and \$232.5 million for water quality improvements.

Revenues

The Governor's proposed 2006-08 budget includes \$31.6 billion in general fund revenues available for appropriation, based on growth rates of 6.0 percent for FY 2007 and 5.3 percent for FY 2008. The proposed budget also includes \$1,241.4 million as a projected balance forward at the end of the 2004-06 biennium. This balance resulted from the ripple effect of a \$544.6 million revenue surplus in FY 2005 related primarily to three sources (non-withholding,

corporate and deed recording taxes), and the expectation that these three sources will continue to experience healthy growth in FY 2006.

Finally, the general fund forecast contains almost \$1.6 billion in transfers. Of this amount, \$852.2 million represents the transfer of lottery profits estimated at \$426.1 million in each year of the biennium and \$468.5 million over the biennium representing the additional one-quarter cent for public education. Other customary transfers include ABC profits of \$47.4 million for the biennium, plus about \$65.0 million per year from ABC profits and \$9.9 million per year from wine tax profits directed to the Department of Mental Health, Mental Retardation and Substance Abuse Services for substance abuse programs.

General Fund Resources Available for Appropriation (2006-08 biennium, \$ in millions)	
Net Beginning Balance	\$ 1,241.4
Revenue Estimate	31,615.7
Lottery Proceeds	852.2
Other Transfers	<u>709.9</u>
Total GF Resources	\$34,419.2

Proposed Spending Increases

The budget, as introduced, proposes net new spending of \$5,528.3 million GF above the adjusted base budget for the next biennium. Major proposed spending items include:

- \$1,355.4 million GF for the cost of the state’s share of the Standards of Quality for public schools, including projected enrollment, prevailing salaries and nonpersonnel costs, adjusted benefit contribution rates, updates to related categorical and incentive programs, and updates to the composite index.
- \$483.5 million GF to address the increased cost of Medicaid utilization and inflation.
- \$348.6 million GF for a proposed salary increase effective late 2006 that would provide a three percent salary increase for teachers, state and state-

supported local employees, and an average 3.65 percent salary increase to continue moving teaching and research faculty towards the 60th percentile of peer institutions nationally.

- \$930.2 million GF for new capital projects, cost overruns, equipment, and maintenance reserve funding.
- \$624.5 million GF for a transportation initiative.
- \$202.7 million GF for enrollment growth and base adequacy at Virginia's public colleges and universities. In addition, \$102.4 million GF in operating support is proposed for a higher education research initiative.
- \$225.0 million GF for wastewater treatment.
- \$113.8 million GF for debt service on previously authorized capital projects, for proposed new projects, and equipment for previously authorized projects.

Spending Increases
Proposed in HB 30/SB 30, as Introduced
(Biennial GF, \$ in millions)

Public Education

Direct Aid

Rebenchmarking technical updates:	
ADM, salaries, health care, transportation, textbooks	\$941.9
Sales tax revenue estimates	185.0
Benefit rates for SOQ positions: VRS @ 9.2% & Group Life @ 0.49%	165.9
Composite Index	41.3
Categorical programs	13.5
2005 Triennial Census (school-aged population)	7.8
3.0% salary increase for SOQ instructional and support FTEs, Dec. 1, 2006	167.6
Education for a Lifetime - Incentives for highly qualified teachers in hard-to-staff schools	6.1
Phase-in two school divisions in cost of competing adjustment (COCA)	4.8

Museum of Fine Arts – security/workload related to expansion	1.9
Library of Virginia - operating support/state aid to local libraries	1.9
Other museums (Science, Frontier Culture, Gunston) – operating support	1.6
Jamestown agency operations and security funds for Jamestown 2007	1.4
Economic Development	
Department of Housing and Community Development	
Expand rural access to broadband technology	\$4.2
Create regional research and development centers	2.5
Alleghany Highlands regional economic development efforts	1.0
Department of Mines, Minerals and Energy	
Increased workload for mineral extraction	\$2.0
Virginia Economic Development Partnership	
Provide additional advertising funding	\$1.0
Virginia Tourism Authority	
Increased funding for leveraged advertising	\$2.0
Additional marketing of Jamestown 2007	1.8
Department of Forestry	
Establish water quality team	\$1.3
Purchase firefighting equipment through lease program	1.2
Central Appropriations	
Semiconductor manufacturing performance grants	\$23.8
Governor’s Opportunity Fund	21.0
Semiconductor education grants	5.0
Virginia Investment Partnership grants	1.6
Public Safety	
Department of Correctional Education	
Establish educational programs at new DOC facilities	\$4.8
Fund offender reentry programs	2.2
Replace obsolete teaching supplies, materials, and equipment	1.2
Department of Corrections	
Open and operate four new DOC facilities/major expansions	\$93.2
Fund increased inmate medical costs	15.8
Add probation/parole officers to address caseload growth	5.5
Fund increased private prison rates	3.8
Develop and implement the Corrections Information System	3.7
Replace expiring federal substance abuse treatment grants	2.8

Expand sex offender containment programs	2.2
Fund upgrades at Craigsville waste water treatment facility	1.3
Department of Criminal Justice Services	
Increase funding for the H.B. 599 program	\$33.8
Fund gang prevention activities	3.6
Continue the pre- and post-incarceration program	2.4
Increase local probation/pretrial services capacity	2.3
Department of Fire Programs	
Provide general funds for Fire Programs Fund match	\$12.0
Department of Forensic Science	
Increase staffing, equipment, and space utilization	\$4.0
Use overtime and contract laboratories to reduce drug case backlog	1.4
Department of Juvenile Justice	
Open housing units at Culpeper and Hanover JCCs	\$6.4
Fund offender reentry programs	3.1
Replace expiring federal job training grants	1.4
Department of Military Affairs	
National Guard Foundation & Military Family Fund	\$1.0
Department of State Police	
Increase State Police trooper patrol staffing	\$9.8
Replace obsolete law enforcement automated systems	5.8
Enhance sex offender registry web site	1.0
Judicial Department	
Supreme Court	
Replace nongeneral funds for Drug Courts	\$5.7
Circuit Courts	
Increase funding for Criminal Fund	\$18.6
Increase Court-Appointed Attorney payment rates	3.7
General District Courts	
Increase funding for Involuntary Mental Commitment Fund	\$0.8
Indigent Defense Commission	
Increase Public Defender staffing levels	\$2.3
Natural Resources	
Department of Conservation and Recreation	
Address State Park operations and staffing needs	\$3.2
Provide additional support to Soil and Water Conservation Districts	\$1.0
Provide for extension of Southside "Rails to Trails" project	\$1.0
Department of Environmental Quality	
Provide funding for wastewater treatment improvements	\$200.0
Fund wastewater treatment outside Chesapeake Bay region	25.0
Add funding for combined sewer overflow projects	7.5
Provide additional funding for TMDL Program	1.4
Increase oversight of landfills and solid waste regulations compliance	1.1
Add funding to ensure adequate groundwater supplies	0.9

Virginia Museum of Natural History	
Provide additional funding and staffing for new museum	\$0.9
Executive Offices	
Office of the Governor	
Provide state support for Office of Commonwealth Preparedness	\$1.0
Transfer Virginia Liaison Office Operations to Governor's Office	0.6
Office of the Attorney General	
Address increased demand for attorneys and legal secretaries	\$1.0
Transfer Tobacco Master Settlement Enforcement from Taxation	0.6
State Grants to Nonstate Entities	\$19.8
Other Spending	\$19.0
TOTAL Major General Fund Spending	\$5,585.6

Proposed Budget Savings

The introduced budget includes about \$57.3 million in proposed general fund budget savings. The proposed savings are detailed below.

Savings Proposed in HB 30/SB 30, as Introduced	
(Biennial GF, \$ in millions)	
Public Education	
Direct Aid	
Technical – Update incentive-based programs (such as non-participation savings in at-risk four-year-olds program)	(\$26.8)
Technical – Update Lottery proceeds based on impact of North Carolina	(12.2)
Human Resources	
Department of Medical Assistance	
Reduce state Medicaid expenditures at Central Virginia and Southeast Virginia Training Centers – Proposed MHMR Initiative	(\$9.2)
Implement a specialty drug program	(1.4)
Outsource compliance audits for various services	(1.0)
Department of Mental Health, Mental Retardation & Sub. Abuse Services	
Reduce operating costs at Western and Eastern State Hospitals – Proposed MHMR Initiative	(\$5.5)

Technology	
Virginia Information Technologies Agency	
Capture technology operating efficiencies	(\$1.6)
TOTAL General Fund Savings	(\$57.3)

A summary of significant general fund spending increases and savings actions proposed in each major area follows.

Public Education. The proposed budget for Direct Aid to Public Education results in a net increase of \$1,501.0 million GF for the biennium, an increase of 15.0 percent over the adjusted base budget. Increases for Direct Aid to Public Education include \$1,316.6 million GF to update the Standards of Quality (SOQ), Incentive, and Categorical accounts to reflect increased Average Daily Membership (ADM) enrollment of 17,436 more students by the second year; to increase prevailing salaries and non-personnel costs of education; to update the proposed fringe benefit rates for the VRS retiree health care credit and group life; to update sales tax and lottery revenue projections; and to update composite index calculations.

In addition, proposed amendments add \$167.6 million GF for the state's share of a 3.0 percent salary increase for teachers and support positions, effective December 1, 2006; \$6.1 million GF for a three-year program to attract and retain highly qualified teachers in "hard-to-staff" schools; and \$4.9 million GF to phase-in the cost of competing adjustment for localities impacted by the Northern Virginia labor market; and \$4.3 million for Advanced Placement test fees.

For other education agencies, the amendments propose \$4.1 million GF for grants to arts organizations through the Virginia Commission for the Arts.

Higher Education. The proposed budget includes a biennial increase of \$451.3 million GF, or about 14.2 percent when compared to the adjusted base appropriation. Proposed increases for higher education include \$202.7 million GF to address enrollment growth and base adequacy; \$102.4 million GF for a new higher education research initiative; \$44.0 million GF to continue moving average faculty salaries to the 60th percentile of peer institutions nationally; and \$40.0 million GF in undergraduate student financial aid at public and private institutions, including \$13.3 million for the Tuition Assistance Grant.

Health and Human Resources. The proposed budget provides a net increase of \$886.0 million GF over the current services budget. Caseload and cost increases in Medicaid, Medicaid SCHIP and FAMIS (the state health insurance

programs for low-income children), the adoption subsidy program, and the Temporary Assistance to Needy Families (TANF) program total about \$587.2 million GF. An additional \$80.1 million is required to implement the new federal Medicare Part D prescription drug benefit.

Other increases include \$112.4 million GF for proposals to restructure the mental health, mental retardation and substance abuse services system by bolstering community services; \$32.0 million for health care provider rate increases; \$24.3 million to expand health and social services for low-income families and aged and disabled individuals; \$21.3 million to preserve access to services such as early intervention care for at-risk infants and toddlers and social services to the aged; \$15.0 million to provide sufficient funding for prescription drugs for mentally ill and mentally retarded consumers served by state facilities and community service boards; \$15.0 million to maintain current agency operations by funding energy, insurance and other cost increases; and \$11.3 million to promote efficiencies in government, such as the adoption of Electronic Health Records.

Medicaid savings of \$11.7 million GF are anticipated from the discharge of residents at two mental retardation training centers as additional resources are allocated to expand community-based services, from more rigorous compliance audits for certain services, and the implementation of a Specialty Drug Program for chronic diseases. Savings of \$5.5 million GF at two mental hospitals are anticipated as patients are appropriately discharged into community programs and additional resources are provided to divert individuals with mental illness from state facility care.

Public Safety. The proposed budget includes \$98.0 million GF to open four new adult correctional facilities, including St. Brides Phase II, the Deerfield expansion, and the two new medium security facilities in Pittsylvania and Tazewell Counties. Another \$6.5 million is provided to open housing units at Culpeper and Hanover Juvenile Correctional Centers. For the Department of Corrections, an additional \$15.8 million GF is added to support medical care for inmates; \$5.5 million for 53 new probation officers to meet the increasing supervision caseload; \$2.3 million for five new sex offender containment programs in district probation offices; and \$3.7 million to upgrade the Corrections Information System.

The proposed budget also includes \$12.0 million GF to augment the Fire Programs Fund, to provide a \$2 general fund match for every \$3 allocated to local fire departments from nongeneral funds. Currently, this program is funded entirely with nongeneral funds (from the special tax on property insurance premiums). A new initiative totaling \$6.1 million GF is recommended for

expanded transitional services to assist offenders in the process of reintegration into their home communities upon release from prison.

An additional \$33.8 million is provided to increase state aid for localities with police departments (HB 599) consistent with the projected increase in general fund revenues. For the Department of State Police, \$9.8 million is recommended to fill state trooper vacancies, \$5.8 million to upgrade information systems, and \$0.9 million to enhance the sex offender registry. Another \$6.2 million is provided to strengthen the new Department of Forensic Services, and \$3.6 million is added for the Governor's anti-gang initiative.

Transportation. The Governor's proposed budget includes \$704.6 million GF and \$8,703.7 million NGF for Transportation. Included in the recommended general fund appropriation is a \$624.5 million initiative proposed by the Governor to expedite the funding of highway, mass transit and rail improvements. Two components of the proposal would be ongoing: \$228.9 million to VDOT to pay debt service costs for federal revenue anticipation notes (FRANs) and \$56.6 million to supplement the existing mass transit capital program. The remaining general fund expenditures are one-time commitments to match projects earmarked in the recently adopted federal highway authorization legislation; to supplement funding for seven specific highway, transit and rail projects; to initiate a teleworking incentive program; and, to fund construction of an intermodal facility in the Route 460 corridor and Route 58 improvements at the Hillsville Bypass.

The budget, as introduced, as introduced, also includes \$15.4 million NGF for computer system upgrades at the Department of Motor Vehicles (DMV), including DMV's primary Customer Services System. The cost of reengineering this system will exceed \$30.0 million, of which \$9.1 million NGF would be funded in the upcoming biennium. The remaining cost would be financed through the master equipment lease program through FY 2011.

General Government. Major general fund increases in the Offices of Administration, Finance, and Technology, and the Independent Agencies include: \$113.8 million for the Treasury Board for debt service payments, \$9.7 million for the Department of Accounts for benefits payable under the Line-of-Duty Act, and \$1.6 million for the Department of General Services for technology enhancements. The budget also proposes \$1.4 million for strengthened tax compliance efforts and \$1.0 million for a new Consulting Service Line at the Innovative Technology Authority. Proposed increases for the Compensation Board include: \$12.1 million GF to provide additional staff for local constitutional officers; \$4.8 million for additional staff at new and expanded jail facilities; and \$1.8 million to maintain the 1:1,500 ratio of law enforcement deputies to population. The budget includes a \$1.6 million GF reduction

resulting from anticipated savings due to the VITA implementation. The savings will be realized in FY 2007, rather than in FY 2006 as originally anticipated.

Nongeneral fund increases include: \$16.0 million to VITA for E-911 operations; \$6.0 million to VITA for creation of an Acquisition Services Special fund; \$5.4 million to the Virginia Retirement System for workload increases; and \$2.6 million for the Virginia Veterans Care Center in Salem. Nongeneral fund decreases include a proposed reduction of \$23.1 million to reflect more accurately the final payments due under the Department of Taxation partnership agreement.

Judicial. The proposed budget includes \$18.6 million GF for the Criminal Fund, plus \$3.7 million to raise attorney fees closer to the statutory caps for representation of indigent defendants in criminal cases. In addition, the proposed budget includes \$2.3 million for 16 new public defenders to reduce caseloads. An additional \$5.0 million GF is recommended to replace nongeneral funds which are no longer available to support existing drug courts.

Central Appropriations. Items in central accounts include \$21.0 million GF for the Governor's Opportunity Fund and \$37.2 million for semiconductor performance grant programs. Additional amounts proposed include \$3.5 million for the Council on Virginia's Future, \$27.1 million for a proposed PPEA to upgrade the state's financial accounting and operations systems, \$30.0 million for matching grants to address BRAC 2005 recommendations, and \$600,000 for the Governor's Motion Picture Opportunity Fund.

Finally, proposed budget language authorizes the Governor to use up to \$15.0 million of the unappropriated general fund balance to assist Henrico County in attracting a national tourism venue and to use up to \$1.5 million to fund indemnity payments to poultry and livestock growers and owners who sustain economic losses from disease outbreak or natural disaster.

Employee Compensation and Benefits. A total of \$153.3 million GF is proposed for salary increases for state classified employees and state-supported local employees. Central Appropriations contains \$113.0 million GF for a 3.0 percent salary increase for state classified employees on November 25, 2006, as well as funding for agency pay practices to address recruitment, retention, and other compensation issues. In addition, \$40.2 million GF is recommended for a 3.0 percent salary increase on December 1, 2006 for state state-supported local employees. Funding totaling \$44.0 million GF for an average 3.65 percent increase for teaching and research faculty is included separately for each institution of higher education. In addition, funding of \$167.6 million GF is provided for a 3.0 percent salary increase for teachers and support positions in public education.

Funding of \$72.5 million GF is proposed to address the increase in employer contribution rates for VRS-administered programs. These programs include the retirement systems for state employees, state police, and judges; retiree health insurance credit; sickness and disability; and group life insurance.

Finally, \$71.2 million GF is included for the employer's share of the increase in health insurance premiums effective July 1, 2006. This amount also fully funds enhanced prevention and wellness coverage by eliminating certain out-of-pocket costs for routine medical provider visits and tests.

Commerce and Trade. General funds of \$8.7 million are proposed for the Department of Housing and Community Development for a variety of spending initiatives, including \$4.2 million to expand rural access to broadband technology. An additional \$2.9 million GF is included for the Virginia Tourism Authority with \$1.75 million GF for advertising and marketing the Jamestown 2007 Commemoration. Proposed budget language under the Department of Mines, Minerals and Energy would authorize the Governor to use up to \$3.0 million from the unappropriated general fund balance to provide incentive grants for the manufacture of alternative fuels.

Natural Resources. Water quality and related issues comprise almost all of the general fund increases in the area of natural resources. The budget proposes \$200.0 million to assist wastewater treatment plants in the Chesapeake Bay Watershed control the levels of nitrogen and phosphorus entering state waters, \$25.0 million for wastewater treatment plant upgrades in Virginia's Southern Rivers, and \$7.5 million to assist Richmond and Lynchburg in addressing combined sewer overflow issues.

Funding of \$39.6 million GF is proposed in HB/SB 29 for the implementation of nonpoint source pollution controls such as agricultural best management practices. The budget assumes this amount will be expended in the 2006-08 biennium along with an additional \$1.0 million proposed for the Soil and Water Conservation Districts. The budget also proposes \$3.2 million GF and 21 positions for the state parks system. These funds are targeted toward facilities opening in the 2006-08 biennium.

Capital Outlay. The budget proposes over \$2.1 billion in capital outlay funding, including \$930.3 million from the general fund. This amount includes: \$505.2 million for new construction and renovation projects, primarily at higher education institutions; \$150.0 million for maintenance reserve; \$134.5 million to address cost increases for previously approved capital projects; \$52.0 million for property acquisitions; \$41.9 million for equipment at buildings expected to be completed during the biennium; and \$46.7 million for other project supplements and project planning expenses.

The proposed budget also includes bond authority for revenue-generating projects totaling \$706.9 million. Nongeneral fund projects total \$416.0 million, mainly in higher education. Finally, the budget includes \$90.0 million in Virginia Port Authority bonds for improvements at Norfolk International Terminal.

The Governor also proposes (through separate legislation) \$491.9 million in tax-supported debt, including: \$290 million in Virginia Public Building Authority (VPBA) bonds for mental health and mental retardation facilities and \$201.9 million in VPBA debt for the completion (Phase 2) of the State Agencies Radio System (STARS). In addition, Part V of the budget bill proposes the use of \$50 million in Virginia College Building Authority (VCBA) debt for undesignated research projects at Virginia's public colleges and universities.

Grants to Nonstate Agencies. The budget, as introduced, provides \$19.2 million GF the first year and \$0.6 million GF the second year for grants to 52 non-state agencies.

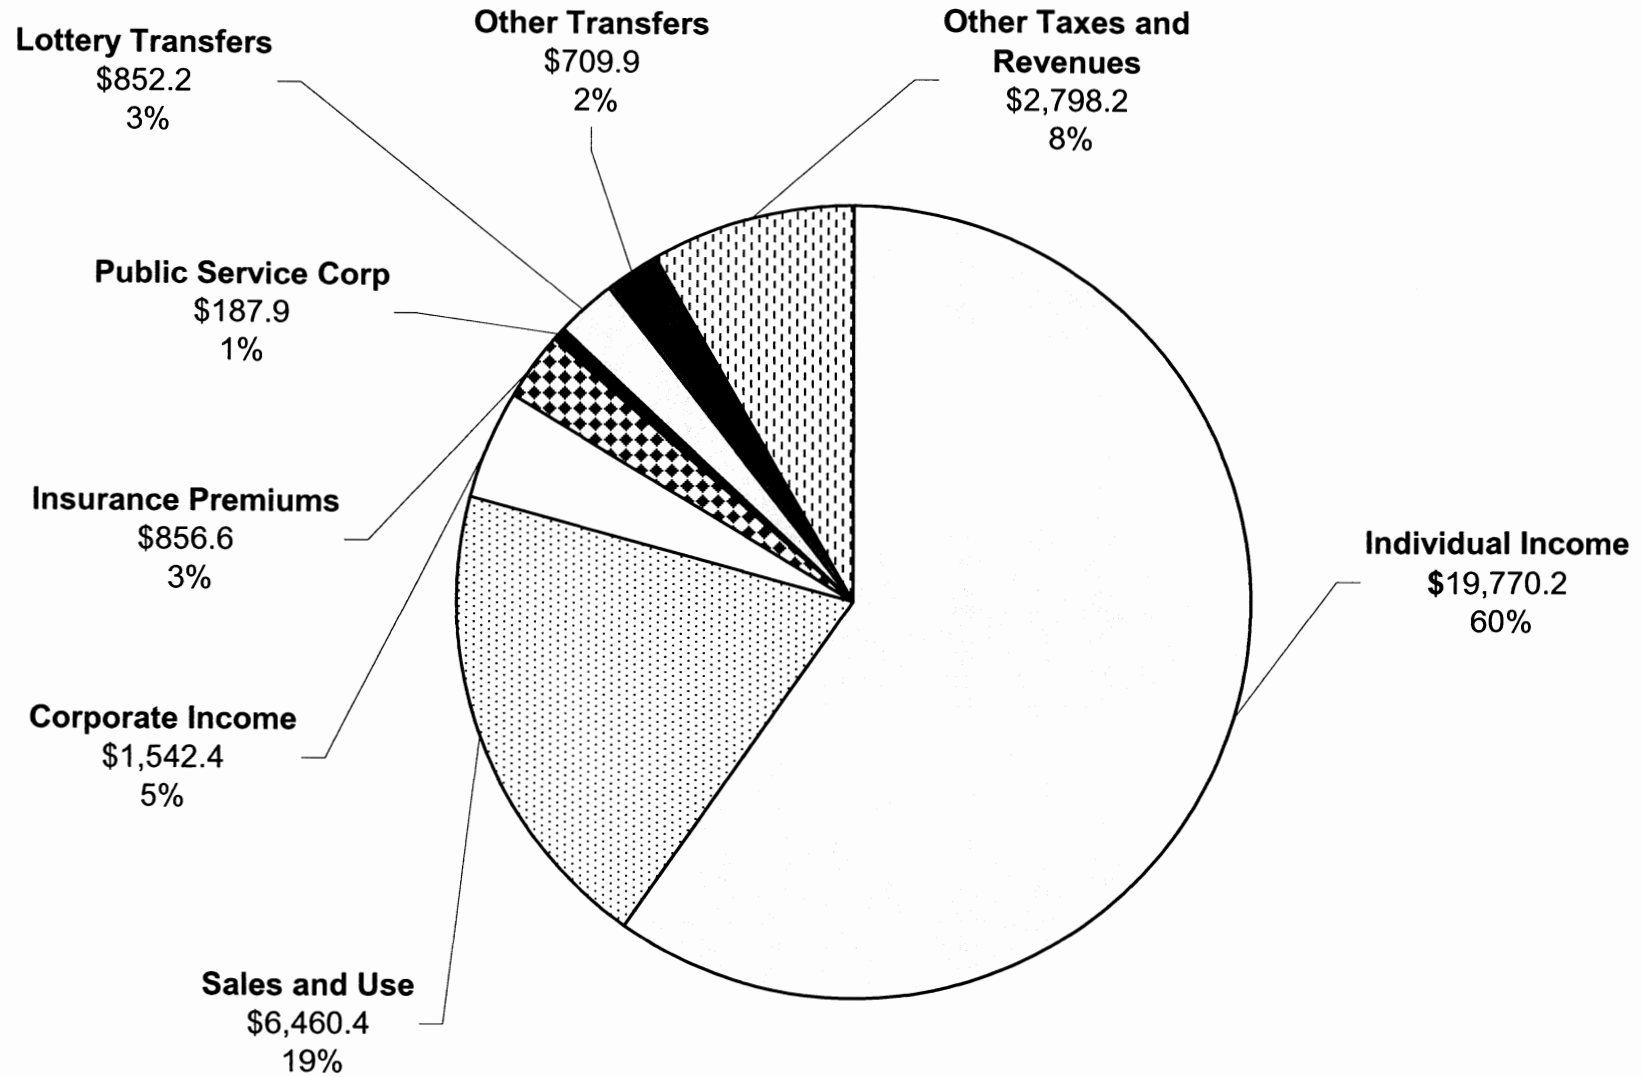

2006-2008 GF Operating Budget \$33,444.3 million

2006-2008 General Fund Revenues = \$33,177.8

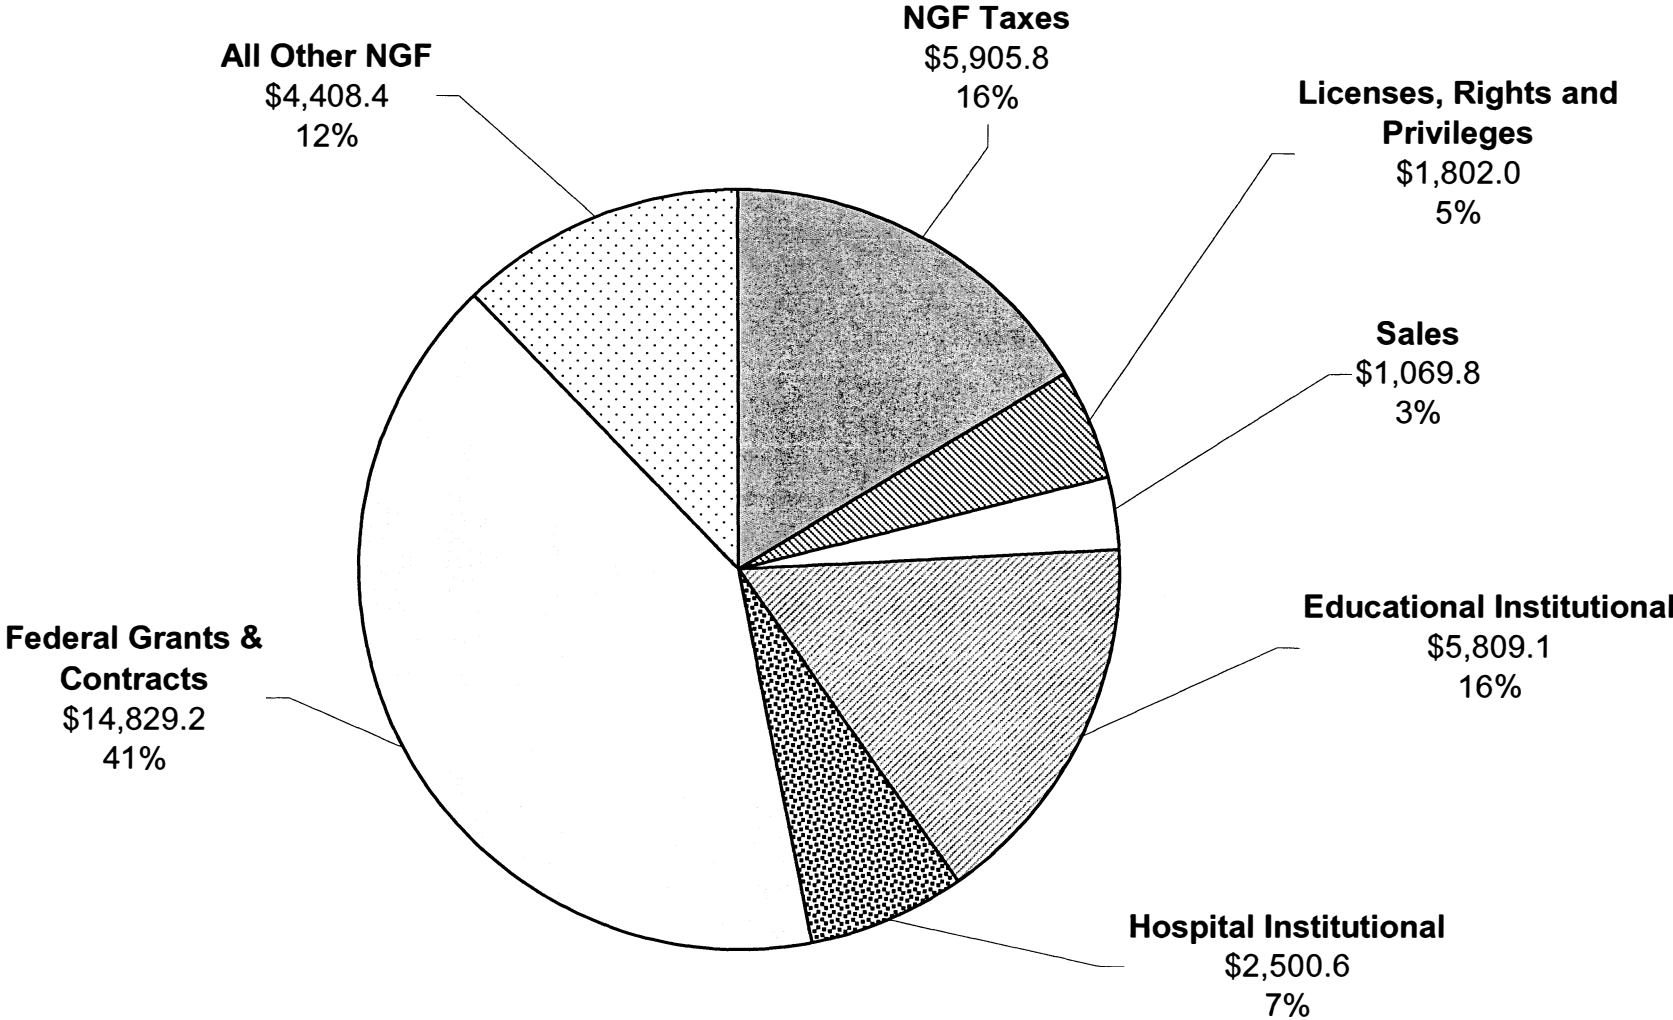

HB30/SB30, as Introduced

(\$ in millions)

2006-2008 Nongeneral Fund Revenues = \$36,324.9

(\$ in millions)

2006-2008 Total Revenues = \$69,502.7

HB30/SB30, as Introduced

(\$ in millions)

Resources

The Governor's proposed 2006-08 budget includes \$34.4 billion in general fund resources available for appropriation.

