Adopted Amendments to the 2012-14 Budget

Adopted amendments to the 2012-14 budget, Chapter 1 of the 2014 Special Session I Acts of Assembly (HB 5001), include \$186.2 million in general fund resources above those assumed in Chapter 806 of the 2013 Acts of Assembly (HB 1500). These resources include: (1) a net balance addition of \$287.8 million; (2) a downward revision to the general fund revenue forecast of \$92.3 million, and (3) reductions in transfers of \$9.3 million. When combined with the \$11.6 million unappropriated balance contained in Chapter 806, the net adjustments provide \$197.8 million in additional resources.

The amended budget also includes net spending reductions of \$280.9 million. When spending reductions are added to the available resources, a balance of \$478.6 million remains to be carried forward into the next biennium in Chapter 2 of the 2014 Special Session I Acts of Assembly (HB 5002), the 2014-16 biennial budget.

Changes in Net Balance

FY 2013 ended with a GF balance of \$585.0 million above what was expected, primarily as a result of \$264.3 million in revenues and transfer collections above the estimate and \$184.4 million in unspent agency balances.

Following the year-end close of FY 2013, the Comptroller reserved \$148.2 million from the unanticipated revenue to supplement the \$95.0 million that was appropriated in the 2013 session as an advance Rainy Day Fund reserve payment. In total, a payment of \$243.2 million will be made in FY 2015 based on FY 2013 revenues. An additional \$59.9 million Rainy Day Fund payment anticipated to be required in FY 2016 will not be needed based on revised FY 2014 revenue growth.

The unanticipated FY 2013 revenue will also be used to satisfy the statutory requirement that 10 percent of year-end surpluses be appropriated to the Water Quality Improvement Fund and to provide the Transportation Trust Fund with its share of the accelerated sales tax.

The balance carried forward in Chapter 1 is further reduced to reflect the reappropriation of \$131.7 million GF in FY 2013 capital and mandatory and discretionary agency balances. Legislative agency balances of \$7.4 million and the reversion of FACT Fund balances of \$5.3 million offset a portion of the reductions in balances.

Finally, after a number of technical amendments are made to reconcile the Comptroller's year-end balance with amounts already captured in the approved budget, and to remove NGF's that are reported as GF resources due to Governmental Accounting Standards Board requirements, the net balance change totals \$287.8 million.

Changes in Revenue

Although FY 2013 revenue collections exceeded the estimate, the growth rates for withholding, sales and corporate income taxes were lower than projected. As a result, the net FY 2014 revenue reduction of \$92.3 million in Chapter 1 reflects base adjustments resulting from higher than anticipated revenues in FY 2013, offset by assumed lower growth for the major sources in FY 2014. The revenue reduction also reflects a mid-session downward revision of \$125.0 million in FY 2014, largely due to slower growth in payroll withholding and nonwithholding through January 2014.

Also reflected in the net forecast adjustments is the deferral of \$10.0 million in revenue assumed to be generated by the sale of Brunswick Correctional Center. Chapter 2, the 2014-16 biennial budget, includes \$10.0 million in FY 2016 from the expected sale.

As a result, the revised FY 2014 revenue growth rate is 1 percent, including the effect of the accelerated sales tax and policy changes from Chapter 766 of the 2013 Acts of Assembly (HB 2313). On an economic basis, the underlying assumption is 2.1 percent growth. Year-to-date revenue growth through May, 2014 is (1.6) percent, (0.6) percent after adjustments, due to a 26 percent decline in the final payments received during the 2014 tax filing season when compared to a forecast of no decline. (Note: While the June 2014 revenue report was not available at the time

the summary went to press, the Governor announced in early July that year-end revenues were \$438.5 million below the estimate, reflecting a 1.6 percent decline from FY 2013 collections.)

