**REPORT OF THE SUBCOMMITTEE**  
**on**  
**HEALTH & HUMAN RESOURCES**

Mr. Chairman and Members of the Committee:

The Health and Human Resources Subcommittee had to face a number of difficult issues this Session which will influence how the Commonwealth will meet the needs of some of the most vulnerable individuals in our care in the next few years. I want to take this moment to thank the members of the Subcommittee for spending a tremendous amount of time understanding the complex issues and developing recommendations to move Virginia forward.

Once again, we wrestled with the tremendous unmet need for mental health and substance abuse treatment. While I believe we have made some inroads in recent years in helping Virginians suffering from mental illness and substance use disorder, there remains more to do. I am proud to report that the Subcommittee is recommending \$28.8 million over the biennium to address the community mental health safety net. The amendments before you implement a comprehensive Medicaid benefit package for substance abuse treatment and expand the Medicaid waiver program for seriously mentally ill individuals from 60 to 80% of the federal poverty level. In addition, the amendments build on our previous efforts to expand children's crisis services, PACT teams, permanent supportive housing and discharge assistance for individuals ready to leave our mental health hospitals.

One of the more difficult policy decisions we had to deal with this Session was whether Virginia should continue to care for geriatric patients with serious mental illness at our state mental health facilities. As you know, the introduced budget proposed closing Catawba Hospital and then putting a plan in place to figure out how to care for the patients at that hospital. This seemed a little backward to the members of the Subcommittee. We believe that we should plan first before we close the doors of what may be the only place where these frail elderly individuals

can get the care they need. For that reason, we are recommending to keep Catawba Hospital open. However, we are recommending that a comprehensive plan of our mental health system of care for geriatric patients be undertaken before we make any decisions on closing mental health hospitals. The planning process will include an independent assessment of the needs of our mentally ill geriatric patients, community capacity to meet their needs and an assessment of best practices and models of care used by other states.

The Subcommittee also continued its work on improving services for individuals with intellectual and developmental disabilities. We are recommending \$104.0 million over the biennium in state funds to enhance our system of care and address the U.S. Department of Justice Settlement Agreement. This includes adding a total of 1,105 Medicaid waiver slots, 250 more than the agreement requires. This funding will also be used to redesign our three waiver programs to ensure the appropriate level of services are available to meet the varied needs of individuals leaving state training centers for the community and those already in the community who need services to avoid institutional care. It is hoped that by accessing the right types of services, eventually we will be able to serve more individuals who are on the waiting lists.

As we continue to downsize our state training centers pursuant to the DOJ Settlement, the General Assembly, in our collective wisdom determined that the proceeds of the sale of any surplus property at our state training centers be deposited into the Behavioral Health and Developmental Services Trust Fund. This session we had a number of requests on how to allocate the current and future proceeds in the Trust Fund, in anticipation of the sale of the Northern Virginia Training Center. The Subcommittee had several intense discussions on this issue. After careful consideration, we agreed on a modest spending proposal that meets the intended purpose of the Trust Fund and expands needed capacity in priority order.

The Subcommittee is recommending the appropriation of up to \$6.1 million over the biennium from the Behavioral Health and Developmental Services Trust Fund. This funding will be used to develop community housing options, specialized services or capital

improvements with priority given to projects serving individuals transitioning from Southwestern Virginia Training Center, and then projects related to Central Virginia Training Center transitions. The third priority for the use of the funding will be to build additional capacity in Northern Virginia for Virginia residents with intensive behavioral or medical needs who are currently unable to access appropriate needed services or residential supports. We are also recommending amendments to preserve the General Assembly's role to appropriate the Trust Funds after careful review expenditure requests.

Mr. Chairman, I want to thank you and the members of this Committee for supporting the Subcommittee's work this Session. Now, I will ask staff to take you through our detailed recommendations, and then I hope it will be your pleasure to adopt our Subcommittee report.

Respectfully Submitted by the House Appropriations Subcommittee on Health & Human Resources:

A. The Commissioner, Department of Behavioral Health and Developmental Services shall, at the beginning of each fiscal year, establish the current capacity for each facility within the system. When a facility becomes full, the commissioner or his designee shall give notice of the fact to all sheriffs.

B. The Commissioner, Department of Behavioral Health and Developmental Services shall work in conjunction with community services boards to develop and

*Amendments to House Bill 29, as Introduced*

implement a graduated plan for the discharge of eligible facility clients to the greatest extent possible, utilizing savings generated from statewide gains in system efficiencies.

C. Notwithstanding § 4-5.09 of this act and paragraph C of § 2.2-1156, Code of Virginia, the Department of Behavioral Health and Developmental Services is hereby authorized to deposit the entire proceeds of the sales of surplus land at state-owned behavioral health and intellectual disability facilities into a revolving trust fund. The trust fund may initially be used for expenses associated with restructuring such facilities. Remaining proceeds after such expenses shall be dedicated to continuing services for current patients as facility services are restructured. The trust fund will receive any savings resulting from facility restructuring. Thereafter, the fund will be used to enhance services to individuals with mental illness, intellectual disability and substance abuse problems.

D. The Department of Behavioral Health and Developmental Services shall identify and create opportunities for public-private partnerships and develop the incentives necessary to establish and maintain an adequate supply of acute-care psychiatric beds for children and adolescents.

E. The Department of Behavioral Health and Developmental Services, in cooperation with the Department of Juvenile Justice, where appropriate, shall identify and create opportunities for public-private partnerships and develop the incentives necessary to establish and maintain an adequate supply of residential beds for the treatment of juveniles with behavioral health treatment needs, including those who are mentally retarded, aggressive, or sex offenders, and those juveniles who need short-term crisis stabilization but not psychiatric hospitalization.

F. Out of this appropriation, \$656,538 the first year and \$656,538 the second year from the general fund shall be provided for placement and restoration services for juveniles found to be incompetent to stand trial pursuant to Title 16.1, Chapter 11, Article 18, Code of Virginia.

G. Out of this appropriation, \$50,000 the first year and \$50,000 the second year from the general fund shall be used to pay for legal and medical examinations needed for individuals living in the community and in need of guardianship services.

