&
House Bill 30*

February 17, 2008

REPORT OF THE SUBCOMMITTEE
on
Economic Development, Agriculture and
Natural Resources

Mr. Chairman and Members of the Committee:

For the past several weeks, the Subcommittee has been reviewing the budget to determine what changes in spending are needed to help “backfill” the additional general fund shortfall finally announced by the Governor this past Tuesday. The recommendations we bring to you today respond to economic reality. They are measured. They focus on the core of state services in the areas of economic development and natural resources.

Natural Resources:

In the area of natural resources, the subcommittee believed that having fulfilled our commitment to providing \$500 million to reduce the nutrient pollution discharged from sewage treatment plants, it was time to focus our attention on other sources of statewide water pollution. I am pleased to report the subcommittee is recommending the appropriation of \$15 million each year to increase the implementation of agricultural best management practices. Agricultural best management practices represent a true public-private partnership between the Commonwealth and Virginia’s farm community. On average, Virginia’s farmers provide about 65 percent of the costs of implementing agricultural best management practices, which not only control nutrient pollution, but sediment pollution as well.

Likewise, the subcommittee is recommending additional support of Virginia’s outstanding system of state parks. The subcommittee is recommending an additional \$500,000 to provide support for additional staff or the replacement of equipment in the state parks. Mr. Chairman, since 2005, I am proud to report the General Assem-

bly has provided \$9.9 million in additional operating support for the state parks system, including the addition of 88 full-time positions.

Further, Mr. Chairman, to ensure the safety of Virginia's dams and the citizens who live nearby them, the subcommittee is recommending an additional \$1,000,000 be provided each year for the Dam Safety, Flood Prevention and Protection Fund to provide grants and for the repair and rehabilitation of existing dams.

The subcommittee could not have made these funding commitments without rejecting a number of new programs and programmatic expansions. Therefore, the subcommittee recommends foregoing proposals such as increased general fund support for the Virginia Outdoors Foundation and combined sewer overflow projects. Moreover, in light of the funding for land acquisition contained in your capital outlay plan, Mr. Chairman, the subcommittee also felt it could reduce the level of operating support for land acquisition to \$2.0 million per year for the coming biennium.

Commerce and Agriculture:

In the secretariat of Commerce and Trade, the subcommittee's first priority was to meet our existing commitments. With this in mind, I am pleased to report that the subcommittee has provided \$20.5 million for our Code-stipulated semiconductor manufacturing incentive grants.

The subcommittee also recommends funding the first phase of our commitment to the new Rolls Royce aerospace engineering and manufacturing facility locating within the Commonwealth, and to fully finance our previous commitments to companies whose decisions to locate in Virginia make them eligible for payments under the Virginia Investment Partnership (VIP) grant program. We remain vigilant in ensuring our promises are kept to maintain the Commonwealth's status as the #1 state for doing business.

In addition, the subcommittee recommends \$15.1 million for the Governor's Development Opportunity Fund, thus ensuring that

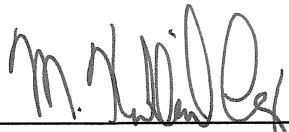

even in slow economic times funding is available to assist localities in closing deals with new and expanding businesses.

The framework that guided the subcommittee's review also resulted in the rejection of a number of programmatic expansions and accelerations. While many of the proposals may have merit, now is not that time to create new programs or expand them. As such, the subcommittee did not recommend proposals to expand the Virginia Jobs Investment program, or accelerate payments to Qimonda and SRI. Last Session the General Assembly approved, and the Governor signed into law, a payment schedule that outlines the Commonwealth's financial commitment to SRI to be paid in fully by 2013. Similarly, existing Code provisions set out the payment schedule for grants to Qimonda which are not due to be paid out until the next biennium.

Finally, Mr. Chairman, the Subcommittee has recognized the consolidation of the Department of Business Assistance and the Virginia Economic Development Partnership pursuant to House Bill 1522. When these agencies were separated in the 1990s the consensus was that as separate agencies, the constituencies served by each would receive better services thereby directly benefiting the Commonwealth. Instead, that separation has resulted in a loss of synergy and the duplication of efforts.

