# Overview of the Adopted Budget for 2008-10

The adopted general fund budget for 2008-10 is predicated on an economic outlook that remains sluggish through most of fiscal year 2009 as the impact of the downturn in the housing and subprime mortgage markets continues to affect consumer and financial confidence. However, growth is projected to moderate and rebound toward long-term trend rates in fiscal year 2010. Specifically, the revenue outlook assumes below trend revenue growth of 2.2 percent in fiscal year 2009 (economic growth rate of 4.1 percent) and 6.8 percent in fiscal year 2010.

The budget, as introduced, provided approximately \$36.2 billion in available general fund resources for the 2008-10 biennium. However, a mid-session revenue reforecast in February 2008, led to a reduction in general fund revenues of \$1,052.3 million for the biennium.

The approved biennial budget provides a net general fund increase of \$988.4 million above the adjusted base budget. In addition, the budget provides \$105.3 million in general fund support for capital outlay projects.

The adopted capital construction package, contained in the budget and separate legislation, provides \$2.0 billion in taxpayer supported general fund debt.

<b>General Fund Budget for 2008-10</b>	
(\$ in millions)	
Resources Available for Appropriation	\$ 34,613.0*
Operating Appropriations	\$ 34,454.0
Capital Outlay Appropriations	<u>105.3</u>
<b>Unappropriated Balance</b>	<b>\$ 53.7</b>
*Reflects reclassification of \$922.0 million in Lottery Proceeds as Nongeneral Fund	

Of the \$53.7 million unappropriated balance, \$50.0 million is appropriated as a revolving fund for planning capital outlay projects included in Chapters 1 and 2 of the 2008 Acts of Assembly - Special Session I (HB5001 and SB5001), the adopted capital bond program. [NOTE: In addition to the \$53.7 million unappropriated balance, \$17.0 million in general fund balances became available as a result of budget reduction plans submitted to the Governor in mid-session as a result of the downward revision in the revenue forecast.]

## Revenues

The 2008-10 general fund revenue forecast assumes growth rates of 2.2 percent for FY 2009 and 6.8 percent for FY 2010. The FY 2009 growth rate reflects several adjustments related to continuing weakness in the housing market and its impact on job growth and consumer spending. The forecast also

reflects previously approved policy actions that eliminated the estate tax, increased the level of refunds attributable to the land conservation tax credit and the low income tax credit, and dedicated 3 cents in recordation taxes to transportation. Disregarding these and other tax policy actions, the pure economic growth rate assumed in the introduced budget is 4.1 percent in FY 2009 and 6.8 percent in FY 2010 (projected economic growth in FY 2008 is 3.6 percent).

Total general fund resources also include \$772.3 million in transfers. Of this amount, \$501.6 million over the biennium represents the additional one-quarter cent sales tax for public education; \$70.3 million over the biennium represents ABC profits; and \$150.5 million in ABC profits and wine taxes directed to the Department of Mental Health, Mental Retardation and Substance Abuse Services for substance abuse programs. Finally, balance adjustments reflect the reversion of \$180.0 million in general fund dollars appropriated to transportation in fiscal year 2008. A like amount is appropriated through bonded debt.

<b>General Fund Resources Available for Appropriation</b> (2008-10 biennium, \$ in millions)

### Spending Increases

The biennial budget, as adopted, includes new spending of \$2,614.0 million GF above the adjusted base budget. Most of the major general fund spending items are driven by federal and state mandates, enrollment growth, and caseload increases such as:

- \$942.5 million for the cost of the state’s share of the Standards of Quality for public schools, including projected enrollment, prevailing salaries and nonpersonnel services costs, adjusted benefit contribution rates, updates to related categorical and incentive programs, and updates to the composite index.
- \$325.0 million to address the cost to Medicaid of higher utilization and inflation.
- \$158.6 million to address anticipated growth in the CSA program.
- \$171.4 million for a 2 percent salary increase in each year for state and state-supported local employees and teaching and research faculty.
- \$77.6 million for the state’s share of a 2 percent salary increase for teachers effective July 1, 2009.

- \$106.3 million for higher education including:
  - \$35.0 million for a tuition moderation incentive fund;
  - \$22.1 million for enrollment growth and base adequacy at Virginia’s public colleges and universities;
  - \$18.2 million for financial aid; and
  - \$31.0 million for higher education research support.

**Grand Total\*** **(\$607.3)**

\* Does not include technical change accounting for Lottery Proceeds as NGF.

A summary of significant general fund spending increases and spending reduction in each major area follows.

**Public Education.** The adopted budget for Direct Aid to localities for Public Education results in a net biennial budget of \$11.7 billion GF and \$2.9 billion NGF. This reflects a net increase over the base budget of \$1.0 billion (all funds), primarily due to the technical, formula-driven re-benchmarking cost updates for the Standards of Quality (SOQ). Other key changes include: additional Literary Fund revenues to offset a portion of teacher retirement costs; \$77.6 million GF the second year for the state’s share of a 2 percent salary adjustment, effective July 1, 2009, for all SOQ-funded positions; an additional \$21.8 million over the biennium for the Virginia Preschool Initiative for at-risk four-year-olds to increase the per pupil amount from the state’s share of \$5,700 to \$6,000, and beginning in the second year, the minimum state share would be 50 percent. The adopted budget also accounts for Lottery Proceeds as nongeneral funds (NGF), rather than as general funds (GF), and appropriates profits directly from Lottery Proceeds Fund to counties, cities and towns for certain programs.

For the Virginia Schools for the Deaf, Blind, and Multi-Disabled, the adopted budget reflects a combined net decrease of \$4.0 million GF and 81.0 FTE positions by the second year due to consolidation of the state-operated residential program at Staunton and transition to a local regional day program in the Hampton Roads area.

**Higher Education** The adopted budget for higher education results in a net increase of \$111.1 million GF. This reflects an increase of \$112.8 million GF offset by a \$1.7 million GF decrease to several programs. Adopted increases for higher education include \$35.0 million for a tuition moderation incentive fund; \$22.1 million GF to address base adequacy and enrollment growth; \$31.0 million for research activities, including the continuation of \$20.8 million begun in the 2006-08 biennium for research support at public colleges and universities; \$18.2 million GF in undergraduate student financial aid at public institutions, and \$6.5 million in other new initiatives or program enhancements.

**Health and Human Resources.** The adopted budget for Health and Human Resources (HHR) provides a net increase of \$564.8 million GF and \$496.2 million NGF compared to the adjusted base budget. Almost 83 percent of the increased spending is required to comply with federal and state mandates to meet caseload and cost increases, and maintain services at current levels. Most of this increase is due to caseload and cost increases in Medicaid (\$325.0 million), the Comprehensive Services Act (\$158.6 million), the FAMIS and SCHIP children's health insurance programs (\$27.2 million), and foster care and adoption subsidy programs (\$10.5 million). Spending to maintain services at current levels requires the addition of \$27.2 million GF, primarily due to the loss of federal funds for mandated activities in the Department of Social Services. This includes a total of \$23.9 million GF for child welfare services and \$3.3 million GF for child support enforcement activities.

In addition, \$104.9 million GF is dedicated to four major initiatives including: \$41.6 million to expand mental health services, \$41.6 million to expand mental retardation services, \$13.4 million for child welfare improvements, and \$8.2 million to expand access to health care. The adopted budget also includes \$7.5 million to maintain or improve agency operations and services, and \$1.7 million for other service expansions.

About 82 percent of the general fund spending reductions in Health and Human Resources are derived primarily from four savings strategies: cost containment actions in the Medicaid program (\$41.2 million), Medicaid savings from increases in nongeneral fund revenues (\$25.1 million), cost containment actions in the Comprehensive Services Act (CSA) program (\$10.1 million), and the use of federal Temporary Assistance to Needy Families (TANF) block grant funds to offset general fund expenditures for eligible programs (\$6.9 million). Significant reductions include:

- \$29.6 million GF by lowering the inflation rate applied to Medicaid inpatient hospital services by 2.7 percent;
- \$11.6 million GF by lowering Medicaid payments for nursing homes by 1.3 percent;
- \$25.1 million GF in savings from increases in net revenue in the Virginia Health Care Fund which offsets general fund spending in the Medicaid program. Two of three revenue sources for the fund are projected to increase over the biennium, including \$4.3 million more from the Tobacco Master Settlement Agreement and \$27.0 million more from prior-year Medicaid recoveries;
- \$5.3 million GF in savings from financial incentives in the CSA program to encourage localities to improve the use of appropriate community care over more costly institutional care of children; and
- \$2.0 million GF in savings from better utilization of Medicaid in serving children in CSA.

**Judicial Department.** The budget, as adopted, for the Judicial Department for the 2008-10 biennium results in an increase of \$21.7 million GF or 2.8 percent above the adjusted base budget. Major increases include an additional \$10.0 million each year to cover projected

increases in the Criminal Fund; \$7.9 million and 46.0 new FTE positions to strengthen the Magistrate System; and, \$800,000 and 5.0 FTE positions for foreign language interpreters.

**General Government.** The adopted budget for Administration agencies includes \$23.7 million in new funding for additional jail per diems and \$20.5 million for additional staffing for new jails.

Savings strategies for this Secretariat include \$3.1 million from removing the exemption for overhead cost recovery that was provided to four jails (Northern Neck, Piedmont and Central Virginia Regional Jails and the City of Alexandria Jail), \$3.1 million in savings by requiring localities to fund 50 percent of the liability insurance and bond premiums for constitutional officers, and \$5.4 million in savings from requiring constitutional officers to keep vacant positions open 90 days.

For Finance agencies, the adopted budget includes \$21.3 million GF in the second year for the constitutionally-mandated deposit to the Revenue Stabilization Fund and \$198.1 million in additional debt service payments. The debt service includes \$136.5 million for currently authorized but not yet issued bond projects; \$17.3 million for new issuances as part of the capital bond program; \$12.9 million for equipment purchases under the Higher Education Equipment Trust Fund (HEETF); and \$16.7 million for capital maintenance reserve projects as part of a five-year revolving fund.

Savings amendments within the secretariat include a reduction of \$16.8 million GF in Department of Accounts Transfer payments to localities from eliminating the distribution payments for wine tax and alcoholic beverage control profits and \$1.3 million GF in savings at the Department of Taxation from changes in the rate structure for services provided by the Virginia Information Technologies Agency.

**Compensation.** A total of \$285.7 million GF is appropriated for increased employee compensation including: \$171.4 million to support 2.0 percent salary increases in each year for state classified employees, faculty, and state-supported local employees; \$77.6 million GF the second year under Direct Aid for Public Education to support the state's share of a salary increase of 2.0 percent for teachers effective July 1, 2009, \$33.9 million for the increased cost of state employee health insurance; and \$2.8 million for increases in the cost of providing Workers' Compensation insurance for state employees.

Compensation savings of \$138.1 million GF are realized through a series of technical adjustments: \$54.1 million from changes in the assumptions for VRS retirement contributions over thirty years, \$59.0 million from an employer health insurance rate credit, \$18.7 million in savings from reverting to funding early retiree health care on a "pay as you go" basis, and \$6.3 million in savings from VRS group life insurance.

**Agriculture and Forestry.** The approved amendments to the Agriculture and Forestry secretariat include \$5.8 million in additional general fund dollars compared to the adjusted base budget. The largest spending item is \$1.5 million GF to provide state match for local purchase

of development rights programs. This program is administered by the Office of Farmland Preservation in the Department of Agriculture and Consumer Services.

Also included are actions to shift responsibility for the Department of Charitable Gaming from the Secretary of Administration and merge those operations into VDACS' Office of Consumer Services. As part of this merger, 30.0 FTE positions and \$2.6 million GF each year is shifted to the Department of Agriculture and Consumer Services.

**Commerce and Trade.** The adopted budget for Commerce and Trade includes \$260.9 million GF and \$1,415.7 million NGF, an increase of \$44.3 million GF and a reduction of \$72.7 million NGF compared to the adjusted base budget. Approximately \$43.3 million of the general fund increase is due to the transfer to the secretariat of several economic development activities that had been previously included in Central Appropriations. Included within these amounts is \$24.2 million in semiconductor manufacturing incentive grants payments, \$15.1 million for the Governor's Development Opportunity Fund, as well as additional funding for the provisions of the Virginia Investment Partnership Act and the Governor's Motion Picture Opportunity Fund.

In addition to these efforts, the adopted budget includes \$14.7 million GF for two large economic development projects budgeted in Central Appropriations. This includes \$4.0 million in payments to SRI International for locating the Center for Advanced Drug Research in the Shenandoah Valley and \$10.7 million in payments towards a 20-year \$100 million incentive package for the location of a Rolls-Royce aerospace engineering and manufacturing center in Prince George County. Moreover, the adopted budget provides \$27.0 million to prevent the closure of military installations in Hampton Roads, Northern, and Central Virginia.

**Natural Resources.** The adopted budget for Natural Resources includes an additional \$8.1 million in GF spending or 3.6 percent compared to the adjusted base budget. The adopted budget also includes \$25.7 million in additional NGF spending or 4.5 percent more than the adjusted base budget. Additional GF spending items for the biennium include: \$5.0 million for the preservation of Civil War historic sites, \$3.0 million for combined sewer overflow projects, \$1.5 million in additional support for the Virginia Outdoors Foundation, \$750,000 in additional support for the state parks system, and \$500,000 in additional support for dam safety. Significant NGF spending items include \$20.0 million to support the implementation of agricultural best management practices and \$1.4 million for stormwater management.

**Public Safety.** The Public Safety budget, as adopted, includes a net GF increase of \$37.9 million, or 1.1 percent more than the adjusted base budget. This total includes increases of \$40.8 million and decreases of \$2.9 million. The adopted budget includes additional GF spending of \$23.8 million for inmate medical costs and \$4.5 million for the Department of Veterans Services to establish the Wounded Warrior program. Nongeneral fund amendments for the Department of Alcoholic Beverage Control include \$36.0 million to purchase merchandise for resale over the biennium and \$9.5 million to replace cash registers and point-of-sale software in all of the ABC stores. In addition, a series of amendments for the Department of State Police totaling \$20.8 million over the biennium are derived from the OxyContin settlement and will be used to

replace and upgrade criminal justice computer systems, augment the State Agencies Radio System (STARS), and equip a new computer forensic laboratory.

**Technology.** The approved budget for the Technology secretariat includes an increase of \$4.9 million in each year of the biennium to backfill a previously adopted \$4.9 million reduction in funding for the Virginia Information Technologies Agency (VITA). The previously adopted savings were based on assumptions about the information technology cost reductions achieved by VITA. However, VITA had factored these savings into the public-private partnership it established with Northrup Grumman to modernize Virginia's information technology infrastructure. Consequently, the savings no longer exist.

**Transportation.** The adopted budget for Transportation provides \$9.9 billion for Transportation agencies, including \$81.9 million GF and \$9.8 billion NGF for the biennium. This represents an increase of \$223.5 million NGF over the approved budget for 2006-08. The majority of the adjustments reflect new transportation revenues provided through Chapter 896 of the 2007 Acts of Assembly (HB3202) including revenues generated from increased vehicle registration fees, an increased tax rate on diesel, and the transfer of one-third of insurance premium tax revenues into the Transportation Trust Fund. Language included in the Act specifically excludes revenues generated through abusive driver fees, which were repealed by the 2008 General Assembly. The budget for the Department of Transportation includes authorization for the issuance of new Commonwealth Transportation Bonds of \$180.0 million in the second year to replace a like amount of general funds. These funds were part of the \$500.0 million in anticipated general fund surplus revenues included in the 2007 Transportation Initiative and provided in Chapter 847 of the 2007 Acts of Assembly (HB1650).

**Independent Agencies.** The approved budget for Independent Agencies includes \$40.8 million in additional nongeneral fund appropriations. The budget increases the State Corporation Commission's budget by \$18.8 million NGF to reflect higher projections for the uninsured motorist fund. It also provides \$12.9 million NGF to the Virginia Retirement System (VRS) for a VRS modernization project and \$6.5 million NGF to move the administration of certain investment assets from external fund managers to in-house staff. In addition to these amendments, an adjustment to the base budget for the Virginia College Savings Plan provides \$75.0 million in additional NGF to reflect estimated payments from the fund in the 2008-10 biennium.

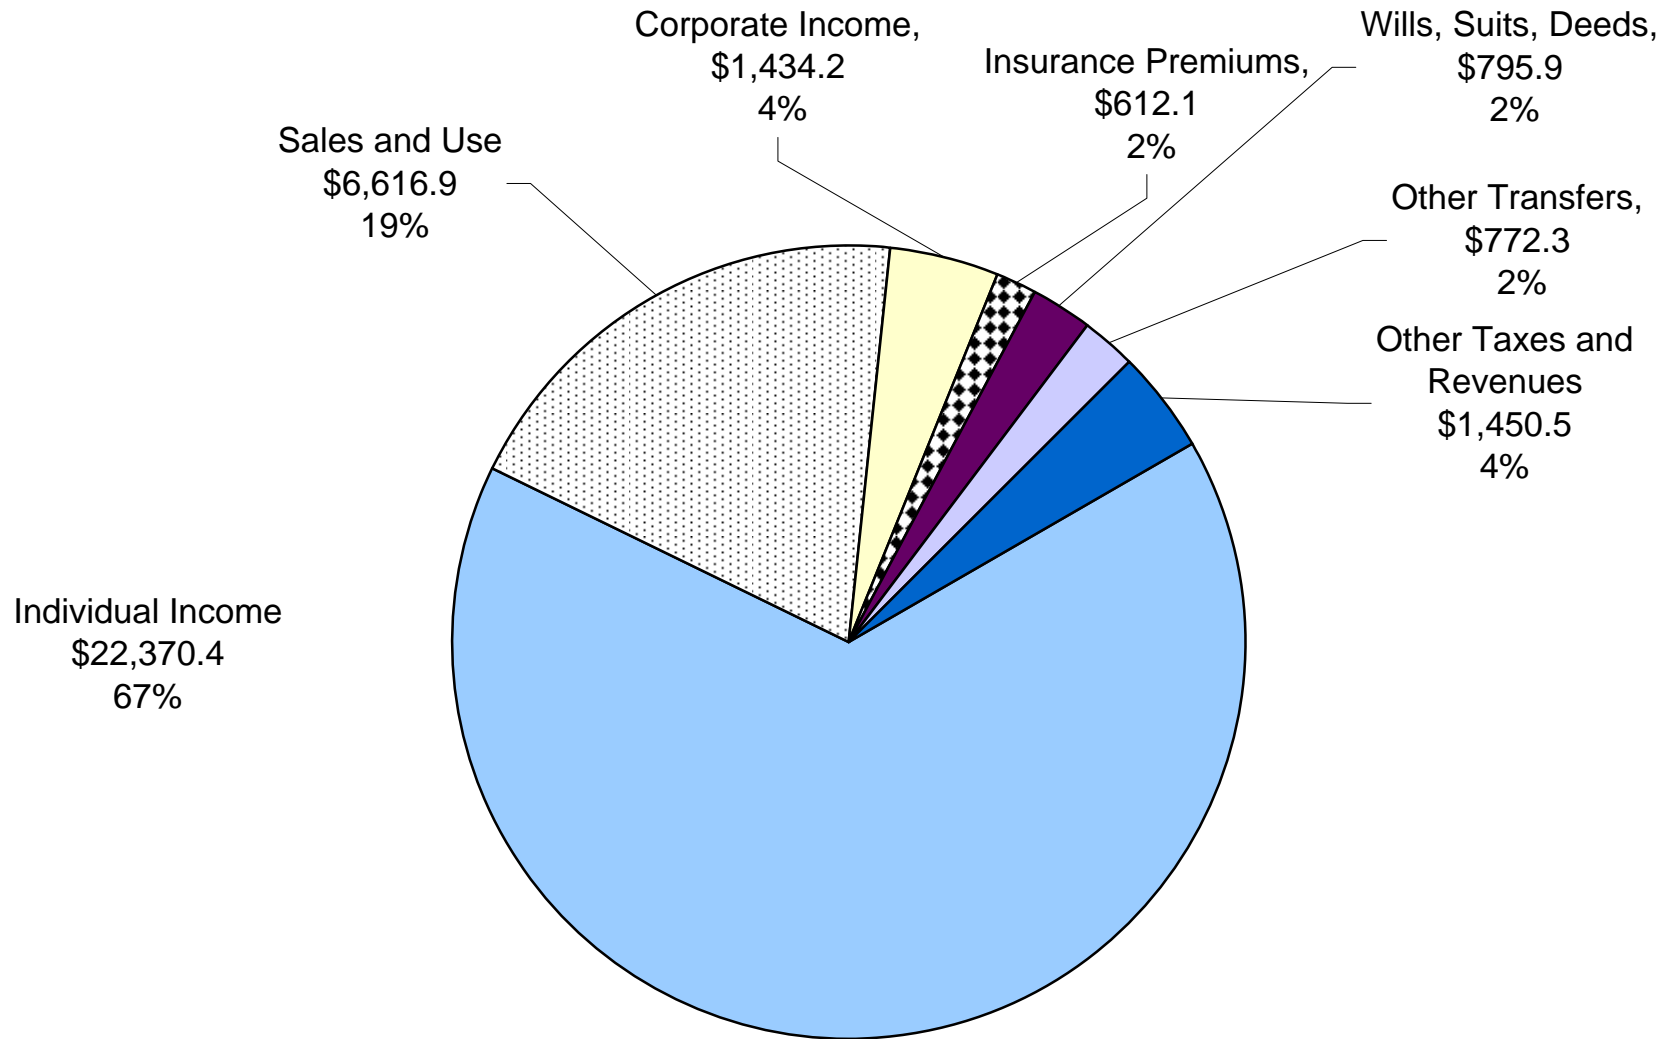

**Capital Outlay.** The adopted budget contains \$598.2 million for projects to be funded directly by the general fund or by general fund supported bonds issued by the Virginia Public Building Authority (VPBA) and the Virginia College Building Authority (VCBA). An additional \$1,507.8 million for projects funded with tax-supported bonds are found in the bond bills approved in the 2008 Special Session I.

General fund supported projects include \$1,641.6 million for new construction and renovation projects, \$69.6 million to provide equipment for buildings scheduled to be completed during the biennium, \$135.9 for property and easement acquisitions, \$52.1 million for cost overruns on previously approved projects, and \$46.5 million for planning.

