## Proposed Amendments for the 2006-08 Budget

HB/SB 29 recognizes a reduction of \$528.3 million in general fund resources available for appropriation in the 2006-08 biennium when compared to the amount assumed in Chapter 847, as adopted by the 2007 General Assembly. This amount includes: (1) a reduction in balances available of \$100.9 million, (2) a reduction in the general fund revenue forecast of \$345.1 million, and (3) a reduction in transfers of \$82.3 million. This reduction in resources is partially offset by a proposed withdrawal from the Revenue Stabilization Fund of \$261.1 million. These changes, combined with the \$6.0 million unappropriated balance from the 2007 Session, leave a resource shortfall of \$261.2 million to be addressed in the proposed budget.

HB/SB 29 proposes increased spending of \$173.5 million, offset with \$463.6 million in reductions for a net reduction of \$290.1 million, leaving a total of \$28.9 million to be carried forward into the next biennium as a beginning balance in HB/SB 30. The \$463.6 million in reductions includes a proposed Reversion Clearing Account in Central Appropriations totaling \$272.0 million to reflect reductions announced by the Governor in October 2007.

Proposed new general fund spending includes \$54.3 million for Comprehensive Services for At-Risk Youth and Families, \$50.0 million for capital outlay Maintenance Reserve, \$26.6 million in Compensation Board costs, and \$15.0 million for the Criminal Fund. Reductions in

general fund spending include \$271.9 million in planned budget reductions, \$69.5 million in savings from a reduction in the required Rainy Day Fund deposit, savings of \$54.4 million in K-12 public education due to slower growth in Average Daily Membership (ADM) and sales tax revenues, savings of \$49.7 million in lower Medicaid utilization and inflation, and a reduction of \$13.2 million in the Virginia Health Care Fund (which supports Medicaid) due to increased Medicaid recoveries.

**Changes in the Balance**

HB/SB 29, as introduced, assumes a net reduction of \$100.9 million in the balance that is available to apply toward FY 2008 expenditures (Chapter 847 had assumed that \$326.3 million would be available at the end of FY 2007 for appropriation in FY 2008).

Balance adjustments reflect technical changes that are routinely required to restate the Comptroller’s year-end report and the proposed disposition of FY 2007 unspent balances. The proposed reappropriation of unspent balances includes: \$854.6 million for active capital projects; \$113.0 million for mandatory carryforwards (Legislative, Judicial and certain Executive balances, i.e., \$20.2 million for the economic contingency account and higher education student financial assistance); and \$50.3 million in discretionary balances. Operating balances proposed to be carried forward include \$65.3 million generated by agencies in FY 2007 for the purpose of cushioning the effect of required budget cuts. The proposed reappropriation of unspent balances also includes \$500.0 million earmarked for transportation; however, HB/SB 30 includes a proposal to withhold \$180.0 million of this amount in FY 2009 and reappropriate it in FY 2010. After accounting for all proposed reappropriations of unspent balances, a total of \$96.0 million in unspent balances would revert to help offset the FY 2007 revenue shortfall.

<b>Adjustments to Balances</b> (\$ in millions)

<b>Total</b>	<b>(\$100.9)</b>

## Changes in Revenue

FY 2007 ended with a general fund revenue shortfall of \$234.4 million. The largest components of the shortfall were an underestimation of the impact of tax policy changes, resulting in higher than anticipated use of the land preservation tax credit and the low income tax credit; and a miscalculation of general fund interest earnings. The ripple effect of this shortfall continued into FY 2008, along with the assumption that housing-related weakness in the economy will continue, produces a downward revision of \$345.1 million to the FY 2008 GF revenue forecast.

## Changes in Transfers

HB/SB 29 assumes a lottery profit increase for FY 2008 of \$47.8 million and increased ABC profits of \$5.2 million, based on actual performance in FY 2007. The introduced bill also reflects the loss of a projected transfer to the general fund of \$120.4 million from the Revenue Stabilization Fund, as a refund of the amount deposited in excess of the Constitutional cap. With the proposed withdrawal of \$261.1 million from the Fund, the cap will no longer be exceeded.

## Legislative

No actions in HB/SB 29.

## Judicial

- **Supreme Court of Virginia**
  - *Criminal Fund.* Includes \$15.0 million GF for FY 2008 to cover projected expenditures from the Criminal Fund, of which \$3.5 million is needed to backfill FY 2008 funds that were transferred to cover an FY 2007 shortfall.

## Executive

- **Division of Debt Collection**
  - *Transfer of Collections.* Eliminates the requirement to transfer \$1.3 million each year to the general fund from debt collected on behalf of state agencies. Beginning with the 2004 Appropriations Act, the division has been required to transfer up to 40 percent of the funds it collects on behalf of agencies. This requirement has caused agencies to seek exemptions or find alternative ways to collect debt. As a result, the division has not been able to meet this requirement. Eliminating the transfer requirement is intended to encourage more agencies to utilize the division's services.

## Public Education

- **Direct Aid to Public Education**
  - *A listing, by locality, of the estimated funding for FY 2008 Direct Aid to Public Education is included as Appendix A.*

- *Technical Adjustments to Ch. 847 Based on Enrollment Projections, Sales Tax Revenue Projections, and Participation.*

<b>K-12 Technical Adjustments</b>	<b>FY 2008</b> (\$ in millions)
<b>Enrollment</b> - Updates indicate slower growth in Spring Average Daily Membership (ADM) and Fall Membership than projected in Ch. 847	(\$31.6)
<b>Sales Tax Revenue</b> - Updates indicate slower growth than projected in Ch. 847	(17.8)
<b>Virginia Preschool Initiative</b> - Participation updates indicate more savings than projected. (Reserves up to \$1.7m for a 2 <sup>nd</sup> round of one-time start-up/expansion grants).	(3.6)
<b>Education for a Lifetime programs</b> - Participation updates	(1.8)
<b>Governor's Schools</b> - Participation updates	(0.6)
<b>Remedial Summer School</b> - Participation updates	(0.5)
<b>Special Education Homebound</b> - Participation updates	(0.5)
<b>Incentive and Categorical programs</b> - Other updates	<u>2.0</u>
<b>Total</b>	<b>(\$54.4)</b>

- *Projected Lottery Proceeds.* Language directs 100 percent of additional Lottery proceeds for FY 2007 (actual) and FY 2008 (projected) totaling \$76.4 million toward supporting FY 2008 Standards of Quality (SOQ) Basic Aid costs. (Typically, about 60 percent of Lottery proceeds support Basic Aid costs, while the remainder is distributed to localities on the basis of enrollment and composite index. These optional funds require a local match and at least half of the funds must be used for non-recurring purposes.)
- *Governor's October 2007 Budget Reductions.* Reduces funding by \$8.8 million GF the second year as a result of the Governor's October reduction actions, including \$8.8 million GF supplanted by one-time Literary Fund dollars, a \$5,000 reduction to the Southside Virginia Regional Technology Consortium, a \$2,500 reduction to the Virginia Career Education Foundation, and a \$2,500 reduction to the Virginia Educational Technology Alliance.

- *Literary Fund.* Consistent with the October budget reductions, which dealt only with general fund actions, recognizes \$8.8 million NGF available on a one-time basis from the Literary Fund to offset a portion of the teacher retirement costs.

- **Department of Education**

- *National Board Teacher Certification Bonuses.* Adds \$404,125 GF to address the 13.8 percent shortfall in FY 2008 based on actual number of eligible teachers. Based on final Fall 2007 data, 220 teachers were eligible for initial awards of \$5,000 each and 734 were eligible for continuing awards of \$2,500 each for revised total funding of \$2.9 million.
- *Governor's October 2007 Budget Reductions.* Reduces funding by \$978,060 GF the second year as a result of the Governor's October reduction actions, including \$280,971 from terminating the turnaround specialist contract; \$281,250 by charging 25 percent of the agency's technology costs to nongeneral funds; \$120,606 by funding two technology assessment positions with federal dollars; \$144,031 by funding three positions with federal funds; \$89,637 by eliminating a vacant position; and \$41,765 by reducing office expenses.