Mr. Chairmen and fellow Committee members, I will ask staff to take you through our detailed recommendations, and then I hope it will be your pleasure to adopt our Subcommittee Report.

Respectfully Submitted by the House Appropriations Subcommittee
on Economic Development, Agriculture & Natural Resources:

M. Kirkland Cox, Chairman

Watkins M. Abbitt, Jr.

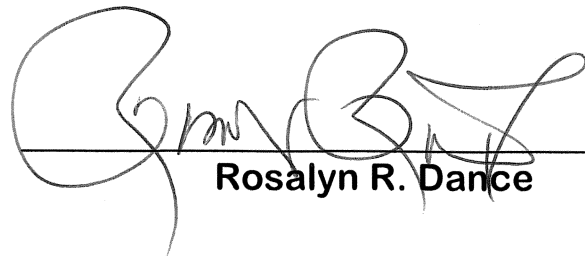

Harvey B. Morgan

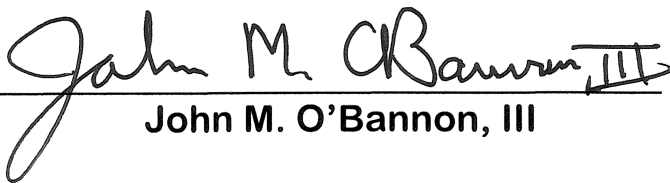

Clarence E. Phillips

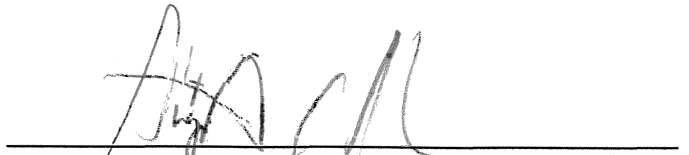

Clarke N. Hogan

Rosalyn R. Dance

Commerce - Economic Development Subcommittee

Item 103 #1h

Commerce And Trade	FY 06-07	FY 07-08	
Department Of Housing And Community Development	\$0	(\$750,000)	GF

Language:

Page 45, line 7, strike "\$45,575,638" and insert "\$44,825,638".

Page 46, strike line 9 through line 24.

Explanation:

(This amendment eliminates a new initiative proposed in the budget as introduced to provide foreclosure counseling services across the Commonwealth.)

Commerce - Economic Development Subcommittee

Item 104 #1h

Commerce And Trade	FY 06-07	FY 07-08	
Department Of Housing And Community Development	0.00	4.00	FTE

Language:

Page 46, line 25, insert:

“The Department of Housing and Community Development is authorized to act as fiscal agent for the Fort Monroe Federal Area Development Authority (FMFADA) created pursuant to Section 15.2 – 6304.1, *Code of Virginia* (Chapters 707 and 740, 2007 Acts of Assembly). As fiscal agent, the department is authorized to conduct payroll, fiscal, procurement, and any other business activities requested by the Board of Commissioners for the FMFADA that are necessary to support the administration of the FMFADA. When acting in its capacity as fiscal agent for the FMFADA, the department shall have discretion regarding the transactions it performs on behalf of the FMFADA. Further, the department may employ staff on behalf of the FMFADA as requested by the Board of Commissioners for the FMFADA. Any such employees shall be placed in restricted positions and shall serve at the pleasure of the Board of Commissioners for the FMFADA.”

Explanation:

(This amendment provides positions to the department for staff for the Fort Monroe Federal Area Development Authority. The department will serve as fiscal agent for the authority. This amendment adjusts the agency's position level to include the staff for the Fort Monroe Federal Area Development Authority.)

"J. Out of the amounts for Tourist Promotion shall be provided \$100,000 in the first year and \$100,000 in the second year from the general fund for the Coalfield Regional Tourism Authority."

Explanation:

(This amendment restores funding for the Coalfield's Regional Tourism Authority which was removed from the budget as introduced. The amendment provides \$100,000 each year from the general fund for operational funding for the Virginia Coalfield Regional Tourism Development Authority which develops, markets and promotes tourism-related efforts throughout the seven coalfield counties in southwest Virginia, including Buchanan, Lee, Russell, Scott, Tazewell, Dickenson, Wise, and the City of Norton. The tourism authority is in its 15th year and is working hard to market the region aggressively to showcase the vast amount of natural and historical resources it has to offer. This funding would allow the Authority to continue its mission to develop, market and expand the region as a whole.)