General Fund Resources Available for Appropriation (2006-08 biennium, \$ in millions)	
Beginning Balance	\$1,242.4
Adjustments to the Balance	(1.0)
Official GF Revenue Estimate	31,615.7
Transfers	<u>1,562.2</u>
GF Resources Available for Appropriation	\$34,419.3

Available Balance

The budget, as introduced, includes \$1,242.4 million as a projected unspent balance at the end of the 2004-06 biennium. This balance results from the ripple effect of a \$544.6 million revenue surplus in FY 2005 related primarily to three sources (non-withholding, corporate and deed recording tax), and the expectation that these three sources will continue to experience healthy growth in FY 2006.

Economic Projections

The 2006-08 general fund revenue forecast assumes growth rates of 6.0 percent for FY 2007 and 5.3 percent for FY 2008, resulting in projected collections of \$31,615.7 million. The forecast assumes that job growth will be slightly below long-term trends as the combined stimulus from federal defense/Homeland Security spending and an exceptional housing market in Northern Virginia softens. The forecast assumes that income and wage/salary growth will mirror long-term trend growth in the range of 6.0 to 6.5 percent.

Growth is expected to moderate in the three volatile revenue sources that generated the majority of revenue adjustments in the 2004-06 biennium (non-withholding, corporate and deed recording tax) as (1) abnormal activity related to federal tax law changes and one-time events like the \$32 billion Microsoft dividend is not replicated, (2) corporations increase spending for capital investments and operating costs, and (3) the housing market cools.

The slowing housing market, coupled with higher interest rates, is also expected to dampen consumer spending and related retail sales tax as fewer cash-out refinancings occur.

Economic Variables Assumed In Forecast Percent Growth Over Prior Year (December Forecast)				
	<u>FY 2007</u>		<u>FY 2008</u>	
	<u>VA</u>	<u>U.S.</u>	<u>VA</u>	<u>U.S.</u>
Employment	1.7%	1.4%	1.6%	1.3%
Personal Income	6.5%	6.4%	6.0%	5.8%
Wages & Salaries	6.4%	6.0%	6.0%	5.8%

Economic Forecast of General Fund Revenues Projected Growth (2006-08 biennium, \$ in millions)				
	<u>FY 2007</u>	<u>% Growth</u>	<u>FY 2008</u>	<u>% Growth</u>
Net Individual	\$9,610.4	5.9%	\$10,159.8	5.7%
Corporate	746.5	3.3%	795.9	6.6%
Sales	3,150.3	12.0%*	3,310.1	5.1%
Insurance	416.4	6.1%	440.2	5.7%
Recordation	659.0	(14.6)%	665.0	0.9%
All Other	<u>818.7</u>	8.5%	<u>843.4</u>	3.0%
Total Revenues	\$15,401.3	6.0%	\$16,214.4	5.3%

*Growth rate is artificially inflated due to elimination of most accelerated sales tax collections in FY 2006.

Impact of Policy Changes on Revenue Estimates

In addition to economic variables, the revenue estimate is affected by several policy changes: (1) a reduction of \$2.6 million per year from moving the date of conformity with federal tax law from December 2004 to December 2005 (separate legislation will be introduced); (2) a reduction of \$16.6 million over the biennium by allowing higher education institutions to retain interest earnings on sponsored research funds; and (3) the addition of \$15.8 million in tax compliance revenues from adding 10 additional staff at the Department of Taxation.

The introduced budget does not honor a directive of the 2005 General Assembly to eliminate the remaining accelerated sales tax collections for the largest retailers, with the related \$27.0 million reduction in revenue.

Transfers

Proposed transfers to the general fund increase total available resources by \$1.56 billion. Of this amount, \$852.2 million represents the transfer of lottery profits estimated at \$426.1 million in each year, or a projected reduction of \$15.7 million per year related to initiation of a North Carolina lottery, and \$468.5 million from the 1/4th cent sales tax that is transferred from the Local Real Estate/SOQ Fund for public education.

Other customary transfers include ABC profits of \$47.4 million for the biennium, with an additional \$64.1 million in the first year and \$65.4 million in the second year of ABC profits and \$9.9 million per year of wine tax profits going to the Department of MHMRSAS for substance abuse programs.

The introduced budget reduces general fund reliance on (1) targeted NGF savings, (2) uninsured motorist fees, (3) ABC across-the-board reductions, (4) additional funding from \$4 for life, and (5) vital records fee increase, over the course of the biennium, by transferring 50 percent of the identified amounts to the general fund in the first year and eliminating the transfer altogether in the second year. Transfers would be reduced by \$12.4 million in the first year and \$24.3 million in the second year from this action.

Uninsured motorist fees of \$3.2 million in the first year and \$6.4 million in the second year, no longer transferred to the general fund, would be diverted to DMV for computer system upgrades, rather than remaining with the State Corporation Commission.

HB/SB 30 assumes the continued transfer to the general fund of \$10.0 million per year from DMV VIPNet fees.

Proposed Transfers in HB/SB 30, As Introduced

Lottery Profits	\$852.2
1/4 cent Sales Tax - Local Real Estate/SOQ Fund	468.5
ABC/Wine to Dept. MHMRSAS for Substance Abuse	149.2
ABC Profits	47.4
Un-refunded Marine Fuels Tax	14.8
Sales Tax Compliance & Indirect Cost Recoveries	32.3
Court Debt Collections	3.9
Targeted NGF Reductions	5.2
ABC Across-the-Board Reductions	1.3
VITA Savings	6.9
IDEA Funds	11.0
Uninsured Motorist Fees	3.2
Transfer Sales Tax to Game Protection Fund	(32.9)
Transfer to Children's Health Program	(28.1)
Miscellaneous Other	7.3
Continue to Transfer DMV VIPNet Fees	<u>20.0</u>
Total	\$1,562.2

Legislative

The budget for the Legislative Department, as proposed for the 2006-08 biennium, adds \$196,354 GF. This represents an increase of 0.17 percent for the two-year period when compared to the adjusted appropriation for current operations. These amounts consist entirely of adjustments related to the ongoing cost of basic operations. No changes are recommended for nongeneral funds. Accordingly, the total amounts recommended for the Legislative Department for the 2006-08 biennium are \$114.7 million GF and \$6.5 million NGF.

Judicial

The 2006-08 budget, as introduced, includes a total of \$685.8 million GF and \$32.5 million NGF for the Judicial Department. For the general fund, this includes a net increase of \$32.6 million (or 5.0 percent) for the biennium when compared to the adjusted appropriation for current operations. For nongeneral funds, the proposed budget recommends increases of \$2.7 million for an increase of 9.2 percent for the biennium.

Proposed amendments include an additional \$18.6 million GF for the Criminal Fund, plus \$3.7 million to raise attorney fees closer to the statutory caps for representation of criminal indigent defendants. In addition, the proposed budget includes \$2.3 million for the Indigent Defense Commission for 16 new public defenders to reduce caseloads. An additional \$5.0 million is recommended to replace nongeneral funds that are no longer available to support 14 existing drug court programs.

The proposed budget for the General District Courts includes \$0.8 million GF for the Involuntary Mental Commitment Fund. This represents the required addition for that portion of the fund which is expended by the Judicial Department. The remainder of this fund is expended by the Department of Medical Assistance Services (DMAS).

- **Supreme Court of Virginia**
 - *Court Technology Study.* Provides \$250,000 GF the first year to study technology needs for the court system and develop a comprehensive technology plan.
 - *Magistrate Study.* Includes \$250,000 GF the first year for a consultant study of manpower needs for the magistrate system.
 - *Substitute GF Support for 14 Drug Courts.* Provides \$2.5 million GF each year to replace nongeneral funds with general funds for 14 drug courts which have been supported through a federal Byrne grant earmark and drug assessment fees. These nongeneral funds are no longer available to support the drug courts.
 - *Drug Court Expansion.* Provides an additional \$367,000 GF each year for two more drug courts, in addition to those currently receiving state support. (Currently, there are 28 drug courts in Virginia, of which 14 have received state NGF support from the federal earmark and drug assessment fees, and another 14 which have not received state NGF funding.)

- *Judicial Expenses.* Includes \$56,000 GF each year for expenses not otherwise reimbursed for the Chief and Associate Justices of the Supreme Court of Virginia. Language is included raising the cap on these expenses from \$6,500 to \$13,500.
- *Spanish Language Training.* Includes \$19,500 the first year and \$117,000 the second year from the general fund for a pilot program to provide on-site Spanish language courses for court employees.
- **Circuit Courts**
 - *Criminal Fund.* Includes \$9.3 million GF each year to recognize projected costs for the Criminal Fund. The consensus expenditure projection for the fund is \$82.3 million in FY 2006, \$86.2 million in 2007, and \$90.0 million in 2008. With this recommendation, the appropriation would be level-funded at \$86.2 million in fiscal years 2007 and 2008.
 - *Increased Court-Appointed Attorney Fees.* Provides \$1.2 million the first year and \$2.5 million the second year from the general fund for the Criminal Fund, to increase the fees paid to court-appointed attorneys representing indigent defendants in criminal cases. This would raise the fees closer to the statutory maximums.
- **General District Courts**
 - *Involuntary Mental Commitment Fund.* Provides \$389,876 GF each year for increased costs to the fund. The consensus expenditure projection for the fund is \$5.0 million in FY 2006, \$5.3 million in 2007, and \$5.6 million in 2008. With this recommendation, the appropriation would be level-funded at \$5.3 million in fiscal years 2007 and 2008.
- **Board of Bar Examiners**
 - *Additional Position.* Increases the agency nongeneral fund appropriation by \$60,910 each year to reflect agency expenditures for one position added by the board in 2005
 - *Per Diems.* Increases the agency nongeneral fund appropriation by \$14,330 each year to cover the cost of per diem payments for travel by board members. The per diem rate was raised by the Supreme Court in 2005.

- *Multi-State Bar Examination.* Increases the agency nongeneral fund appropriation by \$5,814 each year to account for the increase in the fee (from \$45 to \$48) for the multi-state bar examination. The fee increase will be effective in July 2006.
- **Indigent Defense Commission**
 - *Public Defender Staffing.* Includes \$1.2 million the first year and \$1.1 million the second year and 16 positions from the general fund. This recommendation provides additional public defenders to reduce the number of cases per attorney.
- **Virginia Criminal Sentencing Commission**
 - *Additional Publication Costs.* Provides \$35,000 NGF each year to account for increased printing and distribution costs for additional copies of the sentencing guidelines manual.
- **Virginia State Bar**
 - *Compensation Plan.* Increases the nongeneral fund appropriation by \$39,016 the first year and \$91,538 the second year to reflect salary actions previously taken, consistent with the compensation plan as adopted by the Council of the Virginia State Bar.
 - *Other Compensation Actions.* Increases the agency nongeneral fund appropriation by \$120,650 each year to reflect additional salary actions for certain positions in highly competitive fields, including information technology and certain legal specialties.
 - *Nonpersonal Services.* Increases the nongeneral fund appropriation by \$387,635 the first year and \$447,385 the second year to reflect actual expenditures for contracts, supplies, transfer payments, and continuous charges, including rent.
 - *Professional Regulation Staff.* Increases the nongeneral fund appropriation by \$185,698 and 2.8 positions each year to regulate the legal profession in Virginia.
 - *Outside Attorney Services.* Increases the nongeneral fund appropriation by \$79,550 the first year and \$89,550 the second year to reflect current expenditures for outside attorney services.
 - *Facilities and Procurement.* Increases the nongeneral fund appropriation by \$24,010 and 0.6 positions each year to provide

administrative support for facilities and procurement in the Richmond and Alexandria offices.

- ***Public Information.*** Increases the nongeneral fund appropriation by \$28,812 and 0.6 positions each year to assist the public information coordinator in reporting bar activities and other substantive developments in the law that are published in the “Virginia Lawyer” magazine and in the general news media.
- ***Special Projects.*** Increases the nongeneral fund appropriation by \$132,500 each year for new initiatives of the Chief Justice of the Supreme Court of Virginia, including: Indigent Criminal Defense Training; Virginia Lawyers Helping Families; Programs for Solo and Rural Lawyers; and, the Conference on Reforming the Involuntary Mental Commitment Process. These funds are intended to support meetings and conferences, including expenses for speakers, printed materials, and hotel meeting rooms, but not to add additional staff.
- ***Clients’ Protection Fund.*** Increases the nongeneral fund balance in the fund by \$250,000 each year. The fund was established in 1976 to make monetary awards to persons who have suffered financial losses as a result of dishonest conduct by Virginia lawyers.
- ***Legal Aid.*** Provides \$250,000 GF the first year for the Legal Services Corporation of Virginia to support legal aid programs for the indigent in civil cases.

Executive

The 2006-08 budget, as introduced, includes a total of \$52.8 million GF and \$23.4 million NGF for Statewide Executive Offices. For the general fund, this includes total additions of \$4.1 million and total reductions of \$0.6 million, for a net increase of \$3.4 million for the two years, or 7.0 percent for the 2006-08 biennium when compared to the adjusted appropriation for current operations. For nongeneral funds, the total includes increases of \$0.4 million and reductions of \$0.3 million, for a net increase of \$0.2 million for the two years, or 0.76 percent for the 2006-08 biennium when compared to the adjusted appropriation for current operations.

The proposed budget transfers the Virginia Liaison Office into the budget for the Office of the Governor, and adds five new attorney positions and two legal secretaries to address workload concerns in the Office of the Attorney General. The budget also proposes to consolidate positions from the Department of Taxation into the Attorney General's office for the tobacco enforcement unit for the Master Settlement Agreement.

- **Office of the Governor**
 - *Virginia Liaison Office.* Adds \$307,647 GF and \$119,837 NGF and four positions each year. This reflects a proposed transfer of the Virginia Liaison Office to the Office of the Governor. Currently, the liaison office is a free-standing agency within the Statewide Executive Offices.
 - *Office of Commonwealth Preparedness.* Provides \$478,956 GF and three positions each year to offset federal grants that have expired.
- **Office of the Attorney General**
 - *Additional Attorneys.* Provides \$388,845 GF the first year and \$424,200 GF the second year and five positions to address the increasing need for legal advice. Additional attorneys are needed due to increases in the number of civil commitments of violent sexual predators, the number of writs required by the courts, and a backlog in legal issues related to real estate and capital projects.
 - *Additional Legal Secretaries.* Provides \$93,254 GF the first year and \$101,732 GF the second year and two positions for legal secretaries to address the growth in agency workload.

- *Pay Increase for Attorneys.* Provides \$135,068 GF and \$45,022 NGF each year for a salary increase of \$1,000 for each attorney.
- *Tobacco Enforcement.* Transfers \$298,109 GF the first year and \$320,845 GF the second year and four positions from the Department of Taxation to the Office of the Attorney General for enforcement of the Tobacco Master Settlement Agreement. This proposal is intended to combine the efforts and resources of the two agencies to achieve a higher level of services.
 - The general fund is reimbursed for the cost of the enforcement unit on a proportional basis, 50 percent from the Tobacco Indemnification and Community Revitalization Fund, and 10 percent from the Virginia Tobacco Settlement Fund, through a Part 3 Transfer. A companion amendment to Section 3-1.01, paragraph Q, makes this adjustment.
- *Division of Debt Collection - Workload.* Provides \$52,490 NGF the first year and \$51,358 NGF the second year and one position to improve the processing of debt collection receipts and the distribution of those receipts to state agencies. The growth in the workload exceeds the capacity of the current fiscal officer to complete the processing in a timely manner.
- *Division of Debt Collections – Retention of Balances.* Language is included to clarify that the division may retain up to 30 percent of collections to pay operating costs, but the balances retained may not exceed \$400,000. The division is to exercise a moratorium on payment for services whenever this ceiling is exceeded, during which time a minimum of 60 percent of collections must be transferred to agencies, while 40 percent must be reserved for transfer to the general fund.
- **Interstate Organization Contributions**
 - *Increased Charges.* Provides \$6,100 GF each year to reflect increased subscription charges for the Federal Funds Information System (FFIS), which is a national information service providing comprehensive data on all federal funds coming into Virginia.

Administration

The 2006-08 budget, as introduced, includes a total of \$1.3 billion GF and \$439.5 million NGF for the Administration secretariat. For the general fund, this includes increases of \$34.2 million and decreases of \$14,750, for a net increase of \$34.2 million GF (or 2.8 percent) for the biennium, when compared to the adjusted appropriation for current operations. For nongeneral funds, the proposed budget recommends increases of \$5.2 million and no decreases, for a net increase of 1.2 percent for the biennium, when compared to the adjusted appropriation for current operations.

The amendments include an additional \$4.9 million GF to provide staff for new and expanded jail facilities, \$12.1 million to provide staff for local constitutional officers, \$1.8 million to maintain the 1:1,500 law enforcement officer ratio, and \$1.6 million in technology enhancements for the Department of General Services. In addition, the proposed budget includes \$821,643 to increase staffing within the Department of Veterans Services to better pursue claims for veterans benefits. An additional \$2.5 million in nongeneral fund resources is recommended to increase the number of nurses and housekeepers at the Virginia Veterans Care Center in Salem.

- **Compensation Board**
 - *Provide Additional Deputies to Maintain One Deputy per 1,500 Residents Law Enforcement Ratio.* Increases general fund support for law enforcement deputies by \$850,583 the first year and \$929,698 the second year to provide for 29 new positions in the following eight counties sheriffs' offices: Fauquier, Frederick, Hanover, Loudoun, Montgomery, Spotsylvania, and Stafford.
 - *Provide Funding for Staffing in New Jails.* Includes an additional \$2.0 million the first year and \$2.9 million the second year from the general fund to support a new jail and two jail expansion projects that will be on-line during the biennium. These projects include the construction of the Eastern Shore Regional Jail and two expansion projects underway at the Northwestern Regional Jail, which serves Clarke County and the cities of Fredericksburg and Winchester.
 - *Purchase Public Safety Equipment.* Provides \$761,496 the first year from the general fund to add mug shot data enhancements to the live scan equipment in sheriff and regional jail offices and new live scan equipment including mug shot enhancements for offices currently without this equipment.

- *Per Diem Payments to Local and Regional Jails.* Provides \$285,804 each year from the general fund to reimburse localities for housing inmates in local and regional jails. The amount provided by the amendment is calculated based upon formulas specified in the Appropriation Act using actual inmate population counts through the first quarter of fiscal year 2006.
- *Sheriffs' Career Development Program.* Provides \$324,974 each year from the general fund to continue the career development program initiated by the General Assembly for sheriffs and deputy sheriffs. This program provides salary increases to sheriffs and deputies who meet the program's performance and continuing education requirements.
- *Additional Constitutional Officer Staffing.* Includes \$4.7 million the first year and \$7.5 million the second year from the general fund to augment staffing for local constitutional officers. Positions are included to increase deputies for courtroom security functions in local sheriffs' offices and to increase staffing for Commonwealth's attorneys, circuit court clerks, treasurers, directors of finance, and commissioners of the revenue.

Additional Staffing for Constitutional Officers
(\$ in millions)

<u>Proposed Initiatives</u>	<u>FY 2007</u>	<u>FY 2008</u>
Court Services Staffing (52)	\$0.7	\$1.1
Staffing for Commonwealth's attorneys (60)	1.4	2.2
Staffing for circuit court clerks (89)	1.3	2.0
Staffing for local treasurers (75)	0.6	0.9
Staffing for directors of finance (34)	0.3	0.4
Staffing for commissioners of the revenue (64)	<u>0.5</u>	<u>0.8</u>
Total for Constitutional Officer Staffing Increases	\$4.8	\$7.4

Total additional positions proposed for the biennium are listed in parentheses.

- *Annualize December 25, 2005 Salary Increase.* Includes \$2.7 million each year from the general fund to fully annualize previously approved salary increases for sheriffs, regional jail personnel, Commonwealth’s attorneys, directors of finance, and commissioners of the revenue.
- **Department of Employee Dispute Resolution**
 - *Fund Dispute Resolution Consultant.* Includes \$46,654 the first year and \$50,894 the second year from the general fund to provide for one-half of the salary and fringe benefits costs associated with a dispute resolution consultant position. In 2001, three dispute resolution consultant positions were created to be supported by nongeneral fund revenue from agency charges for training. Due to budget reductions, the agency has not filled these positions. The other two positions remain entirely nongeneral fund supported.
 - *Replace Aging Computers.* Provides \$25,000 the first year from the general fund to replace the agency’s computers, which are now past warranty and can no longer support agency software packages.
- **Department of General Services**
 - *Transaction Analysis Support for Real Estate Division.* Adds \$56,483 the first year and two positions and \$61,619 the second year from the general fund to augment the agency’s existing real estate staff. The additional positions, which will be supported in part by surcharges imposed on real estate contracts, will reduce the time needed to review real estate transactions, which in some cases has exceeded six months.
 - *Salary Increase for Consolidated Laboratory Technical Staff.* Includes \$96,406 the first year and \$144,609 the second year from the general fund to provide a salary increase for certain scientists, technicians, and specialists employed by the Division of Consolidated Laboratory Services. This support equals an adjustment of about \$2,100 for each of 120 staff whose salaries were found by the Department of Human Resource Management to be below the market average for similar positions.
 - *Consolidate Small Agency Mail Operations.* Includes \$144,592 and three positions the first year and \$189,030 the second year from the general fund to establish a centralized mail operation for agencies within the Capitol Square complex. The funding also includes the

purchase and maintenance of equipment for the inspection of incoming mail.

- ***Funding for Laboratory Supplies and Materials.*** Provides \$180,000 each year from the general fund to purchase additional supplies and materials for the agency’s Division of Consolidated Laboratory Services. The division’s workload has increased by 12 percent during the past four years, meaning that supplies and materials are being used more quickly than in the past.
- ***Provide Training and Support for Procurement Initiatives.*** Adds \$191,840 and two positions the first year and \$205,124 the second year from the general fund to provide training for state agencies, institutions of higher education, and local government procurement personnel in the Commonwealth’s electronic procurement system and spend management programs.
- ***Virginia War Memorial Operations Support.*** Provides \$283,210 and one position the first year and \$38,186 the second year from the general fund to hire an administrative support position, pay for new signage, install security cameras, purchase of new computers, and provide a share of the costs for developing a new film called “Into Battle.” The remainder of the film’s cost will be paid by the Virginia War Memorial Foundation.
- ***Facility Inventory Condition and Assessment System (FICAS).*** Includes \$330,231 and two positions the first year and \$311,004 the second year from the general fund and \$516,516 the first year and \$486,442 the second year from nongeneral fund sources to maintain a new building maintenance database that will be transferred to the agency from the Auditor of Public Accounts. This database contains information on all of the state’s buildings, including structural issues, mechanical system conditions, and life safety needs. The database will be used to develop maintenance projections, cost estimates, and evaluations of the need for building replacement.
- ***Ethanol Fuel Use Initiative.*** Provides \$450,000 in the first year from the general fund to encourage the use of ethanol-blended fuels. This initiative includes \$300,000 for the installation of state-owned ethanol fuel storage and dispensing facilities in Richmond, Hampton Roads, and Northern Virginia and \$150,000 for the promotion of ethanol refueling pumps at private gas stations through public-private partnerships. The Commonwealth owns as many as 1,000 vehicles equipped to use ethanol-blended fuels;

currently, however, there are no ethanol refueling stations located in the Commonwealth.

- ***Information Technology Enhancements.*** Includes \$1.1 million and three positions from the general fund the first year and \$557,110 from the general fund and \$368,707 from nongeneral fund sources the second year to upgrade three agency computer systems. The funding will be used to purchase a real estate portfolio management system, to upgrade the laboratory services systems used by the Division of Consolidated Laboratory Services, and to install better information security software for use by the entire agency. This new information security software is required by the Virginia Information Technologies Agency (VITA).
- ***Funding for Real Estate Management.*** Includes language establishing an internal service fund for the consolidation and management of the Commonwealth’s real estate services. Unlike the previous real estate services internal service fund, this new fund makes no provisions for balance transfers to the general fund. The agency is to report on the implementation of this program to the Governor and Chairmen of the House Appropriations and Senate Finance Committees by November 1, 2006.
- ***Electronic Procurement System.*** Includes language authorizing the use of agency surcharges in addition to vendor charges to pay for the continued maintenance and development of the Commonwealth’s statewide electronic procurement system.
- **Department of Human Resource Management**
 - ***Staffing for Equal Opportunity Employment Compliance.*** Includes \$75,777 and one position the first year and \$67,777 the second year from the general fund to reduce a backlog in on-site compliance reviews.
 - ***Staffing for Health Insurance Services.*** Adds \$78,444 and one position the first year and \$73,780 the second year from nongeneral fund sources to provide additional support for the agency’s Office of Health Benefits. The office workload has increased due to reporting requirements, an increase in the number of vendors used by the state employee and Local Choice health programs, and an expansion in the benefits offered by the office. The source of nongeneral fund revenue is health insurance premiums.