## Available Balance

The adopted budget includes \$312.8 million as a projected unspent balance at the end of the 2006-08 biennium. Adjustments to the beginning balance include a reversion of \$11.0 million in capital cash balances due to a change in project priorities at Radford University (replacement projects are included in a Virginia College Building Authority bond issue), a reversion of \$1.9 million from land acquisition funds, a reversion of \$55.0 million in capital cash balances from previously-approved projects that will be moved to debt financing, and a reversion of \$180.0 million in fiscal year 2009 from the \$500.0 million GF appropriation to transportation in fiscal year 2008 (the \$180.0 million will be moved to transportation bonds).

Final adjustments reflect a \$500,000 per year contingency for the Intergovernmental Cash Management Act, a planned reversion of \$123,866 from the Governor's Office, and legislative agency savings of \$1.0 million.

(Note: This total does not include \$17.1 million which the Governor has indicated in a written communication that he plans to unallot administratively as a one-time FY 2008 savings).

## Economic Projections

The 2008-10 general fund revenue forecast assumes below trend revenue growth of 2.2 percent in fiscal year 2009 (4.1 percent growth, if adjusted for new tax policy changes of Estate Tax elimination and dedication of general funds to transportation), accelerating to 6.8 percent in fiscal year 2010.

This forecast assumes that housing-related economic weakness will continue through fiscal year 2009 and that job and income variables will be approaching long-term trend growth by FY 2010, with Virginia continuing to out-perform the nation.

\* Reduction in Insurance in FY 2009 reflects shift of 1/3 of revenues to NGF pursuant to legislation adopted by 2007 General Assembly.

The revenue estimate is based on assumed growth rates for employment, income and sales that are between the January Global Insight standard and low-growth (recession) forecast. Miscellaneous revenue adjustments from legislative changes and the sale of surplus property reduce biennial revenues by roughly \$3.2 million.

**Impact of Policy Changes on Revenue Estimates**

The general fund revenue projection incorporates the impact of the following recently enacted tax policy changes:

<b>Tax Policy Changes</b>
Increase the income tax filing threshold from \$7,000 to \$11,250 for single and from \$14,000 to \$22,500 for married filers, and increase the personal exemption from \$900 to \$930, effective January 1, 2008.
Sales tax holidays for hurricane preparedness/energy efficiency
Elimination of the estate tax
Dedicated 1/3 of Insurance premiums to transportation (27 percent previously dedicated)
\$0.03/\$100 recordation tax dedicated to transportation
Increased use of Land Preservation Tax Credit

In combination, these tax policy changes reduce general fund revenues by \$482.2 million in FY 2009 and \$437.1 million in FY 2010.

Chapter 879 of the 2008 Acts of Assembly (HB30) also includes the impact of a tax policy change to advance the date of conformity with federal tax law from December 2006 to December 2007, with a related revenue loss of \$7.0 million over the biennium.

**Transfers**

Transfers to the general fund increase available resources by \$772.3 million (general funds are reduced by \$461.0 million per year with a related increase in nongeneral funds to reflect the accounting reclassification of the Lottery Proceeds Fund).

An additional \$501.6 million will be transferred from the Local Real Estate/SOQ Fund for public education to reflect the 1/4 percent sales tax enacted in 2004. Other customary transfers include ABC profits of \$70.3 million for the biennium, with an additional \$65.4 million each year of ABC profits and \$9.9 million each year of wine tax profits going to DMHMRSAS for substance abuse programs.

The adopted budget includes a transfer of \$890,000 per year for the Health Department's Vital Records fee increase that was initiated in FY 2008 as a GF budget savings strategy.

Transfers are increased by \$12.0 million to reflect the anticipated sale of an ABC regional office building in Alexandria. This sale has been scheduled and delayed several times. Finally, Miscellaneous transfers include a reduction of \$15.6 million in FY 2009, reflecting the foregone Rainy Day Fund refund that results from the FY 2008 Fund withdrawal.

# Legislative

The budget, as adopted, for the Legislative Department for the 2008-10 biennium includes a net increase of \$2.4 million GF or 1.8 percent compared to the adjusted base budget. The adopted changes include actions to update maintenance and operating costs for the General Assembly Building and the Capitol, and to address manpower and other requirements for the Division of Capitol Police.

- **General Assembly of Virginia**
  - *Operating and Maintenance Costs.* Includes \$559,610 GF each year to update the estimate by the Department of General Services of the costs of operating and maintaining space allocated to the Senate, the House of Delegates, the Division of Legislative Services, the Division of Legislative Automated Systems, and the Joint Legislative Audit and Review Commission in the General Assembly Building and the Capitol.
  - *Joint Subcommittee on Elementary and Secondary Education.* Includes language directing the Joint Subcommittee on Elementary and Secondary Education Funding to study the Commonwealth's use of the prevailing salary and cost approaches to funding the Standards of Quality currently used and alternative approaches as well as review the methodology for the "federal revenue deduct".
- **Auditor of Public Accounts**
  - *Position Level.* Reduces the position level to eliminate 15.0 FTE positions which are currently not funded.
- **Division of Capitol Police**
  - *Staffing Requirements.* Includes \$669,267 the first year and \$682,922 the second year from the general fund to fully fund the current position level; provide additional wage positions for increased security during the General Assembly session; fund increased rent charges; and support participation of the Capitol Police in the enhanced City of Richmond police radio system.
- **Division of Legislative Services**
  - *Bicentennial Commission on the War of 1812.* Provides \$8,640 each year from the general fund to support the direct costs for the Bicentennial Commission on the War of 1812, pursuant to the enactment of Chapters 740 and 409 of the 2008 Acts of Assembly (HB1391 and SB383).

- **Joint Legislative Audit and Review Commission**
  - *Examination of VITA.* Directs JLARC to examine the services provided by the Virginia Information Technologies Agency (VITA).
  
- **Legislative Department Reversion Clearing Account**
  - *Transfer to Capitol Police.* Provides an increase of \$82,350 the first year and a decrease of \$43,995 the second year from the general fund, in order to transfer a net of \$38,355 for the biennium from the reversion clearing account to the Division of Capitol Police to fully fund the authorized position level and other essential agency requirements.
  - *Agency Balances.* Authorizes the Committee on Joint Rules to revert \$1.0 million GF in legislative agency balances on or before June 30, 2009.

# Judicial

The budget, as adopted, for the Judicial Department for the 2008-10 biennium results in an increase of \$21.8 million GF or 2.8 percent above the adjusted base budget. Major increases include an additional \$10.0 million each year to cover projected increases in the Criminal Fund; \$7.9 million and 46.0 new FTE positions to strengthen the Magistrate System; and \$800,000 and 5.0 FTE positions for foreign language interpreters.

- **Supreme Court of Virginia**

- *Waivers for Court-Appointed Counsel.* Reduces the amounts included in the base budget by \$4.0 million GF the first year and \$2.0 million GF the second year for increased fees for court-appointed counsel in criminal cases involving indigent defendants, to reflect slower than anticipated use of the waiver provisions.
- *Foreign Language Interpreters.* Includes \$400,000 and 5.0 FTE positions each year from the general fund for interpreters to ensure that non-English speaking parties and criminal defendants have equal access to the courts. A corresponding general fund savings in the Criminal Fund of \$400,000 the first year and \$480,000 the second year in expenditures for contract interpreters is also included.
- *Drug Court Evaluation.* Provides \$225,000 the first year from nongeneral funds from the Drug Offender Assessment Fund for a comprehensive, statewide evaluation of the effectiveness of each local drug treatment court.
- *Court Technology Fund.* Adds \$1.0 million from nongeneral funds each year to reflect the actual revenues expected from court fees for this fund.
- *Information Technology Positions.* Includes \$329,781 and 4.0 FTE positions each year from nongeneral funds from the Court Technology Fund.
- *Evidence Recovery Kits.* Includes language providing for the transfer of up to \$40,000 each year from the Criminal Fund to the Criminal Injuries Compensation Fund, administered by the Virginia Workers' Compensation Commission, for the physical evidence recovery kit (PERK) program.

- **Circuit Courts**

- *Criminal Fund.* Provides an additional \$10.0 million GF each year to address projected expenditure increases in all of the courts for the Criminal Fund, including all of the Circuit and District Courts.

- **Virginia State Bar**

- *Mileage Increase.* Provides \$60,000 each year from nongeneral funds to reflect increased mileage reimbursement rate.

- **Magistrate System**
  - *Improved Staffing, Oversight and Technology.* Provides \$3.6 million and 35.0 FTE positions the first year and \$4.3 million and a total of 46.0 FTE positions the second year, from the general fund, for organizational and technology enhancements in the magistrate system, including the addition of new supervisory and training positions and expanded use of videoconferencing technology.
  
- **Board of Bar Examiners**
  - *Preservation of Pledge Cards.* Includes \$13,435 NGF each year to preserve, scan and archive the pledge card catalog which has been maintained since 1910. Since that time, every applicant who took the Virginia bar examination signed a pledge card which contained, along with other information, all scores achieved on the examination as well as the date of licensure.
  - *Web-Based Application Submission System.* Provides \$19,970 the first year and \$3,880 the second year from nongeneral funds to implement a secure, web-based application system, so that each applicant for the bar examination will be able to submit electronically his or her application and character and fitness questionnaire directly into a proprietary database.
  - *Essay Test Expert Services.* Adds \$5,000 NGF each year to increase the compensation for the staff position that prepares, conducts and grades the essay component of the bar examination.
  - *Data Protection and Recovery.* Adds \$5,295 the first year and \$3,600 the second year from nongeneral funds to preserve all documentation in a secure off-site location in the event of a disaster, theft or other business interruption.
  
- **Indigent Defense Commission**
  - *New Grant Funds.* Includes \$150,710 each year from nongeneral funds to reflect an anticipated grant for a new summer intern program.
  - *Increase in Current Grant Support.* Adds \$5,424 each year from nongeneral funds to reflect an anticipated increase in the current intern grant for the Alexandria Public Defender Office.
  
- **Virginia State Bar**
  - *Legal Services Corporation of Virginia.* Includes an additional \$4.3 million NGF each year for legal aid services from the \$5 increase in civil filing fees authorized in Chapter 248 of the 2008 Acts of Assembly (SB248).

# Executive

The budget, as adopted, for Executive Offices for the 2008-10 biennium results in an increase of \$1.3 million GF or 2.1 percent above the adjusted base budget.

- **Office of the Governor**

- *Senior Advisor for Workforce Development.* Adds \$182,075 NGF each year for the Senior Advisor for Workforce Development, established by Chapters 696 and 751 of the 2006 Acts of Assembly (HB1307 and SB494). The source of the nongeneral funds is the administrative support allocation of the federal Workforce Investment Act grant.

- **Attorney General and Department of Law**

- *Sexually Violent Predator Program.* Provides \$184,861 the first year and \$201,384 the second year from the general fund for two additional attorneys to manage an increased workload associated with the civil commitment of sexual predators who are being released from prison.
- *Victim Notification Program.* Includes \$69,437 the first year and \$75,638 the second year, and 1.0 FTE position from the general fund to add an additional program assistant in the victim notification program to work exclusively with the civil commitment of sexually violent predators. This position will assist in locating and supporting victims of sexual offenses whose cases are under consideration in the civil commitment process.
- *Crime Investigation.* Provides \$78,934 the first year, \$85,692 the second year, and 1.0 FTE position from the general fund to replace federal grant funds which are expiring for a crime analyst who supports the Special Prosecutions and Organized Crime Section. This position assists in the prosecution of gang crimes committed in Virginia's prisons, money laundering, and other offenses.
- *Information Security.* Adds \$147,845 GF and \$98,563 NGF the first year, and \$120,714 GF and \$83,886 NGF the second year, and 1.0 FTE position for information technology security.
- *TRIAD.* Includes \$140,000 GF and one position each year to continue the TRIAD crime-fighting program for elderly Virginians.

- **Division of Debt Collection**

- *Transfers to the General Fund.* Eliminates outdated language which required the division to transfer specified amounts of funds collected on behalf of state agencies to the general fund. The effect of this language, which overstates the

amounts which would actually be collected, was to discourage state agencies from using the services of the division.

- **Secretary of the Commonwealth**

- *Postage Costs.* Provides \$65,000 each year from the general fund to reflect the June 2007 rate increases adopted by the United States Postal Service.

- **Virginia Enterprise Applications Program (VEAP) Office**

- *Line of Credit.* Increases the agency's working capital advance threshold from \$20.0 to \$30.0 million, to fund projects approved by the Information Technology Investment Board using anticipated revenues from enhanced tax collections and cost recoveries as collateral.
- *Eliminate One-Time Funding.* Removes \$4.4 million GF each year for the design of new budget and financial systems.

- **Office of Commonwealth Preparedness**

- *Governor's October 2007 Budget Reductions.* Continues the strategies announced in October 2007 for a savings of \$70,455 GF and an increase of \$65,000 NGF each year.

- **Interstate Organization Contributions**

- *Membership Assessments.* Provides \$29,115 the first year and \$37,067 the second year from the general fund for increased membership fees for the National Association of State Budget Officers, National Governors Association, Southern Governors Association, and Southern Growth Policies Board.

# Administration

The adopted budget for the Office of Administration include a net general fund increase of \$31.7 million, or 2.3 percent, for the biennium when compared to the adjusted base budget. This net general fund increase includes \$51.0 million in additional funding offset by \$19.3 million in spending reductions.

The largest general fund spending items include \$23.7 million GF in additional funding for jail per diems and \$20.5 million GF to fund staff at new jails. The most significant general fund spending reductions include \$3.1 million in savings from removing an exemption from federal cost recovery methodology previously provided to four jails, \$3.1 million in savings from requiring localities to fund 50 percent of the liability insurance and bond premiums for constitutional officers, and \$5.4 million in savings from requiring constitutional officers to keep their vacant positions unfilled for at least 90 days prior to refilling them.

- **Secretary of Administration**

- *Public Service Announcements.* Includes \$19,000 GF each year to provide a community service grant to Allegheny Mountain Radio.

- **Compensation Board**

- *Per Diem Payments to Local and Regional Jails.* Includes \$11.9 million GF each year to compensate local governments for the cost of housing inmates in local jails based on the per day rate.
- *Staff New Jails and Expansion.* Provides \$3.5 million GF the first year and \$17.0 million GF the second year for staffing new and expanded local and regional jails. Additional staffing is provided for the Newport News Jail, the Prince William/Manassas Jail, Rappahannock Regional Jail, Western Virginia Regional Jail, and the Riverside Regional Jail.
- *Western Virginia Regional Jail Operations.* Provides \$1.5 million GF in the first year for the Western Virginia Regional Jail to begin housing prisoners in March 2009, as originally scheduled. The introduced budget assumed the jail would not open until the second year.
- *Expansion of Rappahannock Regional Jail.* Includes \$1.2 million GF the first year and savings of \$60,622 GF the second year for the operation of an expansion to the Rappahannock Regional Jail. This funding reflects the phased opening of the expansion project. The first phase will open in August 2008 and the second phase will open in July 2009. The expansion project will increase the total number of available beds by 592 for a total of 1,024.

- ***Funding for SAVIN.*** Provides \$760,000 GF each year for the Virginia Center for Policing Innovation to implement and maintain the statewide automated victim notification system’s interface with Virginia’s local and regional jails.
- ***Convert Part-Time Commonwealth Attorney’s to Full-Time Status.*** Includes \$337,007 the first year and \$318,907 the second year from the general fund to convert the Commonwealth’s attorneys in Buckingham, Caroline, Charles City and Middlesex Counties from part-time to full-time status.
- ***Implement Operational Efficiencies.*** Reduces the budget by \$114,121 GF the second year from operational efficiencies at the Compensation Board. One position is eliminated through these efficiencies.
- ***Continue Savings Related to Vacancies.*** Assumes \$1.3 million in general fund savings each year from continuing a requirement that clerks, treasurers, finance directors and commissioners of revenue keep vacant positions unfilled for at least 90 days prior to filling them. This initiative was part of the October 2007 budget reduction plan, but was originally approved as a one-time savings for FY 2008.
- ***Savings Related to Vacancies in Sheriffs and Commonwealth’s Attorneys Offices.*** Assumes general fund savings of \$1.1 million the first year and \$1.7 million the second year from requiring sheriffs and Commonwealth’s attorneys to keep vacant positions unfilled for at least 90 days prior to filling them.
- ***Remove Exemption from Overhead Recovery.*** Reflects general fund savings of \$2.5 million in the second year from removing the federal inmate overhead cost recovery exemptions for the Northern Neck Regional Jail, Piedmont Regional Jail, Central Virginia Regional Jail, and the Alexandria Jail. The elimination of the exemptions will reduce per diem reimbursements for these jails.
- ***Adjust Retiree Health Credit Premium Payments.*** Assumes \$402,725 in general fund savings for each year from requiring localities to fund 50 percent of the cost of the retiree health care credit premium for constitutional officers and their staff.
- ***Adjust Liability Insurance and Bond Premium Payments.*** Reflects general fund savings of \$1.6 million each year by requiring localities to fund 50 percent of the cost of liability insurance and bond premium payments for constitutional officers.

- **Department of General Services**

- ***Increase Position Level for DGS Real Estate Services.*** Increases the number of authorized positions for the Department by 16.0 FTE due to increased workload in the Division of Real Estate Services and state mail services as well as the decision to transfer responsibility for the Virginia Election Registration and Information system from the State Board of Election to DGS.

- *Increase Position Level for DGS Maintenance of the State Capitol.* Increases the number of authorized positions by 14.0 FTE in order for DGS to begin providing housekeeping and maintenance services for the State Capitol and the General Assembly building using in-house staff. Previously DGS has provided these services through a private contractor.
- *Fund Replacement of Laboratory Equipment.* Provides \$269,900 GF in the first year and \$622,900 GF the second year to replace laboratory equipment that is older than the five to seven year life expectancy of the equipment.
- *Increased Funding for Government Mail Services.* Includes \$143,212 GF in each year of the biennium to support the current system of government mail services provided by DGS.
- *Close Division of Consolidated Laboratory Services' Abingdon Laboratory.* Realizes a savings of \$199,333 GF the first year and \$427,362 GF the second year from closing the Abingdon Laboratory. This action will result in the lay-off of seven full time staff and one part time employee.
- *Transfer Oversight of the Virginia War Memorial to the Department of Veterans Services.* Reduces DGS budget by \$430,174 GF in each year, and three staff, from transferring the staff to the Department of Veterans Services which will assume responsibility for overseeing the Virginia War Memorial.
- **Department of Human Resources Management**
  - *Increase NGF appropriation for Flexible Spending Account Administration.* Provides \$350,000 NGF in each year of the biennium for costs incurred in the administration of the medical and childcare flexible spending accounts.
- **State Board of Elections**
  - *Adjust Federal Help America Vote Act.* Reduces the NGF appropriation for the SBE by \$5.0 million the first year and \$10.0 million the second year to reflect decreases in the amount of federal grants that are expected to be received under the Help America Vote Act, which helps states modernize and improve their voting systems.
- **Department of Charitable Gaming**
  - *Consolidate the Department of Charitable Gaming with the Department of Agriculture and Consumer Services.* Consolidates the Department Charitable Gaming into the Department of Agriculture and Consumer Services, resulting in a savings of \$100,198 GF each year and a reduction of one staff.

# Agriculture and Forestry

The budget, as adopted, for the Agriculture and Forestry secretariat include \$5.8 million in net additional general fund dollars over the adjusted base budget. These additional amounts result in a total general fund appropriation of \$103.0 million for the Secretariat.

The largest single spending item is \$500,000 GF the first year and \$1.0 million GF the second year to provide a state match for the local purchase of development rights programs. This program is administered by the Office of Farmland Preservation in the Department of Agriculture and Consumer Services. No new GF spending items were approved for the Department of Forestry. A total of \$3.7 million in GF savings is generated by continuing the reductions announced in October 2007. Also included is the merger of the Department of Charitable Gaming into VDACS' Office of Consumer Services. As part of this consolidation, 30 positions and \$2.6 million GF each year is shifted to the Department of Agriculture and Consumer Services.

- **Department of Agriculture and Consumer Services**
  - *Merge the Department of Charitable Gaming.* Transfers the responsibilities of the Department of Charitable Gaming along with the positions and related funding from the Secretary of Administration to the Office of Consumer Services. Included are \$2.6 million GF each year and 30.0 FTE positions.
  - *Purchase of Development Rights Matching Grants.* Provides funding for state matching grants to local purchase of development rights programs in the amount of \$500,000 GF the first year and \$1.0 million GF the second year. This program is administered by the Office of Farmland Preservation.
  - *Hydrilla Funding.* Provides \$150,000 GF each year to support efforts to eradicate hydrilla on Lake Gaston, Smith Mountain Lake, Lake Anna and the Potomac River.
  - *Animal Protection.* Adds \$135,562 GF the first year and \$131,542 GF the second year for a new staff veterinarian and associated equipment to implement the provisions of Chapters 543 and 852 of the 2008 Acts of Assembly (HB656 and HB538) relating to animal protection and fighting.
  - *Governor's October 2007 Budget Reductions.* Continues the strategies announced in October 2007 for a savings of \$996,039 GF and 3.0 FTE positions each year. A portion of this funding is back-filled with \$333,394 NGF each year. The major reduction strategies include eliminating one wage and two fulltime positions in the Department, reducing conference attendance and other discretionary travel.

- **Department of Forestry**

- *Landscape Friendly Communication Towers.* Provides \$60,000 NGF from revenues anticipated from the lease of a proposed communication tower on Department owned land and language that allows the Department to enter into an agreement on a pilot basis with a private entity that requires the tower to blend with the surrounding landscape to the greatest extent possible.
- *Governor's October 2007 Budget Reductions.* Continues the strategies announced in October 2007 for a savings of \$781,000 GF in each year of the biennium. Savings were generated by increasing the vehicle rotation period, reducing discretionary expenditures, and reducing energy consumption in accordance with the Virginia Energy Plan.
- *Reduction to Reforestation of Timberlands.* Reduces by \$72,184 GF each year the amounts provided to match industry funds for the reforestation of timberlands.

## Commerce and Trade

The 2008-10 appropriation for Commerce and Trade includes \$261.0 million GF and \$1,415.7 million NGF. This is an increase of \$44.3 million GF and a reduction of \$72.7 million NGF compared to the adjusted base budget.