- **Virginia School for the Deaf, Blind, and Multi-Disabled - Hampton**

- *Governor's October 2007 Budget Reductions.* Reduces funding by \$158,974 GF the second year as a result of the Governor's October reduction actions by reducing the number of computers and eliminating four vacant hourly positions.

- **Virginia School for the Deaf and Blind - Staunton**

- *Accessibility.* Adds \$50,000 GF to address immediate accessibility needs in Staunton prior to the transfer of multi-disabled students from the Hampton campus beginning in the Fall of 2008.
- *Governor's October 2007 Budget Reductions.* Reduces funding by \$48,000 GF the second year as a result of the Governor's October reduction actions to cover the cost of two residential positions with nongeneral funds.

## Higher Education

- **Public Colleges and Universities**

- *Governor's October 2007 Budget Reductions.* Includes reductions ranging from about 5.0 percent (for institutions below 100 percent of base guidelines) to 6.25 percent (for Level III institutions and institutions at or above 100 percent of base

guidelines) for a GF savings of \$81.9 million. Within this series of reductions are several major categories of savings, including:

- Reductions in personnel for a savings of \$28.8 million;
- Implementation of business practices and efficiencies for a savings of \$7.3 million;
- Reductions in discretionary expenditures of \$26.5 million; and,
- Elimination or reduction of current services by \$12.4 million.

## Other Education

- **Library of Virginia**

- *Governor's October 2007 Budget Reductions.* Reduces funding by \$1.2 million GF the second year as a result of the Governor's October reduction actions, including \$719,943 by reducing state aid for public libraries; \$350,510 by reducing purchases of books and other library materials; and \$75,000 by reducing the number of databases available for users in Find It Virginia.
- *Rent.* Reinstates \$34,099 GF for rent that had been removed in error.

- **Jamestown-Yorktown Foundation**

- *Governor's October 2007 Budget Reductions.* Reduces funding by \$410,040 GF the second year as a result of the Governor's October reduction actions, including \$140,180 by reducing wage funds for interpretation; \$71,528 by limiting outreach programming; \$38,974 by reducing marketing; \$28,900 GF by delaying equipment replacement; and \$21,956 by decreasing the frequency of daily maintenance.

- **Virginia Commission for the Arts**

- *Governor's October 2007 Budget Reductions.* Reduces funding by \$191,220 GF the second year as a result of the Governor's October reduction actions, including \$72,220 from unclaimed grant funds; \$52,000 by eliminating special initiatives for artistic and cultural organizations; and \$36,000 by deferring payment of annual dues to Mid-Atlantic Arts Foundation from June to July.

# Agriculture and Forestry

No actions in HB/SB 29.

## Commerce and Trade

- **Department of Housing and Community Development**
  - *Mortgage Counseling Assistance.* Proposed amendments include \$750,000 GF in the second year to provide training and assistance to counselors specializing in foreclosure prevention, loss mitigation and consumer rights under existing mortgage lending laws and regulations. These funds may be used for grants to nonprofit organizations to support new or expanded foreclosure prevention counseling services targeted to areas of the state and populations at greatest risk.
- **Department of Labor and Industry**
  - *Correct Fund Split for Central Appropriations Amounts.* Proposes \$283,000 GF in the second year for a shortfall resulting from an incorrect fund split between general and nongeneral funds in the agency's Central Appropriations distributions.

## Administration

- **Compensation Board**
  - *Per Diem Payments to Local and Regional Jails.* Proposes an additional \$14.9 million GF the second year to compensate local governments for the cost of housing inmates in local jails based on the per day rate.
  - *Constitutional Officers' VRS Shortfall.* Proposes an additional \$12.3 million GF in the second year to cover a shortfall in the amount budgeted for constitutional officers' VRS retirement contributions. Funding for these costs was omitted from the calculation of the 2006-2008 salary increases. The FY 2007 shortfall of \$4.8 million was addressed by an administrative transfer from FY 2008 to FY 2007, bringing the total shortfall in FY 2008 to \$12.5 million (replace \$4.8 million + \$7.5 million FY 2008 shortfall).

- *Staff Riverside Regional Jail Expansion.* Proposes an additional \$0.4 million GF in the second year to staff additional jail space at the Riverside Regional Jail.
- **Department of General Services**
  - *Civil Rights Memorial.* Proposes \$135,000 GF to begin site work for the civil rights memorial to be located in Capitol Square.

## Finance

- **Department of Accounts Transfer Payments**
  - *Revenue Stabilization Fund Deposits.* The Constitution requires that a deposit be made to the Rainy Day Fund when the rate of growth for income and sales tax collections in a fiscal year exceeds the average growth rate for the prior six years. The required deposit is one half of the above average growth for the fiscal year, but the amount in the Fund cannot exceed a Constitutional cap. HB/SB 29 reduces the FY 2008 Rainy Day Fund appropriation by \$69.5 million to reflect a revised calculation of the Fund cap by the Auditor of Public Accounts.
- **Department of Taxation**
  - *Contractor Collector Fund.* The Tax Department is authorized to hire private collection agencies for the collection of delinquent accounts and to deposit proceeds into the Contractor Collector Special Fund for the purpose of paying collection fees. In recent years, administrative authority for expenditure from the Fund has been broadened to include oversight of the collection agencies, upgrade of collection systems and interfaces, and retention of experts to analyze receivables and collection techniques. HB/SB 29 proposes to further expand the authorized use of Contractor Collector Funds to include upgrading audit functions as well.
  - *Hampton Roads and Northern Virginia Regional Transportation Authorities.* Language authorizes and appropriates to the Tax Department the cost of administering sales tax collections authorized in HB 3202 of the 2007 Session for the two regional transportation authorities. The direct administrative cost would be deducted from sales tax collections..
- **Treasury Board**
  - *Adjust Debt Service Funding.* Reduces the general fund amounts required for debt service on outstanding obligations and issuances of currently authorized General Obligation, Virginia College Building Authority, and Virginia Public Building Authority bond projects by \$2.5 million in the second year. The

reductions reflect changes in the issuance of bonds, the amounts to be bonded, interest rate assumptions, and refunding and refinancing.

## Health and Human Resources

- **Comprehensive Services for At-Risk Youth and Families**

- *Mandatory Caseload and Cost Increases.* Adds \$54.3 million GF in FY 2008 to fully fund anticipated growth in the CSA program. Additional costs are being driven by growth in caseload and costs, as well as law and policy changes. Caseloads are estimated to increase in FY 2008 by 8 percent, compared to recent historical growth of about 3.8 percent. Costs are expected to increase by 12 percent in FY 2008, largely due to increases in costs for therapeutic foster care services, special education private day placements and residential treatment services.

Several changes in federal and state policies and laws have also contributed to growing costs in the program. Changes in the federal Deficit Reduction Act of 2005 have made it more difficult for children to qualify for the federally funded foster care program and eliminated federal Medicaid matching funds for most therapeutic foster care services provided to children and adolescents in the CSA program. These changes are estimated to have increased state costs from \$5.5 million up to about \$17.0 million annually.

Statutory changes enacted during the 2007 Session (SB 1332) required that mental health services be provided to children and adolescents who are at-risk of placement in the state's custody if treatment is not provided. The Joint Legislative Audit and Review Commission (JLARC) estimated in March 2007 that this change would increase the CSA caseload by 753 children at a cost estimated to be \$14.3 million in FY 2008. In addition, the JLARC review found that current CSA policy restricting foster care preventive services was not consistent with law. Recent policy changes to comply with CSA law appear to be contributing to additional costs in the program.

- **Department of Health**

- *Governor's October 2007 Budget Reductions.* Reduces \$6.3 million GF the second year as a result of the Governor's October reduction actions. In general, funding was reduced for community-based service providers, recently-funded initiatives, and areas where nongeneral fund resources were available.

