

Report of the Subcommittee on
Capital Outlay

(Amendments to SB 850,
as Introduced

Senate Finance Committee
Virginia General Assembly

February 8, 2009

Mr. Chairman:

As with the other subcommittee reports presented today, the Capital Outlay subcommittee's report reflects the austerity of the times. The most significant of our recommendations is the endorsement of the conversion of previously approved capital projects from cash to general fund supported bonds. This generates \$350 million to address the budget shortfall.

Our report is not all austerity, however. We are pleased to be able to recommend the appropriation of \$34.8 million to equip buildings that will soon be completed.

Last year we were pleased by the Finance Committee's, and the Senate's, support of our efforts to move forward with a major program of capital construction. To maintain the momentum from last year's efforts we are recommending language that will allow agencies and institutions to complete planning of those projects authorized for pre-planning or preliminary working drawings in last year's bond bill from non-general funds.

This year, we are pleased to be able to make our contribution in support of the Finance Committee's efforts to balance the budget.

Mr. Chairman, we believe that our recommended amendments are in the best interest of the Commonwealth. It is our hope it will be your pleasure to adopt them.

Respectfully Submitted,

The Honorable Henry L. Marsh, III, Chairman

The Honorable Charles J. Colgan

The Honorable R. Edward Houck

The Honorable Kenneth W. Stolle

The Honorable Emmett W. Hanger, Jr.

The Honorable John C. Watkins

The Honorable L. Louise Lucas