Of these amounts, approximately \$43.3 million GF is provided to the Secretary of Commerce and Trade for economic development activities that had been previously included in Central Appropriations. Included in this appropriation is \$24.2 million in semiconductor manufacturing incentive grants payments, \$15.1 million for the Governor's Development Opportunity Fund, as well as additional funding for the provisions of the Virginia Investment Partnership Act and the Governor's Motion Picture Opportunity Fund.

In addition to these efforts, the adopted budget includes \$14.7 million GF for two large economic development projects budgeted in Central Appropriations. This includes \$4.0 million in payments to SRI International for locating the Center for Advanced Drug Research in the Shenandoah Valley and \$10.7 million in payments towards a 20-year \$100 million incentive package for the location of a Rolls-Royce aerospace engineering and manufacturing center in Prince George County. Moreover, the adopted budget provides \$27.0 million to prevent the closure of military installations in Hampton Roads, Northern, and Central Virginia.

Another significant change included within the Act is the transfer of almost \$98.0 million in federal Workforce Investment Act (WIA) and Workforce Innovation in Regional Economic Development (WIRED) grant funds from the Virginia Employment Commission to the Virginia Community College System. The adopted budget for VEC also includes reductions of \$19.2 million and 134.5 FTE to reflect reductions in federal grant funding resulting from low unemployment rates.

- **Secretary of Commerce & Trade**

- *Incorporate Economic Development Activities into Secretary's Budget.* The adopted budget transfers existing economic development incentive performance grants from Central Appropriations to the Secretary's budget for a biennial increase of \$43.3 million. This shift is occurring in response to an audit finding.
  - *Governor's Opportunity Fund.* Appropriates \$7.6 million GF in the first year and \$7.5 million GF in the second year for economic development incentives equal to the appropriation made in the 2006-08 biennial budget. The fund provides either grants or loans to localities to assist in the creation of new jobs and investment in accordance with criteria established by legislation.
  - *Governor's Motion Picture Opportunity Fund.* Provides \$200,000 GF in each year for performance based incentive payments to attract film industry production activity to the Commonwealth.

- ***Virginia Investment Partnership Grants.*** Includes \$1.3 million GF in the first year and \$2.3 million GF in the second year for Virginia Investment Partnership grants. The payments are based on negotiated grants awarded to select projects that invest in Virginia and promote stable or growing employment opportunities. The selected companies have met the investment and job creation criteria required by the performance agreements prior to receiving payment.
- ***Semiconductor Performance Grants.*** Provides appropriations totaling \$24.2 million GF for the Semiconductor Manufacturing Performance Grant Fund programs. Included in these amounts are \$3.7 million in the first year to complete the Commonwealth's commitment to Phase 1 grants to Micron Technologies. Also included are payments of \$11.8 million in the first year and \$8.8 million in the second year to meet the Commonwealth's commitment to Qimonda (formerly Infineon) under Phases 1 and 2 of the program. These amounts reflect the Code-stipulated payment schedule. Language allows the Governor to provide accelerated payments of up to \$13.8 million in the biennium to Qimonda from amounts appropriated to the Governor's Opportunity Fund. This represents the acceleration of payments due to Qimonda in the FY 2010-2012 biennium.
- ***Broadband Feasibility Review.*** Directs the Secretary of Commerce and Trade to report to the General Assembly by December 1, 2008 on the uses of the funding previously appropriated to support broadband deployment from Hampton Roads to Virginia's Eastern Shore. In addition, the Secretary is directed to provide a feasibility assessment of future implementation of the broadband network on the Eastern Shore.
- ***Report of Agency Consolidation.*** Directs the Secretary of Commerce and Trade to examine the efficacy of consolidating the Department of Business Assistance into the Virginia Economic Development Partnership and the Department of Minority Business Enterprise by November 1, 2008.
- **Department of Housing and Community Development**
  - ***Water Quality Improvement in the Southern Rivers Watershed.*** Continues the transfer of \$7.0 million NGF each year from the Water Quality Improvement Fund administered by the Department of Environmental Quality (DEQ). The Department of Housing and Community Development uses these funds to provide grants to local governments for reducing the amount of untreated or under-treated household wastewater being directly discharged into streams and groundwater in non-Chesapeake Bay watershed areas. A companion amendment is included in DEQ.
  - ***Transfer State Fire Marshal's Office to the Virginia Department of Fire Programs.*** Reflects legislation enacted by the 2007 General Assembly transferring the State

Fire Marshal's Office to the Virginia Department of Fire Programs for a decrease of \$2.5 million GF, \$464,000 NGF, and 31.0 FTE each year. A companion amendment appropriates these funds and positions to the Department of Fire Programs.

- ***Fort Monroe Federal Area Development Authority.*** Provides \$922,000 GF and 4.0 FTE in the first year for the Fort Monroe Federal Area Development Authority (FMFADA). Legislation enacted by the 2007 General Assembly provides for the conveyance of Fort Monroe to the Authority, which was created by the City of Hampton. FMFADA is tasked with developing a reuse plan for Fort Monroe. The department will serve as fiscal agent for the Authority.
- ***Remote Area Medical.*** Dedicates up to \$500,000 NGF in the first year in Water Quality Improvement Funds to the Remote Area Medical program for a wastewater treatment facility in Wise County.
- ***Increase Funding for Planning Districts.*** Allocates \$525,000 GF in the first year and \$325,000 GF in the second year for five planning districts to offset savings included as part of the Governor's October 2007 budget reductions.
- ***Rural Center Matching Grants.*** Provides \$25,000 GF in the first year to the Rural Center to match nonprofit grants which are contingent upon the receipt of State funding. This funding is to be used to assist community foundations in the retention of wealth in rural communities, the development of strategic plans for rural communities, and to improve the operational capabilities of rural community foundations.
- ***Governor's October 2007 Budget Reductions.*** Continues the strategies announced in October 2007 for a savings of \$981,000 GF each year. Included within this amount are annual reductions for the Southeast Rural Community Assistance project of \$78,000 GF, and reductions for the Southwest Virginia Water Construction Program of \$191,000 GF.

- **Department of Mines, Minerals and Energy**

- ***Energy Conservation Projects.*** Allocates \$600,000 NGF in each year to reflect increases in federal energy grants based on historic funding levels.
- ***Virginia Energy Management Program.*** Provides \$340,000 GF in the first year and \$472,000 GF in the second year as well as 3.0 FTE to establish the Virginia Energy Management Program (VEMP). The program is to serve as the central coordinator for all statewide energy efficiency efforts and energy related initiatives. This is part of an executive branch initiative to reduce non-renewable energy purchases by at least 20 percent of 2006 expenditures by 2010.
- ***Fund Water Permitting Activities with Fee Collection.*** Provides \$604,000 NGF in each year assumed from the imposition of new fees authorized pursuant to

Chapter 275 of the 2008 Acts of Assembly (SB413) to support the administration and enforcement of water quality requirements under the federal Environmental Protection Agency's National Pollutant Discharge Elimination System program.

- **Department of Professional and Occupational Regulation**

- *Increased Enforcement Efforts.* Provides \$485,000 NGF in each year to annualize salary costs for 32.0 FTE positions added in 2008. Salary costs for 2008 were based on a plan to fill the positions throughout the year and were calculated based on the anticipated hire date for each position. For 2009 and 2010 all positions will be filled and salaries will need to be funded at the full level. The position increases are not expected to result in any fee increases.
- *Appropriate Funds and Positions for Common Interest Community Management Board.* Provides an initial appropriation of \$361,000 GF in the first year and \$354,000 in the second year as well as 4.0 FTE for the Common Interest Community Management Board. These amounts are generated from regulants pursuant to Chapters 851 and 871 of the 2008 Acts of Assembly (HB516 and SB301).

- **Virginia Economic Development Partnership**

- *Virginia Biotechnology Research Park.* Provides \$50,000 GF in the first year to support the physical and programmatic activities of the Virginia Biotechnology Research Partnership Authority directly benefiting the two state laboratories. This funding is being provided to match funds contributed by private sector tenants located within the footprint of the facility.

- **Virginia Employment Commission**

- *Transfer Workforce Development Programs to Virginia Community College System.* Reflects the transfer of the federal Workforce Investment Act (WIA) and Workforce Innovation in Regional Economic Development (WIRED) programs from VEC to VCCS. The total transfer is \$48.9 million NGF in each year and 38.0 FTE positions. A companion amendment reflects the transfer of these functions to the VCCS.
- *Reduce Federal Grant Funding.* Removes \$9.6 million NGF in each year and 134.5 FTE to reflect reductions in federal grant funding resulting from low unemployment and anticipated program efficiencies.

- **Virginia Tourism Authority**

- *“See Virginia First” Cooperative Advertising Program.* Provides \$325,000 GF in each year for the “See Virginia First” Cooperative Advertising Programs. From these amounts, \$225,000 GF in each year is provided for television and radio

advertising and \$100,000 GF in each year is provided for outdoor advertising. These funds are provided based on a 1:3 matching basis from the private sector.

- ***Provide Funding for Daniel Boone Visitor Center.*** Allocates \$100,000 GF in each year in pass-through funding for the Daniel Boone Visitor Center’s operating costs.
- ***Provide Funding for the Coalfield Regional Tourism Authority.*** Provides funding of \$50,000 GF in each year for the Coalfield Regional Tourism Authority.

## Public Education

The adopted 2008-10 budget for Direct Aid to localities for Public Education results in a net biennial budget of \$11.7 billion GF and \$2.9 billion NGF. This reflects a net increase over the base budget of \$1.0 billion (all funds), primarily due to the technical formula-driven re-benchmarking cost updates. Other key changes include:

- An increase in Literary Fund revenues to the general fund to offset a portion of teacher retirement costs of \$70.0 million the first year up to \$186.1 million, and a decrease of \$5.0 million the second year down to \$111.1 million. It is anticipated that \$30.0 million the first year and \$20.0 million the second year would be provided for school construction interest rate subsidies.
- \$77.6 million GF the second year for the state's share of a 2 percent salary adjustment, effective July 1, 2009, for all instructional and support positions that are prescribed by the SOQ, incentive-based and categorical funding formulas. School divisions that wish to participate must certify to the Department of Education that at least the equivalent increase has been granted in the second year and matched by the local government, based on the composite index of local ability-to-pay.
- An additional \$21.8 million over the biennium for the Virginia Preschool Initiative for at-risk four-year-olds to increase the per pupil amount from the state's share of \$5,700 to \$6,000 to benefit all participating school divisions, and beginning in the second year the minimum state share would be 50 percent (by capping the composite index at 0.5000 rather than 0.8000) to encourage the 27 affected localities to utilize more of their unfilled slots.
- Accounting for Lottery Proceeds as nongeneral funds (NGF), rather than as general funds (GF). The adopted budget appropriates profits directly from Lottery Proceeds Fund to counties, cities and towns for certain programs, including the Virginia Preschool Initiative, Early Intervention Reading, K-3 Class Size Reduction, SOL Algebra Readiness, Additional Support for School Construction and Operating Costs, and others.

For the Virginia Schools for the Deaf, Blind, and Multi-Disabled, the adopted budget reflects a combined net decrease of \$4.0 million GF and 81.0 FTE positions by the second year due to consolidation of the state-operated residential program at Staunton and transition to a local regional day program in the Hampton Roads area.

- **Direct Aid to Public Education**

- *A listing, by locality, of the estimated funding for FY 2009 and FY 2010 Direct Aid to Public Education is included as Appendix A and B, respectively.*
- *FY 2008 "One-time" Funding.* Removes from the biennial base funding that was provided on a one-time basis in FY 2008: \$2.6 million GF for Virginia Preschool

Initiative pilots; \$300,000 GF to Norfolk Public Schools for Project WORD alternative education/truancy program; \$200,000 GF for planning for the Middle Peninsula Regional Career and Technical Center; and \$150,000 GF for math specialists.

- ***Education for a Lifetime Programs.*** Reduces funding by \$1.8 million GF each year by eliminating funding for teacher incentives for hard-to-staff schools, turnaround specialists, and leadership development grants; and by \$1.3 million GF each year by level funding the Mentoring and Induction program and the Virginia Teacher Corps (middle school math specialists).
- ***Career and Technical Education Equipment Funding.*** Reduces funding for career and technical equipment by \$500,000 GF for a total annual allocation of \$1.8 million GF. An increase of \$500,000 GF was provided in FY 2008.
- ***Transportation of Foster Children.*** Eliminates new funding of \$150,000 GF that had been provided in FY 2008 to reimburse school divisions for transportation costs to minimize educational disruption for foster children who have been relocated outside the normal boundaries of the school which they attended.
- ***Incentive Grants for Teachers Seeking National Board Certification.*** Eliminates \$75,000 GF each year that supported a portion of the application costs for teachers seeking National Board Certification.
- ***State's Share of Biennial Technical Re-benchmarking.***
  - ***Projected Enrollments.*** Reflects estimates of student enrollment projections based on March 31, 2007 Average Daily Membership (ADM) and September 30, 2007 Fall Membership student totals. Enrollment is estimated to total 1,200,102 in the unadjusted ADM the first year, and 1,207,692 students the second year.

Also reflects various adjustments including updated special education, vocational education, and English as a Second Language child counts; updated SOL math and English test score data and free lunch eligibility data; and remedial summer school enrollment projections.
  - ***Funded Instructional Salaries.*** Reflects increases in funded salary levels from 2006-08 to 2008-10 due to adjusting the base year (FY 2006) prevailing salaries by the 4 percent compensation supplement provided by the General Assembly for FY 2007 and 3 percent FY 2008. Funded salaries for elementary teachers increased from \$39,681 to \$44,337. Funded salaries for secondary teachers increased from \$41,615 to \$46,230.
  - ***Health Care Premiums.*** Reflects costs associated with the prevailing health care premiums.

- ***Base Year Expenditures.*** Reflects various adjustments including base year (FY 2006) expenditure data; updating of school-level enrollment configurations; and updated data for the 30 percent federal revenue deduction.
- ***Transportation Costs.*** Reflects updated base year transportation cost data.
- ***Textbook Per Pupil Amount.*** Reflects increased per pupil prevailing textbook costs of \$118.52, compared with \$101.81 for 2006-08.
- ***Inflation Factors.*** Reflects costs associated with inflation factors, with full credit given for the first 3 percent and 50 percent of inflation between 3 and 7 percent.
- ***Funded Fringe Benefit Rates.*** Reflects the following rate adjustments relative to rates funded in Chapter 847 of the 2007 Acts of Assembly (HB1650): 8.81 percent for VRS, down from 10.30 percent; 1.08 percent for Retiree Health Care Credit, down from 1.16 percent; and 0.33 percent for the employer's share of Group Life, down from 0.40 percent. The rates reflect extending the amortization period to 30 years and assuming an investment return rate of 8 percent.
- The adopted rate of 8.81 percent is 3.03 points lower than the 11.84 percent rate adopted in October by the VRS Board. The lower rate reflects extending the amortization period to 30 years from 20 years and assuming an investment return of 8.0 percent rather than 7.5 percent.
- ***Projected Sales Tax Revenue.*** The net sales tax revenues from the one cent portion and the additional one-eighth cent sales tax from the Public Education SOQ/Real Estate Property Tax Relief Fund that are dedicated for public education and distributed based on school-aged population are projected to increase over the FY 2008 amounts.
- ***Composite Index.*** The elements used to calculate each school division's composite index of local ability-to-pay are updated from 2003 to 2005. The composite index measures local wealth through true value of real property (50 percent) adjusted gross income (40 percent) and retail sales tax collection (10 percent). The index is weighted two-thirds by ADM and one-third by population.
- The index went up for 44 school divisions (i.e., because local wealth increased relative to the rest of the state, the locality is responsible for a larger percentage of SOQ funding); the composite index went down for 84 school divisions, and the composite index was unchanged for 8 school divisions.
- ***Projected Lottery Proceeds.*** Increases the estimate of projected Lottery proceeds for FY 2009 and FY 2010 to \$461.0 million each year, up from

\$405.4 million in FY 2008 in Chapter 847, 2007 Acts of Assembly (HB1650).

In addition, the adopted budget accounts for Lottery Proceeds as non-general funds (NGF), rather than as general funds (GF) and appropriates profits directly from the Lottery Proceeds Fund to counties, cities and towns for certain programs, including the Virginia Preschool Initiative, Early Intervention Reading, K-3 Class Size Reduction, Algebra Readiness, Additional Support for School Construction and Operating Costs, At-Risk, Remedial Summer School, Foster Care, Enrollment Loss, Mentor Teacher, and School Breakfast.

- *Incentive and Categorical Accounts.* Reflects various adjustments to incentive and categorical accounts that are linked to SOQ funding factors, such as ADM enrollment or Basic Aid per pupil cost.
- *Joint Subcommittee on Elementary and Secondary Education Funding.* Increases the membership from two to eight legislators and directs the subcommittee to study the Commonwealth's use of the prevailing salary and cost approaches to funding the Standards of Quality, as compared with alternative approaches, and to review the "federal revenue deduct" methodology.
- *State's Share of 2 Percent Salary Increase for All SOQ-Funded Positions July 1, 2009.* Adds \$77.6 million GF the second year for the state's share of a 2 percent salary adjustment, effective July 1, 2009, for all instructional and support positions that are prescribed by the SOQ, incentive-based and categorical funding formulas. School divisions that wish to participate must certify to the Department of Education that at least the equivalent increase has been granted in the second year and matched by the local government, based on the composite index of local ability-to-pay.
- *Literary Fund.* Increases by \$70.0 million to \$186.1 million the first year Literary Fund revenues to the general fund to offset a portion of teacher retirement costs. The second year decreases the amount by \$5.0 million to \$111.1 million. It is anticipated that \$30.0 million the first year and \$20.0 million the second year would be provided for school construction interest rate subsidies.
- *Virginia Preschool Initiative (VPI) for At-Risk Four-Year-Olds.* Adds \$6.8 million the first year and \$15.0 million the second year for a total VPI appropriation of \$59.9 million the first year and \$68.1 million the second year from the Lottery Proceeds Fund. The additional funding provides an increase in the per pupil amount from the state's share of \$5,700 to \$6,000. Beginning in the second year the minimum state share would be 50 percent (by capping the composite index at 0.5000 rather than 0.8000). The number of formula-generated student slots is 20,705 in FY 2009 and 21,072 in FY 2010. The appropriation assumes a 19 percent non-participation rate in the first year and a 15 percent non-participation rate the second year. Language authorizing the Department of Education to

provide one-time start-up/expansion grants was retained.

- ***New Data Coordinators for Schools Not Fully Accredited.*** New language permits school divisions to use any new At-Risk Add-On funding that exceeds the amounts received in FY 2008 (\$7.5 million in FY 2009 and \$7.1 million in FY 2010) to place data coordinators or purchase similar services in schools not fully accredited or not meeting Adequate Yearly Progress. Data coordinators support data analysis and interpretation for instructional purposes as well as the overall data management and administration of state assessments.
- ***Awards for National Board Certified Teachers.*** Adds \$1.1 million GF the first year and \$926,625 GF the second year for a total allocation of \$3.7 million GF the first year and \$3.5 million GF the second year to provide awards to teachers who receive national board certification (\$5,000 initial awards, and \$2,500 annual awards for the remaining nine years). The increased funding is based on current estimates of the number of teachers who will be eligible in FY 2009, but does not account for likely growth in FY 2010.
- ***Virginia Teaching Scholarship Program.*** Restores \$150,000 GF each year for the Virginia Teaching Scholarship Loan program that was eliminated in the introduced budget.
- ***Governor's Schools.*** Adds \$100,000 GF the first year for planning for a new Governor's School to serve Prince William and Manassas; adds \$111,017 GF the second year to increase the funding cap from 1,500 to 1,600 students; and adds \$18,353 GF the first year and \$34,412 GF the second year for Madison County students to attend Blue Ridge Virtual Governor's School.
- ***Transfer Programs from Central Office Budget to Direct Aid Budget.*** Increases funding in the Direct Aid budget by \$2.6 million GF each year for National Board Teacher Certification bonuses and incentive grants; \$558,000 GF each year for the Virginia Teaching Scholarship Loan program; and \$229,392 GF each year for the Career Switcher Program. There is a corresponding decrease for each program in the Central Office budget.
- ***NGF Appropriation to Reflect Actual Federal Awards.*** Adds \$100.0 million NGF each year to reflect actual awards.
- ***NGF Virginia Public School Authority (VPSA) Debt Service Payments - Conforms Appropriation to Actual Practice.*** Removes the Direct Aid budget appropriation of \$64.6 million NGF each year to reflect actual practice. The Department of Treasury handles the payment of debt service for the technology equipment notes from the Literary Fund.
- **Department of Education.** In addition to continuing the strategies announced in October 2007 for a savings of \$1.4 million GF each year, the adopted budget also reflects a net reduction of \$3.8 million GF each year for a total annual GF budget of \$56.4 million.

- **Technology Rates.** Captures savings of \$309,710 GF each year due to new information technology rates.
- **Commission on Civics Education.** Adds \$81,000 GF each year for costs associated with the Commission on Civics Education.
- **Transfer Programs from Central Office Budget to Direct Aid Budget.** Reduces funding in the Central Office budget by \$2.6 million GF each year for National Board Teacher Certification bonuses and incentive grants; \$558,000 GF each year for the Virginia Teaching Scholarship Loan program; and \$229,392 GF each year for the Career Switcher Program. There is a corresponding increase for each program in the Direct Aid budget.
- **Virginia School for the Deaf, Blind, and Multi-Disabled.** Reflects a combined net decrease of \$4.0 million GF and 81.0 FTE positions by the second year due to consolidation of the state-operated residential program at Staunton and transitioning to a local regional day program in the Hampton Roads area. Of the 41 current VSDBM-Hampton students, it is expected that 14 would attend the consolidated program in Staunton, 18 would attend a local regional day program, three would attend their home school division, and four students will age out of the program.
  - **Hampton.** Reduces funding by a net \$3.5 million GF and \$0.5 million NGF the first year and \$7.0 million GF and \$0.5 million NGF the second year.
    - **Transfer Positions.** Reduces funding by \$3.5 million GF and \$248,740 NGF the first year and \$3.2 million GF and \$227,124 NGF the second year, and 51.0 FTE positions.
    - **Retain Funding for Transition Costs.** Reduces funding by \$249,199 NGF and 75.0 FTE positions the first year and \$3.8 million and \$270,815 NGF the second year, leaving \$3.6 million GF the first year to support transition of the Hampton school.
  - **Staunton.** Adds a net \$3.2 million GF and \$248,919 NGF the first year and \$3.0 million GF and \$248,720 NGF the second year, for a total operating budget in FY 2010 of \$11.0 million GF, \$1.3 million NGF, and 190.0 FTE positions.
    - **Transfer Positions.** Adds \$2.8 million GF and \$0.2 million NGF each year, and 45.0 FTE positions.
    - **Increased Operating Costs Due to Consolidation.** Adds \$320,273 GF the first year and \$237,843 GF the second year for recruitment and hiring; utilities and food; transportation; campus security and training; and technology services.