- **Department of Medical Assistance Services**

- ***Medicaid Utilization and Inflation.*** Reduces \$49.7 million GF and \$46.3 million NGF from federal Medicaid matching funds as a result of lower than anticipated spending. Medicaid spending continues to slow, growing at a lower rate than in previous years and less than originally forecast. The current budget assumed Medicaid spending would grow 8.6 percent in FY 2007 while actual growth was less than 6 percent. New federal rules regarding the documentation of citizenship and identity for low-income children and families on Medicaid appear to have slowed enrollment growth. While enrollment is expected to pick up, it is not projected to grow at previously anticipated rates.
- ***FAMIS Utilization and Inflation.*** Adds \$1.4 million GF and \$2.5 million NGF from federal Medicaid matching funds to adjust funding for children and pregnant women eligible for health care services. Efforts in the past five years to expand health insurance coverage for children under 200 percent of the federal poverty level (\$34,340 for a family of three) continue to result in higher caseloads in FAMIS. New citizenship and identity requirements that appear to be dampening enrollment for children in Medicaid are having the opposite effect in FAMIS where the tighter regulations do not apply.
- ***Medicaid SCHIP Utilization and Inflation.*** Adds \$861,616 GF and \$1.6 million from federal matching funds in FY 2008 to fully fund anticipated enrollment growth and costs for children eligible for health care services under the Medicaid SCHIP program. Enrollment in the SCHIP is expected to continue rising but not at the same rate as in previous years; the same citizenship and identity requirements affecting the Medicaid caseload have apparently dampened enrollment in Medicaid SCHIP. Medicaid SCHIP provides health care services to children under 19 in families with incomes between 100 percent and 133 percent of poverty (\$22,836 for a family of three). The federal government matches Medicaid expenditures for these children at the same rate as that provided for the FAMIS program (about 65 percent).
- ***Reduce Funding for Involuntary Mental Commitments.*** Reduces \$1.3 million GF in FY 2008 reflecting recent data that indicates payments from the Involuntary Mental Commitment Fund will be less than currently budgeted. The fund pays for the cost of hospital and physician services for individuals who are subject to the involuntary mental health commitment process.
- ***Adjust Funding for the Virginia Health Care Fund.*** Reduces \$13.3 million GF and adds \$13.3 million NGF in FY 2008 as a result of higher than anticipated revenues to the Virginia Health Care Fund. Revenues to the fund are used as a portion of the state's match for the Medicaid program. A larger than anticipated balance in the fund as of June 30, 2007 as well as higher Medicaid recoveries permits a reduction in GF revenues.

- ***Governor’s October 2007 Budget Reductions.*** Reduces \$60.6 million GF the second year as a result of the Governor’s October reduction actions. The reduction is primarily related to lower payments for Medicaid managed care organizations but also includes new savings proposals related to moving disabled individuals from institutional settings and better management of pharmacy programs. Significant changes include:
  - ***Adjust Payments to Medicaid Managed Care Organizations (MCOs).*** Reduces \$60.1 million GF and \$60.1 million NGF from federal Medicaid revenues reflecting lower negotiated payment rates to Medicaid Managed Care Organizations. The budget assumed that MCO rates would increase by 7.0 percent from FY 2007 to FY 2008. The rate the Department negotiated with MCOs was actually 2.6 percent less than the rates paid in FY 2007, resulting in general fund savings that will continue in future years.
- ***Prior Authorization and Utilization Review of Community Mental Health Programs.*** Requires the department to implement prior authorization and utilization review of community-based mental health services for children and adults. This proposal increases Medicaid spending by \$208,612 GF and \$583,612 NGF in FY 2008, however, it results in annual savings of \$4.2 million GF beginning in FY 2009. Language is added providing the department with the authority to conduct these activities.
- **Department of Mental Health, Mental Retardation, and Substance Abuse Services (DMHMRSAS)**
  - ***Restore Operating Costs at Central Virginia Training Center (CVTC).*** Restores \$5.3 million NGF in FY 2008 for operating costs at CVTC that were estimated to decrease through census reduction efforts in preparation for rebuilding the facilities with a more efficient design. Restructuring efforts have failed to result in a decline in the number of individuals served by the facility and plans for facility replacement have not progressed as expected. The source of the nongeneral funds is additional revenue expected to be collected by the facilities from the Medicaid and Medicare programs.
  - ***Governor’s October 2007 Budget Reductions.*** Reduces \$16.9 million GF the second year as a result of the Governor’s October reduction actions. The proposed reductions are primarily related to federal revenue maximization efforts described below as well as effort to streamline agency and facility operations.
    - ***Maximize Federal Medicare Part D Revenues.*** Reduces \$9.8 million GF and provides \$9.8 million NGF in FY 2008 as a result of more individuals qualifying for prescription drugs through the federally-funded Medicare Part D program. Because more individuals than previously anticipated are qualifying for Medicare Part D, fewer state dollars are needed to provide pharmacy services to individuals residing in the community or state facilities. As a result, savings of \$5.0 million GF are projected in the

community resource (“aftercare”) pharmacy used by CSBs and savings of \$4.8 million GF is expected for state facilities.

- ***Maximize Federal Revenues for Inpatient Hospital Services.*** Reduces \$3.0 million GF and provides \$3.0 million NGF in FY 2008 from federal Medicare revenues reflecting more aggressive billing for inpatient hospital services. In order to maximize federal revenues, the Department will bill more medical services provided at state facilities to the Medicare Part B program.
- ***Adjust Appropriation for the Sexually Violent Predator (SVP) Program.*** Reduces \$1.6 million GF in FY 2008 to reflect lower caseload growth than previously anticipated in the SVP program. Civil commitments for inpatient services are down resulting in \$1.2 million GF savings. Additionally, fewer individuals are being placed on conditional release than expected resulting in \$350,000 GF savings.

- **Department of Social Services**

- ***Offset Loss of Federal Funds for Child Welfare Services.*** Adds \$3.9 million GF and reduces \$3.9 million NGF each year to reflect lower reimbursements from the federal government for child welfare services provided by local departments of social services. Federal authorities required the Department to resubmit a new cost allocation plan after the existing plan, originally approved in 1996, resulted in the disallowance of \$53 million in federal Title IV-E reimbursements for child welfare services in FY 2006. The Department’s cost allocation plan defines the share of federal and state spending for specific child welfare services and activities. Funding is necessary to maintain support for local staff that provides child welfare services to children and families.
- ***TANF for Child Care Services for At-risk, Low-income Families.*** Adds \$6.0 million NGF in FY 2008 from the federal Temporary Assistance to Needy Families (TANF) block grant to provide additional funding for child day care subsidies for low-income families. This additional funding will address about 22 percent of the waiting list for child day care subsidies.
- ***Governor’s October 2007 Budget Reductions.*** Reduces \$10.9 million GF the second year as a result of the Governor’s October reduction actions. The proposed reductions are primarily related to using federal TANF block grant dollars for previously funded general fund activities and adjusting appropriations to current spending levels for the General Relief and Auxiliary Grant Programs.
  - ***Substitute TANF for GF for Eligible Programs.*** Replaces \$5.1 million GF the second year with a like amount of federal TANF block grant funds for eligible programs and services. With the exception of the Fredericksburg Child Dental Clinic, similar actions for each of these programs are proposed in FY 2009 resulting in savings of \$9.8 million. Amendments to CSA and

the Health Department included in the proposed budget leverage federal TANF funds for eligible services because recent caseload declines have resulted in lower than expected of block grant dollars. Affected programs are listed below.

<b>Programs Receiving Federal TANF Funding in FY 2008</b>	
Healthy Families/Healthy Start	\$2,069,910
Community Action Agencies	\$1,698,930
Grants to Local Domestic Violence Programs	\$711,711
Centers for Employment and Training	\$318,750

- ***Reduce Funding for General Relief.*** Reduces funding by \$1.2 million GF the second year to reflect actual spending for the General Relief program that provides cash assistance and services to individuals with no or very little income. General Relief is voluntary program provided by localities that agree to match state funding. In FY 2007, some localities did not expend their full allocation resulting in unspent appropriations. The new general fund appropriation will be \$3.5 million each year.
- ***Caregivers Grant Program.*** Reduces \$500,000 GF the second year for the Virginia Caregivers Grant Program. Funding will be limited to \$500,000 GF a year. The program provides up to \$500 each year for a caregiver who has an annual income less than \$75,000 and who provides unreimbursed care for a person who is aged, infirm or disabled. Chapter 588, passed by the 2007 General Assembly, increased the income limit for a married caregiver to \$75,000 annually.