- *Replace Customer Service Tracking System.* Provides \$70,000 the first year and \$10,000 the second year from nongeneral fund sources to purchase and install a new customer service tracking and documentation system for the Office of Health Benefits. The office’s existing system is obsolete and cannot be upgraded. The source of nongeneral fund revenue is health insurance premiums.
 - *Establish Workers Compensation Return-to-Work Unit.* Provides \$262,665 and three positions the first year and \$262,665 the second year from nongeneral fund sources to create a unit dedicated to identifying those workers’ compensation claims where early intervention will more quickly result in return to work. The source of nongeneral fund revenue is the workers compensation premiums paid by state agencies.
 - *Reflect Increased Cost of Local Choice Health Program.* Provides an additional \$30.0 million each year from nongeneral fund sources for the payment of claims on behalf of the local governments and local employees enrolled in the Local Choice health insurance program. The cost of the program is increasing to reflect rising costs of health care costs and insurance premiums.
- **Department of Veterans’ Services**
 - *Increase Staffing for Veterans Care Center in Salem.* Includes \$1.2 million and 30 positions the first year and \$1.4 million the second year from nongeneral fund sources to provide 30 nursing and housekeeping positions. The funding will be used to hire additional full-time staff, particularly nurses, in order to reduce the number of temporary staff needed. The source of the nongeneral fund revenue includes payments from the U.S. Department of Veterans Affairs, Medicaid and Medicare payments, and payments by third-party insurers.
 - *Additional Educational Services Staff.* Adds \$139,744 and two positions the first year and \$134,744 the second year from nongeneral fund sources to promote the marketing of veterans benefits and to increase the number of approved courses for which veterans may use their federal education funds. The source of the nongeneral fund revenue is payments from the U.S. Department of Veterans Services.
 - *Cemetery Staffing and Equipment.* Includes \$133,643 GF, \$82,884 NGF, and five positions the first year and \$169,072 GF, \$82,884 NGF, and two additional positions the second year to provide

additional personnel and equipment to maintain and operate Virginia's two veterans cemeteries. Of the total amount, \$70,000 and two positions the first year and \$10,400 the second year will be used for the maintenance of the Virginia Veterans Cemetery in Amelia. The remainder will be used to maintain and operate the Albert G. Horton, Jr. Memorial Veterans Cemetery in Suffolk.

- *Additional Staff for Veteran Benefit Services.* Provides \$345,515 and five positions the first year and \$476,128 and three additional positions the second year from the general fund. Staffing is provided for processors to expedite claims for veterans benefits, to open a new field office in Loudoun County, and to initiate a “benefits awareness” marketing campaign at the U.S. Veterans Administration hospitals in Hampton and Salem.

- **Human Rights Council**

- *Relocate Agency Office Space.* Includes \$22,500 the first year and \$20,000 the second year from the general fund to relocate the agency from space provided by the Office of the Attorney General to a larger state-owned office space.
- *Provide Additional Investigators to Address Workload.* Provides \$84,253 and two positions the first year and \$91,915 the second year from the general fund to address investigation and mediation workload issues for cases alleging discrimination in employment, housing, other places of public accommodation, and education.

- **State Board of Elections**

- *Staffing for Virginia Elections and Registration Information System (VERIS).* Provides two positions in the first year to ensure the technical support and maintenance of VERIS is available when this system becomes fully operational on January 1, 2006. The agency will use existing funds to support the costs of the two positions.

Agriculture and Forestry

The Governor's proposed 2006-08 budget for Agriculture and Forestry includes \$90.8 million GF and \$71.2 million NGF. This is \$5.1 million GF and \$60,008 NGF greater than the adjusted appropriation for current operations.

Almost half of the general fund increases for the secretariat are tied to two amendments in the Department of Forestry -- \$1.2 million to replace firefighting equipment and \$1.3 million to fill eight unfunded forester positions for enforcing federal and state water quality laws.

- **Department of Agriculture and Consumer Services**
 - *Coyote Damage Control Program.* Reduces by \$35,000 GF in each year of the biennium the amount of state dollars for the cooperative control program. The amendment is a technical correction to the department's base budget. The FY 2006 appropriation includes an administrative action that increased the program's funding. The remaining state dollars of \$60,000 each year are sufficient to match the annual federal grant of \$75,000.
 - *Prepaid Legal Services Plan Regulation.* Provides \$451,050 NGF in each year for the regulatory program. In the 2004 Session, the General Assembly passed HB 363 to establish requirements for the registration of legal services plan sellers, authorize the Agriculture Board to prescribe regulations, and authorize the agency to investigate violations.
 - *Salary Adjustment for Veterinarians.* Provides \$103,118 GF and \$30,004 NGF the first year and \$103,118 GF and \$30,004 NGF the second year to increase the salaries of the department's 21 veterinarians. The budget amendment increases the salaries to the statewide median salary for veterinarians.
 - *Animal Health.* Includes \$185,439 GF the first year and \$176,288 GF the second year and three full-time positions to protect the health of poultry and livestock animals. One livestock inspector will be added in each of the Harrisonburg, Lynchburg and Wytheville regions.
 - *Small Scale Agribusiness.* Provides \$88,358 GF each year to assist farmers and small agribusiness specializing in the production of higher valued products, including products certified under the National Organic Program, for customized, niche markets.

- *Weights and Measures.* Provides \$98,238 GF the first year and \$101,896 GF the second year and two full-time positions for the Weights and Measures Inspection Program. The number of businesses using devices regulated by the program increased by 35 percent over a 10-year period (79,092 in 1993 to 106,755 in 2003).
 - *Virginia Works.* Includes in the department’s base budget an amount of \$325,000 GF in each year for additional research and field tests of specialty crops and for developing and marketing high-value specialty agricultural products. The General Assembly approved these items in the 2005 Session as part of the Governor’s Virginia Works package.
 - *Information Technology.* Includes \$150,000 GF the first year to reduce the number of computer applications still running on an obsolete mainframe computer. These applications can be re-engineered for the Internet, resulting in greater customer access and reduced costs for the state.
 - *Indemnity Payments.* Budget language in the Central Appropriations portion of HB/SB 30 authorizes the Governor to expend up to \$1.5 million from the unappropriated general fund balance, under certain conditions, for payments to growers, producers, and owners for losses sustained as a result of an infectious disease outbreak in livestock and poultry populations.
- **Department of Forestry**
 - *Firefighting Equipment.* Includes \$579,629 GF each year to purchase firefighting equipment through the state’s master equipment lease purchase program. Total cost for the equipment will be \$2.7 million.
 - *Water Quality Team.* Provides \$767,544 GF the first year and \$520,459 GF the second year to fill eight unfunded forester positions to address enforcement of federal and state water quality laws.
 - *Reforestation of Timberland Program.* Provides \$233,662 GF in each year to match the proceeds raised by the forest products tax for reforestation efforts. Although the budget amendment increases the state match to \$983,662 GF each year, and language declares the amount sufficient to match the forest products tax revenues, the state dollars are less than the statutory requirement. The funding gap is an estimated \$138,695 GF in each year.

Commerce and Trade

The Governor's proposed 2006-08 appropriation for Commerce and Trade includes \$215.7 million GF and \$1,463.1 million NGF. This is \$17.5 million GF and \$116.5 million NGF greater than the adjusted appropriation for current operations.

Approximately \$8.7 million GF is provided to the Department of Housing and Community Development for a variety of spending initiatives, including \$4.2 million to expand rural access to broadband technology. An additional \$2.9 million GF is proposed for the Virginia Tourism Authority with \$1.75 million designated for advertising and marketing the Jamestown 2007 Commemoration.

The largest economic development initiatives are in the Central Accounts portion of the budget. The Governor proposes general fund support for the Governor's Development Opportunity Fund of \$21.0 million for the biennium. To implement and respond to the BRAC recommendations, the budget recommends \$15.0 million GF each year. In addition, the budget proposes \$18.2 million GF the first year and \$26.1 million GF the second year for a variety of business incentives to carry out the provisions of the Virginia Investment Partnership Act, the semiconductor manufacturing incentive grants legislation, and the Governor's Motion Picture Opportunity Fund. Proposed budget language authorizes the Governor to use unappropriated general fund balances for a major tourism project in Henrico County, to initiate an alternative fuels manufacturing incentive program, and to provide indemnity payments to owners of poultry and livestock.

- **Department of Business Assistance**

- *Workforce Services.* Adds \$250,000 GF each year to the annual base budget amount of \$8.2 million. In FY 2005, the department provided customized recruitment and training for over 16,000 employees through 520 projects.
- *Small Business Procurement.* Provides \$97,251 GF the first year and \$102,683 GF the second year and one-full time position for the department's "Selling to the State" initiative. The department will assist over 5,000 businesses through the state certification and eVa registration to compete for state government contracts.
- *Virginia Business Information Center (VBIC).* Provides \$75,000 GF the first year to update the center's technology -- \$25,000 for improved telephone equipment, \$25,000 for to enhance the center's

website, and \$25,000 to increase marketing to entrepreneur markets including Virginians with limited English proficiency.

- **Department of Housing and Community Development**

- *State Fire Marshal's Office.* Provides \$145,000 GF the first year and \$30,000 NGF the first year for geographic information systems capability. This is a one-time expenditure.
- *Housing and Homeless Programs Administration.* Provides \$199,585 GF each year to fund three full-time administrative positions. These three positions, along with five other administrative positions, are currently funded with federal dollars such as TANF. The unit administers 10 different programs and 338 grants.
- *The Crooked Road.* Includes \$75,000 GF each year for the Crooked Road, which is a heritage music tourism organization operating in 10 counties, three cities and 11 towns in Southwest Virginia. The funds will pay for a full-time director and related administrative costs.
- *Highlands Regional Enterprise Business Plan.* Provides \$500,000 GF each year to match the local efforts of the Counties of Alleghany, Bath, and Highland, the City of Covington, and the Towns of Clifton Forge and Iron Gate to carry out a regional economic development program. The money will be used to redevelop an industrial site.
- *Regional Research and Development Centers.* Provides \$660,000 GF the first year and \$1,820,000 GF the second year to create industry-focused regional research and development centers in Bristol, Covington, Hopewell, and Lynchburg. The first two centers would be established in FY 2007 and the others in FY 2008. Under the initiative, Virginia Tech would provide faculty and graduate students to perform specialized research projects in cooperation with researchers from private companies. For example, in Hopewell and Lynchburg, the research would focus on chemicals and nuclear technology, respectively.
- *Rural Access to Broadband Technology.* Includes \$3.7 million GF the first year and \$500,000 GF the second year to: (1) expand the broadband network "backbone" running from Southwest Virginia through Southside and Hampton Roads up to and across the Eastern Shore - \$3.0 million; (2) conduct feasibility studies to

determine the most cost-effective means to deliver “last-mile” broadband connections in rural areas in the Northern Neck and Middle Peninsula - \$500,000; and (3) support the extension of broadband infrastructure from the Crossroads Institute in Galax to locations in the surrounding areas - \$200,000. Budget language also directs VEC to place a local office in the Crossroads Institute facility.

- *Appomattox River Dredging Project.* Provides \$200,000 GF the first year for the city’s dredging project. The General Assembly appropriated \$500,000 for the project in FY 2006.
- *Virginia Works.* Includes in the department’s base budget an amount of \$600,000 GF in each year for supporting: (1) a community development financial institution to make loans in distressed areas, (2) increased access to federal New Market tax credits, and (3) regional artisan centers. There is also budget language to carry forward unexpended appropriations for the regional workforce consortia in Smyth and Washington counties and Halifax and Mecklenburg counties and for the regional artisan centers in Staunton and Abingdon. The General Assembly approved these items in the 2005 Session as part of the Governor’s Virginia Works package.
- **Department of Labor and Industry**
 - *Apprenticeship Program.* Proposes \$67,825 GF the first year and \$66,025 GF the second year and one full-time position to serve as an Assistant Director of the Division of Registered Apprenticeship. The position’s duties include researching new industries, establishing working relationships with new public and private entities, and assisting in the administration of the program. In its 2002-2004 budget reduction plan, the agency eliminated this position.
 - *Virginia Payment of Wage Act.* Adds \$68,275 GF the first year and \$66,025 GF the second year and one full-time attorney position in the Labor and Employment Law Division. The Division investigates claims and resolves wage disputes between employers and employees. The Division also enforces the state’s child labor laws, and is authorized by the Office of the Attorney General to represent both wage claimants and the department in civil cases.
 - *VOSH Litigation.* Provides \$36,450 GF each year and \$36,450 NGF each year and one full-time attorney position for the Division of

Legal Support. The position would be dedicated to litigation of VOSH contested cases and providing alternative dispute resolution services. The objective is to close out court cases within two years of the opening date. For the period 2002 to 2004, the department averaged 1,279 days to close out court cases.

- **Department of Mines, Minerals and Energy**
 - *Mineral Mining Inspectors.* Adds \$246,860 GF the first year and \$265,602 GF the second year and three full-time positions to fulfill the requirements of the Virginia Gas and Oil Act. The inspectors provide training and technical assistance to customers, inspect and enforce state laws and regulations, review permit applications, and investigate complaints and accidents. There are 3,876 producing gas and oil wells in Virginia up from 1,692 producing wells in 1995.
 - *Funding Essential Services.* Provides \$991,776 GF each year to support operations and replace equipment in the department's core services. In the past, the department relied on nongeneral fund cash to supplant general fund reductions. These cash sources will soon be depleted requiring the department to eliminate major service areas.
 - *Energy Savings Contract.* Includes \$116,400 GF each year and one full-time position to help agencies identify and carry out energy savings projects. HB/SB 29 includes an amendment funding this position for the last quarter of FY 2006 at \$29,598 GF.
 - *Alternative Fuels Manufacturing Incentive:* HB/SB 30 includes budget language authorizing the Governor to use up to \$3.0 million of the unappropriated balance, under certain conditions, to provide incentive payments for companies manufacturing alternative fuels. Production or expansion of existing production capacity would have to begin on or after July 1, 2006.
- **Department of Professional and Occupational Regulation**
 - *Appropriation Increase.* Adds \$1.5 million NGF each year for ongoing nonpersonal services costs. These cost increases include maintaining licensee records and documentation, renewing licenses, investigating and resolving complaints, disciplinary actions, providing public information, and administrative support. The workload and revenue increases are attributed to these boards: Real Estate, Appraisers, Barber/Cosmetology, and Contractors.

- **Virginia Economic Development Partnership**
 - *Virginia Commission on Military Bases.* Eliminates annual funding of \$303,000 GF for the Commission. General Fund support of \$15.0 million each year is provided in Central Appropriations to assist localities implement and respond to actions of the 2005 Base Realignment and Closure Commission (BRAC).
 - *Virginia Modeling and Simulation Center.* Provides \$225,000 GF each year to promote the center with \$125,000 each year to be used by the Partnership for marketing the center and \$100,000 each year to be transferred to the Hampton Roads partnership to support the modeling and simulation industry.
 - *Motor Sports Recruitment.* Includes \$250,000 GF each year to attract motor sports-related businesses to Virginia.
 - *Virginia Commercial Space Flight Authority.* Continues past general fund support for the Authority at \$100,000 each year.
 - *Advertising.* Provides \$1.0 million GF in the first year for television and print media advertising.
 - *Foreign Currency Losses.* Adds general fund support of \$200,000 each year to mitigate the effect of the dollar's declining value compared to the Euro, Yen and Won. Since FY 2003, the dollar has lost almost 30.0 percent of its value, affecting the Partnership's operations in its Frankfurt, Tokyo and Seoul offices.
 - *Developing International Markets:* Provides \$200,000 GF the first year for market research and direct marketing to create a physical presence in China and India. The Partnership will work with public and private organizations as part of this effort.
 - *Virginia Works.* Continues in the Partnership's base budget \$215,000 GF each year to assist small manufacturers with the export of advanced manufacturing products. The General Assembly approved these items in the 2005 Session as part of the Governor's Virginia Works package.
- **Virginia Employment Commission**
 - *Unemployment Benefits.* Increases nongeneral fund support by \$12.9 million the first year and by \$29.6 million the second year for unemployment insurance benefit payments. The proposed increase

will be funded by additional revenue from the Unemployment Insurance Trust Fund.

- ***Information Technology.*** Proposes additional nongeneral fund spending of \$30.6 million the first year and \$20.5 million the second year to replace outdated and unreliable equipment and to rewrite or modify several of the agency’s major application systems. Most of the effort will be directed towards modernizing the Unemployment Insurance Benefits System to improve efficiency in processing claims, produce statistical reports, address legislative changes, and provide real-time information. In 2004, the General Assembly appropriated \$20.9 million for the agency to replace outdated and unreliable equipment and to rewrite or modify several major application systems.
 - ***Reed Act Allocations-Job Services.*** Provides \$3.7 million NGF the first year and \$5.7 million NGF the second year to offset federal reductions. The Job Services program provides federally-mandated labor exchange services to businesses and jobseekers.
 - ***Unemployment Insurance Program.*** Includes \$4.1 million NGF the first year and \$7.6 million NGF the second year to address a shortfall of federal funding for program administration. To make up the loss of federal dollars, the agency will use special funds from the Special Unemployment Compensation Administrative Fund and the Special Reed Act Distribution Fund.
 - ***VEC Staffing.*** Permanently transfers 5.0 full-time positions to the Department of Rehabilitative Services. No dollars are transferred.
 - ***Workforce Investment Act.*** Directs the agency to spend \$75,000 NGF the first year for a study on the methodology and data used for calculating the appropriate number of Safety Compliance Officers and Health Compliance Officers to be hired by the Virginia Department of Labor and Industry. The funding source is Workforce Investment Act money.
- **Virginia Racing Commission**
 - ***Breeders Fund.*** Increases the nongeneral fund appropriation by \$180,000 each year to provide financial support to owners and breeders of Virginia-bred racehorses.

- *License Application System.* Includes \$105,704 NGF each year to upgrade the Commission’s data management system using the master equipment lease purchase program.
- *Additional Race Days.* Proposes additional nongeneral fund appropriations of \$200,000 each year for the agency’s operations. The number of race days will increase by 20 days to 100 days per season.
- **Virginia Tourism Authority**
 - *Jamestown 2007 Commemoration.* Adds \$1.5 million GF the first year and \$500,000 GF the second year for advertising and marketing the statewide commemorative events of the 400th anniversary of the founding of Jamestown in 1607. Combined with base budget resources, total advertising and marketing spending for the Commemoration would be \$2.5 million the first year and \$1.25 million the second year.
 - *Leveraged Advertising and Marketing* Adds \$500,000 each year from the general fund for a marketing program to leverage state money in partnership with other public and private funds.
 - *Special Projects.* Continues funding the Tredegar National Civil War Center at \$225,000 GF each year and the Coalfield Regional Tourism Authority at \$25,000 GF each year. Also, provides \$100,000 GF each year for the Virginia Foundation for the Humanities and Public Policy to develop, promote and market the African-American heritage trail. Funding for the “See Virginia First” campaign includes \$250,000 GF each year for radio and television marketing and \$110,000 GF each year for outdoor advertising. Includes \$1.7 million GF each year to promote Virginia tourism industries and \$250,000 GF each year for grants to regional and local tourism authorities.
 - *Danville Welcome Center.* Includes \$100,000 GF the first year for the Danville Welcome Center.
 - *Film Promotion.* Includes \$500,000 GF the first year for historically-themed film promotion activities. In the Central Appropriations portion of the budget there is an amendment for \$600,000 GF in the first year for the Governor’s Motion Picture Opportunity Fund.

Public Education

The Governor's proposed 2006-08 budget for Direct Aid to Public Education results in a net increase of \$1,501.0 million GF over the biennium, an increase of 15 percent over the adjusted base budget.

The proposed biennial increases for Direct Aid to Public Education include \$1,316.6 million GF to update the Standards of Quality, Incentive, and Categorical accounts for formula-driven technical updates. These include projected Average Daily Membership (ADM) enrollment of 17,436 additional students by the second year; increased prevailing salaries and non-personnel costs of education; sales tax and lottery revenue projections; and updated composite index calculations. This amount includes \$165.9 million GF for the proposed fringe benefit rates for the Virginia Retirement System, the Retiree Health Care Credit, and Group Life insurance.

In addition, proposed amendments add \$167.6 million GF for the state's share of a 3.0 percent salary increase for teachers and support positions (in the Standards of Quality (SOQ), effective December 1, 2006; \$6.1 million GF for a rotating three-year program to attract and retain highly qualified teachers in "hard-to-staff" schools by providing incentives and bonuses; \$4.9 million GF to phase-in the cost of competing adjustment for two localities impacted by the Northern Virginia regional labor market.

Other proposed amendments include \$4.3 million GF for Advanced Placement fees for economically disadvantaged students and for Early College Scholars students; \$749,092 GF to support industry certification efforts; \$500,000 GF one-time to match a Gates Foundation grant through the Communities in Schools program; and \$200,000 GF to increase the grant for Project Discovery, a drop out prevention and college access preparatory program.

For the Department of Education, the Governor's proposed budget includes a net increase of \$3.7 million GF over the biennium, an increase of 3.0 percent over the adjusted base budget. This includes \$1.3 million GF for an increase in the Education Information Management System (EIMS) contract to improve data collection, analysis, and reporting to meet No Child Left Behind requirements; \$974,400 GF to support an on-line student career planning system; \$491,750 GF for additional awards to teachers achieving National Board Certification based on revised estimates of the number of teachers who will be eligible; \$409,590 GF for the "Race for the GED" initiative; and \$143,688 GF for the turnaround specialists program.

- **Direct Aid to Public Education**
 - *Biennial Rebenchmarking.*

Summary of Factors Affecting Rebenchmarking Costs			
(\$ in millions)			
	<u>FY 2007</u>	<u>FY 2008</u>	<u>Biennial</u>
One-Time Adjustments	(\$134.4)	(\$134.4)	(\$268.9)
Proj. Average Daily Membership (ADM)	41.6	73.0	114.7
Program Level Child Counts	<u>(7.4)</u>	<u>(1.6)</u>	<u>(9.0)</u>
Subtotal of Enrollment-Related Factors			\$105.7
Funded Instructional Salaries	127.2	128.5	255.8
Funded Fringe Benefit Rates	82.5	83.4	165.9
Health Care Premiums	<u>68.6</u>	<u>69.2</u>	<u>137.8</u>
Subtotal of Salary & Benefits Factors			\$559.4
Base Year Expenditures	122.3	121.5	243.8
Transportation	62.0	62.0	123.9
Textbooks	23.0	23.2	46.2
Inflation	<u>110.7</u>	<u>111.8</u>	<u>222.5</u>
Subtotal of Non-Personnel Cost Factors			\$636.5
Lottery	(6.1)	(6.1)	(12.2)
Sales Tax and Census	<u>81.0</u>	<u>111.8</u>	<u>192.8</u>
Subtotal of Revenue-Related Factors			\$180.7
Composite Index	<u>20.0</u>	<u>21.3</u>	<u>41.3</u>
Subtotal of Composite Index			\$41.3
Incentive and Categorical Programs	<u>25.8</u>	<u>36.1</u>	<u>61.9</u>
Subtotal of Programs Linked to SOQ Funding Factors			\$61.9
Total	\$616.9	\$699.8	\$1,316.6

- One-Time Adjustments. Prior to calculating the costs for 2006-08, certain one-time adjustments were made (the 3.0 percent compensation supplement provided in FY 2006 was removed; the 13th month of fringe benefits costs included in

FY 2006 to fix a previous rollover was removed; the inflation factors were reset to 0 percent to better isolate the cost of updating base year expenditures; non-participation savings in incentive programs were restored).

- Projected ADM. Reflects estimates of student enrollment projections based on March 31, 2005 Average Daily Membership (ADM) and September 30, 2005 Fall Membership student totals. Enrollment is estimated to increase by 6,201 students in the unadjusted ADM the first year, and by another 11,235 students the second year, compared to the level projected for FY 2006 in Chapter 951, for an estimated total of 1,208,149 students in FY 2008.
- Program Level Child Counts. Reflects various adjustments including updated special education, vocational education, and English as a Second Language child counts; updated test score data and free lunch eligibility data; and remedial summer school enrollment projections.

Also, consistent with language in the 2004-06 appropriation act, the five different disability categories for mental retardation were consolidated into one category per the policy of the State Board of Education in compliance with federal requirements.

- Funded Instructional Salaries. Reflects increases in funded salary levels from 2004-06 to 2006-08 due to base year (FY 2004) prevailing salaries increased by the 3.0 percent compensation supplement provided by the General Assembly for FY 2006. Funded salaries for elementary teachers increased from \$37,534 to \$39,681, or 5.7 percent over the two year period. Funded salaries for secondary teachers increased from \$39,641 to \$41,615, or 5.0 percent over the two year period.
- Funded Fringe Benefit Rates. Reflects the following rate adjustments relative to rates funded in Chapter 951 for FY 2006: 9.2 percent for VRS, up from 6.62 percent; 0.56 percent for Retiree Health Care Credit, up from 0.55; and 0.49 percent for the employer's share of Group Life, up from 0.0 percent.

The rate of 9.2 percent is 1.98 points lower than the 11.18 percent rate adopted in October by the VRS Board. The

lower rate reflects the following three changes to the Board's assumptions: the amortization period is extended to 30 years from 21 years; the investment return rate is increased to 8.0 percent from 7.5 percent; and the COLA is increased from 2.5 percent to 3.0 percent.

- Health Care Premiums. Reflects costs associated with the prevailing health care premium increasing from \$3,269 to \$4,301, an increase of 32 percent over two years.
- Base Year Expenditures. Reflects various adjustments including base year (FY 2004) expenditure data; updating of school-level enrollment configurations; updated data for the 30 percent federal revenue deduction; and nurse, superintendent, and school board costs.
- Transportation Costs. Reflects updated base year transportation cost data.
- Textbook Per Pupil Amount. Reflects increased per pupil prevailing textbook costs of \$101.81, compared with \$63.12 for 2004-06, an increase of 62 percent.
- Inflation Factors. Reflects costs associated with inflation factors increasing from 4.66 percent to 7.30 percent for the two year period.
- Projected Lottery Proceeds. Decreases the net local share of Lottery proceeds due to a revised revenue estimate for FY 2007 and FY 2008 that is \$15.7 million lower than the amount projected in Chapter 951 for FY 2006, based on the anticipated impact of North Carolina's new lottery.
- Projected Sales Tax Revenue and New Census Count. The net sales tax revenues from the one cent portion and the additional one-eighth cent sales tax from the Public Education SOQ/Real Estate Property Tax Relief Fund that are dedicated for public education and distributed based on school-aged population are projected to increase. This also reflects an additional cost of \$3.9 million each year to update data from the triennial census of school-aged population.
- Composite Index. The elements used to calculate each school division's composite index of local ability-to-pay are updated from 2001 to 2003. The composite index measures local wealth through true value of real property (50 percent)

adjusted gross income (40 percent) and retail sales tax collection (10 percent). The index is weighted two-thirds by ADM and one-third by population.

The index went up for 46 school divisions (i.e. because local wealth increased relative to the rest of the state, the locality is responsible for a larger percentage of SOQ costs); the composite index went down for 81 school divisions, and the composite index was unchanged for 9 school divisions.

- Incentive and Categorical Accounts. Reflects various adjustments to incentive and categorical accounts that are linked to SOQ funding factors, such as ADM enrollment or Basic Aid per pupil cost. Affected programs include K-3 class size reduction, at-risk four-year olds, and Governor's Schools.
- ***Three Percent Salary Increase December 1, 2006.*** Adds \$61.4 million GF the first year and \$106.2 million GF the second year for the state's share of a three percent salary adjustment, effective December 1, 2006, for all instructional and support positions that are prescribed by the SOQ, incentive-based and categorical funding formulas. School divisions that wish to participate must certify to the Department of Education, no later than March 1, 2007, that at least the equivalent increase has been granted in the first year and matched by the local government, based on the composite index of local ability-to-pay.
- ***Salary Incentives to Assist "Hard-to-Staff" Schools in Attracting and Retaining Highly Qualified Teachers.*** Adds \$3.7 million GF the first year and \$2.4 million GF the second year for a rotating three-year program to attract and retain highly qualified teachers in "hard-to-staff" schools by providing \$15,000 relocation incentives and \$3,000 retention bonuses, as well as professional development support. The funding reflects the third and final year of the pilot program in Caroline County and Franklin City; the second year for Petersburg City; and the beginning of the three year program in Emporia/Greensville and Brunswick.
- ***Phase-In Cost of Competing Adjustment for Two Localities Affected by the Northern Virginia Regional Labor Market.*** Adds \$1.4 million GF the first year and \$3.5 million GF the second year for the cost of competing adjustment for two localities (Fauquier and Stafford) that are 1) adjacent to Planning District 8 and 2) have over 45 percent of the out-commuting work force traveling into the

region. The funding reflects a 10 percent phase-in the first year and 25 percent the second year.