# Higher Education

The adopted budget for higher education results in a net increase of \$111.1 million GF. This reflects an increase of \$112.8 million GF offset by a \$1.7 million GF decrease to reduce the Eminent Scholars program administered by the State Council of Higher Education for Virginia (SCHEV) and operating efficiencies at Virginia Commonwealth University related to increased autonomy. Of the \$112.8 million GF increase, over 96 percent (\$108.3 million) is provided in four areas: funding for base adequacy and enrollment, tuition moderation incentives, student financial aid, and higher education research initiatives.

The adopted base budget continues the strategies announced by the Governor in October 2007 for a savings of \$80.9 million GF per year for colleges and universities and \$4.8 million GF per year for affiliated higher education agencies.

<b>GRAND TOTAL</b>	<b>\$111.1</b>

- Base Adequacy.** Increases base operating support by almost \$11.1 million GF and \$11.0 million NGF in each year of the biennium. The base adequacy funding calculation was based on actual FY 2007 enrollment levels and course data. For those institutions that are below 95 percent of the funding guidelines, the budget provides funding to move one-fourth the distance to 95 percent. Institutions above 95 percent received a one-half

percent increase. Prior to this additional funding, higher education institutions had reached on average 96 percent of the base adequacy funding guidelines. The increase for base adequacy amounts to \$22.1 million GF and \$21.9 million NGF for the 2008-10 biennium and would bring the system of higher education to about 97 percent of the base adequacy funding guideline.

- Tuition Moderation Incentive Fund.** Provides \$35.0 million GF over the biennium for additional operating support in the form of a Higher Education Tuition Moderation Incentive Fund for those institutions that elect to participate and limit their increase of tuition and mandatory educational and general fees for in-state undergraduate students to not more than three percent for each year of the biennium. An institution may go to a four percent increase provided that the additional 1 percent is used solely to increase student financial aid for in-state undergraduate students. The State Council of Higher Education for Virginia (SCHEV) and the Department of Planning and Budget (DPB) shall

determine whether each institution has met the tuition requirements of the fund and report their findings by August 15, 2008. Potential allocations to institutions are included in the table below. For institutions electing not to participate, 50 percent of their funding will be returned to the general fund and the other 50 percent to be redistributed to the institutions meeting the requirements of the Fund.

- Undergraduate Student Financial Aid.** Provides an additional \$9.1 million GF in each year of the biennium for need-based student financial assistance for in-state undergraduate students to help address tuition and fee increases. This funding is allocated under the SCHEV Partnership Model, a model that directs funding to students with the greatest need.

- **Higher Education Research Initiative.** Provides \$10.2 million GF for higher education research.
  - *Commonwealth Technology Research Fund.* Includes funding of \$1.0 million GF the first year and \$1.0 million GF the second year to support research proposals that are submitted by colleges and universities. FY 2008 funding for this program was \$1.0 million GF.
  - *Jefferson Lab.* Includes \$6.0 million GF in the second year as the state share of upgrading the nuclear physics research facilities. These funds will be used to leverage a federal investment of \$310.0 million.

- *Virginia Coastal Energy Research Consortium (VCERC)*. Provides \$1.6 million GF the first year for research and development of Virginia’s marine renewable energy resources.
- *Hampton University*. Includes \$500,000 GF the second year for the construction of a proton therapy institute at Hampton University that would be devoted to the treatment of cancerous tumors. The Virginia Economic Development Partnership must confirm that the project is financially feasible.
- **Research at Higher Education Institutions (Continuation of Funding)**. Provides \$10.9 million GF the first year and \$9.9 million GF the second year to continue the higher education research initiative adopted by the 2006 General Assembly and cancer funding for the University of Virginia (UVA) and Virginia Commonwealth University (VCU) adopted by the 2007 General Assembly. In addition, the General Assembly provided \$2.0 million second year funding for cancer research at UVA and VCU. The first year funding for cancer research was included in the adjusted base budget.

- **Tuition Assistance Grant Program (TAG).** Provides an additional \$1.1 million GF over the biennium to level fund the undergraduate TAG awards. The additional funding will keep the awards to an estimated \$3,200 in FY 2009.
- **Nursing Workforce Funding.** Partially restores \$500,000 GF per year, split between the University of Virginia and the Northern Virginia Community College, to address shortages in the nursing workforce. Previously, funding of \$1.5 million GF per year was provided for competitive grants to develop innovative public-private partnerships that sought to maximize the number of newly licensed nurses and increase the supply of graduate nursing faculty. Two pilot projects were funded in each year, at the previously

mentioned institutions. The entire funding had been eliminated in the Governor's introduced budget.

- **Unique Military Activities.** Transfers \$1.5 million GF each year from Virginia Military Institute (VMI) to Virginia Tech to support military training provided to the Corps of Cadets. This action eliminates the need for the administrative transfer of these funds from VMI to Virginia Tech during the fiscal year. VMI also retains \$199,600 GF each year that was previously provided to the Virginia Women's Institute for Leadership (VWIL) at Mary Baldwin College. All funding for VWIL is now contained solely in SCHEV's budget.
- **Eminent Scholars Program Reduction.** Reduces the Eminent Scholars program at SCHEV by four percent or \$0.5 million GF for the 2008-10 biennium. The Eminent Scholars program provides state matching funds on private monies to institutions for endowed faculty positions.
- **Higher Education Restructuring Financial Incentives.** Provides in Central Appropriations \$16.7 million GF the first year in financial incentives as part of higher education restructuring. This funding represents interest earnings from tuition and fees and other nongeneral fund E&G revenues and rebates on certain credit card purchases. These incentives are granted if institutions successfully meet stated performance benchmarks.
- **Faculty Salary Increase.** Includes \$9.6 million GF the first year and \$27.4 million GF the second year in Central Appropriations for a 2 percent faculty salary in each year of the 2008-10 biennium. The increase would be provided to instructional and administrative faculty as well as adjunct faculty and graduate teaching assistants.

## Other Education

The adopted 2008-10 budget includes an increase of \$2.7 million GF for additional staff and program support at the Virginia Museum of Fine Arts; \$550,000 GF for archival of electronic content and state government records at the Library of Virginia; \$170,000 GF for operations and maintenance due to gallery expansion at the Jamestown Yorktown Foundation; and \$100,000 GF to support the Fairfax Library System.

- **Virginia Museum of Fine Arts**
  - *Additional Funding for Staff and Program Support for Expanded Gallery Space.* Adds \$1.1 million GF, \$715,989 NGF, and 14.0 FTE positions the first year and \$1.6 million GF and \$726,804 NGF the second year for additional staff program support for new gallery space.
- **Jamestown-Yorktown Foundation**
  - *Operation and Maintenance Due to Gallery Expansion.* Adds \$85,000 GF each year for increased maintenance and supplies associated with expanded permanent galleries including graphics, signage, audio visual display maintenance contracts, and lighting.
- **Library of Virginia**
  - *Archival of Electronic Content and State Government Records.* Adds \$100,000 GF the first year and \$450,000 the second year.
  - *Fairfax Public Library System.* Adds \$100,000 GF the second year.
  - *Processing of Circuit Court Records.* Adds 4.0 FTE NGF positions the first year.
- **Science Museum of Virginia**
  - *State Agency Risk Management and Internal Control Standards (ARMICS).* Adds \$44,200 GF the first year.
- **Virginia Commission for the Arts**
  - *NGF Grants.* Adds \$227,673 NGF each year.
  - *Income Tax Donations.* Adds \$15,000 NGF each year from funds collected through the state income tax donation options.
- **Frontier Culture Museum of Virginia**
  - *Operation and Maintenance of New Facilities Opened in 2007.* Adds \$15,000 GF each year.

# Finance

The budget, as adopted, for the Finance secretariat includes \$183.0 million in additional general funds and \$0.1 million in additional nongeneral funds for the biennium above the base budget.

Adopted general fund spending includes \$21.3 million in the first year for the constitutionally-mandated deposit to the Revenue Stabilization Fund required by Article X, Section 8 of the Constitution of Virginia; and \$198.1 million in additional debt service for current and new obligations.

In addition, the adopted budget contains numerous savings within the secretariat including a reduction in transfer payments to localities for ABC profits and wine taxes by \$16.8 million and a reduction at the Department of Taxation of \$1.3 million for savings related to changes in the rate structure charged by the Virginia Information Technologies Agency.

- **Department of Accounts**

- *Staffing to Support Information Technology Security Audit Standards for Small Agencies.* Includes \$318,870 GF the first year and \$363,594 GF the second year to assist small agencies with the support needed to comply with recently issued security standards for information technology.
- *Increase Positions in Payroll Service Bureau.* Provides four additional personnel for the payroll service bureau which recently assumed responsibility for the payroll functions for the Department of Motor Vehicles.

- **Department of Accounts Transfer Payments**

- *Revenue Stabilization Fund Deposits.* Includes a \$21.3 million deposit into the “Rainy Day Fund” in FY 2009. No deposit is required in FY 2010 based on current revenue projections.
- *Eliminate Alcohol Beverage Control Profits Transfer Payments.* Includes general fund savings of \$4.1 million each year by eliminating transfer payments to localities for Alcohol Beverage Control profits.
- *Eliminate Wine Taxes Transfer Payment.* Includes general fund savings of \$4.3 million each year by eliminating transfer payments to localities for Wine Taxes.
- *Additional Funding for Line of Duty Benefits.* Includes \$1.3 million GF the first year and \$2.6 million GF the second year to begin funding Line of Duty benefits on an actuarial basis.
- *Northern Virginia Transportation Commission.* Includes a nongeneral fund appropriation of \$68.9 million in the first year and \$74.7 million the second year to

reflect the revenues that have been generated by the additional two percent sales tax on gasoline within the jurisdictions which comprise the Northern Virginia Transportation Commission and the Potomac Rappahannock Transportation Commission. This additional gasoline tax was authorized in 1981 and these revenues are used to support transportation improvements within these jurisdictions.

- **Department of Taxation**

- *Increased Funding for Postage Cost.* Includes \$340,000 GF in each year for increased postage costs related to recent rate increases by the US postal service. The Department of Taxation sends over eight million pieces of mail a year.
- *Reflect Savings Attributable to Changes in the Rate Structure for the Virginia Information Technologies Agency.* Assumes savings of \$658,802 GF each year for the Tax Department related to changes in the rate structure for services provided by the Virginia Information Technologies Agency. The new rate structure will reduce expenditures at the Tax Department and some other agencies but will result in a net increase for agencies in total. Funding is included in central appropriations for the agencies that will incur increased cost due to the new rate structure.
- *Electronic Income Tax Filings.* Includes savings of \$118,500 GF the first year and \$158,000 GF the second year pursuant to the passage of Chapter 217 of the 2008 Acts of Assembly (HB678) which requires large income tax returns to be prepared electronically.
- *Administer the New Locally Assessed Motor Vehicle Taxes.* Includes language allowing the Department of Taxation to recover its direct cost related to administering the new Motor Vehicle Fuel Sales Tax under the Hampton Roads Transportation Authority, and the new sales and use tax on motor vehicle repairs under the Hampton Roads Transportation Authority and the Northern Virginia Transportation Authority.

- **Department of the Treasury**

- *Increased Funding for Postage Cost.* Includes \$113,850 GF in each year for increased postage costs related to recent rate increases by the US postal service.
- *Appropriation for Increased Charges by the Virginia Information Technologies Agency.* Provides \$119,000 in nongeneral funds in each year for increased cost related to changes in the rate structure for services provided by the Virginia Information Technologies Agency.
- *Funding for Unclaimed Property Compliance Services and Securities Portfolio Custody Services.* Increases the nongeneral fund appropriation by \$200,000 each

year of the biennium to reflect increases in stock portfolio and mutual fund holdings and three new compliance services contract.

- ***Reduction in Check Processing Costs.*** Reduces the nongeneral fund appropriation by \$304,755 each year of the biennium to reflect decreases in check processing costs due to the Virginia Employment Commission, which process unemployment checks, and the Department of Social Services, which processes child support checks, switching to paycards for these services.
- ***Fund Costs for Administration of Local Government Investment Pool.*** Includes \$71,092 NGF in the first year and \$75,920 NGF the second year to fund an additional staff person for the Local Government Investment Pool.

- **Treasury Board**

- ***Adjust Debt Service Funding.*** Increases the general fund amounts required for debt service on outstanding obligations and issuances of currently authorized General Obligation, Virginia College Building Authority (VCBA), and Virginia Public Building Authority bond projects by \$54.9 million in the first year and \$81.6 million in the second year.
- ***Debt Service for New Issuances.*** Provides \$2.8 million GF the first year and \$14.5 million GF the second year for debt service on new authorizations and issuances which have been approved as part of the capital bond program for the 2008-10 biennium.
- ***Higher Education Equipment Trust Fund.*** Provides \$12.9 million GF for lease payments on \$57.9 million in equipment allocations from the Higher Education Equipment Trust Fund in each year of the biennium.
- ***Maintenance Reserve Revolving Fund.*** Includes \$16.7 million GF the second year to leverage \$75 million each year in VPBA/VCBA bonds for capital maintenance reserve projects as part of a five-year revolving fund.
- ***Higher Education Equipment Trust Fund Amortization.*** Changes the amortization of equipment purchased under the HEETF program to seven years consistent with the projected useful life of the equipment. This generates savings of \$2.9 million GF the first year and \$9.6 million GF the second year.

## Health and Human Resources

The adopted budget for Health and Human Resources (HHR) provides a net increase of \$564.8 million GF and \$496.2 million NGF compared to the adjusted base budget. This total reflects new biennial spending of \$662.6 million GF and \$516.2 million NGF offset by reductions of \$97.8 million GF and \$19.9 million NGF. Almost 83 percent or \$548.5 million of the increase in general fund appropriations is required to comply with federal and state mandates to meet caseload and cost increases, and maintain services at current levels. Most of this increase is due to caseload and cost increases in Medicaid (\$325.0 million), the Comprehensive Services Act (\$158.6 million), the FAMIS and SCHIP children's health insurance programs (\$27.2 million), and foster care and adoption subsidy programs (\$10.5 million). Spending to maintain services at current levels requires the addition of \$27.2 million GF, primarily due to the loss of federal funds for mandated activities in the Department of Social Services. This includes a total of \$23.9 million GF for child welfare services and \$3.3 million GF for child support enforcement activities.

Of the increases adopted, about 15.8 percent or \$104.9 million GF is dedicated to four major initiatives including: \$41.6 million to expand mental health services, \$41.6 million to expand mental retardation services, \$13.4 million for child welfare improvements, and \$8.2 million to expand access to health care. In addition, the adopted budget includes \$7.5 million to maintain or improve agency operations and services, and \$1.7 million for other service expansions.

About 82 percent of the general fund spending reductions in Health and Human Resources are derived from four savings strategies: cost containment actions in the Medicaid program (\$41.2 million), Medicaid savings from increases in nongeneral fund revenues (\$26.3 million), cost containment actions in the Comprehensive Services Act program (\$10.1 million), and the use of federal Temporary Assistance to Needy Families (TANF) block grant funds to offset general fund expenditures for eligible programs (\$6.9 million). Significant reductions include:

- \$29.6 million GF by lowering the inflation rate applied to Medicaid payments for hospital inpatient services by about 2.7 percent;
- \$11.6 million GF by lowering Medicaid payment rates for nursing home services by about 1.3 percent;
- \$26.3 million GF in savings from increases in net revenue in the Virginia Health Care Fund which offsets general fund spending in the Medicaid program. Two of three revenue sources for the fund are projected to increase over the biennium, including \$5.6 million more from the Tobacco Master Settlement Agreement and \$27.0 million more from prior-year Medicaid recoveries;
- \$5.3 million GF in savings from financial incentives in the Comprehensive Services Act program to encourage localities to improve the use of appropriate community care compared to more costly institutional care of children; and

- \$2.0 million GF in savings from better utilization of Medicaid in serving children eligible for services through the Comprehensive Services Act program.

- **Comprehensive Services for At-Risk Youth and Families**

- ***Mandatory Caseload and Cost Increases.*** Adds \$65.4 million GF the first year and \$93.2 million GF the second year to fully fund anticipated growth in the CSA program, which is being driven by caseload and costs, as well as law and policy changes. Caseloads are projected to increase by 8 percent each year during the 2008-10 biennium, compared to recent historical growth of about 3.8 percent. Costs are expected to increase by 10 percent annually, largely due to increases in therapeutic foster care services, special education private day placements and residential treatment services.

Several changes in federal and state policies and laws have also contributed to growing costs in the program. Changes in the federal Deficit Reduction Act of 2005 have made it more difficult for children to qualify for the federally-funded foster care program and eliminated federal Medicaid matching funds for most therapeutic foster care services provided to children and adolescents in the CSA program. These changes are estimated to have increased state costs from \$5.5 million to \$17.0 million annually.

Policy changes adopted by the State Executive Council in FY 2008 require CSA to provide mental health services to children and adolescents who are at-risk of placement in the state's custody if treatment is not provided. The Joint Legislative Audit and Review Commission estimated in March 2007 that this change would increase the number of children served in CSA by 753 children, or 4.1 percent, at a cost of \$14.3 million in FY 2008. The fiscal impact of this policy change is estimated to be \$15.7 million in FY 2009 and \$17.3 million in FY 2010. In addition, the JLARC review found that current CSA policy of restricting foster care preventive services was not consistent with CSA law. Recent policy changes to comply with CSA law are expected to contribute to additional costs in the program.

- ***Increase Family Foster Care Rates in CSA.*** Provides \$1.1 million GF the first year and \$2.1 million GF the second year to increase family foster care maintenance payments by 15 percent in FY 2009 and an additional 8 percent in FY 2010. As a result of this increase, monthly payments for children in state foster care served in the CSA program will increase from \$359 to \$446 for children between the ages of 0-4, \$419 to \$520 for children between the ages of 5-12, and \$531 to \$660 for children age 13 and up. This increase is designed to encourage and maintain the participation of families in foster care and offset the cost of more expensive, residential facility placements. A separate amendment in the Department of Social Services includes an identical increase in payments for children who qualify for federal Title IV-E foster care placements.

- ***Financial Incentives for CSA Community Services.*** The adopted budget restores \$7.2 million GF of a \$12.5 million GF reduction in CSA funding proposed in the introduced budget from the implementation of financial incentives for localities to use community-based services rather than more expensive residential placements for children receiving services through CSA. The adopted budget changes cost-sharing requirements between the state and local governments to encourage the use of CSA community services at a slower pace than was contained in the introduced budget. The state share of CSA funding for community-based services would increase over a 2-year period from a statewide average of about 64 percent to about 83 percent. Beginning January 1, 2009, the state share for residential services would decline from a statewide average of about 64 to 61 percent after a locality has incurred the first \$100,000 in annual residential care expenditures. Beginning in FY 2010, the state share for residential services would decline to a statewide average of about 55 percent, after a locality has incurred the first \$200,000 in annual residential care expenditures.

Language requires the Secretary of Health and Human Resources to establish a work group to prepare for changes in state and local match rates. The language requires the work group to examine the impact of local match rate changes on administration of the program, reporting requirements, service development and delivery, quality assurance, utilization management, and care coordination to ensure children receive appropriate and cost-effective services. The work group shall also consider future action to improve the quality of care, maximize cost effectiveness, and achieve administrative efficiencies in the program. The Secretary is required to report on the outcomes of this policy change annually on November 1, 2008.

- ***Purchase of a CSA Information System.*** Provides \$225,000 GF the first year and \$52,000 GF the second year to purchase and maintain an information system to provide demographic, service, expenditure and outcome data on children served through CSA. Information will be collected through a uniform assessment instrument and tracked to provide the state and localities with better data with which to assess expenditures and outcomes.
- ***Improve Use of Medicaid in CSA.*** Reduces spending in CSA by \$2.0 million GF in FY 2010 as a result of requiring local Community Policy and Management Teams to use Medicaid funded services whenever they are available for the appropriate treatment of children receiving CSA services, and prohibiting the use of state pool funds for CSA services that can be funded through Medicaid for Medicaid-eligible children.
- ***Substitute TANF for GF in CSA Services.*** Continues to supplant general funds with federal Temporary Assistance to Needy Families (TANF) for community services provided through the CSA Trust Fund. This results in a savings of \$965,579 GF in the second year.

- **Department of Health**

*Health Care Safety Net Services*

- *Added Funding for Health Safety Net Providers.* Adds \$3.8 million GF the first year and \$2.4 million GF the second year to provide health care services through safety net providers. The following organizations and programs would receive funding in the amounts listed below:
  - \$1.8 million the first year and \$900,000 the second year to the Virginia Community Healthcare Association to support community health center operating costs for services provided to uninsured clients;
  - \$1.7 million the first year and \$875,000 the second year to the Virginia Association of Free Clinics to support free clinic operating costs for services provided to uninsured clients;
  - \$300,000 GF the second year to local health departments to expand breast and cervical cancer screening and diagnostic services to 1,333 low-income women. Funding may also be used for materials to recruit and enroll minority women and women between the ages of 18 and 44 who have not been screened. Funding for women screened by the program who need breast and cervical cancer treatment is provided through the Department of Medical Assistance Services;
  - \$250,000 GF each year to the Patient Advocate Foundation to assist uninsured patients in obtaining medically necessary health care and ancillary services by helping them access existing health care or benefit programs that may be available to help with the payment of their health care costs; and
  - \$25,000 GF each year to support the Virginia Dental Health Foundation’s Mission of Mercy Dental Project which provides free dental services to uninsured Virginians.