Changes in Transfers

Several actions result in transfer reductions of \$9.3 million in Chapter 1, including 1) reversion of \$10.7 million in balances from the Governor's Opportunity Fund; 2) additional sales tax of \$4.4 million transferred to the Game Protection Fund based on a survey of sporting equipment and watercraft sales; 3) an \$11.7 million reduction from the proceeds of the Alexandria regional ABC office due to a delay in the sale (Chapter 2 includes \$12.5 million in FY 2015); and 4) a \$10.9 million reduction in the estimated sales tax transfer for K-12 education based on an overall reduction in the sales tax forecast.

Legislative

- **Legislative Agency Balance Reversion**
 - *Additional Balances.* Includes, in Central Appropriations, \$7.4 million in additional general fund balance reversions from Legislative agencies by June 30, 2014.

Judicial

- **Supreme Court of Virginia**
 - *Criminal Fund.* Provides an additional \$1.0 million GF for FY 2014 for the cost of appointing attorneys to represent an increased number of indigent defendants in criminal cases and other increased costs associated with the Criminal Fund. In the budget bill, this total amount is distributed to Circuit, General District, Juvenile and Domestic Relations District, and Combined District Courts.
 - *Judicial Department Reversion Clearing Account.* Updates the projected FY 2014 reversions to the general fund from judicial vacancies. The reversion from judicial vacancy savings is increased by \$1,341,796 based on the actual number of judicial vacancies, and the budget includes \$350,000 in additional general fund balances from the Indigent Defense Commission.

Administration

- **Compensation Board**
 - *Additional Funding for Per Diem Payments to Local and Regional Jails.* Provides \$9.3 million GF in FY 2014 for an increase in projected per diem payments to local and regional jails.

Agriculture and Forestry

- **Department of Agriculture and Consumer Services**
 - *Sale of Northern Neck Farmers Market.* Provides language in Part 3 authorizing the sale of the Northern Neck Farmers Market in Oak Grove and requires that the

proceeds of the sale shall be used first to pay any outstanding tax-exempt bonds on the property. Any remaining proceeds would be deposited in the general fund.

- *Eliminate Charitable Gaming Positions.* Includes a savings of \$150,000 GF in FY 2014 in Central Appropriations from elimination of 2.0 FTE positions in the Charitable Gaming inspection and enforcement unit. Funding for these positions was provided by the 2013 General Assembly but the Administration never authorized filling of the positions.
- *Supplant GF for Grain Marketing Positions.* Includes a savings of \$132,000 GF in FY 2014 in Central Appropriations from supplanting general funds with fees charged to producers. Growth in existing fee revenue from expanding exports supports the increased number of positions.
- **Department of Forestry**
 - *State Forest Mitigation Acquisition Fund.* Adjusts language approved in Chapter 806 to reflect that an anticipated \$9.8 million NGF deposit to the Fund will occur in FY 2014 instead of FY 2013.
 - *Accounts Receivable System.* Includes language to reduce the amount that may be used from the Reforestation of Timberlands Program from \$240,000 to \$92,500 for the agency's accounts receivable system. The majority of the expenses for the system will occur in FY 2015; a corresponding amendment in Chapter 2 authorizes the balance to be funded in the next biennium.

Commerce and Trade

- **Economic Development Incentive Payments**
 - *Adjust Funding for VIP Grants.* Includes a reduction of \$127,500 GF in FY 2014 from the Virginia Investment Partnership (VIP) Grant Program. Shifts \$800,000 NGF from the Virginia Economic Development Incentive Grant subfund from FY 2013 to FY 2014 due to a revised estimate of grant payments due during the current fiscal year.
 - *Life Sciences Consortium.* Adjusts language to clarify that any additional institution that joins the consortium will be required to provide at least a \$50,000 cash contribution for each year of participation and will then be considered a participating member for purposes of defining eligibility for grant funding.

- **Department of Housing and Community Development**
 - *Increase Funding for Fort Monroe Authority.* Provides an increase of \$701,620 GF in FY 2014 for the Fort Monroe Authority to address higher than anticipated utility and maintenance costs. This will bring the FY 2014 GF appropriation for the Authority to \$5.8 million.
- **Virginia Racing Commission**
 - *Reduce Operating Expenditure.* Includes a reduction of \$266,998 NGF to the agency's equine research incentives and a reduction of the anticipated transfer to the general fund by \$550,000 in FY 2014 based on reduced revenue estimates from pari-mutual wagering.