- ***Advanced Placement Test Fees.*** Adds \$1.9 million GF the first year and \$2.4 million GF the second year for Advanced Placement test fees for economically disadvantaged students and for students participating in the Early College Scholars initiative.
- ***Industry Certification.*** Adds \$266,041 GF the first year and \$483,051 GF the second year to support industry certification efforts based on additional demand.
- ***New Grant to Communities in Schools Program.*** Adds \$500,000 GF the first year only for the Communities in Schools Program to match a Gates Foundation grant to develop business-like learning environments called “performance learning centers.”
- ***Increase Grant for Project Discovery Program.*** Adds \$100,000 GF each year to increase the existing grant to Project Discovery, a drop-out prevention and college access preparatory program.
- ***Increase NGF Appropriation to Reflect Federal Funds.*** Adds \$138.0 million NGF each year to reflect increases in funds available for school nutrition and the No Child Left Behind program.
- ***Literary Fund.*** Continues the diversion of \$125.9 million each year from Literary Fund revenues to the general fund to pay for teacher retirement costs. As shown below, compared with a combined total of \$29.9 million in interest rate subsidies and direct loans for FY 2006 (actual), it is anticipated that a total of \$34.1 million would be provided first year and \$25.0 million in the second year. It is estimated that this could reduce the waiting list to one year.

Proposed Revisions to Literary Fund Sources & Uses
(\$ in millions)

	<u>FY 2006</u> (Actual)	<u>FY 2007</u>	<u>FY 2008</u>
Beginning Balance	\$83.0	\$60.5	\$30.7
Projected Revenue	195.5	192.9	187.8
Total Revenues & Balances	\$278.5	\$253.4	\$218.5
Uses			
Teacher Ret./Soc. Security	\$125.9	\$125.9	\$125.9
Technology Debt Service	62.2	62.8	64.1
Interest Rate Subsidy	14.9	15.0	20.0
School Construction Loans	<u>15.0</u>	<u>19.1</u>	<u>5.0</u>
Total Uses	\$218.0	\$222.8	215.0
Ending Balance	\$60.5	\$30.7	\$3.5

A listing, by locality, of the estimated funding for FY 2007 Direct Aid to Public Education is included as Appendix A and estimated funding for FY 2008 Direct Aid to Public Education is included as Appendix B.

- **Virginia School for the Deaf and Blind at Staunton**
 - *Pay Parity Update.* Adds \$38,132 GF the first year and \$70,398 GF the second year for teacher salary adjustments. The Code of Virginia requires that the Department of Human Resource Management establish salary schedules for all professional personnel at the Virginia Schools for the Deaf and Blind that are competitive with those in effect for the school divisions in which the facility is located.

- **Virginia School for the Deaf, Blind and Multi-Disabled at Hampton**
 - *Pay Parity Update.* Adds \$31,696 GF the first year and \$58,515 GF the second year for teacher salary adjustments. The Code of Virginia requires that the Department of Human Resource Management establish salary schedules for all professional personnel at the Virginia Schools for the Deaf and Blind that are competitive with those in effect for the school divisions in which the facility is located.

- **Department of Education**
 - ***Education Information Management System.*** Adds \$662,530 GF the first year and \$670,656 GF the second year for costs related to the state-wide, student-level data system in order to improve data collection, analysis, and reporting in order to meet No Child Left Behind requirements. This includes a five percent cost escalator in the current vendor contract, licenses for high-speed data transfer software for the system, and the development and delivery of statewide technical assistance to school divisions on utilization of the system to make better instructional delivery decisions.
 - ***On-Line Student Career Planning System Contract.*** Adds \$487,200 GF each year for contractual costs with Kuder for an existing on-line student career planning system via Virginia Tech.
 - ***National Board Certification Bonus for Teachers at FY 2007 Levels.*** Adds \$245,875 GF each year. For FY 2007, it is estimated that 731 teachers will be eligible for continuing bonuses at \$2,500 per award and 230 teachers will be eligible for initial bonuses at \$5,000 per award, bringing the total number of teachers holding National Board Certification in Virginia to 961. Funding is not provided for the full amount of estimated increases in FY 2008.
 - ***Provide General Funds to Replace Ending Federal Grant for Race for the GED.*** Adds \$204,795 GF each year for Race for the GED-related positions to replace funds from a federal workforce grant that will no longer be available.
 - ***Provide General Funds to Replace Ending Private Grant for the Turnaround Specialists Program.*** Adds \$71,844 GF each year for contractual costs with the University of Virginia to provide training for the Turnaround Specialists principals' training initiative to replace funds from the Wallace Foundation grant that will no longer be available.
 - ***Increase NGF Appropriation to Reflect Federal Funds.*** Adds \$10.0 million NGF each year to reflect an increase in federal funds for teacher certification, conference activities, and the No Child Left Behind program.

Higher Education

The Governor's proposed 2006-08 budget includes a biennial increase of \$451.3 million GF or about 14.2 percent when compared to the adjusted base appropriation. Almost 90 percent of the proposed increases for higher education are recommended in four major areas: 1) continued support for "base adequacy" to recognize anticipated enrollment growth; 2) support for a new higher education research initiative; 3) continued progress in returning average faculty salaries to the 60th percentile of peer institutions nationally; and 4) enhancements in undergraduate student financial aid at public and private colleges and universities.

Major GF Increases (2006-08 Biennium, \$ in millions)	
Enrollment Growth and Base Adequacy	\$202.7
Higher Education Research Initiative	102.4
Average 3.65% Faculty Salary Increase in FY 2007	44.0
Undergraduate Student Financial Aid	40.0
Operation and Maintenance of New E&G Facilities	9.7
VCCS Middle College Program	9.4
Basic Operations Adjustments	9.1
Eastern Virginia Medical School	8.4
New College Institute (Martinsville)	4.5
Academic, Research, and Institutional Support at Norfolk State University	4.2
VIMS Chesapeake Bay Assessment	2.9
Replace and Update Computing Systems	2.6
Nursing Clinical Simulation Labs	2.2
Virtual Library of Virginia	1.5
Select Research and Public Service Centers	1.5
Eminent Scholars	1.3
Regional Higher Education Centers	1.2
Unique Military Activities at VMI and Va. Tech	1.1
ODU Rolling Road Test Module	1.0
Total	\$449.7¹

¹ Figures reflect only those items that are proposed at \$1 million or more for the biennium. In total, the proposed 2006-08 biennial budget increases higher education funding \$451.3 million over the biennium.

- Enrollment growth and base adequacy.** Proposes \$101.4 million GF and \$47.6 million NGF each year to recognize the additional base adequacy costs associated with FY 2007 projected enrollment and to recognize the progress institutions have made in awarding an increased number of degrees since 2000.

Enrollment Growth (Proposed 2006-08 GF \$ Increases)			
<u>Institution</u>	<u>FY 2007</u>	<u>FY 2008</u>	<u>Biennial Total</u>
CNU	\$859,300	\$859,300	\$1,718,600

VSU	2,496,300	2,496,300	4,992,600
VT	1,765,900	1,765,900	3,531,800
RBC	657,700	657,700	1,315,400
VCCS	<u>36,195,800</u>	<u>36,195,800</u>	<u>72,391,600</u>
Total	\$101,360,000	\$101,360,000	\$202,720,000

- Higher education research.** Proposes \$87.1 million GF and \$58.7 million NGF the first year, and \$15.3 million GF and \$57.7 million NGF the second year in operating support for higher education research and development initiatives.

Major Components of Research Package
(2006-08 Biennium, \$ in millions)

<u>Component</u>	<u>FY 2007</u>	<u>FY 2008</u>	Biennial <u>Total</u>
Biomedical research and biomaterials engineering	\$56.5	\$0.5	\$57.0
Modeling and simulation	13.5	2.9	16.4
Debt service for HEETF research supplement	0.0	4.6	4.6
Institute for Advanced Learning and Research	2.1	2.3	4.4
Research Commercialization	10.0	0.0	10.0
Graduate Financial Aid	<u>5.0</u>	<u>5.0</u>	<u>10.0</u>
Total	\$87.1	\$15.3	\$102.4

A description of each of the major general fund components follows:

- **Biomedical research and biomaterials engineering.** Includes \$57.0 million GF over the biennium, of which \$56.0 million is proposed as start-up funds to attract faculty in biomedical research and biomaterials engineering at Virginia Tech, the University of Virginia, Virginia Commonwealth University, and George Mason University. The remaining \$1.0 million is provided for the training of additional biomedical laboratory technicians through the Virginia Community College System (VCCS).
- **Modeling and simulation research.** Includes \$16.4 million GF over the biennium to enhance the Commonwealth's modeling and research capabilities in the Tidewater region. Of this amount, \$11.0 million GF is proposed as one-time costs to Old Dominion University, Eastern Virginia Medical School, and the Virginia Economic Development Partnership. The remaining \$5.2 million is provided for on-going costs, training, and instructional development at the Virginia Modeling Analysis & Simulation (VMASC) Center, ODU, and the community colleges.
- **Debt service for Higher Education Equipment Trust Fund (HEETF) research supplement.** Includes \$4.6 million GF the second year for the debt service on \$26.5 million authorized for the

purchase of research-related equipment at Virginia Tech, the University of Virginia, Virginia Commonwealth University, George Mason University, Old Dominion University, and the community colleges. As proposed, the debt service would be paid over a five-year period. This funding would be provided in addition to \$9.2 million GF appropriated in the Treasury Board for debt service on the \$103.4 million proposed biennial HEETF authorization for the on-going replacement and renewal of technology across all public colleges and universities.

- **Institute for Advanced Learning and Research (IALR).** Proposes \$2.1 million GF the first year and \$2.3 million GF the second year to support the on-going expansion of research programs at the Institute in Danville.
- **Research Commercialization Grants.** Re-establishes funding for the Commonwealth Technology Research Fund (CTRF) by providing \$10.0 million GF in the first year for the commercialization of higher education research. As proposed, the one-time funding will be awarded using a competitive grant process and will require at least a one-for-one match of nongeneral funds.
- **Graduate Student Financial Aid.** Increases state support for graduate aid by \$5.0 million GF each year or 40 percent over current FY 2006 appropriations of \$12.3 million GF. The additional funds would be targeted to graduate students at Virginia's six doctoral institutions.
- **Interest Earnings.** Proposes the allocation of \$7.8 million NGF in the first year and \$8.8 million NGF in the second year for the estimated interest earnings on sponsored program grant and indirect cost recovery fund balances. Unlike other parts of the proposed initiative, the additional funds are not limited to the research institutions but would be allocated to every institution of higher education. The proposed action would reduce general fund revenues by a like amount.
- **Faculty Salary Increases.** Includes \$15.4 million GF and \$12.8 million NGF the first year and \$28.6 million GF and \$23.5 million NGF the second year for an average 3.65 percent increase to sustain progress on raising average salaries for teaching and research (T&R) faculty to the 60th percentile of peer institutions nationally. Proposed salary increases vary by institution, ranging from 2.0 to 4.0 percent based on institutions' current rankings relative to peer institutions. In addition, funding is

provided for a 3.0 percent salary increase for administrative faculty, part-time faculty, and graduate assistants. All salary increases would be effective November 25, 2006.

FY 2007 Faculty Salary Increases
(Proposed 2006-08 Increase, GF State Share)

<u>Institution</u>	Avg. % Incr. for T&R Faculty	FY 2007 Allocation	FY 2008 Annualization Cost	Biennial Total
CNU	3.30	\$263,400	\$486,200	\$749,600
CWM	4.00	569,600	1,051,500	1,621,100
GMU	3.70	1,540,300	2,843,700	4,384,000

Average/Total	3.65	\$15,468,900	\$28,557,600	\$44,026,500

¹ Includes salaries for faculty affiliated with the medical family practice programs.

- **Undergraduate Student Financial Aid.** Includes \$40.0 million GF over the biennium for increases in undergraduate aid at public and private institutions.
 - *Need-Based Undergraduate Aid.* Of this amount, \$10.9 million GF is provided each year for need-based student aid at Virginia's public colleges and universities. If adopted, the additional funding would provide a 12.9 percent increase over the current \$84.2 million GF appropriated annually for this purpose.

Undergraduate, Need-Based Student Aid at Virginia's Public Colleges and Universities (Proposed 2006-08 GF \$ Increases)

RBC	19,400	19,400	38,800
VCCS	<u>3,048,700</u>	<u>3,048,700</u>	<u>6,097,400</u>
Total	\$10,867,000	\$10,867,000	\$21,734,000

- ***Tuition Assistance Grant (TAG) Program.*** Includes \$4.4 million GF the first year and \$8.9 million GF the second year to increase undergraduate TAG awards from \$2,500 to an estimated \$2,750 in FY 2007 and an estimated \$3,000 in FY 2008, using 2005-06 enrollments. Maintains graduate awards at their current estimated level of \$1,900. Actual awards will depend on the number of eligible students who participate in the program.
- ***Tuition Waivers for Military Dependents.*** Includes \$2.5 million GF each year to continue the 2004 General Assembly's efforts to offset anticipated losses in tuition revenue associated with providing in-state tuition rates to military dependents and spouses, as provided in §23-7.4:2, Code of Virginia, and extends the eligibility period to two years.
- **Operation and Maintenance (O&M) of New Facilities.** Proposes \$3.1 million GF and \$3.1 million NGF the first year and \$6.6 million GF and \$5.3 million NGF the second year to support the operation and maintenance of 43 educational and general (E&G) facilities coming on-line in FY 2007.
- **VCCS Middle College Program.** Includes \$3.5 million GF the first year and \$5.9 million GF the second year to expand the Middle College program to all community colleges in the state. Currently, five community colleges are piloting this program, which provides high school dropouts with career coaches and encourages them to earn their General Equivalency Diploma (GED).
- **Base Operations Adjustment.** Of the \$32.4 million GF proposed statewide in adjustments to base operations, \$9.1 million GF is proposed at institutions of higher education. Base adjustments include funding to support eVA surcharges, increases in property insurance premiums and workers' compensation, and anticipated VITA-related charges.
- **Eastern Virginia Medical School.** Includes \$4.2 million GF each year to strengthen academic programs and to address accreditation recommendations. Using the "base adequacy" guidelines adopted by the Joint Subcommittee Studying Higher Education Funding, the proposed increase would bring funding for the School to 98 percent of the recommended guideline level for undergraduate medical education.
- **New College Institute.** Proposes \$2.1 million GF the first year and \$2.4 million GF the second year for the creation of a new higher education entity in Southside Virginia. Through separate legislation, the Governor recommends the creation of the New College Institute to serve initially as

a broker between the community colleges and existing four-year degree programs in providing increased access to higher education in the region. The Governor's proposal would allow for the Institute to confer its own degrees with future approval by the State Council of Higher Education for Virginia (SCHEV).

- **Academic, Research, and Institutional Support at Norfolk State University (NSU).** Includes \$1.0 million GF and \$560,600 NGF the first year and \$1.0 million GF and \$567,600 NGF the second year for curricular and professional development, expansion of the University's library holdings, and improvements in campus safety and facilities. Proposes an additional \$0.8 million GF each year to increase support for the university's Center for Materials Research. Also, recommends \$0.2 million GF and \$0.3 NGF the first year and \$0.4 million GF and \$0.4 million NGF the second year to expand NSU's nursing program.
- **VIMS Chesapeake Bay Assessment.** Includes \$1.1 million GF the first year and \$1.8 million GF the second year to monitor and verify Virginia's efforts to clean up the Chesapeake Bay in accordance with the 2010 deadline set by the United States Environmental Protection Agency.
- **Replace and Update Computing Systems.** Proposes \$1.3 million GF the first year and \$1.4 million GF the second year to upgrade or replace academic, administrative, or financial computing systems at Longwood, Norfolk State, Radford, and Virginia State University (VSU). Includes funding to improve information technology infrastructure at Richard Bland College and VSU.

GF for Computing System Replacements and Upgrades			
<u>Institution</u>	<u>FY 2007</u>	<u>FY 2008</u>	<u>Biennial Total</u>
LU	\$125,000	\$125,000	\$250,000
NSU	198,000	198,000	396,000
RU	350,000	840,800	1,190,800
RBC	109,300	109,300	218,600
VSU	<u>473,500</u>	<u>99,500</u>	<u>573,000</u>
Total	\$1,255,800	\$1,372,600	\$2,628,400

- **Nursing Clinical Simulation Laboratories.** Includes \$1.4 million GF the first year, \$762,400 GF the second year and nine positions to establish two new nursing training laboratories. One of the proposed labs would be set up in the New River Valley and the other in the Roanoke Valley. As proposed, funding would be provided to Radford University’s School of Nursing to develop the laboratories collaboratively with the region’s other nursing schools, the Roanoke Higher Education Center, and interested private health care providers in the region.
- **Virtual Library of Virginia.** Includes \$766,300 GF each year to expand access to the virtual library among Virginia’s two-year institutions and to acquire additional technical and engineering journals.
- **Selected Research and Public Service Centers.** Proposes \$848,900 GF the first year and \$657,000 GF the second year for existing research and public service centers at Longwood, the University of Virginia, Virginia Commonwealth University, and the Virginia Community College System.
- **Eminent Scholars.** Includes an additional \$438,900 GF the first year and \$877,800 GF the second year to assist institutions in leveraging private funds to attract and retain top teaching and research faculty in the Commonwealth. The state currently provides \$6.3 million for this purpose.
- **Regional Higher Education Centers.** Proposes increased funding totaling \$572,200 GF the first year and \$633,900 GF the second year for the three regional higher education centers as shown in the table below.

Regional Higher Education Centers			
<u>Institution</u>	<u>FY 2007</u>	<u>FY 2008</u>	<u>Biennial Total</u>
Southwest Va. Higher Education Center	\$316,600	\$316,600	\$633,200
Roanoke Higher Education. Center	193,900	193,900	387,800
Southern Va. Higher Education Center	61,700	123,400	185,100
Total	\$572,200	\$633,900	\$1,206,100

Proposed funding increases for the Institute for Advanced Learning and Research (IALR) in Danville are included separately in the Governor's research initiative. Language is included directing IALR and the Southern Virginia Higher Education Center to work collaboratively with the proposed New College Institute to avoid unnecessary duplication in the region.

- **Unique Military Activities.** Includes \$438,000 GF the first year and \$657,000 GF the second year in Virginia Military Institute's (VMI) budget to support costs associated with the military training provided to the Corps of Cadets. Of this amount, \$308,000 GF the first year and \$247,000 GF the second year is provided for the Corps at Virginia Tech.
- **Old Dominion University's "Rolling Road" Test Module.** Proposes \$1.0 million GF the first year to leverage nongeneral fund resources for the purchase of "rolling road" test equipment. With this purchase, the University would be able to use its wind tunnel to provide state-of-the art aerodynamic testing on automotive vehicles.

Other Education

The Governor's proposed 2006-08 budget provides a net increase of \$12.4 million GF over the biennium for state museums and other educational agencies, an increase of 11.0 percent over the adjusted base budget. The amendments include \$4.1 million GF for grants to arts organizations through the Virginia Commission for the Arts; \$1.5 million GF for additional security services during construction and 6.0 new positions for prepare new gallery space at the Virginia Museum of Fine Arts; \$0.9 million for "product readiness" activities for the Jamestown Yorktown Foundation; \$0.8 million for aid to public libraries; \$0.7 million for electronic and digital record management at the Library of Virginia; and \$0.7 million and 3.0 new positions for facility upkeep at the Science Museum of Virginia.

- **Virginia Commission for the Arts.** Adds a net \$4.1 million GF over the adjusted base budget.
 - *Grant Awards to Arts Organizations.* Adds \$1.3 million GF the first year and \$2.8 million GF the second year. This would raise the level of funding from 43 percent to 60 percent in FY 2007 and to 80 percent in FY 2008 towards the goal of \$1 for each Virginia resident.
 - *National Endowment for the Arts Grant.* Adds \$15,000 NGF each year to reflect a grant from the National Endowment for the Arts.
 - *Federal Funds.* Reduces \$29,100 NGF each year to accurately reflect the amount of federal funds support grants to arts organizations.
- **Library of Virginia.** Adds a net \$2.6 million GF over the biennium.
 - *Aid to Public Libraries.* Provides \$385,038 GF each year to local public libraries through the state funding formula based on population growth.
 - *Electronic and Digital Record Management.* Adds \$434,425 GF the first year and \$221,100 GF the second year for equipment, software support and operations to address the growing need for electronic and digital record management.
 - *Rare Collections.* Provides \$215,955 GF each year for collection, conservation, and preservation of historical and reference documents.

- *NGF Appropriation.* Adds \$1.15 million NGF the first year and \$1.2 million NGF the second year and 7.0 NGF positions to reflect increases in the circuit court records program and the library shop.
- *Federal Funds and Positions.* Provides \$905,495 NGF each year and 2.0 NGF FTE and 1.0 GF FTE to accurately reflect the current staffing and federal funding levels.
- **Virginia Museum of Fine Arts.** Adds a net \$2.3 million GF and 6.0 positions over the adjusted base budget.
 - *Additional Security Services.* Provides \$344,000 GF the first year and \$604,925 GF the second year to support additional contract security services needed during construction.
 - *Prepare New Gallery Space Positions.* Includes \$512,477 GF and 6.0 FTE positions the second year to design and prepare the expanded gallery space.
 - *Architecture and Design Department Positions.* Adds \$93,465 GF the first year and \$94,349 GF the second year for 2 positions to accommodate additional workload due to the expansion.
 - *Electrician and Mechanic Positions.* Provides \$187,249 GF for 2 positions the second year for an electrician and HVAC mechanic.
 - *Procurement Requirements.* Includes \$55,673 GF each year to support increased administrative requirements related to procurement of goods and services.
- **Jamestown-Yorktown Foundation.** Adds a net \$1.1 million GF over the biennium.
 - *“Product Readiness”.* Adds \$650,556 GF and \$576,621 NGF the first year and \$244,099 GF and \$936,788 NGF the second year. This includes in-state advertising, costs related to the expanded physical plant, security, additional programming, and ship maintenance.
 - *Management Readiness for Special Events.* Adds \$226,230 NGF the first year and \$368,519 NGF the second year for pay awards to assure retention of key frontline staff during the commemorative period and for fundraising database maintenance costs.

- **Jamestown 2007.** Adds a net \$450,482 GF over the adjusted base budget.
 - *Public Safety During the 400th Anniversary Weekend.* Adds \$450,482 GF the first year for half the estimated costs for contracting with three municipalities for security, fire, and emergency medical services during the 400th Anniversary Weekend, May 11-15, 2007.

- **Science Museum of Virginia.** Adds a net \$1.2 million GF and 3.0 positions over the adjusted base budget.
 - *Facility Upkeep.* Adds \$347,053 GF each year and 3.0 positions for such projects as mowing, painting, carpet replacement, and equipment repairs.
 - *Exhibit Maintenance.* Provides \$150,000 GF each year to partially address exhibit maintenance needs.
 - *Support Pay Equity for Outreach Education.* Adds \$13,812 GF the first year and \$25,500 GF the second year to support pay equity for outreach coordinators comparable to those of teaching positions.

- **Frontier Culture Museum of Virginia.** Adds a net \$430,866 GF over the adjusted base budget.
 - *Various Operational and Support Services.* Adds \$165,703 GF the first year and \$152,139 GF the second year for various operational and support services. This includes hiring additional part-time employees; pay raises for hourly employees; software upgrades, replacing network switches and printer repairs; utilities and fuel; marketing; seat management; costuming; and security.
 - *Replace 30 Year Old Backhoe.* Adds \$70,000 GF the first year to replace a 1976 backhoe, which has been in service at the museum since 1988 and was used for building and expanding exhibits, maintaining existing exhibits, and snow removal.
 - *Reduce NGF Appropriation to Reflect Actual Ticket Sales.* Reduces by \$276,758 NGF each year to reflect actual revenue collections from ticket sales.

- **Gunston Hall.** Adds a net \$189,405 GF over the adjusted base budget.
 - *Offset Unanticipated Increases.* Adds \$49,780 GF each year for unanticipated increases in costs.

- ***O&M for the Ann Mason Building Addition.*** Adds \$29,208 GF each year for operation and maintenance costs, such as cleaning, heating, and security monitoring, of new additions to the Ann Mason Building completed in September 2005.

Finance

The proposed amendments for the Finance agencies result in a net increase of \$102.2 million, above the 2006-2008 base budget. These amendments include the addition of \$128.2 million GF and \$415,721 NGF for the biennium, which are offset by recommended reductions of \$1.3 million GF, and \$25.1 NGF.

Among the recommended amendments, the single largest general fund increase is \$113.8 million for debt service payments: \$106.4 million to reflect current estimates of debt service needed for existing bond authorizations, another \$7.1 million for debt service on proposed bond issues, and \$293,123 for debt service payments on higher education equipment. Other general fund spending items include: \$9.7 million to fund benefits payable under the Line-of-Duty Act, \$1.4 million to strengthen tax compliance efforts, \$665,907 for oversight of the Land Preservation Tax Credit; \$515,568 for additional staff for the Department of Planning and Budget; \$277,484 to strengthen financial controls at the Department of Accounts; \$272,930 for analysis and reporting on sales tax exemptions, \$176,100 to increase funding for the State Land Evaluation advisory Commission; and \$143,590 to provide additional staff for administration of the Line-of-Duty Act.

Proposed general fund reductions are: \$641,690 to transfer administration of non-participating manufacturers under the Master Tobacco Settlement Agreement from the Department of taxation to the office of the Attorney General, and a technical adjustment of \$706,586 at Taxation. Nongeneral fund reductions proposed are: \$23.1 million NGF to accurately reflect the final payments under the Tax partnership agreement, and \$2.0 million to reflect actual requirements of the Edvantage Reserve Fund in the Department of Accounts Transfer payments.

- **Department of Accounts**

- ***Provide Additional Staffing for Payroll Service and Fiscal Service Bureaus.*** Includes two positions to assume the payroll and fiscal functions of several executive branch agencies. Funding will be provided through service charges.
- ***Provide Additional Staffing for the Line of Duty Act.*** Provides \$74,295 GF and one position the first year and \$69,295 and one position the second year for increased workload in the Line-of-Duty Act.
- ***Strengthen Financial Controls.*** Provides \$138,742 GF and two positions the first year and \$138,742 and two positions the second year to strengthen the Commonwealth's financial controls.

- *Commonwealth Charge Card Rebate Program.* Provides \$275,000 NGF and one position the first year and \$275,000 and one position the second year to establish the Commonwealth Charge Card Rebate Program, which will receive deposits of rebates earned on the Commonwealth’s charge cards.
- **Department of Accounts Transfer Payments**
 - *Rainy Day Fund Deposit.* Provides a technical base budget reduction of \$181.9 million each year to remove the impact of the FY 2006 Rainy Day Fund appropriation that was related to 2004 revenue collections. The Rainy Day Fund payment required for 2005 revenue collections is appropriated in FY 2006 through HB/SB 29. The FY 2006 payment will place the Fund at the Constitutional limit calculated in December 2005.
 - *Edvantage Reserve Fund.* Proposes to reduce funding for the Edvantage Reserve Fund by \$1.0 million NGF the first year and \$1.0 million NGF the second year to reflect actual program requirements.
 - *Additional Funding for Line of Duty Act.* Provides \$3.5 million GF the first year and \$6.2 million GF the second year to provide health insurance and death benefits to public safety officers injured or killed in the line of duty.
- **Department of Planning and Budget**
 - *Council on Virginia’s Future.* Proposes to transfer \$500,000 GF the first year and \$500,000 GF the second year currently in the Central Appropriations to the department for support of the Council on Virginia’s Future. A funding increase is also proposed for the Council in the Central Appropriations.
 - *Additional Staffing for Workload Changes.* Recommends \$257,874 GF and two positions the first year and \$257,874 and two positions the second year for increased workload.
- **Department of Taxation**
 - *Reporting on Sales Tax Exemptions.* Proposes the addition of two positions with related funding of \$137,400 GF the first year and \$135,530 GF the second year for analysis and reporting on exemptions to the retail sales and use tax.