*Improvements to Agency Operations*

- *Salary Adjustments for Chief Medical Examiner and Forensic Pathologist Positions.* The adopted budget adds \$252,729 GF the first year and \$505,457 GF the second year to phase-in an increase in the statewide average salary for experienced pathologist positions from about \$134,000 to \$180,000 annually and newly trained pathologist positions from about \$130,000 to \$160,000 annually. Funds would provide the Chief Medical Examiner a pay adjustment from \$164,427 to \$200,000 annually. These salary adjustments would enable the Department to recruit and retain these highly recruited positions.
- *Additional Lease Costs for Local Health Departments.* Adds \$911,955 GF the first

year and \$504,205 GF the second year and \$362,947 NGF each year to pay for additional lease costs associated with new health department facilities in the City of Roanoke and Isle of Wight, Prince William and Suffolk counties. All of the existing facilities in these localities have critical health/safety problems as identified by the Health Department's facility needs assessment.

- ***Add Funds to Support Office of Drinking Water Programs.*** Adds \$250,000 GF each year to fully support the salaries and benefits for nine current positions and supplemental funding for four positions in the Office of Drinking Water Programs. The Office has vacancies which inhibit its ability to comply with federal requirements under the Safe Drinking Water Act.

#### ***Technical Changes to Nongeneral Fund Appropriations***

- ***Increase NGF for Special Supplemental Nutrition Program for Women, Infants and Children (WIC).*** Adds \$23.1 million NGF each year from increases in U.S. Department of Agriculture (USDA) support for food costs in the WIC program and anticipated increases in program enrollment. The WIC program receives 100 percent of its funding from the USDA.
- ***Increase NGF in the Trauma Center Fund.*** Adds \$4.2 million NGF each year from increased revenues in the Trauma Center Fund from the restoration of revoked motor vehicle licenses and multiple offenders convicted of driving under the influence. Of this amount, \$1.0 million NGF each year is transferred to the general fund.
- ***Increase NGF for Emergency Medical Services.*** Provides \$4.2 million NGF each year from \$4-for-Life funds from motor vehicle registrations to nonprofit emergency medical services organizations and localities. This funding is estimated to increase by 4 percent over the prior biennium reflecting recent trends in the collection of revenues in the fund. Funds are used for training and education of emergency medical services personnel, the purchase of equipment and supplies, and to support local government operations.
- ***Add NGF for Federal CDC Grant to Expand Immunization Registry System.*** Provides \$1.4 million NGF the first year and \$1.3 million NGF the second year from a federal CDC grant to expand the immunization registry used by local health departments to record and track immunizations of patients throughout their lives. Funding would be used for information technology services and support, user education and training, digital certificate licenses, registry marketing, and other support material.

#### ***Budget Reductions***

- ***Reduce NGF for Drinking Water State Revolving Fund.*** Reduces \$4.5 million NGF each year due to declining federal funding for waterworks construction through the Safe Drinking Water Act.

- ***Increased Fees for Certain Environmental Services.*** The adopted budget reduces general funds by \$750,000 the first year and \$1.5 million the second year and increases nongeneral funds by \$2.5 million and \$3.5 million respectively from increased fees for certain environmental services provided through local health departments. The fee increases will be applied to permits for well and septic systems and food services in restaurants, hotels, campgrounds and summer camps. The increases in funding will be used to cover the costs of program staffing, monitoring and quality assurance activities. Current fees do not fully support these health department activities. Fee increases for food permits will increase from \$40 to \$100, while fees for facilities under review will increase from \$40 to \$75. Fees for construction permits and certification letters for onsite sewage and water systems will increase from \$125 to \$1,000 depending on the type of service and the size of the system. For example, construction permits for on-site sewage systems for homes with 6 or fewer bedrooms will increase from \$75 to \$355, while construction permits for larger commercial systems would increase from \$75 to \$1,000.
  
- ***Substitute TANF for GF in Community Programs.*** The Governor’s October 2007 budget reductions which were continued in the 2008-10 biennium substitutes federal Temporary Assistance to Needy Families (TANF) block grant dollars for \$4.0 million GF in the first year for four health department programs. In addition, the adopted budget replaces \$1.9 million GF in the second year for three of these programs with a like amount of federal TANF block grant dollars. Similar amendments in CSA and the Department of Social Services leverage federal TANF block grant funds for eligible services because recent TANF caseload declines have resulted in lower than expected expenditures of block grant dollars. General fund amounts are replaced with TANF funds in the following programs in the amount listed:
  - Comprehensive Health Investment Project - \$2,141,890 the first year and \$1,070,945 the second year;
  - Teenage Pregnancy Prevention Programs - \$910,000 the first year and \$455,000 the second year;
  - Partners in Prevention - \$765,000 the first year and \$382,500 the second year; and
  - Resource Mothers - \$176,800 the first year.
  
- ***Eliminate Funding for Area Health Education Centers.*** Eliminates funding of the Area Health Education Centers (AHECs) resulting in savings of \$400,000 GF each year. The AHECs promote health careers and access to primary care for medically underserved populations through community and academic partnerships.
  
- ***Eliminate GF for Regional Health Planning Agencies.*** Eliminates general fund appropriations for the Regional Health Planning Agencies by \$316,418 each year.

The agencies will retain funding from Certificate of Public Need application fees received by the Virginia Department of Health that are in excess of those required to operate the department's COPN program. In the past few years, these excess fees have ranged from about \$500,000 to more than \$700,000 annually.

- *Eliminate Grant for Electronic Health Records.* Eliminates general fund appropriations for grants for electronic health records by \$325,000 each year. This grant program was a new initiative that began in the 2006-08 biennium.
- *Study Fees for Shellfish and Marina Programs.* Language requires the Department of Health to study imposing fees to fully cover the costs of these inspection programs, thus saving general fund dollars in the second year. The study is to be completed by August 1, 2008.

- **Department of Health Professions**

- *Add Funding and Positions for Disciplinary Process and Administrative Proceedings.* Provides an additional \$779,014 NGF the first year and seven positions and \$862,605 NGF the second year and an additional position from nongeneral funds to improve the timeliness of disciplinary investigations and resolution of cases regarding misconduct by health care practitioners. Nongeneral funds are provided from health professions' licensing fees. Funds will also be used to address the backlog of cases.
- *Additional NGF for Prescription Drug Monitoring Program.* The approved budget provides \$788,798 NGF each year and two positions from a portion of the OxyContin settlement for the Virginia Prescription Monitoring Program. The Purdue Frederick Company deposited \$20.0 million into a state account pursuant to a plea agreement. These funds are to be used solely for the operation of the Virginia Prescription Monitoring Program. A portion of the funding will be drawn from the trust account each year for program operations.
- *Enforcement of Medication Aide Training Requirements.* Adds language suspending the enforcement of regulations related to the registration of medication aides working in assisted living facilities until December 31, 2008 to allow assisted living facilities enough time to ensure medication aides are registered with the Board of Nursing as required by law.

- **Department of Medical Assistance Services**

*Forecast Changes*

- *Medicaid Utilization and Inflation.* Adds \$89.2 million GF and \$100.6 million NGF the first year and \$235.8 million GF and \$244.3 million NGF the second year to fully fund projected increases in enrollment and medical costs for the Medicaid program. Nongeneral funds are provided through matching federal Medicaid dollars. Medicaid spending is projected to grow by 6 percent in FY 2009 and 5

percent in FY 2010. The projected growth rates are lower than in previous years due to several factors. New federal documentation requirements for citizenship and identity appear to have artificially slowed enrollment growth for low-income children and families. While enrollment is expected to pick up, it is not projected to grow at previously anticipated rates.

The program is projected to continue to experience steady enrollment growth in the number of low-income aged, blind and disabled individuals served by the program. In addition, the rising cost of health care services, including inpatient and outpatient hospital services, nursing facility services, and Medicare Part B premiums that are paid for low-income elderly recipients on Medicaid, require additional resources to fund the program's growth.

- ***Family Access to Medical Insurance Security (FAMIS) Utilization and Inflation.*** Increases funding by \$6.2 million GF in FY 2009 and \$10.8 million GF in FY 2010 and \$11.4 million NGF in FY 2009 and \$19.9 million NGF in FY 2010 from federal matching funds to address anticipated enrollment and cost increases for the FAMIS program. FAMIS spending is projected to grow by 13 percent in FY 2009 and 11 percent in FY 2010, significantly lower than the 23 percent rate of growth projected for FY 2008. Monthly enrollment in FAMIS is expected to grow by 6 percent in FY 2009 and 5 percent in FY 2010 from about 51,000 children in FY 2008 to almost 57,000 in FY 2010.
- ***Medicaid State Children's Health Insurance Program (SCHIP).*** The approved budget adds \$4.1 million GF in FY 2009 and \$6.2 million GF in FY 2010 and \$7.6 million NGF in FY 2009 and \$11.4 million NGF in FY 2010 from federal matching funds to fully fund caseload growth for Medicaid-eligible low-income children living in families with incomes between 100 and 133 percent of the federal poverty level. The federal government matches Medicaid expenditures for these children at the same rate as that provided for the FAMIS program (about 65 percent). Projected monthly enrollment in Medicaid SCHIP is expected to grow 6 percent in FY 2009 and 5 percent in FY 2010 from about 37,000 children in FY 2008 to almost 41,500 in FY 2010.
- ***Reduce Funding for Involuntary Mental Commitments.*** Reduces \$1.0 million GF the first year and \$796,166 GF the second year reflecting recent data that indicates payments from the Involuntary Mental Commitment Fund will be less than currently budgeted. The fund pays for the cost of hospital and physician services for individuals who are subject to the involuntary mental health commitment process.

### ***Service Expansions***

- ***Mental Retardation (MR) Waivers for Community Residents.*** Adds \$11.7 million GF the first year and \$17.5 million GF the second year and a like amount of federal Medicaid matching funds to phase-in a total of 600 additional mental retardation

waiver slots for individuals who are on the urgent care waiting list and living in the community. Approximately 3,907 individuals are currently on the waiting list for the MR waiver program, half of whom are on the urgent care waiting list. Additional funding through the Department of Mental Health, Mental Retardation and Substance Abuse Services provides for the start-up costs associated with the development of these additional MR waiver slots.

- ***Mental Retardation (MR) Waiver Congregate Care Rate Increase.*** Provides \$5.0 million GF each year and a like amount of federal Medicaid matching funds to provide a 3.6 percent rate increase effective July 1, 2008 for congregate residential group home services for individuals served through the Medicaid mental retardation (MR) home and community-based waiver program.
- ***Expand Access to Prenatal Care for Pregnant Women (FAMIS Moms).*** Includes \$1.6 million GF the second year and \$2.9 million in federal matching funds to increase eligibility for the FAMIS Moms program from 185 to 200 percent of the federal poverty guidelines effective July 1, 2009. This expansion is expected to increase access to prenatal care for 400 pregnant women, improve birth outcomes and reduce uncompensated care at hospitals.
- ***Add Funds to Implement Acute and Long-term Care Integration Initiative.*** Provides \$239,944 GF and \$239,944 NGF and one position each year to implement a regional model for the integration of acute and long-term care services. Most of the funding will be used for contractors to support managed care enrollment, conduct actuarial analysis to set rates, and provide quality reviews. Integration of acute and long-term care services is expected to result in higher quality of care for Medicaid recipients in long-term care settings and cost savings in future years from fewer hospitalizations.
- ***Money Follows the Person Demonstration Project.*** Adds language authorizing the Department to facilitate the movement of up to 290 individuals each year from more costly institutional settings to the community. The federal government is providing Medicaid funding at a higher match rate through the “Money Follows the Person” program - three to one instead of a dollar for dollar match - to encourage states to build the community infrastructure necessary to transition individuals from nursing homes, intermediate care facilities, and long-stay hospitals into the community. As part of this initiative, language authorizes the Department to increase the number of mental retardation waiver slots by 220 and the number of developmental disability waiver slots by 30 over the biennium for Medicaid recipients currently residing in institutional settings.
- ***Uninsured Medical Catastrophe Fund.*** Adds \$225,000 GF each year for the Uninsured Medical Catastrophe Fund administered by the Department. This fund provides financial assistance to uninsured persons who need treatment for a life threatening illness or injury.

## ***Budget Reductions***

- ***Virginia Health Care Fund (VHCF).*** Includes a reduction of \$14.4 million the first year and \$11.9 million the second year in the general fund as a result of additional revenues to the Virginia Health Care Fund. Established in 2004, the VHCF is comprised of tobacco tax revenues, a portion of the master tobacco settlement payments, and Medicaid recoveries. Because revenues in the fund are used to match federal Medicaid spending, additional revenue to the Fund results in a savings to the general fund. Revenues from the Tobacco Master Settlement Agreement are expected to increase by \$5.6 million over the biennium, including \$1.3 million from new revenues that otherwise would have been directed to the Virginia Tobacco Settlement Foundation. Medicaid recoveries are expected to increase by \$27.0 million over the biennium, while tobacco product tax revenues are projected to be \$6.2 million lower during the 2008-10 biennium.
- ***Reduce Inflation Adjustment for Inpatient Hospital Services.*** Reduces \$14.2 million the first year and \$15.4 million the second year from the general fund and an equal amount of federal Medicaid matching funds to reduce an inflationary adjustment included in the introduced budget for inpatient hospital services. The Medicaid forecast included an inflationary adjustment of approximately 4.8 percent for inpatient hospital services. Instead, hospitals will receive a 2.0 percent inflationary adjustment, which results in an increase in funding for the biennium.
- ***Reduce Inflation Adjustment for Nursing Homes.*** Reduces \$5.7 million the first year and \$5.8 million the second year from the general fund and an equal amount of federal Medicaid matching funds to reduce an inflationary adjustment included in the introduced budget for nursing home services. The Medicaid forecast included an inflationary adjustment of approximately 3.7 percent for nursing home services. Instead, nursing homes will receive a 2.0 percent inflationary adjustment, resulting in an increase in funding for the biennium. Language allows the agency to adjust nursing home direct and indirect payments to allow for this funding change.
- ***Chronic Care Case Management Program.*** Reduces \$791,641 GF and a like amount of federal Medicaid matching funding each year as a result of implementing a chronic care case management program in Medicaid. An additional position will be added to develop and manage a contract to implement the program to better manage the care and costs of Medicaid recipients with multiple chronic conditions. The annual costs for the program are estimated to be \$900,000 GF, while annual savings are projected to be \$1.7 million GF.
- ***Limit Primary Care Case Management Program to Certain Localities.*** Reduces Medicaid spending by \$464,518 GF in FY 2009 and \$470,093 GF in FY 2010 and a like amount of federal matching funds each year by limiting the Medicaid MEDALLION program which provides a case management fee to primary care doctors who provide care to Medicaid recipients. The MEDALLION program is

maintained in the Roanoke area, because there is only one managed care option available to Medicaid recipients in that area and the MEDALLION program serves as the other managed care option for those Medicaid enrollees. At least two plans are necessary in order to require all Medicaid enrollees in the region to enroll in managed care.

- ***Align Funding for the Alzheimer’s Waiver.*** Reduces \$200,000 GF each year and an equal amount of federal Medicaid matching funds to adjust funding for the Alzheimer’s Waiver to the level of anticipated expenditures. At present, enrollment in the waiver is low, because the agency has been unable to attract providers to serve waiver recipients.
- ***Enhance Medicaid Oversight Activities.*** Reduces \$85,000 GF and \$115,000 NGF in matching federal Medicaid funds in FY 2009 by participating in a required federal program to measure payment error rates in federal FY 2009. States are required to review the Medicaid and SCHIP eligibility determinations, estimate the amount of improper payments, report those estimates to the federal government, and take actions to reduce erroneous payments. The cost to conduct eligibility reviews is estimated to be \$340,000 GF and \$460,000 NGF from federal funds. These expenditures are expected to be offset by recovering amounts that may have been erroneously paid by the programs, resulting in a net decrease in general fund and nongeneral fund expenditures for the programs.
- ***Realign Medicaid Rates for Supported Employment.*** Adds language authorizing the Department of Medical Assistance Services to align the rates it pays for individual supported employment services under Medicaid home and community-based waivers with the rates paid by the Department of Rehabilitative Services for services provided to disabled individuals who are not eligible for Medicaid-reimbursed services. This change is expected to increase access to supported employment services and diminish the need for other Medicaid-funded waiver services. The fiscal impact of this change is budget neutral due to the offset in costs of more expensive waiver services for these individuals.
- ***Medicaid Incentives for Healthy Lifestyles.*** Adds language authorizing the Department of Medical Assistance Services to develop a plan to implement a program that provides incentives for Medicaid recipients to make decisions which positively impact their health. Language is also added to allow for the development of either Medicaid State Plan amendments or a waiver to implement the program. These incentives should assist the Medicaid program in avoiding future health care costs. Wellness programs are estimated to return approximately \$3 to \$8 for every dollar invested in the program.

#### ***Administrative Changes***

- ***Additional Authority to Include Life Estates in Determining Medicaid Eligibility.*** Adds language authorizing the agency to count life estates as a resource in

determining Medicaid eligibility for covered groups for which a resource determination is required, including individuals requesting Medicaid payment for long-term care services. Currently, life estates held in the property serving as the principal residence at the time an individual becomes institutionalized are not a countable resource in the Medicaid determination for the first six months following admission to a long-term care facility.

- ***Additional Authority to Implement a Site of Service Differential for Physician Services.*** Includes language authorizing the agency to implement a rate differential for physician services based on the site at which the service is provided as defined by Medicare. The department annually adjusts physician fee schedules based on Medicare updates to the Resource Based Relative Value Scale (RBRVS) which includes different rate factors for facility and non-facility procedures. The department has historically used only the non-facility rate factors to develop physician rates. The implementation of the differential will be budget neutral and phased-in over a four-year time period to minimize negative impacts on certain procedures and physician groups.
- ***Authority for Prior Authorization and Utilization Review of Community Mental Health Programs.*** Adds language providing the department with the authority to implement prior authorization and utilization review for community-based mental health services for children and adults. Included as part of the October 2007 budget reductions and incorporated into the base budget for the agency, this initiative is expected to save \$4.2 million GF and a similar amount of federal Medicaid matching funds each year.

### ***Technical Changes***

- ***Adjust NGF Appropriations to Reflect Revenue and Expenditures.*** The approved budget includes several adjustments to nongeneral fund appropriations to reflect revenues and/or expenditures in programs administered by the Department of Medicaid Assistances Services. These adjustments are outlined below:
  - ***State and Local Hospitalization Program.*** Reduces \$800,000 NGF each year to reflect the local share of expenditures for this program.
  - ***Indigent Health Care Trust Fund.*** Reduces \$1.8 million NGF each year to reflect private hospital contributions for expenditures in this program.
  - ***Reflect NGF Appropriation for Contractor Costs.*** Provides \$765,000 NGF each year to reflect expenditures for contractor costs associated with revenue maximization activities in the Department. Savings from these activities are transferred into the Virginia Health Care fund after contractor costs are paid. In the past, these costs were administratively appropriated. This action would set forth the nongeneral appropriation in the appropriate item.

- *Increase Federal Funding for Long-term Care Pre-Admission Screening at the Virginia Department of Health.* Provides \$865,989 NGF in FY 2009 and \$902,836 NGF in FY 2010 from federal Medicaid funds to recognize the federal share of costs attributable to pre-admission screening activities of the Virginia Department of Health for Medicaid clients who are eligible for long-term care services.

- **Department of Mental Health, Mental Retardation, and Substance Abuse Services (DMHMRSAS)**

*Mental Health Initiative*

- *Mental Health Services.* Provides \$10.3 million the first year and \$18.0 million the second year from the general fund for emergency services, crisis stabilization services, case management, and inpatient and outpatient mental health services for individuals who are in need of emergency mental health services or who meet the criteria for mental health treatment set forth pursuant to Chapter 779 and Chapter 870 of the 2008 Acts of General Assembly (HB559 and SB246). Funding will be used to offset the cost of providing mandatory outpatient treatment and requiring CSB attendance at involuntary commitment hearings. In consultation with other state agencies and various provider groups, the Commissioner is required to allocate funding for emergency mental health treatment services primarily as it relates to implementation of changes to the Commonwealth's involuntary commitment laws.
- *Programs to Divert People with Mental Illness from Jails.* Includes \$3.0 million GF each year to expand services to individuals who are mentally ill that are involved with the criminal justice system. Funding will allow CSBs to expand or develop pilot programs providing mental health services for eligible individuals. It is estimated that 300 to 500 individuals will receive mental health services necessary to divert them from the criminal justice system.
- *Outpatient Mental Health Services for Children.* Includes \$2.8 million GF in FY 2009 and \$3.0 million GF in FY 2010 to expand access to outpatient mental health services for youth by adding a children's mental health specialist at each CSB. CSBs receiving funds must agree to cooperate with Court Service Units to provide services to mandated and nonmandated children, in their communities, who have been brought before Juvenile and Domestic Relations Courts and for whom treatment services are needed to reduce the risk these children pose to themselves and their communities or who have been referred for services through family assessment and planning teams through the Comprehensive Services Act for At-Risk Youth and Families.
- *Expand Monitoring and Accountability of CSBs.* Adds \$300,000 GF each year to create three positions within the central office to develop core standards, provide oversight of services, and monitor recent expansions of CSB services.

- ***Crisis Intervention Training Program.*** Provides \$300,000 GF each year to expand training related to crisis intervention services and programs to divert individuals with mental illness from jails. It is estimated that 600 law enforcement officers will be trained to respond to individuals with mental illness who are in crisis situations.
- ***Expand Licensing Staff.*** Adds \$141,952 GF and two positions in FY 2009 and \$200,000 GF and one additional position in FY 2010 for new licensing and investigative staff within the central office. With the recent expansion of community-based mental health services, it is necessary to license and monitor current and new providers and programs on a regular basis to ensure compliance with state and federal rules and regulations.