H. Out of this appropriation, \$2,059,930 the first year and \$2,419,930 the second year from the general fund shall be provided for services for the civil commitment of sexually violent predators including the following: (i) clinical evaluations and court testimony for sexually violent predators who are being considered for release from state correctional facilities and who will be referred to the Clinical Review Committee for psycho-sexual evaluations prior to the state seeking civil commitment, (ii) conditional release services, including treatment, and (iii) costs associated with contracting with a Global Positioning System service to closely monitor the movements of individuals who are civilly committed to the sexually violent predator program but conditionally released.

I. Out of this appropriation, \$136,715 the first year and \$146,871 the second year from the general fund shall be used to operate a real-time reporting system for public and private acute psychiatric beds in the Commonwealth.

*Amendments to House Bill 29, as Introduced*

J. The Department of Behavioral Health and Developmental Services shall submit a report to the Governor and the Chairmen of the House Appropriations and Senate Finance Committees no later than December 1 of each year for the preceding fiscal year that provides information on the operation of Virginia's publicly-funded behavioral health and developmental services system. The report shall include a brief narrative and data on the numbers of individuals receiving state facility services or CSB services, including purchased inpatient psychiatric services, the types and amounts of services received by these individuals, and CSB and state facility service capacities, staffing, revenues, and expenditures. The annual report also shall describe major new initiatives implemented during the past year and shall provide information on the accomplishment of systemic outcome and performance measures during the year.

K. Out of this appropriation, \$500,000 the first year and \$500,000 the second year from the general fund shall be used for a comprehensive statewide suicide prevention program. The Commissioner of the Department of Behavioral Health and Developmental Services (DBHDS), in collaboration with the Departments of Health, Education, Veterans Services, Aging and Rehabilitative Services, and other partners shall develop and implement a statewide program of public education, evidence-based training, health and behavioral health provider capacity-building, and related suicide prevention activity.

L.1. Beginning October 1, 2013, the Commissioner of the Department of Behavioral Health and Developmental Services shall provide quarterly reports to the House Appropriations and Senate Finance Committees on progress in implementing the plan to close state training centers and transition residents to the community. The reports shall provide the following information on each state training center: (i) the number of authorized representatives who have made decisions regarding the long-term type of placement for the resident they represent and the type of placement they have chosen; (ii) the number of authorized representatives who have not yet made such decisions; (iii) barriers to discharge; (iv) the general fund and nongeneral fund cost of the services provided to individuals transitioning from training centers; and (v) the use of increased Medicaid reimbursement for congregate residential services to meet exceptional needs of individuals transitioning from state training centers.

2. At least six months prior to the closure of a state intellectual disabilities training center, the Commissioner of Behavioral Health and Developmental Services shall complete a comprehensive survey of each individual residing in the facility slated for closure to determine the services and supports the individual will need to receive appropriate care in the community. The survey shall also determine the adequacy of the community to provide care and treatment for the individual, including but not limited to, the appropriateness of current provider rates, adequacy of waiver services, and availability of housing. The Commissioner shall report quarterly findings to the Governor and Chairmen of the House Appropriations and Senate Finance Committees.

3. The department shall convene quarterly meetings with authorized representatives,

*Amendments to House Bill 29, as Introduced*

families, and service providers in Health Planning Regions I, II, III and IV to provide a mechanism to (i) promote routine collaboration between families and authorized representatives, the department, community services boards, and private providers; (ii) ensure the successful transition of training center residents to the community; and (iii) gather input on Medicaid waiver redesign to better serve individuals with intellectual and developmental disability. In its Medicaid waiver redesign, the department shall include as stakeholders and eligible participants, individuals with acquired brain injury regardless of age in which the injury was sustained, who have serious physical, cognitive, and/or behavioral health issues who are at risk for institutionalization or who are institutionalized but could live in the community with adequate supports.

4. In the event that provider capacity cannot meet the needs of individuals transitioning from training centers to the community, the department shall work with community services boards and private providers to explore the feasibility of developing (i) a limited number of small community group homes or intermediate care facilities to meet the needs of residents transitioning to the community, and/or (ii) a regional support center to provide specialty services to individuals with intellectual and developmental disabilities whose medical, dental, rehabilitative or other special needs cannot be met by community providers. The Commissioner shall report on these efforts to the House Appropriations and Senate Finance Committees as part of the quarterly report, pursuant to paragraph L.1.

M. The State Comptroller shall provide the Department of Behavioral Health and Developmental Services an interest-free anticipation loan not to exceed \$3,100,000 to serve as an advance stream of funds in anticipation of Medicare Meaningful Use funds related to successful implementation of the Electronic Health Records project at state-operated behavioral health and intellectual disability facilities. The loan will be repaid no later than June 30, 2015.

N.1. A joint subcommittee of the House Appropriations and Senate Finance Committees, in collaboration with the Secretary of Health and Human Resources and the Department of Behavioral Health and Developmental Services, shall continue to monitor and review the closure plans for the three remaining training centers scheduled to close by 2020. As part of this review process the joint subcommittee may evaluate options for those individuals in training centers with the most intensive medical and behavioral needs to determine the appropriate types of facility or residential settings necessary to ensure the care and safety of those residents is appropriately factored into the overall plan to transition to a more community-based system. In addition, the joint subcommittee may review the plans for the redesign of the Intellectual Disability, Developmental Disability and Day Support Waivers.

2. To assist the joint subcommittee, the Department of Behavioral Health and Developmental Services shall provide a quarterly accounting of the costs to operate and maintain each of the existing training centers at a level of detail as determined by the joint subcommittee. The quarterly reports shall be submitted to the joint subcommittee 20 days after the close of each quarter with the first report due October 20, 2015 and every three months thereafter.

*Amendments to House Bill 29, as Introduced*

O. The Department of Behavioral Health and Developmental Services in collaboration with the Department of Medical Assistance Services shall provide a detailed report for each fiscal year on the budget, expenditures, and number of recipients for each specific intellectual disability (ID) and developmental disability (DD) service provided through the Medicaid program or other programs in the Department of Behavioral Health and Developmental Services. This report shall also include the overall budget and expenditures for the ID, DD and Day Support waivers separately. The Department of Medical Assistance Services shall provide the necessary information to the Department of Behavioral Health and Developmental Services 90 days after the end of each fiscal year. This information shall be published on the Department of Behavioral Health and Developmental Services' website within 120 days after the end of each fiscal year.