- ***Land Preservation Tax Credit.*** Recommends the addition of two positions and funding of \$327,573 GF the first year and \$338,334 GF the second year to better administer the Land Preservation Tax Credit, including securing independent appraisals for certain donations.
- ***State Land Evaluation Advisory Commission.*** Proposes funding of \$130,400 GF the first year and \$45,700 GF the second year to develop a new system to calculate agricultural and horticultural land use values for local property tax adjustment programs.
- ***Transfer Administration of Non-participating Manufacturers.*** Proposes to transfer administration of non-participating manufacturers under the Master Tobacco Settlement Agreement to the Office of the Attorney General. If approved, this transfer would result in a reduction of \$320,845 GF the first year and \$320,845 GF the second year and roughly equivalent increases for the Office of the Attorney General. The four positions assigned to MSA administration remain in the Tax Department.
- ***Tax Compliance Efforts.*** Recommends the addition of ten positions and related funding of \$710,345 GF the first year and \$695,010 GF the second year for increased tax compliance efforts. Additional revenue of \$15.8 million for the 2006-08 biennium is projected to result from these efforts.
- ***Public-Private Partnership Payments.*** Proposes to reduce nongeneral fund appropriation authority by \$10.3 million in the first year and \$12.8 million in the second year, to accurately reflect the final payments to CGI-AMS under the terms of the existing tax partnership agreement.
- ***“True Object Test”.*** Includes language to modify the use of the “true object test” when determining sales tax treatment for government contracts. Effective July 1, 2006, the department will make this determination based on the true object of each component of the contract (work order, statement of work, and task order) rather than on the underlying contract in its entirety. This change resulted from a pilot effort undertaken by the department to recognize changes in the way the federal government writes contracts for goods and services.

- **Department of the Treasury**
 - *Additional Staffing for Fund Trust Accounting.* Recommends \$36,264 GF, \$36,266 NGF and one position the first year and \$38,090 GF, \$38,090 NGF and one position the second year for Fund Trust Accounting.
 - *Administrative Support Staff.* Proposes \$39,666 NGF and one position the first year and \$43,767 NGF and one position the second year for administrative support of the Local Government Investment Pool and the Tobacco endowment Fund.

- **Treasury Board**
 - *Amend Debt Service Needs for Existing Bond Issues.* Proposes an increase of \$28.7 million GF and a reduction of \$145,277 NGF the first year and \$77.7 million GF and a reduction of \$146,791 NGF the second year to reflect current estimates of debt service needed for existing bond authorizations. Included in those amounts are \$1.4 million GF the first year and \$12.2 million GF the second year for the additional \$201.9 million in debt authorization for the State Agency Radio System (STARS) proposed in HB83/SB27.
 - *Debt Service Needs for Proposed Bond Issues.* Recommends an increase of \$878,000 GF and \$6.2 million GF the second year to reflect current estimates of debt service needed for new bond authorizations.
 - *Debt Service Needs for Higher Education Equipment.* Proposes an increase of \$293,123 GF the second year to reflect current estimates of debt service needed for higher education equipment.

Health and Human Resources

The Governor's proposed 2006-08 budget for Health and Human Resources (HHR) provides a net increase of \$886.0 million GF and \$399.8 million NGF compared to the 2004-06 biennial budget (Chapter 951) adjusted for technical changes. This total reflects new biennial spending of \$910.4 million GF and \$443.9 million NGF offset by reductions of \$24.3 million GF and \$44.2 million NGF.

Of the general fund increase in HHR, 78 percent or \$687.2 million is required to meet caseload and cost increases, address federal mandates, maintain services at current levels, and fund traditional high priority items. Biennial general fund increases are required to fully fund projected growth for Medicaid (\$483.5 million), the Comprehensive Services Act (CSA) for at-risk youth and their families (\$48.3 million), state and federally mandated adoption subsidy programs (\$28.9 million), TANF assistance and child care (\$14.8 million), and health insurance for low-income children (\$11.7 million).

Implementation of a prescription drug benefit (Medicare Part D) under the federal Medicare program is expected to result in a net general fund cost to the Commonwealth of \$80.1 million during the biennium -- marking the first time that states have been required to make a contribution to the federal government for a program that states do not operate.

Other high priority proposals contained within the Governor's budget include funding to provide prescription drugs to serve inpatient and outpatient consumers of the state's mental health, mental retardation and substance abuse services system (\$15.0 million), modernize the department's information system to ensure proper billing is completed for the new Medicare Part D program (\$1.5 million) and replace critical food service equipment at state mental health and mental retardation facilities (\$2.6 million).

More than one-half of new discretionary spending within health and human resources is proposed for mental health and mental retardation restructuring. The restructuring proposals, which include a sizeable capital program, add \$112.4 million GF and \$57.7 million in federal Medicaid matching funds to improve community investments in mental health and mental retardation.

The community-based mental retardation restructuring initiative (\$55.6 million GF) includes funding to expand mental retardation waiver services to individuals living in state training centers and in the community, a rate increase for mental retardation waiver services, start-up funding for MR waiver services and guardianship services for individuals with mental retardation.

The community-based mental health and substance abuse initiative (\$51.4 million GF) includes funding to expand discharge assistance, divert individuals from state hospitals to community services, expand crisis stabilization services including substance abuse services, create two new “systems of care models” to provide mental health treatment to children and adolescents, and expand mental health treatment for children and adolescents in juvenile detention centers.

Other discretionary spending initiatives total \$104.0 million GF and include proposals to: increase provider rates, primarily in the Medicaid program, for hospitals, nursing homes and physicians, as well as rates for local medical examiners (\$32.0 million); expand health and social services for low-income families, aged and disabled individuals (\$24.3 million); efforts to preserve access to health and social services through funding of safe drinking water projects, addressing the waiting list of infants and toddlers eligible for early intervention services and maintaining existing aging services provided by Area Agencies on Aging (\$21.3 million); maintain agency operations by funding energy, insurance and other cost increases (\$15.0 million); and promote efficient agency operations, such as the adoption of Electronic Health Records (\$11.3 million).

General fund spending reductions are primarily concentrated in two areas: Medicaid (\$11.7 million) and mental health, mental retardation and substance abuse services (\$5.5 million). Medicaid savings are anticipated from the discharge of residents at Central Virginia and Southeast Virginia Training Centers as additional resources are provided to expand community-based services. Savings are also anticipated at Eastern State Hospital as patients are appropriately discharged into community programs and additional resources are provided to divert individuals with mental illness from state facility care. State facility savings are also expected to materialize in the future as new, and presumably more efficient, facilities replace aging structures that are proving costly to maintain. Finally, Medicaid savings are expected from more rigorous compliance audits for pharmacy, durable medical equipment, and home health services, and the implementation of a Specialty Drug Program for chronic diseases that require expensive medications to treat.

- **Comprehensive Services Act for At-Risk Youth and Families (CSA)**
 - *CSA Caseload and Costs.* Adds \$48.4 million GF and reduces \$10.0 million NGF to adjust funding for mandatory services provided through the CSA program for emotionally disturbed special education and foster care children. Additional general funds will accommodate eight percent annual increases in the cost of services as well as higher caseloads. Nongeneral funds are reduced to reflect lower than expected Medicaid funding for services.

- **Virginia Department for the Aging**
 - *Area Agencies on Aging (AAA) Hold Harmless Funding.* Adds \$1.3 million GF each year to implement the AAA funding formula to reflect recently updated census data. Due to demographic shifts in the state, the previous formula would have reduced funding to rural AAAs and increased funding to urban AAAs. The addition of \$1.3 million will hold rural AAAs harmless from reductions and accommodate the growth of the elderly populations in urban areas. The department uses this formula to distribute state general funds and federal Older Americans Act funding to local Area Agencies on Aging each year. A special task force established by the 2005 General Assembly recommended this funding option.
 - *Expand Public Guardianship and Conservator Program.* Provides \$150,000 GF each year to expand the Public Guardian and Conservator Program to unserved regions of the Commonwealth. Funding will be used to extend services to elderly and disabled adults who have no resources, family or friends to provide guardianship services. As part of a larger mental health, mental retardation, and substance abuse services initiative, \$720,000 in FY 2007 and \$1.3 million in FY 2008 from the general fund is included for individuals with mental retardation who are also in need of guardianship services. Additional funding for this program addresses the state's Olmstead Plan to strengthen community-based services for mentally disabled persons.
 - *Senior Navigator Program.* Provides \$150,000 GF each year to maintain support for the Senior Navigator program at \$250,000 each year. During the 2004 General Assembly, \$100,000 from the general fund was appropriated through the Department for the Aging for Senior Navigator, but an additional \$150,000 from the general fund was provided through central appropriations. This proposal maintains funding at \$250,000 each year consistent with funding appropriated by the 2005 General Assembly.
- **Department of Health**
 - *Drinking Water Construction Projects.* Adds \$5.0 million GF each year to provide grants to local communities for drinking water infrastructure improvements. As a result of a recent formula change, Virginia's allocation of federal funding from the U.S. Environmental Protection Agency decreased by \$2.6 million annually from \$11.5 million to \$8.9 million. This funding offsets that reduction and provides an additional \$2.4 million GF annually

to increase the Commonwealth's investment in local construction projects to ensure safe drinking water.

- ***Expand Use of Electronic Health Records.*** Adds \$3.8 million GF in FY 2007 and \$3.3 million GF in FY 2008 to encourage the development and use of electronic health records in the Commonwealth as a way to improve health outcomes and patient safety, and restrain the rising cost of health care services. Funds will be used to: (1) assist providers interested in purchasing electronic health records (\$3.0 million each year), (2) develop a Master Patient Index and Regional Health Information Organizations pilot project (\$500,000 one-time), (3) hire information technology specialists to administer the development of the pilot project (\$176,620 each year), (4) continue funding a pilot program involving Carilion Health System and local health departments, and (5) provide grant funding (\$50,000 each year) for the Virginia Health Information's patient level database.

- ***Rate Increase for Death Investigations.*** Adds \$615,520 GF in FY 2007 and \$648,740 GF in FY 2008 to increase the rate paid to medical examiners for death investigations from \$50 to \$150 per case. The low case rate currently paid by the Commonwealth has contributed to a decline in local medical examiners from 430 to 230 in the past ten years. This increase is designed to recruit and retain medical examiners in local communities, especially in 30 unserved counties.

- ***Expand Resource Mothers Program.*** Adds \$590,000 GF each year to maintain services for 2,200 recipients and expand services to 211 additional teenage mothers. The Resource Mothers program provides prenatal care, post-partum care, and support through the first year of infancy for pregnant teens who are at high-risk of poor birth outcomes.

- ***Replace NGF with GF for Physician Financial Incentive Programs.*** Adds \$280,284 GF in FY 2007 and \$560,568 GF in FY 2008 and reduces \$280,284 NGF in FY 2007 and \$560,568 NGF in FY 2008 to replace the financing of physician recruitment incentives from Board of Medicine physician license fee revenues with general funds. Physician license fees are intended to support the regulatory activities of the Board of Medicine. However, during the 2003 session, general fund support of loan repayment and scholarship programs was eliminated to achieve budget savings and replaced with physician fees in order to minimize program reductions. The scholarship and loan repayment programs are designed to encourage physicians to work in medically

underserved areas, health professional shortage areas or government agencies in Virginia.

- ***Expand Breast and Cervical Cancer Screening Services.*** Provides \$405,176 GF each year to local health departments to expand breast and cervical cancer screening and diagnostic services to 2,144 low-income women. Funding for those women screened by the program who need breast and cervical cancer treatment is added to the budget in the Department of Medical Assistance Services.
- ***Comprehensive Health Investment Program (CHIP) of Virginia.*** Provides \$396,000 GF each year to maintain services to 475 children by funding eight community workers previously funded with federal Title IV-E foster care prevention dollars. CHIP is currently funded with a combination of general funds (\$175,000 each year) and federal TANF funds (\$2.1 million each year). As funds shifted from general funds to TANF, other federal funding (e.g., Title IV-E foster care) that were expected to be available to local CHIP programs have not materialized.
- ***Additional Food Safety Inspectors.*** Adds \$326,000 GF and \$130,400 NGF each year to ensure food safety by adding eight additional restaurant inspectors in targeted regions of the Commonwealth. Growing communities served by local health districts such as Loudoun, Rappahannock, Thomas Jefferson, and Prince William have been unable to keep up with the demand for environmental health services, particularly restaurants inspections.
- ***Virginia Health Care Foundation.*** Provides \$250,000 GF each year to expand the number of medication assistance coordinators across the Commonwealth to provide outreach assistance to low-income, uninsured persons living in medically unserved or underserved areas of the state who need help in obtaining free prescription drugs.
- ***Improve Local Health Department Facilities.*** Provides \$170,031 GF and \$111,085 NGF each year to make improvements to local health department facilities in the counties of Dickenson, Fluvanna, Nelson, and Warren, and the City of Waynesboro. These localities have been identified by the Department of Health as having the top critical needs due to health, safety, and other structural deficiencies. Funding will be used to pay the additional lease costs associated with new or improved facilities in these communities.
- ***Local Health Department Grants for Interpreter Services.*** Provides \$125,000 GF each year for grants to local health departments for

linguistically appropriate translation and interpreter services. Communications barriers may be contributing to inadequate patient care and inefficient utilization of local health department resources.

- *St. Mary's Health Wagon.* Includes \$100,000 GF each year for the St. Mary's Health Wagon, a community-based health care provider serving the residents of Buchanan, Dickenson, and Wise counties. One-time funding of \$75,000 from the general fund was provided for the program in FY 2006.
- *Recognize Richmond City Health Department as a State-operated Health District.* This technical change adds \$3.9 million NGF each year and 120 positions to reflect the City of Richmond's pending decision to revert the City's health department back to a state-operated health district. Nongeneral fund revenues reflect local health department match requirements, charges for health services, and federal grants.
- *Office of Vital Records NGF Increase.* Increases the nongeneral fund appropriation for the Office of Vital Records by \$867,603 each year to reflect additional revenue collected due to growing demand for vital record information. As a self-supporting program, these revenues are used to support services provided by the office. Demand has increased for state and federal identification information such as, birth and death records, as a result of the Commonwealth's Legal Presence law and the federal Real ID Act.

- **Department of Health Professions**

- *NGF for Investigative and Adjudication Costs.* Provides \$1.6 million NGF in FY 2007 and \$1.5 million NGF in FY 2008 to fund 14 new positions to investigate and assist in the adjudication of allegations of misconduct of health care practitioners. Funding will allow the department to address additional complaints resulting from legislation that increased the number of mandated reporters who must detail misconduct to the Board of Medicine and address a backlog of current cases. Additional nongeneral funds will be generated from current fee revenues or projected fee increases.
- *Add Staff for Licensing Health Care Practitioners.* Adds \$340,292 NGF in FY 2007 and \$361,676 NGF in FY 2008 to add nine licensing and support positions, fund additional rent increases and provide for costs associated with accepting electronic payments. Additional nongeneral funds will come from current fee revenues or projected fee increases.

- *Add Staff for Regulating Long-term Care Administrators.* Provides \$201,823 NGF in FY 2007 and \$191,823 NGF in FY 2008 and three positions to fund the costs associated with regulating long-term care administrators. Legislation passed during the 2005 session increased regulatory requirements of assisted living facilities. Nongeneral fund fee revenues will be generated as individuals seek licensure as long-term care administrators.
 - *Add Staff for Regulating Medication Aides.* Adds \$115,946 NGF in FY 2008 and one position to assist the Board of Nursing in licensing medication aides pursuant to legislation passed by the 2005 General Assembly. Nongeneral fund fee revenues will be generated as individuals become licensed as medication aides.
 - *Eliminate NGF for Physician Financial Incentive Programs.* Reduces existing transfer of nongeneral fund physician fee revenues from the Board of Medicine to the Department of Health for the financing of physician recruitment incentives from \$560,568 to \$280,284 in FY 2007 and fully eliminates it in FY 2008. During the 2003 session, general fund support of loan repayment and scholarship programs was replaced with \$560,568 from dedicated special revenues from physician’s fees. This proposal reverses that action by phasing-in a restoration of general fund support in the Department of Health for these incentives over two years.
- **Department of Medical Assistance Services (DMAS)**
 - *Medicaid Utilization and Inflation.* Fully funds expected increases in enrollment and medical costs for the Medicaid program. Enrollment of low-income adults, children and pregnant women, which accelerated in FY 2001, appears to finally be moderating. While enrollment for this population grew by 12.9 percent in FY 2004 compared to the prior year, it is projected to grow less than four percent annually during the upcoming biennium. However, steady caseload growth for all Medicaid enrollees and the rising cost of health care services, including managed care payments, inpatient hospital services, and Medicare Part B premiums that are paid for low-income elderly recipients on Medicaid, require additional resources to fund the program’s growth.

Medicaid program costs are expected to grow by 7.0 percent in FY 2007 and 8.0 percent in FY 2008, considerably less than the double-digit growth experienced during the past two years. Projected increases in enrollment and costs require the addition of \$164.6 million in FY 2007 and \$319.0 million in FY 2008 from the general fund to maintain current services for eligible persons.

Revenues to the Virginia Health Care Fund, which are dedicated to the Medicaid program and offset the need for general fund support, are expected to be slightly higher in the upcoming biennium. Compared to the previous fiscal year, revenues from the Master Settlement Agreement, tobacco taxes, and Medicaid recoveries are expected to be higher. Medicaid recoveries are expected to increase each year in spite of the implementation of Medicare Part D, which will substantially reduce projected revenue from pharmacy rebates by \$28.1 million for the biennium.

- ***Medicaid Impact of Medicare Part D (Federal Prescription Drug Benefit)***. Beginning January 1, 2006, Medicare beneficiaries will be able to receive, for the first time, outpatient prescription drugs under the program. Prior to the inclusion of a drug benefit under Medicare, most low-income elderly and disabled individuals who were eligible for Medicare and Medicaid (commonly referred to as "dual eligibles") received their prescription drugs through Medicaid.

To avoid giving states a budget windfall and to reduce the cost of the new benefit to the federal government, federal law requires states to submit an unprecedented monthly payment to defray the cost of this program. The payment, known as the "clawback", is based on calendar year 2003 Medicaid pharmacy spending, trended forward for inflation, and the estimated number of dual-eligibles expected to enroll in the program. The annual payment is calculated from an inflated base, prior to the state's aggressive and successful efforts to control pharmacy spending. Medicaid pharmacy spending in Virginia has increased at one-half the national rate the federal government will use to inflate pharmacy spending from CY 2003 to CY 2006. In effect, Virginia is being penalized for its recent efforts to control pharmacy spending.

The general fund impact of the Medicare Part D program is \$37.9 million in FY 2007 and \$42.3 million in FY 2008. Of the biennial amount, the clawback payment -- the general fund amount to be paid to the federal government in excess of Medicaid savings -- accounts for \$36.5 million of the increase. Almost one-half of the increase is due to projected losses of Medicaid rebates (\$28.1 million) from drug manufacturers as recipients' drug costs move to Medicare and the department's ability to negotiate rebates with drug companies declines. Finally, publicity and outreach is expected to result in additional Medicaid enrollment, accounting for \$15.5 million of the increase.

- ***Medicaid-related State Child Health Insurance (SCHIP) Low-Income Children Caseload Growth.*** Provides \$2.8 million GF in FY 2007 and \$5.3 million GF in FY 2008 and \$3.8 million in FY 2007 and \$8.3 million from federal matching funds to fully fund caseload growth for Medicaid-eligible low-income children living in families with incomes between 100 and 133 percent of the federal poverty level. The federal government matches Medicaid expenditures for these children at the same rate as that provided for the Family Access to Medical Insurance Security (FAMIS) program (about 65 percent). Projected monthly enrollment in Medicaid SCHIP is expected to grow by 18.5 percent from 33,899 in FY 2006 to 40,172 in FY 2008.
- ***FAMIS Caseload Growth.*** Increases funding by \$246,869 GF in FY 2007 and \$3.3 million GF in FY 2008 and \$360,280 NGF in FY 2007 and \$6.1 million NGF in FY 2008 from federal matching funds to address anticipated enrollment and cost increases for the FAMIS program. Monthly enrollment in FAMIS is expected to grow by 12.9 percent from 42,734 in FY 2006 to 48,255 in FY 2008.

Provider Rate Changes

- ***Increase Inpatient Hospital Reimbursement.*** Provides \$7.5 million GF in FY 2007 and \$8.4 million GF in FY 2008 and \$7.5 million in FY 2007 and \$8.4 million in FY 2008 from federal matching funds to increase inpatient hospital reimbursements by modifying a payment adjustment factor used in calculating the state's reimbursement. Currently, the payment adjustment factor discounts 24 percent of allowable inpatient costs, thus reimbursing hospitals for about 76 percent of their costs. This added funding would allow the department to decrease the discount to 22 percent, resulting in increased reimbursements covering 78 percent of allowable costs for inpatient hospital services.
- ***Increase Payments to Nursing Facilities.*** Adds \$3.9 million GF in FY 2007 and \$4.0 million GF in FY 2008 and \$3.9 million in FY 2007 and \$4.0 million in FY 2008 from federal matching funds to increase the direct and indirect cost ceilings from 112 to 117 percent and 106.13 to 107.0 percent, respectively. Currently, the nursing facility reimbursement system places upper limits on allowable Medicaid costs. This change increases reimbursement for direct and indirect patient care costs provided by some facilities
- ***Modify Rate Setting Methodology for Skilled Nursing Facilities.*** Removes budget language adopted by the 2004 General Assembly that increased direct and indirect cost limitation by \$3.00 per day

and replaces it with language that removes limits on nursing home administrator salaries, medical director fees and management fees. Budget language also raises indirect cost limits from 103.9 to 106.13 percent. Adjustments to the nursing facility reimbursement rates will be paid for with the increase provided in 2004.

Under current law, Medicaid will not reimburse nursing facilities for indirect costs that exceed established limits. Eliminating limitations specific to administrator's salaries and medical director's fees may encourage nursing facilities to increase salaries and fees to retain and recruit qualified physicians and administrators. Nursing facility reimbursement will still be subject to direct and indirect cost ceilings, which are increased in a separate budget proposal described above.

- ***Increase Reimbursement Rates for Physician Services.*** Adds \$6.9 million GF and \$7.3 million NGF from federal matching funds in FY 2008 to provide a three percent rate increase for physician services provided under Medicaid and FAMIS. With the exception of physician rates for obstetrical and gynecological (OB/GYN) services, emergency room care, and primary care and pediatric services, physician service rates have remained unchanged since 1991. Because the rates for OB/GYN services increased by 34.0 percent in FY 2005 and will increase by an additional 2.5 percent on May 1, 2006, these reimbursement rates would not be increased by this proposal.
- ***Increase Reimbursement Rates for Adult Day Care Services.*** Adds \$48,476 GF in FY 2007 and \$91,197 GF in FY 2008 and an equivalent amount of federal matching funds to increase the rates paid for adult day health care services by five percent effective January 1, 2007. Under current law, adult day care services will receive a two percent increase on May 1, 2006. As a result of these increases, adult day health care rates will rise to \$50.61 per day in Northern Virginia and \$48.41 in the rest of the Commonwealth in FY 2008.

Administrative Improvements

- ***Implement Specialty Drug Program.*** Reduces the general fund by \$593,040 in FY 2007 and \$770,111 in FY 2008 and nongeneral funds by \$593,040 in FY 2007 and \$770,111 in FY 2008 by creating a specialty drug program to control the cost of certain high-priced prescription drugs used to treat chronic conditions. The program would use pharmacists, registered nurses, and patient-care representatives to manage prescriptions that require special administration, refrigeration or handling. Specialty drug programs

are largely mail-order businesses that rely upon professional clinical support to manage chronic illnesses.

- ***Outsource Compliance Audits for Various Services.*** Provides net savings of \$350,000 GF in FY 2007 and \$728,000 GF in FY 2008 and \$350,000 NGF in FY 2007 and \$728,000 NGF in FY 2008 as a result of contracting out compliance audits for Medicaid services such as, home infusion services, home health, durable medical equipment, and pharmacy services. Because provider agreements are complex and claims are processed manually, these services have been identified as vulnerable to fraud and abuse. Limited resources have inhibited the department from conducting comprehensive compliance audits. Outsourcing this function is expected to result in savings net of administrative costs.
- ***Outsource Payroll Processing for Consumer-directed Personal Attendant Services.*** Adds \$1.8 million GF in FY 2007 and \$2.0 million GF in FY 2008 and an equal amount of federal matching funds to contract with a fiscal agent to provide payroll processing services for personal attendants that deliver long-term care services at the direction of eligible waiver recipients. Growth in consumer-directed personal attendant services has outstripped the capacity of the department to efficiently manage payroll processing. The department will contract with an outside vendor to assume responsibility for this function.
- ***National Provider Identifier Initiative.*** Adds \$497,293 GF in FY 2007 and \$207,368 GF in FY 2008 and \$3.6 million NGF in FY 2007 and \$1.0 million NGF from federal matching funds for the cost associated with updating information technology systems to include National Provider Identifier fields for all Medicaid provider files. Beginning in May 2007, all required health plans and medical providers must use a standard federal identifier for all electronic transactions.

Service Expansions

- ***Eliminate Urgent Care Waiting List for MR Waiver Services for Children under Age 6.*** Provides \$2.5 million in FY 2007 and \$2.9 million in FY 2008 from the general fund and an equivalent amount of federal matching funds to create 110 new MR waiver slots for children under the age of 6 who have mental retardation or developmental disabilities and are on the urgent care waiting list.
- ***Increase the Personal Maintenance Allowance (PMA) for Community-based Medicaid Waivers.*** Provides \$1.0 million GF

and \$1.1 million NGF from federal matching funds each year to increase the personal maintenance allowance for individuals enrolled in Medicaid home- and community-based waivers from 100 percent to 150 percent of the Supplemental Security Income (SSI) payment standard. The net effect of this change is to allow individuals on Medicaid waivers to retain up to \$290 more of their monthly income for rent, utilities and food. Under current law, this amount would be kept by Medicaid to offset the recipient's cost of care. Allowing waiver-eligible individuals to keep more of their income for housing-related costs, which is not included in Medicaid waivers, should make housing more affordable for disabled individuals. The increase in the PMA does not apply to individuals served by the HIV/AIDS waiver, the mental retardation and developmentally disabilities waivers, and the consumer-directed elderly and disabled waiver. The HIV/AIDS waivers does not have a patient pay amount, while the MR and DD waivers already make allowances for recipients to retain more of their income.

- ***Medicaid Impact of Expansion of Breast and Cervical Cancer Screening Program.*** Adds \$695,417 GF and \$2.0 million NGF from federal matching funds each year to expand health care treatment services for women identified through the Department of Health's proposed expansion of breast and cervical cancer screenings. Federal law requires state Medicaid programs to provide treatment services for women who are diagnosed with breast and cervical cancer through the Department of Health's screening program.
- ***Implement Obesity Pilot Project for Children.*** Proposes funding of \$202,100 GF and \$179,900 NGF each year to establish a pilot project in Southwest Virginia to address children's obesity through the Medicaid program. Up to \$32,000 from the general fund each year may be transferred to the Virginia Cooperative Extension Service for the provision of nutritional education services to participants in the pilot project.
- ***Implement Medicaid Buy-in Program.*** Budget language is added to allow the department, contingent upon federal approval, to implement a Medicaid Buy-In Program pursuant to Chapter 489, 2003 Virginia Acts of Assembly. The program would serve up to 200 persons with disabilities and allow them to return to work or remain in the workforce while receiving Medicaid benefits. Current law discourages work by denying Medicaid eligibility to disabled individuals with minimal levels of earned income. No additional appropriation of funds is made available for this

purpose in the event the federal government approves the waiver request.