### ***Other Changes***

- ***Sexually Violent Predator Program.*** Adds \$2.0 million GF each year to address anticipated caseload growth for individuals who have been civilly committed to the state as sexually violent predators. Based on current trends, it is expected that four individuals each month will be committed to the Center for Behavioral Rehabilitation, resulting in the need for additional treatment services and security.
- ***Mental Retardation (MR) Waiver Start-up Costs.*** Includes \$1.6 million the first year and \$800,000 the second year from the general fund for start-up costs related to the phase-in of 600 additional MR waiver over the biennium. Funding of \$4,000 per MR waiver slot may be used for home or vehicle modifications, furniture, clothing, bedding or other one-time costs.
- ***Holiday House of Portsmouth.*** Adds \$100,000 GF each year for Holiday House of Portsmouth, Inc., a nonprofit intermediate care facility for the mentally retarded, for equipment and related capital improvements to enhance care for severely disabled children.
- ***Report on Community Housing.*** Includes language requiring the Department of Mental Health, Mental Retardation and Substance Abuse Services, along with state agencies and community providers to report on investment models and best-practices for the development of affordable and accessible community-based housing for persons with intellectual and related developmental disabilities by October 1, 2009. The report shall include (a) how other states have provided financial incentives for the acquisition, renovation or construction of community housing, (b) identify specific funding options that will increase the availability of community housing, leverage state dollars, and promote individualized, person-centered housing for people with intellectual and related developmental disabilities, (c) include recommendations on the number of housing units, the location and type of units as well as an allocation methodology to ensure equitable statewide distribution, and (d) address access to transportation and use of

- informal and formal support networks that are critical components of the success of housing models for this population.
- ***Standardized Reporting System for CSBs.*** Requires the Department of Mental Health, Mental Retardation and Substance Abuse Services, in cooperation with the Virginia Association of Community Services Boards (VACSB) and with input from the Senate Finance and House Appropriations Committees, to develop and maintain a reporting process to monitor the expansion of mental health services and changes to the civil commitment process approved by the 2008 General Assembly. The Department and VACSB are required to identify data elements or performance measures that will be utilized and submit a report annually on the implementation of these new services beginning December 1, 2008. Similarly, the Commissioner shall submit a report describing participation in the civil commitment process by December 1, 2008, and each year thereafter.

- **Department of Rehabilitative Services**

- ***Expand Brain Injury Case Management Services.*** Includes \$200,000 GF each year to expand brain injury services to about 100 individuals in unserved or underserved regions of the Commonwealth. This funding will expand face-to-face case management services for individuals who are at-risk of losing their job or placement in an institutional setting.
- ***Food Service Operations at Woodrow Wilson Rehabilitation Center.*** Reduces \$100,000 GF each year by eliminating a contract for food service operations and bringing the function in-house.

- **Department of Social Services**

***Mandatory Caseload and Cost Increases***

- ***Offset Loss of Federal Funds for Child Welfare Services.*** Adds \$11.9 million GF and reduces \$11.9 million NGF each year to reflect lower reimbursements from the federal government for child welfare services provided by local departments of social services. Federal authorities required the Department of Social Services to resubmit a new cost allocation plan after the existing plan, originally approved in 1996, resulted in the disallowance of \$53.0 million in federal Title IV-E reimbursements for child welfare services in FY 2006. The Department's cost allocation plan defines the share of federal and state spending for specific child welfare services and activities. Funding is necessary to maintain support for local staff that provides child welfare services to children and families.
- ***Foster Care and Adoption Subsidies Caseload and Cost Increases.*** Provides \$3.4 million GF and \$3.1 million NGF in FY 2009 and \$7.1 million GF and \$5.3 million NGF in FY 2010 for caseload and cost increases in the foster care and adoption subsidy programs. Foster care and adoption subsidy caseloads are growing at more modest levels than recent years, about 3 and 5 presently respectively.

However, foster care expenditures are estimated to increase by 10 percent in FY 2009 and 4.4 percent in FY 2010, largely due to higher payments to child placing agencies and residential treatment providers in the federal Title IV-E foster care program. In addition, room and board payments for children in foster care and adoption subsidy payments will increase by 4 percent each year, pursuant to requirements in Chapter 847 of the 2007 Acts of Assembly (HB1650).

- ***Offset Loss of Federal Funds for Child Support Enforcement Operations.*** Adds \$1.6 million GF and reduces a similar amount of nongeneral funds each year to annualize the cost of a reduction in federal funds that can be counted as a match for child support enforcement incentive funds. In FY 2008, \$4.9 million GF was provided to offset 75 percent of the cost of this reduction in federal funds, representing 9 months of the federal fiscal year; this additional funding covers the loss of federal funds over the remaining 3 months of the federal fiscal year and provides funding into the second year of the biennium. The federal Deficit Reduction Act of 2005 changed reimbursement rules for child support enforcement, prohibiting states from counting earned federal incentive funds as the state’s match for federal child support enforcement moneys.

### ***Child Welfare Initiative***

- ***Increase Payments to Foster Care and Adoptive Families.*** Adds \$3.3 million GF and \$2.1 million NGF in FY 2009 and \$4.1 million GF and \$2.5 million NGF in FY 2010 to increase maintenance payments for children in family foster homes and adoptive families that receive subsidy payments by 11 percent the first year and an additional 4 percent the second year. This increase, along with the mandated cost of living adjustment required by Chapter 847 of the 2007 Acts of Assembly (HB1650), brings the total rate increase to 15 percent in FY 2009 and 8 percent in FY 2010. As a result of this increase, monthly payments will increase from \$359 to \$442 for children between the ages of 0-4, \$419 to \$509 for children between the ages of 5-12, and \$531 to \$645 for children age 13 and up. This increase is designed to encourage and maintain family foster families and also offset the increase in more expensive, residential facility placements.
- ***Recruitment and Retention of Foster and Adoptive Parents.*** Includes \$836,900 GF and \$287,610 NGF in FY 2009 and \$919,065 GF and \$285,396 NGF in FY 2010 to increase the recruitment and retention of foster and adoptive parents. In order to improve permanency outcomes for older youth in foster care, this initiative will increase recruitment and retention efforts by supporting families with standardized training and best practices. Along with increased rates for foster and adoptive families, this initiative is designed to encourage placements in the community as opposed to residential treatment facilities.
- ***Child Welfare Worker Training.*** Provides \$287,500 GF and \$182,581 NGF the first year and 2.0 FTE positions and \$502,500 GF and \$320,162 the second year to expand training for child welfare workers at local departments of social services. Funding will be used to improve child welfare services, enhance program

outcomes, increase the permanency of foster care and adoptive placements and reduce the repeat occurrence of abuse and neglect.

### ***Other Initiatives***

- ***Local Domestic Violence Programs.*** Provides an additional \$200,000 GF each year for established local domestic violence programs. Currently, \$1.2 million annually is provided to local programs. Additional funding will be used for the purchase of crisis and core services for victims of domestic violence, including 24-hour hotlines, emergency shelter, emergency transportation and other crisis services.
- ***Local Facility Improvements.*** Adds \$199,810 GF and \$199,810 NGF each year for local departments of services to pay higher lease costs associated with building renovations. Social service departments in the counties of Amelia, Amherst, Craig, Cumberland, Fluvanna, Franklin, Prince George and Warren and the cities of Bristol, Charlottesville, Hopewell, and Fredericksburg will receive additional funding for 15 facility improvement projects.
- ***Northern Virginia Family Services.*** Adds \$100,000 GF each year for Northern Virginia Family Services to expand and rehabilitate the Georgetown South Community Center. The Center houses Head Start services, a primary care clinic, and a mini-police station, and also provides space for ESL services, adult literacy, health education and after school gang prevention programs for children.
- ***Increase Child Support Disregard.*** Modifies budget language increasing the child support disregard from \$50 to \$100 each month for individuals receiving TANF assistance. Changes included in the 2005 federal Deficit Reduction Act allows states to increase the disregard to \$100 each month provided the increase is not offset with a reduction in TANF assistance. In effect, this change will allow recipients of child support to retain \$50 more each month from child support payments made on their behalf. Under current law, the amount received above \$50 is used to offset the federal government's cost of public assistance paid to the individual.
- ***Increase Assisted Living Facility Payments.*** Modifies language authorizing an increase in the payment rate for licensed assisted living facilities and adult foster care homes by \$14 from \$1,061 to \$1,075 per month. These income sources pay for room and board of low-income aged, blind and disabled persons in these facilities. In addition, the monthly personal care allowance is increased to \$77 per month – an increase of \$7.00 for assisted living facilities and \$2.00 for adult foster care homes, allowing individuals to retain more of their income for personal use.

### ***TANF Block Grant Funding***

- ***Child Care Development Fund Transfer.*** Includes \$8.8 million NGF each year from the federal TANF block grant to provide child day care services for at-risk families.

- ***At-risk Child Care and Head Start Services.*** Adds \$8.5 million NGF each year from the federal TANF block grant to expand access to child care services for low-income families and maintain “wrap-around” services for Head Start families. Funding includes \$6.0 million each year to reduce the waiting list for the at-risk child care subsidy program by 25 percent serving 1,300 children. The remaining \$2.5 million each year will be used to provide extended day care services for Head Start families as well as working families to maintain employment and receive education and training services.

### ***Budget Reductions***

- ***Adjust NGF Appropriation to Reflect Actual Spending.*** Reduces \$79.7 million NGF each year to adjust the actual appropriation for various programs to the level of current spending. As the federal government has reduced funding provided to state governments, the Department of Social Services has not adjusted the NGF appropriation downward to reflect this trend. As a result, NGF appropriation amounts have remained artificially high. This technical amendment adjusts the NGF appropriation to actual spending; it will not result in a reduction in services.
  
- ***Substitute TANF for GF in Community Programs.*** The Governor’s October 2007 budget reductions which were continued in the 2008-10 biennium substitutes federal Temporary Assistance to Needy Families (TANF) block grant dollars for \$9.8 million GF in the first year for eligible social services programs. In addition, the adopted budget replaces \$4.0 million GF in the second year for several of these programs with a like amount of federal TANF block grant dollars. Similar amendments in CSA and the Department of Health leverage federal TANF block grant funds for eligible services because recent TANF caseload declines have resulted in lower than expected expenditures of block grant dollars. General fund amounts are replaced with TANF funds in the following programs in the Department of Social services in the amount listed below:
  - Healthy Families Virginia - \$4.1 million the first year and \$2.0 million the second year
  - Community Action Agencies - \$3.4 million the first year and \$1.7 million the second year
  - Local Domestic Violence Programs - \$1.1 million the first year
  - Centers for Employment and Training - \$637,500 the first year and \$314,298 the second year
  - Domestic Violence Awareness Campaign - \$127,500 the first year
  - Children’s Advocacy Programs - \$300,000 the first year and \$100,000 the second year

- *Update Auxiliary Grant Program Spending.* Reduces the general fund appropriation for auxiliary grants by \$1.0 million each year to reflect lower than anticipated spending during the 2008-10 biennium.

# Natural Resources

The approved budget for the 2008-10 biennium for the Natural Resources secretariat includes \$8.1 million GF and \$25.7 million NGF. Total general fund spending for the biennium for the Natural Resources agencies is \$231.8 million or 3.6 percent more than the adjusted base budget for these agencies. Total nongeneral fund spending for the biennium is \$602.4 million or 4.5 percent more than the adjusted base budget.

The additional general fund spending items for the biennium include \$5.0 million for the preservation of Civil War historic sites, \$3.0 million to assist the cities of Lynchburg and Richmond with their combined sewer overflow projects, \$1.5 million in additional operating support for the Virginia Outdoors Foundation, \$750,000 in additional support for the state parks system, and \$500,000 in additional support for dam safety.

Significant nongeneral fund spending items include \$20.0 million to support the implementation of agricultural best management practices and \$1.4 million for stormwater management.

- **Chippokes Plantation Farm Foundation**
  - *Restore Chippokes Plantation Farm Foundation as Separate Agency.* Includes \$162,167 GF and \$67,103 NGF each year and 2.0 FTE positions to eliminate the proposed consolidation of this agency into the Department of Conservation and Recreation.
  
- **Department of Conservation and Recreation**
  - *Nonpoint Source Pollution Funding.* Provides \$20.0 million the first year from nongeneral fund sources to support the implementation of agricultural best management practices. These nongeneral fund dollars will be deposited into the newly created Virginia Natural Resources Commitment Fund established by Chapters 643 and 701 of the 2008 Acts of Assembly (HB1335 and SB511). The sources of this funding include \$15.0 million in interest collected on appropriations to the Water Quality Improvement Fund for use by the Department of Environmental Quality and \$5.0 million from the Water Quality Improvement Reserve Fund.
  
  - *Additional Operating Support for the Virginia Outdoors Foundation.* Provides \$750,000 GF each year to support the operations of the Virginia Outdoors Foundation (VOF). The additional funding will permit the VOF to continue upgrading its technology resources and improve the monitoring and enforcement of easement requirements. One-time funding in the same amount was provided to the VOF in FY 2007 for similar purposes.

- ***Additional State Park Operating Support.*** Provides an additional \$250,000 and five positions the first year and \$500,000 and 10.0 FTE positions the second year from the general fund to support the operations of Virginia’s 34 state parks.
- ***Additional Support for Dam Safety.*** Includes \$250,000 each year from the general fund for grants or loans to localities and loans to private dam owners for use in renovating or repairing dams necessary for the protection of public safety, improving the dams’ useful lifespan, or meeting state requirements. Currently, \$350,000 each year from the general fund is provided for this purpose.
- ***Additional Positions for Dam Safety Program.*** Includes two positions to oversee the condition of the state’s dams. Funding already exists to support the costs of the two positions.
- ***Funding for the Dredging of Aquia Creek.*** Provides \$250,000 the first year from the general fund to support the restoration of a navigable channel within Aquia Creek, which is a component of the federally-designated Captain John Smith Chesapeake National Historic Trail.
- ***Stormwater Management Program.*** Provides \$697,230 NGF each year and 10.0 FTE positions for the stormwater management program. These positions will be located in the agency’s regional offices, and will be responsible for responding to complaints, providing technical assistance to locally-administered stormwater management programs, or for those localities that have not established local stormwater management programs, conducting site inspections. The source of the nongeneral funds for this amendment is current program fees.
- ***Provide Funding for Chesapeake Bay Restoration Committee Projects.*** Includes \$362,562 in nongeneral funds the first year to support grants to 46 organizations involved in improving the health of the Chesapeake Bay, promoting citizens’ understanding of the Chesapeake Bay’s ecology, or conducting research on issues of importance to improving the Bay’s health. The source of the nongeneral funds is the proceeds from the sale of “Friend of the Chesapeake” license plates.
- ***Status Report on Grand Caverns Park Activities.*** Requires the Department of Conservation and Recreation to inform the Chairmen of the House Appropriations and Senate Finance Committees about whether the department has secured title to Grand Caverns Park and, if so, any activities the agency may have taken to demolish substandard structures or enhance the number of visitors to the caverns.
- ***Chippokes Plantation Farm Foundation Merger.*** Provides \$162,167 GF and \$67,103 NGF each year and 2.0 FTE positions in order to restore the Chippokes Plantation Farm Foundation as a separate agency.
- ***Eliminate Funding for Maintenance of State Parks-owned Dams.*** Eliminates \$650,000 GF for maintenance and repair of dams in Virginia’s state parks. The

agency will use other nongeneral fund resources to complete dam repairs in FY 2009.

- ***Reduce Funding for Virginia Land Conservation Foundation.*** Includes a general fund reduction of \$1.0 million each year for the Virginia Land Conservation Foundation. The foundation provides grants to nonprofit organizations and state agencies for the purpose of securing open space, parks, and historic properties. Chapter 879 of the 2008 Acts of Assembly (HB30) approved \$30 million in bonds for this same purpose.
- ***Governor's October 2007 Budget Reductions.*** Included in the agency's base budget is the continuation of general fund savings strategies, originally approved by the Governor in October 2007, totaling \$1.5 million each year. These strategies include supplanting general fund dollars with state park user fees and concession funds, and reducing support for Soil and Water Conservation Districts.

- **Department of Environmental Quality**

- ***James River Combined Sewer Overflow (CSO) Projects.*** Provides \$3.0 million GF the first year for deposit into the Combined Sewer Overflow Matching Fund to support Lynchburg and Richmond's efforts to separate their sanitary sewage and stormwater systems. The funding will be evenly divided between the two cities.
- ***Restore Funding for Citizen Water Quality Monitoring.*** Includes \$108,000 each year from the general fund to restore funding for the supplies, equipment, and technical resources used by volunteer water quality monitors. This funding was originally eliminated in the Governor's October 2007 budget reductions.
- ***Support for Chesapeake Bay Foundation Educational Activities.*** Provides \$50,000 in additional general fund support for FY 2010 for the education field studies provided by the Chesapeake Bay Foundation to teachers and students.
- ***Implement Oil Awareness Recycling Program.*** Includes language directing the agency to use its existing nongeneral fund revenues to provide a toll-free number for Virginians who change their own motor oil, oil filters, and antifreeze.
- ***Governor's October 2007 Budget Reductions.*** Included in the agency's base budget is the continuation of general fund savings strategies, originally approved by the Governor in October 2007, totaling \$2.2 million each year. The strategies include reductions in Chesapeake Bay water quality monitoring and water quality inspection and permitting, and the elimination of vacant positions and wage positions.

- **Department of Game and Inland Fisheries**

- ***Provide Navigational Aids for Smith Mountain Lake.*** Includes language directing the use of \$25,000 each year from existing nongeneral fund revenues

collected by the agency for the installation of navigational aids on Smith Mountain Lake that conform to U.S. Coast Guard standards.

- *Navigational Aids for Leesville Lake.* Includes language directing the use of \$25,000 each year from existing nongeneral fund revenues collected by the agency for the installation of navigational aids on Leesville Lake that conform to U.S. Coast Guard standards. Currently, the only navigational aids on this lake were installed by a local boating association.
- *Reduction in General Fund Transfer.* Language is included reducing the total general fund support provided to the agency by \$74,820 each year from the amounts contained in the Caboose Bill. The savings are based on reductions in the estimated sales taxes collected on hunting, fishing, and wildlife-related equipment and reductions in the revenues derived from watercraft sales and use taxes. An accompanying entry in Part 3 effects the change.

- **Department of Historic Resources**

- *Add Funding for Civil War Historic Site Preservation.* Includes \$5.0 million the first year from the general fund for the provision of grants to non-profit organizations for use in preserving endangered Civil War historic sites such as battlefields. Any non-profit organization receiving a grant from the Civil War Historic Site Preservation Fund must provide at least \$2 in matching funds for each \$1 received from the fund.
- *Montpelier Matching Grant Program.* Provides an additional \$250,639 each year from the general fund as the Commonwealth's required match for the restoration of Montpelier, the home of President James Madison. Section 10.1-2213.1 of the Code of Virginia requires that the Commonwealth provide \$0.20 for each \$1 raised by the Montpelier Foundation and spent on restoration of Madison's home.
- *Monitor Presidential Libraries Legislation.* Includes language directing the agency to monitor and provide input on pending federal legislation that would establish a new system for the recognition and funding of presidential libraries that were not included in the 1955 federal Presidential Library Act.

- **Marine Resources Commission**

- *Increase Funding for Rent of Headquarters.* Provides \$28,775 GF each year to cover the costs of increased rent for the agency's headquarters in Newport News. The new lease for the agency's headquarters, now negotiated by the central Real Estate Services program, contains an escalation clause that did not previously exist.
- *Supplant General Fund Spending with Nongeneral Fund License Revenue.* Supplants \$146,278 in annual general fund support for the agency's marine law

enforcement functions with \$146,278 in nongeneral fund revenue. The nongeneral fund revenue is derived from saltwater fishing license revenue collected by the agency.

- *Implementation of Emergency Permit Procedure.* Includes language directing the agency to establish a general permit to facilitate emergency repairs to public utility infrastructure located in or near subaqueous land or wetlands. This general permit is to include appropriate conditions to ensure the protection of subaqueous beds and wetlands.

- **Virginia Museum of Natural History**

- *Reduction in Operating Support.* Includes a general fund reduction of \$150,000 each year, representing a 4 percent of the agency's general fund operating support. The agency was one of three Natural Resource agencies that had received no budget reductions. Most state agencies received at least 5 percent reductions.

# Public Safety

The budget, as adopted, for Public Safety for the 2008-10 biennium results in a net general fund increase of \$37.9 million, or 1.1 percent more than the adjusted base budget. This total includes increases of \$40.8 million and decreases of \$2.9 million, in addition to the continuation of the Governor's October 2007 reduction strategies into the new biennium.

The adopted budget includes additional general fund spending of \$23.8 million for the biennium for inmate medical costs and \$4.5 million for the Department of Veterans Services to establish the Wounded Warrior program.

Nongeneral fund amendments for the Department of Alcoholic Beverage Control include \$36.0 million to purchase merchandise for resale over the biennium and \$9.5 million to replace cash registers and point-of-sale software in all of the ABC stores. In addition, the Department of State Police will receive \$20.8 million over the biennium from the OxyContin settlement to replace and upgrade criminal justice computer systems, augment the State Agencies Radio System (STARS), and equip a new computer forensic laboratory.

- **Secretary of Public Safety**

- *Traumatic Head Injury.* Directs the Secretary to analyze the incidence of traumatic brain injury in the adult and juvenile correctional population.

- **Department of Alcoholic Beverage Control**

- *Purchase Additional Merchandise for Resale.* Provides \$12.0 million the first year and \$24.0 million the second year from nongeneral funds to reflect the anticipated increase in purchases of merchandise for resale in ABC stores statewide.
- *Financial Investigation Unit.* Includes \$0.5 million NGF and 6.0 FTE positions each year to establish an office to identify under-reported income and collect any resulting additional taxes owed.
- *Point of Sale System Funding.* Adds \$3.5 million NGF the first year and \$6.0 million NGF the second year to update the agency's cash registers and point of sale software, which have reached the end of their useful lives.

## Department of Correctional Education

- *Deep Meadow Educational Programs.* Transfers \$363,861 GF the first year and \$180,896 GF the second year from the Department of Corrections and establishes 2.0 FTE positions to support two vocational programs and a library. These programs are required due to a change in the mission of the Deep Meadow Correctional Center, which was originally a reception center and has become a full-service correctional center.