Page 337, strike lines 5 through 23.

Page 337, line 19, strike "G.2." and insert "G."

Explanation:

(This amendment eliminates the appropriation of \$6.0 million from the general fund, the diversion of \$9.0 million in interest earned on prior appropriations for upgrading wastewater treatment plants, and a deduction of \$5.0 million from the Water Quality Improvement Fund reserve fund established by the General Assembly

Amendments to House Bill 30, as Introduced

during its 2004 Session. A companion amendment appropriates funding for deposit into the newly created Virginia Natural Resources Commitment Fund for the implementation of agricultural best management practices.)

Natural Resources Subcommittee

Item 361 #13h

Natural Resources	FY 08-09	FY 09-10
Department Of Conservation And Recreation	\$6,000,000	\$0 GF
	\$9,000,000	\$0 NGF

Language:

Page 335, line 48, strike "\$64,245,793" and insert "\$79,245,793".

Page 337, after line 4, insert:

"G. Included in the amounts appropriated within this item are \$6,000,000 the first year from the general fund and \$9,000,000 the first year in nongeneral fund revenue derived from the reserve fund established by the General Assembly within the Water Quality Improvement Fund, as described in paragraph B. of Item 360, and \$15,000,000 the second year from the revenue reserve fund contained in Item 473.1 of this act. These amounts shall be deposited into the Virginia Natural Resources Commitment Fund, established pursuant to House Bill 1335 of the 2008 Session of the General Assembly, for the implementation of agricultural best management practices."

Page 337, line 5, strike "G.1." and insert "H".

Page 337, line 19, strike "G.2." and insert "2."

Explanation:

(This amendment provides \$15.0 million the first year from both the general fund and the reserve fund established within the Water Quality Improvement Fund and \$15.0 million the second year from the revenue reserve fund contained in Item 473.1 of the Appropriation Act for deposit into the Virginia Natural Resources Commitment Fund, established pursuant to House Bill 1335 of the 2008 Session of the General Assembly, to implement agricultural best management practices across Virginia. The reserve fund within the Water Quality Improvement Fund, which was established by the 2004 Session of the General Assembly, was designed for use when there were no year-end general fund surpluses available for deposit into the Water Quality Improvement Fund. Given that nonpoint source pollution control strategies are supported solely from any surpluses deposited to the Water Quality Improvement Fund, the reserve fund was implemented to protect against the elimination of those services.)

Amendments to House Bill 30, as Introduced

Natural Resources Subcommittee

Item 361 #14h

Natural Resources	FY 08-09	FY 09-10	
Department Of Conservation And Recreation	(\$500,000)	(\$500,000)	GF

Language:

Page 335, line 48, strike "\$64,245,793" and insert "\$63,745,793".

Page 335, line 48, strike "\$44,245,793" and insert "\$43,745,793".

Amendments to House Bill 30, as Introduced

Page 337, line 24, strike "\$51,412,884" and insert "\$50,462,884".

Explanation:

(This amendment reduces the level of general fund support for the Virginia Outdoors Foundation by \$950,000 each year. This amount was contained in Chapter 847, of the Appropriation Act of 2007, as a one-time appropriation in the first year to assist the Virginia Outdoors Foundation with technology upgrades and other expenses. The Governor's introduced budget that year also contained this amount as a one-time expense. The Virginia Outdoors Foundation already receives a \$1.00 fee on each deed recorded in any locality in which the foundation holds an easement. These fees are estimated to produce \$1.3 million each year for the Virginia Outdoors Foundation's operations. As more easements are recorded in more localities across Virginia, this fee revenue will increase as well.)

Amendments to House Bill 30, as Introduced

the Virginia Water Facilities Revolving Loan Fund. The appropriation was to serve as match for additional federal funds. However, when the Department of Environmental Quality announced that Virginia could fulfill its responsibilities for reducing nitrogen and phosphorus pollution from wastewater treatment plants, these additional federal funds were not available. Given that progress, and the fact that the majority of the loans made by the Virginia Water Facilities Revolving Loan Fund are based upon the stream of repayments from existing loans, it did not seem this additional general fund support was warranted given the reduction in available general fund resources. Furthermore, it was just two years ago that the Governor's introduced budget captured \$3.9 million in general fund match for these federal funds in fiscal year 2007, and an additional \$720,000 in general fund match for fiscal year 2008.)