## Natural Resources

- **Department of Game and Inland Fisheries**
  - ***Reduction in General Fund Transfer.*** Language is included reducing total general fund support provided to the agency by \$1.3 million in the second year. The

reductions in the agency's general fund support are based on reductions in the estimated sales taxes collected on hunting, fishing, and wildlife-related equipment and reductions in the revenues derived from watercraft sales and use taxes. An accompanying entry in Part 3 of the introduced budget effects the change.

## Public Safety

- **Department of Alcoholic Beverage Control**
  - *Governor's October 2007 Budget Reductions.* Increases the level of transfers to the general fund by \$3.5 million, by recognizing the additional sales volume resulting from the expansion of store hours in certain locations, and by modifying the discount methodology for alcoholic beverages to increase the return to the Commonwealth.

    - Delay the opening of Phase II at St. Brides Correctional Center in the City of Chesapeake, for a one-time savings of \$8.6 million;
    - Eliminate \$1.2 million in GF for site acquisition for the new prison in Charlotte County, based on the assumption that the site will be included in the financing for the overall project; and
    - Anticipates \$4.0 million NGF in contract revenues to be received from holding up to 500 federal or other non-state prisoners up to 1,000 federal or other non-state prisoners will be held during the 2008-2010 biennium.

- **Department of Juvenile Justice**
  - *Governor’s October 2007 Budget Reductions.* Proposes a series of reductions, including a 2.5 percent reduction in state aid for the operation of local and regional juvenile detention homes, Virginia Juvenile Community Crime Control grants, and reimbursement of locally-operated court services units. These three reductions in state aid provide a combined savings of over \$1.2 million from the general fund.
- **Department of State Police**
  - *Increased Gasoline Costs.* Includes \$2.4 million from the general fund the second year for the increased cost of gasoline for state police vehicles.
  - *Governor’s October 2007 Budget Reductions.* Includes a series of reductions, including, for example:

  - *2007 Transportation Initiative.* The Governor's proposed amendments include language that allows the transfer of general funds to projects included in the 2007 Transportation Initiative only as necessary to meet required expenditures within FY 2008. This language accompanies a proposal in HB/SB 30 to revert \$180.0 million GF from transportation in FY 2009 to fund other general fund expenditures. HB/SB 30 assumes these amounts would be reappropriated to transportation in fiscal year 2010.
  
- **Virginia Port Authority**
  - *Reconstruction and Expansion of Norfolk International Terminal and Portsmouth Marine Terminal.* Authorizes the Authority to issue up to \$93.0 million in additional bonds for the purposes of continuing ongoing capital projects for reconstruction and expansion of Norfolk International Terminal and Portsmouth Marine Terminal and provides \$250,000 NGF in the second year for related debt service payments.

## Independent Agencies

No actions in HB/SB 29.

## Nonstate Agencies

The Governor's proposed amendments reduce funding for grants to nonstate agencies by \$1.2 million GF the second year as a result of the Governor's October reduction actions. A 5 percent reduction was applied across the board and all grantees were requested to return the funding if it had already been provided. As of December 18, 2007, all but \$62,000 had been returned.

## Capital Outlay

- **Department of General Services**
  - *Capitol Square Stairs.* Provides \$0.6 million NGF to complete steps between the Jefferson and Oliver Hill buildings.
  - *Energy Conservation Projects.* Provides \$0.2 million NGF for energy conservation projects at the seat of government.

- **Virginia Port Authority**
  - *Norfolk International Terminal-South.* Provides \$93.0 million from Virginia Port Authority bonds for renovations, improvements and land acquisition at the Norfolk International Terminal-South.
  
- **Central Capital Outlay**
  - *Maintenance Reserve.* Proposes an additional \$50.0 million GF in FY 2008 for maintenance reserve. When the amounts appropriated separately under the Office of Civil Rights agreement are included, this would bring the total maintenance reserve amount available to \$125.0 million GF.

## Resource Changes for 2006-2008

HB/SB 29 includes a reduction of \$528.3 million in general fund resources available for appropriation in the 2006-08 biennium (below the amount assumed in Chapter 847, as adopted by the 2007 General Assembly). This amount includes: (1) a reduction in balances available of \$100.9 million, (2) a reduction in the general fund revenue forecast of \$345.1 million, and (3) a reduction in transfers of \$82.3 million. This reduction is partially offset by a proposed withdrawal from the Revenue Stabilization Fund (RDF) of \$261.1 million, leaving a net reduction in general fund resources of \$267.2 million. These changes, combined with the \$6.0 million unappropriated balance from last session, leave a resource shortfall of \$261.2 million to be addressed in the proposed budget.

HB/SB 29 proposes a net spending reduction of \$290.1 million, leaving a total of \$28.9 million to be carried forward into the next biennium, as a beginning balance in HB/SB 30.

### Changes in the Balance

HB/SB 29, as introduced, assumes a net reduction of \$100.9 million in the balance that is available to apply toward FY 2008 expenditures (Chapter 847 had assumed that \$326.3 million would be available at the end of FY 2007 for appropriation in FY 2008).

Balance adjustments reflect technical changes that are routinely required to restate the Comptroller's year-end report and the proposed disposition of FY 2007 unspent balances. The proposed reappropriation of unspent balances includes: \$854.6 million for active capital projects; \$113.0 million for mandatory carryforwards (Legislative, Judicial and certain Executive balances, i.e., \$20.2 million for economic contingency account and higher education student financial assistance); and \$50.3 million in discretionary balances. Operating balances proposed to be carried forward include \$65.3 million generated by agencies in FY 2007 for the purpose of cushioning the effect of required budget cuts. The proposed reappropriation of unspent balances also includes \$500.0 million earmarked for transportation; however, HB/SB 30 includes a proposal to withhold \$180.0 million of this amount in FY 2009 and reappropriate it in FY 2010. After accounting for all proposed reappropriations of unspent balances, a total of \$96.0 million in unspent balances would revert to help offset the FY 2007 revenue shortfall.

### Changes in Revenue

FY 2007 ended with a general fund revenue shortfall of \$234.4 million. The largest components of the shortfall were an underestimation of the impact of tax policy changes, resulting in higher than anticipated use of the land preservation tax credit and the low income tax credit; and a miscalculation of general fund interest earnings. The ripple effect of this shortfall into FY 2008, along with the assumption that housing-related weakness in the economy will continue, produces a downward revision of \$345.1 million to the FY 2008 GF revenue forecast.

### Changes in Transfers

HB/SB 29 assumes a lottery profit increase for FY 2008 of \$47.8 million and increased ABC profits of \$5.2 million, based on actual performance in FY 2007. The introduced bill also reflects the loss of a projected transfer to the general fund of \$120.4 million from the Revenue Stabilization Fund refund, as a refund of the amount deposited in excess of the Constitutional

cap. With the proposed withdrawal of \$261.1 million from the Fund, the cap will no longer be exceeded.

# Legislative

There are no changes in the budget, as introduced, for the Legislative Department for fiscal year 2008, when compared to Chapter 847, the appropriation act for the 2006-08 biennium.

# Judicial

The budget, as introduced, for the Judicial Department for FY 2008 provides a net increase of \$14.0 million in general funds or 2.0 percent compared to Chapter 847, including total increases of \$15.0 million and total reductions of \$1.0 million. The proposed budget adjusts judicial agency budgets to reflect the October 2007 budget reductions and provides \$15.0 million in additional funds to cover projected expenditures for the Criminal Fund.

  - *Governor's October 2007 Budget Reductions.* Includes savings of \$5,500 GF for FY 2008 to implement the October 2007 budget reductions.

# Executive

There are no increases or decreases in the budget, as introduced for Executive Offices for fiscal year 2008 compared to Chapter 847, other than the October 2006 budget reduction strategies (which are contained in a language amendment in Central Appropriations). These reductions total \$779,280 for the Office of the Governor and Cabinet Offices and \$870,319 for the Office of the Attorney General. In addition, there is a change in the language requirement for the transfer from the Division of Debt Collection to the general fund.

- **Division of Debt Collection**

- *Transfer of Collections.* Eliminates the requirement to transfer \$1.3 million each year to the general fund from debt collected on behalf of state agencies. Beginning with the 2004 Appropriations Act, the division has been required to transfer up to 40 percent of the funds it collects on behalf of agencies. This requirement has caused agencies to seek exemptions or find alternative ways to collect debt. As a result, the division has not been able to meet this requirement. Eliminating the transfer requirement is intended to encourage more agencies to utilize the division's services.