P. The Department of Behavioral Health and Developmental Services shall report on the number of individuals with acquired brain injury exhibiting behavioral/mental health problems requiring services in state mental health facilities and/or community services boards to the House Appropriations and Senate Finance Committees by October 1 of each year. The report shall provide, to the extent possible, the following information: (i) the general fund and nongeneral fund cost of the services provided to individuals; and (ii) the types and amounts of services received by these individuals.

Q. Effective July 1, 2015, the Department of Behavioral Health and Developmental Services shall not charge any fee to Community Services Boards or private providers for use of the knowledge center, an on-line training system.

R. The Department of Behavioral Health and Developmental Services shall undertake a review of Piedmont Geriatric and Catawba Hospitals. This review shall evaluate the operational, maintenance and capital costs of these hospitals, and study alternate options of care, especially geriatric psychiatric care for patients residing in these hospitals. The department shall develop recommendations and report to the Chairmen of the House Appropriations and Senate Finance Committees by November 1, 2015.

S. The Department of Behavioral Health and Developmental Services in collaboration with the Community Services Boards shall compile and report all available information regarding the services and support needs of the individuals on waiting lists for Intellectual and Developmental Disability (I/DD) waiver services, including an estimate of the number of graduates with I/DD who are exiting secondary education each fiscal year. The department shall submit a report to the Chairmen of the House Appropriations and Senate Finance Committees by December 1, 2015.

T. 1. Out of this appropriation, ~~\$400,000~~ \$800,000 the second year from the general fund is included to provide compensation to individuals who were involuntarily sterilized pursuant to the Virginia Eugenical Sterilization Act and who were living as of February 1, 2015. *Any funds that are appropriated but remain unspent at the end of the fiscal year may be carried forward into the subsequent fiscal year in order to provide compensation to individuals who qualify for compensation.*

*Amendments to House Bill 29, as Introduced*

2. A claim may be submitted on behalf of an individual by a person lawfully authorized to act on the individual's behalf. A claim may be submitted by the estate of or personal representative of, an individual who dies on or after February 1, 2015.
3. Reimbursement shall be contingent on the individual or their representative providing appropriate documentation and information to verify the claim under guidelines established by the department.
4. Reimbursement per verified claim shall be \$25,000 and shall be contingent on funding being available, with disbursements being prioritized based on the date at which sufficient documentation is provided.
5. Should the funding provided for compensation be exhausted prior to the end of fiscal year 2016, the department shall continue to collect applications. The department shall provide a report to the Governor and the Chairmen of the House Appropriations and Senate Finance Committees on a quarterly basis on the number of additional individuals who have been applied.
6. The Department of Medical Assistance Services shall seek federal authority to ensure that funds received through this act shall not be counted in determination of Medicaid eligibility.
7. In order for the Department of Behavioral Health and Developmental Services, and the Department of Medical Assistance Services to implement the provisions of this act, both departments shall promulgate emergency regulations to become effective within 280 days or less from the enactment of this act."

**Explanation:**

(This amendment adds \$400,000 in the second year from the general fund for compensation for victims of sterilization pursuant to the Virginia Eugenic Sterilization Act and who were living as of February 1, 2015. Language is added to allow any funds that remain unspent at the end of the fiscal year to be carried over into the subsequent fiscal year for purposes of compensation of these individuals. This amendment will be enrolled in Item 307, Chapter 665, 2015 Acts of Assembly, during enrolling of House Bill 29.)

Authority: Title 16.1, Article 18, and Title 37.2, Chapters 2, 3, 4, 5, 6 and 7, and Title 2.2, Chapters 26 and 53 Code of Virginia; P.L. 102-119, Federal Code.

A. The Commissioner, Department of Behavioral Health and Developmental Services shall, at the beginning of each fiscal year, establish the current capacity for each facility within the system. When a facility becomes full, the commissioner or his designee shall give notice of the fact to all sheriffs.

B. The Commissioner, Department of Behavioral Health and Developmental Services shall work in conjunction with community services boards to develop and implement a graduated plan for the discharge of eligible facility clients to the greatest extent possible, utilizing savings generated from statewide gains in system efficiencies.

C. Notwithstanding § 4-5.09 of this act and paragraph C of § 2.2-1156, Code of Virginia, the Department of Behavioral Health and Developmental Services is hereby authorized to deposit the entire proceeds of the sales of surplus land at state-owned behavioral health and intellectual disability facilities into a revolving trust fund. The trust fund may initially be used for expenses associated with restructuring such facilities. Remaining proceeds after such expenses shall be dedicated to continuing services for current patients as facility services are restructured. The trust fund will receive any savings resulting from facility restructuring. Thereafter, the fund will be used to enhance services to individuals with mental illness, intellectual disability and substance abuse problems.

D. The Department of Behavioral Health and Developmental Services shall identify and create opportunities for public-private partnerships and develop the incentives necessary to establish and maintain an adequate supply of acute-care psychiatric beds for children and adolescents.

E. The Department of Behavioral Health and Developmental Services, in cooperation with the Department of Juvenile Justice, where appropriate, shall identify and create opportunities for public-private partnerships and develop the incentives necessary to establish and maintain an adequate supply of residential beds for the treatment of juveniles with behavioral health

*Amendments to House Bill 29, as Introduced*

treatment needs, including those who are mentally retarded, aggressive, or sex offenders, and those juveniles who need short-term crisis stabilization but not psychiatric hospitalization.

F. Out of this appropriation, \$656,538 the first year and \$656,538 the second year from the general fund shall be provided for placement and restoration services for juveniles found to be incompetent to stand trial pursuant to Title 16.1, Chapter 11, Article 18, Code of Virginia.

G. Out of this appropriation, \$50,000 the first year and \$50,000 the second year from the general fund shall be used to pay for legal and medical examinations needed for individuals living in the community and in need of guardianship services.