Public Education

Adopted amendments to Direct Aid to Public Education decrease general funds by a net \$102.2 million while increasing nongeneral funds by a net \$79.1 million in FY 2014, primarily reflecting an increase in projected Lottery Proceeds, Literary Funds, and higher than projected enrollments, which are mostly offset by available balances in the Salary Compensation Supplement.

- **Direct Aid to Public Education**
 - *Reflect Updated Lottery, Sales Tax, and Literary Fund Projections.*
 - Adjusts funding to reflect an increase of \$33.0 million NGF in the revised forecast estimate of Lottery proceeds for FY 2014, \$22.2 million NGF in available transfers from proceeds earned in FY 2013, and another \$15.5 million NGF identified by the Lottery Board based on a mid-session analysis. General funds are offset by a net like amount of \$70.5 million.
 - Decreases funding by a net of \$16.6 million GF that is based on the latest sales tax revenue projection which decreased the estimated forecast by \$37.8 million GF and an increase of \$21.2 million GF in Basic Aid funding to back-fill the state's share of about 55 percent of the costs.
 - Adds \$2.5 million GF instead of available Literary Fund revenue to pay a portion of teacher retirement, but also reduces funding by \$10.9 million GF based on the forecast prepared by the Department of Treasury and identification of prior commitments to the Literary Fund.

– *Projected Enrollment and Participation.*

- Student Enrollment Counts. Adds \$7.6 million GF to fund an increase of 1,619 students from the latest fall membership counts and backfills \$4.3 million GF that was transferred from FY 2014 to FY 2013 for higher than projected final enrollments. Also reduces funding by \$898,488 GF to reflect actual enrollment in Remedial Summer School and English as a Second Language programs.
- Incentive and Categorical Programs. Captures \$3.0 million GF in the Strategic Compensation Grant initiative and about \$332,264 in Governor’s Academic Schools account balances, along with \$2.9 million GF across various Special Education regional based programs (Homebound, State Operated Programs & Jails) for changes in Fall Membership, participation rates, and test scores.
- Transportation Data Technical Update. Adds \$228,977 GF to correct for new information provided on February 6, 2014, related to Radford City Schools’ pupil transportation system to include transporting all students on yellow school buses. Previously, some students used the city transit system.

– *Capture Balances.*

- Compensation Supplements. Reduces funds by \$9.3 million GF as a result of localities not providing the salary increases needed to be eligible for the state incentive funding for a 2 percent salary supplement for instructional and support positions.
- Reading Specialists. Captures \$474,800 GF based on actual participation levels in the new reading specialists program.

– *Language.*

- Changes authority from the Board of Education to the Department of Education for both the Literary Fund Subsidy Program and the Educational Technology Grant Program.
- Authorizes the Department of Education to use \$12.4 million NGF of Literary Fund revenues in FY 2014 to provide debt service payments for the education technology grant program conducted through Virginia Public School Authority in FY 2013.
- Adds clarifying language in the Virginia e-Learning Backpack Grant Initiative to allow eligible high schools receiving such a grant, but do not have 10, 11, or 12 graders, to transition the remaining grant funding along with

their students to the primary receiving school for all years subsequent to grade 9.

- Adds language specifying that state funding provided for educational programs in local or regional detention homes (in the state operated programs account) will be based only on students detained in these facilities through a court order issued by a Virginia court.

- **Department of Education**

- *Reductions.* Reduces funding by \$105,720 GF by holding 1 to 2 GF positions vacant in FY 2014 and captures \$35,000 GF by reducing training for teacher evaluation funds. These reductions are reflected in Central Appropriations, Item 471.10.
- *Neighborhood Assistance Act Tax Credit.* Increases the annual taxable year limitation from \$50,000 on individual tax credits to \$125,000 on individual donations. This language change is reflected in Part 3-5.04 of the budget.
- *Opportunity Education Institution.* Directs the Department of Planning and Budget to revert \$450,000 GF that had been previously been transferred administratively to the Opportunity Educational Institution. This reduction is reflected in Central Appropriations, Item 471.