# Administration

The proposed amendments for the Administration agencies would provide an increase of \$27.8 million GF for FY 2008. Most of the increases are for the Compensation Board, which is proposed to receive an increase of \$27.6 million GF for three amendments: \$14.9 million GF for per diem payments to local and regional jails, \$12.3 million GF to cover a shortfall in the amount budgeted for constitutional officers' VRS retirement contributions, and \$0.4 million GF to staff additional jail space at the Riverside Regional Jail. The introduced budget also recommends \$0.1 million GF for the Department of General Services to begin site work for the civil rights memorial, which will be located in Capitol Square.

- **Compensation Board**

- *Per Diem Payments to Local and Regional Jails.* Proposes an additional \$14.9 million GF the second year to compensate local governments for the cost of housing inmates in local jails based on the per day rate.
- *Constitutional Officers' VRS Shortfall.* Proposes an additional \$12.3 million GF in the second year to cover a shortfall in the amount budgeted for constitutional officers' VRS retirement contributions. Funding for these costs was omitted from the calculation of the 2006-2008 salary increases. The FY 2007 shortfall of \$4.8 million was addressed by an administrative transfer from FY 2008 to FY 2007, bringing the total shortfall in FY 2008 to \$12.5 million (replace \$4.8 million + \$7.5 million FY 2008 shortfall).
- *Staff Riverside Regional Jail Expansion.* Proposes an additional \$0.4 million GF in the second year to staff additional jail space at the Riverside Regional Jail.

- **Department of General Services**

- *Civil Rights Memorial.* Proposes \$135,000 GF to begin site work for the civil rights memorial to be located in Capitol Square.

# Agriculture and Forestry

- **Department of Forestry**
  - *Governor's October 2007 Budget Reductions.* Includes savings of 853,184 GF for FY 2008 to implement the October 2007 budget reductions.

# Commerce and Trade

The Governor's proposed FY 2008 amendments for Commerce and Trade provide a net increase of \$1.3 million GF when compared to Chapter 847, including \$750,000 for a proposed initiative to establish a mortgage counseling assistance program within the Department of Housing and Community Development. In addition, the Governor proposes an increase of \$1.5 million GF in the current year for the Governor's Opportunity Fund within Central Appropriations.

- **Department of Business Assistance**

- *Governor's October 2007 Budget Reductions.* Includes savings of \$515,352 GF for FY 2008 to implement the October 2007 budget reductions.

- **Department of Housing and Community Development**

- *Mortgage Counseling Assistance.* The proposed amendments include \$750,000 GF to provide training and assistance to counselors specializing in foreclosure prevention, loss mitigation and consumer rights under existing mortgage lending laws and regulations. These funds may be used for grants to nonprofit organizations to support new or expanded foreclosure prevention counseling services targeted to areas of the state and populations at greatest risk.
- *Governor's October 2007 Budget Reductions.* Includes savings of \$1.2 million GF for FY 2008 to implement the October 2007 budget reductions.

- **Department of Labor and Industry**

- *Correct for Funding Split of Central Appropriations Amounts.* Proposes \$283,000 GF in the current year for a shortfall resulting from an incorrect fund split between general and nongeneral funds in the agency's Central Appropriations distributions.

- ***Projected Lottery Proceeds.*** Language directs 100 percent of additional Lottery proceeds for FY 2007 (actual) and FY 2008 (projected) totaling \$76.4 million towards supporting FY 2008 Standards of Quality (SOQ) Basic Aid costs. (Typically, about 60 percent of Lottery proceeds support Basic Aid costs, while the remainder is distributed to localities on the basis of enrollment and composite index. These optional funds require a local match and at least half of the funds must be used for non-recurring purposes.)
- ***Governor's October 2007 Budget Reductions.*** Reduces funding by \$8.8 million GF the second year as a result of the Governor's October reduction actions, including \$8.8 million GF supplanted by one-time Literary Fund dollars, a \$5,000 reduction to the Southside Virginia Regional Technology Consortium, a \$2,500 reduction to the Virginia Career Education Foundation, and a \$2,500 reduction to the Virginia Educational Technology Alliance.
- ***Literary Fund.*** Consistent with the October budget reductions, which dealt only with General Fund actions, recognizes \$8.8 million NGF available on a one-time basis from the Literary Fund.

- **Department of Education**

- ***National Board Teacher Certification Bonuses.*** Adds \$404,125 GF to fully fund address the 13.8 percent shortfall in FY 2008 based on actual number of eligible teachers. Based on final Fall 2007 data, 220 teachers were eligible for initial awards of \$5,000 each and 734 were eligible for continuing awards of \$2,500 each for revised total funding of \$2.9 million.

- **Virginia School for the Deaf, Blind, and Multi-Disabled - Hampton**

- ***Governor's October 2007 Budget Reductions.*** Reduces funding by \$158,974 GF the second year as a result of the Governor's October reduction actions by reducing the number of computers and eliminating four vacant hourly positions.

- ***Accessibility.*** Adds \$50,000 GF to address immediate accessibility needs in Staunton prior to the transfer of multi-disabled students from the Hampton campus beginning in the Fall of 2008.

- ***Governor's October 2007 Budget Reductions.*** Reduces funding by \$48,000 GF the second year as a result of the Governor's October reduction actions to cover the cost of two residential positions with nongeneral funds.

# Higher Education

The Governor's proposed budget for Higher Education for FY 2008 provides \$1.9 billion GF. Included within this overall total is a reduction of \$86.9 million GF associated with the Governor's October 2007 Budget Reduction Plan.

- **Public Colleges and Universities**

- *Governor's October 2007 Budget Reductions.* Includes reductions ranging between approximately 5.0 percent (for institutions below 100 percent of base guidelines) and 6.25 percent (for Level III institutions and institutions at or above 100 percent of base guidelines) for a savings of \$81.9 million from the general fund. Within this series of reductions are several major categories of savings including the following:

- Reduces personnel for a savings of \$28.8 million;
- Implements business practices and efficiencies for a savings of \$7.3 million;
- Lowers discretionary expenditures by \$26.5 million; and,
- Eliminates or reduces current services by \$12.4 million.

- **Other Higher Education Entities**

- *Governor's October 2007 Budget Reductions.* Includes a series of reductions, including reducing personnel and discretionary expenditures for a savings of almost \$5.0 million from the general fund.

## Other Education

The Governor's proposed amendments decrease Other Education agencies by \$2.4 million GF in FY 2008.

- **Library of Virginia**
  - *Governor's October 2007 Budget Reductions.* Reduces funding by \$1.2 million GF the second year as a result of the Governor's October reduction actions, including \$719,943 by reducing state aid for public libraries; \$350,510 by reducing purchases of books and other library materials; and \$75,000 by reducing the number of databases available for users in Fund It Virginia.
  - *Rent.* Reinstates \$34,099 GF for rent that had been removed in error.
- **Jamestown-Yorktown Foundation**
  - *Governor's October 2007 Budget Reductions.* Reduces funding by \$410,040 GF the second year as a result of the Governor's October reduction actions, including \$140,180 by reducing wage funds for interpretation; \$71,528 by limiting outreach programming; \$38,974 by reducing marketing; \$28,900 GF by delaying equipment replacement; and \$21,956 by decreasing the frequency of daily maintenance.
- **Jamestown 2007**
  - *Governor's October 2007 Budget Reductions.* Reduces funding by \$20,272 GF the second year as a result of the Governor's October reduction actions by reducing funding for security.
- **Virginia Museum of Fine Arts**
  - *Governor's October 2007 Budget Reductions.* Reduces funding by \$363,735 GF the second year as a result of the Governor's October reduction actions, including \$127,735 by shifting general fund personnel costs to nongeneral funds and \$103,500 GF by better scheduling of security contracts and grounds keeping.
- **Virginia Commission for the Arts**
  - *Governor's October 2007 Budget Reductions.* Reduces funding by \$191,220 GF the second year as a result of the Governor's October reduction actions, including \$72,220 from unclaimed grant funds; \$52,000 by eliminating special initiatives for artistic and cultural organizations; and \$36,000 by deferring payment of annual dues to Mid-Atlantic Arts Foundation from, June to July.