H. Out of this appropriation, \$2,059,930 the first year and \$2,419,930 the second year from the general fund shall be provided for services for the civil commitment of sexually violent predators including the following: (i) clinical evaluations and court testimony for sexually violent predators who are being considered for release from state correctional facilities and who will be referred to the Clinical Review Committee for psycho-sexual evaluations prior to the state seeking civil commitment, (ii) conditional release services, including treatment, and (iii) costs associated with contracting with a Global Positioning System service to closely monitor the movements of individuals who are civilly committed to the sexually violent predator program but conditionally released.

I. Out of this appropriation, \$136,715 the first year and \$146,871 the second year from the general fund shall be used to operate a real-time reporting system for public and private acute psychiatric beds in the Commonwealth.

J. The Department of Behavioral Health and Developmental Services shall submit a report to the Governor and the Chairmen of the House Appropriations and Senate Finance Committees no later than December 1 of each year for the preceding fiscal year that provides information on the operation of Virginia's publicly-funded behavioral health and developmental services system. The report shall include a brief narrative and data on the numbers of individuals receiving state facility services or CSB services, including purchased inpatient psychiatric services, the types and amounts of services received by these individuals, and CSB and state facility service capacities, staffing, revenues, and expenditures. The annual report also shall describe major new initiatives implemented during the past year and shall provide information on the accomplishment of systemic outcome and performance measures during the year.

K. Out of this appropriation, \$500,000 the first year and \$500,000 the second year from the general fund shall be used for a comprehensive statewide suicide prevention program. The Commissioner of the Department of Behavioral Health and Developmental Services

*Amendments to House Bill 29, as Introduced*

(DBHDS), in collaboration with the Departments of Health, Education, Veterans Services, Aging and Rehabilitative Services, and other partners shall develop and implement a statewide program of public education, evidence-based training, health and behavioral health provider capacity-building, and related suicide prevention activity.

L.1. Beginning October 1, 2013, the Commissioner of the Department of Behavioral Health and Developmental Services shall provide quarterly reports to the House Appropriations and Senate Finance Committees on progress in implementing the plan to close state training centers and transition residents to the community. The reports shall provide the following information on each state training center: (i) the number of authorized representatives who have made decisions regarding the long-term type of placement for the resident they represent and the type of placement they have chosen; (ii) the number of authorized representatives who have not yet made such decisions; (iii) barriers to discharge; (iv) the general fund and nongeneral fund cost of the services provided to individuals transitioning from training centers; and (v) the use of increased Medicaid reimbursement for congregate residential services to meet exceptional needs of individuals transitioning from state training centers.

2. At least six months prior to the closure of a state intellectual disabilities training center, the Commissioner of Behavioral Health and Developmental Services shall complete a comprehensive survey of each individual residing in the facility slated for closure to determine the services and supports the individual will need to receive appropriate care in the community. The survey shall also determine the adequacy of the community to provide care and treatment for the individual, including but not limited to, the appropriateness of current provider rates, adequacy of waiver services, and availability of housing. The Commissioner shall report quarterly findings to the Governor and Chairmen of the House Appropriations and Senate Finance Committees.

3. The department shall convene quarterly meetings with authorized representatives, families, and service providers in Health Planning Regions I, II, III and IV to provide a mechanism to (i) promote routine collaboration between families and authorized representatives, the department, community services boards, and private providers; (ii) ensure the successful transition of training center residents to the community; and (iii) gather input on Medicaid waiver redesign to better serve individuals with intellectual and developmental disability. ~~In its Medicaid waiver redesign, the department shall include as stakeholders and eligible participants, individuals with acquired brain injury regardless of age in which the injury was sustained, who have serious physical, cognitive, and/or behavioral health issues who are at risk for institutionalization or who are institutionalized but could live in the community with adequate supports.~~

4. In the event that provider capacity cannot meet the needs of individuals transitioning from

*Amendments to House Bill 29, as Introduced*

training centers to the community, the department shall work with community services boards and private providers to explore the feasibility of developing (i) a limited number of small community group homes or intermediate care facilities to meet the needs of residents transitioning to the community, and/or (ii) a regional support center to provide specialty services to individuals with intellectual and developmental disabilities whose medical, dental, rehabilitative or other special needs cannot be met by community providers. The Commissioner shall report on these efforts to the House Appropriations and Senate Finance Committees as part of the quarterly report, pursuant to paragraph L.1.

M. The State Comptroller shall provide the Department of Behavioral Health and Developmental Services an interest-free anticipation loan not to exceed \$3,100,000 to serve as an advance stream of funds in anticipation of Medicare Meaningful Use funds related to successful implementation of the Electronic Health Records project at state-operated behavioral health and intellectual disability facilities. The loan will be repaid no later than June 30, 2015.

N.1. A joint subcommittee of the House Appropriations and Senate Finance Committees, in collaboration with the Secretary of Health and Human Resources and the Department of Behavioral Health and Developmental Services, shall continue to monitor and review the closure plans for the three remaining training centers scheduled to close by 2020. As part of this review process the joint subcommittee may evaluate options for those individuals in training centers with the most intensive medical and behavioral needs to determine the appropriate types of facility or residential settings necessary to ensure the care and safety of those residents is appropriately factored into the overall plan to transition to a more community-based system. In addition, the joint subcommittee may review the plans for the redesign of the Intellectual Disability, Developmental Disability and Day Support Waivers.

2. To assist the joint subcommittee, the Department of Behavioral Health and Developmental Services shall provide a quarterly accounting of the costs to operate and maintain each of the existing training centers at a level of detail as determined by the joint subcommittee. The quarterly reports shall be submitted to the joint subcommittee 20 days after the close of each quarter with the first report due October 20, 2015 and every three months thereafter.

O. The Department of Behavioral Health and Developmental Services in collaboration with the Department of Medical Assistance Services shall provide a detailed report for each fiscal year on the budget, expenditures, and number of recipients for each specific intellectual disability (ID) and developmental disability (DD) service provided through the Medicaid program or other programs in the Department of Behavioral Health and Developmental Services. This report shall also include the overall budget and expenditures for the ID, DD and Day Support waivers separately. The Department of Medical Assistance Services shall provide the necessary information to the Department of Behavioral Health and

*Amendments to House Bill 29, as Introduced*

Developmental Services 90 days after the end of each fiscal year. This information shall be published on the Department of Behavioral Health and Developmental Services' website within 120 days after the end of each fiscal year.