- **Department of Corrections**

- ***Inmate Medical Costs.*** Adds \$11.9 million each year from the general fund for increased medical costs.
- ***Payments in Lieu of Taxes.*** Provides \$0.4 million each year from the general fund to make payments in lieu of taxes to localities. Although prison sites are exempt from local property taxes, state law requires that payments be made to localities to cover the costs of certain local services, such as law enforcement, fire protection and solid waste disposal, even if not all of those services are actually provided by the localities.
- ***Probation Officers.*** Adds \$300,000 and five probation and parole officer positions each year from the general fund.
- ***Corrections Special Reserve Fund.*** Provides \$289,672 the first year from the general fund for the impacts of legislation on the correctional system’s bed-space requirements. This legislation includes bills establishing mandatory minimum prison sentences for the manufacture, sale, or distribution of methamphetamine (Chapters 858 and 874 of the 2008 Acts of Assembly [HB391 and SB562]); increasing the penalties for failing to heed a law enforcement officer’s signal to stop a vehicle or for eluding police when those actions lead to the death of a law enforcement officer (Chapters 773 and 811 of the 2008 Acts of Assembly [HB113 and SB368]), and increasing the penalties for assaulting a DMV law enforcement officer (Chapter 460 of the 2008 Acts of Assembly [SB284]).
- ***Greener Pastures.*** Adds \$50,000 NGF each year and one position, in partnership with the Thoroughbred Retirement Foundation, for the Greener Pastures program at James River Correctional Center, which provides training in horse management for minimum security inmates using former racehorses.
- ***Jail Capital Projects.*** Includes language authorizing the following regional and local jail capital projects to move forward into the planning stage:
  - Charlotte County Jail Expansion;
  - Chesapeake City Jail Expansion;
  - Prince William-Manassas Regional Jail Authority, for a second expansion of its adult detention center;
  - Richmond City Jail Replacement;
  - Southern Virginia Regional Jail Authority, for a regional jail serving Patrick and Henry Counties and the City of Martinsville;
  - Virginia Beach City Jail Work Release Center;

- Virginia Peninsula Regional Jail Authority, for an expansion.
- ***Charlotte County Correctional Center.*** Authorizes the department to continue planning for the construction of a new facility to be located in Charlotte County. Although the 2007 Session of the General Assembly provided \$1.2 million GF for site acquisition, the Governor’s October 2007 budget reductions eliminated that funding based upon an assumption that the project would move forward using the PPEA process.
  - Language authorizes the department to use the Public-Private Education and Infrastructure Act (PPEA) for the construction of the facility, and clarifies that statute directs the Department of Planning and Budget to conduct a cost-benefit evaluation of the project and the Department of the Treasury to evaluate the project financing to see whether state financing would be more advantageous. The language also clarifies that any PPEA comprehensive agreement must be submitted to the Governor for approval.
  - Additional language specifies that the proposed facility shall be designed and operated with the intent of reducing the rate of recidivism by offenders, and will include dormitory-style units for transition centers, habitual technical violator centers, or similar types of programs. The facility is also to offer intensive vocational education, substance abuse treatment, and cognitive remediation programs, using best practices that have been demonstrated to be effective in reducing recidivism.
- ***Liberty University Educational Program.*** Includes language authorizing a partnership with Liberty University to develop a computer-based, post-secondary education program for inmates at Green Rock Correctional Center.
- ***Planning for Minimum-Security Facilities.*** Directs the department to compare the costs and benefits associated with the use of state-run or privately-operated minimum security facilities for housing lower-risk geriatric inmates who need assisted living or nursing care services, housing minimum security offenders requiring pre-release or transitional services before leaving prison; and, return-to-custody facilities for habitual technical probation violators.
- ***Diversion of Additional Lower-Risk Offenders.*** Directs the department to report on the steps that would be required to double the current diversion rate of prison-bound, non-violent felons from 25 percent to 50 percent, using the Virginia Criminal Sentencing Commission’s risk assessment instrument.
- ***Report on Status of Jail Projects.*** Includes language requiring the department to submit an annual report on jail construction and renovation projects approved during the previous year by the Board of Corrections. This report is to include a description of the project, the state’s share of the project’s construction costs, the

increase in bed-space associated with the project, and whether any existing jail facilities will be closed due to the project.

- ***Evidence-Based Probation Practices.*** Directs the department to report on its progress in implementing these pilot programs in certain probation and parole districts and how these programs might be expanded into other probation and parole districts to reduce recidivism.
- ***Planning for Powhatan Replacement.*** Directs the department to conduct an engineering study to compare the costs of renovation versus replacement of Powhatan Correctional Center, and to submit a report on its findings and recommendations by October 1, 2008.
- ***Architectural Review Exemption.*** Includes language exempting DOC-secure correctional facilities from review by the Art and Architectural Review Board. Other facilities constructed by the agency, such as district probation offices, would still be subject to the board’s review.
- ***Culpeper Land Transfer.*** Includes language directing DOC to convey about 45 acres of land near the Coffeewood Correctional Center to Culpeper County in exchange for water service improvements for both the Coffeewood Correctional Center and Culpeper Juvenile Correctional Center, which are located adjacent to the acreage. Culpeper County will use the conveyed property for a new jail facility.
- ***Deep Meadow Educational Programs.*** Transfers \$363,861 the first year and \$180,896 the second year from the general fund to the Department of Correctional Education to provide for the operations of two vocational programs and a library. A companion amendment adds these general fund dollars and additional positions to the Department of Correctional Education.
- ***Defer Opening of St. Brides Phase II.*** Saves \$2.0 million GF the first year by delaying the opening of the new Phase II expansion at St. Brides Correctional Center in the City of Chesapeake. The expected opening date will now be approximately October 2008. The 2006 General Assembly originally delayed the opening of the new expansion facility until December 2007, and the Governor’s October 2007 budget reductions further delayed the opening until July 1, 2008.
- ***Craigsville Wastewater Treatment Plant.*** Includes language in Part II (the capital budget) authorizing up to \$1.0 million in Virginia Public Building Authority bonds for the state’s share of the cost of constructing a local wastewater treatment plant serving Augusta Correctional Center.
- ***Governor’s October 2007 Budget Reductions.*** Included within the base budget for the agency is the continuation of strategies announced by the Governor in October 2007 producing general fund savings of \$19.2 million each year and increasing

nongeneral fund revenue by a corresponding \$19.2 million each year. The nongeneral fund revenue is expected to be realized by contracting to house non-state prisoners, including federal inmates or illegal aliens, in state correctional facilities.

- Language is included authorizing the agency director to increase this appropriation in order to support non-recurring expenses of the department.

- **Department of Criminal Justice Services**

- ***State Aid to Localities with Police Departments.*** No additional funding is included for either the first or second year. The HB 599 program’s general fund appropriation is level funded at \$205.0 million each year.
  - Total funding for the HB 599 program for FY 2007 was \$206.3 million, and the amount appropriated by the 2007 Session of the General Assembly for FY 2008 was \$215.8 million. The Governor’s October 2007 budget reductions reduced the FY 2008 amount to \$205.0 million (a 5 percent reduction).
- ***Sexual Assault Crisis Centers.*** Includes \$450,000 each year from the general fund for local programs providing services to victims of sexual violence, including Sexual Assault Response Teams, volunteer programs, and community outreach.
- ***Internet Crimes Against Children.*** Provides \$1.5 million the first year from the general fund for the Southern Virginia and Northern Virginia Internet Crimes Against Children Task Forces (Alicia’s Law). The funding will be equally divided between the Bedford County Sheriff’s Office and the Virginia State Police, which operate the two task forces. Language exempts this appropriation from inclusion in the amounts distributed to localities from the HB 599 program.
- ***Immigration Training.*** Adds \$150,000 each year from the general fund to provide basic training in immigration law and policy and Spanish language skills to local law enforcement officers. This instruction will be provided by the Virginia Center for Policing Innovation.
- ***Campus Security.*** Provides \$0.1 million each year and one position from the general fund for the Office of Campus Policing and Security. This office is responsible for developing and implementing a comprehensive campus security program for Virginia’s institutions of higher education. This initiative is based on a recommendation of the Virginia Tech Review Panel.
- ***Virginia Public Safety Memorial Commission.*** Provides \$45,000 the first year from the general fund to plan a memorial dedicated to Virginia’s public safety professionals who have lost their lives while safeguarding the Commonwealth.

- *Regional Police Training Academies.* Adds \$275,000 NGF each year from court fees to reflect the current level of support provided to these regional academies.
- *Reduce State Match for Federal Grants.* Reduces the general fund amounts available for matching federal grants to state agencies by \$100,000 in the second year due to an anticipated reduction in federal funds, and requires the agency to submit an annual report on federal anti-crime and related grants that will require state matching funds.

- **Department of Emergency Management**

- *Transfer Civil Air Patrol.* Transfers funding responsibility for the Civil Air Patrol to the Department of Aviation, which will support it using nongeneral funds. A companion amendment is included in the Department of Aviation.
- *Remove Hazardous Materials Funding.* Eliminates the existing general fund appropriation of \$285,588 in the second year for the hazardous materials training and response program in anticipation of legislation that will be introduced during the 2009 Session to establish a fee to cover this program's costs. Language is included directing the agency to prepare a report on options for implementing this fee, which will be submitted by September 15, 2008.
- *Fund Integrated Flood Observation and Warning System Equipment Replacement Program.* Provides \$187,500 each year from the general fund to begin replacing equipment for the Integrated Flood Warning System.
- *Additional Positions.* Provides 14 nongeneral fund positions each year to move existing wage employees to full-time status in order ensure oversight of federal grant awards and to provide technical support to individuals, localities, and state agencies during and after emergencies or disasters.
- *Emergency Positions.* Includes language authorizing the agency, with the Governor's approval, to hire additional positions to assist in response to emergencies and disasters and recovery following such events. These positions would be paid solely from funds authorized by the Governor or federal government for the emergency or disaster event.

- **Department of Fire Programs**

- *Transfer of State Fire Marshal.* Included in the base budget for the agency is \$2.5 million GF, \$0.4 million NGF, and 31.0 FTE positions each year to reflect the transfer of the State Fire Marshal from the Department of Housing and Community Development to the Department of Fire Programs, pursuant to Chapter 647 of the 2007 Acts of Assembly (HB2356).

- *Fiscal Support Services.* Includes \$178,000 NGF and three positions each year for a new fiscal services office.
- *Address Agency Growth and Expansion.* Adds \$92,500 NGF and three positions each year to account for the administrative and technology costs associated with the expansion of the agency’s size and mission.
- *Waiver of Fees for Fire Inspections.* Provides \$49,900 the first year and \$52,800 the second year from the general fund, pursuant to Chapter 499 of the 2008 Acts of Assembly (HB320), to eliminate the inspection fees which the Fire Marshall has been charging public and private schools for enforcement of the Fire Prevention Code.

- **Department of Forensic Science**

- *Payments in Lieu of Taxes.* Provides \$219,000 each year from the general fund for payment to the City of Richmond for the agency’s central laboratory.
- *Adjustment of Federal Grant Funding.* Adds \$1.5 million NGF each year to reflect anticipated growth in federal grants.
- *Eastern Forensic Laboratory.* Includes three positions each year for facility management. The City of Norfolk is responsible for providing maintenance for the Eastern Forensic laboratory through FY 2008, after which the agency will assume that responsibility.
- *Notification of Offenders Regarding DNA Testing.* Includes language directing the Forensic Science Board to notify persons convicted of criminal offenses for which case files for the years between 1973 and 1988 were found to contain evidence possibly suitable for DNA testing and that such evidence exists and may be suitable for testing. There is a possibility that testing this evidence could exonerate these persons of the crimes for which they were convicted.

- **Department of Juvenile Justice**

- *VJCCCA Balances.* Includes language accelerating the return of funds unspent by localities from their allocations from the Virginia Juvenile Community Crime Control Act (VJCCCA). The language also authorizes the reappropriation of any unexpended balances by the department for use in providing short-term, supplementary grants to localities for those programs and services that improve juvenile outcomes, including reductions in juvenile recidivism rates.
- *Juvenile Gang Activity.* Includes language directing the agency to analyze the effect of gangs on Virginia’s juvenile courts and correctional facilities.
- *Juvenile Delinquency Prevention.* Directs the agency to analyze the levels of federal, state, and local funding for delinquency prevention programs and to

assess the effectiveness of those programs, especially those funded through the Virginia Juvenile Community Crime Control Act.

- **Department of Military Affairs**

- *Soldier Recognition.* Provides \$38,068 each year from the general fund to support the increased cost of the Governor's National Service Medal program. This program has grown as overall troop strength and the numbers of National Guard members deployed have increased.
- *Commonwealth Challenge.* Includes \$253,040 each year from the general fund for the Commonwealth Challenge program serving at-risk youth at the State Military Reservation in Virginia Beach. The additional funding will be used for facility maintenance, replacing program equipment, and other operating expenses.

- **Department of State Police**

- *Gasoline Expense.* Adds \$2.7 million the first year from the general fund to increase the agency's gasoline budget from \$1.19 to \$2.20 per gallon.
- *Highway Safety Enforcement.* Adds \$1.4 million the first year and \$0.8 million the second year from the general fund to increase the availability of existing State Troopers for law enforcement and highway patrol services. Among the methods the agency is to consider when using these funds is the payment of overtime compensation to State Troopers.
- *Sex Offender Registry.* Provides \$59,345 GF the first year and \$58,133 GF the second year for the Sex Offenders and Crimes Against Minors Registry to maintain compliance with the federal Adam Walsh Child Protection and Safety Act of 2006, pursuant to Chapter 877 of the 2008 Acts of Assembly (SB590).
- *Determination of Legal Status.* Adds \$62,220 GF the first year and \$8,040 GF the second year to develop an automated link between the Compensation Board and the federal Immigrations and Customs Enforcement agency to determine the legal status of inmates in state and local correctional facilities, pursuant to Chapter 415 of the 2008 Acts of Assembly (SB609).
- *Virginia Intelligence Management System.* Includes \$8.5 million NGF the first year from the OxyContin settlement to provide a statewide, secure information sharing function for all law enforcement agencies in Virginia.
- *Criminal History System.* Provides \$2.4 million NGF the first year and \$3.3 million NGF the second year from the OxyContin settlement for replacement and enhancement of the Computerized Criminal History system. This is the sole repository for the Commonwealth's arrest and court disposition data.

- ***Metropolitan Washington Airports Authority.*** Provides \$1.5 million NGF and 16 positions each year to support the department’s agreement to provide security for the authority, including highway patrol on the Dulles access road.
- ***Central Criminal Databases.*** Provides \$0.7 million NGF the first year and \$1.5 million NGF the second year from the OxyContin settlement for replacement of the firearms and other central criminal repository databases and related applications, including the Computerized Criminal History System, Sex Offender Registry, Automated Fingerprint Identification System, Firearms Transaction Processing System, and the Virginia Criminal Information Network.
- ***Increased STARS Costs.*** Provides \$2.2 million NGF the second year from the OxyContin settlement for additional equipment not included in the original contract for the State Agencies Radio System.
- ***Incident-Based Reporting System.*** Provides \$0.8 million NGF the first year and \$0.4 million NGF the second year from the OxyContin settlement for replacement and enhancement of the current incident-based reporting system.
- ***Computer Forensic Laboratory.*** Provides \$1.0 million NGF the first year from the OxyContin settlement for equipping a new computer forensic laboratory to be built for State Police in space provided by VCU in the new BioTech 8 facility in downtown Richmond.
- ***Federal Grant.*** Includes \$100,000 NGF the first year to reflect an anticipated federal grant for enhance high-technology crime-fighting capabilities.
- ***Information Technology Position.*** Adds one nongeneral fund position each year to develop the motor vehicle inspection automated system. The funds to support this position will be provided from the motor vehicle inspection fee.
- ***Medevac Helicopters.*** Includes language authorizing the purchase of two replacement helicopters using debt service funds which are already included in the base budget. The current helicopters were purchased in 1993 and have reached the end of their useful lives. The current helicopters will be paid off in the first year, so the funds in the existing base budget for debt service can be applied to the new helicopters beginning in the second year.

- **Department of Veterans Services**

- ***Wounded Warrior Program.*** Includes \$2.5 million the first year and \$2.0 million the second year and five positions from the general fund, as well as \$150,000 in nongeneral funds each year, to establish the Wounded Warrior program, pursuant to Chapters 584 and 754 of the 2008 Acts of Assembly (HB475 and SB297). Also included within the first year appropriation is \$100,000 for the continued development of the TurboVet program.

- ***Offset General Funds With Special Funds.*** Includes an additional \$288,236 NGF each year from Medicare, Medicaid and other third party reimbursements. The additional funds will be used to offset the impact of the Governor’s October 2007 budget reductions by substituting these funds for the general fund support previously provided for three positions added by the 2007 Session of the General Assembly to manage the agency’s increased responsibilities.
- ***Transfer of the War Memorial.*** Transfers \$430,174 GF and three positions each year from the general fund from the Department of General Services to manage the Virginia War Memorial in Richmond.
  - Language specifies that DGS will continue to provide routine buildings and grounds maintenance as part of the services provided under the seat of government rental plan.
- ***Donation Fund.*** Adds \$75,000 NGF each year for the donation fund administered by the Veterans Services Foundation Board.
- ***Revise Language Regarding Military Survivors and Dependents Education Program.*** Updates the language included in the Appropriation Act to reflect the actions taken by the General Assembly during the 2007 Session.

# Technology

The approved 2008-10 biennial budget for the Technology secretariat includes an increase of \$9.2 million in general fund support but no additional nongeneral fund resources. Total general fund spending for the agencies of the Technology secretariat is \$17.4 million or more than 112 percent greater than these agencies' adjusted base budgets. Total nongeneral fund spending for the biennium is \$110.6 million.

The additional general fund spending consists of one item – \$4.9 million provided in each year of the biennium to eliminate a previously adopted reduction in funding of \$4.9 million for the Virginia Information Technologies Agency (VITA). The previously adopted savings had been based on assumptions about the level of reductions in the costs of information technology services achieved by VITA. However, these savings had also been factored into the public-private partnership the agency entered into with Northrop Grumman to modernize Virginia's information technology infrastructure. Consequently, the additional funding was provided to ensure these savings were not double-counted.

Although there were no additional nongeneral fund resources appropriated over the biennium for the Technology agencies, the 2008 General Assembly rejected the proposed transfer of VITA information technology procurement services to the Department of General Services and VITA Emergency E-911 services to the Department of Emergency Services.

- **Virginia Information Technologies Agency**

- *Remove Savings Assumed in Current Budget.* Provides \$4.9 million GF in each year of the biennium to eliminate savings that were assumed in the budget for operational efficiencies from the centralization of technology services through VITA.
- *Eliminate Nongeneral Fund Appropriation for Virginia Information Providers Network.* Reduces VITA's nongeneral fund appropriation by \$6.3 million in each year of the biennium due to the outsourcing of the Virginia Information Providers Network. VITA now receives only a nominal amount of revenue from the management of the network and these revenues will now be recorded as part of VITA internal service fund.
- *Implement New Fee Structure for Virginia Geographic Information Network.* Reduces general fund resources for the agency by \$344,334 in each year of the biennium due to the implementation of a new fee structure for base mapping of the Commonwealth and geospatial information services. The agency's nongeneral fund base budget was increased by a corresponding amount to reflect the addition of the revenues VITA will receive from the new fee structure.
- *Eliminate Ongoing Operational Efficiencies Requirement.* Deletes language requiring the agency to continue achieving administrative reductions that VITA

had already incorporated into the rates it charges state agencies for information technology services. There were no additional savings to be achieved because the agency had reduced the costs of its services in order to assist state agencies in achieving their targeted budget reductions.

# Transportation

The approved 2008-10 biennial budget provides a total of \$9.9 billion for Transportation agencies, which includes \$82.0 million GF and \$9.8 billion NGF. This represents a total increase of \$200.0 million NGF over the approved budget for the 2006-08 biennium.

Included in the nongeneral fund amount is authorization for the issuance of new Commonwealth Transportation Bonds of \$180.0 million in the second year to replace a portion of the \$500.0 million one-time supplement included as part of the 2007 Transportation Initiative and provided for in Chapter 847 of the 2007 Acts of Assembly (HB1650). The authorization for the debt issuance to the Department of Transportation in fiscal year 2010 is for the projects as approved in Chapter 847. \$180 million of the general fund appropriation in Chapter 847 is reverted and included as additions to the front page balances in FY 2009.

The majority of the nongeneral revenue adjustments reflect the appropriation of new transportation revenues provided in Chapter 896 of the 2007 Acts of Assembly (HB3202). Also included in VDOT is \$281.1 million NGF from the transfer of one-third of insurance premiums tax revenues to the Transportation Trust Fund. Combined with other forecast adjustments, the VDOT budget reflects a net increase of \$191.3 million over the 2006-08 base budget.

- **Secretary of Transportation**

- *Prohibit Supplanting of Local Option Revenues.* Language is included in the Secretary of Transportation which prohibits localities in Northern Virginia and Hampton Roads that impose local-option transportation funding authorized by the 2007 Session from supplanting existing transportation revenues if the newly authorized revenues are imposed.

- **Department of Aviation**

- *Enhance Airport IQ System.* Provides \$322,000 NGF the first year and \$20,000 NGF the second year for design of software that will further automate the Airport IQ system, which is used to manage the agency's financial assistance to airports programs and provide web-based functions to stakeholders.
- *Assume Funding for Civil Air Patrol.* Language authorizes the Department of Aviation to pay \$100,000 NGF each year from Aviation Special Funds to support Civil Air Patrol Operations. This activity was previously funded from the general fund through the Department of Emergency Management and a companion amendment strikes the authorizing language in VDEM.

- **Department of Motor Vehicles**

- *Alternative Service Delivery Mechanisms.* Two amendments direct the Department to report on the efficacy of alternative service delivery mechanisms to

address the provisions of the federal Real ID Act of 2005 in order to reduce the costs of in-person transactions. In addition, the Department is directed to report by December 1, 2008 and December 1, 2009 on the effect of the provisions of Chapter 866 of the 2008 Acts of Assembly (SB116) which authorizes the Department to extend the validity of drivers' licenses to eight years and institutes discounts for renewing vehicle registrations via internet and using multi-year registrations. The amendments also allow for the use of color or black and white photos for enhanced security purposes in accordance with the provisions of the Real ID Act of 2005.

- ***Retain Motor Vehicle Sales and Use Tax Revenue.*** Authorizes DMV to retain one-quarter of one percent of the gross collections of sales and use tax on motor vehicles (titling tax) in the first year to be used for ongoing operational expenses. It is projected that this will provide just under \$1.5 million NGF for DMV in the first year.
- ***Establish Appropriation for Cost Recovery from Regional Transportation Authorities.*** Appropriates \$3.3 million NGF each year to cover DMV administrative costs of revenue collections associated with Chapter 896 of the 2007 Acts of Assembly (HB3202). Of this amount, \$1.9 million is from activities related to Northern Virginia Transportation Authority and \$1.4 million from Hampton Roads Transportation Authority.
- ***Commercial Driver's License Test Sites.*** Provides \$1.2 million NGF the second year to support lease costs for commercial driver's license testing sites in the Roanoke, Portsmouth and Richmond districts to meet new federal requirements that must be implemented by 2010. The new requirements include backing maneuvers testing that can not be done at current CDL testing facilities.
- ***Establish New Department of Motor Vehicles Transfer Payments Item.*** Establishes a separate agency code for administering the collection and disbursement of local rental tax, mobile home tax and Highway Safety Funds. Includes \$73.1 million NGF each year, which is transferred from DMV to the new agency. DMV requested these activities be removed from their operating budget to more accurately reflect the costs of DMV operations.