- **Frontier Culture Museum of Virginia**

- **Gunston Hall**
  - *Governor's October 2007 Budget Reductions.* Reduces funding by \$22,068 GF the second year as a result of the Governor's October reduction actions, including \$17,581 by delaying security upgrades.

# Finance

The proposed amendments for the Finance secretariat would result in a net decrease of \$71.9 million GF for FY 2008. General fund reductions include \$69.5 million GF to reflect a smaller than expected required deposit to the Revenue Stabilization Fund, and \$2.5 million in the second year to adjust the debt service requirements for currently authorized bond issuances.

Proposed new language for the department of Taxation continues to expand authorized use of funds deposited into the Contractor Collector Fund, and provides for administration of sales tax collections authorized for the Hampton Roads and Northern Virginia Regional Transportation Authorities.

- **Department of Accounts Transfer Payments**

- *Revenue Stabilization Fund Deposits.* The Constitution requires that a deposit be made to the Rainy Day Fund when the rate of growth for income and sales tax collections in a fiscal year exceeds the average growth rate for the prior six years. The required deposit is one half of the above average growth for the fiscal year, but the amount in the Fund cannot exceed a Constitutional cap. HB/SB 29 reduces the FY 2008 Rainy Day Fund appropriation by \$69.5 million to reflect a revised calculation of the Fund cap by the Auditor of Public Accounts.

- **Department of Taxation**

- *Contractor Collector Fund.* The Tax Department is authorized to hire private collection agencies for the collection of delinquent accounts and to deposit proceeds into the Contractor Collector Special Fund for the purpose of paying collection fees. In recent years, administrative authority for expenditure from the Fund has been broadened to include oversight of the collection agencies, upgrade of collection systems and interfaces, and retention of experts to analyze receivables and collection techniques. HB/SB 29 proposes to further expand the authorized use of Contractor Collector Funds to include upgrading audit functions as well.
- *Hampton Roads and Northern Virginia Regional Transportation Authorities.* Language authorizes and appropriates the direct Tax Department cost of administering sales tax collections authorized in HB 3202 of the 2007 Session for the two regional transportation authorities. The direct administrative cost would be deducted from sales tax collections.

- **Treasury Board**

- *Adjust Debt Service Funding.* Proposes a reduction Reduces the general fund amounts required for debt service on outstanding obligations and issuances of currently authorized General Obligation, Virginia College Building Authority, and Virginia Public Building Authority bond projects by \$2.5 million in the second

year. The reductions reflect changes in the issuance of bonds, the amounts to be bonded, interest rate assumptions, and refunding and refinancings.

# Health and Human Resources

- **Comprehensive Services for At-Risk Youth and Families**

- *Mandatory Caseload and Cost Increases.* Adds \$54.3 million GF in FY 2008 to fully fund anticipated growth in the CSA program. Additional costs are being driven by growth in caseload and costs, as well as law and policy changes. Caseloads are estimated to increase in FY 2008 by 8 percent, compared to recent historical growth of about 3.8 percent. Costs are expected to increase by 12 percent in FY 2008, largely due to increases in costs for therapeutic foster care services, special education private day placements and residential treatment services.

Several changes in federal and state policies and laws have also contributed to growing costs in the program. Changes in the federal Deficit Reduction Act of 2005 have made it more difficult for children to qualify for the federally funded foster care program and eliminated federal Medicaid matching funds for most therapeutic foster care services provided to children and adolescents in the CSA program. These changes are estimated to have increased state costs from \$5.5 million up to about \$17.0 million annually.

Statutory changes enacted during the 2007 Session (SB 1332) required that mental health services be provided to children and adolescents who are at-risk of placement in the state's custody if treatment is not provided. The Joint Legislative Audit and Review Commission estimated in March 2007 that this change would increase the number of children served in CSA by 753 at a cost estimated to be \$14.3 million in FY 2008. In addition, the JLARC review found that current CSA policy restricting foster care preventive services was not consistent with law. Recent policy changes to comply with CSA law appear to be contributing to additional costs in the program.

- *Governor's October 2007 Budget Reductions.* Replaces \$965,579 GF the second year with a like amount of federal Temporary Assistance to Needy Families (TANF) block grant funds for services provided according to the CSA Trust Fund. Similar amendments in the Departments of Health and Social Services leverage federal TANF block grant funds for eligible services because recent TANF caseload declines have resulted in lower than expected expenditures of block grant dollars.

- **Department for the Aging**

- *Governor's October 2007 Budget Reductions.* A reduction of \$709,441 GF the second year as a result of the Governor's October reduction actions. Funding was reduced for community-based service providers, administrative activities, and to adjust appropriations to current spending levels.

- **Department for the Blind and Visual Impaired**
  - *Governor's October 2007 Budget Reductions.* A reduction of \$68,928 GF the second year as a result of the Governor's October reduction actions. The proposed reductions are achieved through reductions to community-based providers as well as administrative actions.
  
- **Department of Health**
  - *Governor's October 2007 Budget Reductions.* Reduces \$6.3 million GF the second year as a result of the Governor's October reduction actions. In general, funding was reduced for community-based service providers, recently-funded initiatives, and areas where nongeneral fund resources were available, for example:
    - *Trauma Center Funding.* Eliminates \$1.8 million GF in FY 2008 and replaces it with revenues accruing to the Trauma Center Fund from offenses related to driving under the influence and driver's license revocations. When the Fund was created in 2005, it was anticipated that revenues would total \$4.2 million annually. In FY 2007, revenues to the fund were \$8.2 million, eliminating the need for general fund support. The fund provides revenues to hospitals with trauma centers.
    - *Substitute TANF for GF in Community Programs.* Replaces \$4.0 million GF in the second year to four health department programs with a like amount of federal TANF block grant dollars. Similar amendments in CSA and the Department of Social Services leverage federal TANF block grant funds for eligible services because recent TANF caseload declines have resulted in lower than expected expenditures of block grant dollars. General fund amounts will be replaced with TANF funds in the following programs in the amount listed:
      - Comprehensive Health Investment Project - \$2,141,890
      - Teenage Pregnancy Prevention Programs - \$910,000
      - Partners in Prevention - \$765,000
      - Resource Mothers - \$176,800
  
- **Department of Medical Assistance Services**
  - *Medicaid Utilization and Inflation.* Reduces \$49.7 million GF and \$46.3 million NGF from federal Medicaid matching funds as a result of lower than anticipated spending. Medicaid spending continues to slow, growing at a lower rate than in previous years and less than originally forecast. The current budget assumed Medicaid spending would grow 8.6 percent in FY 2007 while actual growth was less than 6 percent. New federal rules regarding the documentation of citizenship

and identity for low-income children and families on Medicaid appear to have slowed enrollment growth. While enrollment is expected to pick up, it is not projected to grow at previously anticipated rates.

- ***FAMIS Utilization and Inflation.*** Adds \$1.4 million GF and \$2.5 million NGF from federal Medicaid matching funds to adjust funding for children and pregnant women eligible for health care services. Efforts in the past five years to expand health insurance coverage for children under 200 percent of the federal poverty level (\$34,340 for a family of three) continue to result in higher caseloads in FAMIS. New citizenship and identity requirements that appear to be dampening enrollment for children in Medicaid are having the opposite effect in FAMIS where the tighter regulations do not apply.
- ***Medicaid SCHIP Utilization and Inflation.*** Adds \$861,616 GF and \$1.6 million from federal Medicaid matching funds in FY 2008 to fully fund anticipated enrollment growth and costs for children eligible for health care services under the Medicaid SCHIP program. Enrollment in the SCHIP is expected to continue rising but not at the same rate as in previous years; the same citizenship and identity requirements affecting the Medicaid caseload have apparently dampened enrollment in Medicaid SCHIP. Medicaid SCHIP provides health care services to children under 19 in families with incomes between 100 percent and 133 percent of poverty (\$22,836 for a family of three). The federal government matches Medicaid expenditures for these children at the same rate as that provided for the FAMIS program (about 65 percent).
- ***Reduce Funding for Involuntary Mental Commitments.*** Reduces \$1.3 million GF in FY 2008 reflecting recent data that indicates payments from the Involuntary Mental Commitment Fund will be less than currently budgeted. The fund pays for the cost of hospital and physician services for individuals who are subject to the involuntary mental health commitment process.
- ***Adjust Funding for the Virginia Health Care Fund.*** Reduces \$13.3 million GF and adds \$13.3 million NGF in FY 2008 as a result of higher than anticipated revenues to the Virginia Health Care Fund. Revenues to the fund are used as a portion of the state's match for the Medicaid program. A larger than anticipated balance in the fund as of June 30, 2007 as well as higher Medicaid recoveries permits a reduction in GF revenues.
- ***Governor's October 2007 Budget Reductions.*** Reduces \$60.6 million GF the second year as a result of the Governor's October reduction actions. The reduction is primarily related to lower payments for Medicaid managed care organizations (see below) but also includes new savings proposals related to moving disabled individuals from institutional settings and better management of pharmacy programs.