P. The Department of Behavioral Health and Developmental Services shall report on the number of individuals with acquired brain injury exhibiting behavioral/mental health problems requiring services in state mental health facilities and/or community services boards to the House Appropriations and Senate Finance Committees by October 1 of each year. The report shall provide, to the extent possible, the following information: (i) the general fund and nongeneral fund cost of the services provided to individuals; and (ii) the types and amounts of services received by these individuals.

Q. Effective July 1, 2015, the Department of Behavioral Health and Developmental Services shall not charge any fee to Community Services Boards or private providers for use of the knowledge center, an on-line training system.

R. The Department of Behavioral Health and Developmental Services shall undertake a review of Piedmont Geriatric and Catawba Hospitals. This review shall evaluate the operational, maintenance and capital costs of these hospitals, and study alternate options of care, especially geriatric psychiatric care for patients residing in these hospitals. The department shall develop recommendations and report to the Chairmen of the House Appropriations and Senate Finance Committees by November 1, 2015.

S. The Department of Behavioral Health and Developmental Services in collaboration with the Community Services Boards shall compile and report all available information regarding the services and support needs of the individuals on waiting lists for Intellectual and Developmental Disability (I/DD) waiver services, including an estimate of the number of graduates with I/DD who are exiting secondary education each fiscal year. The department shall submit a report to the Chairmen of the House Appropriations and Senate Finance Committees by December 1, 2015.

T. 1. Out of this appropriation, \$400,000 the second year from the general fund is included to provide compensation to individuals who were involuntarily sterilized pursuant to the Virginia Eugenic Sterilization Act and who were living as of February 1, 2015.

2. A claim may be submitted on behalf of an individual by a person lawfully authorized to act on the individual's behalf. A claim may be submitted by the estate of or personal representative of, an individual who dies on or after February 1, 2015.

*Amendments to House Bill 29, as Introduced*

3. Reimbursement shall be contingent on the individual or their representative providing appropriate documentation and information to verify the claim under guidelines established by the department.
4. Reimbursement per verified claim shall be \$25,000 and shall be contingent on funding being available, with disbursements being prioritized based on the date at which sufficient documentation is provided.
5. Should the funding provided for compensation be exhausted prior to the end of fiscal year 2016, the department shall continue to collect applications. The department shall provide a report to the Governor and the Chairmen of the House Appropriations and Senate Finance Committees on a quarterly basis on the number of additional individuals who have been applied.
6. The Department of Medical Assistance Services shall seek federal authority to ensure that funds received through this act shall not be counted in determination of Medicaid eligibility.
7. In order for the Department of Behavioral Health and Developmental Services, and the Department of Medical Assistance Services to implement the provisions of this act, both departments shall promulgate emergency regulations to become effective within 280 days or less from the enactment of this act."

**Explanation:**

(This amendment strikes language contained in Chapter 665, 2015 Virginia Acts of Assembly related to Department of Behavioral Health and Developmental Services quarterly meetings with stakeholders on training center closures and Intellectual and Developmental Disability waiver redesign. Language is eliminated including stakeholders with acquired brain injuries regardless of age. The Centers for Medicare and Medicaid determined that including services for individuals with acquired brain injury regardless of age as part of the waiver redesign was not consistent with CMS regulations. This amendment will be enrolled in Item 307, Chapter 665, 2015 Acts of Assembly, during enrolling of House Bill 29.)

Language

**Language:**

Page 129, after line 36, insert:

"L.1. The Department of Social Services shall establish a pilot program to partner with Patrick Henry Family Services in Planning District 11 for the temporary placements of children in families in crisis. This pilot program would allow a parent or legal custodian of a minor, with the assistance of Patrick Henry Family Services, to delegate to another person, by a properly executed power of attorney, any powers regarding care, custody, or property of the minor for a temporary placement for a period that is not greater than 90 days. This program would allow for an option of a one-time 90 day extension. Prior to the expiration of the 180 day period, if the child is unable to return to his home, then Patrick Henry Family Services shall contact the local department of social services and request an assessment of the child and an evaluation of services needed and to determine if a petition to assess the care and custody of the child should be filed in the local juvenile and domestic relations court. DSS shall ensure that this pilot program meets the following specific programmatic and safety requirements outlined in Virginia Administrative Code § 22 VAC 40-131 and § 22 VAC 40-191.

2. The Department of Social Services shall ensure that the pilot program organization shall meet the background check requirements described in Virginia Administrative Code § 22 VAC 40-191. The pilot program organization shall develop and implement written policies and procedures for governing active and closed cases, admissions, monitoring the administration of medications, prohibiting corporal punishment, ensuring that children are not subjected to abuse or neglect, investigating allegations of misconduct toward children, implementing the child's back-up emergency care plan, assigning designated casework staff, management of all records, discharge policies, and the use of seclusion and restraint pursuant to Virginia Administrative Code § 22 VAC 40-131-90. In addition, the pilot program organization shall provide pre-service and ongoing training for temporary placement providers and staff pursuant to Virginia Administrative Code § 22 VAC 40-131-210 and § 22 VAC 40-131-150.

3. The Department of Social Services shall evaluate the pilot program and determine if this model of prevention is effective. A report of the evaluation findings and recommendations

*Amendments to House Bill 29, as Introduced*

shall be submitted to the Governor and Chairmen of the House Appropriations and Senate Finance Committees, and Commission on Youth by December 1, 2017."

**Explanation:**

(This amendment directs the Department of Social Service to establish a pilot program in Planning District 11 (Counties of Amherst, Appomattox, Bedford, Campbell Counties and the City of Lynchburg) for the temporary placements of children in families in crisis. It will allow the Department of Social Services to examine the use of a power of attorney to delegate parental authority. Virginia statute already allows for limited use of a power of attorney for kinship care cases. However, many other states go further and follow the Uniform Guardianship and Protective Proceedings Act which allows a parent to delegate to another person, for a period (usually between six months and one year), any power regarding care, custody, or property of their child. The pilot program will take a similar approach. The department is required to evaluate the effectiveness of the program and report on it to the Governor and Chairmen of the House Appropriations and Senate Finance Committees and the Commission on Youth.)

