REPORT OF THE SUBCOMMITTEE

on

TRANSPORTATION

Mr. Chairman and Members of the Committee:

While representing only a very small portion of the general fund budget, again this year transportation has been at the forefront of committee deliberations. I want to thank you for the leadership you have provided and congratulate you for ensuring that a broad-based transportation package was thoroughly vetted and adopted by this committee. Our strong commitment to investments in core infrastructure across the Commonwealth – both highway and transit - is evidenced both in the budget and other legislation this committee has adopted this Session.

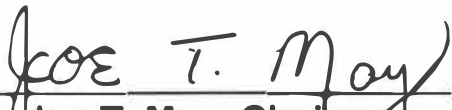

Mr. Chairman, the Subcommittee recommendations for transportation commit \$400.0 million to capitalize the Virginia Transportation Infrastructure Bank approved as part of House Bill 2527. This includes \$150.0 million from fiscal year 2010 excess general fund revenues as well as \$250 million of nongeneral funds identified in the comprehensive audit of VDOT undertaken this past fall. Also related to House Bill 2527 is language increasing the cap on the existing VDOT revenue sharing program from \$50.0 million to \$200.0 million each year. For decades this program has successfully leveraged available transportation funds by matching local contributions for projects with a dollar for dollar match from Commonwealth Transportation Funds.

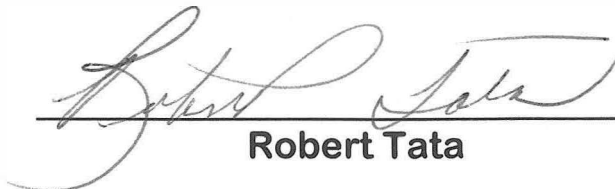

In addition, the amendments to Chapter 874 appropriate an additional \$512.8 million of Commonwealth Transportation Fund revenues. These amounts reflect the improvement we are beginning to see in our economy. Instead of reductions in VDOT funding as we saw during the recent recession, VDOT ended fiscal year 2010 ahead of the forecast, and as the amendments reflect, transportation revenues are anticipated to grow over the next two years.

Finally Mr. Chairman, and of personal interest to me, the amendments includes the transfer of the Virginia Commercial Space Flight Authority from the Virginia Economic Development Partnership to the Department of Aviation. This shift reflects the joint goals of these entities and the growing linkage between aviation and space flight as it enters its commercial phase. We have a priceless resource at Wallops Island and it is my hope that this merger will provide the necessary ongoing funding stream to ensure its success.

The details of the Subcommittee's report are contained in the attachments. Committee staff will review the report and the attached listing of our recommendations at this time, and I hope it will be the Committee's pleasure to adopt the report.

Respectfully Submitted by the House Appropriations Subcommittee

"E.1. Out of the amounts included in this item \$1,379,095 the second year shall be provided to the Virginia Commercial Space Flight Authority.

2. The Department of Aviation, in its role supporting the Virginia Aerospace Advisory Council, shall take the necessary steps to develop and publish a Virginia Strategic Plan for Aerospace. The plan shall be prepared for the Virginia Aerospace Advisory Council and delivered to its Chairman by December 1, 2011.

3. In support of the Virginia Strategic Plan for Aerospace, the Department will also include the aerospace industry in its competitive analysis of the aviation industry. The Virginia Aviation and Aerospace Industry Competitive Analysis will compare the Commonwealth's competitive standing for these two industry sectors within the region and nationally."

Explanation:

(This amendment transfers the Virginia Commercial Space Flight Authority's pass-through grant funding from the Virginia Economic Development Partnership to the Virginia Department of Aviation to reflect the joint goals of these entities and the linkage between general aviation and commercial space flight. A companion amendment to Item 114 eliminates the funding in the VEDP.)