- *Adjust Payments to Medicaid Managed Care Organizations (MCOs).* Reduces \$60.1 million GF and \$60.1 million NGF from federal Medicaid revenues reflecting lower negotiated payment rates to Medicaid Managed Care Organizations. The budget assumed that MCO rates would increase by 7.0 percent from FY 2007 to FY 2008. The rate the Department negotiated with MCOs was actually 2.6 percent less than the rates paid in FY 2007, resulting in general fund savings that will continue in future years.
- **Department of Mental Health, Mental Retardation, and Substance Abuse Services (DMHMRSAS)**
  - *Restore Operating Costs at Central Virginia Training Center (CVTC).* Restores \$5.3 million NGF in FY 2008 for operating costs at CVTC that were estimated to decrease through census reduction efforts in preparation for rebuilding the facilities with a more efficient design. Restructuring efforts have failed to result in a decline in the number of individuals served by the facility and plans for facility replacement have not progressed as expected. The source of the nongeneral funds is additional revenue expected to be collected by the facilities from the Medicaid and Medicare programs.
  - *Governor’s October 2007 Budget Reductions.* Reduces \$16.9 million GF the second year as a result of the Governor’s October reduction actions. The proposed reductions are primarily related to federal revenue maximization efforts described below as well as effort to streamline agency and facility operations.
    - *Maximize Federal Medicare Part D Revenues.* Reduces \$9.8 million GF and provides \$9.8 million NGF in FY 2008 as a result of more individuals qualifying for prescription drugs through the federally-funded Medicare Part D program. Because more individuals than previously anticipated are qualifying for Medicare Part D, fewer state dollars are needed to provide pharmacy services to individuals residing in the community or state facilities. As a result, savings of \$5.0 million GF are projected in the community resource (“aftercare”) pharmacy used by CSBs and savings of \$4.8 million GF is expected for state facilities.
    - *Maximize Federal Revenues for Inpatient Hospital Services.* Reduces \$3.0 million GF and provides \$3.0 million NGF in FY 2008 from federal Medicare revenues reflecting more aggressive billing for inpatient hospital services. In order to maximize federal revenues, the Department will bill more medical services provided at state facilities to the Medicare Part B program.
    - *Adjust Appropriation for the Sexually Violent Predator (SVP) Program.* Reduces \$1.6 million GF in FY 2008 to reflect lower caseload growth than previously anticipated in the SVP program. Civil commitments for inpatient services are down resulting in \$1.2 million GF savings.

Additionally, fewer individuals are being placed on conditional release than expected resulting in \$350,000 GF savings.

- **Department of Rehabilitative Services**
  - *Governor's October 2007 Budget Reductions.* Reduces \$1.3 million GF the second year as a result of the Governor's October reduction actions. Most of the proposed reductions are offset by nongeneral funds although some funding for services was reduced by three percent including independent living funds and long-term employment support services.
- **Woodrow Wilson Rehabilitation Center**
  - *Governor's October 2007 Budget Reductions.* Reduces \$334,978 GF the second year as a result of the Governor's October reduction actions. Most of the proposed reductions are related to administrative efficiencies.
- **Department of Social Services**
  - *Offset Loss of Federal Funds for Child Welfare Services.* Adds \$3.9 million GF and reduces \$3.9 million NGF each year to reflect lower reimbursements from the federal government for child welfare services provided by local departments of social services. Federal authorities required the Department to resubmit a new cost allocation plan after the existing plan, originally approved in 1996, resulted in the disallowance of \$53 million in federal Title IV-E reimbursements for child welfare services in FY 2006. In general, the Department's cost allocation plan defines the share of federal and state spending for specific child welfare services and activities. Funding is necessary to maintain support for local staff that provides child welfare services to children and families.
  - *TANF for Child Care Services for At-risk, Low-income Families.* Adds \$6.0 million NGF in FY 2008 from the federal Temporary Assistance to Needy Families (TANF) block grant to provide additional funding for child day care subsidies for low-income families. This additional funding will address about 22 percent of the waiting list for child day care subsidies.
  - *Governor's October 2007 Budget Reductions.* Reduces \$10.9 million GF the second year as a result of the Governor's October reduction actions. The proposed reductions are primarily related to using federal TANF block grant dollars for previously funded general fund activities and adjusting appropriations to current spending levels for the General Relief and Auxiliary Grant Programs.
    - *Reduce Funding for General Relief.* Reduces funding by \$1.2 million GF the second year to reflect actual spending for the General Relief program that provides cash assistance and services to individuals with no or very little

income. General Relief is voluntary program provided by localities that agree to match state funding. In FY 2007, some localities did not expend their full allocation resulting in unspent appropriations. The new general fund appropriation will be \$3.5 million each year.

- ***Caregivers Grant Program.*** Reduces \$500,000 GF the second year for the Virginia Caregivers Grant Program. Funding will be limited to \$500,000 GF a year. The program provides up to \$500 each year for a caregiver who has an annual income less than \$75,000 and who provides unreimbursed care for a person who is aged, infirm or disabled. Chapter 588, passed by the 2007 General Assembly, increased the income limit for a married caregiver to \$75,000 annually.

- **Department for the Blind and Visual Impaired**

- ***Governor's October 2007 Budget Reductions.*** Reduces \$346,875 GF the second year as a result of the Governor's October reduction actions. The proposed reductions achieve savings through administrative actions.

# Natural Resources

The proposed amendments approved for the Natural Resources secretariat do not include any additional general fund or nongeneral fund appropriations.

- **Department of Conservation and Recreation**
  - *Governor's October 2007 Budget Reductions.* Includes savings of \$2,248,750 GF for FY 2008 to implement the October 2007 budget reductions.
- **Department of Environmental Quality**

- **Department of Game and Inland Fisheries**
  - *Reduction in General Fund Transfer.* Language is included reducing the total general fund support provided to the agency by \$1.3 million in the second year. The reductions in the agency's general fund support are based on reductions in the estimated sales taxes collected on hunting, fishing, and wildlife-related equipment and reductions in the revenues derived from watercraft sales and use taxes. An accompanying entry in Part 3 of the introduced budget effects the change.
- **Department of Historic Resources**
  - *Governor's October 2007 Budget Reductions.* Includes savings of \$70,005 GF for FY 2008 to implement the October 2007 budget reductions.

# Public Safety

The budget, as introduced, for Public Safety for FY 2008 provides an increase of \$3.7 million or 0.11 percent when compared with Chapter 847. Included within this overall total are total reductions of \$47.4 million GF and total increases of \$7.5 million NGF which are associated with the Governor's October 2007 Budget Reduction Plan.

- **Department of Alcoholic Beverage Control**

- *Governor's October 2007 Budget Reductions.* Increases the level of transfers to the general fund by \$3.5 million, by recognizing the additional sales volume resulting from the expansion of store hours in certain locations, and by modifying the discount methodology for alcoholic beverages to increase the return to the Commonwealth.

- **Department of Correctional Education**

  - Reduces equipment purchases for a one-time savings of \$3.6 million;
  - Delays the opening of Phase II at St. Brides Correctional Center in the City of Chesapeake, for a one-time savings of \$8.6 million;
  - Eliminates \$1.2 million in GF for site acquisition for the new prison in Charlotte County, based on the assumption that the site will be included in the financing for the overall project; and,
  - Anticipates \$4.0 million NGF in contract revenues to be received from holding up to 500 federal or other non-state prisoners up to 1,000 federal or other non-state prisoners will be held during the 2008-2010 biennium.
- *Sex Offender Monitoring.* Includes a language amendment which reduces the amounts for sex offender monitoring using global positioning system (GPS) or other tracing devices by \$1.5 million, or 37 percent.