The department shall have the authority to implement this change effective upon passage of this act, and prior to the completion of any regulatory process undertaken in order to effect such change."

**Explanation:**

(This amendment accounts for a slightly higher federal match rate for Applied Behavioral Analysis (ABA) services in fiscal year 2017. The introduced budget adds coverage for ABA and other behavioral therapy services for children in FAMIS. The federal match rate for fiscal year 2017 was assumed to be approximately 82 percent; however, the federal government will cover 88 percent of costs. In addition, authorizing language included in Item 306 LLLL of the budget bill is moved to this item.)

Page 271, line 3, after "rates", insert:

"in the first year, but shall not be substituted for published inflation factors in any subsequent scheduled rebasing of nursing facility rates."

**Explanation:**

(This amendment modifies languages in the introduced budget to clarify that the deferral of an inflation adjustment for nursing facility rates in fiscal year 2016 was not intended to affect any future rebasing of nursing facility rates. The Department of Medical Assistance Services has interpreted the language as a perpetual deferral and this language corrects that interpretation. The deferral of the fiscal year 2016 inflation adjustment continues to affect the first year, but the second year, under a scheduled rebasing, rates would not be affected by the 2016 deferral.)

**Explanation:**

(This amendment provides \$1.1 million from the general fund and \$1.1 million from federal matching Medicaid funds the first year and \$1.3 million from the general fund and \$1.3 million from federal matching Medicaid funds the second year to provide an additional 4% increase in Medicaid rates for private duty nursing in the Assisted Technology Waiver and the Early and Periodic Screening, Diagnosis and Treatment (EPSDT) program to cover a larger percentage of provider expenses. The introduced budget provided funding to increase these rates by two percent over the 2016-18 biennium. Together these actions would increase rates by six percent.)

In addition, a qualifying facility must have at least 90% Medicaid utilization

and a case mix index of 1.15 or higher in fiscal year 2014. The department shall have the authority to implement this reimbursement methodology change for rates on or after July 1, 2016, and prior to completion of any regulatory process in order to effect such change."

**Explanation:**

(This amendment adds funding and language to change the reimbursement methodology for nursing facilities that provide services to a resident population in which at least 80 percent of the residents have specific chronic and disabling conditions and the facility has at least a 90% Medicaid utilization and a case mix index of 1.15 or higher in fiscal year 2017. These conditions tend to occur in a younger population who consequently have a significant longer stay in a nursing facility than many nursing home residents. Consequently, the costs to serve these individuals is much higher. Currently, only one nursing facility, the Virginia Home, would meet the criteria to qualify for additional funding pursuant to the reimbursement methodology change.)

The Department shall implement the necessary regulatory changes and other necessary measures to be consistent with federal approval of any appropriate state plan and/or waiver changes, and prior to the completion of any regulatory process undertaken in order to effect such change."

**Explanation:**

(This amendment eliminates funding and language contained in the introduced budget to authorize the payment of overtime for Medicaid-reimbursed consumer-directed (CD) personal assistance, respite and companion services for a single attendant who works more than 40 hours per week. Language is added to require the Department of Medical Assistance Services to amend the State Plan for Medical Assistance to reflect that no authority is provided to authorize overtime for Medicaid-reimbursed CD personal assistance, respite and

**Explanation:**

(This amendment reduces funding by \$2.1 million from the general fund and \$2.1 million in nongeneral funds in the first year to defer some of the proposed new services for the intellectual and developmental disability (I/DD) waiver redesign until the second year. This deferral will ensure that the agencies are able to implement three new I/DD waiver programs efficiently and effectively, providing the most critical new services first while continuing to increase the number of waiver slots required pursuant to the U.S. Department of Justice Settlement Agreement.)

"JJJJ.1. The Department of Medical Assistance Services shall seek federal authority through any necessary waiver(s) and/or State Plan authorization under Titles XIX and XXI of the Social Security Act to implement a comprehensive value-driven, market-based reform of the Virginia Medicaid/FAMIS programs. This reform shall be implemented in three phases as outlined in paragraphs 2, 3 and 4. The department shall have authority to implement necessary changes when feasible after federal approval and prior to the completion of any regulatory process undertaken in order to effect such change.

2. In the first phase of reform, the Department of Medical Assistance Services shall continue currently authorized reforms of the Virginia Medicaid/FAMIS service delivery model that shall, at a minimum, include (i) implementation of a Medicare-Medicaid Enrollee (dual eligible) Financial Alignment demonstration as evidenced by a Memorandum of Understanding with the Centers for Medicare and Medicaid Services (CMS), signing of a three-way contract with CMS and participating plans, and approval of the necessary amendments to the State Plan for Medical Assistance and any waivers thereof; (ii) enhanced program integrity and fraud prevention efforts to include at a minimum: recovery audit contracting (RAC), data mining, service authorization, enhanced coordination with the Medicaid Fraud Control Unit (MFCU), and Payment Error Rate Measurement (PERM); (iii) inclusion of children enrolled in foster care in managed care; (iv) implementation of a new eligibility and enrollment information system for Medicaid and other social services; (v) improved access to Veterans services through creation of the Veterans Benefit Enhancement Program; and (vi) expedite the tightening of standards, services limits, provider qualifications, and licensure requirements for community behavioral health services.

3. In the second phase of reform, the Department of Medical Assistance Services shall implement value-based purchasing reforms for all recipients subject to a Modified Adjusted Gross Income (MAGI) methodology for program eligibility and any other recipient categories not excluded from the Medallion II managed care program. Such reforms shall, at a minimum, include the following: (i) the services and benefits provided are the types of services and benefits provided by commercial insurers and may include appropriate and reasonable limits on services such as occupational, physical, and speech therapy, and home care with the exception of non-traditional behavioral health and substance use disorder services; (ii) reasonable limitations on non-essential benefits such as non-emergency transportation are implemented; and (iii) patient responsibility is required including reasonable cost-sharing and active patient participation in health and wellness activities to improve health and control costs.