- **Department of Rail and Public Transportation**

- ***Reduce Appropriation to Correct Revenue Forecast.*** Reduces the agency's appropriation by \$12.9 million NGF the first year and \$8.6 million NGF the second year to reflect the latest revenue estimates for the Transportation Trust Fund and federal funds and to reflect the November 2007 official revenue estimate inadvertently excluded from the budget as introduced.
- ***Funding for Project Management.*** Authorizes the use of existing public transit and rail funds for project development, management and compliance activities.

The use of funds is limited to no more than three percent of the total project cost and may be assessed only on a project-by-project basis after approval has been received by the Commonwealth Transportation Board.

- *Study of Intercity Passenger Rail Services.* Authorizes DRPT to use Rail Enhancement Funds to study the feasibility of contracting with Amtrak for new intercity passenger rail services between Richmond and Washington, D.C.
- *Statewide Rail Plan.* Directs the Department to include specific provisions within the Statewide Rail Plan for addressing heat restrictions and other factors impacting passenger rail service on the I-95 rail corridor. The Department is further directed to report on the collaborative efforts to improve freight and passenger rail on the corridor by December 15, 2008.
- *Dulles Access Toll Road.* Requires the Department to construct sound walls along the Dulles Access Toll Road at Route 123 in McLean in accordance with the provisions of the Memorandum of Agreement between the Commonwealth and the Metropolitan Washington Airports Authority.

- **Department of Transportation**

- *Replace Reverted General Funds with Commonwealth Transportation Debt.* Authorizes the Commonwealth Transportation Board to issue \$180.0 million in bonds to replace general funds that were appropriated for specific projects by the 2007 General Assembly. A separate amendment provides \$180.0 million NGF in the first year for these projects.
- *Transfer Insurance Premium Revenue.* Provides \$137.0 million NGF the first year and \$144.1 million NGF the second year representing one-third of the revenues from insurance premiums tax revenues that are dedicated to the Transportation Trust Fund pursuant to Chapter 896 of the 2007 Acts of Assembly (HB3202). A portion of these revenues had been transferred to VDOT as a general fund source in the prior biennium.
- *Appropriate Chapter 896 of the 2007 Acts of Assembly (HB3202) Revenues.* Provides an increase of \$197.0 million NGF the first year and \$202.5 million NGF the second year from the increased vehicle registration fee, the increased diesel fuel tax, the fees on abusive drivers, the portion of recordation tax dedicated to maintenance and overweight vehicles as provided by Chapter 896 of the 2007 Acts of Assembly (HB3202). A companion amendment directs VDOT to adjust the allocation of funds as necessary to reflect the repeal of the abusive driver fees.
- *Adjust Appropriation to Reflect November 2007 Revenue Forecast.* Approved amendments adjust the nongeneral fund allocations within VDOT to reflect both the 2006 official revenue estimate for the Transportation Trust Fund and federal funds, as well as the November 2007 revenue forecast revision. These changes

result in a net increase of \$7.1 million NGF in the first year and \$21.8 million NGF in the second year.

- ***Adjust Appropriations to Reflect the Repeal of Abusive Driver Fees.*** Directs the department to reduce programmatic allocations in the Six-Year Program by \$61.8 million NGF in the first year and \$65.4 million NGF in the second year to reflect the impact of the repeal of abusive driver fees included in Chapter 656 of the 2008 Acts of Assembly (SB1).
- ***Use Prior Year Balances for Highway Construction.*** Provides an appropriation of \$32.5 million NGF the first year and \$30.4 million NGF the second year to enable VDOT to spend prior year balances in dedicated funds for highway construction.
- ***Land Use Activities.*** Adds \$5.7 million NGF the first year and \$5.9 million NGF the second year for land use permitting activities performed by the agency.
- ***Reduce Maximum Employment Level.*** Reduces the agency's maximum authorized employment level by 323.0 FTE positions. These positions are unfilled and are no longer necessary.
- ***Transportation Partnership Opportunity Fund.*** Clarifies that projects being developed under local design-build provisions, as well as those developed under state design-build provisions, are eligible to receive grants from the Transportation Partnership Opportunity Fund (TPOF).
- ***Toll Facility Maintenance.*** Clarifies that no additional allocations shall be made from Commonwealth Transportation Funds for maintenance of the Chesapeake Bay Bridge Tunnel and authorizes VDOT to cease paying for maintenance on other non-state owned toll facilities.
- ***Speed Limits in School Zones.*** Requires that upon issuance of a resolution by a local governing body that a property has been designated for school construction and such construction is ready to commence, the department shall immediately reduce the speed limit on adjacent primary and secondary roadways to 35 miles per hour or less.

- **Virginia Port Authority**

- ***Provide Funding for Debt Service for Terminal Revenue Bonds.*** Provides \$6.2 million NGF each year for debt service on \$93.0 million in terminal revenue bonds issued by the Authority in FY 2008. A similar amendment reduces debt service payments by \$2.2 million NGF the first year and \$2.3 million NGF the second year based on the refunding of 1997 terminal revenue bonds.
- ***Provide Funding for Debt Service for Commonwealth Port Fund Bond for Craney Island.*** Provides \$11.3 million NGF the second year for debt service on Commonwealth Port Fund bonds for construction of the Craney Island Marine

Terminal. A companion amendment in Capital Outlay authorizes the issuance of \$155.0 million NGF in bonds to fund preliminary work on the proposed terminal.

- ***Short-Term Debt Service Program.*** Provides \$9.5 million NGF each year and language to allow the VPA to issue short-term debt on a revolving basis to provide interim financing for capital projects. The short term debt is not to exceed \$200.0 million at any time. This will allow the Port Authority to begin smaller projects instead of having to wait until a larger debt issuance is required.
- ***Master Equipment Lease Purchase Program (MELP).*** Provides \$5.2 million NGF each year for debt services payments supported by terminal revenues to acquire equipment for port operations through the MELP program.

# Central Appropriations

Approved general fund increases in Central Appropriations include: \$208.9 million for salaries and benefits for state employees and state-supported local employees; \$21.3 million for increases in the costs of intra-governmental services; \$27.0 million to assist localities with the costs of military base realignments and closures; \$14.7 million to provide economic development incentives for SRI and Rolls-Royce; and \$4.0 million to pay institutions of higher education interest on NGF balances held by the state treasury and a prorated share of rebates received by the Commonwealth on credit card purchases.

The \$208.9 million provided for increased employee compensation includes: \$171.4 million to support 2 percent salary increases in the first and second years for state classified employees, faculty, and state-supported local employees; \$33.9 million for the increased cost of state employee health insurance; \$6.3 million for increases in the cost of VRS retirement rates; and \$2.8 million for increases in the cost of providing Workers' Compensation insurance for state employees.

General fund decreases in Central Appropriations total \$336.5 million. This reflects a \$100.0 million GF reduction in state aid to localities, technical adjustments to move \$63.3 million GF to the Secretary of Commerce and Trade for four on-going economic development programs that have been traditionally budgeted to the Central Appropriations, \$60.4 million from the amortization of VRS retirement contributions over thirty years, \$59.1 million from an employer health insurance rate credit, additional state agency reductions of \$35.0 million GF, a reduction of \$18.7 from a pause in the refunding of the future actuarial liability for early retiree health care.

- **Higher Education Interest**

- *Higher Education Interest and Charge Card Rebates.* Includes an additional \$4.0 million GF the first year to pay institutions of higher education interest on NGF balances held by the state treasury and a prorated share of rebates received by the Commonwealth on credit card purchases. Funding of \$12.7 million GF to continue this program for FY 2010 is not provided.

- **Compensation Supplements**

- *Classified Employee Salaries.* Provides \$23.6 million GF the first year and \$67.8 million GF the second year to support a 2 percent salary increase for state classified employees on November 25, 2008 and November 25, 2009.
- *State-Supported Local Employee Salaries.* Provides \$11.5 million GF the first year and \$31.5 million GF the second year to support a 2 percent salary increase for state-supported local employees on December 1, 2008 and December 1, 2009.

- *Faculty Salaries.* Provides \$9.6 million GF the first year and \$27.4 million GF the second year to support a 2 percent average salary increase for college and university faculty on November 25, 2008 and November 25, 2009. The actual average increase varies by institution.
- *Teacher Salaries.* Funding of \$77.6 million GF the second year is included under Direct Aid for Public Education to support the state's share of a salary increase of 2 percent for SOQ-supported instructional and support positions effective July 1, 2009.
- *Employer Health Insurance Premium Increases.* Includes an additional \$19.1 million GF the first year and \$14.8 million GF the second year to fund the employers' share of the increase in health insurance premiums effective July 1, 2008. This funds a 4.8 percent increase for the current program and a slightly expanded wellness benefit.
- *State Employee Workers' Compensation Premium Increases.* Provides an increase of \$1.1 million GF the first year and \$1.7 million GF the second year to fund the employers' share of the increase in state employee workers compensation premiums.
- *Health Insurance Other Post Employment Benefits (OPEB) Funding.* Captures savings of \$11.7 million the first year and \$7.0 million the second year from a pause in the re-funding of the future actuarial liability of early retiree health insurance pending the outcome of a study by the Department of Human Resource Management.

- **Employee Benefits Reversion**

- *Employer Health Insurance Credit.* Captures savings of \$28.9 million GF the first year and \$30.2 million GF the second year from implementation of a credit reducing agency expenditures for the employer premium to the employee health insurance program. Current balances in the Health Insurance Fund (HIF) are above the actuarially required reserves.
- *VRS Amortization.* Saves \$29.6 million GF the first year and \$30.8 million GF the second year by calculating the VRS contribution rates for state employees and public school teachers using a 30-year amortization period in place of the 24 year amortization period utilized in the budget, as introduced.

- **Unanticipated Expenditures**

*Governor's Development Opportunity Fund*

- *Appropriation Realignment.* The approved budget relocates the \$15.1 million GF appropriation for the Governor's Development Opportunity Fund to the Secretary of Commerce and Trade.

*Economic Development Assistance*

- *Appropriation Realignment.* The approved budget relocates the appropriations for three economic development programs that have been traditionally included in the Central Appropriations' Payments for Special or Unanticipated Expenses program to other areas of the budget. Changes to the appropriations for these items are explained under the Office of Commerce and Trade.

<b>Realignment of Economic Development Programs</b>				
<b>Title</b>	<b>2008-10 Base Budget</b>	<b>Realigned to</b>	<b>2008-10 GF</b>	<b>Change</b>
Semi-Conductor Grants	\$ 7.4	Sec. of Comm. & Trade	\$3.7	\$ (3.7)

<b>Total</b>	<b>\$ 48.2</b>		<b>\$ 41.5</b>	<b>\$ (6.7)</b>

- *Incentive for Rolls Royce.* Includes \$1.3 million GF the first year and \$9.4 million the second year as part of an economic development incentive package for Rolls Royce to locate an aerospace engineering and manufacturing facility in Prince George County. Of these funds, \$8.6 million is for Higher Education Grant Payments to the University of Virginia and Virginia Tech, with the balance of funding to be used for training programs and project management. An additional \$6.0 million of funding in the Governor's Opportunity Fund is also dedicated to this project in the biennium. These payments are part of a larger 20-year, \$108.0 million commitment to Rolls-Royce.

*Base Realignment and Closure (BRAC) Assistance*

- *BRAC Assistance.* Provides an appropriation of \$7.5 million GF the first year and \$17.5 million GF the second year to assist localities with the costs of military base realignments and closures. Language allocates \$10.0 million of this amount in the second year for efforts to retain the Defense Advanced Research Projects Agency
- *Expansion of Fort Lee.* Provides \$2.0 million GF in the second year for improvements related to the expansion of Fort Lee.

*Undistributed Support*

- *VITA Rates.* Provides \$9.5 million GF the first year and \$9.5 million GF the second year for increases in the rates charged by VITA to state agencies under the Northrop Grumman contract for the provision of information technology services.
- *DGS Rental Charges.* Includes an additional \$1.2 million GF the first year and \$1.1 million GF the second year for increases in rental charges by the Department of General Services for office space at the seat of government, in Richmond.
- **Tobacco Settlement**
  - *Tobacco Settlement and Revitalization Fund.* Provides an increase of \$45.1 million NGF the first year and \$45.3 million NGF the second year to adjust the appropriation for the Tobacco Indemnification and Community Revitalization Fund and the Tobacco Settlement Fund to securitization of the Commonwealth's allocation of the 1998 Master Settlement Agreement.
- **Two-Year College Transfer Grant**
  - *Transfer Grant Program.* Provides \$300,000 GF the first year and \$1.5 million GF the second year for the two-year college transfer grant program based on estimated participation.
- **State Agency reversions**
  - *State Agency Reversions.* Requires additional savings of \$17.5 million GF in the first year and \$17.5 million GF in the second year from all state agencies except institutions of higher education. State agencies are required to submit a plan to the Governor to achieve these savings by August 1, 2008.
- **Local Aid Reversions**
  - *Local Aid Reversions.* Establishes a reversion clearing account to implement a \$50.0 million GF reduction in state aid to localities in each year. Under this program localities will choose whether to achieve their reductions by one of three methods: 1) reductions to a single program, 2) a percentage reduction in all state payments, or 3) reimbursement of the Commonwealth and forego any reductions state payments they receive. Localities are to certify the method by which they intend to implement these reductions by August 30, 2008.

# Independent

The budget, as adopted, for Independent Agencies result in a net increase of \$40.8 million NGF appropriation compared to the adjusted base budget.

Much of the increase, \$19.8 million, is in the budget for the Virginia Retirement System (VRS). The approved budget provides \$12.9 million for the VRS modernization project and \$6.5 million to move the administration of certain investment assets from external fund managers to in-house staff. The budget also increases the appropriation for the State Corporation Commission by \$18.9 million to reflect projected increases in deposits into the Uninsured Motorist Fund.

- **Virginia Retirement System**

- *Establish an Additional In-House Investment Program.* Includes \$3.3 million NGF each year and 10.0 FTE positions for the VRS to move the administration of certain investment assets from external fund managers to VRS in-house staff. This action is expected to result in significant cost savings for the fund and reduced risk for the investment fund.
- *VRS Modernization Project.* Includes \$4.7 million NGF and one position in the first year and \$8.2 million NGF in the second year, with a second additional staff person, to support the continued reengineering of business processes and the upgrading of the computer systems. This effort is designed to improve customer service.
- *Additional Staff Person for Support to Local School Divisions.* Provides \$84,940 NGF each year and one staff person for an additional employer representative to help prepare for an expected increase in the number of retirement eligible employers in local school divisions.
- *Implement Self-Administered Long Term Care Program.* Includes \$76,356 NGF each year and one staff person for the state's long-term care program. VRS is in the process of converting from a third-party administrator to a self-managed fund.

- **State Corporation Commission**

- *Increase Appropriation for Uninsured Motorist Fund.* Increases the NGF appropriation by \$9.4 million in FY 2009 and \$9.5 million in FY 2010 to reflect current projections for the Uninsured Motorist Fund.

- **Virginia College Savings Plan**

- *Adjust Appropriation for Salary Regrades and Other Salary Adjustments.* Provides \$237,977 NGF in both years to reflect additional administrative costs from salary regrades and other salary adjustments.
- *Adjust Appropriation for Increased Expenses at the Virginia Prepaid Education Program.* Provides \$83,531 NGF in FY 2009 and \$169,569 NGF in FY 2010 to reflect increased administrative costs for the Virginia Prepaid Education Program related to federally required disclosures.
- *Adjust Appropriation for Increased Expenses at the Virginia Education Savings Trust Program.* Provides \$96,154 NGF in FY 2009 and \$195,193 NGF in FY 2010 to reflect increased administrative costs for the Virginia Education Savings Trust Program related to federally required disclosures.
- *Adjust Appropriation for Increased Office Space Lease Costs.* Provides \$474,432 NGF in FY 2009 and \$582,976 NGF in FY 2010 to reflect increased lease cost due to relocation.

## Nonstate Agencies

The adopted 2008-10 budget provides no funding in either year for grants to nonstate agencies in Item 493. The \$5.8 million GF the second year proposed in the budget as introduced for grants to 36 entities was eliminated.

# Capital Outlay

The capital outlay program for the 2008-10 biennium is found in two sets of bills: the budget bill - Chapter 879 of the 2008 Acts of Assembly (HB30) and the bond bills - Chapters 1 and 2 of the 2008 Acts of Assembly - Special Session I (HB5001 and SB5001), for a total of \$3,324.3 million (all funds). Almost two-thirds of this amount, or \$2,106.0 million, is supported by general fund dollars. The remaining third, \$1,218.3 million, is supported by nongeneral funds.

The adopted budget contains \$598.2 million for projects to be funded directly by the general fund or by general fund supported bonds issued by the Virginia Public Building Authority (VPBA) and the Virginia College Building Authority (VCBA). An additional \$1,507.8 million for projects funded with tax supported bonds are found in the bond bills approved in Special Session I. Unless otherwise restricted, these projects may move forward on July 1, 2008.

General fund supported projects include \$1,641.6 million for new construction and renovation projects, \$69.6 million to provide equipment for buildings scheduled to be completed during the biennium, \$135.9 million for property and easement acquisitions, \$52.1 million for cost overruns on previously approved projects, and \$46.5 million for planning.

All of the \$1,218.3 million in projects supported from nongeneral fund sources are found in the budget bill. Of this amount, \$307.9 million is funded directly with nongeneral fund cash, an additional \$350.6 million in 9(c) bond authority, and \$404.8 million in 9(d) bond authority for auxiliary enterprise and other nongeneral fund revenue-supported projects at the colleges and universities. Finally, \$155.0 million is provided for projects supported from Virginia Port Authority Bonds.

- **Capital Project Cost Overruns and Supplements**

- *Higher Education Pooled Project Supplements.* Provides \$39.4 million from VCBA bonds to supplement previously approved capital projects that have experienced or are expected to experience significant cost increases in construction costs at five institutions of higher education. These funding supplements are in a central pool to be administered by the Department of General Services in order to generate project efficiencies.
- *Capital Renovation and Expansion.* Provides \$5.5 million in Virginia Public Building Authority bonds to supplement previously approved appropriations for the renovation and expansion of the State Capitol.

**Ch. 1 & 2 (HB/SB 5001, 2008 Special Session I)**

- **Capital Project Authorizations.** Capital project authorizations contained in Chapters 1 and 2 are included in the preceding discussion of the 2008 capital program.
- **Capital Process Changes.** Chapters 1 and 2 contain three significant changes to the Commonwealth’s capital process:
  - Modification of The Six-Year Capital Improvement Plan,
  - Creation of two pooled accounts for the administration of capital project appropriations, and
  - Creation of the Central Capital Planning Fund.
- **Six-Year Capital Improvement Plan.** The legislation adopted in the 2008 Special Session I (Ch. 1 and 2) strengthens the capital planning process by:
  - Establishing the Six-Year Capital Improvement Plan Advisory Committee, which will have members representing the Legislative and Executive branches. This committee will review capital project requests and recommend a preliminary list of projects to the Governor and General Assembly for inclusion in the Six-Year Capital Improvement Plan, and.
  - Requiring the submission of the Six-Year Capital Improvement Plan as a bill for review and approval by the General Assembly.
- **Pooled Capital Accounts.** Two pooled accounts are established for the administration of capital project appropriations:
  - The Public Education Institution Capital Account – Virginia College Building Authority Bonds and general fund appropriations, and
  - The State Agency Capital Account – Virginia Public Building Authority Bonds and general fund appropriations.
  - Pooled capital accounts offer two advantages:
    - Reduced ability of contractors to “bid to the budget”, and

- Increased flexibility to address minor cost increases.
- The pooled accounts will be administered jointly by the Departments of General Services (DGS), and Planning and Budget (DPB).
  - Projects are authorized by the General Assembly,
  - The general fund cost of all authorized projects is appropriated to the pool,
  - Each project is listed, but no specific appropriation is identified,
  - Project funding is released as each stage of the project is reached – working drawings, construction, etc.
  - Projects will be allowed to proceed to construction IF the final cost is 105 percent or less of the original GF estimate, and
  - Projects with final costs in excess of 105 percent of the original GF estimate may move forward to the next stage if: the project scope is reduced, or the agency or institution pays the increased costs from available non-general funds.
- **Central Capital Planning Fund.** The Central Capital Planning Fund is also a pooled account with an initial non-reverting appropriation of \$50.0 million GF.
  - The Fund may be used to pay for pre-planning and preliminary working drawings for projects authorized by the General Assembly.
  - The Fund will be reimbursed for planning costs when the project is funded by the General Assembly.
  - \$46.5 million GF is allocated to plan for future capital projects with a projected general fund construction cost of \$1,146.4 million.

<b>Allocation of Capital Funding in Ch. 1 &amp; 2</b> (\$ in millions)		
	<u>No. of Projects</u>	<u>Projected GF Cost</u>
Higher Education	26	\$858.5
State Museums	2	86.7
Mental Health	2	67.6
Public Safety	3	133.6

- ***Other Provisions.*** Other significant provisions contained in Chapters 1 and 2:
  - ***Eastern Virginia Medical School.*** Requires the introduction of legislation that amends the enabling legislation of the Eastern Virginia Medical School (EVMS) with regard to the appointments of the 17 members of the Board of Visitors such that three members are to be appointed by the Speaker of the House of Delegates, two members are to be appointed by the Senate Committee on Rules, two members are to be appointed by the Governor, six members shall continue to be appointed by the Board of the Eastern Virginia Medical School Foundation, and four members shall continue to be appointed by local governments.
  - ***Virginia College Building Authority.*** Authorizes additional revenue bonds in an aggregate principal amount not to exceed \$100 million to finance any needed nongeneral fund portion of the cost of capital projects authorized in Chapters 1 and 2 of the 2008 Acts of Assembly – Special Session I (HB5001 and SB5001).