- **Secretary of Education**

- *College Lab Schools.* Captures savings from uncommitted funding for the College Partnership Lab Schools initiative intended to test innovative approaches to teaching. After several rounds of grant applications and awards, there is approximately \$800,000 GF in uncommitted balances in FY 2014 remaining from this program. This reduction is reflected in Central Appropriations, Item 471.
- *Virginia School for the Deaf and Blind.* Restores \$300,000 GF based on the lack of certain rental income assumed in the current adopted budget and requires a report by June 30, 2014. This adjustment is reflected in Central Appropriations, Item 471.10.

Finance

- **Department of Accounts Transfer Payments**

- *Adjust Funding for the Tennessee Valley Authority Payments in Lieu of Taxes.* Includes an additional \$200,000 GF in FY 2014 for distribution to the Tennessee Valley Authority for payments in lieu of taxes to reflect current revenue projections.

- **Department of Taxation**
 - *Funding for Additional Compliance Collection Staff.* Provides \$232,616 GF in FY 2014 so the Department can begin filling 10 new tax compliance staff positions. Chapter 2 assumes \$10.0 million GF in additional revenue in both FY 2015 and FY 2016 from this initiative. Chapter 1 assumes \$747,531 GF in additional revenues in FY 2014 from this initiative.
- **Treasury Board**
 - *Adjust Debt Service Funding.* Reflects savings of \$5.1 million GF in FY 2014 as the result of the recent issuance of Virginia College Building Authority and Virginia Public Building Authority bonds at interest rates lower than previously assumed.

Health and Human Resources

- **Department of Health**
 - *Provide Funding for Plan Management Functions of Federally-Facilitated Insurance Marketplace.* Adds \$80,000 GF in FY 2014 to fund the Department’s federal quality health plan certification process and supporting managed care insurance plan requirements. This cost will be offset by federal funds should they become available.
- **Department of Medical Assistance Services (DMAS)**

Forecast Changes

 - *Medicaid Utilization and Inflation.* Includes savings of \$73.6 million GF and provides \$14.6 million NGF in federal Medicaid matching funds in FY 2014 from the impact of lower Medicaid managed care rates in FY 2012. Lower general fund costs are primarily attributable to lower than expected enrollment growth in FY 2014, slightly lower fee-for-service spending and a lower “clawback” payment to the federal government for the Medicare Part D (Prescription Drug) program.
 - *Reduce Spending for Medicaid-Related State Child Health Insurance (SCHIP) for Low-Income Children.* Includes savings of \$2.8 million GF and \$8.2 million NGF in federal matching funds in FY 2014 for Medicaid-eligible low-income children living in families with incomes between 100 and 133 percent of the federal poverty level. The federal government matches Medicaid expenditures for these children at the same rate as that provided for the Family Access to Medical Insurance Security (FAMIS) program (about 65 percent). Projected savings in FY 2014 are the result of

lower managed care rates paid to providers and lower projected costs of the “woodwork” effect.

- ***Reduce FAMIS Funding to Align Spending with Projected Costs.*** Reduces spending by \$8.6 million GF and \$16.0 million NGF from federal Medicaid matching funds in FY 2014 for the FAMIS program to adjust spending for lower than projected managed care rates paid to providers.