Other

- ***Reduces Medicaid Reimbursement for Mental Retardation Training Centers.*** Reduces \$2.8 million in FY 2007 and \$6.4 million in FY 2008 from the general fund and an equal amount of federal matching funds to reflect a gradual discharge of residents from Southeast and Central Virginia Training Centers as additional resources are provided to expand community-based services to persons with mental retardation. The savings also reflects projected operational savings from constructing new, more efficient state facilities.
- ***Uninsured Medical Catastrophe Fund.*** Adds budget language transferring \$250,000 GF from the Medicaid program the first year to the Uninsured Medical Catastrophe Fund to pay for the medical treatment of uninsured individuals facing medical catastrophes. Eligible payments from the fund include life-threatening illnesses or injuries requiring specialized medical treatment, hospitalization, or both. No additional general funds are appropriated for this purpose.
- **Department of Mental Health, Mental Retardation, and Substance Abuse Services (DMHMRSAS)**
 - ***Mental Health Restructuring.*** The proposed budget adds \$24.7 million GF the first year and \$26.8 million GF the second year for initiatives to continue restructuring the mental health system from a facility-based to a community-based system. Funding will be used to pay for community services which will allow: (1) a reduction of inpatient beds at Eastern State Hospital and Western State Hospital, (2) discharge assistance for individuals in inpatient facilities across the state, (3) diversion of patients from state inpatient treatment to community care, (4) expansion of substance abuse crisis stabilization services, and (5) expansion of system capacity to serve children and adolescents. Details on the initiative are contained in the table on the following page.

Mental Health Restructuring
(\$ in millions)

<u>Proposed Initiatives</u>	<u>FY 2007</u>	<u>FY 2008</u>
Community diversion services in the Eastern State Hospital service area*	\$4.8	\$6.9
Community diversion services in Western State and Northern VA Mental Health Institute service areas*	6.0	6.0
Expand existing crisis stabilization services and add two additional units to divert persons with substance abuse disorders from state facilities	4.7	4.7
Statewide targeted community-based services*	3.7	3.7
Statewide discharge assistance at state facilities	2.9	2.9
Discharge Assistance at Western State Hospital and Northern Virginia Mental Health Institute	0.6	0.6
Add 2 "systems of care" model projects for emotionally disturbed children and adolescents in communities	1.0	1.0
Expand mental health treatment for children and adolescents in juvenile detention centers	1.0	1.0
Total	\$24.7	\$26.8

*Community services may include: discharge assistance planning, inpatient treatment, in-home residential support, jail-based hospital diversion projects, psychiatric evaluation, crisis counseling, and expanded case management services.

- ***Reduce Operating Costs at Eastern and Western State Hospitals.*** Reduces \$1.6 million GF in FY 2007 and \$4.0 million GF in FY 2008 and 62 positions at two mental health hospitals in anticipation of operating savings from decreasing the census through restructuring efforts and rebuilding the facilities with a more efficient design. The redesigned facilities should promote a more efficient and effective use of staff in caring for patients. Staffing reductions are expected to result from vacancies and turnover, rather than layoffs.
- ***MH Facility Revenue Shortfall.*** Adds \$3.4 million GF and reduces \$3.4 million NGF each year to reflect the loss of patient revenues from third party payors at the state's mental health facilities. The additional general fund dollars are provided through the transfer of excess revenues at the state mental retardation training centers.

- **Mental Retardation (MR) Restructuring.** The proposed budget provides a total of \$24.9 million GF and \$23.5 million NGF the first year and \$30.7 million GF and \$28.8 million NGF the second year to continue restructuring the mental retardation system from a facility-based system to a community-based system. The nongeneral funds for this initiative are from federal Medicaid matching funds which are contained in the budget for the Department of Medical Assistance Services (DMAS).

Funding will be used to pay for community services which will allow for: (1) an increase in Medicaid MR waiver rates to maintain and expand community capacity for those individuals served through the waiver program, (2) 149 additional Medicaid MR waiver slots in the community, (3) start-up costs for new waiver slots in the community, (4) a reduction of 52 residential beds at Southeast Virginia Training Center (SEVTC) and 97 residential beds at Central Virginia Training Center (CVTC) over the biennium, and (5) guardianship services for mentally retarded individuals in state facilities or at risk of placement in state facilities. The table below details funding for this initiative by including Medicaid funds to be matched in the DMAS budget.

Mental Retardation Restructuring (\$ in millions)				
<u>Proposed Initiatives</u>	FY 2007		FY 2008	
	GF	NGF*	GF	NGF*
Medicaid MR Waiver Rate Increases - 10% for congregate living services, 5% for other services	\$17.4	\$17.3	\$17.4	\$17.4
149 Community Medicaid MR Waiver Slots – 80 in FY 2007 and 69 in FY 2008	2.5	2.5	4.6	4.6
Community Medicaid MR Waiver Slot Start Up Costs - \$4,000 per slot	0.3		0.3	
CVTC: MR waiver slots – 52 in FY 2007 and 45 in FY 2008	2.4	2.4	4.4	4.4
CVTC: Start-up costs for MR waiver slots - \$4,000 per slot	0.2		0.2	
SEVTC: MR waiver slots - 28 in FY 2007 and 24 in FY 2008	1.3	1.3	2.4	2.4
SEVTC: Start-up costs for MR waiver slots - \$4,000 per slot	0.1		0.1	
MR Guardianship Services	0.7		1.3	
Total Mental Retardation Restructuring	\$24.9	\$23.5	\$30.7	\$28.8

*NGF – nongeneral funds for MR initiatives are from matching federal Medicaid funds budgeted in DMAS

- ***Reduce Operating Costs at Southeast and Central Virginia Training Centers.*** Reduces \$5.6 million NGF in FY 2007 and \$12.9 million NGF in FY 2008 and 134 positions at two mental retardation training centers in anticipation of savings from decreasing the census through restructuring efforts and rebuilding the facilities with a more efficient design to achieve operational savings, including staffing efficiencies. The reduced nongeneral funds represent adjustments from matching federal Medicaid funds for individuals who will be transitioned to community care. Commensurate increases in matching federal Medicaid dollars are appropriated in DMAS for the care of these individuals in the community. Staffing reductions are expected to result from vacancies and turnover, rather than layoffs.
- ***Transfer Excess MR Facility Revenue to MH Facilities to Address Shortfall.*** Reduces \$3.4 million GF and increases \$3.4 million NGF each year at the state mental retardation training centers in order to transfer excess funds to address the shortfall in revenue at state mental health facilities. The additional nongeneral funds reflect the estimated amount of additional third party revenues which are expected to be collected by the training centers during the biennium.
- ***Fund Shortfall in Facility Medications.*** Proposes an increase of \$4.2 million GF in FY 2007 and \$5.0 million GF in FY 2008 to address a shortfall in funding prescription drugs provided through state facilities to individuals with mental illness and mental retardation. The cost of facility medications is expected to rise by 8 percent annually in FY 2007 and FY 2008. The rising cost of pharmaceuticals in state facilities is attributable to the escalating costs of medications, and the increasing medication needs of consumers with chronic medical conditions.
- ***Fund Shortfall in Community Aftercare Pharmacy.*** Adds \$2.0 million GF in FY 2007 and \$3.8 million GF in FY 2008 to address a shortfall in funding of prescription drugs, provided to individuals with mental illness served by Community Services Boards (CSBs) through the Aftercare Pharmacy program. A portion of the increased costs are due to the higher costs of newer medications which have fewer and less severe side effects for many individuals. It is anticipated that new medications will improve drug regimen compliance and decrease inpatient hospital costs.
- ***Part C Early Intervention Services.*** Adds \$4.1 million GF each year for early intervention services provided through the federal Individuals with Disabilities Act Early Intervention Program (IDEA

Part C). The Part C program serves children from birth to age three who are developmentally delayed and need services such as, occupational, physical, and speech therapy; parental education; and other necessary supports. The new funds will be used to serve an additional 1,429 children, eliminating the current waiting list for services.

- ***Replace Food Service Equipment at MHMR Facilities.*** Provides \$859,698 GF in FY 2007 and \$1.7 million GF in FY 2008 to replace outdated food service equipment at nine mental health and mental retardation facilities. The equipment will be financed over a 10-year period through the Master Equipment Lease Program. The department uses a cook-chill method to provide food service at its facilities. This method requires special equipment to rapidly chill cooked food and keep it safely refrigerated for longer periods of time.
- ***Enhance Billing for Medicare Part D Program.*** Proposes \$759,000 GF each year to cover costs associated with the implementation of the federal Medicare Part D prescription drug benefit. Funding will be used to contract with nine pharmacy technicians to handle billing for prescriptions purchased by state mental health and mental retardation facilities through an approved Medicare Part D prescription drug plan.
- ***Develop Career Ladder for Direct Services Workers in State Facilities.*** The proposed budget includes \$148,658 GF in FY 2007 and \$811,861 GF in FY 2008 to develop a career ladder for direct service workers in mental health and mental retardation facilities. Turnover of direct service workers is more than double the statewide average of 11.1 percent. The implementation of a career ladder would provide for base salary adjustments for the successful completion of education and training with the goal of improving client care and decreasing excessive facility overtime costs.
- ***Greater Richmond Association for Retarded Citizens (ARC).*** Adds \$750,000 GF in FY 2007 for a one-time grant to the Richmond ARC for construction of a new facility.
- ***Add Architecture and Engineering Services Staff.*** Adds \$285,541 GF each year and three positions in the Office of Architecture and Engineering Services. The new positions will oversee capital and building permit projects, facility physical plant services, and food service and dietary operations compliance with federal and state standards.

- *Fund Full-time Staff and Related Expenses to Continue the Olmstead Community Integration Oversight Advisory Committee.* Adds \$233,398 GF each year to permanently fund staff and expenses related to the continuation of the Community Integration Advisory Committee. The Advisory Committee was originally convened as a task force to develop a plan for serving persons with disabilities in accordance with the *Olmstead* decision. That plan has now been developed and work on the plan was scheduled to be complete by the end of FY 2006.
- *Add Licensing Staff.* Provides \$213,904 GF and \$34,224 NGF each year to add three inspectors in the Office of Licensing for added workload associated with statutorily-required responsibilities such as, licensing, inspecting and investigating complaints of providers of mental health, mental retardation, substance abuse, and brain injury services. The number of providers required to be licensed by the department has increased by about 65 percent since FY 2001, while the number of inspectors has increased by 25 percent.
- *Resource Information for Families with Special Needs Children.* Adds \$100,000 GF in FY 2007 for a private/public partnership with Celebrating Special Children to improve access to resource information for families of children with special needs. Resource information will also be available to professionals who work with special needs children and their families.
- **Department of Rehabilitative Services**
 - *Long Term Employment Support Services.* Provides an additional \$763,550 GF each year for long-term employment support services for individuals with severe disabilities.
 - *Brain Injury Services in Southwest Virginia.* The proposed budget adds \$285,000 GF each year to fund two positions and serve individuals with brain injuries in Southwest Virginia. Funding will be used to expand case management and service coordination in Southwest Virginia.
- **Department of Social Services**
 - Federal and State Mandated Programs*
 - *Mandatory Adoption Subsidy Payments.* Adds \$12.5 million GF in FY 2007 and \$16.4 million GF in FY 2008 and reduces nongeneral funds by \$1.8 million in FY 2007 and \$1.4 million in FY 2008 for caseload and cost increases in the adoption subsidy program.

Expenditures for the program have grown significantly in recent years, largely due to rapidly growing number of special needs adoptions and uncontrolled costs associated with these adoptions. Funding will be used to meet ongoing contractual obligations with adoptive parents for services to children with special needs and expected increases in caseload.

Language is added requiring the department, in collaboration with local social services directors, to conduct a comprehensive study of the policies and procedures guiding special needs adoption subsidies. The study is to focus on the cause of recent expenditure increases and make recommendations on changes to moderate growth while meeting the needs of affected children. The study findings are to be submitted to the House Appropriations and Senate Finance Committees, and the Department of Planning and Budget by June 1, 2006.

- ***Add GF to provide day care needs of VIEW participants and address TANF shortfall.*** The proposed budget adds \$6.8 million GF and \$3.0 million NGF in FY 2007 and \$8.0 million GF and \$4.5 million NGF in FY 2008 to provide child day care for TANF participants in the Virginia Initiative for Employment Not Welfare (VIEW) and address a shortfall in TANF spending. The proposed budget realigns spending in the Temporary Assistance to Needy Families (TANF) block grant to provide TANF benefits to an increasing number of working families who are eligible for child care. The proposed changes to the TANF spending plan assume that caseload growth will increase demand for child care services in FY 2007 and in FY 2008.
- ***Fund VITA Costs for Eligibility Determinations.*** Provides \$2.6 million GF in FY 2007 and \$4.3 million GF in FY 2008 for increased mainframe data processing costs to determine eligibility for the Temporary Assistance to Needy Families, Food Stamp, and Medicaid programs.

Service Improvements or Expansions

- ***Creation of Early Childhood Foundation.*** The proposed budget adds \$4.8 million GF in FY 2007 and \$3.8 million GF in FY 2008 to create an Early Childhood Foundation. The Foundation would be modeled on the Virginia Health Care Foundation as a public-private partnership to develop community programs with the goal of improving the health, safety and well-being of young children in Virginia.

- *Community Action Agencies.* Increases funding by \$514,786 GF in each year for Community Action Agencies to expand services to low-income individuals.
- *Funding for Healthy Families Virginia.* Provides an additional \$247,979 GF each year of the biennium to expand services to parents of children from birth to age five who are at-risk for child abuse and neglect. The program seeks to promote positive parenting, improve child health and development, and reduce child abuse and neglect. Language is added to reflect the additional funding of \$259,980 GF annually provided during the 2004-06 biennium for Healthy Families in Central Accounts.
- *Increase Assisted Living Facility Payments and Personal Care Allowance.* Adds language to continue the increase in the payment rate for licensed assisted living facilities and adult foster care homes by \$38 from \$944 to \$982 per month as proposed in HB 29/SB 29. The new rate includes a \$24 per month federal cost of living adjustment to the monthly Supplemental Security Income payment and an increase in the state Auxiliary Grant payment of \$14 per month. Together, these income sources pay for room and board of low-income aged, blind and disabled persons in these facilities. Language also increases the personal care allowance from \$62 to \$70 per month as proposed in HB29/SB 29. No additional dollars are added due to a decline in the caseload which has resulted in surplus funds in the auxiliary grant program.

Other Actions

- *Add Funds for Comprehensive Services Act (CSA) Administration.* The proposed budget adds \$120,525 GF each year and one position for support of the executive director position in the Office of Comprehensive Services. Previous funding for the position was absorbed within the agency to create a Chief Financial Officer position for the CSA program.

Natural Resources

The Governor's proposed 2006-2008 appropriation for Natural Resources includes a total of \$434.7 million GF and \$410.1 million NGF. For the general fund, this total is \$240.5 million, or 123.8 percent, larger than the adjusted appropriation for current operations. For nongeneral fund spending, the total proposed budget is \$12.4 million (3.1 percent) greater than the adjusted appropriation for current operations.

Water quality and related issues comprise almost the entire general fund increase included in the introduced budget, with the Department of Environmental Quality (DEQ) representing the majority of this increased spending, as is shown in the table below.

DEQ Water Quality Initiatives (\$ in millions)	
<u>Proposed Initiatives</u>	<u>Dollars</u>
Upgrade wastewater treatment plants in Chesapeake Bay region	\$200.0
Upgrade wastewater treatment plants in Southern Rivers region	25.0
Support James Rivers Combined Sewer Overflow projects	7.5
Increase biological monitoring and development of TMDL plans	1.4
Improve management of groundwater supply in coastal Virginia	0.9
Investigate fish kills in Shenandoah River	0.2
Implement pilot wetlands protection program	<u>0.1</u>
Total for DEQ Water Quality Initiatives	\$235.1

Efforts to address nonpoint source pollution are the responsibility of the Department of Conservation and Recreation (DCR). The introduced budget includes \$1.0 million in general fund support for the Soil and Water Conservation Districts to assist farmers in implementing best management practices and other land conservation measures.

- **Secretary of Natural Resources**
 - *Virginia Indian Heritage Program.* Provides \$300,000 the first year and \$200,000 the second year from the general fund to develop a heritage program in cooperation with the Virginia Foundation for the Humanities, the Council on Indians, and the state's eight-recognized tribes. Funding will be used for research, developing a database and Website, education, and grants to tribes and other organizations interpreting Virginia Indian history.

- **Department of Conservation and Recreation**
 - *Water Quality Improvement Fund - Nonpoint Program.* The budget assumes that the \$39.6 million proposed for deposit to the WQIF in HB/SB 29 in FY 2006 will be made available for appropriation in 2006-2008. The department intends to use the funds for agricultural best management practices in both the Chesapeake Bay Watershed and the Southern Rivers; special water quality initiatives throughout the state; statewide grants to local governments and other public entities; and the Conservation Reserve Enhancement Program (CREP). The department will also begin using three-year contracts with farmers in order to attract greater participation by farmers and to increase the duration of best management practices on agricultural lands.
 - *Southside "Rails to Trails" Project.* Proposes \$950,000 the first year from the general fund to acquire 166 miles of abandoned rail bed from Norfolk Southern. This purchase is in addition to 41 miles funded for purchase in FY 2006.
 - *Additional State Park Operating Support.* Adds 21 positions and \$1.6 million from the general fund and \$250,000 in nongeneral funds each year to staff and operate new facilities opening during the 2006-2008 biennium.
 - *Stormwater Management Program.* Transfers 15 positions and \$1.5 million each year in nongeneral funds from the Department of Environmental Quality to the DCR. This transfer completes the consolidation of this program within a single agency as required by HB 1177, which was approved by the 2004 Session of the General Assembly.
 - *Stormwater Management Fees.* Provides \$300,000 the first year from the general fund to cover a projected revenue shortfall in the stormwater management program. This is a one-time expenditure

intended to assist the program while restructuring of the program's administration and fees is completed. This restructuring is expected to make the program self-sufficient.

- *Maintenance of State Parks-owned Dams.* Continues \$650,000 from the general fund in each year to repair dams in Virginia's state parks.
- *New State Parks Revenue.* Adds \$500,000 in nongeneral funds from cabin and campground rentals and concession charges each year to support the operations of the state park system.
- *Soil and Water Conservation Districts (SWCDs).* Provides \$500,000 from the general fund each year to the SWCDs to assist farmers in implementing best management practices and other land conservation measures to control nonpoint source pollution.
- *Captain John Smith Water Trail.* Includes \$140,000 the first year from the general fund to promote Captain John Smith's 1607 and 1608 explorations as part of Jamestown 2007's commemoration. Funding will be used to develop signage at various points along the James and York Rivers (\$50,000); design and print travel guides for the York River segment of the trail (\$65,000); and develop cooperative ventures with Maryland and the National Park Service (\$25,000).
- *Beaumont Juvenile Correctional Center.* Includes budget language prohibiting the development of a state park on property transferred from the juvenile correctional center to state parks until the completion of a park master plan, which will include adequate opportunity for public participation in the planning process.
- **Department of Environmental Quality**
 - *Wastewater Treatment Plant Improvements in Chesapeake Bay Region.* Provides \$200.0 million the first year from the general fund for deposit into the Water Quality Improvement Fund to finance the costs of design and installation of biological nutrient removal technology at 92 publicly owned treatment facilities. A separate deposit of \$17.0 million from the general fund is contained in the Caboose Bill (HB/SB 29).
 - *James River Combined Sewer Overflow (CSO) Projects.* Provides \$7.5 million in the first year from the general fund for the two

James River CSO projects -- \$3.75 million for the City of Richmond and \$3.75 million for the City of Lynchburg.

- ***Wastewater Treatment Plant Improvements in Southern Rivers Region.*** Includes \$25.0 million the first year from the general fund for deposit into the Water Quality Improvement Fund for grants to localities outside the Chesapeake Bay Watershed. The grants are to be used to: (1) design and construct improvements to wastewater treatment plants; (2) correct onsite sewage disposal problems; and (3) develop comprehensive local and regional wastewater treatment plans.
- ***Virginia Water Facilities Revolving Fund.*** Reduces general fund matching dollars for the federal Clean Water Act by \$3.9 million the first year and \$720,000 the second year. Due to federal funding reductions for this program, the agency's base budget contained too much "match" for the federal dollars involved.
- ***Underground Storage Tank Program.*** Adds 18 positions and \$833,472 the first year and \$1.2 million the second year in nongeneral funds to implement the federal Underground Storage Tank Compliance Act of 2005. This legislation requires more frequent inspections, operator training, and new regulatory activities. The state is required to inspect 8,000 underground storage tank facilities to prevent fuel releases every three years, beginning August 2007.
- ***Solid Waste Management Program.*** Adds five positions and \$549,852 the first year and \$511,218 the second year from the general fund to inspect landfills, reduce unauthorized waste disposal, ensure landfill operation per permit requirements, and to respond and evaluate the risk from unpermitted waste disposal sites. The volume of solid waste disposed of in Virginia has increased by 52.0 percent since 1998. Virginia is the second largest "importer" of waste in the United States.
- ***Enterprise Content Management System.*** Includes \$1.2 million the first year from the Virginia Environmental Emergency Response Fund to develop an efficient means of storing, accessing, and managing documents of importance to the agency, regulated community, and public. The department estimates it will save \$3.1 million from such a system's productivity improvements.
- ***Enterprise-wide eGovernment Services.*** Proposes four positions and \$600,000 each year from the Virginia Environmental

Emergency Response Fund to replace paper-driven processes with electronic processes, expand the agency's web-based GIS capacity and add data mining features to the agency's environmental database. The four positions included in the amendment would involve the conversion of existing contractor positions.

- ***Increased Water Quality Monitoring of Elizabeth and Shenandoah Rivers.*** Includes one position and \$321,121 the first year and \$189,614 the second year from nongeneral funds to increase special water quality monitoring for the Elizabeth and Shenandoah Rivers. The nongeneral funds are from the Virginia Environmental Emergency Response Fund and payments made by DuPont.
- ***Groundwater Supply.*** Proposes six positions and \$442,422 the first year and \$415,746 the second year from the general fund to better assess and manage groundwater resources in Virginia's Coastal Plain. Funding would be used to determine the demands on groundwater sources, evaluate alternatives, identify undocumented withdrawals, and provide technical assistance to better manage existing supplies.
- ***Water Quality Monitoring.*** Proposes nine positions and \$697,110 the first year and \$660,141 the second year from the general fund to develop Total Maximum Daily Loads for pollutants in Virginia's waters as required by a federal consent decree and to conduct water monitoring and assessment.
- ***Shenandoah River Fish Kill.*** Provides \$200,000 the first year from the general fund to investigate the potential factors causing fish lesions and mortality in more than one hundred miles of the Shenandoah River's South Fork.
- ***Chesapeake Bay Foundation.*** Increases general fund support for the foundation's educational field studies by \$50,000 each year. Support for the foundation would total \$150,000 per year.
- ***Interstate Compacts.*** Provides \$61,132 the first year and \$68,892 the second year from the general fund to support Commonwealth's participation in several interstate compacts for which the costs of participation have increased.
- **Department of Game and Inland Fisheries**
 - ***Provide for Unfunded Game Warden Salaries.*** Provides \$2.0 million the first year and \$1.0 million the second year from hunting

and fishing license sales to provide support for 20 positions originally created during 2004. The agency had originally requested the positions and had stated no additional funds were necessary.

- *Wildlife Diversity Program.* Provides six positions and \$393,327 the first year and \$363,327 the second year from the Game Protection Fund and federal grants to increase the department’s management of wildlife populations, coordinate state and federal actions on specific wildlife issues, and market wildlife watching opportunities to the public and tourists.
- *Virginia Migratory Waterfowl Conservation Stamp.* Adds \$200,000 each year in nongeneral funds to carry out legislation adopted by the 2005 General Assembly to establish this stamp and a new fund to collect and disburse revenues from the stamp’s sales.
- **Department of Historic Resources**
 - *Survey and Planning Cost Share Program.* Adds \$157,523 GF and \$120,000 NGF the first year and \$158,839 GF and \$120,000 NGF the second year and one full-time position to increase the department’s efforts to identify, record, and evaluate Virginia’s historic resources. This information is used by VDOT, local governments, and private developers.
 - *Weston Manor.* Provides \$150,000 the first year from the general fund for Weston Manor, which is located on the banks of the Appomattox River in Hopewell. This plantation house was built in 1789 and reflects the late Georgian style of architecture.
 - *Montpelier Matching Grant Program.* Includes \$172,271 each year from the general fund as a matching grant for other charitable contributions received by the Montpelier Foundation for restoration work.
- **Marine Resources Commission**
 - *Oyster Replenishment.* Provides \$100,000 each year in nongeneral funds to support oyster replenishment efforts. The source of these nongeneral funds is permit and dredging fees and royalties for use of state-owned bottomlands.
 - *Fishing License Revenue.* Adds \$1.0 million each year in nongeneral funds to manage commercial and recreational fisheries.

Total resources for this activity will total \$4.7 million each year in 2006-2008.

- **Virginia Museum of Natural History**
 - *Operating and Staff Support.* Adds three positions and \$423,749 the first year and \$465,601 the second year from the general fund to hire a collections manager, librarian, and editor to support the operations of the new museum facility in Martinsville. The new museum is expected to open to the public in September 2006.

Public Safety

The 2006-08 budget, as introduced, includes total increases of \$238.7 million GF and \$19.7 million NGF for the Office of Public Safety. These amounts provide an increase of 7.7 percent in general funds for the 2006-08 biennium, when compared to the adjusted appropriation for current operations. The recommended nongeneral funds provide an increase of 1.4 percent.

A series of amendments totaling \$98 million GF is provided to open four new adult correctional facilities, including Phase II at St. Brides Correctional Center in the City of Chesapeake, the expansion of Deerfield Correctional Center in Southampton County, and the two new 1,024-bed medium security facilities in Chatham (Pittsylvania County) and the Pocahontas site (in Tazewell County). Another \$6.5 million is provided to open or re-open housing units at Culpeper and Hanover Juvenile Correctional Centers.

For the Department of Corrections, an additional \$15.8 million GF is required to support medical care for inmates. The proposed budget also includes \$5.5 million for 53 new probation officers to meet the increasing supervision caseload, \$2.3 million for five new sex offender containment programs in district probation offices, and \$3.7 million to upgrade the Corrections Information System to include new systems to manage community corrections.

A new reentry initiative totaling \$6.1 million GF is provided for expanded services to assist adult and juvenile offenders in the process of reintegration into their home communities upon release from prison.

The Governor also proposes \$12.0 million GF to provide a \$2 general fund match for every \$3 allocated to local fire departments through the Fire Programs Fund. Currently, these allocations are supported entirely with nongeneral funds (from the Special Fund tax on property insurance premiums).

An additional \$33.8 million GF is required to meet the statutory responsibility to increase state aid for localities with police departments (HB 599) consistent with the projected increase in general fund revenues. For the Department of State Police, \$0.9 million GF is recommended to enhance the sex offender registry, \$9.8 million is added to fill state trooper vacancies held open due to lack of sufficient funds, and \$5.8 million is included to upgrade law enforcement information systems. Another \$6.2 million is provided to enable the new Department of Forensic Science to meet workload increases, and \$3.6 million is added for the Governor's anti-gang initiative. Finally, \$2.3 million is added for local community corrections programs.

Significant nongeneral fund amendments include \$11.5 million NGF to reflect increased sales at ABC stores, offset by the loss of \$5.0 million due to lower sales of lottery tickets at the stores. The budget also includes \$24.0 million to reflect increased sales of prison-made goods and services by Virginia Correctional Enterprises, and an additional \$6.0 million from court fees for the Virginia Domestic Violence Victims Fund grant program. An estimated \$60.0 million is included to reflect expected federal homeland security grants.

- **Commonwealth's Attorneys Services Council**
 - *Conversion of Part-Time Position.* Provides one position (and no additional funding) to convert the part-time fiscal officer to full-time status.

- **Department of Alcoholic Beverage Control**
 - *Lottery Ticket Purchases.* Includes a reduction of \$2.5 million NGF each year to reflect a decrease in lottery ticket sales.
 - *Unbudgeted Cost Increases.* Provides \$2.7 million NGF the first year and \$3.0 million NGF the second year to address the increased cost of rent, utilities and freight charges for retail stores.
 - *Retail Store Modernization.* Provides \$285,000 NGF the first year for new shelving units for retail stores.
 - *Retail Store Expansion.* Includes \$2.7 million NGF the first year and \$2.0 million NGF the second year, and 20 positions each year to open ten new retail stores.
 - *Warehouse Racking System.* Includes \$440,741 NGF each year for the new warehouse racking system financed through the Master Equipment Lease Program.