- **Department of Criminal Justice Services**
  - *Governor's October 2007 Budget Reductions.* Includes savings totaling \$11.5 million to implement the October 2007 budget reduction plan. - **Department of Emergency Management**
  - *Governor's October 2007 Budget Reductions.* Includes savings totaling \$462,000 to implement the October 2007 budget reduction plan, including, for example:
    - A reduction of \$125,000 (five percent) in the \$2.5 million grant approved by the 2007 General Assembly for an emergency evacuation facility to be established at the new Virginia State Fairgrounds in Caroline County, and
    - A reduction of \$108,000 (10.3 percent) in the All-Hazards Initiative for the citizen alert network, EMNet for Tidewater and Central Virginia local governments, and continuity of operations planning.
  - *Transfer of Funds.* Adds language that clearly identifies the amount of funding already appropriated to the department's hazardous materials training program from the Fire Programs Fund in the Department of Fire Programs.
  
- **Department of Forensic Science**
  - *Payments in Lieu of Taxes.* Provides \$218,643 from the general fund for FY 2008 for payments for the central laboratory in Richmond, which is now state-owned.
  - *Governor's October 2007 Budget Reductions.* Includes a series of reductions totaling \$1.7 million, including a reduction of \$752,225 in payments to the Virginia Institute of Forensic Science and Medicine by developing more cost-effective training strategies.
  
- **Department of Juvenile Justice**
  - *Governor's October 2007 Budget Reductions.* Includes a series of reductions totaling \$6.3 million, including a 2.5 percent reduction in state aid for the operation of local and regional juvenile detention homes, Virginia Juvenile Community Crime Control Act grants, and reimbursement of locally-operated court services units. These three reductions in state aid provide a combined savings of over \$1.2 million.
  
- **Department of State Police**

- ***Increased Gasoline Costs.*** Includes \$2.4 million from the general fund the second year for the increased cost of gasoline for state police vehicles.
- ***Governor’s October 2007 Budget Reductions.*** Includes a series of reductions totaling \$5.0 million, including, for example:
  - Increasing the mileage on state police vehicles before replacement to 130,000 miles, thereby reducing the number of vehicles to be purchased, for a savings of \$1.4 million;
  - Delaying the start of the 115<sup>th</sup> basic school for new state troopers currently scheduled to begin on February 25, 2008, for a savings of \$1.6 million;
- **Department of Veterans Services**
  - ***Start-up Loan for New Center.*** Increases the amount of the anticipation loan by \$1.4 million due to a delay in opening the new Sitter-Barfoot Veterans Care Center in Richmond. The loan is required to cover expenses until nongeneral fund reimbursement is received to cover the operating costs.

# Technology

The Governor's proposed budget for FY 2008 does not include any amendments within the Technology Agencies. Included within the amendments for Central Appropriations is \$439,065 in savings for the Technology Agencies as part of the Governor's Budget Reduction Plan, an appropriation of \$4.9 million GF to eliminate the savings assumed in VITA's FY 2008 appropriation, and \$4.7 million GF to fund agencies for additional cost related to changes in VITA's rate structure.

- **Virginia Information Technologies Agency**
  - *Governor's October 2007 Budget Reductions.* Assumes savings of \$127,065 GF in FY 2008 from eliminating a vacant position.
  
- **Innovative Technology Authority**
  - *Governor's October 2007 Budget Reductions.* Assumes savings of \$312,000 GF in FY 2008 from eliminating one position and reducing grants to organizations that provide entrepreneurial services to fledging technology companies.

# Transportation

- **Department of Rail and Public Transportation**

- *Increase Appropriation to Reflect November 2007 Revenue Estimate.* Increases the agency's appropriation by \$35.8 million NGF the second year to reflect the latest revenue estimates for the Transportation Trust Fund and federal funds and to reflect the November 2007 official revenue estimate.

- **Department of Transportation**

- *Increase Appropriation to Reflect November 2007 Revenue Estimate.* Increases the agency's appropriation by \$325.5 million NGF the second year to reflect the latest revenue estimates for the Transportation Trust Fund and federal funds and to reflect the November 2007 official revenue estimate
- *Contracts with Homeowner Associations.* Proposed language would authorize the Transportation Commissioner to enter into contracts with homeowner associations for grounds-keeping, mowing and litter removal services.
- *2007 Transportation Initiative.* The Governor's proposed amendments include language that allows the transfer of general funds to projects included in the 2007 Transportation Initiative only as necessary to meet required expenditures within FY 2008. This language accompanies a proposal in HB/SB 30 to revert \$180.0 million GF from transportation in FY 2009 to fund other general fund expenditures. HB/SB 30 assumes these amounts would be reappropriated to transportation in fiscal year 2010.
- *Reconstruction and Expansion of Norfolk International Terminal and Portsmouth Marine Terminal.* Authorizes the Authority to issue up \$93.0 million in additional bonds for the purposes of continuing ongoing capital projects for reconstruction and expansion of Norfolk International Terminal and Portsmouth Marine Terminal and provides \$250,000 NGF in the second year for related debt service payments.
- *Governor's October 2007 Budget Reductions.* Reduces \$50,000 GF the second year as a result of the Governor's October reduction actions. The reduction comes from general funds provided for payments in lieu of taxes to localities that host port facilities.

# Central Appropriations

Proposed amendments to the Central Appropriations result in a net decrease of \$256.9 million GF for FY 2008. This is the net result of a \$272.0 million GF reduction to capture the effect of the October 2007 budget reductions, which are partially offset by increases of \$15.1 million GF.

The proposed general fund increases include: include \$4.9 million to forgive savings that had been projected to accrue from creation of the Virginia Information Technologies Agency (VITA), \$4.7 million for the general fund share of increases in VITA rates, \$4.0 million for interest earnings and credit card rebates due to institutions of higher education, and an additional \$1.5 million for the Governor's Development Opportunity Fund.

- **FY 2008 Budget Reductions**
  - *Agency Budget Reductions.* Proposes a \$272.0 million GF reduction and related language to capture the effect of the October 2007 budget reductions. A detailed list of these reductions is included in Appendix C.
  
- **Higher Education Interest**
  - *Higher Education Interest and Charge Card Rebates.* Proposes an additional \$4.7 million GF in the second year to pay institutions of higher education interest on NGF balances held by the state treasury and a prorated share of rebates received by the Commonwealth on credit card purchases. This action would bring the total appropriated for this purpose in FY 2008 to \$17.4 million GF.
  
- **Economic Contingency**
  - *VITA Savings.* Proposes \$4.9 million GF to forgive savings that had been projected to accrue from creation of the Virginia Information Technologies Agency (VITA).
  - *VITA Rates.* Recommends \$4.7 million for the general fund share of increases in the rates charged by VITA under the Northrop Grumman contract for the provision of information technology services.
  - *Governor's Development Opportunity Fund.* Proposes an additional \$1.5 million GF the Governor's Development Opportunity Fund. This action would bring the total appropriated for the fund to \$16.6 million GF for the biennium.

# Independent

No actions in HB/SB 29.

## Nonstate Agencies

The Governor's proposed amendments reduce funding for grants to nonstate agencies by \$1.2 million GF the second year as a result of the Governor's October reduction actions. A 5 percent reduction was applied across the board to the \$26.7 million GF total grants awarded and all grantees were requested to return the funding if it had already been provided. As of December 18, 2007, all but \$62,000 had been returned.

# Capital Outlay

Amendments proposed for capital projects in HB/SB 29 add a total of \$143.8 million (all funds) in project funding. The proposed general fund increase of \$50.0 million is entirely for central maintenance reserve. Nongeneral fund increases total \$93.8 million, of which \$93.0 million is from Virginia Port Authority bonds, and \$0.8 million NGF for two projects administered by the Department of General Services.

<b>Proposed Capital Outlay Amendments</b> (2006-08 Biennium)