- ***Adjust Virginia Health Care Fund Appropriation.*** Reduces by \$91.1 million GF and adds \$91.1 million NGF in FY 2014 to reflect additional revenues to the Virginia Health Care Fund primarily from higher Medicaid recoveries related to pharmacy rebates as well as accumulated unspent balances due to lower than expected Medicaid costs. Revenues from the Fund are used as a portion of the state’s match for the Medicaid program; therefore, higher revenues to the Fund allow for a reduction in general fund support. Revenues in the Fund are derived from tobacco taxes, Medicaid recoveries, and a portion of the Master Tobacco Settlement Agreement (41.5 percent of tobacco settlement revenues). Major revenue changes can be attributed to:
 - \$44.4 million in additional Medicaid recoveries related to pharmacy rebates;
 - \$31.9 million in additional Medicaid recoveries due to recent settlements, primarily the recent settlement with McKesson Corporation due to artificially high Medicaid drug prices;
 - \$7.4 million in reduced tobacco tax revenues;
 - \$2.0 million in additional MSA Settlement revenues; and
 - \$20.2 million from unspent balances due to underspending in Medicaid in FY 2013, meaning these revenues can be used to offset spending in FY 2014.

- ***Adjust Funding for Involuntary Mental Commitments.*** Reduces funding by \$525,583 GF in FY 2014 to reflect lower costs of hospital and physician services for individuals subject to an involuntary mental commitment.

Other Changes

- ***Provide Additional Funding for Medicaid Call Center.*** The approved budget includes \$1.7 million GF and \$13.3 million NGF from enhanced federal Medicaid matching funds in FY 2014 to provide full funding for a centralized customer service call center for applicants and/or recipients of Medicaid and FAMIS as well as other related functions necessary for the efficient and effective implementation of eligibility determination and enrollment for these programs. Federal regulations

require that individuals be allowed to enroll in Medicaid by telephonic means, including recorded signatures. Last year's budget included a deposit of \$1.5 million GF the second year to establish base funding for the call center.

- ***Revised Estimate of Indigent Care Cost Savings.*** Adds \$1.4 million GF and \$1.4 million NGF from federal Medicaid matching funds reflecting a revised estimate of the cost of paying for indigent care for individuals with income between 100 and 200 percent of poverty. Enrollment delays associated with the implementation of the federal Health Insurance Marketplace resulted in fewer individuals migrating to the federal program and remaining uninsured, contributing to less indigent care savings than previously assumed.
- ***Adjust GF to Reflect One-time Federal Bonus.*** Reduces funding by \$5.8 million GF in FY 2014 and replaces it with a one-time federal bonus payment of \$5.8 million NGF, as a result of enrolling more children in public health care programs.
- ***GF Savings from Exceptional Rate Increase.*** The approved budget reduces funding by \$1.8 million GF and \$1.8 million NGF from federal Medicaid matching funds in FY 2014 due to a delay in the approval of an exceptional rate increase for certain community-based Medicaid waiver services.

- **Department of Behavioral Health and Developmental Services**

- ***Fund Conditional Release Program.*** Adds \$153,720 GF in FY 2014 to supervise individuals ordered by the courts to participate in the sexually violent predators conditional release program. An estimated 55 individuals will participate in this program by the end of FY 2014, slightly more than originally estimated. About 17 additional individuals are expected to enter the program by the end of the fiscal year.
- ***Authorize Anticipation Loan for Electronic Health Records.*** Adds language authorizing the agency to request a treasury loan of not more than \$3.1 million GF to provide funding for the implementation of electronic health records at state mental health hospitals and training centers. Repayment is expected to be made from federal Medicare incentive funds related to this effort. Language specifies that the loan will be repaid no later than June 30, 2015. The use of electronic health records is mandated by the federal Patient Protection and Affordable Care Act in order to continue receiving Medicaid and Medicare reimbursement for services.
- ***Increase Line of Credit for Agency.*** Authorizes an increase in the line of credit for the department by \$10.0 million, bringing the authorization to \$30.0 million. The department will not receive full reimbursement from the Medicaid program until

cost settlements are paid in the spring, due to the downsizing and closure of state facilities.

- ***Adds Language to Allow Reductions to Earmarks Using Federal Block Grant Funds.*** Adds language to allow for the proportional reduction of federal Community Mental Health Services Block Grant funds for two specialized geriatric mental health services programs. It is anticipated that the federal government will reduce funding for this block grant due to sequestration.