- **Department of Correctional Education**
 - *Supplies, Materials, and Equipment.* Provides \$600,000 GF each year for schools at the adult and juvenile correctional centers for teaching supplies, materials and equipment, including textbooks.
 - *Teacher Parity.* Includes \$317,166 GF the first year and \$585,534 GF the second year to increase teacher salaries. This is intended to enable the agency to compete with local public schools to recruit and retain qualified teachers.

The 1996 General Assembly directed the Department of Human Resources Management to establish pay scales for DCE teachers that are competitive with the pay scales of the local public school divisions adjacent to the DCE schools.

- ***Replace Federal Grants.*** Provides \$361,856 GF the first year and \$419,012 GF the second year, and six positions each year to replace U.S. Department of Labor grants that are expiring. These grants funded four positions at Beaumont Juvenile Correctional Center and two positions at Culpeper Juvenile Correctional Center. The two grants provided career and technical and vocational education programs for older youth, as part of the reentry initiative.
 - ***Career and Technical and Vocational Education.*** Provides an additional \$382,847 GF the first year and \$209,813 GF the second year, and three positions to expand the career and technical and vocational education programs at Culpeper and Bon Air Juvenile Correctional Centers, as part of the reentry initiative.
 - ***Evening Career and Technical Education Programs.*** Includes \$400,000 GF each year to provide evening instruction along with related employability skills training at selected adult facilities, as part of the reentry initiative. (A companion amendment for the Department of Corrections provides security services required for these evening programs.)
 - ***New School Facilities Coming on Line.*** Provides \$421,530 GF and eight positions the first year and \$4.4 million GF and 24 additional positions (for a total of 32 positions) the second year for schools at the new correctional facilities coming on-line. These include the expansion at Deerfield Correctional Center in Southampton County, and the new medium security facilities at Chatham in Pittsylvania County and at the Pocahontas site in Tazewell County. (Companion amendments for the Department of Corrections provide the required operating expenses for the new correctional facilities.)
- **Department of Corrections (Central Office)**
 - ***Corrections Information System.*** Provides \$2.8 million GF the first year and \$857,277 GF the second year and \$500,000 NGF each year for agency information systems. These systems will support inmate time computation, facility operations, and community corrections.

The total cost of these systems over the five years from FY 2005 through 2009 is estimated at \$10.5 million. The source of the nongeneral funds is Dedicated Special Revenue from housing out-of-state inmates from Hawaii and the Virgin Islands.

- ***Transitional Specialists.*** Includes \$122,034 GF the first year and \$154,155 GF the second year and three positions as part of an initiative to improve the process of assisting inmates in reentering the community upon release from prison. These positions will focus on high-risk cases, such as sex offenders, violent offenders, and physically and mentally disabled offenders.
- ***Insurance Recoveries.*** Includes \$100,000 NGF each year to reflect the revenues anticipated for insurance claims, based on the agency's previous history.
- ***VITA Position Transfer.*** Adds two positions to correct the agency's Maximum Employment Level to account for two positions mistakenly transferred to the Virginia Information Technologies Agency (VITA) under the consolidation plan.

- **Department of Corrections (Institutions)**

- ***Correctional Enterprise Revenue.*** Includes a technical adjustment to increase the appropriation for Virginia Correctional Enterprises by \$11.0 million NGF the first year and \$13.0 million NGF the second year to reflect the anticipated increase in revenues from the sale of prison-made goods and services.
- ***Private Prison Contract.*** Provides \$1.6 million GF the first year and \$2.2 million GF the second year for increased per diem costs for the privately-operated Lawrenceville Correctional Center. (A companion amendment to HB/SB 29 includes funding for the increased per diems in FY 2006.)
- ***Medical Costs.*** Provides \$7.9 million GF each year for increased inmate medical costs.
- ***Nursing Coverage.*** Includes \$343,070 GF and nine positions each year for 24-hour, seven days per week nursing coverage at Pulaski Correctional Field Unit. This will enable the agency to move minimum-security inmates with health problems to the field unit, thereby freeing up higher-security beds.

- ***Sex Offender Treatment.*** Includes \$218,347 GF the first year and \$183,649 GF the second year, and three positions for treatment services for sex offenders at Brunswick Correctional Center.
- ***Deerfield Expansion.*** Provides \$9.0 million GF the first year and \$11.7 million GF the second year, and 194 positions each year to operate the 600-bed expansion unit at Deerfield Correctional Center in Southampton County. The new unit is expected to be completed in November 2006 and begin loading inmates January 1, 2007.
- ***St. Brides Phase II.*** Provides \$3.2 million GF the first year and \$12.7 million GF the second year, and 169 positions each year to operate the 800-bed expansion unit at St. Brides Correctional Center in the City of Chesapeake. The new unit is expected to be completed in May 2007 and begin loading inmates June 1, 2007.
- ***New Prison in Tazewell County.*** Provides \$6.4 million GF the first year and \$22.5 million GF the second year, and 336 positions each year to operate the new 1,024-bed medium security facility at the Pocahontas site in Tazewell County. The new unit is expected to be completed in April 2007 and begin loading inmates June 1, 2007.
- ***New Prison in Pittsylvania County.*** Provides \$4.6 million GF the first year and \$23.1 million GF the second year, and 347 positions each year to operate the new 1,024-bed medium security facility at Chatham in Pittsylvania County. The new unit is expected to be completed in May 2007 and begin loading inmates July 1, 2007.
- ***Evening Career and Technical Education Programs.*** Includes \$226,416 GF the first year and \$247,008 GF the second year, and six positions each year to provide security services required to expand evening instruction and related employability skills training at selected adult facilities, as part of the reentry initiative. (A companion amendment for the Department of Correctional Education provides the educational services that will be required for these programs.)
- ***Craigsville Wastewater Treatment Plant.*** Includes \$1.3 million GF the first year for the proportional state share of the cost of a new wastewater treatment plant to be constructed by the Town of Craigsville (which will serve Augusta Correctional Center).

- The recommended amount is intended to represent 54 percent of the capital cost, which is the percentage of the plant's capacity attributed to Augusta Correctional Center.
 - Language is included directing the agency to enter into a new contract with the town, which shall provide that all charges paid for all future wastewater treatment for the center shall be based only on actual metered usage and on a rate no higher than that charged any other customer.
- *Replacement of Federal Funds.* Provides \$1.4 million GF each year to assume the cost of federal grants for residential substance abuse treatment programs, which have expired. A total of 23 positions are associated with this fund shift.
- *Commissary Automation.* Eliminates \$55,000 NGF and one position each year to maintain the automated commissary or canteen management system. The commissary operation has been contracted out to a private vendor so this appropriation is no longer necessary. The source of the nongeneral funds is commissary profits.
- **Department of Corrections (Community Corrections)**
 - *Probation Officers.* Provides \$2.5 million GF the first year and \$3.0 million GF the second year and 53 positions to increase the number of probation officers, consistent with caseload growth.
 - *Sex Offender Containment.* Includes \$875,077 GF the first year and \$1.4 million GF the second year and 15 positions to establish sex offender containment programs utilizing intensive supervision in five additional Probation and Parole Districts. There are currently nine district programs.
 - *Technical Probation Violators.* Includes simplified language directing the agency to provide community corrections facilities and programs for judges to use, at their discretion, for technical probation violators.
 - *Day Reporting Centers.* Provides \$289,227 GF each year to annualize the appropriation for two new day reporting centers in the City of Winchester and Tazewell County.

- **Department of Criminal Justice Services**
 - ***House Bill 599.*** Adds \$11.6 million GF the first year and \$22.2 million GF the second year for state aid to localities with police departments (pursuant to House Bill 599 of 1979). The actual expenditure for FY 2006 is \$191.3 million. The recommended appropriation is \$202.9 million for FY 2007 and \$213.6 million for 2008. This represents a 6.0 percent increase in FY 2007 over 2006, and a 5.3 percent increase in FY 2008 over 2007, consistent with the revised GF revenue forecast.
 - Language is included authorizing the agency to withhold HB 599 payments to any locality upon notification by the Department of State Police that there is reason to believe that crime data reported by that locality to State Police is missing, incomplete or incorrect. Upon subsequent notification that the data is accurate, the agency is directed to restore these funds to the locality.
 - Companion language directs State Police to develop written procedures for localities to report this data.
 - ***Integrated Justice System.*** Provides \$82,609 NGF the first year and \$80,609 NGF the second year, and one position each year to maintain the Uniform Statute Table, which is one component of the Integrated Justice System. The federal funds are provided through the Community Oriented Policing (COPS) grant program.
 - ***Local Responsible Community Corrections.*** Provides an additional \$1.2 million GF each year for local community corrections and pre-trial release programs.
 - ***Pre- and Post-Incarceration Services.*** Provides \$1.2 million GF each year for programs that increase opportunities for successful re-integration of offenders into the community through structured pre-and post-incarceration programs. These programs have been supported with federal Byrne grant funds that are expiring. This is part of the reentry initiative.
 - ***Bail Bondsmen.*** Includes \$128,266 NGF the first year and \$114,710 NGF the second year, and two positions each year to regulate and oversee bail bondsmen. The Special Funds are from fees collected from bail bondsmen to support the program.

- *Asset Forfeiture Program.* Includes \$3.0 million NGF each year to reflect the increasing value of property seizures by state and local law enforcement agencies.
 - *Anti-Gang Initiative – Law Enforcement.* Provides \$1.6 million GF the first year for local law enforcement agencies to reduce gang violence and related criminal activities. The agency will distribute these funds on the basis of local grant proposals.
 - *Anti-Gang Initiative – Community Programs.* Provides \$1.0 million GF each year for local community-based organizations to provide programs for “at-risk” youth to decrease the level of youth gang activity. A local match of between 10 and 25 percent will be required, based on the local fiscal stress index.
 - *Domestic Violence.* Includes \$3.0 million NGF each year from increased court fees for the Virginia Domestic Violence Victims Fund, for grants to localities.
 - *Youth Court.* Includes \$100,000 NGF the first year to initiate five school-based youth court programs. Each of the five programs would receive a grant of \$10,000. The remaining \$50,000 would be used for evaluation. This is a recommendation of the Governor’s Commission on Crime Prevention in Minority Communities.
 - *CASA.* Includes language authorizing the Governor to provide offsetting funds (out of unappropriated balances) for the Court Appointed Special Advocate (CASA) program in the event that federal funding is reduced.
- **Department of Emergency Management**
 - *Fusion and Emergency Operations Centers.* Provides \$483,598 GF each year to annualize funding for the new Fusion Center and the Emergency Operations Center, located in the new addition to State Police Headquarters.
 - *Emergency Operations Center – VITA Charges.* Provides \$348,000 GF each year for VITA charges to support new technology, which requires additional training and maintenance of new equipment in the new EOC, which is five times larger than the old facility.
 - *Homeland Security Grants.* Includes \$30.0 million NGF each year to reflect anticipated receipt of federal homeland security grants.

- ***Homeland Security Grants Compliance.*** Provides one position (and no additional funding) to establish a new full-time compliance officer to support the administration of the homeland security grants program. This position will audit both state and local programs to ensure compliance with federal and state guidelines.
- ***Administrative Support.*** Provides \$18,299 GF and \$29,748 NGF the first year and \$19,963 GF and \$32,452 NGF the second year, and three positions each year. This will enable the agency to convert one procurement position and one warehouse manager position from part-time to full-time status, and to establish one nongeneral fund position to administer the homeland security grants program.
- ***Radiological Emergency Preparedness.*** Includes \$50,000 NGF each year and one position supported by Dominion Power for the radiological emergency preparedness program.
- ***Rent Increase.*** Provides \$99,020 GF the first year and \$101,000 GF the second year for increased rental charges for office space at the agency's headquarters building at the Trade Court off of Midlothian Turnpike in Chesterfield County.

- **Department of Fire Programs**

- ***General Fund Support for Fire Programs.*** Includes \$12.0 million GF the first year for aid to localities to supplement the Fire Programs Fund. This is intended to provide a \$2 general fund match for every \$3 from nongeneral funds. Currently, the Fire Programs Fund is supported entirely with Special Funds (from the tax on property insurance premiums which is collected by the State Corporation Commission).
 - Language authorizes the proposed new general funds to be spent on fire services equipment, training, supplies, and emergency medical care and emergency protective equipment for fire personnel.
 - The language also specifies 100 percent of the proposed new general funds will be allocated to localities using the same methodology as is currently used to allocate the existing nongeneral funds from the Fire Programs Fund.

- *Revised Special Fund Revenue Estimate.* Increases the appropriation for the Fire Programs Fund by \$634,706 million NGF each year to reflect more accurately the revenues collected by the State Corporation Commission for the Fire Programs Fund from the tax on property insurance premiums.
 - *Fusion Center.* Provides one position (and no additional funding) for a fire services specialist to work in the new Fusion Center in the new addition at State Police Headquarters. This new position will add fire services expertise and experience in developing threat assessments from natural and man-made disasters.
 - *Administrative Support.* Provides \$82,628 NGF the first year and \$72,628 NGF the second year, and two positions for clerical support in two new regional offices.
- **Department of Forensic Science**
 - *Annualize Positions.* Includes \$235,626 GF each year to annualize funding for the 38 new positions provided by the 2005 General Assembly.
 - *Increase Scientific and Support Staffing.* Includes \$645,612 GF and 13 positions the first year and \$1.6 million and six additional positions (for a total of 19 positions) the second year, for forensic scientists and support staff for the four regional laboratories.
 - *Reduce Drug Case Backlog.* Provides \$1.4 million GF the first year to contract with a private laboratory and pay mandatory overtime to reduce the current drug case backlog.
 - *Replace Scientific Instruments.* Provides \$225,000 GF each year to replace and upgrade the equipment needed for chemical analysis and physical evidence analysis. The agency has been relying on federal Byrne grants for this purpose, but the grants have expired.
 - *Replace Breath Alcohol Instruments.* Provides \$196,870 GF each year to replace the breath test instruments used by police officers throughout the Commonwealth. The agency manages the breath alcohol program by providing, maintaining, and certifying instruments and training, and by certifying police officers in the use of this equipment.

- *Laboratory Maintenance and Operations.* Includes \$200,000 GF each year for the increasing cost of maintenance and operations at the four regional laboratories.
- *Virginia Forensic Science Academy.* Includes \$66,553 GF each year to increase the training offered by the academy for state and local law enforcement officers for evidence collection and crime scene preservation.
- *Increase Laboratory Space Utilization.* Provides \$178,500 GF the first year and \$357,000 GF the second year for leased space to enable the agency to move administrative functions out of the Central Laboratory in Richmond and to use these vacated offices to expand the amount of usable laboratory space.
- *Administration and Finance.* Provides \$297,117 GF and four positions each year to establish a new Division of Administration and Finance within the agency. These new positions include one budget and policy analyst, one accounting or fiscal technician position, and two human resources positions.
- *Operations and Maintenance Services.* Adds six positions (and no additional funding) to enable the agency to assume operations and maintenance functions which are currently being contracted out. The agency has not been satisfied with the quality of the current contractual services.
- *Technical Position Adjustment.* Adds one FTE position which was inadvertently omitted when the department was established as an independent agency.

- **Department of Juvenile Justice**

- *Local Juvenile Detention Facilities.* Includes \$890,899 GF the first year for the (50 percent) state share of the capital cost of security enhancements at three facilities, including the Richmond Juvenile Detention Home (\$43,550), the Crater Juvenile Detention Home (\$244,074), and the Northern Virginia Juvenile Detention Home (\$603,275).
- *Safety Management.* Provides \$80,608 GF the first year and \$73,608 GF the second year and one risk manager position to provide technical expertise for the agency's safety management program.

- ***Adjustments in Federal Funding.*** Provides a net reduction of \$3.4 million NGF each year in federal funds. The specific actions include: a reduction of \$3.0 million each year in Title IV-E funds which are not available; a reduction of \$623,588 each year in the sex offender treatment grant, for which the agency will absorb the cost; an increase of \$176,228 each year in USDA food service funds; and an estimated \$100,000 each year for other anticipated grants which may be received by the agency.
- ***Eliminate Nongeneral Funds.*** Eliminates \$1.0 million NGF each year for unrealized detention center revenues at Culpeper Juvenile Correctional Center.
- ***Open Additional Housing Units.*** Provides \$2.9 million GF the first year and \$3.6 million GF the second year and 78 positions to open the fourth and final housing unit at Culpeper Juvenile Correctional Center and to reopen the newly-renovated housing units at Hanover Juvenile Correctional Center. This amendment also includes funds and positions for four trainers and one background investigator to facilitate hiring and training the staff for these additional housing units.
- ***Residential Substance Abuse Treatment.*** Provides \$135,000 GF each year to replace a federal grant which is expiring June 30, 2006, for an intensive substance abuse treatment program for females at Bon Air Juvenile Correctional Center.
- ***Workforce Development.*** Includes \$770,866 GF the first year and \$609,623 GF the second year and ten positions to replace a U.S. Department of Labor grant which is expiring. The grant enabled the agency to develop training and a comprehensive aftercare program for juveniles upon release to their communities. This is part of the reentry initiative.
- ***Independent Living.*** Includes \$112,500 GF the first year and \$250,000 GF the second year for residential services. Part of this amount replaces a federal grant which is expiring for contracts with community-based organizations to provide independent living beds for juveniles on parole supervision who require additional supervision upon release and who cannot return to the homes of their legal guardians. This is part of the reentry initiative.

- *Pilot Reintegration Program.* Provides \$250,000 GF each year for a pilot program to move juvenile offenders out of state facilities and into selected local and regional detention homes or private facilities in their home communities. This is part of the reentry initiative.
 - *Transitional Beds for Female Offenders.* Provides \$250,000 GF each year for transitional beds for female offenders. This is part of the reentry initiative.
 - *Community Substance Abuse Treatment.* Provides \$200,000 GF each year for substance abuse treatment provided through the juvenile Court Services Units. This is part of the reentry initiative.
 - *Community Mental Health Treatment.* Provides \$200,000 GF each year for mental health treatment through the Court Services Units for juvenile offenders. This is part of the reentry initiative.
- **Department of Military Affairs**
 - *Life Insurance Payments.* Includes \$350,220 GF each year for the employee share of the premiums for the federal military life insurance benefit (up to \$400,000) on behalf of all soldiers deployed with the Virginia National Guard in theaters of high risk (combat zones). The General Assembly approved an amendment for this program during the reconvened session on April 6, 2005, for implementation in FY 2006, but the funds for FY 2006 were included in the Economic Contingency account. This action places the funds within the agency's budget.
 - *Virginia National Guard Foundation.* Provides \$500,000 GF the first year for grants and loans for National Guard families facing financial hardship because of the deployment of their family members. The foundation is a not-for-profit organization established by the Department of Military Affairs.
 - *Military Family Fund.* Provides \$500,000 GF the first year for assistance to families of Virginia National Guard members and members of the reserves of the armed forces of the United States, who have been activated since September 11, 2001, and who are in financial need. The fund is to be created pursuant to companion legislation to be introduced during the 2006 Session, as recommended by the Governor's Citizen Soldier Council.

- *Fort Pickett Police Force.* Provides \$190,000 GF the first year and \$155,000 GF the second year and three positions to increase the size of the Fort Pickett Police Force from six to nine officers.
 - *Maneuver Training Center – Billeting Fund.* Includes \$105,200 NGF each year and four positions to support the billeting office at the Maneuver Training Center, to address the growth in the number of tenants occupying Fort Pickett.
 - *Maneuver Training Center - Maintenance.* Adds \$108,000 NGF and two positions each year for maintenance for the Maneuver Training Center, to address the growth in the number of tenants occupying Fort Pickett.
 - *Virginia Defense Force.* Includes \$25,000 GF each year for equipment and training for the Virginia Defense Force.
- **Department of State Police**
 - *Annualize Funding.* Includes \$952,732 GF each year to annualize the cost of the new STARS Network Operations Center, the new Fusion Center, and the anti-gang programs which were partially funded for start-up during FY 2006.
 - *Enhance Sex Offender Registry.* Provides \$914,594 GF the first year to upgrade the software and hardware for the sex offender registry, as recommended by the State Crime Commission.
 - *Replace Law Enforcement Information Systems.* Provides \$2.3 million GF the first year and \$3.5 million GF the second year to finance the updating of several information systems through the Master Equipment Lease Program. The systems to be updated include information repositories for criminal histories, concealed weapons permits, and wanted persons, the mug shot system, and the Sun and Exchange servers.
 - *Fill Vacant Trooper Positions.* Provides \$4.9 million GF each year to fill 70 existing state trooper positions which have been held vacant due to funding limitations.
 - *Nongeneral Fund Increases.* Includes \$5.7 million NGF each year to adjust the level of nongeneral fund revenues for the HEAT (Help Eliminate Auto Theft) program, the Insurance Fraud Unit, asset forfeiture, and federal grants. This adjustment is based on actual receipts of these nongeneral funds up to the present time.

- *Nongeneral Fund Increases – Projected Revenues.* Includes an additional \$1.6 million NGF each year to reflect a projected increase in Special Fund revenues for the HEAT (Help Eliminate Auto Theft) program and the Insurance Fraud Unit. These revenues are transferred from the State Corporation Commission.
- *Crime Data Reporting.* Includes language directing the Superintendent of State Police to establish written procedures for timely and accurate reporting by localities of crime data, and to require the localities to certify that the information provided is accurate, to the best of their knowledge.
 - Companion language requires the Department of Criminal Justice Services to withhold HB 599 payments when the Superintendent reports that the crime data reported by a locality is missing, incomplete or inaccurate.

Technology

Proposed spending for the Office of Technology results in a net increase of \$45.2 million when compared to the adjusted appropriation for these agencies' current operations. This results from general fund decreases of \$1.5 million and nongeneral fund increases of \$46.8 million.

The sole new general fund spending item included in the introduced budget is \$1.0 million proposed for a new consulting service to be performed by the Innovative Technology Authority. New nongeneral fund spending items proposed in the introduced budget include: \$24.6 million to update the Virginia Information Technology Agency's (VITA) nongeneral fund appropriation to better reflect the agency's current expenditures, \$16.0 million for operation of Emergency-911 systems, \$6.0 million for creation of an acquisition services special fund, and \$600,000 to maintain Virginia's aerial photography base map and Emergency-911 address file.

One general fund reduction is also proposed in the introduced budget. This item includes a reduction of \$1.6 million from VITA that was originally scheduled to have been captured in fiscal year (FY) 2006. The Governor's Caboose Bill proposes transferring these savings from FY 2006 to FY 2007.

- **Innovative Technology Authority**
 - *Consulting Service Line.* Proposes an additional \$1.0 million GF the first year to initiate a program intended to match small, start-up companies with government agencies and large corporations in search of technology services.
- **Virginia Information Technologies Agency (VITA)**
 - *Transfer Virginia Base Mapping to Central Accounts.* Proposes a reduction of (\$504,715) GF and (\$200,000) NGF the first year, and (\$504,715) GF and (\$200,000) NGF the second year for the Virginia Base Mapping Project. Funding for digital mapping is transferred to the Central Appropriations.
 - *Virginia Base Mapping and Emergency-911 Address File.* Recommends \$300,000 NGF and three positions the first year, and \$300,000 NGF the second year for maintenance of the Virginia Base Mapping Project and Emergency E-911 address file.
 - *FY 2006 Technology Savings.* Proposes a general fund reduction of \$1.6 million the first year to capture savings originally required in

FY 2006, but which the Governor proposes to delay implementation in HB/SB 29 (the Caboose Bill) until FY 2007.

- ***Emergency-911 Funds.*** Recommends \$7.5 million NGF and three positions the first year, and \$8.5 million NGF the second year for operation of the Emergency E-911 program.
- ***Acquisition Special Services Fund.*** Recommends \$2.9 million NGF the first year and \$3.1 million NGF the second year for the acquisition services special fund. This fund would be used to finance programs and equipment acquisitions that may not be reimbursable by the federal government through VITA service charges.
- ***Adjust Nongeneral Fund Appropriation for Recent Experience.*** Includes \$12.3 million the first year and \$12.3 million the second year from nongeneral funds to increase the agency's appropriation to account for its current expenditures. The source of the nongeneral fund revenue is agency charges for VITA services and services provided to local governments by VITA at those local governments' request.

Transportation

The Governor's proposed 2006-08 appropriation for Transportation includes \$704.6 million GF and \$8,703.7 million NGF. Included in the recommended general fund appropriation is \$624.5 million GF for the Governor's 2006 transportation package. This amount includes \$285.5 million in on-going resources for transportation, derived from one-third of the projected insurance license tax revenues, as provided by the Virginia Transportation Act of 2000. An additional \$339.0 million GF is provided in the first year as a one-time commitment to expedite transportation improvements.

The additional \$624.5 million GF would be distributed to both VDOT and DRPT to fund highway, mass transit, and rail improvements. Two components of the proposal would be ongoing - \$228.9 million to VDOT to pay debt service costs for federal revenue anticipation notes (FRANs) and \$56.6 million to supplement the existing mass transit capital program. One-time commitments in the proposal include \$142.0 million to match projects earmarked in SAFETEA-LU, the recently adopted federal highway authorization legislation; \$142.0 million to supplement funding provided for 7 specific highway, transit and rail projects; \$1.0 million for a teleworking initiative; and \$54.0 million to construct an intermodal facility in the Route 460 corridor and to fund Route 58 improvements at the Hillsville Bypass.

HB/SB 30 proposes \$15.4 million over the biennium for a variety of computer systems upgrades at the Department of Motor Vehicles, including the Department's primary system - Customer Services System (CSS) - as well as smaller systems relating to hauling permits issuance, document imaging and traffic and accident records. The reengineering of the CSS is anticipated to total in excess of \$30.0 million, of which \$9.1 million NGF would be funded in the upcoming biennium, with the remainder financed through the master equipment lease program through FY 2011.

Finally, proposed language would authorize the Virginia Port Authority to issue an additional \$90.0 million in bonds for the purpose of expanding and reconstructing Norfolk International Terminals North and to make other port facilities improvements. Also authorized is \$12.5 million in terminal operating equipment through the master equipment lease program for the purchase of additional straddle carriers and crane replacements.

- **Secretary of Transportation**
 - *Language Implementing Governor's 2006 Proposal.* Includes language enumerating the dedication and uses of general funds recommended in the Governor's proposed budget for

transportation in the FY 2006-08 biennium. The proposal includes a total of \$624.5 million GF over the biennium to: provide a one-time match for federally-designated projects, advance other projects included in the federal SAFETEA-LU legislation, fund certain state-designated transportation projects, encourage teleworking, and dedicate one-third of the insurance premium tax revenues for highway and transit purposes. These funds are appropriated in the respective agency budgets. The deposit of insurance premiums revenues, totaling \$285.5 million, is considered an on-going dedication of revenues. The remaining FY 2007 general fund appropriation of \$339.0 million is considered a one-time action.

- *Language Implementing Federal Transportation Authorization – SAFETEA LU* – Language is recommended that would govern the allocation of federal funds to reflect the passage of the new federal transportation authorizing legislation, SAFETEA-LU. Provisions include an increase in the share of federal surface transportation program (STP) and equity bonus funds dedicated to transit from, 6 to 7 percent and 10 to 13 percent respectively.

- **Department of Aviation**

- *Finance Replacement of State Plane.* Provides an appropriation of \$4.5 million NGF in FY 2007 and \$500,000 NGF in FY 2008 to fund the replacement of the state's King Air aircraft, which is more than 20 years old. Purchase of the replacement plane – a Citation Encore – would be financed in part with balances in the Aviation Special Fund (\$4.0 million) and revenues generated from the trade-in of the King Air (\$2.0 million). The remainder would be financed over four years at \$500,000 NGF each year through the master equipment lease program.
- *Establish Aircraft Maintenance Manager/Pilot Position.* Recommends one position to perform in-house general aircraft maintenance and reduce reliance on part-time wage pilots. Savings from contractual maintenance will be used to fund the position.

