REPORT OF THE SUBCOMMITTEE

on

PUBLIC SAFETY

Mr. Chairman and Members of the Committee:

Looking toward our need to have a fiscally sound budget, the Subcommittee on Public Safety has several recommendations to enhance the structural budget soundness of the several agencies within our sections of the budget. In our report, you will find the Subcommittee recommends restoring \$34.5 million over the biennium for the costs to the Department of Corrections of providing inmate health care that were not included in the introduced budget due the assumed expansion of Medicaid.

The Subcommittee has also recommended \$5.0 million each year be provided to the Department of Corrections in order to hire 89 additional correctional officers. This is substantial progress in reducing the number of understaffed security posts – close to 20 percent – within our state correctional facilities, and will represent an advance in ensuring the continued safety of correctional officers and our citizens.

For our local and regional jails, \$21.5 million is included in the Subcommittee report for per diem payments to fully recognize the expected contributions of the Commonwealth over the biennium. This is the first time in six years that the Commonwealth's budget will fully recognize this obligation before the beginning of a new biennium.

As you know, Mr. Chairman, this Session in the House of Delegates, we had as a major priority taking further steps to address the issue of domestic violence in the Commonwealth. I am happy to report that the recommendations of the Subcommittee include \$3.2 million in support of House Bills passed to address a number of issues relating to domestic violence, including expanding and toughening penalties for repeat violations of protective orders, and expanding penalties for those who use stalking as a way to intimidate and abuse their victims.

Consideration of the proposed reforms to our juvenile justice system has been an important discussion among the members of the Subcommittee. In order to identify the long-term facility needs for the Department of Juvenile Justice, the Subcommittee report includes language directing the Department to evaluate and report on various alternatives for securely housing juvenile offenders. Developing an informed and comprehensive facility plan is of utmost importance as the Department undertakes the difficult task of transforming the delivery of juvenile justice in the Commonwealth. Such a plan is necessary in order to ensure that our juvenile facilities, both effectively and efficiently, reflect and meet the educational, mental health, and other critical needs of our juvenile population.

And finally Mr. Chairman, as a veteran myself, my commitment to the Commonwealth's veteran population is no secret. That is why I'm pleased to report an additional \$4.9 million over the biennium and 39 positions to bolster the Commonwealth's delivery of critical employment, educational, and mental-health related services to our veteran population. In addition, to honor those who have made the ultimate sacrifice for our nation, \$476,000 has been provided to support the operations of the soon-to-open expansion of the Virginia War Memorial.

Mr. Chairman, the report of the Subcommittee is now before you and the Members of the Committee. Committee staff will review the report in more detail, and I hope it will be the Committee's pleasure to adopt the Subcommittee's report.

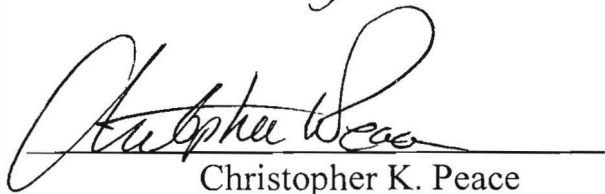

Respectfully Submitted by the House Appropriations Subcommittee on Public Safety:

The working group shall conduct a rigorous and objective review to (i) determine the nature of monitoring and coordination needed by veterans in order to receive adequate and timely mental health and rehabilitative services, (ii) measure the current and projected need for coordination and monitoring of mental health and rehabilitative services for veterans; (iii) measure the current and projected capacity of private, federal, state, regional, and local entities to provide monitoring and coordination of mental health and rehabilitative services to veterans, by geographic region of the state; (iv) assess the extent of any gap between need and capacity; and (v) review and report how other states coordinate and monitor mental health and rehabilitative services for veterans. The review of other states shall include an assessment of the advantages and disadvantages of models used by other states.

4. After thoroughly considering alternatives approaches, the working group shall recommend how the state can best monitor and coordinate mental health and rehabilitative services to ensure that veterans receive adequate and timely mental health and rehabilitative services as required by statute. The recommendations should include (vi) organizational structures, programs, partnerships, staff responsibilities, staff qualifications, and licensure; (vii) statutory or regulatory changes, as necessary; and (viii) estimates of the cost to the state and local governments of implementing these recommendations.

5. All agencies of the Commonwealth shall provide technical or other assistance to the working group, upon request.

6. The working group shall direct the appropriate agency staff to develop a detailed implementation plan for the Virginia Veteran and Families Support program, and present the plan to the Joint Legislative Audit and Review Commission no later than November 15, 2016.

7. Upon unanimous request from the members of the working group, the Director, Department of Planning and Budget, shall transfer \$393,494 from the general fund amounts included within this Item to the Department of Veterans Services for the purpose of implementing the recommendations of the working group for the Virginia Veteran and Families Support program."