- **Department of Social Services**

- ***Foster Care and Adoption Forecast.*** The approved budget includes a reduction of \$3.4 million GF and \$3.0 million NGF in FY 2014 for forecast changes to the foster care and adoption subsidy programs. Adoption subsidies are projected to increase by \$5.5 million GF in FY 2014. This increased cost is offset by projected declines in Title IV-E foster care expenditures of \$2.1 million GF.
- ***Offset Loss of Nongeneral Fund Revenues for Child Support Enforcement Operations.*** Adds \$2.9 million GF and reduces funding by \$2.9 million NGF in FY 2014 for child support enforcement operations. Nongeneral fund revenues come from allowable retained child support collections on behalf of Temporary Assistance to Needy Families (TANF) recipients. Federal law allows the program to retain any child support payments in excess of \$50 each month for operating costs if the family receives TANF assistance in addition to child support.

As the TANF caseload continues to decline, the amount of child support collected on their behalf also declines. These retained collections are used to provide the state match for federal child support enforcement funding. It is estimated that retained TANF collections will decline by \$3.9 million NGF in FY 2014. The approved budget assumes that \$1.0 million NGF of this loss will be covered through efficiencies implemented within the Division of Child Support Enforcement. Because the state receives \$2.00 in federal support for every \$1.00 in general fund match, the division will need to achieve efficiencies totaling \$3.0 million to make up for the loss in collections and federal matching dollars.

- ***Adjust Funding to Reflect Changes in Eligibility Operations.*** Reduces funding by \$1.4 million GF and increases funding by \$5.8 million NGF from enhanced federal Medicaid funds the second year as a result of changes in the cost of modernizing the Department of Social Services' eligibility determination infrastructure and revising department policies. The Department has received approval to accept enhanced federal Medicaid funding for the eligibility operations upgrade, resulting in savings to the Commonwealth.

- ***Capture Surplus in Funding for the Auxiliary Grant Program.*** Reduces funding by \$2.0 million GF for the auxiliary grant program in FY 2014. Fewer individuals are expected to participate in the program.

- ***Adjust TANF Funding to Account for Providing Mandated Benefits.*** The approved budget includes a net reduction in TANF spending of \$11.7 million NGF due to the continued decline in the TANF caseload of 3 percent. TANF funding for mandated cash assistance and VIEW child care assistance is expected to decline by \$18.6 million NGF in FY 2014. This reduction is offset by additional TANF spending allocations for a caseload reserve of 3 percent (\$2.8 million NGF), information systems (\$1.0 million NGF), and local DSS staff support (\$3.1 million NGF). The following table details the changes from Chapter 806.

Natural Resources

- **Department of Game and Inland Fisheries**
 - *Increase Transfer to Game Protection Fund.* Increases the transfer from the general fund to the Game Protection Fund by \$2.4 million in FY 2014 based on revenue collected from the sales of various hunting, fishing, and wildlife-watching equipment in Virginia. The increase is based upon the most recent estimates produced by the U.S. Department of the Interior, Fish and Wildlife Service, U.S. Department of Commerce, and Bureau of the Census National Survey of Fishing, Hunting, and Wildlife-Associated Recreation, pursuant to § 58.1-638 E., *Code of Virginia*.
 - *Increase Transfer to Game Protection Fund for Watercraft Sales.* Increases the general fund transfer to the Game Protection Fund by \$2.0 million in FY 2014 to reflect additional watercraft sales and use taxes.

Public Safety

- **Department of Corrections**
 - *Substance Abuse Treatment Grant.* Includes \$342,147 GF in FY 2014 for the state share of a federal grant for the Residential Substance Abuse Treatment program. The state matching share has been increased, resulting in DOC paying a larger proportion of the total cost of the program.
 - *River North Correctional Center.* Adds \$723,819 GF in FY 2014 for previously approved increases in personal services costs. The amounts provided for this purpose in Central Appropriations by the 2013 General Assembly did not factor in the new employees hired after the session at this new facility, which opened in October 2013.
- **Department of Emergency Management**
 - *Appropriation Reduction.* Removes surplus funding of \$520,901 GF previously provided for VITA transformation.
- **Department of Juvenile Justice**