Page 341, after line 27, insert:

"C. In order to remain eligible for reimbursement grants from the General Assembly under § 10.1-1186.01, Code of Virginia, the Hopewell Regional Wastewater Treatment Facility shall enter into a contractual agreement with a manufacturer operating a facility located in the City of Hopewell, employing more than 600 employees at such facility, to reimburse the manufacturer in the amount of \$5,000,000 for design and installation costs for systems that will reduce total nitrogen annual mass load from that manufacturer to 67 percent of the 2007 total nitrogen mass load discharged by that manufacturer into the Hopewell Regional Wastewater Treatment Facility. Upon a certification by the Department of Environmental Quality that the Hopewell Regional Wastewater Treatment Facility has entered into such an agreement with a manufacturer as described in this paragraph, there shall be a grant made from the Water Quality Improvement Fund in the amount of \$5,000,000 to the Hopewell Regional Wastewater Treatment Facility to finance the costs of reimbursement to the manufacturer. The amount of the grant made to the Hopewell Regional Wastewater Treatment Facility under this paragraph shall be included in calculating the total amount granted to the Hopewell Regional Wastewater Treatment Facility from the Water Quality Improvement Fund for the costs of the design and installation of nutrient removal technology under §

Amendments to House Bill 30, as Introduced

10.1-1186.01 (E)."

Explanation:

(This amendment provides for the reimbursement of the costs of improving the nitrogen removal technology used by a manufacturer that represents 50 percent of the wastewater flowing into the Hopewell Regional Wastewater Treatment Facility. The nitrogen reductions in the manufacturer's discharge to the wastewater treatment facility should yield much quicker improvements in the water quality surrounding Hopewell than would be the case while design plans and construction of a upgrades to the entire Hopewell wastewater treatment plant were implemented. This amendment should also reduce the scope of the changes needed by the Hopewell Regional Wastewater Treatment Facility.)

"Out of the amounts appropriated for Enforcement of Boating Safety Laws and Regulations, \$25,000 the first year and \$25,000 the second year in nongeneral funds is provided to develop the navigation aid system on Leesville Lake in conformance with U.S. Coast Guard standards."

Explanation:

(This amendment provides \$25,000 each year in nongeneral funds to develop the navigational aid system on Leesville Lake in conformance with U.S. Coast Guard standards. The only navigational aids currently in place on the lake were provided by a local boating association. In addition, there are no lights on nearby bridges or the docks for mooring boats.)

"I. Pursuant to § 28.2-302.3, Code of Virginia, \$146,278 in nongeneral fund

Amendments to House Bill 30, as Introduced

proceeds from the Virginia Saltwater Recreational Fishing Development Fund shall be used each year to supplant a similar amount of general fund support now supporting Marine Life Regulation Enforcement.

J. Pursuant to § 28.2-208, Code of Virginia, \$100,000 in nongeneral fund proceeds from the Marine Fishing Improvement Fund shall be used each year to supplant a similar amount of general fund support currently supporting Chesapeake Bay Fisheries Management and Oyster Propagation and Habitat Improvement. The Marine Resources Commission shall determine the method for distributing this \$100,000 between the two marine fisheries management programs."

Explanation:

(This amendment supplants general fund support for Marine Life Regulation Enforcement, Chesapeake Bay Fisheries Management, and Oyster Propagation and Habitat Improvement using license revenue collected from the sale of commercial and recreational fishing licenses. The total amount of general fund support that will be supplanted by these license revenues is \$246,278. Currently, the Marine Resources Commission uses a large portion of these license revenues to provide grants to other state agencies and non-state agencies for various projects. In addition, when confronted by the need to reduce its budget, the Marine Resources Commission offered up the use of these license fee revenues to offset its budget reductions. That strategy was adopted by the Governor in his October 2007 budget reduction plan.)