To administer this reformed delivery model, the department is authorized to contract with qualified health plans to offer recipients a Medicaid benefit package adhering to these principles. Any coordination of non-traditional behavioral health services covered under contract with qualified health plans or through other means shall adhere to the principles outlined in paragraph OO. c. This reformed service delivery model shall be mandatory, to the extent allowed under the relevant authority granted by the federal government and shall, at a

*Amendments to House Bill 30, as Introduced*

minimum, include (i) limited high-performing provider networks and medical/health homes; (ii) financial incentives for high quality outcomes and alternative payment methods; (iii) improvements to encounter data submission, reporting, and oversight; (iv) standardization of administrative and other processes for providers; and (v) support of the health information exchange.

The second phase of reform shall also include administrative simplification of the Medicaid program through any necessary waiver(s) and/or State Plan authorization under Titles XIX and XXI of the Social Security Act and outline agreed upon parameters and metrics to provide maximum flexibility and expedited ability to develop and implement pilot programs to test innovative models that (i) leverage innovations and variations in regional delivery systems; (ii) link payment and reimbursement to quality and cost containment outcomes; or (iii) encourage innovations that improve service quality and yield cost savings to the Commonwealth. Upon federal approval, the department shall have authority to implement such pilot programs prior to the completion of the regulatory process.

4. In the third phase of reform, the Department of Medical Assistance Services shall seek reforms to include all remaining Medicaid populations and services, including long-term care and home- and community-based waiver services into cost-effective, managed and coordinated delivery systems. The department shall begin designing the process and obtaining federal authority to transition all remaining Medicaid beneficiaries into a coordinated delivery system.

5. The Department of Medical Assistance Services shall provide a report to the Medicaid Innovation and Reform Commission on the specific waiver and/or State Plan changes that have been approved and status of implementing such changes, and associated cost savings or cost avoidance to Medicaid/FAMIS expenditures.

6.a. The Department shall seek the approval of the Medicaid Innovation and Reform Commission to amend the State Plan for Medicaid Assistance under Title XIX of the Social Security Act, and any waivers thereof, to implement coverage for newly eligible individuals pursuant to 42 U.S.C. § 1396d(y)(1)[2010] of the Patient Protection and Affordable Care Act. If the Medicaid Innovation and Reform Commission determines that the conditions in paragraphs 2, 3, 4, and 5 have been met, then the Commission shall approve implementation of coverage for newly eligible individuals pursuant to 42 U.S.C. § 1396d(y)(1)[2010] of the Patient Protection and Affordable Care Act.

b. Upon approval by the Medicaid Innovation and Reform Commission, the department shall implement the provisions in paragraph 6.a. of this item by July 1, 2014, or as soon as feasible thereafter.

7.a. Contingent upon the expansion of eligibility in paragraph 6.a., there is hereby created in the state treasury a special nonreverting fund to be known as the Virginia Health Reform and Innovation Fund, hereafter referred to as the "Fund." The Fund shall be established on the books of the Comptroller and any moneys remaining in the Fund at the end of each fiscal year shall not revert to the general fund but shall remain in the Fund. For purposes of the

*Amendments to House Bill 30, as Introduced*

Comptroller's preliminary and final annual reports required by § 2.2-813, however, all deposits to and disbursements from the Fund shall be accounted for as part of the general fund of the state treasury.

b. The Director of the Department of Medical Assistance Services, in consultation with the Director of the Department of Planning and Budget, shall annually identify projected general fund savings attributable to enrollment of newly eligible individuals included in 42 U.S.C. § 1396d(y)(1)[2010] of the PPACA, including behavioral health services, inmate health care, and indigent care. Beginning with development of the fiscal year 2015 budget, these projected savings shall be reflected in reduced appropriations to the affected agencies and the amounts deposited into the Fund net of any appropriation increases necessary to meet resulting programmatic requirements of the Department of Medical Assistance Services. Beginning in fiscal year 2015, funding to support health innovations described in Paragraph 3 shall be appropriated from the Fund not to exceed \$3.5 million annually. Funding shall be distributed through health innovation grants to private and public entities in order to reduce the annual rate of growth in health care spending or improve the delivery of health care in the Commonwealth. When the department, in consultation with the Department of Planning and Budget, determines that the general fund expenses incurred from coverage of newly eligible individuals included in 42 U.S.C. § 1396d(y)(1)[2010] of the PPACA exceed any associated savings, a percentage of the principle of the Fund as determined necessary by the department and the Department of Planning and Budget to cover the cost of the newly eligible population shall be reallocated to the general fund and appropriated to the department to offset the cost of this population. Principle shall be allocated on an annual basis for as long as funding is available.

8. In the event that the increased federal medical assistance percentages for newly eligible individuals included in 42 U.S.C. § 1396d(y)(1)[2010] of the PPACA is modified through federal law or regulation from the methodology in effect on January 1, 2014, resulting in a reduction in federal medical assistance as determined by the department in consultation with the Department of Planning and Budget, the Department of Medical Assistance Services shall disenroll and eliminate coverage for individuals who obtained coverage through 42 U.S.C. § 1396d(y)(1) [2010] of the PPACA. The disenrollment process shall include written notification to affected Medicaid beneficiaries, Medicaid managed care plans, and other providers that coverage will cease as soon as allowable under federal law from the date the department is notified of a reduction in Federal Medical Assistance Percentage.

9. That notwithstanding any other provision of this act, or any other law, no general or nongeneral funds shall be appropriated or expended for such costs as may be incurred to implement coverage for newly eligible individuals pursuant to 42 U.S.C. § 1396d(y)(1)[2010] of the Patient Protection and Affordable Care Act, unless included in an appropriation bill adopted by the General Assembly on or after July 1, 2014."

**Explanation:**

(This amendment eliminates language in the introduced budget which would have allowed

for the expansion of the Medicaid program pursuant to the Patient Protection and Affordable Care Act and restores language that was contained in Chapter 665, 2015 Virginia Acts of Assembly prohibiting Medicaid expansion unless funding is included in an appropriation bill adopted by the General Assembly. It also restores language guiding efforts to reform the Medicaid program.)

"K.1. The Department of Medical Assistance Services shall require eligibility workers to apply the same protocols when verifying income for all individuals, including those who report no earned or unearned income at the earliest date feasible but no later than October 1, 2017.