- **Department of Motor Vehicles**

- *Fund Redesign of DMV's Citizen Services Computer System.* Proposes the dedication of \$1.7 million NGF the first year and \$7.4 million NGF the second year to begin the redesign of DMV's fragmented customer data applications and replace its antiquated mainframe systems. The project is to be funded with a combination of revenue sources, including: FY 2005 DMV carryover balances of

approximately \$8.0 million, revenues from the uninsured motorists fund that have been transferred to the general fund in recent years, and a portion of the \$1.00 vehicle registration fee assessed to fund the commemoration of Jamestown 2007. The project would be financed over 6 to 7 years through the master equipment lease program. Companion language stipulates that beginning January 1, 2008 the funds collected from the \$1.00 additional registration fee shall be dedicated to DMV technology initiatives. Original legislative intent was that this fee would be eliminated as of December 31, 2007. Additional companion language in Part 3 authorizes DMV to retain \$3.2 million in the first year and \$6.4 million in the second year from the Uninsured Motorists Fund that otherwise would be transferred to the State Corporation Commission.

- ***Fund Implementation of Federal "Real ID" Act.*** Recommends \$1.5 million NGF the first year and \$254,190 NGF the second year to enhance DMV's driver's record and social security number verification systems to comply with the federal Real ID Act of 2005. Funds will be used largely for programming costs to link with the Social Security Administration and other state departments of motor vehicles.
- ***Implement Traffic Records Electronic Data System.*** Proposes appropriating \$1.5 million NGF the first year and \$1.2 million NGF the second year to implement the electronic submission of crash reports by law enforcement agencies.
- ***Implement Phases II and III of Document Imaging.*** Provides \$566,867 NGF the first year and \$736,901 NGF the second year to continue expanding DMV's electronic document imaging capabilities.
- ***Acquire Hauling Permit Software.*** Proposes an appropriation of \$293,317 NGF the first year and \$291,020 NGF the second year to procure new software to enhance the hauling permit routing system, thereby decreasing permit turnaround time and improving safety on highways.
- ***Implement Central Issuance of Driver's Licenses.*** Recommends \$540,433 NGF the first year and \$556,646 NGF the second year to cover costs associated with the central issuance of driver's licenses. Funds will be used to establish an office for central issuance and cover related costs, such as postage. This effort is designed to promote security and deter fraud and identity theft.

- **Department of Rail and Public Transportation**
 - *Appropriate Revenues Dedicated to Rail Enhancement Fund.* Appropriates \$23.7 million NGF the first year and \$24.2 million NGF the second year to reflect the dedication of 3 percent of the state tax on rental vehicles to a rail enhancement fund created pursuant to legislation adopted by the 2005 General Assembly.
 - *Provide Revenue from Insurance Premium Tax.* Provides \$27.5 million GF the first year and \$29.1 million GF the second year to reflect the portion of the one-third of the insurance premium tax revenues in excess of the amount attributable to automobile insurance premiums. These amounts would be directed to transit capital projects. It is estimated this funding will increase the reimbursement to localities on transit capital projects from 25 percent to more than 50 percent.
 - *Fund Projects Included in Governor's 2006 Transportation Package.* Recommends the appropriation of \$55.0 million GF in the first year to accelerate implementation of transit and rail projects. Included in this amount is: \$20.0 million for METRO capital improvements, \$15.0 million for VRE rolling stock purchases, \$10.0 million for statewide bus purchases, \$9.0 million for an intermodal facility in the Route 460 corridor and \$1.0 million to promote teleworking in the Commonwealth by providing incentives to employers who offer a teleworking option.
 - *Increase Appropriation for Transportation Efficiency Improvement Fund (TEIF) Program.* Recommends an increase of 25 percent, or \$1.0 million NGF each year, to expand commuter assistance programs such as ride-sharing and vanpooling. This brings the total program to \$4.0 million NGF each year.
 - *Reflect Local Revenues Dedicated to the Dulles Rail Project.* Increases the appropriation for the Dulles Corridor Metrorail Project by \$62.5 million NGF in FY 2007 and \$158.6 million NGF in FY 2008 to reflect the local revenues dedicated to the project.
 - *Increase Position Level for Dulles Corridor Metrorail Project.* Proposes the addition of 10 positions to adequately staff the final design and construction of the Dulles Metrorail project. These positions will be funded from project costs.
 - *Add Field Auditor and Information Technology Positions.* Recommends the addition of two positions for the department.

The first, a full-time information technology manager, would replace three contractual positions. The second, an auditor, would review the over 250 grants awarded by the department annually.

- **Department of Transportation**

- *Provide Revenue from One-Third of Insurance Premium Tax Revenues.* Proposes the deposit of \$111.3 million GF the first year and \$117.6 million GF the second year into the Priority Transportation Fund. These amounts represent the share of insurance premium tax revenues derived from auto insurance premiums (about 27 percent). These revenues would be used to meet the debt service requirements of the Federal Revenue Anticipation Notes (FRANs) issued by the Commonwealth Transportation Board to accelerate transportation projects. Combined with other appropriations made to the PTF under current law, these amounts would fully cover the debt service requirements of all outstanding FRANs; no separate appropriation is made to finance the debt service associated with the FRANs issued to replace the \$317.0 million transferred from the Transportation Trust Fund in FY 2003.
- *Provide One-Time General Fund Support for Transportation.* Recommends a one-time appropriation of \$284.0 million GF in the first year to fund the highway-related components of the Governor’s transportation proposal. This includes \$142.0 million to provide the required 20 percent federal match for all high priority projects designated in the federal SAFETEA-LU legislation, and an additional \$142.0 million to supplement funding available for specific other projects as follows: Route I-66 westbound (\$16.0 million), the I-264/64 interchange (\$30.0 million), Route 164 rail relocation in Portsmouth (\$15.0 million), the Route 460 Coalfields Connector (\$36.0 million), Route 58, Hillsville Bypass (\$45.0 million).
- *Reduce Agency’s Maximum Employment Level.* Recommends reducing the department’s maximum employment level from 10,322 to 9,945, reflecting a reduction of 377 positions. This position level exceeds the number of currently-filled positions at VDOT and would not require any reduction in employment.
- *Require Biennial Assessment of Needs for Maintaining and Operating the Existing Highway System.* Includes language requiring the Department to report by October 15 of each odd numbered year on the condition and needs for maintaining and

operating the existing system of highways. Language further stipulates that the report must include an explanation of the standards used to determine needs and a budget estimate of the costs of addressing such needs for the upcoming two fiscal years. The language was modeled on the requirements for review of the Standards of Quality in public education.

- ***Require Office of Intermodalism to Recommend Use of Planning Funds to CTB.*** Includes language requiring the Office of Intermodalism to recommend to the Commonwealth Transportation Board the use of federal planning funds totaling \$4.0 million per year.
- ***Authorize Statewide Freight Study.*** Includes language authorizing the use of \$1.0 million in planning funds for a statewide freight study as recommended by the April 2005 VTRANs 2025 Action Plan.
- **Virginia Port Authority**
 - ***Increase Commonwealth Port Fund Debt Service Appropriation.*** Recommends increasing the Commonwealth Port Fund debt service appropriation by \$939,942 NGF the first year and \$625,008 NGF the second year to reflect the debt service costs of previously authorized debt.
 - ***Increase Special Fund Debt Service.*** Recommends increasing by \$7.1 million NGF the first year and \$7.9 million NGF the second year for a special fund debt service appropriation to cover debt service expenses related to \$90.0 million in Terminal Revenue Bonds issued to make improvements at Norfolk International Terminals – North to accommodate Suez-class ships and funding for additional cranes and straddle carriers purchased through the master equipment lease program.
 - ***Increase Funding for Port Security.*** Increases the appropriation for fencing, gates and cameras to enhance port security by \$684,303 NGF the first year and \$800,000 NGF the second year. A companion amendment provides \$300,000 NGF in the first year and \$350,000 in the second year to fund six new security positions, enough to man one post, 24 hours a day, 7 days a week.
 - ***Provide Security at APM Terminal in Portsmouth.*** Proposes an appropriation of \$150,000 NGF and 15 positions the first year, and \$845,000 the second year to provide security services at the APM

terminal in Portsmouth. Funding for this activity would come from charges paid by Maersk for the security services. Companion legislation will be introduced to authorize the VPA to provide security at this private facility.

- ***Increase Funding for Payments in Lieu of Taxes.*** Provides an additional appropriation of \$50,000 NGF in the first year and \$100,000 NGF in the second year to provide additional payments in lieu of taxes to reflect the increased value of Port Authority property.
- ***Increase Aid to Local Ports.*** Proposes to increase by \$220,000 NGF each year the funds dedicated to the Aid to Local Ports program. This action would largely restore funding cut from this program in the early 2000s to \$800,000 per year.
- ***Establish Marketing Presence in India.*** Recommends an appropriation of \$50,000 NGF each year to establish a marketing presence in India.
- ***Host 2007 American Association of Port Authorities Conference.*** Includes an appropriation of \$700,000 NGF in the first year and \$800,000 NGF the second year to cover the costs of hosting the American Association of Port Authorities conference in November 2007. Registration fee revenue is the source for most of this appropriation.
- ***Increase Appropriation for Operational Maintenance.*** Recommends an additional \$1.4 million NGF each year for maintenance on the closed circuit television security camera system and security buildings at Norfolk International Terminals and Portsmouth Marine Terminal.
- ***Increase Appropriation for Contractual Services and Supplies and Administrative Activities.*** Recommends a total of \$186,956 NGF the first year and \$188,854 NGF the second year to cover increased costs for various routine services and supplies and to fund one additional administrative staff position in the security area.
- ***Employee Benefit Plan Cost Increases.*** Proposes two amendments to cover increased costs in the defined benefit pension plan and other employee benefits totaling \$300,000 NGF in the first year and \$582,918 NGF in the second year.

Central Appropriations

Central Appropriations serves as a holding account for contingent funds, for unallocated cost increases and decreases, and for the Personal Property Tax Relief appropriation. A total of \$2,332.2 million GF is recommended for inclusion in the Central Appropriations for the 2006-08 biennium, an increase of \$400.4 million above the adjusted base budget.

Major general fund amounts include: \$153.4 million GF for state employee and state-supported local employee salary increases, \$72.5 million for the increased cost of VRS-administered retirement and other benefit programs, \$71.2 million GF for the increased cost of state employee health insurance, \$37.2 million GF for semiconductor performance grant programs, and \$21.0 million GF for the Governor's Opportunity Fund. In addition, a base budget adjustment of \$207.6 million GF is provided in order to fund the Personal Property Tax Relief program at the \$950.0 million annual level.

Although not budgeted to Central Appropriations, a series of amendments to agency budgets provide a total \$32.4 million GF for miscellaneous insurance, procurement, and VITA rate increases.

Nongeneral fund appropriations of \$96.9 million are included for the Tobacco Settlement funds.

- **Planning, Budgeting, and Evaluation**
 - *Continue Funding for the Council on Virginia's Future.* Proposes an additional \$3.5 million GF the first year to support the Council's efforts to increase state government productivity and efficiency. This brings total funding available for this program to \$4.5 million GF the first year and \$1.0 million GF the second year. Budget language requires that funding support activities to: 1) re-engineer processes performed by multiple agencies and examine opportunities for collaboration/consolidation, 2) review operations of large agencies to improve service delivery, and 3) establish results teams to identify new productivity projects and improve the use of performance measurement in the Commonwealth.
 - *Transfer Council on Virginia's Future Operating Support to Department of Planning and Budget (DPB).* Proposes to transfer \$500,000 GF each year to DPB to cover expenses associated with meetings, consultants, and Council activities.

- **Compensation Supplements**

- ***State Employee November 25, 2006 Salary Increase.*** Proposes \$34.0 million GF the first year and \$62.9 million GF the second year to fund a three percent average salary increase for classified state employees effective November 25, 2006. To be eligible for the three percent increase, employees must receive at least a “Contributor” rating on their most recent performance evaluation.
- ***State Agency Employee Pay Practices.*** Includes \$5.7 million GF the first year and \$10.5 million GF the second year for use by state agencies to implement pay practices and to address recruitment, retention, and other state employee-related compensation issues. The funding proposed is equivalent to a one-half of one percent of general fund state salaries.
- ***State-Supported Local Employees December 1, 2006 Salary Increase.*** Recommends \$14.8 million GF the first year and \$25.4 million GF the second year to fund a three percent average salary increase effective December 1, 2006 for state-supported local employees. State-supported local employees include constitutional officers and their employees, local social services employees, local election board employees, and local health department employees.
- ***Virginia Retirement System Employer Contribution Rates.*** Includes \$21.1 million GF the first year and \$22.1 million GF the second year to fund the revised employer contribution rates for the VRS state employee retirement system, the State Police Officers Retirement System (SPORS), the Virginia Law Officers Retirement System (VaLORS), and the Judicial Retirement System (JRS).

The Virginia Retirement System Board of Trustees certified rates based on a valuation of assets and liabilities using an assumed investment return of 7.5 percent, a cost-of-living increase of 2.5 percent, and an amortization period of 21 years. However, budget language establishes the employer contribution rates based on a valuation of assets and liabilities using an assumed investment return of 8.0 percent, a cost-of-living increase of 3.0 percent, and an amortization period of 30 years.

- ***Virginia Sickness and Disability Program Employer Contribution Rates.*** Proposes \$2.6 million GF the first year and \$2.7 million GF the second year to fund the revised employer contribution rates for the Virginia Sickness and Disability Program.

- *State Employee Retiree Health Credit Employer Contribution Rate.* Provides \$3.4 million GF the first year and \$3.5 million GF the second year to fund the employer contribution rates for the state employee retiree health insurance credit program.
- *Group Life Insurance Contribution Rates.* Includes \$8.4 million GF the first year and \$8.7 million GF the second year to fund the revised employer contribution rates for the group life insurance program administered by the Virginia Retirement System. A premium holiday has been in effect for the group life insurance program since July 2002.
- **State Employee Health Benefits**
 - *State Employee Health Insurance Program.* Proposes \$30.1 million GF the first year and \$31.5 million GF the second year to fund the employer’s share of the 9.9 percent increase projected by the program’s actuary in FY 2007 for the state employee health insurance program. Employee premiums will also increase an average of about 9.9 percent in FY 2007.

In addition, \$4.7 million GF the first year and \$4.9 million GF the second year is proposed to support enhanced prevention and wellness coverage by eliminating certain out-of-pocket costs for routine medical provider visits and tests. The cost of this additional benefit would be funded entirely by the state with no additional increase in the employee monthly premium due to these proposed enhancements.

- **Personal Property Tax Relief**
 - *Personal Property Tax Relief.* Recommends a base budget adjustment of \$207.6 million GF each year in order to fully fund the Personal Property Tax Relief program at the \$950.0 million annual amount.
- **Tobacco Settlement**
 - *Tobacco Settlement and Revitalization Fund.* Includes an amendment to adjust the appropriation for the Tobacco Indemnification and Community Revitalization Fund and the Tobacco Settlement Fund to reflect a revision in the projection of the Commonwealth’s allocation of the Master Settlement Agreement funds and to account for the securitization of tobacco proceeds. The proposed is a reduction of \$29.7 million NGF in the

first year and \$26.7 million NGF in the second year and will bring total funding to \$47.0 million NGF in the first year and \$50.0 million NGF in the second year.

- **PPEA Financial Accounting and Operations Upgrade**
 - *Enterprise Application Program.* Proposes \$18.1 million GF the first year and \$9.0 million GF the second year to begin work to maximize revenues, enhance cost recoveries, and improve administrative applications in the financial accounting and operations area. Work activities with this program will be conducted by both the state and a private vendor, CGI-AMS.

- **Economic Contingency**
 - *Legal Defense Services.* Provides an additional \$50,000 GF each year for reimbursing agencies for private legal services. The total amount for this program is \$100,000 GF each year.

 - *Semiconductor Manufacturing Performance Grants.* Recommends additional funding of \$7.5 million GF the first year and \$16.3 million GF the second year as incentive payments, to eligible semiconductor manufacturers who met investment and job creation thresholds contained in statute. Total funding proposed for Semiconductor Manufacturing Grants is \$14.2 million GF the first year and \$37.2 million GF the second year.

 - *Minority Political Leadership Institute.* Proposes continued funding of \$100,000 GF each year in the base for the Minority Political Leadership Institute, formerly called the Grace Harris Institute at VCU.

 - *Aerial Photography and E-911 Address File.* Provides \$2.0 million GF the first year and \$485,000 GF the second year to update the Virginia Base Mapping Program to incorporate high resolution digital orthophotography and statewide digital address files into a new statewide imagery base that will be available to state and local governments.

 - *Indemnity Payments.* Includes budget language authorizing the Governor to use up to \$1.5 million from the unappropriated general fund balance to pay growers, producers, and owners of poultry and livestock who sustain economic losses, under certain conditions, resulting from disease outbreak or natural disaster.

- ***Henrico Tourism Project.*** Proposes budget language authorizing the Governor to spend up to \$15.0 million from the unappropriated general fund balance to assist the county in attracting a national tourism venue.
- ***Governor’s Development Opportunity Fund.*** Recommends an additional \$12.0 million GF the first year to be deposited to the Fund to attract economic development prospects to locate or expand in Virginia. Total funding recommended for the Governor’s Development Opportunity Fund is \$21.0 million the first year.
- ***Virginia Investment Partnership.*** Includes \$425,000 GF the first year and \$1.1 million GF the second year for investment performance grants. Seven eligible companies will receive previously authorized grants in 2006-2008 for significant capital investments made in Virginia.
- ***Infineon Technologies and VCU.*** Provides \$3.0 million GF the first year to support VCU’s School of Engineering, a \$1.0 million GF increase of current funding levels. The funds may be used for scholarships, endowed professorships in microelectronics and other related needs of the industry. The amendment is part of the agreement reached with Infineon. The company has expanded its operations in Virginia.
- ***Micron Technology and Higher Education.*** Recommends \$2.0 million GF the second year with \$1.0 million used for establishing a Northern Virginia Community College training program in microelectronics and \$1.0 million to the Virginia Microelectronics Consortium.
- ***Governor’s Motion Picture Opportunity Fund.*** Proposes \$600,000 GF the first year to attract film industry production to Virginia. There is also included in the Virginia Tourism Authority’s budget \$500,000 GF the first year to promote film activities.
- ***Base Realignment and Closure Assistance.*** Proposes \$15.0 million GF each year to assist impacted localities implement and respond to the approved recommendations of the 2005 Base Realignment and Closure Commission. The grants must be matched by the requesting localities, and priority will be given to projects with regional impact. The applications for assistance are to be approved by the Governor based on evaluations done by the state.

- *Economic Contingency Fund.* Recommends that the FY 2006 funding level of \$2.2 million GF be continued for each year. The Governor may use these funds for unbudgeted or unanticipated emergencies or expenses. In addition, the Governor may use up to \$2.0 million from the unappropriated general fund balance.
- **Insurance, Procurement, and VITA Rates.**
 - *Fund Agency VITA, Procurement, and Insurance Rates.* Although not budgeted to Central Appropriations, a series of amendments to agency budgets provide a total \$32.4 million GF for miscellaneous insurance, procurement, and VITA rate increases.

Insurance, Procurement and VITA Rates				
Rate	\$ GF		TOTAL	
	FY 2007	FY 2008		
eVa Surcharge	\$ 3.3	\$ 3.3	\$	6.5
Property Insurance Premiums	3.1	6.2		9.2
DGS Rent Plan	1.9	1.7		3.5
Shared VITA rates & Contracts	2.8	2.8		5.5
Vita ITIM & ITSM Rates	2.4	2.4		4.8
VITA Salary Increases	1.0	1.0		1.9
Workers Compensation	<u>0.3</u>	<u>0.6</u>		<u>0.8</u>
Total	\$ 14.6	\$ 17.8	\$	32.4

Independent

The introduced budget for the 2006-08 biennium includes \$613,570 GF and \$663.9 million NGF for the independent agencies. Although no general fund actions are proposed for these agencies, the proposed budget recommends nongeneral fund increases of \$19.3 million, for a net biennial increase of 3.0 percent when compared to the adjusted appropriation for current operations.

The amendments include an additional \$5.4 million NGF to provide additional staff, information technology, and salary adjustments for the Virginia Retirement System's investment department, \$3.2 million to address workload issues in the administration of retirement benefits, \$5.4 million to increase the nongeneral fund revenues appropriated for the Workers' Compensation Commission, \$1.4 million for the Workers' Compensation Commission to hire additional attorneys, and \$3.7 million for the State Corporation Commission to assume fiscal responsibility for the telephone services provided to the deaf and hard of hearing.

- **Virginia Retirement System**
 - *Provide Funding for Investment Staff Incentive Pay Plan.* Includes \$1.3 million each year in nongeneral funds to increase the salaries of the agency's investment staff. The agency has an incentive pay plan for the investment staff in order to attract and retain quality professionals.
 - *Provide Staffing for Administration of Benefits and Retirement Programs.* Provides \$1.6 million and 11 positions the first year and \$1.6 million the second year in nongeneral funds to address the increasing number of retirement applications being filed by an aging state and local government workforce.
 - *Provide Staffing for Investment Department Workload Increases.* Adds \$1.1 million and seven positions the first year and \$1.1 million the second year in nongeneral funds to address workload increases in the Investment Department that stem from the increasing percentage of the Retirement System's portfolio managed in-house.
 - *Provide for Investment Department Data Needs.* Provides \$492,640 and two positions the first year and \$488,640 the second year in nongeneral funds to develop the software and data feeds necessary to manage the Retirement System's investment portfolio in-house.

In-house management yields savings to the Retirement System from reduced external management fees.

- **State Corporation Commission**
 - *Assume Administrative Responsibility for CapTel Service Costs.* Includes \$1.5 million the first year and \$2.2 million the second year in nongeneral funds to assume fiscal responsibility for the CapTel service from the Department for the Deaf and Hard of Hearing (VDDHH). Federal restrictions that previously required the State Corporation Commission to pass invoices for this service to VDDHH have been eliminated.
- **Virginia Office of Protection and Advocacy**
 - *Delay Implementation of Ombudsman Program.* Language delays implementation of the agency's ombudsman program to July 1, 2008.
- **Workers' Compensation Commission**
 - *Increase Nongeneral Fund Appropriation.* Includes \$2.7 million each year in nongeneral funds to augment the amounts available for crime victim compensation, services for the uninsured employers' fund, and other administrative needs. The source of nongeneral fund revenues is federal payments from the U.S. Department of Justice and workers' compensation premiums paid by private sector employers.
 - *Provide Additional Attorney Services.* Provides \$767,818 and 11 positions the first year and \$767,818 the second year from nongeneral funds to provide attorney services to injured workers of uninsured employers and to conduct administrative changes to improve the services provided to other agency clients.

Non-state Agencies

The Governor's proposed 2006-08 budget provides \$19.2 million GF the first year and \$0.6 million GF the second year for grants to the 52 non-state agencies shown below.

In addition, language governing these grants is amended to clarify the role of the Department of Historic Resources in administering both the grants to museums and historic sites and other non-state entities per the relevant statutory requirements.

Capital Outlay

The budget proposed in HB/SB 30 for the 2006-08 biennium includes over \$2.1 billion in capital outlay funding. Of this amount, \$930.3 million is from the general fund, largely for new construction and renovation projects at higher education institutions. The budget also includes bonding authority for revenue generating projects totalling \$706.9 million. Finally, the budget includes \$90.0 million in Virginia Port Authority bonds for improvements at the Norfolk International Terminal.

Through separate legislation the Governor also proposes the use of about \$461.4 million in tax-supported debt. The Governor proposes about \$209.5 million in Virginia Public Building Authority (VPBA) bonds for mental health institutions and another \$201.9 million in VPBA debt for the completion of the State Agency Radio System (STARS). In addition, Part V of the budget bill proposes the use of \$50.0 million in Virginia College Building Authority (VCBA) debt for undesignated research projects.

Capital Outlay Funding (2006-08 biennium)	
<u>Fund Type</u>	<u>\$ Millions</u>
HB/SB 30

Total Separate Bond Authorization	\$461.4
GRAND TOTAL	\$2,604.5

Descriptions of selected projects follow.

- **Capital Project Cost Overruns and Supplements**

- **Project Supplements.** Proposes \$149.6 million GF to supplement previously approved capital projects that have experienced or are projected to experience significant cost increases in construction costs. The funding supplements include \$135.3 million for higher education institutions, about half of which is provided to the Virginia Community College System. No projects are specified for the Virginia Community College System; however, language requires that the projects be evaluated to include potential cost savings before funds are transferred. The language also requires that the projects maintain their original programmatic intent.

Also included is a proposed \$11.1 million for cost overruns to capital projects in the Department of Corrections, the Department of Agriculture and the Department of Forestry.

The remaining \$3.2 million GF is recommended for projected cost overruns at the Sitter-Barfoot Veterans' Center in Richmond which are ineligible for federal reimbursement.

Virginia Western	
Construct Anderson Hall Replacement	<u>15.8</u>
Total VCCS New Construction and Renovations Projects	\$ 149.1

- **George Mason University**
 - *Academic VI and Research II.* Proposes \$25.0 million GF and \$25.3 million of nongeneral funds and 9(d) bonds to construct a new 120,000 square foot academic and research facility on the Fairfax campus.
- **University of Virginia**
 - *New Heating Plant.* Proposes \$19.7 million GF and \$5.2 million in 9(d) bonds to complete the upgrade of the heating plant to comply with federal clean air laws and standards. The general fund amount includes \$7.2 million to supplement phase I of this project to address cost overruns.
- **Virginia Tech**
 - *Heating Plant Upgrade.* Proposes \$17.3 million GF and \$11.5 million in 9(d) bonds to upgrade the campus heating plant to meet recent expansions and make the plant more energy efficient.
- **Higher Education Nongeneral Fund Projects**
 - *Blanket Authorization.* Proposes expanding the authority to all higher education institutions to initiate certain nongeneral capital projects and exempt them from the review and approval process. Previously, this authority was limited to nine institutions that met eligibility criteria and had a signed memorandum of agreement with the Secretary of Administration.
- **Department of Corrections**
 - *Prison Infrastructure.* Provides \$18.8 million GF for the following projects:
 - Upgrade electrical system at various correctional institutions (\$623,000);
 - Upgrade locking systems and door replacements at various correctional institutions (\$1.3 million);
 - Repair and replace roofs at various correctional institutions (\$7.3 million);
 - Upgrade elevators at Marion Correctional Center (\$593,000);

- Replace mechanical rooms at Deep Meadow Correction Center (\$1.3 million)
 - Replace HVAC systems at Powhatan Medical Building (\$2.0 million); and
 - Infrastructure upgrades and maintenance facility at Deerfield Correctional Center (\$5.7 million).
- **Department of Conservation and Recreation**
 - *State Parks.* Proposes \$20.4 million GF for construction of new cabins and campgrounds at four state parks – Shenandoah River, Natural Tunnel, Occoneechee and James River.
 - **Virginia Port Authority**
 - *Improve Norfolk International Terminal.* Proposes authorization for the issuance of up to \$90.0 million in Commonwealth Port Fund bonds. The funds would be used for the expansion of the facilities at the north terminal.

Capital Bond Program

Part V of HB/SB 30 authorizes the use of \$50.0 million in tax-supported VCBA debt as matching dollars for unspecified higher education research projects. In addition, through two pieces of separate legislation, the Governor proposes \$461.4 million in projects for the replacement of three mental health institutions and the completion of the State Agency Radio System (STARS). Debt service for those projects is contained in HB/SB 30. No debt service is provided in HB/SB 30 for the \$50.0 million in VCBA authorization or the conditional VPBA authorization to replace Western State Hospital, included in HB/SB 29.

Note: This analysis includes state funds for Standards of Quality accounts (group 1), Incentive-Based accounts (group 2), Categorical accounts (group 3), and Lottery.

¹ Does not allocate estimated non-participation savings.

² Includes non-general fund distributions for VPSA Technology Initiative.

³ Due to corrections in data made after December 16, 2005, also includes adjustments for a decrease in Census of (\$888,801) and an increase in K-3 Class Size Reduction of \$844,932.

Note: This analysis includes state funds for Standards of Quality accounts (group 1), Incentive-Based accounts (group 2), Categorical accounts (group 3), and Lottery.

¹ Does not allocate estimated non-participation savings.

² Includes non-general fund distributions for VPSA Technology Initiative. Also reflects a change of the fiscal agent for the Roanoke Valley Regional Special Education Center.

³ Due to corrections in data made after December 16, 2005, also includes adjustments for a decrease due to Census of (\$946,374) and an increase in K-3 Class Size Reduction of \$824,493.