2. The Department shall require eligibility workers to use available electronic data sources, including data from the Virginia Case Management System, to search for unreported assets of deceased Medicaid recipients and to initiate recovery from estates for which the value of the assets is likely to exceed the cost of recovery.

3. The Department shall amend the Virginia Medicaid application, upon federal approval, to require Medicaid applicants to opt out if such applicant does not want to grant permission to the state to use his federal tax returns for the purposes of renewing eligibility. The Department shall implement the necessary regulatory changes and other necessary measures to be consistent with federal approval of any appropriate state plan changes, and prior to the completion of any regulatory process undertaken in order to effect such change. "

**Explanation:**

(This amendment requires Medicaid eligibility workers to implement several provisions to

improve the current Medicaid eligibility policy and procedures based on a recent Joint Legislative Audit and Review Commission report on Medicaid eligibility determination. The Department of Medical Assistance Services (DMAS) shall require all Medicaid eligibility workers to apply the same protocols when verifying income for all applicants and recipients, including those who report no earned or unearned income, and use available electronic data sources to search for unreported assets of deceased Medicaid recipients and initiate recovery from estates for which the value is likely to exceed the cost of recovery. In addition, the bill requires DMAS to amend the Virginia Medicaid application, after obtaining approval from the federal Centers for Medicare and Medicaid Services, to allow a Medicaid applicant to opt out if such applicant does not want to grant permission to the state to use his federal tax returns for the purposes of renewing eligibility. Language allows the agency to implement emergency regulations to effect the changes.)

"A.1. By November 1 of each year, the Department of Planning and Budget, in cooperation with the Department of Medical Assistance Services, shall prepare and submit a forecast of Medicaid expenditures, upon which the Governor's budget recommendations will be based, for the current and subsequent two years to the Chairmen of the House Appropriations and Senate Finance Committees.

2. The forecast shall be based upon current state and federal laws and regulations. Rebasings and inflation estimates that are required by existing law or regulation for any Medicaid provider shall be included in the forecast. The forecast shall also include an estimate of projected increases or decreases in managed care costs, including estimates regarding changes in managed care rates for the three-year period.

3. The Department of Planning and Budget and the Department of Medical Assistance Services shall convene a meeting on or before October 15 of each year with the staff from the House Appropriations and Senate Finance Committees, and the Joint Legislative Audit and Review Commission to review the estimates and obtain consensus on the assumptions used in the Medicaid forecast prior to finalizing the forecast on November 1."

Page 275, strike lines 39 through 42 and insert:

"B. The Department of Medical Assistance Services shall submit monthly expenditure reports of the Medicaid program by service as compared to the official Medicaid forecast,

adjusted to reflect budget actions from each General Assembly Session. The report shall be submitted to the Department of Planning and Budget and the Chairmen of the House Appropriations and Senate Finance Committees, and the Chairman of the Joint Legislative Audit and Review Commission on the 15th of each month."

**Explanation:**

(This amendment modifies language in the introduced budget pertaining to the preparation of the Medicaid forecast. Language requires the forecast to be complete by November 1 instead of November 15 and requires that it be based on existing state and federal laws and regulations. It specifically requires rebasing and inflation adjustments that are required by law and regulation be included in the forecast, as well as changes in managed care costs including any estimates related to managed care reimbursement rates. The Departments of Planning and Budget (DPB) and the Department of Medical Assistance Services (DMAS) are required to convene a meeting by October 15 each year with legislative money committee staff and staff of the Joint Legislative Audit and Review Commission to review the estimates and obtain consensus on the assumptions used prior to finalizing the forecast. Language is also modified to require DMAS to submit monthly expenditure reports of the Medicaid program to DPB and the Chairmen of the House Appropriations and Senate Finance Committees and the Joint Legislative Audit and Review Commission.)

This pilot program would allow a parent or legal custodian of a minor, with the assistance of Patrick Henry Family Services, to delegate to another person, by a properly executed power of attorney, any powers regarding care, custody, or property of the minor for a temporary placement for a period that is not greater than 90 days. This program would allow for an option of a one-time 90 day extension. Prior to the expiration of the 180 day period, if the child is unable to return to his home, then Patrick Henry Family Services shall contact the local department of social services and request an assessment of the child and an evaluation of services needed and to determine if a petition to assess the care

and custody of the child should be filed in the local juvenile and domestic relations court. DSS shall ensure that this pilot program meets the following specific programmatic and safety requirements outlined in Virginia Administrative Code § 22 VAC 40-131 and § 22 VAC 40-191.

2. The Department of Social Services shall ensure that the pilot program organization shall meet the background check requirements described in Virginia Administrative Code § 22 VAC 40-191. The pilot program organization shall develop and implement written policies and procedures for governing active and closed cases, admissions, monitoring the administration of medications, prohibiting corporal punishment, ensuring that children are not subjected to abuse or neglect, investigating allegations of misconduct toward children, implementing the child's back-up emergency care plan, assigning designated casework staff, management of all records, discharge policies, and the use of seclusion and restraint pursuant to Virginia Administrative Code § 22 VAC 40-131-90. In addition, the pilot program organization shall provide pre-service and ongoing training for temporary placement providers and staff pursuant to Virginia Administrative Code § 22 VAC 40-131-210 and § 22 VAC 40-131-150.

3. The Department of Social Services shall evaluate the pilot program and determine if this model of prevention is effective. A report of the evaluation findings and recommendations shall be submitted to the Governor and Chairmen of the House Appropriations and Senate Finance Committees, and Commission on Youth by December 1, 2017."

**Explanation:**

(This amendment directs the Department of Social Service to establish a pilot program in Planning District 11 (Counties of Amherst, Appomattox, Bedford, Campbell Counties and the City of Lynchburg) for the temporary placements of children in families in crisis. It will allow the Department of Social Services to examine the use of a power of attorney to delegate parental authority. Virginia statute already allows for limited use of a power of attorney for kinship care cases. However, many other states go further and follow the Uniform Guardianship and Protective Proceedings Act which allows a parent to delegate to another person, for a period (usually between six months and one year), any power regarding care, custody, or property of their child. The pilot program will take a similar approach. The department is required to evaluate the effectiveness of the program and report on it to the Governor and Chairmen of the House Appropriations and Senate Finance Committees and the Commission on Youth.)
